CITY OF QUEBEC

**Agricultural Society,**

1871.

THE Annual General Meeting of the City of Quebec Agricultural Society was held at the Rooms of the Board of Trade, on Wednesday afternoon, the 27th Dec., 1871.

JOSEPH K. BOSWELL, Esq., the President, in the Chair;  
F. WOOD GRAY, Esq., Sec.-Treas., acting as Secretary.

The Directors of the City of Quebec Agricultural Society beg to submit:

That in the Report of 1870, your Directors expressed a desire that the Provincial Exhibition should be held in this City, and recommended to the incoming Directors to use every endeavor to secure the holding of the same.

The Directors are happy to state that the efforts made were eminently successful, the Society having, at a special meeting in January last, voted the sum of one thousand dollars, at the same time, petitioning the Corporation of this City, for the usual grant of four thousand dollars. Our worthy Mayor, P. Garneau, Esq., one of our Directors, with his usual energy and public spirit, at once brought the matter before the City Council, who unhesitatingly made the grant. The sum of five thousand dollars being now obtained, your Directors addressed the Council of Agriculture, in order to ascertain if the object in view could be carried out; in reply to which, the following resolution of the Council was communicated to our Secretary, dated the

1st March—"That the next Provincial Exhibition shall be held this year, in the City of Quebec, on condition that the City of Quebec shall furnish the sum of six thousand dollars, which it shall place at the disposal of this Council, on or before the first day of May next," on receipt of which your Directors immediately organized themselves into a Committee for the purpose of taking steps to raise the further sum required, viz: one thousand dollars, by subscription. This was speedily accomplished owing in great measure to the extraordinary liberality of many of our prominent citizens, and the requisite sum of six thousand dollars was placed to the credit of the Council of Agriculture some days before the time specified in their resolution.

The Exhibition was held on the 12th, 13th, 14th and 15th of last September, and was in many respects a decided success, (we need scarcely mention that it was solely under the control and management of the Council of Agriculture,) but as the subject has been freely handled by the press, we will merely refer to a few of the leading features.

In noticing the Agricultural Department, the show of horses we consider as being exceedingly good—many first-class imported and other stallions being on the ground.

In the different classes of cattle the Durham show was small and competition wanting, nevertheless the strain of blood was of a high character, and certainly the best animal was the one exhibited by our Secretary, F. Wood Gray, Esq., viz: his very handsome imported bull "Knight of St. Michael's"; J. Hickson, Esq., of Montreal, also exhibited in this class two fine heifers. In Ayrshires, John L. Gibb, Esq., one of our directors; John Gilmour Esq., of Quebec; Thomas Irving, Esq., of Montreal, and some others from a distance are deserving of great praise for the superior character of their stock—many of these valuable animals were brought at great trouble, risk and expense from a long distance, and among them Mr. Gibb's imported bull "Mars" justly attracted great attention. In other classes of stock the show was very fair—and the pigs and sheep were not numerous, but good. In poultry there was evidently a large margin for improvement. The Agricultural products were in great variety, and of excellent quality. The Department of Agricultural implements was well represented by our own local manufacturers and

others, but we cannot pass over Mr. Wm. Evans, of Montreal, who exhibited, as usual, a splendid collection, and for which we are glad his enterprise met with the reward of many prizes. We regret the paucity of the Horticultural display, as we have every reason to know that the resources were not wanting.

The Industrial Department was well filled with an infinite variety of manufactures, and all apparently of the highest excellence, indeed we were surprised to find to what a high standard our own city has arrived at in almost every description of goods and machinery.

We have no hesitation in expressing our opinion that the grounds devoted to this purpose—(the Garrison Cricket field and adjoining Glacis) are unrivalled for holding any such exhibitions.

Col. Forsyth and Officers of the Cavalry greatly contributed to the comfort of exhibitors of horses and stock in placing their commodious Riding School at the disposal of the Council of Agriculture, who at considerable outlay fitted it up with loose boxes and stalls, and for the use of which also no charge was made.

Col. Bowen and Directors of the Skating Rink, and R. H. Smith, Esq., Managing Owner of the Curling Rink, also gave the use of these buildings gratuitously to the Board of Arts and Manufactures for the Industrial Department.

Before drawing to a close of our observations, we must say that the weather was propitious, and all that possibly could be desired.

We are happy to state, from returns placed before us by the Treasurer of the Exhibition, that the number of *paying visitors* amounted to 21,516, exclusive of exhibitors and their attendants, the garrison, the marines and seamen of the "Royal Alfred," and the different schools of the city. The receipts of money at the gates amounted to \$5,643.50 exclusive of entrance fees, and the sum of money paid thus far for premiums alone, is \$7,336; on two of the days the number of persons on the ground could not have been less than eight thousand at a time, and yet the greatest order prevailed in every respect, for this we are indebted

to the excellent disposition of the police, under Superintendents Voyer and Heigham.

Although foreign to the objects of the Society, it may not be out of place to mention that the Directors were instrumental in organizing as an auxiliary to the Exhibition a Regatta, for which a large amount of money was readily given by our citizens. The Regatta took place in the harbor, off the mouth of the St. Charles, and brought together a large concourse of spectators. We may also mention that there was a Dog Show held on the Exhibition grounds, which afforded considerable attraction, being the first of the kind ever held in Quebec, and to our Secretary is due the merit of having originated it.

Your Directors have already observed that the sole management of the Exhibition lay in the hands of the Council of Agriculture, and no doubt this city is indebted to them for the honor of having it, and they fully appreciate the interest taken by the President, H. G. Joly, Esq., in the matter, but they are of opinion that many complaints might have been avoided had a Local Committee knowing the wants, and feelings of this community been appointed to assist the Exhibition Committee. The city of Quebec contributed the sum of six thousand dollars—not counting the money taken at the gates—yet no notice was taken of gentlemen who spared neither time or money and who gave up their buildings gratuitously in order to further the cause—nay, even the President and Directors of the only Agricultural Society in the District, and who labored hard in the cause, were altogether overlooked and ignored in the whole proceedings.

The Society will be happy to learn that the imported Norman horse, Napoleon III, is still with Mr. Delage of Charlesbourg, where his services may be had at the moderate rate of \$5, and in accordance with the Society's condition will remain in this district for another year.

The short-horned bull "Oxford Gwynne," obtained a prize at the late Exhibition, and by a resolution passed on the 10th of August last he was there sold.

The Society, by resolution, adopted on the 26th January last, authorized the purchase of an Ayrshire Bull, and other

stock. The Directors have pleasure in stating that they have obtained the thoroughbred Ayrshire Bull, "Robie Bruce," from Mr. Irving, of Logan's Farm, Montreal, and have no doubt that he will realize the highest expectations, as he is considered a first-class animal in every respect. The Directors have reason to believe that a judicious change has been made in introducing Ayrshire blood of so high a strain into the District of Quebec, and sincerely trust that the services of "Robie Bruce" will be more appreciated than those of his predecessor "Oxford Gwynne."

The remaining five thoroughbred pigs, imported from England last year, are retained in terms of the sale, viz: Three by Col. Rhodes, one by John L. Gibb, Esq., and one by Mr. Alex. King, the latter was the only one of the lot exhibited, and obtained first prize in her class, (Suffolk.)

It is to be regretted that no Ploughing Match took place, but owing to the large sum, viz: \$1,000 disbursed by the Society in aid of the Exhibition, the Directors did not feel warranted in proposing the same.

The Directors are happy to announce the accession of 112 new members, making a total of 211, and it is to be hoped that they will go on increasing in strength, and that a warm interest will be fostered in our midst to sustain the good objects which the Society has at heart, viz: the encouragement of Agriculture in all its branches in this district.

The thanks of the Society are justly due, to John J. Foote, Esq., proprietor of the *Morning Chronicle*, for the very spirited manner in which he furthered the objects of the late Provincial Exhibition, and also for the lively interest taken by him in the affairs of this Society

The Secretary-Treasurer will lay before you his statement of receipts and payments.

The whole respectfully submitted.

JOSEPH K. BOSWELL,

*President.*

Quebec, 31st December, 1871.

Wood Gray, Esq., and Directors for the great zeal and assiduity displayed in the management of the affairs of the Society during the past year."
