BABY CLIMBED TO WINDOW AND FELL TO HER DEATH.

Little Mary Cunningham, Wak-
ing From Her Midday
Sleep, Fell From Third
Story Window and Was
Killed—Her Skull Was
Terribly Crushed.

The home of Mr. and Mrs. George Cunningham was today darkened by a tragedy which will, without doubt, have a fatal termination. Their baby, Mary, aged a year and a half, fell from the third floor window to the yard, and was carried up to the mother a crushed and bleeding mass. The little one's skull is very badly fractured and other injuries have been sustained which make recovery impossible.

It was about a quarter past twelve o'clock when Ernest Eyles, a printer, his wife and children, who reside on the ground floor of 38 Carmarthen street, were startled by an object dropping past their window and with a soft thud striking the ground a few feet below. Mr. Eyles thought the object was a quilt, but he immediately looked out the window and was horrified to see that instead of a quilt it was the body of a child. Mrs. Eyles was the first to rush to the side of the baby, which was lying almost doubled up on the cold earth in the yard of the tenement.

She tenderly picked up the little tot, which to all appearance was dead. She recognized the unfortunate infant as Mary Cunningham, the eighteen months old daughter of Mr. and Mrs. Cunningham, who reside on the top or third flat of the house. Mrs. Eyles lost no time in carrying the supposed dead child up stairs to her home, and when she entered the apartment with the baby in her arms, it was then and only then that Mrs. Cunningham was aware that her young one had been killed or injured. The death-like form of the child was quickly snatched to her room by the mother, and the doctors were sent to telephone for doctors. Dr. A. F. Emery was soon on the scene as was Dr. A. Lewis, and alone in a room they worked on what looked like a hopeless case. The pretty little tot lay on the floor with the appearance of death, but there were signs of breathing from the unconscious little body. This good news quickly handed out to the anxious gathering of neighbors who were all so willing to help in any way possible in the mother. The doctors done all that could be done for the child, but they would not hold out any hope for the recovery as the skull had been terribly crushed when the child struck the hard earth of the yard.

Mrs. Cunningham says that Mary is one of five children and had been left peacefully asleep in a bed. She thought her darling still cuddled away in the bed until Mrs. Eyles carried the prostrate form into the flat. Mary was supposed to have got out of bed, made her way to the open third story window, pushed a chair to the opening, climbed upon the chair for the purpose of looking out, and tumbled headlong to the yard below. As soon as the doctors were telephoned for an urgent message was sent to the James Penney and Nail Works for George Cunningham, the father. The little girl and her mother who reside in the house are grief stricken at the accident, for little Mary was a bright and pretty child who was fondled and beloved by all.

The Cunningham family have for the past year been unfortunate, for only last winter one of the sons was badly injured while coasting down Carmarthen street hill, while the other, the youngest of the old burying ground. The building in which the Cunningham family reside adjoins the rear of the St. John's Presbyterian Church.

About 1:30 o'clock, or in the vicinity of an hour after the little girl fell from the window, she died. The parents are grief stricken over the sad affair.

THE FAIRY TALE ROBBER GETS FIFTEEN YEARS

Man Who Arrested a Whole Town and Robbed the Treasury, Was a Shoemaker Who Did Not Stick to His Last.

BERLIN, Oct. 25.—The pretended captain of Grenadiers of the Guard who on October 18 produced a forced order authorizing him to take command of a detachment of twelve men whom he met on the streets in this city and proceeded to Copenhagen, a small town near here, where he arrested the burgomaster and the treasurer and took possession of the cash amounting to about \$1,000, turned out to have been a shoemaker of Tilsit named William Voigt. He was arrested here today at his lodging house.

Voigt, although working at the trade of shoemaker, has committed a long series of felonies, principally robberies by means of forged documents. He has served five terms in prison, finishing a 15 years' sentence in February and is nearly 60 years of age.

UTES WILL FIGHT IF ORDERED BACK Will Welcome War Rather Than Return to Reservation in Utah.

Hold Useless Powwow With Captain Johnston and Then Resume Their March Northward

OLLETT, Wyo., Wednesday.—The Ute Indians, who are running away from their reservation in Utah, and against whom United States cavalry have been sent, have today declared their intention of fighting if interfered with.

Three hundred braves, well armed and with a large supply of ammunition, attended the council, standing around a circle in which Captain Johnston and his men were seated. The Indians said they would welcome war, and would not return to the reservation which had been allotted to them in Utah. The older Indians told Captain Johnston they would all die fighting rather than return where there was nothing but starvation for them. They insisted on continuing their way either to the Sioux Indian country of South Dakota or the Crow country of Montana.

As soon as the Ute Indians broke camp and started northward again, while Captain Johnston returned to the reservation and requested the war department to send him more troops. Tenth Cavalry will remain here to protect the place until the Indians get too far away to cause any trouble until next spring.

Ranchmen have reported the Utes have had two war dances since they started northward, and are more defiant as they get further from civilization. They rob sheep and cattle camps with impunity, making such a show of force that the men in charge of the camps recognize resistance is useless.

UNITED STATES AFRAID OF JAPANESE BOYCOTT

Action Being Taken to Remove Causes of Complaint in the West

LONDON, Oct. 25.—In a despatch from Tokyo, the correspondent of the Daily Telegraph says the Japanese foreign office has received a reply from the United States government, which is to the effect that the exclusion of Japanese children from the schools of San Francisco was quite a local affair. The American government was not aware of the details of the incident in view of the increasing friendship between Japanese and the United States. He applauded the moderate tone of the Japanese press which he declared was based upon gratitude. He said further there was undoubtedly evidence that Japan was deeply pained at the action of the San Francisco authorities but it was unnecessary to hold that the exclusion of Japanese children from San Francisco schools was an outcome of the present election campaign in the United States.

SAN FRANCISCO, Oct. 25.—Judge Wolverton, of the United States Circuit Court, yesterday issued an order to the board of education at San Francisco, citing that body to show cause why an injunction compelling the reinstatement of I. Yasugara, a Japanese pupil recently excluded from the Pacific Heights grammar school should not be issued. The board is ordered to answer on November 4th. This order was issued following an application for an injunction presented to Judge Wolverton with the intention of making this a test case. The application for the injunction is made on the grounds that the present board of education excluded Japanese pupils from the city schools in violation of the legislation of the United States and the Empire of Japan. Mass meetings held here by the Japanese last night discussed the situation regarding these children's exclusion.

NEW ORLEANS, Oct. 25.—The Supreme Lodge Knights of Pythias at the late hour last night completed its 24th convention and adjourned. The lodge assumes responsibility for the Illinois monument fund lost through the failure of a Viratola bank.

GAVE THE LIMIT TO BAWDY HOUSE GANG

Court Crier is Landlord of Disreputable Shack. Magistrate Would Like to Have Some of These Indecent Creatures Whipped—Filed for Spitting in a Car.

The magistrate was in no way lenient with the bunch of rascals before him this morning and he dealt out sentences to almost the limit.

John Cook, for lying and lurking in the Gibbons stable, Gilbert Lema, said that he was employed in Misep and don't know how he got into the stable. He was fined four dollars or ten days in jail.

John O'Regan was charged with being drunk and profane on Union street. He has been in the Alma House and requested that he be sent there again. The magistrate remarked that John did not know when he was well off and that touch of jail life might sharpen up his intellect. He was sentenced to a fine of \$15 or four months with hard labor.

David Corkery was found drunk in the steamer Hampton's warehouse at Inglewood and was fined \$4 or ten days. Annie Anketel, charged with keeping a resort for prostitutes and Timothy Garnet and Eliza Nickerson for being inmates of the house were tried. The Nickerson woman said that she had only gone to the house to scrub, got some soap and went to sleep.

"Well, what the magister says, you tried to make a clean house of it, now I'll try and see what I can do." Police Sergt. Baxter gave evidence this about four o'clock when he raided the house he found Garnet hiding in the loft, only partly dressed and part of his clothing hanging up. The sergeant said that garnet had been warned to keep away from the house but he sent for the police could not catch him. The proprietress of the house is a prostitute and had been arrested before on a similar charge.

The sergeant also said he had seized a quantity of beer from the place and the woman would be charged with having beer for sale without a license. The woman asked the court to send for Aid. Willett to defend her but was told that Aid. Willett did not wish to have anything to do with the case and at the same time was busy as clerk of the circuit court. She then asked that her husband, Edward Edgewood, be sent for. The landlord is the crier in the circuit court and was also engaged, but found time to go to the police court, where he had a private interview with the woman.

At this stage of the proceedings Sgt. Baxter said that in all probability there would be a case brought against Mr. Edgewood, the crier, who owned the bar where the case was held. Policeman Scott testified as to the bad character of the Anketel woman, and of her being once convicted for keeping a bad house on Erin street.

Mrs. Garnet, wife of the prisoner, testified that since the exhibition of force over five weeks, her husband had only been home with her seven or eight times and had not given her any money. Last Sunday, in company with the prisoner's father, she visited at the Carmarthen street dive in search of her husband and requested the Anketel woman not to allow him in the house. The magistrate gave Garnet a severe lecture, and told him that for a time he would have to room where he could keep his clothes all together. "I would like the law repealed," said the magistrate, "so I could sentence men like you to be whipped on the bare back. The law allows for such in indecent assault cases, and I don't know anything more indecent than to learn of a white man leaving a clean bed, a good home and family to go on a street to sit down and eat beefsteak and onions with prostitute riggers. It would just give me a relish to sentence you, Garnet, to get a whipping on your bare back. If you and the likes of you did not spend your money on the likes of those women they might be forced to go out washing and earn a decent living.

Garnet was sentenced to a fine of \$50 or three months jail with hard labor. Eliza Nickerson was sentenced to \$30 or three months jail, and at the expiration of that, six months more in jail without a fine.

Annie Anketel was sentenced to a fine of \$50 or three months in the Home of the Good Shepherd, and after the three months she is to spend six months more in the Home without a fine. Annie pleaded hard to be sent to jail instead of the Home, saying that her fourteen-year-old daughter was now in the home and it would break the daughter's heart to see her mother go there. She would prefer nine months jail. It was thought by the court that Annie's plea was only to get clear of the work at the Home and her request was not granted.

A man named Estabrooks was fined one dollar for spitting in a street car.

HUNTING FOR MUSKRATS; FOUND WOMAN'S BODY.

BRUNSWICK, Me., Oct. 25.—The body of a woman believed to be Mrs. Lucy A. Carlton, of South Bridgton, Me., was found late tonight floating in the water of Merymeeting Bay near the Bay Bridge.

This discovery followed the finding early today of a dress suit case con-

HOLDING PRIVATE MEETINGS TO ESCAPE MAYOR SEARS

Members of Board of Works Committee Arrange Sessions in a Private Office in Order That the Mayor May Not Have a Chance to Attend.

They Left Home Without a Cent, Have Suffered Much, and are Back With Three Quarters of a Million

CHARLOTTETOWN, P. E. I., Oct. 26.—Twenty years ago Thomas and Lemuel Shepherds, colored natives of Cardigan, P. E. I., left home with scarcely a dollar. They went first to Maine, working five years as ship carpenters. Thence they drifted to the Klondyke, suffering many hardships. In search of gold, from the Klondyke they went to Fairbanks district in Tanana Valley in Alaska, where they cleared three-quarters of a million. They are now on a visit to their aged mother in Cardigan, having in their possession nuggets of various sizes and bank notes bearing the signature of the president and treasurer of the First National Bank of Fairbanks, the first paper money ever seen in that city.

Ever since the civic elections in April there has been trouble between Mayor Sears and several members of the council, the latter asserting that the mayor was butting in in things that did not concern him, and was annoying the busy aldermen in their deliberations. The mayor, it will be remembered, was not granted the privilege of participating in the discussions of the board of works, but as a sort of sop, was given a position on a sub-committee on west side improvements. He has been attending the meetings and taking a share in the long talks. This has been objected to by some, and at times considerable feeling has been aroused. There has, however, been no active steps taken by either party until yesterday and today, when members of the board of works decided that they would shake his worship. Under the impression that they could not do so as long as they held their meetings in the City Hall, they decided to dodge him, and last evening several of them were arranging to secure a private office in some out of the way part of the city, where they might hold their very important meetings free from the worry of the mayor's presence.

The first such meeting was held this morning. Mayor Sears knew nothing about the arrangements that were being made, but it is stated in Prince William street that the plan was to meet in a private office in the west side of the city. It was not announced that any important business had been transacted.

Another W. C. T. U. Convention Opens This Time It is at Hartford, Conn.—Delegates Present From Several Foreign Countries.

HARTFORD, Conn., Oct. 26.—The 23rd annual convention of the Woman's Christian Temperance Union opened here today at Paterson's Theatre. When it was called to order by Mrs. Lillian M. N. Stevens of Portland, Maine, over 450 delegates from all parts of the United States were present. Delegates from Austria, Japan, England, Greece and other countries were on hand.

Prior to the opening of the convention proper the Loyal Temperance Legion assembled in the chapel of Central Church for an hour of prayer. Mrs. Mary J. Weaver, national evangelist, from New York, conducting the meeting. A meeting of this character will be held each morning before the convention opens.

The feature of the morning session was the address of the president, Mrs. Stevens, who has been at the head of the organization since the death in 1888 of the founder, Miss Frances Willard.

At the conclusion of the address miscellaneous matters of routine were taken up, after which an adjournment was taken until 2 o'clock.

S. T. R. CONDUCTORS WERE GROWING RICH

Fifty Seven Have Been Dismissed Following Reports Made by Private Detectives.

MONTREAL, Oct. 25.—The G. T. R. refuses to give an official statement, but it is understood that fifty-seven conductors have been laid off. This is the result of a report made by special detectives, two men and one woman. The management for some time suspected leakages and the fact that one conductor is worth \$100,000 and another has six grocery stores, emphasized it. The three detectives were engaged and on their report the fifty-seven were notified that their services were no longer required. The men have denied all knowledge of any reason for dismissal and have put the case into the hands of the union. The executive, it is said, will urge an investigation into each case. If evidence of wrong doing is found they will be dismissed from the union. If not the company will be asked to take them back.

Rumor connected the C. P. R. with similar discharges but officials deny it.

taining the clothing of a woman and other articles which apparently belonged to Mrs. Carleton.

Two men who were hunting for muskrats along the shore of the bay, Herbert Grover and William Harb, discovered the body floating about a mile from the shore. They notified the owner and chief of police and upon the arrival of these officials it was towed ashore.

PART OF I. C. R. TRAIN LEFT THE RAILS LAST NIGHT

One Was Hurt—Small Inj. Is Reported at Southampton

FREDERICTON, N. B., Oct. 25.—The conductor's van and three cars of the I. C. R. mixed train from Loggieville left the track at Van's place about about fourteen miles north of this city last night. Luckily the cars left the track on the upper side. Had it been on the lower side they would have gone over the bluff. There were eleven passengers on the train at the time but no one was injured. A wrecking train, on receipt of the news, was immediately dispatched to the scene of the accident and today everything is cleared and trains running as usual.

The Acadia football team left for home this morning and Captain Estey will leave tonight. The team has not yet decided whether it will protest yesterday's game or not. Capt. Estey has a badly swollen hand as a result of the contest.

Chairman McElman, of the York county board of health, is in the city today. Mr. McElman reports small-pox still prevalent at Southampton.

S. S. CONVENTION WILL CLOSE TONIGHT

This morning's session of the maritime Sunday school convention opened at 9:30 o'clock with a praise service led by Messrs. Tullar and Meredith. A conference on the temperance department was led by Rev. A. Lucas. It was shown that a great number of children had signed the pledge. Mrs. D. H. Simpson led a conference on the primary department. Alexander Murray spoke at some length on the International Bible Reading Association, and mentioned the benefit derived from it by the children.

Mrs. Geo. Murray's lecture before the National History Society on Rome, yesterday, proved most interesting. Although the day was wet over the lecture, she attended the lecture and was delighted with it. Mrs. Murray gave a short history of the "Holy City," which she had visited twice. Her account of a private interview which she had on her first visit some years ago with Pope Pius IX. and a description of the Vatican proved very interesting.

AWFUL SUFFERINGS OF FIVE SHIPWRECKED MEN

Through the Agony Endured, One of the Party Went Mad—The Others Saved When Almost Dead.

NOBOLSK, Va., Oct. 25.—Counting the minutes which seemed to die to be but few intervening between them and death, bruised, bleeding, hungering and thirsting, five men drifted on a bit of wreckage off the Florida coast, saw one of their companions whose sufferings had driven him mad, throw himself into the sea to die and not long afterwards a ship saved their lives.

The five survivors were landed here today by the British steamer Heatherpool, Captain John Grievess, commanding, which arrived today for bunker coal and enroute from New Orleans to Rotterdam. The survivors are Frank Revely, foreman of Marianna, Fla., Gus Johnson of Brooklyn, N. Y., Ben Clarke of Somerville, Mass.; Almer Bell of Kissimmee, Fla., and John Campbell of Philadelphia.

They with about 145 others were constructing a concrete viaduct for the Florida East Coast Railway, through the Florida Keys and were aboard houseboat No. 4, which lay anchored off the coast on the night of Oct. 17. The great hurricane which swept over the coast struck the houseboat about one o'clock on the morning of Oct. 18 and number 4 broke apart. The houseboat soon afterwards foundered and all of the 150 men aboard were thrown into the sea. The houseboat was dashed to pieces by the waves. Many of the men were killed by heavy timbers. Six men lashed together two timbers, one ten by twenty inches in thickness and breadth and the other six by fourteen inches and thick and both 20 feet long and lived on this raft until one of the party became mad from suffering and injury and threw himself into the sea.

On the morning of Oct. 19 Captain Grievess, standing upon the bridge of his ship, heard cries for help and discovered the raft. He launched a lifeboat and soon brought the men aboard where they were given light food and put to bed.

The survivors are being cared for at the Norfolk city mission until the company for which they worked, of their relatives, can be heard from.

BIG MILITARY SUPPLY FACTORY BURNED

PARIS, Oct. 25.—The Barricade and Marres Arms Factory, situated in the Rue Oberkampf, was destroyed by fire tonight. This factory was one of the most important in France. The losses are placed at many millions of francs. A number of firemen were injured and a woman died of fright during the fire.

TOKIO, Oct. 25.—A hurricane swept over southwestern Japan yesterday, several hundred coral fishing boats are reported missing. Each boat is manned by at least two sailors.

HIS WAY OUT OF IT.

It is said of a noted Virginia judge that in a pinch he always came out ahead. An incident of his childhood would go to prove this.

"Well, Benny," said his father when the lad had been going to school about a month, "what did you learn today?"

"About the mouse, father."

"After a little pause, Benny answered: 'Father, I don't believe it was a mouse after all; it was a rat.'"

IN A CLASS BY ITSELF

There are many emulsions of Cod Liver Oil, all more or less good, no doubt, and all very much alike, the principal difference being in the quantity and quality of the oil that enters into their composition, and perhaps something in the method of manufacture.

FERROL

on the other hand, while it is an emulsion of Cod Liver Oil, occupies a place entirely above and beyond the ordinary preparations above referred to.

The reason is, that FERROL combines with the oil iron and phosphorus, which all other emulsions lack, and without which no emulsion is anywhere near perfect.

In FERROL the well-known virtues of Cod Liver Oil as a flesh and weight producer, the unparalleled qualities of iron as a blood builder and purifier, as well as the undoubted advantages of phosphorus as a Nerve and Brain tonic, are all not only combined and retained, but wonderfully enhanced by the process of amalgamation.

No argument is necessary to prove the inestimable value of such a preparation as FERROL in the treatment of Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Troubles.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanitariums, etc.

BABY FARMERS CHARGED WITH MANSLAUGHTER

PAGOSA SPRINGS, Colo., Oct. 25.—G. C. Rose and Mrs. Minnie Wheeler, leaders of the Brotherhood of Light, who conduct a home for poor children on a farm near Arboles, Col., today were arraigned on charges of manslaughter in connection with the death of six babies on the place. They waived examination and were remanded to jail until they can furnish bail.

The charges were made by an agent of the State Humane Society who alleges that the children were fed almost exclusively on a vegetable diet and were, he says, starved to death. Seven children now at the home were made wards of the county court until the court shall award them to some other institution.

The five survivors were landed here today by the British steamer Heatherpool, Captain John Grievess, commanding, which arrived today for bunker coal and enroute from New Orleans to Rotterdam. The survivors are Frank Revely, foreman of Marianna, Fla., Gus Johnson of Brooklyn, N. Y., Ben Clarke of Somerville, Mass.; Almer Bell of Kissimmee, Fla., and John Campbell of Philadelphia.

MORMON CHURCH WILL GO OUT OF BUSINESS

SALT LAKE CITY, Oct. 25.—Reports that the Mormon church as an organization is to retire from commercial business were further verified today when it was officially announced that the Utah National Bank had been sold to W. S. McCormick. The bank's stock was largely owned by the church.

In the last four months the Mormon church has disposed of its big holdings in the Utah Light and Railway Company which controls the principal utilities in Salt Lake City; its Los Angeles and Salt Lake Railroad with its great pavilion of salt air and its big retail department store at Ogden.

KINGS CO. PROBATE COURT
HAMPSON, Kings Co., Oct. 24—In the probate court of Kings county today, His Honor Judge J. M. McIntyre granted letters of administration to Mrs. Annie C. Flewelling on the estate of the late George T. Flewelling, of Westfield, blacksmith, deceased. The value was sworn at \$195, all personal property and consisting of book debts \$50, tools \$75 and farm utensils \$70. The bondsmen are the petitioner, A. W. Baird, and James N. Inch, A. W. Baird, proctors.

In the matter of the estate of the late Edward Paisley, of Greenwich, farmer, deceased, letters of administration were applied for by James N. Inch, a creditor, the value being stated at \$250 realty, and \$85 personal property. Of four heirs two had renounced in favor of petitioner and the case went over until the renunciation of the others is attained. The petitioner, however, was filed and John W. Inch, and Albert E. Flewelling accepted as bondsmen. Messrs. Barnhill, Ewing and Sanford, proctors.

J. Arthur Preece applied on behalf of Lee F. Corey, administrator of the estate of the late James G. Corey, Havenlock, deceased, for permission to pass his accounts, which were filed and a citation issued returnable Nov. 23rd next ensuing.

M. R. A.'s next big sale will be of goods that appeal to every member of the household—a grand October clearance of odd items of good furniture. Full particulars will be given in tomorrow night's Star. The sale starts Monday. In another part of this paper the big house tells its overcast story. It's an interesting one; read it.

Thin Hair
Yes! We had noticed that your hair was looking pretty thin, and that it lacked luster and life. "But we didn't like to speak of it! Of course you know that Ayer's Hair Vigor is a regular smooth, gives it life and strength. This isn't the kind of hair that falls out! And, too, it keeps the scalp so clean and healthy."

LET US HEAR FROM THE DOCK.
Is it not almost time that St. John got over being afraid of the dry dock bogey which rises before those in authority every time any west side matter is under consideration? Without casting any doubt on the ultimate success of the undertaking, it would certainly be a wise move on the part of the members of the company to take the public into their confidence and give out a definite statement concerning the present condition of affairs, what is being done, and when some practical development may be expected. For three or four years the only announcement made has been to the effect that the financial arrangements were being perfected—that is if we kindly forget those promises that work would be started on some different dates long since past. For the last six months or so the expectation has been that "the contract for the dock is just about to be signed," but the final act has evidently not yet been completed. Of course, the matter of financing and preparing for the construction of a dock is no child's play; it cannot be hurried through in a few hours, but surely after these many years the directors of the company—the majority of whom seem to be keeping in the background, can come forward with an outline of their plans as rendered possible to date. Let us know if the dock is going to be built, if it will be built within the next generation. Such information would be of value to the aldermen and would do away with the ever present dread of entering into some agreement in which the interests of the city are involved, but which might possibly infringe on the rights of the Imperial Dry Dock Company.

THE OLD DICTIONARY.
Reformer, spare that book! Touch not a single word! Some of its spellings look queer, not to say absurd; But they've been good enough For generations past.
Your movement's a good bluff, A fad that will not last!
That old familiar tome Whose glory and renown Are known in every home— Pray, would you turn it down?
At what our fathers planned Would you presume to carp? No, stay your reckless hand, You orthographic sharp!
When but an idle boy, Its pages I would turn, Musing with reverent joy On "learn," "burn," "fern," "ad-journ."
Why aren't they spelled the same? I can't explain that. The old book's not to blame— I know it must be right!
The dignity of age Has hallowed it so long, Its most prosaic page Reads like a grand sweet song! So let the old book be.
Or you shall rue, I vow! To turn it into "burn," "fern," "ad-journ."
NOT ALWAYS WISE.
Norman Haggood, the distinguished journalist and essayist, was discussing American newspapers.
"It is not enough that our papers shall tell the truth," he said. "Truth-telling in itself is not particularly wise nor praiseworthy. Indeed, it is sometimes the reverse."
"Thus a young man called on a young lady one spring morning very early. He had his automobile along. He wanted to give the young lady a morning spin through the country."
"A little girl, the young lady's niece, answered the bell."
"Is your aunt in?" said the young man.
"Yes, sir," said the little girl.
"That's good. Where is she?" he went on.
"She's upstairs," said the little girl, "in her nightgown, looking over the balcony."
GOES ONE BETTER.
Out on the veranda of a little Kentucky hotel several "colonels" were slipping mint juleps and telling yarns about the weather.
"When Ah was in the mountains, sah," said a lanky old gentleman, "it began to rain one afternoon, and before the shower was over the was fish all over the ground. Bass, trout, and carp fell right out of the clouds, sah."
Then an old gentleman who was rather corpulent placed his glass on the table and said:
"Cannel, that that was a pretty good yarn, but it don't beat the experience I had forty miles south of Frankfort. Why, sah, it began to rain that one day and fish came down by the ton. But that isn't the strangest of it. A thund'ry storm arose, the lightning struck the field, and the fish fell out of the clouds, sah. And as if they were fried in your own kitchen, and—"
"But the other 'colonels' fled."
BETTER OFF.
"There is such a difference between the classes in Russia," remarked the diplomat who reads the cable news over his breakfast food. "Now, the aristocracy over there own so many castles."
"That's nothing to the peasants," replied the tall boarder as he dissected a fish.
"Nothing to the peasants! Why, what do the peasants own?"
"Why, they have castles to burn."
LOTS OF THEM.
Robinson—You're a farmer, are you? Well, farming is a noble profession. It's all right to call it a profession, isn't it?
Thomson—Yes, thousands of men profess to be farmers who don't know the first principles.
ABOUT THE SAME.
"Have the detectives got any clue yet?" inquired the reporter.
"I don't know," said the woman who had been robbed. "My husband says they have got a hypothesis. That's about the same thing, isn't it?"
FORBID THE MARRIAGE OF DIVORCED PERSONS
American Methodist Episcopal Conference Will Proceed Against Violators of the Law
NEW YORK, Oct. 25—At the meeting last night of the Union American Methodist Episcopal conference, which is in session here, the committee on divorce brought in a report forbidding any pastor in the connection marrying divorced people.
The resolution was passed unanimously by the general conference. The measure provides that any pastor in the connection who is accused of marrying divorced persons will be tried according to the discipline of the church and if found guilty will be expelled from the organization.
Tonight will mark the opening of the second "ladies' night" at St. Andrew's Hallway, Bands Nos. 1 to 5 inclusive gentlemen will skate on Tuesday night with ladies. Band No. 4 gentlemen will please retire from the floor and the ladies will skate alone. Band No. 7 the ladies will retire from the floor and the gentlemen will skate alone. Bands Nos. 8 to 10 will be skated in a novel manner particulars of which will be announced from the floor.
Turn over this page—look at No. 9—there's interesting news for men and mothers there.
HAMPSON, N. B., Oct. 25—The body of Mrs. Upland Powell arrived here this morning from Williamsdale, Colchester county, N. S. Her funeral took place this morning, the service being conducted by Rev. E. E. Gardner and Elder Wm. Guthrie, Advent ministers. Interment was made in Hampton cemetery.

TO RESUME INQUEST AT BUCKINGHAM
(Special to the Sun.)
BUCKINGHAM, Que., Oct. 25—Coroner McMahon arrived this morning and at once instructed Bailiff Daniel Roy to summon eight English and eight French jurors for the Selinger and Theriault inquests, which will be conducted jointly.
No jurymen who served on the Warner inquest or who was on the dismissed jury will be summoned again. An important new witness, Colonel Rodrigue, who was seen in a buggy with rifles, will be summoned. Enough men have been secured by the McLaren Company to start another circular saw. The gang is sixty strong, but contains more than one or two of the strikers.

BRIEF DESPATCHES
PARIS, Oct. 25.—In view of the situation in Morocco the French government has decided to send a warship to Tangiers.
TANGIER, Morocco, Oct. 25.—Owing to the disturbed state of the country the American minister, Mr. Gungore, and Dr. Rosen, the German minister, are remaining at Fez. Some of the foreign diplomats are demanding the dismissal of Mohammed El Tchorri, representative of the Sultan, on the ground that he is old, incapable and feeble.
MADRID, Oct. 25.—In view of the alarming reports from Morocco the Spanish government has decided to hold several cruises ready for despatch to the west coast for the protection of Spanish subjects.
KANSAS CITY, Mo., Oct. 25.—A systematic search for victims was begun today in the ruins of the Chamber of Commerce building in Kansas City, Kas., which was burned yesterday. Eight persons were still unaccounted for this morning. At the hospitals two of the injured were in a serious condition, but it is believed all the others will recover. The loss of life is attributed in part to the lack of fire fighting apparatus.
MONTREAL, Oct. 25.—A man named Sprague, once a prominent revolutionary leader in the Baltic provinces, was killed here yesterday while on his way to America, because he had betrayed his party. He had just recovered from a wound inflicted on him by revolutionaries.
KIEV, European Russia, Oct. 25.—Lieut. Konovaleff, an artillery officer, has been sentenced to five years' imprisonment at hard labor for having bombs in his possession.

RAILWAY MEN REJECT COMPROMISE OFFER
CHICAGO, Oct. 25.—A compromise of two cents an hour increase was offered by the railroads was rejected today by the committee representing the Switchmen's Union and the conductors. The men are holding out for the original demands submitted a month ago calling for a minimum wage of forty-two cents an hour for firemen, thirty-eight cents for helpers and an eight hour day. In spite of failure of negotiation, both sides expressed the belief tonight that there would be no strike. The railroads are willing to make reasonable concessions, they say, in the way of increased wages, but they will not consider the question of reducing working hours at this time.

A Ballad of Broken Ties
By WILLIAM F. KIRK
(From Life in the Metropolis.)
WHERE the gauntlet beamed so brightly on Manhattan's broad expanse
A man and wife were fighting like Nelson and Joe Cass.
"Take back that wedding ring!" she said, and thru it in his face;
"I'm going back to mother, notwithstanding the disgrace."
The husband shook and shuddered like a cat-tail in a storm,
But never quit a minute as the argument waxed warm.
"I thought," said he, "I'd beat the second race as sure as life,"
And then this withering retort came from his darling wife:
CHORUS:
"I've done the family washing ever since we two was wed,
You've plodded from the race track with a slow and weary tread;
Now take this tip from me, my love, and don't talk back no more:
From this time on a laundry is the one best bet for us!"

ALBERT CO. SCOTT ACT CASE CONTINUED
HOPEWELL CAPE, Oct. 24.—The May 1934 case was concluded before Judge Wedderburn at the county court today, his honor reserving decision. The case occupied nearly the whole day. Dr. Murray, the defendant, being on the stand himself several hours. The doctor stated that notwithstanding the dates of the information, he had never given any of the witnesses mentioned prescriptions for intoxicating liquors, except when in his opinion they needed it for medicinal purposes, and after examination. He did not remember one Perry asking him for a prescription in another man's name, and he himself had not suggested anything of the kind. The witness was subjected to quite a severe cross-examination by Mr. Chandler, and there were some sharp words between counsel.
The civil case of Cain v. Colpitts was settled out of court, and the appeal case of Wilson v. Archibald stands over till next term.
In Robinson v. Peck, his honor gave judgment dismissing application for summary judgment. Mr. Peck applied for stay of proceedings, stating that appeal to the supreme court would be taken.
The court will sit for a short time tomorrow, in order that a case may be entered before the judge.

HOPEWELL CAPE, Oct. 24.—The May 1934 case was concluded before Judge Wedderburn at the county court today, his honor reserving decision. The case occupied nearly the whole day. Dr. Murray, the defendant, being on the stand himself several hours. The doctor stated that notwithstanding the dates of the information, he had never given any of the witnesses mentioned prescriptions for intoxicating liquors, except when in his opinion they needed it for medicinal purposes, and after examination. He did not remember one Perry asking him for a prescription in another man's name, and he himself had not suggested anything of the kind. The witness was subjected to quite a severe cross-examination by Mr. Chandler, and there were some sharp words between counsel.
The civil case of Cain v. Colpitts was settled out of court, and the appeal case of Wilson v. Archibald stands over till next term.
In Robinson v. Peck, his honor gave judgment dismissing application for summary judgment. Mr. Peck applied for stay of proceedings, stating that appeal to the supreme court would be taken.
The court will sit for a short time tomorrow, in order that a case may be entered before the judge.

The dead—Patrick Healy, 44 years old; Anna Healy, 3 years old; Eleanor Healy, two months old.

Buy a PairOF..... Sox-Boots.

The and then only can you do without rubbers in the stormiest weather.

DRY SOX BOOTS for men are made by Geo. A. Slater and are not only an absolutely waterproof boot but are at the same time a handsome walking boot. The uppers are of a beautiful quality of imported Box Calif. with cream calf linings. The bottoms are of Viscelized Rock Oak, and the workmanship is incomparable. Of necessity they are a fairly heavy boot, but not a bit to heavy for fall walking.

GOLD OUTPUT UP IN ALASKA.
The Alaskan gold output has increased from \$2,400,000 in 1895 to over \$16,000,000 in 1906, the output in the latter year showing an increase of 80 per cent. over 1904.

PINE AT RECORD PRICES.
The buying of lumber continues to increase in volume, says the Canadian Lumberman. Retail dealers in Toronto have all the business they can handle, and the planing mills are working to full capacity to meet the demand. Certain grades of white pine are getting scarce, and in many cases it is a question of which material can be obtained rather than the price or grade. Hemlock is in the same position. The advance which was made in the early spring has been maintained throughout the season, and at the present time sales are being made at the highest prices which have yet been reached. The fear of a shortage this winter is causing some uneasiness among those whose stocks are light. The Ottawa Valley production has been curtailed by low water, and even if the rivers should rise sufficiently to warrant the starting of the mills, there would probably be difficulty in securing the crews, as many of the men have gone to the woods. The situation in hardwoods is also strong, with the volume of demand fairly large. Basswood is showing considerable improvement.

HUDSONS BAY FOR HALF YEAR.
The sales of farm lands and town lots by the Hudson's Bay Company for the six months ending September 30, 1906, amounted approximately to \$218,800, payable over a term of years, and cash receipts to \$247,600, as compared with \$190,000 and \$219,200 respectively for the corresponding period of 1905.

SEVEN MORE BRANCH BANKS.
It is stated that the Bank of Montreal is looking for new premises in the heart of Winnipeg's banking district. The Sovereign Bank has opened its 76th branch at Bredin, Ont., with Mr. L. E. Todd as manager.

Branches of the Union Bank of Canada have been opened at Blainville, Alta., Bowden, Alta., and Claresholm, Alta.

A branch of the United Empire Bank of Canada has been opened at Picton, Ont., under the management of Mr. A. Leslie.

The home bank has opened a branch in Toronto and another at Belle River, Ont.

BERLIN, Oct. 25.—The authorities of the University of Berlin inform the Associated Press that the statements published in regard to the effect of the stringent regulations concerning the admission of students as designed to exclude many Americans altogether, are untrue. Any graduate of an American college who presents a passport and the diploma of bachelor of arts or any equivalent degree will be admitted without any questions. It is true that the diplomas of some of the smallest institutions bearing the names of colleges are omitted from the list of those recognized. The new regulations are directed against Russians not having sufficient means of support or who are academically unqualified.

WALL STREET.
NEW YORK, Oct. 25.—The opening dealings in stocks were on rising prices, the speculative favorites leading the advance. Union Pacific, Great Northern, pfd., and National Ry. of Mexico, pfd., and Brooklyn Transit gained a point, and Reading, B. & O. and St. Paul, gave fractions. Some large blocks of Reading, Union Pacific and United States Steel changed hands, but business in the general list was small.

A P. E. Island Tragedy—A Reception Tended to Officers of the Knights of Pythias.

CHARLOTTETOWN, P. E. I., Oct. 25.—Last night a reception was tendered the Grand Lodge officers Knights of Pythias on the occasion of the organization of the Union Bank with Empire Lodge of Charlottetown. The visiting grand officers were: P. A. Marr, of Halifax, Grand Chancellor; Capt. A. Dodge, St. John, Adjutant for the Maritime Provinces; G. H. Parsons, Halifax, Chancellor Commander, and Capt. McLeod, New Glasgow, N. S.

The 12 year old son of Daniel English, of Conroy, in some way got hold of a cup containing a quantity of muriatic acid which was being used by men who were soldering cans. He drank the contents and died shortly after.

POPE AND EMPEROR
EXCHANGE MESSAGES
The German Representative Received in Audience at the Vatican

ROME, Oct. 25.—The pope today received the German foreign secretary, Herr von Tschirsky, and Frau Von Tschirsky, who were accompanied by the Prussian minister to the Vatican, Baron Von Rotemann. In the papal ante-chamber Hon. Tschirsky met Cardinal Agliardi, vice-chancellor of the Holy Roman Catholic church, who formerly was papal nuncio at Munich, and therefore thoroughly conversant with German affairs. Cardinal Agliardi had a brief conversation with Herr Von Tschirsky, after which the latter and his wife were admitted to the papal library, the pope meeting them and Baron Von Rotemann at the door. He asked his visitors to take seats and entered into a cordial conversation with them, which lasted half an hour. Herr Von Tschirsky conveyed to the pope Emperor William's best wishes in the postscript in return sent his majesty his warmest greetings.

CHURCHILL IS QUESTIONED

Asked in Regard to the Newfoundland Fisheries

Said Colonial Government Was Consulted Before Any Negotiations Were Begun—The Education Bill

LONDON, Oct. 25.—The parliamentary secretary of the colonial office, Winston Spencer Churchill, when questioned in the house of commons today on the subject of the recent Anglo-American agreement in regard to Newfoundland fisheries, said that the government of Newfoundland had been consulted before any negotiations were

WINSTON CHURCHILL

begun and fully informed of their progress at each stage. The British government, however, the secretary added, was not so fortunate as to obtain the concurrence of Newfoundland in the provisional agreement which the circumstances rendered necessary. Replying to a question, the president of the local government board, Mr. Burns, said that of 418 tons of meat seized and condemned at the Smithfield meat market, London, between July 19 and September 15, twenty-four tons came from the United States and about 222 tons from the Argentine. Mr. Burns said he hoped the government's proposed legislation would prevent the possibility of the recurrence

of such a state of affairs as the question revealed. LONDON, Oct. 25.—A strong tone of moderation and conciliation characterized the debate in the House of Lords yesterday, of the education bill. Lord Goschen, the Archbishop of Canterbury and all the other speakers of prominence advocated a spirit of justice to all the other parties in the controversy. The Archbishop of Canterbury in particular stoutly declined to be a party

ARCHBISHOP OF CANTERBURY

to a mere "wrecking amendment." The divine speech disposed entirely of the rumor, recently current, that he had arranged a compact with the premier, but the present temper of the House of Lords seems to leave an opening for a compromise. This spirit of conciliation is reciprocated by the government's organs this morning, which, while they regard the amendments handed in yesterday by opposition peers as unacceptable, are inclined to consider them as "bargaining amendments."

FOUR PERSONS DEAD; EIGHT ARE MISSING

KANSAS CITY, Oct. 25.—Four persons are known to be dead, eight others are missing, two are fatally injured and fifty are suffering from burns as the result of a fire which destroyed the Chamber of Commerce building in Kansas City, Kan., early today. A single body has been recovered from the ruins, that of D. R. Young. It is known that Charles A. Lynch, a laborer, and the infant son of Mr. and Mrs. George Sparks are dead, but their bodies have not yet been found. J. F. Branham, a wagon maker, died at a hospital today. It is thought that the total dead will be about ten.

The town of Kentville is having the sewerage put in, and the pipe laying is about completed. Mrs. Wm. H. Nowombe died at a hospital today. It is thought that the total dead will be about ten. Dr. Manson Sheffield of St. John is a brother.

MAIL FROM NORTH NOW AT OTTAWA

Some of the Letters at Least Three Years Old

Indians Interview Cabinet Ministers Asking Protection From British Columbia Cannerns—Re Japanese Goods

OTTAWA, Ont., Oct. 25.—A mail from the north has reached Ottawa. It came down on the steamer Adventurer, which left Halifax in August with Major Moodie's Mounted Police party. The police were landed at Fullerton and Churchill and the steamer returned to St. John's, Newfoundland. Some of the letters are three years old, having been left at various points in Hudson Bay and Strait awaiting to be picked up. Major Moodie reports the successful landing of supplies at Fort Burwell, Fullerton and Churchill. There was some delay by ice, but no conditions were encountered which would seriously interfere with navigation of Hudson Bay waters by grain vessels in the autumn. The only delay of consequence was at Churchill, where the weather was bad and there were no natives available to aid in unloading, all being absent on hunting expeditions. The police under Major Moodie had the barracks well under construction when the Adventurer left. Major Moodie has completed plans for a dog train trip over the snow in February from Churchill south to Oxford House on Lake Winnipeg, where a police party from Winnipeg will meet the northern party and bring its mail down.

A party of Bahine Indians under Chief Big George, and accompanied by Father Coccola, today met the minister of interior and the minister of fisheries and argued that they be protected from the cannerns operating on the Bahine river in British Columbia, and be allowed to continue taking salmon in weirs for winter supplies, as they have been doing for hundreds of years. The party will remain in Ottawa until the Indian agent and the fisheries agents reach Ottawa from British Columbia. They are on the way. An order in council has been passed the effect of which is to give Japanese goods favored nation treatment in Canadian customs charges. This is in return for favorable treatment Japan has recently granted Canada. The most favored nation with which Canada has a commercial agreement is France. Under a treaty made in 1887, wines, nuts, fruits, castile soap and some other similar articles are admitted to Canada at low rates, and the placing Japan on the French basis is an arrangement of temporary and will be made permanent by a government measure to be passed at the next session of parliament.

FEATS OF THE KAISER IN HUNTING FIELD

Brings Down Two Stags After Deerskining Expedition of Eight Hours

BERLIN, Oct. 24.—The reports which were current a few days ago that the Kaiser's health was again giving cause for alarm in consequence of the recurrence of throat troubles are belied by his remarkable performance in the hunting forests at Rominten yesterday, when, in the course of a deer-stalking expedition lasting eight hours without a break, his Majesty brought down two magnificent stags with sixteen-pointed antlers. The first stag, rather an old one, was shot shortly after breakfast, and was killed principally because of the annoyance he caused to younger and better animals. Meantime, a thoroughly high-grade stag, with irregular sixteen-pointed antlers, was reported to be roaming in another section of the forest. The Kaiser jumped into his swift motor car, accompanied by Admiral von Tirpitz and Muehlen, and a little after 2 o'clock in the afternoon got within range of his prey, and with a splendidly aimed shot through the vitals brought the stag to earth. He weighed 389 pounds.

MISS OF SIXTEEN IS EXPERT FORGER

Coalheaver's Daughter Lives Like a Princess on No Resources But Her Wits.

BERLIN, Oct. 24.—"She has the greatest talent I have ever encountered as a forger of signatures," declared von Tirpitz and Muehlen, in the trial for fraud yesterday of 16-year-old girl named Antoniewicz. This was her second appearance before a court for the same kind of offense. Though her father is a coalheaver, the girl dresses in the best taste, and has displayed the greatest ingenuity. In April last she induced a dealer in mortgages, named Schumann, to advance her \$20,000 on spurious security. Her father, she said, occupied a high military position and her promissory note was backed by the signatures of two well-known officers. The girl appeared in the dock dressed in the latest fashions, but was sentenced by a stony-hearted judge to nine months' imprisonment. It takes nerve to advertise successfully, but the probable results are certain to the advertiser who has sufficient faith in printer's ink to wait till—Success Advertising, London, West—Cyrus Curtis, Philadelphia.

NEGRO LYNCHED FOR A HORRIBLE MURDER

NEW ORLEANS, Oct. 23.—Tom Crompton, a negro, was lynched near Centerville, Miss., today.

It is alleged that he confessed to the murder of Ely Whitaker, a farmer. Whitaker was murdered yesterday and last night a posse of men, suspecting foul play, searched for him. With this posse was the negro Crompton. Today he begged leave from the searchers to go home, but after he had gone the posse followed him, finding, it is alleged, that instead of going home, he had gone to the spot where Whitaker's body lay, and cutting off the head, arms and legs with an axe, dropped them into a sink hole near his cabin.

GRAND TRUNK LAYS OFF NINE CONDUCTORS

MONTREAL, Oct. 25.—Bonaventure depot was much excited this morning by the announcement that nine conductors who have been running on trains between there and Toronto and Portland had received orders that they are to take out no more trains. The Grand Trunk officials decline to discuss the dismissals except to say that the men were relieved for good and sufficient reasons. It is believed another large batch of conductors will be laid off within the next few days. Spare men today are replacing those who were discharged.

JOE THOMAS WINS FROM DICK FITZPATRICK

SAN FRANCISCO, Oct. 25.—Joe Thomas, champion welter-weight of the world, knocked out Dick Fitzpatrick, of Chicago, in the sixteenth round of a scheduled thirty round contest last night at Colma. Thomas had the class all the way and did all the work. The end came shortly after the opening of the sixteenth round, when Thomas landed a hard left to the jaw, staggering Fitzpatrick. The champion quickly shot over a right swing putting his man to the floor for nine seconds. When Fitzpatrick arose he received another blow which put him out.

ASYLUM ATTENDANT MURDERED A PATIENT

LEXINGTON, Ky., Oct. 25.—A jury last night found Fred Pharis, formerly an attendant at the Eastern Kentucky Lunatic Asylum, guilty of the murder of Fred Ketterer, a patient. He was sentenced to five years in the penitentiary. Daniel Adams, J. M. Cleggatt and Richard Champion, former attendants at the asylum, are under indictment for the same offence.

BRITISH COMPANIES WANT HIGHER RATES

Proposal to Increase Insurance Rates in Western Canada Opposed by Underwriters.

TORONTO, Oct. 25.—The meeting of the Canadian Underwriters' Association lasted all of yesterday, and it is said, the most important business was the consideration of the request of several British fire insurance companies to increase rates, owing, as alleged, to indifferent systems of fire protection in Winnipeg and other places in the West. The United States companies represented in the association opposed the proposed increase, and were supported in their opposition by four or five other British companies. It is said that the British companies opposed to the increase have decided to establish chief agencies at Chicago, New York and San Francisco. The Chicago agency will include Manitoba, Alberta and Saskatchewan, and the San Francisco agency will include British Columbia. The general agent in charge of these agencies will have power to decide, without reference to British offices, all questions of rates, and is authorized to meet competition in rates of local or United States companies. It was stated last night that the probable outcome of the matter would be that the intended increase of rates in the West would not be put into force.

Complaint was made by some agents that members of the association were cutting rates, but this was denied. The allegation was that certain agents divided their commissions with the insured. Inquiry will be made into these complaints. Speaking at the opening meeting of the insurance institute of Toronto in St. George's Hall last night, P. C. H. Pappa, president of the association, referred to the many events of interest to the insurance world that have transpired within the past six months in Canada.

Mr. Pappa, who alluded to the fact that most of the recommendations of the Armstrong committee appointed by the State of New York have become law, considered that this legislation has caused considerable upheaval in the life insurance business of the States. "Life insurance investigation in Canada," said Mr. Pappa, "has shown that mistakes have been made. The investigation was indirectly responsible for the formation in Canada of Life Underwriters' Associations, which have been the means of bringing agents of the different companies together, with the result that they have been materially assisted in ridding the business of some undesirable features."

Dealing with the function of insurance, Mr. Pappa dealt on the fact that the individual policy-holder usually looks upon an insurance company as a large financial institution, to which he pays premiums, and from which he expects to receive, in case of loss, financial compensation.

"As a matter of fact, whether a building is insured or not, the destruction of it by fire is a loss to the community as a whole. If it is insured, the value of the building comes out of the insurance companies, who must take it out of the general public. If the building is uninsured, the loss comes out of the individual. In other words, fire insurance companies are assessors and distributors of the losses of the country."

SUNDAY SCHOOL WORK

At the afternoon session of the N. B. and P. E. Sunday School Association praise service was first conducted by Messrs. Tullar and Meredith after which a number of discussions took place led by Rev. W. C. Pearce, E. R. Machum and J. H. McDonald. The different subjects taken up were: The home department, teacher training department and the adult Bible class.

The Lonely Life

The Tragic Confession of a Spinster, Who Realizes That No Fame or Wealth Can Compensate for the Solitude of Her Life.

In this article the author, whose name for obvious reasons we are not at liberty to disclose, drops for once the mask which she in common with other "Bachelor Maids," is accustomed to turn to the world.

Though no longer young, she frankly says she longs for the companionship of a husband and the care of children. The circumstances which have kept from her the happiness which these blessings bring are stated with the same directness which characterizes the whole article. It is the life-story of a "successful" woman, a drama of real life in which the last act is a tragedy.

BATTLESHIP MINNESOTA MADE HER TRIAL TRIP

Made 18 1-2 Knots on a Four Hour Run—Met Heavy Weather.

BOSTON, Oct. 25.—The new battleship Minnesota, a product of the Newport News Ship Building and Dry Dock Company, left a very successful four hour endurance trial off the New England coast today, maintaining an average speed of 18 1/2 knots per hour. Her contract speed is 18 knots per hour.

The trial, which followed yesterday's screw examination test in Penobscot Bay, was made under particularly adverse conditions, the big battleship plunging into a very heavy head sea, all the way from Monagan Island, or off the start was made, to the finish, which was some distance off Cape Cod.

The engines worked smoothly throughout the trip, developing 23,000 horse power and the propellers maintaining an average revolution of 124 1/2 a minute.

The Minnesota weighed anchor off Rockland at six o'clock, and passed out by White Head Light an hour later. The start was made at 7:45 o'clock this morning with Monagan absent. The wind was blowing hard from the south, dead ahead, and the big rollers swept the forward deck all the way down the coast.

When the trial ended at 11:45 the sea was no longer so boisterous, the Minnesota was headed for Provincetown with the idea of landing the trial board there. But when Hage Point was over the port quarter the weather moderated, and the battleship was headed back for Boston lights.

The sea calmed considerably during the run into the bay, and the government trial board had no difficulty in boarding the naval tug, Iwaco at three o'clock this afternoon.

The Minnesota was at once headed back toward Cape Cod and passed out by Highland Light, just before dark. She will probably arrive at Newport News some time Saturday.

Members of the trial board were enthusiastic over the performance of the Minnesota.

The ship is expected to be off the New England coast by the Vermont, on November 3rd, followed by the Kansas, about the middle of the month.

ARE THERE TOO MANY RAILWAYS IN THE WEST?

Freight Traffic Manager Questions of C. P. R. Discusses Question After Western Trip.

(Montreal Herald.)
Mr. W. R. McInnes, freight traffic manager of the Canadian Pacific, has just returned from the West, where he spent the last six weeks of his tour of the general business conditions, grain, lumber, coal, live stock and other commodities.

Speaking of the occasional complaints that are made of over-competition in the West, Mr. McInnes remarked that those living in the West understood the conditions. The company, he said, has now \$400 freight cars in service and is spending \$7,000,000 in equipment. If a railway could supply in the fall months all the freight cars that were asked for it would hardly be a great sign, for it would mean that the country was not great.

"I saw some interesting western property," remarked Mr. McInnes, "in which Mr. Byron E. Walker, general manager of the Canadian Bank of Commerce, referred to the possibility of too many railways being built. My remarks made by me might be looked upon as coming from a prejudiced source. It must, however, be recalled that what is now transpiring in our western country is very similar to what took place in the United States some fifteen years or more ago. Every one is familiar with the history of what happened when the years of depression came. Are we immune from its teachings? When property is booming, one is apt to overlook that away off, when built, must be maintained, and a fair return paid to the holders of securities. This can only be done when there is at least a reasonable amount of traffic available for each line, both in good and lean years."

ENFORCE SEPARATION OF CHURCH AND STATE

Church Property Will be Taken from Clergy Who Refuse to Submit—Further Trouble Feared

PARIS, Oct. 25.—The cabinet has reached a decision regarding the application of the law providing for the separation of church and state, which the property of revenues of the churches in the event of the clergy persisting in their present rebellious attitude, will be sequestered December 31st.

The cabinet has decided to put the churches themselves under a legal association under the law, in the event of assembly of 1881, during the ensuing year before the law goes finally into effect. In the meantime, should the clergy refuse to yield, a ministerial declaration will be issued, indicating very clearly the intention of the cabinet in the next parliament for special legislation to meet the situation. The nature of the measure contemplated, however, will not be disclosed, although it is announced that they have been agreed upon in the meantime, some of the advantages of which the council of state after considering the question of what constitutes a legal association under the law, is proposed to make a decision that only associations formed with the consent of the former church, which are parish priests are entitled to take over church property, those formed by individuals having no official connection with the church, and which are not parish priests, are not entitled to take over church property.

It is expected that this measure will be completed by the end of the month, as of all the negotiations that have constituted the law have the consequences of both the parish priests and church wardens. They have been formally interdicted by the bishop.

CHINESE ADAPTATION OF WIRELESS TELEGRAPHY

A Portable Sending Station Carried With the Troops in Autumn Manoeuvres

CHANGTIEFU, Oct. 25.—A notable feature of the autumn manoeuvres of the Chinese imperial army, which began last Monday in the neighborhood of Changtiefu, has been the presence in the field of a portable wireless telegraphic apparatus, carried upon light wagons, and so adapted that it can be erected in less than thirty minutes. These stations are operated by Chinese officers belonging to the telegraph corps.

The manoeuvres came to an end yesterday with victory for the northern army. At a village five miles south of Changtiefu this army succeeded in checking the advance of the southern army. The manoeuvres began with cavalry operations followed on Wednesday by artillery practice. All arms displayed excellent discipline.

Experienced military observers are of the opinion that with the exception of certain minor defects and making allowance for the fact that these operations were an experiment, the manoeuvres were almost equal to those conducted in European countries.

The artillery equipment of the troops were manufactured in Japan.

FIND HUNDREDS OF LIFE PRESERVERS ADRIFF

Wreckage Which is a Puzzle to Marine Men, But Which May Not Indicate a Disaster.

NORFOLK, Va., Oct. 25.—A marine puzzle which may develop into an ocean tragedy came ashore near Cape Hatteras today in the shape of more than 400 life preservers.

Between Hatteras and Big Kninnack the beach is strewn with the cork jackets. Some are marked "Caswitz, Rettunywurgen, G. R. F., No. 18, 841." Others are stamped "Sealanan." Two bear the name "Smestli." Three miles north of Big Kninnack a part of a white yawl boat and a fragment of the boat's gunwale washed ashore. There are no marks on this wreckage.

Because all the life preservers and the pieces of wreckage came on the beach in such a limited area, and because of the large number of jackets, shipping men here are of the opinion that the wrecked occurred not far from the coast. A search among the marine records failed to reveal the names that correspond with those on the life preservers. It is probable that a revenue cutter will be sent out to search for Hatteras.

NEW YORK, Oct. 25.—The mate of the steamer Zealandia, which has arrived in this port after a voyage to Cuba with a detachment of United States troops, offers a possible solution of the finding of a number of life preservers off Cape Hatteras. The mate suggests that some of the transports that carried troops to Cuba may have taken on a supply of new life preservers and throw away the old ones, or he says they may have been washed overboard from the Munson Line boat, which lost a large number of mules and horses in the recent storm off the coast of Florida.

SAW HER PHYSICIAN'S BODY AND DIED OF PARALYSIS

Mrs. Isaac Weeks Attending a Friends Funeral, Fell Dead After Looking at the Corps

MELROSE, Mass., Oct. 25.—Overcome by the emotion caused by gaining at the body of her family physician, Mrs. Susan H. Weeks sank to the floor and died of paralysis, superinduced by heart disease at the funeral of Dr. Wm. H. Carothers today.

Mrs. Weeks, who was 55 years old, was the widow of the late Isaac C. Weeks, formerly a well known resident of this city. Today she attended the funeral of Dr. Carothers at his late residence, 70 West Foster street. After the services were concluded, Mrs. Weeks approached the casket to take a farewell look at the physician and friend. Suddenly she fell from the floor. It was thought she had fainted and possibly had been stunned by the fall. She was taken to the Melrose Hospital, nearby, but when the ambulance reached the hospital, Mrs. Weeks was dead.

JEROME TAKES ACTION AGAINST MUTUAL LIFE

Investigation Begun Into the Conspiracy Charges Against a Committee of Management.

NEW YORK, Oct. 25.—The Tribune tomorrow will say: "District Attorney Jerome, the Tribune learned last night, began an active investigation yesterday of recent coroner conspiracy charges against the Mutual Life Insurance Company. J. O. Sutton, the company's ex-manager at Springfield, Mass., a reporter for the Tribune learned, was the first witness, coming to the city from Springfield at the district attorney's request, and spending several hours with Assistant District Attorney Nathan A. Smith, to whom it is understood, Mr. Jerome has assigned his case.

The investigation, it is understood, is directed particularly against the company's committee on insurance and agencies. The following members compose this committee: Henry H. Rogers, Dumont Clarke, Julian T. Davies, Wm. H. Dixon, Wm. H. Truesdale, President Penobscot (ex officio), Vice-President McClellan (ex officio). The district attorney's office is observing close secrecy regarding this alleged new action."

TORPEDO BOATS DO WELL IN FIRING PRACTICE

NEWPORT, R. I., Oct. 25.—While the second torpedo boat flotilla was in Newport waters recently its record for torpedo target practice is reported to have exceeded anything of the kind ever attempted by a torpedo flotilla of the United States Navy.

The destroyers Hopkins, Lawrence, McDonough, Truxton, Whipple and Worden, under the command of Lieut. Commander Edwin A. Anderson, fired ten torpedoes at moving targets with the destroyers racing at various speeds and made an average of eight out of ten hits.

The flotilla will sail for southern waters to the navy department at the end of the quarter.

The flotilla recently sailed from Newport to the Norfolk Navy Yard for slight repairs. These completed, the flotilla will sail for southern waters to continue manoeuvres and practice for the winter.

SEVENTEEN YEAR OLD BOY IS HELD FOR MURDER

Young Corless Charged With Killing Henry Tracy Believing Him to be an Animal

MONTPELLIER, Vt., Oct. 25.—Harison Corless, a 17-year-old boy under surveillance in North Fayston, tonight on account of the death of Henry Tracy, aged thirty, a saw mill employe, who was killed by a bullet fired from a rifle. The boy was found early today lying by the side of a road in North Fayston. The circumstances of the shooting are a mystery but the officers who investigated the affair today, say that Corless does not deny that he fired the fatal shot. Corless is considered somewhat weak mentally and it has been difficult for the officers to get a connected story from him. They are inclined to believe, however, that the boy came upon Tracy lying in a stupified condition beside the road, and mistaking him for an animal shot him.

Tracy left the house where he boarded for a short drive last evening. Half an hour later residents of another part of the town heard shots, but no investigation was made, although the horse which Tracy had been driving returned to the boarding house stable late at night drawing the empty carriage. Early today, search was made for Tracy and his body was found lying beside the road. There was a bullet hole in his head and three similar wounds in his body.

The theory held by the authorities tonight and supported by what was gleaned from the statements of Corless, was that Tracy, overcome, perhaps by sudden sickness, or from some other cause, fell from his carriage. It is supposed that later, Corless happened along and committed the fatal shooting, mistaking Tracy, whom he could see in the darkness, only indistinctly, for a wild animal.

Corless has not been arrested but was under the surveillance of the county officers tonight.

State Attorney Benjamin Gates, Sheriff Frank Tracy and Deputy Sheriff Henry Lawson, all of this city, conducted the investigation in North Fayston today.

Tomorrow an autopsy will be held, under the direction of Dr. H. W. Wakefield, of Burlington, and Dr. Howe, of Wakefield.

WILL FAST UNTIL HUSBAND IS SAVED

Mrs. Bartlett Now Fifteen Days Without Food, But Spouse is Obdurate

LAWTON, Okla., Oct. 25.—Mrs. Cora Bartlett, who lives a few miles from this city, abstained from food for fifteen days in fulfillment of her pledge to fast until her husband is converted.

A revival has been in progress near the Bartlett home, and Bartlett, as a prominent man and representative citizen, has been the subject of the prayers, entreaties and tears of the ministers and religious people. But he has remained a non-believer.

Mrs. Bartlett finally promised the Lord and her fellow-workers that until her husband had found peace in a wonderful salvation she would totally abstain from food, and she has kept her promise.

The revival has reached greater proportions than expected, and the course of Mrs. Bartlett is approved by the ministers and religious people.

COUNCIL DECIDES ON EXPROPRIATION

Preliminary Notice to be Served at Once—May Take Over the Whole of the Land.

At a meeting of the common council last evening it was decided to serve at once a preliminary notice of expropriation of the 30 foot strip of land. Last evening's decision of course is not final, but gives the right of a survey, etc. Judging from the feeling expressed last night the final resolution will in all probability be passed.

Mayor Sears stated that the committee had waited on Mr. Robertson but could not gather a quorum of Imperial Dry Dock representatives. The committee, however, had a talk with Mr. Robertson, who said if the city put on appraisers at the end of the term of the lease and paid for im-

ENFORCE SEPARATION OF CHURCH AND STATE

Church Property Will be Taken from Clergy Who Refuse to Submit—Further Trouble Feared

PARIS, Oct. 25.—The cabinet has reached a decision regarding the application of the law providing for the separation of church and state, which the property of revenues of the churches in the event of the clergy persisting in their present rebellious attitude, will be sequestered December 31st.

The cabinet has decided to put the churches themselves under a legal association under the law, in the event of assembly of 1881, during the ensuing year before the law goes finally into effect. In the meantime, should the clergy refuse to yield, a ministerial declaration will be issued, indicating very clearly the intention of the cabinet in the next parliament for special legislation to meet the situation. The nature of the measure contemplated, however, will not be disclosed, although it is announced that they have been agreed upon in the meantime, some of the advantages of which the council of state after considering the question of what constitutes a legal association under the law, is proposed to make a decision that only associations formed with the consent of the former church, which are parish priests are entitled to take over church property, those formed by individuals having no official connection with the church, and which are not parish priests, are not entitled to take over church property.

It is expected that this measure will be completed by the end of the month, as of all the negotiations that have constituted the law have the consequences of both the parish priests and church wardens. They have been formally interdicted by the bishop.

POLLAIRDS MONDAY NEXT

Success of the Pollard Lilliputian Opera Company continues to be pronounced as it was on the occasion of their first visit. The audience of the former church, which is proposed to make a decision that only associations formed with the consent of the former church, which are parish priests are entitled to take over church property, those formed by individuals having no official connection with the church, and which are not parish priests, are not entitled to take over church property.

After hearing Supt. Downe, Aid Rowan moved that a preliminary expropriation notice be passed. Aid. Goldrick wished to hear the views of the recorder, who said that there was nothing illegal in such a step.

The motion was carried. The council then adjourned till Saturday.

CLARKE WAS FOUND GUILTY

Second Jury Agreed on Verdict in 20 Minutes

Prisoner's Counsel Obtained Leave to Move for a Reserved Case—Prisoner Unaffected by Verdict

"On behalf of the jury I have to say that we find the accused guilty of the indictment of which he stands charged."

The foregoing was the verdict reached by the jury last evening and pronounced by the foreman, Robert J. Cox, when asked if they had reached a verdict by the clerk of the court. The jury were only out about twenty minutes.

J. B. M. Baxter in his masterly and eloquent address to the jury on behalf of the prisoner reviewed the evidence in an exhaustive manner and brought to light the weak points of the prosecution. Though the address was a very able one it failed to convince the jury that the crown had not proven their case.

The attorney general's address, though briefer, was just as comprehensive in its review of the evidence, and he closed with an earnest and eloquent appeal for them to eliminate sympathy from their mind and render a verdict on the facts.

His honor Judge Landry reviewed the evidence at length, and though his charge was fair and just it told strongly against the prisoner.

DYSPEPSIA

Is instantly relieved and positively cured in a short time by taking

Herner's Dyspepsia Cure

It cures Constipation, purifies the blood. No remedy can equal it. Price 25c and 50c per bottle at all druggists.

Throughout the day and even when the verdict of "guilty" was announced Clarke never flinched and retained the same air of indifference that he manifested throughout the trial.

Mr. Baxter then asked his honor to give him an opportunity to move for a reserved case, which was granted. His honor then discharged the jury, but asked for their attendance this morning at 10 o'clock.

The attorney general said he could not say whether or not he would press the charge of indecent assault against the prisoner. The prisoner was then remanded until morning and court was adjourned.

ONTARIO TEXT BOOK COMMISSION

Some Peculiar Arrangements Under Which Firm Got Control of Contracts

TORONTO, Oct. 25.—Before the Ontario text book commission today Arnold W. Thomas of Copp, Clark and Co., gave evidence somewhat reluctantly. He said that his firm had taken the place of Thos. Nelson & Sons of Edinburgh in publishing readers for the former Ontario government and had paid \$25,000 for the privilege for the first ten years and a royalty of 2-1/2 to 5 per cent. on the trade price or renewals thereafter. Subsequently Copp, Clark & Co., instead of paying the Edinburgh publishers \$2,500 or \$3,000 a year on the 2 1/2 per cent. and 5 per cent. basis agreed to pay 10 per cent. on the retail price of all Ontario readers and promised not to seek a removal of contract with the government behind Nelson & Sons' back. The agreement with Nelson & Sons was only for a period of contracts between the government and Copp, Clark & Co., Sage & Co. and Warwick Bros. & Rutter.

WESTVILLE, N. S., MAN SUICIDES IN BOSTON

BOSTON, Mass., Oct. 25.—John Rodrick, 34, of Westville, N. S., committed suicide in a sensational manner today by jumping from a high bridge between the city and South Boston, into the water. McLeod apparently arrived here recently, as an intercolonial baggage check, Truro to Boston, was found on his body. Papers in his pocket showed he had been employed by the New Glasgow Steel Co.

TURNED INSANE MAN OUT OF TOWN

Moncton Authorities Wanted Nothing to do With Harmless Parisian—Oil Wells Encouraging

MONCTON, N. B., Oct. 25.—At the instance of Major Graham, London, Eng., and O. P. Boggs, Pittsburg, who were here three weeks in the interest of an English syndicate, looking over oil property of the New Brunswick Petroleum Co. a well was bored at Dover with good results. The English syndicate representatives selected a site at Dover, and at a depth of 223 feet oil sands were struck. The well was shot Wednesday. The indications are said to be among the best of the wells previously bored.

SAYS PROTECTIVE MEASURES HAVE RUINED MANY COMPANIES

MONTEAL, Oct. 25.—Decidedly interesting if not sensational evidence was given at the insurance commission today by T. B. MacAulay of the Sun Life, who made the unqualified assertion that several insurance companies in the United States have been ruined by the stringent protective means adopted in that country to guard the interests of policyholders.

Robates, policyholders' rights to vote and the value of various plans were the topics discussed. T. B. MacAulay, yet on the stand, declared against robates, failed to see the need of giving voting power to policyholders, and was enthusiastic in his approval of deferred policies. The day's examination brought to a close probing into the affairs of the Sun Life, and it was announced that the Royal Victoria would deal with tomorrow and that the close of the sittings would terminate the affairs of the commission in Montreal.

The British, American and Canadian methods were spoken of during today's session, these methods being more particularly confined to tables, mortality and actuarial rule of selection and tables of experience. The British tables were generally favored, but it was said that American tables more closely approached the Canadian experience. Much of the examination was a search into the benefits of the three classes of policies, and this led up to what might be termed a lecture on insurance systems. In fact, a great deal of testimony given during the day was technical, highly so, and it would require one well versed in insurance matters to intelligently follow these lines of investigation.

A curious fact was elicited in the afternoon. It was that the very stringent means adopted in the United States to guard policyholders had driven companies to the wall. MacAulay asserted that 192 companies had gone into insolvency owing to protective measures, and that these companies might have survived if more latitude had been afforded them. The same restrictions exist in Canada, although to a lesser extent, and opinion was expressed that it was the younger companies which were more likely to be affected; indeed, according to the witness, older and well managed companies would have no trouble at all.

JOHN O'MARA ARRESTED CHARGED WITH PERJURY

TORONTO, Oct. 25.—This afternoon the police office received word that John O'Mara was arrested in London by Serge Wallace of Brantford and Provincial Detective Reburn on a charge of perjury.

O'Mara in the witness box at the London election hearing asserted on oath that he had never been in Brantford or was connected in any way with O'Gorman in the election work there. He claimed to have no acquaintance with the men whose names are mentioned in the conspiracy charges, and suggested that it must have been another John O'Mara who was wanted.

CLAIMS DAMAGES FOR FALSE ARREST

TORONTO, Oct. 25.—R. I. Henderson, a former president of the Henderson Roller Bearing Company, has issued writs at Osprey Hall claiming \$25,000 damages from Henry Pepler of Hanover for false arrest, and another \$25,000 from Adam Steing for malicious prosecution. Henderson was arrested on a charge of fraud in obtaining stock subscriptions and acquitted.

Mrs. R. H. Johnstone (nee Miss Winifred Vaughan, formerly of Henry Street, died of typhoid fever at Brooklyn, New York, aged 28. She was married less than a year, and her death is a great shock to her parents, Dr. and Mrs. John Vaughan.

KAISER REFORMS TERMS OF MOTORISTS

Henceforth in Germany a Chauffeur Will Be Called a Wagenfuhrer.

BERLIN, Oct. 24.—The Kaiser has declared war on international automobile terminology, and has decided that, so far as his own country is concerned, the language of motordom shall be "made in Germany." He has caused an intimation to go forth that henceforth there shall be no such functionaries as "chauffeurs" in the imperial service, but that they shall be called "wagenfuhrer" (wagon-driver), and the expectation is that "garage," "chassis," and "tonneau" will soon follow the chauffeur into oblivion.

Despite the modern German fondness for words of foreign origin, especially from English and French, the Kaiser is the recipient of widespread praise for his efforts to "purify" the German tongue of foreign corruptions. It has long been one of his hobbies to accomplish this.

Soon after he ascended the throne he shocked court circles by ordering that the menus of state dinners should henceforth be called "speisekarten," and the courses served under German names instead of the traditional French names. His Majesty recently gave a fresh evidence of his desires in this direction by commanding that French terms should be struck out of the military code, substituting undefined German idioms.

Under the new automobile language the Kaiser's chief chauffeur must motor through life under the imposing title of "oberhofwagenfuhrer."

BRITISH SCHOOL TEACHERS COMING TO CANADA

MONTEAL, Q., Oct. 25.—Alfred Mosley, C. M. G., the British millionaire who is bringing five hundred British school teachers to Canada this fall for the purpose of studying educational facilities and methods on this side of the Atlantic, was in the city today and made arrangements with Principal Peterson to look after those who make a tour of Canada. Some of the teachers will arrive on steamers coming to Montreal until the close of navigation, when they will come via Halifax and St. John. All will travel in parties of five. Others will come via Boston and New York. Teachers have secured leave of absence from authorities in England, and their trip is expected to be productive of much good.

LOCAL NEWS.
The C. P. R. steamer Empress of Britain arrived at Liverpool at 10 a. m. today.
A can of oil was found on Magee's wharf last night and taken to the Water street lockup for safe keeping.
Nathan Jacobson has been reported by the police for allowing a couple of wagons to remain on Pond street last night.
Minnie Burns, a colored woman, has been reported by the police for breaking windows in Michael Harrigan's house on Brussels street.

The remains of William D. Sinclair will arrive in the city tonight and the funeral will be held at 2:30 o'clock tomorrow at 2:30 o'clock from 80 Orange street.
S. W. Scammell has leased the upper part of the building occupied by his confectionery store, and is fixing it up as a restaurant. He will open it about the first of the month.
The mix-up between Harbor Master Ferris and Contractor Mayes has been settled. The latter has been informed that he may place his scows at No. 2 berth when the weather is too rough in the harbor.

The "orange peel" dredge is still at work at No. 2 berth, Sand Point, but some difficulty is being experienced in getting her scows balanced. They insist on listing over, with the result that some of the mud again goes to the bottom of the harbor.
The funeral of Mrs. Holden, mother of the late Dr. Holden, who died in Ottawa, was held from the station this morning. Services were conducted by Revs. Hand and Richardson. Interment was made in Fernhill. The pallbearers were Dr. McLaren, Geo. Robertson, C. Clarke, Jas. McAvity, Dr. Inches and Mr. Dodge.

Three good games of football are promised for tomorrow afternoon on the Victoria grounds. The Marathons play the Beavers at 2:30 through damage to which the Beavers and Carleton will play. The other game is in the junior league and will be between the Victoria and High School. Although the Marathons have now secured the cup, yet they intend to put in their strongest team tomorrow, and as St. Peter's will have their strongest line up it ought to be one of the best games in the series. The Marathons expect to play the U. N. B. team here this week.

The Acadia football team who were defeated by the U. N. B. at Fredericton, passed through this morning on their way back to collect the cup, feeling pretty sore over the action of one of the touch judges yesterday, which they say cost them the game. They state that one of their men had carried the ball over the U. N. B. line for a try, but this was not recognized on account of the touch judge saying that the player was in touch when he received the ball. The Acadia boys deny that he was in touch, and declare that they should have been credited with the try. Acadia intend to arrange a game here today with the Marathons, but could not do so in time. Acadia plays at Moncton on November 2d.

It is understood from reports received from St. Martins today that the meeting in the Baptist church last night at which the Rev. Mr. Townsend reviewed his difficulties with the congregation, was even more of a fiasco than the morning papers stated. It is said the meeting was packed in a political sense of the word with members and ex-members from parts as far away as Salmon River and even from Kings County. In fact, it was rather like a strangers' meeting than a meeting of the St. Martin's congregation. Instead of dealing with the merits of this discussion, as most people expected, a defense of Mr. Townsend's character was indulged in. Then a vote was taken upholding this, but before such procedure, over thirty-five of the leading members of the congregation left in disgust. This number included the clerk of the church, who took with him the official records.

The Street Railway Company has instituted a system under which a close watch will be kept on the running of all cars. Depot clerks, both day and night, are stationed at the car sheds and will keep records of all cars returned to the sheds for repairs of adjustment, and also particulars of the men who are in charge of them. In this way it will be found whether the trouble is due to defective construction in the cars or to careless or unskillful handling on the part of the men. The car superintendent, Mr. Callahan, is working out a new timetable, which will go into effect gradually. On the Paradise Row service the running time will be reduced so that the cars will be on the move continuously. It has been found that the motormen hurry around this loop and then lay off for four or five minutes at the corner of Mill and Main streets. This delay has been objected to by many patrons of the line, and will hereafter be done away with. The new schedule also calls for an increased service on the main line, but this will not be put into effect until some of the six new cars which have been ordered are received here.

COMMISSIONER COOMBS ARRIVES
Many Salvationists at the Station to Meet Him.

A Reception Being Held This Afternoon—First Meeting of the Series This Evening.
Commissioner and Mrs. Coombs, of the Salvation Army, arrived in the city at noon today. They were accompanied by Adjutant Morris. The station was thronged with local and visiting Salvationists and the Canadian commander was given a royal welcome.
Tonight in the Charlotte street barracks the opening proceedings of the twenty-second anniversary of the Salvation Army in the maritime provinces will take place. His Worship Mayor Sears will preside and a number of aldermen will be present. At 8:30 this afternoon a reception is being held for the commissioner and his wife.
Colonel Pugmire arrived here last night from Doverchester, where he has been conducting his regular prison work. A number of officers arrived today from across the bay. The P. E. Island visitors will arrive tomorrow, as will also the Glace Bay band.

SHOT A BEAR WEIGHING OVER 600 POUNDS
Big Brute Killed at Evandale—Man/ Sheep Being Destroyed by These Animals.

For some time farmers at different points along the river have been annoyed and in a number of cases have suffered serious loss through damage done to their stock by bears. These animals seem to be more plentiful this year than usual, and in that district between Long Reach and Queenstown, a large number of sheep have been killed.
Yesterday afternoon, one of the sons of John O. Vanwart started out from Evandale, armed with a Krug-Jorgensen rifle, in search of an animal which had been prowling around the farm for some time. He was gone from home only about twenty minutes when he saw one of the largest black bears that has been killed in this province for some time. Mr. Vanwart had a good chance for a shot and handed a bullet through the animal's head. Later a team was brought out, and the carcass carried back to Evandale where it was found to weigh six hundred pounds. Although this season is not the time when the skin is in its best condition, the hide of this animal was a very pretty one and it may be possible to preserve it.

SUES FOR DAMAGES FOR INJURIES RECEIVED
Employee of St. John Iron Works Wants \$1,500—He Was Badly Hurt While at Work.

Judge Landry did not sentence William E. Clark this morning as was expected, but left it till the close of the session of the court. It is expected that there will be no prosecution of the battle case, the crown being satisfied at having secured a conviction on the Train count.
The case of Willis vs. the St. John Iron Works came up for argument. The plaintiff Howard B. Willis claims \$1500 for injuries received while working in the employ of the defendants. A. A. Wilson, K. C., and Dr. Earle appeared for the plaintiff and Mr. Wilson read over the details of the accident which happened when Willis was hurt, explaining how Willis while endeavoring to fix a belt which had come off, was caught in the machinery and badly hurt having several of his ribs broken. It is alleged that the accident happened because of a defect in the machinery and that in consequence of the accident the plaintiff was laid up for a long while and was put to considerable expense for medical attendance and other necessities.
The morning was taken up with the examination of Willis.

THE JAIL FENCE MAY BE MADE HIGHER
Municipal Building Committee Will Have a Look at it Today

This afternoon the building committee of the municipal council will meet. The committee is composed of the following: Alds. Metcalfe, Pickett, Holder, Christie, and Tilley, and Councilors Black, Long, Carson and Hooley. The committee has been called to consider the advisability of heightening the jail fence. Some weeks ago a resident of Leinster street referred the matter to the grand jury, and a letter was read to Judge Forbes, who asked that the council take it up.
It was claimed that the windows are exposed to the view of Leinster St. residents, and that the prisoners often appear in the windows undressed and dirty. The jail fence is now several feet below the upper windows of the jail, and it is probable that it will be made higher.
A resident of Leinster street said today that on several occasions persons have held conversations with prisoners through the windows.
The committee will call at the jail today and have a look at the fence before a decision is arrived at.
