PROCEEDINGS OF THE
ANNUAL MEETING OF THE SOCIETY

HELD ON THURSDAY, OCTOBER 27th, 1872,

IN THE WESLEYAN METHODIST CHURCH,
BROCKVILLE.,

W. H. GIBBS, Esq., M.P., of OHAWA,
IN THE CHAIR.

The Meeting was opened with Singing and Prayer.

An Abstract of the Society's operations having been read by the Rev. Dr. WOOD, and the Financial Statement made by the Rev. Dr. TAYLOR, the following Resolutions were unanimously adopted by the Meeting:—

I.—Moved by the Rev. JOHN BORLAND, Co-Delegate; seconded by JOSEPH LISTER, Esq., of Hamilton:

That the Report, an abstract of which has been read, be adopted and published; and that the following be the Officers of the Society for the ensuing year:—The Rev. E. WOOD, D.D., and Rev. L. TAYLOR, D.D., General Secretaries; and JOHN MACDONALD, Esq., and Rev. L. TAYLOR, D.D., Treasurers.

II.—Moved by the Rev. JAMES ELLIOTT, Chairman of the Quebec District; seconded by Dr. LAVELL, of Kingston:

That this Meeting recognizes the Divine adaptation of Christianity as the only remedy for the miseries of mankind, and rejoices in the ample proofs which are given of its power in the gathering of souls to Christ by the agencies of all Evangelical Societies, from the nominally Christian and the actual heathen world.

III.—Moved by JOHN MACDONALD, Esq., of Toronto; seconded by the Reverend the PRESIDENT OF CONFERENCE:

That we devoutly record our gratitude to God, for the tokens of his blessing upon this Society in the past year, viewing our spiritual successes, and enlarged income, as encouragements to our faith in the Divine promises, and stimulating to our earnest and humble endeavors to spread the knowledge of salvation beyond the boundaries of our own nationalities, as the liberality of the Church and the openings of Providence may indicate our obligations and duty.

IV.—Moved by the Rev. S. D. RICE, D.D., Governor of the Wesleyan Female College, Hamilton; seconded by the HON. J. C. AIKINS, Secretary of State:

That the thanks of this Meeting be presented to Ministers and Laymen, to Collectors, Subscribers, and Sabbath-school Scholars, who have so generously aided the Funds of the Society; and especially to W. H. GIBBS, Esq., M.P., for his kindness and ability in presiding over this Anniversary.

FORM OF A BEQUEST

TO THE WESLEYAN METHODIST MISSIONARY SOCIETY.

I give and bequeath to the Treasurer or Treasurers, for the time being, of the Wesleyan Methodist Missionary Society of Canada, the sum of

out of such part only of my personal estate as shall not consist of mortgages or chattels real, to be paid and expended by them under the direction of said Society, in the aid and support of the Missionaries upon the different Mission Stations of said Society, and the receipt or receipts of such Treasurer or Treasurers, for the time being, shall be a sufficient discharge to my Executors. And the published Minutes of the Conference of the Wesleyan Methodist Church in Canada shall be a sufficient evidence of authority for the said Treasurer or Treasurers upon which to demand and receive payment of said bequest.

N.B.—Devises for such purposes as the above, of land, or of money to be obtained from the sale of land, or of money charged on land, or secured on mortgage of land or tenements, or to be laid out in lands or tenements, are void; but money may be given by will, provided that it be directed to be paid out of the personal estate, as is set out in the form of bequest.

REPORT OF THE COMMITTEE APPOINTED TO ASCERTAIN THE ACTUAL TIME WHEN THE WESLEYAN METHODIST MISSIONARY SOCIETY, CANADA CONFERENCE, WAS FORMED.

THE undersigned, having been appointed a Committee to ascertain the age of our Missionary Society, in order to arrive at the correct period for celebrating its Jubilee, beg to report as follows :—

“ We find that your Society was formed in Hallowell, on Saturday, the 28th day of August, 1824, and during the first sessions of the Canada Conference, which had been organized but three days previous to this date. The first Annual Report of your Society was presented at Saltfleet, on Saturday, the 17th of September, 1825; consequently the year which closed last June was the 47th year of the Society's existence, and not the 46th as on the cover of the Report.

“ The error arose in this way :—No Report was printed in 1830, but in 1831 the operations of these two years were reported and printed together, credit been taken on the cover for one year only. By this trifling accident an awkward discrepancy has existed for years between the age of the Society and your annual reports, which we submit should be corrected in the next report to be printed.

“ We beg also to recommend that as the fiftieth year of this Society will commence on the 28th day of August, 1873, efficient arrangements be made to celebrate its Jubilee during that year, in time to close the services connected therewith, on the 28th day of August, 1874.”

REPORT.

DIVINE Providence has smiled upon the Stations and Missionaries of the Society during the past year. Intelligence from all parts of the Mission-field has yielded abundant cause for gratitude; truly, the Word of God has been "seed to the sower, and bread to the eater." Present successes do not always accompany the laborers' toils; there have been seasons and places in our own history where both active faith and patient waiting have been greatly exercised, for it has been our lot to fall upon the "stony" as well as the "good" ground; but the gatherings of the year throughout the entire field of evangelical culture have been sufficiently ample in their fruitfulness to strengthen our convictions of duty as a Missionary Church, and awaken within us more ardent aspirations for the universal diffusion of gospel light, and its attendant blessings. Unity in doctrine, modes of Divine worship, and similarity of religious enjoyment are prominent features which exist in all our Missionary organizations, whether found in the Ojibway, Oneida, Muncoy, Iroquois, Cree, Stoney, German, French, or English languages. To all these tribes, more or less under the care of the Society, the Word of God is accessible, and to them it is preached "in power, in the Holy Ghost, and in much assurance." In corroboration of this, the Committee invite the attention of the contributors to the funds of the Society so generously committed to their management, to the following statements:—

RED RIVER DISTRICT.

Winnipeg.....	GEORGE YOUNG, <i>Chairman of the District.</i> One wanted.
High Bluff	Matthew Robison. One to be sent.
Norway House, Roseville....	Egerton Ryerson Young.
Nelson River	To be visited from Roseville.
Oxford House.....	John Sinclair, <i>Native Assistant.</i>

SINCE the completion of the Church and Parsonage at Winnipeg, Mr. Young has been released from many cares and physical labor

which devolved upon him in the establishment of this new Mission. After his long and wearisome overland journey, he and his family for two months dwelt in a tent,—then in a hotel,—and as soon as they could get a room or two finished in the frame of what was intended to be the future parsonage, they found shelter there,—using the best part of the house for worship and ordinances, until the dedication of the sanctuary for these holy purposes. The first year was the plague of grasshoppers, destructive and disheartening; the second year, the plague of the insurrection, shamefully demoralizing to all the interests of the country; the year 1871, to June, 1872, comparatively peaceful and progressive were the religious interests of the Church. Both the congregations and membership are changeable, features always marking the condition of such a new colony: at present there are 30 in full membership, with 10 on trial. The Sabbath-school has 85 in attendance, and 7 teachers. Hopeful and encouraging are the prospects for the future.

HIGH BLUFF.

When the Rev. M. Robison was appointed to this Mission, he found 10 members, the results of Mr. Young's labors, for in these he was "more abundant." At the end of the present year there are reported 70 members, with 11 on trial. In the Sabbath-schools there are 150 in attendance, and 11 teachers. Helpers in this department, as in some other portions of our Church work, are scarce, or the schools and scholars would be more in number.

ROSSVILLE, NORWAY HOUSE.

This old and prosperous Mission gives signs of spiritual life, vigor, and fruitfulness. The climate has greatly invigorated the health of the Rev. E. R. Young since his residence at this otherwise barren and northern station—but a station which God has greatly honored and blessed. Here there are 320 in church fellowship, attending 14 classes. Among them are local preachers and class leaders; and such is the maturity of Christian experience of the general membership, that there are more than 100 of them who engage in the exercises of public prayer-meetings. In the Sabbath-school are 110 scholars, where, in addition to the Holy Scriptures, the Wesleyan Catechisms are used in the two languages, Cree and English.

OXFORD HOUSE.

Some of the residents at this Mission have removed to Rossville. The religious state of the Mission needs the permanent residence of an ordained minister, and until this is accomplished its varying aspect will not disappear. The Committee, with all earnestness, press this upon the appointing power of the Church, hoping to hear a return of those happy days in the former history of this very isolated Mission, when even this wilderness "blossomed as the rose."

NELSON AND BEREN'S RIVER have received visits from the Rev. E. R. Young with great advantage to the Indians. At Beren's River, preparations are in progress for a permanent Mission establishment.

Including those on trial, the membership of the District is reported to be 521.

SASKATCHEWAN DISTRICT.

Edmonton House.....	George McDougall, <i>Chairman of the District.</i>
Woodville & Mountain House.....	Peter Campbell.
Victoria.....	John McDougall.
White Fish Lake.....	Henry Steinhaur.
Bow River, Blackfeet Indians.....	To be visited by the Missionaries from Edmonton House and Woodville.

EDMONTON HOUSE.

For many years the Hon. Company's Officers stationed at this Fort have extended the rites of hospitality very liberally to the Missionaries appointed to labor in this place and its vicinity. Messrs. Rundle, Woolsey, the McDougalls, and Steinhaur have all shared in their courteous and generous attentions. The Committee have long been impressed with the great desirableness of having independent Mission premises at this post,—one frequently of great resort by the different tribes and bands of Indians occupying portions of the Saskatchewan Valley. The long experience and active habits of the Chairman of the District, coupled with the estimation in which he is held by the Company's Officers and the white residents generally, naturally pointed him out as a fitting person to begin this enterprise. Land sufficient for all purposes has been secured, a good Mission-house already completed, and a sanctuary for Divine Worship is now being erected; so that in future, instead of Edmonton House being coupled

with another Mission 50 miles away, the numerous settlers around and dwellers in the Fort, together with the many Indians who go there for trading purposes, will have a constant supply of the means of grace. Until the church is completed, public services and the Sabbath-school will be still held in the Fort.

WOODVILLE AND MOUNTAIN HOUSE.

During the greater part of the time the Rev. P. Campbell has dwelt at Woodville he has not only supplied these two places, but prior to the Chairman's occupancy of Edmonton, he had also that place to visit as a part of his charge. We are apprehensive his health has been much affected by his zeal and labors, as occasionally he has been laid aside by affliction generally produced by such exposures. Respecting his work, his own report states,—

"I have tried as regularly as possible to go to the Mountain House once every month, but the distance being about 126 miles by the summer trail, and a great part of the road almost impassable—especially if the season is wet—it is by no means an easy journey to perform. However, at the risk of injuring my animals and exposing my health, I have tried to keep my appointments, knowing the reward was sure and the record on high. Such assurances are worth more than gold to the servant of God. Often in my long and wearisome journeys have such reflections cheered the lonely hours and strengthened my heart for greater toils. The people of the Fort are always very glad to see me, and listen attentively to the truths of the Gospel. Most of them are Protestants, and in their fatherland received instruction in the truths of the Bible. Frequently we meet the Stoneys there, as it is the post where the majority of them do their trading. In September, I spent six days at the Fort; had services four times on the Sabbath,—twice for the benefit of the English-speaking portion of the people, and twice for the Stoneys, who had pitched in a few days before, and remained for the purpose of seeing the minister, as I was, according to promise, expected at that time. During the week days we had two services, so that my time was spent in trying to lead these poor wanderers to God. In the six days, I held fourteen services and baptized three children. I left for home on the 24th of the month, promising to meet the Mountain Stoneys again about the 20th of October, as they all expected to be at the Fort then to do their fall trading, and obtain supplies for the winter. On the 15th of October, I started again for the Mountain Fort, and found many of the Stoneys already there and a few tents of Blackfeet. I spent twelve days at the Mountain Fort, and during that time I baptized eight children and two women, and married one couple. I also took

VICTORIA.

The Mission continues to exert beneficial influence upon those classes of persons who gather at the place,—the Indians, the half-breeds, and the whites. With the latter class especially much uneasiness exists for the want of a treaty with the Indians and the Dominion Government; indeed the settlement of the whole country is involved in this, and the lives of those who have ventured there in its absence. There are 4 classes; the Church will hold 250, which is often filled to overflowing, and a prosperous day-school of 60 children and young people.

WHITE FISH LAKE.

When this Mission was begun 17 years since the Missionary found there a man who had been converted by the ministry of Mr. Rundle, his name was Benjamin Sinclair, who raised his camp and preached that gospel which had delivered his own soul from sin and death. There are now an average congregation of 200; church members, 118; local preachers, 3; Sunday-scholars, 85; in the day-school, 60, with an average attendance of 45. In addition to this village containing between 300 and 400 inhabitants, the Missionary regularly preaches at two other places, 45 miles apart. Number of members in the District, 443.

Died from the small-pox, members of the congregations and of the Church,—Victoria and the neighbourhood, 100; in the Mountains, 122; White Fish Lake, 16.—Total, 238.

Further details of the Missions in these two Districts will be found from the Deputation appointed to meet the brethren at Winnipeg, and appended to this Report.

Whilst the Committee regret the necessity of the return to Ontario of the Rev. E. White, from long continued and serious indisposition, they acknowledge with thankfulness the appointment of the Rev. Joseph Pollard to take charge of Victoria, and the Chairmanship of the District. The openings being so numerous and urgent, the Rev. William Hall was added to the number of laborers, and accompanied Mr. Pollard and family to this distant scene of labor. The brethren are united and laborious, and if success is not as rapid as they and ourselves desire, still there are sufficient tokens of the Master's presence and "the soul-converting power" to justify the expectation of "seeing greater things."

VICTORIA.

We cannot but express our gratitude to the Giver of all good for blessings, both gracious and providential, vouchsafed to us during the year. We are in the enjoyment of health, and a good degree of spiritual prosperity. The schedule shows that during the last eight months 29 whites and 19 Indians have been received on trial, and 11 whites received by letter; 32 have removed from the Circuit; 2 have died; and 4 have been dropped. This leaves us a membership of 107 whites and 16 Indians; giving us a net increase of 21.

Our missionary services were very interesting. Bros. Derrick and Russ preached on the Sabbath, and addressed the public meeting on Monday evening. The congregations were large, and the services attended with spiritual power. The total proceeds, including Christmas offerings, are \$306.

Our Indian Sabbath-school is also prospering. There are now upwards of 30 who attend, most of whom are adults. From 8 to 10 Christian men and women meet every Sabbath morning and afternoon to teach these children of the forest. Several of them can now read

the Scriptures. In January, the teachers gave them a tea. Between 20 and 30 of the scholars were present; some were from home. It would have done your heart good to have seen them. They were clean, neatly and well clad. Many of the citizens who came as visitors sat down with them, and appeared to be very much pleased with the advance they had made in civilization. After tea we had music and addresses. Several of the Indians alluded in very touching language to the happiness they had experienced since they attended the school, and to the kindness of the white Christians in teaching them to read the Word of God. We all felt that the presence of the Master was with us. Had we a day-school at the camp, many of the children of the heathen would attend, which would bring them under the influence of Christianity. We hope that this will engage the favorable consideration of the Committee, and that they will supply this need as soon as possible.

The work among the English-speaking population is not less encouraging. Our congregations both in the Church and in the Hall are large and steadily improving. The prayer-meetings and class-meetings are well attended.

The improvements on the parsonage cost \$900. The lecture-room of the church has been seated throughout. This was done by the young ladies of the congregation, and cost \$240.

We are also increasing our church accommodation. An addition is being built, 63 by 28, in the shape of a cruciform. This will give us 262 additional sittings, and will cost us not less than \$5,000.

We greatly need a Missionary for North and South Saanich and Royal Oak. This District is about 20 miles north of this city, and is settled by a well-to-do farming population. At present they are almost destitute of religious instruction. Our Quarterly Meeting, partaking largely of the true missionary spirit, has offered to assist in supporting a Missionary if the Committee will pay his expenses to this country.

The self-denying labors and fidelity of my predecessors no doubt laid the foundation of our present prosperity. We humbly trust that we shall not forget whence all our blessings flow, nor neglect to ascribe to Him all the glory.

WILLIAM POLLARD.

NANAIMO.

My greatly esteemed colleague reports for the Maple Bay department of our work.

Nanaimo, with God's favor upon us, affords at present some cause for thankfulness and joy. We have greatly enlarged congregations, a fine spirit of hearing, happy class-meetings, and a cheering increase of membership. The Sabbath-school has greatly grown in numbers and general interest, thus rendering it absolutely necessary to enlarge the school department of our church edifice. This, together with the demand for pews and church accommodation, has rendered it necessary to enlarge our church. And this we hope to see accomplished before

our next Annual Report. Debts of the past, amounting to about \$150, have been cleared away, leaving us with a clear balance sheet, and a beautiful subscription list with which to commence our scheme of enlargement.

The supervision of this part of our Indian work, and the preaching once each Sabbath to them, in addition to two sermons to the white population, and constant shepherding of the whole flock, keeps us always at work. We "thank God and take courage." Increase of members, 14.

INDIAN MISSION.

On this Mission there has been steady progress for several months. Congregations good, and most devout attention to the preaching of the Gospel. We have now 3 classes, the third having been formed the past winter. The leader, Mr. Tate, our day-school teacher, and the number in the new class, 16, exhibit most pleasing evidence of the power of religion. We have baptized 11 adults among them during the winter, some of them a year ago pagans. Among them is a brother of David Sallasselton.

The day-school revives. The teacher, Mr. Tate, is rapidly mastering the native tongue; has translated some hymns for use in our services, and is becoming very useful as an interpreter. I find in Mr. Tate a valuable assistant, and ever ready and willing to carry out my plans and wishes in the school, and general Indian work.

Amos Cushman is the same pious, diligent, and useful local preacher and class-leader as in the past, and most valuable as one of your missionary agents. Surely our work as a Missionary Society have been greatly blessed among the Nanaimo Indians!

Our beloved Chairman's visit to this Mission, and his sermons and addresses at our missionary anniversaries among natives and in Nanaimo, have cheered, refreshed, and strengthened us all. Surely this part of our work is a foreign missionary field, and along this coast there is room for increased agency. Increase of Indian members, 16.

THOMAS DERRICK.

MAPLE BAY.

Our appointments are separated by great distances and the settlers much scattered, occasioning thereby considerable travel by sea and land. We have been generally blessed with physical ability and spiritual influences in the prosecution of our work, and trust that our labor has not been "in vain in the Lord." There are indeed indications of good impressions having been made, although the awakening power of the Holy Spirit is much needed among the people. The Maple Bay congregation have shown a laudable desire to sustain the work, by the erection and partial fitting-up of their church, and the designation of a portion of their church lot for a cemetery; and throughout the Circuit earnest desires are expressed, not only that

the ministrations of the Word may be continued, but that their
Missionary should reside among them. CORNELIUS BRYANT.

SUMAS AND CHILLIWHACK.

By the blessing of God we have been permitted to see the close
of another year of labor on this new Mission. During this time we
have had our first Missionary Meeting, which is a very pleasing feature
to us. The first Sunday-school has also been originated.

I believe there is a general growth in grace throughout the mem-
bership of the church. Our prayer-meetings during the winter have
been blessed seasons of refreshing.

The conversion of a few souls and their addition to the church
during the year call for gratitude to Almighty God. Methodism has a
strong hold on the Circuit, and there is a growing attachment to all
its institutions, including camp-meetings. Membership, 34; on
trial, 2; Total, 36. The amount collected for the Mission Fund,
\$109 25; which shows that while we receive help we are willing to
help others to the extent of our ability.

G. C. CLARKSON.

NEW WESTMINSTER.

This Mission has been favored by the Divine blessing, during the
year, with the two great essentials of Church prosperity,—the *material*
and the *spiritual*.

A parsonage, substantial and commodious, costing \$1,600, has been
built, containing nine rooms; repairs on the church in the city,
together with a good picket fence around the premises, with other
improvements, have involved an outlay of near \$2,000, which amount
is paid, less \$750.

At Richmond, (North Arm,) near the Gulf of Georgia, and 15
miles from town, a suitable church, 21 by 31 feet, was dedicated the
3rd day of December, 1871, free of debt. Ours is the first and only
church edifice proper now at the mouth of the Great Fraser, where we
have 8 members and 30 of a congregation.

Subscriptions have been obtained and other steps taken for the
erection of another church at Maple Ridge, 14 miles up the Fraser
from New Westminster. The energy and great liberality of the
church and friends in this material department are seldom surpassed,
while felt emergencies urged them to bold effort and grateful success.

By local help, the work of a large and exceedingly laborious
Circuit has been sustained: preaching twice each Sabbath in town, and
once every fortnight at the three out-lying appointments. Each
quarter has been cheered by conversions to God, and accessions to the
church. A special meeting last fall at Maple Ridge resulted in a class
of 16, where previously we had but 4 members, and now asking for a
resident pastor, and much needed, in a field 10 by 15 miles, and with
a hundred souls.

The English Sabbath-school, under the care of J. Cunningham and staff, has done well in punctuality, catechumen, and scriptural lessons, numbering 30 scholars.

The Indian Sabbath-school, now resuscitated, is increasing in energy and attendance,—meeting on Tuesday evenings as well as on each Sabbath, under the direction of Bro. Dawson. On this Mission there are perhaps not less than 1,000 Indians, and for whom we can do but little until further aid is given.

Personal experience of exhaustive canoe trips, and of walking 10 miles each fortnight after preaching, and the like, must not encumber my report; yet, a prophet's fire and a Joshua's courage are needful elements to help to meet current demands on this Mission. I have been quite too busy to write, especially while everything with us seemed unfinished; but desire now to give thanks to the God of Missions for quickening his Church and increasing the membership from 31 to 56.

A. E. Russ.

CARIBOO.

In our little church things move on very evenly. We have an average congregation of about 25. The friends say that this year congregations have been better than formerly. We doubt not the seed sown by my predecessor is bringing forth fruit.

During the latter part of last summer, I held preaching at four outside places—Lightning, Lowhee, Grouse Creek, and the Meadows. When summer returns we hope to resume some or all of these appointments, though we labor under disadvantages which make it difficult for us to have regular services at these places. Our collections this year, comparing month with month, have been, with the exception of January, in advance of last year.

One of our kind lady friends, believing that the presence of a musical instrument in our church would render the services additionally attractive, undertook to canvas for subscriptions to purchase a Harmonium. The result is that I hold in my hands over \$130 to be appropriated to that object.

The people here are kind, noble-hearted, and generous. O that among them might be seen manifest tokens of the Divine favor in the conviction and conversion of precious souls! I am at present the only Protestant minister in here; indeed, there is no other within 300 miles of me, and the nearest Wesleyan minister is over 400 miles distant. Could I but have the joy of seeing a large ingathering of souls into the fold of Christ, how I would love Cariboo!

We rejoice in the quickened spiritual life of the members of our little society, who are holding on faithfully, and are looking earnestly for the descent of saving power upon our congregations.

JOSEPH HALL.

INDIAN TRIBES.

I spent the early part of this year on the Nanaimo and Maple Bay Circuits, as a supply, until the arrival of the brethren appointed by Conference to that field. Since August, my time has been divided between Chilliwack Mission and two visits made to the tribes on the coast of Vancouver's Island, Burrard Inlet, &c.; and, thank God, we have not been without tokens of His presence and favor in the conversion of souls.

At Nanaimo, our oldest Indian Mission, the work is steadily advancing. The improvements in their church, the increase of members, the good attendance in day-school, all tell of progress. This Mission is one mile distant from Nanaimo town. The tribe numbers 300, and we return—members, 45; and the average attendance at day-school, 20. The school is taught by Bro. C. Tate, who, I am glad to say, is making great proficiency in acquiring the language. He is assisted by Bro. Amos Gushan, Native Agent, who should employ his whole time in visiting the tribes.

The tribes known as the Chemanus and Cowichan comprise ten small tribes, numbering in all about 1,000 persons. They live on the coast between Nanaimo and Victoria, and are all included in what we call Maple Bay Mission, and should be visited by our native agent from Nanaimo in connection with the Missionary on that Circuit. Here we have no members, and hence, no class, as they only get an occasional visit from your Missionary.

At Victoria, our Sunday-school is doing well; and our church members have increased from 4 to 16. The tribe numbers 173, besides there are a great many Indians who visit this point from all parts of the country. Here we are much in need of a day-school; also, from 8 to 20 miles distant, North and South Sannich, there are four small tribes, numbering about 170. These might be visited by the native agent from Victoria.

On the New Westminster Circuit we have a number of small tribes, containing in all 500 or 600 people. A Sunday-school is carried on in town; but we require a native agent, or interpreter, who would assist the Missionary and the school teachers much in reaching them. Here, we return 4 members.

The Chilliwack Mission includes ten small tribes in a distance of about 20 miles. This comprises Sumas, Chilliwack, and the Harrison River, and they number in all 600. We have four classes established among them, and return 41 members. Many of these come 15 miles to church on the Sabbath, in connection with which we have a Sunday-school. Besides this, we have regular class and prayer-meetings at the different camps during the week when they are at home. Here we have lost three by death, who, I trust, died hopefully. Two of these were sisters of Captain John, and this noble brother has shown the blessed effects of Christianity during his affliction by increased devotedness to God and concern for the souls of his people. I hope it may not be long before we can have a day-school here; but it will need

to be associated with a Mission-farm or something of that kind, as the children are so scattered.

This will show that we are preaching to over 3,000 Indians, of whom 106 are church members :—

	Population.	Church Members.
Nanaimo.....	300	45
Maple Bay and Cowitchan	1000	—
Victoria and Sannich	343	16
New Westminster.....	500	4
Sumass and Chilliwack.....	600	41
Yale and other places	500	—
TOTAL	3243	106

Besides these, there are thousands of Indians above Yale, and on the Thompson River, and also on the coast, who are needing the Gospel. May God send the men and means speedily!

NEW CREDIT MISSION

By the help of God we have been able in some degree, we trust, to consolidate the work amongst the Indians of this old-established Mission, though others would fain enter into our labors, and lay claim to the laurels won by many a noble veteran, whose indomitable perseverance and self-sacrifice urge us forward in the holy warfare. The very aged mother of the late Rev. Peter Jones is nearing the swellings of Jordan, with a joyous hope of everlasting life. Our members generally, some of whom are far advanced in years, ardently long for the conversion of the rising race, to fill up the ranks that must ere long be broken in upon by death. We have talent enough amongst our young people, if rightly used, to accomplish much good.

We regret to have to report a numerical decrease. This has, however, arisen out of nineteen of our members having removed during the year, though in some cases, only temporarily. Our principal loss has been in the removal of an English family, materially affecting our official board, and otherwise depriving us of valuable agency at this Mission. We have done our utmost to keep up the interest in our Sabbath-school, and trust that our labors have not been in vain in the Lord. The day-school is most efficiently conducted by a first-class teacher. The Indians are much pleased with the recent insurance effected upon the Mission property.

Members—Indians, 59, on trial, 1; Whites, 12; Total, 72.

THOMAS WOOLSEY.

GRAND RIVER.

Through the mercy of God, we have lost no members by death during the past year, but have been obliged to excise a few for their evil habits. The religious state of this Mission is far from satisfactory. The attendance on public worship is small and irregular; and by many the class-meeting is entirely neglected. But then there are so many other places of worship, with various phases of attraction, and wielding various influences to draw our people away, that perhaps their defection is not to be wondered at. What we need on this Mission is such a powerful outpouring of the Holy Spirit as will reach the hearts of the people, and interest them in the subject of religion.

Last fall, by great personal exertion, we secured the erection of a new school-house in a more central position, which is now completed with the exception of the plastering. Towards meeting the expenses, we held a tea-meeting last winter, which netted us \$58. This, with subscriptions received and promised, will, it is hoped, make this one of the most comfortable school-houses on the reserve.

At the Marecle's appointment we have a small building in course of completion, and hope to use it for public services ere the cold weather sets in again. But we move very slowly; and require great patience. Members: Whites, 4; Indians, 65.

J. C. WILMOTT.

MOUNT ELGIN INDUSTRIAL INSTITUTION.

During the past sixteen months there have been times of embarrassment and discouragement, but on the whole we may report prosperity and success. The scholars have made satisfactory progress in their studies, and at the trades; though in consequence of the removal of several of the older ones, we have not, perhaps, so many advanced pupils as there have been at times in the institution. Considerable attention has been paid to the improvement of the farm and premises. Several outbuildings have been removed, improved, or erected; implements of husbandry provided, a system of drainage introduced, a good orchard planted, and measures taken for the improvement of the farm-stock—all of which must be of permanent advantage.

The means of grace have been regularly kept up at the Institution, a small class has been formed, and a weekly prayer-meeting held, a Sunday-school established, and more frequent public religious services maintained. On the Sabbath, after our regular family devotions, all are expected to attend in the forenoon, at the new church erected on the Mission. Our Sunday-school meets in the afternoon, and is followed by the class-meeting. In the evening we have a public service, which is largely attended by white people from the adjoining neighborhood, as well as by those connected with the Institution. Those who are now employed about the place are all reliable, and most of them pious persons. We cannot report any direct spiritual results in the school, but the seed is being sown, and we are looking to God for the increase.

JAMES GRAY.

INDIAN MISSION.

With reference to our work among the Chippewas and Muncneys the past year, we can report favorably. We finished our new Mission Church last fall, and succeeded in liquidating the debt thereon. We were assisted by our white friends in different parts of the Province, for which we are very thankful. We have exchanged our Mission lot at Colborne for a good lot of the same size, contiguous to the new church. We have two services in the church every Sabbath, and the congregations are good. There have been a number of awakenings and some conversions during the year, especially among the whites over the river, several of whom meet with us in class, and others will unite with us in church-fellowship soon. Our Quarterly Meetings have been seasons of refreshing, and our Missionary Meetings were very interesting. The class-meetings have been well attended at Lower Muncney. A number of our members have died during the year, among them Sister Chicken and Sister King. These good women were among our first converts some forty years ago. They have kept the faith, and have finished their course with joy. Several have been converted on beds of affliction, and have died trusting in the merits of Christ.

Our Indians are making some improvements in agriculture, and are building some good houses. Our two day-schools are still taught by two native teachers paid by the Band. We have peace in all our borders, and pray that our Zion may be enlarged even here.

ONEIDA.

The work on this Mission has been embarrassed in the absence of a Mission-House, not being able to secure one on or near the Mission. However, late in the fall, we succeeded in getting a suitable house fitted up on the Mission, but at an alarming outlay. My predecessor returned me 30 members. We arranged our classes, and they now meet on Sunday and on Tuesday evenings. Our prayer-meeting on Thursday evening is well attended. I have felt it profitable to visit the Indians at their houses, read the Scriptures to them, and pray with them, making enquiry about their spiritual state. The Indians are fading away with consumption. Here sickness and death are very prevalent this spring, but God is blessing the calamity to their good. The victory over the last enemy has been gained through our Lord Jesus Christ. Last February we commenced a Sabbath-school, and are able to report a good average attendance, God is evidently blessing our labours. I visit the Mission Day-school every Tuesday afternoon, and hear the children recite. The attendance is small, but the children are improving.

Wm. Cross.

MORAVIANTOWN.

This Mission remains about the same as last year, no marked change being noticeable. The appointment has been regularly sustained; the number of hearers ranging from twenty to sixty. There are twenty members, all of whom are firmly attached to our worship, notwithstanding that a Moravian church is in the immediate neighborhood.

W. E. SMITH.

SNAKE AND GEORGINA ISLANDS.—(No Report).

RAMA.

There has been considerable progress made on this Mission during the year now closing. Some few souls were saved among the Indians during the fall, and about a dozen at Atherly during the winter.

All our Quarterly Meetings have been seasons of special interest; the Indians and whites have blended their experience, all of which is known to the Being we worship, although much of what is said is not known to each other.

We have had several deaths during the year, among whom was chief Nanggishkuny, who was one of the first of this band to unite with this society, and who adorned the Christian profession until at the advanced age of 96 years he exchanged mortality for life. In all these cases there is hope except one, a case of drowning, not a member of the Church, which could hardly have occurred had not the subject been in a state of intoxication, a sin too prevalent among both Indians and whites.

Last summer the Indians made a bazaar of their own peculiar wares, and realized the sum of \$112, which has served for general repairs on

the church and school-house. The church has been refurnished with chandelier, carpet, chairs, &c., and the school with slates, and books; and out of it was voted the sum of \$30 toward the building of our new frame driving-house and stable, which has cost \$130. The ladies made a tea in the winter, and with subscriptions they have raised the amount of \$68, which with the \$30 before named, leave only a balance of \$32 to be met.

The Missionary Committee generously made us a special grant for furniture, which has added much to the comfort of our home, and will render the bringing of heavy furniture to this Mission for years to come altogether unnecessary.

The Atherly Church has been secured by deed, and first payment made this year; and notes have been given for the balance to be paid in three yearly instalments, by two of our worthy friends in that neighborhood. The building has likewise been renovated, and was dedicated by Dr. Wood in February.

We have organized during the winter a lodge under the auspices of the I. O. of good Templars, and have now about 30 members, who bid fair to be useful in their influence upon others; and quite a number signed the temperance pledge who did not join the order.

Our missionary anniversaries were successful, as our returns will show, considering the very trying character of the year. It certainly has been one of great scarcity and extortionate prices, and moreover the season has not been favorable for the Indians to raise their usual subscriptions.

The schools, both day and Sabbath, retain their usual interest, numbering 45 scholars, and give evidence of being well managed. Present membership: Indians, 90; whites, 33. W. H. PEAKE.

SCUGOG.

This small band of Indians continue faithful and attentive to the means of grace. They suffer for the want of a day-school being regularly kept up, one of the evils of the people dwelling in so many and in such small communities. Members, 12.

ALDERVILLE.

Although we cannot report as much spiritual progress as the friends of the red man would like to hear, yet we are thankful that in the midst of adverse influences we have been able to maintain our former piety and numbers.

The band has been unusually unsettled during the past winter, as some of them find it necessary to leave home in order to obtain a subsistence, in consequence of which neither the Sabbath nor day-school have been so well attended. The public and social means have been regularly sustained. Usually, they have been "Seasons of grace and sweet delight." The Indians, when at home, with but few exceptions, attend Church very regularly.

Death has entered our ranks and removed from amongst us Bro. Jacob Storm, who for many years was a most efficient class-leader. He passed away in the triumph of faith to the rest above. Our loss was his eternal gain.

Our esteemed Bro. Sunday is yet able to preach occasionally, which is a blessing, especially to the older members, who love to hear of Christ in their native tongue. May his valuable life be long spared to bless this band over whom he is chief. Members—Indians, 35; Whites, 6.

HIAWATHA, RICE LAKE.

The Conference year is again drawing to a close, and the duty devolves upon me of presenting the annual report of this Mission.

Our labors have not been so successful as we could have desired, as there has not been any great awakening experienced, although we have not been without precious tokens of the Divine favor. Trials and difficulties have not been wanting. A great deal of sickness has prevailed in our community, not a single family having escaped. We have also to record a more than ordinary number of deaths; no less than nine having passed away to the eternal world: one of these was an aged Christian who died happy, without any visible disease, but from great age; three were children of tender years, and the other five were from 18 to 30 years of age. We have reason to believe that these all died happy in the Lord; one of these especially was in a perfect rapture, and I shall never forget the angelic sweetness of her countenance a few moments before she passed away.

The Mission-house has not escaped the severe sickness which has so generally prevailed. My beloved wife has suffered much for a considerable part of the year, and our little boy has again been brought very near to the gates of death. But our Heavenly Father has been very merciful and has spared them both.

We are thankful to say that there has not been near so much drunkenness on the Mission during the past year as heretofore.

Our school has been continued with little interruption during the year, and the teacher, Miss L. Sanderson, has wrought diligently for the improvement of the children. We have been able to complete our church and its surroundings, so that it is now as neat as any place of the kind in the Province.

Our Missionary funds have fallen short of last year, partly because of the very great affliction and deaths in the community, and partly because the Indian agent has not yet come to pay them their annuities.

Our Society consists this year of 38 Indians, and 8 Whites, making a total of 46, being a decrease of two occasioned by the number of deaths which have taken place. Upon the whole, therefore, we have reason to thank God and take courage.

R. BROOKING.

MUD LAKE.

This year the Indians have given good attention to the means of grace, and deep attention to the preaching of the Gospel of Christ. There are fifty of them members of the Church, and the most of them give evidence of a change of heart, and are walking worthy of their calling, in meekness and love. 2 have died, 3 dropped. Members, 50 ; decrease 5.

DAVID HARDIE.

ST. CLAIR.

I am glad to say that the spiritual state of the greater part of our members is encouraging. From the time of the opening of our new church the work of grace has been manifest. Our last Quarterly Meeting was a time of refreshing. I give a few of the related experiences uttered on that occasion :

A long backslider said, " My past bad life troubles me in mind. I trust in Jesus for pardon."

T. Nayahnuquod, " About forty years ago the Great Spirit changed my heart. My body is weak, but he makes me strong in mind to love Him. He is good to me. I am determined to be faithful to the end, trusting in Jesus."

N. Plain, " I love to come here to worship the Lord. Lately I have been sick in body. I came nigh to love my sick bed. The Lord made me happy. I was not afraid to die. I love Jesus and my fellow creatures. My trust is in the Lord."

J. Manass, sen., " I love the Lord, His word, and people. I sometimes feel He is near, and am happy."

D. Petahnee, " I am happy. The Lord gives me a foretaste of heaven. In mind I see I shall be happy for ever in heaven. The Lord is good to me, and I trust in Him."

W. Kachenoding, " I have been backward to speak on such occasions as this, but now I feel that I cannot praise the Lord enough for His goodness towards me."

Widow Wandahbunoqua, " I am aged and feeble. The Lord makes me happy. I am not afraid to die."

Widow Wazahwahnequa, " I have met much affliction. The Lord keeps me from murmuring thoughts. I am following towards heaven, trusting in Jesus."

Three members have died. Jackson Kenewahboy, an old deaf Indian, said to me, a short time before he died, " I am holding on to the faith which missionaries have taught me."

The children in the day-schools at St. Clair and Kettle Point have made visible progress. The Sabbath-schools have been kept up. Explaining the lessons in Scripture and Catechisms have been the efforts.

Kettle Point and Sauble have been kept up by Bro. D. Sawyer, and other local preachers and exhorters. The Indians at Sauble are making preparations for building a small frame church, and are

intending to reserve a lot of land for a Missionary residence, as soon as Sauble is surveyed into lots.

The old Mission-lot and the old houses at St. Clair have been surrendered to the Government, and a lot of ten acres granted near the centre of the Reserve for the entire use of Wesleyan Missions. The Government has consented to the wish of the Indians, that three thousand dollars be appropriated to the building of a new Wesleyan Mission-house, a Council-house, and a School-house, on the same lot where the new church now stands. The use of the old Mission-house is secured to the Missionary till the new one is built and fit to be occupied

In our last official meeting we had to drop 7; 1 removed. The present membership is 182, and 16 on trial, making a total of 198—Increase 8. ALLEN SALT.

WALPOLE ISLAND—(No Report.)

SAUGEEN.

During the year we have had some refreshing seasons. Often our hearts have been cheered in the means of grace by the presence of the Master. Our congregations have been good; there is a growing interest in spiritual things; this interest is manifested by attendance on the means of grace, and also by an increasing spirit of liberality.

The School-house at French Bay has been considerably improved by repairs, and the debt on the Mission-house has been reduced from \$68 to \$19.

In consequence of building the new Church and Mission-house (the entire cost of which has been over \$2,600), during the past three years the missionary subscriptions have been low; but I am glad to say that the subscriptions this year are more than double last year. We have received fourteen on trial during the year, but in consequence of loss by removals, deaths, &c., we report a decrease. Members: Whites, 2; Indians, 70; total, 72; decrease, 1. E. TENNANT.

CAPE CROCKER.

I now send you the report of this Mission. I am happy to say that the Lord has been with his people at this place. Our meetings have been very good. The number of members is 60. Three old people have died and 10 children. I shall labor here until Conference, then I want to go home. WILLIAM HERKIMER.

CHRISTIAN AND BEAUSOLIEL ISLANDS.

As it regards the state of the work of God on this Indian Mission, we may remark that we have tried to do our duty with the people in our own way, through evil and good report. We are thankful to the great Head of the Church, that our labor has not been in vain. Our

members,—as it regards numbers,—stand about as last year. The Society at Beausoliel has been visited regularly during the year. The few members on that Island are doing well.

Our Sabbath-school on Christian Island is kept open the entire year when the Indians are at home. The Sabbath-school is now in possession of a good library of over one hundred volumes.

The day-school has been well kept, through the diligence and efficiency of Miss A. B. McLean.

We are in advance in all our funds. The Missionary money paid by the Indians this year, is a large sum in view of their circumstances. We report \$48 50. Last year, \$30.

Our last Quarterly Meeting was one of the best. The church was well filled: most of the Indians were at home. They requested your Missionary to convey their thanks to the Missionary Society for sending them a Missionary from year to year, and hope the same favor will be still continued. Members: 5 received during the year, 2 removed, 2 died; total, 101.

E. HURLBURT.

PARRY SOUND, SHEWANAGA, AND FRENCH RIVER.

During the year five persons have been received into the Church by baptism,—four from Paganism and one from the Roman Catholics. Four others are catechumens awaiting baptism. Two of these would have been received into the church last October, but for threats and intimidations from their pagan friends.

Two have died in the faith: one an aged class-leader,—his end was triumphant. We have made several efforts to consolidate this work by bringing the several bands together in one place. The French River Band refuse to come down to join any of the others, but the Nashkodayong Band are moving down to Shawanaga this spring, and the Parry Island Christian Indians may be induced to move up; then I hope they will be supplied with a teacher. They are very anxious for the instruction of their children, we return 54 members, an increase of four this year.

S. TUCKER.

GARDEN RIVER, &c.

Here we have had peace and prosperity; numerical, spiritual, and financial increase. Great earnestness has been manifested by our members and congregations for re-establishing this Mission. About \$140 has been given by them for religious purposes. They promise \$100 a year towards a new church and a parsonage, if the Committee will help them by a grant.

Our school, under the care of Miss Knott, has produced satisfactory results. Our Sabbath-school has been a blessing to both children and adults. Old books and papers, given us by kind friends to our cause, have been largely distributed and highly appreciated by many who would have been otherwise destitute of religious reading. All have tended to impart a healthy thirst for knowledge and religious services.

There are about two thousand precious souls within reach of this Mission who are now, with very few exceptions, totally destitute of the means of grace.

We have had some manifestations of Satan's displeasure in the shape of proselytizing effort, but all has tended to further our interests.

E. S. CURRY.

BATCHAWANA.

Here we have about fifty hearers, a faithful class, and about thirty children who ought to be provided with a teacher. All are very anxious for a school. Arrangements have been made to finish our church, which can be used also as a school-house in case of a teacher being sent. A resident minister could take charge of the bands at Ogewang and Michipicoton. Their case is an urgent one. Come over and help us in this call. They wept with joy when we visited them, and with grief when we parted with them so soon.

E. S. CURRY.

LAKE OF THE TWO MOUNTAINS.

I am thankful to be able to report that, notwithstanding the difficulties with which we have to contend and the evil influences that are brought to bear upon the Indians by the Romish Priest, there is a steady increase in piety in most of our members; also a good attendance upon the means of grace, which are greatly enjoyed. Last year we had 146 members; of these, two died, which left us 144: for this year we have an increase of 59; total, 203. The only difficulty now in the way of the work in the Mission is the want of a building large enough to contain the people who come; the priest uses this as an argument to discourage the Indians; he says that the Methodists have not built a church here. A Sabbath-school has been organized, with a tolerable attendance, the members being 40. The day-school is in successful operation, though the attendance is not so good as we desire, yet has been very creditable. With regard to agriculture, the farmers are busy ploughing, sowing spring wheat, oats and peas, and planting corn and potatoes.

ABRAHAM SICKLES.

Of this Mission the Rev. J. BORLAND writes:—

An appeal through the public papers against the cruel and arbitrary conduct of the priests, who rule at the Lake of the Two Mountains, has had the desired effect of checking such for the present at least. These gentlemen dread exposure, and are led therefore as a matter of policy to desist from conduct which they know would not fail, if exposed, of raising a strong feeling of indignation against them. They are therefore now, I am thankful to say, comparatively quiet. The work of the Lord has gone on prosperously among these poor Indians during the past year. Nearly sixty have been added to the membership of the Church during the year, so that now it numbers in

all 205. These we believe are giving diligence to make their calling and election sure. Against several well devised efforts to subvert their faith and draw them back again to the Church of Rome, they have stood with admirable firmness, justifying the hope of continued stability and consistency, despite all the emissaries of Rome may attempt to the contrary.

A larger place in which to meet and worship is urgently called for; one at least as large again as the one they now occupy is beyond a question indispensable. An attempt at such enlargement must be made this season. If it is done without drawing out the ire and opposition of the occupants of the Seminary, well; but if not, and such opposition is offered as shall prevent the end designed, why then the Church of our people, and, if need be, the Christianity of our country, must be appealed to; when the question of the right of these poor Indians, and the assumption of these grasping priests, must be determined, and that forever.

OUR once fervent hopes of the continued prosperity of these Missions, so promising when they were commenced, and for several year so very encouraging in the Western part of Ontario, have not been realized. The laborers have become less in number, the field cultivated more contracted, and the toil and expenditure of former times seemingly narrowed down to very small results. Still the Committee are encouraged by those who remain faithful to God and His Church, both of the ministry and membership, to maintain the work and trust for happier times. In the Eastern section, where the German settlers labor under great disadvantages, there is no want of blessed evidences of converting grace and fruits of righteousness amongst a people scattered over a surface of 75 miles in extent, who joyfully welcome the visits of the Society's Missionaries, and cheerfully contribute, out of their very limited means, to the maintenance of those to whom they feel indebted for the inestimable blessings of the Gospel. A description of the work in both sections will be found in the following report:—

earnestly looked for. Owing to the old difficulties connected with this Mission, and especially to the heartless and unfeeling spirit of some who were members—but for some time hindered, and to a great extent destroyed the good influence which was produced by preaching the Gospel of peace—all our efforts were frustrated. For the same reason our membership is very small, as those who would not walk peaceable and upright, when they could not have their own way, left us, and also destroyed some others, although peaceable and upright but yet weak members. Our congregations are small, but having now peace within, and as we had some outsiders to attend our preaching from time to time, and as the Gospel is preached in plain and pointed words and with a desire to save the souls, I trust that it will not be in vain but bear its fruit.

The prospect on this Mission is not encouraging unless a new element of Germans is introduced by immigration, or a powerful revival is vouchsafed from on high. Notwithstanding our small membership, our Missionary contributions are in advance of last year. With the assistance of our English friends we also succeeded in paying for our church lot and have got it deeded. STEPHEN KAPELLE.

PRESTON AND PARIS.

As the Mission now stands, the most perceptible result of the year's work will be the havoc of the pruning knife. In Paris alone can we report numerical increase. In nearly all other appointments we have to report a decrease. Signs of a healthier life are however already to be seen. A great work is still to be done. Brethren, pray for us, and have patience. Members, 62; on trial, 4. CHARLES S. EBY.

RANKIN.

The past year has been the most laborious of all in the course of our ministry. The love of Christ being the motive power, we feel assured that our work has not been in vain. We are gradually drawing the net, and feel confident of bringing a full draught ashore. A desire to supply outlying settlements with the truth as it is in Jesus, led us to enlarge our borders, taking appointments fully seventy-five miles from the Mission-House, and preaching after that journey to three or four families. Our people, through moving to other localities in quest of better lands, have increased our labor by one-third. Our finances are well in advance of previous years.

Ending our second term of three years on this Mission, and prayerfully reviewing the same, we do indeed find many imperfections, but have the happy consciousness of having done our utmost to promote the best welfare of our countrymen, and believe that the good work here accomplished through Methodism sufficiently compensates our Church for her work of faith and labor of love. We thank the Committee and President for giving us the Rev. T. E. Morden, B.A., as

our colleague. He has proved himself a "true yokefellow," much every way, and is a workman that needeth not be ashamed. The kindness and attention of our Chairman has contributed to render these the happiest years of our ministry. "Behold how good and how pleasant it is for brethren to dwell together in unity!" Members 98, on trial 2.

OF these Missions the Rev. J. BORLAND says :—"While there has been no abatement in the spirit of opposition to our work on the part of the Romish hierarchy and of their more devoted followers, during the past year, yet a number of particulars have been witnessed which tend very much to encourage the Missionary in his toil, and those patrons of his efforts who watch and pray for his success. One of these, deserving special notice, is the growing deference which the French Romanist pays to the Holy Scriptures, when quoted in support of any doctrine or usage which may be insisted upon as involved in our duty to God; or, *vice versa*, when any such are objected against as incompatible with the principles of salvation by faith in our Lord Jesus Christ. The time was when, without even a solitary exception, a reference to the Bible in support of any position to be maintained, would excite a feeling, with its unmistakable exception of contempt in the Romanist. Now, the scene is pleasingly changed, for a quotation from God's word is received and submitted to in many instances with a deference which gives proof of success in the past, and of yet greater success in the future, well deserving a record and a note of thanksgiving from all lovers of our Zion.

"Several French Romanists have, during the year, renounced their early creed for the faith of the Son of God; and have received the end of their faith, even the salvation of their souls. Others are in what may be called a transition state, out of which we hope to see them, ere long, emerge "into the glorious liberty of the children of God." A

very great unsettledness has prevailed among the French in the province of Quebec for some years past, so that numbers leave Canada for the United States every week in the year. This has a very injurious and discouraging effect upon the Missionary in this field of labor. Many on whom our labors had been applied, and that with evident success, have gone with the multitude, (ten out of a small locality recently, and in whom much hope had centered, have done so), and thus arrangements for church organizations by which to further benefit them, and as well others through them, have been necessarily set aside; while to begin again at the foundation work has been the duty of the Missionary."

SHEFFORD.

This Mission extends from Stukeley Mission to Adamsville; it is about 25 miles square. There are seven stations, viz., Stukeley Mills, Waterloo, Canaan, Adamsville, Shefford Mountain, North Shefford, and North Stukeley. The membership is forty-two. We have four families, or parts of families, that have left the Roman Church during the year, for the which we thank the great Head of the Church as souls given to us for our hire. Brother de Gruchy and myself have visited them unceasingly, and we trust that He will bless us more and more in the future. We pray for it. We have lost by emigration ten persons: we regret that very much; inasmuch as they have left Waterloo, where they were the beginning of our Mission. Being gone, we have to begin anew, and shall labor again in the good cause, hoping that the great Head of the Church will bless our humble efforts.

T. CHARBONNEL.

ROXTON.

By the providence of God we have lived in peace and true fellowship, and I have been greatly encouraged during the present year in my labor, although I had many things that would have troubled and perplexed me if I had listened to them; but I went on with my work with greater zeal, and the Lord has greatly blessed us, so that we can say with confidence "That all things work together for good to them that love God." I have good reason to be thankful to my heavenly Father that I have been in some measure encouraged in my laborious work by seeing sinners finding peace through faith in Jesus Christ. If I have worked hard it has not been in vain, for our cause is growing here. Although I last year gave the Canaan appointment to Mr. Charbonnel, with 27 members, and during the year dropped three—one died and two removals—still I am glad to be able to report a small increase of 7. The present membership is 53; on trial, 4; total, 57. 14 are of English origin. I had 25 baptisms, 2 burials, and 2 marriages. I have distributed several copies of Bibles and Testaments, and a great number of religious publications.

I have also succeeded, with considerable efforts, and the Christian liberalities of our good friends in Montreal, Quebec, St. Johns, and through the Eastern townships, to buy a house for a parsonage, made considerable repairs on the church, and bought some furniture for the parsonage.

JOSEPH A. DORION.

KNOWLTON.

This Mission extends from Grass Pond, in Bolton, to Sutton in Brome, a distance of 24 miles. I have visited in the following localities: Bolton, Pottou, Knowlton, Sutton and the intermediate places. I have preached wherever I could get a congregation; distributed Bibles, Testaments, Calendars, *Messenger des familles* and tracts, as I had opportunity, and held regular services in Bolton and Sutton. While sowing the incorruptible seed of the Word of God in this somewhat barren field, I have noticed the blessed effects produced by the "light of the glorious Gospel of Christ" in driving away the darkness of superstition and error; also in shaking the confidence of deluded people in a church that has kept them in ignorance with regard to the truth as it is in Jesus. Four persons during the year have left Romanism and have joined the Church, and several others are tending in the same direction.

JOHN SYVRET.

NAPIERVILLE.

This is to me and the Society a new field of labor, consequently I had to feel my way as I went along.

Notwithstanding the opposition which I had to meet from the Church of Rome to the work in which I am engaged, I am happy to say that there are tokens of appreciation resting on my labor by the great Head of the Church. My health has been pretty good. I have been able to preach through the winter at nine and ten appointments, and there are from 30 to 35 Canadians who attend preaching, and I believe that 6 are converted to the Lord. In one of my appointments my life was threatened, and in the course of the winter four persons of the same party made me a small donation, evidence of change in the mind of the people. The change is more or less seen through the circuit. In the village in which we live, when I first came in, many of them turned their faces from me, but now they are willing to speak to me in the street. May the God of power and of mercy bless the Missionary work in Canada and throughout all the world.*

In taking a review of the past three years spent on this interesting field of labor, we feel that we have much to be thankful for. The fact of our old church being the smallest, and having the worst accommodations of any of the six churches in the village, militated greatly against us; but the Lord put it into the hearts of the people to build him a house, and on Dominion Day of last year Dr. Taylor laid the corner-stone of a new W. M. Church in Orangeville, and in March it was dedicated to God by Rev. Drs. Punshon, Wood, and Evans. The proceeds of the opening services amounted to \$1,887. Church and lots cost \$9,500; a debt remains of \$3,000. One-third of the pews are let for \$200 per annum and we expect to rent many more, so the debt will not be a burden. The congregations have greatly increased since we have occupied the new church. The class and prayer-meetings are well attended. During the past year we took up two new appointments: congregations good, and have paid into the Circuit Funds \$80. If Mitchell's appointment, now belonging to the Mono Mills Mission, should be added to the Circuit, it would soon become self-sustaining. We have an excellent Quarterly Board and a liberal people. We now close our second year on this field of labor, and feel grateful to God for the large success with which He has crowned the efforts of His servants. The past year has been one of peace, and spiritual and financial success. At several of the appointments where we held special services, the Lord visited us with revivals, resulting in an increase of 73 members on trial; so that notwithstanding a heavy loss by removals, death &c., &c., we are able to return a net increase of 50. Our present membership is 230.

All our Connexional Funds are in advance (and some of them very largely in advance) of last year. For Ministers' support and Connexional Funds, this Circuit raises \$400 more than it did two years ago. Two of the Churches have been repaired and very much improved. This field of labor is making rapid progress at present, and will no doubt very soon become a self-sustaining Circuit for two men.

THERE is nothing in the state of this Mission during the year that calls for especial mention. It has enjoyed a measure of prosperity, both spiritual and temporal. After making up for losses by deaths and removals, the membership is the same as last year. Most of the funds, however, exhibit an increase,—in some cases quite marked on those last reported.

During the summer season the Mission is cheered and benefitted by the presence of a large number of Methodist friends, and by the ministrations of several Ministers from a distance. The religious services, public and social, are also largely attended by the volunteers of the brigade camp, many of whom are members or adherents of the Methodist Church. The establishment of important manufacturing industries in the town promises an increased population, and an enlarged field for religious activity. Members, 79. W. H. WITHROW.

God has been very gracious to us, whereof we are glad. We have both spiritual and temporal prosperity to a degree unequalled for many years. Over forty have been received into membership, several of whom are men of prominence and character, which will greatly strengthen and establish the Church here.

The parsonage has been still further improved, and its debt reduced to \$100. Our country Church property has been improved with paint and fencing.

Connexional Funds all in advance, and salary paid in full. We are now about to beautify our town Church with paint, and enlarge it with a gallery.

In the midst of anxiety and labors abundant, God has been with us, whose favor, with the kindness of the people, have rendered the past two years both happy and encouraging. Members, 85.

Ten denominations share this rural ground with Wesleyan Methodism; consequently the population is greatly divided. Nevertheless some progress is being made, and the signs are hopeful in regard to the future. The opening of the Ridgeway "Volunteer Memorial Church," now nearly completed, will, it is confidently expected, give a desired impetus to the work of God on this Mission. Its cost will be about \$3,000. \$107 have been spent in improving the parsonage and in adding to its furniture. The Connexional Collections are all, with one exception, in advance of those of last year. The people have nobly raised \$150 more than usual to meet their Minister's claims. The sum of \$1,500 and upwards has been contributed for all purposes during the year. Several conversions have cheered the heart of your Missionary, enabling him to return the membership at 77, with a net increase of 10.

GOD has manifested himself unto us during the year. The ordinary means of Grace have frequently been favored with the Father's smile and benediction, making them, in very truth, seasons of refreshing, enabling us to realize the blessedness of those who "sit together in heavenly places in Christ."

Although we have received eighteen, we have to report a considerable decrease. Five families at the beginning of the year connected with the Mission have removed to other parts of the country; two of these to the United States. Several of the young people brought in last year, having grown weary of the way, I found it necessary to drop; and some have died. Members, 120.

PORT ROWAN.

A few have been united to the Church during the year. The dear friends on this Mission, though few, do nobly in financial matters. They are doing all they can to sustain the ministry amongst themselves, and aid in the various connexional funds, which are all in advance of last year. Our members are living in peace and harmony, and praying for a richer baptism of God's Spirit. We have taken up an appoint-

ment at Port Royal, and have an attentive congregation. Our Sabbath-school is prospering and increasing in attendance. We report 40 members, and 4 on trial. W. C. JOLLEY.

LYNEDOCK.

The report from Lynedock for the past year has, on the part of your Missionary, been that of intermingled encouragement and discouragement. We were enabled to participate in the revival of God's work in the month of October, at Hollbies' appointment, and our hearts were cheered by sounds very encouraging to the minister of Christ,—the penitent's cry for mercy and the believer's song of joy. We were about commencing a second series of meetings at the Venison Creek appointment, when we were called from the spiritual harvest field to the bed of affliction: nevertheless God carried on his work through the agency of our good class leader, Brother John Wilson, and some seven or eight persons were enabled to rejoice in the inward assurance of their acceptance with God. We regret, however, to say that the general spiritual interests of the Mission are somewhat low, and the absence of the ministration of the Word for nearly three months, occasioned by the affliction of the Missionary, has had a tendency to increase that spiritual apathy. We have received in all on trial 25 persons during the year, and the field is ripe and evidently would be remunerative for more labor than one agent can bestow upon it. Our church in Lynedock has been renovated and refurnished at the cost of \$400. The church at Venison Creek is being improved to the amount of some \$250, and a church lot and graveyard have been secured at Hollbies' appointment, on which preparations are being made to erect a church this summer at the cost of about \$1500. TYRCONNELL.

THIS Mission was formed four years ago, by uniting Tyrconnell, (from Fingal,) and Wesley Church, (from Ridgietown.) By many the change was thought to be premature, but a trial of four years has proved the wisdom of the arrangement. The doctrine of a present and full salvation has been presented to many who would otherwise have been placed under teaching of a less useful character, some of whom now stand forth as living witnesses of the power of that Gospel. We have now five regularly sustained Sabbath appointments, though at the formation of the Mission there were but two. We have also two promising and vigorously conducted Sabbath-schools.

Our work in Aldborough is as purely a Mission as can well be conceived of; and in the northern part of Dunwich, the Wesleyan Church has not yet obtained a footing. We hope however during the coming year to establish a week-evening appointment in that section. Though for some years this field must necessarily be largely dependent on the Mission Fund, yet we have no doubt that in due time it will fully repay for all. We are favored in having a Recording Steward who takes a lively interest in every department of the work of God; and in fact, all our officials are agreeable, sensible, and godly men. Members, 90; on trial, 5; total, 95. EDWARD CRAGG.

MOUNT BRYDGES.

In making our first report of the progress of the work of God on this Mission, we would acknowledge our gratitude to Almighty God for his goodness in sustaining us amid the toils and trials of the past year.

We have some warm-hearted and liberal members on this Mission who wish to make their ministers comfortable; but we have several who are poor, though pious, and cannot do much financially.

Last June the officials very cheerfully provided the parsonage with a comfortable supply of furniture.

We regret that we cannot report greater success during the year, still we have had some encouragement in our work of faith and labor of love, having had a few accessions to our church, as well as reason to believe that our members generally are advancing in heartfelt piety.

During the year one of our old and respectable members died in the triumph of faith. We were under the necessity of dropping 7 for non-attendance on class-meeting, 10 removed by letter, in all 18; received into the Church, 15; by letter, 4. Total members, 101. Our greatest need is the *richer*, deeper baptism of the Holy Spirit.

H. REID.

MISSOURI.

At the close of our second year of labor on this field we still report, at least, some progress. Souls have been converted, a parsonage built, and two-thirds of the cost provided for, and considerable has been done by way of church improvement, and in paying off church debts. The Missionary and Connexional Fund sare all in advance of previous years. We are not now a burden to the Church, as we pay more into the Mission Fund than we take out of it, besides paying nearly \$90 to other funds of the Church. As the Mission stands at present it will, in all probability, be depending on the Mission Fund for some years to come, and it will certainly be wise policy for the Committee not to cut down the grant too speedily. During the year 17 have been dropped, 13 have removed to other circuits, and 3 have died. We report an increase of 6, making the present membership 183.

FLORENCE.

THE past year has not been without manifestations of divine favor. While the whole membership has been characterized by an increased devotedness, a few have realized Christ's saving power,—have stepped into the "liberty wherewith He makes His people free."

Our congregations have also increased, while a marked solemnity prevades the public worship. We have nearly cleared off our Church debt, a very trifling balance still remaining. An organ has been purchased for our church in Florence, upon which there is still a small amount to be paid. Members, 104; on trial, 1; total, 105; increase, 15.

DAWN MILLS.

This Mission has been blessed with some prosperity during the year. The congregations have been good, and several precious souls have experienced religion and joined the Church. The debt on the Dresden church has been reduced \$150, but there still remains upwards of \$150 unprovided for; however, we hope soon to clear it all off. The church has been painted outside, and the gallery finished, and a \$250 organ procured for the use of the choir. An organ has also been purchased for the church at Dawn Mills. Our funds are all in advance of last year; but on account of having a second preacher, and no increase in the Missionary grant, the Mission has not been able to meet the claims of the Missionaries by about \$100, although the Louisville appointment was connected with the Mission last Conference. That we have had difficulties to contend with of ordinary character, arising from a cause whose history has its record of the past, we have painfully realized; but we opine these difficulties are passing away and the future is coming with a prospect of brightness. MOORETOWN.

Though the past year has been one of exceedingly great trials, we have not been without striking evidences of God's love. For three months, through severe family affliction, your Missionary has been unable to attend to his regular work. During the first quarter he had no colleague; in consequence of these and other discouraging circumstances, we have not been favored with the same degree of success which attended the labors of your Missionaries on the field of labor last year. Our church property has been improved, and we have good prospects of getting a new church at Booth's appointment at an early day. Membership, 92; on trial, 8; total, 100. GEORGE CLARK.

OIL SPRINGS AND PETROLIA.

This Mission consists of three appointments, all in the oil territory. The business of Oil Springs has not yet revived, and but little progress can be reported in our church; yet we are encouraged to labor with a people under financial embarrassment. Petrolia is now a place of importance as the only oil-producing territory of Canada, and here we can report a good degree in all departments of our work.

Our church is now clear of debt. A commodious and comfortable parsonage has been built and all paid for during the year, and there is a large increase in our connexional funds.

Although we suffer great inconvenience and loss from the number of removals and the worldly spirit of the place, yet our congregation has increased and is more steady and settled.

During the year a large number has been added to the Church, and we now record a net increase of 30. Present membership, 110.

G. A. MITCHELL.

WYOMING.

We rejoice to know that the year has not been without spiritual and material progress. There have been conversions and additions to the Church which enable us to report a small increase, though our numbers have been lessened by deaths and removals.

Money has been collected to finish the church at McKay's, and to paint the church at Maxwell's; also we have a sufficient amount subscribed to paint the church in Wyoming—which work, done for the Lord, will not be without its fruit in after years. On trial, 2; in full connexion, 154; increase, 4.

NAPIER.

We have reason to thank God for the measure of success bestowed, during the year, upon this field. We have enjoyed uninterrupted peace within our borders and a few souls have been saved.

Some new appointments have been taken up, which promise to be a profitable addition to this part of the work.

To attend properly to the wants of this Mission two men are required, as at present each place can be supplied only once in two weeks with Sabbath services. On trial, 7; present membership, 63.

SOMERA.

This Mission was formed last year. It consists of eight appointments including Walpole Island. There being no parsonage nor suitable house to rent, your Missionary has been very much embarrassed for the want of a comfortable home for his family; yet, notwithstanding many difficulties, we thank God for some measure of success. After the usual deductions, we report an increase of 15 members. But it being quite impracticable to work the Mission in its present form, we would suggest to the Stationing Committee that Walpole be cut off and Reynold's appointment added. Members, 132.

BAYFIELD.

THIS Mission is one of the places where a multitude of denominations divide up the interest into comparatively small parcels. Most of the people on this field of Missionary labor have strong denominational attachments. A union of the various Methodist bodies would be economy, and a blessing in many ways, on such fields of labor as this.

We have had a very pleasant year in many respects. We have had peace in all our borders, for which we desire to be very thankful; and our people are a warm-hearted, amiable, Christian people, and I think we have been prospering spiritually, and growing in grace. We have organized two new prayer-meetings; and we have the material mostly on hand for a new church at one of our appoint-

ments, and the contract let, and nearly subscriptions enough to cover the expense. We need a parsonage very much. Fifty-five dollars a year for rent is a heavy draft upon a small Mission like this. We need a new church very much at Bayfield; we have had two meetings on the subject, but have not got things in a satisfactory shape yet. We have faithfully attended to the appointment at the Sauble once a fortnight, when the roads were passable. It is a tedious and laborious journey of twenty miles for a week-evening appointment, and should be attached to Park Hill. We have suffered a good deal by removals during the year. Members, 126. J. B. TALLMAN.

TEESWATER.

At the close of this ecclesiastical year we are glad to be able to report the prosperity of this Mission as being in every way in excess of our most sanguine expectations. The spiritual state of the Society at every appointment is satisfactory, and giving evidence of growth in grace. Some souls have been gathered into the fold and continue steadfast, whilst a few have passed triumphantly to the upper company. Notwithstanding being obliged to deduct thirty-four removals, we are pleased to be able to report an increase. The Teeswater church has been neatly and tastefully finished; the contract to build one at Williamson's lot; the ground for one at Mildmay granted, and the probability of building one at Belmor in contemplation. A strenuous effort has been made to liquidate a long-standing debt on the parsonage, of which one-half has been raised.

This very kind people have done their utmost to sustain their minister, and the result is seen that this year they have raised upwards of fifty per cent. more than in any former year: but this is not, and cannot be for some time, a self-sustaining field. An important change has been made in the plan of the work, to centralize and enable us to preach in Teeswater every Sabbath, but doubling the travelling on this arduous field. Beneficial effects are seen in increased congregations and better attendance on the means of grace. With more careful culture we are looking for and expecting the Divine blessing in the outpouring of His Spirit that will bring an abiding revival. Members, 118; on trial, 17; total, 135. JAS. H. MCCARTNEY.

AINLEYVILLE.

This Mission is at present in a very undesirable state, in consequence of changes which were indispensable to the proper working of the Circuit, and the feelings consequent upon the breaking up of arrangements which had only age as their claim to continuance. But there is now an arrangement, which being taken advantage of by a judicious laborer, will inevitably result in rapid progress. Our membership has been greatly diminished during the year by emigration to other parts of this Dominion and the United States of America, yet through the blessing of God on the efforts put forth for the con-

liv of sinners, and by the reception of a few members from other Circuits, our actual membership remains undiminished. Trusting that God in his mercy may revive his work on this Mission, we commit our all to Him. Members, 213. D. A. JOHNSTON.

TROWBRIDGE.

We are thankful to be able to report continued and increasing prosperity upon this Mission. During the past year we have enjoyed peace and have been blessed with success. At two of our appointments we have been favored with special blessings, so that a goodly number have been gathered into the fold of Christ, and believers edified and strengthened. Notwithstanding many removals of members from this Mission to other parts of the Dominion, and of some to the Church triumphant, we are able to report an increase of 15 to our membership, the number being at present 145. NATHANIEL SMITH.

WINGHAM.

We have, during the year, put up an addition to the parsonage, at an expense of over \$200; built two churches—one of brick, costing 2,000; and the other of wood, at a cost of \$500,—and let the contract for another, to be completed on the 15th September, at a cost of \$700.

We are under the necessity of reporting a decrease in our membership, which is a source of deep humiliation. Our labor, however, has not altogether been in vain, as some twelve persons have professed a change from nature to grace. While we have this to encourage, we have to deplore that numbers have grown weary. Removals, 18; deaths 2; withdrawals, 6; received on trial 12; by letter 5. Members on trial, 1; Members, 162; Total, 163. GEORGE H. KENNEY.

LUCKNOW.

The work on this Mission during the past year has been steadily advancing. The progress may not have been as notable as was desired, yet, considering all the adverse elements and insidious influences with which the cause has had to contend, we find reason for gratitude and encouragement.

The congregations on the whole are increasing, although some are yet small; and the people are becoming better versed and more established in the doctrines and principles of Methodism.

Our office-bearers are growing more active, and manifest a greater readiness to assume responsibilities, and as a result we find a tendency to increased liberality on the part of the people generally.

But with the most sanguine hopes that can reasonably be entertained, Lucknow must be heavily dependent for some time to come. Members, 96. H. KELLAM.

ERIN.

We have had peace in all our borders throughout the year. Our congregations have increased. A few members have been received on trial, and a few have come to us from other Circuits; but owing to the large number of removals, and the dropping of some, we have to report a decrease of eight. While our decrease is somewhat discouraging, there are other circumstances which justify us in looking hopefully for improvement in the future. Members, 49. B. SHERLOCK.

GARAFRAXA AND LUTHER MISSION.

Your Missionary feels it humiliating to have to report so little progress, yet would he gratefully record that this Mission has not been left without some tokens of the Master's presence. One feature of encouragement is an increase in our congregations; another is a slight increase in our membership. The connexional funds are also in advance of the preceding year.

A hired local-preacher has rendered very efficient service since September.

A new appointment taken up this year in Luther, shows an addition of some twelve members, at which place an attempt to build a church had to be abandoned from want of funds. Similar efforts in at least two other places in Luther would be made but for the same want.

It will, perhaps, be two or three years before the people of this Mission will recover from the effects of the drought, fires, and frost, from which they suffered so severely during last summer.

The present membership consists of 7 on trial and 128 in full connexion. Total, 135; increase, 14. P. W. JONES.

ROCKWOOD.

Fifteen weeks have been spent during the year in conducting special religious services, and we are thankful to say, although they

have been weeks of incessant toil, they have also been marked by great rejoicing. Thirty-three have been received into the church on trial; these, together with several who have come to us from other circuits, enable us—after filling all vacancies occasioned by removals, deaths, &c.,—to report an increase for the year of twenty-four. Our members at the different appointments are in a spiritually healthy condition, and we hope—during another year, if we are permitted to return—to report still greater prosperity.

The present aspect of this field of holy toil is encouraging. Members, 120; on trial, 32. CHARLES E. STAFFORD.

GALT.

By the good providence of God we have been directed to successful issues on this Mission. The year has been one of unusual prosperity. In the autumn a capacious and substantial stone church, known as "Knox church," with Sabbath-school attached, was purchased at a cost of \$4000, including repairs, which has adequately supplied the great want of this interesting and growing charge. Our members and adherents in undertaking this new church enterprise have distinguished themselves for the wisdom of their policy and the greatness of their liberality. Their noble efforts were supplemented by practical proofs of kindness from neighbors whose "brotherly love" we all appreciated. At the opening \$1,500 was raised. The old church yielded \$1,000 cash. "Dear friends" at a distance, to whom we are under lasting obligations, sent us the munificent gift of \$600. These sums have enabled the trustees to reduce their entire liability to \$1,000, which amount can be paid off when what is known as the vacant lot has been sold. In addition, \$100 was spent on parsonage furniture. This awakened liberality has also helped other interests, and has placed all the connexional funds in advance. Our congregations are one-third larger, and remarkably attentive.

Surely we have reaped where others have long sown. "Herein is that saying true, one soweth another reapeth." But let us remember "that both he that soweth and he that reapeth" shall "rejoice together." For all success we acknowledge and praise the Lord! During the twelve months about a score have removed, while some have been "added to the Lord." Members, 47; on trial, 4.

BERLIN.

Our Mission has felt very much the effects of numerous and sudden removals. At Berlin especially has our cause been weakened, several of the leading families having gone to other parts. The congregations at most of the appointments are not large. This is owing in a great degree to the German element, and to the scattered nature of the work. In a number of our Societies there are spiritual life and progress. Others of them lack in these respects; too great a portion

of their number being negligent and cold. We have held special services at three of the appointments. At each of them good has been done and some added to us ; at one in particular, which was in a very decayed and discordant condition, new life has obtained and harmony been produced. On the whole, we have reason to thank God for his tokens of favor and the extent to which He has owned our labors. Members, 175. THOMAS STOBBS.

LISTOWEL.

In this hot-bed of Materialism we have many difficulties of a peculiar kind to contend with. The champions of this error are industrious and mischievous. The effects of their efforts may be perceived not only in the numbers who avowedly adopt their pernicious doctrines but also in the spiritual coldness that prevails throughout the community. It is not a church-going community. Our membership has been seriously diminished by removals. Our people exert themselves creditably to support their ministers, although after doing their utmost there still remains an embarrassing deficiency. The congregations during the year have steadily increased, and there are some evidences of improvement in the spirituality of the Church. Members, 150 ; on trial, 10 ; total, 160. JOHN SCOTT.

TEVIOTDALE.

We came to this Mission under peculiar circumstances. We thought, with many others, that it was anything but a desirable place to come to. That, however, is not the case ; at any rate it is now a rising Mission, and if well attended to for a little while longer, will doubtless be a self-sustaining Circuit. The best thing that could be done would be to send an additional laborer into the field. There are several rapidly rising places in the neighborhood. Palmerston and Harriston are now connected with us ; the former with several hundred inhabitants, and the latter having a population amounting to nearly a thousand. Then there is Clifford, with numbers not far below Harriston, and it is only receiving help from the adjoining township of Howick, having preaching but once a fortnight. They would like us to take it, and it naturally belongs to us, but we cannot work it without more help. It wants that help, it asks for it, and the interests of Methodism urgently demand it. A church could soon be erected there, with a suitable man living at Harriston to work both places. We have got a new church on hand for Harriston, 50 by 36 feet, and during this year we have built and completed a neat church in Teviotdale, 42 feet by 32, which is a credit to the neighborhood. There was not previously a church of any kind in the village. The Lord has also owned and blessed our labors in the work of saving souls, which is a source of the greatest gratification. We have pleasure in reporting 3 members on trial, with 133 in full membership. Total, 136, being an increase of 21 on the year. W. BRADLEY.

We are devoutly thankful to God for spiritual and financial prosperity. During the year the ordinary and special means of grace have been crowned by the manifestations of His grace and the outpouring of His spirit, resulting in the conversion of about eighty persons, most of whom joined our Church; so that we are enabled to report an increase of forty-two in the membership, besides 12 catechumens meeting regularly in class. Our congregations are increased and the Sabbath-schools well sustained. The people have paid all their indebtedness to their pastor for the past three years, and added other costly and substantial evidences of their regard. The Missionary offerings are \$55.57 more than last year, and all the connexional collections in advance. After three years' service, we leave the kindest people among whom we have ever labored, with mutual regrets and prayers for each others' prosperity. Members, 157.

JOHN HOUGH.

ARTHUR.

We had a gracious shower of blessings from on-high last winter at Jackson's appointment, by which hard hearts were softened, the older members refreshed and invigorated, the younger ones led to enter into a fresh covenant with the Lord to be more zealous in His cause for the time to come than they had been in the past; and the careless were aroused out of the stupor into which they had been lulled by the enemy of their souls, and were led to exclaim, "What must we do to be saved?" Twelve have joined our church there, and we have four others in the village who have joined without any special effort whatever, but solely through the ordinary preaching of the Word of God.

Our financial returns, in all human probability, would have been far in advance of what they were last year, or even now are, if there had not been such a continuous succession of early frosts, together with an almost uninterrupted drought; but both causes combined have left the farmers in this locality, with few exceptions, without bread for themselves and without fodder for their cattle. Hence it is no wonder that though we are a little in advance of last year with regard to our subscriptions towards the Missionary enterprise, and some of our connexional funds, there is nevertheless a deficiency in some others, as well as in the preacher's salary.

We commenced the year with a membership of 40, but, as already stated, though we got 16 new members, yet having lost 15 (7 having moved away, 2 having withdrawn, and 6 having been dropped), our present membership is 41.

WALTER'S FALLS.

We are happy to report progress in nearly every department of our work. Sinners have been awakened and converted by the "glorious gospel of the blessed God." Believers have been blessedly revived and sanctified by "the precious blood of Christ." A church has been built, debts have been paid, and the various Mission and Connexional Funds have been well sustained. We have on this Mission 4 Churches, a comfortable Parsonage, some furniture, a good stable, and only the small sum of about \$120 of debt on the whole. We have also a kind and obliging membership, who love our Zion, and who give the ambassadors of Christ a hearty welcome. After allowing for losses from all sources, we report 169 members, being an increase of 25.

ISAAC BAKER.

THORNBURY.

A measure of success has attended the endeavors of your Missionaries on this Mission during the year, illustrating the truth that God's strength is made perfect in our weakness. To God, then, let us give the glory.

The Stewards have generously supplemented your grant to the Mission, so that our material claims have been fully met. The contributions to the Missionary treasury are in excess of last year. Several hundreds of dollars have been paid on Connexional property. Sabbath-schools have been materially sustained. The ministrations in word and doctrine have been sanctioned by God, in the conversion of souls and edification of the Church. We report an increase for the present year of 54, and on the three years of 96. Spiritually the Societies generally are in health and growth.

We bear testimony that we have entered into the labors of others ; that we have been greatly aided by our colleagues and local preachers ; and that it has not fallen to our lot to labour among a people more loyal to the Church, more devoted to God, or more generous to bear one another's burdens than the hearty Wesleyans of the Thornbury Mission. We leave them with kindly and grateful remembrances, and we trust and hope that God will increase them more and more. Members, 304.

DURHAM.

In reporting this Mission, I must say I deeply deplore the moral and religious state of both town and country. When we renewed the tickets for the first quarter we found to our astonishment that out of one hundred and forty-six returned, there was not much, if any, over fifty who valued their membership sufficiently to stay for their tickets, not to speak of class-meeting. Seeing this, my very excellent colleague and I consulted what and how we should do, and went to work accordingly. The good Master so blessed our labors that over fifty professed to find peace by believing on Jesus. Twenty-six of these united with us in Church fellowship. As to our finances, we are much better than we expected. It is said that the dry weather and heavy frosts last summer will cause the year seventy-two to be remembered in these parts for the next fifty years. Many of our people are offering their farms for sale. May the good Lord have mercy upon the people, and give to them a better state of mind ; that to them the earth may yield her increase, and God, even our God, shall bless us. Members, 123.

PORT ELGIN.

We are happy in being able to report progress on this Mission. The erection of a neat brick Church in the village of Port Elgin, the Connexional Funds all in advance of last year ; congregations large and attentive ; two large Sabbath-schools, with good libraries and an efficient staff of officers and teachers. Sinners have been converted and believers quickened. Raised during the year for all purposes over \$1,100. Members, 100.

J. HILL.

PAISLEY.

Emigration has made a heavy drain upon our membership and resources during the past year. Nine families have removed from among us. We have lost by removals, &c., 29 members. We have received from other circuits 9, and on trial 30 persons. We report an increase of 5.

A part of the parsonage debt has been paid, and measures have been taken to cancel the balance during the coming year. A commencement has been made to furnish the parsonage premises.

Our congregations have been comparatively good ; that in the town, crowding the Church.

Our Quarterly Official Meeting has unanimously requested the appointment of an additional laborer to this field, with a strong conviction that although such a measure may involve a temporary increased outlay of Missionary money, yet, eventually, and not in the distant future, it will prove to have been a wise and profitable investment spiritually and financially.

Our present membership—On trial, 13 ; full members, 132 ; total, 145. N. S. BURWASH.

CHATS WORTH.

Through the abundant mercy of God we have been sustained amid the anxieties of another year of Missionary labor, and with gratitude are enabled to report some advancement in the things pertaining to the kingdom of God.

Our claims have all been met, and there is an encouraging increase in all the Connexional Funds.

At Wilkinson's appointment, where we have now an enterprising and prosperous class, a very eligible site has been obtained, upon which we intend erecting a church during the coming summer.

A very successful meeting was held in the fall at Harrison's appointment, resulting in the conversion of over fifty souls—nearly all of whom are still holding on their way.

The Lord has graciously visited the people at Shiloh church, where 13 have just been received on trial for membership.

At the February Quarterly Meeting a committee was appointed to make arrangements for erecting a parsonage. A considerable amount has been subscribed, and the contract would have been let but for some difficulties connected with the site, which we hope soon to have removed.

During the year several of the children of God have been led to cry with the psalmist, "Create in me a clean heart, O God ; and renew a right spirit within me." Their prayer has been answered, and others are hungering and thirsting. Oh ! that we may fully realize the importance of the work committed to us, viz., of spreading scriptural holiness throughout the land. Members, 163 ; on trial, 19 ; total, 178.

KEPPEL.

In reviewing the year now closing, we are unable to report tokens of progress ; we have barely held our own. There is no change for the better from the condition described in our report of last year. The oppressive drouth of last summer ; bush fires consuming the buildings, fences, and crops of some of our people ; and the scant crops generally, made hard times, and had much effect on both the disposition of the people and their ability to labor with or to sustain their preachers in special efforts.

It was not without difficulty and hardship that we could keep up our regular work. In the first part of the year a few were added to

With gratitude to the Great Head of the Church we present this report. In every department of the work God has owned our labors and crowned them with success. During the year, 108 persons have given in their names to be received on trial for Church membership. However, after deducting for removals and for those who have been dropped and who have withdrawn, we report a net increase of Church membership of 40. Two Wesleyan and three Union Sabbath-schools are well attended and are doing a good work. All our Connexional funds are in advance of last year. With care and judicious management this will be a pleasant field of labor. Members, 180.

In reviewing the year now closing, your Missionary acknowledges with gratitude to the great Head of the Church the success which has attended the ministrations of the Word on this portion of the great vineyard. It has, for several years, been comparatively an unproductive soil; but the seed sown has at length, in the language of Scripture, "taken root downward and borne fruit upward," yielding a harvest of

twenty-seven trophies of grace, which, it is hoped, is but an earnest of a yet richer harvest unto eternal life.

We report an increase in our membership of twenty over that of last year, after accounting for a loss of twelve by removals, death, and expulsion.

The loss of one of our principal appointments, which at last Conference was annexed to our Angus Mission, has had a depressing influence on our Connexional Funds; but through the praiseworthy efforts of our indefatigable collectors there has been an increase of thirteen dollars in our receipts for the Missionary Fund. Members, 130.

ISAAC GOLD.

COLLINGWOOD.

Through the Divine blessing upon us, the year has been prosperous, spiritually and financially. Congregations have fully justified the effort put forth to erect galleries in our church. Our Church members have largely increased in number. The tone of piety is higher. Circuit and other funds are largely in advance of any previous year. The comparison between present returns and those made three years ago, stand thus: In 1869, members, 50; in 1872, 173. In 1869, Connexional Funds, \$12.30; in 1872, \$44.80. In 1869, Missionary contributions, \$38.22; in 1872, \$102.25.

Thus the membership has more than trebled, and the Connexional Funds have increased in almost equal proportions. The Circuit Funds, and other means of ministerial support, have had a proportionate advance, and it was only the fear of a re-action, and a consideration of the large amounts being paid for church improvement and upon the new parsonage which prevented the Quarterly Official Meeting asking for an independent relation.

The parsonage, which cost \$1,650, has still a debt of \$800 upon it, which ought to be paid within the next three years. There is a debt of about \$400 due upon the church, incurred, mainly, in giving increased accommodation to the very excellent Sabbath-school.

The Sabbath-school has increased year by year until it ranks first in numbers, if not in efficiency, amongst the schools of our Church in the towns of Canada.

From an undesirable outpost, Collingwood has risen within the last few years to be one of the most desirable stations in our Conference. The large expenditure of Missionary money made upon it in former years, will be soon and fully returned; while this post will beckon forward the advancing columns of the elect hosts to the subjugation of the outlying territories beyond.

FRANCIS BERRY.

ORILLA.

In this beautiful and rising village, whose enterprise and rapid extension is equalled by few in the Dominion of Canada, we rejoice to report the continued prosperity of the Wesleyan Methodist Church.

Our congregations are increased, and already more than recompensed the spirit of generous enterprise in which a small, feeble number of our members undertook the erection of the elegant brick church which was opened two years ago.

Our membership is multiplied, and a spirit of deepened piety, as evidenced in their religious experience in the class, attests the presence of the Spirit of all Grace. In the country we have taken up two additional appointments during the past year.

The village is taking initiatory steps toward becoming a self-sustaining circuit.

We give thanks to God in the retrospect of a year spent amid kind and prospering Christian associations. Members, 138.

ROBERT FOWLER.

HILLSDALE AND PENETANGUISHENE.

Uniting these Missions last year greatly increased our labors and responsibilities, and with no particular advantage to the work. Our friends generally are dissatisfied with the arrangement, and which will only be limited in continuance. We opened two new Churches during the year. One completed, and with very little debt upon it; the other will be finished during the coming summer. Both erected in important localities; and by an increasing immigration our congregations are considerably enlarged. We are told that the past season has been one of the severest ever experienced in these parts. The summer was exceedingly dry, and crops very short. Winter set in early, with heavy snows, and of long continuance. The destruction in farm stocks exceeded anything we ever before witnessed. Many of our friends suffered heavy losses. Success here attended moral efforts put forth in the cause of Christ.

Held service with some 25 convicts in the Reformatory, of Methodistic predilections, in private rooms, once a month for the last half-year.

Although 19 members were set off to Vespra Mission, 4 deaths, and 1 withdrawn, yet the admission of 30 during the year enables us to report a small increase,—the removals from and accessions to us being about equal. Members, 213; on trial, 6. P. KER.

STAYNER.

The ecclesiastical year now closing has been on the whole, the most laborious year of my ministerial life. The Stayner Mission, as at present arranged, has a diameter of about 27 miles, with ten appointments situated considerably apart. My colleague has worked very harmoniously with me, and he has been well received throughout the Mission. We have not been able to pay the same attention to pastoral visitation as we would have done on a smaller field of labor, but we have not been left without marked tokens of the gracious approval of our Divine Master. Financially the Mission has had to provide \$150 for the claims of its own preachers over the returns of last year, and yet our Mission Fund is 40 per cent. in advance. We have received about 50 members on trial during the year, but by altering boundaries, removals, &c., we have lost nearly the same number. Thankful for God's favors in the past, we are hopeful for the future. Members, 242.

JAMES MATHESON.

ANGUS.

This Mission assumed its present form last Conference, by the addition of two appointments,—one from Barrie and the other from Vespra,—to what was for a short time known as the Angus Mission. It did not at the beginning of the year present a very encouraging appearance. The year however has been one marked by prosperity. In the ordinary services we have been encouraged by conversions and additions to our church. Special services held at Brown's were very successful. It is believed that nearly one hundred persons presented themselves as seekers of religion. At Root's, special services were also held. The church was greatly blessed, and a goodly number resolved to seek and serve the Lord. We have also spent some time in special services at Angus. We have received on trial about ninety persons. In financial matters we have increased rapidly. In almost all the funds of the church there has been a marked improvement. The amount contributed to the Minister's support in some cases has more than doubled that of last year, not falling behind in any. In the Missionary contributions there has been an increase at every appointment; in one case from \$40 to \$78, in another from \$16 to \$74, and in the case of three others the increase has been in a larger proportion. During the year an excellent parsonage has been built, the greater part of which is either paid or provided for. This being chiefly a lumbering country we may not expect our cause to assume that stability which characterizes it in places where the chief trade is of a more permanent nature. This year we receive from the Mission Fund \$297 60, and pay into the treasury \$255 17, being therefore only about \$60 of a burden to the Missionary Fund. Members, 150.

J. W. TOTTEN.

OSPREY.

The spiritual condition of this Mission has been very much improved. The Lord has graciously poured out his Holy Spirit upon the people. Believers have been built up in their most holy faith, and about 30 souls converted to God, most of them young people. After making up for all losses by removals, &c., we report 12 of an increase. Our congregations are good. Our Sabbath-schools are in a flourishing condition; 50 scholars over 16 years of age in 2 schools, and 24 of them meet in class.

Financially, we come somewhat below last year ; yet it is not for want of a willingness to contribute toward the support of the cause of God, but a want of ability, as it has been a very hard year in this section of country, on account of the drought and frosts which prevailed here last summer, so that many of our people are in very straightened circumstances. Members, 102 ; on trial, 18 ; total, 120.

WILLIAM TUCKER.

MUSKOKA.

Notwithstanding Morrison being set off last year as a separate Mission, the work is very extensive. Such has been the immigration to Muskoka, that it is absolutely necessary for it to be divided again, and Huntsville formed into a separate Mission,—even then it will be larger than it was two years ago. It is true that in some places the population is very much scattered, but there are several large settlements not visited by any minister of the Gospel. We have received numerous invitations, requesting us to take up appointments in those new settlements, which we could not possibly attend to. It is very necessary, and highly desirable, that a young man be sent to Huntsville, which is situated twenty-five miles north from Bracebridge, to which place there is a regular stage running twice a week. It is also very desirable that something more should be done concerning Port Carling, to reach the settlers in that locality, as the west side of Muskoka, Rosseau, and Joseph Lakes, are now being settled.

The past year has been one of toil and anxiety. Some little difficulties in the church had to receive considerable attention, which we trust, under God's blessing, have come to an end. It has been a trying year financially, owing to the long and protracted drought of last year, and in consequence the total failure of crops. Our appropriations did not meet our expenses ; and besides, we are considerably deficient in our salary. All the connexional funds are slightly in advance of last year, excepting the missionary money. Members, 142.

JOHN WEBSTER.

MORRISON

Was formed last year, consisting of six appointments,—five being taken from the Muskoka, and one from the Orillia Mission, with a membership of 24. The difficulties with which the people have had to contend have afforded them the opportunity of proving themselves true to Methodism. The connexional funds have been well sustained. For missionary purposes, there appears an increase over last year of \$53 12 for the same ground. There is now in contemplation the erection of a church at Gravenhurst, for which purpose a subscription is in motion, and a creditable amount already subscribed. After deducting three removed, two dropped, we return forty-six members.

BRUCE MINES.

There has been a great demand for men here lately, caused partly by the improved state of the copper market, partly by the erection of new works, and partly by the removal of many of our miners. This has been met by the influx of a large number, who are nearly all of that reckless class which is found too often in mining districts. Upon these it is very hard to make any religious impression, and their influence on our young people is very hurtful. I have, however, reason to think that many of them will ultimately be won for God, as they are attending the means of grace in greater numbers than formerly, and as some of them are growing serious. These things, combined with the effects of excitement caused by recent mineral discoveries on the North shore of Lake Superior, may partly account for the fact that in spite of earnest efforts we report only eight conversions. Thank God, some of them were signal victories. Twenty-four of our members have removed during the year, some of whom were amongst our most earnest workers; but we rejoice in the knowledge that they are working for God elsewhere, and that some of them are very helpful to our infant cause at Thunder Bay. Four have died in the Lord. The remainder continue faithful, with the exception of three of those reported as on trial at the close of last year who had to be dropped, and one who withdrew. Our financial state is encouraging, considering the number we have lost. Some of our connexional funds are in advance of last year, and the contributions of those outside the church to your Missionary's support have been larger than at any former time. On the whole, though we report a decrease of twenty, and have had great difficulties, we thank God and take courage. Members, 82; on trial, 4.

JOHN H. KEPPEL.

SAULT STE. MARIE.

Here there have been many things to cheer us. Most of the members have been faithful and true, and God has honored His Word by making it the power unto the salvation of souls. We report an increase of nineteen members, and some advance in finances. Through the thankfully received contributions of many friends in various parts abroad, about one-half the debt has been removed from our church. Allow us here to express our thanks for the valuable assistance rendered us in collecting by Miss Bethell, of London, and her sister of Toronto. Our personal burdens have been made lighter by the kindness of Mr. Gibbs, of Oshawa, Mrs. Keays and Mrs. Perkins, of Hamilton, and Mr. Ware and Miss S. Bethell, of London.

This Mission must rapidly rise to greater importance. Some new settlers are coming in; and doubtless when the good land and other advantages of the place are known, others will find a home here, and thus increase the necessity of properly maintaining our position. Members, 28.

E. S. CUREY.

PARRY SOUND.

The division of our work last year has been productive of much good. The necessities of our work imperatively demand another division this year, and we trust it will be followed with equally good results. God has graciously poured out upon us His Holy Spirit; and after allowing for deaths, removals, &c., we return an increase of one hundred souls. The four northern townships set off to be known as the McKellar Mission, pledge themselves, with \$150 from the Mission Board, to support a single man, and the Parry Sound Mission to ask no additional assistance from what they have received in the past. Members, 165.

S. TUCKER.

ROSSEAU

Was established last year; it has seven appointments, which extend from Humphrey to the Townships of Ryerson and Chapman, a distance of about fifty miles. It has been with some difficulty during the year that we have been able to supply the people with preaching, as we have but one local-preacher. To work this large field we feel the need of an ordained minister, with a young man to assist in the work. The Meganetuan and Ryerson need the services of a young man for the next year, who will act under the superintendent of Rosseau. A great number of people have moved in during the past year, and many more are expected this season. The Mission money expended here has not been lost. The Lord has prospered our labors, believers have been quickened, and a number added to our Church. Through much hard toil Brother Tucker has attended the quarterly meetings for the year. We have a frame church at Rosseau, and another of hewn timber in course of erection. On the whole the Mission, if attended properly, will make an inviting station. We have a growing church, and are still praying for the conversion of souls. Members, 50.

MANITOULIN.—LITTLE CURRENT.

Your Missionary was appointed to this new field at the last Conference. Much preliminary work has been done in fitting up a place of worship, the parsonage and premises, and a suitable boat for summer travel about the Island and the north shore opposite. Much of this work has been done by your Missionary with his own hands. During the year he has preached about one hundred sermons in English, and about forty in Indian. Some eight or ten, both whites and Indians, have been converted. We are praying, and ask others to pray, that many more may be converted and saved the coming year. Members, 14.

WE have nothing very special to report from this field of labor, not having seen that spiritual prosperity which we desired. We have a few very excellent families on the Mission who are liberal, but many of our members are poor and can give but little to the funds of the Church. Owing to the circumscribed nature of the Mission its progress to independence is likely to be slow. Members, 117. C. HAMILTON.

MANVERS.

With unfeigned gratitude we acknowledge the good hand of our God upon us in every department of our work. Our membership has increased from 134 to 212, Missionary money has increased more than fifty per cent. Sabbath schools have doubled in number.

We have been able to build a brick parsonage valued at \$1000, which is nearly completed. Debt \$150.

This field needs two men. There are eight appointments, and other ground might be taken up if sufficient help were granted. We think that a sufficient amount to pay the Superintendent could be raised if the grant from the Missionary fund were continued to help in paying a young man. J. A. McCLUNG.

CAMPBELLFORD.

THE Lord has graciously favored this Mission during the past year. After carefully sifting our returns, and filling all vacancies from deaths, removals, and backslidings, we report a nett increase of thirty-four in our membership.

Our finances generally are in a healthy state. Notwithstanding a large reduction in our Missionary grant, the claims of the Mission were met in full; and but for the removal expenses for the ensuing year, a resolution would have passed the Quarter Board, relinquishing further claims on the Missionary Fund.

Our Connexional returns show an encouraging advance on the past; our Congregations, especially in Campbellford, have largely increased; and the prospects of our cause on the Mission generally are of a most hopeful character.

The village of Campbellford is growing rapidly, and our cause there has grown with it, so that the enlargement of our Church, only about four years ago dedicated to the worship of God, presses itself upon us as an immediate necessity.

Altogether, we have reason to be thankful for the past and hopeful for the future. **Members, 155.** JOHN C. ASH.

HASTINGS.

A review of the labor on this field for the past three years gives occasion for thanksgiving. We have lived and labored in peace and with success. On arrival in Hastings three years ago there was no parsonage, and it was with much difficulty we obtained a house to rent. We leave a comfortable parsonage, beautifully situated, with only a small debt of about \$260. The trustees have also purchased three stoves. A beautiful organ has also been placed in the Church free of debt. We feel thankful to the Giver of all good for the great improvement in our cause in this village. Our Congregation is large and attentive. During our first year the village classes paid towards minister's salary \$92; this year \$197. The first year the whole Mission paid \$275 this year, \$391; and an advance to Missionary contributions from \$88 to \$151. During the year we held special services in Hastings, and we rejoice that we have seen the fruit of faith and prayer in the conversion of souls. During the progress of the meeting seventy-six persons united themselves with our beloved Methodism, nearly all of whom are still endeavoring to live a life of faith on the Son of God. We cannot close this report without acknowledging our indebtedness to

WARSAW.

THE year's experience and labor on this Mission is not wanting in its shady side, but still we feel grateful to be enabled to record any evidence of prosperity. The hand of bereavement has been painfully laid upon your Missionary family, in the removal by death of a beloved and only child; yet in the midst of sufferings as well as arduous toil, we have been encouraged by the comforting and supporting presence of our God and Saviour. The spirituality of our membership is not all that is desirable, yet in this particular, as in many cases, there is a manifest improvement. Some can bear testimony to the power of the blood of Jesus to cleanse from all sin, and many more rejoice in a clear and certain evidence of sins forgiven. The special services held at Warsaw were crowned with considerable success, about thirty having given their hearts to God and themselves to the Church. A good and suitable Parsonage has been purchased since Conference, for which a Connexional deed has been secured, and the largest portion of the purchase money provided for. The debt which remained on the Warsaw Church has been entirely cancelled within the year, and the organ within the church nearly paid for. At Grant's Church additional land was secured, an excellent shed erected, and the church property respectably fenced, all of which has been paid for. Our Connexional interests on this Mission are pretty well sustained. We have lost some members by removals, and many more have suffered excision for disciplinary reasons; yet after filling up deficiencies we report an increase of five. To God's name be glory for any success in the glorious vineyard. Members, 96. JOHN W. WICHER.

BOBCAYGEON.

The interests of Methodism on this large and important Mission have been sustained and advanced during the past year. The preaching services have been maintained with regularity, and a very encour-

aging degree of interest has been manifested in hearing the Word of Life. In the village, where there is circuit preaching twice every Sabbath, the congregations have considerably improved. Classes that had not met for months have been reorganized, and are now meeting regularly. Several weekly prayer-meetings have been kept up during the whole year. Upwards of fifty have professed conversion to God, and have connected themselves with our church. In short, our work on this field of toil was never in a healthier or more prosperous condition than at the present time. Members, 225; on trial, 5; total, 230; increase, 30.

WM. R. PARKER.

MINDEN.

This Mission extends to five townships, its extreme length about 45 miles; we have nine Sabbath and two week-night appointments. Several members with families have removed during the past year to other parts.

Part of the Mission is on the Free Grant District. Soil sterile, rocky, and piny, and intersected with lakes and rivers. Some of the families are migratory, causing a fluctuation in membership.

We have endeavored, through the good providence of God, to attend regularly to all the appointments, and we trust the good word of God, accompanied by the gracious influences of the Holy Spirit, has not been spoken in vain. Members, 73.

J. HISCOX.

FENELON FALLS.

We have nothing very strange or striking to report in connection with the work of God during the past year on this Mission. To say that we have had toils, difficulties, and losses, is what all may say. However, with devout gratitude, we record that we have been blessed with peace, brotherly-kindness, and encouraging success in all departments of our work.

Aided by our excellent local-preachers, the Word of Life has been regularly, and we believe faithfully, preached at each appointment, and not without tokens of the Divine presence and blessing. Six classes meet regularly; and the Sabbath-schools are doing a good work. We must not omit to mention that we had a refreshing outpouring of the Spirit in connection with special services at Fenelon Falls; and thirty persons, who professed the happy experience of sins forgiven, united with us in church fellowship. Notwithstanding, we are compelled to report a decrease, owing principally to two causes: 1st. We have lost 22 by removal; 2nd. After the great and genuine revival of last year, by which the membership was nearly doubled, it was found needful to use the pruning-knife, and thus our numbers were further reduced to 17. We rejoice over the faithful still in the fold, and go forward trusting for new strength to meet new duties, and hoping for richer blessings during the coming year. Members, 130; on trial, 6.

COBOCONK AND BOLSOVER.

Of this Mission we can say if there is not room for boasting there is for gratitude to God that he owned our feeble efforts to advance his cause. Ordinary and special services, seasons of such hallowing and quickening as to renew and establish believers, and convert sinners. We can speak of zealous members who feel a pleasure in advancing the interests of Zion, and training their children in the same way. The fires and drought of last summer made many of the members unable to meet financial claims. We have many friends here who demonstrate their wish to enjoy our ministration by a liberal support of the Mission Fund.

We have fifteen appointments, increasing audiences, and a favorable prospect. After making up for 13 removals, 4 dropped, and 4 deaths, an increase of 4. Members, 126. W. SUTTON.

HAVELOCK

Mission embraces the township of Belmont, and a part of Methune. We have eight preaching places; five Sabbath and three week-day appointments. When your Missionary arrived on this Mission, a sad state of things was existing. Blairton Society, the most important one on the Mission, was disorganized, and the interior of the Mission forsaken. In the name of the God of Missions we commenced our work; preaching, visiting the people, reconciling differences, reorganizing societies, conducting special services, instructing the penitent, encouraging the believer, visiting the sick, and performing other duties belonging to the Christian ministry. With devout gratitude we record our labor "has not been in vain in the Lord." Souls have been converted to God, believers quickened by the Spirit, and manifestly a deeper interest felt by the people generally in the ordinance of the Lord's house. In the village of Blairton we were blessed with a very gracious revival, resulting in the accession of several valuable members to the Church. Our congregations are exceedingly large; the attendance on the class and prayer-meetings encouraging. Our Sabbath-schools have been efficiently sustained, and promise to be useful auxiliaries. The prospects of this Mission are encouraging. An additional preacher is very much needed, if the means can be afforded to support him. The Mission is too large for one to cultivate properly. The people in general are poor, but they need the Gospel. At three of our appointments we cannot give Sabbath preaching. We have suffered through removals, and many who were returned as members last year we have been compelled to drop. Members, 99; on trial, 25. We report a small increase. T. W. GLOVER.

HALL'S BRIDGE

I am happy to say that during the latter part of the year the attendance on the means of grace has increased, earnest attention

been given to the Word of Life, and a good influence has rested on the people. The debt on the Wesleyan Church has been paid off, but not without some difficulty to the trustees. Also, there has been a well dug for the benefit of the Parsonage. Two have died; eight removed; three dropped. Members, 29; decrease, 13.

DAVID HARDIE.

CHANDOS.

At most of the appointments the people hear the Word gladly and attentively, and express a willingness to do all they can for the support of the Missionary in their midst.

Besides attending to three Sabbath-schools and four Sabbath appointments, that were in operation when we came to the Mission, we have taken up two new appointments, from which we hope much. One of these appointments is near the headwaters of the Burnt River, in the best and most beautiful locality in the Free Grant District.

The settlers are principally children of Methodist parents, and they are still anxious to hear the Gospel from the lips of the Methodist Missionaries. I preached to them a number of times, organized a class of six members, all rejoicing in a Saviour's pardoning love; and their most anxious desire is, that the Missionary may continue to visit them.

A site for a church, and all the lumber that will be required to build it, are offered. This Mission suffers much for the want of an ordained minister, as it is a very difficult matter to get the Quarterly Meetings attended to properly, and there are whole families yet unbaptized. Having to drop 13 names from our class-books we report a decrease of 6. Number of members at present, 36.

THE Lord has granted us some measure of success, in that several have been the subjects of saving grace. This, together with several acts of kindness, has strengthened our hands and encouraged our hearts. ceived into church fellowship, seventeen removed, eleven dropped, leaving as a result a decrease of fifteen. Present membership, 133. As to finance, the connexional funds are a little in advance of last year. The minister's support is also a little more than last year. We have found it rather difficult to raise funds this year by reason of the short crops. The average attendance on public worship is very good. The Sabbath-schools, five in number, are in reasonably good working order.

J. C. OSBORNE.

FLINTON AND ADDINGTON ROAD.

We have cause of thankfulness for the measure of progress made in the extension of this work. We have added thereto three monthly appointments, which have yielded well financially. In this we have an evidence of the appreciation of the Gospel. In these back wilds we enjoy much pleasure in proclaiming the Word of life to its scattered inhabitants. Our finances are all in considerable advance of last year. During the year eight have removed, four were dropped, and two have died. Our present membership is 58.

W. NORTON.

L'AMABLE.

This is a very extensive field of labor, comprising parts of eight townships. During the year, on account of the great amount of work to be performed, it was found necessary to employ Brother Henderson, whose abundant labors were very much required and appreciated amongst the people. The spiritual condition of the Mission is very encouraging. All the means of grace have been well attended, and we have not been without tokens of the Divine presence. We held a revival-meeting during the year at one of our appointments, at which a goodly number found the pearl of great price, and was made to rejoice in a pardoning God. Financially the people have done exceedingly well. There are two churches in course of erection on the Mission. We have eleven Sabbath appointments, six Sabbath-schools, three of which are Wesleyan and three Union. Members, 81.

A. B. HAMES.

DENBIGH AND MATAWATCHAN.

This Mission field—although very extensive already—ought to be enlarged, and another missionary sent, or another field formed adjoining it, as there are miles of territory surrounding that have been out of reach of your missionary, from which requests have been made by the settlers to come and labor among them. This field in the future is likely to become more interesting, in consequence of the greater inducements now held out to immigrants to occupy the free grant lands, and also on account of railroads now in contemplation. The Word of life being carried to the lumbermen in their shanties during the past winter has added to the interest of the field. A place of worship is

very much needed. Our people have not one on the Mission, nor are the settlers able yet to build one. We still report the Lord's work prospering. Many are able to testify that Jesus saves from sin; others are seeking this higher life; some have been added to the church. Members, 67.

WILLIAM COOK.

MAYNOOTH.

In the alteration of boundaries at the last Conference, Maynooth Mission was left with twenty-five members. We entered upon our work with an eye to the glory of God and the good of souls. We filled up our quarterly board as best we could, hopeful prospects were before us,—but no sooner did the snow begin to cover our earth than our men left us for the shanties, leaving no conveyances for those who remained at home. Soon our congregations became very small, but we labored on at God's command, and offered all our works to Him. Our quarterly meetings have been seasons of great spiritual comfort. The Mission is now hopeful for the future. We labor under some disadvantages for the want of preaching-places, as there is but one school-house on the Mission. We have seven places where we preach. We have two removals, one member was dropped, and we now return 26,—increase, 1.

J. P. R.

BRUDENELL AND BARK LAKE.

During the past year the appointments on this Mission have been regularly filled. The attendance on the preaching—on the whole—good, and the preaching of the Word not without effect. In the winter I visited and preached in many of the lumbermen's shanties, to Protestants and Roman Catholics, and I trust with profit. If it was not for the liberality of the shantymen our missionary subscriptions would be small, owing in a great measure to the number of removals from some of our appointments. In visiting the shanties I came across a Welsh family, a man and his wife, living alone on an island, who had not heard the Word of life for fourteen years. The man had been notorious for wickedness. I visited them at their home, read to them the Word of God, and prayed with them frequently, when they were enabled to "behold the Lamb of God," and rejoice in a knowledge of sins forgiven. All who formerly knew them, seeing the great change in them, take knowledge of them that they have been with Jesus. Some of the difficulties which we have to contend with here arise from the length and coldness of the winter, and the extreme badness of the roads during the spring, summer, and autumn. The membership is small,—two removals, one death, one dropped, leaving a membership of 18.

BATTERSEA.

By the providence of God we have been sustained in the arduous toil of this Mission; fire and water have been in our path, but the Lord of Hosts has defended his people. Ten weeks of special effort, with much anxiety and care, have been added to the routine of labor, and the paucity of the result will be no surprise to those acquainted with the forbidding circumstances of our case. It is rather a matter of wonder that the cause of God is not a complete wreck. Class-meeting has not been appreciated by this people so as to know the life and power of grace divine; but the merciful Lord has been good to us. Our numerical increase is 6; finance is yet low, except the Missionary list, this is in advance. We thank the Lord, and take courage. Members, 66.

SAMUEL FEAR.

GANANOQUE.

We are thankful to report progress on this Mission during the past year. Our congregations in Gananoque have increased, the local means of grace have been better attended, and our Sabbath-school is in a very efficient condition. The display of liberality in connection with the building of our new church has been remarkable. The large sum of \$3,500 has been paid to the Treasurer of the Building Fund since Conference, while all other funds have been amply sustained. Our prospects for the future are full of hope and encouragement. Members, 90.

WESLEY CASSON.

PITTSBURG.

There has been a steady and constant improvement in the spiritual and financial interests of the Church. Both in the public and social means of grace God's spirit has been vouchsafed, His presence experienced and enjoyed, so that a goodly number of young men and women, also some children, have been converted and restored, and the people of God improved in their spiritual life. One church is in progress in the Township of Leeds; other church property has been improved, three hundred dollars of debt on the parsonage have been paid, while

the total of money raised for church purposes amounts to thirteen hundred and fifty dollars. Five Sabbath-schools are efficiently worked, three of which are kept open the year through, and have been made a blessing to the young people. The people have manifested a commendable spirit of Christian liberality in sustaining our connexional interests, neither have they been lacking in kindly sympathy and material help towards those who have ministered unto them in spiritual things. Members, 171.

WILLIAM BRIDEN.

CENTREVILLE.

The past year has been one of severe and continued domestic affliction, consequently I have been able to do but little more than keep up the stated appointments. Yet our Connexional Funds, though small, are all—some of them comparatively considerably—in advance of last year. Our congregations are good. We are at peace, but greatly need awakening and converting power. Members, 127.

E. L. KOYL.

HARROWSMITH.

For some years the labors of one minister have been spread over thirteen appointments. Of necessity our cause was but feebly sustained. Three of these had been given up. A school-house where we preached was totally destroyed by fire, so that we have nine appointments in Portland and Loborough. The township of Hinchinbrook is now wholly in the hands of others. The same must be said of the rising village of Sydenham. We have four Sabbath appointments; three week-night, and two Sabbath and week-night alternately. In each of these places we have a few devoted, faithful souls, who hold on their way amid fightings and fears without and within. The power of the Almighty is needed to destroy opposing influences from the world and Satan, while it needs the power of a John the Baptist to cry, "Prepare ye the way of the Lord!" Members, 120.

W. SHANNON.

TAMWORTH.

By the assistance of Divine grace, I have been enabled to preach Christ to some of our people and others on this Mission during the past year; but opposing influences are of such a nature as to have largely hindered the truth from taking effect. I still hope and pray that the good seed sown (though it be in weakness), may be watered by showers of Divine blessings, and yet bring forth some fruit.

During the year two members have died in the faith, seven Methodist families have removed from the Mission, in all 18 members; 2 have withdrawn, 18 dropped; on trial, 2; leaving the membership at present 120.

God has evidently been with us, and blessed us in our labors. We have succeeded in establishing another Sabbath appointment, where we have a class of nearly 20 members. Financially our people have done nobly; we return a clean sheet. All our Connexional Funds are in advance of any previous year, and we have on hand at present, nearly sufficient funds and materials for the completion of the Arden church, and are only waiting for a workman. Membership: 34 received; 3 removed; 1 died; 2 withdrawn; 3 dropped. Present membership, 60; on trial, 1; total, 61; increase, 25.

CORNWALL.

OUR congregations have steadily improved, the Connexional Funds have been well sustained, and the Parsonage debt entirely liquidated. We have now one of the best Parsonages in our work free from debt and comfortably furnished.

During the year the Church has been much quickened by the Holy Spirit, and quite a number of precious souls have sought and found Christ.

Our Sabbath-school interest has been largely increased, and promises well for the future. Prospects in Cornwall were never so bright. We trust that the leaven will continue to work until the whole lump is leavened. We report an increase of 25 on the membership, which is 70.

W. C. HENDERSON.

AVONMORE.

This Mission was divided last Conference. We commenced the year with 75 members on the register, five of whom left to join another denomination. We have had two removals and one death. The Lord has been pleased to give us some success. We report our numbers as—4 on trial; members, 80; total, 84. No church on the Mission. We have preaching in private houses. Six appointments. I am thankful to God that our friends are making an effort to build one at Graham's branch, 26 by 36, and one at Alexander's branch the same dimensions. The great want of the Mission is a church at Avonmore, the head of the Mission; and now when we have the most members—it has been talked of for years—hope it will not be long delayed. The first two churches are intended to be opened for worship this fall. Congregations good, but will be much increased when the people get places to worship in.

GLEN TAY.

IN reviewing the three years now closing I find many things for which to be thankful. They have been years of steady labor, and God has graciously blessed us with some prosperity. The first year we made very gratifying progress in every department of the work. The second began as auspiciously as the first had just closed, but ere it ended our efforts were crippled and our success was greatly retarded by the disastrous fire mentioned in my last report. This year three of our five appointments have exceeded any former year; but the depression growing out of last year's fire at the village of Glen Tay has continued, and even increased, so that some of the brethren have been obliged to leave their homes to seek employment; and several families have removed entirely. The result has been that notwithstanding the very praiseworthy efforts of the brethren, our congregation, our membership, and our finances at this appointment are less than last year. The heavy drain upon our membership by removals keeps us from numerical increase, and retards our finances very considerably. Our people are few in number, and located in the midst of a population almost the whole of which is connected with some church, so that our sphere of labor is very circumscribed; and yet it is cause for thankfulness that under these circumstances, and despite the constant emigration of many of the young people of our families, we are able to maintain our membership and congregations with so little fluctuations from year to year. We have two very efficient Wesleyan Sabbath-schools where, three years ago, our people were connected with union schools; and a third school is kept open during the summer season.

Our congregations continue about as usual; and our finances, considering our circumstances, are improving. Members, 76; on trial, 4; total, 80. B. ROSE.

MABERLY.

We rejoice that while we have gone forth sowing the good seed of the gospel, it has been watered from on high, and some fruit has been seen. In enforcing the rules of the Discipline, we found it necessary to drop twenty-four; but by the blessing of God others, who had become negligent and had backsliden, have been awakened and reclaimed. The Mission has suffered much during the past year by removals. At one of our appointments, where we have had regular preaching, all the members have removed from the Mission. unfaithfulness of some and removal of others, this Mission is not without its hopeful signs for the future. Our congregations have considerably increased, and there has been manifested tokens of the presence of God's Spirit. At Maberly we have organized a bible-class. Considerable interest has been awakened, and we think it will be a special benefit to the young.

The people have been very kind to your Missionary, and have given many tangible proofs that their love for God's cause does not consist in mere profession. Members, 48; on trial, 10; total, 58.

PLAYFAIR.

I have been greatly encouraged with this Mission as a whole. It is in a healthy state spiritually, and financially it is doing very well. The contributions for the support of the resident Missionary have been increasing yearly, and the amount subscribed to the Missionary Fund is far in advance of what it was before we came to the field. It would pay well, in my estimation, to have two Missionaries living and laboring here instead of one. The whole field is 50 miles in length, including six townships. Members, 83.

FITZROY HARBOR.

Though not favored with special revival influence, we are enabled to report a favorable state of things on this Mission.

We have this year again a net increase of members, and an encouraging advance in all our funds. Our people give good proof of their attachment to Methodism, by their attendance on its various means, and their increasing contributions to its support.

Our last Quarterly Meeting was a time of the Lord's presence. Several, while happy in God, expressed a deep anxiety for the salvation of the unconverted. We are hoping and praying for the awakening and saving power. May it come speedily to this people! Amen. Members, 51.

We have witnessed many clear conversions on this Mission, and many of the members have made perceptible advancement in the Divine life. After removals &c., we report a net increase of 10. Thirty-

seven have been baptized. Calabogie Mission, which was left last Conference without a supply, has been visited occasionally on weekdays—only occasionally—for it is a two-days' journey from Renfrew, going and coming.

On the 18th of May, the Rev. J. C. Slater, Chairman of the District, laid the foundation-stone of a new brick church at this place, which will cost about \$2,000, and which, we hope, will be finished this summer. An attempt was made a year ago to build this church, but we were prevented from accomplishing our object by two hindrances, viz, the difficulty of getting material and the intention of a railroad company to make a track across the property. Members 44, and 10 on trial,—54.

ALICE.

The work of God has not prospered as I could have wished during the year that is now ending; there is, however, some spiritual life and signs of prosperity. One great hinderance to spiritual growth is the lumbering operations, in which a number of our people engage; they have a vitiating influence upon the community generally, and many thrown into the society of the ungodly for months together, and distant from the healthful influence of home and the house of God, suffer serious spiritual declension.

I have made several visits to Golden Lake, about seventeen miles from Eganville, and was the first Protestant Missionary to preach the Gospel to the settlers. On my first visit I baptized ten children. The congregations have been good.

With thanks to the brethren, and friends generally, for their Christian kindness, and above all, gratitude to God for health and strength for the prosecution of my labors, I close my three years' toil on this Mission. Members, 60.

WILLIAM SANDERSON.

ONSLOW.

This Mission has been visited with showers of Divine blessing. We held a series of special services which resulted in the conversion of many precious souls, several of whom, being connected with other branches of the Christian Church, did not unite with us. Nevertheless, we are gratified to know that the influence of our Church for good is felt beyond its own pale. After accounting for losses, we report an increase of thirty members. We have succeeded in erecting a comfortable parsonage with out-buildings and fences complete. The proper steps have been taken, and most of the rough material is on hand, for the erection of a church at the North Onslow appointment. Members, 116.

I came ex-
ively to the

French work ; but to my surprise I found an English Mission extend-
ing almost twenty miles, with a few French Protestants at the extreme
end. But the work of God amongst the French has prospered, and is
delightfully progressing. I have generally spent a portion of time once
in two weeks for their profit—that is to say, those who attended the meet-
ing—and in conversation with those who met at Mr. Richards'. Those
who have been brought to the light are active in the glorious work.

I visited two shanties and conducted the worship in French and
English. The spirit of God was evidently present. They not only ex-
press their thanks by giving the most profound attention, but by
handing me the sum of twenty-four dollars and fifty cents.

The Hon. G. Bryson has given us two lots in the village of
Havelock, on which we have erected a house 24 by 30, and have
it partly furnished. There have been about \$600 subscribed. The
house is not thoroughly finished, but we have spent a comfortable
winter in it. We have a debt of a little over three hundred dollars
to meet. There are a few French in the village, and hundreds
passing to and from the lumber regions, which gives us an opportunity
of scattering the seed of eternal truth to that neglected part of
the human family. The English part of the work has some bright and
encouraging spots. To God be all the praise. Members, 81.

WE now have harmony throughout the Mission, with considerable
increase in our congregations, a fair prospect of prosperity, and a
spiritual growth in our membership. We have had good encourage-
ment in the midst of much opposition ; but at the close of the year
find that, after deducting from our ranks several removals and two
expulsions, we have no decrease, and all our church funds are in
advance of last year. Members, 64.

BELL'S CORNERS.

The dissatisfaction existing at the commencement of this year,
caused by the union of Bell's Corners and March, has ceased ; and other

difficulties having been removed, peace and unity now prevail. The erection of three new churches has been commenced during the year. Special services have also been held, the result of which has been most gratifying. The people on this field will not recover from the loss of the "great fire," until the end of two or three years, when they will again take an independent position, and therefore will not need any longer support from the Mission Fund. The Connexional Funds are much in advance of last year. Members, 218; increase 2.

LONG ISLAND LOCKS.

Though this Mission is wholly in the township of Gloucester, yet for the want of cross roads the journeys are long. There are now six Sabbath and one week-night appointment. We have also weekly service in the church at the Lock. The Sabbath-school returned last year is now made a union school; the majority of the children being of the Presbyterian Church. From different causes, as death, removal, withdrawal, &c., there is a decrease in the membership. We can now return but 93. Average attendance of congregations, 260. The finances of the Mission are about the same as last year. The spiritual state of the members on the Mission is not so healthy as it should be.

S. DOWN.

OSGOODE.

In closing my labors on this Mission, I can review the past with a degree of pleasure. We have peace in all our borders. Indications of prosperity manifest itself at some of the appointments. Our membership is slowly increasing; and our people are generally reliable and liberal. Many tokens of their good will have been received during my stay with them, and among such a people I would willingly live and die. The three years spent on this field have been the happiest of my life. As a Mission, it is deserving of liberal support from the Missionary Society.

We have had 10 removals; one death, and one dropped; but are enabled to return as our present membership, 109.

JOSEPH H. CHANE.

BEARBROOK.

A review of the past year furnishes abundant reason to "thank God and take courage." Some who previously had been "halting betwixt two opinions," have joined with us in church fellowship, though a preponderance of removals and deaths compels us to report a decrease of four. Our Parsonage has been rendered very comfortable by the purchase of additional furniture, and only want increase of the promised baptism from on high to render this Mission truly successful. GRENVILLE.

The geographical features of this Mission demand the labors of two ministers that it may be worked successfully, and possibly greater good might be accomplished. Your Missionary cannot reach some parts of the work but once a month, and with this some of the people are not satisfied, consequently are anxious for a man on the back part of the Mission, that he may live among them and perform all the offices of a minister. The past year has been a time of severe trial, yet through the mercy of God we have been able to keep up the interests of the good cause of God and Methodism. The class-meetings have been kept up, the Sabbath services well attended, the finances show some improvement, and some interesting conversions of poor sinners to God have occurred. Members, 60.

JAMES NEWBATT.

THURSO.

This is a rather discouraging field. The Roman Catholic population is very large, and the Protestants are divided into four denominations—the Presbyterians and Baptists being the more numerous and wealthy; hence our congregations are small. Nevertheless we have some fast friends. Your Missionary has been shown no little kindness, and a large amount has been contributed for our Missionary Society. During the year special efforts have been made in two neighborhoods, by which a few professed to be benefited. We report 2 withdrawn, 3 removed. Members, 36.

R. NEWTON ADAMS.

NORTH WAKEFIELD AND TEMPLETON.

This year finishes our triennial period with the North Wakefield and Templeton Mission. We commenced the year somewhat gloomily, so far as the religious state of one part of our field of labor was concerned. Happily, however, the work of the Lord has been revived, and a measure of success vouchsafed to our Zion. We look back upon the year as troublesome but successful. If I may be allowed to particularize certain places, I may say that at the Pasche and the Cascades, Methodism has gained a firmer hold, and the tone of piety exceedingly improved. Notwithstanding three deaths, eleven removals, and five withdrawals, we report 145 full members, and 19 on trial; total, 164; being an increase of 7.

SAMUEL TEESON.

AYLWIN.

The past year has been one of arduous toil, interspersed with clouds and shadows, caused principally by personal and family afflictions, which resulted, in one case, in the death of one member of my family; yet the Lord has graciously sustained us in our work, and caused us to triumph. I have been greatly blessed in my works, especially so in my pastoral visitations. As I have gone from house to house and united with the brethren and sisters in prayer and praise, I

realized more than ever what the Prophet meant when he said, "The wilderness and the solitary places shall be glad for them." The Mission having been so thoroughly worked by my earnest and active predecessor, with revival services, I have not engaged very extensively in these means of grace; but those held were owned and blessed of God. We have nine Sabbath appointments, and three comfortable churches—one of these built this year at Kazabazua—the fourth one is in course of erection, which will cost about one thousand dollars, of which amount we have seven hundred dollars in good subscriptions. We have a full Board of Officials, and they have a mind to work. We have peace in all our ranks, and prosperity. Members, 145. C. V. LAKE.

LACHINE.

THE Church at Lachine has been strengthened by a small increase of membership, and the congregation has been gradually growing in numbers and interest. At Cote St. Paul we have formed a small class, the members of which are regular in their attendance, and consistent in their lives. Thanks to a kind Providence and liberal friends in Montreal, we have in this suburban village a neat Gothic church, capable of holding between two and three hundred persons. The congregation is not large, but respectable and highly intelligent. On the whole the spiritual prospects of this Mission are encouraging, and give good grounds for hopefulness in the future. If judiciously and earnestly worked, by God's blessing, in four or five years it will become self-sustaining, and, moreover, a very desirable field of labor. Members, 20. T. COLLING,

ST. JOHN'S.

Nothing very special has occurred during the past year. Trials and mercies, the latter abounding, have marked our course, and assured us of our Lord's presence and ever-acting purpose to do us good. In consequence of eight removals and two dropped, we have suffered some loss in our small membership, still we are able to report within one of last year, having now sixty-four to sixty-five then. Our finances, especially—we regret to say, our Missionary income—have been affected by a visitation of Providence, the effects of which, so far as they are depressing, will, we trust, be but transient, when we hope to rise again to our former doings in this respect. The congregations have been uniformly good, and have many times been visited with gracious and moving influences from on high. Our people here live in great peace and harmony, and therefore bear an impressive testimony for God to the mass of Romanists who surround them.

JOHN BORLAND.

ORMSTOWN.

In closing our three years of ministerial labor here, we feel that we have abundant cause both for gratitude and hope. By the blessing of God accompanying our efforts to promote the interests of the Redeemer's kingdom amongst this people, we have been successful in surmounting various difficulties of no ordinary nature, which seriously beset our way on our first arrival on this Mission, and which continued to oppose us for a length of time after. Now, however, we may sing our song of triumph, as our foes are vanquished, and we have comparatively a plain and easy path before us. A good and comfortable minister's residence has been built, and furniture for the same amply provided, at a total cost of sixteen hundred dollars; while, on the whole, an increased interest is evinced on the part of our membership in all that relates to the temporal and spiritual welfare of the Church.

The connexional collections and subscriptions for this Mission have gradually and regularly increased during our ministry here. The prosperity of the Mission is seen, that, after deducting 8 removals, 1 death, 5 withdrawn, and 2 dropped, making a diminution of 16 in all from a membership of 70 as presented last year, we nevertheless report, after filling up these vacancies, a net increase of 5, thus accounting for the Mission at the present time a total of 75 members.

EDWARD HARRIS.

HUDSON.

Services have been held in each of our churches without any marked results. Emigration from this Mission is an annual drain on our Societies, yet those who remain are earnest Christians, liberal, and strongly attached to our Church. The average of their contributions to the Mission Fund is above one dollar, and for the support of their minister over four dollars per member. The Protestant population of Coteau Landing has decreased one-half within a few years, and will continue to diminish. There are now only four families attending Methodist service in that village. After making reduction by removal, by death, and other causes, we report 50 members in full connexion with our Church.

A. D. MILLER.

LACHUTE.—(No Report).

NORTH GORE.

This place has suffered considerably during the past year from removals, no less than 14 members, including 3 families, and 2 class-leaders, having gone to other parts; 2 have died, and 2 withdrawn, making in all a loss of 18 members. Although our congregations are generally good, yet owing to the want of class-meetings the state of the Mission is not all that it otherwise might be. There is, however, still much for which to be thankful, and reason to be encouraged. The debt on the new Church at Lakefield is nearly all paid, and will, it is hoped, soon be entirely wiped off. The people have come out nobly in support of the Ministry among them; and it is earnestly desired, and deemed advisable, that a young man continue to be stationed among them. Members, 93.

HENRY MEYERS.

NEW GLASGOW.

We are thankful to be able to report some progress for the year on this Mission, which is a somewhat trying one to the faith and patience of the laborer, from the comparative smallness of our numbers, and hinderances to the work found in the corruptions of Romanism and lifeless Protestantism around us. Our labor has not been altogether in vain in the Lord. We have, during the year, taken fourteen on trial; but the loss of membership from pruning and removals leaves us but little in advance of last year. All the means of grace have been well attended, and the spirituality of the members kept alive; the various funds of the Church sustained with an increasing liberality, and the circulation of the *Guardian* doubled.

If men could be sent who were able to labor among the French as well as the English, it would be a great advantage to the work of God, and hasten the religious revolution among the former already begun, and help to secure a position for us, when it takes place, such as we ought to occupy. It is with gratitude to God that we report the spiritual and temporal progress made during the year on this Mission. We have to report an increase in the Missionary Subscriptions, and also that the Connexional Collections have been doubled. Five members have removed, 3 have been dropped; yet we have to report an increase of 13. Members, 60.

RAWDON.

With emotions of gratitude to Almighty God we record some tokens of prosperity during the past year. After deducting for removals, members dropped for non-attendance, and one death, we report 70 members, and 10 members on trial. In financial matters there has been considerable progress. And when we take into consideration the number and circumstances of our people here, we believe we can safely say, "they have done what they could." Were it not for what we have lost here by emigration to the western part of the Dominion, Rawdon might have been an independent Circuit long ago; this, however, has left us weak in the past, and is likely to keep us weak in the future. The year has been one of anxiety to your Missionary, but it has been one of blessing. The financial state of our affairs has been considerably improved. We have had some conversions. We have commenced a weekly service and Sabbath-school at New Liverpool, seven miles distant from Levis. On every hand there are causes for encouragement. Our members are—on trial, 2; full members, 11; total, 13.

THREE RIVERS.

If we cannot report much prosperity, we have peace. Several removals have taken place during the year. Father Ginnis, an old and faithful disciple, has been called to his reward. These losses are severely felt, but amidst all these depressing circumstances our little congregations are strongly attached to Methodism, regular in their attendance at our preaching-services and prayer-meetings, and liberal supporters of all our funds. Our Sabbath-school is increasingly interesting. Members, 22.

MELBOURNE.

The past year has been one of great anxiety. It was matter of surprise and grief to find this old Mission so feeble in its piety and finance. However we are able to report larger congregations, the conversion of some sinners, and a deeper piety on the part of a few. Severe family affliction has in some degree interfered with our pastoral work. Our finances are not in so satisfactory a state as we would desire. We trust in God and hope for better days. Members, 196.

SHERBROOKE.

Your Missionary has passed through four months of severe personal affliction during the past year, and as a consequence the work has in some measure suffered. The uniform kindness, however, of neighboring brethren greatly served to lighten the burden, and help forward the work of God. The church and parsonage in town have both been improved; a new organ obtained for the church, and about one thousand dollars expended on these objects, while all the funds of the church have been cheerfully sustained. We have a kind and liberal people, but want the richer baptism of the Holy Ghost. Members on trial, 4; in full, 103.

SAWYERVILLE.

In the review of the work upon this Mission during the year now closing, we see cause for devout thankfulness. The public services of the Church have been well attended. The prayer-meetings and kindred means of grace are evidently growing in spiritual interest. The contributions to the Connexional Funds are liberal, and the claims of the ministers have been fully met. We have not indeed witnessed direct conversions; but the good seed we believe has been faithfully sown, and we expect to reap in due time. Members, 119.

The Missionary has cause for thankfulness to God for good health during the time he has labored on this Mission. The Sabbath services have been regularly maintained, and we have received tokens of Divine power, but a general revival has not been realized. This field is truly Missionary ground, but it is expected that the railway, now in course of building through the Mission, will so improve the circumstances of the people that, with the blessing of God and the aid of the Missionary Society, it will soon become an important field of labor. The work of the year began very favorably. By the labors of my predecessor, a huge debt had been entirely removed from the church. Such efforts deserve grateful remembrance, as we have found these chronic debts able to counteract much earnest work. We found a parsonage, on which we have paid \$150 during the year, and which we can call our own as soon as the balance of \$500 is paid. Though rather bare of furniture at first, some improvements were cheerfully made, and we believe our friends intend further improvements. We found opportunity to establish two Sabbath-schools, which have continued all the year with very fair success. We hope for longer and more regular attendance, and for heartier interest on the part of parents, especially those who profess Christ. The *Banner* and the *Lesson Leaves* have been a great help.

Cookshire
 ned report,

In September the Quebec District camp-meeting was held with very blessed results. I may bear witness to the earnest work, and the powerful and effective preaching of my brethren. Many were converted, about seventy presented themselves at the altar, thirty-seven joined the Church, although some belong to other Circuits and to other Churches. Three new classes have been formed. The faithfulness of those who have joined the Church is very pleasing, both as an evidence of conversion and a ground of hope for usefulness. When our youth shall have better educational privileges, we shall have more workers, and more efficient workers. We need very much three or four local preachers and as many exhorters, but have not one of either. Our prayer-leaders have been faithful and useful. Two additional prayer-meetings have been established. Few in the west know how constantly our young people are taken away by emigration. In one neighborhood where about fifty used to attend, fourteen of these, within a few years, have gone to the States. More than one-tenth of the membership have removed during the year. In this state of things this must long be Missionary ground.

Appointments, 7; prayer-meetings, 6; classes, 10; S. Schools, 4; Bible-classes, 2; received on trial &c., 53; died, 2; dropped, 1; withdrawn, 1; removed, 16; total members, 180; increase, 33.

NEW IRELAND.

At the close of another year on this field of labor, with gratitude to God we make mention of His mercies. We have had peace in all our borders, and very gracious influences have attended the services of the sanctuary, especially the prayer and class-meetings. A few have been received on trial, and some of our older members have obtained by faith the blessing of full salvation. Church building is progressing favorably, and steps are being taken to secure a suitable parsonage.

Though deeply humbled on account of so little fruit, yet we thankfully remember many gracious visitations during our three years' labor on this field, and in parting with a very kind people we earnestly pray that the Divine benediction may ever rest abundantly upon them.

We gratefully acknowledge the goodness of God as displayed in our behalf during another year. Midst anxieties, and delusions in some respects, the Lord has been with us and has quickened us. We have two Wesleyan Sabbath-schools, one at Ulverton and one at South Durham Station, that have been well sustained during the winter, and are now progressing in interest and efficiency. During the past year, 4 of our members have, we trust, gone to join the church triumphant, 11 have removed, and 4 have been dropped; 19 in all have left us; 19

PORT NEUF.

Of this Mission there cannot fairly be anything very encouraging reported, beyond some increased spiritual interest and improvement in congregations. Strong Church of England influence is exerted by needful aid to schools, so desirable to large families. A good many have to go to other places to work during the winter, and permanent removals continue to weaken the little company. Most of the Members are poor, and living widely apart. Family visiting and week-evening preaching in out-of-the-way places, are important parts of duty here. Members, 32.

METIS.

We have been graciously preserved during the long winter, which was very severe. Our Society is small, but regular in attendance. The Sabbath-school is in a healthy state. We hope to have \$30 very soon to replenish the library. Through the kindness and liberality of some friends in Smith's Falls, Brockville, Quebec, and Montreal, we have been able to get the Mission-house nearly finished and furnished, which will be a comfortable home for the minister and his family, and the means of establishing the Mission. In reviewing the past year we see much to humble us, and much to awaken profound gratitude to God. With renewed confidence in the church of our choice, and strong faith in Him who "doeth all things well," we cheerfully labor on, feeling confident that "in due time we shall reap if we faint not." GASPE.

We may report a growing interest in the minds of the people on this Mission in behalf of Methodism. And some who are not of our section of the church, bear pleasing testimony in its favor. We have been told by them, that it has done more since its introduction by the Rev. I. B. Tallman, to the suppression of vice and immorality on these coasts, than all the other teachers put together; however, there is still room for improvement. We have had some instances of quickening and saving power during the year. From one source and another we have succeeded in raising during our three years, \$357,—\$10 of which was a gift to the Gaspé B. Church, from the late Rev. Dr. Cooney. The above amount has been laid out in clap-boarding, painting, lathing, plastering, and improving the church and grounds. It will require about \$200 to complete the matter yet. Our membership is 64.

In cultivating this Mission field there is much to depress the laborer. Roots, not only of bitterness but also of doctrinal error, are continually springing up and choking the good seed. At all of the appointments except one, we have come into competition with the stated, and in some instances more frequent, services of Universalists and Millerites. The unconditional salvation of all men, the sleep of the dead, the annihilation of the wicked, and the denial of the personality of the devil, the obligation of the Sabbath, the divinity of Christ, and the deity and personality of the Holy Ghost, are openly and unblushingly promulgated. The worst feature in the case is that the priests of these "doctrines of devils" succeed but too well in keeping their adherents from worship conducted by Evangelical ministers.

While rejoicing in a goodly number of conversions, we report but a small membership, owing, in some instances, to others stealing the fruit of our labors, and in other cases to the prevailing prejudice against all Church organization.

There is no immediate prospect of this field becoming self-sustaining; and yet the destitution of sound religious teaching would be great should the Mission be even partially abandoned by the Society. We have preached to persons 15 to 17 years of age who had never attended a religious service.

During the last three years the parsonage has received some additional furniture, and has been painted inside and out; while our church has been papered, grained, and carpeted, and is now receiving a thorough re-painting outside. On the whole we can report advancement, great peace, and a growing interest and confidence in Methodism and her interpretations of the Scriptures which are able to make men wise unto salvation. GEORGEVILLE AND MAGOG.

In this centre of a populous country and many appointments are those who love Wesleyan Methodism and believe it to possess the best means for redeeming the spiritual wastes that mar, what is to sight, an inviting resting place. But beyond this neighborhood, higher and sacrificing motives must take the place that whole localities fail to furnish. Neither in attendance on religious services, nor liberality of gifts, nor sense of obligation, do we see signs of invitation or welcome. Nearly every house has its sufficient prophet or prophetess; but these in their numbers do not provide Sabbath-schools for the young, nor gather public congregations to render the creature's homage to his Master, nor hinder the desecration of the Lord's-day by secular occupations. Formerly, Adventism possessed the strongholds of the entire land, and there are here and there around pious persons of that belief who mourn the desolations they cannot remove, while numbers of its adherents have gone off into phases of Plymouthism, and not a few are now Annihilationists, while Universalism has followed with its pretence of scriptural doctrine to deepen the shades of indifference that looms in every direction. If the Mission be worked with its present boundary, it is of necessity that the Committee sustain its servants with more liberality; and if it should be judged best to withdraw from the village and township of Magog for a time, Georgeville might be connected with the work at Beebe Plain. Peradventure He who commanded David to pause in his advance on the valley of Rephaim till he saw the sign of His presence going before him, may yet give us a sign to bestir ourselves for a more successful occupation of the whole land. BOLTON.

By a vigorous effort we have succeeded in enlarging and repairing the parsonage at a cost of \$340; \$200 of which has been raised and paid. Sixteen dollars have been expended on the church.

Through the goodness of God we are enabled to report a good degree of spiritual prosperity. During the summer and early part of the winter we were favored with evidences of the presence of the Lord the Spirit, the Church was quickened, and a few were added to the Lord. The quickening reached the French, and a few joined the Church. Brother de Gruchy's visit to our Missionary meeting resulted in a decided awakening among our French people.

In February the overwhelming power of saving grace descended upon us. Brother de Gruchy's ministry was attended with remarkable power and unction; every night for two weeks English and French sought and found the sinner's Friend. As the result of this blessed work of grace, we have baptized 22; received into the Church 20 English and 9 French. To the God of Missions be glory and dominion for ever. Members, 114.

This Mission, owing to its size and the present arrangement of the work, gives your Missionary more than an ordinary amount of hard labor. By our Father's care we have been preserved during the year, and it affords us much pleasure to be able to report that we have in some measure seen the fruits of our labors. There are some who have united with the church, having decided to live for heaven. Our Missionary and Connexional Funds are in advance of last year. During the year 3 members have died and 4 have removed; still we report—members, 66; on trial, 4; total, 70.

RICHARD ROBINSON.

FRELIGHSBURG.

Progress in some respects has been the order on this Mission during the year. The Trustees of our Frelighsburg Church met at our second business meeting and determined if possible to free their Church from debt. Led on by one who is always in the front rank of every good work, they raised then and there \$325. In hope of realizing the balance, \$75, from the sale of some pews, they now look upon their church as virtually free from debt. The Trustees of the Stanbridge Church, following in the wake, met in December, and divided up their debt, grey with age, into equal parts, and each became personally responsible for his note of \$30 to the gentleman from whom the money was borrowed. That Church is therefore now free from debt. The debt on the Parsonage has also been reduced by \$50, leaving a balance of \$50 more to be met during the coming year. On this small Mission, therefore, the Connexion owns property to the value of \$9,000, which is all but free of debt.

With some indications of spiritual prosperity we have also been blessed. Assisted by Bro. Borland, we held a five-days' meeting at Abbot's Corners, in hope of gaining back to the Church some who once, among the first of our official men, were zealous workers for God, but who for a series of years have been wandering in forbidden paths. Our efforts were successful in a measure. Now that we are so nearly free from debt we hope to do better for the future. Members, 64.

There is in different parts of the Mission manifestly a growing interest in the cause and work of God, but still a much larger amount of spirituality, and faith, and power ought to exist among us. We are laboring, praying, and hoping for it. On trial, 2; members, 69.

We have an increase in Missionary and almost all other Connexional Funds. A burial-ground has been obtained and properly deeded. Our congregations have been good, and class and prayer-meetings well sustained, but we have not had all that prosperity we have longed to see. Your Missionary, owing to feeble health, has not been able to labor as incessantly as he would have been glad to do. By death, and other causes, we have lost ten members, yet we have only to report a decrease of three. May the time soon come when this portion of God's vineyard will be as distinguished for moral excellence as it is now for natural beauty. Members, 53.

JOHN DAVIES.

THE wide and extending field of DOMESTIC MISSIONS, as shown by these Reports, is one of the most interesting features of our Church's operations,—it is the bestowment of blessings that others may be blessed in return; for, whilst following the footsteps of the subduer of the forest, and the framer of a home where all the advantages of a Christianized life will be enjoyed, as improvements advance and wealth increases, from these very places will be forthcoming, in the course of years, additions to the revenues of the Society, which will enable the Committee to care for the religious welfare of others engaged in the formation of New Settlements. The Committee are solemnly convinced of their duty and obligation to enter the constantly opening doors of usefulness in the New Townships which are laid out for Immigrants in the Provinces of the Dominion, not only from motives of love to Christ and the souls of men dependent upon voluntary efforts for their religious instruction, but as the surest way of creating means by which the Gospel may be extended to the remoter portions of the earth.

APPENDIX.

REPORT OF THE DEPUTATION APPOINTED TO VISIT MANITOBA.

By the President's direction, the Missionaries in the Red River and Saskatchewan Districts were summoned to meet the Deputation at Winnipeg on the 1st of August. Through the good Providence of God, the whole of the brethren were in Winnipeg,—with the exception of J. Sinclair, Native Teacher at Oxford House,—on Tuesday, the 23rd of July. One party had been travelling twenty-five days, and another twenty days. These were from the Saskatchewan District, who, having their horses and travelling equipage, preferred camping on the prairie, in the vicinity of the town, during the whole of their stay, choosing the air and freedom of such a home before the best accommodation they could have in the houses of friends who would willingly have received them as guests for their work's sake. The Deputation being completed on the 25th, by the arrival of Messrs. Punshon and Macdonald, the following are the names of the members who constituted the Meeting, which began its Conversations upon the State of the Work of God in this vast country, on the morning of July 26th, 1872, in the Wesleyan Church, Winnipeg, Province of Manitoba :—

The Rev. W. Morley Punshon, LL.D., President of the Conference.
The Rev. E. Wood, D.D., Secretary of the Missionary Society; and
John Macdonald, Esq., Treasurer of the Society.

—Deputation from the Committee and Conference.

The Rev. George Young, Winnipeg, *Chairman of the Red River District.*
The Rev. George McDougall, Edmonton House, *Chairman of the Saskatchewan District.*
The Rev. Michael Fawcett, High Bluff.
The Rev. Henry B. Steinhaur, White Fish Lake.
The Rev. Peter Campbell, Victoria.
The Rev. John McDougall, Woodville.
The Rev. E. R. Young, Rossville, Norway House.
The Rev. Matthew Robison, High Bluff.
The Rev. A. Bowerman, Winnipeg.

— A Candidate for the Ministry, George Edwards, employed by the Chairman, was also present.

After religious exercises, the first question which engaged the attention of the Meeting was the spiritual state of the several Missions. The Deputation heard with pleasure, and gratitude to Almighty God, that at all the Stations occupied by the Society the "signs" of true Evangelical prosperity exist; this they attribute, in connection with the Holy Spirit's influence, to the devotedness of the missionaries to their high calling, other testimony than their own

being given that they pay no more attention to the secularities of life than what they are compelled to do from a sense of duty in providing for the wants of themselves and families, and presenting an example of industry in their domestic arrangements for the converted Indians to imitate. The congregations in Winnipeg vary much, as the people arrive and depart to other locations. The building will easily accommodate 250; at times the place is crowded with a devout assemblage. The means of grace, peculiar to us as a church, have been established by Mr. Young, and are much appreciated by the more spiritually-minded. Up to the time of the visit of the Deputation, the only week-evening service among Protestants in the Colony was held by Mr. Young. Beside supplying Winnipeg, the missionary has extended his visits occasionally to a distance of 50 miles,—hence Boyne River, Sturgeon Creek, Headingly, and Victoria settlement, are places where he has been welcomed as a minister of Christ. Now that an assistant has been given him, and the population at these appointments being rapidly on the increase, the prospects of usefulness are very cheering.

The High Bluff Mission was visited, embracing Poplar Point and Portage-la-Prarie. Mr. Robison's labors here have been greatly blessed. The people highly appreciate the ordinances established among them. In addition to the two churches already built, preparations are being made for one at Gowler's, and another at the Portage. Mr. Fawcett has entered upon his labors here in a cheerful and self-denying spirit. The Deputation regret the inconveniences he and his truly devoted wife had to endure for the want of household accommodation. Should success attend the efforts made for the erection of a parsonage, or the hiring for the time being of a house to shelter themselves, we may anticipate continued prosperity in the discharge of his ministerial duties, and of those associated with him in this truly missionary field. Settlements are forming beyond the Portage, which have already been visited by the Society's missionaries, and as these extend and increase in numbers they should secure our practical sympathies by sending to them additional laborers.

The statements of the Rev. E. R. Young respecting Norway House Mission were full of encouragement. Far away from the many allurements to evil which beset other Indian communities—especially in Ontario,—these converts display a consistency of deportment, attention to the means of grace, and practical remembrance of religious instruction, which result in an intelligent growth in Christian knowledge and experience. Beside visiting Oxford House, and administering the ordinances to the members of the church there,—which is more than 200 miles north-east of his own Mission,—his visits to Nelson and Beren's rivers have been attended with great success. At one time he met at Nelson river 250 Indians, of these 110 have been baptized, 70 of whom were adults; several of these were at Winnipeg, and sought an interview with the Deputation for the purpose of entreating them to send a teacher to their people. Two of them belonged to bands 500 miles still further north. The whole region is purely a fur-bearing country; the people unsettled and migratory in their habits, and yet hundreds of them are calling for that knowledge which can only be imparted by the Bible and the servants of God. The most feasible plan for supplying these wants, as it appeared to the Deputation, would be to employ one or more native agencies, and allow the Missionary at Rossville to direct their labors, and administer the ordinances of religion at their gatherings each year

for purposes of trade. The months of April and May, and August and September, are the best times of the year for meeting large numbers of Indians at Nelson river and other places. Norway House is 340 miles north of Fort Garry; and Beren's river,—where the Hudson Bay Company have a trading post,—a little more than half-way to the Rossville Mission, being on the eastern shores of Lake Winnipeg, 180 miles distant. Connected with this is Pigeon River, the residence of a small band, ten miles by water, and six by land from Beren's river. There are 250 Indians, all accessible to your missionary, 68 of whom have given in their names for Church membership, and 10 of whom Mr. E. R. Young pronounces to be soundly converted to God. The land in this locality is very good for settlement, and the fisheries inexhaustible. As Rossville is becoming overcrowded, and the soil there for agricultural purposes only limited, if the Society establish a substantial Mission at Beren's River, having the same spiritual advantages which are enjoyed at Rossville, no doubt a number of Indian families would make Beren's River their home, and thereby constitute a growing, healthy Mission Station, midway between Red River and Norway House. The Indian will leave his hunting and trapping, and hesitate not to travel 150 miles, if necessary, to attend Sacramental service; and that, too, without any reliance upon ritualistic merit, but purely from the love of Christ in his heart, and obedience to the law of his Divine Master. It was reported to the Deputation that for the want of the ordinances once enjoyed at a Mission Station 500 miles away from Rossville,—transferred some years since by the Parent Society to another branch of the Church of Christ,—35 members had removed the whole of this distance to Rossville for no other reason than that they might enjoy class and prayer-meetings, in addition to what they called a different ministry, without which they declared they could not live.

From the long period of time Oxford House has been left without an ordained Missionary, there are not the same gratifying features of life and vigor existing there which we all earnestly desire. In the judgment of the Deputation, this post should immediately receive the appointment of a minister in full standing. Whilst approving of the appointment by Mr. E. R. Young of the excellent brother now at Beren's River, yet the authorities of the Church would act quite in accordance with the importance of the work if they appointed an ordained man to take charge of this Station, and for which, in addition to the free-will offerings of generous and esteemed friends, it is hoped the Committee will make suitable appropriations.

Lengthy conversations were held upon the religious state of the work at Edmonton House, Woodville, Victoria, and White Fish Lake,—Saskatchewan District,—from which the Deputation received favorable impressions of the present healthy and prosperous condition of all the Missions. The two day-schools have received much support from the Hon. Hudson's Bay Company's Officers, and the settlers who have located where these are in operation. The Deputation are convinced that the brethren there are truly devoted to their work; and whilst they have been preserved amidst many dangers in their frequent and laborious journeys, God has graciously owned their testimony of the truth as it is in Jesus, so that the Crée and the Stoney join their songs of praise for converting grace with their more favored brethren, "the pale faces." The Deputation commend to the Committee a new post selected by the Chairman at

Bow River, as a most favorable point to operate among the Blackfeet, whose disposition to receive a Missionary is now very earnest, but whose wants cannot be fully met until another Missionary is sent to that District, which they hope will not fail to be done early in the ensuing spring.

Upon the subject of Education, the Deputation desire to draw the attention of the Church to the desirableness of an early effort to establish a College at Winnipeg. Mr. McDonald was requested to name this to Governor Smith, from whom he received the assurance that if the Wesleyan Church entered into this enterprise the H. B. Company would provide, gratuitously, sufficient land for this purpose. A Day-school should also be established at Oxford House, Woodville, and Edmonton House.

The Deputation feel much indebted to Governor Smith for the great courtesy and hospitality which they received from him during their stay at Fort Garry, and for the interest which he and other Officers of the Company showed, especially in the trouble and expense incurred in fitting up accommodations in their commodious new warehouse for Dr. Punshon's Lecture on the evening of the 30th of July. This large and respectable assemblage was presided over by His Excellency Gov. Archibald, whose attendance at the ordination service, in addition to this, evinced a catholicity of spirit encouraging to all laborers in the Church of Christ. The proceeds of this lecture, and one delivered in the Wesleyan Church on the previous Friday evening, when Jas. W. Taylor, Esq., American Consul, presided, were generously presented by the President toward the liquidation of the debt upon our church and parsonage. The religious services excited much interest in the settlement, and were seasons of profit and edification.

In conclusion, the Deputation congratulate the Committee in having brethren in these Districts whom gentlemen, in high authority, speak with great respect, and hold them in much esteem as Christian ministers; and for them and their work they bespeak a continued manifestation of that confidence, sympathy, and liberality which have hitherto marked all their dealings with these new and distant Missions. Considering the vast extent of their work, their appeals for a few extra grants are not very large, to which it is hoped a cheerful response will be given. They would also press upon the attention of the Committee the following resolution, being deeply convinced that great good will result from its being practically, and at an early day, complied with:—

Moved by the Rev. George Young, seconded by the Rev. Geo. McDougall,—
 "That it is the unanimous judgment of this Meeting that the remoter Missions of these Districts should be visited by an Officer of the Society, or a senior Member of the Conference; and we earnestly solicit the General Committee to make arrangements for this desirable object as early as practicable."

In the accomplishment of so long a journey, the Deputation would gratefully acknowledge their indebtedness to the goodness of God in preserving them from harm. Two of them experienced a remarkable deliverance from imminent peril on the waters of Lake Superior; an interposition of Divine mercy to many others embarked in the same steamer with Messrs. Punshon and Macdonald, which resulted in voluntary thank-offerings that will greatly assist in the erection of Providence Church at Prince Arthur's Landing, commemorative of their marvellous rescue, and their heartfelt gratitude to Almighty God.

The undersigned have duly examined the Books of Account of the Wesleyan Missionary Society, and have compared the Receipts and Vouchers therewith, for the year ending 30th June, 1872, and find the same to be correct. We certify that the excess of Income over Expenditure for the year amounts to \$6,305 82, and that the Assets of the Society in excess of its Liabilities amount to \$15,683 92. It may be observed that the Assets are composed partly of \$5,063 54, the value of Mount Elgin Institution Stock, &c. We gladly give our testimony to the satisfactory manner in which the Accounts are kept.

MISCELLANEOUS RESOLUTIONS.

Extracted from the Minutes of the Missionary Committee.

TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED—That the Treasurers' Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the Session of Conference."

REPORTS OF MISSIONS.

"RESOLVED—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the Revision of that Meeting."

RETURN FROM DISTRICT MEETINGS.

"RESOLVED—That the Chairmen of Districts, in compliance with the Directions of Conference, forward to the Mission Rooms, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, and the probable amount of the current income."
