Bryan Announces That Bay of Fonseca Is Chosen as Site.

WASHINGTON, D.C., Jan. 25 .- Suggesting that it was not unlikely the United States some day would build another inter-oceanic waterway to supplement the Panama Canal, Secretary Bryan tonight explained that he regarded it as a wise precaution for the American Government to negotiate giving this country an option on a canal route across that section of Central America. He also spoke of the importance of a naval base in the bay of Fonseca, and announcement that the State Department was prepared to treat for this with Honduras, Salvador and

"Any great enterprise like the Panama Canal," said Mr. Bryan; "involves uncertainties. For a long time the oute across Nicaragua was regarded as he favored route. As a matter of ouslness, it is wise to provide against contingencies. Anybody who is intersted in so large an enterprise as our canal at Panama can afford to pay small amount for this additional route. Object of Pending Treaty.

The secretary explained at length the surpose of the pending treaty with Nicaragua which, in its original form, awakened a protest from Costa Rica as well as from Honduras and Salvado He expressed the opinion that these protests had arisen ton a misunder standing of the purposes of the United States and thought the situation had now been clarified by the announced purpose of the American Government treat liberally with Honduras and Salvador for their rights in the Bay of

### TOMMY ATKINS' VIEWS.

Did you tackle the trouble that came your way With a resolute heart and cheerful? Or hide your face from the light of day, With a craven soul and fearful?

A trouble's a ton, or a trouble's an ounce, Or a trouble is what you make it: It isn't the fact that you're hurt that counts, But only "How did you take it?"

You're beaten to the earth, well, what of that?

Come up with a smiling face; It's nothing against you to fall down flat, But to lie there, that's disgrace.

The harder you're thrown, why, the higher you bounce

Be proud of your blackened eye, It isn't the fact that you're licked that counts, But how did you fight, and why?

And though you be done to the death, what then,

If you battled the best you could, If you played your part in the world of men,

Why the critic will call it good. Death comes with a crawl, or comes with a pounce.

But whether he's slow or spry.

It isn't the fact that you're dead that counts, But only, "How did you die?"

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dis-solve-and entirely destroy every single sign and trace of it.

H. A. game by a score of 5 to 1. It was a splendid engagement with both teams going strong till the finish. The Londoners had the advantage in general play by reason of their experience, but they found the local youngsters an altogether different aggregation than when they took their measure by a 16 to 4 score in London. Both teams showed speed, checked hard and introduced some really brilliant combination. The score by periods was 1 to 1, 4 to 1, and 5 to 1. Hoppe got Ingersoll's lone counter. eams. In the final period, however, le started to be more strict and Inger-oil had three men in the penalty box, then the game ended. Previous to that, when the game ended. Previous to that, however, the visitors had had very few penalties. Western drew a number, for tripping mostly.

As a result of the game, Ingersoll must now win from Paris on Friday night in Ingersoll to tie for the district. As it is now, Paris is leading. Paris leoks to be the choice from this distance, if Ingersoll does not show to better advantage than last night. The green-and-black team beat London hers last Monday night, and on their showing should take the district right in Ingersoll Friday night.

Ross and Ritchie started the scoring in the first minute of play. Just after the puck-off, "Mushy" secured the disc and rushed. He passed to Ritchie, after clearing the Ingersoll defence, and "Rico" passed back to him, Ross beating Wilson on a nice shot, after 18 seconds of play. The next three minutes

Edwards and Ritchie, the latter bored in on Wilson and bulged the nets. A minute later Edwards rushed down the wing and made the score 4 to 0 on a wicked shot from the boards. George Arthurs decided to take a hand in the festivities, and he too, gallivanted down the boards by some, pretty stick-handling, and half a minute later notched Western's fifth. Mind What Barnum Said? Then Keep Your Eyes on that Johnson-Willard Battle

Fight Scheduled for March 6 in Juarez Is Looked on With Suspicion-Johnson Is Untrustworthy and Willard Is a Joke as a Boxer.

March 6, or thereabouts, we are to learn whether the birthrate, as estimated by Barnum, is still in effect, says Hugh Fullerton.

At present most of the fight fans and critics are pointing, their nostrils toward Juarez, and sulffing the southwest wind suspiciously.

I have been bombarded with letters inquiring whether or not the fight scheduled to take place between Jack Johnson and Jess Willard on that date will be on the level. I do not know, if they want to know what I think—that's different. I think not, and excusing Willard from any part of it, I do not believe Jack Johnson will fight any man on the level.

Admitting that Johnson manages to reach the scene of the battle without being arrested, what is the outlock?

Johnson has been fighting framed-up battles for years. The true inside story of the Jeffries fight has not been told. The fight itself probably was square—but the preceding events were rank. The champion framed in France with Jim Johnson. British and French critics accuse him of framing with Jim Johnson and hint that Moran tried to slip something over and failed.

Johnson is utterly untrustworthy. He has, for three years, been in no con-

Struck Mine Off Irish Coast.

LONDON, Jan. 25 .- 9:35 p.m.-It was officially announced at the admiralty today that the British armored vessel Viknor had been lost off Ireland with all hands. The vessel, it was stated, either struck a mine or foundered. The admiralty in its statement

"She has been missing for some days, and must now be accepted as lost with all her officers and men. The cause of her loss is uncertain, but as bodies and wreckage have been washed ashore on the north coast of Ireland, it is presumed that during the recent bad weather she either foundered, or being earried out of her course, struck a mine in seas where the Germans are known to have laid them.' The Viknor was formerly the Vik-ing, and was commandeered by the admiralty on December 12. She was in charge of Commander Ernest C. Ballantyne. The number of her crew cannot be ascertained.
