HON. MR. EMMERSON TO RESIGN RETURNS TO CABINET LATER

Minister of Railways Temporarily Abandons Portfolio While Clearing Name of Libelous Charge.

[Special to The Advertiser.]

Ottara, April 2.-When the House meets this afternoon, Sir Wilfrid Laurier will announce that Hon. H. R. Emmerson has tendered his resignation, and that the Premier has advised his excellency to accept the same. Sir Wilfrid will briefly explain the reasons which actuated the Minister of Railways in taking what everyone will recognize to be a manly course. It will permit him to meet his accusers in the courts and to clear himself of the foul aspersions which his political opponents are endeavoring to fasten upon his

Emmerson will follow the Premier by giving a flat and emphatic denial to the story, which first appeared in the Fredericton Gleaner, of which George W. Fowler, M. P., is president, and for which a prominent Conservative member acts as Ottawa correspondent.

Proceeds Against Papers.

Mr. Emmerson will announce that he has taken legal proceedings against the Gleaner and every newspaper that has published what he characterizes as libelous and wholly untrue, and as soon as he has shown the falsity of the charge, he will once more place his services at the disposal

There is a great deal of sympathyexpressed for Mr. Emmerson, as he is a hard-working minister, popular on both sides of the House, and has brought the Intercolonial Railway into a high state of efficiency, and at the same

essential to the library's work. Absurd Regulations. "The ingenuity displayed / in many libraries in placing barriers between the people and their books is appalling. Children are driven from the library by the absurd age limit, and persons applying for membership have to comply with red tape rules and pay a fee for their cards. Then, too, how often are the walls of the library placarded with threatening notices. 'Thou shalt not' is everywhere in evidence. The atmosphere is one of suspicion. The successful library must be conducted on other lines. The rules should be of the simplest description, and there should be only such as are absolutely necessary. The people should be made to feel that they are welcome, and

great educative value. "The public library is in the ultimate reduction simply a case of public ownership, where the community as a whole join to provide a stock of books which the citizens as a whole may take turns to read, and the library board is but the committee which they appoint to carry out their views. The people who provide the funds have some rights in this connection, and the lover of fiction is in the same class as his fellow-citizens."

It is this port and there seems no spot too probable that one of the first things remote or obscure in all of Europe to be represented in the throng.

The proportion of women is noticeably small, but for every woman arriving there is usually an array of relatives or friends to meet her. It is from these groups of women that some idea of the transformation America brings about may be gathered. The new arrivals are generally without hats; gaycolored, tight-fitting waists and short, full skirts of a different hue usually about the shoulders. The Question of Absorption

is a most important one for bakers, and one which should be seriously considered by all.

A strong, rich Flour, which absorbs a great deal of water, is more satisfactory, inasmuch as, pound for pound, it will make more bread than a weaker Flour, and with less trouble. Consequently it is more economical.

All bakers who are desirous of reducing their expenses and increasing their profits proportionately, should use our "FIVE ROSES" and "HARVEST QUEEN" brands. These are strong, rich, Manitoba Flours, especially suited to fill the requirements of the bakery trade, and which will be found more economical than any ordinary brands on the market.

Cure For The Blues

Health Fully Restored and the Joy of Life Regained.

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way :

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her periods she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up : you have dyspepsia; you

will be all right soon." But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES. Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Com-pound. See what it did for Madame

Josephine Rinville, Mastai, Que. She

"I suffered for four years with femals troubles—inflammation of the stornach and fallopian tubes which caused me violent pain and often torture, so much so that I could not walk at times and attend to my daily duties. Life was misery to me. I was so blue and despondent I did not know which way to turn for relief. I had tried the doctors but they did not help me. I was advised to try Lydia E. Pinkham's Vegetable Compound, so I bought a bottle. I am glad that I did so, for I am well and strong to-day and the world looks bright, for I have perfect health,

WINDSOR, ONT.

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this im-portant organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the neryous system, we have such a combination in
