DEVILS DOWN SAINTS

"Science and Engineering" Topic of Dr. Hertz Address

Dr. Richard E. Hertz, B.Sc., M.E.I.C., Honorary Member A.S.M.E., President and Director of Shawinigan Engineering Company Limited will address the students and faculty on Wednesday, February 12th, at 7.30 p.m. in the New Science Building Auditorium.

Dr. Hertz was born in Mardfield, P.E.I., and graduated from McGill University in 1917 after which he enlisted in the Royal Flying Corps and received his commission with the Royal Air Force the following year. In 1920 he joined the Shawinigan Engineering Company and gained exceptional engineering and construction experience before being transferred to the head office in Montreal. In 1935 he was appointed Assistant Chief Engineer; Vice-President, and Chief Engineer and Director, 1947; President, 1952.

Active in the affairs of the Engineering Institute for some years, Dr. Hertz was Chairman of the Montreal Branch in 1941; Member of the Council 1942-43-44; Treasurer, 1948; Vice-President of the Institute and Chairman of its Finance Committee in 1949-50; elected President, Engineering Institute of Canada, May 1955.

In 1948 he was made member of the board of Regents, Mount Allison University, Sackville, N.B., and in 1950 was appointed to the Board of Governors of Sir George Williams College, Montreal. Dr. Hertz received his LL.D. from Mount Allison University in May, 1952.

After Dr. Hertz's speech, the Cannes Prize winning movie, on the life of Leonardo da Vinci will be shown.

My Thanks!

At this time I would like to express my thanks to all those who have worked on engineering functions throughout the year. Many have generously contributed their time and their ideas to the Winter Carnival, Open House, and the tours. An active program has been planned for Engineering Week, but its success depends upon the participation of all the engineers at U.N.B.

MIKE SCHOFIELD,

President,
Engineering Society

Dr. RICHARD E. HEARTZ Photo by NAKASH

From Our Dean:

This year, for the first time, it is my privilege and pleasure to address the University Community through the Engineering edition of the Brunswickan.

The Engineering faculty has grown from a modest beginning over a century ago to become the largest on the campus with a record enrollment of 623 students. This growth is apparent not only in the number of students and faculty, but also in the facilities and courses now available. The official opening of the new wing of the building was marked by the publication, by the University of a special brochure and an "open house". The latter was organized entirely by our students, and its success is due to their efforts. There is no doubt that each department, and indeed, each course, has benefitted very considerably as a result of this addition to the building. Without this space it would have been necessary to discontinue several courses in the current year.

The increased enrollment of

recent years is continuing to impose heavier burdens upon the Engineering Faculty and even the problem of space will rise again in a year or two. Many courses require more sections than before, and it is imperative that the faculty be increased to cope with such numbers.

The developments in space vehicles have accelerated the reappraisal of Engineering curricula which has been going on, particularly in the United States, in recent years. The rapid technological advances in all fields since World War II have amply demonstrated that it is impossible to learn all the principles and practice of any one branch of engineering within the period of undergraduate study. The trend in many engineering schools has been away from the details of practice, with greater emphasis on the understanding and application of the fundamental principles found chiefly in the fields of mathematics and physics. This trend is probably more evident in electrical engineering than in

The University of New Brunswick Red Devils took the first place in the NB-PEI Intercollegiate Hockey League by whipping Saint Dunstan's University 8-4, last Saturday night in Charlottetown.

The Red Devils came up with an effort that equalled or bettered their play in the Mount Allison game. Led by rangy center Sandy MacDonald, the Saints took a 3-2 in the first but fell victim in the final two periods to the relentless forechecking of the Red and Black squad.

Rookie center Bob Soward scored a hat trick to lead the UNB scorers, with Pete Coombes picking up two and the rest going to Parent, Pearson and Morrow. Bud Pearson's goal was the winning counter. Sandy MacDonald scored a hat trick for the Saints and Rod Peters notched the other one.

MacDonald opened the scoring at the seventeen second mark when his shot glanced into the net off Bassett's pads. Coombes tied it up just twenty-three seconds later, scoring from a scramble. MacDonald put the Saints one up at the six minute mark when his slap shot from forty feet out after being partially stopped, trickled into the corner of the net. Peters put SDU two up on a pretty goal when he stickhandled by two UNB players, cut in front of the net, ducked Bassett and tucked the puck home. Coombes' goal at the 17.45 mark left the Devils down one as the period ended.

Play was rough in the first period with a lot of high sticking and boarding going on. This came to a climax near the end of the period as Morrow and Kane paired off. Both got double minors while the Devils captain also received a misconduct.

In the second period Currie McCarthy set up the first scoring play when he dipsie-doodled around Trainor and shot. Galen Parent was right on the spot to sink the rebound. At the halfway

(Continued on page 4)

Bus to Mount "A"?

Plans are going ahead for a chartered bus to carry interested UNB students to the first Mount Allison Winter Carnival.

The bus is to leave Fredericton at 9:00 A.M. Saturday the 15th of February, the return after the closing dance. The Students will be able to take in all the athletic events and the special Winter Carnival dance that evening. All students who travel to Mount Allison on the Bus will receive a special rate of admission to all Carnival events.

Tickets are on sale today and tomorrow from 1:00 to 2:00 P.M. in the Music Room of the Students' Centre.

The chartered bus question has not yet received the official sanction of the SRC, and no information to this effect was available at press time.

The Wassail . . .

Saturday's Wassail was the most successful that UNB Engineers have yet held. One hundred and twenty attended the excellent dinner at the Kent Inn. Head table guests included President McKay, Dean Dineen, Professor Wheatley, Professor Beattie, and Mr. R. P. Lynch, who represented the local branch of the E.I.C. The entire evening was characterized by a friendly atmosphere, assorted humour, and, in the background, good organization. To Jim Evans, chairman of the Engineering Society's Social Committee, goes a great deal of the credit for making this year's Wassail the best yet.

other branches of the profession. Probably the basic reason for this tendency to concentrate on principles in university courses is the greater depth of understanding required to cope with the more complex problems arising from the application of the scientific discoveries of recent years. Students still graduate at about the same age, making it necessary for some of the old

established courses to be modified or eliminated. Your Engineering faculty is aware of these trends and also of the diversified and sometimes conflicting demands of different phases of industry. A revision of part of the curriculum went into effect this year. It is probable that changes will continue to be made as we attempt to meet the growing need for a more fundamental

(Continued on page 3)

Final Reading

PROPOSED S. R. C. CHANGES

(Note: The Editors will not be responsible for any errors, typographical or otherwise, that may occur in the following, nor for any misunderstandings that may arise therefrom.)

Proposed amendments to the Constitution of the Students' Representative Council of the University of New Brunswick.

ARTICLE II, section 5 is deleted and replaced by:

ARTICLE II, section 5: The Students' Representative Council, through a committee which shall be called the Students Discipline Committee—the powers, administration, composition, and jurisdiction of which committee shall be laid down in the constitution of said committee, shall have jurisdiction to deal with students who conduct themselves in an unbecoming manner at University functions and on the premises of the University during the Academic year.

ARTICLE II, Section 8 is changed to read as follows:

ARTICLE II, section 8: On or before April 20th, of each college year, the S.R.C. shall appoint the Chairman of the Social Committee, the Campus Co-ordinator, the Student Public Relations Officer, who shall be a member of the S.R.C. and all other positions and concessions granted and awarded by the S.R.C. The Chairman of the Social Committee . . . etc., etc., as originally.

ARTICLE III, section 1, subsection a) is changed to read as follows:

The Honorary President, who shall be a member of the Senate, or any other close associate of the University of New Brunswick. He shall be appointed for the . . . etc., etc., as originally.

ARTICLE III, section 1, subsection d) is changed to read as follows:

ARTICLE III, section 1, subsection d): The Second Vice-President, who shall be a Junior Co-Ed, for the year in which she holds office.

ARTICLE III, section 1, subsection h) is deleted and replaced by:

ARTICLE III, section 1, subsection h): Four class representatives for the Senior class, one and only one, of whom must be a Co-Ed; three class representatives for the Intermediate Class; three class representatives for the Junior Class, one and only one, of whom must be a Co-Ed; three representatives for the Sophomore class; two representatives for the Freshman Class; all representatives except the Freshman representatives to be elected in the Spring, and the two Freshman representatives to be elected in the Fall, as in Article VI, sections 6 and 7.

ARTICLE III, section 1, subsection i) is deleted and replaced by:

ARTICLE III, section 1, subsection i): there shall be no more than two representatives from the same faculty in any one class except in the case of there being no nominations from other faculties.

ARTICLE III, section 1, subsection j) is deleted and replaced by:

ARTICLE III, section 1, subsection j): The Chairman of the National Federation of Canadian University Students, and the Chairman of the UNB committee of the World University Service of Canada shall be non-voting members of the SRC.

ARTICLE III, section 2, is changed to read as follows:

ARTICLE III, section 2: To this SRC shall be added a representative of the Faculty, chosen by the SRC from a list of names submitted by the Faculty at a meeting . . . etc., etc., as originally.

ARTICLE IV, section 1, subsection a) is changed to read as follows:

ARTICLE IV, section 1, subsection

a): Finance Committee, consisting of the Treasurer as Chairman and one SRC representative from each class except the Freshman Class. The representative of each . . . etc., etc., as originally.

ARTICLE IV, section 1, subsection b): "Students' Activities Awards Committee" is substituted throughout for "Non-Athletic Committee".

ARTICLE IV, section 1, subsection e) is added as follows: The students' Discipline Committee, the composition and duties of which committee shall be laid down in the constitution of said committee.

ARTICLE V, section 1, subsection d) is deleted and replaced by:

ARTICLE V, section 1, subsection d): Representatives of each class to sit on the SRC as provided in Article III, section 1, subsection h) and i).

ARTICLE V, section 3, subsection a) is changed to read as follows:

ARTICLE V, section 3 subsection a): All nominations for the positions outlined in section 1, subsection a), b) and c) above shall be in writing and signed by the nominator and seconder who shall be members of the class concerned.

ARTICLE V, section 8 is changed to read as follows:

ARTICLE V, section 8: The SRC shall decide upon a suitable place where polls shall be located. Notices as to the location of the polls shall be posted at least 6 days previous to the day of the elections.

ARTICLE V, section 10 is deleted and replaced by:

ARTICLE V, section 10, subsection a): The names of candidates for the Co-Ed class representatives for the Senior and Junior years shall be placed on a ballot sheet separate from those candidates for the other positions.

ARTICLE V, section 10, subsection b): The names of the candidates shall appear in alphabetical order on the ballots.

ARTICLE V, section 11, to be deleted; section 12 to become section 11, and the new section 11, subsection a) to read as follows:

Where there are only two candidates for any of the offices mentioned in section 1, subsection a), b), c), or e), above or for that of Co-Ed class . . . etc., etc., as originally.

In the new section 11, subsection b) to read as follows:

Where there are only two candidates for any of these offices as in Article V, section 11, subsection a), the voter shall indicate . . . etc., etc., as originally.

The new section 11, subsection c) to read as follows:

In the case of Intermediate, Sophomore, and Freshman representatives the voter shall vote for the three, or two candidates of his class, respectively, by marking an X opposite each choice. In the new section 11, subsection d) to read as follows:

In the case of Senior and Junior class representatives, the voter shall mark an X beside the Co-Ed of his choice, and an X beside each of the names of three male candidates in the case of the Senior Class, and two male candidates in the case of the Junior Class.

ARTICLE V, section 13, to become Article V, section 12; subsection c) to be deleted, and to be replaced by:

ARTICLE V, section 12, subsection c): For the offices of class representatives, the required number of candidates receiving the greater number of votes shall be declared elected, except as provided in Article III, section 1, subsections h) and i).

ARTICLE V, section 15, to become Article V, section 14, and to read as follows (the original section 15 having been deleted):

ARTICLE V, section 14, subsection e): The eligibility of any candidate or voter in the above election shall be determined by the President of the SRC.

ARTICLE V, section 16, to become Article V, section 15.

ARTICLE V, section 17, to become Article V, section 16.

ARTICLE V, section 17 to be added as follows:

In the event of the President of the SRC failing to qualify for his position in the Fall, the First Vice President shall automatically assume the position of Acting President until a new President be elected.

ARTICLE V, section 18, to be changed to read as follows: The SRC shall require all campus societies and organizations, except the Brunswickan, to hold their election of officers . . . etc., as originally.

ARTICLE V, section 19, to be changed to read as follows:

ARTICLE V, section 19, The presidents and heads of all organizations coming under Article V, section 12, of the constitution . . . etc., etc., as originally.

A new Article V, section 21, to be added as follows:

ARTICLE V, section 21: The procedure for nominations and election of the Freshman representatives shall follow the same form and procedure as those of the Intermediate and Sophomore classes, and shall be under direct supervision of the President of the SRC or his deputy.

A new Article V, section 20 to be added as follows:

ARTICLE V, section 20: An election shall be held in the Fall, within 5 weeks of the opening of the first term, for the class representative from the incoming Freshman class, to the SRC and for the purpose of filling any other vacant seats on the Council and there shall be at least one nomination for each vacant seat on the Council.

ARTICLE VI, sections 3, 4, 6, and 7, all to be deleted.

ARTICLE VI, section 5, to become Article VI, section 3.

A new Article VI, section 4, to be added as follows:

ARTICLE VI, section 4: The duties of the Class executives shall be as outlined in their respective constitutions.

ARTICLE VII, section 3: The following to be added to the end of this section — (See Articles II, section 5) —

A new Article VII, section 5 to be added to read as follows:

ARTICLE VII, section 5: The President of the SRC shall meet with all nominees previous to all SRC elections in order to familiarize them with election procedures.

A new Article VII, section 6, to be added, to read as follows:

ARTICLE VII, section 6: The President of the SRC shall hold a meeting at which he shall be in the chair, of all Campus leaders, immediately following the Fall elections, for the purpose of familiarizing these persons with the administration of Student Government at this University.

ARTICLE VII, section 5, to become Article VII, section 7.

ARTICLE VII, section 6, to become Article VII, section 8, and subsection b) to be deleted.

ARTICLE VII, section 7 to become Article VII, section 9.

ARTICLE VII, section 8 to become Article VII, section 10.

ARTICLE VII, section 9 to become Article VII, section 11.

ARTICLE VII, section 10 to become Article VII, section 12.

ARTICLE VII, section 11 to become Article VII, section 13.

ARTICLE VII, section 12 to be

come Article VII, section 14.

ARTICLE IX, section 3, subsection a) to be changed to read as follows:

ARTICLE IX, section 3, subsection a): On, or before, the third Friday of October, for the fall term, and the fourth Friday of January, for the Spring term . . . etc., etc., as originally.

A new Article IX, section 3, subsection e) to be added to read as follows:

ARTICLE IX, section 3, subsection e): All organizations and societies requesting funds from the SRC must have a ratified constitution on file with the SRC.

ARTICLE IX, section 5, to be changed as follows:

ARTICLE IX, section 5: If an organization should require funds before the budgets of either Fall or Spring terms are passed, that organization may make application to the SRC at any meeting of the SRC for the necessary amount of funds. Such an application, which must be written, shall state the purpose for which . . . etc., etc., as originally.

ARTICLE IX, section 7, subsection b) to become section 7.

ARTICLE IX, section 13 to be deleted.

ARTICLE IX, section 14, to become Article IX, section 13.

ARTICLE X, section 2, to be changed to read as follows:

ARTICLE X, section 2: In the case of such recall, a new election shall be held within ten days of the presentation of such a petition, the usual procedure of election for that office being followed as denominated in Article V, excluding section 2, subsections a), b), and c).

ARTICLE XI, section 14 to be changed to read as follows:

ARTICLE XI, section 14: No varsity sport may be eliminated or introduced without SRC consent.

A new Article XI, section 15 to be added as follows:

ARTICLE XI, section 15: At the second meeting of the SRC after the Fall election the SRC constitution shall be read and discussed by all members of the Council.

A new Article XII, section 3, to be added as follows:

ARTICLE XII, section 3: This constitution shall incorporate the constitutions of all standing committees of the SRC, including that of the Student Discipline Committee, as listed in Article IV, section 1.

In the new Article VII, section 7, (originally section 5) the following subsection to be added:

ARTICLE VII, section 7, subsection d): the 1st Vice-President shall be a voting member of the A.A.A.

ARTICLE IX, section 3, subsection a) to be changed to read as follows:

On, or before the third Friday of October for the Fall term, and the fourth Friday of January for

the Spring term, there shall be held a preliminary budget meeting at which the Finance Committee of the SRC shall present to the SRC its budget for the term. This proposed budget shall contain estimates from all organizations under the SRC and wishing to draw on the general fund, subject to Article IV, section 5, subsection b). From these budgets the SRC shall determine, at a second meeting, the budget for the term.

A new Article IX, section 5, subsection b) to be added, the original paragraph under Section 5 to become section 5, subsection a):

ARTICLE IX, section 5, subsection b): All societies, clubs, and organizations subsidiary to the SRC charging a membership fee of not more than one dollar shall be allowed to submit budgets to the SRC, and all societies, clubs, and organizations charging a membership fee of more than one dollar shall not have the right to request funds from the SRC.

"Ummm," said the bulldog when he bit Churchill. "Winston tastes good like a prime minister should."

Live It Up . . .

ENGINEERS, rise up! Take up thy bot . . . Take up thy frock coats, and let's go! Engineering week is here. It got under way with a bang Saturday night with the annual (sometimes) Wassail, held this year at the Kent Inn. Yesterday the Engineers and Foresters had their traditional hockey game. Tonight there is a social evening starting at 8:30 p.m. at the Student Centre. There'll be food, dancing, cards, T.V., and all that jazz. Come and bring your drag. The boys will be on their best behavior, so she'll probably live through the evening.

Wednesday, at 7:30 p.m. a special event gets under way at the auditorium in the new chemistry building. Featured speaker will be Dr. Hertz, President of the Shawinigan Engineering Company. A Cannes prize-winning movie on Leonardo da Vinci will be shown. Any groups on the campus wishing to borrow this film should get in touch with a member of the Engineering Society executive today.

Friday, February 14, we all go up to cloud nine for the best dance of the year, the Engineering Formal. The old Lord Beaverbrook will be rocking right up until the highlight of the evening, the crowning of the Engineering Queen.

Are You In The Swim?

Most engineers belong to the Engineering Society, but many wait until their final years before actively participating in its functioning. This is unfortunate, for it is the Society which gives the faculty unity. Engineering dances, wassails, entries in the Winter Carnival, socials, and monthly meetings are all organized by the Society.

A faculty with no strong society, and there are several on this campus, is merely a collection of cliques. The individual who participates in the activities of his society soon becomes "in the know" re goings on of his faculty and the University, and before long finds himself able to contribute as well as to benefit.

We would like to point out that all of Engineering Week has been the work of your Society. Trips to Beechwood, Saint John, etc., the operation of the Engineering Store also comes under the association's sponsorship. Are you part of your association or are you just an onlooker?

FROM OUR DEAN:

(Continued from page 1)

type of training at the undergraduate level.

The natural outgrowth of a strong undergraduate program is that the more promising students will continue into post-graduate study and research. A graduate program benefits not only the students involved, but is a stimulation to the faculty and can result in improvements in the undergraduate program as well. For this to be effective, the staff involved in graduate work must undertake a significant share of undergraduate courses and not become preoccupied solely with higher-level courses or research. In very recent years our faculty has begun to offer graduate courses. The ability to continue and expand this work will depend in large measure upon the staff and space available after our responsibilities to the undergraduate program have been met. Our present faculty would welcome the opportunity to participate in the expansion of graduate studies.

With our space problem solved, for the present at least, the most serious problem faced

by the Engineering faculty is that of providing sufficient staff. We are confident that it will be possible to meet our needs for increased staff with well qualified additions. The growth of graduate programs in other departments and other universities has shown that graduate students can be of considerable assistance in relieving the staff problem in many phases of undergraduate work.

In conclusion, I would like to express to all students, and particularly to those in the Engineering faculty, my sincere appreciation for your support and cooperation in this, my freshman year as your dean, and offer in return my continued efforts to promote your welfare in all aspects of student life.

I am happy to report that Dr. and Mrs. Turner are enjoying to the full a winter of relaxation in sunny Florida.

With my best wishes for a highly successful Engineering Week.

J. O. DINEEN

The Doll Says . . .

"Things is tense, ain't they," the doll says to me over our egg rolls, "else what for you so glum?"

"Tis true. The engineering profession is in a recession, if not inclined toward a depression."

"Recession? depression? what gives Daddio?"

"A recession is a withdrawal of fiscal interests, and a depression is synonymous with gloom, sorrow and melancholy . . . except in the case where it means a hole in the ground."

"Like when my English prof says he'll dig me later?"

"If his wife finds out, yes, but principally it means that I may have to ask your old man to let me drive one of his trucks next summer."

"But pater doesn't like you."

"Mutual, I'm sure."

"Especially since you fractured his car."

"Cars, schmars! What's a V8 to a P.C. these days?"

"He thinks a young man should work his way up. He started as a rodman."

"Rodman? Surveying is dirty work and . . ."

"Not so, all Al Capone's rodmen lived very comfortable. Besides, if your prospects are so bad, I'm going to start dating that forester who has been trying to climb our fire-escape."

"A reflection of poor taste, my little cumquat."

"Not so, they can be trained, housebroken, and taught to wear shoes. I've seen it done in the movies."

Things is tough!

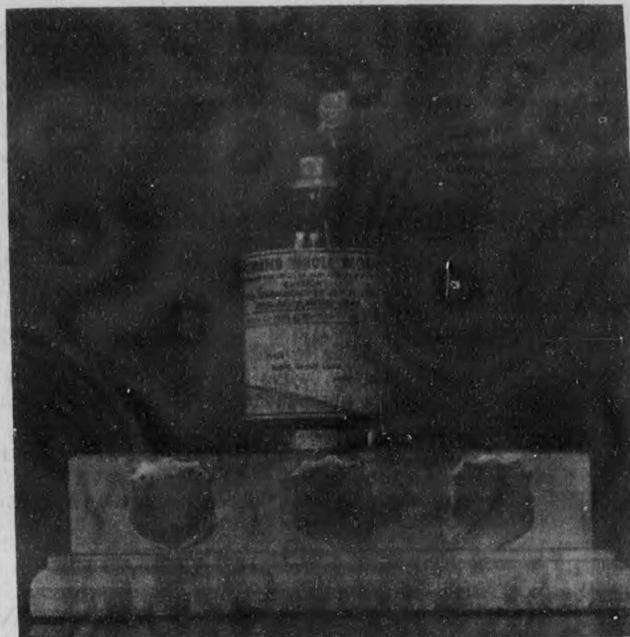

Snap! Crackle! Pop!

These are the most prevalent sounds issuing from the Radio Club these days. Due to a poorly functioning transmitter the Club was slow getting under way this year. After sweat, tears, and bruised knuckles (due to unexpected shocks) the "old rig" began to perk again. Since the beginning of the year a good variety of DX (stations in other countries) has been worked all over Europe and parts of Africa.

The Club was open to the public on Open House Night and many dropped in to see and hear just what a "Ham" talks about.

A determined effort is being made to have the "shack" redecorated and improved. It is hoped that the layout of the equipment will be rearranged to make operating a pleasure.

If anyone wishes to communi-

Our Blood Trophy, fabricated by Oudemans and Company, which goes to the branch of engineering having the highest percentage of donors. The Civils took it this time. Its in the new lounge.

Twigs & Tweeds Congratulations!

We have noted with amusement the growing number of Englishmen at U.N.B. who are enrolled in that branch of "science" dealing with the culture of trees, shrubs, and assorted tall grasses. What a forester does in the land of the long wool scarf and the kippered herring is beyond us, for the trees there are reported to be as rare as busbies on Broadway. Be that as it may, the influx of tweedy treecutters has added yet another facet to that cosmopolitan gem, downtown Fredericton. Take for example the chappie from the residence, who, needing a new pair of plus fours, asked his taxi driver to let him off at a haberdashery.

"Yes, sir," said the driver, but when stopping at a red light, asked, "what was that?"

"A haberdashery," repeated our mossy friend.

"Yes, sir," the driver replied.

The taxi proceeded a few more blocks and the cab driver stopped again. "Listen," he said, "quit beating around the bush. What is it you want . . . liquor or women?"

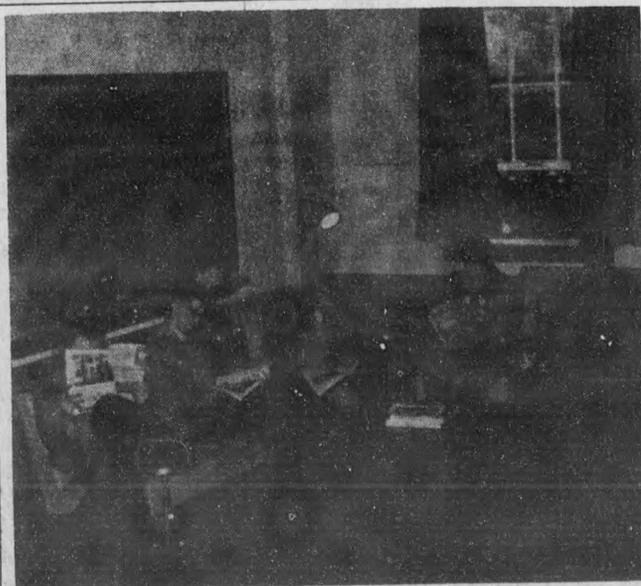

cate with someone in his hometown the boys at the Club will be glad to try to accomodate. 73's es CUL.

With a precision known only to engineers, Neil Walker was (we hope) a participant in a masterpiece of organization, timing, and efficiency. Early on the first day of this year he became the proud father of a girl, the first in the Fredericton area. As a reward, this farsighted fourth year civil brought home not only a family, but also \$150 worth of loot. If summer employment continues to be as scarce as it now is, rumour has it Neil will go into business as a family consultant.

Maritimes Hurrah!

The Maritimes are booming. You can see it everywhere. Prospectors are converging on New Brunswick from every shady corner of the world, looking for the greatest of all natural resources, the living black gold . . . oil. Why, just the other day we invested in a well that today is turning out a thousand barrels daily . . . no oil, just barrels. We in Fredericton are blessed with the world's richest landlords, the world's cheapest labor, and . . . oh hell, I live here now!

And then there's the dad that said: "Son, who is this wild woman you're running around with?" To which the son replied, "Aw heck Dad, she isn't wild. Anyone can pet her."

Some of the boys make like they can read. This is our new lounge. The modern sectional furniture was provided jointly by the E.I.C and our Engineering Society. Its on the top floor of the building

RAIDERS TOWARD TITLE ENGINEERING SPORTS

DRAW WITH MOUNT ALLISON; WIN ON ISLAND FRIDAY NIGHT

The University of New Brunswick Red Raiders virtually clinched the NB-PEI intercollegiate Basketball crown over the last weekend when they defeated Saint Dunstan's University, 46-40 and then fought to a 57-57 tie with Mount Allison University. Both games were played on the home courts of the Red and Black's opposition.

In the Island Capital on Friday night, despite the low score, the play was featured by a closely-knit, fast pace. UNB led the Saints 22-13 at the half-way mark and held on through the second period for their six point victory.

Referees Don MacLean and Harold Howatt called a total of 29 personal fouls, with 16 of these misdemeanors going to the home club. At the free throw line the Raiders made eight out of their 18 attempts, while the Islanders caged four of fourteen foul shots.

Johnny Gorman, who almost did not make the trip because of academic pressures, was the top performer for the Red Raiders. Smooth floorman Gorman came up with a total of 15 points to lead all scorers in the game. Al Casey and Bob Wightman scored 10 and 8 points respectively to second their team mate's starry performance. High man for Saint Dunstan's squad was Lorne MacGuigan, a 6'3" forward. He notched 13 markers.

The win for the Red Raiders was their second of the season over the Saints and gave them a clean sweep of their series with the Island five. On Winter Carnival weekend they downed SDU 57-38 for their first victory.

The 57-57 tie with the Hawks at Sackville on Saturday was the surprise of the season. Mount A had earlier lost to the Saints, 65-49, and had been easy marks for Ricker, Aroostook, Husson, and Washington State in exhibition games. The hard-fighting Hawks hit hard and early, however, and only a late rally by the Red Men gave them the tie. Mount Allison led at the end of the first period of play by ten points, 29-19.

Despite the below-average performance put on by the UNB five, it was poor officiating which probably spelled the difference between the tie and a win for the Raiders. Referees Pierce and Hepburn called a total of 35 per-

sonal fouls, with 21 of these going against the Red and Black. In addition to the personal infractions, the UNB squad had a total of six technical fouls called against it in the course of the game. At the line UNB made 7 for 19, while their Garnet and Gold opponents made 13 out of 27 attempts.

Larry Black led all scorers in the game. He netted a total of 18 points. Newcomer Herb Penner seconded these efforts, coming up with 17 markers, while Pete Hosiak scored ten. John Roberts was the only Mount A player to foul out of the contest. He committed his fifth personal in the last second of the play.

Freshman Al Casey, breaking a several-weeks scoring slump this weekend, was high man for the Raiders with 17 points. Reliable Johnny Gorman scored his usual 15 points and John Kelly caged ten to complete the UNB players in double figures. Kelly, Don Bryant, and Casey were all sitting on the bench at the game's end with five personals against them.

In the Mount A game particularly the Raiders were hard put for man-power. Not making the trip with the team were Bob Porter and Ron Manzer, because of injuries, and Lon Taylor, because of pressing academic work. In addition, early in the first half of the second tilt, the Raiders lost the services of ace forward Bob Wightman, who reinjured the knee which has been giving him trouble during the last two seasons. It is not known at present whether he will be playing with the team again this season, or not.

SDU: Morrison 6, McGuigan 13, Tingley 6, McGonnell 5, Farmer 2, Leadwell, Noonan 5, Swift, Hengan, Fearson 3.

UNB: Kirkpatrick 6, Kelly 5, Bryant 2, Gorman 15, Casey 10, Wightman 8, Vaughan, Petrie, Hodgson.

Mt. A: Black 18, Davidson 1, Essing 5, Hosiak, 10, Roberts 6, Hadyn, Macaulay, Penner 17, Windsor, White.

UNB: Kirkpatrick 4, Kelly 10, Bryant 4, Gorman 15, Casey 17, Wightman 5, Hodgson, Vaughan, Petrie 2.

REMEMBER THE RED 'N' BLACK REVUE

RED BLOOMERS UPSET

The UNB Red Bloomers split their two games on a road trip to Nova Scotia last week. In Wolfville last Friday night the girls defeated Acadia 47-28. The following night in Halifax, Dalhousie upset UNB 27-25, in a closely fought game.

In the Acadia game Peggy Colpitts was top scorer with 20 points. Dede Smith hit the double figure brackets, dropping in 16. Eileen Stiven and Jo-Anne Carr accounted for the rest of the UNB points notching 4 and 7 respectively. The Red Bloomers committed 21 fouls and sank three of the free throws. For Acadia, Nancy Sutherland

was top point getter with 19, Donna Logan had 7 and Muriel Newcombe scored 2. Acadia had 15 fouls and sank 8 of the free throws.

In Halifax Jo-Anne Carr led both teams with 11 points. Dede Smith with 7, Peggy Colpitts with 5, and Eileen Stiven with 2 brought the UNB total to 25. The UNB girls were tagged with 14 fouls and sank 3.

Judy Bennett and Pam Dewis with 9 each, Carrie Matheson 4, and Carolyn Potter 5 gave Dalhousie their winning margin. Dalhousie sank seven out of 14 free tosses.

DEVILS DOWN

(Continued from page 1) mark Soward put the Devils one up. This goal resulted from Ed McLellan's tenacious forechecking as he took the puck off an SDU forward in his own end and passed to Soward who scored.

Two minutes later, Pearson scored the winning marker when his flip shot eluded Redmond. MacDonald scored the final SDU goal from a scramble. Morrow was the triggerman on a passing play involving Coombes and Mockler that went the length of the ice. Morrow finished off the play by steering Coombes' pass into the net.

In the final frame Soward scored two while SDU was blanked. In between these two goals McLellan and Trainor had a scrap that resulted in majors for both.

Seventeen penalties were handed out in the rough game by referees Don Whalen and Walt Lollar. UNB picked up six minors, one major and a misconduct. SDU received eight minors and a major.

Ice conditions in Charlottetown arena were terrible. The ice was very soft and rough. Very few icing calls were made as the puck could not slide to the other end through the slush. As netminder John Bassett said, "You have to be a shortstop to play goal here." Bassett incidentally played a good game; handling 24 shots. He made two especially ine saves in the third period when he kicked out a shot from close in and then made a diving save on the rebound that an SDU forward had drove back at him.

Last Thursday night UNB met the Fredericton Capitals in an exhibition game at York Arena. The Caps picked up an 8-2 victory and to all present it appeared that the Red Devils were only over there for a skate. However, they came up with terrific team work to defeat Saint Dunstan's, so enough said for now.

Summary

Lineups—UNB goal; Bassett, defense; Benson, Savoy, Sears, Parent, forwards Soward, McLellan, Jarrett, Morrow, Combes, Mockler, McCarthy, Mowatt, Pearson, Beardsley.

SDU goal; Redmond, defense, Hache, Whalen, Trainor, forwards; Kane, C. Peters, R. Peters, MacDonald, Murphy, O'Neil, Burns, Riverd, Clough.

Referees—Don Whalen, Walter Lollar.

First Period—17; SDU; MacDonald (O'Neil) 40; UNB; Coombes (Mockler) 6.07; SDU; MacDonald (Rivard, Murphy) 16.35; SDU; R. Peters 17.45; UNB; Coombes (Mockler).

Penalties—1.05 Benson (tripping) 8.25 C. Peters (roughing) 12.59 Parent (highsticking) 11.51 Hache (boarding) 17.58 MacDonald (boarding) 18.47 Kane (holding, roughing) Morrow (boarding, roughing, misconduct) 19.30 Hache (holding).

Second Period—7.47; UNB; Parent (McCarthy) 10.40; UNB; Soward (McLellan) 12.10; UNB; Pearson 14.57; SDU; MacDonald (Rivard) 18.54; UNB; Morrow (Coombes, Mockler).

Penalties—19.07 McLellan (interference).

Third Period—2.07; UNB; Sow-

ACTIVE FACULTY IN ATHLETICS

There are some twenty Engineering teams in intramural sports this year. Already, freshman, sophomore, and intermediate Engineering teams are sloshing around in the top positions in water polo, a sport in which five of the seven teams fielded are from the ranks of slide-rule jockeys. Our fourth year team is in second place in hockey, and

two Engineering teams are tied for second spot in basketball. In the candle-pin league, the intermediate engineers are runners-up to the faculty, who, together with the foresters, are our main opposition in every sports category. We are looking forward to seeing our teams battle their way to a number of championships.

GOAL-MOUTH ACTION

Action seen at last thursday night's exhibition hockey game at York Arena between the UNB Red Devils and the Fredericton Capitals. UNB goaltender Lyn Lynch blocks a shot off the stick of Jim Pike (10). In the background is Ed McLellan, Bud Stuart and referee Moe Morris. Game was won by the Caps 8-2.

RED 'N' BLACK

After Sunday night's rehearsal his year's Red 'N' Black Revue was shaping up to one of the best seen on the campus. The satirists will give temperance and local politics a real going over. You'll love Frankie and Johnnie and the Girls Who Can't Say No. Long-haired? Then the Philharmoniacs are for you. Western fan? We

have the best of that too. You'll laugh at Layne and Shuster and U. N. B.'s own Victor Borge, Ian Barr. Are you a connoisseur of games? We have the best east of Montreal and North of Boston, both male and female, in the high-kicking chorus lines. Be sure to see the Red 'N' Black on February 19, 20, 21 or 22!

SPORT NOTES by GORDON HOWSE

UNB teams fared not too badly his weekend. The Red Bloomers suffered the only loss, that to Dalhousie after they had trimmed Acadia the preceding night. The girls will be meeting Dalhousie next Saturday night here in the Lady Beaverbrook Gym. Quite a battle has developed for first place in the Women's League and if the Red Bloomers beat Dal. in this next game then a tie for first place could very well develop. The girls need a win to stay in contention.

The men's game in Sackville ended in a 57-57 draw. No overtime was played because the series is a two game total point affair. Ron Manzer reports that the Raiders should win here, possibly by 20-25 points and thus

MOCK PARLIAMENT

Deadline is February 14 for parties entering. All must be registered with the steering committee by noon.

ard (Jarrett, McLellan) 17.39; UNB; Soward. Penalties—2.37 Trainor, McLellan (Majors for fighting) 2.45 Hache (highsticking) 5.45 Benson (tripping) 10.30; Whalen (slashing).

wrap up the NB-PEI title. That is however if injuries do not hobble the team. At Mount Allison the officiating was poor and probably cost UNB the game. The game on the island was a low scoring match but a very well played game.

Tonight the Raiders meet Ricker in Houlton in the final NECC game of the season. Next weekend there is a tournament in Bangor, Maine that the Raiders will be competing in.

The Varsity Hockey squad came up with an abrupt change of face as they whipped SDU in Charlottetown 8-4. Going on their performance last Thursday night against the Caps, one would have expected to see the Saints beat the Red Devils. A strange feature of that exhibition game was that there was only one penalty in the entire game. That must set some kind of a record for UNB, Cap games. The only penalty was one handed to Bud Stuart for the Caps, for holding, in the final minutes of the game.

"Damn it," said the squirrel as he fell to the ground, "I knew that making love in the trees was for the birds."

If you drink, don't. Accidents cause people.
