## PREFACE.

---

The Publishers of this work have used every effort this year to place before the public as reliable information as could possibly be obtained for the short period of time allowed to obtain it. There are quite a number of persons who evade giving their correct names, substituting fictitious names instead, being afraid our agents are taking their names for taxes. Errors like these occur in every Directory published, the publisher not being able to detect them. The publishers request the inhabitants of this city to inform them at anytime if any of their agents are detected in copying from old Directories while at work for new information. The publishers are still sorry to say that the sale of the work has not increased like similar publications, and find, on enquiry, the reason why they have not succeeded so well is, in former years the names of every person doing business, however small, have been placed in the Business Directory, and in future editions they have decided only to place the names of those who support the work, by subscribing to it or advertising in it. There is a wrong impression among business men in regard to the Directory being a poor medium for advertising. Why this idea is prevalent the publishers cannot understand. The reading of an advertisement is the same, place it where you will, and surely the Directory is used more than any other medium they can possibly advertise in, except, perhaps, newspapers. There are hundreds of persons referring to the Directory who do not purchase it, including those who persistently annoy their neighbours by borrowing it so often that complaints are

made to the publishers about them. The publishers are well aware who does this borrowing, and that is one special reason why such persons are left out of the business part of the work. The publishers had an interview with John Lovell, Esq., the publisher of the Montreal Directory, and he says that the circulation of his book has increased in ten years from 1200 to 4200, while the St. John Directory has increased but very little in that time. The publishers of other Directories do not pretend to give gratuitously the Business Directory in connection with the alphabetical part of the work, but publish it separately and charge from fifty cents to one dollar extra for it. In future the St. John Book will be published in that style. In conclusion the publishers thank those who have supported the work so heartily, and those who in any way have given information to the work.

Mails for Newfoundland leave Halifax once in two weeks, closing at St. John every alternate Saturday evening.  
Mails for St. Pierre and Miquelon do.

Mails for Bermuda and West Indies close Saturday evening, 2nd May, and every fourth Saturday

Mails for Grand Manan and Campobello will be forwarded by the International steamers to Eastport for conveyance by sailing packet leaving there every Monday and Thursday.

Letters for the United States will be taken by the Railway Mail Clerks Sunday night, if posted before 8 o'clock, P. M., at the Princess street side door of the Post Office.

#### Merchants' Boxes.

Rent of small box \$4, and of large boxes \$6 a year.

Though every effort will be made in sorting letters to place them in the boxes, when the party addressed is known to have a box, the Postmaster does not hold himself responsible for this always being done, the primary rule being that all letters bearing the number of the house and name of street go there by letter carrier.

#### Useful Hints.

Never send money or other articles of value through the Post Office except by Money Order or Registered Letter.

Make complaints and inquiries in writing.

Preserve and request correspondents to preserve envelopes of mis-sent or delayed letters.

Business men should be careful to authorize but a limited number of persons to receive their letters, and only those in whom they have full confidence.

Have a letter box on your office door.

Letters addressed to mere initials, or fictitious names, will not be delivered, unless addressed in care of a resident, or to some box in the Post Office.

Letters containing gold or silver money, jewels or precious articles, or anything liable to Customs duties, cannot be forwarded by post to any of the Postal Union countries, except the United States.

#### Letter Carriers' Delivery.

Letters and Papers for this delivery should be addressed to Street and Number.

Change of Residence should be promptly notified to the Postmaster in *writing*.

Three deliveries daily in business portion of city, commencing at 8.30 a. m., 1 p. m. and 3.30 p. m. Other portions at 8.30 a. m. and 3.30 p. m.

Letters not bearing the name of street and number, addressed to parties whose address may be known to the carriers, will be delivered by them.

#### Street Letter Boxes.

The Street and Hotel Letter Boxes in the City and Portland will be visited at 3.30 p. m. and 10.30 p. m., and in the business parts of the city at 1 p. m. daily, Sundays excepted.

#### Registered Letters.

Letters intended to be registered when addressed to places in CANADA must be prepaid by stamp 2 cents each; to the United

States, 5 cents each in addition to the postage rate. For NEWFOUNDLAND, Registered Letters, 2 cents; other articles 5 cents in addition to the postage.

All letters for Registration should be posted 15 minutes before the hour of closing the ordinary Mails, and 30 minutes before closing of the English Mail's.

Registered Letters for the United States are despatched by morning mail only.

No letter will be accepted at this office for Registration addressed either to initials or what may appear a fictitious name, and any such Registered Letter received from another office or deposited in the Letter Box for Registration will be at once sent to the Dead Letter Office for disposal.

Registered Letter Stamps of the denomination of 2 and 5 cents may be obtained at the usual places.

Registration is applicable to Letters and Parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when one unregistered cannot, and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which from incorrect address, forgetfulness of the receiver, or other error, may affect an unregistered letter. "Moreover, the safety of an unregistered letter is dependent on the integrity of a post office clerk during the whole time it remains in his custody, frequently for hours and even days; whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money so sent, the senders of money in unregistered letters might reasonably urge that if they chose to encounter the risk they should be free to do so: but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended, and it is further suggested that letters containing money should invariably be secured with wax, and not by the usual method, by mucilage, or self-sealing envelope.

### **Newspapers and Periodicals.**

*Newspapers and Periodicals addressed to places in Canada, Newfoundland, Great Britain or the United States.*

Printed and published in Canada, and posted from the office of publication, or News Agency, to actual subscribers or News Agents (including exchanges) in Canada, the United States and Newfoundland are *free*. Such newspapers and periodicals must be issued not less frequently than once per month.

On all Newspapers and Periodicals other than those specified

above, the postage rate will be one cent per 4 ounces in weight, which must be prepaid by postage stamp.

Newspapers and Periodicals published not less frequently than once a month and weighing less than one ounce may be posted singly if prepaid by postage stamp one half cent.

**The Time Ball on Custom House, St. John, N. B.,**

will be hoisted half its elevation each day (Sundays excepted) at fifteen minutes before 1 o'clock. At one minute before 1 o'clock it will be hoisted its full length; and at 1 o'clock, mean time, the Ball will be dropped. A Chronometer keeping correct Greenwich time should then show 5h. 24m. 15s., and the difference between this and the time shown by a Chronometer is its true error on Greenwich time at the moment. At the above hour of 1 o'clock, when the Ball drops, represents 5h. 24m. 15s. at Greeewich, the error of a Chronometer may be ascertained, no matter where the ship is lying. Masters of vessels arriving at St. John should compare their Chronometers by the Time Ball, as it will enable them to get the sea rate, which frequently varies from harbor rates. Latitude 45h. 16.m 42s. N., Longitude 4h. 24m. 15s. West of Greenwich.
