

SCUTARI FELL AFTER GREAT SIEGE

Eight Thousand Lives Lost Before Turks Surrendered

European Situation Believed to be More Complicated

SCUTARI, Montenegro, April 23.—It is officially announced here that the Montenegrin forces have entered Scutari.

After the final desperate attack being necessarily for almost 24 hours during which they brought all their forces to bear to overcome the heroic Turkish resistance, the Montenegrin troops forced their way into the fortress of Scutari which for just over six months, since the middle of October, 1912, had offered such a stubborn defence.

The assault which gave the Montenegrins possession of the city which has been the sole object of their war against Turkey, began on Monday night. The Montenegrin army then took the offensive along the entire front. They completely surprised the Ottoman defenders by pushing right up to the Turkish positions, where they engaged in close bayonet fighting against the Turkish garrison.

The Ottoman soldiers made a number of counter attacks and tried with their utmost energy to drive the attacking force out of their works, but they were finally compelled to fall back and leave their positions in the hands of the besiegers who received instant reinforcements.

It was midnight last night when the Montenegrins obtained their footing in the fortress and detachments of the besiegers entered the city at 1 o'clock this morning.

According to one report Essad Pasha, the Turkish commander-in-chief, recognized the uselessness of further resistance after the outlying key position of T. Sosa had fallen before the Montenegrin and Serbian guns. He is said then to have ordered his troops to cease their defence of the fortress.

Another report says that the Montenegrin commander-in-chief had been negotiating since Monday with Essad Pasha for the surrender of the place.

Still another account says that the Turkish troops defended the city until the last.

Although the Serbian troops did not participate in the final attack, their artillery was used by the Montenegrin gunners, and it is said that this fact their success was largely due to.

The act of capitulation was signed by the Turkish commander shortly after the Montenegrin troops had reached the centre of the city.

Situation Complicated LONDON, April 23.—While the capture of Scutari by the Montenegrin troops is believed in European circles to have complicated the situation, operated by the decision of the great powers to include Scutari in the future state of Albania, the opinion here is held in Balkan circles.

There the opinion prevails that the Montenegrins, having accomplished the beginning of the war, will find it very easy to accept the decision of the great powers, and that the latter on the other hand will be more ready to grant her a rectification frontier which will satisfy her.

The long defence of Scutari under estimated at about 10,000 men, who also had to guard the outlying stronghold of Karakosch and other connecting works surrounding the city. This they did so well that the Montenegrins, even when they were aided by the Servians, could not make any impression until a few weeks ago, when the Servians brought up a large number of siege guns which soon reduced the fire of the Turkish artillery.

Reduces Age Limit BERLIN, April 23.—A bill reducing the age limit at which a German workman is entitled to pensions from 16 years, as at present, to 65, was submitted to the Imperial parliament today by the budget committee. The measure was proposed by the Socialists.

Three Met Death VANCOUVER, April 23.—Three employees of the British Columbia Electric Railway met accidental death here yesterday. W. H. Fulton and Arthur Whittick were electrocuted at Victoria and George Malcolm was struck by a car on New Westminster and died of his injuries.

Canada's Grand Old Man is Departing

(Canadian Press Despatch) MONTREAL, April 23.—"I can only say again that I deeply regret that Sir Wilfrid Laurier did not endorse Mr. Borden's naval policy," Sir Chas. Tupper, who last night passed through this city on his way to Halifax, where he will embark for England. "I think he made the mistake of his life," continued the monogerman statesman, "because the offer has placed Canada in a better light, not only in Great Britain, but all over the world."

Sir Charles had a sad farewell to number of friends who met him at the station, in the following words: "I may not see this great city again. I may never see the Dominion which I helped to form and whose rapid growth and development I have watched with the greatest possible pride, but I will ever have the satisfaction of knowing that my brightest dreams of this country's future from away back during the confederation campaign have been more than realized."

MORRELL STREET SCHOOL TO GO

Lak Erie and Northern Will Acquire That Property

Representatives of the Lake Erie and Northern Railway will meet the Water Commissioners to-morrow at 10 a.m., with a view to starting construction on the Waterworks property, Holmedale.

Thirty teams are ready to work on that section of the line, from Morrell street along Holme street.

It will be necessary to approach the School board with reference to the acquisition of the old Morrell street school and that building will have to be torn down.

All the sub-contracts have now been let from Galt to Port Dover.

To Assist City and Township Boards Want New Smallpox Hospital.

The Township Board of Health met at the Court House yesterday afternoon. The board, decided after discussing the matter to make the following recommendations to the Township Council.

Moved by Dr. C. D. Chapin, M. H. O. for the Township and seconded by Reeve Alfred Kendrick: That a recommendation be made to the Council of the Township of Brantford that action be taken with a view to joining the City of Brantford in providing a proper isolation hospital for smallpox patients.

The recommendation will be presented at the next meeting of the council.

Accounts to the amount of \$39.54, the township's share in the cost of keeping Mr. George Unger, brother of Mr. Fred Unger, a patient in the Smallpox Hospital.

The following were present: Mr. Young, chairman; Dr. Chapin, M. H. O. for the township; Reeve Alfred Kendrick and James Reid, sanitary inspector.

The Montenegrins are said to have lost no fewer than 3,000 killed and the Turks 5,000 during the siege of that city.

DYING BUT DETERMINED

Not to Relinquish His High Place—Lord Alverston's Condition.

(Canadian Press Despatch) NEW YORK, April 23.—A cable to The Tribune from London says: Lord Chief Alverstone is lying so close to death at his Kensington residence that he is merely the shadow of his former self and is practically unfit to retire from offices and due to his weakened mental condition stoutly insists that he will be at his old place in the course of a few days. Of course Lord Alverstone will never be able to occupy his seat in the bench again, but the present attitude he has adopted despite serious pressure in high quarters, makes it extremely difficult for the authorities to make any move. Their desire is to avoid hurting Lord Alverstone's feelings by forcing his retirement, but it is clear that some drastic step will be necessary shortly in the interest of public business in the courts. Sir Rufus Isaacs, the attorney-general, is chafing over the delay in stepping into Lord Alverstone's shoes.

More Police Grant. NEW YORK, April 23.—Another source of police grant was the information obtained by District Attorney Whitman. It became known in the form of a manuscript narration furnished by Jacob Rous, a lawyer who has defended accused policemen in the city for the last dozen years. The trail laid bare by Rous, it is declared, leads into police headquarters and involves several high officials.

With the presentation of the manuscript before the grand jury, Mr. Whitman believes the indictment of important figures in the graft scandal is certain.

Terrible Fall STRATFORD, Ont., April 23.—Falling 70 feet from the top of the smokestack of Zimmerman Bros. box factory at Tavistock, and alighting head foremost on the metal roof William Rogers, a London steeplejack, received a terribly fractured skull last evening and died at the local hospital this morning. He had painted the stack almost to the top when his seat dropped.

STORM PROVED VERY HEAVY IN PARTS

Considerable Damage Reported From Last Night's Storm.

Barns Burned in County, and Churches Were Damaged

It was some storm! The city escaped serious damage, but the county didn't. Barns were destroyed, telephones knocked out, and the elements broke loose in all their fury. The lightning commenced before 10 o'clock, but it was some hours after midnight when the slumbering populace were awakened by the ferocious and proximity of the electric atmosphere. Night operators at the telephone office were driven to cover, firemen were awakened as the blue flames shot in over the wires and gave a daylight illumination good for several seconds. This kept up for over an hour. In the northern section of the city the electric current seemed close enough to be dangerous. It removed half a dozen bricks from Brant Ave. Church. Apparently the church was saved by a fraction. Meanwhile the rain poured down. The fiercer the lightning and the heavier the thunder, the greater was the downpour. In the early morning there was a calm; the buds were fairly visible in the bursting of their petals. The whole of the vernal world seemed to have taken on life anew. Nevertheless, damage was done. There was an inch of rain, recorded at Mohawk Institute this morning.

At Sour Springs. A disastrous fire caused by lightning occurred during the storm last night near the Salt Springs Church, when a barn on the farm owned by Mrs. Dickenson, which Mrs. McMurphy of this city is executor, and occupied by Thomas Blair, was completely destroyed, along with a quantity of seed grain, a fanning mill, wagon and three horses. The three animals perished before Mr. Blair could rescue them, but the fire was spread. The poor animals could be heard screaming with pain, but to do anything in their behalf was utterly impossible. Mr. Blair was, however, able to save his implements, which were stored in a barn in the neighborhood of \$2,500, covered by \$1,200 insurance on the whole contents of the place.

Brant Ave. Church. The Brant Ave. Methodist Church was struck, but fortunately no serious damage was done. The lightning struck the top of the wall of the Sunday school building and knocked off a dozen or fifteen bricks, which can be easily replaced in a very short time. It was a narrow escape, and it is a miracle the building, considering the fierceness of the storm, was not partially wrecked or burned to the ground.

Mr. Morey's Loss. Lightning struck the barn of Mr. William Morey, Burford, at 3 o'clock this morning and burned it together with stored and implements. The damage is said to be about \$2,000.

Church Tower Struck. The tower on the Church of England at Burford was also struck, and the electric light system was put out of order.

Beck Wins In Connection With Toronto Electric Fight With Hydro.

TORONTO, April 23.—By a vote of 22 to 9, the private bill in the committee of the Ontario Legislature this morning decided with regard to the proposed purchase of the Toronto Electric and Toronto Electric Railway to the Railway Company alone.

"It will be easy," said Chairman Lucas, after the hour's discussion was over, "for the legal department to strike out any reference to the Toronto Electric Company."

Hon. W. J. Hanna, voted for the original proposal, the combining of the two companies in the question to be submitted to the ratepayers—and W. C. McNaught alone of the six Toronto members voted with the minority.

Hayor Hocken who was in attendance said Sir William Mackenzie's ultimatum was "you can take both or neither."

Duchess of Connaught Suffers a Relapse

(Canadian Press Despatch)

LONDON, April 23.—The Duchess of Connaught, wife of the Governor-General of Canada, has not been so well during the past 24 hours, according to a bulletin issued by the surgeon-in-attendance.

The Duchess had been reported as progressing favorably toward recovery after an operation for the removal of the vermiform appendix performed on April 10.

"Would Send Them Around the World"

(Canadian Press Despatch)

MANCHESTER, Eng., April 23.—In sentencing two militant suffragettes, Mrs. Forrester and Miss Manesta, at the Manchester Assizes to-day Justice Sir John EldonBanks said: "I would send you round the world in a sailing ship if the law permitted me so to dispose of you."

The women were brought up at the assizes for trial on the charge of raiding on April 3, the Manchester Art Gallery and smashing the glass of thirteen famous pictures, which they said they did as a protest against the sentence of three years' imprisonment passed on their leader, Mrs. Emmeline Pankhurst.

The judge declared that failing the remedy he suggested as a cure for suffrage militancy, he would have to send them to jail for three months and a month respectively, and they would have to serve additional terms of six months and four months respectively unless they found sureties for their good behavior on leaving jail.

City Treasure Says to Street Railway—"You Pay First."

A communication was received at the City Hall from the Receiver of the Grand Valley Railway, which reads as follows: Toronto, April 18th, 1913.

H. F. Leonard, Brantford, Dear Sir.—Re Grand Valley Company; re Rental Colborne St. Power House. With reference to your letter of the 10th instant and to the lease executed by the Receiver to the City of Brantford of a portion of the Colborne St. Power House, I am advised that the first month's rent, payable April 1st instant, has not been received at the Brantford office. Will you kindly issue instructions for the payment of the current month's rent.

Yours truly, E. C. TODD, For E. B. Stardale, Receiver of Grand Valley Railway Company.

The City Treasurer replied to the letter, stating that as the managers of the Railway Company were indebted to the city for a very large sum, it was unreasonable to say the least of it for them to ask for rental. Furthermore, if the Company would meet its obligations, the city would be pleased to pay the accounts.

Some Game Very Flashy

A member of the Courier staff who for once in his life was trying to get some sleep burst into poetry this morning over last night's storm as follows: ODE TO LAST NIGHT'S THUNDER.

The scene 'twas up in cloudland, And for the opening game sum, it was very exciting. And not alone in name. For as it is upon this earth, So 'tis, they say, up there. For each one has his favorite team And each his favorite player.

"Play ball!" the umpire duly cried— "His name was that of Davlin." The thought on each contending side: "Wonder what he'll do to us."

The catcher with some mystic signs Was tipping off the pitcher. And fans called out, "Just mind your eye. Or else perhaps he'll hit you."

The roars of the spectators were Both liberal and thunderous. With lightning speed the ball was curved— "Hard the job of Plavins."

With luminous velocity, Bases were stolen, a score of 'em. And horns were shrieked, "Well, with more than much glee, they'll."

LENOVI The game was close, a tie for each. With Casey at the bat; With mighty force he lammed the ball. But sure it was a punch!

The name "Home Run" was on that sphere, The excitement was immense. When Plavins, without a fear, Yelled "Foul!" in language terse.

And then it was the crowd broke out In accents such as you hear! And as for "Plavins" Well, he's running yet.

Pope is Better. ROME April 23.—Pope Pius continues to make satisfactory progress in his convalescence. He rose from bed at half past ten this morning and was allowed by the physicians to walk a few steps in his bedroom. His temperature was 97. He suffered less from prostration and his strength had improved, although his bronchial congestion still exists with a cough and abundant expectoration.

BELGIANS ARE NOW HAPPY PEOPLE

Strike Ends and There is Great Rejoicing All Over

Men Return to Work To-day With Situation Cleared

BRUSSELS, April 23.—The Socialist headquarters committee which organized the general strike for equal suffrage throughout Belgium has received at the "House of the People," hundreds of messages from industrial and mining districts of the country expressing elation and congratulation on the fact that the government has been compelled to recognize the power of the people.

The principal endeavor of the strike leaders is now directed toward keeping the strikers from returning to work until the Socialist congress can decide formally that the strike has come to an end. The Congress may meet to-morrow but the official call to convene has not yet been issued.

Reports from most of the industrial centres show that there were a good many resurrections of work to-day.

Are Returning. ANTWERP, Belgium, April 23.—Large numbers of the strikers in various trades are returning to work to-day, in consequence of yesterday's vote of the chamber of deputies at Brussels on the question of equal suffrage. The shipping men connected with the port have telegraphed abroad that all difficulties of loading and discharging cargoes have now been overcome.

Only a Few. MONS, April 23.—Only about five per cent of the strikers took up their tools again to-day. The remainder are waiting for the decision of the Socialist Congress which will probably be announced to-day.

All Go Back. LUXEMBOURG, Belgium, April 23.—Practically all the Pottery workers went into the factories this morning, but only a small percentage of the miners appeared at the pits.

Mrs. Squirrel Succeeded Squirrel life in its highest form was enacted on Market street yesterday afternoon before the interested gaze of hundreds of spectators. Mother Squirrel decided to remove five little ones from the awning of Forde's grocery store to more congenial quarters in Victoria Park and remove them she did. The little ones were just able to hop, but Mother Squirrel ran no chances with street traffic. She decided to carry her family to the Park's edge, and she did her work valiantly. Had there been a dog or any one unkind enough to have hampered Mrs. Squirrel, it would have fared badly, with either canine or person. The mother of the buxom family won popular sympathy in her struggle. It was a pretty sight and not without human interest.

Serious Case. Wm. Morrow, a young man, who has been in this country about eighteen months, pleaded guilty in court this morning to a charge of immoral conduct in connection with a young girl named Martha Davidson. In view of the serious nature of the charge, Mr. Wilkes asked His Worship to adjourn the case till Friday in order to secure counsel for the defendant.

Thomas Clawsey charged his son Fred with not working and causing him considerable trouble. Fred has evidently "skipped out" as he didn't appear after being summoned. This settled the case as his father only wanted to avoid trouble.

Pope Was Pleased. ROME, April 23.—A bronze group of statuary brought as a gift yesterday by a party of French pilgrims was shown to the pope in his bedroom this morning. He expressed his great admiration of the work and the religious feeling it showed and uttered some flattering words in regard to the piety and the loyalty of the French in spite of the efforts of a small section of the people of that country to entice the faithful from the right path.

CELEBRATE 24 ON MONDAY

Local merchants are somewhat in doubt as to the date of the observance of Victoria Day this year. May 24 falls on a Saturday, and this day, for many reasons, it is felt, is undesirable for business reasons. The merchants want the holiday observed on Monday. In Hamilton, St. Catharines and other cities the same request has been made. The Courier believes the suggestion a good one, and in order to avoid confusion an understanding should be arrived at early.

GRAND OPERA HOUSE BRANTFORD

Thursday, April 24.—Wm. A. Brady Limited presents New York's greatest dramatic triumph, "BOUGHT AND PAID FOR," by Geo. Broadhurst, direct from its run of one solid year at The Playhouse, New York. The New York Journal said: "Makes you laugh with one eye and cry with the other. While there is a good deal of pathos in the play, there is a large vein of humor, with prolonged gushes of laughter. It is a great play, inspired by the happenings of our every-day life. Prices: 25c, 50c, 75c, \$1, \$1.50. Seats Tuesday.

Tuesday, April 23.—Wm. A. Brady presents ROBERT B. MANTELL in Shakespeare's greatest masterpiece of romance, "THE MERCHANT OF VENICE." Robert B. Mantell, by right of ability, efficiency and professional achievement, is now the legitimate leader of the American stage. William Winter, dean of American dramatic critics, in Shakespeare on the Stage, his permanent record for posterity. It is indeed gratifying to know that there is still an actor who is passing on the best traditions of our stage. The late Horace Howard Furness, America's greatest Shakespearean scholar, Curtail will raise promptly at 8 o'clock. Prices 25c to \$2. Seats to non-subscribers Saturday.

**AS TO CLOSURE.**

Liberal papers and Liberal speakers, who continue to work themselves into a condition of hysteria over a proposal to introduce the closure of Ottawa, keep talking of "Tory 'Afraid to go to the country,'" all that kind of nonsense.

They further allege that although it is true Gladstone introduced a similar measure in the British House that it was very seldom applied.

What are the facts?

In 1888 closure was applied twenty-eight times and in 1889 forty-five times and was applied continuously during the years 1902 and 1903, will be remembered that there was Tory government in power in England from 1900 to 1905, and the closing statement shows how closure was applied during the years starting with 1900.

**TO HELP THE FARMER**

In discussing the bill of the Hon. Mr. Burrill, Minister of Agriculture at Ottawa, to spend ten million dollars on behalf of agriculture over a period of ten years, Mr. J. Edwards of Frontenac said he presented a constituency which supposed was as strictly agricultural as any riding in the Dominion of Canada.

A great deal had been done in the province of Ontario, especially in the last few years, in advancing the interests of agriculture by way of giving practical instruction to farmers, their own farms. He had to give personal thanks, and to convey to honorable friend the Minister of Agriculture (Mr. Burrill) the thanks of the people of Frontenac, for having acceded to his request to grant to this county a man to conduct cow-testing work. This was very important work and in his constituency the gentleman who had been appointed had regular route assigned to him, goes to the farmers, regardless of their politics, and gives instruction as many as one man is able to give instruction to. It was very pleasing to be able to state that, out of the great number of farmers who may be regarded as pupils in that particular work, only two discontinued the work, cow-testing in which they engaged the beginning of last season. He had a number of requests from other parts of the county, not covered by this man, asking for the appointment of a man to take up similar work, was an indication that the farmers desired of getting instruction and acting upon the instruction that

#### AS TO CLOSURE.

Liberal papers and Liberal speakers who continue to work themselves into a condition of hysteria over the proposal to introduce the closure at Ottawa, keep talking of "Tory gag," "Afrail to go to the country," and all that kind of buncombe.

They further allege that although it is true Gladstone introduced a similar measure in the British House that it was very seldom applied. What are the facts?

In 1888 closure was applied twenty-eight times and in 1889 forty-seven times and was applied continuously during the years 1902 and 1905. It will be remembered that there was a Tory government in power in England from 1900 to 1905, and the following statement shows how the closure was applied during the ten years starting with 1900:

The Grit howlers when they yell about a Tory scheme for stifling free speech are just about as much off the track as they generally are.

In reality it was the Liberals who initiated such a measure in the Old Land and they have since made far more use of it than the Tories.

#### TO HELP THE FARMER

In discussing the bill of the Hon. Mr. Burrill, Minister of Agriculture at Ottawa, to spend ten million dollars on behalf of agriculture over a period of ten years, Mr. J. W. Edwards of Frontenac said he represented a constituency which he supposed was as strictly agricultural as any riding in the Dominion of Canada.

A great deal had been done in the province of Ontario, especially in the last few years, in advancing the interests of agriculture by way of giving practical instruction to farmers on their own farms. He had to give his personal thanks, and to convey to his honorable friend the Minister of Agriculture (Mr. Burrill) the thanks of the people of Frontenac, for having acceded to his request to grant that county a man to conduct cow-testing work. This was very important work and in his constituency the gentleman who had been appointed had a regular route assigned to him. He goes to the farmers, regardless of their politics, and gives instruction to as many as one man is able to give instruction to. It was very pleasing to be able to state that, out of the great number of farmers who may be regarded as pupils in that particular, only two discontinued the work of cow-testing in which they engaged at the beginning of last season. He had had a number of requests from other parts of the county, not covered by this man, asking for the appointment of a man to take up similar work. It was an indication that the farmers are desirous of getting instruction and of acting upon the instruction that is

given. A great deal of benefit had accrued to the Province of Ontario from the appointment of district farmers' representatives. They had one of these men in his county, and great good had come from the work which he had done during the few months he had been there. He was available at all times for consultation on farm problems. For instance, he goes to a man who wants to drain his land. He will plan the draining of the farm without any expense to the farmer, providing a plan and giving an estimate of the cost. He also gives instruction in the proper spraying of trees and the spraying of certain weeds which can be killed by that method. He had, in the few months during which he had been at work in his county drawn the attention of the people generally to himself, and his services were in very great demand. He did not suppose that the people of his county differed very materially from those of other parts of the country, and this was another indication that agriculturists generally are willing and anxious to get practical instruction and to avail themselves of it.

He could not see the point of the objections which some hon. gentlemen had raised to the Bill on the ground that we are making a grant of ten million dollars and spreading that grant over a period of ten years. To his mind that was a very excellent feature of the Bill because it gave to the system a certain amount of permanency. At the end of ten years there would probably be another grant for a further period of ten years and it meant that, even if the Government was turned out, which he did not think would happen, whatever administration was in office would go on with this very important work. By spreading it over a period of ten years the Government, no matter what Government was in power, whether this or a new Government, would take charge of the work and continue it. Surely no objection could be taken to that.

#### A MUNICIPAL STREET CAR SYSTEM

The Courier has been heartily congratulated by many citizens upon its advocacy of the municipality assuming ownership of the street car system.

With our beneficial experience regarding the waterworks, there should not be any hesitancy, with reference to looking into the matter, and taking action.

Said waterworks commenced to earn in 1890 and since then some \$175,000 worth of net profits have been returned to the corporation, while the people have at the same time paid much lower rates than residents of other places.

The passenger returns of the local railway system are showing a steady increase day by day, and there can be no question whatever that with extensions to Terrace Hill and other suburbs, a very much increased volume of business would be recorded.

This city, within a few years, our skirts included, is going to hit the forty thousand population mark, and right now is the time to take hold without handing the road over to any private corporation.

#### NOTES AND COMMENTS.

Now then, all aboard for the municipal cars. That must have been the opening game of the baseball season up in the clouds last night, with the umpire mobbed at frequent intervals. Through the Young Women's Association, Kansas College girls, have been defining what they consider composes a model husband. One of the decisions is that he "need not be handsome." That kind of doctrine will be balm to a lot of us hereabouts. Mr. W. F. Maclean, M.P., predicts that in time Toronto will be

come the capital of the British Empire. As it will take place at so remote a period that Billy won't be able to run things, goodness knows what kind of a cataclysm there will be.

It has been decided in Toronto Public schools to discuss "how to prevent fires." The idea is a good one and it should be made one of the regular features in all schools. Today Canada has the biggest annual loss per head of any country in the world, and many of the conflagrations are the outcome of sheer ignorance and carelessness.

During the 1911 contest Hon. Sydney Fisher, announced on behalf of Laurier that if successful he would introduce a closure measure. Now this same Sir Wilfrid is making furious declarations that such a measure would be unfair and un-British. Is there any subject on earth with regard to which the ex-Premier hasn't faced both ways?

Editor Macdonald of the Toronto Globe is in Ottawa once more probably to indulge in some gally-demonstration which he will afterwards deny. He sends his paper a despatch in which he says there is "No justification for closure." The same gent told the people of Canada that there was no justification to refuse reciprocity, but they did.

The fact that Great Britain has just recorded her most successful trade year will lead a lot of Free Trade enthusiasts to claim all the credit for that system. As a matter of fact the British taxpayer bears heavy burdens. On sugar, tobacco, tea, currents, cocoa and so on he has his pocket mulcted to the extent of millions of dollars per annum. Sugar alone bears a burden of over \$10,000,000.

#### What the Other Fellow Thinks.

How Is This For a Suggestion? Toronto Star: Being busy we have no time to do it, but why does not somebody organize a company to get into the business of reconstructing the coal bins in private houses so that each one will accurately measure the quantity of coal put in by the dealer.

An Expensive Experiment. Vancouver Province: The Los Angeles City Council was obsessed with the idea that the publication of a municipal newspaper would prove not only a money saver, but a source of civic revenue as well. After dropping \$36,000 on the venture in a little over six months, they have retired from the publishing business.

Our Love of Show. Stratford Herald: The fondness of people for prettily packaged goods was set down as a by no means inconsiderable cause of the present high cost of living by the Ontario Retail Grocers' Association in session at Toronto recently. There is truth in this contention. Articles obtainable to just as good advantage in bulk rather than in small packages, because the artistically lithographed labels or attractively shaped bottles take the fancy of the buyers. This fancy is perhaps to be accounted for as a particular expression of the general regard for appearances that is a characteristic of Anglo-Saxonism in this continent.

Banish the Poles. Peterboro Examiner: Crossed electric wires are dangerous. The recent killing of three men in Oakville, in an apparently mysterious manner, was found on investigation by experts to be due to crossed wires. Though there is a difference of opinion on this point, at any rate there is necessity of greater attention to electric wiring to prevent loss of life and to insure continuity of service for domestic and industrial purposes. As to crossed wires in street installation, the simple remedy would seem to be to take the electric wires off the streets as much as possible. There is practically no possibility of, or danger from, crossed wires, if they are placed in underground conduits.

#### SIR CHARLES' FIRST REWARD.

Former Premier Receives \$100 Veteran Bounty on Leaving Ottawa. OTTAWA, April 23.—Sir Charles Tupper left Ottawa yesterday afternoon, probably never to return. The aged statesman, who has been residing for the past few months in British Columbia, is returning to England where he intends to remain.

A large number of Parliamentarians and others were present as Sir Charles said good-bye to the capital where he was for so many years a leading figure, and where he took part in so many stirring scenes. Just before the train pulled out Col. the Hon. Sam Hughes presented Sir Charles with the hundred dollars bounty to which he is entitled as one of the veterans of '66.

"Thank you," said Sir Charles. "This is the first reward I have ever got for my military services."

### ARE CHANGING THEIR METHODS

#### Militants Plotting Now With Much More Secrecy

LONDON, April 23.—"We have plans ahead which will startle people. The temporary silence of our leaders by raking up an old Act of Parliament will only exasperate and drive us to commit graver deeds." This statement by a rising militant suffragette crystallizes the view of the Women's Social and Political Union in regard to the prosecutions of Miss Annie Kenney and Mrs. Flora Drummond ("The General") under an old Act of Parliament for inciting disturbances of the peace and when the women were arraigned in court they had to give an understanding that they would avoid militancy until their trial in the courts.

The women, however, never risked the loss of their funds. The money was sent abroad for investment. Leaders to Subscribe. The movement seems to be tending so far as organization and the plotting of outrages is concerned, to become more secret, and it is possible that the leaders who are not in jail or under bonds to keep the peace will refrain in future from public incitements, such as Mrs. Pankhurst, Miss Kenney and Mrs. Drummond to the courts.

At the same time there are indications that the police are making preparations to meet the change in tactics on the part of the women by extending their operations so as to include the local leaders and the rank

and file as well as the stars. No matter what happens a cessation of the outrages is not expected. Keir Hardie's Appeal Falls. One of the women who destroyed the glass covers of the pictures in the Manchester Art Gallery some time ago was acquitted yesterday. The others were found guilty but sentence was postponed.

In the House of Commons yesterday Home Secretary McKenna refused the appeal of Keir Hardie, the Labor leader, for the release of Franklin, the male suffragist, who was sent to prison for setting fire to a railroad train. The release was asked for on the ground that his reason was endangered by a nervous breakdown.

Mr. McKenna said that in view of the crimes which Franklin had committed his reason was abnormal, but it had become no worse since his imprisonment.

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are powerful in their action and while leaving nothing to be desired as a worm expellant, have an invigorating effect upon the youthful system, remedying fever, biliousness, loss of appetite, sleeplessness, and other ailments that follow disorders caused by worms in the stomach and bowels.

The name of the Empress Eugenie came up the other day in connection with a singular incident. An inventory of the jewels belonging to the empress was discovered recently at Montious, in the Pyrenees Orientales department by a young soldier who was taking a stroll near the fortifications. He noticed the neck of a bottle sticking out of the ground, and unearthed it. In it was a document bearing the seals of the Second empire, dated September 4, 1870, and having the inscription: Inventory of jewels and bank notes entrusted today to M. Manuel Perez to be taken to Madrid and handed over to the Comtesse de Montijo—probably a relation of the Empress. Several items: A pearl necklace, presented by the emperor of Russia, valued at \$100,000.

Two pearl bracelets from the queen of England, valued at \$130,000. A ruby and diamond parure from the shah of Persia, valued at \$160,000. A pearl and diamond necklace from the Grand Duc Constantine of Russia, valued at \$320,000.

Bank of France notes to the value of \$400,000. The document was headed Paris, Palace of the Tuileries and signed by the grand chamberlain of the palace. When the authorities visited the spot where the inventory was discovered they found part of a human skeleton which had apparently been there for more than 40 years.

## DELACOUR

The City That Will Be Built

### Delacour is Now a Townsite—in a Year It Will Be a Hustling Western Town

WHAT the C.P.R. was to the old Northwest the Grand Trunk Pacific Railway is to our present grain-growing Western Empire. The Canadian Pacific opened up Provinces—the Grand Trunk Pacific is covering these Provinces with thriving towns. Alberta, on account of its situation, its climate and its magnificent grain and cattle lands, is growing so fast that it is striding far ahead of its sister Provinces. Its inrush of immigration is tremendous—its railroad building enormous. The towns that are springing up along the Grand Trunk Pacific right of way in Alberta will be cities in a few years, and the wise investors who put their money into these townsite lots can rest assured of immense increase in the value of their holdings. DELACOUR is the choicest townsite on the Grand Trunk Pacific, being right in the heart of the great grain-growing section of Alberta, only twenty miles from Calgary. Lots can be had now as low as \$1.00 per foot, but a material advance is expected shortly. A small cash payment will secure the lots, and easy terms on the balance arranged. Call, write or telephone for full information and pamphlet.

### D&A CORSET

The Corset that Enhances the Charms of Youth

Very young women need this corset. It gives the exact foundation required for the successful fashionable costume, supports the back, encloses the hips, gives to the figure a more mature appearance and is so graceful and so comfortable that wearing it is a positive pleasure. And Doctors tell us this is the model which every young woman should adopt. The price is \$1.00 to \$3.00 less than that at which any imported corset of similar quality sells.

There is a D. & A. and La Diva model for every figure. Our catalogue, sent free on request, will help you to choose the best for yours.

### Paris News

Paris, April 23rd. This afternoon a pretty wedding took place at the home of Mr. and Mrs. Alexander Stewart, when their daughter Miss Edith Macdonald was united in marriage with Mr. David Macdonald of Brantford. The ceremony was performed in the drawing room which was beautifully decorated with flowers. Rev. R. G. MacBeth officiated. The bride looked lovely in white satin. She wore the grooms gift, a pearl crescent brooch. The maid-of-honor was gowned in pink silk. Mr. William J. Stewart was groomsmen, and the wedding march was played by Miss Edith Peachey of Brantford. After a dainty wedding breakfast the young couple left for a honeymoon trip to Detroit, the bride's going away costume being a suit of navy blue and black hat with plumes. Upon their return Mr. and Mrs. Macdonald will reside at 23 Princess St., Brantford. St. James Church was the scene of a quiet wedding yesterday afternoon when Miss Lily Younell of Paris was united in marriage to Mr. Albert Lynn of Brantford. The groom was supported by Mr. Peter Younell, while Miss Louise Colston acted as bridesmaid. The bride was given away by her stepfather, Mr. Herbert Ward. Mr. and Mrs. Lynn will reside in Brantford.

### RADIAL ROADS WERE DISCUSSED

Two Brantford Lines Were Discussed at Ottawa Yesterday.

OTTAWA, April 23.—There was a long discussion on a bill of the C. E. R. as to whether the clause respecting municipal rights should be always added. During the course of the discussion Major Currie of Simcoe, expressed the opinion that within 1 year practically every railway in Ontario would be operated by electricity. He pointed out that railways would soon be coming to the committee asking that they be given power to electrify and that this would open up some new problems for the committee.

### Your Furs are Safe in our Vaults!

Why send them out of town when they can be stored just well in Brantford? Furs are so highly prized by everyone, it follows that great care must be taken to protect them from the ravages of moths. It is a fact that more furs are ruined by these pests than by actual wear. The cold, dry air system of storage is a positive safeguard against moths. Much work and worry can be avoided by simply telephoning us at 619, and we will call for your furs and other winter apparel. You place your own valuation on each article, and we are responsible to you for that amount in case of loss by fire or moths. Our charge for storage and insurance is 3 per cent. of the value—a moderate charge when it is remembered that we carefully dust each article, and hang them in a vault that is intensely cold. Nothing is packed or folded. Everything is kept on hangers, so that the most delicate article will not become creased or mused, and will carry no odor of moth preventative.

**Military Camp.**

**Meeting Changed.**  
The meeting of the Board of Health which was to have taken place on Thursday afternoon has been postponed until Friday night on account of the death of a relative of Chairman John Patte, who passed away in Toronto.

**Soft Ball League.**  
A meeting of the committees and officers appointed at the soft ball meeting held last Wednesday night will take place at the Y.M.C.A. tonight. All those interested in the Dufferin Rifles putting a team in the soft ball league are requested to meet at the armories to-night. There is some talk of the North Ward Tigers and the Eagle Place Stars entering a team in the league. If the Tigers and Stars come into the game there will probably be a league comprised of eight teams.

**Galt's Prevention.**  
A Galt despatch says: As an initial step in measures to minimize flood conditions, Mayor Scott and three aldermen were appointed a committee to consider the feasibility of widening the Grand River in the vicinity of Main street. The recent flood destroyed 100 feet of the retaining wall and the plan is in renewing the wall to build back twenty feet thus making a beginning in giving the river freer flow for a freshet. This would be in accord with the report of Government Engineer Jennings made 15 years ago.

**Building Permits.**  
Building permits have been granted to the following: Chas. Wickson, Albion street, brick bungalow dwelling, \$1,500; William Sutch, Chatham street, brick cottage, \$1,000; Peter Spence, Strathcona Ave., brick cottage, \$1,200; James Cox, Victoria St., frame verandah, \$150; John Callis, Church St., brick dwelling, \$1,800; Edward Crocock, McLure Ave., brick cottage, \$1,000; J. T. Crandell, Greenwich St., brick cottage, \$1,000.

Memorandums for camps of instruction from military headquarters at Ottawa have been received in the city. They state that the cavalry will bivouac all night once during the camp.

**It Was Laid.**  
GUELPH, April 23.—A young lad named Bennett, aged 13, playing at the Grand Trunk tracks, with other boys, found an unexploded gas torpedo. They proceeded to break it open with a stone and continued pounding until they finally exploded it, the tendons in the Bennett boy's arm being badly torn by the explosion.

**Want Brantford News.**  
The Financial News of Toronto has written City Clerk H. F. Leonard and requesting him to write them an article on Brantford for the Progress of the Empire number, which they intend to publish on May 24.

**Uniforms Issued.**  
The members of D Squadron, 25th Brant Dragoons, were issued their uniforms at the armories last night. Major Leonard will entertain the squadron at the Tea Pot Inn early in May.

**Board of Trade.**  
There will be a meeting of the council on Friday afternoon and a general meeting on Tuesday evening. The prevention of fire waste will be the main topic.

**Bell Memorial.**  
A meeting has been called for Monday afternoon of the directors to take up the question of the cleaning up the proposed park and tearing down of buildings, and also the improvement of the streets abutting on the site.

**Tutela's Ball Club.**  
A meeting was held on Tutela Park last night by the Wesley Baseball team. The object of the meeting was to elect a manager and a captain. Mr. Arthur Shuret, third baseman of last year's Eagles, was elected captain, and Mr. P. Littich was spoken of for the managerial berth. Under good leadership there could be a good team picked from Wesley church.

**Jewish Feast.**  
The Jewish feast of the Passover is being observed in the Synagogue on George street by the Jewish residents of this city, of which there are over 50 families. The services, which are held in the synagogue twice daily, and will continue all next week, are being presided over by Rabbi Greengarden. The adherents of the faith are supposed during the feast not to eat anything with salt in, and all new dishes are used.

**A Presentation.**  
At the regular weekly meeting of the S. P. U. club of Colborne St. Methodist church, held in their club rooms, Charlotte street last night, Mr. Mortimer, who has lectured at the club during the past season on electricity, was presented by the club with a suitcase and address. The address was read by Mr. Stanley Holling and the presentation was made by Mr. John Joyce. Mr. Mortimer replied suitably. Mr. Mortimer has been a very active worker for the club, and will be greatly missed by the young men. He leaves the city in the very near future.

### Laid at Rest

**The Late Joseph Johnson.**  
The funeral of the late Joseph Johnson took place yesterday morning from his late residence, second concession, Brantford township, to Brant cemetery. Many friends and neighbors gathered to pay their last respects to the deceased. Impressive services were conducted by Rev. Mr. Morrow of Cainsville. The pallbearers were Messrs. E. Misener, J. Fonger, H. Watson, W. Fonger, T. C. Spoor and E. D. Robinson.

### The Late Mrs. Close.

The funeral of the late Mrs. Carrie D. Close, daughter of Mr. Samuel Cherry of Garnet, Ont., took place at the family residence, 82 Brighton Row, Tuesday, April 22. Mrs. Close was laid to rest beside her husband in Mount Hope cemetery. The funeral service was conducted by the Rev. Mr. Liddy, and Mrs. Liddy sang a very appropriate solo. Flowers were received as follows: Pillow, family; anchor, Mr. and Mrs. Chas. Close; wreath, Mr. W. G. Farr; sprays, Marie and Charlie, Mr. Archie Close and family; Mr. and Mrs. C. H. Farr and Vera; Mrs. Geo. Roddison, Mr. and Mrs. Charles Simon and family, Mr. and Mrs. W. F. Simon, Mr. Fred Knight, Mr. Ed. Needham, Mr. Jos. Clarke, Mr. and Mrs. L. Slaght, Mr. and Mrs. Kellar and family, Mr. and Mrs. Geo. Durand, Mr. and Mrs. W. D. Butler, Mrs. Scofield and Gordon, Mr. and Mrs. Diamond, Mr. and Mrs. Frank Anderson, Mr. and Mrs. Jasper Harp, Mr. George Ward and Muriel, Mr. and Mrs. A. M. Oliver, Mr. and Mrs. J. R. Bancroft, Mr. and Mrs. Thomas Spalar, Mrs. Muir and family, Mrs. Charlotte Lettner, Charlie's chums, Wesley morning class, No. 3 Bible Class.

Emma Eames and her husband, Emilio de Gogorza, are to revisit America this summer. They will arrive in July and will go at once to California, remaining there until September. After that Mr. de Gogorza will fill concert engagements, but Mme. Eames says she has no concert plans for the present.

## AMENDMENTS WERE DEFEATED

Liberals Endeavor to Change License Act As Embodied At Toronto

TORONTO, April 23.—The entry of the bill to amend the Liquor License Act into the committee stage at the Legislature yesterday brought forth a series of Opposition amendments to flourish for a brief moment ere they were thrown aside.

Two of the amendments by their very nature were doomed to failure including as they did, tried Liberal planks clothed in a different garb. These were the proposals of Messrs Proudfoot, of Huron, and N. W. Rowell, to respectively strike out the three fifth clause and to issue no tavern or club license after the close of April, 1914. A third, sponsored by William McDonald of Centre Bruce, advocated the prohibition of sale on Good Friday, which is regarded as a holiday by a large class of people.

Sam Charters of Peel, J. H. Devitt of West Durham, and As. B. Thomson of Simcoe, voted with the Opposition, but it followed predecessors into the basket.

May Succeed Dr. Roche. CALGARY, Alta., April 23.—It is reported here that R. B. Bennett, Conservative leader in this province and member of parliament for Calgary, is slated to succeed Dr. Roche as minister of the interior in the Borden government in the event of Roche's continued ill health compelling his retirement.

Died Suddenly. VIRDEN, Man., April 23.—William A. Donald, retired barrister, formerly of Campbellton, Ont., died suddenly yesterday from a paralytic stroke.

Dangerous Fire. VANCOUVER, April 23.—A dangerous fire starting in five houses at once from sparks from a clearing plant in Point Grey, for a time threatened the whole fashionable residential district. A gale blowing at the time carried the sparks broadcast and every roof within a radius of a mile had a corps of watchers brushing off sparks. The home of A. E. Millington was destroyed and others damaged. Loss \$20,000. The fire spread to a great pile of logs and thousands of spectators thronged the district watching the spectacular conflagration.

Electrocuted. VICTORIA, B.C., April 23.—W. H. Fulton, and Arthur Wittick, employees of the B. C. Electric Railway were electrocuted yesterday at the power house.

## Fish Story and Banquet

The following is a clipping from a Nelson, B.C., paper which refers to a banquet given by George Benwell, proprietor of the city, proprietor of the "Hump" hotel recently given to the fisherman's club which reads:

The biggest fish of the season, the 23.4 pounder landed by Mr. Benwell in the river just below the city on Sunday, was the piece de resistance of the feast and the speeches which led up to the decision to form the Anglers club were almost entirely of the "fish story" order.

## WOMAN'S RIGHT TO THE FRANCHISE

Was Subject of Interesting Address Here Last Night By Dr. Hughes.

Dr. James L. Hughes, Chief Inspector of Public Schools, Toronto delivered a masterly address on "Equal Suffrage" at the Conservatory of Music last night. Dr. Hughes met every argument that has been advanced against suffrage for women. He said the only reason women were not allowed to vote was the accident of birth, because they were born a woman. In dealing with the much advanced argument against the granting of the franchise to women, viz that they would lose their womanly charms, Dr. Hughes said he was personally acquainted with all the leading suffragettes and he found them to be womanly women.

Dr. Hughes said that women are taking their place in every walk of life creditably. Every agency against work under conditions and laws made by men, therefore they should have a say as to what conditions they should work under and the laws they should be obliged to live under.

Women should be allowed to vote because they more especially look after the home and the children and the home and the children are affected by the vote, therefore Dr. Hughes believed the women should vote in order to protect the home and children. Dr. Hughes spoke of a certain Judge in San Francisco who was being recalled through the influence of women, and also the mayor of Seattle, who had been recalled. Women should vote because they represent the moral force of the community. Dr. Hughes said there were two places where men predominated, viz, at the parliament and prisons. The Doctor believed the churches would be pretty empty affairs if the women quit going.

Dr. Hughes believed that both men and women should be in the parliaments. If politics were not clean at the present time, women would make them clean and decent. The argument that women were not intelligent enough to vote was dealt with. Dr. Hughes said it did not matter how intelligent a man was if he was always a woman who was just as intelligent.

Dr. Hughes dealt with the question of foreigners voting who knew absolutely nothing about what they were doing when they marked the ballot, and yet women of intelligence were not allowed to vote.

The success of women suffrage where it had been tried was sufficient to show that it was a logical matter. The question of the ownership of property by women where they had no privilege of voting and several other points were dealt with by the Doctor.

Dr. Hughes concluded his able address by giving the objections which had been raised against suffrage for women, meeting these objections in a logical manner. A vote of thanks to Dr. Hughes was moved by Mr. Kilmer and seconded by Rev. Mr. Liddy. Dr. Hughes mentioned in his closing remarks that he would like to meet the men present after the lecture, who would be interested in the formation of a society in this city to promote suffrage for women. Prof. Anderson acted as chairman. There was a good attendance.

One of the hits of the evening was made by A. M. Johnson, who described in detail the life of the big fish from the time that he was merely an infinitesimal portion of a lump of spawn to the days when, battenning on the trout and other smaller fry in the water, he became of such size that he snapped with his immense jaws at H. D. Birkbeck's shoes that ardent angler nearly fell out of the boat in which were the fishermen who landed the big fellow.

Mr. Benwell and Mr. Birkbeck told story of the catching of the fish, and Mayor Keele, M. D. McQuarrie, W. J. Toye and Dennis St. Dennis were among those who enlivened the banquet with fish stories of appalling magnitude. In a graceful speech Mr. Johnson brought the banquet to a close by declaring that the function was the most enjoyable he had ever attended. "Our thanks are due, first, last and all the time to the man who caught the fish and knows how to serve it, George Benwell," declared Nelson's leading legal exponent of the fishing art. Mayor Keele seconded the vote of thanks.

## When I Studied Flour

LIKE many other women, some of the things I have used most I have known least about. Flour is one of them.

When I studied flour, I was surprised to learn that only about 72% of a grain of wheat is fit to go into flour; and only about 40% goes into Rainbow Flour, which is the very best flour made.

That is why it pays to remember the name of the most carefully made flour and insist on having it.

I heartily recommend Rainbow as being all that a good flour should be. The great difficulty of the miller is to separate perfectly the waste particles from those that belong to good flour.

If he is too zealous he takes away much of the good gluten without which flour will not raise properly. If he is careless he is not particular about leaving in some part of the five skins, the germ and the "crease dirt," and the fibre. His make of flour would be impure, bad in color and poor in keeping qualities.

It is only the expert miller who can make perfect flour.

## Stephen A. Douglas

By HOWARD L. RANN

ONE hundred years ago to-day Stephen A. Douglas was born at Brandon, Vermont. Vermont was a small, struggling state at that time, as it had not begun to propagate the wooden nutmeg or the sapless maple sugar. Young Douglas attended a country school in the winter and wrestled with a Vermont farm in the summer, becoming so adept that he could steer a corn plow around a row of hardheads with one hand and read Virgil with the other. At the age of twenty he removed to Illinois with one change of shirts and a full set of legal phrases with which he opened a law office in Jacksonville. Douglas was a small, chunky man who wore nothing on his face but a grim look. He was one of the greatest two-handed orators and self-winding debaters this country has ever produced, and the only time he fell down was when he tackled Abraham Lincoln. Douglas was so much shorter than Lincoln that when he held a joint debate with him he had to have his remarks relayed to Lincoln on a step-ladder. He ran against Lincoln several times, but never could hit him higher than the knees. The last time he ran he received twelve electoral votes, which was the best record for a simultaneous clean-up until the melancholy assassination of the republican party last November. Douglas served a great many terms in congress, in both houses, and was seldom interrupted while on the floor as he had the unpleasant habit of running long, virulent streaks of the English language through an opponent and stupefying him with legal phraseology. He was called the "Little Giant" and has been honored by having several rock crushers and stump pullers named after him. One of Douglas's favorite diversions was to continue the constitution. He got so that he could construe it in such a manner that nobody was satisfied with it and several people stood up and said they could write a better one themselves. Douglas died in Chicago June 3, 1861, leaving a reputation for bull-dog courage that will endure longer than the monument erected to his memory in that city.

## VOTE ON THE CLOSURE TO BE TAKEN TO-DAY

OTTAWA, April 23.—The closure debate is coming to an end. To-night should and probably will see the vote. This may not happen with the willing participation of the whole of the Opposition, the course of events pointing pretty conclusively to the fact that the Liberals have been and are yet unable to agree among themselves as to the termination of the debate. Many of them want to see the end of the struggle but the Pugsley following is still asserting its authority. The Prime Minister, the Minister of Finance and the Minister of Labor all took part in the debate yesterday, while the speakers on the other side included Sir Wilfrid Laurier and his ex-first lieutenant, Hon. George P. Graham. The Opposition made the belated discovery that something could be done by moving the adjournment of the House. This would give them the chance to repeat their speeches and obstruct. The secret was jealously guarded by the Liberals, although the manoeuvre was anticipated by the government long ago. To avert suspicion the Opposition whips selected Mr. Fred Kay of Missisquoi, to make use of the discovery.

Mr. Kay was the first speaker when the debate resumed. He spoke for about fifteen minutes, and then moved the adjournment. He paved the way for another Laurier speech. The Opposition leader advanced an argument which was largely technical. He professed to see in the new rules the possibility of hidden mysteries and of sinister things. Other Liberal speakers with this aside, they denounced the closure apparently for the reason that it would prevent obstruction. Premier Borden went over the Laurier speech point by point and answered it. He declared that if there was a gag it had been applied in minority. The time had come when the business of the country must be carried on and when parliament must pronounce its conclusion upon the measures presented to it by the government. He replied to the charge that the proposed closure was more drastic than the British rule, by asserting his willingness to substitute the British rule if the Liberals preferred it.

Hon. W. T. White caused much conservative amusement and much Liberal embarrassment by alluding to the unaccountable ignorance displayed by the Opposition in regard to the moving of the previous question. He suggested that Mr. Pugsley should have informed the Opposition leader on this subject, Sir Wilfrid's mind being fixed on higher things. Hon. George Graham emerged temporarily from the inactivity forced upon him by the upward climb of Mr. Pugsley, and loudly protested against the introduction of the closure, denying the right of the majority to take away the privileges of the Opposition. When the rights of the minority were invaded parliament, he said, became a mob. He used the expression "brute majority" and had to withdraw it.

Mr. Arthur Meighen, speaking later in the evening confounded the Opposition by upsetting their contention that no revision of rules should take place except by a committee. He showed that time and again in the British parliament rules had been revised without reference to committees. The right to do this existed in 1869 and was therefore a right belonging also to the Canadian Parliament, which had, in fact, exercised the right in times past.

"ALKALI IKE"

Did you ever see a photograph of our Western friend, "Alkali Ike"? Here he is, and his real name is Augustus Carney. He is the little fellow that makes thousands and thousands of people laugh at the moving picture show. "Alkali Ike" is a tremendously funny and eccentric character. Carney is one of the few moving picture players who has succeeded in capturing a character name so inseparably to himself that his own name is forgotten.

AUGUSTUS CARNEY

Since returning to Niles, Calif., where the Western photoplays are produced by the Essanay Western Company, "Alkali Ike" has won unnumbered friends by his hilarious characters, now famous throughout the entire world. When he travels, people single him out, and after the second look someone always exclaims "Why, surely, that's 'Alkali Ike,' and surely it is." Watch, wait and see this little man with the big name in some forthcoming photoplays, of which "Alkali Ike's Homecoming" will be the first.

A Fine Show.

The London Free Press gives high praise to the play "Bought and Paid For" which appears here on Thursday at the Grand Opera House. Says The Free Press:

"One of the most talented, best cast and most satisfactorily balanced companies we have had in London this season presented George Broadhurst's play 'Bought and Paid For' at the Grand last evening. The play is an American play. The players are American types and situations. The phraseology, manner, diction are all American to the dot. But the principal at the bottom of the drama is universal, and its application would be as possible in London as in New York, in Paris as much as in Berlin, and so around the world and back again wherever the dominant successful man and the economically dependent woman exist and fight out that duel which is most frequently called 'the duel of the sexes,' but which, properly speaking, hasn't so much to do with sex as it has to do with unequal social conditions and the legality of illegal things."

**TO VISIT CANADA IN 1914.**  
Prince of Wales' Tour of This Country Has Been Finally Arranged.

LONDON, April 23.—The Prince of Wales will not go to Cambridge University for a few terms after he finishes at Oxford, as had been previously arranged. He will finish his university education at Magdalen College at the year end, and will start early in 1914 for his tour of Canada. He will receive a commission in the Grenadier Guards, so that he appear in uniform.

**A Medical Need Supplied.**—When medicine is found that not only acts upon the stomach, but is so composed that certain ingredients of it pass unaltered through the stomach to find action in the bowels, then here is available a purgative and cleanser of great effectiveness. Parmelee's Vegetable Pills are of this character and are the best of all pills. During the years that they have been in use they have established themselves as no other pill has done.

#### GAUL'S "UNA"

This Beautiful Cantata Delightfully Rendered in Brant Ave. Church.

The announcement made some weeks ago that Mr. Henri K. Jordan and his choir, assisted by Mrs. Leonard James Kennedy, Mr. Leonard Hollinshead and Miss Arthur Blight, would give Gaul's beautiful cantata, "UNA," in the Brant Avenue Methodist Church on the night of April 22nd, had made the event one largely looked forward to by Brantford music lovers, and last evening found the church well filled long before the hour announced for starting.

The program opened with the singing of the National Anthem. Then followed Mr. Blight, who was warmly received in his rendering of "Consider and Hear Me," and responded to an encore in splendid voice. Following this came Mrs. Campbell, a gracious woman with a glorious voice, in Liddle's setting of "Rock of Ages," which so thoroughly suited her rich contralto voice.

Miss H. H. Blight in "M'apparti tu" (Martha), who also graciously responded to an encore, and finally the quartet—Mrs. Kennedy, Mrs. Campbell, Mr. Blight and Mr. Hollinshead—in Verdi's Rigoletto "Bella figlia dell'amore," which delighted all hearers and brought forth rounds of applause.

After a short intermission the cantata followed, Mrs. Kennedy as Una, Mrs. Campbell as Fidesa, Mr. Hollinshead as Reducioso, and Mr. Blight taking the dual part of the Hermit and also Prince Arthur. The choir, well sustained throughout, and it is seldom in one evening one has such an opportunity afforded them of hearing four celebrated artists on one program, and all sorts of appreciation is due Mr. Jordan for his clever choice and the great musical treat of Tuesday evening.

Mr. J. Ham is in Toronto on business to-day.

Mrs. Harry Cockshutt is spending to-day in Toronto.

Mr. E. B. Crompton is in Toronto on business to-day.

Bishop Mills is a former Brant county man, having been born in Cathcart, Ont., and many old friends in the vicinity will hope for him a speedy recovery.

A thoroughly representative audience of men and women filled the Conservatory of Music Hall last evening when Dr. Hughes gave a most interesting and comprehensive address on "Equal Suffrage." Mr. Andrews acted as chairman in his usual capable manner. A pleasing feature of the evening was the quartette, words composed by Mrs. S. G. Read, and sung by Mrs. Read, the Messrs. Cornelius and Miss Hammond. Mr. Cornelius acted as accompanist. This was probably the first time that a suffrage quartette had ever been rendered in Canada.

Amongst those present were noticed the following: Rev. and Mrs. Eddy, Mr. F. Passmore, and Mrs. Howard, Mr. and Mrs. W. C. Livingston, Mr. and Mrs. Hammond, Mr. and Mrs. S. G. Read, Mrs. T. First Time Shown in Brantford

BERLIN, April 22.—A local news bureau to-day announced that it was in a position to confirm the engagement of Miss Nancy, daughter of United States Ambassador John G. A. Leishman, to the Duke of Grey.

The betrothal was rumored several months ago. At the time it was not denied by either the Leishmans or the young duke, but was allowed to go without confirmation, and finally was almost forgotten. It was whispered that the Wall street suit against the ambassador somewhat cooled the young man's ardor.

Miss Leishman, with her mother and aunt, who is a French noblewoman, is now in Paris.

The health authorities in Jacksonville Fla., by enforcing sanitary ordinances and making war on flies, reduced the mortality from typhoid fever in 1912 to a little less than one-half the figures for the previous year. It is held that everywhere fully 85 per cent of the typhoid deaths could be prevented.

Toronto has won a game at last. Hoorah!

Del Orcutt and Matty Lamond had a little heart to heart talk yesterday.

Matty was a hold-out for a long while this spring, and Del made a request for more money than his contract called for. Said Orcutt to Lamond:

"I used to go to Amby three times a week in the shop and tell him I had more money. Might as well go to get blood out of granite. Kane would grant. Lucky to get a job at your price at all. Let alone more money. I passed it up. No use!"

Lamond to Orcutt: "I have the unique distinction of having received no full sheets of paper from Kane in a letter replying to my request. If there is any other player who got that much satisfaction I'll work for nothing. Gee, but it must have hurt him to write that much to a hold-out."

And Matty chuckled.

If there is one member of the Red Sox who looks in the pink of condition it is Larry Collins, the 1,000 per cent pitcher of last year. He is as brown as a berry, and looks as hard as steel. Local fans know his worth already, but it is a good gamble he will be much better this year. At that he is only a high school boy, but he has been working in the Green Mountains and looks like a man now.

Weather permitting the Red Sox start doing things to-day behind the dyke.

Del Orcutt will likely be captain of the club this year. Del says he will quit baseball if Kane has to put in a pinch hitter for him this year. He is going right on after the title of Canadian League fence buster and he is not a Ping Bodie either.

The Brantford Red Sox who have reported thus far haven't got a star player in the gang. At least as far as we are concerned we won't say so for several weeks yet, until we see them in action. Because they at all young fellows out to make a reputation to send home in sealed up form, we hesitate to make the boys feel too good. At that, however, the new ones look like a live, clean aggregation, who will quite properly be popular among the ladies.

It is to be hoped Buster Burrill will soon be here and that his illness isn't serious. He is another fence buster whom we will welcome.

President Nelson bought 600 meal tickets yesterday. Oh, well he doesn't do any thing else but sell tickets and get the money and he ought to loosen at least once a year.

Have you ordered your box seats for the opening game May 7?

There seems to be a general impression abroad that Griff and his Senators blew themselves to a lucky break last season, traveled above their speed and for 1913 will be fairly lucky to finish among the first four.

This dope may be correct—but look at the standing of the clubs.

As we judge the situation, though it be dimly and through a fog, Griff not only has a first-class ball club, but one that is keyed up to its best as nearly as any club we have ever seen. Taking in the last four months of last season, and the present start, we don't remember lamping a ball club any more eager to play up to its last notch than this present Senatorial array.

The team is shifty, always hustling and always out there in the middle of things.

Beyond that Griff has plenty of first-class material for a first-class club. What's the roar over Ainsmith, Williams and Henry back of the bat? There probably isn't a better add-around catching staff in the game, barring possibly the Archer-Bresnahan combination.

He has the greatest pitcher now in the game, surrounded by four first-class sides who are at least of good average merit.

He has a fast, shifty infield without a fielding flaw from Gandil around to Foster.

He has one great outfielder, one good one, and a third who is a trifle shy at the bat.

The team's weakness is likely to be a lack of pennant batting power. He hasn't the punch which Baker, Collins and others give the Athletics, or which Spaker and the others give to the Red Sox.

But he has a club capable of getting all in sight from whatever batting may develop—and this is the next asset.

The Athletics appear to be losing no time in getting away for 1913. In 1911 and 1912 they piked along to slow starts, taking it gently in the first few laps until well behind in the race. If they start west with a good lead in May, you know how far back Detroit, St. Louis, Cleveland and Cleveland will drag them, with

## CALLS RED SOX TO BE FIGHTING AROUND TOP ALL THE SEASON

### Bobby Robinson Says Crafty Amby Kane With Good Team Behind Him is Greatly to be Feared--Other Canadian League Teams are Doped Out.

Writing in the Spectator, ex-Secretary Bobby Robinson of the Canadian League, says:

"With the many hopefuls reporting to the various Canadian league teams and the opening of the season but two weeks away, a glance around the circuit and a condensed review of the various clubs may prove of interest to the fans. Practically each club is claiming the pennant, although none with the insistence shown by President Nelson, of Brantford, who will likely start the season at the head of the team which will prove the popular one for the hunting unless some other squad develops unexpected strength. There is every indication that a grand season will be enjoyed providing the weather man is kind to the club and the club owners have sense enough to realize that they must stick to the salary limit or else shut up shop."

Here in Hamilton matters are very problematic. Lee has but a scant few of last year's team left in Fisher, the elongated catcher, who should show great improvement this year. Corns, the hard-hitting outfielder, Connie Murphy, the lively utility, Garlow, a very reliable twirler, Walter Teed who is due for a good season and Marty Killilea. If practically means that Lee will have to build up a new team, and this he expects to do with as do, especially as he has a large bunch of recruits to pick from and promise of assistance from the Baltimore International league club. A new infield has to be picked up, and in this connection the need for a real strong first baseman is of the greatest. The outfield with Corns and Murphy as a nucleus should be good, while the catching and twirling departments should take care of themselves, leaving the great problem up to the infield. Added to all this is the experiment to be encountered in the location at the new ground, and taken all through the local proposition is one that will need good careful nursing from all angles, one of two conditions entering into the local situation which are not to be encountered in other places, and which do not tend to the best interests of all concerned.

**Pitchers Wanted**

The Ottawa Club will be followed with interest this year. The fact that Frank Shaughnessy is "in charge" should help a lot as the big fellow has proven his worth many times. His chief need at present seems to be pitchers.

It was the champion's superb twirling staff that won the Canadian League flag last year, the Senators being out-hit and outfielded by several other clubs. Of that squad of expert gunmen they have only Renner left, and although he is one of the best heavies on the circuit he will need some help if the Ottawas are to repeat. Several of the winter pitchers signed up during the winter reported last week to Manager Shaughnessy and evidently did not live up to advance notices, as he has sent out a hurry call for more twirlers. Offers have been made to Montreal for

Pitchers LeClaire and McGraynor, but there is little chance of the Royals letting the latter go as he won his first International league game in good style. Shaughnessy will have Red Rowe and may get Hooper back if the latter does not make good at Fort Wayne. In the 1912 infield, the drafting of Jimmy Louden and the drafting of Schwind, leaves a big gap around second base that will be hard to fill. Just how good the recruit infielders are will be determined during the next few days. Doan will be at first and Robertson at third; the latter can and may possibly improve in his fielding, while Dolan, who has been in the game a considerable period, will find it hard work to live up to his last year form. Shaughnessy will strengthen the outfield and will give the team a .300 hitter and a good fielder. It is likely that Callahan will be back for centre field and there are several candidates for the other positions. Just now Ottawa do not look as good as last year. They have lost three splendid pitchers in McManis, Hubert and Kubat, and two fine infielders in Louden and Schwind. Shaughnessy is a good manager however, and the Senators may be counted upon to make a showing.

**Red Sox Formidable**

The Brantford team ran a good second last year, and they will have to be considered all the way this season. Led by the crafty Amby Kane, and with most of last year's team back the Red Sox look like the most formidable contenders for the pennant. With Coose, Donovan and Collins as the basis of their twirling staff, the Brants are well fortified in artillery department. Young Collins, who joined the team at the end of last season, looks like a find indeed. Of last year's shortstop, is the only absentee, and defensively his place should not be hard to fill, although his batting will be missed. The slugging, clean fielding Orcutt is again at third, Wagner at second and Ivers at first, while the team will stand pat with last year's outfield, Kane, Burrill and Stemin, all three of whom should be in the .300 class this season. Lamond in the .300 class first string catcher, has returned to the fold and Kane has picked up three other backstops as well. The chief fight among the recruits will be for the vacancy at shortstop and for the job of second catcher.

**The London Team**

Manager Rube Deneau who piloted the Berlin team into a pennant in 1911 may be counted on to give London a strong team. Latest London reports seem to indicate that Deneau has decided to play Bierbauer at first corner. The sorrel top did good work there the year before last and did not relish being chased to right field last season. Deneau is also in hope of coming to terms with the speedy Lineburn who covered second in good style last season. Third base-

man Fox is still available, and there will be a fight for the shortstop position among the number of candidates. Rube will probably play right field himself, and he has the promising Oskee Neale for left guard, while a number of outfielders will be tried out. The Cocksneys lost their premier pitcher when Matt Hynes was drafted by Portland, but they have Furseddonn and Fitzpatrick of last year's squad and Chaput, who was the best pitcher in the league this season before last and four or five new box artists with good recommendations.

**St Thomas' Chances**

St. Thomas has a new manager in George Ort, and undoubtedly the Saints have captured a good leader. From a playing standpoint Ort will be a source of strength as he is a good infielder and a hard hitter. The St. Thomas team is rather hard to figure out just now as Jacobson and Clements, two of the best pitchers, are held out, but will undoubtedly come to time before long. Kiefl, the hard-working catcher, will be back, and Powers, who subbed in different positions, although signed as a catcher, will be on the job. Gurney will be given a chance to retain his place at first but will have opposition. Neither Shortstop Forgue or Third baseman Eddie Wright

**Cockshut United**

The Cockshuts United team had a fine work out at the Mohawk Park grounds, yesterday evening, nearly every member of the regular team being present and also a number of candidates for a place on the team were also in uniform.

After the practice, the players and the management had a heart to heart talk in the interest of the club. The plow factory eleven are not losing any time in regard to getting into condition, but are taking advantage of every opportunity they can get.

**Brant Dragoons**

A meeting of the officers and players of the 25th Brant Dragoons team will be held in the Borden club this evening at which every member is earnestly requested to be present as matters of importance pertaining to the club will be discussed.

**Y. M. C. A.**

The Y. M. C. A. management have called a practice for Thursday evening at Agricultural Park and a good turnout of players is requested. A meeting of the officers and players of the Sons of England team was held in the store of Roberts and Van-Lane last night, there being a large turnout of members of the team. General routine of business was carried but several important suggestions were made and acted upon. The team is in a flourishing condition, and though they lost their opening game, are not in the least discouraged, and will go

into the next all the better.

**The Tigers**

Away down in the jungles of the Holmedale, the Tigers are prowling around on the field, now growling much at present but judging from the way they attacked the All Scots on Saturday, the Tigers are going to be a hard bunch to tame.

### Letter of Red Sox Try-Out Home to Father.

Letter of a Red Sox try-out to his father:

Dear Dad—They showed me the City Hall on arrival here. I then met President Nelson. Both look fine. Work starts to-morrow behind the levee. Guess they must have some kind of a Mississippi here. Kane says that the floods are caused because opposing teams have hit so many balls into the river and filled up the channel. Guess this should be a pipe for me. The manager isn't very good looking but they say he sets there just the same. When I told Mr. Nelson to-day that he would not probably be able to keep me the entire season he said the Grand Trunk ran as many trains out of the city as they did in. Now what did he mean? Yours, Algernon.

Miller's Worm Powder, being in demand everywhere, can be got at any chemist's or drug shop, at very small cost. They are a standard remedy for worm troubles and can be fully relied upon to expel worms from the system and abate the sufferings that worms cause. There are many mothers that rejoice that they found available so effective a remedy for the relief of their children.

## Be A Foot-Rite Man

If you bought your shoes with the same judgment and knowledge that you would use in buying a custom made suit or overcoat you would buy FOOT-RITE SHOES, and no other.

These justly celebrated shoes are as superior to ordinary factory shoes as a fine tailor-made suit is to an ordinary ready-made suit.

They have the fit, the style, the finish, the snap, the individuality that belongs to carefully made goods. They have 20 points of Superiority over ordinary shoes. That's why they are known to the trade as the "Custom-made Shoe at a ready-made price."

## The Tornado

By WALT MASON

We people infesting this excellent planet emotions of pride in our victories feel: we put up our buildings of brick and of granite, equip them with trusses and bastions of steel. Regarding the fruit of our earnest endeavor, we cheerily boast as we weave through the town: "A building like that one will stand there forever, for fire can't destroy it nor wind blow it down." Behold, as we're boasting there falls a dun shadow; the harvester Death is abroad for his sheaves, and, tumbled and tossed by the roaring tornado, the man and his building are crumpled like leaves. And then there are dead men in windrows to shock us, and scattered and gone are the homes where they died; a pathway of ruin and wreckage to mock us, and show us how futile and vain is our pride. We're apt to, when planning and building and striving, forget we are mortals and think we are gods; and then when the lord of the tempests is driving, his wheels break us up with the rest of the clods. Like ants we are busy, all proud and defiant, constructing a home on the face of the lawn; and now comes the step of a wandering giant; it crushes our anthill, and then it is gone.

# Problem Now is to Pick Best Players

### That's What Players are Brought Here For—Keen Competition for Some Positions.

"Hello, old boy, they're here!" is the familiar expression that is heard on all sides by the baseball fans, meaning, of course, that Amby Kane and his string of Red Sox have arrived in the city, and the presence of the squad seems to have made the fans smile.

Yes, they arrived yesterday, a round dozen of them, and more are to arrive today, and by the time the reader takes up his evening paper the whole main body will have quartered in the city.

The boys were allowed a rest yesterday after their long, tiresome journey, but were given instructions by Manager Kane to be out to-day for practice. Light practice will be indulged in for the remainder of the week, but on Monday the Big Chief will give orders to dig in, and dig in they must if they want to make good and secure a position on the team. There promises to be a jolly tussle for the coveted position of shortstop, for which there are three candidates—Abern, Shea and McAuley—but one of these lads is reported to be a cracking good outfielder and may land there. The one whom Kane selects for shortstop will have a hard row to hoe, for he will have to play pretty classy ball to make the fans forget

Louis Courtney, who held down that position successfully for the last two seasons. The new shortstop, whoever he may be, will not only have to dig them up and shoot them over, but will have to be able to be as handy with the stick as Louis, and he was some hitter.

Who is going to play right field? This is the question that has been bothering the fans, and they are at a loss to know whether it will be Duff Slemm, the extra catcher, one of the pitchers or some player whom Kane has in view.

The Grounds. The management got in close touch with the Parks Board, and that body were alive to the situation, and responded nobly by putting men to work getting the grounds in the very best possible condition. The diamond has been gone over carefully, and all holes have been filled up. The sod on the infield has been taken off in the vicinity of second base. The whole grounds have been gone over by a heavy roller, especially the infield, which will make the diamond much faster.

Attention has been paid to the stands, and they have been overhauled, the idea being to make the seating capacity more comfortable for the spectators.

## The Red Sox

(Continued from Page 9)

have as yet signed their contracts but the management have not given up hope of having them back. Merrill Kopp, one of the best outfielders in the league, will also be on hand. Dad Stewart, last year's manager, and a right fielder, has been made a free agent, and may be found with Bertha.

Berlin Prospects. At Berlin, the ever-green Jo Jo Benenan will introduce a considerably changed lineup to the Dutch fans when the season opens. Deneau, Craven, Hartwell, Nicholls and other last year regulars will be missing, and Keenan promises younger, faster men in their places. The Adonis has two fine pitchers to start with in Bramble and Bradshaw. The former has won two-thirds of his games last season while Bradshaw is only a kid and should show a big improvement over his good showing last year.

Benenan will likely play third or short himself, and may use Dinsmore, who was with London and Berlin last year, at second base. The peppery Dusty Bullock is still with the Dutch Krew and is sure of a place. Cy Reidy, the veteran catcher, will be about the only other familiar face in the bunch. The rest of the training squad will be made up of newcomers.

Keenep Should do Well. With Louie Cook manager of the Ottawa champions, at the helm, the Keenep team should make an improvement on last year's showing. They have the best outfield in the league as far as hitting goes, in Wright, Fry and Dunn. Here is what the trio batted last year: Fryer .372, Wright .308 and Dunn .338.

The infield last year was weak, and while Cook will speed it up some, the inner defence does not appear a great deal stronger on paper for the coming campaign. A number of recruits are to be tried out and a couple of stars may be developed, in which case the Royal City will have to be watched. The pitching staff has been bolstered and four or five new heavies will battle for places. Among the old twirlers back this year will be Bill Schaeffer and Ned Bartlett, former White Caps, and Schuyler, who was with both Hamilton and Ottawa last season. Daniels will do most of the catching and Walter Brady will be on the first corner.

Dutchmen Are Working. BERLIN, Ont., April 23.—The Berlin baseball aggregation had two good workouts at their training ground in Victoria Park yesterday and Manager Keenan was working hard all day getting things in shape on the field. An additional player turned up yesterday, Ed Gierke, of Buffalo, who showed some promise.

## SPORTING COMMENT

(Continued from Page 9)

Bender and Plank and possibly Combs ready by then to start at top speed.

Prof. Willis Moore at last understands the innate power of the national game. The two big leagues were halted by a week of rain, and the next day Prof. Moore found himself headed for the bushes.

The fact that Frank Chance is forced to put in his first month against Philadelphia, Boston and Washington—with a crippled infield—is a fair enough answer as to whether or not the deadly jinks has deserted the Yanks.

Four catchers are here for a try-out with the Red Sox. Matty Landow was on the corner last night, when someone asked him who that player was. "Oh," he replied, "another catcher for the Red Sox. My arm aches shaking hands with new catchers this year."

Chubby Coose was informed that inasmuch as he was now a benedict and had steered down a lot, he would probably be put in to pitch the opening game against Ottawa. "Nothing I would like better," said Chubby.

# TWO HITS WON FOR THE PIRATES FROM CARDINALS

### Giants and Phillies in 13-Inning Tie. Cubs Beat The Reds.

ST. LOUIS, April 22.—Although Perritt gave only two hits Pittsburgh yesterday won the third successive game from St. Louis by a score of 1 to 0. Slow fielding and the pitcher's own error, followed by a single, gave the visitors their lone tally. The score:—

Club	W.	L.	P.C.
Pittsburgh	1	0	1.000
St. Louis	0	1	.000

For the Booby Prize. BOSTON, April 22.—Brooklyn outbatted the locals yesterday and took the first game of the series, 8 to 2. Perdue was hit hard. Score:—

WASHINGTON'S STREAK BROKEN BY BOSTON. World's Champions in Form—Athletics Hammered Geo. M'Connell Out of Box.

WASHINGTON, April 23.—Washington suffered its first defeat of the season yesterday succumbing to Boston by 8 to 3. President Wilson attended the game. In the seventh inning the home team apparently was hopelessly behind, and the crowd began to leave, but the President remained until the last man was out.

Club	W.	L.	P.C.

Superstitious Jimmy Callahan. CHICAGO, April 23.—With the Stars and Stripes and the Detroit pennant inverted on the flagpole of the pavilion and the line-up of the local American League team changed, Manager Callahan managed to check the winnisk streak of Detroit.

Toronto Won Game. JERSEY CITY, April 23.—Just when everybody had about agreed there was neither a "turn" nor even a tide that could turn, both the tide and the turn showed up yesterday afternoon and swept Toronto's champions to victory—a victory almost worth waiting for—over the Skeeters.

Bert Maxwell was the mighty magician who pitched it. This big pitcher of the Maple Leaf team twirled brilliantly and the champs took the game by the score of 4 to 0—their first victory of the season.

The Toronto team played like real champions from the start and they backed up Maxwell in fine style. Bert won in rare form and was not once in danger of being scored upon. The Skeeters only registered six hits off his hand, and these were well scattered.

Schultz, the young outfielder of the Toronto team, sprained his ankle in running the first base in the ninth inning and will be out of the game for a short while. The recruit has been walloping the ball hard since he replaced Shaw in centre and the Leafs will miss him.

Jack Doerscher, the veteran southpaw opposed the champions. The Leafs found him for ten singles, including a two-bagger and a three-base drive. Both of the extra base hits were collected by Bemis and they resulted in runs.

Started It In the Fifth. A fair sized crowd witnessed the game. For four innings both Doerscher and Maxwell had the batters baffled. The champions could only pop up a little infield flies, but that was in the first four innings. Then came the 5th and the mystery of Doerscher's curves was no longer a mystery. After two were out, Bemis drove a sizzler down the third base line and when the ball was relayed back to the infield the catcher was resting at station number three. Bemis scored on Schultz's timely wallop to right.

O'Hara ended the inning by allowing Bill Bradley to retire him at first. The champions tallied their second count in the eighth. Schultz hit safely to centre, and while running to first he turned on his ankle spraining it. Shaw took his place. Shaw immediately stole second on the first ball pitched. Tim Jordan, who is just finding his batting eye, responded with a drive to left, and Shaw tied it.

The Down-trodden Highlanders. PHILADELPHIA, April 22.—Hard hitting in the fourth inning, mixed with a pass and a wild pitch, gave the home team four runs and practically won yesterday's game from New York. The final score being 7 to 4. The fourth inning rally drove McConnell off the rubber. It was taken by Schultz, off whom only one run was made, this being a home by Barry. Manager Chance played his first championship game in the American League and shifted his team considerably. Chase going to centre and Hartzel to short.

"And I presume, nothing else."

"There was no need. I thanked her, and we bade each other good-bye. I kissed her too, which I suppose I look such a sweet little thing!"

"Sweet! She's a little spitfire!" He laughed.

"Is she?" She laughed in sympathy a soft note or two; her face was almost bright. "Have you offended her Gerard?"

"Why do you ask?"

"No, not," she dismissed quickly. "I would rather walk Gerard and I am not at all tired. There is ample time if I start at once. But walk with me if you will dear; now that it is dark I do not feel sure of the road."

He assented readily, unlocking the inner door and leaving the room to get his hat. Norah stepped through the long open window and stood on the grass outside to wait for him.

"We are at daggers drawn. She has refused me."

"Gerard?"

Her tone was alarmed, astonished, she started and was pale. He smiled reassuredly.

"A fact I assure you. She was naturally indignant at a person of my position presuming so far, and expressed herself to that effect with considerable freedom and vigor. A little spitfire, I tell you—bless her heart."

"Oh, I see!" Although she smiled, Norah hesitated as though she scarcely knew how to take this. "But—but it is all right, Gerard?" she questioned.

"Yes, it is all right or it shall be directly. It would have been now if I hadn't been a fool. There is no need to look uneasy, Nora. He met her eyes with amusement in his own, and with plenty of cool confidence too. 'Don't think me a conceited idiot, my dear.'

"No, no, of course not! That blush was very eloquent—I understand." She started as if with a sudden remembrance, and moved from his side, taking up a light mantle which she had thrown off. "I must go Gerard!" she said at once steadily and hurriedly. "I walked here from Upton Waters and I have barely time to catch the last London train."

"You are not going back to London to-night?" His tone was one of surprised remembrance.

"Yes I must. The run is but little over two hours; I shall reach Waterloo by midnight. From there I can take a cab, I shall be quite safe; it is so strange on the reverse that it has not been, I wonder when she had not been used to travelling alone when her every movement had been affectionately, solicitously attended and protected, he said nothing of it. Nor did he remonstrate against her decision; her mien and tone remind-

ed him of the reluctant promise which she had wrung from him. He made no endeavor either to detain her or to shake her resolutions knowing how futile such an effort would be. The protest he entered was of another sort.

"You can't walk to the station, Norah; it is a good distance and you must be tired already. Wait here a few minutes and I will get the dog cart. No one need see you and I can make some excuse; I'm always pottering into Upton Waters after something or other."

**The Need To Be Needed**

By RUTH CAMERON

THE need to be needed is one of the most deeply rooted of human necessities. Even the little child feels it; it grows powerful with maturity; and, contrary to the idea of a great many people, it does not disappear in old age.

A young married friend of mine, who is a very conscientious and loving daughter, as well as a model wife, has recently taken her widowed mother into her home. "I can't understand why mother isn't happier," she said to me the other day. "She has the nicest room in the house, my husband is very kind to her, she has more money to spend on herself than she ever had in her life, and I don't let her lift her hand to do anything. No matter how hard I have to work myself, I can't understand it."

Of course she couldn't understand it, for the very condition which is undoubtedly the cause of all the trouble she held up as one of the reasons her mother should be happy—"And I don't let her lift her hand to do anything, no matter how hard I have to work myself."

I have been to that home, and I have seen the little mother start to wipe the dishes or try to be of service in some way and heard her daughter say, with well-meaning but cruel kindness, "Now, mother, you mustn't do that. I wish you'd go into the other room and sit down." And I have seen the little mother go meekly away with a disappointed look on her sweet, old face.

It's nice to go into the other room and sit down sometimes, but nobody likes to do it all the time, not even old folks.

They want to be useful; they want to be of service; they want to be needed, and when you take that away from them, you take away one of their strongest holds on life.

The need to be needed is one of the most deeply rooted human necessities. I thoroughly believe that it is the lack of this element of happiness that causes much of the misery among our poor rich folks. Their ridiculous monkey parties, their terrible divorce rates, their growing interest in decadent religions, are all expressions of the unrest that comes from not being needed, not being useful.

So don't put the old folks on the shelf. If the shelf were made of solid gold they would not be happy there. If you really want to make them happy, you will give them the comfort of feeling they are of use in the world just as freely as you give them material comforts. And, if, by reason of their feebleness, it ever becomes necessary for you to pretend, I'm sure the Keeper of the Books won't put down any black marks against you.

**Women Are Praising Dodd's Kidney Pills**

Novo Scotia Mother Tells How They Cured Her Aches and Pains, and Made Her a Well Woman Again.

ECUM SECUM BRIDGE, Halifax Co., N.S., April 14.—(Special)—From Vancouver, to Halifax come reports of the splendid work Dodd's Kidney Pills are doing for the suffering women of Canada, and this little place can show a splendid cure of its own. Mrs. Orastus Pace, the mother of a large family, was a sufferer from those aches and pains only women know. To-day she is a strong, healthy woman, Dodd's Kidney Pills did it.

"I had a pain in my left side and down through my hips," Mrs. Pace states. "I had headache all the time. My heart was weak, and at times I pain around it added to my fears. Some days I was hardly able to walk."

"I read of a number of cures of cases like mine by Dodd's Kidney Pills, and sent for three boxes. To-day am a well woman, and can do as much work as ever I could."

Dodd's Kidney Pills cured Mrs. Pace because her troubles came from diseased kidneys. Dodd's Kidney Pills always cure diseased kidneys and as ninety per cent. of women's troubles come from kidney trouble Dodd's Kidney Pills have come to be known as suffering woman's best friend.
