Tea and Sale in Pastime Hall, Monday, Feb. 19th.

The regular meeting of the Kentville W. C. T. U. will be held at Mrs. J. Carroll's, Tuesday, Feb. 13, at 3.30 p.m. 1a-o

Persons wanting a good house, etc. in Kentville. See adv. of Mr. Fred Harvey.

Mrs. F. B. Newcombe entertained the musical club last week.

The Tea and Sale to be held by the ladies of St. Joseph's Parish will not take place on Shrove Tuesday as first advertised, but on Monday, Feb. 19th.

The Misses Sealy of Kentville and Mr. Victor Robinson were recent guests at Mr. E. W. Knowlton, Cambridge.

The chaperons for the Oddfellows Dance at Pastime Hall, St. Valentines evening, Wednesday, Feb. 14, will be Mrs. (Capt) Wm. McBride, President of the local Red Cross Society; Mrs. P. Giffins and Mrs. F. B. Newcombe.

There will be a great game of hockey in the Arena on Wednesday evening between teams from Acadia and Kentville. The line up at 8 o'clock will be of the best men which each can produce. Don't fail to see the fast and exciting play.

The Tea and Sale by the Ladies of St. Joseph's Parish will be held in the Pastime Hall. The ladies of St. Joseph's are working hard, and there will be an abundance of plain and fancy sewing at prices to suit all purses. The tea tables will be dainty and attractive and laden with good things. Remember! Pastime Hall, Monday, Feb. 19th, 1917

The barrel of flour offered by Clarke and Hiltz at the Nicklet on Friday night was won by Dick Balsor.

The program of dances at Pastime Hall, St. Valentines evening will commence at eight o'clock and will consist of popular and up-to-date dances and plenty of them.

There will be Committee of five ladies at Pastime Hall from 4 o'clock to 6 o'clock p.m. to receive refreshments which may be sent. Any ladies that cannot make it convenient to send their refreshments between 4 o'clock and 6 o'clock p.m. Can bring them when they come to the dance, and they will be taken care of by the Committee. All ladies coming to the Oddfellows dance will please bring refreshments.

On Thursday evening of last week, Mr. and Mrs. Charles Silver (American House) gave the members of Hiathawa Band after the program at the Rink, a very pleasant surprise by inviting them to their house, to a sumptuous chicken supper.

Mr. Silver has proved himself to be a very efficient leader and has at the present time one of the best bands in the Province. Mr. Silver is devoted to Hiathawa Band and is willing at all times to do anything in his power to further the interests of the Band.

The members of Hiathawa Band greatly appreciated the thoughtfulness and kindness of their leader and his good wife in giving them such a pleasant surprise. There is not another lodge in the jurisdiction, that has a band equal to Hiathawa Band. Hiathawa Band is not only a great asset to the Oddfellows lodge, but to the Town of Kentville as well.

QUEBEC AND THE TWO PARTIES

There have been two by-elections in the Province of Quebec since 1911; in both cases the result being Conservative victory. This notable fact draws attention to something most people seem inclined to forget; that even since 1904 the hold of the Liberal party upon Quebec has been steadily relaxing.

The year 1904 marked the high tide of Liberalism in Quebec. In the general election of that year Quebec gave the Liberals 147,239 votes as against 109,821 for the Conservatives—a Liberal popular majority in round figures of 37,000.

In the general election of 1908 the Liberals polled 153,393 votes—a gain over 1904 of 6,154. The Conservatives polled 129,364 votes—a gain over 1904 of 19,543. Whereas in 1904 the Liberals had a popular majority in the Province of 37,000, in 1908 it had fallen to 24,029.

In 1911 the falling off in the Liberal vote was even more notable. The Liberals polled 164,274 votes—a gain over 1908 of 10,881. The Conservatives polled 159,292—a gain over 1908 of 29,928. Whereas in 1908 of popular Liberal majority in the province was 24,029, in 1911 it was reduced to 10,999.

These figures indicate as impressively as anything can that during the past 14 years Laurierism in Quebec has steadily declined. Between 1904 and 1911 the popular Liberal vote in Quebec increased by only 17,000. In the same period the Conservative vote increased by about 50,000. Two elections in the 5 yrs that have since intervened have resulted in Conservative victories.

These facts offer stern challenge to those who talk of a Liberal sweep in Quebec when the two parties again battle at the polls.

Did you hear that Jiggs was killed while traveling in Kentucky?"

"No. How was he killed?"

"In a feud."

"And I always told him not to ride in those cheap cars."

MAKE HIGHER INTEREST AND ALSO HELP WIN THE WAR

Here is a point we desire to call the attention of our finance committees in Kentville, Wolfville, and also Kings County.

The people generally of the Dominion are asked by the Minister of Finance to Help Win the War by investing in War Savings Certificates. Said certificates may be surrendered at any time but if allowed to run for three years yield over five per cent interest.

Why should not our towns and counties and companies invest all their sinking funds in these certificates. It would almost double the rate of interest paid, be absolutely safe, would act as an incentive upon individuals toward thrift and greater national saving and help the nation to bring to Canada and properly finance immense orders for munitions and war supplies.

Grasp at once the opportunity to help.

Mr. Daniel McCall, brother of Mr. Neil McCall, Waterville, died in Iowa, Nov. 1916, aged 78 years.

Mr. Ford has been promising for some time, if the newspapers are to be trusted, a cheap, yet effective, tractor to supplant the farm horse. He is quoted as admitting that such a tractor is still far in the future and that millions of money will be necessary for perfecting it.

We are not certain we quote it exactly, but this is as we remember it:

Two men looked out through their prison bars:

The one saw mud, and the other stars.

It makes a world of difference on whichever side of prison bars you may be, whether you look up or down.—Dumb Ant-nals.

Reports of Committees Town of Kentville 1916

REPORT OF BOARD OF HEALTH

The Mayor and Town Council of Kentville:

Gentlemen: I beg to present herewith my annual report as Medical Health Officer for the year ending Dec. 31, 1916.

It is especially gratifying to note almost complete immunity from serious forms of epidemic infectious diseases, with very low general mortality rate.

The general sanitary laws have been well observed by most citizens, with a few marked exceptions which have been brought into line fairly well with the tactful and efficient co-operation of the Sanitary Inspector Mr. Davis with as little friction and force as possible. Sewer connection is now made with nearly all residences where reasonably practicable. School conditions in respect to heating, ventilation and general sanitary measures have been very satisfactory and a great improvement upon conditions of former years. The dust, a nuisance and a health menace, has been pretty well controlled by the watering cart and the value obtained would seem to justify a continued liberal expenditure for the purpose.

The Town water supply has been kept free from pollution by careful attention to the watershed supplying its source and was equal to the exceptional demands upon it during the year. It is to be regretted that every year shows an increasing percentage of unvaccinated young people, and thus the danger of an outbreak of small pox is increasing. Nothing but a "scare" however will likely remedy this, and it is hoped it may not be too expensive.

Respectfully submitted

W. B. MOORE, M.H.O.

REPORT OF STREET COMMITTEE

To the Mayor and Town Council:

Summary of Work of Street Department

1—Streets in centre of Town scraped with road scraper, and also with road machine, and mud carted away.

2—Two catch basins put in near D.A.R. crossing on Aberdeen Street, and one, very much needed, near Mill Brook.

3—Four street crossings laid down this year. Two at junction of Chester and Main Streets, and one on Main Street West. Also four others were taken up, and lowered where the street had worn below them.

4—Road machine was run over the entire length of Cornwallis, Belcher, Oakdene, Church, Canaan and Chester Streets, and road scraper put over afterward to level up.

5—A much needed start was made on the street at Klondyke. A large elm tree was removed from the centre of street, and hill graded, and a piece of sidewalk built.

6—A new sidewalk was built on the south side of River Street.

7—8739 square feet of cement sidewalk, with curb and gutter, was laid down on west side of Aberdeen St. and north side of Webster St., at a contract price of .14 cents sq. foot for sidewalk and .45 cents running foot for curb and gutter. This sidewalk is considered better than the one put down previously as there was more cement used, and more troweling done on the surface. Although cement has advanced in price and labor has increased these sidewalks, curb and gutter were put down at the same price as the former.

8—The street in centre of Town and Main Street from Wickwire Hill to the D.A.R. crossing at West end, were scarified and levelled up making a very level, smooth and durable street.

The cost of the scarifier, including hire of machine, freight, team hire and operating \$275.00. Your Committee feel that this extra expenditure was a good investment and that the results have been better than was anticipated.

NEW ROSS ROAD.

In the pioneer days we read of the royal welcome the mail carrier used to receive in the winter time as he made his weekly trip.
 Our mail carrier receives just such hearty greeting in the hearts of the people in these days of snow-blocked roads when it is impossible for him to make his regular trips. Winter, still reigns supreme and the snow continues to fall, yet the men engaged in lumbering do not seem to find it any hindrance.

Miss Hannah Lockhart has gone to the United States after spending some time with her brothers here. Miss Lockhart who was a welcome guest at every fireside and whose home was open to all, carries with her the good wishes of the community.

Miss Mary MacGarry who has been visiting her relatives in Kentville returned home on Sunday last.

Mr. and Mrs. MacDonald, South Alton spent Sunday, Jan. 28th the guest of Mr. and Mrs. T. MacGarry and family.

Arch Foster, Provincial Land Surveyor, with his staff of helpers are officially engaged in surveying the country line despite the depth of snow and the stormy weather.

Minard's Liniment Cures Distemper

(Continued from Page Two)

9—A new additional tool shed was built in the rear of Town Hall 30 ft. by 20 ft. to take the place of the room taken to store a year's supply of hay for the horse.

10—Although no grading of any street with gravel was done this year, a large amount of gravel was carted to places as-needed filling, such as holes and low places, and grading up to the new sidewalk, etc.

11—The streets were thoroughly cleaned and all rubbish carted away.

12—Owing to the very dry Summer, it required the continuous use of the watering cart to keep down the dust, consequently the expenditure in this department was more than formerly.

13—A number of culverts have been taken up, and repaired, ditches cleaned, catch basins, etc. The general interests and the upkeep of the streets were looked after as well as the Committee could possibly do considering the tremendous traffic and the small amount of money granted.

14—Your Committee sincerely trust that there will be action taken by the 1917 Council to put down a portion of permanent highway this year.

15—Your Committee feel that in all their work for the up-keep of the streets they had the wholehearted support of the Superintendent.

A careful and studious review of this report on the part of the Citizen's will, we think, show, them that it was the tremendous amount of traffic that has caused the extra demands on the streets funds and that they will have little, if any, criticism to make.

Respectfully submitted

F. B. NEWCOMBE,
 Chairman.

THE REPORT OF WATER COMMITTEE

To the Mayor and Town Council:

Gentlemen:—The standing Committee on Water Works beg leave to report as follows:

Total receipts for water service year 1916	\$5835.77
Superintendent	\$ 350.00
Interest on debenture loans	2577.50
Sinking fund	1070.00
Labor for repairs	552.61
Hardware, Lumber, etc.	358.51
Miscellaneous	35.25
	\$4943.87
Less receipts for putting in services	115.75
	4828.12

Balance \$1007.65
 During the year there has been several new services installed, some renewals and repairs, a new hydrant was put in to replace an old one at foot of Academy Street.

We have had amply supply of water through even the dry season when the Militia were using a great quantity. The same caused us extra expenditure and also increased our revenue to such an extent that the report shows upwards of one thousand dollars balance in our water account. Also quite extensive repairs were put on the centre dam, a stone buttress being put on either side of water way to prevent further wasting away of dam support.

Your Committee earnestly recommend the completion of this much needed work by putting cement apron to step wear at bottom from the overflow.

Respectfully submitted

W. A. HILTZ,
 Chairman.

REPORT ON SEWERS

To the Mayor and Town Council:

Gentlemen:—The Committee on sewers beg leave to report as follows:

There has been two connections made this season making the system about complete.

Our superintendent, Mr. Neville, has greatly improved the condition of man holes on Eastern section by cementing bottoms of same so that no sediment is allowed to collect, thus preventing the odor from arising to surface as before.

Your Committee recommended the remaining few not dealt with to be done in the same way as it is very satisfactory.

All of which we respectfully submit,

W. A. HILTZ,
 Chairman.

INSPECTOR DAVIS' REPORT

The following changes in the teaching staff have been made during the year. In the Kindergarten, Miss Hardy takes the place of Miss Ward. Miss Dow of Grade 4 who was most faithful and painstaking and whose services your Board was particularly sorry to lose, gave place to Miss Downey. We regret also to lose such an efficient teacher as Miss Reddy of Grade 5, whose place is taken by Miss Halsey, but trust that in her new sphere happiness and prosperity will be her portion. In the Domestic Science Department Miss Holder takes the place of Miss Ellis, who resigned to take a similar position in Truro.

While we are sorry to lose the valuable services of such proficient teachers, yet your Board feels that the high standard of efficiency in the teaching staff is being fully maintained, and that Principal Swanson and his able helpers including the faithful janitor, Mr. Benson, deserve the hearty thanks of all the citizens.

The results of the Academic Department can be seen from the Principals report. Suffice to say that a very high percentage of the Academic students were successful in obtaining their diplomas, which speaks well of the good work done in our educational institution.

All of which is respectfully submitted,

F. B. NEWCOMBE,
 Chairman.

KENTVILLE, FEB. 13, 1917.

**LATE WAR HAPPENINGS
CONDENSED**

On Saturday the British troops captured German trenches on a front of more than three quarters of a mile in the Somme line consisting what was considered a "strong system." British troops also carried out successful raids near Ypres and German attacks near Vermilles and Neuve Chapelle were repulsed with heavy losses.

The British are also doing good work in Mesopotamia against the Turks a new line being thrust forward on a front of three and a half miles to a depth of half a mile. All the evidence shows the Turks suffering heavily.

On the sea the British are doing great work. Sir Reginald Bacon, Commander of Dover Patrol said in a letter to war loan committee: "If you will try as hard to do your duty ashore by raising a loan as we are doing at sea by sinking submarines and frustrating other evil devices, you will make the loan such a success that it will be a knock-out blow to the enemy."

RAILWAY RESTAURANT

The Railway Restaurant at Kentville Station, Mr. James Rooney, proprietor, has undergone a thorough change during the last month. It is now one of the best fitted up in all its appointments of any restaurant to be found in the Maritime Provinces.

The painting of the wood-work, walls and ceilings was done by the D. A. Ry. Co., and Mr. B. H. Barnaby, foreman, executed his best work upon it. The cabinet work, etc. was skillfully done by Mr. Richard S. Ward. The old counters, tables and fittings were entirely removed. Now 45 feet of handsome plate glass silent salesmen act as show cases for the varieties of pies, cakes, fruits, etc., and the glass top for a lunch counter. Another salesman is devoted to cigars, cigarettes, etc. In one corner is the onyx and marble soda fountain with all the flavors at hand and behind it is the ice cream cabinet holding four cylinders of various flavors with a cylinder for cream, milk and buttermilk. The latter is pumped up by a patent self-measuring pump. A large urn for cold water is near the water being made ice cold by pipes without the ice being placed in the water. A mahogany buffet holds the silver and glassware and in another corner is a large container for tea, coffee and hot water, connected with the range below so as to be hot at all times. In the center there has been placed eight round oak tables with solid mahogany tops each table having four oak, leather bottom chairs.

This dining room is now elaborate in all its fittings and with the quality of the food and excellence of the service provided by Mr. Rooney should make it a most popular place of resort for hungry people. Mr. Rooney is now ready to cater to regular boarders for all meals including Sundays and occasional patrons will find his ten 50-cent dinners for \$4.00 quite a saving.

Rev. A. W. West seemed to strike a popular vein by his sermon delivered on Sunday evening, speaking from the text, "Forgetting the things which are behind," he called upon his hearers to perform work in the present which will tend to encourage and assist others and tend to the promotion of town, municipal and national advancement, Mr. West is a "live wire" himself and in his sermons encourages all to lend a hand in every good work.

TREMONT

Feb. 6. The remains of the late Mrs. Hamilton Martin of St. John's accompanied by her husband and son, Grover, and daughter Melita arrived here on Monday the 5th inst. The funeral took place from the home of her brother, M. E. Baker on Tuesday the 6th. The service at the Church were conducted by the pastor Rev. George Hudson.

Mr. and Mrs. Chas. Welton gave a birth day party in honor of his father, Mr. John Welton on the 27th of Jan. it being his 82nd birthday.

Mrs. S. A. Bowlby of Kingston is spending a few days with Mr. and Mrs. Howard Bowlby.

Among those present at funeral of Mrs. Martin were Mr. J. Hutchinson and daughter, Minerva of Berwick, Mr. and Mrs. Percy Bentley, Mrs. Hutchins, and Mrs. M. Parker of Middleton.

On the night of Feb. 3rd Mr. Church Ward's dog notified him that something unusual was occurring. He turned out and found a parcel at the door. On examination it was found to contain a bouncing boy a few days old. They were much pleased with the present and the child has found a beautiful home.

Mr. Percy Baker and Mr. A. Corkum who are spending the winter at Mt. Uniacke were home a few days recently.

U.N.B. GRADUATES AT WAR

About eighty-five undergraduates of the university of New Brunswick have enlisted since the outbreak of war, according to a statement made by C. O. Jones, chancellor of the university, who was in the city yesterday and interviewed by the Telegraph. Chancellor Jones came to St. John to attend a meeting of the board of education. he said that the attendance at the university this term was the smallest since 1913-14, but that otherwise the university was progressing favorably and good work being done by this session's classes.—St. John Telegraph.

CHURCH MUSIC

The choir of the Kentville Baptist Church is being largely added to under the skillful leadership of Mr. B. R. Bishop. The choir on Sunday morning numbered 23 and in the evening was still larger. With such a large gathering of good singers every service is an attraction. Just at present Mr. Bishop is training his choir for a Easter concert and it will no doubt be the best ever produced in Kentville. On Sunday evening the soloists were Miss Evelyn Spidell and Miss Dorothy Lloyd. The ordinance of baptism will be administered in this church next Sunday evening.

**BIG NIGHT AT
THE NICOLET THEATRE**

On Wednesday evening this week the new Peerless Quartette, composed of A. B. Clarke, John A. Clarke, B. W. Burbridge and B. McGowan will render several selections; this is undoubtedly the best quartette in the Maritime Provinces and it is worth while making a special effort to hear them. A big "Country Store" will be held on the same night and the picture offering will be "Sussie Snowflake," a Paramount Production in which the eminent actress Ann Pennington is the star.

Dr. Wm. W. Herdman, a popular physician of River Herbert was killed on Saturday evening by a train. He had been out all day and early in the evening having several calls he decided to walk to Strathcona. His body was found later on the railway track. He was about 35 years of age and his practice extended throughout the entire country.

The fund being raised in Halifax for the Band of the 246th Battalion has reached \$1146.00, the sum asked for being \$1200.

DURABILITY

One thing that adds excess value and life to the Series 18 FOUR and SIX is the special steels used in the manufacture, made to Studebaker's own specifications especially for Studebaker cars.

Another is the scientific heat treatment of vital parts, like gears, axles, axle shafts, etc., which makes them stronger, longer-wearing, and permits lighter weight with increased strength.

A third is the absolute accuracy of Studebaker manufacturing processes, and the resulting perfect fit and alignment of all parts, and perfect balance of motor parts and the entire car, reducing friction and wear to the very lowest point.

This is why Studebaker Cars "stand up," give continuous service month after month, year after year, with low up-keep cost. This is why a Studebaker in the end is one of the most economical cars in the world to buy.

Let us give you a demonstration.

When Pigs Were Cheap

In your grandfather's day ask him about it—you could buy a dressed hog for three dollars; a nice big pig. And a live pig would cost you no more.

Everything in those bygone days were cheap—that is, the things of common use.

Clothes, boots, milk, bread, beefsteak, eggs, butter, lumber, farm labor, domestic servants—they all cost a good deal less than they do today.

It cost less to live—and less to be born—and less to die fifty years ago than today.

And it cost much less to publish a country paper fifty years ago than it does today—very much less.

Yet you paid—or your grandfather did—just a dollar a year—the same as you paid us up to Jan'y 1917.

Year after year the subscription price of this paper remained the same.

But the dollar rate must yield to the pressure of necessity. We were compelled to do now what we should have done years ago—raise the price of The ADVERTISER to \$1.50. The tremendously increased costs of paper, ink supplies and the more than double cost of living have made us "furious to think". And so on, and after Jan. 1st, 1917, the price of The ADVERTISER has been raised to \$1.50 a year.

Good Readers All

If you were in our place, and knew all about the higher costs of publishing, you would wonder how we did't make the advance long ago. We trust you to meet the new rate with a smile. Not for 50 cents a year will you say "Stop my paper".

But it is our duty to let you know what's happened. All other Semi Weekly papers raised their price years ago.

The New Chevrolet

The new Chevrolet is now ready for your examination. I have already received three carloads of these reliable and low in price cars and all have been disposed of except those kept in stock for demonstrating purposes.

This new issue of the Chevrolet possesses all the remarkable points of former models and contains many new ones.

In the matter of detail much has been done. New and improved upholstery is provided. This is true of the cushions and backs. The front spring construction is new. The gear shifting is easy and free. No effort is required. A steel chain section frame, reinforced at every necessary point, insure great strength. The clearance of the car is ample.

A patented electric lighted oil feed is another new feature. Speedometer and ammeter, both standard equipment are mounted on the dash. Non skid rear tires are furnished.

All these are unusual features and never before offered at the Chevrolet price.

Price of the Chevrolet with all latest improvements, touring car or roadster types, \$650.00 f. o. b. Oshawa.

If interested in a new car, call and have a demonstration of the Chevrolet before placing an order. Other car lots to arrive.

ACADIA AND MOUNT ALLISON DEBATE THE LAST OF MARCH

The annual debate between Acadia and Mount Allison will take place at Wolfville probably the last of March. No date has yet been arranged but it is thought that March 23rd or 30th will be chosen.

Acadia is well prepared and her representatives are expected to give a good account of themselves in the debate. The Sackville Tribune says of the

Mount Allison team: "The Mount Allison Debating Team for this year was selected after the final debate of the preliminary series on Monday night. The team is as follows, Messrs. W. D. Withrow, '17, Leader, I. F. Curtis, '17 and D. B. Smith, '18. Messrs. Woodrow and Curtis were members of last year's team which defeated Dalhousie at Halifax." The subject for the debate is: "Resolved that the government of Great Britain is more demoted to give a good account of cratic than that of the United States." The local college men will support the negative.

Put an Underpriced Piano In Your Home

Saturday Snaps

Slightly used Morris Player Piano, 88 note, has beautiful burl walnut case. Saturday Bargain price, \$510.00—easy terms. Also a number of nearly new Organs from \$25 up.

You'll never realize the happiness, the refinement the educational influence a Heintzman, or one of our other pre-eminent Pianos will have on your home till you see or hear one there.

Your children will develop a sixth sense—the love of music. Home life will take on a new joyousness—family together every evening, friends in often to share your good fortune.

And the Heintzman, like all our Pianos, is underpriced. It sells for the least money because we sell on the largest scale in the Maritime Provinces and because we have marked our Pianos at one standard price—the lowest price for the quickest sale.

It costs nothing to learn our easier terms or to have a piano placed in your house for examination. Investigate—come!

G. A. Davidson, President of the Panama-California Exposition is a Native of Kentville

The Los Angeles, Cal., Times publishes a picture of Gilbert Aubrey Davidson, of San Diego, to whom is due great credit for successfully conducting one of the world's greatest attractions, and has an article from San Diego, dated Dec. 30, which says:

The exposition, closing today with a celebration suited to a world's record run of twenty-four consecutive months, known in 1915 as the Panama-California International Exposition, was conceived in the mind of President G. A. Davidson in 1909 as a fitting means of celebrating the opening of the Panama Canal and advising the world of the opportunities of the great Southwest.

In the days of fund campaigning in San Diego, for almost the entire original fund was raised in San Diego, Mr. Davidson was among the foremost in enthusiasm. In the building days he served as one of the pre-exposition directorate and his election as president of the exposition followed to endure throughout the two years of operation.

In personality and bearing, President Davidson possesses a quiet dignity, and is scrupulously fair in all his dealings. Visitors of all callings have expressed pleasure at the easy genuineness of his welcome. The co-operation toward the success of the fair by army, navy and marine corps commanders has been due in no small degree to the esteem in which he has been held by them in connection with his position. In appearance, President Davidson is tall, erect, dark complexioned, conservatively dressed.

In private business life, Mr. Davidson is president of the Southern Trust and Savings Bank of San Diego, which he founded in 1907.

His services as president of the Exposition followed as a climax to years of active inter-

est in civic affairs, and it was while president of the San Diego Chamber of Commerce that he conceived the idea of a celebration commemorating the opening of the canal.

Prior to organization of his bank in San Diego, Mr. Davidson had lived in Los Angeles, so this city, which materially assisted in operating the exposition a second year may also claim him as an adopted son. He is a native of Kentville, N. S., and came to the Pacific Coast at the age of 18 years, with his parents, Mr. and Mrs. George A. Davidson.

For twenty years he was an employee of the Santa Fe Railway Company, rising to positions of paymaster, cashier and auditor of the divisions west of Albuquerque.

Mrs. Davidson, who shares heavily in her husband's successful presidency, was a Los Angeles girl, Miss Rose Harben, prominent in Los Angeles club and church work, and a graduate of Mills College. She has served continuously on the official woman's board and has been a charming hostess in the social life of the exposition.

President and Mrs. Davidson have one child, Gilbert Aubrey Davidson, Jr., 12 years of age.

DIDN'T COST MUCH

The discovery of America cost a little more than \$7,000, at least so say some documents that were found in the archives of Genoa, according to American Boy. These documents give the value of Columbus' fleet as \$3,000. The great admiral was paid a salary of \$300 a year, the two captains who accompanied him received a salary of \$200,00 each, and the members of the crew were paid at the rate of \$2.50 a month each.

Old gentleman (engaging new chauffeur)—I suppose I can write to our last employer for your character?

Chauffeur—I am sorry to say, sir, each of the last two gentlemen I have been with died in my service.

Bernstorff Will be Given Safe Conduct

London, Feb. 8th. — Count Von Bernstorff, the former German Ambassador to the United States, will be given a safe conduct, so far as it is within the power of the British Government to do so. This announcement was made to night by the Foreign Office. It followed a conference between A. J. Balfour, Secretary for Foreign Affairs, and Ambassador Page.

The American Ambassador called on Mr. Balfour, and they two were closetted for nearly an hour. Both were non-committal on the subject of their deliberations, but it is believed they related solely to the request of the United States Government for the safe conduct of Ambassador Von Bernstorff, for the conclusion of the conference the Foreign Office authorized the announcement of Great Britain's wish to accede to Washington's request, which was made two days ago. At the same time the Foreign Office cabled its decision to the Department at Washington. It is said, Great Britain is ready to grant Count Bernstorff safe conduct, but that it could not guarantee the former Ambassador's safety against the acts of his own country-men. The British Government has expressed itself as anxious to meet the State Department's wishes and declared it would do all in its power to carry them out.

Washington, February 8th. — Notice that Great Britain has granted safe passage for Count Von Bernstorff and his staff was received at the State Department this afternoon.

Schr. Dashed Into Ocean Liner

A steamer arriving here yesterday from a trans-Atlantic port reported that on Monday night in a driving snowstorm, when she was on the Grand Banks she was run into by a sailing vessel. The steamer was going through the storm at a fair rate of speed at the time when suddenly without warning a dark shape loomed up to starboard and a few seconds later there was a crash. The sailing vessel struck the steamer heavily about amidships and then disappeared in the gloom. The steamer's engines were immediately stopped and for eleven hours she searched the vicinity but could find no trace of the sailing vessel.

It was so dark that it was impossible for those on board the steamer to tell identity of the schooner when she struck, but it is thought that it may have

been a fishing vessel. It is hoped that she will be reported in a day or so as having arrived at a Newfoundland port with a broken bowsprit and somewhat damaged bow, but otherwise none the worse for the collision. On the other hand it is possible that the force of the impact smashed in the schooner's bows clear to the water line and that she sank like a stone. The steamer had her plates slightly dented and it will be necessary to replace a few rivets.

Steamers Sunk

London, February 8th. — An American negro fireman on the steamer Turino, George Washington, was killed, according to a report received today by the American Embassy. One of the survivors is Galvin Bay, an American citizen, of Fillmore, Utah. Lloyd's announce that the British steamer Saxonian, the French steamer Yvonne and the Russian schooner Bangpuitis have been sunk.

\$117.60 FOR A HOG

A Magnificent Prince Edward Island Porker.

Charlottetown Guardian—What is claimed to be the most costly carcass of pork ever marketed in the Maritime Provinces was a sow pig sold to the Sims Packing Company yesterday by Mr. Daniel McGregor of Montague. This animal was in prime condition and as nice looking a carcass as any expert could wish to see. Its proportions were magnificent and it weighed a total of 735 pounds, which, at 16 cents a pound, brought to owner the very substantial sum of \$117.60. Heavier pigs have seldom ever been brought to market, and none, it is stated, have brought the price which Mr. McGregor's giant porker has realized for him. This would possibly be a record price for any pig marketed in Canada.

A man of an inquiring turn of mind thrust his finger into a horse's mouth to see how many teeth it had, and the horse closed its mouth to see how many fingers the man had.

AN IDEAL TEST OF PROHIBITION.
(Vancouver World)

Newfoundland is now the most stringently prohibitionist area in North America. The act which became operative on New Year's Day prohibits not only the sale or manufacture of intoxicating liquor of every kind but even its importation. Today it is impossible to obtain any alcoholic compound on the island except for medical, industrial or sacramental purposes. Even patent medicines containing alcohol have been banned.

The Newfoundland druggists, anxious for the good reputation of their business, have refused to carry stocks of liquors even for medical purposes, consequently the government has been obliged to appoint a Public Controller in St. John's and magistrates and doctors in other places through whom prescriptions will be filled and supplies of industrial alcohol obtained. The churches are given their own agencies for the importation of sacramental wine. The colony loses \$400,000 in taxation as the result of prohibition which, it is estimated, suppresses a traffic whereon one million dollars was spent yearly. The government, however, is quite ready to bear the loss of the taxes, for it knows the increased economic strength of the country will quickly rectify any temporary dislocation of business.

Newfoundland forms an ideal test of the efficiency of prohibition. Being an island, illicit traffic in liquor can be easily circumvented. Prohibitionists everywhere will watch the results with interest.

UP TO DATE WOMEN WORKERS

CANADIAN women of to-day are demonstrating their keen patriotism in a great many ways, but the latest and most up-to-date is the donning of man's overalls and playing a most important part in the workshops of the Dominion. It was at their own instigation that they exhibited a desire to take the places of the men who had gone to the war. The women of England are making munitions and replacing those at the front in almost every kind of trade, and it is nowadays considered to be abreast of the times for the women of Canada to do a similar work and their little bit to help the country in times of need.

A shortage of man labor has given the women every opportunity, and they have risen to the occasion. In the C. P. R. Angus Shops at Montreal the women have been first with the ambition of emulating their sisters in England who are now wearing overalls just like men, and now they also "wear the breeches." They are glad of the change, for the skirts often hampered their work. The overall gives them much comfort and has been found of considerable convenience, particularly in the paint shop. The overall gives them more confidence in carrying out the work. Without the women the Empire cannot win the war.

Housewives are asked to refrain from buying potatoes, substituting other articles of similar food value.

Happier and Better

There are many mysteries in this world of ours which we cannot understand, but one thing seems certain, namely, that every kind act we do and every kind word we speak tends to make our own lives happier and better, and we wish this could be taught in all our Bands of Mercy and permanently fixed in the mind of every boy and girl not only in America but the world.

Perhaps 30,000,000 Dollars of Machinery Destroyed

Washington, Feb. 6.—Every one of seventeen war-bound German merchant ships examined by American officials at Philippine ports since the break with Germany has been so badly damaged by her crew that 6 months or more will be required to make any of them seaworthy. An official report today said that of the 23 vessels tied up in the islands all but six had been inspected, and none had been found which could be put into condition without a large expenditure of time and money.

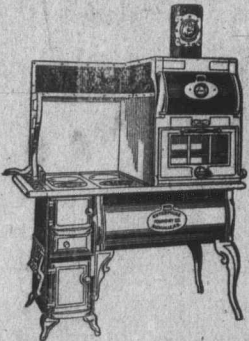

So widespread and thorough has been the concerted disabling of German ships in American ports that some officials think it could be explained only by a blanket order from Berlin.

"Madam," said the tramp, "I was once a member of the Legislature."

WOLFVILLE

Miss Nellie DeWitt left last week with her father on his way to Florida and she will remain for a while in Boston.

The Boy Scouts have been unusually active of late and are doing good work.

The funeral of the late Robert Schofield took place on Friday afternoon and was well attended. The service was conducted by Rev. Mr. Harkness, pastor of the Baptist church. Addresses were given by Rev. Dr. Gates, who forty-five years ago was a pastor of the deceased, and Rev. M. P. Freeman, who also was his pastor for some years. Both testified to the fine Christian character of the deceased and spoke feelingly of their friendship and esteem. The interment was in Willow Bank Cemetery.—Acadian.

SONS OF TEMPERANCE

(Acadian)

The Grand Division of the Sons of Temperance held its quarterly session in Wolfville on Tuesday of this week. The meetings were held in Temperance Hall and were of a successful and interesting character. On Monday evening Wolfville Division which was more than usually interesting. Several of the Grand Division officers and other visiting members of the order were present and gave addresses "Evangeline" Division, of Grand Pre, was represented by a goodly number of its members who contributed several numbers to the program of the evening.

On Tuesday morning when the first session of the Grand Division was held the following officers were present:

R. H. Reid, G. W. P.
J. E. Hills, G. W. A.
A. M. Hoare, G. Scribe.
Geo. D. Wallace, G. Treas.
Miss Cora M. Lavers, G. Patron.

B. O. Davidson, P. G. W. P. Several representatives were initiated and a considerable number of visitors were present. Interesting reports were read by the G. W. P., G. S. G. Treasurer, G. Patron. Reports were also received from the various committees. These all indicated that good work is being done in the interest of the order. In spite of the unfavorable conditions which prevail.

The discussions which followed were interesting and helpful and the plans made for future operations indicated that the grand old order which celebrates its 75th anniversary this year is by no means content to rest upon the splendid work which it has done for humanity since its organization.

On Tuesday evening a public meeting was held in the school room of the Baptist church, which was well filled, G. W. P. Reid presided and opened the exercises. Rev. M. P. Freeman offered prayer after which Mayor Fitch extended a fitting welcome to the officers and members of the Grand Division, to which Mr. Reid replied in appropriate terms.

Telling addresses were given by Rev. F. J. Armitage, Mr. John E. Hills, Grand Treasurer; Rev. G. W. Miller and Mr. A. M. Hoare, Grand Scribe. Musical numbers were given by Mr. Lewis Pick, Mr. Waldo Davidson and Miss Marie Wilson, and were heartily enjoyed, as was also the reading by Mr. Reid.

The meeting, which closed with the National Anthem and benediction was pronounced one of the very best of the kind ever held in Wolfville.

Mr. James Barkhouse arrived in Kentville last week from British Columbia where he has resided for years and is visiting his brother, Mr. John Barkhouse, Kentville, who lately returned invalided from the war. Mr. Barkhouse will spend quite a while visiting his other relatives before returning west. He reports times in British Columbia much improved over a year ago.

CAMBRIDGE
