LADIES!

What about the replacement
of lost hair?

When the hair has fallen out,
the follicle is not necessarily de-
stroyed, and prompt, unremitt-
ing attention, such as described
below, will tone the hair, making
machinery and stimulate the
vessels and tissues to action.

Hair health depends upon a
clean, sound scalp, the pores
of which are open, the glands
active and the blood circulation
in correct condition. It stands
to reason that if the scalp
(which contains the hair-pro-
ducing machinery) is in perfect
order, the hair will be good.

England's Giant Airship

London, January 25.—Great Britain's naval airship No. 1, which has been under construction more than twelve months at Barrow-in-Furness, is nearing completion. The building of the Dreadnought of the air has been marked by the greatest secrecy. None except the naval officers directing the work are allowed to approach the enormous shed in which it is being constructed.

The airship's length is 510 feet, diameter 48 feet, and gas capacity 700,000 cubic feet. It is expected her eight cylinder motors and three specially constructed propellers will drive her through the air at fifty miles an hour. In her work in conjunction with the fleet as a swift, far-seeing scout she will carry a powerful wireless apparatus.

SHE CURED HER HEART DISEASE

WHEN SHE CURED HER KIDNEYS WITH DODD'S KIDNEY PILLS.

Mrs. Henry J. Jacques found a speedy relief for all her troubles, and now enjoys the best of health.

St. Rose du Lac, Man., February 1, (Special)—That Heart Disease is one of the results of disordered Kidneys, and its consequently easily cured by Dodd's Kidney Pills, is the experience of Mrs. Henry J. Jacques of this place.

"My heart troubled me all the time," said Mrs. Jacques in an interview. "And I know what terrible results might follow. The fact that my limbs would swell and my back ache led me to believe that I also suffered from Kidney Disease, so I determined to try Dodd's Kidney Pills. I bought four boxes, and before I had finished the third box the swelling was gone, my back was well, and my heart no longer troubled me. I am now in the best of health, and I owe it all to Dodd's Kidney Pills."

Heart Disease is one of the troubles that come from unhealthy Kidneys. They fail to strain the impurities out of the blood, and those impurities are bound to affect the heart, which is the engine that propels the blood through the body. To cure Heart Disease cure the Kidneys with Dodd's Kidney Pills; to prevent Heart Disease keep the Kidneys toned up by using Dodd's Kidney Pills.

Earthquakes Bar Progress.

Japan has a great number of waterfalls which would be of material value in the development of the country, but the reason these valuable sources of power are not being developed is because of the danger of earthquakes which is constantly confronting the people. More than once within recent years have steps been taken with the view of constructing dams in order that these falls might be utilized when some demonstration of the earth has given warning of the danger of such a step and the promoters have been forced to abandon or greatly modify the proposed improvement—New York Press.

The Evening Chit-Chat

By RUTH CAMERON

If the present system of late hours, overdress and exciting pleasures continue, the children of to-day will to-morrow have nothing within themselves to satisfy their wants. The reading of good books, the study of nature, the simple converse with friends will be "too slow" for them. Like drugs, excitement will become a habit, and weakened mental and spiritual natures will crave more and more for it all the time.

Such is the message to mothers from Mrs. Frank P. Frary, a society woman of San Diego, who is at the head of a movement in California to discourage overdress and imitation of their elders on the part of school children.

It is a message that ought to find echo in the hearts of mothers all over the United States.

On the trolley car yesterday I happened to sit opposite a group of girls who were going home from high school. They were dressed in the extreme of fashion. And not of children's fashion either, but of grown-ups. One wore a black velvet coat, another a silk dress with a fur coat and another an elaborately braided velvet suit.

Elaborate gold bracelets and fussy long chains were very much in evidence.

Three of the five wore veils. All had toques or hats which would have been much more suitable for their married sisters.

Rice powder had evidently been used by four of the girls and all the toffers looked as if they represented at least an hour of time and ten dollars worth of hair.

The snatches of conversation that reached my ears were mostly about boys, dates, dances and similar subjects.

I got off the car wondering sadly to myself, "Where are the children of yesterday?" the dear rosy-cheeked, pig-tailed, short-skirted high school girls who talked of studying and

coasting and skirting rather than of dances, and who left rice powder and veils strictly to grown-ups.

I read a prophecy the other day that according to the way the birth rate has decreased in the last thousand years, children will become extinct in about one hundred and fifty years.

Personally, I seem to feel that there is no danger of our ceasing to bring children into the world, but it does seem to me that if we keep on spoiling our progeny the way we do at present, children will become extinct because our babies will go straight from the cradle into grownup estate.

In the same dispatch which tells of Mrs. Frary's warning, we are also informed that "in other cities of California the educators have taken steps to stop overdress and imitation of their elders by the children. At Stockton a notice was given out that any girl caught wearing imitation curls would be sent home. Fresno educators refused to permit the use of face powder and—

And do you think that's going to do any good?"

Because it isn't!

Listen to the rest of the sentence which I chipped in two: "And the girls, aided by their parents, raised an awful rumpus because they declared it was impossible to prevent shiny noses without the use of powder."

Reforms of this sort must come from the home.

It is only the mothers and fathers who can see that the girls wear proper school clothes to school.

It is only the mothers and fathers who can see that their social life is confined within proper bounds and that they go to bed early, as they should, every night except Friday and Saturday.

It is only mothers and fathers who can see that their daughters are guided toward normal girlish interests and kept from thinking wholly of fashions and furbelows, of powder and parties.

I hope Mrs. Frary's warning will be repeated all over the country and will arouse mothers and fathers to the harm they are allowing their girls to do themselves.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach has had their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the book in paper covers, or 50 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Quebec Pulpwood.

Interesting Figures of Production Produced in Legislature.

Quebec, Jan. 26.—Interesting information concerning the pulp and paper industry in the Province of Quebec was given in the Legislative Assembly yesterday afternoon by the Hon. Jules Allard, Minister of Crown Lands, replying to a number of questions which were asked by Mr. J. H. Kelly, of Bonaventure. Mr. Allard said that there were, according to information now in hand, 25 pulp mills in the Province of Quebec, the total daily output of which averaged 2,839,000 pounds of pulp. There were 20 paper mills, and the number of pounds of paper which they manufactured daily averaged 1,343,000. As to the cost of turning a cord of pulpwood into pulp, as well as the cost of turning a cord of pulpwood into paper, which was asked by Mr. Kelly, Mr. Allard replied, basing his answer on the cost of a ton of pulp at \$12.50. He said that the wood employed in the manufacture of the pulp cost \$6.33; the sum of \$3 was expended in wages, and \$3.20 for other expenses. The cost of manufacturing a ton of paper from pulpwood, based on a cord of \$34.25, was \$7.25 for the wood, \$11.95 for salaries, and other expenses amounted to \$15.20. He also informed Mr. Kelly

His One Regret.

"There's no use trying to deny it," remarked Mrs. DeFlatt. "This is the worst cook we've had yet. There positively isn't a decent thing to eat on the table."

"That's right," rejoined DeFlatt. "But," continued his wife, "there's one thing in her favor. She can't be beat when it comes to washing."

"Pity we can't eat the washing," sighed the hungry husband.—Chicago News.

Placentia Notes.

Mr. J. Rose, of Goobie's store, was in the city the past week enjoying his vacation. He returned home on Friday.

Miss G. O'Reilly went to Angel's Cove, Cape Shore, with the mailman on Friday morning. She will teach school there during the coming year under the direction of Rev. Father Fyne. We wish Miss O'Reilly every success in her new home.

On Wednesday, 18th inst., the distribution of prizes took place at the Convent School. Rev. Monsignor Reardon was present, as also were the following gentlemen—Messrs. J. Bindon, T. Murphy and E. O'Reilly. Sister Vincent then named the girls who were to receive prizes, and Monsignor Reardon then presented them to the lucky winners. Their names which I give below and also the name of prizes received, Miss Annie O'Reilly—needle case for highest marks in Preliminary, work box for first place in needlework, geometry set for first place in shorthand; Miss Mary Rose—work basket for first place in shorthand; Miss Lena Griffin—gold medal for first place in arithmetic; Miss Aggie O'Reilly—needle case for highest marks in Primary, post card album for first place in arithmetic; Miss Katie Walsh—work box for first place in needlework; Miss Sadie Nugent—a painting, for crayon drawing; Miss Kathleen Philpud—a painting, for drawing; Miss Dorothy Hanham—a painting, for recitation.

The following received good conduct prizes:—

Miss Victoria Collins and Miss Mary Verran—prayer books each; Miss Lora Walsh Walsh—pair prayer beads.

The following two received prizes for first place in class:—

Miss Thelma Philpud—needle case; Miss Rose Harrigan—post card album.

The girls have performed good work during the past year, and we hope that they will do even better next year, and last but not least we must congratulate the Nuns of the Convent, for it is by hard training that they have advanced the girls to the standard that they are to-day. We are now looking forward to a record year's work from the pupils of the Convent School.

A billiard tournament is now in progress at the Star Hall for a cue presented to the members by Mr. W. R. Howley, M. H. A. for the District. The number of players is thirty-two, and they are classed in two divisions, A and B. A class playing 250, while B play 250. The first round has been played and below I give the names and score made by each player:—

A New Waist Model.

Ladies' Waist With Yoke Facing.

A pretty tucked waist that is equally well adapted for separate development, or for combination with any smart skirt of the same material. The yoke facing is a distinctive feature of the model, which is very attractive and becoming to most women. Broadcloth, serge, poplin or ray could be combined with net or satin of the same shade. The sleeve may be made in full length or cut off for three-quarter length. The pattern is cut in 6 sizes—32, 34, 36, 38, 40, 42 inches bust measure. It requires 2 5/8 yards of 36 inch material for the 36 inch size.

A pattern of this illustration mailed to any address on receipt of 10c. in silver or stamps.

8858.

8858. A Dainty and Effective Neglige.

Ladies' Dressing or House Sack.

Striped Scotch flannel was used for this model with the stripes in pink on a cream ground. The shawl collar trimming, cut and belt was of cream flannel with pink satin piping, and stitching for a finish. The design shows deep tucks over the shoulders that are stitched to yoke depth. At the waistline the fulness is held by the belt. The sleeve may be finished in full length or in 3/4 length. Lawn, batiste, nainsook, silk, eiderdown or flannel may also be used for this design. The pattern is cut in 6 sizes—32, 34, 36, 38, 40, 42 inches bust measure. It requires 3 yards of 44 inch material for the 36 inch size.

A pattern of this illustration mailed to any address on receipt of 10c. in silver or stamps.

Chief Villain at Large.
The only regret that will be generally entertained about the Liberator prosecution is that the chief offender has so far escaped the punishment he deserves. It is right and proper to mete out punishment to Mylius, the London agent of the Liberator, for he took part in circulating the numbers containing a report of the alleged marriage in Malta between the King and an Admiral's daughter. Mylius is but a subordinate in the matter. The chief offender is James, the American lawyer, who has long been utilizing his wealth and talent to circulate the most infamous lies about both King George, his father, King Edward, and his grandfather, Prince Albert. The gravamen of the offense is that it is but one offense in a sustained campaign, and that the untruth of the Malta marriage charge having been authoritatively contradicted in this press and pulpit, yet in face of this flat contradiction, and in spite of its falsehood, it was circulated again by the notorious James in his organ the Liberator. James had a secure asylum in Paris, where the English police could not arrest him. Mylius, however, the agent for the circulation of the journal in England was arrested and the prosecution commenced, and the falsehood of the charge against the King proved by conclusive evidence in court. The marriage register of Malta was produced. The Admiral in command at Malta, his sons and daughter gave evidence which proved that the slander was absolutely without truth.

McMurdo's Store News
THURSDAY, Feb. 2, 1911.
Cream of Lilies is in great demand these days, a fact about which there need be no surprise, seeing that it has proven itself during the last few winters the most potent preparation on the local market to remove chaps, roughness, spraying, and soreness from the hands, face and lips. Naturally, therefore, during a winter such as there is an exceptional number of people troubled with the above annoying conditions, those who have in the past used it are buying it, and telling their friends about it. If your hands or face need an emollient, healing cream, try a bottle. 25c. at both stores.

Another Octogenarian.
Another of our worthy citizens has reached the octogenarian limit, for on Sunday last the much respected and deservedly esteemed Captain John Green reached the 80th milestone of his life. Though not a native, Captain Green has been for over half a century connected with the trade and commerce of Newfoundland, at first as captain then master and owner of the good brig "Saxon," he was a trusted shipmaster, a man of unbounded integrity, quick in thought and action. "Straight as a whip" though "hard as nails," a man with whom to do business was always a delight and pleasure, in short a pattern worthy to follow. He was the founder of the Newfoundland Screw Steam Tug Company—of which for many years he was manager—and to whose ability and energy was due in a very great measure, the success of the Coy. In all his doings ostentation finds no footing. We heartily congratulate Captain John and hope that yet many years of rest and health may be his to enjoy in the Evening of Life.

Almost Choked to Death
Mr. Rogers, of Gault Bros., who has been in town the past month taking orders for his firm at Montreal, came near passing in his checks last night. He was spending an hour at the house of a friend, and when in the act of eating some home-made candy a piece slipped down his throat and stuck half way. Those present saw his struggles and noticed that he was turning black in the face. They struck him on the back, and not succeeding in relieving him poured a glass of water into his throat. This melted the candy sufficiently to allow of its slipping down. He was completely exhausted and would not hold out half a minute longer.

At the Theatre.
In the presentation of "The Runaways" in the T. A. Hall last night the large audience present was given a play which was heartily enjoyed. It was one of those comic plays which are both interesting and amusing, and the "Harkness" appeared to their best advantage in staging it. The members of the troupe were in good form, and Messrs. Harry English, Maurice Franklin, H. Prince, Paul Webster, F. LaDuke and W. B. Wood all gave fine renditions of their respective roles. The ladies of the combine also did excellently, Miss Oser being specially effective in her portrayal of the runaway daughter, Misses Hastings, Mohr and Palmer gave acceptable representations of the characters assigned them. The repetition of the performance to-night should draw a crowded house.

Regulus-Golden Arow Fund.

Editor Evening Telegram.
Dear Sir—Since your last acknowledgment I have received the following additional amounts towards the Regulus-Golden Arow Fund, viz:
Peter Neville, sale of agricultural exhibits \$2.00
Rd. Neville, do do do do do do 80
Allen Williams, do do do do do do 4.24
Wm. Halford, do do do do do do 40
H. Hiscock, do do do do do do 60
Henry R. Cook, do do do do do do 2.05
These amounts closes a collection that has been most liberally subscribed to by all classes of the community both in St. John's and some of the outports. The magnificent contribution of our business people of St. John's is but another instance of their well known charity and generosity in all cases that commend themselves to their consideration. The splendid response from the officers and crews of the different steamships and of our trade, also that of the Longshoremen, the owners and employees of our different stores, machine shops and factories and other industrial concerns, the Mayor and City Councilors, officials of the Custom House, General Post Office and the public institutions, the different clubs and societies, Casino Theatre, Avalon Athletic Club, St. John's Pilot, Shipping Master's office, public concerts, etc., the management of the Agricultural & Industrial Exhibition, the prize monies and sale of produce of the different agricultural exhibitors, these with a generous response from many of the outports, notably Placentia, Bell Island, Botwood, Petty Harbour, and Maddy Cove, St. Vincent, Peter's River, Flat Islands, Burin, Trinity, Millerton, Hr. Grace and many others, together with a liberal donation from H. M. Government, made up a grand total of \$7159.64. This amount is now in the Government Saving Bank at the disposal of the Committee appointed to disburse the same, viz:—Canon Dunfield, Chairman, Mons. Roche, Rev. J. K. Curtis, Father McDermott and Mr. A. A. Parsons, Secretary; some temporary relief has been afforded, and the Committee in a few days will have perfected a scheme for such permanent distribution of these funds as the circumstances of each individual case will warrant.

Wild Teachers' Association.

ST. JOHN'S BRANCH.
The annual meeting of the N.T.A. St. John's Branch, was held in the Synod Hall yesterday at 4.30 p.m., and was well attended. The Secretary and the Treasurer presented their reports showing good results in connection with the lectures and discussions of the year on training, pensions, etc., the constitution of the branches distributed, the N. T. A. Journal support and the manual training exhibit. Votes of thanks were extended the retiring officers for their efforts. Mr. R. R. Wood conducted the election of officers with very great credit to the order, and the result was as follows: President, Mr. R. R. Wood; Secretary, Mr. P. G. Butler; Vice-Presidents, Rev. P. J. Cuthane and Mr. S. P. Whiteway; Treasurer, Mr. J. Garriock; Executive, Misses E. Stirling, L. Short, D. Hawkins; Staff-Dept. Cave, Messrs. A. House, E. Bursell and Rev. P. K. Kennedy.

Entertained Employees and Friends.
Mr. Frelich, the Manager of the Clothing Factory at Henry Street, entertained over 100 of his employees and friends in the factory last night, and a very enjoyable time was spent by all present. The building was handsomely decorated and dancing began at 8.30 and did not cease until 4 o'clock in the morning. A excellent programme of dance music was rendered by a competent musician and at midnight a sumptuous supper was partaken of and thoroughly enjoyed. Complimentary speeches were made by several and songs were rendered by a number of good vocalists. Mr. Frelich's health was proposed and all voted him a "jolly good fellow," an appellation which he well deserves.

Opposing the Rod Tax
People who recently arrived from Sydney, say that all the Newfoundlanders there—and they are many—oppose the rod tax of \$10 levied in this country. Most of these people work at Sydney during the summer and in the hot weather many of them take a run over in the Bruce to fish in the ponds and streams while enjoying a short holiday. They are not permanent residents of Sydney, as they return home in the autumn and fall months, and they consider that this rod tax should not apply to them while over in the Bruce to fish in the ponds and streams while enjoying a short holiday. Imperial Preference.

Reciprocity forms a weapon for the Unionists for pushing forward an Imperial Preference Propaganda. Wyndham, speaking at Dover, said the proposed treaty is a set back but not a death blow. Imperial Preference may be frustrated by public men but public opinion is indicating a frank acceptance of the gospel of preference.

Personal.

Mrs. James Parker left by the express Tuesday last for New York on route to Barbadoes on a visit to her sister, who is Rev. Mother at the Convent there, having left St. John's with four other ladies in 1878.
Miss Clara White, daughter of Constable Stephen White of Greenspond, went into the General Hospital last week, taking a position as nurse there. Miss White is well qualified for such an important situation.

An Audacious Thief.
The man arrested by the police last night on a charge of theft is a resident of Tack's Beach, P. B. He went into the room of a fellow boarder in an uptown house and breaking open his valise, yesterday, stole from it a \$20 gold piece. Sometime before he had borrowed from the money he had stolen from him he returned this. The other seeing the man so "flush" with money became suspicious when he found his valise had been tampered with, and informing the police the suspect was arrested. He then admitted the theft, and it was found that he had \$9 of the money in his pockets, and that he had purchased goods to the value of \$5 in an uptown store. This with the \$5 "payment" of a debt to his friend accounted for \$19, and he "blew in" the remaining dollar. He showed himself to be possessed of extraordinary gall, and on pleading guilty in Court to-day he was fined \$20 or 30 days.

OUR 15th ANNUAL FEBRUARY SALE

Personal and Household Supplies at a Saving.

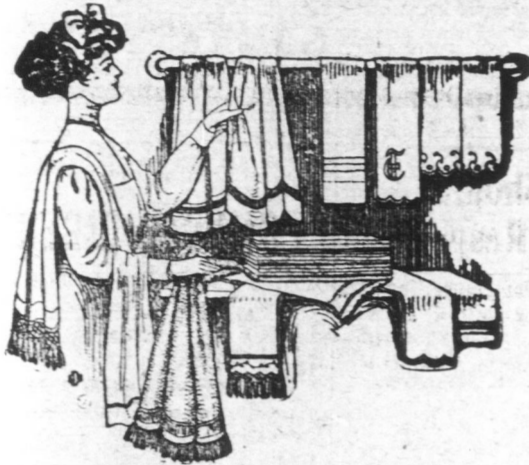

THIS week we start our Fifteenth Annual February Sale—an event that has been held in this Store for the past fourteen years—and has never failed to attract the people by hundreds and thousands. Victory after victory has attended its successive repetitions in this store, and if preparation on our part and anticipation on yours count for anything, this Fifteenth Sale is bound to be the greatest of all.

If you were to see in one gigantic lot all the New Dress Goods, Sheetings, Shirtings, Flannelettes, Blouses, Corsets, Wash Goods, etc.—all the short lines and odd lots of manufactured articles purchased for it—you would say we would never sell them all in this city; but we can, and we will. We will make prices so low that nobody can resist purchasing.

All the goods are not shown at one time, new lots are constantly being added, and it is only by coming every day while the sale lasts that you are sure not to miss some of the very best bargains.

Towels and Towelings.

Here's a great chance for hotel and boarding house keepers, or for any one who has a Towel or Towelling need. The prices are the lowest at which such standard goods have ever been sold.

Reply to "Landlord."

Editor Evening Telegram:

Dear Sir—Will you please allow me space in your valuable paper to say a few words to a correspondent in your issue of Jan. 30, who collects his rents and signs himself "Landlord."

Now, Mr. Editor, as a tenant and taxpayer, I think that the amendment so ably put forward by Councillor Myrick deserves some consideration

and support by the tenants of this city.

Is it not about time that some of the landlords were compelled to pay their fair share towards the Municipal taxes? Have not the landlords within the last eight years raised the rents of tenants from 10 to 20 per cent, and the tenant had to pay the amount asked by the landlord, and

pay all other taxes as well, and it was no use for the tenant to grumble; he must pay, day, day?

Holiday Notes for 1910.

L. C. MORRIS.
Chapter I.—We Begin With Paradise, But Get a Hot Reception.

Paradise has always appeared to us as being a place of peace and tranquility, hence any district bearing the same name would naturally be expected to possess some of the qualities.

There are three places in our island which bear the name of Paradise: one in Placentia District, one in Twillingate District, and one in Harbour Main District. The Twillingate Paradise we have not been into, but the others we have. It was the last named Paradise that we began our holiday with, but I feel that we were told there be true, then it is certain that we are not off once and forever from the Paradise above. The place is very small, and in all consists of about eighteen dwellings. The people who live there are mostly from Upper Island Cove, and they are under the spiritual care of the Rev. Canon Temple, of Topsail. Like other places there are a few people who differ, and it was among these few that we were relegated to the regions of the lost.

Having a leisure hour or two we visited some of the houses, as we have always done when staying at a small place. It so happened, that we called at the abode of some of those good friends who are known as "The Go Preachers." Why they are called so I do not know, or what their interpretation of Scripture is. I really do not understand; but it is very certain that they took upon all others than themselves as lost and undone forever.

Our object was simply a kindly visit, but we had reckoned without our hosts, for we were not many minutes seated when the spirit of argument and contention became very manifest. We at once endeavored to assume the young lady who was acting as leader, that we had not come to argue, nor had we any desire whatever of contention; but we found that our words were vain, and that there was neither reason nor mercy to be shown us. She was bent on religious controversy, but we were only desirous of introducing a few friendly words, leaving disputes for any who wished to indulge in them. She evidently seemed to think that the highest stage to which a Christian could aspire, was that of quoting texts of Scripture which justified one's position, and closed the gates of mercy on all other people.

On seeing that I did not intend to argue she asked me what I believed in, in whom I was trusting. Her question being clear, I gave her an equally clear answer, and said that like all other sinners I was trusting in the Mercy of God. On saying that I was a sinner she took me up and said: "Are you a sinner?" to which I

responded "Yes," and to which she hotly rejoiced that she was a "sinner." I then said: "Why, then, do you judge people so rashly?" but she counter-acted my query by saying that they were permitted to judge righteous judgment, and that the Bible said "so-and-so," and that I was going to be damned, and that all the Ministers and Churches were doomed to damnation; and that they had the light, and that they had done their duty in telling me of my state and danger. I thanked the young lady for their open warnings, and managed to wish them good evening in a gentlemanly and Christian spirit, but they were so full of argument and so ready to ram the Bible down one's throat, that it was only by much self-control that we parted as good friends.

On regaining the open I began to think, well, if this is an illustration of Paradise, and a sample of holiday rambles for 1910, then I have misnamed Paradise, and am certainly in for a sleep time in my rambles, and so far it is quite true, for in our second outing at Manuels, we met quite another new feature, and had even more spice than the lady at Paradise gave us; the chief difference being that at Paradise we had it hot in reference to religion, while at Manuels it was all about flowers.

The religious attack was the outburst of a blast, which read the Bible with vision so small, that she could only see enough mercy in the Great Book, and enough love in its Greater Author, to save her and her associates, and whose lack of discipline unfitted her to engage on such a conversation as religion and Scripture demand. She was ever ready to relegate her fellow creature to hell, but she had not taken time to study the Christian's rule of self-control; but then she was right and all the world must of necessity be wrong.

The episode of the flowers was of quite a different character, but it revealed the rashness of a man whose years should have taught him better, but seemingly had not. The woman at Paradise thought that she was the sole custodian of all the Mercy of a God of Love, and the man at Manuels thought that he was the sole and only proprietor of all the Lilies that grow on the South Shore. He was ready to swear to such a statement, and were it not that he was opposed by a firm hand he certainly would have snatched the flowers out of the hand of the ten year old girl which held them.

But we must not spoil the story. It will come in due order, and with other similar incidents will tend to increase the interest of our holiday notes. We began at Paradise, and then advanced to Manuels, but some of the experience was in wide contrast to what these names imply.

TRIAL OF A SLANDERER.
Special Evening Telegram.
LONDON, Feb. 1.
The trial of Mylius, the London agent of the Liberator, began today before Lord Chief Justice Alverstone and a special jury. He was charged with publishing seditious and defamatory statements regarding an alleged marriage of King George, when a naval officer, to the daughter of an Admiral at Malta. The evidence included the presentation of the marriage register of Malta during the whole period of the King's service in the Mediterranean fleet. Admiral Seymour, his three sons and his daughter, Mrs. Napier, gave evidence in the case, and the jury quickly returned a verdict of guilty. After sentence had been passed, Sir Rufus Isaacs, the Attorney General, read a letter signed by the King authorizing him to state publicly that the King had never been married except to Queen Mary; had never gone through a ceremony of marriage except with the Queen; and that he would have attended the proceedings and given evidence to this effect but for the fact that the law officers of the Crown advised him that such a course would be unconstitutional on his part. Mylius was sentenced to one year's imprisonment.

A STORY BREWED BY PANIC.
Special Evening Telegram.
The charge is made here that the Japanese are spreading the Bubonic Plague throughout Manchuria and Northern China. According to the report, Japanese spies of the most daring and dangerous courage are sacrificing their lives by infecting themselves with the plague in Manchuria, then stealing by the frontier guards and entering China. Their only object can be the devastation of the Chinese Empire by the sweep of the death-dealing pestilence. Reports from Harbin and Mukden state that practically all the villages within a radius of two hundred miles have been wiped out by the plague.

Hearing of the case between the Government and the Commercial Cable Company was set down for next week.

Anglo-American Cable Co. vs. Reid Ltd. Company.

The Reid Ltd. Co. claimed that the status of limitations limited plaintiff's claim to six years. Chief Justice and Mr. Justice Johnson dismissed the claim. Mr. Justice Emerson dissented, saying that in his opinion there was no covenant between the plaintiff and the defendant, and that the claim of the plaintiff should therefore be limited to six years.

MORE PARTICULARS OF DYNAMITE EXPLOSION.
Special to Evening Telegram.
NEW YORK, This morning.
The Jersey Central Terminal is wrecked. Three ferry-boats on slips were torn to splinters. Lower Manhattan across the river was shaken from the street level to top of the Singer Tower. Severe damage was done in Brooklyn and on Staten Island to the Immigrant Building and station at Ellis Island. The shock was felt in Long Island at Apptville, 35 miles distant, and at New Jersey, 40 miles distant. The damage is so widely scattered that it is impossible to give more than a rough estimate and three quarters of a million dollars appears to be a fair estimate. The lighter receiving the dynamite, Katherine W., with a crew of seven including the master has completely disappeared, and also lighter, Whistler, with a crew of two. The Swedish barquette Ingrim, a stone throw to the south of the explosion was stripped of its rigging and the lives of two of the deck hands snuffed out.

Wedding Bells.

CONWAY-FOLEY.
James Conway and Katie Ellen Foley were united in matrimony on January 17th, at St. Bride's. The ceremony was performed at the Church of the Sacred Heart by the Rev. A. Fyne, P. P. The bridegroom was attended by his brother, Michael Conway, and Jerry Conway, cousin of the groom. The bridesmaids were Miss Katie Conway, sister of the groom, and telegraph operators, and Miss Berrie Griffin. The bride was most becomingly attired in a suit of grey lustre with white trimming and white silk hat. The two young bridesmaids who acted as bridesmaids presented a very attractive appearance in their up-to-date suits of blue. Immediately after the ceremony the happy couple returned to the home of the groom's father, John E. Conway, postmaster, where about fifty guests enjoyed the wedding feast. After which the bride and groom followed by the guests proceeded to the new home of the groom where dancing and other amusements were enjoyed until 1 o'clock the following morning. The writer, with their immediate friends, wish Mr. and Mrs. Conway many happy years blessed with contentment and from all troubles free.

St. Bride's, Jan. 30th, 1911.

GRIFIN-FOLEY.

The flying of flags compared with the fine day presented a very pleasing appearance at St. Bride's, when Patrick Griffin and Minnie Foley were united in matrimony, on January 24th, at the Church of the Sacred Heart. The ceremony was performed by the Rev. A. Fyne, P. P. The groom was attended by his brother, Michael Griffin, and D. Foley, brother of the bride. The bridesmaids were Miss Katie Foley and Hannah Griffin, sister of the groom. The bride, who has many friends, presented a very pleasing appearance in a dress of cream voile with over lace, a white silk hat to match and a necklace of pearls. As the bridal party moved down the church appropriate music was rendered on the new organ by Thomas Foley, brother of the bride, as she being a member of the choir since childhood. The happy couple returned to the home of the bride's mother where over ninety guests were entertained at the wedding festivities, comprising refreshments, singing, stinging and music in which all the guests participated was kept up until 9 o'clock the following morning. It was voted the most brilliant affair of its kind ever held here, and will long be remembered by all who had the pleasure of being present. On the 26th the bride and groom returned to the home of his parents, John Griffin who has been doing a large trading business at St. Bride's for the past thirty years. A large gathering of young and old people attended, and that evening another round of festivities, refreshments and singing took place, the accompaniment being rendered on the piano by Mrs. P. Foley, whilst the youth indulged in the gay fantastic in the new home of the bride's groom nearby. The writer joins in chorus of their numerous friends in wishing them many happy years over life's stormy sea.

Hockey Match.

The Feildians and St. Bonaventure teams played in the league hockey match last night. The St. Bon's won by four goals to three, after a hard contest. It was one of the liveliest games for the season. Collier and Pinsky played a splendid game for the Feildians and Walsh of St. Bon's distinguished himself in goal keeping. White of the Feildians met with an accident and had to drop out for a while owing to his head coming in contact with the fence in an attack. St. Bon's played a lively game from start to finish, and in 30 seconds Collins secured the first goal for his side. The Feildians made a dash up the rink and in about a minute afterwards Winter of the Feildians secured No. 1 for his team. Hard play followed. Collier for tripping Walsh was sent to the fence for three minutes and soon after Shortall was sent off for causing a foul. The game waxed warmer than ever and after a dead onslaught by the Feildians St. Bon's goal Martin got the puck and landed it in the net-making No. 2 for his side. D. Walsh and Collier then did some brilliant work for their sides but no scoring resulted. Hearn was now sent to the fence for three minutes on account of indulging in rough play. St. Bon's had the best of the play the next ten minutes. Walsh and Collins sent in several promising ones but Lilly was there to turn them back. Collier was again sent off for fouling in a mix up near the goal and shortly after Shortall was sent off for three minutes for a similar offense. A minute or so before the half time call, Hearn got a chance and sent in from mid-air a beauty which evened up the score.

The second half opened up livelier than ever. St. Bon's made a sortie and had a good chance of scoring only that Collins lost by being off side. A foul against Pinsky followed and he was sent down for 2 minutes by the referee. After six minutes had passed Collier scored up No. 3 for the Feildians and 14 minutes afterwards Walsh got No. 3 for St. Bon's. No further scoring resulted, each team had three goals to its credit. The "play off" then started. Nothing was done during the 15 minutes but on the 5th minute after changing sides, Hearn sent in the "setter" for St. Bon's. Mr. W. J. Higgins was referee. A. Martin and M. O'Driscoll time-keepers.

The line up was—

Feildians.	St. Bon's.

Indigestion & Dyspepsia

In all its Forms can be Cured.
It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything, I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

Tim Shannahan on the Misfortune of Being a Governor.

Why, you'd think you were the Governor? How often do you hear people saying that to one another? And you'll hear more say I wish I was the Governor.

Well, says Tucker, "to tell you the truth, I wouldn't be bothered being the Governor, for I think the poor man has an awful lot to put up with. Why the man can't mix around like you and me and have a chat with his fellow man. He can't go down on a gump head and take his smoke and look at the boats going in and out to the man-o-war. If the Governor went down on the King's wharf and the next thing you'd know a half dozen officers would be there to know what he wanted. The same way, he could go down and have a game of cards in one of the halls, for all hands would be shying clear of him, and the next thing he'd know he'd be left by himself. If he goes to a football match he has to sit right

down in the exact spot where the committee appoints, and he has to sit up nice and straight and assume to be very much interested. If he goes to the Regatta a crowd take charge of him and conduct him to the grand stand; and he's no sooner down than he's asked to pin on medals to about 150 sports, and after that make a fine speech.

"I never yet saw the Governor enjoy the Day of the Races; he always looked jaded, and I often pitied him from my heart out," says Mrs. Tucker. "In fact, I don't know if ever I saw the Governor get a square show for his life. Why, you take a concert for instance. He's jammed up in a box and every one in the hall is looking at him to see how he looks. Why, I'd sooner be down in the pit, for you can go in and go out when you like; but the Governor has to wait till he's all over, for fear people might think he didn't like the singing."

that the people of this town act sad when the Governor is around. Why it is, I don't know; but it's a fact, just the same. Now, I believe the Governor can enjoy a joke just as well as any one else, and there's no reason whatever why people should sing mournful songs because the Governor is in the audience.

At the Wrestling Show

Editor Evening Telegram. Dear Sir,—I saw the wrestling match on Monday night. There were a lot of sports there for some time, but I was a dead head. Well, boss, the first bout was for the bantam championship, and was pulled off without a foul—simply because a pencil-pusher was there to see the rules rigidly enforced. So they were. This bout was for a medal. One of the guys set to work in earnest to land that medal an' pin it to his manly bosom. As it was a gold medal, it would be a good land. Aias! he was terribly disappointed, and won't medal with wrestling for some time to come. Perhaps it was owing to the type of scare; but he was evidently nervous. He would have won only for his opponent, who proved an O.K. wrestler. After this the chief bout was announced, and 'twas bout time, for some of the audience were wishing the bantams would go to roost long before they did. Olson then came on. He proved a good man, though I thought him rather proud, as he had a grand marshal with him an' another guy to see that both contestants would stick to the rules. Then came Oppelt an' his seconds. I asked Joe, a chum of mine, who he thought would win, an' he answered, "The chaffeur Otto win." So he did. Otto explained the difference between the "strangle hold" and the three-quarter Nelson. As far as I was concerned the explanation was unnecessary, for I learned all about the strangle hold whilst drinking (ahem!) a "lemonade" one morning when I had only three minutes in which to catch a train.

Florizel's Record Run.

The S.S. Florizel, Capt. Clarke, arrived here at 5 p.m. yesterday, making the run from New York to this port in the record time of 4 days, and of course calling at Halifax. This is the quickest trip ever made over this route, and Capt. Clarke is to be congratulated on his record. Leaving New York Saturday afternoon she had excellent weather on the run to Halifax and came down to that port in 42 hours. She remained there taking freight for 12 hours, and left at midnight Monday for this port. The vessel had strong N. W. winds on the run down and she established a record on the route between Halifax and this port, getting here in 41 hours, though in November she made the run up to Halifax in 40 hours. The ship is in splendid steaming trim, as the Telegram recently remarked, and almost each trip sees her reducing the time in running to and from this port. She had a three-fourths cargo and her passengers were: From New York—Miss Shea, Mrs. E. Crawford, Mrs. E. R. Bowring, Mrs. (Dr.) Rendell, G. D. Scarborough, J. J. Sullivan, R. F. Harrison, J. Jackson, J. McFaridge, J. C. Jones and 5 second class, while 2 second class came from Halifax.

Wireless for Sealers. This spring will witness seven ships of our sealing fleet fitted with wireless telegraphy. There will be the Florizel, Eagle, Adventure, Bellaventure, Bonaventure, Neptune and Beothic. Mr. Tattersell arrived here by the Tabasco to install the service on the Bellaventure, Bonaventure and Adventure and Mr. Cartier of the Florizel, with Mr. Roe of the American Marconi Co., will put the service on Job Bros. ships. This will be of great advantage to the vessels in their work amongst the seals.

Makes Stomach Trouble Vanish. No Indigestion, Heartburn, Gas or Dyspepsia five minutes later. Why not get some now—this moment and forever rid yourself of Stomach trouble and indigestion? A dited stomach gets the blues and crumbles. Give it a good cat, then take Pape's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

When Diapiesin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes. There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and besides one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good. Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out-of-order and uncomfortable now you can get relief in five minutes. Debate on Portugal. The Methodist College Literary Institute held their weekly debate last night. The subject was: "Were the rebellion in Portugal and the means adopted to dethrone the King justifiable?" Messrs. Jordan Milley, R. S. LeDrew and G. Soper took the affirmative side, and Messrs. E. V. Wylie, G. Peters and P. Cowan upheld the negative. Mr. W. Clarke occupied the chair and performed his duties with much acceptance.

"Absolutely Alright." That is what an authority says of Magie Headache Powders. They cure all ill after effects, which is all right. The price 10 cts. is all right. W. T. COURTENAY, corner Duckworth and Prescott Streets—Jan 11.

B.I.S. Concert.

The B. I. S. Literary and Amusement Committee, under the chairmanship of Mr. P. Lacey, began their weekly programme for the winter last evening at the O'Donel Music Hall. Considering the many other attractions, the attendance was good. Mr. E. J. Devereaux, Master P. Halley and Master J. Slatery played the accompaniments on the piano in good style. Songs were rendered by Messrs. P. Halley, M. McCarthy, J. Atkinson, M. F. Aylward, and P. F. Moore. Mr. J. L. Slatery was in excellent form and favored the gathering with four songs, including the beautiful rendition "Who shall be king?" and "David Jones Locker." The accompaniments were played in a very clever manner by Master Jack Slatery, his nephew, who made his musical debut last night. Mr. P. K. Devine gave a reading on "Notes on Father Vaughan's Lectures. The programme for next Wednesday will likely be a debate.
