FOURTEENTH YEAR

BUCKET-SHOP GAME IN WOOD.

Banks, Tradesmen and
Farmers Swindled

TO THE EXTENT OF OVER \$200,000.

The Alleged Perpetrators Lodged in Jail.

The History of the Toronto Wood and Shingle Company—How its President and Manager Hypothecated with the Banks Thousands of Cords of Wood Which the Company Did Not Own—Victims All Over the Province—A Suit for \$150,000, Followed by the State's High Constable—The Manager and Treasurer Taken to London to Answer a Charge of Fraud.

The developments now being made in connection with the defunct Toronto Wood and Shingle Company go to show the most extensive and carefully organized swindle perpetrated in this city for many a day.

The money dishonestly obtained is now up to the thousands, perhaps in the hundreds of thousands.

The most carefully managed and the most vigilant bank in the city was deceived most woefully.

And the lot of wood-dealers, wood-buyers, farmers, capitalists, relatives and others taken in by Kierman made a goodly company.

Kierman, the chief manipulator of the swindle, is now behind the bars, as is his treasurer, Alexander Stewart, and the chances are that they may be a day before they get to their liberty.

The Toronto Wood & Shingle Company (Ltd.), W. P. Kierman, president and manager; Michael Robinson, vice-president; Alexander Stewart, treasurer; J. G. Gormally, secretary. Office 554 Queen-st. West, manufacturers of pine and cedar shingles, 18-inch a specialty. Wholesale dealers in hardwood lumber, hard and soft wood, pulp wood, oak, cedar, tamarac, sycamore, poplar, telegraph and telephone poles, railroad ties, etc. Capital, \$50,000.

Such was the story told on the elaborate stationary paper of the concern. The stationary was of the best, and so was the office furniture. The latter was sold by the auctioneer.

The stockholders. The company was incorporated Dec. 23, 1891, the directors being the officers named above and Andrew Dodds. The authorized capital stock was \$50,000, of which \$20,000 had been paid up. The stockholders were:

W. P. Kierman, \$50,000
M. Robinson, 100,000
Alex. Stewart, 2000
J. A. P. Gormally, 4000
Andrew Dodds, 1000
William Booth, 1000
Mrs. W. P. Kierman (in trust), 2000

Kierman and Gormally paid their stock in wood, the other in cash. Kierman, who is only 28 years of age, and is accredited with being a veritable young Napoleon of finance, came to this city some years ago from Agass, Ont., where he conducted a general store. It was through his connection with Robinson, the coal dealer, and subsequently formed the firm of Kierman & McEldowney, which was a success.

The crash. The company died after an existence of a little over eighteen months. Prior to going into liquidation, however, the book debts were assigned to President and Manager Kierman in trust for the stockholders. When a statement of assets and liabilities were prepared it was found that the liabilities were in the neighborhood of a quarter of a million dollars, while the assets were practically nil.

The Bank of Toronto alone was a creditor to the extent of \$200,000. To secure the payment of the company's liability to the bank William J. Kierman, the company's manager, together with Mrs. Kierman and Edward F. Rush, her brother, made a guarantee to the bank on Sep. 30, last year, as security for the bank Kierman's wife, Mrs. Kierman, who is a resident of Toronto, is a guarantee, is worth \$50,000 in her own right, and her brother is also possessed of a considerable amount of money.

These writs, among others, have also been issued.

KENNEDY'S FIRST MEETING.

A BOILING RECEPTION IN THE AUDITORIUM.

The Candidate Gives His Views On Many Questions Now Engaging the Attention of the Electors—His Position in Regard To the Georgian Bay Canal—The Benefits to Be Derived Therefrom.

Though ostensibly called for the purpose of purely organization and routine business, the meeting held in the large parlour of the Auditorium last night was more of a public and municipal gathering, and possessed enough enthusiasm and interest to entitle it to be so designated.

It was said that Mr. Waring Kennedy and his many friends were the first gun of the campaign for the '94 contest. The spacious parlour was crowded uncomfortably.

Barister J. W. St. John as chairman called the friends to order and proceeded to the business of the evening, which consisted of the annual appointments of conveners for the six wards, the dates fixed for formal and business meetings, and other work of a like character.

The representatives of the various wards spoke briefly and promised on behalf of the electors the staunchest support in behalf of Mr. Kennedy.

The candidate was then introduced and explained to the meeting some of the questions upon which he had formed his opinions should be elected to the civic chair for 1894.

There are so many interests to be considered in this office that it is difficult for me to speak minutely upon them to-night. A very important feature that will engage the attention of the electors is the proposed law to lessen the burden of taxation, which is especially upon the poor man and the laborer.

Others Who Were Dressed, Freeman & Co. of Hamilton, D. McCordick of St. Catharines, and many other dealers throughout the country also mourn their dealings with the Wood and Shingle Company.

They purchased large quantities of wood for which they gave their notes, only to discover subsequently that the wood had been hypothecated to the bank.

Mr. Gorman, the manager of the company, who had one or two dealings with him, too, but his company did not lose a dollar, and Mr. Marshall declined to discuss the case.

Tradesmen, banks and other relatives are not the only sufferers. Mr. Walker Morley, brick manufacturer, who has been a partner in the firm of Kierman & McEldowney, is a heavy sufferer.

Mr. Kierman's natural wood undergarment, which is a very valuable article, is now in the hands of the bank.

Mr. Kierman's natural wood undergarment, which is a very valuable article, is now in the hands of the bank.

Mr. Kierman's natural wood undergarment, which is a very valuable article, is now in the hands of the bank.

Mr. Kierman's natural wood undergarment, which is a very valuable article, is now in the hands of the bank.

HARD ON POTATO BUGS.

As a Result of a Ombudsman Paris Green Will Be of Better Quality Next Year.

A combination in Paris green has been formed. It comprises English and Canadian manufacturers. As a result, both the quality and the price will be uniform, a condition of things which will be much more satisfactory to dealers all over the country.

FLEMING IS OUT OF THE RACE.

THE MAYOR FINALLY DECIDES TO LAY LOW FOR A TIME.

A Number of the Aldermen Considering the Advantages of Bringing Out a Member of the Council For the Position of Mayor—A Suggestive Circular From Mr. Fleming.

Mayor Fleming will not be a candidate for the mayor's chair for 1894. This intimation, which was privately given yesterday afternoon, created some excitement among the aldermen who were left in the secret.

As has been stated in The World, there are a number of the aldermen who are of the opinion and firmly contend that the Mayor should be chosen from the council.

As a justification of this principle a number of the aldermen have been doing so far as to support one of themselves for the position of mayor for 1894.

They claim that, as half of next year's council will be composed of green men, it would be unwise to elect a green mayor. There is no doubt that there will be a number of new-comers in the council in consequence of the retirement of Ald. Frankland, Hill, Saunders, Threlby, Bell, Lynd, and McEldowney.

It was also rumored around the Hall that Ald. Hallam had received a letter from the Mayor, who is out of the city, stating that he would not be a candidate next year.

Ald. Hallam would neither deny nor confirm the report, but he is believed to have said at the proper time if he had such a letter he would make it public.

It is not quite clear, but the following circular letter issued by him speaks for itself:

Dear Sir—The time has now arrived when you are to select one of your number as a majority candidate, as a preliminary to the election of a Mayor.

It is my opinion that if an alderman is not qualified to be elected as a candidate on the above grounds, he should not be nominated.

I believe that if the alderman now in the majority of the council, who is not qualified to be elected as a candidate on the above grounds, he should not be nominated.

I believe that if the alderman now in the majority of the council, who is not qualified to be elected as a candidate on the above grounds, he should not be nominated.

I believe that if the alderman now in the majority of the council, who is not qualified to be elected as a candidate on the above grounds, he should not be nominated.

I believe that if the alderman now in the majority of the council, who is not qualified to be elected as a candidate on the above grounds, he should not be nominated.

I believe that if the alderman now in the majority of the council, who is not qualified to be elected as a candidate on the above grounds, he should not be nominated.

HIS TRIP ENDED IN ETERNITY.

Express Messenger Hawley Accidentally Shoots Himself While Handling a Revolver On His Train.

James Hawley, aged 28, unmarried, who resided with his widowed mother at 114 St. Patrick-street, was accidentally shot and killed himself on a G.T.R. train yesterday.

Hawley was employed as a messenger by the Canadian Express Company. He took the 7.30 train at the Union Station to make his usual run to Niagara Falls.

After leaving the depot Hawley unlocked his safe, put on his revolver-belt and was going to put his revolver in it. Mr. McCauland was in the other end of the car, and hearing the report of a revolver, ran to where Hawley was. The latter said: "Jack, I'm shot" and fell. Blood was pouring from a wound in his breast, where the bullet had entered, lodging in his lung.

He said nothing but the three words, and then became unconscious. When the train stopped at Queen's Wharf in a few minutes he was taken out dead. The money bags and valuable parcels in the safe were covered with blood.

From the way in which the safe and the revolver were lying, and from the direction of the bullet, it is believed that when Hawley was employed as a messenger by the Canadian Express Company, he took the 7.30 train at the Union Station to make his usual run to Niagara Falls.

After leaving the depot Hawley unlocked his safe, put on his revolver-belt and was going to put his revolver in it. TUBERCULOSIS AT GUELPH.

Many Cases at the Agricultural College.

FARMER-GENERAL DRYDEN TALKS. Calves Bred From Diseased Dams Offered at Auction.

Just the Minister of Agriculture claims that the Farmers were notified that the Calves might be observed, and all the suspected Calves were kept on the Farm—How the Disease Originated—Methods Adopted to Stamp Out the Disease.

Many cases of tuberculosis have developed at the Ontario College, Guelph, during the past few months, and different explanations are given as to the means which have been adopted to stamp out the disease.

Said a man who returned from Guelph yesterday: Several months ago the College authorities added to their herds a number of Guernsey purchased in Markham and some of the same breed imported. What was suspected to be tuberculosis developed in one of the imported animals. It was isolated for 6 or 7 days and Farmer-General Dryden was sent for. He ordered the infected animal held in the stable with other cows and the result was that seven others became affected, all of which had to be slaughtered. After the condemnation had been temporary separated four calves bred from the condemned cows were selected to be sold at the annual sale Thursday and were sold. Mr. Dryden and the professors of the college were told of the rumors in circulation and were asked to make a statement as to whether the reports were correct or not. They admitted that the calves were bred from condemned cows and had been reared in the stable with other cows and the result was that seven others became affected, all of which had to be slaughtered. After the condemnation had been temporary separated four calves bred from the condemned cows were selected to be sold at the annual sale Thursday and were sold. Mr. Dryden and the professors of the college were told of the rumors in circulation and were asked to make a statement as to whether the reports were correct or not. They admitted that the calves were bred from condemned cows and had been reared in the stable with other cows and the result was that seven others became affected, all of which had to be slaughtered. After the condemnation had been temporary separated four calves bred from the condemned cows were selected to be sold at the annual sale Thursday and were sold. Mr. Dryden and the professors of the college were told of the rumors in circulation and were asked to make a statement as to whether the reports were correct or not. HEROIC SERVICES

Great Professor's Work at Dartmouth.

His Chair One That Famous Men Have Made Famous.

WORK FOR THE PUBLIC GOOD ACCOMPLISHED.

Life May Better Be Worth the Living Now.

The Old Medical School at Hanover in the Hills.

Boston, Dec. 1.—The most important professorship in the country, in any respect, is at Dartmouth College.

It is the chair that has been occupied by Prof. Robby and afterwards by the great professor, Edward R. Phelps, M.D., LL.D.

Dr. Phelps ranks not only as a leading scientist, but his name is at the very heart of the list of eminent practitioners who the country has produced.

DARTMOUTH MEDICAL COLLEGE.

Even as a young man his ability was conspicuous. He had mastered the teachings of the latest German science. He had made an exhaustive study of the German hospitals.

Dr. Phelps who so clearly foresaw the dangers of the American way of living. With the best methods and most advanced knowledge of the times at his command...

The Ladies' Helper—French Pills. Removing all obstructions from whatever cause. Sent by mail on receipt of 25c per box.

Feed a Cold. Yes, but feed it with Scott's Emulsion. Feeding the cold kills it, and no one can afford to have a cough or cold, acute and leading to consumption, lurking around him.

SCOTT'S EMULSION. Of pure Norwegian Cod Liver Oil and Hypophosphites. Strengthens Weak Lungs, checks all Wasting Diseases and is a remarkable Flesh Producer.

NEW BLOOD. New Blood. Readily Absorbable. Lacking to the system. It is the only blood purifier...

His Unfortunate Weakness.

Sir Oliver Mowat at one time occupied a warm corner in the hearts of the farmers of Ontario. He was honored and respected by them all over the province. He was esteemed a God-fearing man and an honest politician. An evil day it was for Sir Oliver when he yielded to his importunate followers and entered upon a policy that has lost for him the enviable esteem of this great agricultural province.

FOUND DYING IN THE STREET.

Sudden Death of John Miller, a Corporation Laborer. John Miller, a corporation laborer, was found by one of the Conger Coal Company's drivers lying unconscious on the sidewalk at Wellington and Bay-streets yesterday. He was taken to his home at 133 Ontario-street.

Death of Mr. A. Thornton Todd.

Mr. A. Thornton Todd, for many years a prominent figure in the financial world and chairman of the Toronto Club, died from a complication of diseases at his residence 13 Spadina-road, yesterday morning. The deceased was born in Banamuca Castle, County Donegal, Ireland, 23 years ago. He came to Canada in an early age. He was first married to Miss Fitzgerald, daughter of Major Fitzgerald, and secondly to Miss Evans, daughter of Rev. George Evans, Dungannon, County Tyrone. He was a lieutenant in the St. Thomas Dragoon in 1837. The deceased was one of the founders of the Toronto Club, of which institution he was chairman at the time of his death. He was also a director of the Standard Bank. His wife and five daughters survive him.

The Theatres Next Week.

The claims made for "The Hustler" as a laugh-provoker will, it will not be anticipated next week at Jacobs & Sparrow's Opera House. As John Kernell, that buoyant Irish comedian, heads the company, the claims are likely to find quick and emphatic endorsement.

Notes.

Everybody now in days is struggling to get rich and become as great as possible. Now here is a chance seldom offered to the public generally. You can find out by attending Russell H. Conwell's great lecture in the Pavilion next Tuesday evening. The following is from "The New York Evening Post": Unexcelled by any orator in America, and perhaps the equal of any in the world in those marvellous descriptive powers.

Polling Booths and Poor People.

Editor World: The suggestion of a "heavy ratepayer" that the polling booths for the municipal election should be located on the premises of poor people is a very good and timely one and should be acted on. The ward in which I reside the booths on the recent Sunday vote were placed in stores or private houses, the occupants of which are in every case well or comfortably off. In the ordinary course of events, the poor people who are the most numerous in the city are the most ignorant and the least intelligent. It is not surprising, therefore, that the booths in these places are the most disorderly and the most unbecoming. It is suggested that the booths be placed in the homes of the poor, where they will be more comfortable and convenient for the voters, and where they will be more likely to be kept in order.

Orphan Concert a Success.

The Orphan concert at the Pavilion last night was well attended. The audience thoroughly appreciated the many clever numbers on the program. The Toronto String quartet gave selections from Hayden, which were sweet, clear and delicate in tone. Signor P. Deacon, Mrs. Agnes Thompson and Whitney Mockridge all contributed songs which pleased greatly and showed the perfect training of the artists. The concert all through was a success and a credit to the performers and managing committee.

HEALTHY CHILDREN

come from healthy mothers, and mothers will certainly be healthier if they take Dr. Ervay's Favorite Prescription. Nothing can equal it in building up woman's strength, in regulating her natural functions, and in putting her in the best of health for every part of the female system.

"Favorite Prescription" for Labor.

Dr. Ervay's Favorite Prescription is the best of all medicines for women. It is the best of all medicines for women. It is the best of all medicines for women. It is the best of all medicines for women.

Toronto should support its own industries

and retain all the money in active circulation it can within its boundaries. One of the most extensive industries and one of the most money-consuming is the clothing industry. It is the duty of the city to support its own industries and retain all the money in active circulation it can within its boundaries.

As a general blood building tonic and for their food. Burdock Blood Bitters excels all other remedies. It positively cures dyspepsia.

DR. CLARKE ON INSANITY.

An interesting lecture by the Medical Superintendent of Toronto Asylum. Dr. Daniel Clarke delivered the first of a course of six lectures on the "Legal Aspects of Insanity" yesterday afternoon at 2 o'clock. The lectures are being delivered under the auspices of the Osgoode Legal and Literary Society, and a large turnout of students and junior members of the bar listened to an interesting and instructive lecture with marked attention. Insanity was defined and various types of insanity explained and exemplified. Common-sense was defined as "the best experience of humanity." Hallucinations, delusions and illusions were explained at length, the doctor illustrating these three forms by having various patients show them. The course will be continued in January. Mr. Wallace Nesbitt, Q.C., will deliver an address to this society tonight at 8 o'clock and a debate will follow on the question, "That the State Should Control All Railways." Messrs Griffin and Thompson of Ottawa will speak on this debate. The latter is a son of Right Hon. Sir John Thompson.

LET US HAVE IT OUT.

Dr. Ryerson's Relatives and Mr. Meredith's Who Are Opposed to His Return.

The Globe proposes to answer Dr. Ryerson's charge of nepotism against Sir Oliver Mowat by enumerating the offices held by his relatives and by those of Mr. Meredith.

Here is a partial list of Dr. Ryerson's relatives who have held or are holding at the crib, although by no means a full list.

1. The late Dr. Egerton Ryerson, salary \$4000 a year for 30 years or thereabouts, with \$4000 a year for several years after his retirement.

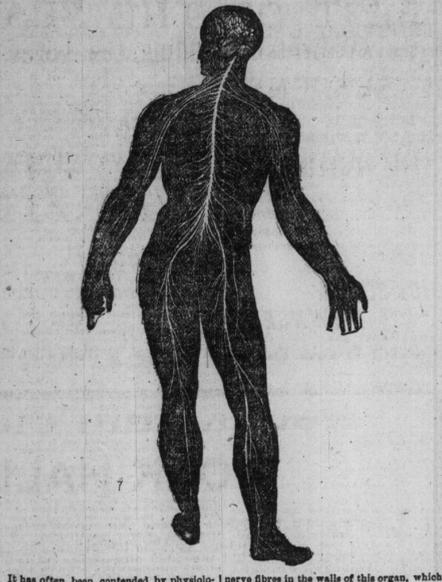

2. Egerton Ryerson, Jr., formerly Clerk of the Peace and County Attorney, Stratford, with fees of \$2000 a year or thereabouts.

3. Henry Duggan, Clerk of the Division Court, Toronto, with fees of \$4000 a year or thereabouts, more or less.

4. Ryerson, collector of Customs on Lake St. Lawrence, with a salary of \$2500 a year.

5. H. R. Hardy, Crown Lands Department, with a salary of \$2500 a year.

Nature Yields Another Secret!

It has often been contended by physiologists and men of science generally that nervous energy or nervous impulses pass along the nerve fibres...

The wonderful success of the remedy known as the Great South American Nerve Tonic is due to the fact that it is prepared by one of the most eminent physicians and specialists of the age...

All know that an injury to the spinal cord will cause paralysis of the body below the injured point. The reason for this is that the nerve force is prevented by the injury from reaching the paralyzed portion.

The Men You Know M. McCONNELL, Xmas Cash Sale for December, 1893.

OUR CAPACITY TO PRODUCE IS IMMENSE AND OUR SALES ARE IMMENSE OF THE DUCHESS OF OXFORD AND KITCHEN WITCH RANGES.

W. A. MURRAY & CO., 17, 19, 21, 23, 25, 27 KING-STREET EAST, And 10, 12 and 14 COLBORNE-STREET.

TRADE TOPICS

Mr. J. P. Spink, who has returned from Montreal, where he has been engaged with others in fixing the flour standards, states that straight roller will be pretty much the same as last season, with the exception that it will be hardly as white in color. "Flour is very dull," said Mr. S., "and the requirements of Quebec will be small for some time to come."

"The bulls got all they wanted to-day," said an operator in Chicago wheat yesterday. "The decline to-day wipes out the advance of several days; it goes down much quicker than it goes up, in spite of the low prices."

Farmers are holding their barley in anticipation of higher prices next season, when the United States' duty will be lowered. There is very little coming in at receiving points, and prices in consequence are higher.

"A great deal of unnecessary comment has been made concerning the poor business of loan companies the past year," said a manager the other day. "Nothing is said about insurance companies, which, I venture to say, are as much if not more interested in Toronto property than the loan companies."

"It is a significant fact that, notwithstanding Gardner's guns have been primed against Canadian cattle all the season," says a British correspondent of the Trade Bulletin, "the decrease in import from the Dominion amounts to but 14,000 head. Seeing that the previous trade, to the north at any rate, was mainly in store beasts, these figures show that Canada has really increased her export under adverse circumstances, and that a great business is in sight for Northwest ranchers in the future completed cattle. We must have beef from somewhere, and these beasts have been much admired in the sale ring. It must be the business of cattle raisers in Canada to fight for market, so as to be independent of the store trade. Does not the experience of this season show that the cattle trade of Canada need not cease with the winter's arrival? Would it not pay—as the States and Canada have been placed by the Government on the same footing—to ship during the intervals before navigation reopens, via the States? Prices are going to be fair at least, if not higher, as they look to be."

Volunteer Monument Committee.
A meeting of the "Volunteer Monument Committee" was held at Government House on Thursday, Dec. 7, at 4 p.m. Among those present were: His Honor the Lieut.-Governor, Sir Casimir Gzowski, Mr. McLean-Howard, Mrs. Moss, Mrs. John Fletcher, Miss Fletcher, Colonel Grasset, Colonel Dawson, Colonel Hamilton.
On motion Colonel Grasset took the chair and Colonel Dawson acted as secretary.
Mrs. Fletcher, the secretary of the Ladies' Committee, read the minutes of former meetings, also a list of those who subscribed to the fund. The amount collected up to date and now in hand is \$1342. It was suggested by Sir Casimir Gzowski that there should be some limit to the time for closing the subscription list, and whatever amount was then in hand should be expended on the monument. The meeting decided to close the list on Oct. 1, 1894, and that every effort should be made before that time to raise the necessary funds.
Several designs for the monument were submitted, the cost varying from \$5000 to \$5000.
It was decided that the Ladies' Committee should have power to add to their number.

Wood's Norway Pine Syrup cures coughs.
Wood's Norway Pine Syrup cures colds.
Wood's Norway Pine Syrup cures the lungs.

EXTRADITION WITH ARGENTINE.
James Spencer Balfour, the Swindler, Will Be Taken Back to England.
LONDON, Dec. 8.—An extradition treaty has been entered into between the Argentine and British Governments. By the terms of this treaty James Spencer Balfour, whose swindling operations in building societies ruined an enormous number of people and who fled to the Argentine Republic to escape arrest and prosecution, will be immediately arrested and turned over to the British authorities.

University Notes.
The final meeting of the Modern Language Club for the term will be held at University College on Monday next.
Lectures close at Toronto University on Dec. 20, and will be resumed again on January 4, 1894.
The class of '96 have drawn out a class society constitution as long as the provincial moral law. It stands on the bulletin board as a monument of the energy of youth.
For several years, in fact since the fire which destroyed the University building in Feb. 1890, Toronto University has never held a conversation. Regularly every year the proposition to do so has come up and as regularly have the powers that be frowned upon it. The Osgoode authorities have also taken flight, and the students are looking for a place of habitation for their coming conversations. The authorities of Victoria University, however, have no fears on the subject and have decided to throw open their doors to the students and their friends on the evening of Dec. 15. Their annual conversation promises to be a very inviting affair.
There will be a mass meeting of the students at Association Hall on Sunday afternoon to hear Chancellor Burwash, Principal Sheraton and Hon. S. H. Blake, who will speak under the auspices of the Canadian College Mission Society. It is expected that the College Glee Club will be in attendance.
Mrs. M. Stephens of Albany, N.Y., writes us as follows: My stomach was so weak that I could not eat anything sour or very sweet, even fruit as the time would cause heartburn, fullness or oppression of the chest, short breath, restlessness during sleep, and frightful dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of Nutriol & Leman's Vegetable Discovery this unpleasantness has all been removed, and I now eat what suits my taste or fancy."

For England.
The Allan royal mail steamship the Numidian, which sails from Halifax to-day, for London and Liverpool, carries 50 first cabin and a large number of second cabin and steerage passengers.
The Numidian and the Mongolian have been constructed with a view to secure the utmost steadiness at sea and they already have a wide reputation for the comfort they afford to passengers who are not particularly good sailors. The Mongolian sails from Portland on the 15th and from Halifax on the 18th and will carry first cabin, second cabin and steerage passengers.
In his Vegetable Pills, Dr. Parmentier has given to the world the fruits of long scientific research in the whole realm of medical science, combined with new and valuable discoveries never before known to man. For Debility and Debilitated Constitutions Parmentier's Pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mainly exciting the secretions of the body, giving tone and vigor.

Self-Mutilators Severely Sentenced.
LONDON, Dec. 8.—The St. Petersburg correspondent of The Standard says: "A banker and his wife, who are members of a religious section of the skoptz, or self-mutilators, were sentenced recently to 12 and 10 years imprisonment respectively. The banker tattooed a cross on his niece's breast and mutilated himself. Mutilation is a penal offence in Russia, only where it is prompted by religious motives."
Pale sickly children should use Mother Greaves' Worm Expeller. Worms are one of the principal causes of suffering in children and should be expelled from the system.

R. SIMPSON
S.W. Cor. Yonge and Queen-Sts.

No need saying the holiday season is near by. We all know it. What are we to do about it? This store answers the question out of the generosity and richness of its stocks.

New gloves for Xmas. A fine lacing kid glove at 75c.
New slippers for men, women and children. Ladies' buskins 50c.
Japanese handkerchiefs, a special and extensive purchase; just the stock for holiday times.
Albums, a showing that dazzles. Over 500 samples, all different, about two-thirds less than real value, say an album worth \$4 for \$1.50.
Why not a new coat or jacket for a Xmas gift? Sell one low enough in price.
Furs! Certainly, and we've got furs at prices that are no barrier to buyers.

The basement is all in holiday costume.

Tables of toys at 5c.
Tables of toys at 10c.
Tables of toys at 15c.
Toys—novel, unique, odd—at all prices.
The basement showing of chinaware surpasses compare.
Be practical, and a household article in woodenware is yours.

We suppose it's true that with these things we cut prices. A small profit satisfies.

Candies—lootsome candies.
See Simpson's mixtures.

There's nothing to prevent shoppers from making their holiday purchases by mail. We're prompt and correct in filling mail orders.
