DAY LIGHT SAVING TIME

Resolution Passed at a Special Meeting of Town Council

A special meeting of the town council was held Tuesday evening, May 25th, to consider the following petition:

To His Worship the Mayor and Councilors of the Town of Bridgetown:

The petition of the undersigned citizens of the Town of Bridgetown, humbly sheweth,

WHEREAS we believe that the adoption of the Daylight Saving Time plan during the summer season of 1920, will be of great benefit to the citizens of the town of Bridgetown, in as much as it will give daily classes an extra hour, which they could use for needed recreation or necessary work.

AND WHEREAS we now recognize the practical and salutary measure, AND WHEREAS we, the undersigned, heartily endorse the Daylight saving plan.

THEREFORE YOUR PETITIONERS PRAY that your Honorable Body may proclaim the said plan to be in force in the said town of Bridgetown, and that you request and published notice in the "WEEKLY MONITOR" that the clergy, school boards, teachers, post master and factory owners and all citizens generally to put their time ahead one hour on Monday, the 31st day of May, at twelve o'clock p. m. and to remain until Tuesday, Aug 31st, at the same hour.

And as in duty bound will ever pray Dated at Bridgetown, May 21st, 1920

WEDDING BELLS

BELL-KING

ANNAPOLIS ROYAL, May 25—A pretty wedding took place at the home of Mr. and Mrs. A. M. King, of George Street, last evening when their eldest daughter, Hazel May King, a Nursing Sister from overseas of the Canadian Hospital Staff, became the bride of John Everett Bell, a Captain in the late war. The bride was very becomingly attired in a tailored dress of blue serge with hat to match, and looked charming. The ceremony was performed by Rev. Clayton A. Munro pastor of the combined Methodist and Presbyterian Churches, in the presence of the immediate relatives of the contracting parties.

Afterwards a dejeuner was served and the happy couple left by auto for King's View Farm, a charming spot. The house was prettily decorated for the occasion by the friends of the brides. The wedding presents were numerous and costly, and including cheques, silver, glassware and linen and a club bag with ivory fittings, evincing the esteem in which the bride was held in this community in which she is best known.

THE LATE Mrs. B. F. CHESLEY

A Prominent Paradise Lady Has Passed Away

In connection with the death of the late Mrs. B. F. Chesley, a notice of which appeared in the MONITOR at the time, a Paradise correspondent writes as follows:

On the morning of May the 4th, the quietness of the village was marred by the tolling of the bell. An beloved wife of B. P. Chesley aged 63 and 4 months. Our departed sister, was the eldest daughter of the late Deacon Edward Marshall, of Clarence and attack of flu from which she never fully recovered but developed other troubles which ended in her death.

A little over a year ago, they sold their farm in Clarence and moved to their beautiful home in Paradise, where it was hoped they would spend many years together, enjoying to the full the benefits of their surroundings.

During the ministry of Rev David Rice our departed sister made a public confession of Christ and was united with the Clarence and Paradise Baptist Church, giving evidence by word and deed of her devotion, to him who had redeemed her.

Her life was a life of devotion to those whom she loved. None were ever turned away from her door empty handed who stood in need.

She leaves to mourn a sorrowing husband, an aged mother, who is laid aside with infirmities of age; also three sisters, Mrs. S. E. Thorne of Lower Granville, Mrs. Henry Hallett, of Millville, N. B. and Miss Annabelle Marshall who tenderly ministered to her every need during the closing days of her illness. Besides a large circle of relatives and friends who are left to mourn.

The funeral took place from her late home on Thursday afternoon and was largely attended, by those who came to pay their last tributes of respect to one who was honored and loved by all.

A service was conducted by Pastor Corbett who spoke words of comfort and help from Phil 1: 21. He was assisted by Rev. J. H. Balcom.

Several arrangements were in charge of undertaker W. E. Reed, in-terment being at Fairview, Lawrence-town. The pall bearers were Deacon H. Messinger, A. H. Morse, F. W. Bishop and Wm. Creelman.

We commend the sorrowing ones to the care of him who doeth all things well.

WIRELESS MAN DROWNED

The Body of L. P. Aldendorff Found on the Shore Near Cape Sable

YARMOUTH, May 26—A drowning occurred at Cape Sable a week ago tonight when L. P. Aldendorff lost his life, and his body was not found until last evening when a fisherman discovered it on the shore of the Hawk Inlet. The unfortunate man was for the past twelve months a wireless operator at the Cape Sable Station which place he left about nine o'clock in the evening in a small skiff used for crossing to the mainland for the purpose of getting the mail. The next morning the boat was found full of water but there was no Aldendorff to be found anywhere. He belonged to Foursburg, South Africa but had been a wireless operator in these parts for several years. He was thirty four years of age. The funeral takes place at Clarks Harbor under Masonic auspices.

Warm Welcome for Prince of Wales

MELBOURNE, May 26—The Prince of Wales was warmly acclaimed on his arrival here today. A feet met the Renown while airplanes circled over the harbor. There thousand of cheering crowds as the Prince disembarked and drove through the thronged streets. The railway and tramway strikes which had been threatened would be called during the visit of the Prince were averted through a compromise.

Don't forget the dance and card party in the Fuggles building tonight under the auspices of the G. W. V. A.

LOCAL BASE-BALL NEWS

First League Game at Bridgetown This Afternoon

The first league game of the season takes place on the Bridgetown grounds this afternoon commencing at 3:30 fast time Bridgetown vs Middleton.

Work has been rushing on the grand stand which will probably be completed in time for today's game. To-morrow, the King's birthday, Bridgetown plays Annapolis at Annapolis where a big celebration is being held at which a big attendance is expected. We wish our boys every success.

Friday night's practice game at Bridgetown resulted in 8-5 in favor of Annapolis.

LOCAL DEATH ROLL

LETTIE A. MARSHALL

After a lingering illness, she passed away at Wolfville on May 27. Lettie A. Marshall, aged 27 years, only daughter of Mrs. Janet Marshall, the matron of Acadia Collegiate Academy.

Miss Marshall was a graduate of the Normal College, Truro, and graduate in Business of the Acadia Collegiate and Business Academy. Owing to ill health, she gave up teaching some years ago, and has Wolfville. In spite of her ill health she was always bright and cheery and her lovable disposition won her many friends.

Interment took place at Hampton in charge of undertaker Reed. A very comforting sermon was preached by Rev. M. S. Richardson of the Bridgetown Baptist Church.

Much sympathy is felt for the bereaved mother, who within the last decade has lost her husband, father and only son and daughter.

MRS. WM. R. CALDER

The death of Margaret wife of Mr. Wm R. Calder, occurred at her home on Church Street Saturday afternoon, aged 74 years. The deceased, before she was married to Mr. Calder, was the widow of the late Dr. McLean. She was a member of the Presbyterian church and highly respected by a large circle of friends. She leaves besides her husband, two sons, Dr. Edward McLean, of Truro, and James of Shubenacadie, and two daughters, Mrs. Chas. Rolling, of Halifax, and Miss Margaret McLean, of Newport, R. I. She is also survived by a number of brothers and her late home Monday conducted by Rev. Mr. Grant, after which the remains were forwarded to Shubenacadie accompanied by her two sons, where interment took place yesterday afternoon.

MISS LOUISE SULIS

The death took place Thursday morning at Smith's Cove, of Louise, daughter of the late John S. Sulis, aged 78 years. Miss Sulis was born in Smith's Cove and lived there all her life. She had been in failing health for about a year, but it was only last Saturday that she took to her bed. She leaves a brother, Simon J. Sulis, of Smith's Cove, and a number of nephews and nieces, including Frank L. Sulis, with whom she made her home. Her husband, Mrs. Ralph Cossett and Mrs. Elmer Weir. The funeral took place Friday afternoon.

ALONZO GRANT

The death of Alonzo Grant took place at his home in Weymouth. He was 79 years old and leaving a wife and one son; two sisters Mrs. Melissa McNeil and Mrs. Mary Condon, of Digby, and one brother, William in the United States, to mourn their loss. Funeral conducted by Rev. Donald Farquhar; interment in Southville Cemetery.

MRS. FLORENCE SANFORD

Word has reached here of the death of Mrs. Florence Sanford which took place in Lawrence town Monday aged 72 years. The remains will be forwarded to Gloucester, Mass, today for interment.

Stupendous Flight.

ROME, May 26—The dirigible air-ship R-34, which in 1919 flew across the Atlantic from England to New York and back, had a trial flight yesterday and shortly probably will attempt a flight from Rome to Buenos Aires.

On account of the adoption of "Day Light Saving" time and in order to meet the difficulty of those living outside the town, until further notice the Sunday evening service in the various Bridgetown churches will commence at 8 o'clock instead of 7.30.

MORE TROOPS SENT TO IRELAND

Kilbrin Castle Destroyed by Fire and Loss is \$500,000

LONDON, MAY 26—More troops are being despatched to Ireland to combat the property destruction and similar movements which are continuing there. Unexpected orders were received today at Aldershot for the Cameron Highlanders, to leave tomorrow for service in Ireland.

The evening newspapers all give this development special prominence it being added that not only is the garrison in Ireland being increased but that steps are being taken to replace the younger soldiers by better disciplined troops in order to prevent reprisals such as have occurred in the past.

CASTLE BURNED

DUBLIN, May 26—The destruction of property in Ireland by fire is continuing. Tuesday evening, Kilbrin Castle, near Brandon, County Cork, one of Ireland's ancient landmarks, was destroyed. It is estimated that the damage was £100,000. The castle was unoccupied. The reports do not state the cause of the fire.

Damage estimated at £40,000 was caused by fire on the farm of Major Pollock at Gavin, Ballinasloe. The members of the family escaped with difficulty. Several valuable buildings were destroyed.

The police and military helped extinguish the flames. Reports of the fire received here allege that villagers who watched the fire would not render assistance in putting it out.

Other reports of fires received today include news of an attempt to burn the Court House at Waterliffe, County Kerry. The police saved the buildings, but valuable records were destroyed. The Court House at Cloyne, County Cork was burned. One hundred men were attacked the police barracks at Longs Gorge, Galway, yesterday but were beaten off.

The coroner's court has been receiving attention from the campaigners. The members of a jury who sat in an inquest on two policemen who were killed, received a notice informing them that they "had been tried and found guilty of treason" and must bear the consequences.

More Profiteering

MONTREAL, May 26—Fishermen, who went to Ste. Agathe over the week end, returned with the information that potatoes are selling there for \$2.50 to \$3 per bag. This fact is causing much discussion in Montreal, as potatoes here in some stores cost ten cents pound, which is at the rate of \$9 for a 90 pound bag.

During the winter a carload of potatoes was shipped to Montreal from that district, but for some unknown reason they were left on the car with the result that they became frozen and useless. The fate of this first shipment prevented others from the Ste. Agathe district and people here continued to pay the high price on account of the potato "shortage".

Will Investigate Lobster Industry

KINGSTON, Ont., May 26—Dr. A. P. Knight, chairman of the Biological Board of Canada, accompanied by three scientists and three fishermen, will investigate the lobster industry in the Maritime Provinces for the Dominion Government with a view to ascertaining how the supply of lobsters can be conserved. Dr. Knight last year made the discovery that young lobsters stayed close to the shore and burrowed into the sand.

The Greek government will prohibit for one year importation of automobiles, linen and woolen fabrics, pianos and piano players, chinaware, rifles, automatic pistols, and revolvers.

GRANVILLE FERRY

Mrs. McLeod, of P. E. I. is now with Mrs. Sam McCormick. Miss Laura Hardy is home on vacation from Sackville College. Mrs. A. J. Mortimer was in Bridgetown on Tuesday, returning by the "Owl". Mrs. E. R. Reed is in Montreal to be present at her daughter Jeanne's graduation at McGill College. Miss Nellie Gilliat is staying with her parents, Mr. and Mrs. Lawson Gilliat, for the summer, we understand. The cherry trees are in full bloom, but there seems to be very little promise of many apples. Lots of trees having no blossoms visible. Mr. Ed. Caswell, from St. John is home with his sisters for a few days and Miss Inella Longmire, of Hillsburn, is also visiting Misses Hess and Nettie Caswell. Several people have expressed the opinion that it would be a great boon to mankind, if the numerous hens now wandering in various gardens could be persuaded to stay on their respective premises, as many gardens are now being planted. Hence, to say nothing of roosters, seem to take an unholy delight in visiting their neighbors. Mr. and Mrs. G. Snow and children have moved from Lower Granville into Reid Blair's house this week and the H. & S. W. Station house is now occupied by Mr. and Mrs. Fred Ramsey and family from Port Wade. It has been a serious inconvenience to the public to have no one at the station to supervise freight etc. so now we shall all feel reassured, that our parcels may be delivered in our own side of the river once more.

MELVERN SQUARE

Mrs. Frank East recently visited friends at Annapolis Royal. Mr. Burnis Hatt is improving his house with a coat of paint. Mrs. William Gates is spending a few weeks with friends in Boston. Quite a number from here attended the races at Aylesford on Victoria Day. Mr. Forest McNeil is spending a few days at the home of his parents here. Another June wedding for Melvern so it is reported of which we will learn more later. Mrs. Blanche Martin entertained a few friends from Bridgetown, on Sunday, May 23rd. We were glad to see Mr. Parker Gates with us again, quite recently after spending the winter in the United States. Mrs. L. Archibald, a few days ago, accompanied her son Harold to the Halifax Victoria General Hospital, where he has since undergone a successful operation on his throat. Miss Josephine Gates, professional nurse, arrived in Melvern from Massachusetts on Saturday, May 22nd, and will spend her vacation with her niece, Miss Winnifred Jacques. The Rev. Mr. Smith occupied the Baptist pulpit in this place on Sabbath, May 16th and the Rev. Ritchie Elliott on Sabbath evening May 23rd as Melvern is still without a regular pastor. Mr. Wallace Bennet, who has made his home with Mr. and Mrs. John Masters, since his return from overseas left a short time ago for Connecticut, where he has accepted a good position. Fishing parties to the "South Lakes" are the order of the day, quite a number from Melvern participating in the sport during the past two weeks, but we have not as yet heard any big "fish stories" from the sportsmen. A few days ago friends in this place received news of the birth of a daughter, to Mr. and Mrs. Fred Gilliat, of Annapolis Royal. Mrs. Gilliat was formerly Miss Hortense Spurr, of Melvern Square, and her many friends join in congratulations. A school examination and entertainment was held in the Hall on Friday evening, May 21st, by the pupils of the Melvern school, of which Miss Powell is Principal and Miss Vera Palmer primary teacher. The examination was close and thorough, reflecting great credit upon the efficiency of both teachers and upon the students, as well as it is much to be regretted that the present staff of teachers cannot be retained for the coming year, but we understand there is to be a change made in that direction.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuin Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for pain generally. Made in Canada. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages are had at drug stores, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

"Now, Harold," said the teacher, "if there were eleven sheep in a field and six jumped the fence, how many would there be left?" "None," replied Harold. "Why yes, there would!" "No," he persisted; "you may know arithmetic, but you don't know sheep."

There are five simple ways to tell good tea. First, by the bright copper color of the tea when steeped. Second, by the exquisite aroma. Third, by the delightful, refreshing flavor. Fourth, by the satisfying richness. Fifth, by the economical strength. Make a brewing and you will find all these qualities combined in Red Rose. RED ROSE TEA is good tea. Red Rose Coffee is as generously good as Red Rose Tea.

LAWRENCE TOWN

Mrs. Helen Phinney is nursing at Middleton. Miss Bancroft is spending a few weeks at Round Hill. Miss Clara Longley is occupying part of Mrs. Primrose's house. Miss Stoddard was a guest of her sister, Mrs. (Rev.) H. T. Jones, at the Methodist parsonage. Mrs. (Rev.) F. H. Beals and her son and daughter, Carl and Helen attended the closing at Wolfville. Miss Chase gave a very interesting address on Western Missions Sunday evening in the Methodist Church. Messrs Wilfred and Ben Prince were week end guests of their parents, Mr. and Mrs. Wm Prince. Mr. and Mrs. J. A. Balcom and family, of Margareville, were recent guests of Mr. and Mrs. C. S. Balcom. Miss Munroe and her music pupils are preparing for a grand concert to be held in the near future. Clyde Morse, of the Royal Bank, at Wolfville, spent his holidays with his parents, Mr. and Mrs. W. P. Morse. Mr. Amos Ramsey and family are expected to move into their new home at the west end of town this week. Mr. and Mrs. W. H. Phinney attended his brother's funeral the late Zachens Phinney, on Tuesday afternoon. Miss Benjamin, of Bridgewater, is a guest of Mrs. W. W. Bent. They were passengers to Annapolis Royal on Tuesday. Rev. L. F. and Mrs. Wallace spent a few days in town, guests of Dr. and Mrs. V. D. Shaffner and Dr. L. R. and Mrs. Morse. Mr. Harland Chesley, of Lynn, Mass has been visiting his aunt, Mrs. Thomas Chesley also Mr. and Mrs. F. O. Foster. He left for his home on Wednesday. Mrs. McKim, of Massachusetts, is visiting her mother, Mrs. Ruth Beals and sister, Mrs. Fentin Morris, and on her return home will be accompanied by Mrs. Hugh Bailey. Mrs. Hugh Bailey, (nee Miss Ina Durling) of South Carver, Mass, accompanied by her sister, Mrs. Boegner and children of Paradise, were calling on relatives and friends in town last Tuesday.

Lift off Corns! Doesn't hurt a bit and Freezeze costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes and the hard skin, calluses from bottom of feet. A tiny bottle of "Freezeze" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting then shortly you lift that bothersome corn or callus right off, root and all without one bit of pain or soreness. Truly! No humbug!

Rev. Mr. Brown was calling on friends in Cape Britton last week. Mr. James Fritz from Port George is the guest of Mr. L. J. Fritz for a few days. Mrs. Emma Chute, from Phinney Cove, is stopping with Mr. J. C. Balsor for a few months. Mr. and Mrs. B. M. Armstrong's family were the guests of Mr. and Mrs. Hallet Bruce at Wilmot. The Roll Call and the Burning of the Mortgage took place Wednesday evening, May 12th. A large attendance was present. The sad news reached here last week that Mr. James Wesley Wilkins had dropped dead on the street in Massachusetts. Mr. Wilkins was born in this place. The guests of A. W. Slocum were Clyde Carter and sister Hattie Carter, from Middleton, Mr. John Banks and George Bisten from Port Lorne.

Mr. Charles Starratt left for Boston on Saturday last. Mrs. Stark has returned home after spending a few weeks in Paradise. Mrs. Ring, of Beconsfield, is visiting her daughter, Mrs. E. Marshall. The fine, dry weather of the past week has been very favorable for the farmers. Mrs. Naomi Banks is spending the week at the home of her brother, Mr. Adolbert Johnson. Our teacher, Miss Jemima Beardley, is spending the week end with relatives in Kentville. On Friday evening Mr. and Mrs. Harry Hines gave a party for Mrs. Hines' sister, Miss Wynona Brown. Miss Brown has but recently returned from Kentville where she has been attached to the sub-staff of the N. S. Sanatorium.

NEURALGIA AND SCIATICA

Caused by Starved Nerves Due to Weak Watery Blood. People generally think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve of the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease is the same. The cause is the same, and the remedy to be effective, must be the same. The path of neuralgia, whether it takes the form of sciatica, or whether it affects the face and head, is caused by starved nerves. The blood which normally carries nourishment to the nerves, for some reason no longer does so and the excruciating pain you feel is the cry of the starved nerves for food. The reason why the blood fails to properly nourish the nerves, is usually because the blood itself is weak and thin. When you build up the thin blood with Dr. Williams Pink Pills, you are attacking neuralgia, sciatica and kindred disease at the root. As proof of the value of these pills in cases of this kind we give the statement of Mrs. Thomas McGuire, North Malden, Ont. who says: "I have been a severe sufferer from sciatica, which attacked the sciatic nerve in the left leg. At times the pain was most excruciating and as a result of the trouble there was a distinct shrivelling of the leg. I could only hobble about by using a cane, and if I attempted to walk to the fields I would have to sit down every little while to ease the agony I felt. I was under medical treatment, but as there was no improvement shown, I was getting very despondent, as the trouble was affecting my general health. Finally a friend advised me to try Dr. Williams Pink Pills and I decided to do so. I took the pills faithfully for several months, finding a gradual and increasing improvement in my case, until finally every vestige of the trouble had gone, and I was again enjoying the blessing of good health and freedom from pain. What Dr. Williams Pink Pills did for me seems almost a miracle and I hope that my experience may benefit some other sufferer." If you are suffering from any ailment due to weak blood avail yourself at once of the splendid home treatment which Dr. Williams Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont.

LOWER GRANVILLE Miss E. A. Betts is visiting friends at Deep Brook. Miss Sarah Manning, who spent the winter at Smith's Cove, has returned to her home here. Mrs. McLearn, of Middleton, led the services in the Island and Karsdale churches on Sunday morning and afternoon respectively—Subject Missions. Miss Helen Thorne, who has been for the last two years in the Canadian West, was a recent visitor of her parents in town, and Mrs. J. H. Thorne, left again for the 18th inst. for Vancouver, B. C. Many will sympathize with Mr. and Mrs. J. E. Thorne in the death of their daughter, Etta which occurred the 4th inst. after a lingering illness. She was exceptionally bright and beautiful. The Island Union Bible Class observed their first Anniversary in the Union Church Thursday evening, 13th inst. The service was opened with music and prayer by Rev. H. Patterson. The President Mr. J. K. Winchester gave an interesting address, also referred to the fact that the class commenced work with a representation of seven families which has now increased to thirteen families. Rev. H. Patterson, E. H. Porter, and Mrs. Patterson sang "Just Outside the Door" and made a valuable contribution to the service. Speeches were given by Rev. H. Patterson, E. H. Porter, Esq., and Mr. T. Russell. After the services the President invited the Karsdale Bible Class to his home where ice cream and cake were served.

INGLISVILLE Rev. H. T. Jones was calling on his parishioners on the 18th and 19th inst. Mr. and Mrs. Isaac Beals recently visited their daughter Mrs. Nettie Hunt, at Kingst. Boardman Miles has purchased a horse of Mr. Veint, and Mr. Veint bought another Saturday. Mr. Fred Noglar has treated himself with a Chevrolet motor truck as his increased business required it. Mr. and Mrs. Boardman Miles, of Brockton, arrived two weeks ago to spend the summer with his parents. Mr. and Mrs. Sydney Bayers made an week end visit with her sister Mrs. J. F. Bent at Middleton and returned on Monday. Mr. and Mrs. S. N. Jackson, of Clarence, were recent guests of Mrs. A. E. Beals and Mr. and Mrs. Vernon Beals. Mrs. Isaac Whitman, of Medford, Mass, has been visiting Mr. and Mrs. A. Ward Leonard, and Mr. and Mrs. Henry Beals, during the last week. Mrs. F. H. Beals, Lawrence town, was present at the last V. M. A. S. and gave an address in her usual pleasing manner. The Mission Band was reorganized. Mrs. C. Stodderts, Pres., and Mrs. V. D. Beals Vice Pres. The fire at Alpaena Tuesday afternoon and Wednesday, 18th and 19th, burned the dam and several houses including the cook house. Fortunately none of the logs were burnt and their winter's work was about accomplished. Wednesday night it was got under control.

LAW OF THE ROAD

"Whenever a person operating a motor vehicle meets a funeral procession he shall stop his vehicle, including the motor, and in no case shall he attempt to pass through such procession."

TIP TOP TEA As the electric telegraph was an advance over previous methods of communication, so is "TIP TOP TEA" an advance in quality over all other teas.

ANNAPOLIS ROYAL

(Special) Rev. L. F. Wallace was in town Wednesday. Mrs. White from Somerset is visiting her sister, Mrs. Geo. G. King. E. L. Hardwick is out again this week after quite a serious illness. Bernard Cain, who spent the winter in California, returned home on Monday. Shortage of fertilizer and of seed potatoes are delaying planting operations hereabouts, but farmers are now hustling all they can. Mr. E. C. Barnes was one of a fishing party at Lawrence town the other day and was successful in landing an 8 lb salmon. Mr. Arthur Kelsall, entomological chemist, left last Saturday for the Northwest on a two months trip to exterminate grass hoppers from the grain fields. Dr. H. B. Ailee has been appointed assistant chemical hygienist at both the Samaritan Hospital for Women, London, and the Chelsea Hospital for Women also in London, England. Mrs. Hazel King, who is now rapidly recuperating from quite a serious operation in a Boston hospital at Easter, is expected home on Saturday in company with Mrs. F. W. Pickels, via Halifax. Mr. Bert Hardwick is getting out material for the construction of some new houses on Victoria Street, near the railway station. The housing situation in town at present is becoming acute. The many friends of Mrs. Ellen Halburton are glad to see her practically recovered from quite a severe illness. Her daughter, Miss S. Leslie, who had been in her returned to Halifax last Saturday. Applewood leas are coming from her parent in snow loads in town. The new mill on the old station grounds is being rapidly equipped and will soon begin sawing. The saw is quite a commodious affair with a deck house on it.

YOUNG'S COVE

Mr. Lorn Clayton has gone to Lynn, Minn. for the summer. Born to Mr. and Mrs. Orris Condon a son—congratulations. Miss Edna Banks, of Phinney's Cove is visiting Mrs. Caleb Sarty. Congratulations to Mr. and Mrs. Ralph Hogan on the arrival of a son. Miss Nina Sarty has returned home after spending the winter in Upper Granville. Mrs. Sarah Steadman, teacher of Hampton, spent the week end at her home here. Sorry to report Mr. Herman Young in very poor health at time of writing. We hope for a speedy recovery. Mrs. Herbert Clayton and Miss Mildred Magarvey, of Parker's Cove, spent Sunday with Mrs. Ralph Hogan. Mr. and Mrs. Curtis Rafuse and children have moved to Granville Ferry. We are sorry to lose our neighbours. Mrs. Maria Hunt, of Granville Centre, and Mrs. Rodney Hudson and Miss Nema Longmire, of Hillsburn, were the week end guests of Mr. and Mrs. William Gregory. Chester, youngest son of Mr. and Mrs. Edwin Milbury, died at his home Wednesday, the 5th, of that dread disease consumption. He had been in failing health for some time and his death was not unexpected. He was twenty years of age and leaves a father, mother four brothers and two sisters to mourn the loss.

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Peasey of London.

London, Ont.—"I suffered with periodic pains, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down my eyes so bad I sometimes thought I would go crazy and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of remedies and had been treated by physicians, but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it, and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends, and if these facts will help some poor woman use them as you please."—Mrs. J. F. PEASEY, 200 Rectory Street, London, Ont. The reason women write such letters to the Lydia E. Pinkham Medicine Co. are that they are helped by it. Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

THE IMPORTANCE OF LEAVES IN
THE PRODUCTION OF APPLES

By G. E. Sanders

Many growers will remember an
article published by the writer in the
Co-operative News of June 22nd, 1916
with which were shown four photo-
graphs of two Golden Russet trees.
The one was sprayed during the sea-
son of 1915 and bore \$2.46 worth of
apples. This tree held its leaves
until late in November. The other
tree was in the next row and was
not sprayed. It bore \$.69 worth of
apples and on account of Blackspot
infecting the leaves, the foliage was
practically off the tree by October
25th. In 1917 the tree that held its
leaves late in the season on account
of its having been sprayed, bore a
full crop of blossoms and fruit in
spite of the fact that it bore a full
crop the previous year. The tree
that dropped its leaves early the
previous year on account of it not
being sprayed bore in 1917 only a few
scattered blossoms and practically
no fruit.

In January 1917 President F. A.
Chipman in his address to the Nova
Scotia Fruit Growers Association,
predicted that Ontario would have a
small crop of apples in 1917 as the
apple scab had been so bad in
Ontario in 1916 as to cause the foliage
to drop much earlier than usual. His
prediction was fulfilled for in 1917
Ontario had the greatest failure in
its apple crop.

In Nova Scotia in the fall of
1918, the apple leaves stayed on an
unusually long time and when the
first snow came late in November the
leaves held so much snow as to
break trees in many orchards. In
1919 Nova Scotia had the second
largest crop in her history.

All these things go to show the
importance of leaves remaining on
the tree until late in the fall, in the
production of a crop of apples the
following year. Thorough spraying
will keep leaves free from Apple
Scab and cause them to remain on
the tree several weeks longer in the
fall than unsprayed leaves. Every
day a leaf stays on in the fall of the
year it is making the fruit bud strong
er and the cell sap richer so as to
give a more vigorous blossom the
following year. For this reason
thorough spraying tends to make
annual crops even on such varieties
as Gravenstein which normally bear
every other year.

It is true that frost such as we
had in the fall of 1919 may interfere,
but we are not without evidence to
show that the leaf and branch on a
tree that has been well fed and
kept free from fungus by thorough
spraying, will stand several degrees
more frost than the leaf and branch
on a weak tree. The reason given
for this is the difference in the freez-
ing point of the cell sap which is
thinner and therefore has a higher
freezing point in the poorly fed
unsprayed trees.

Nova Scotia now has a strong lead
in apple production, and thorough
spraying must be practised by the
apple growers if the lead is to be
held. This applies to quantity as
much as to quality.

There are growers who claim that
as long as they can sell their apples
to the evaporators and canners, there
is no need of spraying.
If this advice is followed, the leaves
will become diseased and drop
earlier than they should in the fall
and the total quantity of apples
produced will decrease.

It will pay a grower to spray
thoroughly even if he intends to
sell all of his apples to the evaporat-
ors and canners. The proof of this
statement is in the fact that canners
and evaporators are moving into
Nova Scotia in order to get supplies
and abandoning sections that have
generally neglected spraying.

Without good leaves we cannot
expect apples and we must spray in
order to keep the leaves clean.

Yours truly,
ALFRED ROCHAV
Proprietor Roxton Pond Hotel and
Livery Stables.

"HAS NO EQUAL"
STATES SHIRLEY

So Run Down Was Ready To Give
Up When He Started
Taking Tanlac

"In my humble opinion Tanlac has
no equal as a medicine; at least that
has been my own experience," said
Thomas Shirley, of St. Albans avenue
Sydney, N. S., a valued employee of
the Dominion Iron & Steel Co. Ltd.,
when speaking to the Tanlac re-
presentative recently.
"I had been in a run down condi-
tion for nearly four years and had
suffered a lot with stomach trouble.
My appetite was very poor and I
had to be very careful of what I
ate. Anything like meat or heavy
food would give me indigestion for
hours afterwards. My food soured
and the gas that formed pressed
against my chest and throat so as
to cause a smothering feeling. My sleep
was very disturbed and I was con-
tinually waking up with a start. I
had a tired worn out feeling all the
time with no energy to do my work.
I lost weight continually until my
clothes were too big and just hung
loose on my frame. I got into such
a bad state that I thought I would
have to give up altogether.

"I don't know how many medicines
I tried without getting any relief,
but I heard of so many people getting
help from Tanlac that I decided to
give it a trial myself. That was last
September. Well, by the time I had
finished the third bottle I was like
a new man. My appetite is so much
improved that I am hungry all the
time and can eat three good square
meals a day. My food agrees with me
and an eating meat for the first time
in years and can digest it perfectly.
I've already gained ten pounds in
weight and all my old time
strength and energy has come back. I
sleep like a log and get up in the
mornings feeling refreshed and ready
for my work. All the boys down at
the works tell me how well I look
and I just feel fine all the time."

Tanlac is sold in Bridgetown by
S. N. Weare and in Middleton by
Clifford A. Mumford and in Bear
River by L. V. Harris.

THE MANUFACTURE OF CLOVER
SILAGE

(Experimental Farms Note)

We are but beginning to ap-
preciate the value of clover silage in
modern stock feeding. When pro-
perly made clover silage is an ex-
cellent feed for nearly all classes
of live stock. Aside from its higher
protein content it has an advantage
over corn silage in point of lower
cost of production. The yields of
clover compare favourably with those
of corn when the land has been
equally well prepared.

Seldom are fields seeded down to
a purely clover mixture. Usually some
of the standard grasses are added.
On the Agassiz Farm we use a mixture
containing red, alike and white
Dutch clover, also Italian rye and
orchard grass. This makes good sil-
age but the greater the percentage of
clover in the mixture the higher the
feeding value, and the easier it is to
make a silage of good quality. The
grasses are inclined to be more wiry,
stiff and dry, thus requiring more
weight to press the mass firmly into
the silo to exclude the air.

The most common practice is to
cut the clover for the silo when in
full bloom, that is, when right for
hay making. Care must be taken
not to leave the harvesting period too
late. It is better to err on the early
side rather than postpone the cutting
too long. While the plants are young
the stalks and leaves are more tender
and break up more easily. There is
also the advantage of obtaining an
earlier second crop. Only as much
should be cut at one time as may be
placed in the silo during the day.

The mower should be started early in
the morning while the dew is on and
followed at once by the rake. The
clover should not be left to wilt be-
tween cutting and siloing. If severe
wilting does take place better re-
sults are obtained by adding water.
The clover ought to feel wet as it
drops in the silo. Frequently at-
tempts are made to make silage out
of clover after it is spoiled for hay.
This is a poor policy. Partly spoiled
clover makes very inferior silage as
it loses its colour and likely decay has
begun.

Clover silage has been made with
some degree of success by placing in
the silo without cutting. This should
not be done if it can be avoided. Not
only is there less liability of the
clover spoiling when cut into short
lengths but it can be placed in the
silo and also removed with much
greater ease. The knives on the
cutter must be kept sharp and set
to cut approximately half inch
lengths. It is a good plan, where
possible when siloing clover, to put
a layer of corn on top to weight down
the mass below and secure a merc
through packing and thereby also a
better quality of silage.

CARE OF EWES AND LAMBS AT
WEANING

(Experimental Farms Note)

The ewe that has raised one or
two lambs is never in high condition
at weaning time as this is the hardest
period of the whole season on the
breeding ewe.

Lambs should be weaned by the
last of August or first September and
the ewes should then have the best
of feed, such as good aftermath,
clover or rape. If this feed is not
available, a few roots with a light
grain ration should be fed in order
that the ewes may be in good flesh be-
fore being bred, which will add very
materially to the crop of lambs the
following spring and also the condi-
tion of those lambs.

With experiments that we have con-
ducted it has been found that ewes
that have not been "flushed" but
have just been kept on dry pasture
until breeding, have not produced
over 100 per cent of lambs, where
those that have been turned on clover
or rape and fed a light grain ration
have produced 150 per cent of lambs
which we consider is due altogether
to the condition of the ewes at time
of breeding. This is a point that
every farmer should remember and
put into practice as it is very profit-
able in sheep rearing.

There is no time that mutton can
be produced as cheaply as in the fall
of the year after weaning the lambs.
By weaning lambs early and run-
ning them on clover or rape pasture
and feed them a light grain ration of
one half to one pound each of equal
parts of oats and barley with a
little bran added, for larger gains are
produced than leaving them with the
ewes.

It is a recognized fact that no class
of animals are put on the market in
such an unfinished condition as lambs
for quite a large percentage of them
are sold very soon after weaning, at
a time when the market is practically
over supplied where if they had only
been turned out on good clover or
rape pasture with a light grain
ration they would have very profit-
able gains and also be in better con-
dition which would enable them to
demand the highest price.

WHEN BABY IS SICK

When the baby is sick—when he
is cross and peevish; cries a great
deal and is a constant worry to the
mother—he needs Baby's Own Table-
ts. The Tablets are an ideal medi-
cine for little ones. They are a gen-
tle but thorough laxative which re-
gulate the bowels, sweeten the
stomach, banish constipation and
indigestion, break up colds and sim-
ple fevers and make teething easy.
Concerning them Mrs. Philippe Pav-
en, St. Flavien, Que writes: "Baby's
Own Tablets have been a wonderful
help to me in the case of my baby
and I can strongly recommend them
to other mothers." The Tablets are
sold by medicine dealers or by mail
at 25 cents a box from The Dr. Will-
iams Medicine Co, Brockville, Ont.

PEOPLE WHO DO NOT USE SOAP

A soap manufacturer was once
asked why he did newspaper adver-
tisements altogether and did not
follow in the footsteps of other man-
ufacturers, putting up sign boards,
tinting sidewalks, etc. He replied
that in his experience he found the
men who did not read newspapers
did not use soap.

BIG CELEBRATION IN ANNAPOLIS

As will be seen by our advertising columns the people of Annapolis are planning a big celebration to-morrow, the King's birthday. A good programme of sports has been arranged including a visit from an aeroplane. No doubt there will be quite a large number present from Bridgetown and the surrounding villages. Our sister town has one of the best concert bands in the province and the visitors are assured of good music under the direction of their popular leader, Mr. Paul Yates, who is also one of the best photographers and scenic artists in this province. All roads will lead to Annapolis the King's Birthday.

BUSINESS INCREASING

Mr. O. P. Cover, who has been one of the MONITOR'S regular advertisers for less than a year, has been obliged to add another chair to his already thoroughly equipped barber shop in order to accommodate his continually increasing business. This plainly demonstrates that Mr. Cover and his staff, which consists of Messrs. Robt. Lowe and Jack Michie, are giving the public excellent satisfaction. We congratulate the genial proprietor on his enterprise and wish him continued success. Mr. Cover also does extra tobacco business and is headquarters for all kinds of smokers' supplies.

SHE BEAT A DRUM AND WENT TO JAIL

Thrilling Experience of a Salvation Army Officer Twenty-two Years Ago

By hitting a big bass drum just one resounding whack, for which she spent a night in jail, a resolute black-eyed girl changed the police classification of "Salvation Army drumming from 'petty nuisance' to 'music'."

That was twenty-two years ago, and the black eyes have grown more gentle in years of service for the poor, since those battling days; but they still twinkle when the story is told.

It was Mrs. Adam Gifford, wife of a Colonel of the Salvation Army, who yielded the drumstick and struck defiance at the blue-coated policemen of the town where she and her husband were then stationed.

Irate citizens had complained bitterly of the Salvation Army and its street-corner meetings and musical services, but particularly of the bass drums of the band. Night after night the drums had been confiscated by the police, but to no effect. The meetings were held in spite of all opposition. Finally a police order went out to "arrest any one attempting to beat a drum."

Following this, Colonel Gifford, in an effort to test the constitutionality of the order, advertised in the papers that, upon a certain evening a monster meeting would be held, and that upon the occasion Mrs. Gifford would beat the drum.

GOT A BIG CROWD

As anticipated, a record-breaking crowd turned out. The police reserves were called upon to quell the riots that might ensue. At a given signal Mrs. Gifford gave the drum a resounding thump and the meeting was under way. Almost immediately, however, the frail little Salvation lassie was placed under arrest and escorted by a crowd of amused but sympathetic onlookers to the patrol wagon and thence to the local jail, where she spent the night.

The case was taken before the Supreme Court, where eventually the contention of the "Army" was sustained.

Following the decision, the entire corps, led by Colonel Gifford, marched to the City Hall to demand the drums that had been confiscated by the police. Twenty-eight of the offending "prisoners" were released in the custody of the corps. From that date to the present none of the meetings of the Salvation Army has been disturbed by the police.

HOW TO TREAT YOUR TOWN

Praise it.
Improve it.
Talk about it.
Trade at home.
Be public spirited.
Take a home pride in it.
Tell of its business men.
Remember it is your home.
Tell of its natural advantages.
Trade and induce other to trade here.

When strangers come to town use them well.
Don't call your best citizens frauds and impostors.
Support your local institutions that benefit your town.
Look ahead of self when all the town is to be considered.
Help the public officers do the most good for the best people.
Don't advertise in the local paper, "to help the editor", but advertise to help yourself.

Prof. Hamilton.

DEAR SIR—For the benefit of others I wish to state that I suffered for three years with an ulcerated stomach and I could find no relief. Had to give up work so I concluded to try your treatment after all others had failed with the results that today I am a cured man. For the past year I have felt no ill effects and am working every day; feeling fine gained twenty pounds.

Yours truly,

GRAY-DORT Dealers Lead

Most good automobile dealers know motor cars inside and out. They've watched the business from its infancy. They've seen cars come and go. Above all they know motor car values. They have to. You will find in practically every city and town in Canada, that the leading motor car dealer is a Gray-Dort dealer.

Every motor car dealer knows the reason for this. Every Gray-Dort owner knows the reason. *The Gray-Dort offers unequalled value to motor car purchasers.*

The \$1465 GRAY-DORT is Dominant Value

What other car at anywhere for \$1465 offers you these Gray-Dort qualities?

A motor larger and finer than usual for light cars—3 1/2" bore and 5" stroke—built from flawless castings and tough, high-carbon steel—and finely finished. The crankshaft weighs 40 pounds. The cylinder is cellular type and the water jackets are extra large. An improved carburetor marks this car, and a better electrical system. Starting and lighting are Westinghouse, as in the most expensive cars.

There's over-strength in the Gray-Dort frame of heavy channel steel; in the husky, Chatham-built rear axle; in the long, cantilever rear springs; in the specially designed, new steering gear; in the big brakes, now lined with Thermoid. The front wheels now have roller bearings. There is a new gas tank—larger, and in the rear.

Convenience of riding and driving is in the Gray-Dort. The steering wheel is of the height and size for tireless driving. The gears can be shifted with two fingers' pressure. The horn, the ignition and light switches, the clutch and brakes, all are placed for greatest ease in driving.

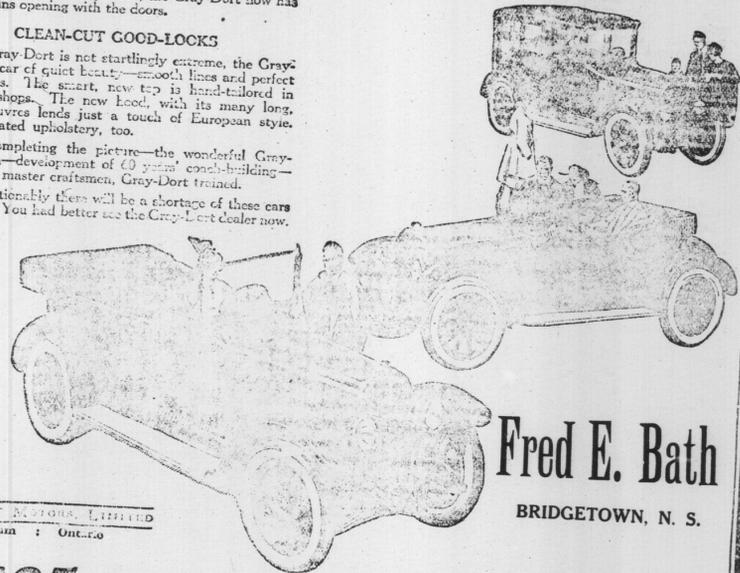

A shorter and smarter cowl now gives more room in the driving compartment. A new Gray-Dort feature has greatly increased the leg-room in the tonneau. Seats are tilted at just the proper angle for comfort. As in cars costing \$2000 and upwards, the Gray-Dort now has side-curtains opening with the doors.

CLEAN-CUT GOOD-LOCKS

The Gray-Dort is not startlingly extreme, the Gray-Dort is a car of quiet beauty—smooth lines and perfect proportions. The smart, new top is hand-tailored in our own shops. The new hood, with its many long, narrow louvres lends just a touch of European style. French-pleated upholstery, too.

And completing the picture—the wonderful Gray-Dort finish—development of 40 years' coach-building—applied by master craftsmen, Gray-Dort trained.

Unquestionably there will be a shortage of these cars at \$1465. You had better see the Gray-Dort dealer now.

TESTING ADVERTISING

In talking recently with a man who has made a large success as an advertising salesman in another place the question was asked him: "When a merchant says it does not pay to advertise, what do you tell him?"

"I just tell him this: What proportion of the population of this town has been inside your store during the past two months?"

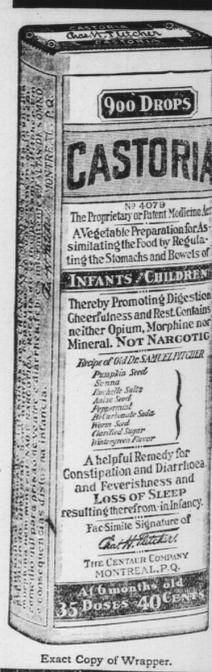

"Very few merchants ever claim they have had more than 20 per cent of the population. Most of the poor advertisers would be glad to get 5 per cent. A lot of them probably only get a small fraction of five per cent with any regularity."

"Then, I say, how are all the rest of the people going to know about your goods? How can they tell whether it would be for their advantage to patronize you or not? If you have good values or special bargains how do they know about it? A great

many of them rarely or never pass your store. The great majority that pass give you only a glance. You are not getting their business, having done nothing to interest them.

"Then I go on to say there are just three ways to get some of this trade now slipping past them. They can send round solicitors from door to door, distribute circulars or handbills or advertise in newspapers. The first is read carefully where the solicitor is turned down and besides the advertising is twenty times cheaper than canvassing. And handbills are chucked into the waste baskets while newspapers are read. If you don't care to use any of these methods, I tell them, most of the people of this town will continue to pass you by without knowing anything about your goods."

These remarks fit in here as well as in the town where they were made. A merchant must tell the public about his goods in order to get trade.

We are pleased to report that the record of the college students from Paradise this year is one to be proud of. Mr. Albert Longley was the only member of his class to graduate with honors, and reports show that excellent standing was made by all the other students. The Women's Institute have made a start on the improvement suggested for the cemetery. The old fence has been removed and the grounds cleared up which makes a great improvement in the appearance. The next meeting of the Institute will be held at the home of Mrs. J. C. Phinney on June 2nd. All members are requested to attend.

HOW OLD IS AN EGG

A simple method of determining the age of an egg ought to prove valuable. An exchange recommends the following plan: It is claimed that a freshly laid egg placed in a bucketful of water will sink to the bottom; one day old will sink nearly to the bottom; two days old, about half way up; three days old, will float not quite at top; four days old, just touch the top; five and six days, rise a little above the top, rising a little higher as it daily grows older.

ROYAL YEAST CAKES

Royal Yeast has been the standard yeast in Canada for over 50 years, and it is a well known fact that bread made with Royal Yeast possesses a greater amount of nourishment than that made with any other.

BELLEPLLE

Mr. John H. Bent spent the week end with friends at Granville Ferry. Mrs. Will Anthony and daughter, of Bridgetown, spent Sunday with friends here. Mrs. Alfred Inglis and two sons are spending a few days with her mother, Mrs. Fletcher Parker. Dr. and Mrs. Morley P. Nichols, with their little daughter, were recent guests of Mr. and Mrs. I. J. The 27th Anniversary of Silver Thread Band of Hope which was held in Belleisle Hall Wednesday evening, was a great success. The children did splendidly under the direction of their Supt. Miss Jenie L. Troop, who deserves much credit for her pains taking efforts. Miss Elsie Black, our popular teacher, conducted the musical part of the programme which was highly appreciated by all. One of the most interesting features of the programme was a history of the Band written and read by Mrs. Harry G. Parker in which he very ably showed the wonderful amount of good the Band had done during its life of 27 consecutive years. The prominent positions many were filling today in the line of professional men and women among whom are Dr. Vernon H. T. Parker, of Gushborough, Dr. Charles Parker, of Regina, Eugene T. Parker, L. L. B. of the law firm of Ralston Parker & Honway, of Halifax, Mrs. (Rev.) C. L. Gessner, of Advocate Harbor, Mrs. (Rev.) M. L. Young, of Westmouth Valley, Miss Lucy M. T. Parker, of Alberta City, N. J., who was one of the Army Nurses during the late war besides many others who are doing their share to further the temperance cause. A letter was read from Mrs. Arthur Ganser, of Edmonton, formerly "Miss Mable Pash", who has the honor of being first Supt of Silver Thread Band of Hope. Her letter was most interesting and a real inspiration to push forward for temperance. At the close of the interesting event a silver collection was taken amounting to \$4.50.
