## GERMANS PURSUING DESPERATELY TO BAY

### Have Stiffened Resistance by Rushing in Numerous Fresh Divisions and Making Violent Counter-Attacks--Allies Make Further Gains, But Advance Has Slowed Down--Pincer Movement Still Threatens the Pocket.

### ENEMY TURNS TO GIVE ALLIES BATTLE AGAIN

Germans Are Apparently on Eve of Offering Frontal Attack.

BITTEREST FIGHTING

French Make Progress With Americans in Centre of Salient.

American troops fighting north of the Ourcq River in the Soissons-Rheims salient have enlarged their victory of Monday at Serigny, where they defeated divisions of Germany's picked troops east and held the village against counter-attacks.

Notwithstanding continued heavy opposition by guns, machine guns and large numbers of the enemy, soldiers from the middle western and eastern states drove their line northward from Serigny, Tuesday, for a distance of about two miles, and were resting at night on the slopes approaching the woods beyond the town of Nesles. Where they stood at last accounts, the Americans formed the apex of the long line running across the salient.

While the bitter fighting was in progress between the Americans and Germans, French troops on both sides of the fighting front also moved forward for goodly gains northeast of Fere-en-Tardenois and east of Serigny.

In the Nesles forest the Germans are holding strong positions, from which they are shelling, but thus far ineffectively, the menacing allied line before them.

Prussian Guards and Bavarians were in the thick of the fighting through Tuesday, but again they were outmanoeuvred and outfought and again suffered heavy casualties.

Retreat Slowing Down.

The Germans, apparently, are on the eve of attempting to end their retreat from the Soissons-Rheims salient and turning and offering frontal battle in force to the allied armies.

The day of rear-guard actions seems drawing to a close, for the present offensive measures against their antagonists already are in progress by the Germans over most of the battle front and, seemingly, for the present at least, the allied advance has been materially slowed down.

Further gains have been made by the allies, but only after the bitterest kind of fighting. And these gains have been considerably less in extent than those of previous days, before the Germans stiffened their retreating armies by rushing numerous fresh divisions to their aid and adding greatly to the aggregate strength of their fighting force within the fast disappearing pocket between Soissons and Rheims.

As a result of violent counter-attacks, delivered with huge effectiveness, the Germans have been able to force the falling back by the French and Americans on salient positions, but nowhere were they able to find a hot pent enough through which they could penetrate the allied line. Standing firmly, and giving ground only under absolute necessity, the allied troops everywhere have exacted a huge toll in men killed, wounded or made prisoner from the Germans in their every effort partly to retrieve their losses of ground.

Watching Anchor Points.

Particularly heavy has been the fighting in the centre of the salient and on the right and left anchor points of the salient, resting respectively south of Rheims and south of Soissons. It is still on the two anchor points that the Germans are keeping a most watchful eye, fearful that the allied troops may yet press back the line and threaten the armies of the German crown prince with the pincer manoeuvre, for the Germans are not yet far enough out of the pocket to have passed the danger of such a contingency.

In that centre of the pocket, north of the Ourcq River, the Germans in a counter-attack drove the Americans east of Clerges, but this slight gain was more than overcome later by the penetration of the Americans northward from Serigny, Beugneux, lying on the west side of the pocket northwest of Fere-en-Tardenois, also was taken by the Germans, but later the French and Americans recaptured it, and with Grand Boxy in their possession they still hold vantage points for a small turning movement toward Fere, which, if successful, would give them a goodly number of prisoners.

### How Britain Beat German Submarines

Sir Eric Geddes Reviews Naval Situation, Describing Successes in Meeting U-Boat Menace in Past Year.

London, July 30.—Sir Eric Geddes, first lord of the British admiralty, says the house of commons today a review of the naval situation, and particularly defended the policy of starting national shipbuilding yards, in discussing the shipbuilding program in connection with the navy estimates, while the merchant shipyards were short of men and material. Four hundred thousand tons net loss monthly was the British deficit. Every yard that could take naval work had been put on naval building.

Gradually during the year Sir Eric continued, the position had changed in many directions. Instead of losing tonnage the world's net result in the last quarter had been a gain roughly of 100,000 tons a month. The allied and neutral world was as well off on June 30 as on January 1, 1918. This result, he declared, had been obtained by reduced sinkings and increased build-ups.

The reduced sinkings had been achieved by a greater productive effort devoted to warships and small craft of anti-submarine character. Nothing was included of commandeered or acquired tonnage in this result.

The problem of a year ago was considered by many almost inconceivable and insoluble," Sir Eric continued. "Merchant carrying power was being sunk at a rate which soon would have meant an inability to continue the war, and there was no tried, recognized means of combating the campaign. It was necessary to provide a building program of anti-submarine craft, mines,

### BRITAIN'S CREDIT STILL UNIMPAIRED

Parliament to Be Asked to Vote Biggest Appropriation Since War Started.

### TAXATION TRIPLED

National Debt Increased Twelve Times, But Interest Paid by Current Taxes.

Ottawa, July 30.—According to cable advice received here, the British parliament is to be asked on Thursday to vote the biggest appropriation demanded since the beginning of the war. This new appropriation is required to finance the war until the end of October only.

The war is costing the people of Great Britain the gigantic sum of \$54,000,000 per day or \$1,550,000 every hour, or nearly \$25,000 a minute, according to advice received from the British ministry of information by the director of public information here.

In a statement prepared by the imperial authorities it is stated: "After four years of exhausting war, Britain's credit is still unimpaired. Her 'silver bullets' are being turned out by the hundred million and every one is finding its target. Her people are cheerfully bearing the ever-increasing strain which has been placed upon their shoulders and will spare no effort in blood or treasure till victory is assured."

Britain's National Debt.

Britain's national debt has increased during the war from \$3,225,000,000 to \$39,900,000,000, or in excess of twelve times over, and yet she is paying all and much more than all her debt charges out of current taxation, while the net taxation raised by Germany is not enough to pay the interest on the loans she has borrowed.

The population of Germany is half as large again as that of Great Britain and for her largest war loan subscriptions she has raised over \$1,000,000,000 annually. In spite of this, Great Britain raised her third war loan of \$5,000,000,000—a sum equal to nearly half her entire national income in 1914.

Great Britain is now spending \$9,300,000,000 a year on her army, navy, her air services and her munitions factories, and supplies, but in spite of this colossal financial burden, she has advanced loans to the aggregate to amounting in the aggregate to \$8,150,000,000.

Altho she is spending more every day at the present time than she has in two weeks prior to the war, Great Britain's credit remains unshaken; despite the sea pirates of Germany, her ships and commerce still go and come across the oceans; and she is ready to spend her last shilling in safeguarding the security of the world from the un-speakable Hun.

Great Britain has been the "sure shield" of civilization.

### ALLIES ADVANCE ON HEIGHT ABOVE FERE-EN-TARDENOIS

FIVE CITIES IN GERMANY ATTACKED IN BRITISH LONG DISTANCE RAIDS

Offenburg, Rastatt, Baden, Stuttgart, Söllingen Receive Surprise Visits--Many Ground Targets Are Assailed By Machine Guns.

London, July 30.—The following official communication was issued this evening by the air ministry: "On the night of the 28th-29th our machines attacked the railway stations at Offenburg, Rastatt and Baden. Stuttgart and Söllingen also were attacked. Three hostile air-craft and numerous ground targets were bombed and subjected to machine gun fire. All our machines returned.

"On the morning of the 30th instant our squadrons successfully bombarded the railway station at Offenburg. Good results were obtained. In the course of combats three enemy machines were shot down and one other was driven down out of control. One of our machines is missing."

### French and Americans Drive Wedge Into German Centre Far North of Ourcq in Serigny Region--Germans Fail to Get St. Euphrase.

Paris, July 30.—Northeast of Fere-en-Tardenois the allied troops in local fighting Tuesday advanced their line and also regained ground captured in the region of Serigny, notwithstanding several German counter-attacks, according to the French official communication issued this evening.

Attempts by the Germans to retake the Village of St. Euphrase, southwest of Rheims, failed, altho the enemy made a slight advance to the west of village. The text of the communication follows:

"On the right bank of the Ourcq some local fighting enabled us to advance on the height to the northeast of Fere-en-Tardenois.

"In the region of Serigny we maintained our gains, in spite of several setbacks by the enemy.

"Southwest of Rheims the Germans attacked on both sides of St. Euphrase. All their attempts to capture St. Euphrase failed, in spite of a slight advance made by them to the west of the village.

"There is nothing of importance to report from the rest of the front."

Americans At Apex.

With the American army on the Aisne-Marne front, July 30.—Thru a barrage as deadly as any the Germans have laid down on any sector for months, the American soldiers, comprising men from the middle west and eastern states, pushed their line forward a little more today, and tonight it forms the apex of the long allied front.

Their progress was considerable, tho less than two miles, but it is regarded as a brilliant operation in view of the determined counteracting by the Germans.

On either side the French also moved forward, while steady pressure was maintained against the east and west flanks.

Information early in the day indicated the withdrawal of the fourth guards, but it developed that that renowned organization and the Bavarians were still on the front, and the strong opposition they offered justified their reputation. But their sacrifice was in vain.

The Americans withstood two heavy attacks during the night, and at daylight began their operations, which left them tonight well to the north of Serigny, on the long slopes approaching the heavy woods beyond Nesles, a little town directly east of Serignes-st-Nesles, whose retention the Germans bitterly opposed.

Ouroq Far Behind.

The east end of the line swings northwesterly opposite this point, and then drops off sharply in the direction of Clerges and Ronchères. The Ourcq River has been left far behind, the line being pushed forward across the zone to the northwest.

The Germans are holding positions in Nesles forest, from which their guns are shelling ineffectively. It was late in the day before the whole of Serignes was wholly cleared. The Germans clung to the northern part of the town tenaciously, and used their machine guns murderously.

Neither side used artillery in this particular battle. There was hand to hand fighting in the streets, in which the Americans proved the masters, driving the enemy before them.

Battle of Meuroy Farm.

The story of the fight for the possession of the Meuroy Farm, lying directly south of Serignes, will long be remembered in the history of the division. The Germans, on their withdrawal, left behind a strong force of

### AUSTRALIANS TAKE MERRIS IN ATTACK

Night Patrols of First Antipodean Division Surprise Germans in Flanders Village.

London, July 30.—Australian troops have captured the Village of Merris, southwest of Ypres, according to Field Marshal Haig's report from British headquarters tonight. The statement says: "During the latter part of the night patrols of the first Australian division, who had entered German positions about Merris, successfully established themselves east of the village, where they surrounded and captured one hundred and sixty-nine prisoners and a number of trench mortars and machine guns were taken by us in the covering of this enterprise. Our casualties were light. A few additional prisoners were captured by our patrols during the day in Nieppe forest."

### MANY RESOLUTIONS ON ALIEN QUESTION

Great War Veterans' Convention Appoints Special Committee to Deal With Them.

The cause of those veterans who failed to get further than Great Britain was fully sustained yesterday by the G. W. V. A. convention, which discussed their inclusion within the association as active members.

Following strenuous discussion, the vote in favor of these men showed that the champions of those who would grant active membership alone to "Franco" menly numbered 25 as against 102 friends of the men who were unfortunate enough to get no further than Britain.

The delegates were the guests of the lieutenant-governor and Lady Hendrie at luncheon. They were addressed by the lieutenant-governor, Sir William Hearst and Wm. Proudfoot, M.L.A., leaders of the opposition. The delegates were advised that the eyes of Canada were upon the deliberations of the G. W. V. A. and that much was expected of the association.

The evening session of the convention was taken up with routine work, and a special alien resolution committee was appointed to deal with 20 resolutions upon the alien question, which touched it from all angles. The committee comprised Comrades Forbes, Montreal; Maxwell, Manitoba; Jackson, Bradford and Longworth, Edmonton.

Major Buchanan, traveling representative of the pensions board, and Major Ashton, chairman of the land settlement commission, will address the convention this morning.

### RAID BY THE CANADIANS WAS MADE IN STRENGTH

Attacked on Three-Quarter Mile Front, and Penetrated for Half a Mile.

London, July 30.—The press correspondent with the Canadian forces telegraphs today: "Prisoners captured in one of our effective 'big little' raids on July 24 state that the German troops are no longer boastful about the comparative ease with which they are being driven back. There are 20 reserve divisions between Amiens and the sea, the Germans are in deadly fear of an anticipated allied attack.

"The raid mentioned was successfully carried out by men from Saarlauterwan. It nipped in the bud a similar German project which was intended to ascertain if any American were acting with the troops from the Dominion. One party of our raiders drove in the enemy posts behind a blockade across a man's land from the east.

The main party had a ticklish job combing out a series of strong points consisting of outposts and

### GERMANS BAYONETED AMERICAN WOUNDED

London, July 31.—The Daily Mail's correspondent with the American army on the Aisne-Marne front, telegraphing Monday night, emphasizes the severity of the fighting in the Serigny-Serignes section. He says the Americans found their wounded in Serigny had been bayoneted. The Germans placed machine guns in the church and also in the Red Cross buildings.

### THE ARRIVAL OF FUR FASHIONS.

This is the best season of the year to have fur garments altered, repaired or made over. The newest designs have been reported by our London, Paris and New York connections, and it is certain that to an absolute certainty what will be the prevailing style in fur for the seasons of 1918 and 1919. Besides the styles, the W. & D. Dineen Co. Ltd. have a large variety of skins in stock, ready to make up, and they can readily match any fur to an exact nicety. Then they have a further inducement to offer in the reduction they make in this class of work during August. Estimates freely given.

### \$10,000,000 A DAY FROM UNITED STATES

Credits to Allied Governments Have Now Reached a Phenomenal Amount.

### BRITAIN TOES LINE WITH DOMINIONS

Imperial Preference Will Apply to Duties and Transport.

Canadian Associated Press Cable.

London, July 30.—Bonar Law, replying to questions in the house of commons, said that the government had decided to adopt the policy of imperial preference after the war. It would apply to duties as well as to transport. What had happened was that the government had put itself into line with the dominions. The matter was not yet complete, but a statement would be issued as soon as possible, when the exact terms of the resolution adopted will be published.

Sir Robert Borden, speaking at the same function, in responding for the dominions, said that the Canadian people had been very anxious to know what they realized that the task was great and fraught with perils greater sacrifices than they anticipated, but they would count all they endured and suffered as absolutely vain unless the war was fought to the only conclusion that would justify the cause for which it was undertaken. The spirit of Americans was the same as of the Canadians. The end might be still distant, but with nobody to doubt if anyone had a doubt let him go to the troops at the front holding the battle line and he would return with inspiration.

## "THE SAME OLD FISH STORY"

Did your line or hook break just as you were landing "the biggest fish sighted that day"? If so, you will remember how hard it was to convince your friends that you really did see it--except in your imagination; also the chagrin you experienced when they scoffed at your "fish story." The moral of it all is self-evident, and you determine that next time you will look to it that your tackle is of the proper quality and strength--in other words, "fishing tackle fit for fishing." That's our slogan and a visit to the Tackle Dept., on the Fifth Floor, a survey of the hooks, lines, sinkers, artificial bait, etc., will easily convince you of this fact.

### MEN NOT RUSHED IN THESE CAMPS

Gen. Hoare, Back From England, Denies Undue Haste in Training.

### AIR FORCE FOR CANADA

Establishment is a Probability, Tho Matter Was Not Discussed.

Establishment of a Canadian Flying Corps is a probability, stated Brig-General Hoare of the Royal Air Force, in an interview yesterday. General Hoare, officer commanding the Royal Air Force in Canada, has just returned to Toronto after a visit to England. He said the matter of a distinctive air force for Canada was not discussed during his visit overseas as the imperial authorities would not consult him on a matter of policy. His own personal opinion, tho, was that a start may be made to establish a Canadian Flying Corps in France.

### MAIL BY AIRPLANE

Carrying of the mails by airplanes was touched on by the general. "I consider it an absolute certainty that mails will be carried by aircraft," he declared. "In fact, if I were running that part of the business for the government I would manufacture and sell a specially light kind of paper for air mail letters. I would make money at it, too, in spite of the price of paper." He suggested also that airplanes could be used for fire guarding Canadian forests. He stated he was confident the price of airplanes would come down with a rush after the war. Airplanes, however, would never be very cheap, because of the high-grade material of which they are constructed,

### GRAIN SUPERVISORS AT PRIVATE MEETING

A meeting of the board of grain supervisors of Canada was held yesterday at the Queen's Hotel, the chair being taken by Robert Magill, of Winnipeg. The meeting was of a private nature. The only statement made by Mr. Magill was that representatives of the Canadian Lake Carriers, the Canadian Millers, the Canadian Grain Producers and H. B. Thomson, food controller, were present, and the meeting had been called for the purpose of discussing the question of freight rates and the handling of the 1918 wheat crop. It is understood, however, that other important matters discussed were the overseas and domestic demands and the methods to be adopted in the financing to the estimated extent of \$250,000,000.

### SUING MUNICIPALITY

George W. Hatton, county crown attorney, of Peterboro, is suing the municipality for \$1,200. It is alleged that no fuel, light or furniture has been provided, and a mandamus is asked for by Mr. Hatton in his writ issued at Osgoode Hall, directing the corporation to supply these.

Southbound, an extra train will leave Parry Sound at 4:00 p.m., Monday, August 5th, arriving Toronto Union Station 10:00 p.m., stopping at principal intermediate stations. Full particulars from City Office, 52 King street east, or Union Station.

### APPEALING AGAINST ASSESSMENT ON LAND

The court of revision yesterday heard the appeal of the Sterling Trust Company against the assessment of land held by them in Lawrence Park, north of Blythwood avenue and east of Yonge street. It was claimed impossible to sell any of the lots because they were so near the township that people preferred buying there and thus escape city taxes. The assessment on St. Ives Crescent was \$22 a foot and \$18 was claimed to be a fairer valuation. Four years ago \$80 and \$82 was asked. It was pointed out that a street car line and other city conveniences would greatly enhance values in the district. One realty agent gave it as his opinion that if the Mount Pleasant car line were in operation land on Dantforth avenue would be worth \$88 a foot. The appeal will be further considered.

### ILLEGAL TO PUT TAX ON ALL WAR PROFITS

Assessment Commissioner Forman points out to the mayor that the latter's suggestion that steps be taken to tax war profits is illegal. "This year, I may say," adds Mr. Forman, "the question of assessing incomes derived from shares in incorporated companies will be presented to the special committee of the Ontario legislature which will take up all proposed amendments to the present assessment act. Should we be successful in our request, that is the other municipalities, together with Toronto, we will then be in a position to assess the incomes referred to."

### WORE MALE ATTIRE AND POSED AS MAN

A peculiar case came to light when Abigail Dawson, age 17, was arrested by Policeman Mathews Monday night. When taken into custody attention was drawn to her very un-masculine appearance, the diminutive size and general contour of the figure behind the male clothing which she wore. At the station she was asked if she were a man. Receiving a negative shake of the head in reply, no further questions were asked till she was arraigned in the police court yesterday morning. It was found that the prisoner was dumb. By means of the deaf and dumb alphabet, Clerk Child ascertained that she had come from England 13 years ago; the man's clothing had been purchased not long ago in a Yonge street store. Magistrate Denison remanded the prisoner for one week.

### HAMILTON AVIATOR KILLED

Fred Cash, of Hamilton, is reported to have been accidentally killed while flying in Scotland, on July 24. He was a member of the Royal Naval Air Service. He was a student at the Royal College of Dental Surgeons, Toronto, prior to enlisting.

### LT. McSWEENEY KILLED

Lieut. Geo. McSweeney, formerly secretary of the Builders' Exchange, Toronto, is reported to have been killed in an airplane accident overseas. He was a graduate of the Parkdale Collegiate and a member of the Parkdale Athletic Association. He resided in Willard Apartments, Trilber avenue.

### LIEUT. C. HOUSTON, MISSING

A cablegram received yesterday by W. E. Houston, secretary and statistician of the Toronto Stock Exchange, informed him that his second son, Flight-Lieut. Cyril Houston, is listed as missing. Lieut. Houston, who is 21 years of age, went overseas early last year as an R.A.F. lieutenant. He became an officer in a bombing squadron. The message just received stated he has been missing since July 22. A brother, Allen, with the Canadian Engineers, has been gassed. He went overseas with the 12th Royal Grenadier Battalion.

### AMERICANS PROTEST AGAINST TWO TAXES

A meeting was held yesterday by the American citizens residing in Toronto, at the St. Charles Hotel, to protest against the proposal, now before the ways and means committee at Washington, to levy an income tax on all Americans living abroad. This is additional to the Canadian income tax. L. E. Dowling was elected to appoint a committee which will meet Thursday to arrange a line of action to be followed. The protest to Washington has already been drawn and signed by the leaders of the organization. This organization is proposed to extend from coast to coast, to avoid any complications which may result. It is estimated that there are 40,000 Americans in Toronto, all of whom will likely sign the petition. This may be done at the office of L. E. Dowling, 167 Yonge street.

### IMPROVED DAY TRAIN SERVICE, TORONTO, LONDON, DETROIT, CANADIAN PACIFIC RAILWAY

Train No. 423, re-established daily except Sunday, leaves Toronto 7:45 a.m., arrives London 11:35 a.m., making intermediate stops; connection for St. Mary's.

### WOMAN GETS FREEDOM

Mayor Church received a letter yesterday from Thomas Mulvey, under secretary of state, stating that the governor-general has granted Martha Kelley her freedom under ticket-of-leave. The letter also states that the woman is not compelled to report to the police while on patrol. It is due to the mayor that Mrs. Kelley received her release. After she had been arrested he interceded with the department of justice, finally securing her freedom. The story of Mrs. Kelley is a drama outdone. After being convicted for inebriety in the police court two years ago, she was sentenced to jail for an indefinite period. After serving two years she escaped. She was rearrested and brought before Magistrate Denison, but owing to the absence of the necessary papers she was discharged. Before she left the court, however, the papers were found, and she was again taken into custody. In his letter to the department the mayor pointed out that at the time of her escape Mrs. Kelley was not a prisoner, but a servant of the superintendent at the institution. It was on this point that clemency was granted.

### SYMPHONY ORCHESTRA TO LEAD IN SINGING

Toronto Symphony Orchestra is cooperating with the choir of the city to hold a "community sing" at 11 o'clock Monday morning (Civic Holiday) in front of parliament buildings. The idea of the outdoor gathering of singers is new to Toronto, but it has been managed with success in many cities in the United States and in London, Ont. Mothers are invited to be present with their little ones to take part in the patriotic numbers. Addresses on the value of community singing will be given by the mayor and Hon. Dr. Cody.

### BUILDING PERMITS

City Architect Pearce granted the following building permits yesterday: Fletcher Percha & Rubber Co., alter factory buildings, 130 O'Hara avenue, \$4,000. A. & A. Grant, detached dwelling, 3 Plyter Crescent, \$2,500. Ideal Bread Company, factory, 143 Dovercourt road, corner of Argyle, \$75,000. George J. Williams, pair semi-detached dwellings, west side of Day avenue, near Hope avenue, \$2,500.

ACTIVE MEMBERSHIP IS GRANTED SOLDIERS WHO GOT TO BRITAIN

Great War Veterans' Association Has Lengthy Discussion of Proposal.

PROPORTIONAL VOTING

Ottawa Delegate Suggests Change in General Procedure.

Men who have been to Great Britain, but no further, as soldiers will be granted active membership in the G.W.V.A. This was the decision reached yesterday afternoon by the convention which is in session at the Technical School, Harbor Street.

Comrade Harrison, of Windsor, pleading the cause of the associate members, strongly criticized the government. He asked if it would not be better to make 8,000 friends than 8,000 enemies.

Major Andrews, M.P. for Winnipeg, was strongly in favor of Comrade Robinson's motion to restrict membership. The time would come, he hoped, when the sons of the veterans would be permitted to join the association.

Mr. Proudfoot stated that all who knew the association realized that it was fast becoming a potent influence in the affairs of the country. The banquet was the first ever held in the hall room of Government House.

The afternoon discussion of the question was featured by an attempt by Comrade Pidgeon, Ottawa, to force a change in the general procedure of the convention. Colonel Pidgeon pointed out discrepancies in the representation of various provinces and branches.

The meeting finally decided to accept one of three proposals: to grant the privileges of active membership alone to men who had been to France; to grant the same privileges to those who had been no further than Britain; and thirdly, to grant these privileges to the men who had never left Canada.

ORAL EXAMINATIONS INSTEAD OF WRITTEN

Captain Edgar, Captain W. J. Gerard and A. J. Wimby, officials of the Sons of Empire, also delegates from Montreal to the G.W.V.A. convention, will present a resolution before the convention today urging the need of dealing with the alien question and also pointing to the need within the civil service of oral instead of written examinations.

Today the representatives of the board of pensions and the land settlement committee will be heard. Each official will be given fifteen minutes in which to present his case. Both of them are veterans. Major Buchanan has seen considerable service in France and Major Ashton of the land settlement committee has been wounded and has gained his D.S.O. on the fields of Flanders.

COL. PIDGEON LOSES CASE AT CONVENTION

Col. Pidgeon, Ottawa, a delegate to the G.W.V.A. convention, yesterday lost his case against what he termed disproportionate representation at the convention. He moved that all voting be done on the basis of one vote for each fully paid-up and duly accredited branch when matters of profound importance called for consideration.

EYES OF CANADA UPON CONVENTION

Delegates to Veterans Meeting Entertained at Government House.

Sir John Hendrie, lieutenant-governor of Ontario, Sir William Hearst and William Proudfoot, M.L.A., leader of the opposition, expressed the hope at the banquet given to the G.W.V.A. delegates at Government House yesterday afternoon that they would realize that the eyes of Canada were upon them as they deliberated at the convention now being held in Toronto.

Sir John Hendrie pointed out that the G.W.V.A. was an association which had the respect and the affection of the people of the Dominion. He was sure that the association desired to keep the goodwill of the country.

Sir William Hearst expressed the opinion that the G.W.V.A. could do much for itself, much for the returned men generally and much for the country at large. This, he believed, was the aim of the present convention.

RIVERDALE G.W.V.A. AGAINST SHANAHAN

The membership of Riverdale branch of the G.W.V.A. is said to be dissatisfied with the decision of the convention to allow J. J. Shanahan a seat at the convention. Comrade Carmichael stated yesterday that Comrade Shanahan had moved to Vancouver months ago and had paid nothing into the Riverdale branch for six months.

J. J. Shanahan is a member of the Dominion executive, and as such claims the right to attend the convention. The committee which had been appointed to investigate certain charges against the former acting president of the Dominion Association, reported in Mr. Shanahan's favor.

SPECIAL COMMITTEE TO HANDLE PROBLEM

The president of the G.W.V.A. convention now in session at the Technical school has appointed a special committee to deal with twenty different resolutions relative to the alien question which the resolutions committee felt itself unable to deal with satisfactorily.

AN OLD CAMPAIGNER.

Among the veterans who championed the cause of the associate members at yesterday's session of the G.W.V.A. convention was Comrade Beach of Hamilton, one of Lord French's "contemptibles," and a campaigner from Indian and African fields.

The Man With the Hoe

Hoeing is a severe strain on the back. It calls into play muscles not used much in lifting or in other kinds of farm work. If you have a weak back you cannot stand much hoeing unless you use Dr. Chase's Kidney-Liver Pills to set the kidneys right and remove the cause of weakness and lameness of the back.

MORE HELP NEEDED FOR THE CANNERS

Patriotic Work That Women Can Do, Says Government Official.

Canning in canning factories is patriotic work. Do women and girls realize this? Such is the question that Miss Martin, of the government employment bureau, which has lately moved to 45 West King street, placed before a reporter for The Toronto World yesterday.

"Our first camp last year," said the energetic head of this department, "was the E. D. Smith camp. We had 103 girls and 90 per cent. of them made good. The minimum wage was \$1.50 a day, with transportation paid. Over-time was paid at one and a half rate. The next camp—St. David's—was also very satisfactory, but the third—well, the third was a failure."

The failure was attributed to a difference in the type of girls who had been sent to the camps, and from this failure the employment bureau has learned that there must be discrimination in selecting the girls.

"A girl of the proper type can get far more cans from a bushel of tomatoes than a girl of the undesirable type." To get the women and girls who will be alert and who will "make good," the women and girls who will not take a whole season to learn that they are paid \$1.50 a day at the start, that must not be less before they earn this amount, are the women for whom the bureau is waiting.

Conditions are much more encouraging than in the early days of the war in factory work. "I make no apology now for asking them to go on a fruit farm," said Miss Martin, and from the attitude of the canners, as reported, the same thing might be said.

"The canners don't mind expense. There is no difficulty in getting them to do anything we like. They are willing to do all that they can, and the girls we want are girls over eighteen, and I want to know in the next couple of days if I may take the orders."

Christmas seems a long way off, but the distance is not so great but that it may be merged by the long boots of those who have the interest of the soldiers at heart. Proof of this was given when a call at the headquarters of the Red Cross yesterday afternoon brought out the information that a cable had been received from overseas asking that Toronto's proportion of Christmas stockings be prepared for shipment.

The number required is 7,000 and they must be at the port of shipment by October 10. It is not too soon even now to begin on some of the useful and practical gifts with which Toronto's thoughtful and patriotic women remember the brave boys who are keeping back the Hun. This will be the fifth year that the boys in the trenches have been remembered in this way.

False Modesty has led many a suffering person to neglect the treatment of piles. The itching, stinging sensations produce the keenest distress. The thought of a surgical operation brings mental anxiety which undermines the general health.

Relief can always be obtained by the application of Dr. Chase's Ointment, and in most cases persistent treatment brings about complete cure. This ointment is worth trying when you think of the comfort to be obtained.

Issued by Canada Food Board. "That's the style, sonny. You have the geyser idea. Now, when it was younger like you all I knew about hoeing was to make a bee-line straight at the poor wastering has the same effect as rain. It is gentle and helpful."

When a baseball team chosen from among the patients at the Whitby Military Hospital came to grips with a team chosen from among the slim men who composed part of a large party which went down on Sunday to entertain the convalescent warriors the "real" men found that they were in a real game, with the result that none can remember the score.

Responding to a hurried call from a Canadian hospital in France for uniforms and other clothing which will take charge, nurses in Toronto got together and prepared a fine collection of all that will be needed in the way of clothing and yesterday the offering was sent in to the headquarters of the Secours National, where they will be packed for shipment.

Dresses, aprons, shoes, stockings and other articles were a beautiful demonstration on behalf of the hard-worked nurses of Toronto, who had spent their spare moments, or rather hours, on getting out the supply. The girls, on probation, who had not had time to give, pooled their gifts and bought stockings. One pair of white shoes with white stockings was also supplied with a shoe horn—nothing forgotten.

The Safest Matches in the World Also the Cheapest ARE

EDDY'S

"SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

WAR time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

ENTERTAINING SOLDIERS.

Audrie Rubanni, the brilliant young soprano, whose exceptionally successful recital at Foresters' Hall last season will be remembered, is now using her talent largely for the entertainment of the soldiers. On Saturday and Sunday she sang at Petawawa where her numbers received enthusiastic recognition.

"If Only the Sweet Moments Could Last!"

THERE were times, in Ruth and Brian's married life, when they seemed perfectly compatible—when their companionship was complete.

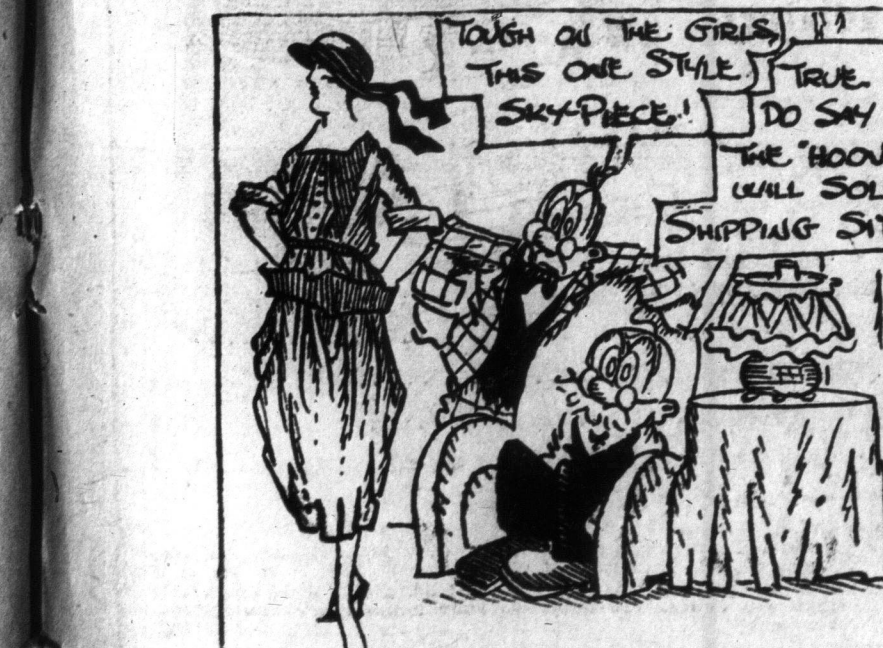

Then the storm clouds would come again, and the period of happiness would be over; once more they would find themselves quarrelling over trifles and jarring on each other's nerves.

At these tempestuous periods, Ruth would wonder if they had not made a mistake in marrying each other. Brian, too, had these misgivings in regard to the suitability of their marriage.

But wait! Does not the fact that there were sunny periods at all, leave just the possibility that there might be sunshine all the time, under the right conditions? Of course it does. And do the right conditions ever come?

PROCLAMATION

Fourth Anniversary of Declaration of War

Thomas M. Church, Mayor of the City of Toronto.

Whereas the Imperial Government has required that the Anniversary of the Declaration of War should be fittingly recognized throughout the Empire, and believing that the citizens of Toronto are firm in their convictions as to the righteousness of the cause for which the Empire is fighting, I do hereby request that

be observed as the Fourth Anniversary of the War.

And in accordance with the wish of the Imperial authorities, I would most respectfully ask the clergy of every denomination throughout the city to hold appropriate

DIVINE SERVICES in their respective churches on that day for the purpose of stimulating devotion and patriotism, and that where possible resolutions be passed setting forth the indefeasible determination to continue to a victorious end the struggle in maintenance of those ideals of liberty and justice which are the common and sacred cause of the Allies.

In witness whereof I have hereunto set my hand and caused this proclamation to be made known.

T. L. CHURCH, Mayor. Mayor's Office, Toronto, July 30th, 1918.

GOD SAVE THE KING.
