BIRMINGHAM'S THREAT THAT HE WILL SHOW UP CONSERVATIVES

Did Not Have the Desired Effect on the Veteran Leader, Sir Charles Tupper, Who Promptly Replied: "You Will Never Receive Another Dollar."

Ottawa, May 25.—(Special.)—The announcement that Mr. Robert Birmingham, late Conservative organizer, had sent a message to Sir Charles Tupper, demanding a certain sum of money from the leader of the Opposition, failing to obtain which he would expose certain documents then in his possession, was whispered round the corridors of the House on Wednesday night, but Sir Charles had gone to Toronto and no one else would say anything.

Sir Charles Interviewed.

When it became public property to-day, your correspondent waited on Sir Charles and drew his attention to the statements wired from Toronto.

"I know nothing," said Sir Charles, "of any correspondence. I have received none and do not know what Mr. Birmingham means when he makes that reference. Amongst the congratulations received during the celebration of May 22 (Tuesday) was the following from Mr. Birmingham:

Unless payment of my account, submitted to you yesterday, and the terms of future engagements, as handed to Dr. Montague last night, are accepted by you I shall wire the Premier to-night to extend investigations to include from 1882 to 1896.

"I was going off in a hurry to keep engagements in Toronto and Parkhill," said Sir Charles, "which I was very anxious to fill, and did not reply.

Sir Charles' Reply.

"On my return to town to-day, however, I sent Mr. Birmingham the following answer:

Your message of May 22 received. You will never receive another dollar from any fund which I can control.

(Signed) Charles Tupper.

Nothing to Conceal.

"I have nothing to conceal in this matter. This message was sent to Mr. Birmingham last week, the night Mr. Cowan made his speech, the all-night session, May 17-18:

Did you give any memorandum or circular of instructions to one Freeborn for use in Manitoba, as to destruction of ballots or any other practices of any kind in polling booths for elections in any way? (Signed) Charles Tupper.

"No answer was received to this until late in the afternoon of the following day, when a reply was received, reading:

Just returned from Cardwell Convention. See my letter in Toronto Mail of March 5 and 6, this year. (Signed) R. Birmingham.

"Some reference had been made in the Ontario House to this matter and it was in reference to that that Mr. Birmingham wrote The Mail. On Monday, the 21st, I received a letter from Mr. Birmingham, written the same day as that on which this despatch was sent and which contained the following reference to this matter:

I got your telegram this afternoon on my return from the Cardwell nomination meeting and wired you that my reply to the statements made in the Ontario House, and evidently repeated in your House, would be found in The Toronto Mail of March 5, 1900, so that you may be able to make an explicit denial for Monday in Parliament, and now that the people of Canada are realizing to what an extent the rascality and corruption of the Liberal party has been carried on, all right-thinking Liberals are hanging their heads in shame and disgusted at the performances of their trusted agents and organizers.

A Fluke Somewhere.

"That is all there is on this matter. The rest of the letter refers to other matters entirely. No correspondence whatever has reached me. I heard nothing more till Mr. Birmingham's telegram reached me amongst my congratulations."

Has Nothing to Add.

Later in the evening your correspondent again waited on Sir Charles and showed him the interview with Mr. Birmingham, published in a Toronto evening paper and in which Mr. Birmingham says he has not yet decided on his future course.

"Ah, yes," said Sir Charles, "I have nothing to add to the statement I made this afternoon."

BIRMINGHAM'S ROLE HAS BEEN DICTATOR AND NOT ORGANIZER

He Wanted to Make Montague Lieutenant-Governor of Ontario, But Sir Charles Would Not Stand For It—What the Fight Really is.

The statement in The World yesterday that Mr. Robert Birmingham, late Conservative organizer, had put a pistol to the head of Sir Charles Tupper was confirmed in an interview with Mr. Birmingham by a reporter of The Toronto Star.

A reporter of The Star waited on Mr. Birmingham and asked him about the item. He was not at all displeased at the publicity.

"I can say nothing further than that the information is correct," said Mr. Birmingham.

"You have written to Sir Charles Tupper?"

"I sent to him a copy of some correspondence which is very important," said Mr. Birmingham.

"Would you say anything about that correspondence?"

"Not at the present time. I have been advised to say nothing."

"What course will you pursue?"

"I have written to Sir Charles Tupper, as I said," replied Mr. Birmingham. "Sir Charles will be in Ottawa to-day, and I should receive a reply. My course will be shaped on the nature of that reply. I may submit the correspondence to the commission. I may publish it or I may do neither."

For some months there has been a steady movement within the Conservative party to change the organization, and to improve the methods of the chief party workers; but every effort of this kind was hampered and checked by Mr. Birmingham and his friends, Hon. Dr. Montague and Hon. Mr. Haggart. These latter and a few others were determined that Mr. Birmingham and Mr. Birmingham's ways should still dominate the party. Sir Charles Tupper, it is believed, tried to make a change in the direction indicated, but Mr. Birmingham held it back. Mr. Birmingham said he had claims for unpaid salary and other things and that he looked to Sir Charles to make them good. But it is believed that all the time that Mr. Birmingham and his friends were opposing any change they were working themselves to side-track Sir Charles Tupper. In a word, the fact is that instead of being a servant of the party, Mr. Birmingham has been a dictator of the party, and claimed that all the Ministerial selections from Ontario in the Conservative Ministry under Sir John Abbott, Sir John Thompson, Sir Mackenzie Bowell were made thru his office and by his influence. He was a kingmaker more than a party organizer. Another incident that showed how he worked, and little known as yet, is that during the election of 1896, and only a few days before polling, Hon. Dr. Montague, at the instigation of Mr. Birmingham, suddenly resigned his position in the Cabinet and asked Sir Charles Tupper to make him Governor of Ontario in place of Sir George Kirkpatrick. Sir Charles said he could be spared from the Cabinet, but that he could not be Governor of Ontario. Mr. Birmingham was very sore that his friend was not installed in Government House. Two days after this interview Hon. Mr. Haggart hunted up Sir Charles in Montreal and implored him not to let the doctor go, but to take him back, as he was the one man who could carry Ontario. Sir Charles consented, and Montague and Birmingham ran the elections in Ontario and undertook to defeat Clarke Wallace in West York, Mr. McNeill in North Bruce and some half a dozen other equally good Conservatives.

From $5000 to $7000 of party funds was spent in West York alone. After the ill-fated dissensions arising out of the Manitoba school question, many members who were anxious to see a reunion take place thought it would be good policy to have a new organizer, one who had had no part in the feud, but this was decidedly objected to by Mr. Birmingham. Three or four new organizers were, however, appointed, Mr. S. Barker of Hamilton (chief), Mr. Leavitt, Mr. A. W. Wright and Mr. Broder, M.P. But none of these got much assistance from Mr. Birmingham. He has rather been hampering them; and so the friction has been increasing, until the threatening letter sent to Sir Charles.

When Sir Charles first got this letter he was very much incensed and he is said to have turned round with some significance to Dr. Montague and remarked: "See what this danged scroundrel says to me." Whereupon the Doctor said that Sir Charles had better let him try to fix it up.

It is now known that Montague, Birmingham and Sam Hughes were the chief organizers of the notorious ministerial bolt in the Administration of Sir Mackenzie Bowell. These and a few others were in the habit of running the Ministers, the party and the members from 49 West King-street, Toronto.

The Mail newspaper was largely used by Mr. Birmingham and Dr. Montague to aid them in their purposes, and when the managers of that renegade sheet came knocking at the caucus door at Ottawa, seeking to be taken back, it was Dr. Montague who introduced the delegation and gave pledges for the future.

So the fight that is now on is not merely a struggle between Sir Charles Tupper and Mr. Birmingham, it is a struggle between the progressive and clean Conservatives in the House and the discredited organizer and ex-Ministers from Ontario for ascendancy. It is—the old gang and the old crowd and the old organ that are and have been trying to control the party and to prevent any reorganization and progress within its ranks. Sir Charles Tupper will beat them all out of their boots. In a few days the organization will be completed, the scalawags will be hustled out, and the Conservative party will present a solid front to its antagonists. Sir Charles is not only fighting the machine of the Liberals, but he is fighting the Conservative machine (now out of business and badly shattered) as well.

He Was a Winner.

A young man who won a cool hundred on the Queen's Plate was distinctly admired by his confreres at a down town office yesterday. He had to go over to G. W. Muller's and buy the boys a box of the best Havanas. They selected "Partagas," the cigar which aroused Kipling's eloquence in the "Betrothed."

BRITISH JUSTICE WAS SWIFT FOR THE FENIAN DYNAMITERS!

Dullman, Nolin and Walsh Were All Found Guilty of Crime Bordering on Murder and Were All Sentenced to Life Imprisonment.

Jury Were Out Only Thirty-Five Minutes---Dullman's Work Was One of Hatred, and It Was Probably a Case of Hire on the Part of the Other Two, the Chancellor Said.

Welland, Ont., May 25.—(Special.)—Karl Dullman, John Nolin and John Walsh tonight lie in Welland Jail with a life sentence as a penalty of their crime. The verdict was given by Chancellor Boyd at 6.45 to-night, and there is no appeal except to their God.

A Terrible Crime It Was.

On the night of April 21, just as the sun was reddening the western sky, John Nolin and John Walsh dropped two packets of dynamite into lock 24 of the Welland Canal, and, while the lighted fuse burned down to the deadly explosive, they sought safety in flight. Unthoughtful of the life and property their crime might be wreckers of, unmindful of the awful havoc and destruction there might be raged behind them, these two hurried on, hurried on into the growing darkness, thinking only of themselves and the reward which lay ahead.

Cared Not for Disaster.

It seemed naught to them how many lives the rushing waters of the wrecked canal might be tossing about on the property that might be inundated. It seemed naught to Dullman either, as he stood in the Rosit Hotel that same night, altho he awaited the arrival of his confederates and the news of the disaster they had caused.

Now They Realize It All.

But to-night they realize the seriousness of their crime, and for many weary days together they may ponder on it. They have seen the justice of the State and the punishment meted out to them, and they have also the knowledge that owing to a wise Providence their hatred and malice is still unsatisfied.

Crime Bordered on Murder.

The crime, as the judge who pronounced the sentence said, is a most extraordinary one, and the punishment is one which is only excelled by capital punishment. Their crime was one bordering on murder, and their punishment as severe as the law allows.

A Verdict in 35 Minutes.

It was just 6 o'clock when the Chancellor finished his charge to the jury, a charge in which he was both fair and stern, and the jury went out of the court room amid excitement from the crowded halls and corridors. In 35 minutes they had arrived at their verdict, and at 6.45 the court, the jury and the prisoners awaited with breathless silence the verdict which would send these three men to the penitentiary or set them at freedom forever on the charge.

CARL DULLMAN, THE LEADER.

John Nolin.

John Walsh.

The Jury Said "Guilty."

The crowd still held its breath as the foreman told the clerk they had arrived at a verdict, and slowly rising, hardly leaving his chair, he pronounced the word, "Guilty," in a trembling and almost indistinct voice.

"All three of them?" asked Chancellor Boyd, leaning over to catch the answer.

"Yes."

Everyone looked at the prisoners, but they seemed unmoved, and looked as if they almost expected it. Dullman was nervous, but he had been so thruout the proceedings of the whole day.

The Chancellor's Reply.

The Chancellor, with a grave but clear voice and a strong and unfaltering attitude, leaned forward, as is his wont, and addressed himself to the jury. He said Karl Dullman, John Nolin and John Walsh had been found guilty after a careful investigation. They had been found guilty of a novel experiment in using dynamite for the purpose of destroying a public work of Canada. They were foreigners, who had attempted to destroy a public work, which was a highway of the whole continent, and it was a crime of a grievous and suggestive character. There was no evidence to show their motive, and it was probably one of hire on the part of Nolin and Walsh for the purpose of gain, and it was probably one of hatred on the part of Dullman, which hatred led to a blow against the state and civilization. Dullman really deserved more punishment than Nolin or Walsh. There were no mitigating circumstances to consider, and he saw no reason for altering the penalty fixed by law as in the indictment.

"Life" for All of Them.

The Chancellor then paused and the spectators and the jury leaned forward.

"I sentence you all to imprisonment for life," were the firm words which escaped his lips as he rose and quickly left the court room.

How the Prisoners Took It.

A gasp, which was almost a cry of pain, escaped from everyone's throat, and in an instant the crowd sprang to their feet. The ladies, who were present in scores, seemed paralyzed for a moment, and then seemed to grasp the awfulness of the situation with the rest. The prisoners rose from their seats and then sank back together, and Dullman, who was more visibly affected than the others, looked almost ready to collapse, the tears came to his eyes, and the public gaze turned from him in pity.

Three mintues later the court room was cleared and the prisoners were in their cells.

More Evidence Produced.

The Crown finished the story of their witnesses at noon to-day, and, as they closed it, a remarkably strong case against all three. The new witnesses produced to-day on the case were John Constable and Messrs. Walker Bros. Constable swore that he saw Dullman, Nolin and Walsh on Wednesday, the 18th. He was working on lock 17 with a gang of men, and about noon that day the three prisoners were hanging about the lock for over an hour. Later in the afternoon Edward Walker and his brother were talking to the three at the Walker quarries near the canal. Dullman asked the best way to Niagara Falls. They started up the canal towards Thorold.

BRITISH AND FRENCH FIGHT.

Pro-Boer Attitude of French in Island of Jersey Caused Britishers to Attack Them.

London, May 25.—Serious trouble is threatening between the British and French residents of St. Hiliers, Island of Jersey, owing to the pro-Boer attitude of the French. There have been several collisions, and this morning the troops were forced to charge with fixed bayonets to prevent the demonstrators from invading the French quarter. Thirty arrests were made.

The French Consul has represented the situation to the British Foreign Office, with the result that the latter has wired to the Governor, Lieut.-Gen. Edward Hopton, holding him personally responsible for the maintenance of order.

UNITED IRISHMAN SEIZED

Because of Letters From a Subscriber Who Said Things Not Pleasing to Earl Cadogan.

Dublin, May 25.—The Government has seized to-day's issue of The United Irishman, containing letters addressed to Earl Cadogan, Lord-Lieutenant of Ireland, by a subscriber, whose papers had been stopped by the postoffice officials while in transit, alleging that the privilege accorded to the soldiers of wearing the shamrock was merely intended to stimulate recruiting. The writer also denounces the war in South Africa.

THIS IS NOMINATION DAY IN THE BRITISH COLUMBIA PROVINCE.

Martinites Are Very Cocky, and Joe is Eager for the Battle at the Polls Two Weeks Hence---Campaign is Red Hot.

Vancouver, May 25.—(Special.)—To-morrow is nomination day. The whips have been busy preparing things. It is only a fortnight to the elections, and feeling is running high. Martin is gaining surely and steadily, in spite of Hon. Fred Peters' declaration the other night that the only motive actuating the scattered factions opposed to Martin was that of a common enemy to him, with no sign of union. The Wilson clique are almost as strongly hostile to the Mackintosh clan as they are to Joe. Mackintosh says Wilson will never be allowed to masquerade as leader. The Wilsonites say the same about Mackintosh.

Brown Made a Good Impression.

Finance Minister Brown made a fine impression by his speech in Victoria on Wednesday. The Victoria Times says he will win.

Vancouver Conservatives held a mass meeting this evening. A number of leading talkers came from Victoria to help in the debate. No Government supporters attended, in deference to the command to that effect issued by the leaders.

Reports From Greenwood.

Further reports from Greenwood declare that Smith Curtis is absolutely sure of election in the riding.

McInnes and Dunsmuir.

Billy McInnes, at a meeting in Wellington on Wednesday night, cleverly handled Dunsmuir and his henchmen. Dunsmuir repeated his promise that he would employ only white men henceforth as soon as he could get them to replace the Chinese. McInnes complimented Dunsmuir on this policy, and said it would not take long to settle the Asiatic labor question if the same enlightened policy were adopted by other employers.

Dunsmuir is making a hard fight to get elected. Mr. Heckler asked him if he called himself a workingman. Dunsmuir angrily replied: "I have hewn coal, put up brattice, and laid rails for a living, and am as much entitled to be called a workingman as any honest-handed son of toil in the crowd."

Campaign Literature Flying.

Campaign literature begins to flood the country. Some is particularly violent against the Government.

Martin's Figuring.

The main charge now against Mr. Martin is his alleged miscalculation regarding the cost of the Kootenay Railway. He said it would cost five or six millions. Several papers declare he got the estimates from Mackenzie & Mann, showing that the road could not be built for a cent less than ten or twelve millions.

Martin says his figures are correct. There will be only one price and not a dozen to pay speculative contractors.

The C. P. R. is Working.

The C.P.R. is now hard at work surveying the line from Spence's bridge to Princeton, and hopes to head off the Government railway, should the people actually elect Joe and the province be ruled by his government. Certainly the railway proposition has captivated voters along the whole route, and it might be said all Southern British Columbia.

Martin at Vancouver.

Martin will be in Vancouver next week, when he expects to meet leading Oppositionists on a public platform. It is safe to anticipate an enjoyable series of sultry scraps.

Betting is ten to one on the Manitoba prairie chicken. Martin is in splendid health and full of defiance, eagerly looking forward to the coming battle.

A Great Array of Factions.

The parties' factions now in the field are as follows: Government (Liberal), Straight Conservatives, Straight Labor, Independent Opposition, Labor, Socialist Labor, Provincial Party, Independent Liberal, independent Conservative.

ROBERTS MAY CROSS THE VAAL TO-DAY OR TO-MORROW.

French's Cavalry Believed to be Now Reconnoitering for Fording Places—Buller Will Have Fighting to do—British Sweeping All Before Them.

London, May 26.—(3.30 a.m.)—The latest intelligence from Lord Roberts' headquarters at Vredefort Station, filed at 5.35 Thursday afternoon, was that the British were advancing rapidly. Gen. Hamilton had effected a junction with Lord Roberts. The country in front of them was clear of Boers to Viljoen's Drift. The Boers were evacuating all their positions south of the Vaal River, and 5000 had already crossed to the north bank. Probably Gen. French's cavalry is already reconnoitering the fords of the Vaal.

Will Cross the Vaal Perhaps To-Day

War Office observers expect that the next despatch from the Field Marshal will be dated in sight of the Transvaal frontier. Mr. Bennett Burleigh, wiring to The Daily Telegraph from Vredefort Thursday evening, said Lord Roberts would doubtless cross the Vaal Saturday or Sunday. The British outposts were then at Erstegelnk, nine miles north of Vredefort, and 26 miles south of the Vaal River. The railway is much damaged.

Boer Movements a Mystery.

While the British in overwhelming force are thus approaching the Transvaal, the movements of the Boers are enveloped in mystery. The last Pretoria newspaper to reach Lorenzo Marquez was a week old. Everyone seeming to cross the Portuguese border from the Transvaal is searched for newspapers and letters. Despatches and mail letters containing even harmless references to the war are suppressed, and the only news that has emerged from the Transvaal during the last ten days has come by word of mouth.

According to these oral reports, yesterday the Boers were quarreling among themselves. Transvaal paper money was circulating at 80 per cent. discount. Becket's firm was giving £1 in gold for £5 in paper.

Engineers Dismissed.

Krouse & Klinke, the engineers who opposed the blowing up of the mines, have been dismissed. Commandant Schutte has been appointed to defend Johannesburg, and all the British subjects have been turned out.

The Boers Scared.

The Transvaalers fear that the British will blow up the bridge at Komatipoort, thus cutting off their supplies from Delagoa Bay, and a commando of 500 is guarding the bridge against any such attempt by British raiders.

Kruger Will Leave for Lydenburg.

It is reasserted that President Kruger

A Very Remarkable Hat—It's Popularity.

DINEEN'S

Perhaps you noticed a new hat in town on the 24th. It is a pearl grey soft felt hat, with a "puggaree" band of yellow and blue; it is called the Imperial Yeomanry. This hat has been imported from England specially by the W. & D. Dineen Company, and arrived on Wednesday last. Notwithstanding its late arrival, it was conspicuous at the Woodbine, the Island and every other point where fashionable Toronto spent the Queen's Birthday. There are a few of these hats left for $2.50. If you wish to be stylish you must have one. The store will remain open until 10 o'clock Saturday night.

HAMILTON NEWS

SEWER COMMITTEE ECHOES.

A Drop of 11 Cents Per 100 Pounds in the Price of Sulphate of Alumina.

TROUBLESOME MATTERS TABLED.

Aftermath of the Dundurn Inaugural Celebration—General News of the City.

Hamilton, May 25.—(Special.)—Tenders for sulphate of alumina were opened at this evening's meeting of the Sewers Committee. They were: R. O. McKay & Sons, $1.13 a hundred pounds; Parke & Parke, $1.05½ and W. A. Freeman, $1.63. Freeman's tender was accepted. Tons of the stuff are used at the sewage disposal works, and last year's price was $1.14.

The sub-committee appointed to enquire into the sewage disposal works' staff reported thru Manager Barrow. The committee advised that a separate engineer be engaged for each works, and that C. Leckie, being the most experienced of the engineers, have the largest works and be given an increase in salary.

Ald. Ten Eyck said the report was not in keeping with the manager's reports in the past, and, at his request, the matter was laid over till the next meeting, at which Mr. Barrow will be requested to be present.

No action was taken on a largely-signed petition against a sewer on Hughson-street, between King and Jackson-streets.

An account for $61 for oil from McColl Bros. & Co., Toronto, was presented. The oil was supplied in 1897, but the chairman of the committee that year refused to initial the bill, as it was not ordered by him but by the manager of the disposal works. The oil was left at the works and was recently used. Chairman Neiligan objected to paying for oil supplied so long ago, and the account was laid over.

A letter was received from the Laborers' Union asking that the wages of laborers employed on brick work be increased from 15 to 18½ cents an hour. This matter was also tabled for the present.

Park Opening Aftermath.

There will likely be more lively kicking at the next meeting of the City Council, regarding the treatment received by some of the aldermen at the hands of the Joint Committee in charge of the demonstration in connection with the opening of Dundurn Park. Some of the aldermen were not invited, they claim, to take part in the reception to the city's many guests, and were not provided with carriages. As a reason for not supplying hacks for all the aldermen, one of the Parks Board stated, it is said, that "some of the aldermen would only be a disgrace to the procession."

The demonstration was a great success, but, as a matter of fact, the credit of it is due more to Mayor Teetzel and Ald. Ten Eyck, Walker, Evans and Nicholson than to the Parks Commissioners.

Brakesman's Hand Torn.

David Oliver, a G.T.R. brakeman, living on Hughson-street, did not give a giant firecracker time enough to explode, and it blew his right hand to shreds, leaving only the little finger behind. He was attended by Drs. MacKelcan and Cockburn, but will not get out for a month.

Proud of Col. Mallory.

Mayor Teetzel shook hands hundreds of times yesterday, and among those who felt the Chief Magistrate's grip was Col. Mallory, the alleged colored champion of the city. When the Colonel had ended his war song, which he is very proud of, Mayor Teetzel went up to the singer and remarked, "Colonel, I heard you for a few minutes, and I'm proud of you."

Police Points.

Thomas Simpson, Melbourne-street, was robbed of $97 on a train between here and Buffalo yesterday. The money was taken from his pocket.

Charles Russell, Toronto, and James McCarthy, city, arrested yesterday for attempting to pick pockets, will be tried tomorrow. McCarthy is out on bail.

Owen McIlroy, who has been in jail for two weeks, being unable to find sureties to keep the peace, was allowed to go this morning by Judge Snider on condition that he leave the city at once.

Magistrate Jelfs allowed the fighters and drunks arrested yesterday to go free this morning, in honor of Her Majesty's birthday.

Strike at Lawry's.

There is trouble on at the Lawry Packing Company's factory. About 80 hands struck this morning because the firm refused to recognize the Meat Cutters' Union, to which all but four of the workmen belonged. Mr. H. Lawry left for Detroit this evening to engage men to take the strikers' places.

Was It Suicide?

Miss Ethel Tuck, daughter of John Tuck, a farmer who lives near Waterdown, died this morning under circumstances which point to suicide, altho there is no reason assigned for such an act. This morning she took a doze of carbolic acid and died in a few minutes. The deceased was 15 or 16 years of age.

Some Conscience Money.

The City Clerk received the following anonymous communication this morning: "Enclosed please find $25, to be used for taxes for the City of Hamilton." The officials are puzzled to know whether it is a case of stricken conscience.

Just One Year

later you will see the same patterns in colored shirts that we are showing now with the regular trade. Just got them in to-day, new soft-body American shirts, $1, $1.35; all kinds of hats. E. D. Ross, two stores, 26 King-street west, cor. James and Rebecca-streets.

Minor Matters.

Arthur Heming, the artist, has returned from New York.

Imported Entre Nous cigars reduced to two for twenty-five. Alive Bollard, 4 King St., Hamilton.

Dr. J. G. Adams, a Toronto dentist, will address a meeting in Hamilton next Thursday evening on the subject of the care of school children's teeth.

The Cataract Power Co. has offered to place an electric light at the top of the Canadian Club's new 150-foot flagpole in the Gore.

Last night the Mayor of Ottawa was presented with a blackthorn cane by Ald. Nelligan. The presentation took place at a special meeting of the Human Nature Club. The Mayor was here in connection with the Dundurn Park opening.

The ten-mile foot race between Dick Grant of Boston and Champion Cattery, city, will take place at the Hamilton Cricket grounds to-morrow afternoon.

We Will Move

on or about June 15th.

At the southeast corner of Yonge and Adelaide-streets we have leased larger and more modern offices than those we now occupy, and the location is equally central and convenient.

Attractions and improvements have been progressing since the lease was signed; plans for the decorations and furnishings have been made, and we can confidently promise our friends and patrons they will find ours by far the finest dental offices in Canada.

Until June 15th we are still doing business at the old stand.

FUNERAL OF REV. DR. BURNS.

The Former Principal of Hamilton Ladies' College Laid to Rest in Mount Pleasant Cemetery.

A large number of friends were present yesterday afternoon at the funeral of the late Rev. Dr. Alexander Burns, formerly principal of the Hamilton Ladies' College, which took place from his late residence, 128 Pembroke-street, to Mount Pleasant Cemetery. At the house services were conducted by Rev. James Allen of Sherbourne-street Methodist Church, assisted by Rev. Dr. Smith of London and Rev. Dr. Griffin of Toronto. Representatives of the Hamilton Ladies' College were present, also members of the Ancient Order of Hibernians and other Irish societies.

Among the many pretty floral offerings placed on the casket were a harp of roses, with the inscription "A.O.H.," from members of the order in the city; a wreath from the directors of Grimsby Park, and tributes from Sir Frank Smith, Centenary Church (Hamilton), Mr. Edward Gurney, Mr. W. R. Hobbs (London), Mrs. Hugill (Hamilton) and family of deceased.

CALL TO REV. DR. JOHNSTON.

London Clergyman Recommended by the Session of Knox Church to the Congregation.

At a meeting of the members of the session of Knox Church, held last night, it was decided to make the recommendation to the congregation that Rev. Dr. Johnston of London be extended a call to fill the pastorship made vacant by the resignation of Rev. Dr. Parsons. A meeting of the congregation will be held in about two weeks' time, when the advisability of asking the Presbytery to formally make the offer to Dr. Johnston, will be considered.

BRITISH JUSTICE WAS SWIFT FOR FENIAN DYNAMITERS,

Continued from Page 1.

Mr. and Mrs. Constable, Owen Reilly and other witnesses who had given evidence at the preliminary hearing were examined, and gave much the same evidence as before. The case was closed with the evidence of Canal Engineer Thompson and C. H. Mitchell, who said the volume of water which the broken gates would have let out was about 12,000,000 cubic feet. It would have caused the destruction of much property and possibly the loss of life.

Evidence for the Defence.

The defence was opened by Mr. German, who produced only four or five witnesses, one of whom had been sworn by the Crown. These were put in on behalf of Dullman, Nolin and Walsh offered no defence whatever, and seemed thrown upon the mercy of the court. Dullman's counsel, in fact, during his address, sacrificed Nolin and Walsh to protect his client.

The Star Witness.

The star witness of the defence was P. J. McKinney, a clerk in Mr. Brown's gents' furnishing store in Niagara Falls, N.Y. This witness stated that early on Wednesday, 18th, he sold Dullman a light hat, a shirt, collars and socks. He wore the hat and carried the other goods away in a parcel.

Col. Parker, a customs officer, remembered Dullman paying duty on the shirt and socks which were in the parcel, but there were no collars.

In cross-examination, McKinney said he could not remember any other sales from April 1 to May 15, altho he had the day book to assist him.

A Nice Bank Teller.

William Rogers, another witness, had frequently been in Dullman's company. Dullman had told him that he was a Washington bank teller on a holiday. Nothing important came of Rogers' evidence.

Charles Kinney, a Niagara Falls hack driver, stated he had driven Dullman to Chippewa on the 12th and 16th, the latter day being the time when Mrs. Constable saw him in Thorold.

In cross-examination by Mr. Johnson, Kinney contradicted nearly all of his statements, and, as the Chancellor put it, "made a mess of his evidence."

Then at 2.30 Mr. German arose and said, "That is the case for the defence."

German for the Defence.

The prisoners did not go in the box. The Crown had expected much more evidence than was offered, and was taken by surprise. Mr. German then proceeded to address the jury. He spoke for one and a half hours, and made a remarkable and able plea on behalf of Dullman. He had little evidence to base his arguments on, but made a monument of strength from the few facts the defence had produced. He asked for a fair consideration of the facts in the evidence. There had been a lot of evidence produced by the Crown to create suspicion, but as against Dullman there had not been one tittle of evidence to show that he was connected with the blowing up of the canal. Mr. German then went over such points in the evidence of the Crown as were contradictory, and laid considerable stress on the evidence of the hat which had been bought Wednesday, and was alleged to have been seen on Monday by Mrs. Constable. Officer Mains also said Dullman was in Niagara Falls when Constable and the Walker brothers saw him in Thorold. Mr. German wound up with a stirring appeal, and the statement that the evidence was of suspicion and was not circumstantial evidence.

Mr. Johnston's Eloquent Appeal.

Mr. Johnston opened his address with an eloquent appeal for justice to the State and the Crown. "One strand does not make the rope, but strand after strand and thread after thread make the rope, until that rope is strong enough to hang a man. So it is with circumstances. One after another they are bound together. One brick does not make a wall, but one brick honestly laid upon another will make a wall which protects Dullman or a wall to protect the people against Dullman."

The Hidden Hand.

With these and stirring eloquence on the craftiness of the mind and hidden hand of the dynamiter, Mr. Johnston held the court spellbound for one hour and 15 minutes. His address was recognized as one of the greatest addresses ever delivered in a Canadian court.

One Continuous Chain.

The jury were shown the evidence in one continuous chain of statements, which could hardly be considered possible from the testimony brought from the witnesses, and the prisoners viewed the Queen's counsel with awe, as he stood before them, pointing out the evidences of their crime.

Prisoners Had No Hope.

When he finished, all three seemed to view their case as hopeless, and their wondering gaze followed the Crown prosecutor to his seat. Dullman seemed particularly nervous during the judge's charge, and looked pleased when he was led out of the public gaze. Mr. Johnson's particularly strong points were the argument as to whether it was by accident or design that Dullman, a bank clerk on a holiday, should associate with these men, in a lower station of life, and the numerous trips with them, the objective point always being Thorold or the canal. In leaving the case to the jury, he asked them to let no affection, no sympathy, no fear, stand in the way of the details of their conscience, and to pronounce their verdict honestly, as their duty to themselves and country.

The Chancellor's Charge.

Chancellor Boyd gave his charge in a quiet manner, and even tone. He first spoke of the importance of the case, and asked for a verdict without regard to politics, sympathies or nationality. He then went over the evidence carefully as he had taken it down, and particularly pointed out the strength of the statement of Fred Latta who followed Dullman and Walsh and heard Dullman say, "If we don't keep that man sober we will never be able to pull off that job." If the jury considered that statement to be true, then, assuming Nolin and Walsh to be guilty, Dullman was connected directly with the crime. He considered it remarkable that the United States officers who were the principal witnesses against Dullman should be so candid in their statements against their own countrymen. There were also a number of hotel men, and these men usually were delicate in telling of the acts of their guests. The differences in time were explained by the difference of manner by which people judged time. The evidence against Nolin and Walsh had been interwoven in links one after another until they go into the arms of the law. If Dullman was a stranger to these other men at Niagara Falls, was there anything to hurry them together? Dullman was of a different class of man from the others. He was not a man who would ordinarily associate with these others.

Chancellor Boyd completed his charge and sent the jury out just as the Town Hall bell rang 6 o'clock, and 45 minutes later he read out their verdict of life imprisonment. Thus three of the most remarkable criminals of the country were brought to justice just 34 days to the minute after the crime had been committed. It was a speedy and a just verdict is the sentiment thruout Welland County to-night, and will be a warning to dynamiters to keep their assassins out of Canada.

GETTING READY.

Feeding Ahead of Hot Weather.

"Not quite so much meat in springtime; use the cereals, as they heat the blood less." Seasonable advice from an old practitioner.

If one uses some care as to food, the coming hot weather will be passed as comfortably as any season. In fact, a person possessed of a perfectly balanced set of nerves can be happy and comfortable under most any conditions.

The truest food for building up the nervous system to a perfect condition is Grape-Nuts. The makers are skilled in their art, and knowing that nature fills the brain and nerve centres with a soft grey matter which is used up more or less each day and must be replaced (or nervous prostration sets in), and also knowing that this grey matter is made by the combination of albumen and phosphate of potash, they select the parts of the field grains that contain the needed materials, manufacture them into a delicious food, ready cooked, predigested and of a fascinating flavor.

The use of Grape-Nuts quickly proves that it really does rebuild and strengthen the nervous system in a most certain manner. It is sold by all grocers and is in daily use in hundreds of thousands of the best families in America.

ROBERTS MAY CROSS VAAL TO-DAY OR TO-MORROW.

will retire to Lydenburg when fighting is imminent at Johannesburg and Pretoria. Concern is expressed at Pretoria with reference to the possibility that Gen. Carrington may come down from Rhodesia with 5000 men to co-operate with as many more entering the Transvaal by way of Mafeking. Horse sickness is said to have broken out among Gen. Carrington's animals.

Rhodes' Big Scheme.

Mr. Cecil Rhodes is at Beira, Portuguese East Africa. Mr. Fuller, a member of the Cape Parliament, who is supposed to be a confidant of Mr. Rhodes, said, in the course of a speech at Cape Town, when proposing the health of Mr. Rhodes, that the latter was "working to consolidate South Africa from the Zambesi to Table Bay."

Baden-Powell Stays to Fight.

Major-Gen. Baden-Powell declines to act on the suggestion of his friends, that he return to England for rest. He is determined to retain his active command at the front.

Boers Entrenching.

Advices from Mafeking, dated May 20, say:

"The Boers are entrenching at Pottontein, 10 miles east of Mafeking. The Northern Railway is now repaired to a point within four miles of the town. Ample supplies of plain food are coming in.

"Col. Baden-Powell voluntarily gave up 53 Boers and 13 wounded to the Boer commandant, who thanked him.

Baralongs Attacked Rebels.

"The Baralongs, stimulated by the British successes, attacked the rebel natives at Rietfontein, May 19, and took much loot. They released Sani, the old chief, who had rendered good service to the British in keeping Mafeking supplied with news of the Boer operations."

"The railway south of Mafeking is being rapidly repaired, and the bridge at Taungs can now be used. Refugees from Mafeking are pressing thru Taungs, bound for the Cape."

Boers Near Ficksburg.

Two thousand Boers are near Ficksburg, besides small roving parties that come into contact with the British while reconnoitering. President Steyn was with these Boers last Monday, organizing and inspiring them and drafting recalcitrants into the service

British Sweeping Everything.

The British are sweeping the country far and wide, seizing horses, cattle and grain.

Yesterday President Steyn was reported to be at Bethlehem with a small field force, appealing to the Free Staters to defend their freedom and independence.

Heavy Cannonading.

On Tuesday there was heavy cannonading at Mochenze, near Bethlehem. The firing began at dusk. Why and with what results is not known at Masseru, Basutoland, where the news arrived yesterday.

A despatch to The Times from Ciocolan, dated May 21, says: "The eighth division has in front of it commandoes headed off from the Transvaal, which, while not willing to surrender, do not know where to go. Their joint strength is estimated at from 1000 to 2000 men."

Buller Has Work Ahead.

The Times has the following from Newcastle, dated Thursday: "The Boers are fortifying a very large semi-circular position, extending from Majuba to Pongwana. Large numbers are busy entrenching, and six guns are visible."

MORE TROOPS TO BE SENT.

Lord Lansdowne Tells the Lords of an Additional 11,000 Men to Go to Africa.

London, May 25.—The Secretary of State for War, the Marquis of Lansdowne, discussing military matters in the House of Lords to-day, announced that 11,000 additional troops would be sent to South Africa next month. In the course of his speech, Lord Lansdowne said:

"It is a formidable problem how recruiting is to be kept up, when the excitement of the present campaign has worn off. I do not think that an increase of pay would tend to make the army popular to the extent that some suppose, but the War Office is devoting itself to the subject, and I believe the changes contemplated will tend to render the army more acceptable to every class in the country."

Cause of Irish Emigration.

In the House of Commons, Mr. Gerald Balfour, Chief Secretary for Ireland, replying to an attack upon the Irish Executive, expressed the opinion that the rise of Irish emigration figures was due to the improved state of trade in the United States.

NEWS GOSSIP FROM OTTAWA

Chancellor Boyd Will Be Chairman of Sir Wilfrid Laurier's Judicial Commission.

INDIANS WILL GIVE UP WAHEY

Who Killed Frank MacCabe of Buckingham—Smallpox Epidemic Decreasing in Canada.

Ottawa, May 25.—(Special.)—The Government has offered Chancellor Boyd of Toronto the position of chairman of the Judicial Commission to investigate the Brockville and West Huron election scandals. It is stated on good authority that Chancellor Boyd has agreed to act. Two other judges in Ontario have been communicated with, but have not yet accepted. It is believed that commissions will be appointed in some of the other provinces.

Will Give Up Bad Indian.

The chief of the tribe of Indians to which Waheyy, the murderer of Frank MacCabe of Buckingham belongs, has issued a proclamation to the Indians under his jurisdiction, ordering them to hand over the bad Indian to the authorities and not to shelter him.

To Keep Out Smallpox.

The militia authorities have decided to exempt from annual camp drill all corps from smallpox infected districts. Special medical reports are being received from all the districts where the disease has appeared and every precaution will be taken to protect the camps. Dr. Neilson has already received several reports from Dr. Montizambert and staff and further reports will be made before the exempted districts are named.

Smallpox Decreasing.

Dr. Montizambert, Dominion Inspector of Public Health, states that the number of cases of smallpox in the Dominion is steadily decreasing. There are at present in Canada only about 50 cases and these are all of an exceedingly mild type. A rigid inspection is being maintained of all train and steamboat arrivals from the States, especially in the west.

Colonel Otter Has Recovered.

The Militia Department received a cablegram from Col. Otter yesterday, announcing that he had recovered and was rejoining the battalion. Col. Otter was wounded in the neck at the battle of Thabanchu.

IS LEYDS A BOODLER?

He Denies That He Has Used Kruger's Money to Bribe Continental Papers.

London, May 25.—(7.25 p.m.)—In reply to a request of the Associated Press for a statement in reference to the allegations of The Daily Express of this city, claiming to expose the use made by Dr. Leyds, the diplomatic agent of the Transvaal, of the Transvaal secret service fund—it being asserted that numerous Continental newspapers were bribed—it has just received the following authorized statement, signed by the legation at Brussels:

"Relative to the English reports, Dr. Leyds does not consider it necessary to say anything about such nonsense.

"In regard to the peace rumors, and the possibilities of prolonging the struggle, he cannot express his opinion."

THE WAR PARTY ASCENDANT

South Manchester Goes Unionist By A Very Largely Increased Majority.

IT WAS MARQUIS OF LORNE'S SEAT.

The Contest Was Fought on a Khaki Platform—Strength to the Government.

London, May 25.—The election for a member of the House of Commons to represent South Manchester, in place of the Marquis of Lorne, who resigned on the death of his father, when he assumed the title of Duke of Argyle, and who has gone to the House of Lords, was fought on a "khaki" platform, and resulted in a very large increase of the Unionist vote, the Hon. William Peel, son of Viscount Peel, the Unionist candidate, being returned.

The result of the voting was as follows: Hon. William Peel, Unionist, 5457; Mr. Lief Jones, Radical and pro-Boer, 3458; Unionist majority 2039.

A Big Change.

At the previous election the vote stood Marquis of Lorne, Liberal Unionist, 3457; Sir Henry Roscoe, Home Ruler, 3379. Liberal-Unionist majority, 78.

South Manchester was undoubtedly a Liberal district from 1887 until 1895, when the Marquis of Lorne was elected by a majority of only 78. The constituency was formerly represented by Sir Henry Roscoe, Home Ruler. Thus, both in the Isle of Wight Division of Hampshire (where, as announced yesterday, Captain Seely, Unionist, was elected by a majority of 1062 over Mr. Baring, Liberal), and in South Manchester this week, unprecedentedly large majorities have been recorded in favor of the war candidates. This will immensely strengthen the Government in its alleged determination to force a general election before the war fever abates.

Two Marches From the Vaal.

Vredefort, Thursday, May 24.—The British columns, after an unopposed march, reached the Vredefort road at noon to-day, and are now only two marches from the Vaal River.

What is it?

Vapo-Cresolene is the vapor of Cresolene. You put the Cresolene in the saucer, then light the lamp just beneath. When the vapor rises, you inhale it. What is Vapo-Cresolene? It's something like carbolic acid, only much more powerful. It kills all germs of disease and heals inflamed membranes. It's the one perfect cure for whooping-cough. Nothing equals it for asthma, catarrh, hay fever, colds.

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Vapo-Cresolene complete, $1.50; extra supplies of Vapo-Cresolene 25 cts. and 50 cts. SECOND DAY AT WOODBINE.

Favorites and Second Choices Make An Even Division of the Spoils.

HEADS APART IN STEEPLECHASE

Good Track and a Splendid Friday Crowd—The Battle in the Betting Ring.

Favorites and second-choices divided the six races on the second day of the Ontario Jockey Club's spring meeting. The weather was ideal, and there was a splendid Friday attendance. The track was good, and the finishes generally close, tho the starting was scarcely up to the mark.

The Woodbine Steeplechase was, perhaps, the best ever seen on this or any other course. The field of ten ran and jumped well together all the way. Burnap and Kinney lost their riders around half the journey, and the rest went along for a racing finish. Tho Master Fred showed the way after the first round, Charlie O. chased him in, making a head finish, while Miss Soak was less than a length behind Angus for the show money, with Arquebus, Exitus and Belle of Elkhorn all over the last hurdle.

The off in a bad position in the opening event, King Carnival got thru judiciously, and won easily, wearing down Hapsburg, the pair finishing away ahead of Royal Salute, who had to be ridden to stall off Joe Martin.

Flicker made a show of his field in the second race, the brown and yellow sailing home lengths ahead of the favorite. The six were well strung out all the way from start to finish.

Dryden gave good Joe Miller a scare in the third, young Mr. Seagram driving to the limit for the money. Abbotsford and Annetburn fell back towards the end.

Expelled was well off with the favorite in the fourth race, the pair soon taking a commanding lead. Prince Plausible extricated himself from the field, rounding into the stretch, and the three placed horses were only necks apart at the end, all under the whip. Whatever chances some of the also-rans had were spoiled by the start.

The finish in the last race was just as close and exciting as the steeplechase. Four finished under a blanket. Ein would have won in a few more jumps.

The money was divided among six owners. Weber piloted two winners past the post.

Gooseskin, Flying Bess and Ein, the beaten favorites, were good for second money. Master Fred, winner of the steeplechase, started split-favorite with Peter II. and Kinney, the post odds against each of the trio being 4 to 1.

While breezing one of Mr. D. A. Boyle's 2-year-olds yesterday morning at the Woodbine, Howard Fulton, one of the exercise boys, had his leg broken below the knee. The accident was caused by another horse colliding with the colt on which he was mounted. Dr. D. King Smith was called in, and set the fractured leg, afterwards sending him to Grace Hospital to be looked after.

Billy Stull's good horse Credential pulled up very lame yesterday morning, after being breezed thru the stretch. The horse was so lame that he had to be scratched in the fourth race yesterday afternoon.

In the Betting Ring.

A big bunch of bookmakers again did business in the ring. The odds laid in nearly every case were good and if anything the public had the better of the speculation. The favorites that landed were all well backed, and the books took all that was handed up. The usual number of tips were passed around, and this caused the public in a good many cases to get into a guessing game. The safest bet of the day was on old Joe Miller, and altho he was held at 4 to 5 he carried a barrel of money, as did Flying Bess, the favorite in the fourth, along with Gooseskin in the second. These were the only races in which the books made a really big haul, and in these they captured the coin in chunks, as it was thrown at them in anything from five to fifty-dollar bets.

The mutuels were more strongly played yesterday than on the opening day, and the prices paid were all fairly good, except in the last race, when the field gave only 90 cents over the five dollars put up, while in the books the winner was a 4 to 1 shot. These are the prices paid out: First race, favorite paid $19; second, the field paid $9.50; third favorite paid $9.15; fourth, the field paid $8.80; the fifth, the field paid $7.10; and in the last the field paid $5.90.

Conditions of New Races.

Following are the conditions of two races, to be run on Tuesday next, and left blank in the program book:

May 29—First Race—Queen City Purse; $400, of which $75 to second and $25 to third; entrance, $5; for 3-year-olds and up; 3-year-olds to carry 102 lbs.; 4-year-olds, 110 lbs.; 5-year-olds and up, 112 lbs. Winners at this meeting once, 5 lbs.; twice, 7 lbs extra. Beaten non-winners at this meeting allowed 5 lbs.; maidens allowed 10 lbs.; these allowances not accumulative; ¾ mile.

Sixth Race—Niagara Purse, $400, of which $75 to second and $25 to third; entrance, $5; for 3-year-olds and upwards. Horses entered to be sold for $800 to carry, if 3-year-olds, 106 lbs.; 4-year-olds, 115 lbs., 5-year-olds and up 120 lbs. If entered to be sold for $600, allowed 3 lbs.; then 2 lbs. for each $100 to $400. Winners at this meeting, 5 lbs. extra; maidens allowed 5 lbs.; 1 mile.

Entries will close to-day at noon for the Flash Purse, Mayflower Purse, Helterskelter Chase, Hotel Purse and May Handicap.

Horses can be schooled at the barrier at 9 o'clock each morning, and owners of 2-year-olds are particularly reminded that it is to their advantage to have their horses taught to break from the rubber.

Mr. E. F. Seagram was fined $5 for dismounting without the judges' permission after winning the Hunters' Handicap, but Judge Post afterwards remitted it.

This is Judge Post's tenth year in the stand at Woodbine, and it was marked by a gift of a fine pair of glasses from the club.

Who Supports the Races?

Sporting Editor World: As one of the patrons of the races, I wish to protest at the action of the Jockey Club in excluding the patrons of the betting ring from passing out into the paddock, etc.

Now, sir, I would like to know who it is that keep up the Woodbine races. Is it the codfish aristocracy of the members' stand or the general public, who seem to have all the privileges of entering the paddock and other parts of the ground? The Jockey Club should consider that there are others who are fully entitled to the privilege of seeing the horses after warming up, as well as the above mentioned aristocrats, who are a very small portion of the patrons of the races. I am sure if some of the swell-headed members were near the gates they would have heard remarks that were anything but complimentary to the executive of the club. I cannot see why the members wish to be so exclusive, as there is no evidence that they do not wash with the same kind of water as the general public, altho they may use a higher grade of scented soap, which is necessary to keep them on a par with their more humble brothers in the ring.

There are numbers who will not stand for such short-sighted meanness as this. As it is, the general public who are the largest patrons of the races and who are fully entitled to the privilege of the paddocks as members base their judgment on the fit condition of a horse to run by the way he warms to his work.

If the executive of the board had used the money in putting a walk between the track and grand stand along to the paddock instead of having its patrons walk along the dusty track, the cash would have been better spent than putting up those big white signs of no pass out checks, which privilege is only for the ten-dollar codfish in the grand stand.

It might surprise the board some day to have a big track on their hands and no patrons, as I have been on all tracks on the American Continent, and the Woodbine is the only one where the general public is not privileged to see the finish and entrance to any part not reserved on the grounds. Trusting you will enter this as a vigorous kick.

A Patron.

THE BROOKLYN HANDICAP TO-DAY

Fifteen on the Card for Big Opening Event at Gravesend—Final Trials.

New York, May 25.—The final work of the Brooklyn Handicap candidates took place yesterday under favorable auspices. Ethelbert's trial of one mile and a quarter never has been beaten, except by Troubadour, who reeled off the distance in 2.07¼. Ethelbert's time was 2.07 4-5. Other trials were: Jean Beraud 2.11½, Kinley Mack 2.09¾, Imp 2.10¼, Survivor 2.09½, Sarmatian and Strathcona 2.12½. Approval covered a mile in 1.40. Trainer W. M. Rogers worked in Murphy's great colt Raffaelo before daylight. He had boys stationed at the poles with lanterns, who swung there as the horse passed. The mile was done in 1.43, and one mile and a quarter in 2.09¼. The entries:

Shoes for Race Week.

Men's Patent Leathers $5 and $6

These Patent Leather Shoes have made friends every season. Good judges say that this year they are ahead of our own best. Why not? I know where to get the best possible patent leather. I know the best possible way to put it into shoes.

John Guinane,

15 KING STREET WEST.

Leon and Jimmy Smith.

Casper Leon has continually knocked at th door of the Crescent Club since his decisive defeat by Jimmy Smith last winter for a return, and Thursday returned to the city to press his suit, with the result that last night articles were signed in exactly the former conditions. The lads will come together again for 20 rounds at 115 lbs. on Saturday night, June 2, the last day of the races.

It was the betting event of the boxing season when they previously met, and the speculators who lost before are anxious and willing for the chance to get their money back, while Mr. Alcock and his friends are just as confident that Smith will again secure the verdict.

Leon will train at the Scholes' gymnasium. Jack Sullivan and Archie Woods will likely come together in the main preliminary.

Gans Knocked Out Hawkins.

New York, May 25.—Gans knocked out Hawkins at the Broadway Athletic Club in the second round.

Pure and Reliable.

Their "D.C.L." (black bottle) Whiskey is only bottled for Exportation, and is the result of a long experience of what a well-matured and absolutely pure and reliable Whiskey ought to be. Its quality and age never vary. The colonial taste as regards flavor has also been carefully considered and given effect to. Adams & Burns, sole agents, 3 Front-street east, Toronto. ed

The Neatest in the City.

Tailoring parlors are as yet an innovation in Toronto, but are a feature of the business in other metropolitan cities. "McLeod's" at 5 King-street west (upstairs), are up-to-date in every way. A trial order will demonstrate the advantages of this unique establishment. ed

Saves the Cost.

See what you'll save in a year by having Fountain, "My Valet," take care of your clothes. He sends anywhere for a single suit or coat in need of pressing or repairing. Charges reasonable. 30 Adelaide west. Telephone 3074. You can always be well groomed. 36

MEN WHO WORK IN THE DARK

Pass a Deal For the Purchase ot the Athletic Club With an Unknown Deal Tied to It.

ST. LAWRENCE MARKET BUNGLE.

Goes to the City Engineer for a Report on the Whole Matter Again.

The St. Lawrence Market site is still a battle ground for the architects. Eight members of that profession have already drawn fees ranging from $500 to $2500. Yesterday the City Engineer was asked for another report at the morning meeting of the Board of Control, and in the evening the Property Committee instructed him to bring in a report upon the reports already in. So the merry war goes on.

To Buy the Athletic Club.

The recommendation to purchase the Athletic Club site was sent thru by the Property Committee last night on a close vote. The advocates of the purchase talked about the independence of the McMaster estate at much length and harped upon the penalty clause in Lawyer Thompson's letter of $20 a day for every day allowed to pass after the 15th of May without closing the deal. This penalty was used as a weapon to force the recommendation of the committee.

Want to Unload It.

At the same time it was manifest that the McMaster estate is deeply desirous to unload the building. Commissioner Fleming still guarded his secret information about the side deal to sell 140 feet of the property to the west. It has been stated that this deal is the inspiring motive of all the hurry. The McMaster estate will not sell any portion of the land for fear of lessening the chance of getting rid of the building. There is no other prospective purchase than the city for the whole block along with the building, so that it needs explanation why a penalty of $20 a day should be held over the city for taking a reasonable time to consider the proposition. Mr. Fleming should be compelled to give up all the information he has in his possession about the mysterious side deal. The disposition now is to rush the whole thing thru with the aid of a $20 a day bogey.

At the Property Committee.

At 8 o'clock Chairman Burns opened the special meeting of the Property Committee. He made a reference to the visit of the members of the committee to the St. Lawrence Market.

Ald. Lamb reminded the chairman that the committee had agreed after a personal visit to come to a decision.

Mr. Siddall informed the committee that since his last report had been sent in he had been in communication with the Dominion Bridge Company, with the result that he had secured a further modification of the steel buttresses, which would reduce the additional estimate of $35,500 by $7000.

To Ald. Leslie he said the Dominion Bridge Company had approved of all this.

Engineer Rust's Report.

Engineer Rust handed in the report, which he had been instructed by the Board of Control in the morning to make. Its essential clauses read as follows:

"I am of opinion that the safest course to pursue is to take the piers and the south wall down and have them rebuilt in cement mortar. If cement mortar is used the old bricks could be utilized. Also that the piles should be cut off to the water level and covered with at least two feet of concrete. If this is done Mr. Siddall's proposed method to strengthen the piers to carry the wind pressure by a vertical steel column and outside buttressing could be modified by carrying the vertical steel column up thru the centre of the piers, which would avoid disfigurement. If these piers were not constructed according to the specifications the contractors could be compelled to bear the expense of tearing them down and rebuilding them. I also consider that the foundation of the basement columns should be altered as suggested by Mr. Jarvis. In connection with the floors I agree with Mr. Jarvis' report and consider that these floors should be constructed so as to carry 150 lbs. per square foot."

To Ald. Spence, the engineer said he had not looked carefully either into Mr. Siddall's or Mr. Jarvis' report, but he considered Mr. Siddall's report satisfactory and economical.

Ald. Spence: Have you compared the two reports as to their merits?

Mr. Rust: No; I have not, but I think Mr. Siddall's more satisfactory.

All Means Delay.

Ald. Lamb: In view of this opinion by Mr. Rust, I move that the whole matter be now referred to the Engineer's department.

Chairman Burns: But that would mean delay.

Ald. Lamb: Mr. Rust needs further time.

Chairman Burns: Is there no way of dealing with the matter at once, so that the work may proceed?

Ald. Lamb: I think we should refer it all to Mr. Rust now, to prepare a report, in which he could speak most definitely.

Mr. Rust said he would only need a week to make out a report. He added that he preferred Mr. Siddall's scheme, because it contemplated less room than Mr. Jarvis' plan.

Ald. Spence: Have you examined the brickwork?

Mr. Rust: Not very carefully.

Ald. Spence: Do you think it is good brickwork?

Mr. Rust: It is not very good, and is not very bad.

Ald. Spence: Is it good?

Mr. Rust: I do not call it good work.

Ald. Sheppard emphasized the unanimity of expert opinion, that the piles should be cut off at the water level. Let that be done, and let the work go on as soon as possible.

Ald. Spence supported these views, declaring that Mr. Siddall stood alone in saying the piles were safe, and the piers sufficient for all the pressure they would have to bear. He had spoken that afternoon to a professional man, who wondered at the wrangle that had been tolerated with regard to the cutting off of the piling. This expert showed him that in other countries the matter here in dispute was not left even to experts to wrangle over, but was the subject of legislation. Legislation dealt with it in England, and the State of New York had a statute, one paragraph of which Ald. Spence had copied. It said: "All piling shall be cut off below the lowest water line."

Ald. Spence hoped that Mr. Rust would go fully into the report of Mr. Jarvis, and bring in a comprehensive opinion. The committee could not forget that Mr. Jarvis, by appointment of Council, was architect of the market.

To Report in Full.

Ald. Lamb moved that the Engineer's department report in full upon the different works in connection with the St. Lawrence Market, considering all reports, and giving estimates of increased cost; and that the Engineer be allowed to engage any assistance required for the making of a prompt report.

This was carried unanimously.

That Club Site.

The recommendations laid before the committee with regard to the Athletic Club property for a technical school site were in the following terms:

The price to be paid will be $80,000 and taxes since Jan. 1, 1900, together with $20 per day from May 15, 1900, until the date of payment of the transfer with the vendor's lien as is hereinafter provided.

On the westerly 200 feet of the above property, the University authorities may make a claim against the city or any other purchaser, should such purchaser require to take down the fence and make access from the lot to College-street, should there not be access there now. In the present case, your committee are informed that the previous owners of this property and their representatives claim that the University authorities could not collect on the 200 feet above referred to.

What is the Deal?

In connection with the purchase of the above property, the Assessment Commissioner reports that he has had a cash offer for 142 feet 6 inches of the westerly portion at $150 per foot frontage, and he recommends the sale of it at this price. Your committee recommend that the Assessment Commissioner be authorized to sell the property at the above price, provided the proposed purchasers of it are prepared to take it and assume all responsibility of settling with the University authorities for the portion of the 200 feet which they desire to buy.

It is further recommended, if the above property be acquired, that the Board of Control immediately secure the services of an architect to report at once to this committee and the Council the least alterations which it will be necessary to make to the club building to have it provide proper accommodation for the requirements of the Technical School at the present time and the cost of the same.

Your committee are further of the opinion that the swimming bath and the lower floor of the Athletic Club building should not be interfered with or altered in any way at present, as the Council may think it wise to use it for the purpose for which it was originally designated.

The title of the property to be acquired is not to be transferred to the School Board, but to remain in the city.

Lamb Makes a Kick.

Ald. Lamb denounced the purchase of the Athletic Club property, accompanied by the proposition to sell the western portion, as the most complicated bargain he had ever heard of.

Ald. Dunn wished to know the purpose for which part of the property was to sold. He hoped that the Commissioner was not bringing one of his factories onto this site.

Ald. Sheppard declared it necessary to have the architect's estimate of the cost of changing the Athletic Club to a technical school before the recommendation of purchase should go thru. They should also know what rights the University people had and the cost to the city, and if they could charge for an entrance on College-street.

A long discussion ensued, at the end of which Ald. Lamb moved that the report be referred back. In amendment Ald. Spence moved that the report be adopted.

There voted for the amendment: Spence, Urquhart, Ward, Leslie and Frame—5. Against: Sheppard, Denison, Loudon and Lamb—4.

The chairman declared the amendment carried.

The meeting then adjourned.

WAS AN INGERSOLL MAN.

Neil McKillop Was Drowned in the Assiniboine River.

Winnipeg, May 25.—The body of Neil McKillop was found floating in Assiniboine River. He had a cut on the back of his head, and all his pockets were filled with stones. He had no money, but a watch and gold chain. He came originally from Ingersoll, Ont. He had recently been addicted to drinking, and was last seen over a week ago. The body had evidently been in the water about a week. The cut on the back of the head might suggest murder, but the police, who are investigating it, think it a case of suicide.

LOTTERY EVIL IN MONTREAL

Senator Dandurand Writes an Open Letter to Sir Wilfrid Laurier About it.

THE ROYAL ART UNION SCORED

Senator Does Not Want the Idea to Go Abroad That Only Frenchmen Are Implicated.

Montreal, May 25.—(Special.)—The Hon. Senator Dandurand has addressed the following open letter to Sir Wilfrid Laurier, on the subject of his amendment to the Criminal Code respecting lotteries:

Montreal, May 25, 1900.

Sir Wilfrid Laurier, Premier, Ottawa:

My Dear Premier: I understand that the members for Guysboro and Three Rivers aim at re-enacting the old law, or rather maintaining it as it is at present, with the amendments originally proposed by the Minister of Justice. This move would result in the maintenance of the lottery evil, because the prohibition to give money in lieu of objects of art to winners has been and will be eluded thru a neighbor purchasing back the objects of art. I can assert that no bona fide art associations are, or have been, taking advantage of this law, and I solemnly affirm that all the present art unions and societies which sell lottery tickets are bogus art societies, and that art with them is but the pretext for running lotteries. I do not except the Royal Art Union, which is a lottery venture pure and simple. Besides the question of public interest, which must be safeguarded, I have another reason to ask Parliament to wipe out this notorious nuisance, and I hope that the Quebec members will understand it. The United States struggled a long time to get rid of the Louisiana lottery, which was run in that only French state of the Union. They are now trying to stop the circulation of lottery tickets, which they call in their press "Quebec lottery tickets." I do not want the impression to go out to the world that these ventures can only take root in French centres. I have sufficient pride in my race to try and save it from such a stigma. I know that the Royal Art Union people have been lobbying to protect their private interests. Will they succeed as against public interest? Yours very truly,

(Sgd.) R. Dandurand.

HUTCH CURES TO STAY CURED

Mrs. Bennett Roberts, Concert Pianiste, Enjoys Through It a Healthy Vitality at the Age of Eighty-One.

"I Have Suffered All Manner of Torments," Says This Most Gifted Lady, "But Since Taking Hutch I Have Enjoyed Perfect Health"

Mrs. Bennett Roberts, 81 years of age. "At times," she said, "it seemed that I never would get well, and in my despair I almost longed for death. What I like in Hutch is that you get almost instant relief."

Marvellous have been the cures which Hutch has made. It would appear that recent successful treatments of chronic stomach diseases completely overshadow the cures made by that remedy in the past. Hutch has proven so mightily efficacious, of such wonderful power to do good, that subjects of mysterious and complicated ailments are testing it and are experiencing a return to health and happiness.

Mrs. Bennett Roberts of Yonge St., Toronto, had for years been subject to a peculiarly horrible affliction of the stomach, which had completely baffled the skill of specialists to diagnose and treat. At times it would seem to her that she would never get well, and in her despair she almost longed for death. The physical agony she endured was intense. Her very system at times would become numbed with pain. When her sufferings were at their worst, a merciful Providence would give her relief in unconsciousness. "In adding my testimonial to the Hutch medicine, I do so willingly, for I consider I have received great benefits. I have been in the musical profession since I was 11 years old, and I am now 81. I have suffered at times with fainting spells, always supposed to arise from over-study or over-work. I have had several attacks of prostration, so I thought I would try Hutch, and I have never had one since. Now, this is a great success for Hutch. I was recommended to take stimulants. I do not like them, and I do not believe in them. What I like in the Hutch Tablets is that you get almost instant relief. Mrs. Bennett Roberts, 250 Yonge-St., Jan. 2, 1900." The end is not yet. Consstantly cures made by Hutch are reported which vie in interest with any of those made in the London hospitals; in the Royal Vienna Hospital, or the Hotel Dieu of Paris. Any stomach disorder, no matter how serious, yields instantly to Hutch, and a conscientious treatment means permanent relief.

Hutch cures indigestion, heartburn, pain after eating. It is a doctor for 10 cents. Sold at 10c, 25c, 50c and $1.00.

PUBLIC AMUSEMENTS.

At Shea's Next Week.

For several years Lottie Gilson has been the favorite comedienne of the American vaudeville stage, but she never has appeared in Toronto. She will make her bow to a Toronto audience on Monday, at Shea's Theatre. As a reader of ballads she has no equal. Her style is distinctly her own, and never has been successfully imitated. Miss Gilson has starred with J. K. Emmett during the past season, and the two weeks she appears in Mr. Shea's theatres are the only vaudeville engagements she will play this summer. Miss Gilson has a number of new songs, which were written expressly for her. As an extra special attraction for the week, Mr. Shea has engaged Bert Coote, who is a great favorite in Toronto. This will be Mr. Coote's first vaudeville appearance in this city. He was here a few months ago with his own show, "The New Boy," Mr. Coote is a very clever comedian, and his sketch, "Supper for Two," gives him an opportunity to display all of his talents. Mr. Coote will be supported in his sketch by Miss Julia Kingsley, and Mr. Charles W. Macdonald.

Stuart, the Male Patti, has a remarkable voice, and his gowns are the best that money can buy. He makes three changes of costume at each performance, and his dresses are different each day. The Three Polos, on the high bars, have a turn that is both interesting and exciting. Cook and Sonora have a skit that is a laugh provoker. The Quaker City Quartette mix music and comedy in a most delightful manner. The Rixfords, in a balancing act, do some marvelous work. The Three Fanchonetti Sisters sing and dance splendidly. The show promises to be one of the best Mr. Shea has offered.

A Strong Story.

The authors of "A Grip of Steel," Shirley and Landeck, have made a study of the most effective incidents of melodrama, and they are said to have put together a series of dramatic incidents rarely equalled. Even the blase spectator of melodrama will be stirred by several of the situations in this play. Ronjarre, leader of a band of outlaws, has just been married and has reformed at the beginning of the play. His old associates taunt and ridicule him. They intimate that he has become a woman. He agrees to one more crime. While robbing a miser, not knowing his own strength, he strangles the old man. From that time forth he is hounded by the police and by Edouard, the miser's son, who aided and abetted the attack on the old man. Ronjarre assumes disguises and foils every attempt to capture him. In the guise of an Austrian police official he hears Edouard betray him to the authorities.

When Ronjarre is finally captured and handcuffed, Edouard tells Ronjarre's wife that he is about to be executed. The shock kills her, and Ronjarre vows to be avenged. By a clever ruse he escapes from prison, and, disguised as Mephisto, visits a masked ball where he finds Edouard. Being recognized, he exchanges costumes with the monk. He later strangles Edouard, but in the struggle he is himself fatally wounded. "A Grip of Steel" contains more than the usual proportion of mirth-provoking scenes. An excellent company presents the piece, and the scenery is said to be handsome and effective.

Matinee To-Day at Princess.

There will be two performances of "Delmonico's at Six," at the Princess Theatre to-day. Miss Helen Byron, who appears as Trixie Hazelmere, the queen of the vandevilles, is as captivating as ever, and her singing specialty is clever and much appreciated. Miss Byron appears at the Princess in "Delmonico's at Six" until next Wednesday night. She has been heartily welcomed by her hundreds of friends in Toronto. Her own company is with her, and it is a strong aggregation, presenting a very humorous play. Most of the performers have appeared several times in Toronto, and they were selected by Miss Byron for their special fitness for the characters they portray. "Delmonico's at Six" is correctly staged in an elaborate manner. It is an up-to-date comedy, and will doubtless attract large audiences until the end of the engagement.

St. Margaret's Minstrels.

St. Margaret's Minstrels, with a chorus of 40 voices, will give an entertainment in St. Andrew's Hall on Tuesday evening next. The program will conclude with a farce comedy, entitled "Tell Your Wife."

NOTES FROM KINGSTON.

A Queen's Birthday Celebrater Caught in a Frog and Maimed —Bugler Badly Hurt.

Kingston, Ont., May 25.—William Convery, working at the Coteau elevator, desired to spend the Queen's Birthday in Kingston. He started for the train, got his foot in a frog, and, to save his leg, had three toes taken off by the engine. He was brought to the city and the wounds cared for in the General Hospital.

James H. Smith, an old and esteemed resident of Collins' Bay, died yesterday, aged 72 years.

John Gibson, Inverary, was relieved of $85 in cash and a cheque for $32 by a pickpocket in the city yesterday.

One of the members of the bugle band of the Victoria Rifles met with a serious accident while en route from Montreal. Some person handed him a cannon firecracker, and he, not knowing it was lighted, held it in his hand. It suddenly exploded, blowing off one of his fingers, and injuring his hand so badly that another finger will have to be amputated.

The Tecumseh Lacrosse Club start this afternoon at 3 o'clock on the Island regular practice for their first championship game with Orangeville on the 16th June here. Orangeville have a first-class team and a good game is promised. The coats are now running regularly and practice will be continued every evening next week, and all members of both senior and junior teams are requested to be on hand early.

FACTORY-PRICE BICYCLE SALE

Our 1900 travellers' bicycle samples can't be sold as new wheels.

So we are going to sell them to-day at the factory price.

Being samples, they are the best wheels we can turn out. They have specially selected tires and saddles.

Nobody has ever ridden them. They are perfectly adjusted. They are finely finished.

The wheel is all ready for you to take away the moment you buy.

We can't name the wheels here. Come and see them. They are all different. None of the wheels are represented in Toronto. No other National bicycles will have the price changed.

Only these samples may be had. When they are sold, there will be no more.

You must hurry to see them. You must come in early. The earlier you come in, the better.

You will never get this wheel chance again during this year. It is a genuine sample sale. The wheels are ready for immediate delivery. All are 1900 models.

The Gear Is Inside

The Sterling Chainless models have the gear wheel between the crank axle bearings. The result is that there is no undue wear on the right bearing of the crankshaft.

The bracket may be made much lighter, because there is no side twist, as the gear is near the centre, not at the extreme end of the bracket.

Every ounce applied to the pedals reaches the rear rim, as there is no "give" to the Sterling frame with the inside gear. Let us show it.

It Runs Without Sound

You can ride the Monarch Chainless without feeling any pedal-vibration from the gears. The gears may be separated or drawn closer together with the greatest ease. All the Monarch adjustments are made from the outside of the wheel.

The gear teeth are so scientifically cut that they run without sound. They are hardened, and will not wear out quickly. The Monarch Chainless is perfect. Come in and see it.

The Standard Chainless

We have twelve chainless bicycles among the National wheels, and the Columbia Chainless is the Standard.

The large gear wheel is always true. It is the hardest gearing to make in all chainless wheels. But in the Columbia Chainless it is of such a shape that in tempering it shrinks into its proper scientific form. And it is absolutely perpendicular to the crankhanger.

All parts are protected from dust. It needs no graphite. It is always clean.

Just Half the Wear

In E. & D. four-point bearings the load cannot give itself any leverage, as the bearings only carry the load in a direct line from axle to hub.

The pressure on the E. & D. four-point bearings is divided in each bearing between two points, while in ordinary bearings it all comes on one point. In the E. & D. four-point bearing, as compared with the best bearing of any other type, the pressure is just half. Just half the pressure. Just half the wear.

Hussars Were Inspected.

The Duke of York's Hussars were inspected by the Governor-General yesterday. They also put in a good day's work at squadron drill, guard work, individual squad drill, extended formations, etc., and their commander was pleased with the result. Major Heward, R.C.D., inspected them thoroly, and he also was satisfied with the progress they were making.

Instructors for the Camps.

The commanding officers of the city regiments were notified last night that a limited number of instructors will be employed at the approaching military camps. Non-commissioned officers are requested to send in their applications at once, stating their qualifications. The instructors will be classed and paid as follows: First class, 50 cents per diem in addition to pay of their rank in militia; second class, 40 cents per diem; third class, 30 cents per diem.

HOW CANADA DEALS WITH FENIANS.

It is just five weeks ago to-day since the Welland Canal dynamite outrage took place. It speaks volumes for the efficiency of the administration of justice in Canada that the perpetrators of the crime have been tried, convicted and sentenced, all within that short space of time. The sentence of life imprisonment for the three criminals was a just one. The crime was one worthy of capital punishment, and it is only because the law does not permit of capital punishment in cases of this kind that Nolin, Walsh and Dullman were not sentenced to death. Public opinion would have endorsed capital condemnation for the outrage. It was one of the most diabolical crimes that were ever attempted in this country. Hanging is too good for the fiends who had in contemplation a work of destruction that would have brought death to scores of people and financial ruin to hundreds of families. The crime was an inhuman, dastardly one. It is a matter for congratulation that no Canadian has been connected, either directly or indirectly, with the outrage. There is no doubt at all that the prisoners were acting under instructions from a Fenian organization. The crime was the outcome of a Fenian plot. Our duty in this connection does not end with the conviction of the prisoners. The latter must be strongly guarded, and especially during the interval until they reach the penitentiary. The prisoners have hundreds of associates on the other side of the border, and there is no telling what the latter may do in a moment of desperation. Trouble may be anticipated at any moment. We hope that the strictest watch will be kept over the prisoners till they are safely lodged in penitentiary, and even there the vigilance of the officials must not be slackened. For the satisfactory outcome of this affair no little credit is due to the local constables who made the arrest, to Detective Murray, who collected the evidence, and to Mr. E. F. B. Johnston, the prosecuting counsel. We wish to warn our Fenian friends on the other side of the border against paying any more visits to this country. The climate is sure to disagree with them. Apart from the climate, they are liable to get riddled with lead. If they are wise, they will give Canada a wide berth in the future.

WHAT EXPERIENCE SUGGESTS.

We have had an unfortunate experience of late in the construction of our public buildings. The Municipal Buildings stand as a perpetual warning against our undertaking any work before the full cost has been definitely ascertained. It is nearly one year and six months since the money for the St. Lawrence Market improvement was authorized by the people. We are to-day in worse shape in regard to this building that we were before it was decided to undertake the improvements. Nearly everything we have touched in the building line has ended in delay, muddle and expense. We surely ought to profit by our dearly acquired experience, and keep out of similar trouble in the future. The building of a Technical School is about to be undertaken. Let us make an effort to have this work carried out on business principles. Before spending a dollar on the purchase of a site, or the erection of the building, let us get the final cost reduced to cold cash. We must deal with no one except those who are fully responsible to carry out whatever work they contract to do, and in the time specified. We want no more delays, such as have occurred in the erection of the Don bridge, no white elephant of the Court House variety, no duplication of the St. Lawrence Market muddle. Present indications point to our getting into a muddle at the very outset in regard to the proposed technical school. It is proposed to purchase the Athletic Club on College-street and have it remodelled into a suitable technical school. It is necessary to proceed cautiously in this matter. The building in question was not designed for a school, and it is questionable if it can be remodelled into a school with any degree of economy. At any rate, the cost of remodelling must be ascertained before the city commits itself to the purchase of the property. What we should do first of all is to secure plans of a building, such as we would erect if we were putting up an entirely new structure. Such plans will show, or they ought to show, the best design for a school, such as we need. If the Athletic Club can be remodelled so as to conform with this design, at a cost that will not exceed the cost of a new building, the proposition may be entertained. But if the architectural features of the Athletic Club will not permit of economic reconstruction, the sooner the idea of acquiring the property is abandoned the better. Whatever course is taken, we insist that the public shall be assured that the cost of the building will not exceed a certain specified sum, that the building will be finished in a given time, and that it will be exactly suited for the purposes for which it is intended.

THE MEMBER FOR EAST TORONTO.

The World trusts that the report that Mr. John Ross Robertson will not seek re-election in East Toronto is unfounded. Parliament would be a much more worthy institution if it had a few more men like Mr. Robertson in its numbers—members who are beyond the dictation of corporations, who are ready to take the side of the people, who have no favors to seek. When a man like this does get into the House, he ought to be kept there—even if only as a curiosity. But The World has hopes that the next Parliament will contain at least a dozen men like the M.P. for East Toronto, and if that should arrive our politics will be improved and business methods take the place of the present lack of system. Mr. Robertson can easily make an arrangement with his constituents that will give him a certain amount of freedom, and yet allow him to do a real service to the country by standing up for clean and progressive government, government in the interest of all the people, and not government for the grabbers and grafters who seem to own the land to-day.

SMASH THE CORRUPTIONISTS.

Sir Wilfrid Laurier made a "sudden and dramatic change" on the question of the election frauds. He decided, at the eleventh hour, to have a judicial enquiry. Why? Did he have Mr. Birmingham in view as a witness to show up the other side?

The Liberals these days are busy in two directions; first, in pretending absolute ignorance of the frauds, and, second, that the Tories were worse than they are.

The great fact now getting into the public mind is that the late frauds were committed in the interest of the Liberal party, and that this alone is sufficient ground for smashing the Liberals at the coming elections. If the Conservatives are also guilty, smash them, too. And let the people keep on smashing the corruptionists as fast as they are exposed.

IT ENDED HER TROUBLE.

"I never courted newspaper notoriety, yet I am not afraid to speak a good word for your 'Favorite Prescription' and 'Pleasant Pellets.' Over a year ago I suffered terribly for nearly four weeks with prolapsus and weakness. After using one bottle of 'Favorite Prescription' and one of 'Pellets,' I was a well woman. I have taken no medicine since and have had no symptoms of my former trouble."—Mrs. E. A. Bender, Keene, Coshocton Co., Ohio.

THE STRIKE OF MACHINISTS.

President O'Connell of the International Association Speaks at a Mass Meeting.

TELLS WHAT THE FIGHT IS FOR.

Will Interview the Masters To-Day and Try to Bring the Strike to an End.

St. Andrew's Hall was nearly filled last night on the occasion of the mass meeting of machinists, and the greatest enthusiasm prevailed. The principal speaker was Mr. James O'Connell of Washington, president of the International Association of Machinists, who delivered a stirring address. Mr. Resse Finch, president of the local branch of the machinists presided, and seated on the platform beside him were: Mr. O'Connell, Rev. S. S. Craig, Mr. David A. Carey, Mr. Charles Woodward, Mr. William Gibson and Mr. A. W. Holmes, delegate to the International Executive.

Talked on Monopolies.

Rev. S. S. Craig spoke of monopolies, their menace to the labor movement, and their effect on the workingman. It was necessary for the wage worker to shake off these chains which bind him, and which rob him of his liberty. Until this was done, it was impossible, said the speaker, to have religion, as it was one essential of religion to be free. He asked those present to avoid the politician, but to fight for their rights. The work of the monopolist, he declared, was far reaching in its effect. Some men, he said, would even use the sunshine and the air to better their own ends, if it were possible.

Mr. O'Connell's Address.

Mr. O'Connell expressed pleasure at being given the opportunity to address the mechanics of this city. He was here for the purpose of arranging, if possible, a settlement with the employers and employes of the various factories where the strike is on. He assured his hearers that it was not his intention to denounce the employers for not coming to a settlement, or to antagonize the employers of labor. The employers of labor were cold-blooded business men, who put their money in business to get large dividends.

Struggle in the States.

In the United States labor was struggling for better conditions, but he thought over here mechanics were working without making a protest or uttering a murmur in the hope of getting better wages and shorter working hours. The reason that a Canadian mechanic is not making as much as his brothe in the United States was owing, he declared, to the fact that in Canada labor was not organized, and could not battle with capitalists, like labor was doing in the United States.

Organization Necessary.

In defence of his argument, he referred to the conference held recently in New York between men of money and representatives of labor, where a satisfactory settlement was arrived at, which will hereafter prevent strikes and lock-outs. The strike of machinists in Toronto could hardly be termed a strike, he thought; it was being carried out in a gentlemanly manner, while the community was hardly aware that the trouble existed. Machinists in the United States were well aware that a strike was in progress, and it was their wish that the Toronto men should be victorious.

No Geographical Lines.

Mechanics knew no geographical lines between Canada and the United States, and the fight of one meant a fight for all. Mr. O'Connell dwelt at some length upon the great benefits to be derived from the result of the New York Conference, and showed to what an extent the workingman would be bettered. The same conditions between employer and employe, he declared, would soon prevail in Canada and he believed that manufacturers here would soon see their way clear to come to an agreement with the men they hire.

Wage Worker an Agitator.

He believed that the wage-worker was an agitator, but what they agitate for was better conditions under which they work. The workingman was being driven from pillar to pillar and was being black-listed. Men went from this city to London, but on arriving at the latter place were told that they could not be given work as they were strikers from Toronto. This Mr. O'Connell believed was persecution and the working man had a perfect right to fight against it. Continuing, the speaker said that the man who took the place of a striker, even tho he was being paid increased wages and was promised all kinds of things, was a coward.

"We Are the Cusses."

"If the employers are looking for a fight, we are the cusses that will accommodate them. We in the United States are prepared for it, but we would rather have all our troubles amicably settled."

In conclusion, Mr. O'Connell urged for more learning, less vice, more schools, less prisons; more education, less ignorance; more opportunities for earning a living, that the man who builds churches and turns out the widow, who does not pay her rent, be relegated to the rear. "When we have these we will have reached that stage where we can enjoy life and live better."

Mr. Carey also delivered an able address on the benefits of organized labor. The meeting closed with cheers for the Queen and the speakers.

Mr. O'Connell while in the city will wait upon the heads of the firms where the machinists are out on strike for the purpose if possible of effecting a settlement.

Cricket at Bishop Ridley.

St. Catharines, May 24.—On Ridley College's grounds on the Queen's birthday Gordon, Mackay & Co. met the college eleven in a two-innings match, and in the first innings scored 108 runs, against 70 made by the college. In the second innings the mercantile eleven was disposed of for 76 runs, while the collegians scored 57 for the loss of 4 wickets. Had time permitted the game would probably have had a close finish. LIFE!

The man missed the train, not because he didn't run fast enough, but because he didn't start in time.

The life insurance train is missed by a great many men in the same way. They make a desperate attempt to catch it when it is out of reach. If they had only taken out a policy in the NORTH AMERICAN LIFE when the agent advised them to, they would have been saved all the worry and remorse they have now to suffer because ill-health prevents their acceptance.

The NORTH AMERICAN LIFE in 1899 wrote in new business $4,929,140, exceeding the best previous year by nearly one million.

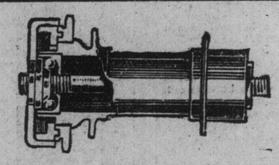

Its percentage of net surplus to liabilities exceeds that of any other home company.

AFTER RACE TRACK TOUTS.

Seven More of the Mysterious People Were Run in by the Detectives Yesterday.

The detectives continued their crusade against race track touts at the Woodbine yesterday afternoon and captured seven young men who hail from across the line. At the Wilton-avenue station they registered as Daniel Murphy, Columbus; Frank E. Hall, Cleveland; Joseph Edwards, Buffalo; William Detrich, Buffalo; Robert Gilusky, Kansas City; Edward Finley, Buffalo, and Hugh Gritten, Iowa. Detectives Forrest, Porter, Siemin and Cuddy made the arrests.

A $300 Blaze.

Fire broke out yesterday afternoon in a three-storey rough-cast house at 377 Ontario-street, occupied by George Barker and owned by Samuel Parker. The two adjoining houses, occupied by William Rooney and Thomas Maloney, were also slightly scorched. The complete loss is placed at $300, covered by insurance.

A GENUINE MARVEL

A Case Now Exciting the Wonder of Canadian Doctors.

A reporter had the pleasure to-day of making the acquaintance of a young lady whose name has been prominently before the public of late, and whose case has excited the deepest interest in medical circles, not in Toronto only, but throughout the Dominion. The young lady referred to is Miss Laura Sheehan, who, in company with her mother, paid a visit to the office of The Arnold Chemical Company, Limited.

Miss Sheehan's case is still fresh in the memory of our readers, but certain details which were not published, but which Mrs. Sheehan narrated to our representative, add greatly to the interest of the affair.

"I never expected Laura to live till this Christmas," said Mrs. Sheehan. "When the nurse and the doctor in charge at the hospital told me that she could not last long, I said that it would be hard for them to tell what was wrong with her; and when I saw the condition she was in, my heart sank. Her tongue and cheeks were swollen so much that the insides of the cheeks and the edges of the tongue were all raw and ragged and bleeding."

"What caused that?" queried the reporter.

"Her teeth," answered Mrs. Sheehan. "The tongue and insides of the cheek seemed to get between her teeth. She was too weak to chew her food, and I had to cut it into little pieces. Even then she had the greatest difficulty in swallowing it. All feeling had left her flesh. She could not move a muscle—only roll her eyes.

"The doctor I called in last told me he could do nothing for her; but, agreeable to my entreaties, he consented to treat her for a month. His medicines failed to do her any good. When I was advised to try Dr. Arnold's English Toxin Pills I was sick of the very name of 'pills.' I had tried so many kinds of them—had actually deprived my family of ordinary necessaries to buy them—and none helped her.

"But she hadn't been taking Dr. Arnold's English Toxin Pills very long before she could talk, and after that her recovery was steady and uniform. People who saw her when she was ill can hardly believe it is herself when they see her. To-day a lady ran across the street as we passed her house, to convince herself, she said, that Laura was really better. Dr. Arnold's English Toxin Pills saved my daughter's life, after the doctors had given her up. At the hospital the doctor asked me if any of her ancestors had been insane or died of paralysis. I answered no in each case. They then asked if she ever had St. Vitus' dance. She never had. Then they couldn't tell what was wrong. However, Dr. Arnold's English Toxin Pills cured her. That's the main point. I am convinced that thousands who are suffering to-day would get well, and thousands who have died untimely deaths would still be alive, if they had used Dr. Arnold's English Toxin Pills."

The case is truly a remarkable one, and Dr. Arnold's English Toxin Pills are the greatest medical blessing of the century.

Dr. Arnold's English Toxin Pills, the only medicine on earth that cures disease by killing the germs that cause it, are sold by all druggists at 75c a box; sample size, 25c, or sent, prepaid, on receipt of price, by The Arnold Chemical Company, Limited, Canada Life Building, 42 King-street west, Toronto.

AMATEUR PROGRAM FOR TO-DAY.

Park Nine Play Crescents and St. Mary's the Wellingtons in Senior League.

In the Toronto Senior League to-day, the Crescents go up against the Park Nine Club at 2 o'clock. Manager Sheppard of the Crescents has signed a new twirler, with whom he going, he says, to defeat the leaders. As the Park Nine have set out to win the pennant, a good game will doubtless be seen. Scott and Camplin will be the battery for the Park Nine, McGarry and Fitzgerald doing the work for the Crescents.

At 4 o'clock the St. Mary's team play the Wellingtons, their old rivals. As considerable feeling exists between these two teams they will put their best players in the field, and a good game should result. Willie Reid, for the Saints, will probably spring a few new curves on his opponents, being supported behind the bat by Crutchy Wiggins. Drohan or Mahoney will pitch for the Wellingtons, supported by O'Dea or George Johnston. Eddy Reid will umpire both games.

The Arctics meet the Garretts at Grace and Arthur-street, at 3.30. The Arctics are requested to be at Sumach and Wilton-avenue at 2.15.

The Capitals play the Metallic Roofing Company at the Exhibition Grounds. Players are requested to be in Ketchum Park at 2 o'clock.

The Wellingtons' team to play St. Mary's on the old U.C.C. grounds this afternoon will be chosen from the undermentioned: Brennan, Murphy, McGuire, Burkhardt, Thompson, Carley, Drohan, Furlong, Defoe, Johnson, Mahoney and O'Dea. All players will report at 2.30.

The Baldwins play the Victors at 3 p.m. at the head of Sherbourne-street bridge. The following players are requested to meet at the corner of Baldwin and Beverley at 1.30: Burrows, Hanna, McMillan, O'Hearn, Cronin, Minton, Alberts, O'Brien, Little, Miller, McGowan, Moreland.

The following players will represent St. Simon's against Grace Church at 3 p.m. Rosedale: White, Whalley, Labbatt, Daniel, Doran, Murray, Hewitt, Greer, R. Bell, Gardiner.

The following players will represent the Pastimes in their game with the Atlantics on Stanley Park at 2.30 p.m.: Leake, Tolley, Cadman, A. Cadman, Nye, Mullen, Brydon, O'Leary, McHenry, Costello, F. Robson, Dandy, Thornton.

The team to represent the Broadways of the Intermediate League against St. Michael's will be picked from the following: Beatty, Beemer, Brennan, Colby, Collins, Corbett, Drohan, Elliott, Mooney, Mottou, Mulhall, Sinclair, Strain and Walker. All players are requested to meet in Stanley Park at 2 o'clock.

The Toronto Church School Juniors defeated the St. Andrew's Juniors by a score of 52 to 15.

The Parkdales and Bantams of the Intermediate League will meet to-day at 3 p.m. at the Bridges, Scarboro-avenue. The Parkdales will be represented by the following players: H Holden, A Cummings, D Fraser, A Falkner, J Brennan, G Burns, H Yearsley, J Burns, B Maddox, Shannon.

The following will represent St. Simon's Juniors in their game with St. Matthew's on the latter's grounds: Parry 3b, Daniels cf, Dozer ss, Price lf, Parker rf, Hughes 1b, Doble 2b, Furest p, Gledhill c. A Bedford, umpire.

The following team will represent the Brownies in the Junior League game at Exhibition Park: Cooper p, Hardy p, Ferguson c, Macdonell 1b, Rattery 2b, Everest ss, Wesley 3b, Wanless lf, H Menzie cf, Crumpton rf. Game called at 4 o'clock.

The Crawfords will pick their team from the following for their game with the Brownies in Exhibition Park, at 3 p.m.: Wilkes, Walker, Bracken (captain), Stewart, Calhoun, Piper, Clements, Holland, Messenger, Davies, Hodges and Dunn.

The following will represent the Western Stars in their game with the Brunswicks: Trenwith, Webster, Gibson, Kerr, Robinson, Walker, O'Brien, King, Morris, Macgregor and Crawford.

The C.P.R. messenger boys failed to show up at the match arranged by them to come off with the G.N.W. boys last night.

The following players will represent the Marlboros in their league game with the Royal Oaks on the east side Don Flats, at 3 p.m.: Williams, Burns, Playter, Grabam, McMulkin, Britton, Meecham, Sharpe, Nicholson, Rogers and Archibald. The players can reach the grounds by taking a Winchester-street car.

The Garrett-Arctic game will be played on the Grace-street diamond. The Garretts will pick their team from the following players: Liddell, Hickey, Culley, Sargent, Tedford, Woodward, Bannon, Bentley, Reid, Stinson, Leman, Malloy, Ball, Henry.

The Park Nine meet at the British Hotel at 1.30 p.m. to get ready for their game with the Crescents.

The team to represent the Ontarios in their Junior League game with the Standards in Riverdale Park at 3 p.m. will be picked from the following: Duggan, Armstrong, Amella, Gale, Barlow, Cowle, Cook, Harding, Shea, Smith, Stratton, White, McDole, Legoode, Slee. As these teams are playing fast ball, a good game may be expected.

The Atlantic team will be picked from the following for their game with the Pastimes at Stanley Park to-day: Evans, Boyle, Finlay, Fraleigh, Lailey, Pickering, Jordan, Chambers, Elton, Flynn. The Atlantics defeated the crack Port Perry team on the holiday by 11 to 9 in a closely-contested game. The Atlantics have nothing but good to say of the treatment they received. The features of the game were Evans' batting and the base-running of the home team.

The following team will represent the Dukes in their game with the Canadians on the former's grounds at the foot of Strachan avenue, at 3 o'clock: Ward c, Lobb p, Spencer 1b, McGarr 2b, Lee ss, Mansell 3b, Carroll rf, Sharpe cf, Downing lf.

Skiff Club's Annual Regatta.

Queen's Birthday, 1900, will be a day long to be remembered by the yachtsmen of the West End Club, as a record-breaker in the line of a regatta. Over 400 guests responded to the invitation to be present and enjoy the soft, warm breezes which were wafted across the lake, evidently for their sole benefit. Over a score of boats had entered in the races, and, with the freshening breeze, there was a great deal of excitement as to which would first cross the line. Nearly every club in the L.S.S.R. was represented by their fast 16-footers, but it was left to the trim little Do-Do to finish first. The Vixen persisted in leading the other boats over the line in the special class race, while the Typhoon swept down the course and captured the first prize from a dozen competitors in the yacht race. Among the fast boats which entered in the several races may be mentioned the following: Do-Do, Lady Adelaine, Hustler, Typhoon, Viva, Britannica, Vixen, Dum-Dum, Pirate and many others. The sculling races were very exciting, while the field sports were very closely contested, with large entries in every event. The officers entertained the visiting yachtsmen and guests to a splendid spread in the club dining hall, which was followed by a concert and presentation of prizes. The day closed with dancing, which was indulged in until an early hour.

Association Football.

The Scots and Gore Vales will meet this afternoon on the University Athletic grounds, West Bloor-street, at 2.30 o'clock, in the first of a series of games to decide the championship of the Toronto Football League and incidentally to determine who will have the honnor of meeting the winner of the W.F.A. for the Caledonia Cup on July 1 next. Both teams are in the pink of condition, and a very hotly-contested game may be looked for. Browning and Bradley are back again with the Scots; these two, with Jack Stinson, will put up a fine game. Tommy Dale has joined the Vales and can be depended upon to fish them out in his own inimitable manner. Mr. Arnot will referee. A small admission fee will be charged, but ladies will be admitted free.

Sporting Editor World: In yesterday's edition the result of the football match between Woodstock and Riversides of Toronto at Woodstock on the holiday was incorrectly reported to be 2 to 1 in favor of Woodstock. The report should have read 2 to 1 in favor of Riversides. This was the second game in the W.F.A. The Riversides play their next game in Seaforth on Friday, June 1. George Vick, secretary.

The team to represent the Toronto Scots in the first league game against Gore Vale on Varsity Athletic Field will be picked from the following: McKendrick, Mott, Humphrey, Stinson, Browning, Bradley, G. Humphrey, Macdonald, Munro, Jones, Booth, Sinclair, Wase, Pitcher, Turnbull. All players are requested to be on the field not later than 2.30 p.m. A close and exciting game is expected, as both clubs have a large support.

At the Traps.

The bluerock shoot at McDowall's grounds on Thursday morning was well patronized, several horsemen taking part in the shooting. Scores:

Shoot 1, 10 birds, $1 entrance—G Bruce 9, G E Segworth 8, C West 8, R Vint 7, H Wilson 6. Shoot 2, same conditions—Bruce 9, Sands 7, Segworth 7, Vint 7. Shoot 3—Molton 8, Bruce 7, Wilson 6, Segworth 6, Sands 6. Shoot 4—Thomas 8, Sands 7, Best 7, Vint 6. The open shoot at the same grounds will be held this afternoon at 2.30 o'clock.

Dick Grant, the famous Harvard champion, and Jack Caffery, who recently returned from Boston with the 25-mile championship, run ten miles over a splendid quarter-mile track at the Hamilton Cricket grounds to-day, starting promptly at 3 o'clock.

ANOTHER NIAGARA SUICIDE

Man Dressed as a Priest Sat for His Photograph and Told Where to Send It,

THEN LEAPED INTO THE RIVER

Photographer Tried to Stop Him, But He Waved a Farewell and Jumped.

Niagara Falls, Ont., May 25.—Late this afternoon a man about 40 years of age, dressed in the clothing of a priest, arrived at Niagara Falls, N.Y. Reaching the northern end of the city, he visited Och's saloon, drank some beer, and then went to the rapids, viewed the elevator building and made the descent on the incline railway to the water's edge, immediately below the G.T.R. steel arch bridge. After spending a few minutes viewing the rushing rapids at his feet, Mr. Dietrich, the photographer, solicited him to sit for a picture, which he did, removing his hat. When it was taken he left instructions to have the photo sent to 301 52nd-street, New York City. Then, at 6.15 o'clock, deliberately, bare-headed, he walked out on the large rock projecting out into the rapids. The photographer called to him, "Stop! What are you trying to do?" The man waved his hand, saying, "Goodbye," and leaped into the rapids. He was soon swept down thru the Whirlpool rapids. His hat and cane were left lying on the bench, and were handed over to the authorities.

SHAW AND WALLACE

Leaders in the Tournament for City Whist Championship.

The second round of the city pairs whist champion contest was played last evening at the Athenaeum Club, and the following teams secured high scores: Beeton and Brown, Manison and Frazer, Shaw and Wallace, Corlett and Cox and Fuller and Ledger. The net result of the two sessions put the leaders in the following order:

Shaw and Wallace	17
Beeton and Brown	14
Biggar and Burritt	9
Fuller and Ledger	8
Armstrong and Wilkie	3
Corlett and Cox	3
Manison and Frazer	2

The last game will take place this evening at the Toronto Whist Club. Play will start at 8.30 sharp. All whist players are cordially invited.

Paris Masters Tourney.

Paris, May 25.—The fifth round of the chess masters' tournament was begun this afternoon. The men played against each other in the following order: Mortimer v. Sterling, Rosen v. Marco, Didier v. Pillsbury, Marshall v. Brody, Lasker v. Marocsy, Mieses v. Tschigorin, Janowski v. Mason, Showalter v. Burn, Schlechter a bye.

When time was called for the first adjournment, the games stood as follows: Didier had a good game against Pillsbury; Janowski had the better position against Mason; Mieses had beaten Tschigorin, while the rest of the games could be considered even.

Toronto Swimming Club.

The Toronto Swimming Club opened their season of 1900, which promises to be the red letter year in its history, on Queen's birthday. No formalities was the order of the day. A large number of members, old and new, old-time war horses, the baseens and the would-bes, were present and talked over old times, while a few of the more ambitious ones indulged in their first swim for the season. Mr. Firth, an old-timer, who has recently returned to the city, was present. He will take in hand the life-saving classes of the club, commencing Saturday, June 9. A full and regular program is mapped out for the summer. The next number is Saturday, June 2, organizing water polo teams.

On English Turf.

London, May 25.—At the second day's racing of the Doncaster spring meeting today, Mr. Richard Croker's black colt Manhattan Boy, by Imp. Galore—Martha Washington, won the Fitzwilliam Stakes, with L. Reiff in the saddle. L. Reiff also captured the Corporation Stakes on Gereon.

BANK ROBBERS AT DUNDAS.

Attempt to Crack the Bank of Commerce—Ledgerkeeper Fired at the Burglars.

Dundas, Ont., May 25.—An attempt was made at an early hour this morning to rob the Canadian Bank of Commerce here. The burglars, after making a futile attempt to effect an entrance by the back door, managed to get in thru the front door, but in doing so awakened the ledger keeper, who slept above the bank. He could not see the intruders, but fired a revolver thru a grating in the door.

The burglars then went into the street and opened fire on the bank, waking Chief of Police Twiss, who arrived on the scene after they had disappeared. Nothing was taken away by the thieves, who left their tools.

THAT TELEGRAPH AGREEMENT.

The Suit to Set Aside the Contract of 1881 Heard by Supreme Court.

New York, May 25.—The case of Frederick Lenchter against the Western Union Telegraph Company, the Montreal Telegraph Company and the Great Northwestern Telegraph Company, praying that the agreement between the companies of Aug. 17, 1881, might be set aside, was heard by Judge Smith in the special term of the Supreme Court of New York State, at George, Staten Island, yesterday.

The plaintiff and George D. Perry, secretary of the G.N.W. Company, were the only witnesses called for the case, and Thomas F. Clark, vice-president of the Western Union Telegraph Company, and Ross, secretary of the Montreal Telegraph Company, were called for the defence. It was finally agreed that counsel might submit briefs on the question. Whether assuring bad faith on the part of the plaintiff, he was notwithstanding entitled to question the validity of the agreement.

Erastus Wiman was present during the hearing.

An Irish Baronet.

Sir Henry Lynch Blosse of Athavallie, Bala, Mayo County, Ireland, passed thru the city yesterday and registered at the Queen's. Sir Henry is the 10th successor to the baronet, and owns an estate of 23,000 acres in Ireland.

THREE MEN WERE KILLED.

Disastrous Accident on a Trolley Line at Akron, Ohio—Many Persons Injured.

Akron, May 25.—Three men were killed and a number of others seriously injured as a result of an accident to a work train early to-day on the Akron and Cuyahoga Falls Rapid Transit (electric) suburban line.

The brakes on two cars loaded with gravel and carrying about a dozen workmen became disabled at the top of a steep grade. The cars rushed down the incline at a terrific speed. Nine of the workmen jumped from the cars as they sped along, and were seriously injured.

Three men stuck to the cars until they jumped the track at the bottom of the hill, and were killed in the wreck.

Macdonald Day.

The executive of the Toronto Conservative Club met last evening to complete arrangements for the decoration of Sir John A. Macdonald's monument on June 6. This, the third annual decoration, promises to be the most successful yet held. The following speakers have promised to attend: Hon. Geo. E Foster, M.P.; J. G. H. Bergeron, M.P., G. V. McInerney, M.P., R. L. Borden, M.P., J. P. Whitney, M.L.A., W. H. Hoyle, M.L.A, and N C. Wallace, M.P.

KAY'S | "Canada's Greatest Carpet and Curtain House." | KAY'S

Another Lot of Carpet Bargains

This is our third big special in Carpets. Axminsters and Wiltons came on two weeks ago. Brussels was the special for the early part of this week, and a bigger success in carpet selling is yet to be recorded by any Toronto house.

Starting Monday morning the attraction will be end lines in some of our most desirable goods—quite out-of-the-ordinary carpets. We have gone carefully over the stock and marked down a large lot. Here are some prices:

—Our Beautiful Mosaic Axminsters, special for $1.00.
—Our Famous $1.50 Axminsters, to clear, at $1.00.
—Our beautiful line of Victorian Axminsters, sold regularly at $3.50, clearing at $1.50.
—A line of very heavy Royal Axminsters, sold regularly at $2.35, clearing at $1.50.
—Our own Wilton Carpets, made expressly for ourselves, sold regularly at $2.25, clearing at $1.60.
—Heavy French Wiltons, sold regularly at $3.25, clearing at $1.50.
—Some of our best 3-frame Brussels Carpets, sold regularly at $1.05, and $1.16, clearing at 85c.

China Matting.

—Regular summer goods—wanted for the summer cottage or seaside home. Large lots in and a further shipment to arrive almost daily.

—China Mattings, very fine inlaid goods, per yard 40c.

—Good quality China matting, first class imitation of inlaid, 40 yards for $5.50.

—Heavy White China Mattings, for hardest wear, per yard 25c.

Carpet Squares.

—A lot of made-up carpet squares from the finest Brussels, suitable goods for the summer home. Much better to buy this way than some cheap thing. They are easily put down and easily taken up again, and will give such wear that they can be brought home and give good service in your city home.
—These come in widths 8-3 and 10-6, with lengths running from 9 feet to 14 feet. We sell them at the rate of 75c to 85c per running yard—cost you nothing for the making.

Large quantities of our carpets have been going to homes throughout the country—to public institutions and hotels. There is certainly no house in Canada where anyone who has to buy carpets in large quantities—or in small quantities—can do so well as here. It pays, if you live out of the city, to come to Toronto and see our stocks, or write and your order will have completest attention.

JOHN KAY, SON & CO., Limited,
36-38 KING-STREET WEST, TORONTO.

YORK COUNTY AND SUBURBS.

Township Council Will Provide $2380 to Run the Junction Schools Till August.

BIG CONCERT IN EAST TORONTO.

John Pipher Dropped Dead While Being Handed a Cup of Water at a Pump.

Toronto Junction, May 25.—The regular meeting of the Public School Board was held in the Council Chamber to-night, with Dr. Mavety in the chair. The board passed a resolution instructing principals of the schools in town to refund the amount of $1 per month charged to non-resident pupils. It is the intention of the board to instruct Mr. A. H. Royce to collect from the Township of York the sum of $2380, now in their hands, which will run the schools until August. The members of the board also looked upon the action of the Town Council in paring off $1000 from the estimates as somewhat presumptive, and will possibly take legal steps to see that their requirements are levied for.

Weston.

Weston, May 25.—One of the most curious situations in municipal procedure will come up at the Court of Revision. The council, which also constitutes the Court of Revision, has entered appeals against various properties in the village, which they think are assessed too low, and on June 1 they will sit to decide upon what the assessment of these properties shall be. They are appealing against the work of the assessor, their own servant, and, like the Spanish Inquisition, are laying the charges which they themselves will adjudicate upon. The notice which ratepayers have received, reads: "Applicant," evidently meaning appellant, "the clerk, on behalf of the council."

For the first time in ten years, the Queen's Birthday passed off without any marked celebration. In the bowling match yesterday the Heathers of Weston beat the Canadas of Toronto by a score of 70 to 69.

Nominations for the vacancy in the council will be made at the Town Hall tomorrow at noon.

The Executive Committee of the West York Farmers' Institute met at the Eagle House and decided that they would hold their annual excursion to Guelph on June 16.

Weston and Toronto Junction lacrosse boys went to Nashville yesterday to play lacrosse. They didn't play; but instead, had a right good scrap.

East Toronto.

East Toronto, May 25.—The annual custom of planting a tree was duly observed yesterday at Y.M.C.A. Hall, when a sturdy little elm was put in the ground. Mr. Johnston and others gave speeches, after which the ladies furnished refreshments.

A grand patriotic entertainment was given in Boston's Hall this evening in aid of a new choir vestry for St. Saviour's Church. The program consisted of a series of stereopticon pictures of the war in South Africa, depicting many thrilling scenes and incidents which Rev. Dr. Osborne explained. Jolly Jack and the Hungarian Love Song were given by Harold Carnahan and George Empringham, jr., F. J. Gulliver and Harry Elliott, with Mr. A. Y. Grant as accompanist, furnished an excellent concert. The Norway Histrionic Company also gave the laughable farce, 'Who's Who."

York County News.

The annual meeting of the North York Farmers' Institute will be held at Newmarket on June 7.

King City Foresters will welcome High Court officers on Tuesday evening.

Citizens of Aurora will meet in the Council Chamber on May 31 to make arrangements for celebrating the fall of Pretoria and the close of the South African war.

Woodbridge Methodists will have a garden party on the Fair Grounds on June 5.

Camp meetings in connection with the Free Methodist Church will be held at Armadale, Scarboro Township, commencing June 5.

When the masons who are building a foundation for Mr. Joshua Oliver's barn on the 5th line of Whitchurch were called to dinner, and were standing around the pump, John Pipher, who was being handed a cup of water, was noticed to let his hands drop suddenly and then fall. When picked up he was dead.

When the York County Council meets in June, they will be asked by the Toronto Railway Company for the right to extend the Mimico and Lake Shore Electric Railway to the Lorne Park rifle butts. The company purposes asking Peel County for the right to extend to Oakville.

Alex. Johnston of Humber Bay was fined $40 and costs by a county magistrate for using abusive language to Mr. Slatter. Mr. Slatter was taking some cows to pound and Mr. Johnston thought some of his were amongst them. They were not, however; but he spoke to Mr. Slatter as tho they were. The fine was the heaviest that could be imposed for such an offence.

CARING FOR THE CANADIANS

Our Sick and Wounded Are Scattered Over Hundreds of Miles of Territory.

COMFORTS FROM THE RED CROSS

Nature of Some of the Soldiers' Wounds—Interesting Information From Commissioner Ryerson.

Recent letters from Dr. Ryerson, Canadian Red Cross Commissioner in South Africa, intimate that, owing to the fact that the sick and wounded Canadians are scattered in groups over some hundreds of miles of territory, he has appointed Major Macdougall, R.C.R. agent at Cape Town; Mr. W. E. Chapman, Kimberley, and Capt. A. R. Sleeman, C.I.V., Orange River; Lt.-Col. Grier, R.A.M.C., Winburg. The doctor sends the following telegram, which explains how these agents report to him the requirements of the men, all of which have been met:

Orange River.—Canadians here all convalescent.

7462, Pte. W. Bradshaw, bullet wound in neck.

7389, Pte. Vickers, bayonet wound of buttock; requires complete serge kit, with underclothing.

7985, A. Simpson, wound of back; no serge jacket.

9841, A. Bagot, bullet wound of shoulder, has only greatcoat and boots.

7722, C. Harrison, shot thru wrist; has no clothes, except helmet.

7995, J. Harris bullet wound of arm; requires serge jacket.

7987, F. Sprague, bullet wound of left forearm; requires serge jacket.

7478, J. Cockburn, enteric; would like clean shirt and pair of boots.

7496, J. R. Hutton, sunstroke; requires trousers and socks.

7097, G. Ramsay, ulcer on foot, requires trousers, serge and socks.

8097, Col.-Sergt. Eustace, rheumatics; has no accoutrements or belt, and requires blanket.

8174, D. Woods, rheumatics; requires coat.

Efficient Work Being Done.

It will thus be readily seen that most efficient work is being carried on under the auspices of the Canadian Red Cross Society. Miss Hucombe reports to the commissioner that the Canadian nurses at Kimberley are most comfortably situated in the house provided by the society. She adds that she never saw such serious cases of enteric fever, with several deaths daily.

From Canadians in England.

On March 29 the commissioner had forwarded to Lt.-Col. Otter 35 cases of comforts received from England, sent out by the Canadian ladies in England, also nine additional cases from Cape Town, but unfortunately they were delayed in transit to the colonel by the break in Norval's Pont, causing a block of several miles of track.

Many Cases of Fever.

In a letter from Bloemfontein, dated April 4, Dr. Ryerson says: "I found a good many Canadians in hospital, mostly with enteric fever. All I have seen are either convalescent or advancing towards convalescence. There was one death a few days ago, which no doubt has been officially reported. Several of the more serious cases I have had removed from the field hospital under canvas, and placed in the Australian hospital, where they are receiving the best of care. I found the nurses here have about the least amount of comfort of anybody. They get the coarse army rations, and find it impossible to get any extras, everything being bought up. I have thought it my duty to supply them with some kitchen utensils and other common necessaries. They are most devoted to their patriots, and nurse Tommy Atkins as well as they would their brothers.

The Next Shipment.

As most of the local branches have on hand material for the soldiers, the Council is pleased to intimate that the Hon. Sidney Fisher has offered to send the Red Cross supplies by the next steamer sailing from St. John direct to Cape Town, and the branches are asked to send in not later than Wednesday, May 30, whatever they have ready. As this is the last opportunity, it is to be hoped the branches will respond promptly.

Last Shipment of Red Cross Supplies

The local branches and the public at large are notified that all supplies for shipment to South Africa should be delivered at once to the rooms of the Toronto local branch, City Hall.

The Council wish it distinctly understood that this is the last opportunity for sending material to the troops. The Toronto local branch has kindly offered to see to the packing, and shipping invoices, stating details of goods and value, should accompany each package. All packages should be addressed Dr. C. A. Hodgetts, care of Red Cross Rooms, City Hall, Toronto. The Council cannot guarantee the safe delivery of packages addressed to individual members of the contingent. These are sent at owners' risk.

Donations During May.

Dr. J. George Hodgins, hon. treasurer, begs to acknowledge the receipt of the following donations to the Canadian Red Cross Society for the month of May:

Copleston Patriotic League, per Dr. Minchi, $296; Bradford Local Branch, $25; Rev J L McLaren, Rockiya, $10; Proceeds of childrens' concert, Chelmsford, Algoma, per W C Aitkins, $11.25; Balance of volunteer reserve fund, raised in Picton, Ont., 1885, Mrs B Pecks, $132; Quebec Local Branch (cabled by the branch to Dr Ryerson), $294; W C T U, Bowmanville, per Mrs J Kane, treasurer, $35; Proceeds of choir literary, Mrs M A Clarke, Newcastle, N B, $65.22; Orillia Packet fund, $26.06; Winnipeg Local Branch, per Mrs Kilken, treasurer, $1000; From a Class of Children, Toronto, $3; Lethbridge, Alta., part proceeds of concert, $104; E A T, Toronto, $20; Mrs Bain, Toronto, $2; Kincardine Local Branch, $61.35; Proceeds of Petrolea Minstrel entertainment, $200.86; Committee of Citizens of Gananoque, $68.15; Mrs L A Smith, Manitowaning, $1; Citizens of Campbellofrd, per Mrs A Mulholland, $21.00; Epworth League, Canfield, $4; Citizens of Niagara-on-the-Lake, per Mrs Aikins, $31; Citizens of Woodstock, Ont., per Miss Nan K Kerr, $31.78; Brantford Local Branch, $332; Brantford Lodge, A F & A M, by draft, $24.34; Citizens of Clear Creek, $3; being a total of $2712.61.

The amount received by the Council for Red Cross purposes is $33,815.32.

THE VICE-REGAL VISITORS.

The vice-regal visitors put in another busy day yesterday discharging their social duties. In the morning His Excellency, accompanied by Captain Graham, A.D.C., inspected the re-mounts for South Africa at Stanley Barracks and also watched the Duke of York's Hussars go thru their drill on the Garrison commons.

At 12.30 o'clock Their Excellencies and staff took a College-street car to the Hunt Club, where a luncheon was given in their honor. After luncheon His Excellency attended the Woodbine races, but Lady Minto did not go.

In the evening Lady Minto dined at Government House and His Excellency was the guest of the Ontario Jockey Club at a dinner in the Albany Club. The place was handsomely decorated and about 45 persons were present to meet the Governor-General.

This evening the vice-regal party will give a reception in the Speaker's Chambers, Parliament Buildings, and will leave for Ottawa on Sunday.

POST-MISTRESS IN TOILS

Indigestion and Dyspepsia Had Made Her Prisoner—Two Years of Distress Turned to a Joy Song Because South American Nervine Cured Her Sufferings.

Maria Edge, Post-Mistress of Edge Hill, says: "For nearly two years I suffered agonies from acute indigestion and dyspepsia. I could eat practically nothing without its producing the severest pain. The doctors could do so little for me I about gave up hope of recovery. I was induced as a last resort to give South American Nervine a trial. Two bottles wonderfully helped me. Three bottles completely cured me, and for six months I have enjoyed perfect health."

BLUES

Ever have "the blues"? Then you know how dark everything looks. You are completely discouraged and cannot throw off that terrible depression. A little work looks like a big mountain; a little noise sounds like the roar of a cannon; a little food overloads the stomach; and a little sleep is all you can secure, night after night.

That's Nerve Exhaustion

The truth of the matter is, your nerves have been poisoned and weakened with the impurities in your blood. The thing for you to do is to get rid of these impurities just as soon as you can.

You want a blood-purifying medicine. You want a good Sarsaparilla,—that's what you want,—a Sarsaparilla that is the strongest and best nerve tonic you can buy, too.

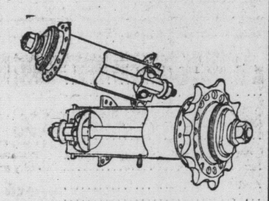

That's AYER'S

"The only Sarsaparilla made under the personal supervision of three graduates: a graduate in pharmacy, a graduate in chemistry, and a graduate in medicine."

"During last year I was suffering from nervous prostration. For weeks I grew worse, became thin, could not sleep, had no appetite, and was in a wretched condition. After taking several kinds of medicines without result, I took Ayer's Sarsaparilla with more than pleasing results. My appetite returned, I slept soundly, my strength and weight increased, and now I am well and strong without the slightest trace of my old trouble. Indeed, I would hardly believe it possible for medicine to bring about such a change in any person."—CLARA MEADY, Winter Hill, Somerville, Mass., Dec. 21, 1899.

BOARD'S NOVEL MEETING.

For Once the Controllers Met and Did Business Without Any Sign of a Scrap.

PUBLIC LIBRARY WILL APPEAL

To See if They Cannot Collect $6000 From the City—Lamps in Front of the City Hall.

Something both sensational and novel happened to the Board of Control yesterday. An entire meeting was got safely thru without a scrap. At the finish Ald. Sheppard, in the mock-turtle accents of the foyer, thanked the "leaders" on the board for the good example they had, for once, shown to the "juniors." The alderman's modesty was funnier than his sarcasm, but the board laughed at both.

The Free Library's Claim.

A recommendation was read from the Public Library Board, asking whether the City Council had the right to refuse to pass the entire appropriation.

The Mayor: This would merely be taking up the time of the Solicitor.

Ald. Sheppard: There is no doubt that we have to give the entire amount of $6000. The question raised was simply one of economy.

Ald. Frame: And they insist upon their full pound of flesh.

The board resigned itself with an air of pity to the voracious trustees.

The St. Lawrence Market.

Beaumont Jarvis, supervising architect of the St. Lawrence Market, requested the Board of Control, in view of the action of certain members of the Property Committee in opposing some of the essential recommendations in his report, including the cutting off of the piling at the water level, to send the City Engineer to the market site before the meeting of the Property Committee called for 8 o'clock.

The Board accordingly summoned Mr. Rust and instructed him to have a report in time for the meeting of the Property Committee.

Public School Board Offices.

Trustee Hodgson of the Public School Board asked that some agreement be made about the sum of $3000 required for the furnishing of the Public School Board offices in the new building.

Ald. Spence interpreted the request as a gentlemanly suggestion that the School Board be allowed to have an overdraft.

The Mayor remarked that the School Board last year needed no permission.

It was decided that, as the offices must be furnished, some provision will be made.

Judge McDougall sent in his bill for the Thompson investigation, amounting to $170, accompanied by the stenographer's bill for $509.03.

Ald. Bowman drew his breath hard at the stenographer's bill.

The Mayor: When this board swallowed the resolutions the other day it can swallow these bills now and pay them.

Ald. Spence: Are any other bills coming in? The Treasurer is now paying accounts that have not been presented to this board. He is paying them without any authority.

The Mayor: He is paying them on the authority of the county judge, and is doing so quite regularly.

Lamps in Front of the Hall.

Ald. Frame, at the request of certain ratepayers, had moved for the lighting of the lamps in front of the City Hall, which will mean a cost of about $140.

The Mayor: I think that a great folly has been committed in putting up this building if we do not show it off.

Auguste Boite wrote of the disgraceful condition of the city lots on Cecil-street, where the residents are doing their level best to keep the boulevards and pavements presentable.

The board was impressed with the offensiveness of the city's action and ordered that the lots complained of be put to rights.

Cars in East Rosedale.

There was a meeting of the sub-committee of the Board of Works yesterday afternoon to consider the extension of the car service into East Rosedale. No one was present to represent the Toronto Railway Company. What the residents of the district ask for is that the tracks on Elm-avenue, between Sherbourne-street and Glen-road, be taken up and the loop extended along Elm-avenue to Glen-road to Gordon-avenue, then east along Dale-avenue to Castle Frank and return. There was an alternative suggestion of a bridge, to cost $10,000, across the ravine, so as to run cars across the head of Parliament-street. This was not considered, the sub-committee being altogether in favor of extending the loop.

Toronto's Fire Relief Fund.

The Board of Control, yesterday, on the suggestion of Ald. Spence, ordered the final making up of accounts of the Ottawa Fire Relief fund and the expenses entailed in connection with the gifts to the contingents.

Water at Brewers' Rates.

The Board of Control yesterday favored the supply of water to manufacturers of non-intoxicating fluids at brewers' rates. The loss of revenue will be $150 or thereabouts.

Contracts Amended.

The Methodist Book Room yesterday was awarded the contract for printing the consolidated city bylaws at the following prices: $1.23 per page, with side index; $1.55 with index; $1.05 with list of index; $2.10 with tables.

The Engineer's tender for a tile sewer on Columbus-avenue was accepted at $7.45.

Joseph Russell was awarded the contract for the supply of bricks at $8.25 per thousand west of Yonge-street and $7.75 east of Yonge-street. The cement tenders were submitted to the test of the Engineer's Department.

City Hall Notes.

Two writs were issued by the city yesterday. One was against the Ferry Company for $500 rent for 1898, and the other for $5852 against the Junction due on account of the use of the city sewer for a number of years.

Ald. Harrison Barrow of Birmingham and Arnold S. Rowntree of York, England, were visitors at the City Hall yesterday. The Birmingham alderman made enquiries about the street railway agreement and other matters.

B. E. Bull will build a $7500 dwelling on St. George-street, near Bernard-avenue.

Dreyfus' Home in Switzerland.

Chicago Record: The spacious country house inhabited by Capt. Dreyfus is about two miles from Geneva, separated from the road to the village Cologny by a high wall. It is only possible to see the roof of the building. The front of the villa Hauterive looks over the lake, with a splendid view of the Jura Mountains and the castle of Baron Rothschild. Before the house is a terraced lawn that runs down to the edge of the lake. Very large trees surround the villa on the other sides. On the left is the gardener's house, and in the same direction, about five minutes' walk, is the house which Lord Byron inhabited while at Geneva. Capt. Dreyfus, along with his wife and his two children, intends, to stay here until October. Since his arrival, with his nephew, M. Paul Valabregue, two visitors have dined with him, along with a gentleman who came the same day as he did. Nobody knows who this gentleman is. One or two tourists walk in the gardens on the opposite side of the lake and with their glasses try to see Capt. Dreyfus on his terrace. With the exception of this, no attempt has been made to intrude on the captain in his seclusion.

LORD'S DAY LEGISLATION

Is Still Being Argued in the Court of Appeal and Mr. Marsh, Q.C., Now Has the Floor.

MR. HOOVER IS NOW LIQUIDATOR

For the Covenant Mutual in Canada —Fine in Halton Election Case Now Under Review.

The third day's argument in the Lord's Day Act matter, in the Court of Appeal, saw the end of Mr. O'Meara's plea on behalf of the Attorney-General.

After recess at 1.30, Mr. Marsh, Q.C., opened on behalf of the various corporations who are interested in Sunday legislation. He began an exhaustive review of Sabbath legislation, going over the same ground as the previous speakers, endeavoring to refute their arguments. Mr. Marsh spent considerable time in endeavoring to explain the meaning of the word "traveler," quoted profusely from Shakespeare and the poets, giving evidence of histrionic ability of a high order, in fact, for a time one imagined oneself in a theatre, listening to Irving or some other tragedian. At 5 o'clock, when the cour adjourned until Monday, Mr. Marsh was only partly thru his argument. The matter will be up again on Monday.

The Covenant Mutual.

The Covenant Mutual have appointed a liquidator on the other side, under some $200,000 bonds, and in giving these bonds the Canadian assets were taken into consideration. This was one of the reasons for the appointment of the liquidator, Stuart Goodrill of Chicago, as joint liquidator in Canada. Mr. Goodrill was in Toronto and Ottawa during Friday, Saturday and Monday to try and arrange the matter, but did not succeed, and their solicitors did not oppose the application made further than that they desired to have Goodrill appointed as joint liquidator with Addison Henry Hoover, but Mr. Justice Rose refused to appoint an alien, and the order was issued appointing Mr. Hoover as liquidator. W. B. Raymond appeared for the company and James McBride for the petitioner.

Death claims matured to date amount to about $8000. Other claims will undoubtedly arise at the winding-up proceedings, possibly some disability claims and surrender values of policy.

Fireman Sued for Alimony.

The statement of claim in Commeford v. Commeford has been posted in the Central office. The plaintiff, Emma Commeford, sues her husband, James W. Commeford, a city fireman, for alimony at the rate of $10 weekly, for the support of herself and four children. Mrs. Commeford states that she married the defendant in August, 1876, in Yorkville, that they lived together until November last. She charges her husband with cruelty and misconduct, and makes other and more serious charges in support of her demand.

Rodney Vernon's Money.

Mr. Justice Rose yesterday reserved his decision on an application by the committee of Rodney Vernon, late a well-known Front-street hotelkeeper, but now in the Queen-street Asylum, to have a sum of money standing to his credit in the Bank of Commerce paid into court. The application was opposed by counsel for the Ontario Brewing and Malting Company, a creditor of Vernon's.

Is It an Outlawed Case?

Mr. Justice Rose yesterday reserved judgment upon the application made in behalf of A. E. Cross of Oakville, for a certiorari to bring up the evidence upon which he was convicted of bribery, over two years ago, in the Halton election case, and lately fined $800 and costs.

This raised a nice point in connection with the Election Act, and which, if established, will make a material difference in the trial of parties charged with corrupt practices at elections. The ground of the application was that the summary proceedings which the Crown had taken to fine him were outlawed, over two years having elapsed between the date upon which he was reported for bribery and the date of his conviction and fine. Mr. Justice Rose was in doubt as to his jurisdiction in the matter, but, after hearing argument, decided to try the point.

County Court.

At the March sitting of the County Court A. B. Clayton was allowed $200 in his suit against Patterson and Paisley, proprietors of the Penetanguishene Hotel. Clayton was steward at the hotel and claimed the amount as salary. The defence was that Clayton was short in his account $64.07 and that nothing was due him. An appeal was entered and yesterday Judge McDougall not only set aside the verdict but he gave Patterson & Paisley judgment for the $64.07.

An application for a new trial of the action of Samuel McClenny against Jeremiah Brooks was dismissed. Both parties live at Whitchurch and McClenny wanted to get damages because Brooks took down a line fence.

Police Court Record.

At yesterday's Police Court, Magistrate Kingsford released on suspended sentence Joseph Baudry and Robert Platt, the two young men who pleaded guilty to stealing jewelry from A. H. Dewdney & Bro. of Colborne-street.

The eight young men captured at the Woodbine on Thursday and charged with vagrancy, were remanded till next Friday.

Abraham Cohen, the alleged bigamist, was again remanded till June 1. It is said the police have received information that the prisoner has a third wife living in Cincinnati.

William Dyson, convicted of an assault and robbery, was sent to jail for 30 days.

In spite of the protests of Crown Attorney Curry, the magistrate refused to convict Hugh McGee, Thomas McGee and John Lang of criminal vagrancy. The boys were summoned because they loitered on a street corner.

For disorderly conduct Fred Bennett was fined $10 and costs, and for using bad language "Blind Jack" Johnston was fined $5 and costs.

Joseph Dillon, a young man who abused his aged mother, was fined $10 and costs or 30 days.

Fred Bickell of Coolmine-road was committed for trial on a charge of stealing a bicycle from Thomas E. Payne of Dundas-street.

The three cases of theft against George McC. Wilson, the ex-bank teller, were laid over for a week.

Albert W. Spence was remanded till Wednesday next on a charge of assaulting Wm. Reid, caretaker at the custom house.

Chinese Emperor's Greeting to the Pope.

The Hoei Pao of Shanghai prints the full text of the Chinese Emperor's letter to the Pope on the occasion of the ninetieth birthday of His Holiness. The following is a literal translation of it:

"Emperor of the Great Religion of the Great Kingdom of Rome:

"With the twelfth moon of this year comes the ninetieth anniversary of your birth. This longevity, prolonged bloom of the kingdoms of Europe, is really wonderful.

"We believe that during the 20 years of your reign you have exhorted men to do good, which the entire universe enjoys and for which it is grateful to you.

"That is why, on the occasion of this happy event, we desire, in a special manner, to present to you our very best wishes.

"We wish, first of all, that you may celebrate in robust health this happy anniversary and that you may reach the hundredth anniversary of your birth.

"Finally we sincerely desire that Christians and non-Christians in China and in every other country may live in mutual harmony, and that all may enjoy the blessings of peace and prosperity.

"In truth that is our firm hope."

DOMINION BOWLING TOURNEY.

Walker Trophy to Be Competed for on R. C. Y. C. Lawn, Beginning July 17.

The annual meeting of the representatives of the Dominion Lawn Bowling Tournament was held on Thursday evening at the Granite Club. Among those present were: W A Cameron and George Hargraft, Granite Club; E T Lightbourne and J O'Brien, Victoria Club; J H Horsey and F O Cayley, R.C.Y.C.; David Carlyle and R L Johnston, Prospect Park Club; A S Wigmore, Canada Lawn Bowling Club; Robert Moon, Thistle Bowling Club. The chair was occupied by W A Cameron, and David Carlyle acted as secretary.

The treasurer's statement was received and adopted, showing a net balance of $51.45 on hand. The valuable trophy presented by Hiram Walker & Sons, Limited, of Walkerville, in 1892, having been won three times by the Granite Club of Toronto, becomes their property, and Messrs. Walker, to further the interest in the grand old game of bowling on the green, have presented another valuable trophy for competition at the Dominion Bowling tournament, July 17, the trophy to become the property of the club winning the greater number of times in ten years.

It was unanimously decided to hold the tournament on the beautiful lawns of the R.C.Y.C., commencing on July 17, and following days. The lawns have been re-sodded and are in excellent condition, and undoubtedly are an ideal spot for the competition. Arrangements have been made with the hotels, railways and steamboat lines for special rates during the tournament. Secretaries of bowling clubs are requested to send a list of their officers to the hon. secretary-treasurer to enable the committee to reach all the bowling clubs in Canada.

The following officers were elected for the year: J H Horsey, R.C.Y.C., chairman; A S Wigmore, Canada Club, hon. sec.-treasurer, 10 Melinda-street, Toronto. A hearty vote of thanks was tendered Messrs. W. A. Cameron and David Carlyle for the services they had so cheerfully rendered during their term of office.

Central Y. M. C. A.

"The Christian Man in Recreation" is to be the topic for discussion at the young men's meeting this evening. Assistant Secretary Paterson is ill and absent from duty for a few weeks.

President Robert Kilgour sails for England to-day and will represent the Canadian associations at the British Conference in Newcastle in June.

The Board of Directors met yesterday afternoon and appointed the following committee chairmen: West End Branch Committee of Management, S. J. Moore; East Toronto Railway Branch, Joseph Lamb; City Railroad Branch, F. F. Roper; Central Building, Frank Yeigh; Finance Committee, R. A. Donald, and Executive Committee, H. B. Gordon.

MEN, RESTORE YOUR STRENGTH!

When a man, young or old, has discovered the existence of a weakness, the first thing done should be to discontinue any excess that might debilitate or weaken the nervous system, after which a proper and safe remedy for the restoration of his lost strength should be employed.

For 30 years I have made a specialty of all these weaknesses which result from youthful indiscretions and later excesses of dissipation. I cure such in a natural way,

WITHOUT STOMACH-RACKING DRUGS.

I give you nature's own simple restorer, Electricity. I first used the galvanic current in nervous disorders over a quarter of a century ago, and soon saw the need of an electrical appliance which my patient could charge and adjust himself. This led me to invent a portable battery, which developed into my present world-famed appliance, the

DR. SANDEN ELECTRIC BELT FOR MEN,

now known and used in all parts of the world. This appliance is my idea of a perfect treatment. It weighs five ounces, but is just as complete as any system of batteries in our great city hospitals. Currents instantly felt, though controlled by wearer with a little thumb regulator screw. Worn at night, it cures while you sleep. 6,000 gave voluntary testimony during 1899. Positive pole over kidneys, negative in front at organs; current in going from back to front flows directly through all weakened organs. Beware of imitations and fraudulent free and on trial offers. No belt is genuine but the Sanden. Protected by patents in U. S. and foreign countries.

THE BOERS IN THE STATES.

Having Failed of Official Recognition the Delegates Will Work the Politicians.

MR. M'KINLEY WILL BE ASSAILED

By the Democrats for Refusing to Meddle, But the President Will Stand Firm.

New York, May 25.—Notwithstanding the declaration of the President that the United States would not interfere in the South African war, says The Herald's Washington correspondent, it is apparent to the Boer commissioners that political agitation alone will aid their cause, and they intend to take advantage of every opportunity to press it upon the attention of the American people.

It will be the earnest effort of the South African sympathizers in the United States to make the failure of the President to act in the interest of peace one of the prominent issues of the campaign.

The west is reported wrought up over the refusal of the President to intervene, and it is proposed to keep the discontent alive.

They Don't Ask Much!

Appreciating that ultimate victory will rest with the British troops, the Boers are willing to surrender all that the British demanded before hostilities commenced, and will be satisfied with the recognition of their independence and the restoration of their territory and immunity from punishment of their foreign legions.

An official of the Administration, who is close to the President, said the policy which had been adopted had been carefully considered, and there would be no deviation from it, no matter how great might be the pressure supplied by Democratic platforms.

Unless Great Britain should request it, this official said, the President would probably refuse to even aid the Transvaal to get terms of peace more lenient than those which the British would impose, provided President Kruger should offer to surrender.

SO FAT HE DARE NOT GO TO BED.

The Champion Beer Drinker Went to the Hospital to Be Reduced, But He Died.

New York, May 25.—The man known as the champion beer drinker of New York is dead. He was William Amend, 43 years old, and had been an inmate of Bellevue Hospital since September 7, 1899. For 21 years up to the time he entered Bellevue he had never slept in a bed. He drank on an average seven quarts of beer a day, he told Dr. Dougherty, and his weight increased from 180 to 460 pounds. He said that he was afraid to go to bed, fearing that he would die, so he slept at night in a large rocking chair.

When Amend appeared at the hospital in September he was so stout that he could not enter the ordinary gateway, and it was found necessary to open the wagon gates. He was told that he had the most severe case of cirrhosis of the liver that had ever been known in the hospital. Yesterday Amend had been in Bellevue eight months and ten days, and his weight had been reduced nearly 300 pounds.

HE MURDERED THE WOMAN.

Ernest Hecht, an Austrian, Chloroformed Mrs. Foster and Tried to Suicide.

Syracuse, N.Y., May 25.—This morning a woman named Mrs. Louise Foster was found dead in bed. Ernest Hecht, who was in the room, was arrested. He showed signs of poisoning, and the woman's death was believed to be due to laudanum. Later, Hecht confessed to the police that he killed the woman. He administered chloroform to the woman, and took a dose himself. He is an Austrian, and has lived in this city but a few months.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure. ed

Old Presbyterian Minister Dead.

Pittsburg, Pa., May 25.—Rev. Dr. Richard Lea, the oldest Presbyterian minister in Pennsylvania, and probably in the United States, died yesterday at his home in New Alexandria, Pa. He had been ill only a short time. Dr. Lea was 90 years old, and was ordained 64 years ago.

CURES WEAK MEN FREE.

Send Name and Address To-Day—You can Have It Free and be Strong and Vigorous for Life.

INSURES LOVE AND A HAPPY HOME.

L. W. KNAPP, M.D.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small, weak organs to full size and vigor. Simply send your name and address to Dr. L. W. Knapp, 1208 Hull Building, Detroit, Mich., and he will gladly send the free receipt, with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from his daily mail show what men think of his generosity:

"Dear Sir,—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test, and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy, and you cannot realize how happy I am."

"Dear sir,—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned, and enlargement is entirely satisfactory."

"Dear sir,—Yours was received, and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelope. The receipt is free for the asking, and he wants every man to have it. 060606

THOSE ORPHAN BOYS.

Inspector Hughes Explains Why They Did Not Take Part in Empire Day Parade.

Editor World: The statements made in your paper to the effect that the boys of the Orphans' Home were refused permission to take part in the parade on Empire Day are totally incorrect. The facts are as follows:

Two days before the parade Miss Armstrong, the principal of the school, told me she thought the boys would not be able to march the whole distance, and asked if they might fall into the parade at some point near the park. I agreed with her that they might join the procession at the corner of College and Yonge-streets. This place was agreed upon, with the understanding that the boys could take the College-street cars to Yonge-street. On Empire Day, however, the boys came to the Armouries with guns. Major Thompson at once objected to their taking part in the review as a part of his brigade. I reported this to Miss Armstrong, and said I fully sustained Major Thompson in his objection. Major Thompson was appointed by the School Board to command the school brigade, and no application had ever been made from the Orphans' Home to have the boys form a part of the brigade, nor had Major Thompson seen them drill, and it was, of course, unreasonable to ask him to let these boys form a part of his brigade.

Under these circumstances, I told Miss Armstrong that she had better take her boys to the corner of Simcoe and King-streets, so that they might fall in there after the flower companies to march at the head of the procession. It was therefore absolutely untrue to say that the boys were refused permission to take part in the parade. As marshal, I first gave them exactly what the principal of the school asked—permission to break into the line of march at the point which suited them—and on Empire Day I offered them the place of honor in the line after the flower companies. I could not reasonably ask Major Thompson to admit them to his brigade.

Yours, truly,
James L. Hughes.

ROTTENNESS AT HAVANA.

Now It is Said the Customs Service is as Crooked as the Postal Service.

New York, May 25.—An explosion in the Cuban customs service is threatened, which promises revelations as sensational as the disclosures in connection with the postal service, says a special to The Herald from Washington.

An official of the customs service, who has just returned from Havana, brings information that the customs service there is honeycombed with fraud and corruption, and the employes interested are trembling in fear of investigation.

Thus far no steps have been taken officially to investigate the Cuban customs service, but it is asserted that several employes in that service are contemplating resignation, while others who are away on leave of absence will not return to duty, because they do not wish to become involved in the investigation, which seems unavoidable.

It is declared that investigation will show that thru lax business methods and incompetent and unscrupulous employes, thousands of dollars have been diverted from legitimate channels into the pockets of dishonest officials and their accomplices. Disbursements of sums, ranging from $100 to $10,000, have been made to persons who have not yet performed any services whatever, it is said, and in many instances without the formality of presenting vouchers.

THE IMMIGRATION LAWS.

Commissioner Powderly Says There is No Understanding Between Canada and U. S., as Reported.

Washington, May 24.—"The statement which has recently appeared in the press, and is said to emanate from Edward Boyce, president of the Western Federation of Miners, concerning an understanding between the Canadian Government and the United States, looking to a lax enforcement of the immigration laws, has no foundation," said Commissioner Powderly of the Immigration Bureau of the Treasury Department. "Any suggestion of such an agreement between the officials of the two countries is impossible, because we could not, without laying ourselves open to the charge of malfeasance in office, have any understanding with anyone to violate our laws.

"I have heard it suggested, as Mr. Boyce is quoted as stating, that there is an arrangement between us and Canada, under which alien contract laborers are permitted to pass the border to relieve the depression caused by strikes, especially those inaugurated by the miners. Such a thing is preposterous. The truth is that our inspectors along the Canadian line are spurred to renewed diligence by instructions issued from this office, and the laws are more strictly enforced today, and have been during the recent labor troubles, than ever before. I challenge anyone to show that the strict letter of the law has been violated. We are keeping a close watch to prevent contract laborers coming over from Canada, but, on the other hand, we are powerless to prevent laborers going from this side into Canada. If the officials of the Ottawa Government are not enforcing their laws, we are not responsible.

"I may add in this connection that Secretary Gage, some time ago, received a proposition from the Canadian Government concerning certain modifications in the immigration laws, which would tend to create the condition which it is asserted now exists, but the Secretary replied that he could not act without authority from Congress, and that no change in our policy could be made unless the laws were amended. It is no secret that the Canadian members of the Joint High Commission suggested changes in the immigration laws, their object being to create a condition that would be more advantageous to the working people of Canada, but the advances were not seriously considered. The laws on the subject are plain, and can only be suspended or modified by act of Congress."

TO COMMEMORATE RIDGEWAY.

Veterans of '66 Will Decorate the Monument in Queen's Park Next Saturday.

The Veterans of '66, having joined with the School Board in making Empire Day the general day for decoration of monuments, will this year commemorate the anniversary of Ridgeway by decorating the graves of their comrades who fell on that occasion. For that purpose they will assemble at the Armouries at 2 o'clock on Saturday, June 2, and march to the monument, after placing a wreath on which they will return to the corner of College-street and the Avenue, where special cars will be in waiting to convey the veterans to St. James' Cemetery. The graves of fallen comrades in this cemetery will be decorated with flowers, after which the procession will be formed again and march to the Necropolis, where a like tribute will be paid to the memory of comrades buried there.

Relatives who desire to take part are requested to meet the veterans at the cemeteries, and florists and others desiring to pay a tribute to the fallen by contributing flowers are asked to kindly send them to the Armouries not later than 1 o'clock on that day.

GERMAN MEAT BILL PINCHES.

The Packers of Chicago Are Anxious Because They Have Unfilled Contracts on Hand.

Chicago, May 25.—The leading packers of Chicago, at a meeting of representatives, formulated an appeal to Secretary of Agriculture Wilson in Washington, asking for help in mitigating the effects on Chicago of the passage of the meat bill in Germany. They ask particularly that efforts be made to prevent the law from going into effect until the contracts now held by Chicago packers can be filled.

DRAWING THE LINE TIGHTLY.

Y. M. C. A. People of Trenton, N.J., Would Not Have Jeffries.

New York, May 25.—James J. Jeffries is not in favor with the Young Men's Christian Association of Trenton, N.J. The association's grounds were rented by the Cuban Giants and the Princeton Giants, two colored baseball teams, for a game, and Jeffries was hired to act as umpire. Secretary Pierce of the Christian Association has sent notice to the clubs that the association will not tolerate the presence of the prizefighter on the grounds, and the game will be played without him.

CELEBRATION CASUALTIES.

Harry Woods and Several Others Will Ever Remember May 24, 1900.

Sarnia, Ont., May 25.—The celebration of the Queen's Birthday of 1900 will be a memorable one in the history of this town, especially to the number who suffered the loss of members by the discharge of cannon crackers. Harry Woods, a commercial traveler from Port Huron, picked up a cannon cracker that he thought had exploded, and before he could drop it had all but the little finger of his right hand blown off.

Twelve-year-old Clare Crawford had his thumb split open, and Joe Greany had his right hand split open between the thumb and forefinger by the discharge of a cannon cracker.

Alex. Murdock, proprietor of the Chapman House, had his right arm and left hand severely burnt by the premature discharge of Roman candles.

A. V. Miniffe lost the hearing of one ear by the noise of exploding cannon crackers, and Fred Jennings was badly injured by a runaway accident.

Ontario Water Killing.

Forest and Stream.

Ontario has taken a retrogressive step in restoring the lawfulness of killing deer in the water. As this mode is practised in the Province, it consists in driving the deer with dogs into a lake or river, the hunters being stationed on commanding points along the shore, or lying in wait in boats. When the deer takes to water the hunters in boats pursue it, and either kill it themselves or drive it within range of the men on shore. As a means of getting venison to keep one's wife and seven small children from starving, these Ontario deer-killing ways are efficient and admirable; and back in the sixties and seventies and early eighties it was called good sportsmanship, too. But times have changed, and are changing, sentiment has changed, and hunting methods have changed. Few regions are left to-day, where the killing of deer in water is countenanced by the sportsman's code, or permitted by the law of the land. Ontario is almost alone in this, a solitary exception to the rule against water killing; and we sincerely regret that the Province has put itself in this unenviable position.

Canadian Temperance League.

This week Mr. George B. Sweetnam, chairman of the Board of Control, and Mr. W. J. Armstrong, chairman of the Educational Committee of the Canadian Temperance League, are in New York and will interest themselves in matters helpful to the league. The Board of Control at an early date will be called together to take active steps regarding the establishing of a permanent mission and Messrs. Sweetnam and Armstrong will visit the old Jerry McAuley Mission, Door of Hope, and other prominent missions with a view of gathering useful information. They will also keep in view next season's Sunday afternoon meetings in Massey Hall and expect to close engagements with eminent talent before returning home. The regular business and literary meeting of the league was held at their headquarters, corner Elm and Terauley-streets, last evening, with the president, Mr. J. S. Robertson, in the chair. There was a large attendance of members and a growing interest in the work of the new year. The league has made application to the School Board for permission to present a gold medal to the pupil who shall pass the most successful examination in temperance and hygiene.

WOMAN'S PLUCK WINS.

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more, and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff, and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., 28 Jordan street, Toronto, Ont.

Also for sale at Bingham's Drug Store 100 Yonge Street.

TWO CHILDREN BURNED.

Midnight Fire at Arden, Ont., Which Caused Two Little Girls to Lose Their Lives.

Kingston, Ont., May 25.—At midnight on Wednesday fire broke out in the residence of Elisha Newton, Arden. The house was totally destroyed, and two children, aged 6 and 8, were burned to death. Both were girls. The rest of the family barely escaped with their lives. They were awakened by the smoke, and, before the little ones could be rescued, the place was a mass of flames. The fire was caused by a defective chimney. Mr. Newton, a driver on the Rathbun Company's logs, was away at the time.

QUEEN'S BIRTHDAY IN HAVANA.

British Consul Garden Gave an Official Dinner in Honor of His Queen.

Havana, May 25.—Mr. L. E. G. Carden, the British Consul here, celebrated the Queen's Birthday by giving an official dinner, his guests including Governor-General Wood, Mgr. Sparretti, the Bishop of Havana; Senor Tamayo, the Secretary of State; Senor Mendoza, president of the Supreme Court; the foreign consul-generals, with the prominent Englishmen and the heads of departments.

An Up-to-Date Catalog.

We have before us a handsome 266-page catalogue just issued by the Dodge Manufacturing Co. of Toronto, entitled B 6 Catalogue for 1900. This is a most complete work, handsomely bound, and with complete illustrations of the entire line of Power Transmission Machinery manufactured by the company, taking in Shafting, with extension tabulated lists of weights per foot of all the various sizes used, as well as tables showing the horsepower transmitted by the different sizes at all speeds. Many up-to-date Shafting Couplings of the latest types are also illustrated, also improved set collars, safety pattern, a most complete line of the Dodge Co.'s new Ball and Socket Adjustable Hangers, open side, and with all the most modern self-oiling types of bearings, including the "Capillary," "Ring Oiling" and "Chain Oiling" improvements. The Dodge Co.'s system is to stock this hanger in all drops for immediate shipment.

There are also illustrated a wide range of self-oiling bearings for all mill purposes, and Adjustable Floor Stands, Belt Tighteners, the Dodge Patent Split Friction Clutch Pulley and Clutch Coupling. They also show something entirely new in a clutch pulley for powers as small as one horsepower.

The Dodge system of Rope Driving is well illustrated in many forms. The Dodge Co. are now thoroughly equipped for the manufacture of Iron Ground Rope Wheels.

The work also includes complete and handy tables and lists, covering link, chain and sprocket uses, as well as many of the specialties for grain elevator work. A feature of the work is the complete dimension tables appended, making it invaluable to mill architects and superintendents laying out plants; a full line of pulleys of all kinds, including up-to-date patterns in cast-iron pulleys, special iron centre wood-rim pulleys, as well as the celebrated Dodge Wood Split Pulley, which the company controls the manufacture of in Canada.

The Dodge Co.'s B 6 Catalogue for 1900 will, we are sure, be welcomed by every mill and factory man in Canada, and, we are told, will be mailed free on application.

Elm-St. Methodist S. S. Anniversary

The 48th anniversary of Elm-street Methodist Church Sunday School will be held to-morrow and the greatest rally in the history of the school is anticipated. It will also be recognized as flower day and floral decorations will be on a most elaborate scale. Rev. Wray R. Smith of the Hamilton Conference, admittedly a giant in Sabbath School work, will conduct services at 11 a.m., 3 p.m. and 7 p.m. A most pleasing feature in the morning will be a floral march of the officers, teachers and scholars into the body of the church, each bearing a bouquet of flowers, which will afterwards be distributed to the Sick Children's Hospital and members of the church who are too ill to attend the services. The choir will assist the Sunday School and the musical part of the services will be specially choice and interesting.

Clothing and Boot Sale.

On Wednesday and Thursday next Suckling & Co. will sell a manufacturer's stock of clothing, about $18,000 in detail, all new goods, made for this season's trade, comprising all lines of men's and boys' wear; another special line is 50 cases ladies' straw hats, the spring and summer samples of a large manufacturing concern, the newest and latest styles. Many consignments of general drygoods, such as dress goods, hosiery, table linens, lace stp. organdies, piques, and on Thursday morning a large bankrupt stock of boots and shoes, all seasonable stock and well assorted, and the balance of the James Brodie & Co.'s stock of Quebec, nearly $10,000 worth in all. Goods on view on Monday. Liberal terms are offered to the trade.

For Famine Sufferers.

A committee of citizens for forwarding money to India for the relief of sufferers by famine, represented by Messrs. A. E. Kemp, S. Caldecott, Elias Rogers and Edward Trout, the latter being secretary-treasurer of the fund, whose office is at 62 Church-street, further acknowledge the following sums: W. J. Pate, per E. Rogers, $25; Tilsonburg charity account, $20; A Friend, Toronto, $10; Miss Isabel Irwin, Port Hope, treasurer Ladies' Club, $10; Dora Hincks, Windsor, proceeds of girls' concert, $7; Maple Literary Society, $6; James Rosevear and others, $5; Dr. Hoare, Walkerville, $5; Minnie Ross, Copper Cliff, $5; 58596, Toronto, $5; two children, St. Peter's S. School, $1.85; Public School, Courtright, $1.25; F.O.G., $1.

BOER ENVOYS GIVE NOTICE

That They Cannot Accept All the Invitations Sent in by Anti-British Yankees.

Washington, May 25.—The following statement was issued to-day by the Boer envoys:

"Messrs. Fischer, Wessels and Woimarans, who are representing the South African Republics in this country, have received many pressing invitations from most of the large cities of the United States to visit them, but, owing to the short time they have to spend in this country, it will not be possible to accept all the invitations received.

"It is their intention to return as soon as circumstances permit to their own country, staying in Europe sufficient time to carry out their instructions. But before leaving they have concluded to yield to the great demand on the part of the American people to spend a few more days in America, and they have concluded, first of all, to visit Baltimore, Philadelphia, Providence and Boston during next week. After visiting these cities they are in hope of being in possession of spare time to extend their visit to several other cities in the Middle States, timely notification of which will be given the committees who have honored them with invitations.

"The Common Councils and Mayors of a number of cities are urging them, by resolutions, to make them a visit, and it may be possible that their stay in the country may be prolonged a few days in order to meet their wishes.

"The envoys regret exceedingly that they cannot meet the great numbers of people who are so anxious to greet them as they would like to do. They express themselves as very grateful for the many expressions of sympathy heard upon all sides for the cause that is so dear to them, and they trust the fact that they cannot visit all who wish them to do so will in no way interfere with the full and free expression of sympathy and good-will on their part."

THE PHILIPPINE BILL UP.

Senator Morgan Claims Uncle Sam's Title to the Islands is Clear Under Paris Treaty.

Washington, May 25.—In the Senate to-day Mr. Morgan introduced a bill to punish crimes against the United States not committed within a state. He said the bill seemed to unlock the difficulty the Government was now in as to the extradition of an offender from the United States to Cuba. The bill was referred to the Judiciary Committee.

The Philippine Bill.

The Philippine bill was then taken up, and Mr. Morgan addressed himself to it. He said that the title of the United States to the islands under the treaty of Paris was clear, and beyond any question. He declared that no promises had ever been made by the United States military and naval commanders to recognize the Tagal Government. In fact, no such Government existed in the Philippines when Dewey arrived there and took Manila. At that time Aguinaldo was in Singapore, enjoying the pay for his treachery he had received from the Spaniards. He denounced Aguinaldo as a political adventurer and agitator, and asserted that "we would have disgraced ourselves before all the nations of the earth had we yielded to the demand of Aguinaldo and his followers to loot the islands, and especially Manila."

IS AGUINALDO WITH THEM?

Major March and Col. Hare Struck the Trail of a Party of Filipinos in the Mountains.

Manila, May 25.—Major Peyton C. March, with a battalion of the 33rd Infantry, and Col. Luther R. Hare, with another part of the 33rd Regiment, while scouring the country northeast of Benguet, report they have struck the trail of a party of Filipinos traveling in the mountains, and believe they are escorting Aguinaldo. Major March is continuing the pursuit across an exceedingly difficult country, beyond the telegraph lines.

Rescued a Stolen Girl.

Sergt. Barry and four privates of Company "B," of the 27th Regiment, have rescued the daughter of the president of San Mateo from some Ladrones, who abducted her. Afterwards twelve Ladrones ambushed them, killing the sergeant. Three privates stood off the band, while the other secured reinforcements. Seven Ladrones were killed.

Lieut. W. P. Elliott of the United States cruiser New Orleans died recently at Cavite, of apoplexy, resulting from sunstroke.

BROKER NOYES IS DEAD.

A Mysterious Affair at Cleveland — Was the Man Murdered?

Cleveland, Ohio, May 25.—Herbert Noyes, a broker, who was shot while walking on Euclid-avenue, near Oliver-street, late last night, died early to-day without having regained consciousness. It was at first believed that Noyes had been attacked by footpads, but the police are now inclined to think otherwise. There is much mystery surrounding the case.

GLEN EDEN REJOICES

Over the Recovery of Mr. James Paddon of Mount Forest.

His Case was a Severe One of Kidney Disease—Dodd's Kidney Pills Cured Him Thoroughly—Glen Eden People Rely on Dodd's Kidney Pills and Their Faith is Justified.

Glen Eden, May 25.—The report of the recovery of Mr. James Paddon of Mt. Forest from a severe attack of Kidney Disease, by the use of Dodd's Kidney Pills, has caused great rejoicing here, where Mr. Paddon is well known.

Mr. Paddon's case was a very severe one. It was well known that he was a constant sufferer, and he had the sympathy of all his friends. Consequently it gives unbounded pleasure to all to know that he has at last conquered his bitter enemy.

Dodd's Kidney Pills are the only medicine that the people of this district will use for Bright's Disease, Diabetes, Dropsy, Rheumatism, Lumbago, Paralysis, Heart Failure, Urinary Diseases, Blood Impurities and all other forms of Kidney Disease. They have cured hundreds of cases of these complaints in this neighborhood, and the people have the fullest confidence in the medicine.

There is only one way of curing Kidney Diseases. That is by curing the Kidneys. The only way of doing this is by using Dodd's Kidney Pills. They set the Kidneys in proper condition, thus ensuring a supply of pure, fresh blood and thoroughly healthy organs.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so disposed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed

BRITISH COLUMBIA MINES.

Interesting Talk With Mr. J. L. Parker, Late Superintendent of the "North Star" Mine.

OWNED BY MACKENZIE & MANN.

Things Are Booming in the West and All That is Needed is More Capital.

The World had an interesting chat last night at the Queen's with Mr. J. L. Parker, mining engineer of Rossland, B.C., late superintendent of the North Star mine in the East Kootenay district. Mr. Parker was quite enthusiastic over the future that was before the property, and the whole district thereabout bears, he said, the earmarks of prosperity.

The North Star Property.

Speaking of the North Star property, he explained, it consisted of six claims and had an area of 300 acres. When he went there first it was 30 miles from the railroad, but now the C.P.R. have built a spur of the Crow's Nest Pass, 18 miles long, from Cranbrooke, which connects with a tramway running directly to the mine.

Mackenzie & Mann Own It.

The mine is owned principally by Messrs. Mackenzie and Mann and Montreal people, and was originally purchased for $50,000. The company is now capitalized at $1,500,000, and at present there are 200,000 unissued shares. The ore is lead-silver, varying in thickness from 10 to 30 feet, and occurs in synclinal folds and overlies a diorite formation, broken by intrusive dykes of porphyry. Ultimately the managers of the mine expect the vein will turn over and pitch into the hill.

37,000 Tons in Sight.

When Mr. Parker left the mine there was in sight over 37,000 tons of ore, the gross value of which is $60 a ton, equalling the sum of nearly $2,250,000, and as the company is capitalized at only $1,500,000 this is almost twice as much money as issued capital, and the possibilities are great. During last winter there was discovered and developed an additional $1,000,000 of ore to what was already in sight, and after seeing all the mines in the Kootenay country, Mr. Parker doubted if there was another mine that had more ore in sight.

"I would like to say here," Mr. Parker said, "that I have resigned my position as superintendent of the mine and I cannot therefore be accused of stating anything about the property for the purpose of inflating the stock."

Big Holders Holding on.

Continuing, Mr. Parker said he could not understand how it was that the stock of the North Star remained at its present figure. Possibly, however, he thought, it might be because the owners of a large number of shares were willing to hold on to the stock and take the 3 per cent. per month dividend that could easily be paid out of the present output.

Works Constructed.

While in the employ of the company Mr. Parker stated that a tramway with a 300 ton capacity a day was built, on the Bleichert system, and there had also been erected a five drill compressor, besides many other improvements, such as boarding and store houses, etc.

The ore in the mine averages 55 per cent. lead and 23 oz. silver to the ton, and there is a net profit of $20 per ton, and whilst at present there is 37,000 tons of ore in sight, the development showed that this amount would be greatly increased during the next six months. To Mr. Parker's mind the mine might be considered as one of the great mines of British Columbia.

The St. Eugene Mine.

Mr. Parker also had a few words to say about the St. Eugene Mine. From the information he could gather it was a good property and, altho he had not seen it, he had heard it highly spoken of. It is situated south of the "North Star" on Lake Moyie and from all indications has a good future before it.

As to the "Sullivan" mine, Mr. Parker said it was operated by the old owners of the Le Roi and bears every sign of a mine, altho it had not such a large showing of clean ore as the "North Star."

Railways the Necessity.

In the Boundary country, Mr. Parker added, there were large quantities of low-grade copper-gold ore and with the advent of the railway, which has already been built to Greenwood and Grand Forks, and with the smelters built by the Johnson syndicate at Greenwood and at Grand Forks by the owners of Knob Hill, the future of the country was bright indeed.

Rossland a Big Centre.

Referring to Rossland, Mr. Parker maintained that it was yet the centre of mining operations and on the east and west of it the fringe of the mining belt was as full of just such possibilities, as recent events have proved it to be.

The Dominion Copper Company, which owns the Brooklyn and Stemwinder properties, Mr. Parker said, was a sample of what could be done by active and intelligent development. The Ironside and Knob Hill have also low grade deposits of ore and the owners evidently have great faith in the property, because they have erected a smelter at Grand Forks.

Capital the Thing.

"All we need in that part of the country," Mr. Parker concluded, "is capital sufficient to develop it properly and put the mines on a shipping basis. After the war is over I look forward to any amount of capital."

Mr. Clive Pringle of Greenwood, who is in town, is an intimate friend of Mr. Parker's and he says that he is a man who is closely in touch with everything transpiring in British Columbia; is a good authority on property in that country and has done a great deal in developing the various propositions.

MINES AND MINING STOCKS

Some Buying of Golden Star at Advanced Prices on Yesterday's Boards.

ABOUT THE BOUNDARY REGION.

Rival Railways to Open Up the Lardeau and Trout Lake Districts.

Golden Star is stronger on Manager Flaherty's latest reports from the mine, in which he notes that a considerable quantity of ore has been blocked out in the lowest levels of the mine, to the north of the main shaft. The ore between the 400 and 530-foot levels seems to be of good grade, and there appears to be a considerable quantity of it. Mr. Flaherty also mentions that the shaft on the second vein of the Golden Star is down 36 feet in high-grade ore, running $27 to the ton. Mr. Flaherty seems to favor increasing the mill's stamping capacity.

Railway Building in B. C.

The "Eagle," Ferguson, B. C., April 11, says: "Two railway companies, the C.P.R. and the Kaslo, Lardeau-Duncan, are pushing their way rapidly into the district, and heading to tap the ore exports of its rich mines. The C.P.R. is surveyed to run up the west bank of the lower Lardeau River and Trout Lake, to Trout Lake City, with a spur into Ferguson. The Kaslo, Lardeau-Duncan Railway is located to strike the Lardeau District on the southeast, along the east side of the Lower Lardeau, and following the east shore of Trout Lake, to a point about a mile and a half from Trout Lake City, when it branches off and heads for Ferguson, thru an easy pass. At Ferguson, the line will branch up both the north and south forks of the Upper Lardeau, so as to tap every mine in the district and open up the section thoroly. Once this scheme, which is being pushed forward vigorously, materializes, a great transformation scene will come over the Lardeau. At least 25 or 30 properties will be shipping ore from the start-off."

In the Boundary Region.

Grand Forks, B. C., May 14.—On the Superior, in Brown's camp, north fork of Kettle River, Dave Evans has a fifteen-foot shaft on a seven-foot ledge, of which two feet is solid ore, and five feet quartz, carrying more or less copper. The Superior adjoins the Golden Eagle group on the north.

A pump and hoist on the Golden Eagle have been installed. There is a full face of ore in the drift at the 130-foot level, which is said to assay $90 per ton.

The drift from the 100-foot level of the Hartford, in Wellington camp, has been extended 50 feet, and is still encountering ore of shipping grade.

And now comes the news of a free gold strike in yet another quarter from the strikes of this kind previously reported. J. D. Whelan is down from the City of Mexico claim, three-quarters of a mile from the City of Paris mine in Central camp. He brought specimens of white quartz to have assayed, and also some soft rock, with the appearance of talc, from a seam in the main quartz lead. One walt is defined, but the other is not in sight, and the width of the lead, already six feet wide, can not be determined until more work is done. The seam where the free gold occurs is from an inch to six inches wide, and lies in the middle of the quartz thus far uncovered. The gold is sprinkled all thru it and can be ground with the fingers.

The ore from the Lone Star and Washington group, just across the Boundary line, and south of Central camp, will be treated at the Grand Forks smelter. A compressor plant has just been installed. Jay P. Graves recently visited the properties, which are only two miles distant from the City of Paris mine.

The second and third payments on the bond on the Mountain View claim in Summit camp have just been paid, altho a portion was not due until next October. The amount involved was $7500. The final payment of $15,000 is due a year hence. A contract for extensive development work has just been let.

The Jewel mine in Long Lake camp has ordered a cyanide plant.

Development work on the Winnipeg mine to date exceeds 3500 feet.

The new tunnel on the Snowshoe in Wellington camp is in 160 feet.

The spur to the Brandon and Golden Crown mine in Wellington was completed last week. The ore bins are full, awaiting cars for the Trail smelter. The main shaft is down 322 feet, and the total work on the property is about 2250 feet. The plant comprises a seven-drill compressor.

LIFE RETURNED

To a Suffering Dyspeptic, When He Used Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets Always Have This Result—They Positively Cure Dyspepsia, Indigestion, Biliousness and All Kindred Stomach Complaints.

Without exception, the dyspeptic is the most miserable being in existence.

He can't enjoy his meals. There are no dainty, enjoyable lunches after the theatre for him. No outings, no pleasant excursions with jolly friends.

He must mope at home, nursing his misery, while his friends are enjoying themselves, making the most of life.

Recently there was a young man in this position. He suffered greatly from Dyspepsia. He was virtually a close prisoner. He got no joy out of life.

One day he read about Dodd's Dyspepsia Tablets.

He bought a box—cost fifty cents.

He used the Tablets as directed, one after each meal.

Result—Dodd's Dyspepsia Tablets made a new man of him.

He appeared among his friends again, took part in their pleasures, and overflowed with life and good spirits.

His friends could not understand the change. They questioned him.

He answered: "Dodd's Dyspepsia Tablets did it all.

"I simply took one Tablet after each meal I ate, and my food was a pleasure and nourishment to me. It was promptly digested, whereas before I began to use Dodd's Dyspepsia Tablets it used to lie in a hard lump in my stomach, and cause me agonizing pain."

Dodd's Dyspepsia Tablets always have this effect. They cure indigestion and Dyspepsia by removing the cause. They digest the food and tone and strengthen the stomach.

FATAL FISHING TRIP.

Mr. S. B. Coleman of Oxford Mills, Ont., Was Drowned on Queen's Birthday.

Oxford Mills, Ont., May 25.—Mr. S. B. Coleman yesterday went up the river fishing. When he did not return for supper his wife became anxious, and a searching party was organized. The boat was found upside down, with the paddles floating near by. Several parties in boats dragged the river until near midnight, without success, but this morning the body was found about 6 o'clock.

Little Boy Drowned.

Poughkeepsie, N.Y., May 25.—Clayton Ford Stanley, the 7-year-old son of Arthur Stanley, of the firm of Stanley & Patterson, electrical supplies, New York, was drowned in a pool on his father's country place at Northerwood, Dutchess County, last evening. The boy went out in a rowboat with his pet dog. He stood up and threw the dog overboard to see it swim ashore, as he had often done before. Then he lost his balance and fell out of the boat, being drowned before help could reach him. His body was recovered forty-five minutes later.

ANOTHER BOXER OUTRAGE.

Massacred Missionaries and Shot Soldiers Who Went to Suppress Them.

London, May 25.—A special despatch from Shanghai says advices from Szuchuen, province of Hu Peh, report that "Boxers" have destroyed two villages and massacred many converts of the French missionary stations. The general commanding at Shi Nan Fu sent a regiment to the scene of the disturbances. The soldiers were ambushed by the malcontents and lost 26 men killed. Reinforcements have been dispatched from Ichang.

A Pleasing Presentation.

Thursday evening was the occasion of a pleasant meeting of Farnham Lodge, A.O. U.W., when 200 members of the Toronto district met in Steward's Hall to do honor to the popular Past District Deputy, A. E. Whinton. Routine business being concluded, Bro. Inspector Stark called "Andy" up to the station of M.W., and in a very eulogistic address presented him, on behalf of the Toronto district, with a handsome quarter cut oak bedroom suite and a lounge, in recognition of his valuable services during the past year. Bro. Whinton responded in a few well chosen remarks. One feature of the occasion was the presentation to Bro. Bloodworth of Farnham Lodge, of a magnificent chromo, in ten colors, illustrating the weakness of human nature in the midst of intoxicating drink.

"The Garden of Eden."

Blanche Willis Howard, author of "One Summer," and "Guenn," has written a pretty romance, in modern dress, founded on a very old theme, and entitled "The Garden of Eden." It is a tale of great love and brave renunciation, and the plot is woven about beautiful characters. In the book there is much to excite controversy. The author has fearlessly dealt blow after blow at many of the standing social shams of present day life, and it will probably have a startling effect along certain lines. The book is published by the Copp, Clark Co., Limited, Toronto, and the binding is most artistic.

No Favoritism.

"You told me," remonstrated the lawyer, in an injured tone, "that you had spent nearly every cent you embezzled from the firm. That is why I charged you only $200 for clearing you. Yet you spend money now like a man with a trunkful of it."

"Certainly," responded the other. "Did you think it would have hurt my conscience any worse to cheat a lawyer than it did to steal from the people I was working for?"

Origin of the Complexion.

Ferro-Nickel Manganese Calcium Fluoride

A new chemical composition, which absorbs carbon and detrimental gases from molten metal. One-half of one per ct. put into molten iron, copper or brass will make the metal more fluid, free from sponginess and air holes.

Ferro-Nickel Manganese Calcium Fluoride, like yeast, not an expensive article, but it gives life to the metal, just like adding zinc to copper in the manufacture of brass. Its melting point is about equal to that of spelter.

Ferro-Nickel Manganese Calcium Fluoride is free from Phosporus, Sulphur and Carbon. Its low melting point may be compared with the fusible metal plug or soft fusible solder which melts in boiling water. Either of its component parts—lead, bismuth and tin—melts at a far higher degree of heat, but a certain combination of the three makes such practicable results for the brass and iron foundries.

ALONG THE WATER FRONT.

The boats were patronized yesterday by excursionists, who were returning to their homes after spending the holiday with friends. As a result the wharf was a busy thorofare.

The following coal schooners arrived in port yesterday: Albacore, with 574 tons of coal; Keewatin, with 450 tons; Van Straubenzie, with 689 tons from Oswego for Elias Rogers; St. Joseph, from Oswego with 618 tons for Dickson & Eddy; Antelope, from Charlotte with 703 tons, for the Conger Coal Company, and the Dundee, from Fairhaven, with 496 tons for Patrick Burns.

Among the excursions booked by the Hamilton Steamboat Co. for Dundurn Park are the Tailors' Union, on June 18; Polson Iron Works employes, June 25, and Cooke's Church, July 7.

The steamer Macassa of the Hamilton line will commence making double trips on June 9. Both the Macassa and Modjeska will be on this route after June 16.

The Ocean cleared for Hamilton from Geddes' wharf yesterday. She will call at this port to-day on her way down east.

Mr. Fred Smith has severed his connection with the Hamilton Steamboat Co. to accept the position of wharfinger on the R. & O. wharf.

The Garden City came up from Whitby, Bowmanville and Newcastle on her regular trip yesterday. She had on board about 50 passengers from Oshawa, who were taken on the boat at Whitby.

A pole 65 feet high was erected at the entrance to Yonge-street wharf yesterday, from which an electric light will be suspended.

The steamer Cuba called at Geddes' wharf yesterday en route to Toledo from Montreal. She discharged a large quantity of freight here.

The Cambria brought her first excursion to the city yesterday from the Thousand Islands. The trip was largely patronized.

BUY AND SELL ALL MINING STOCKS ON COMMISSION.
More speculators need not consider the public interest, but we do a commission business only, and our main purpose is to conserve the rights of our clients. We endeavor to advise correctly as to the merits or demerits of every stock, to say whether it is being manipulated or neglected, and, if manipulated, whether for a rise or fall, and whether the price is too high or too low. In some cases the actual merits of a property do not, for a time, at least, govern the price of the stock. But if you would make money you must follow the market. If a stock rises when it should not, go short; if it is too low, buy for a rise.

Her Usual Way.

"I hope, dearest," he said to the lovely young chorus girl who had promised to be his. "I hope that these little matrimonial details do not weary you."

"Why, no, George," replied the ingenuous young thing, "they do not. On the contrary, they are a delightful novelty. Usually I simply go out for a walk and come back married."—Cleveland Plain Dealer.

HEART DISEASE CONQUERED.

A statement that is borne out by everyone who has used Dr. Agnew's Cure for the Heart. Thousands of credible Canadian witnesses ready to prove the miraculous cures effected.

Just when wanted it relieves the sufferer, saving life when delay means death.

Knocks out all heart trouble as certainly as Buller's guns knocked out the Boers. A never failing remedy in the most desperate cases. Relieves in 30 minutes,

There are some cases where one may wait until the doctor comes. But heart trouble is not one of these.

Delay may mean death, for when that shortness of breath or smothering feeling takes hold of its victim the relief must be prompt and sure.

This is the great recommendation of Dr. Agnew's Cure for the Heart. Perfectly harmless, it is quick like lightning, and revives the patient without any of the dangerous loss of time that may come from other treatment.

When a man or woman is gasping for his or her breath only that medicine is worth anything that will take hold and revive immediately.

Dr. Agnew's Cure for the Heart does all this, and a great deal more. The case may be a stubborn one and have defied medical treatment, but this remedy will not fail in any case or under any circumstances to bring the needed relief, and taken regularly according to directions it will soon banish from the system the dread heart disease.

—Dr Agnew's Ointment heals pimply faces and other skin diseases. Cures piles in from three to five nights.

—Dr. Agnew's Pills, the smallest and cheapest made, 20c for 40 doses.

—Dr. Agnew's Catarrhal Powder, a sure, safe and harmless remedy for all forms of Catarrh. Relieves in 10 minutes headache and all pain caused by catarrh or colds. Price, 50 cents.

STOCK MARKETS INACTIVE.

Effect of Cotton Brokers' Failure Seems to Be Over.

Dull Day on Wall Street Yesterday—Little Doing in Canadian Security Markets Either—Prices From London—Money Rates and Foreign Exchange—Notes and Gossip.

World Office,
Friday Evening, May 25.

Canadian securities were dull to-day, largely because of the holiday season. No afternoon session was held on the Toronto Stock Exchange and the Montreal board is closed till Monday.

• • •

Cables from London reported Grand Trunk first preferred at 88⅛, second preferred at 62½ and third preferred at 23⅝.

• • •

Grand Trunk Railway system earnings, 15th to 21st May, 1900, were $429,305; same week of 1899, $401,904; increase, $27,401. Chicago and Grand Trunk earnings omitted.

• • •

According to R. G. Dun & Co. the failures in Canada for the week ended May 23 totalled only 14, against 24 the preceding week and 16 the corresponding week of 1899. By provinces the failures were: Ontario, 8; Quebec, 3; New Brunswick and Prince Edward Island, nil each; and Nova Scotia, British Columbia and Manitoba each 1.

C. P. R. Earnings.

Montreal, May 25.—(Special.)—The earnings of the C.P.R. for the traffic week ending May 21 were $594,000. For the same week last year the earnings were $529,000.

Notes by Cable.

Consols in London to-day closed unchanged to 1-16 higher than yesterday.

In Paris at 4 p.m. 3 per cent. rentes were at 101f. French exchange on London 25f 16½c.

In London the market for American securities, after a dull opening, was firmer, with business limited to professional traders. The final tone was steady. Spanish fours closed at 72⅛.

The amount of bullion taken into the Bank of England on balance to-day was £15,000.

In Paris the rate of discount of the Bank of France has been reduced from 3½ to 3 per cent.

On Wall Street.

The stock market continued dull all day. There was no appreciable dealing outside, and professional traders preferred to hold aloof, pending more definite developments regarding the affairs of Price, McCormick & Company, whose failure was announced yesterday. As this firm's business covered a wide extent of country, both by wire and mail, the adjustment of its affairs is necessarily complicated. There were not many transactions under the rule on the exchange to-day for the firm's account, but there were indications of large transactions in accordance with private settlements. The undertone of the market was rather depressed in spite of the support. The extent of the failure affected sentiment adversely and the collapse of the corner in cotton was looked to as materially altering the prospects of the cotton section, owing to the decreased price of the article. The disposition manifested in Liverpool to extend the bear movement in cotton instead of turning to the buying side disappointed some expectation. The prospect of a large increase in the cash reserves of the banks in to-morrow's bank statement seemed to increase rather than relieve the depression. Preliminary estimates of the currency movement with the interior indicate that the banks have gained from that source over $3,000,000, or about twice as much as last week. The indication thus afforded of a further decline in trade activity made for depression, especially as money in New York is becoming almost a drug in the market.

J. J. Dixon has the following from Ladenburg, Thalmann & Co., New York:

The opening stock market was quiet this morning and the tone was steady until about 1 o'clock, when rumors that some other house was in financial trouble began to circulate. These rumors were indefinite in character, but brought in selling orders with resulting declines. There was a disposition to hold off pending fuller information regarding yesterday's failure. Tobacco stocks were favorably affected by the publication of the quarterly statement, accompanied by the announcement of the intention of the directors to make such statements regularly in future. Demand sterling, $4.87½ to $4.87¾.

Railway Earnings.

O. & W. earnings third week in May increased $1177; from July 1 increase $597,876.

Norfolk & Western earnings the third week in May $264,687; increase $15,473.

Missouri Pacific earnings third week in May increased $6000; from Jan. 1 increase $971,474.

Cont. Tobacco reports for the quarter ended March 31 show net earnings $1,273,073.

Bank Clearings.

New York, May 25.—The bank clearings at the principal cities of the United States for the week ended May 24 show total clearances $1,524,704,071, a decrease of 18.8 per cent., as compared with the corresponding week of last year. Outside of New York the clearances were $602,099,319, an increase of 1.3 per cent.

For the Dominion of Canada the clearances were as follows: Montreal $11,518,702, decrease 8.6 per cent.; Toronto $7,861,581, increase 1.8 per cent.; Winnipeg $1,766,951, increase 24.2 per cent.; Halifax $994,088, increase 5.8 per cent.; Hamilton $613,110, decreas 9.0 per cent; St. John, N.B., $572,130, increase 12.3; Vancouver $740,014, increase 59.4 per cent.; Victoria $732,593, increase 4.2 per cent.

The Money Markets.

The local money market is firmer. Money on call, 6 per cent.

The Bank of England discount rate is 3½ per cent. Open market discount rate, 2⅞ per cent.

Money on call in New York, 1¾ to 2 per cent.

A Tribute.

From The Washington Star.

"I want to stop in front of this window," said Mr. Blykins.

"Why, it's full of millinery!" exclaimed his wife. "I didn't know you admired such things."

"I not only admire, I marvel. I take off my hat to genius, and the people who can get $20 apiece for a lot of bunches of odds and ends like those are qualified to give lessons to a Napoleon of finance."

WHEAT FUTURES INACTIVE.

Little Change in Prices at Chicago Yesterday.

The Same May Be Said of Other Continental and European Markets—Local Grain, Produce and Live Stock Markets—Notes and Gossip of One Day.

World Office,
Friday Evening, May 25.

Liverpool wheat futures were to-day held at about Wednesday's final figures. Paris wheat down 15 to 25 centimes and Paris flour unchanged to 15 centimes off.

Chicago wheat and corn markets were dull to-day. Prices are under the influence of the weather reports.

Wheat receipts the past three days at Liverpool 189,000 centals, including 98,000 centals of American. Corn same time 200,600 centals, all American.

Argentine wheat shipments the past week 2,152,000 bushels, against 2,208,000 bushels the same week of 1899. Corn same time 704,000 bushels.

Those interested in the question of the inspection of Ontario grain at Montreal are requested to meet in the rotunda of the Toronto Board of Trade building at 12.45 o'clock on Monday next.

A Large Shipment of Calfskins.

James Hallam & Sons of this city on Wednesday shipped to the United States about 10,000 calfskins, valued at $9000, Mr. A. B. Appleby, Canadian representative for the American Hide and Leather Co., being the purchaser. This is the largest shipment of this line of stock made in recent years.

Manchester Butter Market.

Andrew Clement & Sons of Manchester, England, report the butter and cheese markets for the week ending May 9, 1900, as follows:

Butter—Good growing weather is now being experienced all over the country. The sentiment amongst the general run of buyers is in favor of lower prices. Still the increase in arrivals is not so large as to warrant any great break just yet, altho every week now will show quite a large increase in the home production. The Copenhagen quotation has now been unchanged for eight weeks. Yesterday's market was rather quiet. Best qualities are well cleared at 1s to 2s reduction. Medium qualities are not wanted. There is quite a little enquiry for cheaper grades. We quote: Choicest Danish and Swedish, 103s to 106s; do. Finnish, 96s to 100s; do. Irish creams, 98s to 100s; do. Irish firkins, 88s to 92s.

Cheese—Stocks are now very light, but, in spite of that, the tendency has been towards lower prices. Under grades are scarce and wanted. New cheese are enquired for, but there are few landed yet. We quote: Finest colored Canadian, 64s; do. white Canadian, 58s to 59s; do. colored New Zealand, 62s; do. white New Zealand, 58s to 59s.

Cheese Markets.

South Finch, Ont., May 25.—Regular meeting of the South Finch Cheese Board; buyers present, McGregor, Logan, Prunner, Wood and Birdsell. Number of cheese boarded 1019 white, no colored offered; price offered on the board, 9⅝c; none sold, factory men looking for more.

Kemptville, Ont., May 25.—There were 315 colored and 120 white cheese boarded, and all sold for 9 7-16c. Bissell, How, Scott and Webster each got a share.

Ottawa, May 25.—Two hundred and seventy white and 90 colored cheese were boarded here to-day. All were sold at 9⅝c, the bidding being somewhat smart. The Ottawa Cold Storage Company bought 90, Lowell & Christmas 255 and Alexander 35.

Perth, Ont., May 25.—At the Cheese Board meeting to-day 918 boxes of white cheese were offered, and all sold. Fowler secured 392 boxes, Bissell 275 boxes, Webster 200 boxes and Howe 51 boxes; prices paid were from 9⅝c to 9¾c.

Winchester, Ont., May 25.—At the meeting of the Cheese Board here to-day 450 boxes were boarded by 17 factories, 285 colored and 365 white; for both 9⅝c was offered, at which figure J. F. Ault secured 177 boxes and A. A. Logan 140.

Brighton, Ont., May 25.—Eight factories boarded 340 cheese, all white. McGrath secured 195 at 9 5-16c and Brower 140 at 9⅝c. Buyers present: Whitton, Thompson, McGrath, Brower and Cooke. The Board will meet again on Friday, June 8, at 1.30 sharp.

Iroquois, Ont., May 25.—At the Cheese Board to-day 319 colored and 401 white cheese were offered. All sold at 9 7-16c. Bissell, for James Alexander, bought 470; Ault, for Hodgson Bros., 95; Logan, for A. A. Ayer & Co., 50, and Smith, for J. J. Dickey, Brockville, 105.

Chicago Gossip.

J. J. Dixon has the following this evening from Ladenburg, Thalmann & Co.:

Wheat—Has been quiet; futures within ⅝c range. Liverpool showed little change from yesterday. Argentine shipments were liberal—2,248,000 bushels, according to the board's figures. Clearances for the day were 238,000 bushels, and for the week 4,416,000 bushels. The Northwest was still without rain, except a few very light showers. The Modern Miller said the winter wheat position was less favorable, especially east of the Mississippi River. Kansas City, on the other hand, predicted harvesting by Tuesday in Southern Kansas. An influential Duluth elevator operator wires that the Northwest has not yet suffered damage, and claimed it could stand a fortnight more of the drought. Trade was exceedingly narrow.

Corn—There has been a rather dull and uninteresting corn market to-day. The opening was a fraction over yesterday's close on firmer Liverpool cables and strength in wheat. Later, however, the market sagged ½c on absence of outside business and some selling by prominent local traders. At the decline there was fair buying by commission houses, causing slight rally from bottom. Trade has been light and mostly of local character. Country shows some increase over past few days. Demand rather indifferent. Seaboard clearances liberal—nearly 900,000 bushels. Primary receipts light, compared to last year. Receipts fair—260 cars, against 275 estimated; 350 estimated to-morrow.

Oats—Have dulled, and, in sympathy with corn, some liquidation of July by commission houses. Trade has been light; demand poor. Country offerings rather liberal. Receipts slightly over estimate—325 cars, against 290 estimated; 310 estimated to-morrow.

Provisions—Opened steady, and afterward ruled a shade easier on selling by local operators. Armour's brokers bought July lard and ribs, but sold the futures. Towards the close prices were firmer on buying by local operators. Estimated hogs to-morrow, 20,000.

Dun's Weekly Trade Review.

Wholesale business at Toronto this week has been fairly active. The weather was favorable for drygoods, and a large sorting-up trade was done. The outlook is considered good, and the demand for fall lines is increasing. The leading staples are unchanged in prices, and payments generally are reported fair. Manufacturers are said to be busy, having all they can do to supply immediate demands. Raw cotton and wool are each a trifle lower in prices. In hardware and metals the movement has been satisfactory this week. Iron and steel goods steady and tin a trifle weaker. Garden tools sell well. Groceries are in fair demand and generally steady. The decline in sugars late last week has been followed by an advance. The opening prices of canned salmon will be 50 cents higher than last year. Hides are dull and slightly weaker, while a fair trade is reported in leather at steady prices. Cheese dull; export cattle are higher and hogs firmer. Wheat is weaker this week, with a limited business. Money remains fair at 6 to 6½ per cent. for prime discounts. The bank statement for April shows an increase of $4,000,000 in deposits during the month, while the discounts and loans are over $281,000,000, the greatest on record.

LOCAL LIVE STOCK.

The run of live stock at the stock yards was not large, 52 carloads, composed of 821 cattle, 1205 hogs, 163 sheep and 40 calves.

The quality of fat cattle generally was not as good as on Thursday, especially in the export class.

Trade was brisk and prices steady, with the exception of the better grades of exporters, which were not quoted as high as on Thursday.

Export Cattle—Choice lots of export cattle sold at $4.80 to $5.12½ per cwt., while lights sold at $4.60 to $4.75.

Bulls—Heavy export bulls sold at $4.25 to $4.35 per cwt., while light export bulls sold at $3.60 to $3.80 per cwt.

The bulk of exporters sold at $4.65 to $4.90 per cwt.

Loads of good butchers and exporters, mixed, sold at $4 to $4.15.

Butchers' Cattle—Choice picked lots of butchers' cattle, equal in quality to the best exporters, weighing 1000 to 1100 lbs., each, sold at $4.25 to $4.35 per cwt.

Loads of good butchers' cattle sold at $3.65 to $3.90, and medium butchers', mixed cows, heifers and steers, $3.45 to $3.65 per cwt.

Common butchers' cattle sold at $3.25 to $3.40, while inferior sold at $3 to $3.12½.

Heavy Feeders—There were few of this kind offered as such, but a few steers, weighing from 1100 to 1200 lbs., that were brought here as shippers, were bought by dealers and farmers, at $4.25 to $4.50 per cwt.

Light Feeders—Steers weighing from 800 to 1000 lbs. sold at $3.95 to $4.10.

Buffalo Stockers—Yearling steers, 500 to 600 lbs. in weight, sold at $3.40 to $4.90 per cwt., while heifers and black and white steers of the same weight sold at $2.75 to $3.25 per cwt.

Milch Cows—About 12 cows, principally of medium quality, were offered and sold at $30 to $50 for the bulk.

Calves—About 40 calves sold at $2 for inferior, and $7 to $9 for choice veals, the bulk going at $5 to $7 each.

Sheep—Deliveries 163; prices steady at $3.50 to $4.25 for ewes, and $3 to $3.50 per cwt. for bucks.

Lambs—Yearling lambs were easier at $4.50 to $5.50; picked lots of ewes and wethers at $5 to $5.50 per cwt.

Spring Lambs—Spring lambs sold from $2.50 to $4.50 each.

Hogs—Deliveries 1200. Best select bacon hogs, not less than 160 nor more than 200 lbs. each, unfed and unwatered, off cars, sold at $6.37½, thick fats at $5.75, and lights at $5.50 per cwt.

Unculled car lots of hogs sold at $6 to $6.20 per cwt.

William Levack bought 150 cattle, butchers and exporters, at $3.85 to $4 for medium to good butchers and $4.25 to $4.50 for picked lots; exporters at $4.65 to $5 per cwt.

W. H. Dean bought 4 loads of exporters, 1250 to 1350 lbs. each, at prices ranging from $4.40 to $5.10 per cwt.

Dunn Bros. bought 6 loads of exporters, averaging from 1200 to 1270 lbs. each, at $5 to $5.15 per cwt.

Joseph Gould bought one load of choice exporters, 1315 lbs. each, at $5.20 per cwt.

Crawford & Hunnisett bought 3 loads of stockers at $3.25 to $3.75 per cwt., with a few lots of choice calves of extra quality and color at $3.80 to $3.90 per cwt.; 5 lots of mixed butchers and exporters at $4.50 to $4.70, and one load of exporters at $5 per cwt.

William McClelland bought 15 choice butcher cattle, 1050 lbs. each, at $4.25 per cwt.

J. L. Rountree bought 1 load of butchers' cattle, 956 lbs., at $3.80; 7 exporters, 1150 lbs., at $4.75; 1 bull, 1460 lbs., at $4; 8 feeders, 1100 lbs. each, at $4 per cwt.

Zeagman & Maybee bought 1 load of stockers at $3.70 to $3.90 per cwt., and 1 load of butchers' cows at $3.40 to $3.75 per cwt.

Alex Levack bought 20 butchers' cattle of choice quality at $4.20 to $4.40 per cwt.

J. Murton bought 12 choice butchers' cattle, 960 lbs. each, at $4.50 per cwt., and 3 averaging 90 lbs., at $4 per cwt.

S. J. Alexander sold 20 butchers' cows, steers and heifers at $36 each and $5 over; 5 sheep and 5 spring lambs at $5 each.

S. H. Reynolds sold 8 sheep, 2 spring lambs and 4 calves at $4.70 per cwt.; 1 export bull, 1800 lbs., at $4.50, less $1; 7 butcher cattle, 900 lbs. each, at $4 per cwt., less $2; 2 fat cows, 1200 lbs. each, at $3.60 per cwt.

W. B. Levack bought 100 sheep at $3.50 to $4 per cwt.; 20 calves at $7 each; 22 spring lambs at $4 each, average prices.

A. W. Maybee bought 60 mixed butchers and exporters at $3.70 to $5 per cwt.

Shipments per G.T.R.: William Levack, 6 carloads; W. H. Dean, 8 carloads from here and 2 from Peterboro; Joseph Gould, 2 cars; J. Coughlin, 1 car, all export cattle; O. Boucher, 1 car butcher cattle to Chapleau; and James Price, 1 car butcher cattle to Sudbury.

The World received a letter from Joseph Wilson, cattle dealer, late of Winnipeg, but now of Yorkton, Assa, where he is now residing. Mr. Wilson wished to be kindly remembered to all "the boys" at the cattle market, by whom he is well and favorably known. He also stated that business in the Northwest is good, and that they have had a beautiful spring, but that rain is badly needed. Yorkton, Assa, where Mr. Wilson now makes his home, is a thriving little place of 700 population.

BURNED A BRITISH FLAG.

An Englishman at Nyack, N.Y., Raised the Ensign to Celebrate the Queen's Birthday.

Nyack, N.Y., May 25.—Robert Sneden of Monsey, an Englishman by birth, raised a British flag over his house yesterday to celebrate the Queen's Birthday. Several neighbors came on the premises and ordered the flag taken down. Mr. Sneden refused, when one of the men held him while the others climbed upon the house, tore down the flag and burned it. Mr. Sneden says he will take legal proceedings to have the offenders punished.

PRICE-M'CORMICK FAILURE.

A Bit of Romance Crops Up in Connection With the Suspension of the Firm.

MR. PRICE IS TO BE MARRIED TO-DAY

Wedding Had Been Fixed for Monday, But Was Hastened Rather Than Delayed.

New York, May 25.—It is improbable that the assignee of Price, McCormick & Co., the brokerage house which failed yesterday, will be able to issue a statement of the failure to-day. A force of expert accountants and clerks worked on the books the greater part of last night, and the indications are that it will be a day or two before a statement can be prepared for the creditors.

The Marriage Hastened.

Theodore H. Price, the head of the collapsed firm, announced to-day that his marriage to Miss Eugenie Dyer, which was to have taken place on Monday next, in the Church of the Epiphany, will occur to-morrow.

Last night Mr. Price was to have given a farewell bachelor dinner, but it was suddenly called off.

The return of Mr. Stuart-Wortley, one of the partners in the firm, from Europe, which was expected to-day, had been timed so that he would not miss the wedding, for which the entire office force of the firm had made the most extensive preparations. The wedding present from the office staff to the senior partner had been ordered and paid for.

Hard Luck Stories.

In respect of this several hard luck stories were told yesterday afternoon. The employes had collected $575 for the gift, which was of silverware, and the order was placed with a prominent manufacturing company. In order that payment might be made at the time the order was placed, some of the clerks and bookkeepers borrowed money to pay their subscriptions rather than wait until to-day, which was the regular pay day of the firm. Of course, employes, under the law, are the first creditors to get their money, but there must be delay, necessarily.

Message on the Door.

The down-town office of Price, McCormick & Co. was closed to-day, and on the doors were notices directing all persons to the assignee and his counsel for information.

Private advices from San Francisco state that the losses there in cotton and stock thru the failure of the firm will probably aggregate about $500,000.

In the cotton trade it was the opinion that the extent of Price, McCormick & Co.'s outstanding contracts are not likely to exceed $400,000.

RIDLEY COLLEGE'S GAMES.

Superintendent Fitzhugh's Son Won the Championship—A Large Crowd Present.

TORONTO PEOPLE WERE THERE.

The Games Showed That a Lot of Fine Athletes Are Among the Students.

St. Catharines, Ont., May 25.—The annual games of Ridley College were held to-day on the magnificent playing field of the school in the presence of a very large number of ladies and gentlemen from St. Catharines, Toronto, Hamilton and other places. The band of the 19th Battalion furnished an excellent program of music. At the close of the games refreshments were served in the new junior school building.

The senior championship was won by E. H. Fitzhugh, son of E. H. Fitzhugh, president of the Central Vermont Railway, and the junior by Percy Mitchell, son of Rev. A. R. Mitchell. The championship cups were presented by Mrs. W. G. Gooderham on behalf of Messrs. George and W. G. Gooderham, and the Old Boys' Cup was presented by Mrs. J. Herbert Mason, wife of the president of the College Board.

The Senior Events.

The senior events were as follows:

RELIEF OF LUCKNOW, ONT.,

Was Accomplished May 24, 1900, When the People Gave Vent to Their Loyal Feelings.

THE TOWN IN HOLIDAY ATTIRE.

Raad, Veldt and Kop Represented, and the Queen and John Bull Were There.

Lucknow, Ont., May 25.—The historic relief of Lucknow called forth no greater demonstration of enthusiasm in the British Empire than did the outburst of pent-up loyalty displayed by our citizens yesterday. It was a gala day, the citizens, let loose, became a general reception committee and received visitors with open hospitality. The booming of cannon and a general illumination of fire works the evening before began the program and stirred up a martial spirit, which continued until midnight. The town was arrayed for the occasion in holiday attire, flags and bunting everywhere. A character street parade was advertised for the forenoon.

A Little of South Africa.

From early morning expectant crowds began to gather and they were not disappointed, for never in the history of our village was there such a complete parade. The companies and detachments assembled in the agricultural "veldt" to the east of the town and by 11 o'clock had appeared on the "kop" at the entrance to the town, in something like the following marching order: Brass band, the village raad (council), and officials in carriages, municipal fire brigade, Highland pipers band, Great Britain and Canada mounted as follows: John Bull, Magistrate Lawrence; Sandy, Alex. McPherson; Pat., E. Reid; Johnny Canuck, W. Miller; Queen Victoria in May Day reception character, L. Guards, mounted Lancers, Prince of Wales' Brass Band.

After That the Children.

After these came companies of children in patriotic chorus and a trades representation, followed by masquerade and original novelties, interspersed by chariots and national character bands, flanked on both sides by bicycles, bedecked with garlands and streamers in patriotic colors. The whole presented a moving panorama in which every character was voted complete and a distinct addition to the demonstration. The parade reached about twice the length of the principal street and was in charge of James Bryan and J. Murchison, who were mounted in character to represent two of Britain's generals now in active service.

The afternoon was taken up with football, horse racing and music, and in the evening a popular concert of songs, music and dancing, with Mr. Bert Harvey of Toronto as chief entertainer, closed a day of pleasure to visitors, and one that would have warmed the heart of Her Majesty if she had been present.

CANADIAN PAVILION AT PARIS.

The Building Was Opened Without Ceremony—The Fur Section Greatly Admired.

Paris, May 25.—(Telegram Cable.)—Canada's pavilion at the Exposition was opened yesterday without ceremony. Throngs visited the fur section, and it was greatly admired.

The Queen's Birthday was celebrated in the evening with a dinner, which proved to be most enthusiastic and patriotic. The British commission and the representatives from India and Australia joined in the celebration.

Canadian Commissioners Scott and Goudreau were congratulated on the excellent arrangements of the different sections of the Canadian pavilion.

TERRIFIC BEAR FIGHT.

Bruin Probably Fatally Injures One Man and Badly Hurts Another Man and a Woman.

From The Montreal Star.

Sherbrooke, May 21.—The story of a thrilling encounter with a bear comes from Chesham, Que., 18 miles from Scotstown. It occurred on May 10. Mr. Charbonneau, who had had a number of sheep killed by bears, set a trap near his barn, hitching it with a chain. On the evening of the 10th, Mr. Charbonneau went to the barn to look after his stock and found that he had caught Mr. Bruin. Getting his gun from the house he fired at the bear, but only wounded him. The bear was wild with rage and broke the chain which held the trap. The animal then gave chase to Mr. Charbonneau, who ran for the house. When within a few feet of the house he tripped and fell, and in an instant the bear was upon him, seizing him by one of the arms. Charbonneau's father, an old man, came to the rescue with an ax. He struck the bear one blow, when, with a swing of his paw, bruin sent the axe flying and then attacked the old gentleman, knocking him down and tearing his arms and face in a terrible manner. Mrs. Charbonneau now appeared on the scene, when the brute turned his attention to the third antagonist. With a sweep of his paw he lacerated her arm from the shoulder to the wrist. In the meantime neighbors were attracted by the cry for help, and one brought a gun. It was some time before he could get a shot for fear of hitting old Mr. Charbonneau, who was under the bear. The chance came, however, and he fired with the muzzle of the gun close to the bear's head. The animal rolled over dead. The old gentleman was found to be seriously injured, and it is feared he will not recover. His body was very badly torn about the chest. Mr. and Mrs. Charbonneau's injuries were not so serious. The bear weighed 365 pounds.

North Toronto.

Mr. James Parson, who resides about a mile and a quarter from Richmond Hill, fell off a Metropolitan car on Thursday night near Eglinton-avenue. The man was found about 11 p.m. by Constable Tomlinson, and was then recovering consciousness. He had sustained a couple of nasty gashes on the head from the fall, and Dr. Richardson stitched them up. Mr. Parson was able to return home last night.

Town Clerk Douglas has received the printed copies of the 1900 voters' lists. Appeals for changes in the same will have to be made to the Clerk on or before June 24 next.

Rev. Dr. Potts will preach at Asbury Methodist Church to-morrow afternoon, and in the evening at the Eglinton Church.

The induction of Rev. T. W. Powell as rector of St. Clement's Church, Eglinton, took place on Thursday evening before a large congregation. The Rev. Dr. Langtry, rural dean, performed the ceremony, assistance being rendered in the service by Rev. T. W. Paterson, Deer Park; J. Gibson, Thornhill; Canon Osler, York Mills, and R. Ashcroft, St. James' Cathedral.

Markham.

The news of the death of Mr. Harcourt Duncan at his late residence near this village Thursday has caused a feeling of profound sorrow wherever deceased was known. While not a native of this township, Mr. Duncan, ever since his arrival here, some ten years ago, has identified himself with the best interests of the township. A man of sterling integrity, of a generous nature, and in the very prime of life, his removal is a distinct loss, not alone to his immediate friends, but to the community in which he resided. Mr. Duncan was a generous supporter of the Church of England, and was always ready to lend whatever assistance he could. In politics Mr. Duncan was a Liberal-Conservative, and no man worked more enthusiastically in the party to which he belonged than the late Harcourt Duncan.

Newmarket.

The frame residence of Mr. John Spring, near the High School, was totally destroyed by fire about 10 o'clock yesterday morning. The brigade was quickly on hand, but the fire had gained too much headway to allow of any successful interference. The fire is attributed to smouldering remnants of fireworks. The loss is partially covered by insurance.

A union picnic of the Public School pupils of North York will be held for the fifth successive year at Morton Park on June 9 next.

Mr. W. N. Starr has opened a branch establishment near the car terminus under the management of Miss L. Harrison.

The Town Clerk has been instructed to write the president of the Metropolitan Railway asking for the extension of the track to the north end of the town.

An exhibition of moving pictures was to have been given at the Town Hall on the evening of the 24th, in aid of the public library. The machinery failed to operate, and the large audience were exceedingly disappointed.

Mr. Thomas Norris of East Gwillimbury is the loser of two suits of clothes, two gold chains and other minor articles which were taken from his residence while the family were absent.

The Pipher House is being renovated at considerable expense.

Rev. Father Morris has commenced preparations for a picnic on July 1 next.

WHERE WOLFE FELL.

A Correspondent Endeavors to Correct an Error of Very Long Standing.

It will be a matter of surprise to historical students everywhere, writes an Ottawa correspondent, and especially to tourists who have made a pilgrimage to the supposed site of Wolfe and Montcalm's great battle, to learn that no military contest ever occurred upon the ground that has been pointed out for the last three-quarters of a century as the original Plains of Abraham.

In 1808 an agitation was begun for the perpetual maintenance by the Dominion Government of what was then universally believed to be the site of the momentous battleground. This agitation has developed the fact named above, and now clearly established by unimpeachable documentary evidence, the discovery of which ranks among the most important historical finds of the present day. The ground in question is owned by the Ursuline nuns of Quebec, and when they had it surveyed and were offering it for sale in building lots a couple of years ago, angry protests came, not only from all parts of Canada, but from England and the United States as well, against what was hastily assumed to be a proposed desecration of ground that has been consecrated by the blood of sons of the world's greatest heroes. Under the impeachment of this tradition, almost universally held, that the property of the nuns was the scene of Wolfe's great victory, a thoro search was undertaken in the imperial departments, the Tower of London and other public record offices in London, the United States and France, for the purpose of establishing the actual site of the battle beyond any possibility of further dispute.

The assistance of the most prominent public men of both Great Britain and Canada was invoked by the searchers after historical truth, and the result has been the discovery of a valuable mass of hitherto unknown manuscripts, maps and plans of the time of the British conquest of Canada. Every one of these plans and maps shows conclusively that no part of the battle of 1759, which decided the fate of New France, was fought upon the ground now known as the Plains of Abraham. The original title deeds of the property have been found and traced, and they show that the present supposed site of the battlefield never formed any part of the original Plains of Abraham, and never belonged to Maitre "Abraham," or Abraham Martin, who gave his name to the property upon which the battle was fought.

Expert examination of these plans and maps shows that the battle of the plains was fought very much nearer to the walls of Quebec than the supposed site now pointed out to tourists as that of the famous struggle. It all occurred upon the city side far beyond the monument bearing the inscription, "Here died Wolfe, victorious," tho the expiring general was probably carried back in the rear to this spot to breathe his last. The original error in the location of the battlefield was continued because maps and plans of it, drawn at the time of the fight, were not to be had in Canada. The error was encouraged by Hawkins and other historians of half to three-quarters of a century ago, who took for the ruins of old French redoubts known to have been erected on the battlefield the remnants of English works shown clearly upon the newly found plans to have been erected by the British in the rear of the battlefield immediately after the fight in order to protect their line of communication with the river.

The Fight Against Smallpox.

Dr. Hodgetts leaves to-day for Port Arthur to join Dr. Bryce of the Provincial Health Department, who is taking measures to eradicate the smallpox outbreak which is now said to have extended as far as the Saw Bill mine, where one man is reported to have caught the disease.

The report is also current that a big hotel in Montreal has been quarantined and has been largely depleted of its guests. The quarantine regulations are particularly disagreeable for traveling men, who have to submit to more or less detention when time is money.

Not the Regular Thing.

From The Philadelphia Press.

"And do you call that a patriotic song?" said the publisher, handing back the manuscript.

"Certainly. Why not?" asked the other in surprise.

"Why, you don't rhyme 'soldier boy' with 'mother's joy' anywhere."

So Natural.

She: Fearfully unpopular man, is he? That's interesting to me because he happens to be my husband.

He (hastily): Don't you see—that's the reason of it. Lucky beggar, we all hate him.—Ally Sloper.

THE LATE A. S. MACKAY.

Death of a Clever Young Canadian in Paris—Interment in Montreal.

The interment of the remains of the late Mr. Alexander Smith Mackay, son of Dr. William Mackay, 282 St. George-street, late of Montreal, took place in Montreal yesterday. Deceased was educated at Upper Canada College, where he matriculated with honors in modern languages in 1891. He then attended Toronto University and studied theology at Victoria, from which institution he received the degree of B.A., in 1896. After graduation he took a year's post graduate work at Harvard, where he received the degree of M.A. He then traveled abroad for three years to perfect himself in the modern languages and graduated with high honors from the University of Florence, Italy.

He accepted a position with the New York Life Insurance Company at Paris and while discharging his duties in that city in February he contracted grippe, which developed into typhoid, resulting in his early death at the age of 26 years. The funeral was held at Paris and was attended by many Canadians in that city and the members of the New York Life Insurance Company. The deceased was an estimable young man, was a great favorite at Varsity, being associated with the University Glee Club, and his sudden demise has thrown a veil of sorrow among his many friends and acquaintances.
