Store Open Till 10 Saturday Nights

This picture tells the story better than we can. "Daddies" of today were brought here for suits by their "kiddies," and knowing the wear they had from our clothes when they were hard on dad's funds they just naturally bring the boys here. New Fall Suits are coming in now, all ready for school opening, and all of the "good sort."

**WAR SUMMARY**  
THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

In the past few months, "Our heavy guns appeared to be very effective," Sir Douglas comments ironically in alluding to the silencing of German artillery in three different areas.

Petrograd official reports seem to indicate a temporary lull in active operations on the eastern front. The capture of two Carpathian heights near the source of the River Pruth was announced in the afternoon statement. South of Krevo, in the Vilna sector, and in the region of the Sereth, south of the Brody, at scattered points, the enemy appears to be undertaking offensive movements, but with indifferent success. Petrograd last night reported briefly no change in the situation.

British aerial supremacy on the western front has been persistently asserted by authorities who weigh their words carefully, and day to day attempt to challenge such aerial mastery resulted in a spirited engagement on the Somme front, many aeroplanes being in action. Four enemy machines were destroyed and many others crippled, while the British suffered no casualties.

The adjournment of both houses of the British Parliament yesterday came off with expressions of fullest confidence in the satisfactory outcome of Westminster a year ago. The signal successes won by the entente allies on the eastern and western fronts and the knowledge that the Balkan offensive has begun auspiciously has driven parliamentary pessimists to cover, and even the Northcliffe press has shown a decided change of heart. It is recognized that the way may be long, but that the end is certain.

Intense artillery activity by the Germans north and south of the Somme has met with prompt response from the French. Infantry fighting has been limited, but the French troops again showed their dash in the capture of German defences between Fleury and the Thiaumont works on the right bank of the Meuse in the Verdun sector.

Reports that Greek troops had clashed with the Bulgarians are not confirmed, but the situation is evidently strained to the breaking point. A Reuter despatch from Saloniki states that the Greek commander at Seres has issued a formal call to demobilized troops in the district to join the colors in preparation for active resistance, and that followers of Venizelos are lending their co-operation.

**WOULD MAKE WABASSA AN AMUSEMENT PARK**

Hamilton Shipbuilding and Ferry Co. Willing to Spend Big Amount.

HAMILTON, Thursday, Aug. 24.—To make Wabassa an amusement park by the expenditure of a large amount of money, to erect a dry-dock in Hamilton involving an annual expenditure of about \$400,000, and to furnish an adequate ferry service between the city and the park were outstanding features of the proposition of S. D. Biggar, K.C., made to the parks board last evening.

The Hamilton Shipbuilding and Ferry Company, Mr. Biggar said, was willing to spend a large amount of money to improve the park, but could not see its way clear to do this if it did not get a long term lease.

The board expressed willingness to meet the company half way, and details of the plan will be considered at a meeting to be held tomorrow afternoon. An application from the Dominion Gas Company for permission to erect a small meter station on park property on Dundas street was rejected by the board.

Death by Suffocation. The verdict returned by a coroner's jury who heard testimony regarding the death of Pte. W. Wallace, a member of the Welland Canal protective force at Merrickton, Wallace in an intoxicated condition Saturday, called at the home of Alec Misener, where he was permitted to sleep in the dining-room until the following morning. He was heard to move around early the next day, but later, when attempts were made to rouse him, he was found to be dead. The jury was unable to assign the immediate cause of death.

Want Depot Station. Believing that soldiers stationed here are an incentive to further enlistments, a majority of the members of the recruiting league are said to favor the

establishment of a depot battalion. A rumor that the depot would be established has been circulated more than once. If formed, the men will be kept at the armories.

According to George Wild, chairman of the works commission of the park board, work will begin soon on the filling in and grading of the north end park.

ARRESTED IN SARNIA. HAMILTON, Thursday, Aug. 24.—Word was received by the police yesterday that Miss Minnie Desjardins, who is alleged to have stolen \$70 in this city, Shirley left for that city and will return with the prisoner today.

**Important Optical Sale**  
GOLD-FILLED EYEGLASSES \$2.95

Shorter Hours and Higher Pay for the Key Handlers.

**PAY FOR ALL HOLIDAYS**

Judge Snider's Report Has Been Sent to Labor Department.

While Judge Snider, the arbitrator, declined last night to disclose the terms of the agreement between the G. N. W. Telegraph Co. and its employees, a report of which has been submitted to the federal labor department, and neither side would give out official information, it is understood that the following are the principal features of the compact:

Vacation of two weeks with pay for employees after a specified term of service.

Maximum salary for first-class operators, \$90 a month, starting at \$80 and automatically advancing \$8 a year.

Second-class operators will start at \$70 a month and will continue until they graduate into the first-class grade. The minimum salary for all operators will be \$60.

The company will install all typewriters and keep them in repair, charging a nominal rent to the operator.

The day remains at nine hours, but the night shift will work only 7 1/2 hours instead of eight, and the all night shift seven hours.

**BRITISH SCORE FURTHER GAINS**

Gen. Haig Reports Capture of Two Hundred Yards of Trenches.

(Continued From Page One.)

Evening, enemy aircraft, which had displayed unwonted enterprise, were engaged in large numbers with most satisfactory results. The fighting was continuous until dusk. At least four hostile machines were destroyed, and many others were driven down damaged and apparently out of control. Others were pursued to their aerodroma. We suffered no casualties.

Despite the continual fighting, a reconnaissance was completed successfully and bombing raids were carried out against sundry points of importance.

Repulsed Two Attacks. The afternoon British official statement recorded the repulse during night of two heavy German attacks on the trench recently won by the British south of Thiéval. The enemy gained a footing in the trenches in the first attack, but was speedily driven out, and the second attack failed completely.

The statement follows: "The enemy made two determined counter-attacks last night on our new trenches south of Thiéval, by the first attack he gained a temporary footing in our trenches, but was driven out immediately. The second attack was repulsed completely. The enemy's losses in these two attempts were heavy.

"Last night there was rather more hostile artillery fire, especially in the regions of High Wood and Bazentin-le-Petit.

"Opposite Lens we carried out a small raid successfully. On the other parts of the British front there was the usual trench warfare."

the near east, and which may have the weightiest influence on the whole field of operations.

The Food Problems. In recent days concerning the question of food supplies here, also high prices are due to scarcity of supplies, the constant requisitioning and the abnormal consumption of food by the untold millions of men in the field. Captain Prynman said today that he carried out as much work as they did in civilian life. While the question of food supplies is pressing heavily on the civilian population, the government thus far has seen no reason to take any new or drastic steps in the direction of administrative control of either the price or consumption of food.

In the debates the cabinet ministers also expressed the greatest confidence in the constantly growing economic pressure which is being exercised against the central powers.

The difficult questions of suffrage and registration reform have been shelved temporarily, but as a precautionary measure the house of lords inserted in the bill extending the life of parliament an amendment which provides that any new parliament elected upon the existing registers should endure only for two years. This is an emergency which is unlikely to arise, however, as a large majority of the country is opposed to holding elections during the war. It seems almost certain that the next parliament will be elected upon a basis of adult suffrage with women voting, although there are many opinions that the country ought to be consulted upon the important question of admitting women to suffrage by means of a general election.

Bedroom Furniture That is Artistic and Eminently Practical

Colonial, Sheraton—Many of the Charming Period Types—Are Here Displayed in Such Array That No Longer Can We Believe That The Truly Beautiful is Only for the "Few" and That Others Must be Content With What is Merely Useful...

IVORY ENAMEL PAINTED FURNITURE is quite "the rage" at present for the bedroom. This 8-piece suite is, like all the above, of dust proof construction and well made in every particular.

A VELVET LINED JEWELRY DRAWER is a notable feature in dresser, chiffonier and toilette table—in fact, the whole arrangement of drawers is unique for between the small square ones which are uppermost at each side lie two very shallow wide ones...

PAINTED MEDALLIONS—either groups of flowers or tiny rural scenes are charming as accent notes where a corner or abrupt curve occurs, and at other places a narrow fluted moulding is noted.

INLAYS OF CANE are attractive in seat and back of the two chairs, low pediment which replaces the mirror on the chiffonier, and twin beds. Greatly reduced; August Sale Price, \$375.00.

—Third Floor, Furniture Building, James and Albert Sts.

ONE NATURALLY THINKS OF COLONIAL FURNITURE IN TERMS OF DARK, RICH MAHOGANY and whether it be the "post" type like the suite illustrated, or the more massive style with swelling pilasters, the effect is equally handsome.

THE BED WITH ITS FOUR POSTS projecting only slightly above the head and foot-boards is very severe—even stately—in its simplicity and the lustrous finish of the mahogany shows to best advantage on the plane surfaces and chaste mouldings; price, \$44.00.

THE STANDARDS which support the mirrors are slender, graceful, slightly tapering and topped by balls to match those on the bed. The dresser is exceptionally long, has four drawers and a mirror of unusual dimensions; price, \$54.00.

THE DRESSING TABLE is charming with its five small drawers and its slender, yet truly Colonial legs and not its least attractive feature is its single large mirror; price, \$32.00.

A CIRCASSIAN WALNUT THREE-PIECE SUITE AT HALF-PRICE is a rare bargain which is only possible as being part of a special purchase of three carload lots secured from the manufacturer under particularly advantageous conditions.

OF POST COLONIAL CONSTRUCTION with fluted columns as the distinguishing feature the design of this suite is truly handsome and shows to advantage the beautiful grain of the wood. The mirrors have flat frames; all the pieces have heavy tops, and dresser has 3 top drawers and two long deep drawers, chiffonier 6 drawers, toilet table 3 drawers. This 3-piece suite half-price, \$94.00.

IN SHERATON STYLE are two beautiful bedroom suites. One of walnut is moderate in size and well finished; the dresser has large mirror, double top, 4 drawers, wood knobs; August Sale Price, \$29.50; 3 mirror toilet table, August Sale Price, \$26.50; bedstead, August Sale Price, \$27.00.

CIRCASSIAN WALNUT forms the other which is much reduced in price. Dresser with oval or shaped mirror, August Sale Price, \$29.00; Chiffonier, August Sale Price, \$26.50; Toilet Table, August Sale Price, \$15.00.

Typifies All That is Charming in Table Porcelain, for the Simplicity of its Decoration Can Never Strike an Inharmonious Note; While Another Great Favorite is Blue and White Nippon Ware

DULL, LUSTROUS MAT GOLD forms the handles and bands on the set illustrated, the broader band being accentuated by two hair lines in black and fine tracings of gold on edge and base defining the shape.

IN KERMIS SHAPE ARE THE CUPS AND SAUCERS and of the best English bone china; the rest of the pieces are light weight, semi-porcelain. All the pieces are stamped with the name and mark of the manufacturer.

The set consists of 97 pieces: 1 doz. each of dinner, tea and bread and butter plates with flat base and good flaring edge; 1 doz. cups and saucers; 1 doz. coupe soup plates; 1 doz. nappies; 1 salad dish; 2 platters; 2 covered oval vegetable dishes; sugar, cream, slop bowl, pickle dish and gravy-boat. Price for complete set, \$31.25.

"OLD BLUE NIPPON, HAND PAINTED" IS THE LEGEND stamped upon each piece of a set of china which is adorned with a hand border showing a Holland scene with the customary windmills and boats, developed in three tones of "Dutch" blue. The decoration is under the glaze and for that reason is absolutely permanent, never showing the effect of wear.

The set consists of one dozen each of dinner, breakfast and bread and butter plates; one dozen coupe soup plates, one dozen cups and saucers, one dozen and a fruit bowl with cut-out handles; one gravy-boat, with stand attached; two round covered vegetable dishes; one sugar; one cream; and two platters, sizes 10 in. and 13 1/2 in. length over all. Price for the set complete is \$22.50. —Basement, Yonge St.

Acminster and Wilton Rugs in Handsome Designs, Rich Coloring and Excellent Quality at Moderate Price.—Rugs Sure to Interest the Many Out-of-Town Shoppers of Exhibition Time

ORIENTAL DESIGNS EMBODYING ALL THE ALLUREMENT OF COLOR and intricate pattern that one associates with Kazac, Ferehan, Chinese Samarakand and Persian designs are featured in these Acminsters and Wiltons which in their English factories have been made almost exact replicas of the hand-made originals.

THE DEEP, CLOSE PILE OF THE ENGLISH ACMINSTER and its being woven without seams are excellent qualities which make it so eminently adapted for hard wear in living-room, dining-room, hall or bedroom. There upholstery, walls or hangings are inclined to over-ornamentation the perfect floor covering would be one of these rugs with plain center in blue, green, or golden brown with banded border of deeper tones or with interlaced Acanthus border all in varying hues of one color.

THE KAZAC DESIGN has the whole pattern developed in straight lines giving a "squared" effect; these are all in deeper tones suitable for living-room or library. Floral patterns that would be charming for bedrooms with dainty chintzes to harmonize are in pale greens, roses and blues; while conventional patterns are shown in great variety, one of particular charm combining roses, cream and olive with suggestions of black in outline.

A few sizes and prices follow: 6 ft. x 7 ft. 6 in., price, \$21.50; 6 ft. x 9 ft., price, \$25.00; 9 ft. x 10 ft. 6 in., price, \$45.00; 9 ft. x 12 ft., price, \$51.00; 10 ft. 6 in. x 13 ft. 6 in., price, \$67.50.

WILTON SQUARES OF FINE QUALITY, seamless weave, are mainly in Oriental designs and form a rich and serviceable setting for the furnishing of a room.

THE CHINESE SAMARAKAND pattern shows a soft tan ground with quaint figures in brown, dark blue, ivory and black. The Ferehan rugs show a small intricate all-over pattern, as centre with more plainly defined repeats of the same as border; some are in brown, sage and grey, others feature a blue as a background color with bright hues in the design.

Some sizes and prices: 6 ft. x 9 ft., price, \$27.50; 8 ft. 3 in. x 10 ft. 6 in., price, \$43.50; 9 ft. x 12 ft., price, \$47.50. —Fourth Floor, James St.

CIVIC OFFICIALS VISIT AT BORDEN

Hamilton Board of Trade and City Council Toured Camp Yesterday.

MANY APPOINTMENTS

Several Prominent Officers of Toronto District Receive Promotions.

By a Staff Report.

CAMP BORDEN, Aug. 23.—This afternoon the camp was honored by a visit of the Hamilton Board of Trade and City Council. There were 151 members of the party. Major-Gen. Logie, Col. S. C. Mewburn and Lieut.-Col. E. Windeyer were on the station platform to extend a welcome when they were met by the 17th Highlanders pipe band also aided in the welcome.

Laren, brigadier of the 8th Brigade, and Lieut.-Col. W. H. Bruce of the 17th Highlanders. Visiting Mayor, Controller T. J. J. Walden, Parkes, president of the Hamilton Board of Trade, stated that the camp "had delighted and agreeably surprised him," and that the outing was much enjoyed. T. L. Brown, the secretary, said Camp Borden had favorably impressed the visitors, although most of them were prejudiced against it before coming here.

Promotions and Appointments

Important promotions and appointments of prominent officers of the Toronto Military District were made known here today by word from Ottawa. Major-Gen. W. A. Logie becomes permanent commander of Military District No. 2 (Toronto), succeeding Col. S. J. A. Denison. C. M. G., retired June 6. Lieut.-Col. H. C. Bickford receives the grade of general staff officer of the first grade and promotion to rank of full colonel. Lieut.-Col. W. R. Lang of the Uni-

versity of Toronto, C. O. T. C. contingent, receives the grade of staff officer of the second grade. Lieut.-Col. H. C. Osborne, D.A.A.G., and G.M. receives the grade of administrative staff officer of the second grade. Capt. T. A. E. World, A.M.C., receives promotion to rank of honorary major. Col. S. C. Mewburn, A.A.G., of Toronto Military District, receives grade as administrative staff officer of the first grade. C. E. F. Officers Can Go.

Must Return on Special Trains.

It has been brought to the attention of headquarters here that soldiers returning from Toronto Sunday nights do not leave on the special trains provided. A large number have been holding back, and the C. P. R. have run a late train on Sundays to accommodate them. The C. P. R. have been notified that this train will not be permitted to come into Camp Borden. Men who fall to report back in camp on the special trains as scheduled for week-end leave, will be considered as absent without leave and dealt with by commanding officers accordingly.

view the 157th Simcoe Battalion on the ceremonial area tomorrow afternoon. Will Attend Musketry Course. These Toronto officers will attend the fifth musketry course, to be held at the Rockcliffe Rifle Ranges, commencing Monday next. Major M. S. Boehm and Major A. N. Worthington, 169th Battalion; Capt. G. A. Keith, 170th; Capt. J. O. Sharp and Lieut. J. A. Bohan, 180th Sportsmans; Major E. M. Watts, 189th; Lieut. F. H. Reid, 201st; Capt. W. A. McMaster, 204th; Lieut. T. H. Genge, 205th; Capt. S. K. Bennett, 216th.

Proposed Appropriation for Advertising Purposes Meets Opposition.

The co-operation of the board of control, at its meeting yesterday, was asked by a strong and influential deputation to obtain an extension of the present express delivery service. The deputation was headed by President J. R. MacNeil of the campaign committee; T. A. Stevenson of the Trades and Labor Council, and Aldermen Gibbons, McBride and MacGregor were on the committee. They asked that the city furnish a solicitor of the same calibre as those representing the railways and express companies to appear before the Dominion Railway Board on behalf of the residents of the affected areas, and present their case properly before the board. They also asked that the city department of works be instructed to furnish maps showing the improved condition of the roads in the districts not now enjoying express delivery. Grant is Proposed. A publicity campaign was also sug-

GERMAN STEAMER CAPTURED.

STOCKHOLM, Aug. 23.—The capture of the German steamer Desterro, of 2,648 tons gross, with a cargo of iron ore, off Hernessand, Sweden, has been officially announced. She was taken into Raumo, Finland.

gested at an estimated cost of \$450 for advertising. Controller O'Neill was in favor of providing a solicitor to represent the residents before the Dominion Railway Board and of having the necessary maps provided by the works department. He disapproved, however, the grant of \$450 being made. It was decided not to grant that the committee wanted, and they might rely on the city doing its share, he said. Controller Cameron was in favor of making a grant toward the publicity campaign if it was within the power of the board, as well as meeting the other requests. Controller Thompson said it was a matter which concerned the whole city and it would not stop at any expense to secure the express delivery for the districts not now receiving it. A conference between three members of the deputation, the city solicitor and the works commissioner was suggested by Controller Foster, while Controller Thompson advised getting outside counsel at once. Controller O'Neill said if outside counsel was obtained the appointment must be made thru the city solicitor's department. Members of the deputation urged the board to give a grant as they deemed that advertising was absolutely essential. "It's not advertising you need but facts," said City Solicitor Johnston. "Advertising never won a case like this." He said that a map had been prepared, showing the paved streets in the city and expressed the opinion that the best that could be hoped for was delivery to the paved streets in the city. Data were being collected, he said, to enable the city to present its case. The city solicitor was emphatic in his belief that outside counsel was not necessary and stated that the board had no power to make an appropriation for the suggested advertising campaign.

CONVENTION AT ATLANTIC CITY.

The annual convention of Underwood managers from all parts of the United States, was held last week at Atlantic City. Mr. Seitz, president of the United Typewriter Co., Limited, which sells the Underwood in Canada, states that it is more than likely that this large convention will, next year, be held in Toronto, a widely known as the "Convention City."

### CASUALTIES SHOW CANADIANS IN DRIVE

Thirty-Eight Names of Toronto Men in Latest List.

#### ELEVEN ARE KILLED

Two Die of Wounds and One From Sickness.

It was announced recently that several Canadian divisions had been moved to participate in the Somme offensive. Apparently the men have been engaged as the heavier casualty list of yesterday would indicate. The latest list contains the names of 38 men who went overseas from Toronto, the majority of those named having left last March. Eleven have been killed, two have died of wounds, one has died of illness, one is dead in a German prison camp, one is seriously ill and 22 are wounded.

Pte. James Tomlinson, 189 John street, is reported killed in action. He enlisted last fall with the 74th Battalion and went overseas in March. In England he was transferred to a unit at the front and had been in the trenches about three months.

Pte. W. G. Rankin, Keele street, was killed while sleeping by the bursting of a bomb dropped on his hut by an enemy aeroplane. At the time of his death he was just 17 years old.

Pte. A. Willerton, 151 Bathurst street, has been killed in action. He went overseas with the 74th Battalion, being later transferred to a unit at the front. He was of English birth, 24 years of age and has one brother in Toronto.

Pte. H. K. Patterson, who was married in Toronto five weeks before he went overseas with the 83rd Battalion, is reported killed in action. In England he was transferred to a C.M.R. unit and reached the trenches in June. He was formerly employed as an electrician.

Pte. T. Crawford, 76 Argyle street, has been killed in action. He was of Scotch birth and enlisted in Toronto with the 74th Battalion. He has two brothers in the army, one at present in an English hospital suffering from wounds.

Pte. J. T. Rynhart, 363 Euclid avenue, is officially reported to have been killed in action on Aug. 12. He was 19 years of age and served at the front about two months. He went overseas with the 74th Battalion, but was transferred. He has a brother with the 20th Battalion.

Pte. H. T. Church, who left Toronto with the machine gun section of the 81st Battalion, has been killed. He had no previous military experience before he enlisted and his next of kin live in England.

Pte. W. J. Hunt, 75 Pape avenue, who enlisted with the 74th Battalion, has been killed. He reached England in April of this year. He was a native of England, where his mother is living.

Pte. W. J. Simpson, 333 Perth avenue, has been admitted to the hospital at Boulogne suffering from severe wounds in the shoulder and chest. He enlisted a year ago and has been in the trenches two months. He was a machinist by trade and was employed with the G.T.R.

Pte. G. Russell, 878 Palmerston avenue, has been wounded and is at the hospital at Wimereux. He is 18 years of age and is a native of Toronto. He enlisted last July with the 3rd University Company and has been at the firing line two months.

Pte. G. H. Hill, 384 1-2 Sumach street, has been wounded in the left arm and cheek. He enlisted with the 70th Battalion in London and has been at the front several months. This is the first time that he has been wounded.

Driver E. J. Maddock, 102 Brooklyn avenue, has been wounded in the forearm, but his condition is not serious. He is a lithographer by trade and was working at Ottawa when the war broke out and he enlisted there.

Pte. W. Maddeux, whose wife lives at 113 Broadview avenue, is reported wounded in the eye with shrapnel and has been admitted to No. 13 Stationary Hospital. He is one of four brothers serving at the front, one brother being killed two years ago.

Pte. Victor Sale, whose next of kin lives at 192 Leslie street, has been wounded. He enlisted last fall with the 74th Battalion. He is 20 years old and unmarried.

Sapper Miller, whose wife lives at 84 Cumberland street, had the unusual experience of being buried in his dugout four times in one week by high explosive shells and escaping uninjured. Now he is in a hospital in England suffering from pleurisy. He was thought that this aggravated his attack. Previous to enlisting he followed his trade of tinsmith.

### KELLY REFUSED TO PRODUCE DOCUMENT

Notorious Winnipeg Contractor Would Not Assist Crown Against Minister.

#### SEEKS A NEW TRIAL

His Counsel Has Appealed to Ottawa Authorities for Another Chance.

WINNIPEG, Aug. 23.—Thomas Kelly, the convicted parliament buildings contractor, was taken from the provincial jail to the assize courtroom this afternoon and was ordered by Justice Prendergast to produce certain documents and books of accounts which the crown desires to use in the ex-minister's trial.

Kelly refused to do so. "We have taken an appeal to Ottawa, and I hope that afterwards we get out of the atmosphere of politics," he said. "I will get a new trial," he told the judge.

J. B. Coyne, K.C., for the crown, moved that punishment be administered to Kelly for contempt of court. W. A. T. Swatman, counsel for Kelly, asked that further proceedings be allowed to stand, and his lordship agreed.

The judge later ruled that Kelly must attend to answer the crown's demand for production and, in custody of an officer, Kelly again appeared at the law courts. He went into the witness box, but was not sworn. Subsequently the evidence of F. W. Simon was resumed, and Kelly sat with the lawyers as an interested spectator until adjournment.

THURSDAY MORNING, AUG 24.

The Star and Mr. Conner

The Star is somewhat aggrieved because we made a facetious remark about the assistance it gave Mr. Conner in the recent election. We are the last in the world to belittle the courage of those who stand for unpopular causes, or like at those who go down honorably to defeat.

We think that unprejudiced persons will be willing to admit the point made by The Star in asserting its consistency in refusing to support Mr. Dewart when its leader, Mr. Rowell, had pledged his support to Mr. Hearst on the question which many regarded as crucial in the by-election.

But if The Star is really in favor of giving Mr. Conner a chance and having public ownership and electric power for the people and other advanced policies, why does it not campaign for a different election method, and endeavor to bring about proportionate representation and the adoption of that plank in its party's platform?

The Jewish People and Palestine

Some sneers by The News, The Telegram and The Mail and Empire have been directed at Mr. Dewart for his interest in the Zionist movement and his electioneering references to the return of the Jews to Palestine.

The entente allies are relying at present to a considerable extent upon the financial support of the Jewish banking world, and in view of Mr. Winston Churchill's warning that the German armies are more numerous and better equipped than ever, and that we must be prepared for a long war, and in view of Mr. Lloyd George's advice to the empire generally, that we must economize and labor and make everything subservient to the will to victory, and in view of Sir Thomas White's admonition to save and save, and keep on saving; the jeers about the Jews appear to be in the worst possible taste.

weakness of our statecraft in Canada that it is unable to see over the fence. There are a great many people living in the world besides ourselves, and we have a great many interests besides merely local ones.

Infantile Paralysis Dr. Hastings' health bulletin has a reassuring article concerning infantile paralysis. There have been no cases in Toronto, it is stated, but one three and a half months ago.

In 1912 there were eleven cases of infantile paralysis in Toronto, two in 1913, seventeen in 1914, five in 1915, and one this year on May 9. The disease is not so widespread in its attacks as some think, and it is said that it is but rarely there are two cases in the same house.

PLAYS, PICTURES AND MUSIC

THE NEW REGENT THEATRE.

The formal opening of the new theatre, "The Regent," situated on Adelaide, west of Yonge, will be the first social event of the season. The program has been issued to all the leading representative citizens, and society will attend in force when the doors open to the general public on Friday, next, at 8 o'clock noon. Positive innovations will be strongly in evidence in each and every feature of the Regent, not only in its construction, appointments and entertainment, but in the courteous atmosphere which will prevail at all times. The entertainment will include the finest projection of the best in motion photography, supplemented with high-class instrumental music furnished by a symphony orchestra, and a grand concert organ built especially for the Regent. This glorious instrument, with its three keyboards, dozens of electric stops and hundreds of pipes, will take rank as the finest organ of any theatre in Canada. It is not on the continent.

"THE BIRTH OF A NATION."

The magnitude of David W. Griffith's feat in staging "The Birth of a Nation," is almost appalling—at least to the devotees of the older forms of theatrical entertainment. By comparison with the new art, the "epitome" measures to the mountain like a molehill. Instead of scenery for his background, Griffith has used nature. For subject he has covered 150 years of American history. Eighteen thousand people have done his bidding, and in the hair-raising rides of the Ku-Klux-Klan through thousands of riders and horses sweep over the dusty roads. The great deeds of the civil war and the horrors of reconstruction are made to live again, and the nation re-born is apothecized. Mr. Griffith, pioneer among directors, managed this stupendous achievement without the aid of dialog or speech, for motion pictures with music and effects tell vividly this thrilling tale of fifty years ago. "The Birth of a Nation" will open an exhibition engagement at Massey Hall on Monday, Aug. 28. Seats now on sale.

ALEXANDRA.

Monday evening "The Bird of Paradise" with Miss Jeanie in the part of the little Hawaiian princess Liana. Miss Jeanie comes well recommended and also a youngster in years, being only eighteen, all things seem to point to her being favorably received. The Hawaiian singers and players, without whom "The Bird of Paradise" would be lost, are also with the company. Two matinees will be given, one Wednesday and the other Saturday. Seats will be placed on sale today.

Comer, remembered by old-time theatregoers as a star of the Harrigan and Hart days, will return to the stage in Toronto for the first time in 12 years, as a big attraction on this bill. She will confine herself solely to singing the old melodies. Her act has proven a big hit all over the Loew circuit. Rucker and Wynne, well known to Toronto theatregoers as the "Chinese and the coon," will return with a new line of fun, songs and comedy. "The Right Man," an up to date dramatic playlet by Chas. Smith and John E. Doyle, will be another feature on this bill. Others will be Wood's Animals, including trained terriers; Sam Berke and Lillian Broderick, in a dance feature of their own; Lavelle and Lavelle in a musical and singing act, offering melodies of the past; Weston and Young, in a refreshing musical breeze, "Fled by the Tide," and another chapter of the popular serial, "The Secret of the Submarine."

THE GAYETY.

When you've seen Mollie Williams with her own company you've seen the best that there is to be seen in burlesque production. The four of this famous organization last season was one prolonged ovation. It was hailed everywhere as the most pleasing and genuine burlesque entertainment extant. Mollie Williams has surrounded herself with a cast of talented artists worthy of their star. This famous organization will appear at the Gayety Theatre next week with the usual matinee.

MOLLY McINTYRE IN "SILENT SUE"

About four years ago there came to Canada a dainty, brown-eyed miss with a winsome smile and a face decorated with a fascinating combination of beauty and character. There was just the slightest trace of Scotch burr in her voice when she spoke, due to the fact that the charming little lass hailed from Inverness, where the natives speak the old standard Scotch founded on the Lothian dialect. The little Scotch lass was Molly McIntyre, and her visit to America was to play "Buntzy" in "Buntzy Pulls the Strings." Her success was instantaneous, and for many months the play enjoyed a liberal patronage. Now she has been raised to the ranks of stardom and will be seen here at the Grand Opera House next week under the management of F. C. Whitney in a new play entitled "Silent Sue." It is a British play by Eugene Magus, a British actress will be presented by an all-British company. Miss McIntyre when signing the contract with Mr. Whitney stipulated with quiet determination that the opening performance should be given under the British flag. That is why the premiere will be given in Toronto. Local theatregoers are acquainted with the talented little actress, and no doubt she has given a warm welcome on the opening performance.

BENEFIT AT THE GRAND.

The Divisional Cyclists, the baby military unit, has enlisted the services of Mrs. Ambrose Small in their recruiting campaign, and the officers are so enthusiastic over their new mother, that they are confident of bringing the unit up to strength at an early date. Mrs. Small is the

mother of the 20th Irish Battalion, and ever since the first battalion was recruited in Toronto has volunteered all her time and considerable money toward the welfare of the boys who are already in France. She has now arranged a program for the cyclists in the way of obtaining financial aid, and the first event will be a benefit performance at the Grand Opera House on Monday evening next when dainty little Molly McIntyre and her all-British company willingly volunteered their services in the new play, "Silent Sue."

THE STAR.

Charles Robinson and his big "Parlous Fright" Company will be the attraction at the Star Theatre next week. Manager Robinson claims to have one of the best attractions playing the circuit. New Glee Club, which is the foundation, together with no end of expense to procure the best available talent in the entertainment world, the musical numbers are of the tuneful sort that make you whistle and go home in a happy frame of mind. The company is large, mostly girls, and includes burlesque famous. There are many novelties in the show and the lyrics are full of smart wit.

INVESTING PUBLIC AWAITS PROSPECTUS

Widespread interest is being shown in New Canadian War Loan.

OTAWA, Aug. 23.—

For some time past the minister of finance has been giving his close personal attention to the subject of the terms of the new war loan. It is not generally understood that the settlement of these terms involves the most painstaking consideration on the part of the minister. Market conditions are carefully studied, advice is sought from experts in the financial and investment world and no detail is overlooked which has any bearing upon the question of the right price and attractiveness to the investing public. That the issue is already of widespread interest is attested by the inquiries constantly received respecting its terms which, of course, cannot be announced until the prospectus is ready for publication about the middle of September.

NEXT BRITISH MAIL.

The next British and foreign mail (via England), will close at the general postoffice as follows: Regular mail will close at 6 a.m. Friday, the 25th instant. Supplementary mail (parcel post and newspaper), will close at 6 p.m. Friday, Aug. 25. Supplementary mail (letter and register), will close at 9 p.m. Friday, Aug. 25th.

HAMMER AS PLAYTHING OF BOY, STRIKES BABY. Child Cut in Forehead and Mother Prostrated by Excitement, Treated at Hospital.

When the hammer with which nine-year-old Walter Lane was playing near his home at 104 Portland street flew out of his hand it struck his baby sister, Margaret Elinor, on the forehead. Hearing the child crying Mrs. Lane ran to the baby and found the child had a severe cut. The police ambulance was called and the baby was removed to the Western Hospital. The mother has been suffering from heart trouble for some time and the excitement proved too much for her. It was found necessary to admit her as well as the child, which is only 14 months old. It is expected that they will both be able to leave the hospital today.

SOLID HITTING THE FEATURE AT ISLAND

Leafs Crowded Their Hits Together in the First and Won the Contest.

The Leafs made good their first day out under Lena Blackburne's leadership. Our boys bounced onto Baumgartner, the ex-Philadelphia flinger for seven runs and a like number of hits, in the first inning, and this carried them thru to victory.

It was a weird game. Providence outthrew us, 12 to 10, and they looked dangerous at all times. Brady started out for the locals and his brilliant performance on the grounds was not brilliant performance.

Frank Truesdale and Regh supplied the thrills. Frank grabbed two grounders that looked sure hits and cut one man off at first from the start. Regh took Smith's hot liner with a jumping one-handed stab in the second.

A walk, an error, a wild pitch and two hits gave Providence a lead in the fourth. After Eayra had hit and Brainerd was walked in the fifth, Brady was benched and Thompson stepped to the mound.

Table with columns: Club, Won, Lost, Pct. for International League and National League.

ORIOLES WIN AGAIN ROYALS HAVE CINCH

At Montreal (International)—The Royals had an easy time defeating Newark here, 7 to 3. Smallwood was touched up in lively fashion, while Cadore was never in serious danger after the third inning.

At Rochester—Darkness put an end to the game between Richmond and Rochester in the tenth inning, scoring the score 6-1. Two pitchers were used by each team, all being freely hit.

At Buffalo—Buffalo defeated Buffalo here 5 to 1. Crowell kept his opponents' hits well scattered, and in only one inning, the fourth, were the Blue Sox able to tally.

Baltimore starts a series of three games against Lena's Leafs this afternoon at the Island, playing tomorrow and Saturday. There will be no double-header.

YORK COUNTY AND SUBURBS FAIRBANK RATEPAYERS AFTER HYDRO LIGHTING

Meeting of Association Held Last Night—Several Matters Discussed.

A meeting of the West Fairbank Ratepayers' Association was held last evening in the Caledonia Hall, with President W. Ryder in the chair.

It is claimed by the York Township Council that there are \$200,000 back taxes in Section 15 still unpaid, said J. Pegler, and "I would suggest that the council be asked why the money is not collected."

It was decided to write the clerk of the council on the matter. W. Lyle complained of the unsatisfactory manner in which the garbage is collected in the district.

The secretary was instructed to write the council and to suggest that a member mentioned the case of the hand piles on the road, and that they are now higher than ever and nothing has been done.

DANNY JOHNSON IS SOLDIER CHAMPION

Defeats Clayton Wildfang for Col. Bob Low Belt at Camp Borden.

By a Staff Reporter. CAMP BORDEN, Aug. 23.—Before a crowd of 15,000 soldier spectators Danny Johnson of the 140th Sportsman's Battalion, amateur welterweight, championed the local amateur, Clayton Wildfang of the 118th Battalion, and won the diamond studded gold belt donated by Col. "Bob" Low as emblemation of the military forces.

The match was staged at the Camp at Borden stadium, and was a sensational one. Johnson, who has won three times in the seventh, eighth and ninth rounds, was scheduled to have eight rounds.

To hold the belt Johnson will have to defend his title every 21 days, if challenged. Four other bouts were held as follows: 118 lbs., Mass, 20th, beaten by Jack Johnson, 180th, won from Fogelman, 180th.

At Montreal (International)—The Royals had an easy time defeating Newark here, 7 to 3. Smallwood was touched up in lively fashion, while Cadore was never in serious danger after the third inning.

At Rochester—Darkness put an end to the game between Richmond and Rochester in the tenth inning, scoring the score 6-1. Two pitchers were used by each team, all being freely hit.

At Buffalo—Buffalo defeated Buffalo here 5 to 1. Crowell kept his opponents' hits well scattered, and in only one inning, the fourth, were the Blue Sox able to tally.

### KIRKLAND LAKE CAMP ATTRACTING ATTENTION

Lack of Electrical Energy Militates Against District, But Power Line Started.

### TOUGH-OAKS PRODUCING

Lake Shore, Teck-Hughes Developing—Other Properties to Reopen.

By Special Correspondent. KIRKLAND LAKE, Aug. 23.—With electric power due in November, a branch line of the T. and N. O. quite possible next spring, and ore bodies looking better and bigger daily, Kirkland Lake Gold Camp is one of the big "comers" of Canada.

Ontario Gold Camp No. 2, as well as a bright future, has an active present. Last year its gold production was \$550,000, but one mine taking the yellow stuff has been eliminated. The narrow veins, this year, likewise, only one mine is paying its own way, the many are developing, and the production should total \$1,000,000.

The Tough-Oaks mine is working new in ore higher in content than last year's. In July the average was \$24.30 a ton. During the eight months the mill was operated last year the average was \$21.84. July 1916 tons were put thru, the total being \$75,000. The mill is running steadily and putting thru daily 100 tons of ore and 20 tons of sands from the former five-stamp mill. The Tough-Oaks has 170 men in employ. Eighteen drills are working, ten stopping, eight developing. Work is being carried on in two levels, one on No. 6 vein from the 300 to the 400-foot level, the other on No. 2 from the 400 to the 500-foot level.

Between the Teck-Hughes and the Tough-Oaks in the Lake Shore mine, controlled by Harry Oakes, a great believer in, and a big property-holder throughout Kirkland, work here is actively connected with the installation of extensive surface equipment, and increased air compressing machinery.

The Wright-Hargraves, controlled in England, is erecting camps. Machinery, including a small compressor, is to be installed shortly. The Sylvan, likewise English, is planning early beginning of underground development.

With the exception of Mr. Steenman, the directors consist entirely of Rochester men.

PROSPECTING AT BEAVER. The prospecting program along the lower contact of the diabase sill is now well under way at the Beaver Consolidated. A station was cut at west and north, have been started. There has been no official announcement regarding the cross-cutting, and it is unlikely that there will be one for some time, as the program to be followed is a large and comprehensive one, and nothing definite will be known of the possibilities of ore at the lower contact for some weeks.

FOLEY MAY RESUME. Mr. M. L. Foley, one of the large shareholders in the Foley-O'Brien, is the authority for the statement that the company is considering resuming operations at its property at Porcupine. It is understood that plans and specifications are being drawn for the building of a mill of from 150 to 200 tons capacity. Both stamps and ball mills are being considered. Mr. Foley would be in before winter. A place the small prospecting outfit at present on the property.

PRICE OF SILVER. In London yesterday, bar silver closed 1-1/2 higher, at 31 3/4 per ounce, the New York price was 1/4 higher, at 65 1/2.

### TAKE MERGER TO REVIVE OLD WIPOND

Ore Body, However, is Looking Better as Low Levels Are Reached.

### TECK-HUGHES FEATURED THE MINING MARKET

Advanced on Heavy Buying to Thirty-Nine—Newray Up to High Point.

Special to The Toronto World. TIMMINS, Aug. 23.—The Porcupine Wipond is now holding high-grade ore from the 400 foot level. The grade that overhung Wipond for years, caused for the most part by the low grade that was the best 300 foot and upper levels, could show are commencing to roll away, and the proposed merger with the North Thompson, adjoining, may mean something.

### END OF WAR WILL SEE SILVER REMONETIZED

U. S. Expert Thinks Heavy Interest on War Debts Will Demand It. United States Senator Charles S. Thomas, whose opinion on silver attracted considerable attention at the outbreak of the war, said recently: "I do not think the moneyed interests have had any deal with the fall to 68 1-2 per ounce. This is one value of the commodity, which is caused by the sudden and temporary increase from time to time in demand. I think these are liable to a permanent rise of the level of market quotations. It is too early to predict a close of the war, and until that is over for silver."

### LONDON STOCK EXCHANGE

LONDON, Aug. 2.—Steel stocks were the leaders of the business on the stock exchange and other transactions in the American department were confined to low-priced issues. C. P. R. was quiet. Generally the tone held steady. There was a good undertone in the gilt-edged section, with some narrow, mixed changes, recorders Mexican issues, also somewhat irregular, averaged higher. Allied bonds were irregular.

### GRAIN CLEARANCES

Total clearances: Wheat and flour, 655,000; last year, 690,000. Corn, 2000 vs. 3000. Oats, 275,000 vs. 35,000.

### NEWRAY

Market quotations in this security steadily advancing, and mine development warrants considerably higher prices. A BIG MINE IN THE MAKING. Now is the opportune time to buy either for cash, or on 31-3 per cent. margin. Act without further delay.

### MARK HARRIS ON MINES AND MINING

Overshadowed in Position. Demand Anglo-French.

I know that mining pays and pays well, and so do several million investors who have placed their funds in legitimate mining companies, but there are still a few old fogies who will tell you that mining is about as safe as a bet on a horse race, or a ticket in some shady lottery.

As a rule such men know little or nothing about mining, and the funny part of it is they don't care to learn. When you show them figures taken from U. S. Government statistics that prove mining to be safer and more profitable than manufacturing, railroading or even banking, they get mad and refuse to look at the facts.

A little knowledge is always dangerous, but a little ignorance is much worse, and I really feel sorry at times for some of the bigoted fools who decry mining and mining investments, for anyone conversant with the facts knows that modern mining is so far ahead of ordinary investments that they cannot be placed in the same class.

The wise investor of today places a portion of his funds in sound mining investments, because he knows that, rain or shine, he is certain of his dividends for many years to come.

If the general public would only study mining as they study other investments, they would find it an easy matter to pick out mining investments that are as safe as a government bond.

I know this is a very strong statement, but I am prepared to prove it if you will only give me a moment or two.

For instance, let us take Hollinger Consolidated, the greatest gold mine the world ever produced.

Here is a property that has sufficient ore demonstrated to exist to pay the regular 12 per cent. yearly dividend for the next 16 years or more, even if they never find one additional ton of ore, which to say the least is very improbable.

An investment in Hollinger Consolidated is therefore as safe as any government bond, for the value is behind the investment, and nothing short of a miracle can cause a loss.

Hollinger Consolidated is not the only mine I could mention, for there are many others, and the only reason I used it is because it produces the one metal that never changes in value.

You can also invest money in some of the big copper companies today with a certainty of receiving regular dividends of 10 per cent. or more for the next ten years, and this takes into consideration the fact that copper may sell as low as 15 cents a pound.

The truth of the matter is that mining offers the investor inducements today that no other industry can approach and the man or woman who is fortunate enough to have a little idle capital will do well to investigate some of the big mining companies before placing their funds in oil, motor stocks or similar investments.

Of course, there are bad investments in mining as in everything, but if one will use ordinary intelligence he can easily separate the "chaff from the wheat," for the bad investment will not stand the searching light of investigation.

When you cannot secure the information you desire on any proposition, let it alone, whether it be mining or banking, for the honest investment has nothing to conceal, and the information can always be had for the asking.

A few months ago a number of my clients asked my opinion on a mine out west that was paying regular dividends of 3 per cent. every month and whose stock was selling below par.

I strongly advised against an investment in the stock for the reason that the management refused to give out information that every stockholder was entitled to.

Last month the company passed the regular dividend, and the stock is selling at less than half the price of a few months ago.

The name of this company was the Success Mining Company, and although I know nothing detrimental of the mine, I would never advise any client to become a stockholder until the present management changed its policy.

A stockholder is a part owner of a Company, and as such he is entitled to a full and complete report at least twice every year.

Some officers look upon stockholders as necessary evils who are to be treated as children, and when you find such officers in charge it is a good company for the other fellow, but not for you.

Some of the American Mining Companies should study the regular reports issued by the Canadian Mining Companies, like Hollinger, Dome, Nipissing, Crown Reserve, Kerr Lake, and a score more that I could mention, and they would then appreciate the fact that a report can mean a great deal as well as nothing, which is too often the case with some American Companies.

The following wire from the manager of Newray Mines gives some idea of the progress being made at the mine:

Shumacher, Ont., Aug. 23, 1916. Mark Harris & Co., Room 801, Standard Bank Bldg., Toronto, Canada. Sinking prospect shaft on vein 20 feet wide all milling ore. It also carries free gold down eight feet. Charlebois.

U.S. STEEL AGAIN MARKET FEATURE

Overshadowed Other Stocks in Point of Activity in Wall Street. BETHLEHEM IS HIGHER Demand for Rails Better—Anglo-French Bonds Were Steady.

NEW YORK, Aug. 23.—Profit taking acted as a check upon today's active market, but was especially active until the final hour, when many of the day's gains were reduced or completely effaced. Short selling, active in part by the delay in the railroad negotiations at Washington, also served to bring about the late reversal.
