TUESDAY MORNING MARCH 16 1920

40TH YEAR—ISSUE NO. 14,370

TWO CENTS

NEW GERMAN GOVERNMENT OFFERS COMPROMISE WITH OLD

DOUBTS CANADA'S POWER TO ENFORCE EIGHT-HOUR DAY

Important Statement by Hon. C. J. Doherty in House of Commons.

ORDER PENSION PROBE

Ottawa, March 15.—(By Canadian Press).—Renewed discussion on the eight-hour day and a lively debate on pensions led today's proceedings in the house.

BRITAIN TO ADMIT RED DELEGATION

Lloyd George Announces Co-operative Delegates Will Receive Permission.

IMPERIALS FOR CANADA

One Hundred British Soldiers Apply for Settlement on Farms of the Dominion.

HOLLAND TO GUARD EX-KAISER WELL

Castle of Amerongen is Watched Strictly to Prevent Possible Escape.

POLICE AND MILITARY GUARD IRISH JUDGES

Belfast, March 15.—Judges Dodd and Gibson... 36 inches light shades. 2.95

WILL ADMINISTER GERMAN COLONIES

London, March 15.—Mr. Lloyd George today in the house of commons announced that the following mandates had been allocated: German East Africa; German Britain and Belgium; German Southwest Africa to the Union of South Africa; German possessions in the Pacific ocean south of the equator, other than Samoa, to the Commonwealth of Australia; Samoa to New Zealand; and the German islands north of the equator to Japan.

TEST JURISDICTION OF COMMERCE BOARD IN SUPREME COURT

O'Connor Asserts Right of Parliament to Control Trade in Extraordinary Times. DEFENCE CASE TODAY

Ottawa, March 15.—(By Canadian Press).—Government counsel in the application to test the jurisdiction of the board of commerce rested their case late today, and counsel, who are challenging the constitutionality of the combines and fair prices act, commenced argument which will take place most of Tuesday in the supreme court.

FREIGHT SERVICE TO SOUTH AFRICA

First Ship to Inaugurate New Line Leaves Montreal in May.

SNATCHED MONEY FROM LITTLE BOY'S HAND

William Duthoit, aged 15, of 22 Denison Park avenue, was arrested last evening by Policeman Buchanan charged with robbery. The police stated Duthoit watched Frank Steele, a ten-year-old boy living at 132 Greenwood avenue, enter a grocery store with a ten dollar bill.

TWO YOUNG GIRLS HELD AS SHOPLIFTERS

Two well-known characters to the police, Katherine Masten and Ella Parks, both of 43 Hamilton street, were arrested yesterday afternoon in a downtown store charged with shoplifting. Katherine Masten was the girl who made the sensational escape from the Toronto jail with Vera De Lavelle, the woman who figured prominently in the Frank McCullough murder case.

FARMERS CAMPAIGNING

Winnipeg, March 15.—Returns to date in the drive for campaign funds of the United Farmers of Manitoba total approximately \$10,000, it was officially announced today.

CRUX OF COVENANT CARRIES IN SENATE OVER TWO TO ONE

Fourteen Democrats Line Up With Republicans to Give Two-Thirds Vote. MAY NOT RATIFY PACT

Washington, March 15.—Reaffirming its disagreement with President Wilson on the dominating issue of the peace treaty controversy, the senate adopted today by a vote of more than two to one the new article ten reservation framed by Republican leaders.

VALUABLE JEWELRY STOLEN BY THIEVES FROM APARTMENT

Gained an Entrance by Climbing Sill and Smashing Window. MAKE CLEAR GET-AWAY

Forcing their way into the suite of rooms of Mrs. Kate M. Perrin, apartment 16, Queen's Court, Apartments, 579 Jarvis street, last night, burglars made good their escape with between \$600 and \$700 worth of jewelry. Mrs. Perrin is 33 years of age, and lived in the apartment alone. She very seldom goes out, but last evening, at 8 o'clock to find her apartment robbed and the contents of the rooms broken.

THIEVES BROKE WINDOW

The apartment broken into, is situated in the rear of the main floor. The thieves broke the window close by the window latch and unlocked it by they entered. Going into the bedroom they first opened the drawers and removed two jewel boxes. Breaking these open they took two gold watches, which had been presented to Mrs. Perrin late husband 30 years ago by his father. Eight valuable rings were also taken as well as a number of bracelets; a diamond necklace, a watch chain, a fan-shaped setting, several gold chains and other articles. The gold watches had been in the Perrin family, Mrs. Perrin stated last night, for over 50 years.

ANOTHER DARING ROBBERY

Sunday night a daring robbery took place in the home of Sherman A. Foltz, 85 Howland avenue. Breaking a side window, thieves entered the house and stole \$200 worth of jewelry and other valuables. The jewelry stolen were two diamond rings, a watch, a bracelet and a necklace. The thieves placed one of each on the beds of the bedrooms. These were placed there, it was stated, so that they could be knocked down on the floor and the noise would be a warning for others in the gang to be on the lookout.

ONE OTTAWA RUMOR IS THAT PROCEEDINGS MAY NOT START UNTIL SEPTEMBER

Ottawa, March 15.—(Special).—A report to the effect that the Grand Trunk arbitration proceedings will not commence until September is current here. It is claimed that the information, data and inspections necessary to the case cannot be secured before that date.

LIFT BAN ON SMALLPOX

Restriction on Travelers to United States to Be Lifted Friday Midnight.

DINEEN'S SHOWING NEW MILLINERY

All this week the Dineen Co show advance styles of spring millinery. This display represents the best there is in New York styles—selected by Dineen's own milliner, who has recently returned from that city. The styles are exact duplicates of the best in Paris fashions in everything but the price. The Dineen price is much lower—put Dineen on your shopping list for millinery.

LUETTWITZ ONE OF 'KAISER'S GANG'

Washington, March 15.—Gen. Von Luettwitz, commanding the military forces of the new government in Germany, was described today as "one of the Kaiser's old gang" by Herbert Hoover, who said he had found it necessary to deal with the officer during the war as one of the principal German military officials in occupied Belgium.

SEVERAL ARE KILLED IN BERLIN SUBURBS

Understood Dominion to Be Represented at Washington by a Minister.

London, March 15.—The Daily Mail understands that the long outstanding question of Canadian representation at Washington at last has been settled by agreement of the foreign office to the appointment of a Canadian minister plenipotentiary, who will be immediately under the British ambassador to the United States, and in the absence of the ambassador, in charge of the embassy.

MENTION ROWELL

Ottawa, March 15.—It is believed here that if a Canadian representative is to be sent to Washington, as the British ambassador, the Hon. N. W. Rowell would be available for the position. Mr. Rowell would not object to such a temporary withdrawal from Canadian politics.

REFUND THE MONEY SENT FOR LIQUOR

Montreal Firms Return Funds to Ontario—Say Unable to Fill Orders.

BRITISH HOUSE DEBATES HIGH COST OF LIVING

London, March 15.—The motion to go into supply on the civil service estimates, which read the enormous total of £57,000,000, was made the occasion of an important debate in the house of commons today. The cost of living, Food Controller McCurdy opened the discussion with a speech intended to show that the present situation was unavoidable, and Mr. Asquith took a prominent part in the subsequent criticism of the government's financial and economic policy.

BLOODIED IN VARIOUS PLACES

Although the counter-revolution has thus far been the most orderly of any in the history of a great country, it has not passed without the clashing of arms and bloodshed. In various cities there has been fighting, both by mobs and by troops, and today several persons were killed and others wounded in disorders in the suburbs of Berlin, when rifles and machine guns were turned upon the crowds.

COUNTER-REVOLUTION IN GERMANY SEEMS TO HAVE REACHED END OF ROAD

One Government Likely to Control—Negotiations With Old Government Opened—Strike Threat Had Its Effect.

KAPP OFFERS OLIVE BRANCH EBERT TO RETAIN PRESIDENCY UNTIL THE NEW ELECTIONS

Compromise As Proposed By the Kapp Government Cabinet of Professional Ministers, Election of President By People, Ebert to Retain Office in Meanwhile.

BERLIN, MARCH 15.—The Kapp government has issued a declaration that negotiations have been opened with the old government, at the request of the latter.

No confirmation of this, however, has been received from the Ebert government. The declaration says that a cabinet will be formed of professional ministers, including professional ministers of the old government; new elections for the reichstag and the Prussian national assembly will be held within two months, and subsequently an election for "imperial president" by the people themselves. The present "imperial president" shall be asked to continue in office until this election is held.

PARIS, MARCH 15.—(1.30 a.m.)—A despatch to The Petit Parisien from Zurich, Switzerland, says the Ebert government in Germany, together with the president and vice-president of the national assembly and the Wurttemberg ministers met at Stuttgart on Monday and decided to reject any attempt at negotiations on the part of the followers of Wolfgang Kapp. Premier Bauer is quoted as having said that the only condition the Ebert government would offer Kapp was that he resign and quit Berlin.

The Ebert government further declares, says the despatch, that it has authorized nobody to negotiate with the Berlin government, being convinced that it will be able to restore order in a few days. The Berlin despatch saying that negotiations had been opened is denied in a categorical manner. The Petit Parisien appends a note to the despatch pointing out that it does not know whether the meeting at Stuttgart was held before or after the negotiations which are reported to have ended in an agreement.

BERLIN, MARCH 15.—The counter-revolution in Germany appears tonight to have reached the end of its road. There is a strong probability that shortly one government will be in control and the President Ebert will come back to Berlin with his ministers.

A basis of agreement between the government set up by Dr. Wolfgang Kapp as chancellor and the government of President Ebert is enunciated in a declaration issued by the present Berlin government. The declaration states that negotiations for a settlement in view have been opened between the two governments at the instance of President Ebert and his associates. But there is no direct confirmation of this from Ebert, who is understood to be at Stuttgart.

UNDERSTOOD DOMINION TO BE REPRESENTED AT WASHINGTON BY A MINISTER

London, March 15.—The Daily Mail understands that the long outstanding question of Canadian representation at Washington at last has been settled by agreement of the foreign office to the appointment of a Canadian minister plenipotentiary, who will be immediately under the British ambassador to the United States, and in the absence of the ambassador, in charge of the embassy.

MENTION ROWELL

Ottawa, March 15.—It is believed here that if a Canadian representative is to be sent to Washington, as the British ambassador, the Hon. N. W. Rowell would be available for the position. Mr. Rowell would not object to such a temporary withdrawal from Canadian politics.

BRITISH HOUSE DEBATES HIGH COST OF LIVING

London, March 15.—The motion to go into supply on the civil service estimates, which read the enormous total of £57,000,000, was made the occasion of an important debate in the house of commons today. The cost of living, Food Controller McCurdy opened the discussion with a speech intended to show that the present situation was unavoidable, and Mr. Asquith took a prominent part in the subsequent criticism of the government's financial and economic policy.

BLOODIED IN VARIOUS PLACES

Although the counter-revolution has thus far been the most orderly of any in the history of a great country, it has not passed without the clashing of arms and bloodshed. In various cities there has been fighting, both by mobs and by troops, and today several persons were killed and others wounded in disorders in the suburbs of Berlin, when rifles and machine guns were turned upon the crowds. Grand grenades were also exploded in front of the headquarters of Gen. (Continued on Page 7, Column 4)

COURTS CANADA'S POWER TO ENFORCE

(Continued from Page 1.)

The government, promised that a special committee to reconsider pensions and re-establishments would be appointed this session, and, on this motion, which Capt. Power had presented, was withdrawn.

To Preserve War of Quebec.

Capt. C. G. Power brought in his motion which is aimed at the preservation of historic purposes of the walls and fortifications at Quebec. He pointed out that these walls and fortifications were obsolete from a military standpoint and yet, from a sentimental standpoint, they were very valuable. He wanted them committed to the care of the nation by the government.

Hon. Hugh Guthrie, minister of militia, said the question was now under consideration by the government and the department of militia. Mr. C. G. Power did not think that the walls could be restored for any military purpose.

Col. J. A. Currie, Simcoe, said that he was opposed to the proposal to withdraw the garrison from Quebec. The walls were built and formed as good a fortification as it would be in the British empire and it would cause a bad impression abroad if Canada discarded such an important defence.

Mr. Power withdrew his motion on the understanding that the government was giving the matter its consideration and would make some announcement in due course.

Full Pension to Widowed Mothers.

Mr. Power also spoke on his motion to legislate so as to provide a full pension to widowed mothers of soldiers killed on active service, irrespective of what other income she might have or whether there were other children living. He quoted instances of pensioners being cut down when their only child was widowed mothers who had lost their sons in the war, had some small income from another source, if she managed to pick up \$400 a year, her pension was reduced by just so much.

Hume Cronyn, London, and Major D. L. Hodgman, Calgary, supported the motion.

A. E. Copp, Westmoreland, and W. F. Gosnell, Brandon, also strongly supported the motion. Mr. Gosnell criticized the pension board, which he said was a "board of death" and that it was not doing its duty when it refused to pay a pension to a widow who had lost her only child in the war. He said that the pension board was a "board of death" and that it was not doing its duty when it refused to pay a pension to a widow who had lost her only child in the war.

Mr. Power also spoke on his motion to legislate so as to provide a full pension to widowed mothers of soldiers killed on active service, irrespective of what other income she might have or whether there were other children living. He quoted instances of pensioners being cut down when their only child was widowed mothers who had lost their sons in the war, had some small income from another source, if she managed to pick up \$400 a year, her pension was reduced by just so much.

YORK COUNTY AND SUBURBS NEW SEWER SERVICE FOR TODMORDEN

Plans Have Been Prepared, But Annexation Delays Matters.

Waterworks Engineer R. O. Wynne-Roberts reported to York Township council yesterday that plans for a sewer service for the Todmorden section of the township were practically complete, but that some modifications would be necessary if certain annexations to the city, which had been mooted, were carried out. It was intimated that the matter would come before the city board of control this week and that the township council would be represented.

Deputy Reeve McDonald suggested that an option be obtained from the Robert Laves estate on the land needed for sewage disposal works in the Don valley. Residents, he said, were anxious to have the work hurried thru in the event of the city falling to annex this district or refusing to accept sewage from the township.

Clark W. A. Clarke was instructed to take up with the Hydro-Electric Commission the question of acquiring the lighting system of the Toronto Suburban Railway in order that township may extend the services through Mount Dennis district without involving the Hydro.

The engineer was authorized to prepare plans for a concrete bridge across a branch of the Don, on Yonge, Lot 23. The old bridge, which was practically worn out, was carried away by the flood a few days ago. On the recommendation of the commission, the township will be asked to report on the advisability of purchasing this system and the probable cost.

Bridge Over Don.

The engineer was authorized to prepare plans for a concrete bridge across a branch of the Don, on Yonge, Lot 23. The old bridge, which was practically worn out, was carried away by the flood a few days ago. On the recommendation of the commission, the township will be asked to report on the advisability of purchasing this system and the probable cost.

YORK COUNTY AND SUBURBS ANNEXATION LIVE TOPIC IN EAST

Ratepayers of Eastdale, However, Are in Dark Regarding City's Intention.

The following officers were elected at the reorganization meeting of the Eastdale Ratepayers' Association, held in Second School, Barrington avenue, last night: D. Harris, president; J. Hillier, first vice-president; C. Thornthorn, secretary; Messrs. Spicer, Demmer, G. Thornthorn, Cross, executive committee; S. Rowe, G. Potter, W. Larkin and W. Avis, delegates to the Amalgamated Ratepayers' Association of York Township.

President Harris stated that the chief topic for discussion—annexation with the city—could not be proceeded with to any great extent, owing to the fact that the ratepayers were in the dark as to what the city proposed to do with the section, or what were the contents of the city's proposals in the matter of the division of the township as a whole. He pointed out that discussion among the members would bring out the feeling of the residents of the Eastdale section in this regard.

A lengthy discussion followed the chairman's address, resulting in the following resolution, which was adopted: "Resolved, that the secretary write to the city council, requesting information regarding annexation, and asking if the council had approached the city in this regard." It was also decided to appoint a joint delegation with Danforth Park ratepayers to visit York Township Council, regarding both annexation and the division of the township.

Should See Legislature.

Sept. Rowe pointed out that very little could be done until York township was able to get into the legislature regarding incorporation, but suggested that the residents of the eastern section should be alive to their own interests and consider the problem of the township as a whole.

"If the city takes in that portion of Eastdale from Salmon avenue, as suggested, Second School, one of the best buildings in Ontario, will be forfeited by us," said Mr. Rowe. "If Mr. Moore said that the city would be able to supply water for the next eight years, according to C. C. Harris' statement, and York township could install a plant from Second School, at a cost of \$200,000, it would be a great advantage to the township. Mr. Rowe further stated that the present city trunk sewer, which would have to be reconstructed in order to serve the eastern section of the township, "we are altogether in the dark as to what the city intend to do with the township will do."

It was suggested to ask the township council to send representatives to the meetings to deliver addresses and impart information available on the subject.

J. Sheppard pointed out that the township has power to annex a territory of five miles, but the present limits within consulting the city council, and without a vote of the local ratepayers, and deemed it inadvisable to await coming events.

DEAL DEATH BLOW TO DRUG TRAFFIC

Three Alleged Hingleaders Are Arrested—Had a Battery of Needles.

Detectives McMahon and Sullivan dealt the drug traffic in the downtown section a death blow last night when they arrested three well known "dope fiends" and seized upwards of \$200 worth of drugs. George Paradise, East King street, Emma and Douglas Birch, Jarvis street, are under arrest charged with having drugs in their possession for other than medical purposes.

Entering a hotel room on East King street, the detectives seized over one hundred boxes of cocaine and morphine. They also found several bottles of the drug mixed with laudanum. Searching the hotel room they found "dope" in the drug hidden beneath the mattress. Lifting the carpet of the floor they found they have a great deal of "dope" hidden about two dozen hypodermic needles used in the possession of the accused, all of whom have just "peeled" been released from custody.

George Paradise and his wife were arrested sometime ago charged with the theft of contents of the home of Dr. Perry Goldsmith, 84 Carlton street. While the doctor was overseas his house was rented to an agent and the Paradise people rented it and auctioned off the contents of the house. Mrs. Paradise is now serving a term for the offence in Kingsborough penitentiary.

CRUX OF GOVERNMENT CARRIED IN SENATE

WASHINGTON WANTED TO CALL ON JAPAN FOR BIG WARSHIPS

Hoped for Aid to Prevent Possible Battle Cruiser Raid on Convoys.

SIMS REJECTED PLAN

Washington, March 15.—A hitherto unpublicized story of war-time anxiety in London and Washington lest German battle cruisers attempt a torpedo raid against American transports was disclosed today to the senate naval investigating committee by Admiral Sims, messages exchanged by the two nations in July, 1918, were presented by the latter to correct "misapprehensions" which, he said, Secretary Daniels had made in the committee that "general plans and policies were none of my business."

Admiral Sims said the committee had been formed by the navy department to meet such a raid and rejected by Admiral Sims as "impracticable" was a proposal to call on Japan for a battle cruiser to serve with the American Atlantic fleet.

In his first statement to the committee, Admiral Sims said the committee had been formed by the navy department to meet such a raid and rejected by Admiral Sims as "impracticable" was a proposal to call on Japan for a battle cruiser to serve with the American Atlantic fleet.

In the spring of 1918, he said, when the submarine menace had been overcome, the navy department was concerned largely with the possibility of a German raid on convoys. When he entered today upon his discussion of events that occurred in the summer of 1917, he said he did not recall any such raid. In a statement to the committee, he had implied that Admiral Sims' post in London was "purely a local one."

"The statement was inaccurate," Admiral Sims said.

London Was Apprehensive.

In the spring of 1918, he said, when the submarine menace had been overcome, the navy department was concerned largely with the possibility of a German raid on convoys. When he entered today upon his discussion of events that occurred in the summer of 1917, he said he did not recall any such raid. In a statement to the committee, he had implied that Admiral Sims' post in London was "purely a local one."

"The statement was inaccurate," Admiral Sims said.

COL. DINNICK IS AGAIN ON STAND

Gives Evidence in Connection With the Erie Realty Company.

Answering Mr. Kilmer at the continued probe into the Standard Reliance affairs yesterday, E. Leason, secretary of the company, acknowledged a \$5000 relative to a cheque for \$5000 received from the Standard Reliance Company in connection with the Kendall Hill property. He, however, wanted to see the cheque, which he could say what he received for it.

Dinnick again took the stand and his recollections of the Erie Realty Company were hazy. He thought he had negotiated for the purchase of the shares of that company on behalf of the Standard Reliance Company.

Robins and McMahon, he said, had \$20,000 and \$14,000, over and over of the Standard Reliance Company, which he had carried out the transaction whereby Robins was to receive \$5000 in August, 1906; \$5000 to McMahon, and \$35,000 in debentures later. The company did not until Aug. 14 confirm the offer.

Witness admitted that two cheques, for \$4000 and \$14,000, over and over of the Standard Reliance Company, which he had carried out the transaction whereby Robins was to receive \$5000 in August, 1906; \$5000 to McMahon, and \$35,000 in debentures later. The company did not until Aug. 14 confirm the offer.

The dealings between the Erie Realty Company and the Standard Reliance Company of the afternoon session, Mr. Dinnick, when questioned on these dealings, replied that Kilmer, "I really don't know, sir."

For the Harris property the Erie Company had received \$50,000, which were paid by drawing their account with the Standard Reliance Company.

Mr. Kilmer wanted to explain about three items, \$3000 to Robins, \$1000 to McMahon, and \$1000 to Stephens, but on the address in regard to the Harris and Lawrence properties, "I may have been in adjustment or something by way of commission," was the reply.

EXPECT THAT PARLIAMENT WILL END ABOUT MAY 15

Ottawa, Ont., March 15.—(By Canadian Press)—Leading members are predicting that the session of parliament will end about May 15, in support of this contention they point to the fact that fully two weeks was saved on the debate on the address in reply to the speech from the throne, which last year continued from February 20 to March 15. Then, it is pointed out, there is apparently little likelihood of a very contentious nature to come before the house, so they are hopeful of reaching prorogation by the above date.

FINE HOTELKEEPER

Simcoe, March 15.—On Saturday Aquila Steinhoff, proprietor of the Norfolk House Hotel, in Simcoe, appeared before Police Magistrate Gunton, charged with having liquor in his hotel. Five gallons of whiskey had been found there previously. He was found guilty of the offence and fined \$200.

GOVERNMENTS AIDING BIG PRESS GATHERING

Journalists of Empire to Meet in Ottawa in August—Provinces Vote Grants.

Ottawa, March 15.—E. W. Tobin, (Richmond-Wolfe), was informed in the house today by Hon. N. W. Rowan that it had been decided to hold an imperial press conference in Ottawa, August 4 to 7, 1920. The official responsibility for carrying thru the conference was placed on Ontario, as the conference were to be held in the province of Quebec and Ontario are each providing \$10,000 toward the expense, the governments of New Brunswick, Nova Scotia, Manitoba, Saskatchewan, Alberta and British Columbia, \$5,000 each. The government has no information as to whether publishers can be included in the conference, but it is pointed out that it is not aware that the executive council of National Union of Journalists has refused to send a delegate to the next conference.

D'Annunzio Given Permission To Export Fiume Children

Trieste, March 15.—General Cavignola, commander of Italian troops along the Fiume-Jugo Slavia line, has agreed to allow D'Annunzio to send children out of Fiume to Ljubljana. The food situation is critical.

Turkish Delegates Appointed To the Peace Conference

Constantinople, March 15.—Appointment of Turkish delegates to the peace conference was announced today. Tewfik Pasha, former foreign minister, heads the delegation.

Lindsay—Frank Teatro, son of Mr. Wm. Teatro of Toronto, dropped dead shortly after eating a hearty supper. He was 40 years of age and had been suffering with heart trouble. He leaves a wife and one child.

STAFF OF FIVE DIRECTS CANADA'S NEWS SERVICE IN NEW YORK CITY

Ottawa, March 15.—J. M. Sinclair, Antigonish and Guysboro, was informed at question time in the house today that there is to be a Canadian news service at Washington, but there is at New York. A staff of five are employed, including Col. J. A. Currie, director of the news is supplied to the United States newspapers. From July 17, 1919, to Feb. 1, 1920, the cost was \$10,187.79. The expenses of this service are equal contributions by the departments of external affairs, trade and commerce, and immigration and colonization.

TELLS OF WORK AMONG JEWS OF POLAND

Dr. Krass, rabbi of the Central Synagogue, New York city, who until recently has been doing relief work among the destitute Jews in Poland; addressed the members of the B'nai B'rith in the Prince George Hotel yesterday afternoon. He spoke strongly against the Jewish racial character of the present government in Poland, and pointed out that the council has power to contribute to only one memorial hall, and the deputation was urged to consult with other branches of the veterans' association and decide on the most suitable site for the hall.

Residents of Downsview who were recently instrumental in having information laid against F. Wicks, road foreman, in road division No. 6, which resulted in that official's resignation, do not seem to be troubled by the matter drop with the return of certain names by Mr. Wicks. Mr. James P. MacGregor, a lawyer, who was in the room when the council was written the council as follows:

"Several of the ratepayers join with me in expressing their appreciation of the council have decided to do to correct the wrong-doing in connection with the road work; and to prevent its recurrence, I have come to the conclusion that the road foreman, Mr. Wicks, has asserted that he had satisfied the council and that he would be well pleased to have the council prevent its recurrence."

"It is right that I should emphasize to you the very general opinion expressed to me, that if the council could locate some two hundred dollars wrongfully obtained from the townships treasury in six weeks, the council itself, with all the facilities at its command and with all the powers which it undoubtedly has, should be able to establish a conviction that it has cleaned house and that hereafter there shall not be a recurrence of the incidents admitted by the road foreman and the commissioner in the council chamber."

"Will you kindly let me hear from you as fully and as promptly as possible and oblige?"

Mr. MacGregor's letter was held over for further consideration.

A resolution was passed instructing the road commission to turn in to council all pay sheets and papers pertaining to the business of the township.

FOR FIRE SUFFERERS

Under the auspices of the united local branches of the G.A.C. and U. of M., a concert in aid of the sufferers in the recent fire at 120 Moscow avenue, when a gasoline tank exploded, will be held in the Allen Auditorium, on Sunday next by permission of the management. Mrs. E. Roworth, president of the Women's Auxiliary, G.A.C., is arranging a high-class program, and other artists have promised to attend. Mr. Spicer is a returned soldier of the 19th Batt., who was crippled in the late war, and has a wife and two small children.

THIEVES MAKE HAUL OF DRESSES AND WAISTS

The Dominion Garment Company's premises at Clair avenue, near Dundas, was entered late yesterday night or early Sunday morning and a haul of dresses and waists worth \$2000 was made. The thieves left on Saturday night everything when he entered the store, empty boxes and goods strewn all over the floor. The goods stolen were of the value of \$2000. The thieves evidently had been in the store for some time, as examination it was found that the door had been made from the rear of the building. The store is a new store and has only been open for business a couple of weeks. M. Shapiro is the proprietor. The police are investigating.

Funeral service was held yesterday afternoon at the home of the late Alf Hemmings, 761 St. Clair avenue, conductor on the St. Clair avenue, and his wife, Mrs. Hemmings, who died suddenly on Friday. He is survived by his widow and family. Roadmaster James Smith and fellow employees were pallbearers. The funeral was in Prospect Park Cemetery.

VETERANS HAVE BIG TIME

Under the auspices of East York Military Band, a filled with Roden Branch G.W.V.A., a masquerade, and euche party was held last night in Player's Hall, Danforth avenue. Over a hundred couples in costumes of various kinds, representing pirates, fairies, negroes, cavaliers and other characters, danced in the ballroom to the strains of an orchestra, and the euche game was enjoyed by a large party of players in an adjoining room. The proceedings were under the supervision of Comrades W. Goldsmith, Tom Foxcroft, George Moore, president G.W.V.A., and G. A. Sutton, band president. Refreshments were served by the following ladies of the women's auxiliary: Mrs. G. Moore, Mrs. Foxcroft, Mrs. Bingham, Mrs. Hunt, Mrs. Hornet and Mrs. Enderby. The proceeds will be devoted to the band fund. An enjoyable time was spent by all present.

TO DISCUSS SECESSION.

The secession movement in North Toronto will be the subject of a debate to take place on Thursday evening in St. Cuthbert's Parish Hall, Leaside, under the auspices of the Men's Club.

A TEMPORARY PASTOR.

Rev. M. Rowand, formerly of Fort William, will occupy the pulpit at the North Broadway Presbyterian Church, until a pastor has been permanently selected in place of Rev. W. M. Kinnaird, recently called to St. John's Church, Hamilton.

The secession movement in North Toronto will be the subject of a debate to take place on Thursday evening in St. Cuthbert's Parish Hall, Leaside, under the auspices of the Men's Club.

A TEMPORARY PASTOR.

Rev. M. Rowand, formerly of Fort William, will occupy the pulpit at the North Broadway Presbyterian Church, until a pastor has been permanently selected in place of Rev. W. M. Kinnaird, recently called to St. John's Church, Hamilton.

THIEVES MAKE HAUL OF DRESSES AND WAISTS

The Dominion Garment Company's premises at Clair avenue, near Dundas, was entered late yesterday night or early Sunday morning and a haul of dresses and waists worth \$2000 was made. The thieves left on Saturday night everything when he entered the store, empty boxes and goods strewn all over the floor. The goods stolen were of the value of \$2000. The thieves evidently had been in the store for some time, as examination it was found that the door had been made from the rear of the building. The store is a new store and has only been open for business a couple of weeks. M. Shapiro is the proprietor. The police are investigating.

Funeral service was held yesterday afternoon at the home of the late Alf Hemmings, 761 St. Clair avenue, conductor on the St. Clair avenue, and his wife, Mrs. Hemmings, who died suddenly on Friday. He is survived by his widow and family. Roadmaster James Smith and fellow employees were pallbearers. The funeral was in Prospect Park Cemetery.

VETERANS HAVE BIG TIME

Under the auspices of East York Military Band, a filled with Roden Branch G.W.V.A., a masquerade, and euche party was held last night in Player's Hall, Danforth avenue. Over a hundred couples in costumes of various kinds, representing pirates, fairies, negroes, cavaliers and other characters, danced in the ballroom to the strains of an orchestra, and the euche game was enjoyed by a large party of players in an adjoining room. The proceedings were under the supervision of Comrades W. Goldsmith, Tom Foxcroft, George Moore, president G.W.V.A., and G. A. Sutton, band president. Refreshments were served by the following ladies of the women's auxiliary: Mrs. G. Moore, Mrs. Foxcroft, Mrs. Bingham, Mrs. Hunt, Mrs. Hornet and Mrs. Enderby. The proceeds will be devoted to the band fund. An enjoyable time was spent by all present.

TO DISCUSS SECESSION.

FLEMING WON THE MAIN BOUT

Frankie Fleming, the Canadian featherweight champion, won the main bout of the main bout of the G.A.C. boxing tournament last night in Massey Hall and gave King Atkin a severe thrashing. Fleming won the first round by a knockout. In the first round Fleming won a severe thrashing, but no match for Frankie at any stage.

FOR COLDS, GRIP OR INFLUENZA

And as a Preventative, take LAXATIVE BROMO QUININE Tablets, by E. W. GROVE'S signature on the box 30c.

FRACTURES ARM

James Huxton, aged five years, of 160 Huron street, had his arm fractured last night when he slipped and fell on the sidewalk. The child was admitted to the Hospital for Sick Children.

POLICE WANT INCREASE.

A deputation of policemen will appear before the board of police commissioners today and ask for an additional increase in salary. The constables are entitled to more money, especially since all other ranks have been granted further increases.

HAS HAND AMPUTATED

Frank Griffith, 13 Wade avenue, had his hand amputated last night in a Sanitary Company plant. Laidowne and Royce avenue. He was removed to the police ambulance to the West-ern Hospital.

RAILWAYS AND FLOODS

Both the C. P. R. and the G. T. R. Railways last week when the National Flood Commission reported that the Don and beyond damaged sections of the railway tracks. C. P. R. trains from the east were switched to the G. T. R. line on Friday, Saturday and part of Sunday, and trains from the north used the C. P. R. line in by way of Lindsay and Burketon Junction.

The C. P. R. was also obliged to switch one Vancouver train off the Sudbury line at Goldwater and send it to Toronto by way of Lindsay and Burketon Junction.

MOTORISTS!

Snug and comfortable for winter driving.

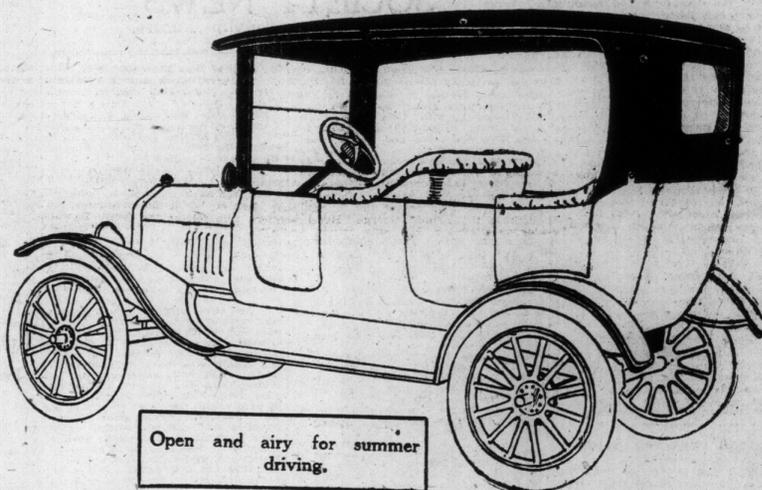

IF YOU OWN

- An "Overland" (Model 90)
- Or a "Gray-Dort" (Model 1918 or 1919)
- Or a "Briscoe" (Model 1918)

CAR

And Need a Top

Then Today the Special Price of
\$45.00 Will Buy It

Open and airy for summer driving.

But motorists who own any of the above cars, and are in need of tops, will be well advised to come early. For it's doubtful if such tops as these were ever offered before at such a saving figure, and it's a question if one will ever find them at such a pricing again.

You'll find that it's a top that will make winter driving cosy and comfortable and improve the appearance of the car wonderfully.

For the "All-Weather Top" has been made by a long established top manufacturer who builds strongly of the most durable materials, yet along symmetrical lines.

The top is not heavy, weighing little more than the ordinary touring top.

It fits solidly on the body, metal stripping being used to make a snug joint, through which the slightest draught is unlikely to penetrate.

It is ribbed across and lengthwise with ash. The outer covering is of rubberized cloth. Interior is lined with cotton whipcord in an olive shade.

Has patent flexible sliding side windows that may be slid into the roof.

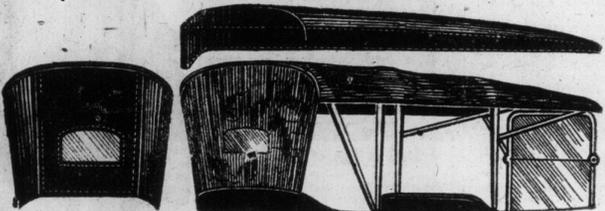

These give any amount of ventilation and permit full freedom for traffic signalling. Sides and ends have heavy large glass windows, which afford plenty of light. In fine weather the "All-Weather Top" can be converted into an open one by removing windows and side posts.

Remember the special price, \$45.00.

—Fifth Floor.

HERE ARE A FEW ACCESSORIES WHICH MAY ALSO PROVE OF INTEREST TO YOU

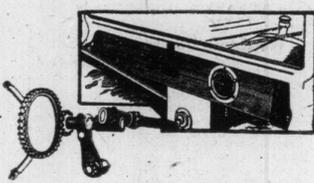

\$14.75 Buys a Topping Outfit
For a Ford Touring

It is of rubberized cloth, and consists of roof quarters, back curtains and all necessary fasteners. Fits over the old top smoothly and snugly. Price, \$14.75. Topping outfits for Ford touring roadsters are priced at \$12.50.

\$7.50 Buys a Complete

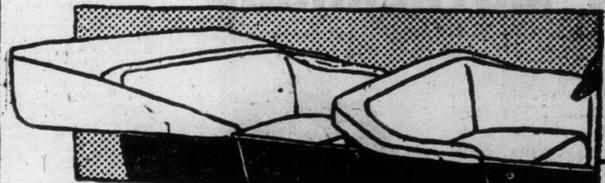

Speedometer For a Ford

It may be obtained in black or nickel finish. The instrument board, which is included, is covered with black leatherette and has end brackets. The rest of the outfit consists of a flexible shaft and casing and helical gear drive. This outfit, it is said, can be applied by anyone in 20 minutes with a wrench and screwdriver. Though if you prefer, we've arranged with an expert mechanic who will install the above speedometer for \$1.00.

—Fifth Floor.

\$22.50 Buys a Set of Slip Covers
For a Ford

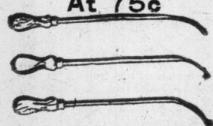

of substantial brown material, neatly bound with black leatherette. Set consists of cover for each seat and back of seats, doors, kicking pad for back of front seat, and complete cover for hood. Such a set adds greatly to the appearance of one's car, and incidentally lengthens the life of upholsterings. Price, \$22.50.

Mossberg No. 17 Socket Wrench Set

Has special oval socket, 1 square socket and 7 different hexagon socket sizes. Price, set, \$3.00.

At 75c

Are carbon scrapers, used for cleaning carbon out of piston head without removing top off cylinder. Set of 3 differently shaped scrapers. Price, set, 75c.

At \$2.25

is a Pressed Steel Running Board Tool Box, with padlock and clasps on each end. Is 22" long, 9" wide, and 7" deep.

Adjustable Mirrors

4-inch convex reducing mirror, with adjustable bracket. Black finish. Each, 95c.

T. EATON CO LIMITED

The Toronto World

FOUNDED 1880. A morning newspaper published every day...

TUESDAY MORNING, MARCH 16.

The United States Declines the Peace Treaty.

The senate of the United States has refused to ratify the treaty of peace between the Allied Powers and Germany...

But Wilson is discredited, and the United States is put in an unenviable position before the world...

There may be further attempts made to patch up some kind of a ratification...

Nor can anyone foresee at this moment how extensively the United States will be torn with discord...

On to Washington.

The London Daily Mail, which is usually well-informed, understands that it has been decided to appoint a Canadian minister plenipotentiary to Washington...

It is admitted that a delicate situation is involved in this department of Canada's accession to the international scale...

There were bloody revolts of Socialists against Socialists. They were put down by Noske, the Socialist minister of defence...

It will be a triumph of diplomacy indeed to install a minister plenipotentiary in Washington who will represent two nations without being finally accountable to either...

For Toronto. No city can ever be perfectly adorned or fully equipped for its function in the state...

to teach the indifferent dame to make the most of her opportunities for agreeable utility...

The three million dollars spent on the station and the postoffice in its eastern wing might have been turned to daily profit long ago...

Many people believe that the railways have used the station as a means of stalling off the viaduct...

This city needs business facilitation, not inertia and the delays that always cost infinitely more than they are worth...

Germany's Churn. There is a good deal of darkening counsel with words in stories of the German revolution number two...

The junkers and militarists always wanted to get back to the monarchy. It is quite likely that the present revolution is intended to restore majesty to the seats whence it was hurled over sixteen months ago...

It was the Socialists who overthrew the monarchy, as the armistice drew near. The Churchillian dictum that labor is not yet qualified to govern may have some justification in what happened when democracy came into its own in Berlin...

There is to be a conference today between the city and the attorney-general upon the re-orientation of the registry business of Toronto...

A decision will no doubt be reached after examination of the conditions surrounding the registrarships. Hitherto the two offices have been treated as political candles...

Notoriously, the registrars have done little if any of the real work. In some cases attendance at the office on one day a week has sufficed them...

The man who has been preaching an ideal for many years, and has thought it impossible of magic realization, and who suddenly finds in the hands of his friends the power he has suffered under...

SO TO SPEAK

Will he take up the White man's Borden?

ation that Germany is on the brink of economic ruin. Many liberals in Europe, and on this continent, believe that the economic terms dictated to Germany by the allies are bad...

capable and devoted, the attorney-general may possibly find that the best course is to promote them. At increased salaries, as opportunity arises, and instead of having four principal officers as heretofore...

Editor World: You made a common mistake in the World the other day in referring to the emoluments of the West Toronto registry office...

There is to be a conference today between the city and the attorney-general upon the re-orientation of the registry business of Toronto...

Under an act passed by the House of Commons (S. George V., cap. 5, sec. 5, 1915) there is an excellent clause that will have the effect of eliminating all incapable or inefficient candidates for the public positions under discussion...

The late Sir Oliver Howard, when appointed to responsible posts, was a very capable official. I did not know him, but his colleague in East Toronto, Mr. Peter Ryan, is an old personal friend...

A Registrar of Deeds. The diagram shows the simplest form of Magic Square, that which adds up a total of 15, in each of the eight directions...

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading letters written by our readers on subjects of current interest...

REGISTRY OFFICE EMOLUMENTS. Editor World: You made a common mistake in the World the other day in referring to the emoluments of the West Toronto registry office...

Under an act passed by the House of Commons (S. George V., cap. 5, sec. 5, 1915) there is an excellent clause that will have the effect of eliminating all incapable or inefficient candidates for the public positions under discussion...

The late Sir Oliver Howard, when appointed to responsible posts, was a very capable official. I did not know him, but his colleague in East Toronto, Mr. Peter Ryan, is an old personal friend...

A Registrar of Deeds. The diagram shows the simplest form of Magic Square, that which adds up a total of 15, in each of the eight directions...

The diagram shows the simplest form of Magic Square, that which adds up a total of 15, in each of the eight directions. It makes an interesting problem to reverse the proposition...

U. S. Will Collect Nine Hundred Million in Income and Profits Tax

Washington, March 15.—Treasury officials estimated that the first instalment of income and profits taxes, due April 15, will amount to \$900,000,000. Coincidentally with the tax payment, treasury certificates, aggregating about \$775,000,000, which must be retired with the money collected. When the tax books close tonight, those who failed to make payment become liable to penalty. Payments by mail, postmarked today or earlier, will be credited even if received after midnight.

DEATHS.
BANKS—On Monday, March 15, in his seventy-third year, William Banks, Sen., beloved husband of Elizabeth Holmes.
Funeral from his late residence, 70 Dawson street, to the Necropolis, on Wednesday, March 17, at 3 p.m.
BECKER—On pneumonia, on Saturday, March 13, 1920, at the Western Hospital, Louis Becker, dearly beloved husband of Minnie Becker, and father of Wm. G. and Dr. Fred C. Becker, in his 88th year.
Funeral from his late residence, 36 Mallon avenue, on Tuesday, March 16, 1920, at 2 p.m., to Mount Pleasant Cemetery.

BUCKLAND—On Sunday, March 14, 1920, at 494 Palmerston boulevard, Toronto, George William Buckland, in his 51st year, husband of Miriam Jane Halland.
Funeral on Wednesday, the 17th inst., at 3.30 p.m. Interment in St. James' Cemetery.

CALDWELL—On Monday, March 15, 1920, Charlotte Caldwell, beloved wife of David Caldwell, in her 70th year.
Funeral from her late residence, 187 Beverly street, Wednesday, March 17, at 2 p.m., to Park Lawn Cemetery.

FORSTER—At Markham, Ont., on March 15, Alice Amelia Deek, wife of Anthony Forster, in her 71st year.
Funeral from her late residence, Main street, Markham, at 1.30 p.m., Wednesday, March 17, to Locust Hill Cemetery.

HUTCHISON—On Monday, March 15, 1920, at the residence of her son, 30 Walker avenue, Emmeline Otway, wife of the late Henry Hutchison of Toronto, and daughter of the late Robert Seaton of Brooklyn, N.Y., in her 79th year.
Funeral on Wednesday, the 16th inst., to the Necropolis.

ROBINETTE—Suddenly on Sunday morning, March 14, 1920, at his late residence, 60 Spadina road, Toronto, T. C. Robinette, K.C., in his fifty-ninth year, beloved husband of Edith Mary Lindsay.
Private service at above address Tuesday, the 16th inst., at 2.15 p.m. Church service at Trinity Methodist Church, corner Inver and Robert streets, Markham, at 11 o'clock, Wednesday, March 17, at 3 o'clock. Interment in Mt. Pleasant Cemetery.

THOMSON—On Monday, March 15, 1920, at 224 Wellesley street, William W. Thomson, in his 54th year, dearly beloved husband of Emma McBain.
Funeral from the residence, Wednesday, 2.30 p.m., at St. James' vault. Interment later at St. Andrew's Cemetery, Scarborough.

LABOR AND W.F.O. MAY CO-OPERATE

W.F.O. Co-operative Stores May Co-operate With Trades Council.

Housewives in Toronto will be interested to know that the Toronto Trades Council at tonight's executive session will decide to appoint a committee to confer with representatives of the W.F.O. to find ways and means of forming a commercial alliance between labor and the W.F.O. James Simpson at last night's special meeting of the Trades Council to consider the proposition pointed out that a proper solution of the problem should ultimately lead to such a union of labor-farmer forces as to obliterate the present dividing-line between two sets of producers.

The general manager of the W.F.O. Co-operative Stores, Ltd., N. Y. Loblaw, touched in detail upon the many business principles involved, and expressed his earnest conviction that former co-operative ventures in Toronto had failed because the directors had failed to make a turn-over to 12 per cent. W. F. O'Connor, investigation expert, had shown that usually a wholesale cost alone totaled 12 per cent. The W.F.O. association had opened up eleven stores department stores had made a turnover of \$9,000,000 during the past year. Perhaps the greatest force co-operative associations had to fight to-day was the system of agreements between wholesalers and manufacturers.

LABOR QUESTIONS FOR PARLIAMENT

To Decide Action on Conventions of International Conference.

DOUBT OBLIGATIONS Debate Whether Canadian Government is Technically Bound to Ratify.

Ottawa, March 15.—The question of parliamentary action on the conventions adopted at the International Labor Conference held in Washington last November will shortly be before the government for decision. Some weeks ago the secretary-general of the league of nations was instructed by the governing body of the international labor office to send official copies of the conventions to all states members of the league. As yet the Dominion government has not received its copies. But they are expected to be in hand shortly and ratification by the Dominion parliament will then have to be considered.

Six conventions were adopted and five of them Canadian government delegates at the conference gave their assent. Principal among them is a convention providing for a national eight-hour day for industrial workers. **Matter of Jurisdiction.** When the eight-hour day issue has been raised before it, it has been held that the question lay within the jurisdiction of the provinces. An international obligation, however, it is generally agreed, changes the situation. If the Dominion has entered into such an obligation to enact an eight-hour day in the lake and Quebec provinces, the Dominion government has authority to give that obligation effect.

But in the case of the Washington convention, doubt has arisen whether the convention actually constitutes an international obligation as implied by such a declaration. The question of legal authorities—the Dominion parliament has authority to give that obligation effect.

THE WEATHER

Observatory, Toronto, March 15.—(8 p.m.)—A pronounced disturbance centred tonight over Minnesota is causing showery rain in the lake and heavy snow in Manitoba. The weather has been milder today in Ontario and Quebec and moderately cold in the Maritime Provinces. Minimum and maximum temperatures: Ottawa Valley and Upper St. Lawrence—Strong southerly winds; milder and showery. Lower St. Lawrence—Strong southeast and south winds; milder with showers. Gulf and North Shore—Fair at first, followed by showers toward night. Maritime—Fair at first, followed by fresh or strong southeast to south winds, with showers at night. Ontario—Strong southerly winds and gales; showers, probably turning to snow in western districts. Manitoba—Strong northerly winds; snow at first, then clearing; colder. Saskatchewan and Alberta—Fair and generally cold.

FORTIFYING BERLIN'S STREETS
In November last the Spartan uprising against the German government that succeeded that of the Kaiser and lasted until the coup d'etat of Saturday, resulted in bloody street fighting in Berlin. Despatches have stated that the streets of Germany's capital now present the same appearance as during those troublousome days. The above is a photograph of German troops guarding government buildings against the Spartacists.

JUNKERS AWAITED TIME FOR A COUP

In Dealing With Germans, One Must Expect Bad Faith, Says London Mail.

London, March 15.—Indications of the trend of a large part of London's editorial opinion relative to the German revolution are given in headlines appearing over comment on the situation this morning. "Allies Fooled Again," "The Old Adam," and "As Was to Be Expected," appeared as captions in leading journals today. There is a disposition to await developments before giving any decisive opinion as to openings, which are as yet admitted to be imperfectly reported.

HUNGARIAN ROYALISTS REJOICE OVER REVOLT

Budapest, March 15.—Hungarian royalists are rejoicing over the revolt in Germany and claim it is justification for their own cause. The royalist republics are incapable of surviving in countries where for centuries the people have been accustomed to monarchies.

AUSTRIAN SOCIALISTS ARE DISTURBED

Vienna, March 15.—Demonstrations held yesterday served as a safety valve for Vienna's discontented pan-Germans. The socialists, however, were really disturbed by the events in Berlin. Red flags were plentiful during the demonstrations, but the inscriptions on them were not violent.

SITUATION IN GERMANY

London, March 15.—Telephonic messages received by the Berlin correspondent of the exchange telegraph company from different parts of Germany report the situation as follows: Silesia—An independent government has been formed under the direction of the socialist, Herr Philippus. In the Rhine valley and Westphalia industrial regions the communists have proclaimed a counter revolution and general strike.

CHEERED FOR WILHELM

German Officers at Geneva Learned of Revolt on Their Way Home.
Geneva, March 15.—Cheers for former Emperor William of Germany and other expressions of satisfaction at the overthrow of the Ebert government in Berlin were given today by 320 German officers. The Germans were prisoners in France and on arriving here on their way home to Germany learned the news of the revolt. Many former prominent German military leaders are now in Switzerland. They are watching the development in Germany with great interest, and it is said that, although none of them has yet returned home, many are ready to depart at a moment's notice, according to the turn in events.

NO-FORMAL REQUEST FROM GERMAN COUNCIL

Not Applying to Ottawa Officials—Say Alvo Von Alvensleben Likely to Enter Canada.

Ottawa, March 15.—(By Canadian Press)—No formal application has been received by the department of immigration here from Count Alvo von Alvensleben for permission to enter Canada to wind up affairs, prior to his departure to Canada. The United States indicates that the German financier will try to enter British Columbia for that purpose. Von Alvensleben was involved in a big real estate and insurance business in British Columbia before the war and was largely involved in the boom of 1911 and thereafter. He earned the reputation of being the ex-Kaiser's chief agent in Canada, and he did not come into Canada after the declaration of war. He has lived in the United States ever since and is at present living in Washington State.

FIGHTING OCCURS IN MANY CITIES

Lloyd George, in Commons, Reads Telegram From British Charge at Berlin.
ALLIES WATCHING EVENTS
London, March 15.—Premier Lloyd George, referring in the house of commons today to the German revolution, said that the allied governments would regard with anxiety any movement representing a monarchical or military reaction, but that it was well to await developments before taking any definite action.

KAPP HOLDS OUT THE OLIVE BRANCH

(Continued From Page 1).
von Luetwitz, the reactionary minister of defence, but they did the great damage, indicating merely the spirit of opposition. Much interest should attach to the meeting of the national assembly, which is being called for Tuesday at Stuttgart. The action of the assembly, if the meeting is held, should have a potent effect in clearing up the present situation which has arisen in the past few days.

TORONTO'S OAKOAL PLANT NOW UNDER CONSTRUCTION

BRIQUETTING MACHINERY PURCHASED AND SHIPPED 15 DAYS AGO

The plant now under construction on the two acres acquired from the Toronto Harbor Commission will be the most complete briquetting plant in America, and perhaps the most interesting on the two continents—since it will not only produce the very best coal substitute that has yet been discovered, but will stand a monument to conservation principles, that will solve for cities throughout the world the disposal problem of garbage and wastes that under many of the present methods is the source of epidemics of disease that are sweeping the countries and causing loss in millions of dollars annually in incinerators and destructors.

This plant will have an output capacity of 200 tons daily, and is being erected with the view to doubling this capacity. The main or briquetting building is 54 x 80 feet, of brick and steel construction—the garbage building in which the sorting, sterilization, shredding, grinding and drying processes are operated will be 30 x 80 feet—the storage bins will be 24 x 60 x 40 feet—all operated by electric power.

Boilers will be installed for drying the ground garbage, and coal dust, and for melting the ingredients used for weather and water-proofing the product.

The garbage will be received from the city wagons in pits, from which it is elevated onto a picker belt, from which all non-combustibles are removed by pickers, after which it will pass into vats of boiling water, thence into specially designed beaters or shredders, thence through heated rolls into a disintegrator, passing from this machine into a huge rotary dryer—40 ft. by 5 ft.

In the briquetting building (while the garbage is going through above process) the coal dust is being dried in another huge dryer, 70 by 5 feet, and being mixed with the chemicals.

These all assemble in an upright mixer or fluxer, from which they pass into a pug mill and are delivered to the gigantic briquetting press, from which the finished product, in the form of 6-ounce briquettes, pour into the carriers, to be delivered into the storage bins, or into bags ready for delivery.

The 600-foot siding laid by the Toronto Harbor Commission the entire length of the property will receive several car loads of coal dust at one time. Two pits are being constructed under this siding, into which the coal dust will be delivered, so to be elevated to the long armed spouts forty feet above, which are adjustable, pouring the coal dust into a pile, under which other pits are being placed to elevate this dust into the hoppers in the plant, ready for the dryers.

The construction of the entire plant is such that the whole process is automatic and continuous, and to insure Oakoal being manufactured at the minimum cost, that the public may be enabled to buy their winter's supply as cheaply as possible.

The Company faces the future with the greatest pride and confidence, pride in that they have, after two years' experiments, succeeded in producing a fuel that is superior to any fuel mined or manufactured; Oakoal being absolutely clinkerless, sootless, odorless and nearly smokeless, and burning longer and with more heat efficiency. Confidence in that the public will appreciate the value of this wonderful process and industry that will save hundreds of families large annual amounts in their fuel bills, which means a saving of tens of thousands of dollars in each city where Oakoal plants will be located; the result being a balance of trade in Canada's favor of millions of dollars annually—these millions now going into a foreign country for fuel.

Government Advises Use of Briquettes

The Governments of Canada and the several provinces have been advising the public for some time past of the seriousness of the fuel situation in Canada, and advising them that the solution lies only in coal substitutes—but the public are slow to seize the gravity of the situation. However, as prices of anthracite advance the warning will be appreciated, and since there is another advance in sight this month and still further advances due before snow flies this fall, the public will have cause to regret not having given earlier attention to the Government's warning.

Many people continually ask: "If your product is all you represent it to be, why does the Government not advise its use?" The public, that portion of it that is not keen on Government policies, must understand that the Government does not endorse private or corporation enterprises. They have, however, admonished the people time and time again that briquettes are a solution to the extent that they are available, but no Government will publicly disclose itself on the announcement of any particular individual's or Company's product.

Write to any of the following Fiscal Agents and Brokers for the Company's Prospectus and then send in your applications:—

H. J. BIRKETT & CO. 502 C.P.R. Bldg., TORONTO, ONT. **ROBERTS & COMPANY** C.P.R. Telegraph Bldg., MONTREAL, QUE. **GEO. H. MEGLOUGHLIN** 205 Queen St., OTTAWA, ONT. **MOFFATT & COCHRANE** FORT WILLIAM, ONT.

References: Bradstreets, Standard Bank of Canada, Market Branch, Toronto; Bank of Nova Scotia.

Millions Spent in Poor Substitutes

The Governments and Corporations have spent millions in trying to make a success of a peat fuel, but thus far their efforts have been in vain. No one plant has yet been able to show a commercial possibility, and since peat is low in B.T.U.'s, its fuel value is naturally low, and can never become a popular substitute for anthracite coal.

The Government, however, maintains a Fuel Testing Laboratory at Ottawa, and on three occasions Oakoal has been analyzed and tested in that Laboratory. The first analysis showed a B.T.U. content of 11,960; the second a 12,160 B.T.U. content, and the third a 12,571 B.T.U. content. Each test proved Oakoal to be non-coking, high in carbon; the desired product in volatile content, exceedingly low in sulphur content; much lower in ash than coal, and in comparison with the best coals a superior product.

Hundreds of homes used our first crude product, many preferring it then to Anthracite. The improved product showed wonderful superiority—the still further improved product, such as the new plant will produce, surpassing our most sanguine expectations, and causing surprise to fuel experts in many cities.

Big Business Ahead for Oakoal

The outlook is, therefore, most encouraging, and to Canadians Oakoal will be a national asset—one with which every man and woman should lose no time in getting familiar.

The Company has worked under considerable difficulty for some time, because other briquetting processes had been exploited, and hundreds of people had been "stung," and because we claimed so much for our process and product a skeptical public hesitated to accept our statements.

Big men regarded the project as simply a stock-selling proposition. The city withheld its contract for the same reason, thus between undertaking to build and equip a plant without the assurance of securing a contract from the city on the one hand and fighting against the various difficulties that presented on the other, our efforts were supremely taxed; but, appreciating that many other big industrialists fought a bitter struggle for recognition and success, we "stuck to our guns." We gave demonstration after demonstration of the value of our product, and succeeded in placing sufficient stock to ensure the erection and equipment of our Toronto plant, limiting our sales to \$1,000, to prevent a cornering of the stock by big interests, who could have, and likely would have, throttled its success, since Oakoal will be a gigantic factor in supplying Canadians' needs in fuel—and in a few weeks our product will fill many fuel bins in this city, at a saving of many dollars—a saving that will equal a 20 to 30% dividend on a hundred-dollar investment in our industry. This, in addition to a dividend on the profits earned by the operation of only one plant, makes Oakoal stock a most attractive investment for every man or woman—an investment in which the par value of the stock must multiply.

We know of briquetting plants that are today paying dividends that make the value of the stock forty times its original value. We also know of briquetting plants whose operating expenses and lack of good management prevent a dividend; and we know that in spite of the best management there are briquetting plants now in their infancy that will fail, as scores have failed, because their process does not include a satisfactory binder—or because their coal dust is too high in ash content.

Oakoal Demand Will Never Be Met

A briquette that lacks a good binder cannot meet the demand, and for this reason good briquettes are sometimes disregarded by the public, if coal is available. We have no apology to make for Oakoal briquettes. Hundreds and thousands of people have seen Oakoal briquettes burn, and we have no hesitation in stating that if every city in Canada had an Oakoal plant, and if each such Oakoal plant would produce 500 tons of fuel daily, the demand could not be met, even if the price of Oakoal equalled that of anthracite. The fact that Oakoal will be sold fifteen per cent. below the price of anthracite, and the further fact that it is better than anthracite, assures a ready market. Could any investment be more promising?

The Company has opened offices and salesrooms in Montreal and Ottawa, with the hope of establishing plants in both those cities and in Hamilton this and next year. If the sale of stock progresses as favorably there as it did in Toronto, there is no doubt but Oakoal factories will be operating in one of those cities this year, and in all three next year. The Company will erect plants in every city in Ontario and Quebec as rapidly as capital is subscribed, because Oakoal plants not only produce dividends, but an essential product, that means a Better and Safer Canada, and since Bank Managers, Wholesale Men, Manufacturers, Coal Dealers, Professional and Scientific Men, as well as those in the various other callings of life, have, after investigating the Company, its process and product, invested—in many cases to the limit of allotment, those who are today in a position to invest should accept their judgment as a safeguard in deciding to become a shareholder in Oakoal stock.

We have no hesitation in expressing the conviction that Oakoal will become one of the world's outstanding industrials and greatest assets, since in converting millions of dollars' worth of wastes into multiplied millions of dollars' worth of superior fuel, it must and will command supremacy among the world's industrials, and when it is considered that the telephone, the steam engine, the automobile and other essentials fought a bitter struggle in their early days—and have since made millions and scores of millions for their shareholders, Oakoal offers to the public just such another opportunity, and blind, indeed, is the man or woman of today who, offered the opportunity, hesitates to secure his or her limit of stock.

Oakoal is a certainty, an investment—not a speculation.

Thirty Millions Annual Possibilities

Despite the fact that the majority of people are able to read and think for themselves, we are frequently asked why our stock is being offered in the newspapers for 55c, 60c, 70c, 85c and \$1.00 per share. This Company's stock has never been offered below its par value—\$5.00 per share, and if those who read will think, they can easily discern the difference between the stocks offered and ours.

The Oakoal Co. (Canada), Limited, own the rights and licenses for the Provinces of Ontario and Quebec. In these Provinces there are some thirty cities with populations large enough to sustain, with their garbage collections, plants whose outputs will aggregate, with coal dust proportions, an annual output of approximately 3,000,000 tons—which would mean a turnover of some thirty millions of dollars annually. A capitalization of three million dollars will finance these plants, thus the prospective investor can readily appreciate that at \$1.00 per ton profit the stock will pay approximately 100 per cent.

Now, when you appreciate what the value of a hundred per cent. stock is worth, are you going to wait longer before you secure a reservation? If you do not know the value of a hundred per cent. dividend stock, try to buy one. Our advice is that you buy all you can, and get your friends in with you NOW. The day is not far distant when you will not be able to buy it at any price. Then it will be too late.

Shrewd Investors Behind Oakoal

Many of Toronto's keenest and most discerning investors are in Oakoal, and many more would be if we would sell big blocks to an individual; but there is a limit, for the reason that Oakoal is for the masses, not the classes. The big fellows have always been able to get in the good things and keep the small investor out. In Oakoal it's different—we want numbers, not a few capitalists. Numbers ensure the markets, now is the time for the small investor to get his or her chance. As already stated, many

are among Oakoal shareholders, not one of whom had any inducement offered, any more than you have. No special inducements, bribes, premiums, promises or statements, other than embodied herein, excepting that shareholders will be the first to be supplied with fuel, have been made, hence you are getting in now as every other shareholder got in—on the ground floor. That Oakoal stock will advance immediately the Toronto plant is in operation goes without saying. That advance is certain.

Investigate promptly.
The Company will stand investigation.
The product will stand investigation.

Oakoal in the Best Publications

Oakoal announcements are being carried in the best publications in America: "Pacific Ports," "Montreal Star," "Nor' West Farmer," "Canadian Journal of Medicine and Surgery," "Montreal Standard," "Financial Times," "Bradstreets." It has been written up in such publications as the "Manufacturers' Record," "Popular Science," "Canadian Journal of Medicine and Surgery," "Financial Times," "Bradstreets," Toronto papers, and is the only product whose analyses and tests, made by the Dominion Government, have been published.

Is any further evidence of the merit of the Company and its product necessary to convince you that it is the Company and product for you to invest \$100 to \$1,000 in today?

H. J. BIRKETT & CO.,
C.P.R. Bldg., Toronto.

Please send me Oakoal literature.

BRAZILIAN SHARES
ANOTHER ADVANCE

Canada Bread Rallies Two Points, and Paper Stocks Arc Strong.

BLACK LAKE IS FIRM

Continuation of the upward movement in Brazilian, Canada Bread's rally and the strength of the paper stocks stood out as features of yesterday's dull and irregular local market. There was a subsidence of the extreme activity in Black Lake Asbestos, but the price was well maintained. Brazilian rolled up a total of 914 shares in the morning's dealings. A firm opening at 49 1/2 was followed by a spirited advance to 50, the closing morning high at 49 1/2, showing a net gain of 1/2. In the afternoon there was no trading in Brazilian, and the bid was lowered to 48 1/2. Considerable dissatisfaction is being voiced by Toronto shareholders over the withholding of dividends on the common stock, despite the pronounced improvement in the company's operating revenue and in the exchange situation. Canada Bread recovered some of the ground lost on Saturday, selling up 2 points to 23. Paper stocks reflected the strength of these issues in Montreal, Rionor advancing 2 1/2 to 182 1/2, and Spanish River 1 1/2 to 88. The first sale of Atlantic Sugar in several days was at 83 1/2, a gain of 2 1/2 points.

BELL TELEPHONE
HAS SHARP GAIN

Brazilian Most Active Stock in Montreal - Ogilvie Milling Strong.

Montreal, March 15.—Despite the ambleness of the trading today there was a remarkably strong tone to the local stock market, with net gains running from fractions to over four points. Consolidated in the list was Bell Telephone, on which was a turnover of only 18 shares, there was a net gain of 4 1/2 points, the stock closing at the best price of the day at 110 1/2. Brazilian was the most active stock, with 1,022 shares sold. It rose to a new recent high of 50, but reacted to 49 1/2 at which it closed. Another large gain went to Ogilvie Milling which rose 3 1/2 points to 25 1/2 and held. The gain in final sale, the closing bid was at 25 1/2. Other strong features were Atlantic Sugar, which advanced 1 1/2 points to 83 1/2, and Hillier's which was marked up two points to 60.

WALL STREET VIEWS

J. S. Bache & Co. say: If we revert to the theory that Wall Street movements predict conditions in business some considerable time ahead, the markets of the last two months or so might be deciphered as a falling off in business soon, due to the continued deflation, which has made a credit situation, which has made speculative holdings or unnecessary loans.

Money and Exchange

London, March 15.—Close: Bar silver, 70 1/2 per ounce. Bar gold, 112 1/2 ad. Short bills, 5 1/2 per cent. Discount rates: 100 days, 4 1/2 per cent. Gold premiums at London, 14 1/2.

THE DOMINION BANK

Notice is hereby given that a Dividend of three per cent. upon the paid-up Capital Stock of this Institution has been declared for the quarter ending March 31st, 1920, being at the rate of twelve per cent. per annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Thursday, April 1st, 1920, to shareholders of record of March 20th, 1920. By order of the Board. C. A. BOGERT, General Manager. Toronto, February 13th, 1920.

Selling at 40c a Share A Low Price
HERE is a property with the makings of a big gold mine. It has a large tonnage of excellent milling ore in the big main vein, which has been proven to a depth of 800 feet by diamond drills.
VERY five-foot section of this vein has been tested out by channel assays for a distance of 1,000 feet on the surface. The gold is shown to be evenly distributed throughout. The values are good.
RIGHT from the beginning the development of the ore body has met with unusual success. The work done strongly indicates that the vein goes down to great depth without a break. This means that a large tonnage of ore can be quickly and economically opened up.
REAL mining will mean big things for the Herrick. The directors have laid out a comprehensive development programme. These men have already spent large sums of their own money in proving-up the property and are willing to spend more to make the Herrick a big and profitable gold producer.
N a few weeks, the mining plant will be ready to operate. Shaft sinking, cross-cutting, drifting and general mining operations will be carried on with efficiency and speed.
CONSISTENT and steady development should make a large tonnage of ore available in a few months. This should warrant the installation of a mill. After that, dividends should not be far off.
EEN investors are buying Herrick shares, because they combine a most attractive speculation with a large degree of safety. Only 100,000 shares are to be sold at 40 cents a share. This offering is being steadily absorbed. Orders should be placed with us early to ensure execution.

PRICE OF SILVER.
London, March 15.—Bar silver, 70 1/4, an advance of 1/4.
New York, March 15.—Bar silver, 67 1/2, an advance of 1/2.

NIPISING DIVIDEND.
Directors of the Nipissing Mining Company have declared the usual quarterly dividend of 25c, payable April 20 to stock of record March 31.
British Sells to Syndicate Airplanes and Material
London, March 15.—The British government has sold to a syndicate of American and British investors the value of £1,000,000. The purchase includes the entire surplus aircraft material in Great Britain, consisting of 10,000 airplanes, 30,000 new airplane engines and an immense quantity of engine and airplane spares and hangars.
Hold St. James By-Election On the Date Originally Set
Montreal, March 15.—In order that the by-election in the St. James' division of Montreal should not be delayed as was threatened by the refusal of the provincial government of Quebec to give up the voters' list on account of the federal government officials' unwillingness to pay the price of the list, the provincial government has agreed to hold the by-election on the date originally set.

Quebec District Recovering From Effects of Severe Storm
Quebec, March 15.—This district was recovering today from the effect of a tremendous sleet storm Friday night and Saturday morning. This city was without power and gas in darkness yesterday. The street railway company was stormbound. The stores were closed and the newspapers could only get out reduced editions.
Sir Louis Davies is Administrator During Absence of the Governor
Ottawa, March 15.—Sir Louis Davies, chief justice of the province, was this morning sworn in as administrator of the Dominion to act during the absence of the governor-general, The Hon. J. H. Macdonald. The general has gone overseas to attend the wedding of his daughter. He expects to be back in Ottawa about the middle of May.

Announcing
 the Formal Spring Opening Today of
 Simpson's Store for Men

A Message for Men

ONCE more come in the bud and leaf, bird-song and rushing waters, and the heart of the average man stirs with the clothing impulse of the Spring. As the bird puts forth his new plumage, and femininity new finery, so does the Man turn naturally to the matter of a wardrobe. He wants new clothes.

WITH enthusiasm he lays aside the heavy winter coatings and suitings, and seeks the lighter, cooler fabrics reflecting both in texture and color something in keeping with the season. Simpson's Men's Store announces herewith its formal season opening, and invites the Men, Young Men and Youths of Toronto to inspect the great array of clothing on display. Suits and Overcoats for men of individual tastes, conservative and ultra style models, and prices which represent genuine economy in a season when clothing values are scaling rapidly upwards. To take advantage of this great opportunity is to gain the most popular styles and most reliable qualities at the most attractive figures the year will offer.

COINCIDENT with the display of clothing styles will be staged the authoritative 1920 trend in hats, haberdashery and men's wear. Everything in hosiery, in formal dress requirements, in the length and breadth of masculine attire will be here for selection. And behind it all stands the Simpson guarantee of Satisfaction. You are invited to come and see.
