Fitching Water from the Well.

Early on a sunsy morning, while the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother," My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother, "My good with the lark was suiting to say to my brother, "My good was the lark was suiting to say to my brother, "My good was the suiting to say to my brother, "My good was streamed to my was standing to my brother, "My good was the lark was suiting to say to my brother, "My good was streamed to my was standing to my suit suiting to say to my brother, "My good was streamed to my was standing to my suit suiting to say to my brother was suiting to say to my suit suiting to say to my suit suiting to say to my sui

But the holy, blessed secrets, it beseems me not to tell;
Life had met another meaning,—fetching water from the well.!

Down the rural lane they sauntered. He the burthen pitcher bore:
She, with dewy eyes down looking, grew more beauteous than before!
When they neared the stient homestead, up he raised the pitcher light;
Like a fitting grown he placed it on her hair of fitting crown he placed it on her hair of wavelets bright:

Emblem of the coming burdens that for love of himshe'd bear,
Calling every burthen blessed, if he we but highten they revery burthen blessed, if he we but highten they have been dear.

The stars will make a revolution in 23 hours 56 minutes, 4 seconds and 09,087,284 decimals of a second, which gives an error of one minute too fast at the end of 1,470 years. The stars will make a revolution in 23 hours 56 minutes, 4 seconds and 09,087,284 decimals of a second, which gives an error of one minute too slow at the termination of 5803 years. The synodical revolution of the moon is done by the wheels in 29 days, 12 hours, 44 minutes, 2 seconds and 873,544,288 decimals of a second, and this will give an error of one minute too slow at the termination of 5803 years. pathway grew.

2 seconds and \$73,544,288 decimals of a second, and this will give an error of one minute fast in 1,167 years.—The sidereal year is done in 365 days 6 hours 9 minutes 11 seconds and 53,322,496 decimals of a second, which will make an error of one minute slow in 1,806 years. The other astronomical motions are too numerous for detail here, but they all bear the same stamp of accuracy. The clock will go 100 years without requiring to be wound up, which is unequalled in horological science. The clock will go 100 years without requiring to be wound up, which is unequalled in horological science. The clock will contain about 170 wheels and pinions, and upwards of 300 distinct pieces. It has been constructed for, and space been given, for the clock at the Great Exhibition, and we understand that if possible it will appear in that gorgeous edifice.—Liver-

SCOTTISH BORDER AND NEW WICK FARMING.

SCOTTISH BORDER AND NEW WICK FARMING.

The traveller who has visited the Seers, and has looked at the tillage near it Wooler, or has followed the streams hill on the Tweed to Yetholm, where live at the foot of the Cheviots, has a doubt, the cleamess of the fields, rich erops, and the perfection of mechanisms which accompanied him along corry progress. But that which has most his admiration has been the marvellous which are subjected to the plough, assummits on which the luxurant turnip en corn gladden the eye on the saushin aummer day. He has thought, no doudustly of the farmer, and of the skill, by of his crergy and perserverance, in the plough steep places like there, an each lofty summits with most productive is no disparagement to the skill; Bor that, in this remote enter of New Br the steep slopes which guide the st Smith's Creek, the enter indications of perseverance were sent. Steep slope do forest, and to their summits with crops. The same skill and neat tention to details, and signs of capital, siduous industry were not seen; but of apparently difficult nature was visible seen on the Scattish Borders, or of the Lummermur hills, or of the morpians in the valley of Strathmore. I and that gives rise to such similar and different and dissimilar countries, whe are the same. We were again on the formed soils so dry, fertile, and easy to tempt the husbandman from the result of a strain and the same. We were a gain on the formed soils so dry, fertile, and easy to tempt the husbandman from the result of the same, and so pos predict in a new country, from the trivat cover it, where man will first se will first plant and sow, in what deciture will proceed, where the plain terred by the cultivator, and where he brave the adventure of audating the Prefessor Johnston's Notes on American and the part of the state of the language of Culture will proceed, where the plain terred by the cultivator, and where he brave the adventure of audating the

Short Dress.—The Syracusus: "Several ladies appeared yesterday with dresses of a very tern, and pantaloons a la Turk style looks decidedly tidy and us parts to the wearer quite a sprightful appearance."

At the Annuel General Meeting holders of the South Bay Boom Com Monday 12th instant, the follow were elacted Directors for the cr Hon. John Robertson, F. A. Wigg lok, John Wishart, A. McL. Seely son, and N. S. Demill, Esquiree; a quent meeting of the Directors, A. Esq., was unanimously resolucted.
