Turks See End Near At Dardanelles; Fire Coast Cities As They Go Inland

Significant Report Reaches London—Another Despatch Tells of Further Success by Allies on Gallipoli Peninsula—More Troops Landed by Allies and Turkish Batteries Silenced

London, Sept. 14.—The town of Phocaea, Asia Minor, twenty-five miles northwest of Smyrna, is reported to be in flames, according to a Reuter despatch from Athens, which says it is inferred that the Turks are destroying coast towns and retiring into the interior in expectation of the fall of the Dardanelles.

FURTHER SUCCESS BY ALLIES

Paris, Sept. 14.—The allied fleet has succeeded in locating Turkish batteries along the Asiatic coast in the Dardanelles, according to a Journal desparade from Athens. Observers in a captive balloon spied out the Ottoman artillery and it was silenced by shells from British and French guns, with the result that the camps of the allied troops now are more tenable.

NEW SUBMARINE IN BLACK SEA

London, Sept. 14.—A despatch to the Morning Post from Petrograd says: "A Turbo-German submarine of the new German type has been sighted in the Black Sea by the Russian post on the Kerch Peninsula, in the Crimea. The submarine came up to reconnoitre and exchanged shots with the shore before retiring at full speed. In view of the speed and type of the underwater boat, it is evident that it made its way to sea to Turkish waters."

Norwegian Sent Down

Christiana, Sept. 14.—The Norwegian motor schooner Bion, with pit crews for England, was torpedoed Sunday by a German submarine. The crew was saved. Details of the sinking of the Bion were given in the Christiania despatch to London, that it could not recognize any responsibility for sinking the Norwegian steamer. She was sunk July 9, as the steamer was not provided with any sign showing that she was neutral.

On the Western Front

Paris, Sept. 14.—The artillery activity along the front in France continues, and at some places, with great violence, according to the announcement made by the French War Office. French aviators have thrown down bombs on a railroad in possession of the Germans, as well as on certain German barracks.

Italian Report

Rome, Sept. 15.—The official Italian statement dated Sept. 15, says: "During the night of the 13th, the enemy forces made two attacks on our lines in the Upper Piave Valley, but were repulsed on both occasions. "On the Upper Piave front our troops attacked strong positions still occupied by the enemy on the eastern slope of the Piave Basin and achieved noticeable results."

FREDERICTON NEWS

Fredericton, Sept. 14.—Mr. and Mrs. Thomas Malcolm and Jack Malcolm of Campbellton, accompanied by Mrs. E. P. McKay of Bathurst, arrived here last night by automobile. They left this afternoon on a trip through northern Maine and will return home by way of the River DuLoup.

Phelix and WEATHER BULLETIN

Phelix and WEATHER BULLETIN. Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Summary—The southern depression has now reached the Lake Superior district; the pressure is high along the Atlantic coast, showers have been general over Lake Superior and in the maritime provinces. In the west the weather continues cold attended by light falls of rain and snow.

Fair and Warmer

Moderate winds, mostly to southwest, a few showers today, generally fair and warmer. New England forecast—Probably fair tonight and Wednesday. Warmer in eastern Massachusetts tonight; moderate south winds.

Important Matters In War News Of Today

Landings of additional large bodies of British and French troops on the Gallipoli Peninsula are reported from Mytilene.

Facts which the allied fleet has silenced Turkish batteries on the Asiatic coast in the Dardanelles, which were intended to reach camps of the expeditionary force, with their fire, and that steady progress is being made against the Turks on the peninsula.

The current official statement from Constantinople on the Gallipoli Peninsula operations mentions only artillery firing through which the Turks claim to have driven off hostile warships and to have broken up infantry formations near Anafarta and Suedia Bay.

Teutonic demands that supplies for the Turks be allowed to pass through Roumanian and various moves made supposedly in connection with these demands attract attention to the Gallipoli Peninsula.

A partial mobilization of Roumanian troops has been ordered to meet the concentration of Austrian forces in Transylvania, according to reports from Athens.

It is understood in Sofia that Germany has demanded permission for the passage of Austro-German troops through Roumanian territory, and the delivery, by Roumanians, of various supplies amounting to \$2,000,000.

The tenseness of the Balkan situation is reported in Athens to be bringing Greece, Roumanian and Serbia to consider joint action in case of an Austro-German attack on Roumania. Bulgaria is not to be included in the negotiations, in view of the Turco-Bulgarian agreement.

Discussion of changes in the Russian cabinet has been revived with the return of Premier Gorky from the headquarters of Emperor Nicholas. The broad majority of the new liberal majority in the Duma for reform legislation, say would not send a few saboteurs to the government.

WRITES FROM BELGIUM

William Watson of Pollok road, has received a letter from his nephew, Thomas McAulay, now serving in Belgium with "A" Section No. 1 Field Ambulance. McAulay describes, as far as allowed, life at the front. St. John boys in this unit, he says, have made a name for themselves in various ways. They had been personally commended for gallantry, following one big engagement in the trenches.

"The St. John boys have many good baseball players in their section. Most of the boys out here have the best team in the first contingent. We would be very grateful if someone would send a few baseballs to our camp. The village near which we are billeted is frequently shelled by the Germans. It is a common occurrence to see aerial duels in which our airmen get the best of it. We have a dog, the proud owner of which is Joe Price, and he barks us from sleep every morning before reveille. Most of the boys out here have not received several parcels which have been sent from home, and they are wondering why those at home don't take the matter up with the authorities to remedy it. He wishes to be remembered to friends."

REAL ESTATE NEWS

Transfers of real estate have been recorded as follows: St. John County Mrs. Amelia J. Bolt to Marie, wife of James Russell, property in Lunenburg. Colbrook Realty & Development Co. Ltd. to H. W. SOLDIERS WILL REMAIN AT VALCANTER CAMP UNTIL SNOW FLIES

Montreal, Sept. 14.—It was stated by Colonel E. W. Wilson, 4th Division, that no arrangements had yet been made for closing the military camp at Valcartier. It is expected that the camp will be continued as long as the weather is sufficiently good to make camp work useful, which may possibly be until well on in October. By that time it is expected that the 60th and several other battalions will have vacated the camp.

NEW NOVA SCOTIA BATTALION, THE 85TH, MAJOR BORDEN TO BE COMMANDER; COL. FOWLER TO 105TH?

Halifax Working to Have 64th Train There—New Brunswick Must Stir in Recruiting Matter

It is announced that Major Borden of Halifax has been appointed commander of the 85th Battalion in a telegram from the new commanding officer to Major Frank P. Day, recruiting officer for York county. Major Borden is a member of the headquarters staff at Halifax and one of the best known officers in the maritime provinces.

With the formation of the 85th Battalion, York County will likely have a new recruiting officer, Major Day, who has done much excellent work with the 85th Battalion. Major Day will continue to act in his present capacity for some time.

With the appointment of Major Borden to command the 85th Battalion, it is now pretty well understood that Lieut. Col. George W. Fowler, M. P. of Sussex will command the 105th New Brunswick and Prince Edward Battalion.

Halifax Wants 64th The 64th Battalion, which was formed in the city, a new battalion, the 85th is to be recruited in Nova Scotia. New Brunswick must wake up. There have been attacks at the armories in Halifax since the recruiting station was opened there a few weeks ago, which was not until long after recruiting opened, 800 men, of whom 600 are Canadians, 150 Englishmen, two or four Scotch, two or three Irish, sixteen Russian and forty-two Newfoundland and other nationalities.

The recruiting still being kept up and there were three speakers and a band on the parade last night. The speakers were: F. H. Bell, M. P., Mr. Justice Russell and D. A. Cameron, K. C., of Sydney. Another party of recruits left for Sussex this morning. There are two recruiting stations in Halifax. The Halifax station is at the corner of the street.

"Major Martin is to be commended for his action in calling to the attention of the recruiting officer the fact of having the 64th Battalion trained in Halifax, now that it has developed that the 64th Battalion is to be recruited in the Maritime Provinces. The decision of the military department to train the battalions in New Brunswick was a logical one, in view of the fact that the original intention was to recruit the greater proportion of the men in New Brunswick and Prince Edward Island. Another party of recruits left for Sussex this morning. There are two recruiting stations in Halifax. The Halifax station is at the corner of the street.

According to a letter received by Mrs. J. H. MacDonald, of Fredericton, her son, Lieut. Eric MacDonald, is in hospital in France with typhoid. G. Harold Edgcombe, son of Mr. and Mrs. A. G. Edgcombe of St. John, has been gazetted provincial lieutenant superintendent in the 19th Field Battalion of Montreal. Frank Shute, manager of the Royal (Continued on page 2, fifth column)

ROMANIA IS GETTING READY

Partial Mobilization Reported—That Country, Greece and Serbia Reach Closer Understanding

London, Sept. 14.—A partial mobilization of Roumanian troops has been ordered in preparation for eventualities following the concentration of Austrian forces in Transylvania, according to reports from Bucharest. A Reuter despatch from Athens so announces.

Athens, Sept. 15.—The situation on the Roumanian frontier is not considered immediately menacing by persons in official circles here, especially in view of the fact that Roumania is not yet fully prepared for eventualities. The tenseness of the situation has promoted steps, however, for a closer understanding by Greece, Roumania and Serbia, with a view to eventual action in the event of an Austro-German attack. Bulgaria has not been included in these negotiations for it is not admitted that the Turco-Bulgarian agreement finally has been signed and that Bulgaria will not accept Serbian concessions.

ANOTHER OUTBREAK IN PORTUGAL REPORTED

Paris, Sept. 14.—A new insurrectionary movement has broken out not only in Lisbon, but in the principal provincial cities of Portugal, says a despatch to the Journal from Madrid. Despatches from the Portuguese frontier on September 12, reported an insurrectionary movement at Braga and Casias. Martial law was proclaimed in northern Portugal on August 20, to suppress a monarchial movement.

BRITISH SUBJECT IS TAKEN OFF NORWEGIAN VESSEL BY GERMANS

Christiana, Sept. 14.—The latest exploit of a German submarine is the halting of a Norwegian vessel and the capture of a British subject, who was carried off a prisoner, is reported by the captain of the steamer Besheim, from whose ship the Englishman was taken. The Norwegian legation at Berlin has been instructed to lodge a protest.

ANOTHER GERMAN SUBMARINE ACCOUNTED FOR

Paris, Sept. 14.—An Athens despatch to the Journal says that a German submarine has been torpedoed and sunk by a French torpedo boat patrol between Mytilene and Tenedos.

Escaped German Prisoners Caught

The Four Captured in Open Boat Off Point Lepreaux, Evidently Trying To Get to States

The four young German prisoners who escaped from the detention camp at Amherst on last Friday were captured this morning in an open boat in the Bay of Fundy off Point Lepreaux. It is presumed they must have cruised along the coast from the head of the bay near Chignecto isthmus. They seemed to be well clad, and when asked if they wanted anything to eat, replied that they were not hungry. So far as could be learned, however, they had no stock of provisions in their boat.

The craft in which they were evidently trying to get to the United States was a small white rowboat, with a red streak. They had oars and also a tree stripped for a mast, with a large rudder which did not properly fit the boat.

The fog was very heavy in the bay this morning. About 8.30 o'clock the little craft put into Chance Harbor, but did not remain long, turning out to sea again and running along as far as Le-preaux. There the lighthouse keeper, Wilson Steiner, saw them, and telegraphed to J. C. Chesley, agent for the marine and fisheries department here. He was instructed to keep watch upon them. Communication was got with Chance Harbor and the prisoners were taken into custody. A bigger power boat put out from Amherst to meet them, and they were brought to the city this afternoon. In a motor car now there in charge of F. G. Goodspeed of the public works department.

IS THE SENSATION OF THE YEAR IN NEW YORK FINANCIAL CIRCLES

Plan of Anglo-French Commission To Borrow \$1,000,000,000 Without Collateral

New York, Sept. 14.—The report that the Anglo-French financial commission contemplated borrowing a billion dollars here, without the collateral of any sort, and solely on government notes of Great Britain and France, overshadowed all other topics in the financial section today.

Therefore the opinion has prevailed that Great Britain and France would secure the proposed mammoth loan by American securities, dollar for dollar, or by some other acceptable form of collateral. All calculations of American financiers prior to the arrival of the commission here had been based on that assumption.

Whether a strict interpretation of American neutrality would permit the issuance of a straight commercial loan on his life in various companies to the amount of \$9,000,000. The proctors are Messrs. Barnhill, Ewing & Sanford.

On the application of the executor The Eastern Trust Company, the will of J. Alfred Clark, late of this city, deputy collector of inland revenue, was admitted to probate. The testator gives his gold watch and chain to his grand-son, Aubrey Clark, the sum of \$1,000. The residue of the estate goes equally to the testator's three sons, A. Hunter, Ralph W. and Aubrey H. The property consists of three lots on the west side of King street, West End, and personally valued at \$9,000; total probate value \$10,000. The deceased had \$2,000 insurance in The Royal Gardens. The proctor is J. H. A. Fairweather.

BISHOP RACIOT DEAD

Montreal, Sept. 14.—Mgr. Racicot, titular Bishop of Poggia and formerly Bishop of the Archdiocese of Montreal, died today at the Hospice Despres, St. Therese, Que., where he had been gravely ill for some time. Archbishop Bruchet went to St. Therese yesterday and spent some time at the bedside. The funeral will likely be held to St. James Cathedral.

Bishop Racicot was one of the ablest ecclesiastics of his time in Quebec, and it was a blow to his community when a breakdown to his health compelled his retirement from all active work about four years ago.

WAR MINISTER VIEWS FUTURE FOR RUSSIA "WITH CONFIDENCE"

London, Sept. 14.—"Since General Polivanov, minister of war, reviewed the position of the Russian army, a fortnight ago," telegraphed the Petrograd correspondent of the Times, "no single event has occurred which can be construed as an advantage to the invaders. Now that they have inflicted either a tactical or strategic blow calculated to alter the military situation in their favor, General Polivanov is satisfied that the increase in supplies of rifles and ammunition is being well maintained and that the Russian army is in the position strong enough to view the future with confidence."

CANADA PAYS \$5,500 TO WIDOW OF FRENCH RESERVIST SHOT BY GUARD

Ottawa, Ont., Sept. 14.—The sum of \$5,500 has been paid as gratuity to the widow of a French reservist, Antoine Natter, who was shot in Montreal a year ago by a Canadian Guard. Sir Wilfrid Laurier continues to improve and will leave the hospital for home this week.

DEATH OF S. S. PRATT

New York, Sept. 14.—Serenio S. Pratt, secretary of the New York Chamber of Commerce for the last four years, died today.

Post Office Tries Censorship Which Is All Its Own

Stops Information Regarding Circulation of Seditious Circulars, But Lets the Circulars Themselves in Provided They Are Not Addressed to Newspapers

The post office department has established throughout the cities of Canada a censorship of letters from foreign countries, including the United States, addressed to newspapers and to individuals whose mail matter is addressed in care of such newspapers.

Those eligible to censorship. Where letters are found in the mail which seem to originate from the same source as those going to newspapers, they, too, are opened, regardless of to whom they are addressed.

The official explanation is a contention that the newspapers in suggesting steps to exclude German matter from the mail really gave rise to the regulations. The department says that to attempt to censor all foreign mail would be a tremendous if not impossible undertaking, but that objectionable matter cannot be excluded until it is located, and cannot be located until letters are opened.

The regulation seems based wholly on the presumption that, because certain papers printed out in the public interest, the general public were deluged with such literature, the censorship should be applied primarily to foreign mail, private or otherwise going to the whole newspaper press of the country or to those connected with it.

The post office department, it appears, has now made the newspapers practically the sole victims of the suggested regulations, all mail going to them and originating in foreign countries, including the United States, is opened, examined and disposed of as above indicated.

Personal letters are not exempted, so long as they come from abroad and are going to any one in a newspaper office, everything is opened up and marked "Censored."

There is one addition to the list of each was in good health, yet McNamara died the better subject.

In less than half an hour the suffering girl was prepared to undergo her part, while on a cot near by the sturdy engineer lay ready for the scalpel, which gave an anesthetic and marked the end of the strips was successfully made.

Chicago Fireman Yields up Over 150 Square Inches

Chicago, Sept. 14.—When Edward J. McNamara, engineer of engine company No. 101, Sixty-ninth street and Justice avenue, decided to take his summer furlough he did so for the purpose of sacrificing more than 150 square inches of his skin to save the life of a child he never met until he was taken to the presence in the children's ward at Mercy Hospital.

He is now recuperating at his home, 6285 Yale avenue. Katherine, the 5 1/2 year old daughter of James Beggs, a board of trade operator, 7347 Kenwood avenue, is the sufferer from what Engineer McNamara made the sacrifice.

Ten weeks ago the Beggs child's frock caught fire from a gas stove and before a maid could reach her she was badly burned. Her left leg, from her knee to the thigh, was a mass of blisters.

Physicians decided skin grafting would have to be done if a recovery was to be assured. The father of the girl offered himself, as did William Green and John Burns, uncle of the girl. Burns, who is a fireman, mentioned the subject to his station mate, McNamara, and the latter became interested. He is married, but with no children of his own. With Mr. Beggs and Green and Burns, they visited the doctor.

The operation was performed by Dr. John Goldman. Each was given a physical examination. It was found that while

Reports regarding the schooner Lavonia ashore at Little Shemogue, received today from J. Willard Smith are not so encouraging as the first. He says the vessel is full of water, about 1,000 feet from shore, and that it will be necessary to take off the cargo in order to attempt to float her. He does not expect the prospect as any too good but is proceeding with the arrangements for lightening the cargo.

"THE SEA WOLF" TO BE SHOWN HERE TOMORROW

Jack Loudon's Great Sea Story at Imperial

The very essence of Jack Loudon's charm and fascination have been transferred from the book to his remarkable motion picture, "The Sea Wolf." The story is admirably staged in every smallest detail, the characters interpret their parts with extraordinary conviction and the author's creations, in fact, the acting could hardly be excelled.

A shipwreck provides the girl for the love story. The spectator sees acquaintance develop into a romantic attachment amid countless hardships and trials with sublime faith and confidence in each other, and a courage which love alone could inspire. Through the many vicissitudes of the situation they find and struggle and, and each additional trial brings them into closer understanding and sweeter companionship.

The picture as a whole is a work of art. The direction has been wonderfully skilful and clever and from first to last the picture holds one's interest and attention. The final scene brings a happy solution, and the spectator shares the gladness felt by the sweethearts and they once more experience in companionship the joys of civilization and home and friends.

"THE GODDESS" AND KATHLYN WILLIAMS TONIGHT

The third instalment of Governor Morris' serial "The Goddess" will receive its final presentation in Imperial Theatre tonight and it certainly is a very charming chapter. A great deal of comment was stirred up yesterday by a psychological love-drama entitled "Ebb Tide," in which Kathryn Williams and other star players appeared.

Weekly as well as the Hughes Trio of musicians, who were received with the greatest of applause, and a splendid entertainment with various kinds of instruments.

Unable to return to the front through the loss of one eye, Sergeant Charles Atkinson, son of Mr. and Mrs. William Atkinson, of St. Mary's, will remain in England until the end of the war, having refused the offer to return to his home in Fredericton.

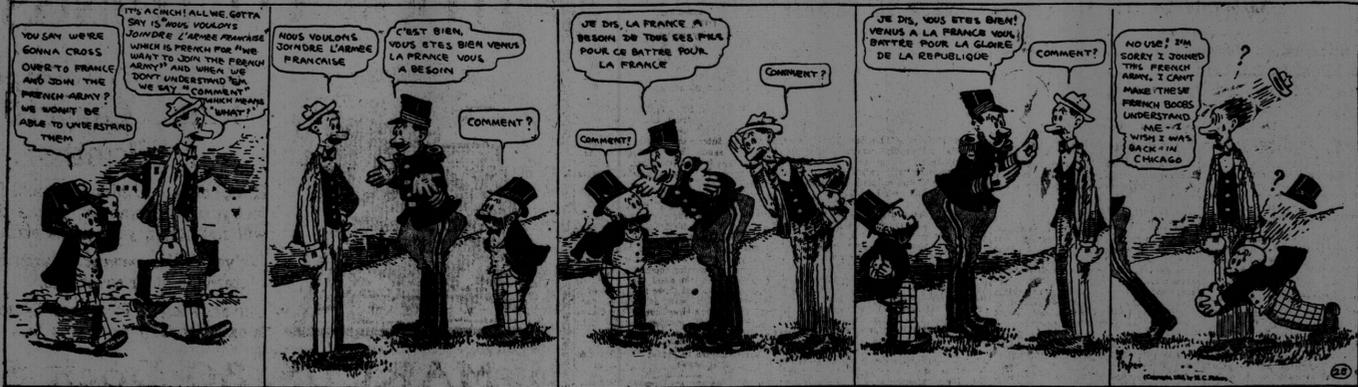

The week-end volunteers in Fredericton for overseas service were: Herbert McCormick, Fredericton; Edward R. Frick, Cambridge; William Barber, Fredericton; B. W. Oliver, Burt's Corner; George H. Picelling, Burt's Corner; Gordon Cass, Zionville; Samuel Cass, Zionville; Dawson Pugh, Burt's Corner; Burton Allen, Burt's Corner; Frank Jones, Burt's Corner; Goolie Parks, Burt's Corner.

Germana Lighted Fire

Corporal G. F. Smith, with the 8th Battalion, First Contingent, writing to a set too; can't you talk to some of our boys now that we are used to it. We have respirators to protect us from the gas which is something we never had at Ypres.

It has been here quite a while, and it is wearing some of the boys out worse than when we have been in heavy action, but the boys are sticking to it well, and we do all we can in the way of games, to carry time along. Tonight we are playing a game of football with another lot of boys from the H. E. H. We often play a game of baseball, when we can borrow a set from some battery that has had a set out of it. I wish some of the Woodstock people would send us a set too; can't you talk to some of them. I cannot describe to you how a pipe, cigarette or a game of something or another, helps a fellow out after he has been shooting some of these German fellows, but it has been here quite a while, and it is wearing some of the boys out worse than when we have been in heavy action, but the boys are sticking to it well, and we do all we can in the way of games, to carry time along. WHOSE BUSINESS?

Mr. St. John Business Man, what interest have you in the present recruiting campaign? To what extent is it receiving your support? Are you satisfied that you are doing enough, and that your interest and your efforts are sufficient to justify other men in placing their lives in jeopardy to keep your business from paying tribute to Germany after the war?

Men are not asked to go and be killed. They are asked to enlist and save their country from the German drill sergeant and his women and children from what happened to the women and children of Belgium. You may be too old to fight, but you are also too old to forget the English language, learn German and begin all over again as a subject of the Kaiser. Is that not so? If it is so there is a work for you to do in connection with the recruiting campaign.

The recruiting committee are wondering if their work appeals to business men. There is a doubt in their minds. They are wondering how many men are comforting themselves with the assurance that the Allies must win, when the Germans are still solidly entrenched in Belgium and France and advancing steadily farther into Russia.

This is Canada's war. To prosecute the war is the chief business of the Canadian people—not of a few persons in each community, but the whole community. Every business man should hard thinking these days, and keep steadily in mind the thought of what would happen to his business if Germany gets the upper hand.

Perhaps it will help us to realize more fully the seriousness of the present situation and the need of recruits if we consider what is being done in Australia. In the city of Sydney on July 30, one hundred and forty-eight men offered and ninety-two were accepted, and the Sydney Daily Telegraph says it was a hard day. A recruiting campaign on a large scale was to be started throughout the state the next day, and the Telegraph says of it:

"We must not rely upon the traditional invincibility of Great Britain, and flatter ourselves that no matter what the danger is that surrounds her, she will muddle through somehow. This is not the kind of war that can be muddled through. There is against us a power such as our race has never confronted before, directed by a devilishly developed scientific intelligence, in whose lexicon the word muddle does not exist. We are fighting over a hundred million of the world's bravest people, all organized into one immense machine, whose only object is destruction, and whose powers to destroy are multiplied by every secret of the chemist's laboratory, plus every natural resource that the world contains. Only by organizing ourselves in the same way can we expect to cope with such an organization. Germany has had forty years to perfect this work; Great Britain has had one. Of course we have the splendid military organizations of our Allies to assist us, and by holding the enemy back while England has been making up for lost time in the preparation of her forces, the work they have already done passes all valuation. It has made victory over the common foe not only possible, but practically certain. This, however, is providing all the strength of the Empire is brought to bear. And the strength of the Empire is neither greater nor less than the strength of the individuals composing it. Every man must help to the full extent of his ability. Every man who can go to the front, and does not go, counts the same as one of the Empire's defenders killed. Apathy, therefore, may prove more deadly to our cause than German bullets."

There is entirely too much apathy in St. John and New Brunswick generally at the present time. We have been too optimistic. The state of mind of too many Canadians is exactly as described in another paragraph in the Sydney paper, as follows:

"The ordinary young man pursuing his peaceful avocation, who has never concerned himself much about matters outside it, has a natural difficulty in visualizing this position, while there is nothing to bring it home to his imagination in a practical form. He does not see any Germans peering over the fence with loaded rifles in their hands, and he only reads of the war as an abstract sort of horror afflicting remote countries, but from which Australia has always been free. Hence he imagines that neither he nor his country is directly concerned. There is no sense in calling such a man a slacker or a shirker, for he may be nothing of the kind. He is only one who has yet failed to realize that a wave of criminal lunacy, in the form of Kaiserism, is surging over civilization, which, unless it is arrested and thrown back will obliterate the progress-

LIGHTER VEIN. A conductor and a brakeman on a Montana railroad differ as to the proper pronunciation of the name Aurelia. Passengers are often started at this station to hear the conductor yell: "You're a liar! You're a liar!" And then from the brakeman at the other end of the car: "You really are! You really are!"

The motor car shot down the hill at the speed of an express train and then overturned, pinning the driver beneath it. The village policeman approached pompously, "It's no use you hiding under there," he said sternly to the half-drowned driver. "You were exceeding the speed limit and I must have your name and address."

A man arrested for stealing chickens was brought to trial. The case was given to the jury, who brought him in guilty, and the judge sentenced him to three months' imprisonment. The jailer was a jovial man, fond of a smile, and, feeling particularly good on that particular day, considered himself insulted when the prisoner, looking around the cell, told him it was dirty and not fit for a hog to be put in. One word brought on another till finally the jailer told the prisoner if he did not behave himself he would put him out. To which the prisoner replied: "I will give you to understand, sir, I have as good a right here as you have!"

A man was on trial before a Wisconsin judge for horse-stealing. When it came time for the lawyers on both sides to find the judge's instructions, the lawyer wanted him to give the jury in addition to the points covered in his own charge, the attorney for the defence said: "I respectfully ask your honor to charge the jury that it is a fundamental principle of law in this country that it is better for ninety-nine guilty men to escape than for one innocent man to be found guilty."

"Yes, that is true," said the judge, "but I will add that it is the opinion of the court that the ninety-nine guilty men have already escaped." Harper's Magazine.

The recruiting campaign is gathering force. Keep it up, gentlemen.

Every woman who can should bear Mrs. Brown's address at the Imperial at five o'clock this afternoon.

Mr. Robert Borden asks the Canadian people to realize the enormity of the task before them and to realize their duty.

The man who thinks the war will soon be over must have concluded that Germany will win. There is certainly nothing in the news to indicate her early defeat.

The diplomatic correspondence between the United States and Germany is always "to be continued in our next." In the matter of humble patience Uncle Sam has job outlasted.

The Standard must know that it is wasting time when it discusses alleged graft under Liberal rule. The Conservatives were put to an end to all graft, both in provincial and federal public affairs; but it flourishes under their rule as never before in the history of the country—and the Standard knows but dare not confess the truth.

The Chatham World would like to know how it came about that Mr. A. H. Stewart was permitted to make that \$800 out of the sale of a \$1,200 farm, which could have been got for \$1,000, but cost \$1,500, to the Farm Settlement Board. Somebody should explain. How many other farms have been profit producers for the middleman?

COMMISSIONER POTTS' ANSWER TO CRITICISM
To the Editor of the Times: Sir,—On Sept. 10, the Globe mentioned "one statement made by Commissioner Potts in explaining his attitude toward the street railway is deserving of more than passing attention. The commissioner said: "Now, in reference to waiting money, I have allowed enough to accumulate to place a permanent pavement between rails and 18 inches outside of the money that was formerly used in patching sections here and there."

Banish Pimples!
Pimples, Boils, and other skin eruptions are an almost infallible indication that the blood is impure.
Albion's Effervescent Salt is the simplest and most positive Blood Purifier that can be used. When we have perfect digestion, we must have pure normal blood, which supplies healthful nutrition to all the organs and tissues of the body; and as a result we must have healthy functions and the absence of disease in any form. Albion's Effervescent Salt produces this condition by ensuring healthy digestion and the elimination of all morbid matter from the system.

MUSIC

**THE PICKLING SEASON IS NOW ON**

and PHILPS, as usual, has a full stock of pure Spices and Vinegar. This is one department where quality counts. It is false economy to waste time and materials on low grade spices and vinegar. We could buy some grades at half of what we pay, and consequently could sell them at a much lower price, but you would not get the satisfaction that is obtained in buying best spices and vinegar.

**PURE WHOLE MIXED PICKLING SPICE** ..... 25c. lb.  
 Choice Green Tomatoes ..... 25c. peck  
 Pure, Extra Strong Pickling Vinegar ..... 40c. gal.  
 Crosse & Blackwell's English Malt Vinegar ..... Imperial Quarts, 35c.  
 Whole Cloves, Whole Black Pepper, Whole Cinnamon, Tumeric, Mustard Seed, Celery Seed, and a Complete Assortment of Ground Spices.

**Dr. Jackson's Roman Meal**

The Only "Money Back" Food

That is a fact. It is all very well to make claims and let the other fellows take chances. Roman Meal Co. does not ask you to take chances. It asks you to try Dr. Jackson's Roman Meal or Roman Meal Nuggets for constipation, which, if they do not relieve completely, naturally, delightfully, will give you your money back. Because it does this naturally by the brain and tasteless flaxseed contained in it, stimulating the bowels muscles and lubricating the bowel canal, it strengthens the wasted muscles through exercise and overcomes the drying of the lining of the bowel which has resulted from the foolish use of drugs. Unlike all drugs, it thus removes the cause of constipation instead of making it worse. If you take a drug your bowels may move but your constipated habit will be worse. If you take Roman Meal or its ready cooked form—Roman Meal Nuggets—your bowels will as certainly move but your constipated habit will be lessened. Dr. Jackson's Roman Meal Nuggets can be carried in the pocket or handbag on outdoor trips or sports. Carry a pocketful. They prevent fatigue. Ask your doctor. At all grocers, 10 and 25 cents.

**BEST DAY YET IN RECRUITING CAMPAIGN; TODAY AND FUTURE**

One hundred and eighteen recruits have now been signed on in St. John since the commencement of the present campaign. Each succeeding day the ardor is growing and the enthusiasm is spreading and it is being more and more reflected in the numbers who come in to the marquee for enrollment. Besides the actual acceptances for the ranks many apply each day, but the medical and other examination have necessarily to be stiff and there are many rejections. This is after all only proper for the war is a strong man's job and rejection in such cases is eventually hidden kindness to those who, however brave in spirit, would only break under the test of field work.

Last night's returns were twenty-nine men of the physique—easily the best one day's record yet. Those who enrolled were:

ALLAN KIRK, ST. JOHN.  
 GEORGE RALPH, ST. JOHN.  
 CHARLES J. UPHAM, ST. JOHN.

**Autumn Excursions to Montreal**

Montreal is always a city of interest, and especially so in early autumn, when its citizens have returned from the summer resorts to their town homes, the many stores crowded with fashionable shoppers, and the places of amusement in full swing.

The annual fall excursions via Intercolonial Railway will be run this year, Sept. 16, 17 and 18, tickets being anticipated for return October 4th. The rate from Halifax to Montreal and return on these dates will be reduced to \$19.45. From Moncton and St. John \$18.30, and proportionately low fares will prevail from all points in the Maritime Provinces.

Travelers from the Maritime Provinces have the choice of two excellent trains, the "Ocean Limited" and the "Maritime Express," both noted for the high standard of their sleeping and dining car service. A good piece of advice is to reserve your berth early.

**Recent Deaths**

Donald McDonald. News was received in the city yesterday of the death of Donald McDonald, of Boston, Kent county, after a brief illness. He is survived by his wife, who was Miss Elizabeth Jardine, and eight children: one son, Jardine, of the Bank of Nova Scotia, who went with the first contingent; also two brothers and three sisters in the United States, and a brother, in West St. John.

Captain Stephen Mitchell. Wilsons Beach, Sept. 13—Captain Stephen Mitchell, aged 71, passed away at his home here on Sunday, September 13. He sustained a slight shock a few weeks ago which at first did not seem very serious. He gradually grew worse, however, until the end came. He is survived by his wife, two sons and two daughters, several grandchildren and great-grandchildren, an aged sister, Mrs. Lorenzo Calder of Fair Haven, and many other relatives. He was beloved and respected by all who knew him and will be much missed in the community.

Mrs. William Davidson. Norton, Sept. 13—Annie I. wife of William Davidson of Southfield, died suddenly September 9 in the 46th year of her age. Mrs. Davidson was a daughter of the late Mr. and Mrs. James Allaby. She leaves to mourn one son, five daughters and four step-children, five brothers and two sisters, besides a large number of relatives and friends. By her kindly and quiet disposition and consistent Christian life she won many friends. The funeral was held at the Salt Springs Baptist church and was largely attended. The services were conducted by Rev. Mr. Seeling of St. Martins.

Mrs. Samuel Waddleton of Chatham died on Friday. She is survived by two sons, Dr. H. W. Waddleton, of Chatham, and living in St. John; Samuel, residing in New York, and James at home.

Brian W. Morgan of Chatham died last week, aged 92 years. Mrs. Morgan was a six children survivor—Ald. William J. B. Leo, meat merchant, Joseph in the public works department at Fredericton, one son Frank at home, and one daughter, Alice, at home. Two sisters survive—Mrs. Theophilus Hart of Chipewah Falls, Wis., and Mrs. Thomas Fitzpatrick of Napan. Mr. Morgan was a charter member of the Chatham C. M. B. A. and A. O. H.

Give the slogan to your neighbors—550,000 in a week!

**Fire Notice**

The fire which occurred at C. B. Pigeon's store, Indiantown, Saturday night was quickly extinguished and the most damage was done by water. It has not necessitated any cessation of business and the store is open and doing business as usual.

**ENGAGEMENTS ANNOUNCED**

Mr. and Mrs. Andrew Mungall, St. Stephen, announce the engagement of their daughter, Mary McIntyre, to William George McLellan of Lewisport, N. B. The engagement of Jennie Helms, daughter of Mr. and Mrs. John McLellan, of Richmond Corner, and Albert Lee McLellan.

Invitations are out for the wedding of Miss Laura Forrest to George Archibald Ritchie, on Sept. 17 at the home of Mr. and Mrs. Thomas Forrest, Windsor, Carleton county, parents of the bride-to-be.

**HAD DYSENTERY. WAS VERY BAD WITH IT.**

Mrs. G. A. McKnight, Mulvihill, Man., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for nine years, and I would not be without it in the house. I was once very bad with dysentery, a friend gave me a dose of Dr. Fowler's, and told me to get a bottle right away, which I did, and it did me lots of good. My brother was bad too, and I told him to take it, and he was cured. I hope there are others who will get Dr. Fowler's and keep it in the house, for it will surely save doctor's bills."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 70 years, and has been used in thousands of Canadian homes during that time.

You do not experiment when you buy it. See that you get what you ask for, and if your dealer tries to palm off a substitute on you, insist on getting "Dr. Fowler's," or go where you can get it.

The genuine is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price, 35c.

**BISURATED MAGNESIA**

A well known medical writer says: "I always first prescribe Bisurated Magnesia in every case of hyperacidity (sour acid stomach) that comes to me." A teaspoonful in a fourth of a glass of hot water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 75 cents per bottle.

**Don't Use Soap On Your Hair**

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain multi-sulfated coconut oil, for it is pure and entirely greaseless. It's very cheap, and treats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headaches.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."—Mrs. M. R. KANSCHNICK, 1488 N. Paulina Street, Chicago, Illinois.

HAMBURG LINE IS FINED \$700

Refused to Answer The Questions About Hiring Vessels For Naval Collies

New York, Sept. 14—A fine of \$700 for contempt of court was imposed on the Hamburg-American Steamship Company by Judge Vreder of the Federal Court in Brooklyn for refusal to answer questions in a suit for damages brought by the owners of two other steamship companies.

Two of the questions which the Hamburg-American Line declined to answer were: "Did the Hamburg-American Line load and despatch from this and other ports of the United States collies with cargoes destined for German cruisers in the Atlantic?"

"Did Capt. Boy-Ez, naval attaché of the German Embassy, direct the super-cargoes of these collies, themselves German naval reservists, to divert that vessel from their stated courses so as to meet with the German ships of war?"

The questions were asked by counsel representing the Neptune Steamship Company and the Ordigs Steamship Company, each of which brought suit for \$10,000 against the Hamburg-American Line for damage by fire to the steamships J. Ludwig Mowinkel and Nepos, under lease to the Hamburg-American Line and by it used as collies for German war vessels, according to the complaints of the steamship companies.

The Hamburg-American company is alleged to have used the vessels for other purposes than that for which they were chartered.

It refused to answer the questions on the ground that it had been indicted by the Federal Court in New York for conspiracy to defraud the United States, that it had pleaded not guilty, and that to answer would compel the company to testify against itself.

Counsel for the Hamburg-American Line took exception to the court's ruling.

The Divorce Question; Opera House

A scene from the great drama "The Divorce Question" to be played by Klark-Urban Company at the Opera House starting Thursday.

All enjoying good health, and our only wish, after this four months of hard fighting, is to get across and have a crack at the Huns or to get some excitement here in this little island in the Caribbean.

We got the news of the 26th Battalion leaving St. John, and as we all had some friends in it, with all our hearts we wished them God-speed and a happy return and that they might keep up the glory the "men of Canada" have now before them.

As this is no glitzy town, we have to make life happy with such sports and amusements as we ourselves can provide. On the 24th of this month we and the militia of this city had a military gymkhana in which our forces were easy winners. The show included the usual military games, target-shooting, both with lance and sword, Victoria Cross race, tug of war, mop fight, etc., and finished up with a boxing exhibition between two of our fellows, which was wildly applauded by the native crooks.

We certainly wish we could go to the Imperial Theatre or to make a bee line for the Opera House of St. John once in a while, but it is better to forsake these things now and afterwards enjoy them in peace.

And, lastly, a word to our friends on Partridge Island, where we all served before enlisting for overseas. They get us altogether and follow not our example and get stuck somewhere where you may never see fighting, but follow the example of those first mobilized there—go across and do your duty, because your king and country need you.

The operations in the west are marked by the continuance of the great artillery battle from Belgium to the Argonne. A duel between guns of all calibres along the entire front has now been going on for nearly three weeks, and during the week-end has been particularly violent around Arras, in the Argonne and Champagne.

London, Sept. 13, 11:30 p. m.—An official statement issued by the press bureau says: "A hostile aeroplane visited the Kentish coast this afternoon and dropped some bombs, which resulted in a house being seriously damaged and four persons being injured. The aeroplane was chased off by two naval aeroplanes."

SIR PERCY SCOTT IN CHARGE. London, Sept. 13, 9:58 p. m.—It is officially announced that Admiral Sir Percy M. Scott, former director of naval gunnery practice, has been appointed to take charge of the gunnery defences of London against attacks by enemy aircraft.

Rome, Sept. 13.—A battle between Italian and Austrian naval forces, the former assisted by a French submarine, occurred on Thursday last in the Adriatic Sea. The ministry of marine announced today that one Austrian torpedo boat had been damaged seriously.

The statement follows: "The French submarine, assisted by our naval forces, torpedoed on Sept. 9, in the Adriatic near Cape Planka, a group of Austrian torpedo boats, one of which was damaged seriously."

Those present at the meeting were: R. B. Emerson, chairman; E. R. W. Ingraham, Thos. Nagle, George E. Day, G. H. Green, Mrs. Taylor, Dr. Manning, Dr. Bridges and the secretary, A. Gordon Leavitt.

G. Herbert Green, recently appointed a member of the board, took exception to the fact that, while his name appeared as a member of five visiting committees, his name in each case appeared as the third member while other committees consisted of only two members. He took it that he was merely an appendage. The chairman said that no slight was intended, but Mr. Green still protested and the chairman appointed a committee to investigate the matter.

Germans Reach Line To Petrograd And Russians Win in Galicia

London, Sept. 13, 9:45 p. m.—By one of those lettering offensives, which, although costly in men and munitions, have invariably been successful, Field Marshal Von Hindenburg's army has at last set foot on the Rovno-Petrograd railway, between Vilna and Dvinsk. The whole Austro-German force have been striving to gain this railway since the fall of the Polish fortresses.

The offensive which began toward the end of last week was carried on from three directions, upon Dvinsk and the railway on either side of the town, while further south the invaders advanced towards Vilna. The Russians, before superior forces, supplied with the usual mass of artillery, were yesterday forced back to the lake district, which the railway penetrates, and are now making a stand there.

Simultaneously, the Germans pushed their way eastward towards Slonim and Pinsk, both of which are on roads which join the main railway lines, while the Austrians, with whom there are many German units, are fighting hard to reach Rovno, the southern terminus of the line.

With this railway partly in the hands of the Germans it is probable that the Russians will be compelled to make a further retirement, although their offensive in Galicia, which continues, might save them by compelling the Germans to send reinforcements to this region.

There is now doubt of Russian success in this district, as, following the Austrian admission of their retirement, the German tonight announced that after repulsing Russian attacks they occupied "a favorable position, situated some kilometres west of our former position."

Country Under Water. The conditions under which the troops are fighting in the marshy country in the centre and on the southern end of the line are described by German correspondents as most terrible. The country is practically all under water, through which the Austro-Germans have to advance against well prepared Russian positions. The eastern bank of the South, from which the Russians are delivering their counter attacks, is a veritable fortress from which the Russians emerge every time their opponents approach, taking a heavy toll of them in killed, wounded and prisoners. According to the Russian accounts nearly 30,000 prisoners have been taken in the fighting along this river.

Manning reported that Mrs. Nason, the janitress at the domestic science school, was leaving and that Mrs. Mosher had been appointed in her place. This was confirmed by the board. Dr. Manning also reported that the old iron crest on the top of Victoria school had been removed.

Many communications were read. Miss Emma Giggsey tendered her resignation from the teaching staff and it was accepted. F. Williams, janitor of Winter street annex, asked for an increase in salary. This was referred to the building committee to report back. John J. Owens and William H. White applied for janitorships, the former in St. Peter's and the latter in Victoria. The applications were referred to the visiting committees of the schools with power to act. Two janitors asked to be remunerated for extra work. Their requests were left to the buildings committee.

Those present at the meeting were: R. B. Emerson, chairman; E. R. W. Ingraham, Thos. Nagle, George E. Day, G. H. Green, Mrs. Taylor, Dr. Manning, Dr. Bridges and the secretary, A. Gordon Leavitt.

Drawn Through A TWELVE INCH PIPE

New York Man Has a Terrible Trip But Survives

New York, Sept. 14—Dragged in by the rushing water, Samuel Lash, a painter of theatrical scenery, New York city, was carried 350 feet in twelve seconds through a twelve-inch outlet pipe from the Allenhurst, N. J., bathing pool into the Atlantic Ocean.

Fitting the pipe almost as tightly as does a champagne cork the bottle, Lash was thrust along by the torrent until he popped out the farther end of the main into the sea.

Both of Lash's arms were broken at the shoulder, his collar bones were fractured, the skin was torn and scraped from almost his entire body, and sand was ground into his flesh.

The big tank was being emptied, the guard rope and dived into the pool. Lashed the water seized him, the suction of its immensely rapid outflow drew him swiftly, irresistibly into the big pipe. He was sucked in feet first, his arms extended at full length over his head, or rather, along the pipe.

There is a gate valve and a turn, almost at right angles in the pipe, but, luckily for Lash, they did not halt him. Lash emerged from the outlet conscious but helpless. He was bobbing around in water up to his shoulders when some bathers rescued him and carried him to the shore.

Dr. C. H. Fisher ordered Lash's instant removal to the Ann May Hospital, where it is said he has an excellent chance to recover.

About forty-two years old, Lash is five feet nine inches tall, weighs 160 pounds, and is fat from slim waist. How he squeezed through a pipe only a foot in diameter would be inexplicable did not one remember the tremendous force of water that drove him along.

NO SOLDIERS, THESE. An agricultural resident of the Sandy Point road sends us for publication the following, which he says he "dashed off" whilst in a reflective mood lately.

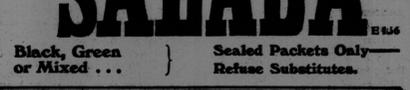

One day while sitting on King Square I noticed on the benches a lot of stalwart, fine young men who should be in the trenches. To fight for Britain's safety, their relations, home and friends, and smile while others bleed.

They cry out "what's the need?" With icy hearts and cold, cold feet, while wounded soldiers tell them why they should enlist and hear the call from comrades far across the sea, with outstretched hands, "Come now and try to save your town."

Said a gilded youth, I chance to meet, "I think I'll go right home and eat, I cannot think of giving up." "That's the spirit which I wish I yield the now just £10 a week. On that I guess I'll firmly hang. Let others do the rip, rip bang. Call me coward, if you will, it's all the same to me. I'll hang. Do reject your fine appeal, No trenches, sir, I'll see."

At Less Cost—

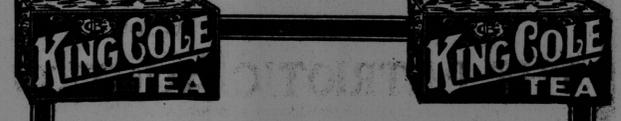

There's more nutritive value that the system will absorb in Grape-Nuts than in either meat or bread.

A remarkable fact. Weight for weight, a package of Grape-Nuts supplies one-third more nourishment than a roast of beef and at about half the cost. A roast of beef is about twenty per cent waste and there is a shrinkage in cooking. Grape-Nuts comes ready cooked—and not a crumb need be wasted.

Then there's bread—white bread lacks certain elements essential to building brain and body. Why? Because in milling white flour, four-fifths of the precious mineral content (all important for health and life) is thrown out with the brancoat of wheat, to make the flour look white and pretty.

Besides, Grape-Nuts is easily digested—generally in about an hour—white bread and beef require about 2½ hours. Grape-Nuts comes in germ-proof, moisture-proof, packages—ready to serve with cream or milk—a delicious ration, economical and highly nourishing.

Superlative Quality plus the money-back guarantee

WHEN KING COLE TEA first issued its protective guarantee to the purchaser, three years ago, offering to refund the whole of the purchase money for any package of KING COLE returned, there was a very good reason for this radical departure from usual sales methods.

We greatly desired a very general trial of KING COLE TEA. Our faith in its quality was unbounded, for we knew the constant care given to its preparation, but we realized the possible doubt the public might have of a TEA then comparatively new, and so we decided to assume the risk of every trial, and pay back the full purchase price of every package of KING COLE that failed to please.

Things have turned out just as we expected. Not one package has been returned. We have never had a request for "Money Back"—we have never heard of a complaint of "King Cole" quality, while "King Cole" sales have been growing steadily larger year by year.

Only exceptional quality could have made such a record, and to-day with more confidence than ever, we invite you to give this tea a test. The "Money Back" offer is still open; every package is sold on that understanding. What better assurance of Tea value could you have, and what better encouragement to buy your first package of KING COLE TEA?

**USE OF QUEEN'S RINK GIVEN FOR THE AUCTION**

Next Week the Carvers will Start After Goods From Which to Realize \$50,000  
No cash donations are to be asked for next week when the canvassers for the \$50,000 Patriotic Auction begin their rounds. The idea is to secure goods to great an extent as possible, and then to have them sold for whatever they will bring, converting them thus into money during the week of the auction, October 4 to 9. It is believed from the spirit being shown on all sides that the collectors will meet with a general reception from all upon whom they call, as only in this way can the slogan of \$50,000 in a week for the patriotic fund be realized.  
So great are the donations expected to be that it has been thought by the executive that St. Andrew's rink will not be sufficiently large to cope with the event. This rink will be used to accommodate the crowds of buyers expected to throng the rink during the week of auctions, having been turned over to the promoters of the movement freely and willingly by the committee. Now the Queen's Rink has been placed at the disposal of the executive by R. J. Armstrong, whose kindness is appreciated and it will be used for storing goods in reserve, to be brought out and sold at the auction.

**SIGNALLER JOSEPH DRYDEN WAS SERIOUSLY INJURED**

St. John Soldier Recovering in Hospital in England  
In a letter to his father, received on Saturday, Signaller Joseph Dryden, who left here with the first contingent, Signalling Section, tells of being still in hospital in England, but says that he is recovering from his wounds. His injuries were serious, consisting of a skull fracture, from shrapnel, and wounds in an arm and hand. It was possible that he might be invalided home, but there was as yet no definite word of it.

**SEPTEMBER BRIDES**

Two popular young people were united in marriage this morning in the Cathedral, when Miss Florence J. daughter of Mr. and Mrs. John O'Regan of this city, became the bride of Charles A. Conlon, now of Montreal, son of Mr. and Mrs. C. A. Conlon of St. John. Rev. Wm. Leake officiated in the presence of numerous friends, the ceremony taking place at nine o'clock. The bride, who wore a gown of pink flowered voile, and carrying a bouquet of sweet peas. The groom was supported by his brother, Fred O. Conlon, while the ushers were John O'Regan, Jr., and J. H. Conlon.  
Following a wedding breakfast at the home of the bride's parents, Elliott row, Mr. and Mrs. Conlon left on a home-bound train to Halifax and through the Annapolis Valley. They will return to St. John before leaving for the States where the best wishes of numerous friends will follow them. Many handsome and costly souvenirs of the happy event attended to the extent in which both are held by friends here and elsewhere.  
McLaughlin-Reardon  
On Saturday morning at St. Patrick's church, Rev. Father McLaughlin, brother of the groom, assisted by Rev. E. J. Conway, celebrated at nuptial mass united in marriage James N. McLaughlin and Cornelia Reardon. The bride, who was given away by her father, looked charming in a dress of chiffon over silk, veil and ornate blossoms. She was attended by her sister Maude who wore lavender silk with black picture hat. The groom was supported by Fred B. Reardon, brother of the bride. The bride received many beautiful presents. The groom's gift to the bride was a substantial check and to the bridesmaid a golden pendant. After the ceremony Mr. and Mrs. McLaughlin drove to the home of the bride where a wedding breakfast was served. Among the guests were Mrs. T. McIntyre, Miss Elizabeth Walton of St. John, Mrs. J. H. McLaughlin and Miss Nan Armstrong of Perth, N. B. Both young people are very popular and have hosts of friends, who wish them every happiness in their new life.  
Whitman-Profit  
The wedding of John Kenneth Whitman of Lewiston, Me., to Miss Jennie Euphemia Profit, of Augustine Cove, P. E. I. took place on last Saturday at the residence of the officiating clergyman, Rev. F. S. Fortney, pastor of Gorman Street Baptist church. Mr. and Mrs. Whitman will spend a honeymoon on P. E. Island before going to Lewiston to take up their residence.

**THE DOG SHOW.**

That the dog show, which will open in the Queen's Rink on next Tuesday will be an unqualified success is now assured. As the proceeds of this show are to be given for the benefit of the soldiers who are fighting Canada's battle at the front, dog fanciers and the general public are taking an unusual interest in the success of this exhibition. For the convenience of fanciers who have not already entered their dogs, the New Brunswick Kennel Club has leased one of the Dufferin sample rooms on the south side of King Square, and some of the members will be present each evening this week from eight to ten to give information and to receive entries. Entries will close on next Saturday evening.  
At the latter part of the week the cups and other prizes will be exhibited in the show windows of Messrs. W. H. Thorpe & Company, Limited, King street.

**CITY HALL NOTICES**

Among the matters to be dealt with by the common council this afternoon will be the protest registered regarding the amount of the license fee charged for the carnival shows in St. John last week.  
Owing to the amount of time required to check the names, the petition protesting against the garage by-law will not come before the council today.  
Complaints which have been made regarding the way in which some of the city constables do their duty, or fail to do so, will be aired today.

**HERE TO ADDRESS MEETINGS**

Noted Montreal Woman Worker For Empire Cause Arrived From Fredericton Today - Ready to Organize Saint John Women's Volunteer Reserve if Requested

Much interest attaches to the visit of Mrs. Netta B. Brown of Montreal, who arrived in the city this morning from Fredericton and will address ten meetings here today. She wears the uniform of the Women's Volunteer Reserve, that excellent body of women who are doing so much in Great Britain, Canada, and other dominions to help the cause of empire. Mrs. Brown is an attractive speaker, has a pleasing personality and is a convincing conversationalist. There is no doubt that her meetings in St. John will be attended with great success. If she is asked to do so, she will form a branch of the Women's Volunteer Reserve in this city, and would also like to form a Business Men's Training Corps, besides establishing an educational campaign with women speakers to go out into the country to meet the women of the rural section.  
Mrs. Brown, in speaking this morning of her work, said she was greatly pleased with the reception given her in Fredericton. The women had been most kind, while the men had been very obliging and courteous. She had been looking forward to her St. John visit with interest, as she felt certain of a feeling of hospitality here because of what she had heard of its citizens. "I do not know what my immediate plans are," she said, "beyond the fact that I shall address meetings in other towns in the province. If I am requested to organize a Women's Volunteer branch here I shall be most happy to do so, and shall stay over for the purpose. It is a great movement. We now have companies in various cities in Canada from west to east, Fredericton being the latest to adopt the idea. The corps in Montreal is especially active, while the other units are taking to the work in encouraging style. In England it is members of this body who are working in the munition plants, who are engaged as street car conductors, letter carriers, and in various other occupations formerly looked upon as being places for men.  
"What I wanted more than anything else, as I see it, in connection with recruiting," Mrs. Brown continued, "is a campaign to educate everyone up to the idea that all are needed in this great struggle. Most people, men and women, in the cities realize the enormity of it, and the demands upon all persons, but do the people in out of the way parts understand? This educational campaign would be instructive in the matter of explaining, placing fully before them in all districts of the province, the issues at stake, the national crisis and what it means, and then we know the answer would be 'our men must go and fight!'"  
Women's Volunteer Reserve  
A branch of the Women's Volunteer Reserve Corps has been formed by Mrs. Netta B. Brown in Fredericton, and the membership is now upwards of forty. The organization meeting was held at the Queen Hotel on Saturday evening. About thirty women were present at the meeting and they all enlisted in the corps. The following are the officers selected:  
President—Miss Myra Sherman.  
Secretary—Miss Hazel Palmer.  
Corresponding Secretary—Mrs. John Black.  
Treasurer—Mrs. H. H. Thompson.

**FUNERAL DIRECTORS**

The opening session of the convention of the N. B. Funeral Directors' Association was held this morning in the parlors of N. W. Brennan, Main street. It was mostly of a preliminary nature for re-organization and registration of delegates. Among those in attendance besides the city undertakers were: Fred Tuttle, Moncton; Mr. Lander, Hillsboro; F. W. Wallace, mayor of Sussex, and Mr. LeCout, Newcastle. Another session will be held this afternoon at which a demonstration and address will be given by Mrs. L. R. Simmons, Syracuse, N. Y.

**Housecleaning!**

Help! Help!  
Housecleaning is the way mother used to do it was strenuous work. Chases riggered and show grease was the chief lubricant.  
Today science has lessened her labors. There are cleaners, sweepers, scrubbers, mops, and a thousand and one devices for saving time and toil.  
The first step towards correct housecleaning is the choice of the right materials to work with and in finding these the advice of the advertising columns of The Telegraph and Times may be of assistance.
