Last Day of Parliament Finds Senate and Commons at Odds
FEAR EVEN CHILDREN DROWNED

PROTESTS SENATE AMENDMENTS TO PENSIONS BILL

House of Commons Decides to Ask Upper Chamber to Reconsider.

TIME IS SHORT

Agreement Must be Reached by 11 p.m., When Byng Leaves Ottawa.

Ottawa, July 19.—The last day of the 1924 session of Parliament finds the Senate and the House of Commons at odds over the former's rejection of the pensions bill as it passed the Commons. Just before the Commons adjourned at 6.30 a. m. the House adopted a motion of Hon. Dr. H. S. Beland, Minister of Soldiers Civil Re-establishment, that the Commons disagreed with amendments made by the Senate to 12 clauses of the bill, and the Senate is asked to reconsider its amendments.

The Upper House assembles at 11 a. m. today, the Commons at 12.30 p. m. Prorogation is fixed for 3 p. m. Baron Byng leaves at 11 p. m. for the west. Agreement between the two Houses must be reached before that time, or the amendments to the pensions bill, adopted in Commons this week, to extend provisions for pensions to ex-soldiers and dependents, will not take effect this session.

Routine Business Finished.

When the House of Commons adjourned at 6.30 a. m., having deliberated since 11 a. m. Friday, all the time business of the house had been transacted, estimates voted and the supply bill passed.

The long-awaited report of the Royal Commission on the pulpwood was tabled before adjournment by the Prime Minister. When the latter moved that it be printed Mr. Hon. Arthur Meighen said that he would be dispensed with. Nobody would ever read it now. Estimates of the Department of Health and Soldiers Civil Re-establishment passed the House in committee of supply during the night. After that a number of outstanding items for pensions and penitentiaries and Civil Government, passed with sporadic opposition.

He is now in Germany engaged in making a photoplay, and as soon as he returns to America he will take up his work in one of the Paramount studios. According to reliable reports Mr. Griffith's salary will be well over \$100,000 a year.

British Quota At Niagara Is Filled

Niagara Falls, Ont., July 19.—No more British subjects will be allowed into the United States through this port this month, the quota for Niagara Falls now being filled. Several European countries were represented by one member, meaning that but one from that country could enter by this port.

Boy and Girl, 16, Are Married in New York

New York, July 19.—Trinity Lutheran church in Astoria looked like the graduation exercises of a grammar school. Boys and girls predominated in the crowd. They came to attend the wedding of Lillian Wolfe, until a few months ago one of their number in school, and who is but 16 years old, and Thomas F. Kilroy, also 16. The couple were the youngest to whom a marriage license had ever been issued at the Queens marriage bureau to get a license. Deputy City Clerk William Zimmerman made the parents of both attend and give their consent. About six months ago Thomas left school, went to work for the Knickerbocker Ice Company and saved enough to make a proposal to marry. The wedding ceremony was performed by the Rev. William Lindemann, pastor of Trinity church.

SAYS U. S. BEHIND EXPERTS' REPORT

Secretary of State, in England, Says Execution of Plan Important.

(By United Press.) Southampton, Eng., July 19.—"American sentiment is strongly behind the experts' report as it now stands, and we believe prompt execution of the plan is of the greatest consequence," said Charles E. Hughes, U. S. Secretary of State, said today in an interview with the United Press upon his arrival here. Mr. Hughes was in a holiday mood. He arrived before 8 o'clock this morning, checking his baggage personally through the customs, he refused good-naturedly to be drawn into a discussion of whether the experts' plan could be altered. He also firmly declined to discuss international affairs, saying: "I am looking forward to meeting my colleagues of the bar association. Otherwise, my visit to Europe is a private one."

BOY THUGS ESCAPE DEATH PENALTY

Held For Murder, Because of Youth Get Terms in Jail.

(By United Press.) Chicago, July 19.—Willard Kennedy, 16, and Earl Woodward, 17, known as the "baby" bandits because they started a career of crime two years ago on a cottage furnished by a bottle of gin, will not have to hang for the murder of Joseph Kazanow, a storekeeper, because of their youth. Judge Cook sentenced them to from three to 20 years in the Pontiac Reformatory. When the two boys became criminals they had consumed half a bottle of gin. They then perpetrated five hold-ups in one night. With the proceeds they entertained their flapper friends. After that they committed a series of robberies and were in the hands of the police numerous times, but always managed to escape long terms because of lack of evidence.

Maryland Robbers Return Stolen Money

Frederick, Md., July 18.—The life savings of the family of George W. Main of this city, stolen on October 3 from a wardrobe in the room of Thomas G. Main, an invalid, who was bound and gagged as he lay in bed, have been returned. Thomas G. Main found a package containing \$225.90 lying on a bench in a shed in the rear of the Main home. The money returned was in excess of the amount stolen. The difference, members of the family believe, is the equivalent of 6 per cent interest for ten months. The home has been twice robbed within a year. On October 3, 1923, \$200 was taken, Thomas Main being in the house alone at the time. On June 7 \$17 was taken.

Offer \$200,000 For Story of Harding

Washington, July 19.—A report in current news that Mrs. Warren G. Harding, widow of the late president, has just been offered by syndicate \$200,000 to write "The Story of Warren G. Harding, as Told by His Wife" but that the project fell through because of the unusual conditions of her acceptance. Mrs. Harding is said to have agreed to undertake the work if the syndicate would guarantee to print every word exactly as written. The syndicate balked at this, it is said, fearing that she would speak her mind upon things which would be too full of dynamite to handle.

A young man, who had appeared two weeks ago at the shop of M. Hoffman & Son at 727 East 138th street and asked for a blue diamond weighing a carat and a half, returned on Thursday with a suitcase. "Did you get that diamond?" he asked Benjamin Hoffman, junior member of the firm. "I got it for you, but I sent it back because I thought you weren't coming," said Hoffman. LETTER FROM PRESIDENT ROSS OF BEATTY HOTEL CO. STARTLED AND STARTED CITIZENS' COMMITTEE

Information Given to Committee of Citizens Some Ten Hotel Drive Had Its Being—If Hotel Building Days Ago Here Made Public—From This the Proceeds \$400,000 to be Distributed Locally.

It was a letter from Frank M. Ross, president of the Admiral Beatty Hotel Company which led to the activity of the Citizens' Committee which has been aiding to assure St. John the benefits of this great prosperity maker for the city. In the letter was information which startled those who came to know its contents and it spurred all to the greatest effort to the end that St. John might not lose his big enterprise with all that it means for the community. Here is the letter, and it should be carefully read by everyone having the welfare of the city at heart:

St. John, N. B., July 14th, 1924.

To The Citizens' Committee. Gentlemen: The Board of Directors of The Admiral Beatty Hotel Company respectfully submit the following statement.

The present status of the Admiral Beatty Hotel project is as follows: Cost of proposed hotel, ground and equipment \$1,037,300

FUNDS AVAILABLE
Proceeds of mortgage already arranged \$540,000
Stock subscribed 305,000
Stock underwritten by Thomas, Armstrong & Bell 72,000
Balance to be raised \$120,300

Our brokers have not been able to place the balance of the stock, and, unless assistance is received in procuring the necessary \$120,300, the project will fall through. If, on the other hand, your committee will raise this amount not later than the 26th inst., the hotel let not later than July 30. We consider the assistance of your committee absolutely vital.

Please be assured that the directors keenly appreciate your interest and co-operation, and their time and services, I am authorized to state, are available to the fullest extent in any effort to bring this matter to a satisfactory conclusion.

In response to your query re working capital, beg to state that the directors have undertaken to supply same. It would seem to those of us who have studied the hotel project carefully that, if the present effort proves a failure, it will be many years before the citizens will have an up to date hotel.

Yours truly, FRANK M. ROSS, President THE ADMIRAL BEATTY HOTEL COMPANY.

SPEND \$400,000 IN SUPPLIES HERE. At the Union Club luncheon yesterday, Mr. Ross outlining his statement to the Citizens' Committee, expressed the opinion that, if the hotel is built, about \$400,000 would be spent locally in supplies, wages, etc., which would be very much appreciated by the citizens doubtless this summer, fall and winter.

The Citizens' Committee is now organized, and will endeavor next week to interview all prospects. Chairman George E. Barbour spoke at Friday's luncheon in a tone none too optimistic, as, while admitting that it was quite possible to raise the amount, he feared it was difficult to get every citizen to see his own personal responsibility, and realize that his \$5,000, \$1,000 or \$100, as the case might be, might very possibly represent the deciding factor in the whole matter. Unless every man became enthusiastic and did his very best during the coming week, Mr. Barbour feared a shortage might be announced next Saturday night.

SASKATCHEWAN VOTE DECLARED OBJECT LESSON

New York Times Makes Pointed Comment on Liquor Plebiscite.

PLAYS PROHIBITION

Speculates on Maritimes' Action if Ontario Breaks Away.

(By Canadian Press.) New York, N. Y., July 19.—The Times, commenting editorially on the result of the vote in Saskatchewan placing that province in the list of provinces which have adopted the policy of Government sale and control of liquor, finds the result an object lesson.

"If the new arrangements fail," it says, "they are free to change their opinion and their liquor law again. Such is the advantage of not being fettered for ever by a constitutional amendment." This paper thinks the result of the vote follows the financial success of Government control in other provinces because the argument "to the taxpayers' pockets appeals strongly to voters in less fortunate areas conspicuously taxed provinces. Moreover, the majority of Saskatchewan voters were disgusted with the increasing non-enforcement of the law."

Speculates On Ontario

After noting that the Province of Ontario will have a referendum on the liquor question, the Times speculates as to the probable result as follows: "There, too, there have long been with prohibition; but that province may be said to be the centre of virtue militant, of a desire to regulate the habits of other folks. In Ontario, as in the middle west and the south, prohibition is a sort of religious issue. Experience does not abate the ardor of its partisans. Like our own enthusiasts, the Ontario drys' held implicitly to the faith and never bothered their heads about its works and practice. A persuasive school of fiscally, morally profitable temperance, as against intemperance—breeding, tax-boasting bootlegging prohibition.

Attempts Suicide; Is Restored; Then Dies

Mahone, N. S., July 19.—To make a futile attempt at suicide by throwing himself into the well in the cellar of his home from which he was rescued by an unconscious condition, restored to consciousness and pronounced after an hour's effort by a physician and friends, as none the worse for the experience, then an hour later to fall peacefully a victim to the grim reaper was the experience which overtook Freeman Mader, a 65 year old farmer of Beech Hill near here yesterday.

Who Said, "It Ain't Goin' to Rain No Mo'?"

Bridgeburg, Ont., July 19.—The success of the "wets" in Saskatchewan and the announcement of a referendum in Ontario on Oct. 23 have recently resulted in a number of inquiries from wealthy Buffaloniens regarding sites for homes on the Canadian side of the Niagara river and Lake Erie.

Panama Canal Tolls Reach New High Record For Fiscal Year; Total \$24,290,000

Washington, July 19.—The Panama Canal established a new high record of toll receipts in the fiscal year ended June 30. Receipts for the year were \$24,290,935.54, a daily average of \$66,356.75, which compares with receipts of \$17,598,414.85 and a daily average of \$47,968.26 in the fiscal year 1923. Five thousand two hundred and thirty commercial vessels passed through the canal in 1924, compared with 3,987 in 1923. This is an increase in transits of 31.8 per cent, and an increase in the tolls of 37.7 per cent. A total of 2,740 vessels moved through the canal from the Atlantic to the Pacific, as compared with 2,400 from the Pacific to the Atlantic. Prior to 1924 the bulk of wheat passing through the canal was shipped during the fall, immediately after the harvest. But with the development of Vancouver as an outlet for western Canadian wheat, this route has become especially important in winter and early spring navigation. Vancouver contributed the heaviest tonnage, while California, Oregon and Washington ports will maintain the volume of shipments during the slack season preceding the Canadian harvest.

Is Bating at .348 Clip—Has 26 Home Runs to His Credit.

Chicago, July 19.—Babe Ruth who in 1921 gave the baseball world something to talk about when he slammed out 59 home runs, today has a right to stick his chest out just a bit further. The Bambino has crashed into the batting leadership of the American League with an average of .348, leaving "Bib" Falk, of the White Sox, a leader a week ago, in second place with .369. Ruth, in his climb to the top, gathered 17 hits in his last nine games, four of which were homers. This gives him a total of 108 hits, thus far this season and a string of 26 home runs, the high mark of the major leagues. The figures are based on games including those of Wednesday.

CANOE, BOTTOM UP, FOUND FLOATING 2 MILES OFF SHORE

All Night Search for Missing Youngsters in Long Island Sound.

CRAFT IDENTIFIED

Hire Refused, It is Found Gone and 50 Cents Left on Counter.

(By United Press.) Bridgeport, Conn., July 19.—Seven children between the ages of eight and 15 years are missing and search for them is believed to be hopeless, following the discovery, two miles off shore, of a canoe in which they paddled out into Long Island Sound. The canoe was floating bottom upwards.

Government boats, yachts, other craft and airplanes are joining the quest for the four girls and three boys. The harbor bottom at St. Marys-by-the-Sea is being dragged for the bodies. A criss-cross of search-light beams sweeping the sound waters until far into the night failed to add to the half-told tale of the gaily painted red and green canoe which was sighted by the skipper of a tug bound from Port Jefferson to Bridgeport.

Mr. Powers swerved the car up on the sidewalk, breaking the side windows of the truck in doing so. The machine just grazed the boy. The incident occurred near the corner of Waterloo and Hospital streets.

Hadjilyricus, former Minister of Marine, and Admiral Casadules were set upon by a group of deputies and beaten unconscious. A Cretan deputy, M. Gregoriou, suffered severe wounds from canisters. Denunciation of the Government by all the opposition groups except that of M. Michalopoulos started most of the rioting.

LETTERS TO THE EDITOR

REGARDING FERNHILL CEMETERY.—Editor Evening Times:—Sir,—According to recent intimation in the daily newspapers, the general public will presently be asked to visit Fernhill Cemetery, and to note the improvements made there during the past few years.

To those that have observed many changes for the better in that beautiful place for the dead, the suggestion appears to be an excellent one.

It is probably unnecessary to emphasize the fact that nature has provided a particularly picturesque and lovely spot for the purpose to which Fernhill has been set aside.

In some sections there is little left to be desired, the ground being well kept, with numerous handsome monuments in evidence, while flowers in numberless places testify to the fact that the dead departed are held in loving remembrance.

There is, however, a regrettable and only too conspicuous feature in the neglected condition of many lots, detracting from the general attractiveness of the cemetery. Monuments standing at various angles or completely fallen down, iron fences in raptidated state, uncut grass and excessive growth of weeds, all contribute to furnish painful contrast to the general excellence.

Such instances are pathetic, and, if possible, those that are interested in these neglected lots should make earnest effort to remove the cause for reproach. Surely it is thoughtlessness and not desire of indifference on the part of relatives (or descendants) of those that were interred in Fernhill cemetery that should be attributed.

If they will but visit the cemetery they will hardly feel like resisting the mute appeal to their better natures, incidentally aid in beautifying God's acre.

Thanking you, Mr. Editor, for space I subscribe myself, "LET US FORGET."

TIGERS CATCH UP WITH SENATORS.—New York, N. Y., July 19.—New York today leads both Washington and Detroit by one, while the Tigers have left Chicago six games in the rear. Cobb's jangleers climbed to the rear of the Senators, while the latter were losing to St. Louis and the Yankees were staging a no-decision double-header with Cleveland.

Sherrill Smith outpunched the Indians to an easy 9 to 2 win in the opener and Ennoek portended the tribe to a 7 to 2 defeat in the final.

A timely triple by Jacobson with the bases full in the ninth enabled St. Louis to gather in a belated victory over Washington.

After saving the game for Detroit with a spectacular leaping catch in the ninth, Manush singled and scored the winning run in the 11th for a 4 to 3 triumph over Boston.

Holding Chicago to 6 hits, Baumgartner was the prime mover in Philadelphia's 4 to 2 win over Chicago.

Pittsburg made the Glagits realize they still have some competition in the National League by trimming the New Yorkers for the second time in succession. The final count was 9 to 2.

Adams played a lone but effective hand in the Cubs' victory over Philadelphia by 2 to 1 in 10 innings. His single in the sixth scored the first run and his second one-base knock accounted for the deciding marker in the final frame.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

Imperial's Fine Bill on Monday.—Imperial Theatre will have a splendidly mixed bill of attractive features for Monday and Tuesday, headed by Cameron Geddes, English baritone, who comes from successes in Halifax and Sydney and is en route to Toronto, where he will sing in the leading theatre there.

Mr. Geddes is a baritone of excellent culture and sings the popular ballads of the day, the best sentimental numbers, standard songs and operatic selections. He is a favorite up west.

Additionally the Imperial will present a screen version of Geo. F. Kaufman's play, "To The Ladies," a far amount production featuring Theodore Roberts, Edward Horton of "Rugles" fame, Helen Jerome Eddy and Louise Dresser. This is a perfectly delicious comedy of a small town and the social rivalries of the piano factory's staff.

There will also be the usual Pathé News and Topics reels and scenes. The orchestra will be under the direction of Mr. Serl introduced the tent staff, who appeared for a few moments on the stage. They were Miss Martha Doherty, Junior Chautauqua leader; Miss Dorothy Denlinger, cashier; Joseph Hannah, tent manager and Tyree Finch, his assistant.

Noah Bellhars was then introduced and began by impersonating in his opening address, a very plain looking man, which gave much scope for laughter, as he insisted that laughter which he practiced, always made people handsome. He gave a debate in which many varied characters were presented in humorous succession, the object of the debate being to determine which was preferable, a bald head and whiskers or neither.

His story of Billy and Selzer, was of a pathetic character and many, without one forget to wonder at the transformation after Mr. Bellhars had changed into the quaint dress and hat.

The perusal of the Beaville Bungle and the circuitous arrangements for the program was particularly illuminating when he regaled the audience with some remarkable personal, strangely familiar. These were a few of the coming season, and many, without one forget to wonder at the transformation after Mr. Bellhars had changed into the quaint dress and hat.

The programmes will be continued afternoon and evening until next Thursday, which will be closing night.

ROBBERIES IN NEW YORK YIELD \$100,000 IN GEMS

(Continued from page 1.) "I was out of town," said the customer, "and I couldn't get here sooner. But I'm still after that stone."

While they were talking about the price and mounting another man stepped in. He pointed a pistol at Hoffman and ordered his hands up. The first customer then opened his suitcase, took out several lengths of rope, bound Hoffman's hands, and started to bind his legs. Nellie, an Alfrede, started to bark, and one of the robbers held her mouth, while the other completed the tying.

A third man by that time had joined the other two. He picked up the finest pieces of jewelry from the showcases and windows. Then they ran for an automobile and drove away.

After the robbers had left Hoffman wringed their throats. Philip Schradowitz, a clerk in a near-by store, freed him. Hoffman told the police of the Morrisania station that the robbers must have been experts for they took only the best diamonds. The loss is put at about \$80,000.

Three armed men entered the jewelry store of L. Fried at 49 Avenue A and got jewelry said to be worth \$40,000.

"Both of you hold up your hands!" the leader of the robbers ordered, addressing himself to Berthold, the manager of the store, and Simon Okon, the messenger. They then made the store and Okon lie face downward on the floor behind the counter. As Okon lay in the position he might be seen from the street, one of the bandits seized him by the hair and dragged him several feet to a better position.

The robbers carried away all the jewelry on display and took loose diamonds and platinum settings from a safe which they found open. The three men then ran to an automobile, where a fourth was sitting at the wheel.

Later an abandoned automobile found at 234 East Thirty-second street, was identified as the car used by the robbers. It had been stolen the night before from Louis Epstein of 1338 Findlay avenue.

250 PPRESANT AS CHAUTAUQUA OPENS

Staff is Introduced and a Start Made on Week's Programme.—Swarthmore Chautauqua opened yesterday afternoon in the big tent on the St. John High School grounds. About 250 were in attendance last evening and there was much enthusiasm. Elmer Willis Serl, of Carthage, Michigan, is the superintendent. He has a clear enunciation and a good stage presence. He will be one of the lecturers during the week's programme.

Last evening the Blue and White Martha Band delighted the audience with bright selections of popular and classical music. The effect produced when they played the Second Last Rhodospody was exquisite and their rendition of modern classic songs and the favorites, such as "Mighty Lak a Rose," and "Linger A While," took the audience by storm. They were obliged to return twice for encores. They also played in the afternoon. The performers are from Guatemala, Central America, and made wonderful harmony with their simple instruments.

Mr. Serl introduced the tent staff, who appeared for a few moments on the stage. They were Miss Martha Doherty, Junior Chautauqua leader; Miss Dorothy Denlinger, cashier; Joseph Hannah, tent manager and Tyree Finch, his assistant.

Noah Bellhars was then introduced and began by impersonating in his opening address, a very plain looking man, which gave much scope for laughter, as he insisted that laughter which he practiced, always made people handsome. He gave a debate in which many varied characters were presented in humorous succession, the object of the debate being to determine which was preferable, a bald head and whiskers or neither.

His story of Billy and Selzer, was of a pathetic character and many, without one forget to wonder at the transformation after Mr. Bellhars had changed into the quaint dress and hat.

The perusal of the Beaville Bungle and the circuitous arrangements for the program was particularly illuminating when he regaled the audience with some remarkable personal, strangely familiar. These were a few of the coming season, and many, without one forget to wonder at the transformation after Mr. Bellhars had changed into the quaint dress and hat.

The programmes will be continued afternoon and evening until next Thursday, which will be closing night.

SUNDAY SCHOOL PICNIC.—The Carmarthen street Methodist church annual Sunday school picnic is being held today at Anthony's Cove, Red Head. The children were conveyed to the picnic grounds in automobiles, while others went as far as East St. John in the street cars and were there met by conveyances and taken to the grounds. An efficient committee, arranged for games and amusements as well as for refreshments.

Forty Hours.—The Forty Hours Devotions are being held in Hampton. Rev. Father McElroy, of St. John, assisted by Rev. Father Le Blanc, of Moncton, is conducting the services.

SURE RELIEF FOR WOMEN'S DISORDERS.—Orange Lily is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened; and the circulation is rendered normal. As this treatment is based on strictly scientific principles, and acts on the actual location of the disease, it cannot help but do good in all forms of female troubles, including delayed and painful menstruation, leucorrhoea, falling of the womb, etc. Price, \$2.00 per box, which is sufficient for one month's treatment. A Free Trial Treatment, enough for 10 days, worth 75c, will be sent Free to any suffering woman who will send me her address.

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness And Become Fretful, Nervous and Run Down—What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood Rich in Iron

Physician Explains How Organic Iron—Nuxated Iron Helps To Enrich the Blood, Strengthen The Nerves, Build Up Physical Power and Often Make Weak, Pale Careworn Women Look and Feel Years Younger.

Advertisement for Nuxated Iron. Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood—has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel old at thirty, pale, haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But a woman cannot have beautiful rosy cheeks or an abundance of strength and endurance without iron, and there is nothing better than organic iron—Nuxated Iron—to help supply this deficiency and aid in building a race of stronger, healthier women.

**FORCED TO ADMIT
KLAN MEMBERSHIP**

**Judge Compels Man, Called
as Juror, to Answer
Lawyer's Query.**

Washington, July 19.—The Klan issue bobbed up in Criminal Court No. 1 and refused to be downed after it had been raised by T. Morris Wampler of counsel for four colored men who are on trial on a charge of first degree murder in connection with the shooting and killing of John W. Purcell, a colored policeman, in the southwest section of the city last October.

Edward D. Talbert, a prospective juror, was being examined by Wampler when the latter suddenly asked him if he was a member of the Klan.

"Not now," Talbert answered.

"Were you ever a member of the Klan?" Wampler asked.

"I refuse to answer," responded Talbert.

Wampler then appealed to the court to compel Talbert to answer, and Chief Justice Walter I. McCoy ruled accordingly.

Talbert then explained that he dropped out of the Klan "some months" ago.

Chief Justice McCoy refused to relieve Talbert, as no copy of the Klan oath was before the court. Talbert then said that he took no oath to discriminate against negroes, Catholics or Jews.

Wampler noted an exception to the ruling.

This is the first time in the local courts that a member or a former member of the Klan has been compelled to admit membership.

**New Method Removes
Wrinkles in 15 Minutes**

A veritable wonder-worker for wrinkled and flabby faces is a simple, harmless application made by mixing a spoonful of powdered tartroot with a spoonful of lemon juice. Not only does it quickly smooth out the wrinkles and age lines—before and after the eyes—but it has a stimulating influence upon the weakened and relaxed underlying tissues. The mixture is spread over the face with the fingertips, and in less than fifteen minutes the mirror shows that a most marvelous transformation has taken place. When the substance is washed off the average face actually looks ten or fifteen years younger. The results are far better than those obtainable from the most expert massaging—and the cost is less than three cents a treatment! Powdered tartroot can be obtained from any druggist.

I certainly do recommend it to every woman with troubles like mine. **THIS SOLVES WOMAN'S
OLDEST PROBLEM**

A simple explanation of a recent scientific discovery

This is to tell you how modern science has solved an old problem in a new way.

It is a way which brings security, immaculacy, peace of mind to the world of women. It has been adopted by 8 women out of 10 in the better walks of life.

The best way to learn all about it is by actual trial, and this is offered free. Just mail me the coupon below.

The explanation
During the world-war a new surgical dressing was perfected—a product softer and more absorbent than anything before known.

These qualities were quickly discovered by the Red Cross nurses, and this new product adopted for personal use.

Now, under the name of Kotex, it offers protection, comfort and practical convenience to women everywhere.

Important facts
Kotex absorbs instantly, 16 times its own weight, and holds it. It is 5 times as absorbent as ordinary cotton.

It is pure, white, compact and light-weight. It is most easily disposed of, in a way which prevents embarrassment.

Most important of all, it assures immaculate daintiness at all times, under all circumstances. Think what this means to all fastidious women!

Free sample proves it
The best way to learn what Kotex is and what it will do is to mail the coupon for the free sample. It is sent by return mail in a perfectly plain package, accompanied by a special book. This book was written by a doctor to explain the value of Kotex from a medical standpoint.

As I know professionally as well as personally the overwhelming value of Kotex, I urge you to accept this free trial at once. Your request will be treated in strictest confidence. Fill out and mail the coupon today.

Kotex may be had at all drug and department stores, in two sizes, Kotex Regular and Kotex-Super.

Paperhanging now Simplified

Do you fully realize how much more simple, easy and rapid, paperhanging has become with the perfection of semi-trimmed?

Consider the difference between this and the old-fashioned methods. Staunton Semi-Trimmed Wallpaper eliminates all trimming. You simply give the ends of the semi-trimmed roll a rap on table or floor and the selvage falls off. Then cut the strips the required length and apply paste. Hang the paper—and the result is a perfectly butted job.

Staunton Semi-Trimmed Wallpaper is accurately trimmed for you in course of manufacture. It saves time, prevents muss and disorder, and simplifies the work throughout.

It is to the advantage of all who hang wallpaper to use Staunton Semi-Trimmed Wallpaper.

The two little cars went rattling over the bumpy places in the track, and dipped dips and shot around curves and really it was enough to take your breath away. For this was a very good "chute the chutes" and gave you a long ride before it splashed you into the water. Mrs. Yellowbill's six children got so excited that they quacked and honked until they sounded like a traffic jam on Main street. They made so much noise that Granddaddy Frog soon heard them. "My goodness, boys!" he shouted, turning pale. "Mrs. Yellowbill and her family are right behind us. When we strike the water, swim like sixty!" Smack! Splash! The little car hit the water and went bouncing along like a skipping stone, and out flew the frog family into the lake. The next second, splash! smack! The Yellowbill family got dumped out, too. The first think Mrs. Yellowbill did was to look around to see what direction Granddaddy had taken. I don't know what would have hap-

Another car came shooting down the steep place right into the water and who should it be but Mister Cockadoodle, who couldn't swim any more than your front door step. "Help! Help!" shouted Mister Cockadoodle, flapping his wings. "Help! Save me, somebody!" But just then he managed to grab hold of an old log floating around in the water and climbed up. "Ho, ho, ho, ho, ho!" laughed Granddaddy Frog till he cried. "He certainly does look funny!" "Doesn't he!" giggled Mrs. Duck. "I'd hate to be so dumb." "So should I," agreed Granddaddy. "Come on, children, let's go again. That's lots of fun, isn't it? Mrs. Yellowbill, aren't you coming, too?" "I should say so," said Mrs. Duck. "Come on, children." EJECTED TO BOARD. A Low Cost Tire that is Economical and Dependable

If you are looking for a tire that combines low first cost, dependability, and mileage you will find it in the Firestone 30 x 3 1/2 Fabric.

The cross section of this tire is larger—there is greater cushion, more surface over which to distribute wear. The non-skid

design is higher giving better traction and preventing skids. The tread is tougher, thicker, providing many extra miles.

In short, Firestone resources, manufacturing superiorities and 24 year's experience unite to produce surprisingly high mileage at surprisingly low cost.

PITCHERS' BATTLE WON BY TOWELE

Vets' Twirler in Good Form and Defeats the Cleveland Giants

The game between the Vets and the Cleveland Giants, which was played on the East End diamond last evening, developed into a pitcher's battle and only three hits were made by each team. Towele, who was on the mound for the locals was in good form and in addition to holding the visitors to three hits did not walk a man. Richardson, who pitched for the visitors, had 12 strike-outs and only gave one free pass to first. Up to the fifth inning only two men reached first base, but in the sixth the locals got started and scored two runs. The visitors got their lone tally in the eighth. Smith who was catching for the visitors had one of his fingers broken as a result of being struck by a foul tip. He was replaced by Forrest.

Trojans Pile Up Score on Saints

Orange and Black Takes a Heavy Hold on First Place

Cyril Moore struck out nine Trojans in five innings last night in the South End League affair but had considerable difficulty in bending them over, walking nine and being touched up for nine hits. The Trojans won 12 to 6 and took a stranglehold on first place in the league race. These two teams meet again Monday night and the opposing pitchers probably will be "Les" Kerr and "Black" Dalton. Both have been twirling winning baseball since the season opened and it should develop into a tight contest.

WOLVES DEFEAT OLYMPICS 15 TO 9

The Wolves defeated the Olympics 15-9 on the Acadia diamond last night in a game which ended in a batting rally by the Olympics, and in which they threatened to overcome the big lead of the Wolves. Score by innings: Olympics... 00000108-9 10 Wolves... 13202124x-15 13 Batteries—Gray, Green and Joyce; Buckley and Reynolds.

The Acadias and All-Stars clash this afternoon in another league fixture which starts at 2:15 p.m. sharp. After this game the All-Stars will play their postponed game of Thursday night with the Olympics.

RETURN FROM PILGRIMAGE. St. John people, numbering about 100, returned home last evening from Ste. Anne de Beaupre, P. Q., where they visited the shrine. About 1,400 attended from New Brunswick.

ST. ROSE'S GAIN IN LEAGUE RACE

Vanquish Clippers and are Only One Game Behind Portlands

The St. Rose's crept within one game of the league leading Portlands by taking the Clippers into camp by the score of 6 to 2 in the City League game played on the Nashwaak Park last evening. The champions backed Murphy's twirling in fine style, when the latter got into several bad holes, and, except for the initial inning, kept the East Enders clear of the plate. Stewart hurried when his meant runs. Maurice Griffin's sensational catch of a high fly in left was the feature of the game.

JACKIE JOHNSTON IS OUT OF BOUTS

Canadian Hope in Bantam-weight Class was Over Required Poundage

As a result of being two pounds overweight, Jackie Johnston, Toronto, who was to have represented Canada in the bantam division of the boxing events in the Olympic games, has been debarred, while Gene Clay of Toronto has been ruled out in the featherweight class.

Three Canadians had been entered in the featherweight division in the belief that each country was entitled to send up four representatives in each class. Unknown to the Canadian committee the rules had been changed to permit only two to compete in each class, and as a result it was necessary to drop one Canadian candidate, leaving Agnew Barrie of Toronto and Michael McGowan of Montreal to represent Canada in the featherweight.

In the lightweight division bouts Thursday morning, C. J. Graham of Toronto met Bland of South Africa and gave the South African a good lesson in the many art, at the same time saving his hands. Leslie Black, Toronto Varisty, met Bonfiglio, Italy, in a middleweight bout and only real boxing on the part of the Italian, who is champion of the United States marines, but fighting under the Mussolini flag at the games, saved him from being outpointed in every round.

The French Olympic committee on boxing has appointed J. G. Merrick of Toronto, formerly president of the Amateur Athletic Union, as vice-president of the appeal jury. Major Long and Doctor Lamb of Montreal and P. J. Mulquhen, Toronto, chairman of Olympic committee of Canada, have been appointed judges.

Despite an injury to his thumb, suffered in the bout yesterday in which he defeated Doyle of Ireland, 16-year-old Jack Fields, Los Angeles high school boy, today won handily from Hansen of Norway on points. Tripoli, U. S. A., beat Tarrant, Great Britain, on points.

Lazarus, U. S. A., was mixing things up with Andren of Sweden with the French crowd cheering frantically for the Swede and booing the American. They were fighting the hardest, but coming out of a clinch Andren violated the rules by swinging on Lazarus. The American cut loose and knocked his man cold, whereupon the crowd sent up an uproar and the

DOUBLEHEADER ON SOUTH END GROUNDS

The double-header attraction on the South End grounds today between the Portlands, City League, and the Machine Gunners, South End League, should draw well. Charlie Gorman probably will twirl for the Portlands in the afternoon contest and will be opposed by Eddie Johnston. The evening game will see Brookins and Hannah against each other. Atcheson and Morrissey will handle the games.

The fact that Gorman is now taking his regular turn in the box for the Portlands has aroused much comment on his versatility. Gorman undoubtedly is one of the best all-round athletes of the continent among the speed skaters and holder of a world's record for the 440 yards. He is a sprinter of more than average ability, having done the century in 10 and 2-5ths with very little training. As second baseman on the Portlands, he ranked first in the city, hitting the ball at a 450 clip, and standing among the leading base stealers in his league. Whatever this boy does, he does extremely well.

On Dominion Day for the first time in many years, he stepped into the box against the St. John the Baptist outfit, held them to four hits and won a thrilling 18-inning contest. The news that the famous Tex Rickard is trying to entice Gorman into the pro fold in the skating game has aroused much talk.

ST. ANDREW'S WIN AND RETAIN LEAD

Defeat the Trojans 4 to 2 in St. John Soccer League. The St. Andrew's soccer team succeeded in maintaining the lead in the St. John Soccer League last night when they defeated the Trojans 4-2 in a scheduled league game on the Barrack Square. The St. Andrew's team won the first series of the league and, although meeting stiffer opposition, are still in first place in the second series.

The first period ended a tie—two goals each. The St. Andrew's were awarded two penalty kicks and won the game in the second half. McIntyre scored three of the goals of the winners while the fourth was scored by J. Smith. Dobbstein scored for the Trojans on a rebound from the back of one of the St. Andrew's men. The second was also scored by Dobbstein.

FINGER BROKEN AT GAI

Last evening about 9 o'clock V. A. Smith, one of the players on a visiting baseball team, the Cleveland Giants, had the little finger of right hand broken and badly injured during a game on the East grounds. The player was conveyed to the General Public Hospital in Killen's automobile and the injury treated.

announcement that the
cruise of the Royal Ken-
sias Yacht Club begins
will awaken memories in
of many who will not
to join the cruise. Pic-
of the fleet crossing Grand
sailing up the Reach with
spread will be thrown
memory's screen, along

with others that recall still
mornings in shadowed coves, with
trees and houses reflected in the
unrippled surface of the river.
Echoes of old songs, sung in
chorus, floating across moonlit
waters will come again, and the
thrill of driving through the
waves with all sails set, under
the pressure of a smoky sou-
wester, while rival yachts fight
for supremacy. To some will
come memories of the days
when the late Robert Thomson
was commodore of the fleet, and
when the decks of his flagship
Scionda were crowded in the
evenings when at anchor by rol-
licking amateur sailors, who
sang, swapped yarns, chafed
each other and were altogether
happy.

Would Like to Be There.
Visions of the Washademoak, the
Belleville, the long route to Fredericton
will rise; and the sad-eyed stay-at-
home will turn to his work with a
sigh, wishing that the old days, the
old comrades and the old delights of
the river might be his once more.

To the mind of the yachtsman, who
loves alike the slow drift or the swift
motion under a spanking breeze, the
times have sadly changed. He has no
stomach for the gigantic water-bugs
called motor-craft, which chug noisily
along, smelling horribly of oil; and his
soul cries out for the wet sheet and

the flowing sea, and the pure fresh air
of the river that he loves.

There is no finer yachting water
anywhere than that of Grand Bay, the
Kennebecasis and the St. John, and
to the true sailor there can be no finer
holiday than a week adrift anywhere
between St. John and the farthest reach
of lake and stream.

Seventeen yachts are in the fleet to
wing its way up the stretches of the
noble St. John, each bearing a com-
pany of happy ones bent on relaxation
and pleasure and on the enjoyment of
the scenic beauties and the many other
delights of a life in the open amid
such surroundings as are excelled in
but few places. It is the largest fleet
in several years.

Headed by the saucy Camilla, flying
the flag of the genial and popular com-
modore, James W. Barnes, they may be
expected to make a very pleasing pic-
ture as, in response to the booming of
the starting gun, they leave their an-
chors and point their prows towards
Boar's Head and the welcoming waters
beyond. Here are the yachts and those
who will make the cruise on each:

the yachts would arrive at the anchorage
where the fleet would spend the
night.

Keen Appetites

The old mud hook would hardly be
dropped and the sails furled neatly,
when the next order from the captain
of the yacht would be: "Hurry up,
cook, and get the supper ready, for
I'm famished." A popular command
from the captain before supper would
be given to another member of the
crew in the following sentence: "Say,
Bill, pass the 'butter-milk', for I'm as
dry as a covered bridge."

When all had done full justice to the
evening repast, two of the crew would
be set to work washing the dishes.
When this was finished all were rowed
ashore for a stroll. On return to the
yachts the good old pipes were lighted
and there followed a round of stories,
songs or other entertainments. About
10 o'clock the crew would turn in. It
being the first night at "sea" for many,
it would be hard work for them to get
to sleep, for while there was quietness
on the waters, the moans of the "guy"
in the next berth would keep the timid
awake.

Signs of Life

Then came the morning; not the
real early morning, but perhaps about
7 o'clock there would be signs of life
on the yachts. One by one the yacht-
men would put in an appearance on
deck. The morning might feel chilly,
but when one took his first plunge over
the side, had a brief swim, climbed
on deck again, had a good brisk rub-
down, then he was ready for break-
fast, the principal eats being bacon
and eggs, coffee, bread and butter.
With this finished and the dishes put
away, the captain would look towards
the Commodore's yacht for the morn-
ing signals. Eventually the mainmast
would be hoisted, and when the signal
was given by the Commodore to "Get
Under Way," the anchor would be
broken out, hoisted and secured on
the bow. The captain would call out
"Give her the jib," and away the
boats would start on the second day
of the cruise.

Some Good Racing

It would not be a case of stopping
at any place for the noonday repast;
this would be only a sort of lunch and
one watch after the other would go
below and partake of something good
to eat. Of course there was plenty of
fun going on among the crew, but the
man at the helm had not much time
for play; he was too busy seeing that
the sails were properly trimmed. He
was sailing his yacht for the purpose
of getting everything out of her, as it
was a race with other yachts, and
there was hardly a day but that there
was not some excellent racing.

The Concert

After the second day out, even the
greatest yachtsman was right at home.
Just as soon as the yachts came to
anchor in the evening, one of a com-
mittee would row to each yacht gar-
nering talent, and by the time the last
yacht was visited the committee man
had a vocal and instrumental program
arranged that would suit the very best
taste. The halls at Evandale and
Gagetown were the favorite places for
the concert. Some will remember the
occasions when Rev. Dr. Lindsay Park-
er, of Brooklyn, who was the club
chaplain, would be chairman of the
concert. If there was a bashful fellow
who would not wish to appear before
the audience and thrum on a jewsharp
or run his dry lips over the edge of a
mouth organ, he would be picked up
by a bunch of the boys and placed on
the stage and obliged to do his little
stunt to the enjoyment of the others.
