persons on Submarine Question. However, Says Britain Not Yet Prepared to Put Defence Outside the Pale of Civilization—Root's Proposals for the Regulation of Undersea Boats.

(Canadian Press Cable.) London, Dec. 30.—Efforts at the Washington conference to curb the use of the submarine as a weapon, and France's claim for a large undersea fleet, continue to be the absorbing topic in England. The newspapers this morning each devote several columns to reports of the conference proceedings and criticisms from the American press, and publish lengthy editorials on the subject.

The majority of the editorial writers score the French attitude, which the Daily Telegraph says confronts the world with "the possibility of the world wide orientation of naval policy away from the coastal ships and towards the submarine."

The newspaper thinks the immense expenditure necessary for the maintenance of large submarine fleets and the "armada of auxiliary craft which must be built, manned and trained to operate with them" will wipe out all saving effected by adoption of the ratio for capital ships.

The Daily News condemns France's isolation as "the disastrous debasing of a standard of international morality," and the Daily Chronicle says France's behavior cannot be regarded as other than unfriendly to Great Britain.

The Morning Post on the other hand rides the Liberal newspapers' criticism, and adds: "It is, however, a pity that the British proposal, to threaten with outlawry, the British nation, to prepare to place France outside the pale of civilization."

The Post, while believing that Arthur Balfour expressed the general sentiment of the British nation, regrets that an agreement as to submarine ratios had not been reached, urges the statesmen and journalists to put themselves in France's place and consider the French point of view, which is "not due to original sin, but geographical necessity; it is not blood-thirstiness but merely realism."

Root's proposals for regulation of the use of submarines receive much attention in the Daily Chronicle comments. "It is difficult to believe that Mr. Root is not in humane collision with Mr. Balfour, for the whole subject of his proposals is to make it not worth while to build submarines for the destruction of commerce."

The Daily Mail thinks if the rules are generally adopted they may be useful, but the Economist says that the proposals are virtually the paralysis of the submarine.

The Westminster Gazette believes the conference can hardly fail to accept the regulations and, referring to the whole submarine question, says: "The American proposals are not likely to accept defeat at the hands of one government, but the first round can be won by the support of this country in pursuing the matter until all dissentients are compelled to disclose their meanings and intentions to the world."

WHAT SOME OF THE EDITORS THINK OF NEW CABINET. Le Canada, Montreal: "We greet the new King cabinet, sworn in yesterday, with confidence and satisfaction. We congratulate the premier on the efforts he has made to give to each provincial group the representation to which its territorial importance and its particular interests entitled it."

Montreal Gazette: "Having failed in its effort to entice the Progressives to coalesce with him, Mr. King has formed a cabinet from his own party, a course of wisdom for which he apparently deserves little credit. The Quebec representation comprises at least two men of acknowledged ability, Sir Lomer Gouin and James Robb. A glance at the slate leaves the impression that round tables have been pressed into square holes. The assignment of portfolios is not entirely happy, and capable administration helps both the country and the party in power."

Le Herald: "The maritime provinces are not strongly represented in the new cabinet. Mr. Fielding is the only one of trackless standing, and he is advanced in years. It appears to us that the maritimes have been given a poor deal. However, in New Brunswick at least in Alberta and Saskatchewan there was no choice. It will be observed that Mr. King has put the national railway out of Montreal's reach by naming Ontario man, Mr. Kennedy, as minister of railways and canals of the Dominion of Canada in the Halifax Chronicle. Considering all circumstances, Mr. King has succeeded in forming a strong, representative and well-balanced ministry. He has been fortunate in being able to command the place of honor the most distinguished Canadian statesman and our most parliamentarian, Hon. W. S. Fielding, whose acceptance of the portfolio of finance will immediately inspire confidence in the character of the administration and guarantee efficiency of its financial administration and soundness of its fiscal policy. The task before them formidable, almost staggering, in its magnitude, almost staggering, in its magnitude, almost staggering, in its magnitude."

HALIFAX TODAY IN BLIZZARD GRIP

Worst They've Had There in Several Years.

Street Car Service Held Up—The Pretorian Unable to Reach Wharf—Thirty Below in Woodstock This Morning.

(Canadian Press.) Halifax, N. S., Dec. 30.—The worst blizzard of several years gripped Halifax today. Street car service and practically all vehicular traffic was suspended.

Rain at midnight turned to snow at three o'clock and a thirteen mile easterly wind to a force miles from the north. The temperature dropped during the night twenty-five degrees to fifteen above zero. Drifts and cutting snow blocked and took the breath from work-bound citizens. At noon the storm showed small signs of abating.

The Canadian Pacific steamer Pretorian from St. John for Glasgow, arrived in port at two o'clock this morning before the storm broke for passengers, mail and cargo. She was unable to dock however.

The Meteor and Canadian Spinner, due here from St. John, will probably be kept outside by the off shore wind. 30 Below in Woodstock.

Fredericton, N. B., Dec. 30.—New Brunswick is in the grip of what appears to be the most severe cold snap of the present winter today, the mercury having done a sensational nose dive during the night.

While ten below was the coldest temperature reported in Fredericton this morning, the cold has been severely felt because it followed mild weather yesterday and has been accompanied by a heavy snowfall. The Ocean Limited temperature here yesterday was 8 1/2° above.

Woodstock reported thirty degrees below this morning and that the town fire department had been fighting a fire about midnight with the temperature then twenty below zero. That seems to have been the lowest temperature anywhere in the province.

Other reports show eighteen below at Andover and ten below at Chatham. Amherst, N. S., Dec. 30.—With the mercury about ten above zero, Amherst is today experiencing a genuine old-fashioned snowstorm.

The wind has been blowing in gales ever since last night at about nine o'clock when there was a sharp drop in the mercury and a change from driving rain to snow. The snow today is in many places drifted five and six feet high. No damage to crops or buildings reported from Halifax is reported two hours late and the limited from Montreal is one hour behind schedule.

As Hiram Sees It

"Hiram," said the Times reporter to Miss Hiram Hornblower, "the world owes me a living."

"No, sir," said Hiram, "it don't. But it owes you a lickin'."

"What's that?" demanded the reporter. "For presuming to think for one minute that you're better 'n anybody else," said Hiram. "But I don't," said the reporter.

"All right," said Hiram, "I'll take it that way. Now, if the world owes you a living it owes one to me and all the rest. We'll all quit work 'n we'll all ask the world to come across. What'll happen then?"

"I guess we'd all starve in a little while," said the reporter. "That's a safe guess," said Hiram. "And yet there's a lot of fellows that goes round dodgin' work 'n expectin' the world—that's you and me—to provide a livin' for 'em. We'd so go gunnin' for them fellows 'n put 'em to work or give 'em the cat-o-nine-tails—yes, sir. They're no good."

GENERAL ELECTION IN GREAT BRITAIN IN FEBRUARY, PROBABLE

London, Dec. 30.—(Canadian Press)—A general election in this country in February is regarded as probable, according to the Times parliamentary correspondent, who says that Premier Lloyd George has discussed the question with his principal colleagues.

Right Hon. Austen Chamberlain, parliamentary leader in the House of Commons, is believed to be the only member of the inner cabinet who prefers to wait until autumn for a general election.

FOUR OF THE 13 REINSTATED

Hockeists Given Temporary Cards by A. A. U.

An Important Amherst Meeting Called—President Covey Called on for Ruling in a York County Sporting Matter.

Halifax, N. S., Dec. 30.—Temporary reinstatement of Leon Kluck, Jack MacNeil, Duke McIsaac and Arthur Lilly, all Dalhousie hockey players and four of the thirteen N. S. players recently suspended by the Maritime Branch of the A. A. U. of C., is announced in an official bulletin. It stated that these four have been reinstated "on the condition that they make an affidavit of charges made against them," and that T. Hayden, manager of the 1920 Dalhousie team, has also made an affidavit. This gives a statement concerning the Cape Breton trial of the Dal team on which the reinstatement is based. This reinstatement is subject to the payment of expenses, etc.

"Geoff" Abern and Pete MacDonald, two others of the thirteen suspended, have, they state, affidavits stating their innocence ready.

Amherst Meeting. Amherst, N. S., Dec. 30.—Ten or twelve delegates, representing various clubs anxious to form an independent hockey league will meet in Amherst this afternoon to go over terms for 1922. New Glasgow, Stellarton, Moncton, Halifax and Amherst will be represented, and the general discussion on the hockey and baseball situation.

The sport writer of the Amherst News says: "It is probable that the league will carry back the formation of a new formal organization as independent amateur hockey, which was organized in 1914, and which was paid while away from home on a trip. With the Amherst team out of the fray, the chances for the formation of an independent hockey league are not looking extra bright. New Glasgow, Stellarton and Moncton will not make a balanced league—neither will New Glasgow, Moncton or Halifax, for the jumps are long and the towns of Amherst will not break the ice. Considering that the independent cannot arrange suitable terms with the Amherst rink management, they are not likely to be the least opportunity for independent hockey in this town. The amateurs will have to supply their own rink."

The Amherst amateurs will be weaker than last season. The two Rogers brothers are away from town. Death of Harnard and Dave at Columbia (where he is playing senior hockey), Laurier Jackson, one of the best players in the province, are under the ban, as are independent Jack Johnson, who was one of the best players in the province, and who was playing with his comrade Eddie Langille, indulging in a continental holiday.

The Victor Skiller, Jim Simonds and Dunc Chisholm are all here and these three men have been playing together for the last many seasons. Allie MacKinnon will break in as a good forward man while Raymond Melanson, E. MacLennan, Willie Brown and make up the defence along with Chisholm. Brown is also a heavy forward man, Friday Bourgeois is an expert stick handler. Steve Melanson is a fast skater and was used last winter. Bobbie Webster and Gordon Rowley, the high school stars may get a chance to come out in senior company this winter. Walsh will be used in the nets. This aggregation does not look too bad, and with steady practice will be able to cope with the best of the visiting teams.

Fredericton, N. B., Dec. 30.—The Marryville hockey club, it was announced by Manager Don Bird last night, have asked President Covey of the Maritime Branch of the A. A. U. of C. to make a ruling on the eligibility of Edgar Wade, star player of the Marryville team, for several seasons, to join the Fredericton club this winter.

That Wade is undecided as to which club to play with was evident last night, when he turned out for practice first with the Fredericton squad and then with the Marryville. He was previously out with the U. N. B. squad in the afternoon on invitation. At the conclusion of the Fredericton practice he said it was his intention to play with the Fredericton club, but after Manager Bird had a heart to heart talk with the player he turned out with Marryville.

The Fredericton club claims they have not influenced Wade to play with them, but that he expressed his wish to do so. Wade is a resident of Fredericton, and Fredericton can draw their players from anywhere in York county and that Wade is a resident of Fredericton. The Marryville club claim him as theirs and say they will fight to the last ditch for the right to retain his services.

WOMAN WINS WITH THE PLOUGH

London, Dec. 30.—(Canadian Press).—The first woman in the United Kingdom to win a ploughing competition against men appears to be Jean Hinchinson of Cornhill, Northumberland, who gained the first prize in the wheel plough section at a ploughing contest, Berwickshire, Dec. 29.

Miss Hinchinson began ploughing during the war and now ploughs daily.

NINE DEAD AND FIVE BLINDED

New York Holiday Toll of Liquor Poison.

Gray-haired Woman and a Fourteen-year-old Boy the Latest Victims of Wood Alcohol—Four Deaths in One Day.

New York, Dec. 30.—A gray-haired woman and a fourteen year old boy last night were added to the list of New York victims of poisoning by holiday liquor, which now totals nine dead and five blinded or seriously ill.

The woman was found lying on the sidewalk in East 86th street, near 6th avenue, and died en route to a hospital. In her handbag was found a slip of paper bearing the name "Miss Sargent." She was about 60 years old, and well dressed. Medical examiners said she had drunk wood alcohol.

The boy, John Dooley, was taken from his home after losing consciousness. At the hospital police announced he had been given liquor by neighbors and also had drunk some he found near his West 26th street home.

During the day Charles Williams, a negro, died in a hospital while recovering from the effects of drinking poison which he thought was gin. Hospital attaches said it was wood alcohol.

The fourth fatality within twenty-four hours was the death of Geo. L. Henry, a salesman of Brooklyn, who was found dead in bed in a Broadway hotel. An empty bottle labelled "gin" and another containing alleged whiskey, were found nearby.

Of those still living, two were women and one was a child. They were taken to Bellevue Hospital after being found lying in a gutter, unconscious. He was said to be suffering from wood alcohol poisoning.

DISCUSS ROOT RESOLUTIONS

New Rule Relative to Use of Submarine—Statement by Sir Robert Borden.

(Canadian Press.) Washington, Dec. 30.—Decision on the proposal to outlaw entirely the use of submarines against merchant craft was awaited today from three of the five powers—France, Italy and Japan—when the naval committee of the arms conference resumed discussion of the second Root proposal for a new rule in international law to accomplish that purpose.

Formal approval of this proposal was given by Great Britain yesterday during its brief consideration which followed agreement in principle by all the powers to the first article of the Root resolutions reaffirming existing rules of naval warfare and their strict application to submarines operating against merchant craft.

A proposal to prohibit submarine operations against merchant vessels went over for further committee discussion today with a proposed amendment by the British delegates whereby the five powers would agree finally among themselves to such prohibition without awaiting world assent to such a proposal.

The amendment was offered after the suggestion had been accepted by Sir Root as author of the resolutions, and the discussion ended for the day at that point without any expression of the French and Japanese delegates on the proposal or by delegates of the other powers.

As adopted in substance by the naval committee and sent to sub-committee for final drafting, the first Root proposal sets out anew the rules of visit and search that belligerent craft must observe in operating commercial vessels, and couples with this the declaration that submarines must be governed by these rules.

The resolution was to be valued, Secretary Hughes declared during its discussion, as a reminder to any of the signatory nations between whom future differences might arise "that the weapons which they possessed were not as in the past to be used without reference to the laws of God and man."

Washington, Dec. 30.—Sir Robert Borden this morning declared himself confident that the naval conference would be highly satisfactory to the civilized world.

The Root resolution may be divided into three sections. The first declares it to be unlawful for any submarine to fire upon a merchant vessel without first calling upon said vessel to surrender, or to sink such vessel without first landing the crew and passengers in a place of safety. The second section declares that it is "obviously" impossible for a submarine to comply with such rules. It shall be unlawful for the undersea craft to attack merchant vessels. The third section declares that "any submarine commander violating these rules may be hanged as a pirate by any country having him in custody. An amendment suggested by Mr. Balfour pledges the five great naval powers to refrain from using the submarine as an offensive weapon at least in the event of any war between themselves."

BY-ELECTIONS CALLED SOON

Some Question About Alberta Seat for Stewart.

Hon. Robert Rogers or Sir George Perley May be Candidate for Place in Quebec Vacated by Death of P. R. McGibbon.

(Special to The Times.) Ottawa, Dec. 30.—Ministerial by-elections will probably be called at an early date. Hon. Charles Stewart will go west on Saturday, and it is expected that James Murdock will also be going to Toronto in a few days. It is not expected that by-elections for the ministers who already have seats will be delayed until these are provided for.

(Canadian Press.) Calgary, Dec. 30.—Hon. Charles Stewart, former premier of Alberta and now minister of the interior in the King cabinet, will not find a seat in Alberta so it was said last night.

It is understood that several Progressives have been spoken to and offered the seat in Alberta, notably W. T. Lucas of Victoria riding, Mr. Stewart's home riding, but none agreed to do so. Even should they agree, which is a matter for the farmers' party in the riding to determine, there could be no guarantee given that the farmers party might not nominate one to run against the minister.

Rogers or Perley. Montreal, Dec. 30.—Hon. Robert Rogers, former dominion minister of public works and Sir George Perley, Canadian High Commissioner in London, are talked of as responsible candidates here as possible Conservative candidates for the federal by-election in Argenteuil County caused by the death of P. R. McGibbon, Liberal member for the constituency.

Hon. Mr. Rogers was born in the constituency. He has written that he will arrive in Montreal next week and close friends here declare he would be willing to become a candidate.

Sir George Perley has already represented Argenteuil County during his career in the House of Commons and many Conservatives here entertain the belief that he will again seek political honors. He is at present on his way back to Canada with the intention, it is understood, of resigning as high commissioner.

At least five local names are mentioned prominently as likely to contest the seat in the Liberal interest.

UNITED CANADIANS New Order is M-king Progress in West

Winnipeg, Dec. 30.—The formation of a chapter of the United Order of Canadians of the Dominion of Canada is now under way in Manitoba, and many prominent citizens of Winnipeg have identified themselves with the new organization in making application for a provincial charter.

The organization was first formed in Regina, a federal charter being obtained last September. The aims are set forth as: "To improve the social, intellectual and moral conditions of the members of the society and to educate them in integrity, sobriety and frugality and to give all moral and material aid in their power to its members and those dependent upon them."

The prospectus of the new order says:

WORK FOR FOUR

A lumber operator who is cutting about ten miles from the city called at the mayor's office this morning to get three men and a cook to go into the woods with him immediately. The crew will be furnished this afternoon.

CONFERENCE FOR PURITY

Rev. T. Albert Moore Chosen First Vice-president—Some Things That are Condemned.

Chicago, Dec. 30.—Rev. T. Albert Moore of Toronto, was elected first vice-president of the International Purity Conference here yesterday. B. B. Steadwell of Lacrosse, Wis., was chosen president.

Traveling carnivals were condemned by the conference as the means of spreading gambling and vice throughout small towns and legalized immorality "carried on under the protection of the marriage vow," was denounced. Sensational shows "for men only" were attacked by Miss Sangers of Philadelphia, who said that they were patronized by a "famous, thoughtless, mean and boys who cannot stand the taunt of the Barker that they are molluscoids."

"We believe that a United Canadian Brotherhood promoting the aims and objects of the order will assist in solving the social, economic and national problems of the Dominion of Canada."

SMUTS CALLS ON COAL MINERS TO ACCEPT A CUT

London, Dec. 30.—(Canadian Press)—General Smuts, premier of the South African Union, has issued a manifesto, says a Reuters' despatch from Pretoria, in which he asks the coal miners to accept a reduction of wages.

"We believe that a United Canadian Brotherhood promoting the aims and objects of the order will assist in solving the social, economic and national problems of the Dominion of Canada."

HUSKY OLD GENERAL TAKES ON STIFF TASK
 Plans to Climb Mount Everest at Fifty-five Years.

London, Dec. 30. — Brigadier-General Charles Grayville Bruce, who, despite his fifty-five years, has accepted the leadership of next year's ascent of Mount Everest, is a man of remarkable attainments. He was shot through both legs in Gallipoli, and, as he himself describes the event, "he roiled down the hill like a shot rabbit," but, being an irrepressible optimist, he recovered.

has commanded a Gurkha regiment for years. His passion has always been mountaineering. More than once he brought one of his Gurkhas home with him. One he took with him to Switzerland, where the Gurkha's uncanny skill in scrambling up impossible places produced great shaking of heads among the Swiss guides who had never before seen anything like it. Should he be compelled to leave the final peak to younger men, his vigor and thoroughness as an organizer, and his experience as a leader of men, will be invaluable, his friends say.

RECENT ARRESTS IN CALCUTTA, 3,500

(Canadian Press Despatch)
 London, Dec. 29.—It was officially stated today that the importation of disorderly elements into Calcutta on Dec. 23 to enforce the "hartal" by terrorizing shopkeepers resulted in 600 arrests for obstruction and on other charges of disorderly conduct.

Arrests in Calcutta for similar reasons during the last six weeks have totalled 8,500, according to the statement. It was also stated that there were no signs of the "hartal" on Dec. 23 throughout the greater part of the city, and on subsequent days of the Prince of Wales' visit the crowds were both enormous and enthusiastic, denoting the absolute failure of the non-co-operationists' efforts to halt all festivities. It was added that, as a result of this failure, Mahatma Gandhi and his followers had been greatly discredited.

SAY THAT DEATH WAS ACCIDENTAL

Jury at Inquest Makes Recommendation Regarding Coasting on Streets.

The inquest into the death of Charles Atkinson, aged five, who was being run over by a car driven by John R. Nugent, was held last night in the court rooms by Coroner Porter. Two witnesses were present.

Atkinson, father of the little boy, said he had given him permission Monday to go to the rink to see the skating. A short time later he saw his boy collecting, and rushed over to find him in the arms of Dr. Nugent. They were on the sidewalk, where it was discovered that he was coasting.

into the death of Charles Edward Atkinson, find that his death was caused by a fracture of the skull from being run over by an automobile driven by Dr. Nugent, of St. John, while he was coasting at the corner of Richey street and City road, in the city of St. John. We do find that this is one of the unfortunate accidents where no blame can be attached to any one.

(Signed) Herbert J. Keyes, foreman; D. J. Stockford, W. V. Hatfield, Francis MacBriarty, William Wheaton, J. R. Parsons and J. J. Merryfield.

The recommendation was as follows: "This jury thoroughly realizes the necessity for outdoor sport and pleasure in the lives of the children of our city, but feel that steps should be taken both by the civic authorities and by the parents of children to see that only such hills are used for coasting as do not cross main thoroughfares. We further feel that the intersections of all streets used for coasting should be provided

A PLEASANT EVENT.

That was a very delightful affair at Bond's last evening when members of the Ad. Club, the Retail Merchants' Association, and past and present members of the newspaper staffs met to spend a parting glass and pay their tribute to his worth.

IMMIGRATION

The western provinces are very deeply interested in the question of immigration. They would like to see an influx of settlers such as occurred in the years just before the war.

WHAT AN OUTRAGE OF GOD DOES IN LABOR MARKET

Birmingham, Eng., Dec. 30.—An ounce of gold purchases 17.22 hours of labor in the United States; 60.16 hours in Britain; 86.50 hours in Japan; 117.31 hours in France; and 201.66 hours in Germany, said C. J. Hannan, member of Parliament for the Moseley division of Birmingham, quoting statistics in the course of an address to the members of the National Union of Manufacturers here.

Trees are formed of three parts—the roots, the parent stem or trunk, and the diuca a number of valuable planks in proportion to its diameter.

where the limb of the tree was growing because the limb had its beginning in the heart of the trunk, drawing its tenance directly from the general stock of supply.

The hardness of knots is due to the fact that more strength is required to pull apart the knots than to pull apart the wood of the tree.

CHILD GOING TO SEE BIG TREE IS KILLED BY CAR

Fearing Trolley Would Pass, Little Girl Ran From Mother to 'Flag' It. (New York Times) Fear that the trolley car would speed past and not take her down to Military Park to Newark to see the wonderful tree she had heard was there caused Catherine Kenna, 8 years old, to try to 'flag' the car last night.

WOMAN BEATEN WITH AXE

Hundreds Chase Suspect, Who escapes; Husband Accused. (New York Times) Hundreds of persons chased a man last night who they believed had attacked Mrs. Annie Giles, 38 years old, with an axe in an altercation in her apartment at 315 West Forty-first Street. She was taken to the Bellevue Hospital by Dr. Ogden. The assailant escaped.

IN THE CIRCUIT COURT, YESTERDAY AFTERNOON, THE TRIAL OF GEORGE V. PARKER, CHARGED WITH RECEIVING TEN PAIRS OF BOOTS FROM THE C. P. R., WAS CONTINUED.

Detective Biddiscombe, R. C. McLennan, C. P. R. official at Fredericton, and G. F. Costello of the C. P. R. investigating department, gave evidence. The defence called Peter Bailey, assistant in the accused's barber shop, who swore that two men came to the shop and asked Parker to buy boots. The accused was also on the stand. He denied parts of Arbo's evidence, which was given in the morning, relative to the price paid, and also to the fact that they came to him in three bags.

The New Ministry At Ottawa is Sworn In

Hon. W. L. Mackenzie King and Eighteen Cabinet Members Take Oath of Office—Number of Portfolios Reduced—Hon. Mr. Lemieux Declines Office—Three Reforms Carried Out.

Ottawa, Ont., Dec. 29.—When Hon. W. L. Mackenzie King was sworn in as prime minister of Canada between 3 and 4 o'clock this afternoon, along with eighteen Liberals as cabinet ministers, there were inaugurated at the very outset three important reforms...

Even the prairie provinces about which alone there were fears on account of the decision of the Progressive legislators and administrators in the persons of ex-Premier Charles Stewart of Alberta and Hon. W. R. Motherwell, ex-minister of Agriculture of Saskatchewan...

Seeking No Shelter in Senate.

The second of these reforms is that government from the shelter of the senate is now denied a thing of the past. The late government had to use that asylum for ministers that would have had difficulty in securing election.

The third reform already established in the formation of the new government is the reduction in the number of ministers and the organization of some of the departments in the process.

A forward step has been made in combining in one department of national defence the departments of militia, naval service, air force and probably mounted police.

The British system of having as parliamentary under-secretaries able men in the House of Commons will be followed.

The Representation by provinces. The cabinet slate as officially announced is as follows:

- Nova Scotia. Hon. William Stevens Fielding, L.L.B., D.C.L.—Minister of Finance. Hon. Daniel Duncan McKenzie—Minister without portfolio and Solicitor General.

- Quebec. Hon. Raoul Dandurand, L.L.D., K.C.—Minister without portfolio. Hon. Henri Severin Beland, B.A., M.D.—Minister of Soldiers' Re-establishment and Minister in charge of the Department of Health.

- Ontario. Hon. William Lyon Mackenzie King, C.M.G., M.A., LL.D.—Prime minister, secretary of state for external affairs, minister of the privy council.

- British Columbia. Hon. Hewitt Bostock, M.A.—Minister of public works, to be succeeded by Hon. Dr. J. H. King.

The question of securing a seat for Hon. Charles Stewart will be an early duty of the new government. Though his government was defeated in the recent Alberta election by the Farmers, the latter always stated that they had no fault to find with what the Stewart government had done, and it is related that afterwards Hon. Mr. Stewart was approached by the Progressive members to ascertain if he would lead them.

was one of the chief factors in the last election in reminding the electorate of the autocratic class government from which Canada has just freed herself.

RALPH H. WATTS GUEST OF HONOR AT FAREWELL DINNER

Abundant evidence of the warm regard and high esteem in which Ralph H. Watts, advertising manager of The Telegraph and Times newspapers, is held by the business community of St. John was evidenced at the complimentary dinner last evening at Bond's tendered jointly by the Retail Merchants' Association and the St. John Advertising Club to the St. John Advertiser.

His Worship Mayor Schofield in reply to the toast to the city said he was pleased to be present to do honor to the guest of the evening. He hoped that Mr. Watts would win in his new territory the confidence he had won here.

RALPH H. WATTS.

Mr. Watts, who will leave St. John next week to take a position in the advertising staff of the New Haven Evening Register.

In address of marked ability, men prominent in the business, newspaper and advertising circles of St. John paid tribute to the sterling qualities of the guest of honor and while regretting his departure, predicted success for him in his new field.

Following this Mr. Macaulay said that it would be a surprise to most of the audience that Mr. Watts was going back to the land of his birth.

Speaking as joint chairman with Mr. Macaulay, F. A. Dykeman on proposing the toast to "Our Guest" said Mr. Watts was a reserved and retiring young man of business who would not let advertising was his work.

T. F. Drummond paid a tribute to Mr. Watts' interest in both the Retail Merchants' Association and in the Advertising Club. He had given great service both to his employers and to the business community of the city.

HOW THE CABINET STANDS

Ottawa, Dec. 29.—(Special)—For the benefit of the curious it may be said that the new King cabinet contains seven Catholics and twelve Protestants.

OTTAWA ELECTRIC

Ottawa, Dec. 30.—Declaring that the Ottawa Electric Railway was the best paying street railway on the continent, the people of Ottawa who had an option on the property could now buy the railway for what it was worth, or let the opportunity go by, J. A. Ellis, member of the Ontario Railway and Municipal Board, former mayor and treasurer of the city, speaking here submitted facts and figures in favor of the application of the principle of municipal ownership.

Mr. Ellis contended that the railway could be operated as successfully under municipal ownership as the municipal lighting plant. Such a sound proposition was the city lighting plant today, he said, was prepared to offer to secure it. Mr. Ellis also stated that he was prepared to make an offer of one million dollars in excess of the arbitration price for the Ottawa Electric Railway. Ellis, he said, did not have that much money, but a man whom he regarded as Canada's greatest financier, would pay that much money to get hold of the local street railway.

BANK BANDITS KILL TWO AND WOUND A THIRD

Shoot Bank Cashier and Clerk Through the Head—One of Robbers Wounded as They Get No Loot.

Pearl River, N. Y., Dec. 29.—Four bandits shot and killed the assistant cashier and a clerk of the First National Bank here today and escaped in an automobile after wounding a railroad guard.

The bandits entered the bank during the lunch hour when the cashier was a sent and there were no customers in the building.

Both James B. Moore, assistant cashier, and Siegfried Butts, twenty-year-old clerk, were shot through the head and almost immediately Otto Miller, wounded by the holdup men when he ran toward them from his switchman's shop thirty yards from the bank, was taken to a hospital in Nyack.

A trail of blood, leading to the window of the bank building, then indicated that one of them was working. Attracted to the bank by the report of obtaining a \$7,000 payroll of Dexter Forder Company plant across street, the robbers, without any pretenses, began shooting.

Investigation showed the robbers obtained nothing. The payroll had been taken to the factory before their arrival and the inner doors to the vaults were locked.

Sydney Young brought the programme to a close with a humorous reading which was followed by the singing of "Save the King." The company dispersed after giving three cheers for Mr. Watts.

Business Meeting Follows. The regular monthly meeting of the St. John Advertising Club was held in Bond's last evening after the complimentary banquet to Ralph Watts, with J. A. Macaulay, the president, in the chair.

Mr. Watts' unrelenting devotion to duty, his character and integrity were outstanding, said S. K. Smith in rising to propose the toast to "Our Country."

LOCAL NEWS

H. A. Powell, K. C., has recently returned from a meeting of the International Joint Commission in Washington. The commission has been preparing a report for the Canadian and United States government.

Robert Carson, formerly a hothead in No. 5 company, has been appointed district engineer for the northern division of the fire department. The position was made vacant by the death of Charles Brown.

A fire which broke out about midnight last night in a house at 487 Main street, owned by Robert Carson, caused a damage of about \$200. It was believed to have been started by defective fuse. The quick work of the fire department soon had the flames under control. The house was occupied by John Wilkins and a McGinnis family.

Edward McGrath was before the magistrate yesterday afternoon, charged with having liquor in his possession other than in his private dwelling. He pleaded not guilty to the charge. Inspector Henderson told of finding the part bottle of liquor in the toilet of the Player's Cafe, Prince Edward street. Inspector Killen corroborated the evidence of Henderson. The magistrate postponed the case and remanded the prisoner.

S. AFRICA MAY BAN AIRPLANE DODGERS
Claim Propaganda Fluttering Down Lures Children Under Horses' Feet

London, Dec. 29—The Daily News says: "We may be a stupid people, but we are under no delusion as to what is meant by the refusal of France to limit either the number or size of submarines and her claim to become the greatest submarine power in the world."
"It seems to us to be of grave significance that a French military journal, supposed to be in closest touch with the French Admiralty, has not only been asserting the offensive importance of underwater vessels, but been openly urging Germany's full and unfeigned use of submarines as a means to final victory."
"Could anything be plainer than the implication of these two statements?"
"Yet should the liberties of France ever be directly threatened again by a military power she would have to depend for her communications not on her submarines, even though she might possess them by the hundred, but on the many thousands of British small craft which have already saved her from destruction and enabled British and American armies to come victoriously to her supply."
"It is impossible, therefore, to resist the conclusion that her demands both as to sea and land are part of an insidious plot to dominate the politics of Europe with the permanent backing of an immense force."

CHRISTMAS TREE CANDLE CAUSES \$1200 HOUSE FIRE
(Toronto Mail and Empire)

Approximately \$1,200 damage was done to the home of August Ingley, 271 Victoria street, when a Christmas tree caught fire while a boy was lighting a candle on it. The firemen were called to the scene and had quite a time extinguishing the fire. The damage to the building was \$200 and to the contents \$1,000.

WANT VETERANS RETAINED.
A. L. Machum, secretary of the St. John branch of the G. W. V. A., last night received a telegram from Secretary MacNeill of the Dominion command of the G. W. V. A., saying that the Dominion command had presented a petition to the government asking that returned soldiers who have been temporarily employed in the post offices of the Dominion and who are due to be laid off at the end of the year, may be retained until spring in view of the present conditions of unemployment and of the fact that most of the men affected are married and have other dependents to support.

TREAT FOR BOYS CLUBS.
A fine treat for the combined membership of the East End Boys' Club and the South End Boys' Club was given last night at the Y. M. C. A. and, with about 160 boys present, there was no silence noticeable or much stillness. The boys enjoyed every second of the three hours spent at the "Y." First came motion pictures of the best possible kind for boys, then group games and gymnastic stunts, next a shower bath and a swim. Last, but not least, came a grand treat served by the ladies' auxiliary, with Mrs. F. A. Dykeman, Mrs. Milton Smith and Mrs. James Christie in charge, assisted by Mrs. T. H. Somerville, Mrs. T. H. Carter, Mrs. Frank White, Mrs. R. E. Plampton and Mrs. J. S. Frost. Miss E. Heffer and Walter Evans were in charge of the South End boys and the instructor of the South End boys was in charge of them.

Helps to Warmth and Comfort
 Coal Hods a bit worse for wear? Much better to replace the worn ones, particularly if, in addition to using them for coal you also use them for ashes, which, especially when hot, often fall through, and might be the cause of fire. Galvanized Coal Hods are best and cheapest in the end; but we can also supply you with the ordinary black coal hods.
Daisy Rotary Ash Sifters
 are convenient, much safer, cleaner and easier to work with. But we also have the regular barrel-head ash sieve. Also Fire Shovels, Coal Shovels, Fire Irons, Pokers and Hearth Brushes, which you'll find in our HOUSEHOLD DEPT. Street Floor.

FED THIRTY-NINE.
The Salvation Army People's Palace report that thirty-nine men were served with soup, bread and coffee this morning in connection with the soup kitchen opened there yesterday.

PROBATE COURT.
In the probate court in the matter of the estate of Amelia Jane Mosher, personality \$1,033.36, Fred J. Elkin was granted probate ancillary to probated granted Agnes A. C. Brad in Middlesex County, Mass. J. M. Trueman was proctor.

TO JURY TODAY.
The case of George V. Parker which has been before the Circuit Court since yesterday will go to the jury this afternoon. Evidence was completed this morning, practically the same as already published, and counsel addressed the jury just before adjournment for lunch. W. M. Ryan appeared for the Crown and D. Mullin, K.C., for the defendant.

A COLD DAY.
The mercury took another slump during the night and early this morning registered two degrees below zero. The change came suddenly and the cold was penetrating with a strong easterly gale blowing, ranging in velocity from thirty-four to thirty-eight miles an hour. At noon today the zero mark was reached.

NICELY ENTERTAINED.
The office staff of the Furness, Withy Company Limited, were pleasantly entertained by Arnold Martinson, marine superintendent of the company, at his home last evening. During the evening bridge and dancing were enjoyed and pleasing musical numbers were given. Refreshments were served. D. W. Ledingham, manager of the company, thanked the host on behalf of the staff, for the pleasant time which had been given them.

PROGRESSIVE WHIST.
An old English whist drive was held at the home of Mr. and Mrs. Thomas Draycott last evening. One marked feature was that, scores being not being obtainable in the city, they were got direct from England and each card had a verse of Shakespeare. "How shall we beguile the time of not with some delight." Mr. Draycott was M. C., and twenty friends took part in the game. The lucky winners were: Ladies, first, Mrs. Charles Nickson, 145 points; gentlemen, Best Nickson, 147 points; consolation, Mrs. W. White, 113 points; Frank Hopkins, 106 points. Parlor games were enjoyed by those not playing whist, and it being an old English custom to keep Christmas for one week and share the table with friends, a pork pie supper brought a pleasant evening to a close. Best wishes for the coming year were extended to all.

IN BANKRUPTCY COURT.
In the Bankruptcy Court this morning before Chief Justice McKeown, a petition of H. J. Colpitts was dealt with, concerning a claim for wages and expenses alleged owing and incurred while the petitioner was working for Richard A. Stockton of Pettaucodiac. Mr. Stockton, it was said, assigned to the petitioner credit men's trust association, and among the claims was \$250 for wages and \$128 for expenses by Mrs. Colpitts. The Chief Justice heard the evidence and allowed \$218.66 for wages and reserved judgment on the matter of expenses until tomorrow. The reason given for the petition was that the trustee had disallowed the claim of the petitioner. J. F. H. Fox appeared for the plaintiff and T. C. Rice for the trustee.

DEATH OF JAMES ELLIOTT.
The death of James Elliott occurred early this morning at the residence of Dr. R. G. Day, Duke street, West End. He was a well known resident of the city, as he carried on blacksmithing and anchor smith business in Nelson street for many years. Of late years he was a member of the firm of James Elliott & Son, on North Wharf. Mr. Elliott was a prominent member of the Masonic Fraternity and Grand Master for years and was greatly esteemed by a large number of friends in the city. He is survived by one daughter, Mrs. H. S. Day, of Strathcona, Alberta; and one brother, R. A. Elliott, of Fort William, Ont. A son, Captain Frank Elliott, died about three years ago at the Military Hospital, St. James street. Mr. Elliott was seventy-eight years old. Many friends will be sorry to learn of his death.

TO BE CATTLE INSPECTOR HERE.
J. M. Martin, inspector of tackle for the department of Marine and Fisheries at this port, received notice this morning of his appointment as cattle inspector for the port of St. John. His duties will be to see that cattle passing through the port are quarantined properly in the sheds, with a sufficient supply of food and water, etc. Mr. Martin also retains his position as inspector of tackle. He is a returned soldier.

FOR THE HUNGRY LITTLE ONES.
To the Editor of The Times:
Sir—I beg for a little space in your valuable paper for a few words on behalf of the needy families of the North End of St. John who, I know are in great need at this time. Many men in the city would be only too willing to work for the sake of their little children, but even with work scarce there is no need why their little ones should go hungry if each of us would join hands in even our weak way to do what can be done. Some of us who visit these homes know what it means to see children almost starving in a city where there is plenty. Thanking you for your space in this paper and trusting these few lines will touch the hearts of the people of St. John, that they shall wake up to the fact that little children are going hungry where something could be done to avoid this.
I remain yours respectfully,
CAMILLA WELLINGTON,
81 Portland Street,
St. John, Dec. 30, 1921.

LARGE SUM TO FARMERS IN THE MOTHERLAND.
London, Dec. 30.—(Canadian Press). Under the corn production repeal act, the government will pay ten million pounds to farmers on next Monday morning. More than 100,000 claims for compensation under the act have been received. The act abolished some war-time measures and guaranteed the farmers four and three pounds an acre respectively for oats and wheat raised in 1921.

Let the Eureka Vacuum Cleaner Clean Up the After-Xmas Muss!
 Mother, invest your Christmas money in a Eureka Vacuum Cleaner. The muss after Christmas calls for careful cleaning of carpet etc., and the old method of brooming away the dust and pine needles is never fully satisfactory. The Eureka Cleaner will last a lifetime and will give an all-year round service. It will save many hours of tiresome exertion and many families in St. John are loud in their praise of the Eureka as a quick and positive cleaner.
 It is equipped with the most powerful motor in any Vacuum Cleaner made and the several attachments seek out the dirt and dust from the most inaccessible corners.
 Come in and let us explain in complete detail the wonders of this powerful household assistant.
