

CITIZENS GIVE GENEROUSLY

To Place Thursday's Drive Over the Top, \$25,000 is the Objective. The Charlottetown Rotary Club Has Challenged President Patterson. Rotarian Workers to Dine at the Citadel This Evening

- Below will be found just a few preliminary subscriptions handed in at the Rotary Executive meeting last evening. A continuation of this giving today, together with the drive tomorrow and the so-called supplementary drive or tag day Saturday, will, it is hoped, bring the \$25,000 desired. But it will require every possible exertion on the part of all interested, and nothing will defeat the object quicker than overconfidence. The Rotarian workers will dine at the Citadel this evening and be given last minute instructions by Campaign Manager Lease. All the collectors, both men and women, are to report tomorrow morning at 8:40 at the Salvation Army Headquarters, 64 Prince William street, and will be allotted their districts then.

GOOD THINGS COMING TO THEATRES OF ST. JOHN IMPERIAL TODAY

"The Way Out," one of the latest pictures in which June Elvidge and Carlyle Blackwell appear, will be shown at the Imperial theatre today only and all lovers of good screen entertainment are urged to see this surprising and entertaining attraction.

Carlyle Blackwell appears in the production in the role of Robert Barr, a young society girl who is in love with Barr. But Mrs. Thornton, Alice's mother, opposes the match. She wishes to see her daughter married to a foreigner with a title, so she decides to break off the match between Alice and Barr. But, being very shrewd, she sees about this affair skillfully, intriguing carefully to bring about the thing she desires.

Alice is taken abroad by Mrs. Thornton and there Alice meets Count Louis de Fontville, who is a French nobleman and agreeable. Eventually Alice is induced by her mother to marry the count. Then later the count and Barr meet on a battlefield in France and there Barr makes a big decision which vitally affects his future and his happiness. The big scene is superbly played by Mr. Blackwell. It is one of the best bits of acting he has ever done.

The whole production of "The Way Out" has been staged on a scale of splendor. It is a snappy, interesting, good story and you will enjoy it.

British Weekly and comedy picture also, The Ethel Barrymore picture "Our Mrs. McChesney," announced for today has been postponed for future dates. Tomorrow starts 20,000 Leagues Under the Sea.

AT THE OPERA HOUSE

The vaudeville programme at the Opera House for tonight, tomorrow afternoon and evening offers Leonard and Wright in a spectacular novelty, The Dancing Album; Frank King, Australian entertainer; Murphy and Nolan in a comedy song skit; Will Kramer in black-face comedy feature; Swift and Daley in a comedy musical novelty, and a good Vitaphone comedy picture. This evening at 7:30 and 9, tomorrow afternoon at 2:30. Popular prices.

"HER ONE MISTAKE"

Gladys Brockwell in her latest photoplay entitled "Her One Mistake" will be the attraction at the Star theatre tonight and Thursday. In this particular picture Miss Brockwell does the heaviest acting of her distinguished career. For the first two days of next week the Star's main attraction will be Mary Miles Minter in "The Eyes of Julia Deep."

BAPTISTS PROPOSE WEEK OF HUMILIATION AND PRAYER

Toronto, Jan. 22—Seven days of humiliation and prayer, March 2 to 9, are suggested by the Baptist church of eastern Canada as a preparation by the church for the work of taking advantage of the opportunities offered by the war.

Newspaper Enquiry Ended.

Ottawa, Jan. 22—After argument lasting nearly eleven days, the newspaper enquiry came to an end this morning and it now remains for the paper control tribunal to decide whether the price of newspaper in rolls to Canadian publishers should remain at the \$89 a ton fixed by Commissioner Pringle, be increased to \$90, or come down to \$85 as the publishers argue.

PRISON FOR TWO YEARS.

Ottawa, Jan. 22—Private T. St. Cyr, a young French-Canadian member of the second depot battalion here, was sentenced to life imprisonment by a court-martial yesterday but sentence was commuted to two years at hard labor. St. Cyr was drafted to the second depot battalion, but did not like army life and went to Calumet, where his home is, and was captured there by the military police.

FEEDING THE HUNGRY

Paris, Jan. 22—Proposals for the establishment of revictualling commissions at Trieste, Bucharest, Constantinople and in Poland were approved at yesterday's meeting of the inter-Allied supreme council of food supplies. Countries which can be reached from the Adriatic will be served from Trieste.

After receiving reports showing the situation to be critical in Poland, the council sent a telegram to Marshal Foch, asking him to take immediate measures, in accordance with the armistice, to ensure the transport of foodstuffs to the suffering populations by the way of Danzig. Steps were taken to supply food to Finland and to make certain that Germany carries out her undertaking to feed Russian prisoners of war.

THE PORTUGUESE REVOLUTION

Paris, Jan. 22—(Havas Agency)—Valencia, a small town on the Minho river, in northern Portugal, surrendered to the monarchists yesterday, according to advices from the vicinity.

London, Jan. 22—Portugal's monarchist revolution was begun and is being carried on without the support of foreign powers, according to Marquis de Soveral, former Portuguese minister to Great Britain. In an interview with the Associated Press, he said that "Manuel has done nothing to support or encourage the monarchist movement in Portugal. Throughout the war he has abstained entirely from politics and has asked all his followers to support whatever government was in power in Portugal."

Hiding Their Grain.

Warsaw, Jan. 22—(By the Associated Press)—Lithuanian peasants are hiding grain from the Bolsheviks, it is said in large pits dug in the clay soil.

MARINE NOTES.

The berkenstein T. H. MacDonald, which arrived here this morning from Metegan, N. S., is a new craft with 1,100 registered tonnage. She is owned by J. T. Knight & Co. and is to load for Buenos Aires. She is a four-master and was built by H. and J. S. Macdonald at Metegan. She was launched a few days ago. She is the largest vessel ever built on St. Mary's Bay and is said to be the largest wooden vessel built in Nova Scotia during the boom. She carries a fine spread of sails which were fitted by H. Holder of this city. The keel is 178 feet and is of black birch, 14" by 12" and keelson of Douglas fir 12" by 24". The dimensions are: Length, 190 feet on main deck from sides of stem to fore side of sternpost; width, 40 feet 2 inches over all; depth of hold, 19 feet. Nearly all the big timber used in her construction is of Douglas fir. Fitted with Robinson's patent steering gear, a 15 horse-power Fairbanks-Morse engine, patent capstan and power pumps, every possible endeavor has been made to make her handling comparatively easy.

The Iceland steamer Gullfoss arrived at Halifax on Monday from Reykjavik, Iceland, on New York. She put in to Halifax for bunker coal. The Gullfoss is at present operated by the Iceland government.

Captain Joseph P. Porter and the crew of nine of the British bark John, abandoned 150 miles southwest of Cape Race, Nfld. Sunday, were brought to Portland yesterday by the steamer Bayano. The bark was bound to St. John from Cadiz with a cargo of salt. She is of 848 gross tonnage. Most of the crew belonged to St. John.

DIVIDEND TO EXCEED 14 P. C.

Assurance Given at Annual Meeting of Bank of Nova Scotia. Halifax, N. S., Jan. 22—Assurances that the dividend of fourteen per cent now payable on the capital stock of the Bank of Nova Scotia would be increased in the near future, were given at the eighty-seventh annual meeting of the shareholders of the institution at the head office here this morning. The amount of the proposed increase was not specified. Application, it was decided, will be made to increase the authorized capital from \$10,000,000 to \$15,000,000. The Bank of Nova Scotia now has a paid up capital of \$8,500,000, but the proposed amalgamation with the Bank of Ottawa will provide the remaining authorization and the present application will provide for any further issues that may be deemed necessary.

The old directors were all re-elected and Charles Archibald was re-elected president and G. S. Campbell and J. Walter Allison vice-presidents.

The proposed amalgamation with the Bank of Ottawa had been ratified at a previous meeting of the directors. At the shareholders' meeting satisfaction was generally expressed over the projected merger.

Now Lieut.-Col. Bosworth. Samuel Bosworth, son of G. M. Bosworth, president of the C. P. O. S. S., received his promotion from the rank of major to that of lieutenant-colonel recently. Lieut.-Colonel Bosworth married Miss Phyllis Sears, formerly of this city.

GERMANY AND THE POLES

Amsterdam, Jan. 22—In reply to a British note regarding the German government's refusal from further promotion of the Polish population in East and West Prussia, Posen and Silesia, the German government, according to a despatch from Berlin, expresses agreement with Great Britain that the future of the German eastern frontiers depends upon the peace conference. The German note declares that Germany has done everything to redress Polish grievances and accuses the Poles of continually provoking the Germans.

Beyond the Reach of Your Creditors

Suppose you should die to-morrow and your executors were called upon to wind up your estate, what would be left for your wife and family?

Precious little, perhaps. But if you hold an Imperial life policy made payable to your wife, and you should die hopefully in debt, your creditors couldn't touch the life insurance money. That would go intact to your widow.

You never knew that? Well, there's a whole host of other features of Imperial life policies equally attractive.

Write for our booklet, "A Few Facts." It's full of interesting information about the advantages of Imperial Policies—and it's free.

REV. PETER BRYCE ON PENSIONS FOR MOTHERS

(Toronto Star.)

The need of pensions for mothers under the supervision of the provincial government was discussed by Rev. Peter Bryce of the Earlscourt Methodist church at a meeting in the Open Forum, College street, yesterday afternoon.

Mr. Bryce said he believed that the function of the government had expanded very much, it was social and constructive rather than political. "The government had acknowledged that it should provide schools, asylums, hospitals, for the people, and it should also provide adequate housing," he said. "Social reconstruction should involve building up of the highest standard of moral and social influence."

He said that the mother was a home maker, and could not be a home maker unless she was a bread winner at the same time. There were two main dependencies; the incapacity of the bread winner and widowhood.

He said he hoped that every school in Canada would some day have medical attention for every child so that the training of the child should be helped. Poor housing is one of the great drawbacks to working efficiency. There should be adequate living space for every one. Many men, immigrants, had been brought to this country, when they would have been better off in their own. Much more money should be spent by the government to help the immigrant during the first year of his new existence.

A NEW RELIGION AFTER THE WAR

(Toronto Globe.)

"The shortcomings of the church during the war" were brought before the attention of a commission of seven should be appointed, and is to be known as the Children's Aid Commission of Ontario.

"These, among other proposals, have been drawn up by a committee which we are going to present to the government. We must grant to them only adequate help to make these widows and their children happy, and I ask you who are here to use your help so that we may gain our objective."

"Unless we are content to drift back into another cataclysm of disaster, there must, he claimed, be in some measure a new religion after the war.

A TIME FOR OPTIMISM.  
This is a very good time for the people to display a cheerful optimism, and to shun the mournful citizen who sees nothing but trouble ahead.

The people of Canada are not asked to give a million dollars to the Salvation Army. They are asked to use that great organization as their agent to spend a million dollars for the benefit of soldiers and dependents of soldiers.

HARTLAND, VICTORIA COUNTY.  
The Standard this morning begins a long editorial as follows:  
"The Observer, a staunch Liberal newspaper, published at Hartland, Victoria county, by Fred H. Stevens, is disappointed in the Foster administration."

It appears that the Hartland Observer, which is trying to fill the place of the defunct Victoria County News, and get business and subscribers in Victoria county, has been grieved by some alleged remarks by Premier Foster.

Let this optimistic spirit prevail. We will be the better able to face the conditions and make the best of them.

GOOD THINGS IN STORE.  
The more one studies the Standard's reviews of Foster government finances the more poignant is the regret that the Standard does not make a survey of the Fleming-Clarke-Murray period in provincial history.

HEALTH MATTERS.  
The municipal council gave Hon. Dr. Roberts a kindly reception yesterday and passed the increased estimates for the board of health.

UNDERPAID PROFESSIONS.  
The Baptists of Ontario and Quebec in convention are informed that 117 pastors receive stipends of less than \$900 a year apiece.

Just what are the demands of British seamen?  
"At the meeting in Albert Hall we seamen pledged ourselves to the following:  
"1. The German boycott.  
"2. To punish the Huns one month of boycott for every crime committed on the high seas (a total of over nine years).  
"3. Not to carry in future any Germans on British ships, and absolutely to decline to carry any food or raw material to Germany until we are satisfied that reparation has been made for the terrible and cold-blooded murders committed by the Huns on the high seas.

Strated and Parboiled.  
"This is not merely a question of reparation from the monetary standpoint, but we are determined that the Huns shall be strafed and parboiled before we will touch them.

THEIR DEMANDS.  
"We laid our demands before Lloyd George and Balfour, but we don't trust the politicians. We are determined not to break our boycott pledge and if we carried food to Germany now we would be breaking it."

**ST. JOHN'S GREATEST MERCANTILE EVENT**

Still Four Days in Which to Take Advantage of This.

The Oak Hall 80th anniversary sale, conceded to be St. John's greatest mercantile event for this month, comes to a close at 10 o'clock on Saturday night, leaving only four days for people to take advantage of the substantial reductions that this firm is now offering.

Of course it is well known that at this anniversary sale Oak Hall offers everything at a reduced price, nothing is held back, and it is also well known that Oak Hall carries only a high standard of merchandise which is positively guaranteed by them in every way, so that an opportunity to procure big reductions on such recognized merchandise is not to be lightly ignored.

Hundreds of people have visited Oak Hall since the event started, many of them for the first time, and one and all have gone away highly gratified, not only with the merchandise bought at real money-saving prices, but also with the high-class service given by this progressive store and the ease with which real shopping could be done.

New stock is being placed on the tables every morning so that the latest new day possibilities as did the first few days. But the time is now short, for those who are desirous of economizing on wearing apparel quick decision is necessary or Saturday will have gone by and with it, this big opportunity.

Food Board Flashes

Do you know—That every bit of uneaten cereal can be used to thicken soups, stews or gravies?

That stale bread can be used as the basis for many attractive meat dishes, hot breads and desserts?

That every drop of skimmed or whole milk contains valuable nourishment?

That every bit of meat and fish can be combined with cereals or vegetables in making meat cakes, meat or fish pies, and that it serves to add flavor to prepared dishes?

That every spoonful of left-over gravy can be used in soups and sauces or as flavoring for meat pies, croquettes and vegetables?

That careless paring of potatoes or fruits often results in the waste of as much as 20 per cent of their food material?

**THRIFT RECIPES**

**CABBAGE AND TOMATO.**

Five cups shredded cabbage. Three cups of water. Half cup strained tomatoes. Salt, pepper and onion to taste. Cook the shredded cabbage in boiling water for fifteen minutes and drain. Add the tomato. Then cook the tomato, sea-sonings and onions for about one-half hour. Add more water if necessary and cook so that the cabbage will be nearly dry when it is tender. Serve very hot.

**BRITISH SHIPS TO CARRY U. S. TROOPS**

New York, Jan. 22.—Nine British vessels with a total carrying capacity of 27,700 men have been placed at the disposal of the American government for the transportation of troops home. These vessels are the Caronia, Adriatic, Minnetanka, Celtic, Canopic, Saxonia, Panonia, Cedric and Orca.

In addition, it is announced, the Olympic, Mauritania and Aquitania, three of the largest British troopships, will bring additional American troops home during February.

**GOVERNMENT TO BUILD HALF MILLION HOUSES**

London, Jan. 22.—Regarding the government's building programme of 500,000 houses, Sir Eric Geddes declared that 160,000 had already been arranged for on financial terms agreeable both to the local authorities and the local government board, and it was hoped that the remaining 340,000 would come along very fast. It was anticipated that these houses would cause a great deal of competition in subsidiary trades, such as house furnishing and fitting, and Sir Eric hoped that they would be able to assist in the reconstruction of national industrial life.

The wedding of George W. Slocum, of Waterborough, Queens county, for many years a resident of St. John, and Miss Annie E. Guntor, of Springfield, was solemnized in Boabec, Charlotte county, on Saturday. The ceremony was performed by Rev. Thomas Hicks of St. Andrews.

#### SCHOOL BUILDING COMMUNITY CENTRE

Illustration by South End Improvement League Last Evening

In King Edward School

To Develop Speed Skaters—May Have Band—Next Spring's Plans—Serious Discussion of Problems of the City

King Edward school assembly hall was a real community centre last evening. At eight o'clock Chairman C. M. Lingley looked benevolently down upon an assembly of young and old folk that almost filled the large hall, and as the evening progressed they grew more and more interested in the fine programme and the work of the South End Improvement League.

A group of boys from the Higgins Institution, with Mr. Pearce at the piano, opened the proceedings with the chorus, "The Great Red Dawn is Shining." This was followed by a solo by Miss Nora Powers, who was heartily encouraged by the audience. Under difficulties, was presented by Miss Betty Pearce and Tom and Rosalind Davis, and heartily enjoyed

#### AUCTIONS

Columbia Gramophone, Wm. Dress, Sewing Machine, Happy Thought Range, Iron and Brass Beds, Parlor Furniture, Set Dishes, China Cabinet, Table and Chairs, Carpet, Linoleum, Bedding, etc., at residence.

I am instructed to sell at residence No. 72 Waterloo street rear, on Tuesday morning, January 21, at 10 o'clock, contents of flat, consisting of above goods. Furniture almost new and in splendid condition.

F. L. POTTS, Auctioneer.

A solo by Mrs. Harris brought an insistent encore.

Commissioner Jones spoke briefly, praising the work of the South End Improvement League. He said he felt there should be an occasional band concert at the new skating rink. He also foresaw the time when boating in Courtenay Bay would be added to the baseball and other summer activities at the playground. He pledged himself to support the League in its work, and was heartily applauded.

Master Willie Currie, whose violin playing delighted the audience at a previous entertainment, played a solo, and then another. The dialogue "Taking the Census" was cleverly presented by Marjorie Pearce, Tom Davis, Frank Phillips, Ronald Davis and Walter Winter. The Wiggins boys sang "The Red, White and Blue," while a collection was taken and then led by Betty Pearce, they gave a remarkably fine exhibition of physical exercises. The cleverness and fine training of these bright faced lads was a subject of general praise, and they received much hearty applause.

Chairman Lingley spoke briefly on the work of the League and its plans, pointing out that it hoped to enlarge the playground next year and provide for the girls as well as the boys. He hoped also to see something done for the fast skaters at the rink. With regard to these

#### Swiss Premier Is Greeted in Paris

Paris, Jan. 21.—Gustav Ador, president of the Swiss Federation, arrived in Paris today. He was met at the station by President Poincaré and accorded the military honors usual in case of reception to a government's head. The Swiss president was warmly received by the crowd that had gathered, which gave him an ovation as he left the station.

**MR. GRAHAM'S STAND.**

Toronto, Jan. 21.—With a clear call to Liberals, as Liberals, to enter the political arena again, and with a declaration that he believed in party government for the Dominion of Canada, Hon. George P. Graham, former minister of railways, made a speech in St. George's Hall here tonight in connection with the organization today of the Central Ontario Liberal Association that was heartily cheered by an audience which, although small, manifested delight in his partisan stand.

**LECTURE AT BOYS' CLUB.**

Many good things along intellectual lines have come the way of the Boys' Club this winter, and the end is not yet. Last evening there was another highly successful meeting of the young folks, over which Mrs. W. E. McIntyre presided. For fifteen minutes there was a sing-song, led by Mrs. W. C. Good. A solo was sweetly sung by Miss Freda Jenkins.

The gem of the evening was a very interesting address by E. W. Simms. For more than half an hour Mr. Simms held the boys spellbound with his story of how a manufacturing plant is conducted. He told them in a graphic man-

### THE CHILD AND THE STATE

(Editorial, The Business Review.)

The proper starting point in the study of children—our future citizens—is more than a matter of sentiment; it is an economic problem of the greatest importance in which business men should be interested. And yet we cannot overlook the sentimental aspect and replace the home with governmental institutions, so long as the parent has control. In many countries now child welfare is being studied as never before. The greatest task is to draw the line between what the state should do and what should be left to the home. One of the duties fairly left to the state is the raising of the physical standard. In Great Britain, in the United States and Canada, the percentage of rejections both under the voluntary enlistment system and in the draft calls was approximately as high as seventy per cent in the United States, between forty and fifty per cent in Canada. And yet we call the Anglo-Saxon a vigorous race, domiciled for the most part in a hardy northern climate. In the recent election in Great Britain, Lloyd George spoke of this alarming physical deterioration, and offered pledges to combat it as a part of his platform. The American Health Association, at its last convention, adopted strong resolutions after the presentation of the United States figures of rejections. In Canada the efforts for child welfare have been largely voluntary. Something is being done by the holding of child welfare exhibitions, the adoption of "Baby Weeks," etc., but beyond the support of the worthy work of the Children's Aid Society, no government, federal, provincial or city, has formulated any comprehensive policy which is designed to improve the standard of the race. Perhaps the provincial health act with its system of district physicians, may accomplish something in this respect while medical inspection of schools, gradually being adopted, is also a factor not to be overlooked. The federal grant of \$25,000,000 to be divided among the provinces for carrying out schemes of housing reform, is a step in the right direction. The Education of Motherhood is one of the policies advocated in Great Britain and one to be seriously considered everywhere. The citizenship of the future depends largely on the type of motherhood which is produced and the special taxation of well-to-do bachelors who shirk their responsibilities as a citizen—and an operator. The state has already undertaken the education of its citizens, and here there is room for improvement. A plan made in an article in this issue for compulsory courses in high schools is one we would like to see adopted. The colleges cannot supply the demand for trained office help and this extra expense would be met by the state. The struggle of the struggling families of ambitious boys and girls, but the latter should be high school graduates. The entering officers of their technical education have been largely commercial. Technical education has been largely neglected. The government should encourage the technical schools and volunteer reports, but we are just beginning in Canada. The government should encourage the technical schools and volunteer reports, but we are just beginning in Canada. The government should encourage the technical schools and volunteer reports, but we are just beginning in Canada.

FIRE SALVAGE SALE OF FOOTWEAR

Men, Women and Child e r's Boots For Less Than Half the Cost to Make

We believe in living up to our reputation—"when we buy right, then give your customers the benefit of it." Our Sales during the last forty years have proven this to your satisfaction.

A short time ago one of the shoe factories from which we buy had a serious fire in their plant. We tendered for what goods had been made and ready for shipment, and our offer was accepted. The shoes at the time of fire were in boxes, enclosed in wooden cases ready for shipment. The cases and boxes were damaged, mostly by water, leaving the shoes practically unharmed and in perfect condition. Having Bought Them at Bargain Prices, We Are Going to Sell Them at Bargain Prices These Goods are on Sale at Main Street Store Only.

We quote below only a few of the many great bargains at truly Fire Sale Prices. Nothing but a fire could have forced the shoes down so low. READ THIS LIST, THEN SEE THE SHOES AND BUY ALL YOU CAN AFFORD!

Take My Advice and Use Stuart's Dyspepsia Tablets if You Want a Pretty Skin.

Digestive troubles ruin the complexion. The sour, fermented, gassy contents poison the blood, draw the corners of the mouth, rob you of sleep, give the face that hungry, haggard, morose expression in the morning and you are tired all day. It is not what you eat, but the fault of digestion that hurts. Eat anything you like and let Stuart's Dyspepsia Tablets digest your food, tone your stomach, supply your blood with nourishment, then good looks, a healthy appearance and bright eyes will soon return. Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store. They are real health makers.

EXCELLENT WORK OF BLIND PUPILS

"Open Day" at the School for the Blind—Visitors Impressed by Efficiency of the Various Departments.

Wednesday was "Open Day" at the School for the Blind, and in spite of the bad weather there was a goodly attendance. The visitors were first shown the exhibits in the Girls' Industrial Department and they were indeed worthy of exhibition. Machine sewing of pillow slips, towels and pinafores, beautiful needle work baskets and novelties, exquisite pieces of weaving from the hand looms, and mats from the big rug loom, all were to be seen, and also the finest crocheted work and knitting. All this work is eagerly sought after, but it is thought best to hold it over for a large sale to be held later and to take orders now.

Cement pottery also is being undertaken by this department. Miss Root was the teacher, but her health will not permit her to continue and she has gone home, so Miss Stinson of Boston arrived in the city last night to take her place.

The Boys' Industrial department was next visited and chair making, broom-making, shoe repairing and all kinds of carpentry work done by the boys gave evidence of the efficiency of the department.

After this a brief programme of music was rendered in the Assembly room, and consisted of choruses, piano and organ.

To relieve Catarrhal Deafness and Head Noises.

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Eminent (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

SAGE TEA BARKENS HAIR TO ANY SHADE

Don't stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

selections and numbers by the Mendelzins Club. Owing to influenza, this was the first open day held for some time, and it was greatly appreciated by the visitors. an important discovery Swollen Veins Relieved

That Absorbine, Jr., would relieve varicose veins was discovered by an old gentleman who had suffered with swollen veins for nearly fifty years. He had made many unsuccessful efforts to get relief and finally tried Absorbine, Jr., knowing its value in reducing swellings, aches, pains and soreness.

Absorbine, Jr., relieved him and after he had applied it regularly for a few weeks he told us that his legs were as smooth as when he was a boy and all the pain and soreness had ceased.

Thousands have since used this anti-septic liniment for this purpose with remarkably good results.

Absorbine, Jr., is made of oils and extracts from pure herbs and when rubbed upon the skin is quickly taken up by the pores; the blood circulation in surrounding parts is thereby stimulated and healing helped.

It is a bottle at druggists or postpaid. A liberal trial bottle will be mailed your address for 10c. in stamps. Booklet free. W. F. Young, P. D. F., 817 Lyman, Blagg, Montreal, Can.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex (70 cents worth), into a 1-liter bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its sweet taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Halfax another opportunity of viewing all that has been accomplished.

These opportunities ought to be taken advantage of, for Halifax people in general do not understand the extent of the training and although some will exclaim over institutions in other places they do not take the trouble to discover the excellence of that which lies nearest.

In this case the Halifax School for the Blind is foremost among institutions of its kind in the whole continent, and its progress in the arts and crafts has made it noted.

Among the pupils at the school are several who were wounded in the Halifax explosion, three of these little folk are in the kindergarten department, and it was astonishing to see how happily they worked with the other children.

The rapidity with which the boys and girls read and write the Braille is surprising and one girl in particular, who has just been two months at the school, reads with such perfect expression and so unflatteringly that it is hard to believe that she is really blind.

Down in the industrial department one blind chap in addition to doing expert shoe repairing, broom making and running the mattress making machine, is an expert carpenter and makes some of the most intricately clever novelties. One of especially fine workmanship is a block of wood every piece of which has been cut by a jig-saw into toy furniture but fits perfectly into its old position.

When the block is taken apart the heart of it is two handsome little doll's chairs. This man, although blind, explained all the workmanship and machinery in the department to the visitors.

The staff of teachers is a splendid one, and it is a pleasure to observe the kindly, interested, efficient manner in which they give their instruction.

Sir Frederick Fraser is proud of the school, and justly so, for the school has indeed reached a high standard of efficiency, and it now bids fair to sustain in the future all that any institution of its kind has accomplished.—Morning Chronicle, Halifax, January 18, 1919.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place.

Instead of thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash fr-

the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constituted very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Troubles Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloot right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no soreness or pain. Bisulphated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Extension Of Hospital Goes To Committee

County Council Hears Plea For Better Facilities A Long Session Committee Appointed to Deal With Foreshore Matter - Estimates as Passed Show Increase of \$45,000 - Parish Officers

Much important business was conducted by the municipal council at its session of the year yesterday afternoon and adjournment was not taken till nearly seven p.m. The council also appointed a committee to investigate and report on the application of the St. John Shipbuilding Drydock Co. for a portion of the municipal home fore-shore at East St. John. The company said that it needed the land for additional buildings. The council voted to give the assessor and commissioners of St. John city three to each on all county matters. It also authorized St. John city representatives have an exclusive right to vote on exclusive parish affairs. The estimates as published last Saturday were passed with practically no change, the total amounting to \$300,000, an increase of about \$45,000 over those of last year. The proceedings were opened at 2:40 by Warden Golding in the chair and the following councillors present: Messrs. Hayes, Bullock, Jones, Thornton, O'Brien, Bryant, O'Donnell, Thompson, Stephenson, Carson, Bowdler, Bentley and Howard.

3 Cakes Cuticura Soap and 4 Boxes Ointment

Heal Itching Pimples On Shoulders and Back.

"For two years I was troubled with itching pimples on my shoulders and back. They were hard, red and very painful, and were scattered. I could not rest at night on account of the itching. I tried several remedies but they failed. Then I used Cuticura Soap and ointment and I used three cakes of Cuticura Soap and four boxes of Cuticura Ointment and I was completely healed in six weeks." (Signed) Miss Kate Young, Melrose, Mass., March 30, 1917. Having obtained a clear healthy skin by the use of Cuticura, keep it clear by using the Soap for all toilet purposes, assisted by touches of Ointment as needed. Cuticura Soap is ideal for the complexion. For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

In submitting his report, Mayor Hayes remarked that prohibition had not eliminated all jail expenses, as it had been necessary to board boot-leggers, although the provincial government was getting the fines. About \$9,000 had been spent on the jail. Business was again suspended when a large delegation of women entered the chamber in support of a plan to erect a nurses' home at the General Public Hospital. Mrs. A. C. Skelton told the councillors that the ladies desired a voice in the affairs of the hospital and wanted the sympathy of the council. The women, she said, desired to form a hospital ladies' aid society. The next speaker, Mrs. E. Atherton Smith, told of the aid given to hundreds of out patients at the hospital. Mrs. Smith praised the nurses of the hospital and also those who went overseas. She declared that a nurse's home was needed badly as the present one was not fit to live in. The nurses had to sleep, day or night, under the smell of disinfectants and amid noise. They desired a place where they could receive their friends. Mrs. Smith advocated turning the nurses' quarters over to the patients, and the building of a home for them in Whitehead, where the commissioners own a lot of land. She knew the councillors liked to have the women with them and thought the council could be assisted by the Ladies' Hospital Aid Society. Councilor O'Donnell reported two vacant school districts but no children of school age in these districts, valuation of vacant districts is \$29,565. The districts vacant are No. 9 at Cranberry Head and No. 10 at Western District. Councilor Howard reported nine vacant schools. He knew of twenty children without school facilities in one district, eleven in another. No valuation of vacant schools was furnished. Councilor Shillington reported five vacant schools, Nos. 2, 11, 18, 14 and 17. No estimate of vacant school districts for the following parish officers for the year were named: Constable—James Davidson. On motion of the mayor a committee consisting of the councillors for Lancaster and Simonds and the city commissioners was appointed to investigate the hospital commission and representatives of the ladies' hospital aid society regarding improvements and extensions at the General Public Hospital. I. O. Thomas was appointed auditor. The council adjourned at 5:45.

News Notes About Prominent Baptists

(Maritime Baptist). Rev. C. D. McKeade of Penobscot is reported seropically ill with influenza. Rev. C. E. Pingo is doing a good work as pastor of Tanook. Our veteran missionaries, Rev. I. C. and Mrs. Archibald, are spending the cold winter months in sunny California. They have recently changed their residence from Long Beach to Los Angeles. Rev. J. J. and Mrs. Barneby will have the sympathy of all their friends in the sorrow which has come so suddenly upon them through the death of their youngest son. Lie. C. E. Strohler writes that he and his family are comfortably settled in the parsonage at Brown's Flat. It is reported that a further honor has been awarded to Lieut.-Col. C. J. Merrett, the coveted D. S. O. having been bestowed upon him. Rev. Walter S. Ryder, who last spring completed his theological course at Rochester, has since his graduation been serving with the military Y. M. C. A. He has now accepted a call to the Central Baptist church of Vancouver, and will take up work there next month. With great sorrow we record the serious illness of Rev. J. B. Ganong, our valued and trusted leader in home mission work in New Brunswick. Widespread sympathy will be felt for James Patterson in the sudden death of his wife, which occurred at their home in St. John Sunday evening. Mrs. Patterson had not been well for some time but no serious danger was anticipated. Brother Patterson is widely known among us as treasurer of the New Brunswick Association, an office which he has filled without intermission since the union. Before the union he held for many years a similar position in connection with the Free Baptist conference. He is the senior deacon of the Waterloo street church. We have greatly enjoyed meeting in our office during the last week Rev. James Dunlop, who reached St. John early in the week from Vancouver. Mr. Dunlop is a Scotchman, and has spent five years on the Pacific coast, in California and British Columbia. He is very highly commended by the western brethren. If his present plans are carried out he will sail for England by the Olympic, leaving Halifax the last of this week. On Sunday he supplied the churches on the Hampton field. He may return to Canada. Rev. J. H. and Mrs. Jenner recently received this letter from Col. (Ret.) J. H. MacDonald: Dear Mr. and Mrs. Jenner - Just a line to say how sincerely I sympathize with you in the loss of your fine daughter. When I learned of her death on Saturday, I asked permission to take the funeral at Brookwood cemetery to-day, a privilege which was granted me.

REAL GOOD IS THE NEW PROGRAMME AT THE OPERA HOUSE

Large Audiences Enjoy Excellent Vaudeville Numbers and Comedy Picture The usual large crowds were in attendance at the Opera House last evening, prepared to enjoy the new vaudeville programme and, judging by the applause and enthusiasm, everybody had a good time. Following the picture, a good comedy subject it was, too, came Murphy and Nolan in a setting representing a steamship dock, and a trip around the world was described in a humorous song that caught the crowd. A happy pair were these two boys and their line of patter was crisp and up to date. Their songs were well sung and they put the audience in good trim for the acts to follow. Will Kramer in blackface came next. He has a good tenor voice, though evidently he was suffering a little from a cold, but his songs were well sung and the audience liked him. A few good stories were put over in good shape. A real novelty in a dancing number came next, Leonard and Wright. From the pages of a large album stepped the two dancers and offered characteristic dances and some of the best clog stepping seen here for a long time. This act was one of the big hits of the performance and was well applauded. Good personality, an excellent voice - he became a favorite right away. Frank King, in evening dress, followed. He played the piano, and finished with a character number with special setting, that put high right "over the top" in popular favor. He will be well liked during his stay here. Swift and Daley, in a comedy musical act with a special setting, were the closing act, and they were right up to the standard set by the good acts that preceded them. There is a lot of good comedy in this act - some quaint instruments that put high right "over the top" in popular favor. They made a splendid closing feature for a real good show.

NEW MEMBERS OF BOARD OF HEALTH

Three of the five new members of the new board of health being formed under the provincial health act of last year were appointed yesterday by the municipal council. They are: Mrs. Richard Hooper, George Blake and Walter H. Golding. Mrs. Hooper is the first woman to be appointed to a health board in this county and her selection is highly gratifying to the women who advocated her election. Mrs. E. Flewelling addressed the council asking for the appointment of a lady member to the board. Hon. Dr. Roberts also spoke on the workings of the act. Commissioner Bullock brought up the matter of expenses of the new board of health. The extra requirements of the new health act bring the estimates for the board to \$46,240. These were passed and the secretary of the council instructed to provide credit for the new board until the taxes come in. Mayor Hayes informed the council that Senator Daniel had declined to be a candidate for member of the new board, as he felt he had served a long time on the old one. A vote of thanks was tendered to the members of the old board.

INFORMATION AS TO BLIND CHILDREN WANTED

School for the Blind, Halifax, Jan. 18, 1919. Editor Times-Star: Sir - Education and training are of vital importance to blind children. Without it they can become active and useful citizens. Without it they are doomed to lives of helpless dependence. Fact all public-spirited men and women can help forward the work for the blind by sending to the undersigned the names and ages of any blind children that they may know about, including all such children as have not sufficient sight to attend the public schools; also addresses of parents. The School for the Blind at Halifax is a free school for the blind youth of the Maritime provinces and Newfoundland. It is my heartfelt desire that no blind child shall grow up without receiving a suitable training. I trust that whoever reads this communication will send me the earnest thought and the information which is so difficult to secure, viz., the names, ages and addresses of totally or practically blind children. Yours faithfully, C. P. FRASER, Superintendent.

SEEMS EVERYONE HEARD ABOUT IT.

All Want to Try New Drug That Dries Up Corns So They Lift Out Good news spreads rapidly and drug-gists here are kept busy dispensing Treasol, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus. You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue. This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns. The men of St. Mary's church, Rev. R. Taylor McKim, rector, were entertained at supper last evening by the vestry and men's Bible class. Bishop Richardson gave an address on the call of the church to the man of today.

Reports of Navy League Show Rapid Growth

Annual Meeting Held Last Evening - Grant of \$50,000 For Seamen's Institute Requested - Col. Sturdee Again President

The first annual meeting of the New Brunswick division of the Navy League of Canada which was held last night in the Seaman's Institute was presided over by the president, Col. E. T. Sturdee. The reports which were submitted were received with much satisfaction and showed that the league has accomplished great things in the short time which it has been in existence in the province.

The secretary's report, read by R. E. Armstrong, showed that branches have been formed in Fredericton with three life members, 812 regular, 222 associate and 571 junior; in Moncton with about 780 regular, 815 associate and 591 juniors; Woodstock, 54 regular, 166 associate and 233 juniors; Sackville, 109 regular and six associate; Sussex has about 100 adult members, and Chatham branch organized, but canvas for members is not yet completed. Total for province, 5,041 adult members and 1,027 juniors.

The successful appeal of Sailors' Week in September is referred to when over \$20,000 was contributed by New Brunswick. The many activities of the Navy League are referred to in detail.

Money to Be Asked For. In connection with the suggestion in the president's report that an annual grant or endowment for the upkeep of the Seaman's Institute should be asked for from the Dominion council, it was moved by T. O'Brien, seconded by L. P. D. Tilley, and carried, that an endowment of a lump sum of \$50,000 be asked for. It was pointed out that last year Halifax had received a grant of \$100,000 plus \$20,000 for special purposes, and that New Brunswick had asked for no grant then.

L. P. D. Tilley spoke of the need of a compassionate fund to meet cases of distress in sailors' families, and Colonel Sturdee in replying to Miss Alice Fennell weather said that the provincial branch could give temporary relief, but permanent assistance must come from the Dominion council and that the funds of the local organization were sufficient to meet all emergency calls.

Allan Schofield thought that St. John had demonstrated its national importance as a winter port in the transporting of soldiers and urged that the support given by the Dominion be a liberal one. R. E. Armstrong then moved the following resolution which was seconded by Captain Mulcahy:

Resolved, that the New Brunswick division of the Navy League of Canada, rejoicing in the glorious victory achieved by the armies of Britain and her Allies over the forces of Germany and the central European powers, and in the signing of the armistice and in the complete surrender of the German navy and submarine craft, desires to place on record its unqualified appreciation of Britain's Grand Fleet, whose eternal vigilance, unconquerable determination, splendid seamanship and bravery, exemplifying the best traditions of the British navy, made this great triumph possible, and emphasized to the world the vital importance of maintaining the naval supremacy of Great Britain, not only for the protection of the Empire itself, but for the peace of the world at large.

The report of the nominating committee, T. O'Brien, H. C. Schofield and J. C. Chesley was adopted, and the following officers were elected for the current year:

Honorary president, Mayor R. T. Hayes; president, Colonel E. T. Sturdee; vice-president, R. E. Armstrong; treasurer, H. C. Schofield; secretary, C. B. Allan. Executive committee: The president of each branch in the province; the regent of each chapter I. O. D. E. St. John; the commodore of the Royal Newfoundland Yacht Club; the commodore St. John Power Boat Club; the regent, Provincial Chapter I. O. D. E.; the president Young Women's Patriotic Association; R. M. Smith, A. W. Adams, Captain A. J. Mulcahy, D. Ledingham, E. L. Rising, J. M. Christie, L. P. D. Tilley, Mr. Chief Justice McKeown, Jas. F. Robertson, Mrs. M. B. Edwards, Mrs. F. S. White, Mrs. A. J. Mulcahy, Mrs. Travers and Mrs. Jas. F. Robertson.

On the motion of James F. Robertson, seconded by E. L. Rising, the following resolution was passed:

Resolved: That in order to keep alive the memory of Britain's great naval triumph in bringing about the surrender of Germany's navy, the Dominion council be asked to appeal

THOUGHT IT WAS A BOIL Doctor Said Abscess

Mr. Gleason R. Young, Kingscote, N. B., under date of Feb. 9th, 1918, writes as follows: "About five months ago a lump came on my jaw-bone. I thought it was a boil, and after it had been there quite a while it began to get larger. I went to a doctor and he said it was an abscess, and lanced it. He gave me a wash for it, so I went by his directions until it healed up, but it commenced coming again, and in about three weeks it broke itself. I thought it would get better, but it didn't. A neighbor advised me to get a bottle of Burdock Blood Bitters, so I sent and got a bottle, and by the time it was all gone, the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers, and abscesses, no matter how large or of how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing power it possesses. It takes out itching, stinging and burning, and promotes the growth of healthy flesh. So, too, when taken internally, by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, abscesses and the like, and at the same time the purified and enriched blood creates healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If Little Stomach is Sour, Liver Torpid or Bowels Clogged

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become lightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can't cause injury. No difference what ails your little one—If full of cold, or a sore throat, diarrhoea, stomachache, and breath, remember a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs" then look carefully and see that it is made by the "California Fig Syrup Company." It makes no smaller size. Hand back with contempt any other fig syrup.

to the British government through the Canadian authorities to have a number of German naval guns of large calibre forwarded to Canada so that they may be placed at conspicuous points in the larger ports and cities of the Dominion. On the motion of H. C. Schofield, seconded by Mrs. James F. Robertson, it was decided that a communication should be sent from the New Brunswick Navy League to the board of education at Fredericton, asking that the children in the public schools should be instructed in the history and doings of the navy.

Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night, and you wonder if life is worth living.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Mrs. J. J. Bunyan, Pilot Butte, Sask., writes: "I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over."

I had hot flashes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person. I am never without them in the house, and highly recommend them to all who suffer with their heart."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

AIRPLANES FOR CANADA

London, Jan. 21.—A ceremony which will prove historic when the air service in Canada is developed took place today at the Hendon airrome. Sir George Perley received from General Sealey three airplanes presented to

the Dominion by the citizens of Leicester, Huddersfield and Glasgow respectively. These machines were given some time back and have since been used for war purposes. It is now possible to hand them to the Canadians for their own use.

Perley and Lady Desborough attached tassels to each machine, receiving a replica of the same as a souvenir. Commemorative flags were also presented to Canadian Flying Officers Major A. F. McKeever, Captain D. H. MacLaren and Lieutenant A. F. Poston.

MAYOR OF WOODSTOCK

Woodstock, Jan. 21.—Thomas H. No. 10 was elected mayor of Woodstock in the election which took place yesterday. His opponent, John S. Leighton, being defeated by thirty-five votes. Very little interest was taken in the election. Leighton has sat at the council board a number of years and his defeat was a big surprise to his friends.

Soldiers Home Coming Campaign THE SALVATION ARMY The Emergency Call Many organizations are willing to assist a deserving case. The Salvation Army is ready to assist in any emergency. That is why the Salvation Army's need for funds at this time must meet with whole-hearted response. With the repatriation of 300,000 soldiers, notwithstanding all that the Government is planning to do to meet the needs of the men, countless problems will arise, problems of human need, problems that must be met and coped with AT ONCE. They are not things that can wait. That is why the Salvation Army Emergency Homes are centres of such steady activity. When an emergency arises in the home of a soldier who has done his bit, there must be prompt response, however difficult the individual problem. Here are a few typical cases: Husband, a discharged soldier, goes to another town to work. Fails to send money home. Salvation Army finds family helpless with hunger and cold. No coal in house. Family all removed to Emergency Home, where in tiny, two-room suite, sufficiently furnished and warm, they can exist in something approaching comfort until the breadwinner can help them. In an adjoining suite may be a mother and children on the way to rejoin father in another city. A missed train connection or any one of a hundred mishaps leaves them stranded for the night. A room in a Salvation Army Emergency Home is seldom vacant for more than a few hours at a time, and with the crisis arising from the difficulty of re-establishing so many soldiers into civilian life, there must be no cessation in the work for lack of funds. Salvation Army Million Dollar Fund THIS WEEK And the Emergency Home work is just one small part of the work for which the fund is needed. The Salvation Army must provide comforts for the boys over there awaiting transportation home. The Salvation Army Hostels from France to Vancouver must be ready at all times to receive and entertain returned men. The soldier must be helped back to civil life; he needs a job; perhaps he returns to find his wife sick, and a friendly hand needed in the home now and then. The Salvation Army visitors find ample opportunities for service, and they are instrumental in holding many a home together. The soldier's child has the right to be well born, and there will be many an ex-soldier heartily glad that his wife can benefit by the attention of doctors and trained nurses at the Salvation Army Maternity Home. Many of the boys will return to happy homes, homes well provided for. Difficult as it may be for even these men to accustom themselves to the old ways of living, their problem is simplicity itself compared with that of the soldiers and their families that the Salvation Army will be called upon to help. And this help MUST be forthcoming. Our returned men must not be left to drift. It is the personal problem of the nation to-day, and every thinking man and woman is thoroughly grateful that there is an organization equipped to meet the crisis—an organization trained for this very work—an organization whose work is founded on sacrificial service—whose every mission is prompted by such a love as that of the Good Samaritan. Let your offering on behalf of the Homecoming Soldier be a measure of your sense of obligation to those who died for you on the battlefield. "It is more blessed to give than to receive." ## HUN'S TRIBUTE TO BRITISH AIRMEN

### Massive Submarine Shelter Shows Fear of Bombs

#### At Bruges Base

Raiders Finally Made Port Worthless for Hun Purpose and Germans Were Forced to Withdraw

The following account of the results of the British Royal Air Force's bombing of Bruges Docks has been received from a reliable source.

Nowhere have the Germans left such emphatic testimony to the terrible power wielded by the Royal Air Force as at Bruges, where the famous submarine shelters stand as a witness to the shattering of one of the enemy's most sinister and far-reaching dreams.

Largely owing to the fact that the Germans clearly planned the harbors at Zebrugge and Ostend as permanent bases and repair stations for their submarines, the original boats being built at the Hoboken works, near Antwerp. The first large repair works appear to have been situated at the Atelier de la Marine at Ostend, but it is probable that the docks at Bruges, which are connected with Zebrugge by a ship canal, were being developed at an early period of the war.

Following up this initial victory with great vigor, British airmen commenced, in January, 1917, an intensive bombing campaign directed chiefly against the docks at Zebrugge, the lock-gates and harbor at Zebrugge, and the ship canal itself, which the submarines could gain access to the sea. Some idea of the severity of these attacks may be gathered from the fact that no fewer than 612 bombs were dropped upon Bruges docks alone while the heavily laden aircraft were being dropped upon Zebrugge and Ostend.

As a result of the immense and continuous damage caused to the Mole, sidings, quays, railways and shipping at Zebrugge, the Germans have been unable to carry out their plans for a long time. It is singularly difficult to hit even from a low height—were kept practically always under repair. Indeed, on several occasions, as the result of direct hits by British airmen, one of the gates had to be replaced by a temporary structure, and a spare gate fitted, the damaged gate being towed laboriously to Bruges for repair in dry-dock.

It was about this time that the enemy first commenced to build the giant submarine shelters at Bruges. These shelters, it is learned that no fewer than 4,000 workmen were continually employed upon these structures. The amount of material was accumulated for the purpose.

At the time of the evacuation, eight of the shelters had been completed in No. 1 Darse, and a ninth was under construction. The shelters are made entirely of ferro-concrete. The roof, which is eleven feet thick, is supported by columns of reinforced concrete. The walls, each two feet square and twenty-five feet high. An irresistible impression is made on the mind of the visitor to the Eastern temple, like the celebrated ruins at Philae, is created by these giant shelters standing in the waters of the dock.

Owing to the great damage which was caused to the docks, it is difficult to differentiate between their deliberate work and the destructions resulting from the terrific bombing from the air during the last few months of the war. Information from various sources, however, makes it abundantly clear that the enemy's decision to give up the port of Bruges, as a repair base for submarines, was in the main due to his inability to defend it against the increasingly powerful attacks from the air.

Conversation with American, English and Belgian residents in Bruges, who have been there throughout the German occupation, throws a striking light upon the accuracy of the British bombing, and its effect upon the German military and naval personnel.

The greatest admiration was expressed by the Germans themselves, who had German submarine officers and crews billeted upon them were unanimous in stating that the personnel of submarines continually abused the British airmen, and that the incessant bombing, both by day and night, following the heavy strain of active service, greatly lowered their morale. The same ladies informed a Royal Air Force officer that, when German troops arrived at a billet the first question always asked was, "Do the bombs fall near here?" and then, "Where is the cellar or dugout?" The biggest explosion ever experienced in Bruges was caused by British airmen at La Bragoise Works on May 31, 1918. The concussion was felt all over the city, and the flames lit up the sky for many miles around. It is said that the explosion wrought so much destruction of valuable machinery that work was never properly resumed in these extensive factories.

Major Carl P. Dennett of Bangor, who has been special representative of the American Red Cross at Bern, Switzerland, and has been the means of lessening many of the sufferings of our American soldier boys who were unfortunate enough to fall into German hands, was an invited guest at the 14th annual banquet of the Massachusetts Bankers, which was held at the Copley Plaza a few days ago, and delivered a most interesting address on the Red Cross which will be interesting to his many Bangor friends who have been following his work since he left Bangor.

Major Dennett spoke as follows:

Never before in the history of the world has such conditions existed with reference to prisoners as in the great world war. From time immemorial the captives of war have been fed and clothed by their captors, and in Germany and Austria, however, have been treated as human beings, and provided the common necessities of life and it is a fact beyond dispute that ravages of disease including tuberculosis, due to malnutrition and even starvation, killed thousands of allied prisoners interned in Switzerland—humanitarianism, the failure of the Central Empires to properly feed and clothe them. Neither treaty, agreement or humanitarian considerations have induced the German government to treat its prisoners of war as human beings, but to make such effort to preserve their lives.

The American Red Cross were quick to see the necessity for action to protect our prisoners. The United States government constituted the American Red Cross its authorized agent to deal with prisoners of war and I was sent to Switzerland in May, 1915, to take charge of the prisoners in the hands of the German military forces, of which sixty-eight were American prisoners, and 148 civilians. Later when the Germans had about 500 American prisoners, and the American Expeditionary Forces had no German prisoners in their hands, I went to the general headquarters of the American Expeditionary Forces, and called attention to the fact that the United States and German delegates were soon to hold a conference, to draw an agreement regarding the exchange, internment and treatment of prisoners of war, and that we had nothing to trade with, having no German prisoners; that even in the absence of this proposed agreement, it would be of tremendous advantage for our prisoners and especially informed promptly and efficiently, that within thirty days they reported 2,000 prisoners in their hands and continued the good work until a total of 44,000 prisoners were reported.

This possession of German prisoners, and control of information concerning them, gave us a tremendous advantage, and we were able to make an agreement, upon a strict reciprocal basis, with the Frankfurt Red Cross, to immediately release all American prisoners of war, and we were able to supply the same information regarding German officers and aviators taken by the American Expeditionary Forces. Each side was to answer all telegraphic inquiries regarding any prisoners.

We prepared to return postal cards on which certain questions were asked. On the bottom it stated that if the prisoner would send us this card promptly we would cable the information that he was a prisoner to his family and would promptly send him food and clothing and keep him supplied with regular intervals. We sent these cards to the senior American officer in each camp or to the

### BIG STRIKE THREATENED

A serious strike is threatened today in London, which may close down all engine works and nearly every class of public service in London. It is expected that at least 25,000 men engaged in engineering trades will cease work before the end of the week. The trouble arises out of the operation of the forty-seven hour week and the subsequent withdrawal of certain privileges previously allowed employees.

As a result of a request by the publicity department of the Salvation Army in conjunction with representatives of the Rotary Club, that the boy scouts deliver 25,000 leaflets and envelopes from door to door in the city, the leaflets were delivered yesterday. The city was thoroughly covered and a record established.

At the Manor House last evening the Marr Millinery Co., Ltd., entertained their staff to a turkey dinner. Covers were laid for thirty and an enjoyable evening was spent. J. H. Marr was unable to be present on account of illness and H. G. Scott presided. The only toast was to The King, which was responded to by the singing of the national anthem.

In a short speech, Mr. Marr said: "The business of which I have the honor of being president was founded in Moncton in 1880, nearly sixty years ago, and today, as you know, we have the largest retail millinery business in the maritime provinces, and in all these years the success of the business has been, in a great degree, due to the co-operation of our staff. I think I am speaking truly when I say that the relations have always been most pleasant and I hope each may be the case in the years to come. I wish at this time to thank you especially for the way in which you have helped to keep the business up to its usual high standing during the last sixteen months of my illness. I, Mr. Marr, regrets exceedingly being unable to be present and asked me to convey to you his best wishes, and may I speak for him the same hearty support you have given in the past?"

A vote of thanks was tendered Mr. Marr.

**Boyd Tells of Beating—Detective Reports Being Asked For Money in Street**

Albert McAuliffe was before the police magistrate this morning charged with doing grievous bodily harm to James Boyd in an alley off Brussels street on Sunday morning. The hearing took the form of a preliminary. Boyd said he met McAuliffe in Brussels street on Saturday night and that McAuliffe invited him into his house. The witness said that after he had been in the house a short time McAuliffe started in to beat him. He said that the accused knocked him down and then kicked him in the face, smashing his false teeth and cutting his lip. He said that his condition was such that he was removed to the military hospital, where he has been under treatment since this morning. McAuliffe was remanded.

Leonard Kingston was charged with begging. Detective Biddiscombe said that he was standing on the corner of Union and Charlotte streets last evening when the accused came up to him and asked him for five cents. Biddiscombe said that he told him that he had better get home. He said the accused then went across the street and accosted a soldier. Biddiscombe said that he then went over to him and in company with another policeman placed him under arrest. An empty urine extract bottle was found in his pocket. The prisoner was remanded.

George Stevens was charged with beating his two children and also his wife. Mrs. Stevens said that he had struck her two years and a half old child for looking at him at the table, and when she interfered he struck her. He was remanded to jail until he could get two sureties that he would keep the peace.

**SOME MATTERS RELATIVE TO THE ASSESSMENT**

Questions Which Are Pouring In to City Hall and Statement in Answer

Since the assessment forms which all citizens are required, under the new act, to fill in and return to the chairman of the board of assessors have been sent out, the office has been deluged with questions regarding the information which should be furnished. Most of the questions could be answered by a perusal of the sections of the act which are printed here, but many citizens wish to be on the safe side and secure their explanations by personal interview or telephone conversation.

One of the questions asked most frequently is whether the statement of income should include the value of real estate. Such income is not to be included. Real estate taxes are collected on the value of the property, not on its income, and this value is fixed by the assessors.

In the statement of personal property, it is not necessary to include the value of either personal effects, such as clothing and other articles of personal use, or household effects, including furniture, etc. It is not necessary to include income paying personal property in the personal property statement, as this is covered by the statement of income from such property in the income statement. It will be remembered that, under the new act, taxes are collected not on the full value of such property, but merely on the income from it. For instance, a security valued at \$100,000, yielding a return of six per cent, formerly was supposed to be assessed on its full value, which would have taken at a rate of 22 1/2 cents the amount of \$22,500. Under the new law the tax on the income would amount to only twelve cents.

Among those stocks which must be shown in the statement but on which no taxes will be collected, are the stocks of local concerns. As the local corporation pays taxes to the city directly, it has been decided that it would not be fair to collect taxes on its profits again when they reach the shareholders.

Some complaints have been received from citizens who have not received from the assessors forms to be filled in. Those who have been overlooked and who wish to secure the statements may get them at the assessors' office in city hall. In order to save a great many citizens the trouble of filling out the statements and also to simplify the work of the office, which has been greatly increased under the new act, statements will be sent only to those who were assessed previously on incomes of \$1,000 or more. This does not relieve any one whose income is greater than that of responsibility, however. Any person whose income is greater than \$1,000, who has not received a form from the city, should go there and secure one. The fact that the assessors appear to have overlooked them does not mean that they will escape paying full taxation, as the assessors must collect the full amount any time within the next two years when it comes to their notice.
