DEFINITE MOVE FOR IRISH PEACE NOW REPORTED

Even Talk of Settlement in a Week or So.

Favorable Opportunity Because of Let-up in Hostilities—Meanwhile Effort in U. S. to Raise Million for De Valera.

(Canadian Press) Dublin, Feb. 26.—Reports from Irish provincial centres indicate a revival of peace efforts. Rumors from Bantam and West Cork assert that a settlement may be reached in the course of a week or so between the government and anti-government parties which would entail no humiliation of the Republic.

It seems certain that a peace move is afoot. The neutral Irish Republican army men, as well as some prominent public citizens now on parole, are working along parallel lines. There has been a suspension of hostilities for some time and this, it is thought, has presented an opportunity for a favorable peace discussion.

Chicago, Feb. 26.—A campaign for a one million dollar fund to assist Eamonn De Valera and the faction in Ireland which is demanding the establishment of a republic was launched at a meeting of delegates from several States yesterday.

The meeting was addressed by Lawrence Glenn, said to be a representative of De Valera, who urged a boycott on all British products and efforts to have Congress recognize the Irish "republic."

Free State troops returning to Westport on Saturday with eight prisoners were unharmed and undisturbed for seven hours.

When reinforcements arrived, the irregulars retreated, but fourteen of them were captured afterwards. The Free State forces suffered five casualties.

Three important bridges at Blessington, near Dublin, were blown up Saturday. One of them carried the water main to Blessington and the supply of the town was cut off.

Free State army headquarters announce that "considerable importance" is attached to the capture of a body of John O'Connell, at Lisnane on Saturday.

U. N. B. Team Leaves for Amherst Today—Further Play-off in Question.

(By Canadian Press) Fredericton, N. B., Feb. 26.—U. N. B.'s hockey team left here this morning for Amherst where they will play the King's College team on Tuesday night for possession of the Summers trophy.

After the outcome of the game will doubtless hinge the question of further participation in intercollegiate play-offs by the U. N. B. team this season.

The U. N. B. squad leaving this morning consisted of the same players who made the trip to Mount Allison earlier in the season. Carter and Lester, goalkeepers, were both taken to Amherst and Captain Patsy Jewett said it was still undecided which player would start in the U. N. B. net, although he said the chances favored Carter.

Jack Twaddle, of Amherst, who has been officiating with general satisfaction as referee in the N. B. and P. E. I. League has been finally agreed upon as referee.

THE HILMA PAULINE ABANDONED ON VOYAGE TO LUNENBURG.

Halifax, N. S., Feb. 26.—It was the Lunenburg outfitting company's schooner Hilma Pauline, ninety tons, en route from Turk's Island with salt for Lunenburg which was abandoned and whose crew was rescued by the steamer Storvik on February 22, and not the "steamer Helena Toolin" as previously reported, according to advice here.

The Hilma Pauline was built at Malone Bay, N. S., in 1919 and was commanded by Captain William DeCoursey of Lunenburg, N. S. There were six men on board.

TO NEW YORK TO TEACH SUFISM

Chief Priest in Halifax from India on His Way to the United States.

Halifax, N. S., Feb. 26.—The Pir-O-Murshid of the Sufi, Inayat Khan of Baroda, India, is en route to New York, where he will teach Sufism, according to his statement when he was here on Saturday on the White Star liner Pittsburgh.

In 1912, Chief Priest, Sufism, Inayat said, was the religion of natural life, the primitive, friendship beneficence and forgiveness. Sufism had never advanced to this point, he said.

THE U. S. SHIPS GOLD BACK TO BRITAIN

It must have been a cheerful sight for Britain to see the incident above. Gold bullion is again being shipped back across the Atlantic to Great Britain. The dock-workers shown in the picture are handling solid gold bricks, which are on their way back to the money centre of the world, London. In spite of the efforts made to treat position from the British capital, financiers are satisfied that London's position is as secure as ever it was in relation to the commerce of the world.

(Canadian Press) Portland, Maine, Feb. 26.—The coast guard cutter Ossipee was back in the harbor here yesterday after several days of strenuous work ice-breaking between Rockland and Stonington. Her stern is broken open for fifteen feet and her iron hullwork twisted and bent. The cutter was leaking but it was believed that she could be repaired in a few days.

Meanwhile, as a result of her work, the citizens of Stonington and other points on Penobscot Bay, have been supplied with food and in many cases with fuel.

The Ossipee was damaged when a coal laden barge which she had in tow crashed into her stern as the cutter was halted by striking ice fifteen feet thick.

Reports from Penobscot Bay where the Ossipee concentrated her activities in the relief of isolated people who were short of food and fuel, said that the light on the ice was being largely confined to blasting operations in the Stonington harbor so that coal might be landed to keep the quaires there in operation.

Vineyard Haven, Mass., Feb. 26.—Ice conditions in Vineyard Sound and Matineux Shoals improved greatly yesterday and there was very little floating ice in the channel between Hole-in-the-Rip and Gayhead. Barges containing 50,000 tons of coal, delayed here because of ice, proceeded northward after the shoals yesterday. Barges at Nantuxet and Eggarova are still closed.

Newfoundland Report. St. John's, Nfld., Feb. 26.—Reports from St. Pierre, state that the ice has been broken the harbor, for the first time in 40 years.

With all coastal vessels held fast by ice packs in harbors on the southern coast, the situation is reported to be serious. It is believed that the ice will be broken in a few days.

With all coastal vessels held fast by ice packs in harbors on the southern coast, the situation is reported to be serious. It is believed that the ice will be broken in a few days.

Watch The Shadows

Mrs. Bryon Alger, Fashion Journal Editor, Speaks of the Ugly Woman.

Toronto, Feb. 26.—"There is nothing in the world so ghastly as an ugly woman and the ghastliest part of all is that it is her own fault."

To Mrs. Alger, who arrived here yesterday, the plain, homely woman, or the hopelessly obese person, is a challenge to her discriminating dress sense and to her passion for creating beauty and order out of ugliness and chaos.

"What the woman of 35 or over has to realize is that she has got to watch her shadows." For instance, so often you find full faced women with glasses and a small tight fitting hat. If she would only pull her mirror over to the window and let the cold light of day show her how terrible she looks, then I think she would understand how indispensable a large hat, casting a friendly shadow, is to her."

(By Canadian Press) Fredericton, N. B., Feb. 26.—Dr. A. T. O'Brien, of Chatham, Vice-President of the Hockey League, left this morning for Moncton to preside at a special meeting of the executive of the league called for today to consider protests regarding the game played by the Chatham team on Wednesday, Feb. 21.

Chatham won by a score of 10 to 3 and apparently clinched the championship of the Northern Section of the league, but the game was protested by both Shediac and the Bathurst Clubs, the latter being contenders for the sectional championship.

Shediac's claims, backed by the Bathurst Club, is that Anthony Veno, of the Chatham Club, was ineligible to act as referee and that, even if listed as an official referee of the league, he was not eligible to act as a result of having become a playing member of the Chatham Club. It is claimed that he was appointed for the game by G. T. O'Brien, of Chatham, Vice-President of the Northern Section, when Weatherbee, of Springhill, N. S., who had been agreed upon as a referee failed to appear.

President Sterling says that the situation which occurred was an emergency and that the rules provide such. He did not indicate that he would favor ordering the game replayed, which would interfere with the schedule for the play-off of the sectional champions, which calls for the Northern Section champions to play at Charlottetown on Wednesday evening. He indicated that the score of 10 to 3 did not make it appear as if a referee's decisions could have affected the result of the game.

NOT DEFINITE ABOUT GOING TO AMHERST CHURCH

Montreal, Feb. 26.—Informing the congregation of Olivet Church here that he has received a call from the First Baptist Church, Amherst, N. S., Rev. P. L. Orchard said that he had as yet in no way committed himself.

BREAKS THROUGH ICE WITH RELIEF

Coast Guard Cutter Helps Penobscot Bay People

Is Damaged in Crash With Coal Barge—St. Pierre Harbor Reported Blocked for First Time in Half a Century.

(Canadian Press) Portland, Maine, Feb. 26.—The coast guard cutter Ossipee was back in the harbor here yesterday after several days of strenuous work ice-breaking between Rockland and Stonington. Her stern is broken open for fifteen feet and her iron hullwork twisted and bent. The cutter was leaking but it was believed that she could be repaired in a few days.

Meanwhile, as a result of her work, the citizens of Stonington and other points on Penobscot Bay, have been supplied with food and in many cases with fuel.

The Ossipee was damaged when a coal laden barge which she had in tow crashed into her stern as the cutter was halted by striking ice fifteen feet thick.

Reports from Penobscot Bay where the Ossipee concentrated her activities in the relief of isolated people who were short of food and fuel, said that the light on the ice was being largely confined to blasting operations in the Stonington harbor so that coal might be landed to keep the quaires there in operation.

Vineyard Haven, Mass., Feb. 26.—Ice conditions in Vineyard Sound and Matineux Shoals improved greatly yesterday and there was very little floating ice in the channel between Hole-in-the-Rip and Gayhead. Barges containing 50,000 tons of coal, delayed here because of ice, proceeded northward after the shoals yesterday. Barges at Nantuxet and Eggarova are still closed.

French Seize More Railway Lines

Strengthen Control of the Customs in the Rhineland

Wholesale Arrests in Disciplining of City of Bochum—Billions of Marks, with Plates to Make More, Seized on a Train.

(Canadian Press) Dusseldorf, Feb. 26.—The French today are in possession of the strips of land between the Cologne and Coblenz and the Coblenz and Mayence bridgeheads, thereby securing railway lines that have heretofore been in unoccupied territory. The operation was planned to strengthen the Rhineland customs control.

Between 12,000 and 15,000 civilian workers from France and Belgium are awaiting the order that will put them at work on the railway lines throughout the Ruhr and Rhineland. German employees are to be offered their former jobs, with the understanding that if they refuse to return to work they will be expelled.

The disciplining of the city of Bochum for its attitude toward the occupation has been featured by wholesale arrests, as well as by the virtual declaration of a state of siege.

The French showed their strength by bringing tanks and machine guns to the heart of the town, and then issued an order forbidding residents to appear in the streets after nine p. m. Most of the persons arrested have been arrested near Hagen. Money and plates of the Reichsbank were seized on a train near Cologne.

Big Seizure of Marks. Berlin, Feb. 26.—A consignment of 12,000,000 marks, fresh from the Reichsbank, and plates belonging to the Reichsbank were seized by French soldiers on Saturday from the Berlin-Cologne express at the small tank station near Hagen. Money and plates were on the way to the Reichsbank's Rhineland branches.

Belgrade, Feb. 26.—A protocol growing out of the recent negotiations between the Yugoslav and Serbian governments, was signed yesterday. Among the conventions made public was one abolishing sequestrations of Austrian property in Yugoslavia and lifting restrictions imposed on Yugoslavians in Austria.

Negotiation for a treaty of commerce between Austria and Yugoslavia will begin at the end of March.

ITALIANS FIGHT IN EAST TRIPOLI

London, Feb. 26.—The Italian-Colonial troops in Eastern Tripoli have occupied the town of Hillas, with the loss of two killed and about twelve wounded, according to a Central News despatch from Rome. The enemy dead numbered 250, with many wounded, and the remainder, scattered toward the east.

PHILADELPHIA POLICEMAN IS SHOT IN PISTOL DUEL IN A ROOMING HOUSE.

Philadelphia, Feb. 26.—Frank Berger, a policeman of Philadelphia, was shot and killed, and John Doyle of Philadelphia and Policeman Joseph Berger were seriously injured in a pistol battle in West Philadelphia early today.

The police had surrounded a house in West Philadelphia where Doyle was hiding. The accident occurred in a pistol duel in which Doyle was shot and killed, and Berger was severely injured.

PHILADELPHIA POLICEMAN IS SHOT IN PISTOL DUEL IN A ROOMING HOUSE.

Philadelphia, Feb. 26.—At least a dozen officials of the Mexican Railway, including Vincent W. York, chairman of the board, are in hospitals here as a result of the wrecking of a train to which their special car was attached. Mr. York's skull may be fractured.

The accident occurred at San Marcos. The private car plunged down a 50-foot embankment. A Desare, a British contractor, was killed. The cause of the accident has not been determined.

Officials of Mexican Railway in Train Wreck—British Contractor Killed.

Chicago, Feb. 26.—Timothy "Big Tim" Murphy, a spectacular figure in the turbulent history of Chicago union labor, went to the Leavenworth Penitentiary last night to begin a four-year sentence for having taken part in the Dearborn station \$500,000 mail robbery. During the long legal battle to save him from prison Murphy remained at liberty under \$180,000 bail.

Chicago, Feb. 26.—Charles M. Russell of Great Falls, Mont., whose sale of a painting to the Prince of Wales for \$10,000, has caused comment, was early known as "The Cowboy Artist."

While riding the Mussel Shell Range in the middle '80s as a cowboy for a Hols cattle firm, Russell frequently would send the firm drawings instead of writings. One severe winter he sent the picture of a cow standing in the snow, with a coyote waiting for her to die and under it the legend "The Last of 6,000." The picture made Russell famous in the west over night.

Dr. Steward Webb of New York, who was in Great Falls soon after the picture was painted, and who had persuaded him to go to New York to study painting as his protégé, Russell remained in New York about a month and returned to the west and continued his work.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "aping last come."

"Who said so?" demanded Hiram. "Two cats — or it may have been two million — under my window in a late hour last night," said the reporter. "They walked in and growled, and snarled and tore the silence of the night to fragments. The people of the neighborhood were awakened and fought all about them."

"You may think that's a sign of spring," said Hiram, "but it's really a sign of judgment on the people for not keeping their League a-go!"

"The League is a good subscription. There's nothing wrong with it. I hope you'll all get enough of it. You ought to get some disease, too, from the poor critters that carry' 'em round with 'em. It's all right to let 'em, but it's somebody's duty to take care of 'em, but this here turn' 'em cats ain't dogs out to stare at 'em. Then there cats you're talkin' about ort to be put to sleep themselves — in a nice, painless way — yes, sir."

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "aping last come."

THROWS BABE TO STREET—LEAPS WITH SECOND

Mother and One Child Dead; Other Cannot Live

Frantic Woman, Her Clothing Afire in Third Story Window—Husband, 200 Pounds, Brought Down a Ladder Unconscious.

(Canadian Press) New York, Feb. 26.—Holding her twin daughters, Marian and Anna, ten months old, in her arms, Mrs. John Healy stepped to the window ledge of her burning third story apartment in a west side tenement early today, and shouted to the crowd below to come to the aid of her husband. Her dress was on fire.

Then, as the onlookers screamed at her and the fire had arrived, she flung Marian to the street. Scorching flames were seen as the child's clothing was in flames. Scorching flames were seen as the child's clothing was in flames.

The mother and Marian died, and doctors say Anna cannot live. The mother jumped and erected ladders. Fireman Robert V. Reilly, who was climbing the ladder, saw the mother jump, pierced the window four times, the last time with his uniform afire, and finally returned with the unconscious victim. Some 200 pounds made the passage down the sagging ladder a painfully slow journey.

The clothing of both were ablaze when they touched the ground. Physicians said both would live. Others were saved by policemen who led them to the roof.

Tragedy in Lisbon. Lisbon, Feb. 26.—More than seventy persons were buried in the debris of a burning apartment house on Saturday night in Lisbon, Portugal. The building was a three-story structure which had been taken from the ruins. Sixty persons who were badly injured were moved to hospitals.

The proprietor of the apartment and his wife threw themselves

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, FEBRUARY 26, 1923

EFFORT MADE TO UNSEAT LODGE

Massachusetts Prohibition Candidate for U. S. Senator Taking Action.

Boston, Feb. 25.—The right of Senator Henry Cabot Lodge to his seat in the U. S. senate was challenged yesterday by an attorney for John A. Nicholas, defeated prohibition candidate for U. S. senator, in which it was urged that it was the Governor's statutory duty to recall and vacate the certificate of election issued to Senator Lodge and forthwith to issue process for a new election.

ST. PETER'S BALL TEAM IN REORGANIZATION

Baseball fans throughout the city will be interested to know that St. Peter's baseball team is being reorganized. A meeting was held recently and plans for the coming season discussed. From all indications there will be a number of changes in the line-up, but those in charge say they will have one of the strongest and hardest-hitting teams that ever wore the green and white. The team will be kept busy during the summer months if plans already formulated fully materialize. Another meeting of the players will be held in the near future and arrangements for the season will be completed.

WORK BEGUN J. A. Gregory announced today that he is making temporary repairs to his mill in West St. John, which was recently partially destroyed by fire. He said that later he plans on putting up a larger structure than the one burnt.

CLAYTON CO. Undertaker and Embalmer 81 Princess St. Phone M. 718 You will find us ready at all times with a sympathetic, reasonable and understanding service.

Notices of Births, Marriages and Deaths, 50 cents

BIRTHS MCKIBBIN—On Feb. 24, 1923, to Mrs. and Mr. Walter N. McKibbin, Winslow St., West St. John, a son, Melvin Napier.

DEATHS BYRNE—In this city on the 26th inst., Sarah, daughter of the late John and Mary Byrne, leaving two sisters to mourn.

LOWELL—In this city on 26th inst., James Lowell, in the 8th year of his age, leaving one sister to mourn.

HORMAN—On Feb. 25, 1923, at 880 St. Peter's church, for High Mass of Requiem, Friends invited.

CAMPBELL—In this city on Feb. 26, 1923, Adeline, widow of John Campbell, leaving to mourn one son, also six brothers and one sister.

BROWN—Suddenly, at the General Public Hospital, on Feb. 25, 1923, Mrs. B. Brown, leaving his wife and one son, Arthur, to mourn.

MCGILL—In this city, at the residence of her nephew, Frank Kelly, 45 Magazine street, on February 25, 1923, Katherine (Kelly) McGill, leaving one brother and one sister.

JOHNSON—In West St. John, on February 25, 1923, after a lingering illness, Mary Ann Johnson, aged eighty-nine years.

IN MEMORIAM CRAIGS—In loving memory of Margaret I. Craig, who departed this life, Feb. 25, 1921. HUSBAND. FAMILY.

LOCAL NEWS

WORKING AGAIN. The Maritime Mill Works resumed operations this morning after being shut down for more than two months.

SENTENCE SUSPENDED. Alfred Haywood, arrested today at noon by Sergeant O'Neill and Police Constable Gill and charged with assault, was taken before the magistrate and allowed to be on suspended sentence.

ALLOWED TO GO. A juvenile who was recently convicted of stealing papers from doorways and sawmills in a term in the Boys' Industrial Home was allowed to go this morning on suspended sentence. He will report to the magistrate every week.

DIED ON SUNDAY. The death of Miss Sarah Byrne, daughter of the late John and Mary Byrne, occurred yesterday at her home, 274 Waterloo street. She leaves two sisters, Mrs. Anastasia Whalen and Miss Byrne, both of this city. The funeral will be held tomorrow afternoon from P. J. Fitzpatrick's undertaking rooms.

DEATH OF JAMES LOWELL. James Lowell died this morning at his home, 10 Simonds street, at the age of eighty-five. He was formerly a resident of Sandy Point road. He leaves one sister, Mrs. Mark Keegan, and two nephews, John and Edward Lowell of Boston, and two nieces, Miss Ida Keegan of the school staff, and Miss Eva Keegan of the St. Malachi's school staff. The funeral will be held on Wednesday morning at 8:30 o'clock to St. Peter's Church.

FUNERALS. The body of Henry Kelley, who was drowned recently at Mishawaka, Indiana, was brought here on today's train. The funeral will be held tomorrow afternoon at 2:30 o'clock from the residence of his sister, Margaret Keegan, 100 Queen street, West End, to St. Rose's Church. Interment will be in Holy Trinity.

The funeral of Mrs. Mary A. Johnston was held this afternoon from her late residence, 190 Queen street, West End, to Greenwood. Service was conducted by Rev. W. H. Sampson.

WELL REMEMBERED HERE. Word was received in Moncton on Friday of the death of James L. Stanley in Worcester, Mass., on Thursday, Mr. Stanley was a resident of Moncton and St. John. He had been employed in the composing rooms of the Evening Times since 1905. Mr. Stanley was sixty-five years of age. He leaves a wife, Mrs. Stanley, and a daughter, Miss Nettie, of New York.

MRS. ADELINA CAMPBELL. Mrs. Adeline Campbell passed away this morning at her home, 70 1/2 Waterloo street, at the age of seventy years. She leaves one son, Fred of St. John, six brothers, George, Ernest, Melville, John, Wesley and Robert Pease, all of this city, and one sister, Mrs. Alexander McEachern of this city. The funeral will be held on Wednesday afternoon at 2:30 o'clock from her late residence.

VERY NICE. Frank D. Alward, harbor master, said this morning that the business being done by the port continued to increase and he anticipated that the earnings for February this year would be at least \$1,000 more than for the same month last year. The increase in January this year, was more than \$5,000 over the return for January, 1922.

THE SICK LIST. Friends of Commissioner Thornton will regret to hear that he is confined to his home through illness. E. Murray Olive, chairman of the board of assessors, who has been on the sick list for the last week is back at his desk this morning.

Charles A. Emery, secretary of the board of assessors, is absent from duty on account of sickness.

THE ROTARY CLUB. C. F. Wetmore presided at today's Rotary Club luncheon in the old quarters under the new ownership of Mr. A. Fleming was the speaker, and gave a very interesting address on the full-blooded Equianthus of the north, among whom he was laboring. The Ladies' Night would be a great success. Additional members of the administrative committee were named. Rotary Croquet Club invited the members to witness the Tuxedo boys' races at the South End rink. Led by W. J. Fenton the club practised a new song for the district conference in Halifax. Chairman MacLellan of the district committee reaped a harvest for the Christmas fund.

METHODIST MINISTERS. The weekly meeting of the Methodist Ministerial Association was held this morning in Centenary church with the following members present—Rev. J. M. Rice, chairman; Rev. E. E. Styles, secretary; Rev. Neil MacLachlan, Rev. H. E. Thomas, Rev. H. B. Clarke, Rev. F. T. Bertrand and Rev. William Jackson. Rev. Mr. Rice read a communication from Rev. H. S. B. Strachan of Sackville, field secretary of the religious education department, relating to summer schools. He was authorized to take the matter up with the superintendents of the various Sunday schools and to try to arrange for a joint conference of the pastors and superintendents to discuss the question.

LADY BOWLERS. Picked teams of ladies enjoyed a bowling match on the Imperial alleys on Saturday afternoon. The results were—

Table with 3 columns: Name, Score 1, Score 2. Miss Burgess 84 90 69 80, Miss Galt 68 104 87 88, Miss McDermott 85 82 61 76, Miss Shaw 80 74 66 66, Miss Coates 87 81 76 81-1-3, Miss Doyle 75 71 76 74.

Table with 3 columns: Name, Score 1, Score 2. Miss Scriber 57 68 67 66-2-9, Miss Robins 67 41 59 55-9, Mrs. Lemon 59 45 40 48, Miss Irvine 87 106 78 80-1-3, Miss Vincent 78 78 86 79-2-3, Miss Lemon 88 118 86 97-2-3.

A plan is under way for bringing Norwegian colonists to Alaska to farm along the Alaska railway.

Tom's Closed to Visitors. Luxor, Feb. 25.—Tom's (Lushan's) tomb was finally closed to visitors yesterday.

St. John Grooms; Brides Belong To Fredericton. (Special to The Times.) Fredericton, Feb. 25.—Manfred Victor of West St. John and Miss Violet May Cowie daughter of Mr. and Mrs. George Cowie of Maryville, were united in marriage in the Brunswick Street Baptist Parsonage on Saturday night by Rev. G. C. Warren. They were attended by Mr. and Mrs. John Rice, of Maryville. For the present they will reside in Maryville.

A wedding of interest was solemnized on Sunday afternoon at the home of Mrs. H. A. Holmes, 48 York street, when Miss Helen Maud McMinnin of this city became the bride of George Cyril McKee of St. John, who has been a resident of Fredericton for some time. They were attended by Kenneth P. MacKenzie and Miss Violet M. Foster, both of Fredericton. Some sixty guests were in attendance. The ceremony which took place at four o'clock, was followed by a wedding supper.

The bride who has been a member of the Fredericton Exchange Staff of the New Brunswick Telephone Company for some time, received from the members of the staff a handsome set of silver. There also were numerous gifts of silver, cut glass, and linen from the numerous friends of the bride. The latter was in Fredericton during the ceremony, at which she was accompanied by Mrs. McKee's adopted daughter, Miss Violet M. Foster, who is superintendent. With his bride he will make their home in Fredericton.

CLUB RAIDED, \$200 FINE. As the result of a visit of the local prohibition inspectors to a club in Dock street on Saturday evening, John Smith appeared in the police court this morning and pleaded guilty to having liquor in his possession other than in his private dwelling. Seven bottles, alleged to have contained rum, were seized. A fine of \$200 was imposed. Mr. Ryan appeared for the prosecution.

REV. JOSIE ARNUP HAS SLEEPING SICKNESS. Toronto, Feb. 25.—Rev. Josie Arnup, Canadian general secretary for foreign missions of the Methodist Church in Canada, is seriously ill with sleeping sickness. The physicians are very hopeful of recovery.

AGAINST PACKERS. Washington, Feb. 25.—Armour and Company and Morris and Company, the secretary of agriculture with a complaint charging them with violation of the packers and stockyards act in connection with the tentative acquisition of the plants and business of Morris and Company by the Armour interests.

FAMILY FLOODED OUT BY A BREAK IN WATER MAIN

Many Homes Also Suffer from Lack of Water Supply in Early Morning Hours—Part of a Joint Blows Out in City Road—Repairs Being Made.

A great portion of the city was for a time deprived of its water supply and one section reluctantly received more than its share as the result of a break in the 16-inch water main in City road, near the corner of City street, between five and six o'clock this morning.

The break occurred immediately in front of the factory of the Christie Woodworking Co. As City road is paved with granite blocks on a concrete base the escaping water could not come to the surface but ran underground through the City road retaining walls and flowed into Forest street, incidentally flooding the lower section of the Christie factory.

The family of Mrs. Frank Craig, living on the ground floor of a house at 32 Forest street, awoke to find their home inundated with between five and six inches of water. Boots and other articles of clothing and furniture were floating about and it was only by wading through the flood to the front door that the occupants of the flat escaped and found dry safety with neighbors living up stairs. Much of their floor covering and other household equipment was ruined.

The break in the main was brought to the attention of the city road retaining walls and flooded into Forest street, incidentally flooding the lower section of the Christie factory.

FOREIGN WAITERS
FLOOD LONDON

London, Feb. 7 (A. P. By Mail)—The British water is gradually disappearing, and foreigners are taking his place. This is particularly noticeable in Soho and some of the leading West End restaurants which are managed by Italians, Greeks and Poles. They prefer waiters of their own race rather than the Englishman.

All Fat People
Should Know This

"Fat people owe a debt of gratitude to the author of the now famous Marmola Prescription, and are still more indebted for the reduction of this harmful, effective obesity remedy to tablet form. Marmola Prescription Tablets can be obtained at the reasonable price of one dollar four cases, or you can secure them direct on receipt of order from the Marmola Co., 4612 Woodward Ave., Detroit, Mich. This now leaves no excuse for dieting or violent exercise for the reduction of the overfat body to normal."

CARTRIDGES INTO ENGLAND

London, Feb. 1—(By mail)—John Alfred Grevenity, thirty-three, mate of the German steamship Portia, was charged in the Thames police court with illegally importing 5,500 rounds of ball ammunition, according to the Westminster Gazette.

"I Had Terrible Backache
From Kidney Disease"

Mrs. M. A. McNeill, Canadian Sta., N.B., writes:
"I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little result. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

Dr. Chase's Kidney-Liver Pills
One pill a dose, 25c a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto

CHARLEY GORMAN WORE
ALFRED'S ICE KING IN
BREAKING WORLD'S RECORDS

In view of rumors as to just what shaves were worn by Charley Gorman in breaking world's records, the following letter handed to Messrs. W. H. Thorne & Co., Ltd., speaks for itself:

Moncton, N. B., Feb. 20, '23.
Alfred Johnson Skate Co., Chicago, Ill.
This is to certify that I used Alfred's Ice King in breaking the world's record at Lake Placid, February, 1921, for 440 yards, 37.8 seconds; world's record at Moncton, February 20, 1923, for 440 yards, 37-1.8 seconds.

LOCAL NEWS

Another slight snow storm early yesterday left its contribution of two and one-half inches of snow upon the city streets and brought the grand total of snowfall for this season to 100 inches. The snow was light and fell without drifting. The city snow ploughs were early on the job and had most of the sidewalks and crossings ploughed before noon.

At the County Hospital in East St. John yesterday morning Rev. John A. Swinburn, pastor of the Waterloo street Baptist church conducted a special service. He was accompanied by a large choir which sang appropriate music in the afternoon the members of the Waterloo street Bible class proceeded to the Old Ladies' Home, where they conducted a service of song.

Mrs. J. Preston Vouch of Pookala, Baltimore, is in the city, called here by the death of her father, the late Thomas McGrath, George street, Fairville, whose funeral took place yesterday afternoon. Other here for the funeral were Michael Costello and Leonard of Bangor Me., sons-in-law of the late Mr. McGrath.

The West Side telephone which were out of commission for a time on Saturday are now working again in good order, the trouble having been repaired early Saturday afternoon. The cause of the suspension of service, which affected about 800 telephones in the Lancaster and Fairville districts, was the collecting of wires in a manhole and when this was removed the system was found to be in good condition.

ORGAN RECITALS
ARE ENJOYED

Two enjoyable organ recitals were heard on Saturday afternoon, in Trinity Church, J. S. Ford, assisted by Mrs. LeLachar, and the second of his weekly Lenten services, taking the numbers played include: "Pavane Canon, by Kliton; Capetown, by Reger; Martyrdom, by Parry, and Adagio Piello, by Gleason. The organist, assisted by Mrs. Hugh Miller, gave a recital in St. David's church under the auspices of the Women's League. Among the pieces played were Concerto in E flat minor, Allegro moderato and Andante, by Faurer; A Dream, by Frederic The Swan, by Saint-Saens; Intermezzo, by Calverto, and Prelude and Fugue in G minor, by Bach.

TWO DIE FROM
GAS IN BOSTON

Boston, Feb. 26—Two persons lost their lives in the Y. M. C. A., with a Crookshank in the chair. Supper was served at 6.30. Rev. E. E. Styles gave an interesting talk on the West Indies. William J. Kerwin, a lodger, broke down the door of a fellow lodger, James A. McDonald and found him dead in bed with a gas escaping from two jets. In an adjoining room, Mrs. Verna Henscourt, was found dead from the gas which had come under the door.

STAMP COLLECTORS PLAN
TO HOLD DIAMOND JUBILEE

Rome, Jan. 20—(By mail)—Stamp collectors will celebrate the "diamond jubilee" of the cult during the present year by an international stamp exhibition to be held in London during the month of May. Many of the best known collectors have entered for the event and the value of the various collections exhibited will be well over \$5,000,000.

POPULATION INCREASES
FASTER THAN LIVESTOCK

Washington, Feb. 26—The human population of the United States has increased at a much greater rate than livestock, and the Department of Agriculture is concerned over the increasing difficulty in supplying the population with sufficient meat, while maintaining a surplus of meat products for export.

FATHER OF MRS.
STEPHEN LEACOCK
IS MISSING

Ottawa, Feb. 26—Col. R. H. Hamilton of Toronto, aged 76, who came to Ottawa in January, has not been heard of since. Mrs. Stephen Leacock, a daughter, is making inquiries from Montreal.

RED TRILLIONBOX ROBBED
OF 7 MILLION GOLD RUBLES

Funds of Communist International Propaganda Stolen

London, Feb. 11 (By Mail)—A correspondent writing to the London Morning Post from Heligoland says that reliable information received there is that the Communist International funds of 7,000,000 gold rubles—2,000,000 in cash and the remainder in valuables—belonging to its propaganda bureau. The defalcations have been proceeding for nearly two years. A number of prominent communists are mentioned as having been concerned in the affair, including Radok and Zinovief, and Fima, Khabiz, head of the seventh section of the propaganda bureau, and Kotlanski, formerly head of the Cheka's espionage service on the Finnish frontier.

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 26, 1923

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

Telephone—Private exchange connecting all departments, Main 2417. Subscription Prices—Delivered by carrier \$4.00 per year; by mail, \$5.00 per year in Canada. By mail to United States \$5.00 per year.

The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank P. Northrup, 330 Madison Ave.; CHICAGO, E. J. Power, Manager, Association Bldg., The Audit Bureau of Circulation audits the circulation of The Evening Times.

THE SIGNIFICANCE OF GRAND FALLS

When it is realized that power from Grand Falls could be transmitted to any part of New Brunswick the development of that power ceases to be a local matter and becomes one of immense importance to the whole province. Furthermore, a general generating station at Grand Falls could be linked up with every one of the smaller water powers from the Lepreau to the Upsalquiche, and from the Pokok to the Petagouche, ringed and intersecting the whole province with current and supplying every community of any importance with cheap light and power. This is the prospect. It only became possible when power transmission for long distances was achieved, as in Ontario. Grand Falls is now a possible source of power for the southern as well as the whole power situation in New Brunswick. The people of Fredericton, Woodstock, Grand Falls, Edmundston and Campbellton are no more interested than those of the southern and central counties. The whole province will profit by such development of Grand Falls and such a policy as will eventually link it up with every other power in the province. It is an enchanting vision which excites and gladdens the people with hydropower, transmission lines, bringing cheap light and power, bringing up new industries and bringing convenience and comfort into all homes. The first step was taken when the Musquash was developed. The second was Grand Falls. There is probably 100,000 horse power or more of potential energy in this province to be developed. Not to take advantage of it would be supreme folly. The Provincial Government adopted a wise policy in 1920, and by providing that policy with Grand Falls development as the next objective it will be doing more to benefit the people of the whole province than could possibly be derived from any other policy it might conceive or formulate.

IMPERIAL TRADE PROSPECTS.

Mr. Frederick C. Goodenough, an eminent English banker, and Chairman of Barclays Bank, foresees "a greater development of resources of the Empire as a prelude to meet her debt payments to the United States and of the effect of the Fordney tariff upon trade between the two countries." He says: "The effect of the Fordney tariff, however, must be to compel us to seek new sources of supply of foodstuffs and raw materials and to develop markets in other parts of the world, for our trade, especially in India, with its great population, and in the East, and the Dominions and Colonies of the British Empire, who in their turn can send to America their raw materials and other merchandise which America cannot produce for herself. In this way, we shall still use the products of our industry to discharge our obligations to America, even although America will no longer accept our manufactures direct upon reasonable terms, owing to the operation of the Fordney act. Moreover, in this way we shall reap the fruit of the policy of Empire development, upon which so much of British resource and enterprise has been spent in the past. In the development of this great policy, we shall lighten and relieve the losses that we have suffered in the war and in its aftermath. It will afford great opportunities for employment and for advancement, both for men and for women who are ready to take advantage of them. It will afford our people an outlet to satisfy the national desire for progress and for betterment, which is perhaps one of the fundamental causes of much of the unrest of the present time."

Canada will naturally derive benefit from the development of this British policy. This country has the foodstuffs and much raw material, and should also be able to share in the industrial expansion which must result from close inter-imperial trade relations.

If the people in the United States are fools enough to provide a million dollars for the republicans in Ireland they will find plenty of agitators to take charge of the money. The crop of "patriots" will not fail while the cash is available, but Ireland will continue in a turmoil. The Free State Government should concentrate its efforts upon the capture of De Valera.

Sussex is now lighted by the hydro-electric current from Musquash and claims to be the best lighted town of its size in the province. A policy that would make Grand Falls the key to the development of all the water powers in the province would give all the towns cheap light and power and the conveniences the electric current brings within reach of all.

AMERICAN IMMIGRATION.

For some years past Italy has sent more people to the United States than any other country, but it is now announced that under the restriction laws passed by Congress more are coming from the United Kingdom than from Italy. A statement recently issued by the Cunard Line says that since the end of the fiscal year last June 45,440 immigrants have arrived with 42,087 from Italy, 21,896 from Germany, 21,078 from Poland, 18,388 from Russia, 14,887 from Czechoslovakia and 9,169 from Sweden.

RECENT DEATHS

Mrs. Ann Johnston.—The death of Mrs. Ann Johnston occurred yesterday at the home of Ernest Britton, 190 Queen street. She was eighty-one years of age and came to this country from Ireland when she was quite young. The funeral will take place on Monday afternoon at 2:30 o'clock from 190 Queen street.

Katherine (Kelly) McGill.—The death of Katherine (Kelly) McGill occurred yesterday at the home of her nephew, Frank Burnett, in Bedford village, on Saturday afternoon at the age of sixty-nine years. Many friends gathered to assist in the funeral. She is survived by a brother, William Kelly, of Fredericton, and one sister, Sister Margaret, of the Sacred Heart, Rochester, N. Y. The funeral will take place tomorrow morning at 8:30 o'clock from St. Peter's church for Requiem Mass.

Mrs. Elizabeth Ann Dann.—After a short illness of pneumonia the death of Mrs. Elizabeth Ann Dann occurred at her residence, in Hampton village, on Sunday afternoon at the age of sixty-nine years. Many friends gathered to assist in the funeral. She is survived by a daughter, Mrs. William and Elizabeth Hillman, of Lower Norton street, and a son, Joseph and William, both of Montreal, and a daughter, Mrs. Elizabeth Hillman, of Lower Norton street. The funeral will take place on Tuesday afternoon at 2:30 p. m. to the Anglican church at Lower Norton.

THE FOKY SOVIET.

The American people have been pouring food into Russia to feed starving children. Enormous and increasing quantities have gone forward on the plea that millions were starving. Now it is learned that the Soviet Government while famine raged in some portions of Russia has been exporting great quantities of wheat from other portions, to get money for various purposes including the increase and the upkeep of an army and navy. Naturally the news has caused resentment in the United States, and we find the New York Tribune voicing public sentiment as follows:—"Confirmation of reports about the export of foodstuffs from Russia leaves Great Britain's effort to feed the world as definitely embarked upon the policy of shipping out food and leaving the care of her starving to the Americans and other foreigners. It is unlikely under these circumstances that the American people will long be willing to continue sending food to Russia, so long as Russia had not enough to feed herself. American charity was gladly forthcoming. But there is no reason why Americans should continue their generosity when Russia deliberately neglects to feed her own people, preferring to export the food that should rightly be theirs."

Toronto Globe—"One man forgot." The tragedy at the Toronto gas plant is explained in a sentence. Ten men were killed almost in an instant because of one man's lapse of memory. Over and over again in the days that we read of the same effect from the same cause. Railway trains rush together and lives are crushed out because one man misapprehends a signal, or failed to deliver an order, or misread his instructions. The momentary inattention of a motor-car driver may hurt a score of people into eternity. It is an age of machinery, but the safety of life is more than ever dependent on the human factor. The personal equation is still indelible, and the man who forgets' delivers himself or others to destruction.

President Harding wants the United States represented in the International Court of Justice. That country ought to be in the League of Nations and must eventually get into closer touch with the other great powers of the world.

If the Venet Government can prevail upon the Government at Ottawa to fulfill former Government pledges extending back for ten years, and do justice to New Brunswick in the matter of the Valley Railway, it will fit a great and unfair burden placed upon our people.

The National Bureau of Economic Research recently estimated the population of the United States at 110,100,000 people, a gain of 4,000,000 since the last census. The gain would have been much larger but for restricted immigration.

St. John has an opportunity to get into the Eastern Canada Baseball League. Whether it will do so or not depends upon the sport-lovers of the city.

WHAT'S WHAT

By Helen Deale

CONQUERING THE SAHARA

The time to cross the Sahara heretofore has been three months, but French caterpillar motor trucks have reduced the time to three weeks. A few weeks ago the first motor caravan reached Timbuktu, the ancient slave market, now a French headquarters. The caravan traveled 2,000 miles. Airmen have failed in an attempt to cross the great desert, but the motor car has succeeded. The map shows the route.

CONQUERING THE SAHARA

A few weeks ago the first motor caravan reached Timbuktu, the ancient slave market, now a French headquarters. The caravan traveled 2,000 miles. Airmen have failed in an attempt to cross the great desert, but the motor car has succeeded. The map shows the route.

TOMBS OF THE KINGS

Professor Flinders Petrie, lecturing last week at University College on Royal burials in Egypt, said the tombs of kings had always drawn the thoughts of mankind, yet most had suffered the indignity of plundering or being crushed. Professor Petrie, who has been excavating the tombs of the pharaohs, said that the tombs of the pharaohs were not only places of burial but also places of worship. The tombs were built on a high place, and the king would be buried in a sarcophagus. The tombs were built on a high place, and the king would be buried in a sarcophagus.

PROTESTANTS IN POLAND CONFRONTED BY TROUBLE

WARSAW, Jan. 12.—(By mail)—The Protestant churches of Poland have been authorized by the government, under the Polish constitution, to draw up their own statutes covering the administration of the church. Under this decision a Protestant synod was summoned and has been sitting for some time. Due to the fact that there are great differences of opinion between the German and the Polish Protestants, it was suggested that two Protestant churches be formed, but the synod decided to defer the discussion of all questions in dispute, and this among them, and to take up only those upon which a compromise appeared possible.

MODEL CONVICT WINS CHANCE TO MAKE GOOD OUTSIDE PRISON

NEW YORK, Feb. 26.—Because Ernest Sorrentino, a prisoner who served three years in Sing Sing for a robbery in Brooklyn, behaved well in prison and was promised to "go straight" outside, a warrant lodged at the prison for his rearrest was withdrawn and Sorrentino was released.

PROFESSOR EINSTEIN PLANS ANOTHER VISIT TO CHINA

SHANGHAI, Jan. 10.—(By mail)—Professor Einstein is going forward among educators in various centers in China to give another greeting to Dr. Albert Einstein, who passed through the port on his way to Japan, where he has been lecturing, and who then promised he would return for a somewhat extended visit to China.

Tenderly Cooked Foods

Clean—Pure—Toothsome

Reward the housewife who uses SMP ENAMELED WARE which is delightfully clean and spotless; just as pure and clean as a china dish.

SMP ENAMELED WARE

Heats quickly, thus economizing fuel. After cooking, no matter how greasy or sticky, your SMP Enameled pots and pans come out dishpan clean, only hot water and soap being necessary.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 243.
CONTROLLING RADIO FREQUENCY CURRENTS.

The employment of oscillating vacuum tubes as a means of generating high frequency currents for radio transmission involves many of the fundamental principles of electrical engineering and with the practical application of these principles the amateur should be thoroughly familiar. For example, an understanding of the effects of the frequency of the alternating current flowing in a circuit is necessary in order to realize the importance of using an inductance coil with an iron core in one part of the circuit while other inductances have an air core. A coil with an air core is commonly known as a radio-frequency choke coil but the factors which enter into its design for a particular part of a circuit are not so generally understood.

There is a very simple law, probably one of the first acquired by the student of electricity, which states that the current through a circuit across which a constant source of voltage is connected depends upon the opposition offered to the current flow, that is, upon the resistance. As long as the circuit itself is unchanged, in character the resistance measured in ohms remains constant and the current through the circuit can only be varied by changing the potential or voltage impressed across the circuit. This is a very simple idea to grasp when applied only to a circuit across which a constant source of voltage such as a storage battery is connected.

If the storage battery is replaced by a source of alternating voltage of the same potential the current through the circuit will depend not only upon the ohmic resistance such as would be offered to the flow of current from a constant potential source but also upon the opposition offered by the character of the circuit to the reversal, or alternation, of the current. In other words, if we take a direct current source, such as a storage battery, and close a switch allowing current to flow through the circuit then open the circuit at the switch, reverse the connections to the terminals of the battery and close the switch again, causing the current to flow through the circuit in the opposite direction, we approximate a condition corresponding to what happens during one cycle of an alternating current. In a circuit supplied with 60 cycle current this series of events happens 60 times in a single second. In an alternating current such as generated by a vacuum tube transmitter tuned to 200 meters there are 1,200,000 of these cycles in a second. Thus we have low audible frequencies and inaudible radio frequencies.

When a switch is thrown, thereby closing an electrical circuit, the current does not instantly flow at its maximum value nor does it drop to zero instantaneously when the switch is opened. It takes time for the current to rise to maximum value for this rising current is accompanied by a rising magnetic field and if the space in the vicinity of the wire is filled with iron it takes longer to build up the field than it does in air. In the case of alternating current when the direction of current flow is reversed the magnetic field collapses and must be built up in the opposite direction. The fact that this continuous changing of the magnetic field takes time and represents work done is apparent in the heating of iron cores of poorly designed choke coils or transformers. The more iron in the core the greater the opposition to the flow of alternating current and for a given core the higher the frequency the smaller the current flow.

ST. PETER'S Y. M. C. A. LECTURE
On Sunday afternoon the room of St. Peter's Y. M. C. A., Douglas avenue, a lecture entitled "A Philosophic Study of Beauty" was delivered by Frederick Burke. The speaker went thoroughly into his subject, defining the qualities of harmony and proportion and showing how they prevailed in the mineral, vegetable and animal kingdoms. A vote of thanks moved by M. Maxwell and seconded by E. McCluskey was presented to the speaker by the chairman W. J. Shea.

Home Sewing Week Commences Tuesday at This Store

Stores Open 9 a.m.; Close 6 p.m.
During Winter Months.

The Home Modiste Will Find Inspiration in
The New Fabrics, Trimmings and Patterns

For this occasion we have assembled a wonderful variety of beautiful weaves in cotton, silks and woollens. Assortments are now very complete. Women who are far-seeing will make selections now for garments needed later in the season.

Fresh, Crisp Wash Materials For Inner and Outer Garments

In Colored Fabrics you will find here a fine range of: Gingham, Chambray, Galatea, Kiddy Cloth, Beach Cloth, Madras, Crepes, Ratines, Voiles, Fougards, Drills, Muslins, Indian Heads, Poplins, Flannels, Eden Cloth, Pajama Cloth, Shirtings, Quiltings, etc.
Snow White Materials include: Nainsooks, Bridal Cloth, Madapolans, Lawns, Flaxons, Mids, Crepe, Indian Head, Middy Twill, Dimity, Muslin, Bedford Cord, Organdies, Drills, Ducks, Voiles and Shirtings.
Special Lingerie Fabrics, especially dainty for summer undergarments.
Lingerie Knives in floral and bird patterns.
Lingerie Fines in checks and stripes.
Lingerie in plain and Dresden designs.

Four Big Wash Goods Specials

1,800 yds of Imported Gingham 23c yd
Lingerie Battise, 10 yds (boxed) \$2.75
Nainsook, 10 yds (boxed) \$2.75
White Checked Dimity 25c yd

(Wash goods, ground floor.)

Particularly Lovely Are The New Silk Weaves

Among the latest arrivals you will find almost every color and texture pronounced fashionable for the coming season.

There are Flat Crepes, Plain and Brocaded Cantons, Striped Sport Satins, Crepe Frisole, Crepe Marville, Alltime Crepe, Art Crepe, Barquette Satin, Trafalgar Crepe, Batik Crepe, de-Chene, Heavy Jap Kimono Silk, Fongee, Tubular Ricolette, Georgette, etc.

Conspicuous among the new colors are: Whirpool, clover, archid, jade, opal, Mephisto, sandalwood, lavin, cinder, titan and others.

(Second Floor)

Spring Stocks of Dress Goods, Coatings and Suitings Now Complete

Homespuns are a strong feature of our dress goods department this season. These are showing in new French pastel tints and are very effective. 55 to 58 in. wide.

\$1.75, \$1.85 and \$2.10 yd
Irish Tweed Effects—This material is particularly adapted for hard wear. It is one of the most popular of Spring fabrics. 58 in. wide \$2.10 yd

Ratines or Sponge Cloth—Showing in the new striped effects. Green, rose and pastel blues. 58 in. wide \$2.10 yd

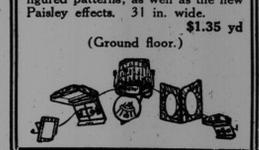

Flannels—Finished to resemble Broadcloth. Notice the width and price. 57 in. wide \$1.80 yd
Cream Homespuns 58 in. wide. \$2.50 and \$3.90 yd

Hand Loom Homespun. 72 in. wide \$2.50 yd
Mannish Worsted, 58 in. wide. \$2.35, \$2.65, \$3.25, \$3.50 up to \$5.25 yd

Tropicine and Poiret Twills—Demand for this material is very large. Showing in navy, reindeer, brown and black. 56 in. wide. \$2.75, \$2.85, \$3.25 up to \$4.35 yd

All Wool Challies—The first we have shown in many years. Newest arrivals feature small checks and new figured patterns; as well as the new Paisley effects. 31 in. wide. \$1.35 yd

(Ground floor.)

In Finishing Garments You Will Need

Thread, Needles, Buttonhole Twist, Hooks and Eyes, Snap Fasteners, Linings, Pins, Bias Bindings, Buttons, Braid, and many more incidentals that a look through our notion assortments will suggest. You'll find it a good idea to buy what you need of these things when you purchase materials.

(Ground Floor.)

You'll Need Some of These Lovely New Trimmings

Laces in 1-2 to 6 in. widths are in Torchons, Shadows, Round Threads, Yala, Fillets, Cluny and others. Special Lots at 5c, 7c, 10c, and 14c yd.

Embroideries in all widths; white, natural and with colored pattern. Assortment includes edges, insertions, frills, headings, heading edges, gown tops, canicle tops, etc.

Corset Cover Embroidery.
Children Embroidered Flouncings, 16 and 27 in. wide.

Swiss Allovers for yokes, vests, etc., 22 in. wide.
Partly made Embroidery Camisoles 60c each

Special Lots of Embroidery Edges 10c, 15c and 20c yard
Newly Figuring for trimming summer fabrics. Showing in white, jade, pink, rose, malis, Copen, etc. 1 1/2 to 5 1/2 yard

Collar Embroideries in white, natural and white with colored embroidery. Organdie Looping and Lattice Banding in all the new colorings.

(Ground Floor)

Ladies' Home Journal Patterns Will Solve Your Making Problems

Users will tell you that these patterns are very easy to manage. The styles they represent are the very smartest of the season's selections. Spring numbers feature a wonderful assortment of clever garments for women, misses and children; as well as embroidery and fancy work designs of greatest charm.

Embroidery pattern 10000 in yellow transfer is a beautiful peacock design for decorating bags, pillow tops, etc.

Spring Book of Fashion Now Ready.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, FEBRUARY 26, 1923

HEAD OF PRIMORIA SOVIET NOTED FOR STRONG-ARM FEATS

President, Formerly a Longshoreman, Denies Military Dictatorship in Realm.

Vladivostok, Siberia, Jan. 2.—(By Mail).—Nikolai Denisenko, the champion strong man of Vladivostok, a former longshoreman, who is credited with the ability to carry with ease a load of 120 pounds up the gangway of a ship, is the new president of the Primoria Soviet. His vice-presidents are Constantine Pshentian and Theodor Vetschikov and the secretary Nicholas Gusheln, a printer's assistant. President Denisenko, in an interview with the Associated Press, explained the aims of the new Soviet. He said: "In the Primoria, owing to local conditions there is at present a slight divergence from the normal constitution in force in the Russian Social Federalist Soviet Republic, which gives certain persons the opportunity of saying that the Government here is a military dictatorship, but in fact there is no military dictatorship. There is only a 'transitory stage' which is common in Russia in parts of the country which have been cleared of the enemy, and which is being organized. The existence of the Provincial Military Revolutionary Committee is certainly not opposed to the Soviet ideal. All authority in the hands of the workers—as the unanimous election of a Soviet in Vladivostok received the immediate sanction of the Revolutionary Committee. "The continuation of the present state of affairs will rest on our ability to bring about order. As soon as this is done and Soviets are formed in the various districts and provinces, the full authority of the Government will be handed over to the Soviets by the provincial military revolutionary committee. At present all questions referring to the Government are settled by the provincial military revolutionary committee. The deputies are chosen from the different unions in proportion to their numbers. "The number of deputies sent from each organization is as follows: The Red Army, 25; railwaymen's unions, 24; the union of longshoremen, 23; the metal workers, 22; sailors' union, 19; industrial workers' union, 18; the food producers' union, 17; municipal workers, 16; printers, 15; medical union, 14; builders, 13; tailors, 12; chauffeurs, 11; seaman workers, 10. "Sergeant Detective Power, who has been confined to the house for nearly a week by an attack of la grippe, was reported well on the road to recovery last evening. He hoped to be able to return to duty today or tomorrow."

WOMAN'S WIT SAVES HER FROM PYTHON

Uses Storage Trunk as a
Shield as Huge Snake
Strikes—Rescues Native
Sent to Capture Serpent.

London, Jan. 20.—(By Mail).—Mrs. F. W. Fitzsimons, wife of the director of the Port Elizabeth Museum, does not mind if she never sees a python, again, according to the account given of her recent adventure by a "London Daily Express" correspondent in Natal. The python was caught in a sugar plantation at Mid Hlivo, Natal, and sent to the Port Elizabeth Museum. Though not large, as pythons go—mere 14 feet long—it was a sturdy reptile, as thick as a man's thigh. Before installing it in a cage in the grounds Mr. Fitzsimons had it dumped into a small room on the sunny side of the balcony of his house. In this little room was a trunk used for storing odds and ends. Mrs. Fitzsimons wanted something from this trunk in the morning. While she was rummaging in the trunk the wind slammed the door, and she was horrified to find herself a prey, for there was no knob on the inner side. Presently the great snake, which had been watching her intently, prepared for attack, gathering up its heavy, sinuous coils in readiness to deliver the sledgehammer blow that precedes its constriction. Mrs. Fitzsimons tried to deter it with her stick, Mrs. Fitzsimons turned the trunk on end and used it as a shield. The python lunged and brushed its head. Taking advantage of its confusion Mrs. Fitzsimons clambered on the trunk.

YESTERDAY IN CITY CHURCHES

The evening service in the Exmouth street Methodist church on Sunday was conducted by the young men of the congregation. The choir was composed entirely of young men and numbered about twenty-five voices; the ushers were young men and the offertory was taken by men. William Graves was the chairman and made the announcements during the service. The scripture portion was read by Russell Lawton. E. E. Thomas was the choir leader and the choir sang the selection "My Neighbor Holds" in a pleasing manner. St. J. Holder sang a solo that was much appreciated. The pastor of the church, Rev. H. E. Thomas, in his sermon addressed himself chiefly to the young men and took for the theme of his address, "Breakers Ahead." In his timely sermon Mr. Thomas gave much excellent advice.

Large audiences attended the services in the city churches yesterday. In the morning the minister, Rev. Claude Stewart, ably discourses the text, "My neighbor holds" in a pleasing manner. St. J. Holder sang a solo that was much appreciated. The pastor of the church, Rev. H. E. Thomas, in his sermon addressed himself chiefly to the young men and took for the theme of his address, "Breakers Ahead." In his timely sermon Mr. Thomas gave much excellent advice.

CAN BUY FAGS; MUST PAY FEES

Toronto, Feb. 26.—"If they can afford to buy cigarettes and play billiards they can afford to pay the regular city fees," said Controller Hills when the Board of Control recently received a request from the warden of Hart House to forego the city fees on the billiard room and the "Tuck Shop" where cigars and cigarettes are sold. "I am in favor of giving education to students as cheaply as possible, but this doesn't help any," said the Controller.

THE Ontario Government has cancelled the provincial fee. No action was taken.

What I Have Learned in 47 Years Practice

I HAVE been watching the results of constipation for 47 years, since I began the practice of medicine in 1875. I am now 83 years old, and though from time to time the medical profession makes some wonderfully interesting experiments and tests, the fundamentals of causes and relief in this particular ailment are unchanged.

But the people take greater interest today in their health, diet, exercise and the drinking of water. Constipation, however, will occur from time to time no matter how one tries to avoid it. Of next importance, then, is how to treat it when it comes. I believe in getting as close to nature as possible, hence my remedy for constipation, known as Dr. Caldwell's Laxative Syrup Pepsin, is a natural vegetable compound. It is made of Egyptian senna and pepsin with agreeable aromatics. Children will not willingly take bitter things. Laxative Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not grip. Thousands of mothers have written me to that effect.

Over 10 million bottles of Dr. Caldwell's Laxative Syrup Pepsin are now sold every year, and it is the most widely known family laxative in the world. I say family laxative because all in the family can use it with safety. It is mild enough for the infant in arms, effective in the most chronic constipation of an adult. The formula is on every package.

TAKE DR. CALDWELL'S LAXATIVE The family remedy

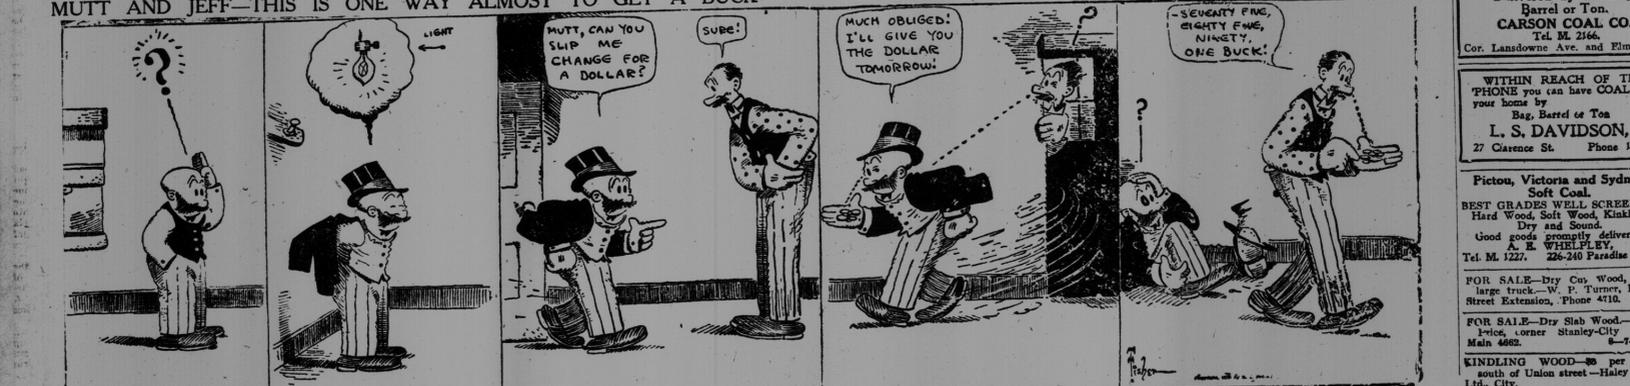

Recently there has been a new wave of dramatic physics. Calomel, a mercuro-iodine salt, has been used in the treatment of constipation. It has been used in the treatment of constipation. It has been used in the treatment of constipation.

Keep free from constipation! It lowers your strength 25 per cent, hardens the arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and hope but go to a druggist and get a bottle of Dr. Caldwell's Laxative Syrup Pepsin. It is a generous-size bottle. Take a teaspoonful at night and by morning you will be well. The cost is only about a cent a dose. The Laxative Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomachs, piles, indigestion, loss of appetite or sleep, and to break up fevers and colds. Always have a bottle in the house, and observe those three rules of health: Keep the head cool, the feet warm, the bowels open.

From a recent portrait of DR. W. B. CALDWELL, Esq. Sherbrooke, Mo., 1889

I REPEAT MY FREE OFFER \$10,000 worth of trial bottles of Laxative Syrup Pepsin. Lead over 10 million bottles of Laxative Syrup Pepsin are now sold every year, and it is the most widely known family laxative in the world. I say family laxative because all in the family can use it with safety. It is mild enough for the infant in arms, effective in the most chronic constipation of an adult. The formula is on every package.

POOR DOCUMENT MARCH 20 1925

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, FEBRUARY 26, 1925

ADOPTED CHILD WILLED FORTUNE BY MRS. LEEDS

Daughter Gets Personal and Household Effects, \$250,000 Trust Fund, and is Made Heir to Millions—\$450,000 to Y. W. C. A.

New York, Feb. 26.—Mrs. Louise Hartshorne Leeds, who killed herself ten days ago by jumping from an upper window of her home at 11 East Sixty-fifth Street, provided most generously in her will, which was filed for probate last Thursday in Minko, N. Y., for her adopted daughter, Joy Louise Leeds.

She is to receive all the portraits, linens, silverware, and other household effects of Mrs. Leeds and the income from a \$250,000 trust fund until she is thirty-five years old, when she is to receive the principal. She also receives in trust, with power to will it to her heirs, the entire real estate, amounting to several million dollars, upon the death of the husband of the testatrix.

"It is my desire," it is said in the will, "that my daughter be educated in an atmosphere of culture among people of refinement and that she receive the best instruction in those accomplishments for which she may manifest aptitude and interest, including such sports and amusements as benefit her age and position. I am especially anxious that her mind be directed toward the conditions and needs of the human family that she may become interested and trained to engage intelligently in beneficent work to the extent which the means I am leaving her will permit within her power. In the fullest confidence I enjoin her guardian, her father, to do all possible to realize my wishes and hopes for my daughter."

Mrs. Leeds was the sister-in-law of the late William B. Leeds. Her estate is estimated at several million dollars. The specific bequests in her will aggregate more than \$750,000.

The will is dated June 15, 1921. Mrs. Leeds' husband, Warner M. Leeds, and Thomas Mills Day, a friend of the family, are named as executors. They are named also with the Farmers Loan and Trust Company as trustees of the trusts created under the will. They are to serve without furnishing security.

Jewelry and other articles to the value of more than \$500,000 are disposed of under the will. There are two semi-public legacies—one to the Y. W. C. A. at Bar Harbor, Me., and another of \$400,000 to the National Board of the Y. W. C. A.

Mrs. Leeds leaves \$10,000 to a niece, Eleanor Hartshorne Richards, of Hyde, N. Y., and \$25,000 to her nephew, Donald Wood, of New York City. Agnes Remsen Gaylor, of Plainfield, N. J., and Taylor Hartshorne, of New York City, are named as trustees of the trusts created under the will.

The sum of \$100,000 is left in trust by Mrs. Leeds for the use of her niece, Louise Hartshorne Wood. The same amount is left in trust to a sister, Ethel Hartshorne Wood.

BOY STANDING ON HOT STOVE, PLUGS GAS LEAK WITH FINGER

Springfield, Mass., Feb. 26.—Standing on top of a hot kitchen range, Tony Scapano, a young boy, plugged the broken end of a gas pipe with his finger while his baby sister frantically sought aid over a telephone.

A connection on the pipe became loose and fell to the floor. With out a moment's hesitation, Tony scrambled to the top of the hot stove and pushed his finger into the pipe, shutting off the flow of gas. His sister crawled to the telephone. The operator was unable to understand the cries heard, but notified the police, who within a few minutes broke into the house and shut off the gas.

Liver Trouble Pains in Stomach

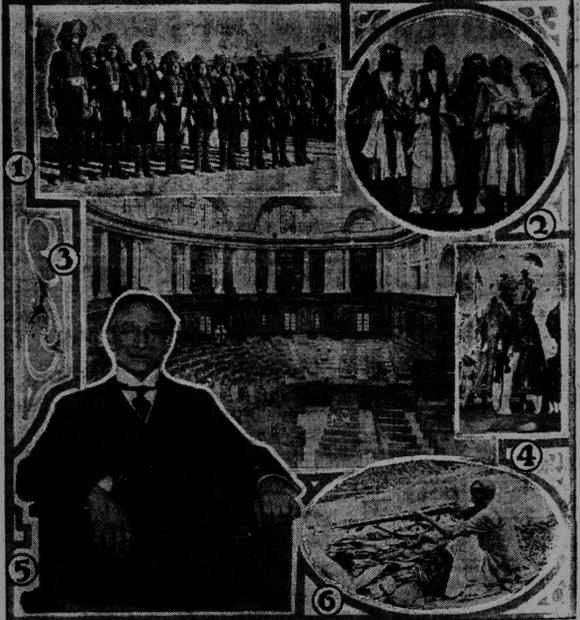

Most of the misery and ill-health that humanity is burdened with arise from disorders of the liver, stomach or bowels.

If you are feeling out of sorts, have pains in the stomach, especially after eating, sour stomach, bilious spells, sick or bilious headaches, heartburn, water brash, etc., you should take a few doses of Milburn's Lax-Liver Pills. They will live up the liver, regulate the bowels, and tone up the stomach.

Mr. T. C. Hallman, Highgate, Ont., writes—"I have had liver trouble and pains in the stomach for a long time. I started to use your Milburn's Lax-Liver Pills, and in a short time I noticed they were helping me. Now I would not be without them and can recommend them too highly."

Milburn's Lax-Liver Pills are 25¢ a visit at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

INDIA, OVER WHICH GEORGE V. REIGNS AS EMPEROR

The land of contrasts of wealth and poverty, splendor and squalor, also has its contrasts of loyalists and rebels. At present the frontier tribes are maintaining a petty warfare against British power, but native Indian troops are assisting the British in putting down the rebels. Picture number one shows native troops who operate in maintaining peace and order in India, and picture number two shows the type of rebellious frontiersmen, some 2,000 years ago he began to settle in the north. Number three shows the interior of the magnificent new legislative chamber at Delhi in which the home rule government will sit. Number four shows how native princes appear in state before their subjects. Number five is India's viceroy, Lord Reading; and number six shows a frontier tribesman actually mapped while waiting for a victim. These pictures were supplied direct from India to the British and Colonial Press.

Lost Love Lawsuit Reveals Quaintly Written Bethrothal

Girl Declares Suitor Broke Off Match When Her Father Refused to Share Lucrative Trade With Him.

London, Feb. 26.—(By Mail)—In a breach of promise action brought by Esther Drevitsky against Miss F. F. Lewis, a cabinet maker, in the Glasgow Sheriff Court, a quaintly worded betrothal agreement was produced, which was printed in "The London Daily Mail." The girl claimed the return of a deposit receipt for £200, a gold watch and chain and £200 damages for breach of promise.

Some extracts from the betrothal agreement read: "I, the undersigned, do hereby betroth myself to the said Esther Drevitsky, and in consideration of the sum of £200, which she has paid to me, I do hereby agree to marry her as soon as I shall be able to do so, and to support her as a wife and as a mother, and to keep her in peace, love, and companionship for many long days and years."

The father of Tobias undertook to provide for his son the garments suitable for Sabbath days, holidays and weekdays, "like one of the respectable, according to his station in life," while the girl's father undertook to provide a dowry of £200, furniture for two rooms and kitchen to be ready for the wedding, which is to take place with the help of God and in a lucky hour in the month of Sivan in the year 5682 (June, 1922).

Miss Drevitsky said she had to buy the engagement ring herself. Shortly before the marriage Mr. Tobias, Sr., suggested his son should get a share in her father's business. This was refused and as a result Tobias broke off the engagement.

GERMAN BEER FLOWS AGAIN INTO MARKETS OF JAPAN

Kobe, Japan, Jan. 2.—By mail.—After a lapse of many years Munich beer is being imported into Japan to compete with the product of the local breweries, being sold at about the same price as the latter.

The Japanese first learned to drink beer some twenty-two years ago, when the Germans commenced sending it here. Soon the American brewers learned of the new market. For the last few years, however, the Japanese brewers, freed from competition, raised their prices and the Germans see an opportunity of re-entering the market.

AUTOIST, 100 USES HIS CAR AS INFLUENZA CURE

New York, Feb. 26.—Henry Chaland, of Aurora, Ill., has been cured of an attack of influenza through the use of his automobile, according to the report in "The St. Louis Globe-Democrat." Chaland, who celebrated his 100th birthday recently, said regarding his cure: "They told me it was my last sickness, so I had them get out the automobile and began a round of visits. In no time I was all right."

VACCINATION IS 2,000 YEARS OLD

Country Not Ready For Mass Action on Ghandi Programme, Reports Committee to the National Congress.

London, Jan. 20.—(By Mail)—Recent events in India have sounded the death-knell of non-co-operation and the agitation it engendered, believes the Bombay correspondent of "The London Daily News." The National Congress appointed a committee to tour the country and report on the chances of success if mass civil disobedience were commenced. Civil disobedience was the final stage of Mr. Gandhi's programme, and included the refusal to pay taxes and the adoption of an attitude of passive resistance to the orders of government by all the peoples of India. The report was a more serious indictment of the doctrine of non-co-operation than has ever been drawn up by its opponents.

In unequivocal language it declared that the boycott of government schools and law courts had been a failure, and that the country was not nearly ready for mass civil disobedience.

The other branch of Indian agitation, headed by the Central Khilafat Committee, which has formed part of the non-co-operation movement, is likewise under a cloud. Ever since the news reached India that the National Assembly at Amoy had intended seriously to curtail the temporal powers of the Sultan, Indian Muslims have been in a pitiful state of indecision, not knowing where to turn for guidance. The committee shown by Amoy for the Sultan has completely bewildered them.

At a congregational meeting on Wednesday night members of St. Andrew's Presbyterian church in Sydney, who were in connection with the call extended by St. Andrew's church in Sydney, N. S. W., to the National Congress, were in connection with the call extended by St. Andrew's church in Sydney, N. S. W., to the National Congress, were in connection with the call extended by St. Andrew's church in Sydney, N. S. W., to the National Congress.

You Won't Cough After Taking Dr. Wood's Norway Pine Syrup

On the first appearance of a cough or cold do not neglect it; get rid of it at once before it has a chance to grow worse and get settled on the lungs, causing bronchitis, pneumonia, or other serious lung troubles.

In Dr. Wood's Norway Pine Syrup you will find a remedy that will relieve the cough or cold on its first inception by soothing the irritation, and healing the diseased lining of the lungs and bronchial tubes.

Dr. Wood's is 35¢ and 60¢ a bottle at all dealers; put up in a yellow wrapper; three pine trees the trade mark; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Women Must Spend \$5,000 a Year to Dress, Says Expert

Madame Paquin, of Paris, Who Has Been Making Gowns For Wealthy, Tells of Cost of Needed Garb.

Paris, Jan. 20.—(By mail)—"Why do women dress so much?" This eternal man's question was put to Madame Jeanne Paquin, and her cryptic answer was: "They don't." She sets the property prices at about \$5,000. For thirty-three years Madame Paquin has been making dresses in Paris for the wealthy from all parts of the world. It may be that her idea of what is expensive has been influenced by the fact that she is a dressmaker, but nevertheless her answer was the sincere expression of a business woman. For in the high prices for the "other" dresses do not cost the buyer so much when it is considered what they cost the producer.

Madame Paquin employs about 900 people, and turns out 4,000 dresses a year. About twenty-five out of every 100 of her gowns have to be discarded because they are not properly made. "Incidentally in part for the high cost of those that are marketed."

"To obtain an art product there must be waste," Madame Paquin explained. "A painter may make many sketches before he finally reaches the creation of a given dress. It is the same way with dresses. I employ people who do nothing but sit around and criticize our dresses and if a given dress is not satisfactory then a new one must be made for the client. These people must be paid. Some of them get 100,000 francs a year. There are only a few people who can engage in the profession of beautifying women with clothes. These few must be paid accordingly."

"Women object to the high cost as much as men. It is a mistake to think women like to pay high prices for their dresses. You can tell all the husbands that women dispute their bills to the last penny."

"How much does it cost to dress a woman well for a year?" Madame Paquin was asked. "I believe for the average woman who can afford to dress in such houses as mine, that 50,000 francs a year would do it, giving her one dress for her ten dresses a year. This would give her in each season about four dresses, one for the summer vacation. Some make more than 100,000 francs a year, and some less than 20,000 francs a year. Add what is necessary for cloaks, furs, and other accessories, and the total would come to about \$5,000 in American money."

ARE WORKING WAY THROUGH COLLEGE

Ten Thousand Young Men and Women in U. S. and Canada Sell Books to Pay Tuition.

Chicago, Feb. 26.—Ten thousand young men and women in the United States and Canada are working their way through college with money earned by selling books from house to house. One of the most successful of these "book peddlers" is Mr. R. C. Barnum of Cleveland, who is a member of the National Student Book Peddlers' Association.

The students who canvass the farm houses are assigned to two townships in thickly populated regions, and in sparsely settled portions of the West they canvass fifteen or twenty townships. Most of them travel on foot or on bicycles.

"These college book salesmen," said Mr. Barnum, "tell us they regard their summer experience as a valuable one. They learn more from books. They learn how to stick to a job through all kinds of weather and discouragements. They acquire a knowledge of the country and develop initiative and self-reliance. These are the lessons upon which success in after life is founded. They learn more from books. They learn how to stick to a job through all kinds of weather and discouragements. They acquire a knowledge of the country and develop initiative and self-reliance. These are the lessons upon which success in after life is founded."

DECLARES SHE IS CHILD KIDNAPPED TEN YEARS AGO

Mrs. Taylor of Middleport, Ohio, Believes Herself To Be Catherine Winters.

Middleport, Ohio, Feb. 26.—The Winters kidnaping case, which attracted countrywide attention nearly a decade ago, was brought to public notice here by Mrs. Clyde Taylor, who declared she believes she is the daughter of Dr. and Mrs. W. A. Winters of Newcastle, Ind., abducted in 1912.

Newcastle, Ind., Feb. 26.—Dr. W. A. Winters, a dentist, said that he had received no communication from Mrs. Clyde Taylor of Middleport, Ohio, who said she believed that she was the daughter of Catherine Winters, who disappeared from her home here in 1912.

The theory was expressed soon after Catherine disappeared that she had been kidnapped by epistols. Many clues were run down by Dr. Winters, the last one about six years ago, which led to Pomeroy, Ohio, near Middleport. Many residents of this city who knew Mrs. Winters expressed the opinion that she is dead.

Reaction To Feminism Seen In Co-Ed's Play With "Caveman" As Hero

Bob Kilsore and Miss Gladys Crisler In Scene From HER PLAY—

Atlanta, Ga., Feb. 26.—Maybe it's the spirit of the Old South surviving in her sons and daughters, and maybe it's just a springtime reactionary show, but from late developments at Oglethorpe University, here, it appears that feminism hasn't a ghost of a show.

Every year in March at Oglethorpe University, here, it appears that feminism hasn't a ghost of a show. Every year in March at Oglethorpe University, here, it appears that feminism hasn't a ghost of a show.

TITLES QUESTION BOBS UP AGAIN

W. F. Nickle Hits at Foreign Honors.

Toronto, Feb. 24.—W. F. Nickle, M. L. A., and former M. P., who was responsible for a resolution against acceptance of titles by Canadians, looks with no favor on a resolution introduced in the Commons by L. J. Ladner, of South Vancouver, which would make foreign honors acceptable.

"Canadians will find that if they allow one to get his head in the tent door, it will not be long before the whole lot is coming through," says Mr. Nickle. "Generally speaking, individual ambition is limited only by personal selfishness and the desire for the recognition of puffing distinction within their reach, will be in a position later to complain that others of more vaunting aspirations crave those that are more gaudy and ostentatious."

A man arrested last evening in City road by Police Constable Lindsay was taken to No. 4 Engine House, where he quickly made good the damage caused by his breaking a few windows when he saw from bare facing him. A call had been sent in to police headquarters.

"They learn more from books. They learn how to stick to a job through all kinds of weather and discouragements. They acquire a knowledge of the country and develop initiative and self-reliance. These are the lessons upon which success in after life is founded. They learn more from books. They learn how to stick to a job through all kinds of weather and discouragements. They acquire a knowledge of the country and develop initiative and self-reliance. These are the lessons upon which success in after life is founded."

Deep-Seated Abscess in the Hip.

Remarked Recovery after undergoing three operations without success.

Our Portrait of Mr. LAMBSON, of Weta's Hill, Wilbyshire, Sussex, England, who writes:—

"I am writing to tell you of the benefit I have received from your Clarke's Blood Mixture. I had a deep-seated abscess in my hip and was laid up for fourteen months not able to do anything but lie in bed. I had had three operations, but still was no better, so I took your Blood Mixture. I had been told that it would do me good, and after a few weeks began to get about a little on crutches out of doors. Then I began to get stronger, and now I am feeling better than I have done for years. The abscess is quite healed—can now do my work and walk quite a long distance with a stick. I am sure if people suffering the same as I was would get Clarke's Blood Mixture a fair trial it would do them good. You can make whatever use you like of this letter."

Clarke's Blood Mixture

"Everybody's Blood Purifier."

TURKISH GIRLS PERMITTED TO STUDY MEDICINE

Opening of School to Young Women Students Called Lowering of Last Barrier in Crusade for Equality.

Constantinople, Feb. 26.—Friction backed by prejudice, doubtless causes many people throughout the world to regard the status of women in Mohammedan countries as the same as that portrayed in the Arabian Nights and to picture the Turkish woman as the ignorant and illiterate, imprisoned in a harem, with nothing to do but to lounge upon cushions, smoke narghileh, and minister to the pleasures of her lord and master.

The tedious and unjust. There is hardly any polygamy in Turkey today. The average Turkish woman is the only wife of her husband and is comparable in education and personal liberty with the women of most other lands.

This letter fact has now been emphasized by the admission of women and girls as students at the medical school of Constantinople University.

The first official attempt to secure the admission of women to medical school was made in 1917 by Dr. Hassis Ferid, then sanitary director of Constantinople, and his colleagues. The first official attempt to secure the admission of women to medical school was made in 1917 by Dr. Hassis Ferid, then sanitary director of Constantinople, and his colleagues.

For many years Besim Omar Fasha, professor of the obstetrics and gynecology of the faculty and university, has championed the cause of women in the councils of the faculty and university. By means of lectures, brochures and articles he has endeavored to acquaint women with the practice of individual and domestic hygiene. Finally, by perfecting the school of midwives of the maternity hospital, he has demonstrated the immense medical services which a trained and skilled woman can render.

Simultaneous evolution took place in the life of the Turkish women. Formerly girls received only a primary education. The secondary education was given only to a small number of the daughters of distinguished families. In the last century saw an extension of the benefits of instruction to a much larger number of women, and high schools for women were founded. Today there exist in Constantinople and its environs high schools or colleges, such as that of the Ottoman Empire, where girls boarders and day scholars follow the same programme of instruction as young men.

In 1913 Besim Omar Fasha inaugurated for women regular lectures at the university on the question of hygiene. This was the first time since the time after, in 1914, a feminine university was founded which, during its infancy, had three faculties. At the beginning of the year 1914, a feminine university was founded which, during its infancy, had three faculties.

WANT MEN OF HOPE AS LEADERS

"Don't Want Any More Boosters," Says Progressive Chief—Faith in the West.

Ottawa, Feb. 24.—"We don't want any more boosters," said Robert Forke, leader of the Progressives in the House of Commons, to the Ottawa Kiwanis Club, yesterday. What was wanted, he said, was men of optimistic temperament who would face the country squarely, believing in the country they were proud to call their own.

Mr. Forke pleaded for sympathy in his endeavors, and those of his colleagues, in presenting the agriculture point of view in the deliberations of Parliament. He said that the last crop in the west had been the largest ever raised by the same number of people in any part of the world, but the "tragedy" was that the people who developed that wealth were not in a prosperous position.

He declared his faith in the west, and he believed in helping the farmer to help himself.

Canada's future depended on the development of the three great prairie provinces. At the same time he did not wish to be understood as having an antipathy to the industries of Canada.

The great problem with the farmers was to keep their land in the hands of the farmers. Only when while the farm was made worth while to the young people would they be retained.

SCAN NIAGARA ICE FOR MAN, Police Turn Out on Report of Victim Floating Toward the Falls.

Niagara Falls, N. Y., Feb. 26.—A woman caused a furor here when she reported to Police Headquarters by telephone from La Salle that a man was floating down the Niagara River toward the cataract on a cake of ice and was signaling for help.

Police automobiles were sent along the American shore and word was telephoned to the Canadian side, asking officers there to scan the river for the imperilled man.

For an hour officers scurried up and down the river road, and glass glasses were used in an effort to locate the distress signal. The alarm was sent in about 3:30 o'clock, and an hour later the search was abandoned.

The woman, the police said, either was deceived by a piece of driftwood in the current, or, if she did a man, he was washed into the river and drowned. The police were inclined to think the woman was mistaken. No report of a missing man came from La Salle or nearby places. Very little ice was moving in the current, and the day was comparatively clear. Boatmen at La Salle said the woman probably was mistaken.

LARGEST PERFECT RUBY IN THE WORLD SHIPPED FROM BURMA

London, Feb. 1 (By Mail)—There has just arrived in London, according to the London Daily Mail, what is stated to be the largest perfect ruby in the world.

This stone, which is almost flawless, was dug up in a mine at Mogoke, Burma, four years ago. The head of a firm of Indian brokers in the city to whom the stone is being sent, told a Daily Mail reporter last night that it is worth about \$12,000.

It weighs twenty-two carats and is oval in shape, being about a quarter of an inch in length.

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

EXCHANGE RATES

FINANCIAL

IRREGULAR, BUT UPWARD TREND

Good Buying Power in Dividend-paying Rails in Wall Street—Dull in Montreal.

NEW YORK, Feb. 26.—(Opening)—

Opening prices in today's stock exchange were irregular but the main tendency continued upward. Good buying power was noted in such dividend-paying rails as New York Central, Atchafalaya, Hudson, selling ex-dividend. Southern Railway and Great Northern, all of which moved to higher ground. Such industrial favorites as United States Steel common, American Woolen and Studebaker, Delaware Hudson, selling ex-dividend, 2 1/4 per cent recovered the decline in the first half hour. Chemical shares were heavy.

NEW YORK, Feb. 26.—(Closing)—

Montreal, Feb. 26.—(10:30)—Trading in local securities was dull with only slight activity being demonstrated by the local market. The local market was dull with only slight activity being demonstrated by the local market. The local market was dull with only slight activity being demonstrated by the local market.

FINANCIAL NOTES

Montreal, Feb. 26.—Cables 478 1/2-1. London, Feb. 26.—Silver 81 9/16. New York, Feb. 26.—Foreign bank silver, 65 3/8.

OPINIONS ON THE MARKET

New York, Feb. 26.—Bach and Co.—"We believe many stocks will advance from 20 to 30 points before this bull market culminates. The probability of serious reaction is so remote that the only caution really necessary is to avoid commitments on the day of excessive strength."

MORNING STOCK LETTER

New York, Feb. 26.—Indications are we are having a little stringency in call money. This may tend towards irregularity in prices as long as it lasts, but in the past few months a small run-up in call money rates has served to attract enough funds into the local market to ease rates off again within a few days.

THE RISE IN SUGAR

Of the advance in sugar yesterday's Montreal Gazette says: "The feature of the local refined sugar trade yesterday was the further advance in prices of 25c per 100 lbs. for all grades announced by all refiners, which makes a net gain of \$2.20 per 100 lbs. since the first of the year. This was attributed to the continued strong condition of the markets in the United States for the year, and the increased demand of late for refined sugar in the local market. All refiners are now selling extra granulated at \$10.25 per 100 lbs. in bags; No. 1 yellow at \$9.85; extra ground at \$10.45; powdered at \$10.85 per 100 lbs. in barrels and Diamond cubes at \$10.85 per 100 lbs. in 50 lb. boxes.

FOR SALE

Desirable modern eight-room, self-contained dwelling, situated on Summer street, St. John, N. B.

For full information, apply to The Canada Permanent Trust Company, 63 Prince William St., St. John, N. B.

THOROUGHBREDS AT HIGH PRICES. New York Herald Discusses \$110,000 Paid for The Finn. New York, Feb. 25.—(By Canadian Press).—Thoroughbred horses never brought higher prices in the United States than at present, declares the New York Herald. The recent sale of The Finn for the reported price of \$110,000, the paper says, is an indication of the keen demand for horses of exceptional quality.

TRAPPED AS IN A VISE to within a few minutes of Eternity a group of men and one woman experience the soul-searching of a deathbed confession. Money, Power, Love, Debauchery and Lost Opportunity crave forgiveness and bow the head and heart to Almighty God. The drink-begging bum is embraced by the austere millionaire, the tough bartender softens like a child. The dormant spirituality of each member of the doomed party leaps to life and with hands clasped in hymning their Maker they resolutely prepare to die as The Brotherhood of Man.

ARENA-ARENA Band Tonight TONIGHT Band Tuesday Night—Band Tuesday Night

Cardinal Vanutelli was to say at the marriage of Signora Clementina, niece of the cardinal, and Deputy Piaz. As the Osservatore Romano is the official Vatican organ, this is taken to mean that the opinions expressed by Cardinal Vanutelli were not authorized by the Vatican.

Cardinal Vanutelli told Premier Mussolini that because of his energy and devotion to Italy he had been chosen to serve the nation and restore existed between Cardinal Vanutelli, its fortune. His words aroused much Cardinal Gasparri or Pope Pius as to comment.

**METEGAMA IN
PORT WITH 738**

C. P. Liner Saw a Lot of Ice On This Side of the Ocean

Delayed Vessel in Reaching Here—Noted Physician a Passenger—Scottish Lassies Arrive to Join Future Husbands.

The Canadian Pacific steamship Metegama arrived in port last night from Glasgow and Liverpool and docked at Nos. 2 and 3 berths, Sand Point, a little after 7 o'clock this morning. She brought 139 cabin and 599 third class passengers in addition to a large mail and a fair sized crew. During the first part of the voyage the liner encountered stormy weather and during the last few days ran into large fields of ice. Officers said that they have never seen such quantities of ice in the Atlantic. It delayed the vessel in reaching port.

Soon after 8 o'clock this morning the passengers disembarked and after passing through the immigration department were sent forward to their destinations in two special trains, one leaving 12 o'clock and the other at 1:30 o'clock.

One of the most distinguished passengers was Sir H. W. Gray of Aberdeen, who was attached to the British forces during the war. He is an eminent physician and is coming to Canada to inspect some of the chief hospitals. He expects to return to Scotland in the near future. He performed a successful operation on Prince George, but when asked about the incident was non-committal.

Among the passengers were several pretty young Scotch girls who are coming to this country to meet their prospective husbands. They were looking forward to a bright and happy future in the land of the Maple Leaf. There were also a large number of Scotch settlers enroute to Ontario points to start farming operations. Speaking of their excellent opportunities in Canada and they are confident that they can do better here than in the Old Country.

Among the cabin passengers was a Misses McDonald party of Toronto, consisting of six young women, who went to their mother's land to spend Christmas and New Years and are now returning to resume their occupations in Canada. They expressed surprise at the increased cost of living in Scotland and said that butter was selling at 75c a pound, eggs at 75c a dozen and tea for \$1 a pound. Other commodities they said, were very high and as wages were comparatively small they were quite hard with the majority of people.

Scottish Coal. Thomas Dana, a ship broker and coal merchant of Glasgow, was enroute to Montreal seeking a market for Scotch anthracite. He said there was no reason why Scotch coal could not be landed in any Canadian port at a lower price than American anthracite. He said that at the present time most of the Scotch coal was being shipped to Germany as a result of the termination of activities in the German mines following the French occupation. Last month, he said, approximately 200,000 tons had been shipped there. With respect to the price of Scotch coal in Canada, he said, the coal would be secured cheaply enough, but it was a question of the cost of re-lading it here. He said it should be landed here at forty shillings a ton or less. Mr. Dana expects to remain in Canada for three months.

S. S. Browne of Edmonton, Alta, returned after a three month trip to the Continent. He spent some time in Belgium and Germany. He said that traveling conditions were improving and were very reasonable.

MANY SAILINGS YET

The winterport season is nowhere near a close so far as the Manchester and Furness Lines are concerned to judge from their latest schedule of sailings. The ships to sail are, as follows:—
From Manchester:—
Manchester Importer, March 2.
Manchester Brigade, March 3.
Manchester Merchant, March 17.
Manchester Corporation, March 24.
Manchester Exchange, March 31.
From St. John:—
Manchester Hero, via Philadelphia and Baltimore, about March 10.
Manchester Division, direct, March 11.
Manchester Importer, via U. S. ports, about March 24.
Manchester Brigade, March 31.
Manchester Merchant, via U. S. ports, about April 7.
Manchester Corporation, April 14.
Manchester Exchange, via U. S. ports, about April 21.
Furness From London:—
Lexington, March 16.
From St. John to London and Hull:—
Comino, March 20.
Lexington, March 31.

HOCKEY CHALLENGE

The combined staffs of the Canadian Government Merchant Marine, Ltd., and the Canadian National Railways wish to challenge the Canadian Pacific Steamships, Ltd., and the Canadian Pacific Railways staffs to a game of hockey at some date soon.

BOYS ESCAPED

Two boys, fourteen years of age, escaped on Thursday from the Boys' Industrial Home. At the time they left they were wearing suits, blue sweaters and gray stocking caps.

Y. M. C. I. ALLEYS

The Eagles and Robins are scheduled to bowl tonight in the home league and teams 1 and 4 in the K. of C. league, on the Y. M. C. I. alleys. Peter Sinclair won last week's prize, a fine pipe, for highest single string of the week. He rolled 117.

INSPECTORS MOVING

A start was made today in the removal of the offices of the prohibition inspectors from their present quarters in Prince William street to the Ritchie building. The movement will be completed by March 1.

LOCAL NEWS

IS GAINING.
Friends of Charles Ledford of 67 High street, will be glad to know that he is improving in health. He was struck by a street car some weeks ago and has been confined to his home.

ST. JOHN WILL BE REPRESENTED.
It was announced this morning that the St. John Board of Trade would be represented at a conference called at Amherst for Friday afternoon to discuss the question of the Moncton protest to the Canadian National Railway's head relative to the boundaries of the Eastern Division.

BOARD OF TRADE INQUIRIES.
H. W. Thomas, firm manager of the Board of Trade asking a list of the steamship companies doing business from the port of St. John. Ample firm wishing a consensus of opinion from here as to the possibility for a coast to coast steamer schedule from Vancouver and Seattle to Montreal via Halifax and St. John.

AT COUNTY HOSPITAL.
The Philathea Class of German Baptist church gave an entertainment at the County Hospital on Friday evening. The Ladies' Orchestra played a number of selections, and there were readings and story telling by W. F. Nobles and Miss Bernice Hatton and also by Mrs. Blake Ferris and J. Stewart Smith. Cake and ice cream were served to all the patients, who greatly enjoyed the whole entertainment.

SAW FRIENDS ON SCREEN.
An interesting picture depicting a tour across Canada was shown at the Lyceum Theatre a few days ago. Many friends no doubt easily recognized Mr. and Mrs. Herbert R. Mathewson of Chicago, formerly of St. John. They were readily recognized in scenes at Banff, and again at Lake Louise and Vancouver. Mrs. Mathewson was formerly Miss Ina Rathburn, daughter of Mr. and Mrs. Thomas Rathburn of Rothesay. Mr. Mathewson is assistant general passenger agent of the Canadian Pacific Railway at Chicago.

HALIBURTON B. BROWN.
Friends of Haliburton B. Brown of 109 St. Patrick street will regret to hear of his death which took place on Saturday in the General Public Hospital after a lingering illness. He was 67 years of age. He was born in Scotland and for the last year and one-half had been a motorman with the general passenger agent of the Canadian Pacific Railway at Chicago.

DIED IN DETROIT.
Word was received in the city today of the death of Robert Godfrey at his home in Detroit. He was formerly of this city and for many years was employed with the St. John Street Railway Company. He left here about twelve years ago and settled in Detroit. He was survived by his wife, Miss H. Morrie of Kingston, N. B., he is survived by one son Sydney A. M. Godfrey of St. John. Many friends will regret to learn of his death which occurred on last Thursday following a brief illness of pneumonia.

BARBER-BURNS.
A wedding of much local interest was solemnized at 10 o'clock on Saturday, when Rev. Mr. Goddard united in marriage Ada May, eldest daughter of Mrs. M. A. Burns of Pleasant Point to Pearl Barter of Tenant's Harbor, Me. The bride, who is a beautiful young girl, was in a beautiful French costume of navy blue canteen crepe with black and gold trimmings. She carried a bouquet of American beauty roses. Many beautiful presents were received, and the bride and groom were given a gift of a beautiful French baby grand piano. The gift of the groom; a sterling silver tea service from the bride's parents and brother, Fred, and a substantial check from the groom's parents. After the ceremony a buffet lunch was served to about thirty guests and Mr. and Mrs. Barter left on a honeymoon trip to Boston and New York. On their return they will reside in the City of Portland where the groom holds a responsible position.

**NEW BRANCH OF
ST. JOHN FIRM
IN QUEBEC**

The Canada Gazette contains a notice over the signature of Thomas Mulvey, Under-Secretary of State, of the incorporation of McAvity's Limited, with a capital stock of \$100,000, and head office in St. John. It is a branch of T. McAvity & Sons, Ltd., of St. John, hardware and metal merchants, and brass and iron founders, and will carry on the business in the province of Quebec.

**MISS CANADA
WRITES MAYOR**

The Mayor today received a letter from Miss Canada, acknowledging a civic grant of \$500 and expressing her appreciation of the action of the Council in voting the amount. Her letter was as follows:

St. John, Feb. 24, 1925.
His Worship the Mayor,
City Hall, City.
Dear Sir:—Will you please convey to your board of commissioners and thus to my fellow citizens my deep appreciation of their generosity towards me in the matter of the civic grant. I sincerely hope that in the little duties devolving on me as Miss Canada I will do nothing or say nothing that will not be to the credit of St. John. Within the next week or ten days I expect to make several invitation visits to maritime provincial cities and towns and later on there is some prospect of my attending large conventions of patriotic bodies and welfare associations in various parts of the Dominion. My plans are as yet, of course, not fully made, but it looks as if I may be called upon from many directions. In all my deliberations I shall greatly appreciate the advice of yourself and Council.

Faithfully,
WINIFRED C. BLAIR,
"MISS CANADA."

**UNION OF EAST
ST. JOHN WITH CITY**

Matter to Come Up at City Hall Tomorrow—Another Offer for Purchase of the Jarvis Building—City to Discuss the Ownership of Poles With Power Company.

On account of the absence from the city of Commissioner Wigmore, assistant Commissioner Thornton was confined to his home by illness, there was no quorum for a committee meeting of the Common Council today.

Mayor Fisher informed Commissioners Bullock and Frink, who attended, that he proposed bringing before tomorrow's meeting of the Council a resolution regarding the proposed union of East St. John with the city. According to the resolution the suggested union could probably be accomplished if the residents of East St. John would agree to existing conditions regarding taxation in the city. His Worship explained that residents of Stanley Ward, without certain services, were assessed at half rate, and he intimated that some similar arrangements might be made with the East St. John people.

City Hall Improvements.
Mayor Fisher said today that he had been considering some proposed alterations at City Hall, chiefly in connection with the enlargement of the accommodation for the finance department. He proposed, however, recommending to tomorrow's Council meeting that nothing definite be done until another effort be made to purchase the Jarvis' building which adjoins City Hall. The Mayor remarked that, so far, the Council had done nothing in connection with the creation of a municipal building in King Street East.

Power Co. and Poles.
Mayor Fisher this morning addressed a letter to the New Brunswick Power Company advising them that in accordance with the proposal made by the company, the city commissioners would discuss with representatives of the company the matter of ownership of the poles and wires in the north end of the city and of certain other poles in the main section of the city. The letter suggested that the discussion take place on Thursday.

**FIRE AFFECTS
SEVERAL FIRMS**

King Street Blaze in Early Morning—Chief Loss in D. McArthur's.

An early morning fire in King Street in a building owned by Sherwood Skinner, which occupied the ground floor by D. McArthur and George Nixon, on the second floor by E. A. Kincade, barber, and on the third floor by G. C. M. Farren, photographer, resulted in considerable damage to the stock and fixtures of Mr. McArthur through fire and water and to the other places of business through the very heavy smoke which characterized the fire on account of the nature of the contents much of which was paper and paper materials. The fire is supposed to have originated around the furnace in the basement under the McArthur store. It was discovered by Policeman Storey about two o'clock this morning.

Smoking smoke while on his rounds shortly after one o'clock the patrolman made a thorough search for fire, trying all his night lunch hour in trying to hunt it down. Finally he resorted to putting his face close to the basement windows in King Street and eventually saw the flames in the basement of the McArthur store which he found hot. He then sent in an alarm from Box 23 and the fire department and salvage corps were soon on the scene.

The premises of D. McArthur were badly wrecked this morning. Mr. McArthur conducted a stationery, book and paper business and much of the stock was of a highly inflammable nature. A hole about eight feet by two feet showed in the floor which was of triple thickness and the wall on the left hand side of the store was so badly scorched. Some cutting had to be done to get at the fire, and goods were moved hurriedly about resulting in breakages to stock and showcases. Mr. McArthur said this morning that he was a hole about eight feet by two feet showed in the floor which was of triple thickness and the wall on the left hand side of the store was so badly scorched.
