UPHAM WINS VICTORY IN THE SUPREME COURT

Carleton County Election Case Thrown Out of Court By Supreme Court Judges This Morning—Mr. Upham Congratulated on His Victory.

Fredericton, July 2.—(Special)—The efforts of the Conservatives of Carleton County to deprive George W. Upham of the seat in the local legislature which he honestly won in December last month when Messrs. Carvell and Jones acting for the petitioners moved to rescind an order of Justice McLeod fixing the date of trial for August 19th and also an order by the same judge extending the time until September. The grounds on which the application to rescind the judge's order was made were the law required and a copy had not been posted at the registry office.

COL. WYLLIE'S MURDER IS THOUGH TO HAVE BEEN ACTUATED BY POLITICS

Assassin Who Killed Lieut Colonel Sir William Hutt Curzon Wyllie and Dr. Cavas Lalaca Arraigned in London Police Court Today—Sedition Openly Preached in India.

London, July 2.—Madar Lellof Dhinagri, the Indian student who last night shot and killed Lieut. Col. Sir William Hutt Curzon Wyllie and Dr. Cavas Lalaca, of Shanghai, at the conclusion of a public gathering in the Imperial Institute, was arraigned in the Westminster police court this morning and remanded for one week, after being formally charged with wilful murder.

FEEL SURE BODY IS THAT OF ELSE SIGEL'S SLAYER

Unless Leon Ling Has a Double, the Body Found in Hudson River Has Been Practically Identified as That of Much Wanted Chinaman.

New York, July 2.—Efforts to identify the body of a Chinaman found in the Hudson River last night as that of Leon Ling, charged with the murder of Else Sigel, or to prove it was not that of the man wanted, were continued by the officers today. Coroner McDonald at first said he was sure it was Leon's body. Police Captain Carri and some of his detectives who viewed the body were inclined to think it was not the man they wanted, although they admitted the dead man strongly resembled Leon. A number of persons who knew the Americanized Chinese well, were taken to Fordham Morgue today and viewed the body and if necessary members of the Sigel family will be asked to aid the police in this respect. The height, weight, complexion and certain peculiarities of physical appearance of the dead man correspond to those attributed to Leon in life. Leon's body was known to be droopy, his forehead was prominent and well rounded, his teeth in unusually good condition, with none missing, all of which characteristics were noted in the body. A suit of clothing on the dead man, except a silk undershirt, was one of the baffling features of the case.

USED HER APRON TO FLAG A TRAIN

Michigan Woman's Presence of Mind Prevents the Probable Death of a Whole Train Crew.

Hastings, Mich., July 2.—(Special)—Using her white apron as a danger signal, Mrs. W. S. Atkins, wife of a farmer residing near here, prevented a long freight train from dashing at full speed into a washout yesterday, thereby saving the lives of the entire train crew. An hour previous to a dozen fast passenger trains had passed safely by the spot. Mrs. Atkins, whose house is close to the track, observed that the roadbed had fallen away for many feet, and, seeing the freight approaching, she stood for perhaps a minute not knowing what to do, then she remembered her apron. Hastily tearing this off, she stood in the centre of the track waving the garment wildly. The train came to a stop with the nose of the pilot overlooking the chasm.

NEWS FROM FREDERICTON

Great Weather for the Races This Afternoon—Banquet for Dr. Inch Tonight.

FIRST DISORDER HAD TO PAY DOUBLE FEE

Hunters for Dog Licenses Had to Pay Double Rates for Them Today.

A number of people who called at the city license office this morning to procure licenses for their canine pets were much disappointed to learn that they would have to pay a double fee. The new by-law states that the charge shall be \$1 for males and \$2 for females, if paid before July 1 and after that date the charge shall be \$2 and \$4. Excuses such as "I forgot," or "I was late," were of no avail. The applicants left to get more money or to make up their minds whether they had better try and evade the officers and escape the law.

Westfield Outing Assn. Will Hold Races for Class B. Boats Tomorrow.

There will be some racing at Westfield tomorrow afternoon when the Class "B" boats of the Westfield Outing Association will sail the first of a series of three races for the cup presented to the association by Messrs A. B. Smalley & Son, for three years' competition, among this class of boats. This cup, which is acknowledged by all to be a very beautiful piece of work, will be placed on exhibition in the King Hotel on Saturday morning. Considerable interest is being manifested in this class and a large entry list is expected. All sleep rigged boats and catboats under 25-foot over all are eligible for this series. Entries close July 20 p.m.

CIVIC PAVING

To the Editor of the Times, Dear Sir,—The new paving which the city is undertaking on King street is a huge success. After 10 days service of several men, teams, etc., together with the use of an enormous quantity of stone, sand and tar, an exhibition of its strength was given this afternoon by the steam roller with the result that it was a badly torn up, and will have to be gone over again before it can be used, and it is questionable whether it will give satisfaction then or not.

TWO ACCIDENTS MARRED HOLIDAY

Winnipeg, Man., July 2.—(Special)—The celebration of Canada's national birthday was marred by two sad occurrences last evening. Little Alice Day, aged 3, of River Ave., was run over and killed by a street car. The victim of another fatality was Sergeant Bob Danuta, of the 12th Field Battery. After limbering up his gun, Daniels threw off the gun limber and the shot passed over his head, instantly killing him.

The ferry committee will meet in the monthly session at 2:30 o'clock this afternoon. A change was made today in the officers of the ferry steamer. Allan H. Lambert, who has been occupying the position of mate, resigned some days ago, and it is said to the fact that he was not given an increase in salary. The resignation took effect yesterday and his place has been filled by the appointment of Captain William H. Mabee, of 155 Bridge St. Captain Mabee, holds a captain's certificate and is there qualified to take command of the ferry should occasion arise.

Mr. and Mrs. Bissett left for a trip through Nova Scotia.

MAROOED WITH THE DIRECTOR

The Times new reporter, a Globe man and Director Murdoch of the water board were marooned on Indian Island, off Miramichi yesterday afternoon. They had gone out with some others in a motor boat from the yacht club landing, and for a time it looked as if they were there to await rescue by some passing craft. There was no water on the island. A member of the party several times eyed the director, and then gazed significantly at the river, with some muttered observations concerning Jonah. The director set out to find water and discovered Peter Paul, representative of the aboriginal owners of the island. Peter Paul was born on this island, and was there yesterday

STIRRING TIME ON DOUGLAS AVENUE

Fredericton, Que., July 2.—(Special)—A bad runaway occurred here yesterday afternoon at the Yates Farm, when Hiram Yates, a driver, aged 40, after handing over the reins to his son, and telling him never to see his father again, advanced to his home and falling to kill himself, was found by the police, who took a razor and finished the deed, cutting his throat from ear to ear. His son in the habit of drinking, was only joking, went out and left the old man alone. When he returned to the home a horrible sight met his eyes. The old man was lying on the floor with a razor lying near by, and the butcher knife lay on the table. Blood was all over the place.

THE TIMES NEW REPORTER

to keep an eye on the property. He informed the director that there were no Indians on the island. The new reporter had meanwhile located a patch of strawberries, and the Globe man found a raft of logs, which gave promise of being a good thing. Children and ladies of the party found the water, and for a time it looked as if they were there to await rescue by some passing craft. There was no water on the island. was sure it was that of Leon. The Chinaman, sought for the murder of Else Sigel, the girl missionary among the Chinese in the New York slums, if he should attempt to elude the police by crossing the border and coasting himself in the lower provinces. He is described as being thirty years of age, 5 feet 4 inches in height, 135 pounds in weight, slim and unhealthily black eyes and hair, the hair being trimmed in American fashion. Shortly prior to his disappearance he was attired in black apparel, but in the interim may have donned Chinese clothes and to perfect his disguise may now wear an artificial cue. He has displayed predilections for Chinese silk shirts and wide shoe laces tied in a bow from the top of his shoes downward. He is in the habit of frowning continually. He can talk English fluently and the police are advised that he is the shrewdest Oriental that the New York department has ever encountered. The names under which he has passed are Leon Ling, Lion, Leon Lum, Leon Chon Wing, and Leon Lin. It is probable that he will seek a position in the culinary line, as he is adept at cooking and in waiting and general house service.

HOLIDAY AT FREDERICTON

Fredericton, July 2.—(Special)—The holiday at Fredericton was marked by a provincial capital by the track meet in the afternoon. The races were overcrowded and the spectators seemed to enjoy themselves immensely. Several hundred from St. John attended the pleasure seekers. The majority of those from this city returned last night, but many remained until today to witness the third and final day's racing. The day was an ideal one, and the attendance at the races yesterday was large. In the grand stand seating accommodation was at a premium. The only drawback to the races was the tardiness of the horses in scoring, but this will be alleviated after the horses have competed in a few more events. The festival in Scully's Grove by the Fredericton band was the principal attraction last night.

STREET RAILWAY PEOPLE DENY REPORTED TROUBLE WITH ROWDIES AT SEASIDE PARK

The officials of the St. John Railway Company emphatically deny the statement made in this morning's Standard that there was trouble with rowdies at Seaside Park last evening. Park Policeman Quilty, who is credited by the Standard with having followed suspicious characters, who, it is alleged, insulted women on the park grounds, says he knows absolutely nothing about the matter. He states that the best of order was maintained at the park yesterday. Residents in the vicinity of Bay Shore complain that they get very little protection from the police provided by the county council to patrol that district. Many of the people around there do not know the man to see him, and they think he should wear a uniform and that he should have specified hours for being on duty.

AT MILLIDGEVILLE

The eyes of man could not see a fairer scene to gaze upon than that which was spread before those who sat upon the verandah of the R. K. Y. Club house at Millidgeville yesterday afternoon and evening. Not even in the lake country of Scotland, said a Scot who had seen both, can one behold a more charming picture than is presented at Millidgeville, as one looks out over the haven of the yachts to the islands and river, and the irregular contour of the wooded hills beyond.

It was a happy thought of the yachtmen to have a members' day on the national holiday, and to entertain their friends at Millidgeville. That charming resort never witnessed a more beautiful scene, or a day and evening of such universal enjoyment. The people do not half appreciate their blessings and opportunities, or such a spot as Millidgeville would be made more easy of access. When fourteen people get into a wagon behind one horse for the journey from the main street, one feels like apologizing to the horse, and after one has unsuccessfully participated several times in a wild attempt to mount a buckboard to get home, late in the evening, the holiday feeling is apt to wear at the edges.

Mr. Bentley, the opposition candidate for St. John county, is a Nova Scotian, says the Standard. The editor of the Standard is also a Nova Scotian. Mr. Bentley is a citizen of St. John county, with large business interests in the interior of the province.

With dreary iteration the Standard rails against those to whom St. John owes the fact that it is recognized as the chief winter port of Canada, and the development which will enable it to take care of the increasing traffic as it comes. What did the Conservative party do for this port?

St. John may be represented this year at the Canadian athletic championships. The Times has frequently in the past few years contended that this city could produce the men if the citizens would encourage the sport.

The citizens of St. John are daily learning more about the manner in which they were "stung" in connection with the waterworks extension to Loch Lomond. They are paying well for the information.

The announcement of the ability and merit are to govern Intercolonial Railway promotions hereafter will be universally approved. That way lie safety and satisfactory service.

The Standard thinks it has discovered a valuable journalistic ally in this city, in addition to the Globe. The Standard's standard of value is rather low.

B. C. MINERALS

The report of the British Columbia department of mines for 1908 has been issued. Reviewing it the Colonist says: "From the tables it appears that the value of the mineral output was \$23,831,277 during 1908. This is a little more than two millions less than the value of the output of 1907, and a little more than one million less than the value of that of 1906. The decrease is chiefly owing to the low price of copper. Thus in 1906, 42,969,488 pounds of copper were worth \$2,883,505; in 1907, 40,822,720 pounds were worth \$2,106,544; while in 1908, 47,274,814 pounds were only worth \$2,340,249. If the price of copper in 1907 had been sustained in 1908 the value of the output of this mineral would have been more than \$3,000,000 greater than the returns show, and this would have put the mineral yield of the year at \$27,000,000, which would have been much the largest on record. Coal shows a decrease in both tonnage and value, but the combined value of coal and coal shows only a little fluctuation. In lode gold there was an increase corresponding to the increased output of copper. Silver and lead both show decreases although they are not very serious in either case."

Earl Grey is quite right in stating that Americans make good settlers and good citizens in the Canadian west. Many of them were born in Canada, and many others in northern Europe, or are the sons of Europeans who emigrated to the states. There is no reason why they should look back with longing to the institutions of the country they leave behind. They come to Canada to make homes for themselves and children, and they find a form of government, even more democratic than that which they leave behind. From being citizens of the greatest empire, they have nothing to regret, they suffer no loss of liberty, they come to a land of great opportunity, and they are wise enough to appreciate the advantages.

The Standard asks the Liberals of St. John county to "Help Mr. Hazen finish his work." If Mr. Hazen could finish his work as he and the Standard desire, the Liberal party would be hopelessly disrupted in this constituency, and every other constituency in the province. The outstanding feature of Mr. Hazen's work is his attempt to make political capital for the Conservative party. The Standard, in excuse for his failure to do more, says that the government is only "in the early part of the second year in office." It has been in office long enough to let the people see its incompetence.

The holidays for the children have begun, but no steps have been taken to provide for the children at play on the Every Day Club grounds. The club has its hands full and the citizens are indifferent. The fact is not creditable to the city. The one little school yard at Centennial school will have supervised play, but no steps have been taken to provide for the children at play on the Every Day Club grounds.

Mr. Bentley, the opposition candidate for St. John county, is a Nova Scotian, says the Standard. The editor of the Standard is also a Nova Scotian. Mr. Bentley is a citizen of St. John county, with large business interests in the interior of the province.

With dreary iteration the Standard rails against those to whom St. John owes the fact that it is recognized as the chief winter port of Canada, and the development which will enable it to take care of the increasing traffic as it comes. What did the Conservative party do for this port?

St. John may be represented this year at the Canadian athletic championships. The Times has frequently in the past few years contended that this city could produce the men if the citizens would encourage the sport.

The citizens of St. John are daily learning more about the manner in which they were "stung" in connection with the waterworks extension to Loch Lomond. They are paying well for the information.

The announcement of the ability and merit are to govern Intercolonial Railway promotions hereafter will be universally approved. That way lie safety and satisfactory service.

The Standard thinks it has discovered a valuable journalistic ally in this city, in addition to the Globe. The Standard's standard of value is rather low.

The latest news from the west tells of the prospect of an abundant harvest. The outlook for the crops in the east is also a bright one.

HIS EXPERIENCE

President Hadley is never without a ready and witty remark. Yale's Sunday services are addressed by prominent clergymen of many denominations and from many cities. When these services were recently held at the residence of Mr. McNeill who occasionally asks President Hadley how long they shall last, Mr. Hadley replied: "I can't say, but there is a Yale tradition that they shall be saved after the first twenty minutes."

PROVINCIAL NEWS

New Brunswick The Charlottetown World says:—Music hath charms to move the bovine beast. When the band began to play the Middle Island picnic, last Thursday, one of Mr. McFarlane's cows ran swiftly to the bandstand and frisked around the musicians in what may be called a cow waltz. She enjoyed the music so much that it required two of the owner's family to drive her away.

P. E. Island. The series of orchard meetings held throughout the province of P. E. I. by Mr. McNeill, chief of the fruit division, Ottawa, were concluded last week with a meeting in the orchard of Mr. Underhay, Bay Fortune, followed by a meeting in the hall at Rollo Bay in the evening. All the meetings held were well attended and the farmers and fruit growers were evidently deeply interested in and, doubtless, much benefited by the excellent addresses on demonstrations given by Mr. McNeill who is perhaps the best authority in Canada on fruit and fruit culture. Mr. McNeill is very optimistic as to the future of the fruit industry in this province and is convinced that with proper attention to varieties and care in cultivation P. E. Island apples within a few years will secure a very profitable foothold in the markets.

WEDDINGS

Law-Brooks A pleasant evening at the home of the Brooks' brothers, Gagetown, on Tuesday, the 29th inst., when their sister, Miss Susie Brooks, became the wife of Thomas W. Law. The ceremony was performed by Rev. Mr. Penna, in the presence of a number of invited guests. The many useful and valuable presents to the bride testified to the high esteem in which both Mr. and Mrs. Law are held by their many friends in this place, who join in wishing them much happiness.

DeLong-Morrison

A wedding of interest was solemnized at St. James' Presbyterian church in Milltown, N. B., on Wednesday afternoon, June 30, at 3 o'clock. The principals were Miss Abbie B. Morrison and John B. DeLong, for the last four years principal of the Milltown schools, and who has recently been appointed principal of the consolidated school at Hampton, N. B. Rev. W. W. Rainnie was the officiating clergyman, and the ushers were the Messrs. Norman and William Mangall, Robert and Edward Morrison. Miss Eva McKenzie presided at the organ and the choir rendered "The Voice That Breathed Over Eden" as the bridal couple marched up the aisle. Mendelssohn's wedding march being played as they retired. The bride was really beautiful in a princess gown of white messaline made en train, with bridal veiling caught up with a spray of lilies and carrying a shower bouquet of lilies of the valley. Her bridesmaid was her youngest sister, Miss Pearl Morrison, who was attired in pale green silk and carried pale pink carnations.

King-Bearisto

Lakeville, Carleton county, N. B., June 30.—A very pretty wedding took place in the Methodist church of this village at 11 o'clock this morning, when two of the most popular young people in the community were joined in wedlock. The bride, which has just been reopened after extensive repairs, was very prettily decorated with flowers for the occasion. The contracting parties were Colin M. King, of the Baird Medicine Company, Woodstock, and son of Colin King, one of the oldest residents in these parts, and Miss Nettie Bearisto, eldest daughter of Dr. James Bearisto, of Lakeville. The bride was attired in white silk trimmed with baby Irish lace. She wore a veil and wreath of flowers and carried a bouquet of pink carnations. The best man was Fred. Malloy, of Jacksonville. Rev. J. K. Bearisto, uncle of the bride, performed the ceremony, assisted by Rev. George Ayres, pastor of the church.

LEON LING'S BODY FOUND IN THE HUDSON?

General Appearance of Corpse Found Yesterday Tallies in General Appearance With Elsie Sigel's Slayer.

New York, July 1.—Although complete identification was impossible tonight, there appeared to be a strong probability that the body of a Chinaman which was found floating in the Hudson River in the upper part of the city this evening, was that of Leon Ling, or William L. The man's height, weight and general appearance tallies with that of Leon Ling, but as the body was nude and had been in the water for more than a week a thorough examination will be necessary.

A GOOD IDEA Yesterday's Bangor Commercial says: "Individual paper drinking cups, such as have been adopted by the Board of Health for use in the Boston Common and convenience stations, will be used as drinking receptacles in the cars of the Boston & Maine beginning this summer. The railroad company has made arrangements to install automatic vendors beside the water coolers in its coaches.

Passengers in the North station have observed for several days a small nickel plated device in which were nested one hundred or more dainty white paraffine cups. These cups were drawn forth and used, cannot be replaced; they must be discarded or carried away. They are in the exact form of a drinking glass, and are stiffened by a coat of paraffine. The cups are manufactured by a semi-automatic process, and are absolutely sanitary when they reach the lips of the drinker.

The Boston & Maine is the first railroad in New England to supply individual drinking cups to its passengers.

How's This? We offer One Hundred Dollars Reward for anyone who can identify the person who is the author of the article in the Bangor Commercial, dated July 1, 1909, entitled "A Good Idea".

NICKEL MADE IT A GREAT HOLIDAY

The Nickel made it a joyous holiday yesterday for more than 4,000 people and the bill was one of the best yet shown in this house. Today there will be still another new bill, the chief feature of which will be an excellent travel view. A Day in the London Zoo, or a complete pictorial tour of the famous animal park of the English metropolis. This is of particular benefit to the little ones, who always enjoy animal pictures. Cupid's Four Darts is one of those fancy French films and a Romance of Old Mexico, full of dramatic action, in reality a free adaptation of Carmen. Caught at Last is a ludicrous comedy.

DANIEL RYAN AT THE OPERA HOUSE

Large audiences attended the performance given by Daniel Ryan and his company yesterday in the Opera House. At the matinee, a triple bill, consisting of The Friend and the Father, Withered Leaves, and L'Habitant, proved of exceptional interest and Mr. Ryan received much well merited applause for his impersonations. L'Habitant in particular was quite a gem in the way and Mr. Ryan in the character of Joe Laplant played the French-Canadian to the life. Dr. Jekyll and Mr. Hyde was presented in the evening. It is a play of which St. John audiences never seem to tire. Mr. Ryan was accorded several curtain calls for his clever rendering of the dual role. At both performances his company gave his excellent support and the stage settings left nothing to be desired. The triple bill will be repeated this evening and from the performance yesterday should ensure a crowded house.

NEW SHOW AT THE STAR THEATRE

Tonight at Star Theatre, North End, there will be a complete new bill of motion pictures and an excellent new picture-sonnet. Yesterday this cozy little theatre played to immense crowds all day, and the prospects are it will be crowded again tonight and all day Saturday.

BABY ROSA AT THE EMPIRE

Capacity houses at this theatre all day, and Baby Rosa, the favorite juvenile songstress, opened her engagement and hundreds turned out to welcome this little one back to St. John. "Captain Willie Brown," the smash hit song, is the feature song, and repeated encores were responded to. The pictures were all up to the standard and a very pleasing part of the big show yesterday. Today an entire change of pictures. A regular Saturday holiday programme. Big matinee Saturday at 2 o'clock.

ST. JOHN PLAYERS TO VISIT SUSSEX

St. John Dramatic Club Will Play Miss Hersey from Jersey Tomorrow

The St. John Dramatic Club will take the farcical comedy, Miss Hersey from Jersey, which was given with so much success in the Opera House last week, to Sussex and will give a performance in the theatre there tomorrow evening. The club has been found impracticable to repeat the specialties with chorus, the play, with several interesting features, parts of which will form an excellent entertainment. The screwally funny situations and clever dialogue which kept the audience in a roar of laughter cannot fail to provide an evening's amusement for the people of Sussex and the citizen soldiers now in camp who are able to attend.

A PLEASANT OUTING

Portland Y. M. A. Excursion to the Narrows Was Well Attended Yesterday. A good crowd went up river on the Portland Y. M. A. excursion to the Narrows, Champlain Lake, on the steamer Champlain yesterday. The steamer left her wharf at 8:30 o'clock and made the run up in the first time of four hours and twenty minutes, arriving a little after noon. Some hours were spent in enjoyment on shore and the Champlain left for home about 4 o'clock, and on the down trip clipped ten minutes off the up trip record, arriving at Indiantown a little after 8 o'clock.

ZEPPLEIN WILL TRY TO FLY TO THE POLE

Berlin, July 1.—According to the Lokal Anzeiger, Count Zeppelin intends to make an effort to reach the North Pole in his airship. The emperor accepted protection of the undertaking after listening to a report on the subject yesterday at Kiel, by Professor H. Hergesell of the University of Strasbourg. The plan embraces a thorough exploration of the Polar regions by means of the Zeppelin airship, before undertaking to reach the Pole. A craft of special strength will be built for the purpose and the expedition will be fitted out under the management of Count Zeppelin. Professor Hergesell will leave Germany next summer, reaching Spitzbergen, Norway, and landing at several places along the coast. The headquarters of the expedition will be at Cross Bay, on the west coast of Spitzbergen, which professor Hergesell chose upon the basis of measurements made by the Prince of Monaco. It is not yet certain whether the voyage to the Pole will be undertaken in 1910.

INDIAN STUDENT SHOOTS TWO MEN

London, July 1.—A startling double assassination of a political character occurred late tonight towards the conclusion of a public gathering at the Imperial Institute. An Indian student, whose name is not known, shot and killed Lieutenant Colonel Sir William Hutt Curzon Wyllie and Dr. Cawas Lalcaas, of Shanghai. The assassin, who is a Parsee, is about 25 years of age. He was cool and self-possessed after his arrest. He has maintained an obstinate silence. The identification of the man so far has been impossible as a great number of visiting cards bearing different names were found on him. He will be arraigned in a police court tomorrow. It is reported that he had in his possession written documents setting forth reasons and justification for the crime.

DOUBLE DROWNING NEAR MONTREAL

Dinghey Upset in a Squall Yesterday and Man and Woman Perished. Montreal, July 1.—Mrs. Devenish, wife of Fred Devenish, of the editorial staff of the Montreal Witness, and Jack Cain, were drowned this afternoon by the upsetting of a dinghy in which they were enjoying a sail. Mr. Devenish with his wife and daughter were out for a sail with Mr. Cain around Dixie Island, when in a sudden squall the boat was overturned. A yacht happened to be near, manned by Lorne MacMillan and a party of friends, and they managed to save Mr. Devenish and his daughter. In the rough weather, however, they had to make a tack before they could get near Mr. Cain, who was supported by Mrs. Devenish in the water, and he they could get back both had sunk. No trace has been found of the bodies, and it is expected that they will not be recovered for a week or more, until they rise to the surface.

MR. WATKINS IN TOWN

General Manager of the Keith Picture Theatres in the City Yesterday.

Harvey L. Watkins, general manager of the international circuit of Nickel Theatres, owned by Keith & Alby, was in the city yesterday and left for Bangor. A new theatre is in course of construction at Portland, Me. It will be a combination moving picture and vaudeville house.

Mr. Watkins says the hot weather has had a bad effect on the attendance of many of the moving picture theatres, but three of the houses, including the St. John "Nickel," were holding their own very satisfactorily. With the advent of cooler weather business is expected to be normal again.

CUSTOMS RETURNS

A LOWER WATER RATE

At the monthly meeting of the water and sewerage board Wednesday, it was decided to recommend that the rate to metro consumers should be reduced to 12 a cent for each 100 gallons over 1,000, 050, and that the rate on stocks should be 4-10ths of one per cent. The claim of E. A. Barbour, the consulting engineer, for \$1,500 for his services in connection with the distribution system was referred to a sub-committee to investigate and report.

The director reported that the cost of renewing the main on Germain street between Duke and Queen streets, and making connections with the new pipe between Princess and Duke streets, would be about \$1,700.

A bond issue was recommended. A number of minor matters were dealt with.

PRETTY DECORATIONS

Among the decorations at Woodman's points in honor of the holiday yesterday, the prettiest and that which attracted such attention was the flag-bedecked cottage of William McAvity.

Mr. McAvity occupies what is known as the Ruel cottage, on the shore. A former commodore in the yacht club, his villa was a blaze of streamers and a sortment of various signal flags, with the smaller flags in rows across the front, with a Union Jack in the centre and theoyal Standard and Canadian ensign at the end, the cottage presented a pretty sight from the water.

REVIVAL IN ATHLETICS

St. John Athletes Did We! Yesterday—Sterling Will Probably go to Winnipeg

With Stubbs winning at Windsor and King taking second place at Springhill, athletic sport in this city has been given another boost. The former ran under the colors of the Every Day Club, which has been turning out the men who have been winning back the districts for the athletic field. King represented the St. John Y. M. C. A. and they are to be congratulated upon their showing. Covey and Sterling, also of E. D. C., were entered, but did not go, the former at Springhill and the latter at Windsor. At the present rate St. John should soon be able to send a track team away to hold its own with the best in the maritime provinces. In fact, at the present time it seems to be more than able to take care of itself. With proper encouragement we will have a revival of the old time sporting spirit that has made this city rank high in the past as the home of good athletes. The Standard this morning states as definite that Sterling will go to Winnipeg for the Canadian championships, which is incorrect. While it is hoped that he will be able to go, nothing is known yet as to how successfully the present efforts will result. That he should go, there is no room for argument, as the speedy Every Day Club man has shown himself the fastest distance man in the lower provinces, if not one of the fastest in the Dominion. Opinions among those who have seen him run seem to be unanimous that he would be a winner at the championships.

A DRY HOLIDAY

For the First Time in Many Years, Dominion Day Passed Without an Arrest

A precedent was established yesterday by the absence of an arrest by the police. Thursday was the first Dominion Day in a decade that passed without at least one individual behind bars. The quietude who graced "prisoner's row" in the police court this morning were ensnared in the city proper on Wednesday. Augustus Gibson's potions evidently befogged his memory for he informed his honor that he was a stranger in St. John and, becoming bewildered on Market Square was unable to locate his boarding house. He said that he reached the city on Wednesday from a residence in Antigonish where he is employed.

Night Detective Lucas testified that Gibson straggled from North West at a late hour and from appearances had been drinking to excess. He seemed in a daze and in view of his condition was locked up. He was remained, Gibson was arrested twice in one day recently for intoxication. William Baxter, Fred McKenzie and George Jones were fined \$8 or twenty days and James Taylor was remanded for incarceration.

Sergeant Campbell is proceeding against the peddlers who distribute goods to the disreputable abodes on Sheffield street. The women in these houses seldom venture in the city proper and obtain articles of various kinds from hucksters who sell their wares daily from their vehicles and on foot on the street. As in most instances the peddlers confine their spheres of activity to Sheffield street they do not consider it requisite to secure licenses. Sergeant Campbell reports Isaac McWebber, a Jew, for peddling bananas on the street yesterday and Morris Tarkenton of the same nationality is reported for peddling dry goods in a door to door canvass on the day previous.

At the request of M. E. Agar, William H. Ross, 98 Spring street has been reported by Policeman James McLaren for owning a ferocious unlicensed dog which attacked and bit Charles Agar, Mr. Agar's son, on Dominion Day. Mr. Agar is a witness to the attack.

Your Clothes--Money will go Farther at The C. B. Pidgeon Store than at any other store in St. John

You know why. The C. B. Pidgeon store at the corner of Main and Bridge streets gives you more for the money, because store expenses are considerably lower.

Why pay more than Pidgeon's Popular Prices because other dealers, on account of more expensive locations, are obliged to ask higher prices. Pidgeon's Special Shoes for Men and Woman, priced from \$1.48 to \$4.38 mean a saving of 10 per cent. to 25 per cent. on every pair. Pidgeon's high-grade Men's Suits, priced from \$4.98 to \$18.48, afford the same liberal savings. Pidgeon's Made-to-Order Suits, from \$16.50 to \$25, offer the same advantageous inducements. Many extra June values in seasonable furnishings are also open for your inspection.
