President of the Faculty.....	W. J. ALMON, M.D.,
Dean.....	A. P. REID, M.D.,
Registrar.....	H. A. GORDON, M.D.

The Eighth Session of the Halifax School of Medicine will be opened on Tuesday, the 20th of October, 1874, with a general introductory lecture. The regular lectures will commence on Wednesday, the 21st of October, and will be continued during the six months following.

The class tickets for the various courses are accepted as qualifying candidates for examination before the Royal College of Surgeons, London, the Universities of Edinburgh, McGill, Montreal, Harvard, Boston, and the New York Schools of Medicine.

Registration is necessary every Session—it is required upon entrance or as soon afterwards as possible, and always before any class tickets are procured. The time fixed for closing the Register is annually on the thirtieth of November. Class tickets are payable in advance and will not be issued after the Register is closed.

While the University regulations permit a student to graduate after three years' attendance upon Lectures, provided he furnish proof that he has studied one year before attending Lectures, with a private practitioner, yet he is recommended to devote four years to systematic instruction, as less time is scarcely sufficient in which to acquire a fair knowledge of the many subjects which compose the curriculum.

With regard to the examination, students are requested to turn to Section 10, Article 4, of the "Qualifications and Studies of Students and Graduates for the Medical Degree," in a succeeding part of this announcement.

The division of the examination into primary and final, found to be most advantageous to students, will be adopted by this Faculty also; and it is hoped that the greater number of third year students will avail themselves of this arrangement.

Students of Dentistry will find it of advantage to attend the lectures on Chemistry, Anatomy, and Practical Anatomy.

To intending Druggists' Assistants, the lectures on Chemistry and Materia Medica will be of great practical assistance.

Students of Law will find that it is desirable to attend the lectures on Medical Jurisprudence by Dr. DeWolf and Dr. Lawson, and Mr. Blanchard, the subjects of Insanity, Law as related to Medicine, and Toxicology, being fully explained.

For additional information apply to the Dean of the Faculty of Medicine, A. P. Reid, M.D., 98 Argyle Street, Halifax, N. S.

(The following extracts from "The Nova Scotia Medical Act" are added for the information of Students.

"7. Hereafter, no person shall begin or enter upon the study of Physic, Surgery, or Midwifery, for the purpose of qualifying himself to practice the same in this Province, unless he shall have obtained from the Provincial Medical Board a certificate that he has satisfactorily passed a Matriculation or Preliminary Examination in the subjects specified in Schedule B to this Act.

8. No Candidate shall be admitted to such Matriculation or Preliminary Examination, unless he shall have, at least fourteen day previous to such examination, given notice to the Registrar of the Board of his intention to present himself for such examination, and transmitted to the Registrar a certificate showing that he has completed his sixteenth year; and shall before the examination have paid a fee of five dollars to the Registrar."

#### SCHEDULE B.

"Uniform standard of Matriculation or Preliminary Examination established under this Act.

*Compulsory*: English Language, including Grammar, composition and writing from dictation: Arithmetic, including vulgar and decimal fractions and the extraction of the Square root: Algebra to the end of simple equations: Geometry,—first two books of Euclid: Latin, one book,—translation and grammar.

And one of the following *optional* subjects: History of England with questions in Modern Geography: French translation: German translation: one Greek Book: Natural Philosophy, including Elementary Mechanics, Hydrostatics and Pneumatics: History of Nova Scotia: History of the Dominion."

## MATRICULATION EXAMINERS.

REV. PRINCIPAL ROSS,  
REV. ED. F. MURPHY.

Fee for Examination, \$5. This fee shall not be returned in case of rejection of the candidate. The Preliminary or Matriculation Examination is appointed by the Provincial Medical Board for the first Wednesday in May, third Wednesday in September, and third Wednesday in November.

## Hospitals, etc.

THE PROVINCIAL AND CITY HOSPITAL is visited daily at 12 M., by the Medical Officers; and the CITY ALMS HOUSE containing from 200 to 400 inmates, many of whom are in the Hospital Wards, will be available to students without fee. The best opportunities are here presented for clinical instruction, mid-wifery practice, and treatment of diseases; likewise for the observation of pathological appearances, which will be demonstrated by post-mortem examinations. There is a Hospital fee of \$1 for certificate of attendance.

THE HALIFAX DISPENSARY is carried on after the model of the DeMilt Dispensary, New York, being divided into three departments, viz: (1) *Surgical*, including the Eye and Ear. (2) *Medical*, including the Heart and Lungs. (3) *Diseases of Women and Children*. Here the student can have the advantage of becoming practically acquainted with the less severe forms of disease, and will have the privilege likewise of seeing patients with the visiting physicians, and have opportunities for Obstetric practice.

Provided, however, that Testimonials equivalent to, though not precisely the same as those above stated, may be presented and accepted.

5th.—The Candidate must also give proof by ticket of having attended during twelve months the practice of the Provincial and City Hospital, or that of some other Hospital, approved by this University; and also a certificate of having six months practice in dispensing drugs.

6th.—He must also give proof by ticket of having attended for at least six months the practice of a Lying-in-Hospital, approved of by the University, or of having attended at least six cases of accouchement; also a certificate from a registered

Medical Practitioner, of "Proficiency in the Practice of Vaccination."

7th.—No one shall be permitted to become a Candidate for examination, or shall receive a degree, who shall not have attended at least One Session of this University, and have obtained from it the tickets for one full Course of all the branches included in its curriculum.

8th.—Courses of less length than the above will only be received for the time over which they have extended.

9th.—Every Candidate for the degree must on or before the 15th day of March, present to the Dean of the Medical Faculty testimonials of his qualifications entitling him to examination, and also a Thesis or inaugural dissertation, written by himself, on some subject connected with Medical or Surgical Science. He must at the same time deliver to the Dean of the Faculty the following Certificate :

HALIFAX, \_\_\_\_\_ 18 ,

I, the undersigned, being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, (or if the case be otherwise, that I shall have attained the age of twenty-one years before the next graduation day.) (Signed,) A. B.

10th.—The trials to be undergone by the Candidate shall be :—

- (1.) The private examination of his Thesis as evidence both of Medical and general acquirement, followed (if approved) by its public defence.
- (2.) A general written and oral examination on all the branches of Medical and Surgical Science.
- (3.) The Clinical Professors shall conduct the examinations of their classes at the bedside, submitting to them cases for diagnosis and treatment in the wards of the Hospital; they shall also, in estimating the standard of members of their classes and the number of marks to be awarded, take into account the regularity of their attendance and the diligence and care they have evinced in reporting cases.

These examinations will be divided into primary and final, the former comprehending the branches of General Anatomy, Chemistry, Materia Medica, Physiology, and Botany of Zoology; the latter, those of Practice of Medicine, Surgery, Surgical Anatomy, Obstetrics and Medical Jurisprudence. It will be optional with the student to present himself for the primary examination at the end of the third session or the third year.
