CAPTAIN OF BR. STEAMER IS DECORATED

Refused to Stop Vessel After
Attack Had Been Made by
Enemy Submarine.

London, Feb. 14.—Captain William
Propert, of the British steamer Laertes,
who managed to evade a German
submarine a few days ago off the
Dutch coast, and who is a lieutenant
in the Royal Naval Reserve, has been
awarded the distinguished service
cross for "his gallant and spirited con-
duct in command of his unarmed ship
when exposed to gun fire and a torpe-
do of a German submarine."

The Laertes was attacked by the
German submarine U-2, but escaped
by adroit manoeuvring and fast steam-
ing. The submarine fired several shells
which damaged the steamer's funnel,
compass and upper deck, but the cap-
tain refused to stop and the submarine
made an unsuccessful attempt to torpe-
do the Laertes.

London, Feb. 14.—A despatch from
Falmouth to the Central News Agency
says that Captain Brewer of the Amer-
ican steamship Wilhelmina, who
had informed the British customs au-
thorities that, as they had not seized
the ship as well as the cargo, he could
not take her to the port they desired,
has received instructions to accept
the advice of Walter H. Page, the Amer-
ican Ambassador, with regard to the
seizure of the cargo. Captain Brewer,
according to reports, had said that
the orders he received when he left
New York were that Hamburg was
the Wilhelmina's destination, and
that until he was instructed to the
contrary he must carry on the com-
mand of the owners of the vessel.

A London despatch on Saturday
said that the Wilhelmina would pro-
ceed from Falmouth to the Bristol
Channel.

SOCIALIST CONVENTION IN LONDON

London, Feb. 14 (6.45 p.m.)—Represen-
tative Socialist of the allied coun-
tries met in London today, under the
presidency of James Keir Hardie, So-
cialist member of parliament for Aber-
deyn, to discuss the international
situation.

The subject of peace was not dis-
cussed, as the delegates had decided
that "no hope for peace could be en-
tertained until German militarism was
crushed."

Resolutions were passed demanding
that Belgium shall be liberated and
compensated, that the question of Po-
land shall be settled in accordance
with the wishes of the Polish popu-
lation "either in the sense of autonomy
in the midst of another state, or in
that of complete independence and
that throughout, from Alsace-Lorraine
to the Balkans, those populations that
have been annexed by force shall re-
ceive the right freely to dispose of
themselves."

The resolutions also declared that
while the allied Socialists had re-
solved to fight until victory was achieved,
had resolved to resist any attempt
to transfer this defensive war into a
war of conquest.

POSTMASTER GENERAL OF CANADA WILL WED IN NEW YORK TOMORROW

Montreal, Feb. 14.—Hon. Thos. Cas-
grain, postmaster-general, left Mon-
treal tonight for New York where he
is to be married on Tuesday to Ma-
dame Masson, a Quebec lady, who has
resided in Paris several years. The
postmaster-general was accompanied
by Bishop Mathew, of Regina, Sask.,
an old classmate, who will perform
the marriage ceremony.

AIRSHIPS SEEN OVER BROCKVILLE, ONT., FLYING IN DIRECTION OF OTTAWA

Three Aeroplanes Crossed Canadian Border
from State of New York — Dropped Fire
Balls in St. Lawrence River — Lights in
Parliament Buildings Extinguished and Blinds
Drawn — Searchlight Sweeps Skies Watching
for Invaders — Precautions Taken Against
Damage to Royal Mint and Rideau Hall.

Special to The Standard.

Ottawa, Feb. 14.—Sir Robert Borden, the Prime
Minister, received a telegram from Brockville, Ontario, tonight
stating that three aeroplanes had passed over Brockville at 10
p. m., flying in the direction of Ottawa. The aeroplanes
came from New York State over the St. Lawrence river.

Col. Percy Sherwood, chief of Dominion Police, told The
Standard tonight that he had had a telephone message from
the Chief of Police at Brockville who informed him that three
or four aeroplanes had crossed the river St. Lawrence about
ten o'clock tonight from New York State and had passed
over Brockville, travelling in a northeasterly direction, pre-
sumably towards Ottawa. He said that one of the aero-
planes while crossing the St. Lawrence had dropped some
fire balls or light balls. He was not sure what they were ex-
actly. However, he understood that they fell in the river. A
searchlight on the roof of one of the local theatres is scouring
the sky watching for the invaders.

LIGHTS OUT IN PARLIAMENT BUILDINGS.
The news spread quickly amongst the members of par-
liament and a number of them made their way to the roof of
the main building to watch for the reported visitors. Brock-
ville is about sixty miles south of Ottawa and if they are
really making for the capital they can hardly arrive before
midnight for they have to travel against a head wind. Rain
is falling slightly and the air is not clear. About 11.15
o'clock orders were issued to darken the parliament buildings.
Every light in the grounds was extinguished and every blind
drawn.

DARKEN RIDEAU HALL AND ROYAL MINT.
Orders have also been given by Col. Sherwood to darken
Rideau Hall, the official residence of the Governor General of
Canada and the Royal Mint.

The Duke of Connaught the Governor General has gone to
Winnipeg to inspect the troops of the garrison there but the
Duchess of Connaught and Princess Patricia are at Govern-
ment House.

The Royal Mint here is a branch of the Royal Mint at
London, England. In it is minted the gold coinage of the Do-
minion as well as a portion of the British gold coinage chief
sovereigns.

This is the first time since the Royal Mint was opened
here that it has been in darkness. It has always been kept
brilliantly illuminated.

GREAT EXCITEMENT AT CAPITAL.
Sharpshooters have been told off to various points of vantage on
Parliament Hill; all the poked shots of the Dominion police are fully
armed. The greatest excitement prevails and the Premier and cabinet
ministers are being informed from time to time as to the situation. The
Duchess of Connaught is also being kept informed.

The only lights in Rideau Hall or the government buildings are those
in rooms which have heavy blinds and shutters.

Notices have been sent out to Smith's Falls, Perth, Kemptville, Mer-
rickville and other towns in Eastern Ontario to keep a sharp lookout,
and report at once if any of the aeroplanes are seen.

Later communication with Brockville elicits that the aeroplanes
passed over Morrisburg, N. Y., on their way over the St. Lawrence.

A few months ago an order was issued by the government and no-
tices posted that any aeroplanes flying over Canadian territory without
authority would be dealt with as enemies.

SMALL DETACHMENT OF BRITISH DEFEATED TURKS AND ARABS

London, Feb. 14.—A force of 200
Turks and Arabs under German
officers, who were preparing to attack
the British station of Tor at the
entrance to the Gulf of Bess, were
attacked and either killed or taken
prisoners Friday by a British force,
according to a British official report
from Cairo. 100 soldiers were taken
prisoners and of the others it is be-
lieved that not one escaped death.
The official report states that the

London Financiers Say Sound
Colonial Enterprises Will
Have No Difficulties, How-
ever, in Obtaining Capital.

London, Feb. 14.—Enquiry among
financiers interested in colonial enter-
prises concerning the effect of the new
treasury regulations governing new
issues brings replies that no difficulties
whatever will be experienced as re-
gards sound enterprises within the
empire. At present the treasury dis-
courage investment outside the em-
pire. Wildcat schemes have no chance
now when the nominal must be the ac-
tual capital and shares must be paid

factory guarantees given that they can

FOUR MILLIONS A YEAR FOR PENSIONS

Interest on Loan for Canada's
War Expenditures Estimad-
ed at Nearly Seven Millions
a Year.

Ottawa, Feb. 14.—A semi-official
statement tonight in regard to the
borrowing of the principal of the war
expenditure from the imperial treas-
ury is to the effect that the annual
interest charges upon fifty millions
which will be borrowed this year, and
the hundred millions to be borrowed
next, will amount to nearly seven
million dollars. This must be ad-
ded further charges in succeeding
years, representing interest upon
additional borrowings during the
period of the war. The pension list
expenditure will reach from four to
five millions a year. If the war did
not exist, the government would have
no difficulty in borrowing upon the
London market the difference between
its revenue and expenditure, just as
in the past loans have been floated
to meet expenditure upon capital
undertakings such as the Transconti-
ental Railway, Quebec bridge, ports
and harbor works. The war has closed
off borrowings by Canadian corpora-
tions, thus diminishing imports from
the London market. The difference
between its revenue and expenditure
has been derived. The war has also
limited the amount of money which the
Dominion can itself borrow.

It is hardly probable that the new
stamp taxes, except those upon wines,
will come into effect before March
15th, as it will be some time before
the revenue bill passes through all
its stages in the two houses. In the
meantime postage rates are precisely
the same as before. The government
will give ample notice of the date upon
which the new taxation measure will
come into effect.

In the meantime the war stamps
will be prepared and distributed, and
no doubt the banks will arrange to
furnish books of cheques with the
war stamp embossed thereon, follow-
ing the custom in Great Britain.

Some inquiries have been received
by the finance department as to
whether corn remains as under the
former tariff. The increase made by
the budget does not apply to corn,
except when used for distillation pur-
poses. For other use it continues on
the free list.

upon their position at dawn on Friday.
The official report concludes as fol-
lows:
"The enemy's force was annihilated.
Over 100 prisoners were taken, among
them a Turkish major. Over sixty
of their dead were found on the field,
and it is believed that none got away.
Twenty camels were captured and the
enemy's camp and their stores were
destroyed. Our losses were one
gurdah killed and one wounded."

New York, Feb. 14.—Matthew A.
Schmidt was arrested here last night
as a fugitive from justice on an indict-
ment found in Los Angeles in Octo-
ber, 1910, charging him with having
been implicated in dynamiting the
Los Angeles Times building, for which
crime 33 officials and members of the
International Association of Bridge
and Structural Iron Workers were con-
victed and sent to prison.
Detectives had been tracing Schmidt
for four years.

ANXIETY IN SCANDINAVIAN COUNTRIES

Over German Warning to Neu-
tral Shipping—Copenhagen
Paper Says War Between U.
S. and Kaiser no Longer an
Impossibility.

London, Feb. 14.—The Politikon of
Copenhagen, commenting on the situ-
ation between the United States and
Germany, is quoted, in a despatch from
the Danish capital to the Exchange
Telegraph Company, as saying that
"America is acting with all the energy
which might be expected, and her
note contains a grave warning, so
grave that war between Germany and
the United States can no longer be
regarded as an impossibility."

"President Wilson and Secretary
Bryan," the paper says, "are peace
loving men, but public opinion in Amer-
ican and anti-German sentiment
may drive them further than they de-
sire."

The newspaper continues:
"America stands to win a lot more
by confiscating the German ships
now interned in American harbors.
Germany has everything to lose, both
now and in the future, and it is ear-
nestly to be hoped that the American
warning will not be without the de-
sired effect in Berlin."

Further despatches to the Exchange
Telegraph Company say that the Ger-
man warning to neutral shipping has
caused a feeling of anxiety and sus-
pense in Scandinavia, as there are 150
steamers coming from over the sea—
Denmark alone is expecting 62 ves-
sels from the United States, loaded
with grain and fodder, the transport
of which secured by a friendly under-
standing between Denmark and Great
Britain.

SAYS GERMANY MUST TAKE THE CONSEQUENCES

If She Fails to Realize False
Position She Has Placed
Herself by Recent Blunder.

London, Feb. 13.—That the British
government will have no difficulty in
giving a satisfactory reply to the Amer-
ican note on the use of the Ameri-
can flag by British merchantmen is
the contention of the afternoon papers
of London, which virtually unite in
expressing the opinion that a neutral
flag will be used by British vessels
only as an intimation to German ves-
sels that there are neutral passen-
gers and goods aboard.

The Pall Mall Gazette attaches
"immense significance" to the phrase
in the American note, "or cause the
death of American citizens," as mean-
ing that Americans aboard British
ships will be equally protected by the
home government, as those on board
American ships.

The Evening Standard, basing its
judgment on the tenor of the Ameri-
can note, says: "It is plain in which
direction American looks for the pos-
sibility of trouble. If Germany does not
now understand the meaning of the
note, and realize the false position in-
to which she has been led by the ar-
rogance of the official minds in Berlin,
she must abide by the issue."

DYNAMITER CAUGHT AFTER 4 YEARS' CHASE

New York, Feb. 14.—Matthew A.
Schmidt was arrested here last night
as a fugitive from justice on an indict-
ment found in Los Angeles in Octo-
ber, 1910, charging him with having
been implicated in dynamiting the
Los Angeles Times building, for which
crime 33 officials and members of the

victed and sent to prison.

AMERICAN PROTEST EVOKES DEFIANT REPLY FROM NUMBER OF THE BERLIN NEWSPAPERS

RECOGNITION OF WAR ZONE DECLARATION
ONLY WAY U. S. CAN KEEP PEACE WITH GERMANY

Count Reventlow, Naval Expert, Reminds Wilson and Bryan
Talking to Mexican Rebels and German Empire Two Dif-
ferent Matters.

Berlin, via London, Feb. 14.—The
German foreign office, after studying
the American note respecting the de-
claration by Germany of a war zone in
the waters around Great Britain and
Ireland, states that the terms are
much friendlier than had previously
been expected, by reason of the in-
complete newspaper despatches pub-
lished here.

The foreign office even recognizes
that from the American standpoint
certain of the points raised are quite
justified.

Germany, however, it is declared, in-
tends to adhere to its own viewpoint.
Various officials, diplomatic, naval
and military, whose opinions have
been sought, profess to see no ele-
ments of danger in the situation, and
are convinced that the naval campaign
can be conducted on the lines laid
down in the admiralty proclamation,
without involving difficulties between
the United States and Germany.

The Berlin newspaper comment on
the note, while generally of a deter-
mined nature, is friendly. Conspicu-
ous exceptions to the rule, however,
are furnished by Die Post and the

Tages Zeitung, the former of which
employs rather sharp phrases.
"When something does not suit the
Yankees," says Die Post, "they are ac-
customed to adopt threatening and as
frightful a sabre-rattling tone as pos-
sible. They reckon that the person
thus treated will let himself be fright-
ened and give in. If this does not
come to pass, however, if the person
thus treated and threatened with the
strongest expressions pays no atten-
tion, and shows that he is not scared
and will not let himself be driven into
a state of funk, the swaggering Yan-
kee calm themselves soon and quiet
down."

Favoring Great Britain

Die Post complains that the United
States did not protest against the
British declaration of the North Sea
as war territory, "that is to say, they
are in benevolent agreement with
England, but make a threatening pro-
test against us. If the north Ameri-
can government would show Germany
the same neutrality as it shows Eng-
land, the entire present note, with its
threatening tone, would be superfluo-
us."

TWO BIG BATTLES ON THE PRUSSIAN FRONTIER

Have Begun or Will Soon be in Progress—Both Sides Stak-
ing Much on the Outcome—Heavy Artillery Bombard-
ments in West—St. Mihiel Under Fire from French
Guns.

London, Feb. 14.—Two big battles,
it is believed, have already begun, or
will soon begin, on the Russian side
of the east Prussian frontier, and on
the River Sereth, in Bukovina. The
Russian forces have withdrawn both
in East Prussia and in Bukovina, in
the face of superior German and Aus-
trian armies, so that they might be
enabled to concentrate and come into
closer touch with their lines of cum-
munication.

The official reports make only the
briefest reference to the operations
at these two extremities of the eastern
front, but what they do say indicates
that the Russians have already reach-
ed the lines on which Grand Duke
Nicholas has decided to give battle.

The rest of the campaign in the
east, which is proceeding under the
worst weather conditions, is over-
shadowed by these greater events, on
the result of which both sides are
staking so much.

The Germans claim to have won a
big victory over the Russians in East
Prussia, and the Austrians announce
with elation, but apparently Petrograd
views these incidents without misgiv-
ing.

The west there has been a contin-
uation of heavy artillery bombard-
ments, in which Rheims has again
suffered, and several infantry attacks
parts of the line, in which both sides
claim to have been successful. From
unofficial sources comes the news that
Saint Mihiel, on the Meuse, which
the Germans have held for so long,
has come under fire of the French
guns which showed that the French
have either made an advance in this
region or have brought up heavy guns
in an effort to dislodge the Germans.

A good deal of interest is being
taken in the coming weeks' proceed-
ings of the British parliament, for
tomorrow David Lloyd George, Chan-
cellor of the Exchequer, will make a
statement on the financial arrange-
ments between Great Britain, France
and Russia, and Winston Churchill,

First Lord of the Admiralty, will re-
view the naval situation.

Later in the week the debate will
be continued on the increased cost
of the necessities of life, in connec-
tion with which a number of meetings
held throughout the country on Satur-
day and Sunday have urged the gov-
ernment to take steps to control the
supplies of food and the means for
their distribution.

Paris, Feb. 14.—Refugees who have
been expelled from Alsace Lorraine
declare that the Germans are making
extraordinary preparations to resume
the offensive in that region.

The wife of a woman at the impor-
tant machine works of Grafenstaben,
a town to the south of Strassburg, and
Nicholas von Von Der Tann, says
that more than a million men are be-
ing assembled along the Rhine and
that formidable entrenchments are be-
ing prepared. Every village is reported
to have been put in shape to sustain a
siege.

All the inhabitants whose German
sympathies are doubtful, refugees say,
are being expelled from the region and
every person showing inquisitiveness
is taken into custody and sent into
Germany.

DOMESTIC SUPPLY OF OATS IN GERMANY TO BE SEIZED BY BUNDERSRATH

Berlin, Feb. 14, via London)—The
Bundersrath today decided to expro-
priate all the domestic stocks of oats,
with the exception of seed oats and
the grain necessary for fodder for
horses. The order becomes effective
Feb. 15.

The Bundersrath also raised the
price of oats to \$12.50 per metric ton.

The action of the Bundersrath, or
federal council, in expropriating the
domestic stocks of oats is a further
step in the direction of the German
government's policy of conserving the
food supplies of the country. On Jan.
26, the federal council ordered the
seizure by Feb. 1st of all stocks of
corn, wheat and flour.

DE. KUHRING SAYS FAREWELL

Last Sermon Before Taking up His Duties as Chaplain to Overseas Forces.

Rev. G. A. Kuhring, rector of St. John's (Roman) Church, who has been appointed a chaplain to go to the front with the second regiment, said farewell to his congregation last evening. The church was crowded and his parting address was given an attentive hearing.

Rev. Mr. Kuhring said: "It is a trying time when one is called to speak to those among whom one has lived and labored for many years, for the last time for a season at least. I pray God that what I say will be acceptable in His sight."

"At such a time I am conscious of so much that I must leave behind that must be left undone for ever and so much that I have done that should not have been done. It is a fitting occasion to confess this to God and to ask your loving forgiveness for all short comings."

"My lot here has been always a happy one—in every way—much more than I deserved. I am not forgetting the fact that there have been times when we did not agree or all see alike but if there be leadership on the part of the minister and independence on the part of a people there must necessarily be struggle and readjustment until we arrive at a just conclusion which respects the rights of all. I am sure you know this to be better than suppliance and interference which puts a people to sleep."

"I am sure that we can tonight know and believe that our one aim has been to advance what we believed to be the cause of God in this parish. There is today a splendid spirit of consideration and loyalty and reasonableness which augurs well for the future."

"I am sure that I am much in your minds and upon your hearts tonight as you are upon mine. I am going to give you a text to keep in mind when you think of me in the days to come, as one which will be a special message to me in the most trying days."

"Isaiah 42: 6—'I, the Lord, have called thee and will hold thine hand and will keep thee.'"

"When I came to this parish in much weakness and trembling this was given me and I said: O God I will go fulfill this promise even to me. Ten years it has been and amidst all the trials and temptations of the years it has been true—the God, who called has held my hand and kept me. There hath not failed one word that he has promised."

"Do you wonder that as I face the unknown trials, unknown dangers, unknown duties and paths, I turn and hear God say 'I have called thee.' I am sure of this—no mistake—a call from God to go—not knowing whether it leads nor where it ends except that all will be well. For He, who calls, promises He will hold my hand and keep me."

"I remember and you remember how comforting it was when as a little one your father or mother took hold of your hand and lifted you over the rough and slippery places, you got into the habit of taking that hand in more than the slippery places. So God, I know, will hold my hand and keep me, the God, the God of the Father and He can if He will hide me in the hollow of His hand. Don't worry about me, pray and believe."

WITH THE AIR GRENADEIERS OF THE BRITISH ARMY

This picture, drawn by Christopher Clark from photographic material received for the London Sphere, the New York Herald and this newspaper, shows an aeroplane in the act of starting out from headquarters near Hohlbeke on its morning work. The machine—a Farman "pusher"—has just left the ground. On the under side of the upper planes are visible two Union Jacks, one on each side, which serve as the distinguishing marks of the biplane and which help to check fire from the Allied lines. In front of the observer is a Colt automatic gun, and to his right, on the side of the nacelle, is a bomb dropping apparatus which is being used on certain British aeroplanes. The bombs are here placed in their separate compartments and are released by pulling a cord which withdraws a pin in the neck of the bomb, allowing it to fall.

AMERICAN PROTEST REVOKES DEFIANT REPLY FROM NUMBER OF THE BERLIN NEWSPAPERS

(Continued from page 1) Count Ernest Reventlow, the naval agent, in an article in the Tages Zeitung, declares that the request of the United States that ships be searched before further action is taken against them shows "that the people in Washington do not, or will not, comprehend the meaning of the German measure."

"We have so often demonstrated," Count Reventlow continues, "the impossibility of search that we can merely refer to our earlier remarks. Washington must know this, and therefore the demand of the note for a search, and the establishing of the identity of the neutral merchant, amounts to a declaration respecting war territory."

Reminder that States is Not Talking to Mexican Rebels. Count Reventlow repeats the German order, the declaration of which he asserts is a considerable warning, and adds: "Whether it is regarded or promoted against is of secondary importance."

"If its consequences are depicted as 'incalculable,' Count Reventlow continues, 'we may believe that the United States government misjudges its ground. The same can be said of the remarkable phrase in the note that the United States government will see itself impelled to hold the German imperial government responsible for such action of its naval authorities. She cannot escape the conclusion that President Wilson and Secretary Bryan in their communication with the Mexican pretenders and rebel leaders, have accused themselves to a tone that is not suitable for communications with the German empire.'

Count Reventlow says that American government's request for assurances that its ships and citizens will be subjected only to a search, even in the war zone, is utterly out of the question.

"The only way to preserve the existing relations between the German empire and the United States," says Count Reventlow, in conclusion, "is actual American recognition of the German war zone declaration, and regard for the warning expressed therein."

The Vossische Zeitung says that while the searching of ships for contraband previously has been the acknowledged procedure, the entry of the submarine denotes a new factor in naval warfare.

OFFICIAL WAR REPORTS

FRANCE

Paris, Feb. 14.—The following communication on the progress of the war was issued by the French War Office this afternoon: "In Belgium: The bombardment of Neuport-Les-Bains, of our trenches in the dunes, and of the city of Ypres continued. Our artillery delivered a counter bombardment of the enemy's batteries."

"From the Argonne to the Moselle the war was calm. In Lorraine, in the region of the Vosges, we have delivered a counter-attack against the enemy, who had occupied Norroy, and who had gained a foothold on a neighboring height. The engagement continued."

"No late advances have been reported respecting the operations in the Valley of the Lauch, in which the advance posts are engaged."

RUSSIA

Petrograd, Feb. 14.—The following statement from the General Staff of the Russian command-in-chief was issued last night: "On the Niemen-Vistula front the fighting has taken place to the west of Iurburg, in the region of Lych, near Kadzido, and to the east of Perpetz. In the region of Lych we successfully repulsed the German attacks and inflicted on the enemy heavy losses."

"On the left bank of the Vistula our artillery successfully bombarded the enemy's columns, moving in various directions. In the Carpathians our troops occupied the fortified heights in the region of Swidnik, and also those between the Laskow Pass and the Upper San, where we captured about one thousand prisoners. On the front, between the Ulok and Tuchla Passes, we forced the Germans to fall back a little from the Kozulka heights. The enemy is entrenched about forty feet from our trenches. At Wyszakow we repulsed a stubborn attack by the enemy."

"The situation along the Carpathian front, in the western and middle section, in general is unchanged. The strong Russian counter-attacks in the vicinity of Dukla Pass are becoming rarer. In the eastern section we have progressed. Simultaneously with the successful advance in Bukovina, our troops, after repelling the enemy near Kosroemesoe, crossed Jablonica Pass and the passages on the both sides of this road. Our forces in the upper region of the river Pruth went their way out of the mountain valleys and reached Wisznitz, Kutly, Kossow, Delatyn and Paszicze. The number of Russian prisoners of war taken in the present series of battles now amounts to 29,000."

GERMANY

Berlin, Feb. 14.—(By wireless to London)—The official statement issued today by the German army headquarters says: "A violent snow storm is raging in the Vosges."

"An official communication issued by the War Office last night says: 'The enemy has bombarded the villages of Bailly and Tracy-Le-Val.'"

"Our heavy artillery has reached the railway station of Noyon. In the Champagne district, in the region of Souain, one of our battalions which had been successful in taking possession of a wood in front of our trenches, was not able to maintain its position by a counter-attack by superior forces."

"In Champagne there has been intense activity on the part of the enemy's artillery upon our front before Rheims. The city has been again bombarded. Our fire upon the German trenches appears to have accomplished good results."

"From the Argonne to the Moselle the war was calm. In Lorraine, in the region of the Vosges, we have delivered a counter-attack against the enemy, who had occupied Norroy, and who had gained a foothold on a neighboring height. The engagement continued."

ROW AT CARD GAME ENDED IN MURDER

Montreal, Feb. 14.—Geesephi Recoll aged 21, was shot dead this afternoon in Richmond Avenue, and Stefano Malstro was arrested on a charge of murder in connection with the tragedy. It is said the two had quarrelled at a game of cards just prior to the shooting.

GERMAN MINES OFF CANADIAN PORTS?

Ottawa, Feb. 14.—The possibility of German mines having been strewn off Canadian Atlantic or Pacific ports is indicated in an official warning issued by the naval service as to the operations of government mine sweepers. The notice says that "government vessels are sometimes engaged in sweeping operations off ports in Canada. Whilst so engaged they work in pairs, connected by a wire hawser. They show the following signals: A black ball at the foremast-head and a similar ball at the yard arm, or where it can best be seen. For the public safety, all other vessels must keep out of the way of vessels flying this signal and should remember that it is dangerous to pass between vessels of a pair."

WHITE STAR LIVER HAD UNEVENTFUL TRIP

Liverpool, Feb. 14, via London.—The White Star line steamer Arabic arrived in the river Mersey today from New York. The voyage across the Atlantic was uneventful. The British flag was flown throughout the trip. No submarines were sighted.

HEART WOULD PALPITATE.

HAD WEAK and DIZZY SPELLS.

Palpitation of the heart is one of the most common of all heart troubles. The heart will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over the system accompanied by weak and dizzy spells, making you feel that you are surely going to die. When you feel this way what you require is a real good heart and nerve tonic; one that will strengthen the weak heart and build up the nerve system. For this purpose we know of nothing that can equal Milburn's Heart and Nerve Pills.

Mrs. J. S. Nicholls, Listowel, Ont., writes: "I was weak and run down, my heart would palpitate, and I would have weak and dizzy spells. A friend advised me to try your Milburn's Heart and Nerve Pills so I started at once, and found that I felt much stronger, and my heart was ever so much better within a short time. I cannot praise your medicine too highly for it has done me a world of good. My husband has also been bothered with heart trouble ever since childhood and finds great relief in using your valuable pills."

PRIEST AND WOMAN MURDERED AT NEW BRITAIN, CONN.

LITHUANIAN ROMAN CATHOLIC CHURCH. Killed by a person or persons whose motive is shrouded in mystery as deep as is their identity, the Rev. Joseph Zebria, pastor of St. Andrew's Lithuanian Roman Catholic Church, of New Britain, Conn., and his housekeeper, Miss Eva Gilman, were found dead in the rectory of the church in that city.

The body of Fr. Zebria lay on the floor of his little study, which is at the left of and only a few feet from the front door. There were two bullet wounds just over his heart, and tightly wound around his neck was four feet of heavy twine. He evidently had been shot while standing in the doorway of his study, as if in greeting callers, and had fallen backward, for his face was upward, his arms were outstretched and his body lay straight, with the feet just over the door sill.

ONE HUNDRED YEARS PEACE

Commemoration of Centenary of Peace between Canada and United States in City churches — Impressive sermon at St. John's (Stone) church.

The completion of one hundred years of peace between Canada and the United States was commemorated yesterday by special sermons and references in several of the city churches, including St. John's (Stone) church, where the subject was dealt with by Rev. G. A. Kuhring in the morning; in Centenary Methodist where Rev. W. H. Barraclough gave a special sermon in the evening; in St. David's Presbyterian, where Rev. J. A. MacKellan preached, and in Victoria street United Baptist church, where Rev. B. H. Nobles spoke of "Peace." Special references to the subject were made in the services at German street Baptist church throughout the day.

In St. John's (Stone) church the morning service began with the singing of the National Anthem, the music generally being of a special character. As requested by the Primate of all Canada a collection was taken for the Belgian Fund. Rev. Mr. Kuhring said in part: "All over this continent today Christian people are gathered together to give God thanks for His mercies and to commemorate the hundred years of peace between the British Empire and the United States. It is just possible you may be questioning the advisability of such a commemoration when we are engaged in a struggle for the very existence of the Empire, but our Primate has ordered that we make one effort to celebrate it, and I am sure in this he is right. First, remember that it is a fact we are called upon to celebrate, not a speculation as to what we hope may come, but a fact that is the astonishment of the world, namely, that two such nations should live alongside each other without forts or ships to guard their borders. Nothing in the future can take away this fact. We have had one hundred years in which to develop our tremendous resources and been preserved from having to mortgage the future in tremendous debt. Our wheat fields, instead of being trodden down have yielded millions of bushels of wheat. We have been able to multiply our material wealth until today, in Britain's need, we can send her tens of thousands of our strongest sons.

"We have shared in the development of the riches of this continent's wealth of forest, mine plain and sea. War between us has not filled a single grave nor widowed a loving heart, nor made a dependent orphan. Today there is no memory of hatred to excite and mar the future. These years of peace must rather be a factor in extending the time of peace, if not forever barring the way of strife and distrust. Our thanksgiving will be all the more real if we recall the times, during the one hundred years, when events threatened to break cordial relations."

Rev. Mr. Kuhring then referred to the peaceful settlement of various questions by means of treaties such as the Rush-Bagot and Ashburton treaties, that concerning the Oregon boundary, and those relating to the fisheries, the Alabama claim and the Alaskan boundary; "all," he remarked, "taken out of the way, not by the sword, but by treaty—an example to the world."

"What about the future? None can speak with certainty, but we can express the hope that it within us, and may point out the factors which must make for peace between the two great nations. The greatest factor for peace is the fear and love of God. The past hundred years have been influenced by the lives of the religious men and women of the United States and Canada, those early settlers who landed on our shores strong in the fear of God, and with hearts set on liberty and justice. So long as the recognition of God is stamped not only upon our coins and their, but in our hearts, so long may we hope for a continuance of that peace which we commemorate today. There are, however, certain signs which point to disintegration, things concerning unrighteousness and consequent strife.

BISHOP LEBLANC'S LENTEN PASTORAL READ YESTERDAY

Regulations for Lenten Season Same as Last Year — The Empire War—An Appeal for Sobriety.

In the Catholic churches in the city yesterday at the different masses the faithful of the particular opportunities which the holy season affords for penance and to atone for their sins, and to avail of the special opportunities which present themselves during Lent to do penance for past delinquencies.

The pastoral letter calls attention of the faithful of the advent of season of Lent this week and reminds the faithful of the particular opportunities which the holy season affords for penance and to atone for their sins, and to avail of the special opportunities which present themselves during Lent to do penance for past delinquencies.

"Do we ever," the pastoral continues, "stop to think of the desperate consequences our sins entail? How the commission of even one deliberate mortal sin is sufficient to rob us of divine grace and friendship, to destroy the merit of all our good works, and bring everlasting death? How the sin on the soul. God is infinitely just and merciful. This is almost the first truth taught us by faith and by reason, and yet His justice is every day these evils and miseries which follow the hell because of mortal sin. The sinner deserts God of his own free will, and if he perseveres in his free choice to do evil, he is forever more made the child of apostasy from his Creator; and that choice is final, irrevocable. There is a gulf, after death, between that soul and God which can never be bridged. The commission between that soul and God has been utterly broken down by the voluntary act of the soul itself, and the guilt of mortal sin will never be effaced, but will hold possession of its victim forever.

How easy it is to forget God and sin! "The world is seated in wickedness," and dangers and temptations surround us on all sides. It only needs a tiny spark of temptation to set our passions ablaze and cause them to burst forth into a raging and destructive fire. At first, however, sin, especially such as drinking, is a discreet and abhorrence to a hitherto innocent soul. At the beginning of a wicked career, there arises in the sinner a longing to throw off the weight of his increasing burden. He is ready to cry out with King David: "My iniquities are gone over my head, and as a heavy burden are become heavy upon me." Psalm XXXVII, 5. But if he continues to turn a deaf ear to the inspirations of grace, he becomes accustomed to degrees to his terrible state, and sinks lower and lower in crime, he ends by becoming completely hardened in evil and insensible to every call of God. Of obdurate sinners the inspired writer declares: "They leave the right way and walk by dark ways; they are glad when they have done evil and rejoice in most wicked things."—Prov. II, 13, 14.

EMBARGO AGAIN REMOVED FROM WOOL EXPORTS TO THE U.S.

Washington, Feb. 13.—Advices to the State Department today from British official sources announce the resumption of wool trade between Australia and the United States under the same restrictions against re-exports to the nations at war with the Allies as prevailed before the exports were suspended early this month. A complete embargo was laid on Australian exports to the United States soon after the beginning of the war. The trade was resumed under restrictions but was suspended when the Australian authorities believed some American shipments violated the agreement. Conferences between the British officials and representatives of the textile alliance have brought out an understanding which permits resumption of the trade.

CHINA WILL DISCUSS ONLY TWELVE OF THE DEMANDS MADE BY JAPAN

Peking, Feb. 12.—The Chinese government yesterday delivered to the Japanese legation at Peking a written reply to the demands recently made by Japan on China. The contents of the Chinese answer have not been divulged. It is the general belief in Peking, however, that the reply reiterates China's willingness to discuss only twelve of the twenty-one demands contained in the Japanese note.

JOE RIVERS QUITS RING FOR RANCH

Los Angeles, Cal., Feb. 13.—Lito Ybarra, known to the ring as Joe Rivers, will probably give up the ring and become a cattle baron, falling back to the life led by his ancestors, in the days when the missions were being founded.

With the assistance of his father-in-law he has purchased 320 acres, near the Malibu, and will immediately ranch and fit the place up as a cattle ranch.

Several days ago a big farm wagon left Santa Monica on the rough trip over the Malibu hills. In the wagon were Joe, his young wife, his father-in-law, H. B. Sliert; his mother-in-law,

a few more "in-laws," and three ranch hands. They are going to fence the land and build a four or five-room house on the place. The next time Joe is seen it will probably be astride a cow pony.

"I may fight again, or I may not," said Joe before leaving. "I don't care whether I ever see the inside of another ring. If I do decide to go back it will be some time in May. After these months in the hills I ought to be in great shape, if I decide to fight again."

"A lot of people supposed that I had frittered away all my money. Well, I hadn't. I have saved most of my money. I paid \$8,000 for this ranch, and I have more money with which to stock it. Within five years I expect to make \$50,000 out of that property."

"I am so excited over the ranch that I never give a thought to the ring; but, after we get things well started I might like to go back and take another whirl and earn a little more money to put in the stock while I am still young enough to do well as a fighter."

"To tell the truth, I think I can still win the world's championship if I so after it."

Regina, Sask., Feb. 12.—Acting on behalf of at least thirty thousand farmers in the province of Saskatchewan, the Grain Growers' Association today approved of a plan for every farmer setting aside one or more acres of wheat in this year's crop, the proceeds to be handled as Patriotic Fund.

FOUND DEAD HANGING FROM IRON BAR OF A STORE WINDOW

Montreal, Feb. 14.—Hanging by the neck from an iron bar at a window at W. R. Brock and Company, Ltd., Notre Dame and St. Helen street, an unknown man, aged about 60 to 70, was found dead at 8 o'clock last night by the police. In one hand he clutched a small card, bearing the words: "Wishing you a joyous Christmas, from Emily to Dad." The deceased was poorly dressed.

HALIFAX Schooner GIVEN UP AS LOST REACHES BARBADOS

Halifax, Feb. 14.—The Halifax schooner Eddie Theriault, from St. John's, Nfld., for Bahia, Brazil, with a cargo of fish, and which it was feared had been lost, has arrived at Barbadoes in a battered condition.

Paul Peterson, a Norwegian, one of the crew, was swept overboard and drowned, and the vessel lost her spars and rigging. The schooner reached Barbadoes on Saturday, having been out 75 days.

ARE AGAIN PERMITTED TO DISCLOSE THE DESTINATION OF CARGO

Washington, Feb. 13.—Secretary of the Treasury McAdoo has revoked his order of last October, prohibiting collectors of customs from giving out information concerning the character or destination of cargoes, outbound from ports of the United States.

The Secretary said that many complaints have been received from exporters against the order and that the reason for its existence had passed. The original order was understood to have been displacing to diplomatic representatives of Great Britain because it was thought to add difficulties of ascertaining whether cargoes contained contraband articles.

PARIS FEELING THE LACK OF FUEL

Paris, Feb. 12.—Paris is still feeling the lack of fuel. There is said to be plenty of English coal, but it comes in great blocks and there is not enough help to break it up at Rouen, the coal port of Paris, so as to make it available for the retail trade.

To remedy the situation the Minister of Commerce proposes to recruit miners to increase the output of French mines that are not in the hands of the Germans.

ARRESTED AFTER 3 ATTEMPTS TO KILL HERSELF FAILED

Montreal, Feb. 13.—Sadie Skurder, a domestic employed at 1336 St. Hubert street, made three ineffectual attempts yesterday to end her life, as she was despondent at the prospect of losing her situation. First she took carbolic acid, but at the general hospital she brought around. Then at her place of employment she tried to asphyxiate herself by gas, and being frustrated in this she attempted to cut her throat. Then she was arrested.

Montreal, Feb. 12.—Judge St. Pierre this afternoon rendered a decision against the admission of Mrs. Langstaff to the Bar of Quebec. Mrs. Langstaff, after studying law, was refused admission to the law examinations at Quebec City, and she took the matter to court.

THE BRITISH OPERATIONS AGAINST THE GERMANS IN EAST AFRICA.

THE ARMORED TRAIN "SIMBA" ON THE UGANDA RAILWAY, BRITISH EAST AFRICA. The "Simba" is an armored train employed on the Uganda Railway, British East Africa. It is built on the principle of the armored trains now being employed in the various seats of war in Europe and in South Africa. Discussing the military operations against the Germans in East Africa, a correspondent recently summarized the position of affairs in the following words:—"The forces available were divided into two main sections, one to guard the Uganda Railway and one to guard the long stretch of frontier from the sea to Victoria Nyanza, approximately seven hundred miles. They were concentrated on certain vulnerable points, with orders to keep a watch on the border and not to engage the enemy unless they moved in toward British East Africa. The Germans made various attempts to get through and interrupt communications between Nairobi, the capital of the protectorate, and the coast. In one case a party of the enemy succeeded in reaching the railway with a good deal of dynamite, but owing principally to the nature of the country through which they had to pass and their sufferings from lack of water, they surrounded the first patrol they came across and were captured with all the dynamite, before they were able to do any damage." It is on this Uganda railway that the armored train "Simba," shown above, operates.

MORMONS APPEAR IN POLICE COURT

Interesting Case Before Police Magistrate Saturday.

Whether or not Mormons are allowed to practice their doctrine in St. John was a problem which faced Magistrate Ritchie in the Police Court Saturday morning. Six young men, Winford H. Allen, Pearl S. McAdam, George M. Hess and Henry H. Rawlings, who say they are citizens of the United States, and who were reported for following a profession in this city without a license, appeared to answer the charge.

They demanded to know "what it is" sense was required to pass the word of God." They said they had received permission from Ex-Chief Clark to do so for the last year.

Winford A. Allen said he was president of the St. John conference and as such acted as spokesman. He said their headquarters was at Salt Lake City, and that the name Mormonism was a nickname.

The Magistrate perused some literature produced in court and later read an extract from the book which was taken to be against both Catholics and Protestants. He said he thought the best thing for them to do was to go to the United States and practise their belief, for he did not think the community of St. John would countenance it.

They refused to leave the city, whereupon the magistrate told them that the matter would be thoroughly threshed out in court.

They said they wanted justice, which they were assured they would get. They were allowed to go upon their own recognizance to appear on Monday morning, and upon promising to conduct any service in the meanwhile.

Public notice is hereby given that at the next session of the Provincial Legislature, entitled, "An Act to Further Amend the Laws Relating to Civic Elections in the City of St. John."

The object of this bill is to extend to married women possessing the necessary electoral qualifications, the same right to vote at civic elections as is now enjoyed by widows and unmarried women.

HERBERT E. WARDROP, Common Clerk, St. John, N. B., 10th Feb., 1915.

IN SECOND GAME OF SERIES THISTLES DEFEAT ST. ANDREWS

On Saturday afternoon and evening the Thistle curlers met and defeated the St. Andrew's Club in the second match of the 1915 series. There was fourteen rinks aside and the Thistles won with a total score of 209 to 182. One peculiar thing about the afternoon playing on the Thistle ice is, that the three Thistle rinks won, and each rink scored twenty points.

At the close of the afternoon play the total score was 196 to 94 in favor of the Thistles. Of this score the Thistles had a majority of 28 points on their own ice, with three rinks aside. On the St. Andrew's ice, with four rinks aside, the St. Andrews were ahead with a score of 62 to 48. The Thistle majority for the total afternoon play was twelve.

In the evening play on the Thistle ice three rinks aside, the clubs tied with a score of 45 and the scores of 16-7 were made by the rinks of both clubs. On the St. Andrew's ice with four rinks aside the Thistles finished in the lead with a score of 40 to 45, or a majority of 15. The score for the whole day's curling: Thistles, 209; St. Andrews, 182 gave the Thistles a majority of 27. The following is the score by rinks:

FAMILY ARE ALL FIGHTERS

Joe Shugrus, the Jersey City lightweight, may be classed among the few professional boxers who are a credit to the game. Shugrus comes from a fighting family of Irish extraction, having seven younger brothers who are handy with the gloves; and when Joe is in training each brother takes his turn in a "short bout" with the light-weight contender.

Shugrus has been the main support of his parents, both of whom have been ill several years, and seven brothers. He has saved his ring earnings and recently purchased a beautiful home for the family.

Joe is a teetotaler and refrains from the use of tobacco. Shugrus is everlastingly preaching temperance to his close friends.

Realizing that nature will not permit him to box all his life, Shugrus has decided to accept an offer made by one of his admirers, a prominent New Jersey lawyer, to adopt the practice of law as his profession after retiring from the ring.

The lawyer is of the opinion that a man of the Shugrus type, possessed with brains, perseverance and courage—qualifications absolutely essential for a man to become one of the most successful boxers in the world—can with two year's instruction and advice and with one year of actual study in a law school develop into a successful lawyer.

Shugrus has always been desirous of becoming a legal shining light, and lost no time in accepting the offer. He has promised faithfully to follow instructions and will make every possible effort to become another Gladstone. His friends are convinced that by applying the same systematic attention to details in his new undertaking, Joe Shugrus, counselor at law, will be just as famous throughout the country in the future as Joe Shugrus, contender for the lightweight title, is at present.

BADMINTON CLUB

The Stone Church Badminton Club defeated the Trinity Church club on Saturday afternoon by a score of twelve to four.

RICE DEFENDS HIS STAND FOR FOUR MILE RACE

Jim Rice, coach of Columbia's oar crew, has taken a determined stand in favor of the four-mile rowing race. Rice declares that he had been in charge of Columbia crew for over nine years and has never had any trouble with the student oarsmen resulting from a weakness in the thorax after the four-mile race.

"If the race were shortened to three miles, the Poughkeepsie contest would develop into a long sprint instead of a race in which the oarsmen conserve their energy for the home stretch," declared the Columbia coach. "Why even the freshmen can sprint full speed for two miles, and the older variety men surely could sprint three miles." "A man rowing a race is supposed to row himself out whether the distance be one mile or four. In the shorter races, brute strength counts more than anything else, while in the four-mile event, skill is the greatest factor in victory."

Rice was asked what he thought of the statement that the Columbia crew for men over sixty years of age. "If you ask any of them what their opinion on the four-mile race is they will tell you that they could not stand the sprinting strain of a shorter one," concluded Rice.

WILL NOT RESPECT CONTRACTS

Los Angeles, Cal., Feb. 13.—George Stovall, representing the Federal League here on the coast, has been busy all winter endeavoring to induce ball players to jump to the Feds. After securing the signatures of two short-stops—Corhan and Johnson—to three-year contracts and handing over an advance the players signed with their former owners.

"I am becoming disgusted with the whole bunch," said Stovall. "All they want is an offer from me so they can run to the owner of the club having them on their reserve list and ask him for a boost in salary, telling him how much they can get by jumping to the Feds."

"We are not fooling with these fellows, as they will find out. Neither Corhan nor Johnson will be allowed

MORGAN AND LEWIS ARE BEATEN

Philadelphia, Feb. 13.—Johnny Kilbane, the featherweight champion, had the better of the six round bout here last night with Eddie Morgan of England. The first two rounds were about even and from then to the end of the fight Kilbane showed championship form to the disadvantage of Morgan.

Havana, Feb. 14.—Young Ahearn of Brooklyn knocked out Willie Lewis of New York, in the second round of their twenty round match here last night.

to play in the Coast League in 1915. What is more, we will no longer respect players' contracts as we have in the past and we'll go after their stars."

UPPER CANADIAN HOCKEY

Quebec 5, Wanderers 4. Montreal, Feb. 14.—Quebec defeated Wanderers at the local arena last night by six to four, the Wanderers having underestimated the playing abilities of the visiting team at the outset of the game and allowed a lead which they were not able to overcome. The line-up: Quebec—Goal, Moran; defence, Joe Hall and Mummery; wing, Crawford; centre, Smith; wing, McDonald.

Wanderers—Goal, McCarthy; defence, S. Cleghorn and Producers; wing, Hyland; centre, Baker; wing, Roberts. Shamrocks 6, Toronto 3.

Toronto, Feb. 14.—Only strenuous efforts on the part of Referee Marsh and his assistant prevented the N. H. A. game at the arena last night developing into a free fight. The champions were defeated by the Shamrocks by six to three. The line-up: Toronto—Goal, Holmes; defence, Carpenter, Walker; forwards, Wilson, McMillin, Foyston. Shamrocks—Goal, Lesueur; defence, G. and H. McNamara; forwards, Skinner, Denney and Denney.

Ottawa 5, Canadiens 3. Ottawa, Feb. 14.—The Ottawas lengthened their lead over Wanderers in the N. H. A. championship race Saturday night by defeating the Canadiens in the local game. The final score was five to three. The line-up: Ottawa—Goal, Benedict; Merrill and Shore; defences, Graham, Broad-bent, Gerard, forwards, Dubeau, and Corbeau; defence, Scott, Pitre, Berlaquette, forwards.

SORE KNEE TROUBLES. Detroit, Feb. 13.—Donie Bush, the Tigers' sprightly shortstop, is contemplating a visit to "Bonesetter" Reese, the Youngstown anatomical wizard, whose ministrations are alleged to have relieved many ball players of trouble with their arms and legs. All Winter Bush has been bothered by his knee, which he says as a tendency to stiffen up at intervals, seriously interfering with his locomotion. The pain seems to be in the back of the knee and Donie finds it very annoying when one of the spasms attacks him.

Dead Cat. The police report that one of the decorations on Forest street yesterday was a dead cat. The animal's ninth life departed some time Saturday night and this morning the remains will be carted away by one of the teams in the street department.

Some Finds. A lady's muff found on Main street, two barrels of apples and a bag of fish found on North Market wharf, a dog's license tag with a lock attached found on Union street, and a fur rug found on King street East can be had on the owners' application at the central police station.

Mounted Rifles Officers. Major A. J. Markham of the Mounted Rifles, has received official notification that the officers selected from the 8th Hussars are: Lieutenants A. T. Ganong, of Apohaqui; W. D. Atkinson, Moncton; G. N. D. Oty, Hampton; C. R. Harris, Moncton, and G. R. Barnes, of Hampton Station. Major Markham returned to the city Saturday evening after a recruiting tour from Hampton to Sackville and says that the men are enlisting in good shape and the ones that are being selected are a fine class.

A Troublesome Soldier. About 8.30 o'clock Saturday night a soldier who was under the influence of liquor, became rather troublesome on Charlotte street. A policeman took hold of him and then handed him over to a number of other soldiers who appeared on the scene. An express wagon was procured, the troublesome "Tommy" was dumped in the wagon and hauled away while his comrades held him down. He was afterwards given in charge of the police for being disorderly in the armory. During the trouble on Charlotte street a large crowd gathered and it was stated by some people that the soldiers had taken their comrades away from the policeman, and would not assist the police when called on. This was not the case, however, as the soldier was handed over as stated above.

The Song of the Shirt. Saturday night a Chinaman named Ham S. Wah entered the Central Police Station with his face bruised and bleeding and complained that a man had entered his laundry at 40 Sydney street, demanded his laundry which had been refused him as he did not produce his laundry check. The Chinaman said that on being refused the laundry the man went round the counter and started pulling down the parcels from the shelves trying to find his laundry and when interfered with the man beat him. Policeman Armstrong went out of the station with the Chinaman, who gave Howard D. Porter in charge, saying that he was the man who assaulted him. Porter stated that he did not strike Wah but that he received his injuries by falling. Porter was allowed to go on leaving a deposit of twenty dollars for his appearance in court this morning.

Police Activities. Saturday afternoon Patrolman McNamee arrested John T. Rae, aged seventeen, and charged him with being a common vagrant with no visible means of support. Three plain drunks were gathered in by the police on Saturday night. Policeman Armstrong was called to the Queen's Bink on Charlotte street last night to disperse a number of boys who were creating a disturbance in front of the building. At one o'clock yesterday morning Ray Murdoch, aged seventeen, was arrested on the north side of the King Square by Patrolman Armstrong and is charged with being drunk and using profane language. Archibald Quinn was found lying drunk on Main street Saturday night and with the exception of the jag all that was found with him was a safety razor.

REUNION TO BE HELD AT STONE CHURCH

Interesting Reunion in St. John's Church—Address and Presentation to Rev. G. A. Kuhring—A Large Gathering.

A large number attended the reunion of the congregation of St. John's (Stone) Church in the schoolroom on Saturday evening in honor of Rev. G. A. Kuhring, who is going to the upper provinces for a short visit before leaving with the second contingent, of which he is a chaplain. The proceedings throughout the evening were of a most pleasing character and gave evidence, if any were wanting, of the esteem in which the rector is held. The guests were received by Mr. and Mrs. Prince. After Rev. Mr. Kuhring had welcomed Rev. Victor Jarvis, of Toronto, as locum tenens, Mrs. George F. Smith, on behalf of the ladies of the congregation, presented the former with a valuable wrist watch, and expressed the general wish that he might soon return to be with them.

Mrs. John A. McAvity, on behalf of the Women's Auxiliary, spoke a few words of appreciation of the work and personality of Rev. Mr. Kuhring, incidentally remarking that the choir would be presented with surplices now being made by that organization. Miss McEwen and two members of the Mother's Meeting presented a Bible.

After Ven. W. O. Raymond and Rev. E. B. Hooper had spoken of some of the good work of Rev. Mr. Kuhring the farewell address was given by L. P. D. Tilley, who referred to the earnestness and willingness of the rector whilst he had been amongst them, and to the great regard that all who had been privileged to know him, as a preacher and friend, entertained for him. The speaker spoke of the ready way in which Mr. Kuhring had offered to go to the front as chaplain, and of the earnest wish of all that he would be spared to minister to them again. After Mr. Tilley's address, J. E. Seccord presented Mr. Kuhring, on behalf of the congregation, with a purse of gold. The latter, in reply, thanked the donors in a most and delightful speech. Rev. Mr. Jarvis then spoke, saying that it would be the earnest effort of all to carry on the work of the church, in all its activities, during the rector's absence.

There was a musical programme during the evening. Boys from the Wiggins' Orphanage gave several selections, including "Tipperary," and C. Brooke Skelton sang solos in good form. Refreshments were served by the wives of the church wardens and members of the vestry. Altogether the reunion was a highly pleasing function, albeit not untinged with a regret that was but natural because of the occasion for it.

ART EXHIBIT TO OPEN HERE ON WEDNESDAY

St. John Will Have Opportunity to See Splendid Collection of Pictures Donated to Patriotic Fund.

The Canadian art exhibit in aid of the Patriotic Fund will be opened in the St. John Art Club rooms on Wednesday. The exhibition, consisting of pictures donated by leading Canadian artists and sculptors, is a highly meritorious one, and should prove of great interest. It was organized and is being conducted under the auspices of the three leading art bodies in Canada—the Royal Canadian Academy, the Canadian Art Club, and the Ontario Society of Artists.

Some eighty pictures, by about the same number of painters, not necessarily members of the art organizations already referred to, have been selected with a view to a really Canadian exhibition, maintaining a high standard of excellence, a wide range of theme and of technical treatment, and with a degree of uniformity in the size of the work and character of the frames that would lessen the likelihood of a monopoly of public interest in one or two "gallery" pictures. In these particulars the artists have shown an unselfish desire to co-operate with the committee; and the result is an array of pictures which in their various styles should appeal to a public of equally varying tastes; and, by preserving a relative uniformity of size, and adopting a very simple frame the committee anticipates that there will be few pictures which will be debarred from purchase on account of their undue dimensions or costliness.

The Royal Canadian Academy undertakes all the expenses connected with the transport, packing, framing and exhibition of these pictures; the organization of such an enterprise being one of the activities in which it can properly engage under the terms of its charter. It is precluded, for reasons which it is unnecessary to enumerate, from offering a direct monetary contribution to the Patriotic Fund. The exhibit will be opened for inspection on Wednesday, but as that is Ash Wednesday the formal opening, at which Lieut. Governor Wood and Mrs. Wood are expected to be present, will take place on Thursday. After the pictures have been exhibited in a number of Canadian cities they will be sold to the highest bidder, the proceeds going to the Patriotic Fund. All receipts from entrance fees and the net profits on the sale of catalogues will also be devoted to the Patriotic Fund.

ARMY OF WOMEN WILL INVADE CITY AND SELL FLAGS TO GET MONEY FOR PATRIOTIC PURPOSES.

Church Parade yesterday was largest yet, and attracted much attention—Band Concert in Armory during afternoon.

An army of patriotic women will invade St. John on February 27th, and sell Union Jacks for the purpose of raising money for the Canadian Patriotic Fund, the Red Cross Fund, the Soldiers and Sailors' Funds, and the Belgian Relief Fund. Mrs. E. Atherton Smith, regent of the Royal Standard Chapter of the Imperial Order of the Daughters of Empire will be the colonel in command of the army, and under her will be majors, captains and lieutenants, who will direct the efforts of the host of patriotic women who will be making the fringe line. When news of the intended invasion reached City Hall His Worship the Mayor promptly decided to capitulate, and will issue a proclamation, handing over the defence of the city to the army of women, and advising the citizens to decorate their places of business and houses in honor of the occasion, and make their peace with the ladies by contributing as much money as possible to the aid of the patriotic funds. The headquarters of the invading army will be established in the commodious rooms of the Knights of Columbus, the gallant knights having hastened to place their quarters at the disposal of the ladies, lest it be taken by storm. The officers of the invading army at the home of the commanding officer on Saturday, it was decided to issue a proclamation through the press, dictating the terms upon which the citizens will be left in peaceful possession of their lives.

"The army of women proposes to make for itself upon all and sundry inhabitants of the city and Fairville for patriotic purposes," said the commanding officer. "Our only weapons will be a cash box and Union Jacks. We will sell beautiful enameled Union Jacks, which will make an interesting souvenir of what we intend to be a memorable day. To children we will give this souvenir for five cents, and to adults the price will be ten cents. When our patriotic soldiers are on the firing line they will not be armed with any change. We will have women workers in every ward in the city and in Fairville, and they will sell the Union Jacks on the streets and invade business houses and factories. It should be understood that there will be no tagging, and anybody who does not want to buy a flag will be left to be court-martialed by his own conscience.

"The idea of the campaign is to give everybody an opportunity to contribute to the patriotic funds. Many who would not go to the headquarters of the Patriotic Fund to make small contributions will, we believe, cheerfully contribute a dime or a quarter or a dollar anonymously. In Montreal \$50,000 was raised in one day for the Red Cross Fund, and in Manitoba the women raised \$36,000. The Royal Standard Chapter, I. O. D. E. met on Saturday at the home of the rector, Mrs. E. Atherton Smith, to make arrangements for the proposed patriotic day. A communication was received from the Toronto headquarters of the order sanctioning the proposed campaign, wishing the ladies every success. A message from headquarters also sanctioned the selection of the name of the chapter, which was suggested by Mr. Smith. The regent announced that Mayor Frink had agreed to issue a proclamation calling upon the people to observe The Patriotic Day by decorating their windows with patriotic emblems, and flying flags and bunting. She also announced that W. J. Mahoney, president of the Knights of Columbus, had, on behalf of the club, offered the use of their club rooms to the ladies for the day. The flag committee announced they had made arrangements for procuring a supply of flags in Montreal. Allan Brooke of Fairville, have donated 750 flags to be sold in Fairville, and contributions of \$50 in money have been received from friends to buy flags.

The sewing committee are arranging to make up a supply of rosettes to be sold to drivers for a small sum and used to decorate the heads of their horses on patriotic day. Various kinds of banners will also be supplied for the decoration of automobiles. It was decided that a captain and two lieutenants should be in charge of the canvassers in each ward of the city, and through the courtesy of Com. Wigmore and Architect F. Neil Brodie, each captain will be supplied with a blue print, showing the territory, in which their commands will operate.

The general staff will be composed of the following: Colonel, Mrs. J. H. Frink; second major, Mrs. George McAvity; ward captains, Mrs. John E. Moore, Mrs. J. Walter Holly, Mrs. Pierce Crockett, Mrs. Kaye, Miss Maud McLeod, Mrs. F. C. MacNeill, Mrs. A. P. Barnhill, Mrs. J. Pope Barnes, Miss Frances Travers, Mrs. D. F. Pidgeon, Mrs. F. S. White and Miss Ethel Jones. The captains have already enlisted a large number of recruits, and those wishing to volunteer should apply to the hon. Secretary of the Chapter, Mrs. Travers, or to the ward captains.

Charter Members. The Royal Standard Chapter will be limited to 30. Its charter membership is as follows:—Regent, Mrs. E. Atherton Smith; 1st vice-regent, Mrs. J. H. Frink; 2nd vice-regent, Mrs. George McAvity; hon. treasurer, Mrs. Harrison McKeown; hon. secretary, Miss Frances Travers; standard bearer, Mrs. F. S. White. Members, Mrs. John E. Moore, Mrs. J. Walter Holly, Mrs. J. B. Cudjip, Mrs. A. Pierce Crockett, Mrs. J. C. R. Kerr, Mrs. M. C. MacNeill, Mrs. A. F. Barnhill, Mrs. D. F. Pidgeon, Mrs. C. B. Allan, Mrs. F. J. Harding, Mrs. W. E. Foster, Mrs. T. E. G.

FOR BUILDERS

Church Parade yesterday was largest yet, and attracted much attention—Band Concert in Armory during afternoon.

The church parade of the 26th Battalion Sunday morning was the largest and most impressive held yet, and owing to the very fine weather a large number of citizens were on the streets to watch the soldiers on their way to church. The Army Service Corps paraded to churches on the east side. Four bands turned out to march with the soldiers, adding greatly to the martial aspect of the morning. After the parade the usual detachment of the 26th with the 62nd Band at its head marched to St. Paul's Church, a second detachment, headed by the Temple of Honor Band went to Brunson street Baptist Church and the Catholics, headed by the City Cornet Band went to the Cathedral to attend divine service as usual.

Accompanied by the Carleton Cornet Band the officers and men of the Army Service Corps crossed the harbor and marched to Broad street, the Protestants attending service at St. James' Church, while the Catholics attended service at St. John the Baptist Church. At the various churches the pastors preached special sermons for the soldiers, and interest in the service enhanced by the way the soldiers joined in the congregational singing.

Recruiting for the 40th Battalion and the Mounted Rifles is proceeding satisfactorily. On Saturday Lieut. Col. B. R. Armstrong enlisted a fair number of men for both the 40th and the Mounted Rifles. Reports from recruiting officers in different parts of the province have been very satisfactory. A large number of men have volunteered for service with the Mounted Rifles, and a selection of those offering will be made. It is expected that Major McLean's squadron will be fully recruited from the 28th Dragoons, while Major Marshall's will be selected from the Hussars. On Saturday Major McLean left St. Stephen.

Lieut. George Morrissey, a popular member of the office staff of the Robert Reford Co., was honored Saturday morning in the receipt of a handsome military wrist watch from his associates there. The presentation was made by the manager, H. C. Schofield, who expressed the best wishes of all present to the young officer, who is going abroad with the 6th C. M. I. J. H. Carson, a South African veteran, who has joined the Divisional Ammunition Column, was presented by his fellow employees at Courtenay Bay with a purse of gold. Among other soldiers who have been recently remembered by their friends are Sergeant James Frame of the Signalling Corps, Sergeant Major Ross of the Army Service Corps, Roy R. London, and Private Joseph Howe.

Sunday afternoon the 62nd Band gave a concert at the Grand Hotel for the entertainment of the soldiers quartered there.
