Anyone wishing to purchase a one hundred dollar bond may, at the time of making the application, sign as well, a card presented by the canvasser. This card is in reality a simple promise to pay to any bank the purchaser may select, the sum of ten dollars per month for a period of nine months, or in other words until the whole amount of the bond has been paid. Ten dollars is, of course, paid with the application.

Such an order will be accepted without question by any bank and that bank will retain possession of the bond, rendering a receipt for each monthly payment of ten dollars, until the full amount has been paid.

In this way the payments required of purchasers will be much smaller and will be spread over a longer period than provided for in the regular application form.

NEW CHANCELLOR DESIRES TO BRING ABOUT PEACE AT ONCE

Friedrich Ebert in Proclamation Announces His Intentions.

WANTS NO CIVIL WAR OR FAMINE

Tells People to Keep Their Heads and All Will Be Well Soon.

Paris, Nov. 10.—The Temps today concludes a sketch of Friedrich Ebert, the new German chancellor, as follows: "He shares the ruling passions of the German. He is a type of pan-German Socialist, not to say an Imperialist."

Washington, Nov. 10.—Friedrich Ebert, upon assuming office yesterday as chancellor, issued a proclamation, announcing that the new government at Berlin had taken charge of business to prevent civil war and famine. In a manifesto addressed to the "citizens" of Germany, the chancellor said he was going to form a people's government to bring about peace, "as quickly as possible," and to confirm the liberty which government had gained. The text of the proclamation and the manifesto were sent out by the German wireless station at Nauens, and picked up today by naval radio stations in this country. In making them public, the state department said it would vouch for the accuracy of the facts presented.

The proclamation said: "New government has taken charge of business in order to preserve German people from civil war and famine, and in order to enforce its just claims of self-determination. This task I only can accomplish if all authorities in all civil offices in towns, in landed districts let to it helpful hand."

"I know it will be hard for many to cooperate with new men who now have to lead the business of the empire. But I appeal to their love for our people. If organization of public life steps in this serious hour, Germany would be prey of anarchy and most terrible misery. Therefore, lend together with me your help to our country by continuing work in fearlessness and irrefragant manner, every body in his position, until hour has come that relieves us of our duty."

The text of the manifesto follows: "Citizens: Former Chancellor Prince Max, of Baden, with assent of all the secretaries has charged me to carry on the business of chancellor."

"I am going to form a new government, with parties and shall report within brief delay about results to public. New government will be government of people. Its endeavor must be to bring to people peace as quickly as possible, to conform liberty which has gained."

SEVERAL DEATHS IN CARLETON

Hospital in Woodstock—W. A. Shea and Mrs. Leck Married.

Special to The Standard. Woodstock, Nov. 10.—Yesterday morning Rev. E. Howard united in marriage Mr. Willard Arden Shea, of Woodstock, and Mrs. Eva A. Leck, of Somerville. The ceremony was performed at the home of the bride. After partaking of a lovely breakfast with the friends present the bridal party left on the Valley train for Fredericton and other parts of the province. Mr. and Mrs. Shea will reside at Woodstock.

The funeral of George Geddes took place today at Pembroke. Rev. S. Howard conducted the services and the pall bearers were Eddie McBade, of Newburg; Mr. McChade, of Tapley Mills; Murray Banks and Cook Hall. The ten months' old child of Mr. and Mrs. Clayton Flemming died today of spinal meningitis.

Those removed to the new hospital today were Mrs. Chas. D. Dickinson, Mrs. Frank Currie, Kenneth Yerxa, Harry Dow and F. L. Phillips, on the staff of the military police, St. John, who is ill with pneumonia.

The remains of Mrs. Manzer Flemming passed through Woodstock yesterday for her home in Maine. She was here the first of the week and went to Millville to see her mother, Mrs. George Newell, who was sick with influenza. She contracted the disease and died on Friday.

STEAMER SINKS, ALL ON BOARD SAVED

The Saetia Hits Mine and Goes Down off Ocean City, Md.

Ocean City, Md., Nov. 9.—At 8:20 a. m. today the American steamer Saetia struck a mine 235 miles off shore, sinking within twenty minutes. Thirty-seven members of the crew are missing and 47 were landed here.

CONDITION IMPROVING.

Wm. O'Rourke, 19 Richmond St., the popular young official of the Western Union Telegraph Company, now ill at his home with influenza, was reported last evening to be somewhat improved.

Mrs. O'Rourke, his mother, who has been quite ill also, is recovering rapidly.

ST. STEPHEN WOMAN BURNED TO DEATH

Victoria Stewart, Former Fredericton Dweller, Perishes While Ill With Pneumonia.

Special to The Standard. St. Stephen, Nov. 10.—At about seven o'clock this morning, an hour when few were abroad, smoke was discovered issuing from the front of a second story of a brick building at the end of the international bridge, which was occupied on the lower floor by a Chinese laundry and on the upper floor as a tenement by Miss Victoria Stewart, a crippled dwarf, who came here about eight years ago from the vicinity of Fredericton, and who has been a ward of the town. When entrance was gained to her apartments an appalling sight was met, for her bed had been reduced almost to ashes and her little body had been burned almost to a crisp. The fire was quickly subdued and the body carried to an undertaker's rooms. The building was but slightly damaged.

Miss Stewart had been missed from her accustomed haunts for a few hours on Saturday. When an investigation was made she was found to be in bed ill with pneumonia. A physician and nurse were secured, and the nurse was with her until an early hour Sunday morning. The cause of the fire will never be known, but it is presumed to have been started by the overturning of a lamp or oil stove.

The funeral will be held from the undertaking rooms of J. R. Sederquest, Monday afternoon.

MANY AUSTRIANS ON TRAINS LOSE LIVES

Nearly 300 Clinging to Cars Killed Near Innsbruck.

Innsbruck, Austria, Saturday, Nov. 9, via Basel, Switzerland, Nov. 10.—Bavarian troops have occupied the railroad stations here. Austrian troops are returning from the front in swarms, clinging to the cars wherever they can get a hold. Many have been crushed or decapitated by the trains passing through tunnels. Bodies to the number of 273 were picked up on a single day on the railroad tracks near Innsbruck.

CHAPLIN MARRIED.

Los Angeles, Calif., Nov. 9.—Charles S. Chaplin, motion picture comedian, was married here on October 23, to Miss Mildred L. Harris, of Los Angeles. The marriage had been kept secret at the urgent request of the groom.

TWENTY-ONE DEAD.

Pittsburgh, Nov. 9.—Twenty-one men are dead and twenty are in hospitals as a result of a leak in a gas tank in the Jones and Laughlin Steel Company's plant here this afternoon. First reports that an explosion had occurred in a furnace proved untrue.

REVOLUTION IS SPREADING

In Most Places Change Occurs Without Violence or Serious Disorders—Serious at Kiel.

London, Nov. 10.—(By The Associated Press)—According to despatches from Amsterdam and Copenhagen the revolution in Germany is extending rapidly, but in most places the desired effect is being achieved without violence or serious disorders.

In some places, notably in Anhalt, Hesse-Darmstadt, and Mecklenburg-Schwerin, the princely houses are co-operating with the returning parties in establishing a new order of things. Up to the present the most serious conflict has taken place in Kiel. The soldiers' and workmen's councils in most of the large cities appear to be devoting their first efforts to organizing food supplies, foreseeing that any lack of provision in this respect will prove a fruitful source of disorder.

Complaints already have been heard in Berlin that the press censorship is being exercised as arbitrary by the new as by the old regime.

Schlesien in Distress.

Copenhagen, Nov. 9.—Friday—The German training ship Schlesien, with 400 men on board, which fled from Kiel when the sailors' revolt broke out there, has arrived at Marstal in Schlesien. The crew had been unable to obtain water at other Danish ports. Two German cruisers in control of the Red forces are watching outside at Marstal. The commander of Marstal is the only German port he can safely enter.

The Schlesien is a pre-Dreadnought battleship. It is 413 feet long and displaces 13,000 tons. Marstal, where she took refuge, is a small port on the east coast of the island of Aroe, in the Baltic.

Ships Off Stockholm.

London, Nov. 10.—(British Wireless Service)—Three German destroyers have anchored outside of Stockholm and all the guardships in the Baltic have joined the revolutionary movement.

Hamburg Quiet.

Copenhagen, Nov. 10.—Six more cruisers flying the red flag arrived at Hamburg last night, says a Wolff News Agency despatch received here. The city of Hamburg generally is quiet.

Chemnitz in Revolt.

Copenhagen, Nov. 10.—A council of workmen and soldiers has been established at Chemnitz, Saxony, according to the Wolff News Agency. The council took charge of military and civil affairs. There were no disturbances. The council proclaimed that its aim was a Socialist republic for Germany.

Red Flag Up.

Copenhagen, Friday, Nov. 8.—Sonderburg is in the hands of the revolutionists and the red flag has been raised on ships there.

Little Bloodshed.

Basel, Switzerland, Nov. 10.—An official despatch received by the Havas Agency from Berlin today, says: "Official—The revolution has resulted in a striking victory almost without the effusion of blood."

"A general strike was declared this morning. It brought a cessation of work in all workshops at ten o'clock. A regiment of Nuremberg chausseurs passed over to the people. Other troops rapidly followed their action. Alexander Regiment, after hearing a declaration by Deputy Wells, went over to the revolution."

POLAND HAS GALICIA.

Amsterdam, Nov. 10.—Professor Lammach, the Austrian premier, has received official notification, says a despatch from Vienna, that Poland has assumed sovereignty over Galicia.

Newcastle, Nov. 8.—Mrs. William Aiken has received a cablegram this week informing her that her son, Lord Beaverbrook, is improving in health.

YARMOUTH HAS CELEBRATION

Abdication of Kaiser Stars Big Time and William Burned in Effigy—Death of Kenneth Sweeney.

Special to The Standard. Yarmouth, N. S., Oct. 10.—The news of the abdication of the Kaiser was received in town shortly before five o'clock yesterday afternoon. It was announced to the town by two long blasts of the fire alarm and in a few minutes every hall and wharf in Yarmouth was joining in the uproar. Merchants ransacked their shops for noise-making toys and flags and did an immense business. There was no quiet hour between six and seven as is usually the case on the streets, hundreds of people remaining on the streets to help make a noise. By seven o'clock the streets were thronged, people coming in by thousands, and a procession was made up of the band, a portion of the fire apparatus, the boy scouts and sailors from an American patrol boat in port. Equipped with guns, noise-making devices and red fire, they went through the town, finally bringing up at what is known as the white rock field, where a big bonfire was lighted and the Kaiser burned in effigy.

Yarmouth can celebrate and this is only a preliminary to what will take place when the real time comes.

Just as the joy bells struck up on Saturday the home of Kenneth Sweeney, a younger son of Jacob Sweeney, was plunged into grief by his death which resulted from pneumonia following influenza. He was about 37 years old and was associated with his brother, Vernon H., in the furniture and undertaking business here. He leaves a young widow and child, his father, four brothers, Charles of Lunenburg, Fred of Weymouth, Hermon H., in Yarmouth and Benjamin in New York, and one sister, Mrs. P. N. (Rev.) H. Gaskill of Petite Riviere.

KRUPPS ARRESTED, ESSEN IS SEIZED

Revolutionists Take Charge of Affairs in Great Gun Making City.

London, Nov. 10 (6:10 p.m.)—Essen where the great Krupp steel works are situated, is reported to be in the hands of the revolutionaries, says a despatch from Amsterdam to the Exchange Telegraph Company. Lieutenant Krupp Van Bohlen und Halbach, the head of the Krupp works, and his wife, formerly Bertha Krupp, have been arrested.

WILL INTERN THE CRUISER GOEBEN

Famous Vessel Now Known as Sultan Yawuz Selim Still in Turkish Hands.

Copenhagen, Nov. 9.—(By The Associated Press)—The Danish frontier is being strictly guarded by the German soldiers' council. This is being done, it is stated, in order to prevent the escape of rich people, generals and other high officers. All national cockades and the eagle on the helmets of soldiers have been removed, being replaced by a red band. The wearing of the iron cross has been strictly prohibited.

FLEES TO DENMARK.

London, Nov. 10.—(British wireless service)—Count Von Reventlow, whose pan-German writings have appeared during the war in the Tages Zeitung of Berlin, has fled to Denmark. He is regarded as a correspondent at the frontier that the situation would be much worse in Germany when the soldiers returned from the front. General archy could be expected.

This announcement was made verbally by an official of the State Department in this form: "The armistice has been signed. It was signed at five o'clock a.m. Paris time and hostilities will cease at eleven o'clock this morning, Paris time."

The announcement of the signing of the armistice with Germany was received in St. John over the wires of the Canadian Press at 3.55 o'clock this morning (St. John time). The announcement is official, and there need be no room for doubt on the part of the public.

THE MAD DOGS OF BERLIN MUZZLED

Last of Autocracies Overthrown By Socialists of Germany—William Hohenzollern Sojourning for His Health in Holland—With His Fall Perishes His Mad Design to Rule or Ruin—Restoring Order and Housecleaning Going on.

The German people for a generation the obedient and submissive servants of their war lords, for more than four years his pliant instruments in ravaging the world, have spoken a new word, and the old Germany is gone. From the confused, sometimes conflicting and often delayed advices from Germany in the last two days it has now become apparent that William Emperor and King has been stripped of his power. He is now plain William Hohenzollern a fugitive in Holland. With his fall topples in ruin William's mad design to rule or ruin. Little is known of the situation today in Germany for that country is in the first days of its adventure. It is clear whether the old regime has been permanently dislodged or whether the new authorities with the unscrupulous adroitness which has long marked German politics are merely sacrificing the chief figure of Kaiserism in the hope of obtaining an easier peace.

It appears probable that no one in Germany knows and that it is still to be determined which of the contending elements will gain the upper hand. Revolution is spreading rapidly, and from the fact that a Socialist is now chancellor, it may be gathered that the object of the revolution is not merely the quick ending of the war, but the complete severance of the political ties which still bind the nation with its past. For the Allies the problem has Germany and her vassals for more than four years have emerged from it completely triumphant, but within the borders of the countries which menaced the peace of the whole world stalks revolt, famine and anarchy. The world's next task will be to restore order in the desolate Central Empires. It may be that the forces who have successfully content-

British Approaching Brussels and Enemy is Fast Quitting France

German Army Rapidly Approaching State of Disorganization and is Leaving Much Booty Behind in Its Withdrawal—France May Be Free of Invader in Twenty-Four Hours—Belgium Gradually Being Restored and War Practically at an End.

London, Nov. 10.—The British and by the booty left behind by the enemy. American Report. Washington, Nov. 9.—Capture of Maubeuge by the British, General March, U. S. chief of staff said today, marks the definite severance of the last German artery to that sector of the west front, and will make it impossible for the enemy to shift his forces to meet a new attack.

Washington, Nov. 10.—"It is officially reported west front quiet today said a wireless message from the German station at Naum received tonight by naval radio towers in this country. General Pershing's communique last night said troops of the First American Army co-operating with French under the same command gained additional important areas east of the Meuse yesterday. Monday, Jamatz, Louppy-Sur-Loison, Reuilville, Molrey, Chaumont and Manhuise were captured. The communique for this morning says: Headquarters American Expeditionary Force in France, Nov. 10 (Morning)—Along the front of the First Army on the west bank of the Meuse from Mousay to Fresnes-en-Woevre, the night was marked by heavy artillery fire and sharp machine gun fighting."

French Enter Sedan. With the American Forces on the Lorraine Front, Nov. 10. (By The Associated Press)—The Second American Army this morning launched its initial attack in Lorraine. Its objectives were limited. The villages of St. Hilaire and Marcheville were captured as also were a number of woods.

With the American Forces on the Meuse Front, Nov. 10.—(By The Associated Press)—General Pershing's troops this afternoon captured Stenay on the east bank. With the Allied Forces in Belgium, Nov. 9.—(By The Associated Press)—There are many indications that the Germans do not intend to make a protracted stand this side of Brussels and Charleroi.

AGAIN ATTEMPT LIFE OF HENRY IN FIGHTING IN BERLIN

Second Endeavor to Kill Kaiser's Brother at Flensburg—Princess Heinrich Wounded While Fleeing from Munich.

Copenhagen, Nov. 10.—(By The Associated Press)—Another attempt on the life of Prince Henry of Prussia was made at Flensburg, where he was in seclusion in a villa. The result of the attempt is not known, but it is believed that he escaped.

Prince Henry, brother of the former emperor, was attacked by marines while fleeing from Kiel in an automobile flying a red flag on Wednesday last. A dozen shots were fired at him, and his chauffeur was wounded.

Copenhagen, Nov. 10.—According to a frontier message, Princess Heinrich, wife of the grandson of Ludwig III, of Bavaria, was wounded in the arm when fired upon as she was fleeing from Munich. She and her husband are now hiding in Southern Bavaria with Princess Adalbert, wife of Emperor William's third son.

Looters Shot. Zurich, Nov. 9.—The disorder has subsided in Munich, according to the latest reports. The whereabouts of the king is unknown. The casualties in rioting are few, being confined for the most part to officers who resisted. The Landtag has been dissolved. Only Socialists and Deputies are permitted to enter the building. Looters are being shot.

ABDICATED GERMAN EMPEROR NOW A FUGITIVE IN HOLLAND

HERR A. BALLIN DIES SUDDENLY

Copenhagen, Nov. 10.—Albert Ballin, general director of the Hamburg-American Steamship Company, died on Saturday, according to an announcement made in Berlin.

Herr Ballin, the leading steamship promoter and one of the largest capitalists in the German empire, was a close personal friend of the former emperor and with him was interested financially in various corporations. It is probable that no man in Germany outside of the royal family and the statesmen had a greater international reputation than Herr Ballin. He had visited America on several occasions and with the Kaiser had considerable financial investments in one time in the United States and Canada.

ARMISTICE COURIER DELAYED

Capt. Helldorf Arrived at German Headquarters at Ten O'clock Sunday Morning—Looks Like Peace Soon.

London, Nov. 10.—(British Wireless Service)—The German courier bearing the text of the armistice conditions arrived at German Headquarters at ten o'clock this morning, according to official announcement from Paris. The courier, Captain Helldorf was long delayed while the German batteries persisted in bombarding the route he had to follow. On Saturday morning the German delegates suggested that the courier's mission might be attempted by airplane. The French high command saw no objections to this and offered to furnish a machine on condition that the German high command pledge itself that the airplane would not be fired at. A radio message was sent to German headquarters which was replied to without delay as follows: "We grant free passage to the French airplane bringing our courier. We are issuing orders that it should not be attacked by any of our machines. For the purpose of recognition it should carry two white flags very clearly marked."

Batteries Cease.

The orders from the German headquarters staff, however, were inoperative as regards the land batteries. The French Air Service was soon available and the pilot was ordered to hold himself ready to start on his journey about that time. The officer of the French Air Service was announcing that orders for the cessation of fire had been given to the batteries directed against Lacapelle Road and that Captain Helldorf was at liberty to start by automobile. Almost immediately the German fire ceased and the courier set out on the road for Spa at 2.30 o'clock in the afternoon. German headquarters was notified of his departure and informed that he might be expected to arrive in the evening. But the road was long and hard and many delays occurred.

May Sign Soon.

Washington, Nov. 10.—According to official information, the armistice delegation came with full powers and is authorized to sign terms, although it elected to send a courier back to Grand Headquarters before acting. Moreover, the object of the revolution is assumed to be peace and the signing of the armistice is the shortest road to immediate peace. It is thought the revolutionaries will not seek to interfere.

When revolutionary soldiers attempted to enter a building in which they supposed a number of officers were concealed shots were fired from the windows. The reds then began shelling the building.

When the cannonade began the people thought the Reichbank was being bombarded and thousands rushed to the square in front of the crown prince's palace. It was later determined that other buildings were under fire.

Armistice Terms Due to Expire This Morning and War Gradually Flattening Out as Germans Continue to Withdraw from Soil of France and Belgium—Revolution in Germany Generally Peaceful One and Every Dynasty Suppressed by Socialists—Friedrich Ebert, Socialist Leader, Appointed Imperial Chancellor, Succeeding Prince Max.

(By The Associated Press). The terms of the Allies by which Germany may have an armistice have reached German headquarters by courier, but thus far there is no indication that a reply has been received by Marshal Foch. Whether the terms have been sent on to Berlin for action by the new chancellor is problematical. The time limit for a reply expired this morning (7 a.m. St. John time).

William Hohenzollern, the abdicated German Emperor and King of Prussia and his eldest son, Frederick William, who hoped some day to rule the German people, are reported to have fled to Holland.

The revolution which is in progress throughout Germany, although it seemingly is a peaceful one, probably threw fear into the hearts of the former Kaiser and the Crown Prince and caused them to take asylum in a neutral state.

ABDICATION OF HUN ROYALTY

Kaiser and the Kings of Bavaria and Saxony Renounce Thrones and Crown Prince of Germany Also Signs Off—"It May Be for the Good of Germany," Whines William.

London, Nov. 10. (2.04 p. m.)—Emperor William signed a letter of abdication on Saturday morning at the German grand headquarters in the presence of Crown Prince Frederick William and Field Marshal Hindenburg, according to a despatch from Amsterdam to the Exchange Telegraph Company.

The German Crown Prince signed his renunciation to the throne shortly afterwards. It is believed that King Ludwig of Bavaria and King Frederick August of Saxony also have abdicated. The ex-Kaiser and the former crown prince were expected to take leave of their troops on Saturday, but nothing has been settled regarding their future movements.

KAISER MAY GO TO SWITZERLAND

Geneva, Oct. 10.—It is reported here that William Hohenzollern may come to the chateau of his friend, Baron Von Kieist at Zug, 12 miles northeast of Lucerne. The first member of the Austrian royalty has arrived in Switzerland with an Italian permit. He is the Duke of Braganza. He has reached Samadan, near St. Moritz. Additional members of the royal family are expected.

SOLDIERS AT HALIFAX.

Halifax, Nov. 10.—Seven hundred soldiers are here from overseas, and will be despatched to their respective districts without delay. The list of nursing sisters and officers includes: Lt. George Crowell, Sydney, N.S.; Ft. L. Nixon, St. John, N.B.; Nursing Sister Tanner, not stated; N. S. Moore, not stated.

"That owing to this delay, due to material circumstances, the seventy-two hours grace may be prolonged. Such prolongation may be necessary through the events which are occupying Germany."

Kaiser Shivers. Before placing his signature to the document an urgent message from Philipp Scheidemann, who was Socialist member without portfolio in the imperial cabinet, was handed to the emperor. He read it with a shiver. Then he signed the paper, saying: "It may be for the good of Germany."

The emperor was deeply moved. He consented to sign the document only when he got the news of the latest events in the empire. Serious food difficulties are expected in Germany owing to the stoppage of the trains. The council of the regency will take the most drastic steps to re-establish order.

FAVOR REPUBLIC IN SCHLESWIG

Provisional Provincial Government Formed in Former Danish Provinces in Germany.

Amsterdam, Nov. 10.—The workers and soldiers' council, in a proclamation to the people of Schleswig-Holstein, says: "A provisional provincial government is being formed, which will co-operate with the existing authorities in establishing a new order. Our aim is a free social people's republic. The main task is to secure peace."

"Questions beyond the limit of the provincial administration still belong to the dominion of the state and imperial legislatures. We are willing to co-operate with the present office so far as they submit to the course. We are resolved to put down any resistance with the forces at our disposal."

Industrial districts have been established in the various cities under the same general plan.

LOYD-GEORGE BELIEVES HUN FLEET WAS ORDERED TO GO OUT

Premier Makes Address at Lord Mayor's Victory Show Banquet.

GERMAN RUIN INSIDE AND OUTSIDE AS WELL

"We Have No Designs on German People, But We Secure Our Own Freedom."

London, Nov. 9.—(British Wireless Service).—Premier Lloyd George and Sir Eric Geddes, first lord of the admiralty, were speakers tonight at a banquet which followed the Lord Mayor's "Victory" show.

"I have no news for you," said the premier to the banqueters, who were expecting an announcement from him regarding the passing of an armistice with Germany.

"It is autumn. The capital of Turkey is now almost within gunshot of our ships. Austria is shattered and broken. The Kaiser and the Crown Prince have abdicated. A successor has not been found and a regency has been proclaimed.

"Germany may continue to increase the volume of suffering she has already caused; she may possibly resist a little longer, but she longer who resist the more quickly will be her own people as the fair lands she has so wantonly devastated.

"The next few years are charged with fate for Britain and the empire. It is our duty to stand up and lift up this country to a position it never held before. Let the British empire ease its head, and all will be right with the world."

"The first lord of the admiralty made an interesting disclosure. He said that the German navy, I am as confident as I am standing here tonight, was ordered out to sea. Half the fleet was declared, 'was flying the red flag' and the German fleet was not engaged in a good cause."

OBITUARY.
Special to The Standard.
Sgt. Centerville, Nov. 9.—The community was deeply saddened Sunday, Nov. 9, by the sudden death of Edward, eldest son of S. W. Smith, of Centerville. The deceased was a victim of the influenza, followed by pneumonia. He was a promising youth of sixteen years of age, was engaged with his father in the general merchandise business, and was a general favorite among his companions.

AN ATTACK ON QUE. BISHOP

Anglican Prelate Used Prayer Recited When Waterloo Was Won and Senator Choquette Gets Mad.

Quebec, Nov. 10.—An attack on the Anglican bishop of Quebec by Senator P. A. Choquette has aroused considerable indignation here in reporting a service for peace held in the Quebec Cathedral, the Quebec Chronicle noted as a matter of historical interest that the prayer recited by the bishop at the close of the service was one that was offered in the Cathedral 104 years ago when victories were obtained by the forces of the Allies against Napoleon leading up to the catastrophe of Waterloo.

"Do you not think that common decency, under the present circumstances, ought to have prevented the bishop from reciting the prayer above mentioned, and especially so, because that victory of the English army was only obtained by the help of Blücher and his German soldiers."

"Retaliation would be easy, but this humble protest will, I hope, have its effect."

Chronicle Comment.
The Quebec Chronicle commented as follows on Senator Choquette's letter: "It is only on rare occasions that the Chronicle is honored with the correspondence of Senator Choquette, and then it is almost invariably—as in the case of a letter for which we have found place in this issue—to criticize or denounce English-Canadians. Like a spoiled and self-willed child he hugs his grievances and finds a secret pleasure in the thought that he is misunderstood. Every rational person, we are convinced will find difficulty in crediting that a man of mature years, a legislator and judge could be guilty of spleen upon such flimsy grounds as the recital of a prayer for victory which had previously been offered in the same sacred edifice during the Napoleonic wars. While no direct complaint is made we are led to infer that an insult has been given to France."

"Where there is less far-fetched grounds for grievance, it would still be an act of dubious spirit to inflame local differences and dampen national enthusiasm at a moment which should be devoted to united and solemn thanksgiving for a great deliverance and we trust that Senator Choquette's humble protest will receive as little serious attention as it deserves."

NEWCASTLE.
Newcastle, Nov. 8.—Private Herbert P. Baker of North Esk, who went overseas with the 132nd Battalion two years ago, has died of wounds. He was about 36 years of age. He leaves a mother, now Mrs. E. A. Travis and four brothers and sisters.

INFLUENZA SITUATION HAS TAKEN A TURN FOR THE WORSE

Calls for Nurses and Food Largely Increased Since Saturday—Severe Types Received in Military Hospital—Letter from Rev. W. R. Robinson, One Hundred Miles from Railroad—Reports from Outside Districts.

The influenza situation seems to have taken a turn for the worse in the last day or two, and the number of calls for nurses and food received by the V.A.D. and diet kitchen have largely increased since Saturday. Yesterday inside two hours no less than seven families were reported to the diet kitchen as in need of food, and Mrs. Kahring received a number of emergency calls for nurses and voluntary workers. At the Military Hospital also the situation was reported as not so favorable, there having been eight cases received in the last two days, all of a fairly severe type. At the local board of health there were reported on Saturday 129 cases, but of these 111 were soldiers. This does not mean that this number developed on Saturday, but is the total among the soldiers since the outbreak of the epidemic.

"The following letter has been received by the Minister of Health from Rev. W. R. Robinson, who volunteered to go to the lumber camps on the Tobique, where many were suffering from the disease: "Northland, Tuesday morning, Nov. 10, 7 a.m.

Hon. Dr. Roberts, Minister of Public Health, St. John, N.B.
My Dear Dr. Roberts—I have this opportunity of sending a brief report through a guide on his way to the settlement. We are over a hundred miles from the railroad. Had an awful time getting here. The roads and weather abominable. It was fording rivers, crossing streams, wading through swamps, climbing hills, swamping roads, cutting big trees that had fallen across the trail, getting out of bogholes, and walking. I walked over twenty miles in one day. We reached camp in this "Northland" Sunday at 2 p.m. We found conditions very bad. Every man in the camp here, but two, had a temperature from 100 to 103½. The camp below was not so bad, and the one from this quite a few are suffering from it. We got to work and put them all in two of the camps, and began our course of treatment. Say, it was a task. The trenches in Flanders are not in it.

"As the result of our treatment we have 19 with a temperature of 98.7, 98½, 9, at 98¾, 21 at 99, 3 at 99¼, 5 at 99½, 2 at 99¾, 8 at 100, 4 at 100½, 1 at 101½, 2 at 102, 1 at 102½, so you see we are getting them down. I use your treatment and poultice a lot with onions and vinegar. I brought in eggs, butter, condensed milk, cocoa, corn starch, cornmeal, cream of wheat, rolled oats, etc. so I could with the beef extract diet them. This has been our success so far. Just think of a man very ill pneumonia condition living on salt pork soup and beans. Some men were so weak that they could hardly stand. Several had

not taken a morsel for eight days, they are among our critical cases. I was up all the night, so caught this man going past, otherwise I could not have written. A number of the men I will get out to light work today. Will gradually use them to it. An hour before we got here, the walking boss started by river route to Bathurst with the cook, who was very low, and he wanted the rights of the church, but Father Ryan is here with me, and they are happy. He is getting ready now to hold mass in the "Edith Cavell" Hospital.

Say, it is an awful place for a camp and conditions could not be worse. I will tell you about them if I live to get home. The men are all French and what a time I have to get some of them to take their medicine, but I get there with the aid of Father Ryan.

Donald Fraser, Gus Tweedale and Mr. Hayden have done all in their power to help us. They sent a team and two good men with us. The man is in a hurry and I must close. Yours in the midst of it, (Signed) W. R. ROBINSON. Dr. Melvin has received the following reports: Chatham, 1 new case. St. Stephen, 5 new cases, 1 pneumonia. St. Stephen, 5 new cases, 1 pneumonia.

Minto, no new cases, 40 deaths in the Minto district since outbreak of epidemic, 12 patients now in the hospital. Dr. Daughery left on November 7 after having done excellent work as the situation was such that the local practitioners could handle it. Dr. Daughery was loaned to the department by the military authorities, and the department greatly appreciate their action in doing so. Rothesay and vicinity, for the week, 12 cases. Fredericton, 30 cases, 2 deaths. Cases mostly in suburb, city itself is practically clear. St. George, town about clear, few cases at Pennfield. Northumberland County, for the week, 500 cases, 14 deaths. In Newcastle, Chatham, Blackville, Nelson and Derby the disease is on the decline. Included in the 500, Ladlow reports 88 cases, Blissfield 40, and Millerton 29. Rogersville, 104 cases. At this place Captain (Dr.) Bell and two nurses are doing excellent work. Dr. Bell is another man loaned to the department by the military authorities.

Newcastle, Nov. 8.—Millerton had a great celebration yesterday afternoon and evening in honor of supposed peace. The factory siren, the loudest whistle in the county, took an active share in the cheering. Short speeches were made, and much cheering was in evidence.

"Because Dr. Chase's Nerve Food supplies in condensed and easily assimilated form the vital substances with which Nature rebuilds the starved and wasted nerve cells it stands out to-day as the greatest of nerve restoratives. A careful reading of this letter will give you an idea of just what you may expect from the use of this treatment, because it describes an average case: Mrs. S. Sharp, Midland, Ont., writes:—"About seven years ago I had a serious nervous breakdown, and was so bad at times that I could not keep back the tears. I also had a queer feeling in the back of my head; sometimes it seemed to be going backwards. I could not do any sewing, and finally could do no work at all. I tried other remedies and doctors' prescriptions, but they only gave me temporary relief. I had almost given up when I commenced using Dr. Chase's Nerve Food, and had not taken very many until I found I was getting better. I kept on taking them, and am at present greatly improved. I am now able to do my work, and they have strengthened me splendidly. I can highly recommend Dr. Chase's Nerve Food for nervous trouble of any kind."

"My Nerves Were So Bad at Times that I Could Not Keep Back the Tears"

WHEN the nerves collapse there is such a feeling of utter helplessness that strong men, as well as women, cannot do otherwise than weep. The average physician is sadly at a loss when consulted by a nervous patient, and we have, from such an eminent authority as Dr. Richard Cabot, the statement that half the ordinary practitioners' work is with derangements of the nerves. Think of the headaches, backaches, neuralgias and colic pains, the sleeplessness, indigestion and tired, depressed feelings that give the doctors their business, and you will realize the truth of this statement of Dr. Cabot. The conditions under which people have lived during the last few years have meant enormous strain on the nervous system. The fear, the worry, the anxiety have wasted nerve force at such an enormous rate that persons of nervous temperament have been unable to stand the strain—the result is nervous collapse. Recovery must necessarily be slow, and the average doctor, accustomed as he is to treating symptoms only, finds difficulty in bringing about restoration, and often fails to realize the helpless and discouraged condition of his patient.

The next step is to make the test of Dr. Chase's Nerve Food in your own case. If you are careful to see the portrait and signature of A. W. Chase, M.D., on the box you buy you will be sure that you are getting the genuine. 50c a box, 6 for \$2.75, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

NO SHELLS HAVE DROPPED IN CANADA

Across the seas thousands of gallant men have fought the fight that has kept Canada in peaceful possession of the rights of freedom.

Many of these men have died for Canada, have died for us and for the cause for which they fought—while others still "carry on," bringing the war nearer and nearer to a victorious end—

Without food, clothing, guns and ammunition these men could not have fought our fight for us. Without MONEY these things could not have been supplied to them—

MONEY has been the backbone of this war, and because money in vast sums has been forthcoming, NO SHELLS HAVE DROPPED IN CANADA—

Now with Victory almost in sight, Canada asks us for more money. The work must be finished. LEND—and lend to the limit of your ability—through

MUNICH REJOICING IN BERLIN OVER KAISER'S ABDICATION

Friedrich Ebert, Socialist Leader, Succeeds Prince Maximilian.

NEW GOVERNMENT SOLID FOR PEACE

Revolution Was Accomplished With Remarkably Little Bloodshed.

Copenhagen, Nov. 10.—News of Emperor William's abdication was received on Saturday afternoon at Berlin with general rejoicing, which was tempered by fear that it had come too late.

Friedrich Ebert, the Socialist leader, has been appointed imperial chancellor. He has issued a proclamation saying that the plans to form a people's government, which will endeavor to bring about speedy peace.

Chancellor Ebert said he would endeavor to fortify the freedom which the people had won. He begged support in the hard work ahead and appealed for co-operation in the country and cities in the problem of provisioning.

Herr Ebert in his proclamation said that Prince Maximilian of Baden had transferred the chancellorship to him, all the secretaries having given their consent. The new government, he added, would be in agreement with the various parties.

Berlin, Nov. 9.—German wireless to London, Nov. 10, 11.01 p. m.—With regard to the incidents of November 9 in Berlin the semi-official telegraph bureau, working under the control of the workmen's and soldiers' council, issues the following report:

"This morning at nine o'clock the workers of the greatest industrial undertakings commenced a general strike. Processions hastened from all the suburbs to the centre of the city. Red flags were carried at the head of the processions in which marched armed soldiers and all classes.

"The first procession arrived from the Ackerstrasse and Brunnenstrasse. As a preliminary the soldiers and officers were urged to remove their cockades and epaulettes. In the majority of cases this took place voluntarily.

"There was a general fraternization of soldiers and workmen. The workmen penetrated the barracks where they received an enthusiastic reception from the soldiers.

"The military occupants of factories mingled in common with the workers, left the works and treated with them in common.

"So far as known the only clash between the masses and armed forces took place on the occupation of the so-called 'Cockshaver' Barracks. In that was a guard of fusiliers. At it only two officers fired.

"Three persons were killed and one was injured. This is to be regretted. The taking possession of a majority of the public buildings and establishments was completed without difficulty once it was clear that the military had gone over to the people.

London, Nov. 9.—Delegates of the revolutionary German navy arrived in Berlin on Friday, according to a despatch from Copenhagen to the Exchange Telegraph Company. They conferred for several hours with the minister of marine and with members of the Reichstag majority parties.

It is stated that Hugo Haase, a Socialist leader in the Reichstag, has the situation at Hamburg in hand.

Copenhagen, Nov. 10.—It is officially announced from Berlin that the war ministry has placed itself at the disposal of Friedrich Ebert, the Socialist leader, whose appointment as imperial chancellor was forecasted yesterday by the decree of Prince Maximilian. This action was for the purpose of securing the provisioning of the army and assisting in the solution of demobilization problems.

Amsterdam, Nov. 8.—The proclamation issued at Munich in behalf of the council of workers, soldiers and peasants, which constituted itself into a diet, announcing a republic had been formed in Bavaria, declared that the "Democratic and Socialist Republic of Bavaria has the strength to realize a peace for Germany preserving that country from the worst."

The proclamation, after promising a constituent assembly to be elected by all adult men and women, says that Bavaria will make Germany ready for a league of nations. It then continues: "The present revolution is needed to complete the self government of the people before enemy armies stream across our country or before troops should, after the armistice, bring about chaos."

Soldiers in barracks will govern themselves by means of soldiers councils, the proclamation said. Officers acquiescing in the altered situation will not be hindered in their duties.

"We reckon on the cooperation of the entire population. All officials will remain at their posts. Fundamental social and political reforms will immediately commence," the proclamation concludes.

A Hessian Decree.
Amsterdam, Nov. 9.—(Saturday)—An official despatch from Darmstadt, capital of the Grand Duchy of Hesse, announces that the Grand Duke of Hesse has decreed the formation of a council of state to take over the business of the government, "until a final statement of the questions arising from the present situation."

Berlin, Nov. 9.—In an extra edition of the Vorwarts, the central organ of the Socialist Democratic party in Germany, the following call for a general strike was published: "The workmen and soldiers council of Berlin has decided upon a general strike. All the factories are at a standstill.

"The necessary administration of the people will be maintained. A large part of the garrison has been closed and bodies of troops and machine guns have been placed at the disposal of the workmen's and soldiers' council.

FREE POTATOES TO AID N. B. GROWERS

Hon. B. F. Smith Tells of Situation—Hay Market Strong and Oats Active.

Fredericton, Nov. 10.—"The free entry of potatoes to the United States will prove mighty beneficial to the farmers of New Brunswick," is the statement of Hon. B. F. Smith, when asked what effect the free entry of spuds to the U. S. was going to have on local markets. Continuing, he said: "There are on the St. John river today between Grand Falls and Woodstock approximately 150,000 barrels of potatoes. These are stored along the river in the hands of dealers at a cost of about three dollars per barrel. It is quite natural that the dealers have been waiting with considerable anxiety for better market conditions. To sell at any time previous to today would have caused a big loss."

Free entry of potatoes to Carleton County will be placed on an equality with Aroostook County in Maine and can demand and receive the same high prices as are paid for Maine goods which rule at the highest figure.

All markets at present such as Montreal, Toronto and Boston are, according to Mr. Smith, dull. They are well supplied and the demand is very light. He attributes the light demand to the prevailing epidemic. Shortly after New Year's he looks for a strong, lively market.

Hay Market.
The hay market looks good to the Carleton County gentleman. It is active and strong at the present. It is difficult to get hay at present, and there is a strong demand for making prices very attractive. The oat market is active with a high price.

TIME CHANGES ON C.G.R. BRANCH LINES

Affecting Trains on Albert and Sackville Sub-Divisions.

Effective Monday, November 11th, there will be changes in time schedules on the Sackville-Cape Tormentine and the Salisbury-Albert Subdivisions of the Canadian Government Railways.

The mixed train No. 344 will, on and after that date, leave Sackville at 6 p. m., and arrive at Tormentine at 10.15 p. m. No. 343 will leave Tormentine at 11.45 a. m. and arrive at Sackville at 4.50 p. m. No. 2 will leave Sackville as usual at 1.00 p. m. and No. 1 train will arrive at 12.05 noon.

On the Albert Sub-division, No. 356 train will leave Salisbury at 1.15 p. m., instead of 4.50 p. m. daily, except Sunday, and No. 355 will leave Albert at 8 p. m. and arrive at Salisbury at 11.30 a. m.

SCHLESWIG TO BE REPUBLIC

That Province and Holstein Taken from Denmark by Prussians to be Free—Leipzig and Other Cities Revolt.

Washington, Nov. 10.—Unless a revolutionary government in Germany definitely repudiates the authority of the German armistice commissioners now within the Allied lines, the belief here is that the revolt spreading through the enemy country will not prevent Marshal Foch from accepting the signature of the envoys and proceeding to put the armistice conditions into effect.

London, Nov. 10.—Schleswig-Holstein, the Prussian province which formerly belonged to Denmark, is to be proclaimed an independent republic, says an Exchange Telegraph despatch from Copenhagen.

Big Cities in It.
London, Nov. 10.—Leipzig, the largest city in Saxony, Stuttgart, the capital of Wurttemberg, and Cologne, and Frankfurt have joined the revolution, according to reports from the Danish frontier telegraphed here by the Copenhagen correspondent of the Exchange Telegraph Company. The soldiers' council at Stuttgart, Cologne and Frankfurt have decided to proclaim a republic.

Some Shooting.
Copenhagen, Nov. 10.—The railway stations in the entire industrial districts of Germany, from Dortmund in Duisburg have been occupied by the soldiers' councils, according to a despatch from Essen. There were no disorders.

Amsterdam, Nov. 10.—The Rhenish Westphalian Zeitung, of Essen, announces that Butin, the capital of the principality of Lubeck, is in the hands of the soldiers' councils. Many persons, both civilians and military, have been shot.

TWO DEATHS IN GRAND FALLS

Frank McLaughlin and George Souci Pass Away—Six New Cases of Influenza.

Special to The Standard.
Grand Falls, Nov. 10.—Six new cases of influenza and one death were announced here today. The death was that of Frank McLaughlin. He is survived by a wife, one child, a mother, two brothers and five sisters.

George Souci died Friday afternoon. He had been ill three weeks, first with influenza, then with pneumonia. He leaves a wife, six children, a mother, four brothers, Edward and Archie in France; Joseph in the Canadian West, and Harry at home, and one sister, Mrs. Edward Long, of Grand Falls.

He was a member of the Canadian Order of Foresters, and was held in high esteem. The funeral was held yesterday afternoon.

YORK CO. DEATHS.

Special to The Standard.
Fredericton, Nov. 10.—Joseph E. L. Cormier, son of Edmund J. Cormier, of the Provincial Public Works Department, died today of pneumonia in his fifth year. The parents, four brothers and four sisters survive.

Louis G. Raymond, son of Mr. and Mrs. Walter Raymond of Fredericton, died Saturday night in the fifth year of his age. Death was due to meningitis. The child is survived by his parents, one brother and three sisters. The funeral took place today.

Wilfred Pickard of Devon passed away today. Mrs. Frances Maude Fleming, wife of Manzer Fleming, of Kennebecport, Maine, died Saturday at Millville in her thirty-first year. She is survived by her mother, Mrs. George Newell of Maplewood, her husband and two little daughters, also two brothers and a sister. The body was taken to Kennebecport for interment.

TWENTY INJURED IN TRAIN WRECK

Hundreds of Soldiers Were on Way to Football Game When Trains Collided.

Aurora, Ill., Nov. 9.—A train bearing hundreds of soldiers from Camp Grant to witness the football game at Chicago with Camp Taylor squad, was wrecked in a head-on collision with a passenger train near here early today.

Three dead have been taken from the wreck. The injured will number twenty, troop officers say.

The Camp Grant football special, equipped of fifteen coaches crowded with 1,200 soldiers and the Camp Grant team.

The football special had the right of way, the westbound passenger having been given orders to make the siding at Sugar Grove and wait for the special. This, according to army men, it did not do, the two trains meeting head-on just before the siding.

HONOR ROLL.

Pte. Egbert H. Frost.
Mrs. W. L. Ellis, St. John West, has been notified that her brother, Pte. Egbert H. Frost, had died of influenza in France. Pte. Frost was a son of E. M. Frost, of Hampton.

Gunner Joseph Kennedy.
Word has been received by John Kennedy, 164 Sydney Street, that his son, Gunner Joseph Kennedy, who had been ill in England with influenza, was recovering.

Pte. T. W. Sellen.
Private Thomas William Sellen, who was recently reported wounded and missing, still is missing according to a further telegram from Ottawa, received by his wife, who, with her child, is making her home with her parents, Mr. and Mrs. Arthur Gallagher, 48 Murray Street, during her husband's absence.

Puritan Silver

The Victoria and Albert Museum in London has a very fine collection of old silver, among which are a number of Tea Spoons made in England over three hundred years ago.

This is admittedly a ripe good age for silverware. Even if the choice patterns of Birks Spoons and Forks, which are shown in our Year Book do not last for three centuries, they will wear long enough to make our fine silverware appear expensive.

We can sell you a completely fitted chest in either sterling or Birks Plate.—you can buy them in dozens, or you can even buy single pieces,—the prices are all so moderate.

Always on hand

Write for "The Story of Carnation Milk" containing 100 splendid tested recipes. Order two or three trial cans (full size) from your grocer—he is the Carnation Man.

THERE are days when you may not need milk at all, or don't use all you get.—and other days when your milkman forgets to call, or when you "run short" of milk.

Until you have tried Carnation Milk you cannot realize how handy, how economical it is to get your milk supply in this form.

For then, you are never "caught without" milk. Yet you have milk that is always fresh.

You may keep a can of Carnation Milk on a cool pantry shelf for months—it is sealed safe against contamination, stays fresh, pure and wholesome. Even when the can is opened the milk will "keep" for several days—so there is no waste with Carnation Milk. And it is always ready to use.

It is rich, pure, "whole" milk (not separated)—Carnation Milk "from Contented Cows." It is evaporated to the consistency of cream. Only water is taken from it. Then it is sterilized. No preservatives are added. And no artificial sweetening.

Use it every way you use ordinary milk—as cream for coffee or cereals, diluted with water for cooking or for the children's drink.

GERMANY CRUMBLES.

The situation in Germany changes with the hour. Since Saturday the Hohenzollern dynasty has ceased to exist, the Kaiser has abdicated his throne, the Crown Prince has renounced his succession and the whole German nation has passed safely over to the German republic. A Socialist deputy, Herr Eber, has been proclaimed as chancellor, and has announced that he intends to form a government to be composed of equal representation of the Social-Democratic and Independent Socialist parties. Revolutions have broken out all over Germany, and rioting and bloodshed are reported from Berlin itself. The time limit on the reply to the Allied terms for an armistice expired before the regular edition of this newspaper reaches its readers, and no reply is reported.

This, in brief, is the development of the past forty-eight hours. To all intents and purposes the war is already over, as the German armies, disorganized and reduced to little more than mobs, are leaving France as rapidly as possible, and hurrying back to the Fatherland. What the future may hold is uncertain, but there is the possibility that the sensational events of the past two days may have the effect of delaying the affixing of official signatures to Germany's side of the document providing for an armistice, and it is not impossible that the Allies may yet have to send an army of occupation into the enemy's country before it can be brought under stable government.

At any rate the action of the Allied armies, coupled with the determination of the German people to take things into their own hands, has practically made an end of the autocratic rule which has prevailed at Berlin. A new Reichstag will determine upon the future of the German crown, and while another hereditary ruler may be chosen to replace the hateful Hohenzollerns, the logical future of Germany is as a republic of constituent states, or as a number of small republics, each with their own government and chief executive. Bavaria has already "gone off on her own," and a similar tendency is reported elsewhere. The Germany that menaced the world has gone to keep company with her disintegrated one-time allies.

THE INFLUENZA SITUATION.

From reports reaching this newspaper yesterday, it would appear that the Spanish influenza epidemic in this city is not abating as rapidly as one might believe after a perusal of the official statements coming from the Public Health organizations. This question may well be asked whether the figures issued from such sources are accurate, whether they represent actual cases or merely those in which the disease has been reported.

The Standard understands that the procedure followed is to report influenza in a house at a given address. The inspector is sent to the premises and the house placarded. Possibly at that time there may be but one case in the house, and one case is accordingly reported. Within a few days every member of the family may develop the disease. Does the Board of Health, or the Provincial Department of Public Health, take cognizance of the additional developments, or does the official record still show but one case where there may be six? A statement from the authorities as to the methods employed in such a case, would be of interest and, possibly, of value.

There is a great demand that does not seem to diminish, for nurses and competent helpers to do voluntary work, as there are families in the city where every member is ill and dependent upon the diet kitchen for food, and upon the efforts of neighbors or voluntary workers for the simplest sort of attention. Many young women are already devoting their time and ability to this work. It carries no remuneration, and, sometimes, not even thanks,—but it is necessary work for the benefit of the whole community, and as such gives satisfaction of knowing they have not fallen short of their duty in a situation which still appears to be beyond the ability of officials to cope with it.

As for lifting the ban on public gatherings, the hardship entailed upon many people by reason of enforcing the regulations is recognized, but the enforcement of those regulations should not in the least be changed

until the situation has been very materially improved. The decision of the Minister of Public Health to this effect affords one of the few opportunities for The Standard to agree with that official. If he, or officials of the local Board of Health, will assure the public that the reports of the number of cases in the city are reasonably accurate, much anxiety, possibly groundless, but nevertheless existing, might be allayed.

THE FINAL WEEK.

Today marks the commencement of the final week of the 1918 Victory Loan campaign. In the coming six days that undertaking must be put "over the top" if it is not to be a failure. New Brunswick is still far short of its objective, and despite the fact that St. John has done well in the past fortnight there still remain many hundreds of thousands of dollars that must be gotten into the treasury if this city is to win its flag. The example of some of the smaller communities in the province is well worthy of emulation. Westfield, Rogersville, Loggieville and Kears have all secured their flags, which means that their objective has been reached, while Loggieville has the added honor of a crown. In St. John, Lansdowne ward has attained both flag and crown, and other sections are sure to do equally well before the campaign closes.

New factors were introduced into the local campaign on Saturday and will, it is expected, prove a big influence in bringing the city subscription up to the desired point. The commercial travellers and the Young Women's Patriotic Association started out on Saturday to make the loan a success. They have organized separate drives for the final week, and with the energy and fine spirit they have shown in all their undertakings are certain to reach the goal.

By a special arrangement with branch banks small investors can buy their bonds on the instalment plan, a feature with which investors may not be familiar. Under this plan bond payments may be spread over a period of ten months, the subscriber paying ten per cent. upon application and making remaining payments in equal monthly instalments through any branch bank he may elect. Such an arrangement should make it easy for every person to buy a bond, no matter how small the sum he can save. There is no longer any excuse for not buying, so now, all together, and help close out the 1918 Loan campaign with a handsome over-subscription.

THE VICTORY CELEBRATION.

News that the Allies and Germany have signed an armistice and that the greatest war in history has resulted in conclusive victory for our arms is daily expected. In accordance with plans already well under way, St. John will celebrate that occasion. A competent committee has been named to take general charge of the observance with sub-committees for the different phases of the celebration. The parade will naturally be the feature in which the greatest number of citizens will be interested, and it should be the aim to give that part of the day's programme a character to be long remembered. Of course, the military will have the place of honor, but, doubtless, opportunity will also be provided for all citizens or organizations desiring to participate. There should be no limit to that parade. In the matter of floats, for instance, every organization, every club, every business establishment willing to undertake to put a float in line should receive all encouragement. On an occasion such as that which the observance will mark, citizens of all classes and creeds should unite to give the committee in charge of arrangements full assistance to make the Victory celebration of 1918 an event from which to date time.

CATHEDRAL AND 300 CHURCHES DESTROYED

French Visitors Tell of Hun's Work at Arras.

(Boston Globe.)

French Catholic people of Greater Boston gathered in the Church of Our Lady des Victoires on Inhabilla street last evening, when Rt. Rev. Eugene Julien, bishop of Arras, France, and Abbe Patrick Ryan, a French war chaplain, spoke. Cardinal O'Connell, who presided, also made an address. Abbe Ryan, who spoke in English, told of the record of Bishop Julien, who, early in the war, had been stationed at Havre, where he did valiant work for the Belgian people and was

given a Belgian decoration by King Albert.

He said Bishop Julien's cathedral had been leveled for no military purpose, that some 300 churches had suffered the same fate.

Bishop Julien paid a tribute to Cardinal O'Connell and spoke of the very cordial reception he with others of the French Mission had received from Americans.

This attitude was only what they had been prepared for, said the bishop, by the kind, courteous and unselfish character of the American officers and soldiers with whom the French people had been thrown in close contact during the past year or more. The bravery of these men was keeping with their characters, the bishop stated. He said they had earned the love and respect of all the French people.

He said that while Arras itself had not been taken over by the enemy, its suburbs and surrounding country had all been occupied, its villages made battlefields, and devastation was widespread.

Cardinal O'Connell said, speaking of France, "it seems to me that of all her story and of all her history, the greatest story of the greatest epochs of her whole history.

"We know of the bravery of the French soldiers. We know of the heroism of the French race and the story of the wonderful courage of your Generals and soldiers in the field, but the story of the bishop and priests of France is the greatest story of all. Think of the constant, perpetual courage of these wonderful bishops. Your Lordship has seen your own cathedral destroyed, 300 churches of your diocese razed to the ground and your people scattered broadcast, but in face of this terrible disaster you and the other bishops could still look in hopefulness at the return of the glory of France.

"We are told of a great general who, when he heard of the wonderful news of the stand at the Marne when the advance of the last ten years of France was being saved, somebody must have prayed, 'Yes, your Lordship, you and the other bishops of France were praying. All the world evanesces with France was praying for France. France was the pioneer in the evangelization of the world.

"The history of the Catholic Church in the last ten years of France. Our first priests were French priests. When the funds were being collected for the building of our first church the Archbishop of Paris and the bishops and French priests contributed.

"When you go back to your own diocese of Arras and see your once beautiful cathedral in ruins, and you will see with you in your difficulties as your predecessors were with us in our poor and old America, be more firmly united in love and affection to the heart of France.

"May the Cathedral of France never forget the last ten years of the bishops and priests and faithful Catholics of France.

"God save France!"
"God bless America!"
"God bless the United States!"

"The Kaiser's Patchwork Empire"
As the world knows, Prussia was the inventor of the world war. The other German States consented when the time came, not grudgingly, but with delight and eagerness. If the war ended in the form Prussia designed, Belgium would have been under Prussian government, if not annexed to Prussia.

"A SLUGGISH LIVER CAUSED SEVERE HEADACHES"
The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Healthy bile in sufficient quantity is necessary to secure regular action of the bowels, and when the liver is sluggish it is not working properly, and does not manufacture enough bile to thoroughly act on the bowels and carry off the waste products from the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in, followed by sick and bilious headaches, coated tongue, bad breath, heartburn, water brash, headache, floating specks before the eyes, etc.

Miss Dian Clark, Myer's Creek, Ont., writes: "I am glad to say that after I had used a couple of vials of your pills."
"My liver is now working properly, and I have received by using Milburn's Laxa-Liver Pills gently unblock the secretion, clear away all waste and effete matter by acting directly on the liver, and make the bile pass through the bowels, instead of allowing it to get into the blood."
Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Schleswig-Holstein in the Baltic Sea, about due south is 40 miles. The empire is bounded southeast and south by Austria and Switzerland for 1600 miles, on the southwest by France 245 miles, on the west by Luxembourg, Belgium and Holland, 583 miles. The length of German coast on the North Sea or German Ocean is 200 miles and on the Baltic 927 miles. The intervening land boundary on the north of Schleswig is 47 miles. The eastern boundary with Russia is 248 miles—a total of 4673 miles. The area, including rivers and lakes but not the lagoons on the Baltic coast, is 208,330 square miles, containing a population Dec. 1, 1910, of 44,925,993 or 310.4 to the square mile.

The empire is composed of the following twenty-six States and divisions: The Kingdoms of Prussia, Bavaria, Saxony and Wurtemberg, the grand duchies of Baden, Hesse, Mecklenburg-Schwerin, Mecklenburg-Strelitz, Oldenburg and Saxe-Weimar; the duchies of Anhalt, Brunswick, Saxe-Altenburg, Saxe-Coburg-Gotha and Saxe-Meiningen; the principalities of Lippe-Detmold, Reuss-Greiz, Reuss-Schleichenau, Schaumburg-Lippe, Schwarzburg-Rudolstadt, Schwarzburg-Sondershausen and Waldeck-Pyrmont; the free towns of Bremen, Hamburg and Lubec and the imperial territory of Alsace-Lorraine.

The population and square mileage of the principal pieces of Germany are thus measured: Prussia (1910) 134,616 square miles, 40,165,215 population; Bavaria 29,252 square miles, 6,887,291 population; Wurtemberg 7,594 square miles, 2,437,574 population; Baden 8,823 square miles, 2,142,833 population; Kingdom of Saxony 5,789 square miles, 4,906,001 people; Mecklenburg-Schwerin 5,068 square miles, 829,953 people; Hesse 29,666 square miles, 1,282,051 people; Oldenburg 2,482 square miles, 482,042 people; Brunswick 1,419 square miles, 494,532 people; Mecklenburg-Strelitz 1,131 square miles, 106,442 people; Saxe-Meiningen, 983 square miles, 496,001 people; Saxe-Altenburg, 1,190 square miles, 116,599 and Bremen with 99 square miles, 299,526. Alsace-Lorraine had 5604 square miles and 1,874,014 inhabitants. All the rest of the soil not specifically allotted to one of the twenty-six components of the empire belongs to Prussia—far and away the most important member, having a good slice above half the empire's land and two-thirds of its entire population. Of the provinces belonging to Prussia, the Rhine Province, Westphalia, Brandenburg, Pomerania, West and East Prussia, Posen and Silesia are provinces each larger than Wurttemberg or Saxony or almost all the rest—except Alsace-Lorraine and Bavaria—put together. This explains clearly Prussia's preponderance in the Federal Council.

Of the nearly 61,000,000 people in 1910 about 12,000,000 were engaged in mining, metal works and other industries, 3,500,000 in agriculture and cattle raising, 3,500,000 in commerce and trade, 1,750,000 in domestic service and the 1,900,000 there were in the professions, 3,500,000 were returned as without profession or occupation. In 1910 there were 1,258,873 foreign subjects, of which 67,159 belonged to Austria-Hungary, 13,465 to Belgium, 104,204 to Italy, 144,175 to Holland, 137,897 to Russia, 68,257 to Switzerland, 17,572 to the United States and 18,315 to Great Britain. In 1900 there were 4,712 people speaking only a language other than German, which number 3,086,489 were Poles. Berlin had a population of more than 2,000,000, Breslau over 500,000.

"MEAT CAUSE OF KIDNEY TROUBLE"
Take Salts to flush Kidneys if Back Hurts or Bladder bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, the body is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the oblong often get swollen and irritated, changing soon to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body, uric acid waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then realize the conditions in uric acid no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

The Dethroned Kaiser On Soil of Holland

William Hohenzollern and Ex-Crown Prince Will Stay for a While at Rhine Chateau of Count William Frederick Charles Henry Von Bentinck, Relative of Duke of Portland.

Washington, Nov. 10.—William Hohenzollern, ex-Kaiser of Germany, and his son, the Ex-Crown Prince, are proceeding to the town of De Steeg, near Utrecht, according to a despatch received by the American general staff today from The Hague.

The message said: "Press reports state that the Kaiser arrived this morning in Maastricht, Holland, and is proceeding to Middachten Castle, in the town of De Steeg, near Utrecht."

De Steeg is on the Guelders Yssel, an arm of the Rhine River, about 40 miles east of Utrecht and 12 miles from the German border. The Chateau Middachten, which the former emperor is reported to be proceeding to, belongs to Count William Frederick Charles Henry Von Bentinck. He is a member of the Prussian Guards and before the war was attaché of the German Embassy in London and a member of the English Turf and Automobile Clubs.

London, Nov. 10.—The former emperor's party which is believed to include Field Marshal Von Hindenburg, arrived at Eysden, on the Dutch frontier, at 7.30 o'clock Sunday morning.

Practically the whole German general staff accompanied the former emperor, and ten automobiles carried the party. The automobiles were bristling with rifles, and all the fugitives were armed.

The ex-Kaiser was in uniform. He alighted at the Eysden Station and paced the platform, smoking a cigarette.

Eysden lies about midway between Liege and Maastricht, on the Dutch border.

Not in Distress. The engineer returned to Vise, Belgium, and brought back a second train, in which were a large number of staff officers and others and also stores of food.

The German consular from Maastricht arrived soon after eight o'clock. Dutch railway officials soon made their appearance and many of the inhabitants came to the station, attracted by curiosity. Many photographs were taken by the people of the imperial party.

On the whole the people were very quiet, but Belgians among them yelled out, "En Voyage."

Empress Present. London, Nov. 10.—A despatch to the Exchange Telegraph Company from Copenhagen quotes the Politiken as saying that when the former German emperor arrived at Maastricht he was accompanied by the former empress.

free from German secret agents in the years preceding the war, and the nations lived in growing dread of the huge military machine which Germany was building up, to the accompaniment of the emperor's boasts of the "shining sword," and German toasts to "Der Tag" in voices which echoed around the world.

The virtual ending of this greatest of conflicts has come with dramatic swiftness. Four months ago today the German military power apparently was at its height. The unchecked forces of the enemy had battered their way through the French and British armies until Paris was in peril and the British were fighting with their backs to the wall to prevent themselves from being forced to the sea.

Late in July the world was thrilled with the news of an Allied counter-attack between the Aisne and the Marne. The Germans were hurled back along the whole sector, and since that day the victorious progress of the Allies has been maintained.

Various Causes. Various causes have contributed to the reversal. Exhaustion of German raw material and years of semistarvation assisted in the process of beating down the enemy to a submissive frame of mind.

It is also significant that the establishment of unquestioned Allied supremacy in the field almost synchronized with the unification of military control and the appointment of General, now Marshal Foch, in the post of supreme command. Military commentators without exception lay stress upon the importance of single leadership and the genius of Foch in stemming and finally turning the tide.

Leading War Figures. Among the individual leaders, aside from Foch, whose names stand out most prominently are Marshal Joffre, who saved France in her darkest days of the summer of 1914; Field Marshal Haig, the British commander; General Petain, at the head of the French forces; General Diaz, who on the Italian front beat back last summer's great Austrian offensive, and later tore the Austrian armies to pieces in a few weeks, and General Pershing.

On the German side are Field Marshal Von Hindenburg, a comparatively obscure officer who leaped into world-wide fame by his defeat of the Russians in 1914 and consequently became the idol of Germany, and General Ludendorff, who although frequently credited with being the abler of the two, never touched popular imagination as did his colleague. When Von Hindenburg was at the height of his fame a great wooden image of the German hero was set up, a monument to the power which now is broken. It stands today in Berlin, unless the new masters of Germany have torn it down.

KAMERAD. "Kamerad," we've heard you call us when our cartridges were gone. Nearly gone—and when we answered then we died.

Running toward us over No Man's Land with true flags in the dawn. Your grenades have torn us, then we knew you lied.

"Kamerad," you called to Russia, weary, weary, mute and blind, peace at Brest-Litovsk you promised; pleaded hard.

Till her armies were disbanded, for the trust of all mankind— Now your agents give her women to the Guard.

"For the safety of the many," you have crucified and burned, "Filled with pity," scores of wounded Belgian men—

"For the safety of the many?" German safety! We have learned, "Kamerad," to know you well; you taught us then.

Now an armistice and parley "that this cruel war may cease," While your bloody fingers play another card? Full in range of all our rifles you shall have our terms of peace, "Unconditional surrender," Kamerad.

MEMBERS OF Y. W. P. A. AND THE TRAVELLERS COLLECT \$85,000

This District Must Subscribe \$6,000,000 if Province is to Make Its Quota—Beaconsfield is Over the Top—Other Districts Win Flags—Grand Total for Province Has Reached \$9,320,400—Its Quota is \$13,000,000.

The people of this district must subscribe at least \$6,000,000 to the Victory Loan if the province is to make its quota, as some of the outside districts, owing to the extent of the influenza epidemic will not be able to make their allotment. This was the message the central committee asked the Standard to convey to the citizens of St. John district this morning. Up to Saturday night it was estimated that there had been subscribed in this district \$4,100,000 and if the goal now set by the provincial committee is to be reached there must come in the last week of the campaign \$2,000,000. On Saturday the contest between the Y. W. P. A. and the Travellers began, and the first round went to the girls, partial reports giving them about \$45,000, and the "Drummers" about \$40,000.

Over the Top.
For St. John district Beaconsfield went over the top on Saturday, and made its objective. For the outside districts, Gagetown and Cambridge, Queens County, Millville, York County, Green River and St. Basil, Manawaska County, each won a flag, Hampton won a flag, and one town and are well on the way for a second crown; Kars, Kings County, won four crowns to their flag, and then went out and trebled their allotment, thus entitling them to four more crowns if they were given; Bright, Marysville, Prince William and Dumfries, each won a crown for their flag, as did Sussex No. 1 (Apohaqui), and Green which won their second crown; Kings-ton No. 2 landed two crowns.

Y. W. P. A. vs. Travellers.

The big contest between the young ladies of the Y. W. P. A. and the commercial men got off to a good start on Saturday. The girls took hold of the work like professionals and the men who got away from them without placing his name on the dotted line had to have a mighty good excuse. Partial returns give them an estimated total of \$45,000 for the day while the estimate from the commercial men was \$42,000.

The young ladies are out to win and are working enthusiastically. In addition to the canvassers they have six booths at which bonds may be purchased. These are located at the following places: F. A. Dykeman and Co., E. Everett, Charlotte street; F. W. Munro, Main street; S. H. Hawker, Mill street; Western Union, King street, and Weitzel's, Union street.

CONTRIBUTIONS OF COOKED FOODS NEEDED BY V. A. D.

Many More Calls Received Saturday and Sunday—Thirteen Persons Ill in One Home—Automobile Owners Can Assist.

Contributions of home cooking are needed more than ever at the V. A. D. diet kitchen. This is the significant fact which is brought out by the reports of those who have been working so strenuously in this department. In two hours yesterday requests for aid were received from no less than seven families. This means that at least thirty-five more people will have to be looked after and food provided for them during their illness and their convalescence. Saturday 130 families were provided with meals. In one house thirteen people are ill.

The doctors and nurses state that it is most essential that the supply of food should be kept up. Those who have had the influenza require nourishing food to build them up and the work already done has been of the utmost assistance to those afflicted.

To keep up this constant supply it is necessary to have the same generous support from the public as was given when the work first started. The most welcome contribution which can be received at the kitchen is cooked food. While a good use can be made of money and many good hearted people have made donations, the equipment at the diet kitchen is not adequate for the cooking of the large amount of food which is demanded. Those working at the kitchen (about twenty are busy all day) are willing and eager to do all they can, but it is impossible, in the limited amount of stove space, to find room for the necessary utensils. Literally buckets of soup have to be made.

At the first of the epidemic the contributions sent in were, with the cooking done at the diet kitchen, sufficient to meet all requirements and the V. A.

D. are most grateful for all who have supported them so faithfully. Recently the contributions have fallen off and while so far no request has been refused it has been very hard work for those who are cooking at the kitchen to do all that is needed.

In fact the V. A. D. state that without the donations received from the proprietors of the Royal and Victoria hotels, the Sign of the Lantern and Bond's restaurant, it would have been absolutely impossible to fulfill all requirements.

Besides those who are actually engaged in the diet kitchen the collecting of bottles and dishes in which to serve the soup and stews is the work of one person as 300 bottles are used each day. There may be persons in the city who could give bottles for this purpose and they will be gratefully received.

The people who have loaned their cars have done so with the utmost cheerfulness. There are about twenty cars in use and many of the owners have also given money, food and their own time. It is felt that perhaps there are other car owners who will now re-

served some of them who have thus served so well during the epidemic. One of the most thoughtful duties done by the V. A. D. is the care of those who are dismissed from the hospital. As V. A. D. goes to the home, straightens things up, puts on a fire and generally sees to it that the house is not cold and desolate when the patient returns. This is a service which is most gratefully acknowledged by those who have benefited by it.

From the above facts it can easily be realized that there are many ways in which everyone can have a share in this work which has been of such service to sufferers from influenza.

The Banks will advance you money to buy Victory Bonds on a Twelve Monthly-Payment Plan

How much money did you save last year—\$100, \$500, perhaps \$1,000—and you have it in a savings account all ready, like a prudent patriot—to put into Victory Bonds.

But—just a moment:

If you saved \$100 or \$500 or \$1,000 last year, how much do you expect to save during the coming twelve months?

You can now capitalize your ability to save and help your country at the same time.

In this way: Any Chartered Bank will give you credit for ninety per cent. of the amount you can save to put into Victory Bonds and the Bank will carry you for a year, charging just the same rate of interest as you get on your bonds—so the interest costs you nothing.

You can pay off your bonds to the bank in monthly instalments and each instalment begins to earn 5½ per cent. for you the moment it is paid.

Step in and see a Banker about it today—it costs nothing to investigate and you take no risk in any event.

SINGING AND SMOKING, YANKEES BEGIN ADVANCE

Attacks of November 1st Showed Germans Had Lost Their Nerve—Tanks Take Many Prisoners—Metz Railroad Threatened.

By Wilbur Forrest,
(Special Cable to The N. Y. Tribune and The St. John Standard.)
With the First American Army, Nov. 1 (delayed)—Though with heavy forces massed against the American first army today, the Germans were unable to stand the initial shock, giving ground rapidly, with large numbers of prisoners taken.

General Liggett's part in the big inter-allied blow was from the first marked by brilliant planning and execution. After the artillery preparation, which was unique in many respects, the doughboys at 8:30 a. m. jumped with enthusiasm from their positions, following their barrage, toward their objectives. In a heavy fog the dim light of approaching dawn aided materially.

At 4 a. m. Franco-American guns massed at an average of every five yards over the entire army front, opened a bombardment. Heavy shells joined the roar of the Allied guns elsewhere at the same hour. A weird light from guns and bursting shells beyond rimmed the inky sky with flickering plink. For two hours there was the constant rumble of the heavy guns concentrating on strong points, then the marvelous little 75's joined the chorus, and the Americans were off. One famous unit, to a man, sang and smoked while sauntering at an easy pace behind a perfect wall of 75's, progressing slowly but steadily ahead.

Just by the Way.

The unit reached the first objective on schedule time, catching en route a German division which came into the sector at midnight to relieve another harassed division. These fresh enemy troops detained at Sedan Thursday and within twenty-four hours 500 were on their way to American prison cages.

This has been expected by the enemy for many days. He began showing extreme nervousness on October 28 when during the early morning he laid down heavy barrages along the entire line. Nightly thereafter he repeated the procedure, indicating his intention to make desperate resistance on the present line.

This morning's attack, however, indicated that the enemy has lost his nerve. He had withdrawn the major

ity of the artillery to the far rear. Our powerful preparation was practically unanswered except by an occasional shell from long range weapons. Tanks supported by American troops have left, taking many prisoners. Here American engineers with scores of mule-drawn wagons followed immediately behind the second wave of infantry, bridging creeks and shell holes for tanks and men on the spot. The terrain, which is the most difficult of the entire front, was studied minutely for several days in advance by engineers, portable bridges prepared and wagons placed for any emergency.

Make Advance Sure.

This initiative, which was used for the first time today, made the advance rapid and sure and at the same time prepared trails on the actual battle field for an artillery advance. Due to more American initiative, the villages of St. Georges and Landres were forced to surrender without serious struggle. Our gas experts flooded both with hundreds of heavy gas shells from trench mortars, then drenched the villages in the same manner with thermite.

The villages of Imecourt, Landreville, and Remonville fell almost at the same hour. At Champigneulle a stiffer resistance was encountered. The village was filled with machine guns which were slowly dug out before night.

The capture of Remonville brings our line into the area of famous Proys Stellung, which is spoken of as the next strong point of resistance. This line proved today to be merely a surveyed line with little or no organization. The enemy, who is probably bluffing, may be forced back far enough to place the Metz-Sedan-Metz railroad which feeds the great portion of the line westward, under American gunfire.

The Tribune correspondent from his position on Hill 272 at dawn today saw the first results of the attack when prisoners began to flow back. These results told of a success which was evident from the moment the tons of steel began to fly enemyward creating a new dawn hours before and after such dawn appeared. Perhaps it is our last battle of the European war.

Mr. Daniel McCafferty of St. John, spent the week-end in town.

Miss Helen Purcell, who has been visiting her sister, Mrs. Theo. Vastour, has returned to her home in Charlottetown.

The many friends of Miss Nellie Ross of the staff of A. and R. Loggie Co., will be pleased to hear she is recovering from influenza.

Senator Bourque has returned from Ottawa.

Bernard Doucet is slowly recovering after his severe illness of bronchial pneumonia. Miss Ida Hudson, trained nurse, is in attendance.

Wm. and Fred Hannah enjoyed a few days shooting this week at Kouchibouguac Beach.

Romeo Doucet of the Dental College at Baltimore, Md., is visiting his home here.

Mr. and Mrs. Phyllis Cormier of Shediac, are visiting relatives in town. Mr. Burke McInerney has recently taken up a position with the firm of E. O'Leary at Shippegan.

Dr. J. G. Lantz is out again after his recent illness of pneumonia.

On Thursday afternoon, after word had been received that the war had ceased, the church bells were rung and mill whistles blew steadily for about half an hour. In the evening the cars of Beaton and Richibucto surrounded the streets, decorated with flags and banners and filled with excited people, greatly amused over the glad tidings.

BOIESTOWN NOW IN NEED OF ASSISTANCE

Influenza Situation There Serious and Nurses Necessary.

Special to The Standard.
Chatham, Nov. 10.—Dr. Marven was summoned to Boiestown this afternoon owing to the seriousness of the influenza situation there. Dr. Vaughan has received telephonic requests for nurses from that locality to help cope with the disease. The disease is reported to be of a severer type than hitherto met with. There were no new cases reported to the local board today.

SACKVILLE.

The death last week of Capt. T. R. Anderson removes another of our lo-

cal sea captains, a class of men with which this town has always been well supplied. Those still with us are—

Capt. Bedford Tower, Capt. E. Chase, Capt. B. J. McFarley, Capt. Stephen Atkinson, Capt. Peter Hanson, Capt. Milton Ward, Capt. Caleb Read, Capt. John Stewart, Capt. Leonard Tower, Capt. Wm. Dewey and Capt. Rupert Anderson, a nephew of Capt. "Tom," who should perhaps be included in this list, as he is a native of Sackville and an occasional visitor here.

As further illustrating the nautical proclivities of Sackville, it may be said that the day was when there were four shipyards in this neighborhood. The first and least important of the four was up the Tantamar a mile or so near Harri's abouiseau, the birthplace of only a few schooners. Then further down stream came the Dixon yard, not far from the public wharf. Just a little farther, on the site of the new wharf, was the Boltenhouse yard, and finally down at Westcock the Purdy yard. These yards must have turned out a great many ships—just

how many it may not be very easy to find out—but it is pretty certain that they will never turn out any more.

EARLY CLOSING OF RAILWAY FREIGHT SHEDS.

Order of Railway War Board, Not to be Effective until Jan. 1, 1919. The Canadian Railway War Board has extended the time for their recent order regarding the early closing of railway freight sheds until January 1st, 1919, and the public is therefore advised that on the Canadian Government Railway lines the regulations at present governing the opening and closing of freight sheds will continue in force until that date.

Break Faith? Never.

The memory of their noble deeds is seared into our hearts, and will live in the hearts of our children, generations hence.

Let our lives, for which their lives were given, be pledged devotedly to the Cause—their Cause—of Freedom and Civilization.

We Canadians must carry on.

Before us, as a nation, as individuals, our way lies clear.

Afar off along the path that leads to Right we hear the cry of those who fell.

We will follow on.

We will finish the work they so nobly began.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not get on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

—Mrs. JOSEPHINE KIMBLE, 935 West Race St., Portland, Ind.

Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

RAILS IMPROVE IN WALL ST.

Market Saturday Fairly Strong. Prices at Opening Being 1 to 2 1/2 Points Higher.

New York, Nov. 9.—Extension of the revolutionary movement in Germany and further victories of the Allied forces along the western battlefield were the incentives of today's short but fairly strong stock market. Prices were 1 to 2 1/2 points higher at the opening, and a sweeping of the leading transportation holding back. The entire list reacted irregularly but toward the end of the first hour, but rallied quite generally at the active close. Metals and motors figured more than ordinarily in the speculative purchases and some of the seasoned equipments made moderate gains. United States Steel ended at a fractional advance. Incidentally the U. S. Steel tonnage figures for October showed a nominal increase.

Southern Pacific, which led the entire market in point of activity, was inclined to waver, probably as a result of profit-taking, but made up all the loss later. Railroads as a whole moved variably, and low priced western and southern issues denoting further substantial buying.

Atlantic Gulf Up. Marine Preferred reflected disappointment at the continued delay in the sale of its British tonnage, but Atlantic Gulf rose 2 points. Strong and active specialties included Wilson Packing and American Tobacco. Sales amounted to 475,000 shares.

The weekly bank statement constituted a moderate reversal of last Saturday's returns, actual loans and discounts increasing almost \$22,000,000 with a corresponding gain of members at the federal reserve bank. Excess reserves made a slight gain of \$19,151,000. There was a broad inquiry for bonds, internationals included, with special strength in French municipals. Total sales for value aggregated \$3,570,000. Old U. S. Bonds were unchanged on call for the week.

LIBERTY BONDS.

Washington, Nov. 9.—The time limit for converting four per cent. Liberty bonds into 4 1/2 per cent. bonds expired at midnight tonight and it is held officially there can be no extension under the law. The treasury announced today that such bonds mailed to federal reserve banks before midnight tonight will be accepted for conversion. Envelopes must bear today's post mark.

CANADIAN FLOUR.

Ottawa, Nov. 9.—An order-in-council has been passed authorizing the board of grain supervisors to approve of the purchase of 600,000 tons of Canadian flour by the Wheat Export Company, Limited, during the cereal year. The Royal Commission on wheat supplies suggested that this had to be the maximum purchased. The order provides for the sale by the board of this quantity without in any way assenting that it shall be the maximum purchased.

U. S. STEEL ORDERS.

New York, Nov. 9.—Unfilled orders of the U. S. Steel Corporation on October 31 were \$25,229,200, according to the corporation's monthly statement issued today. This is an increase of 55,288 tons compared with the orders on September 30. This is the first increase during the year, the unfilled tonnage having decreased steadily, month by month, since January 1st.

COTTON DISTRIBUTION.

Washington, Nov. 9.—A special British mission is now in conference with the committee on cotton distribution here devising means of bringing about a broader utilization of cotton of the lower grades by British spinners. Members of the mission are Fred V. Paton, chairman of the British Board of Trade American cotton committee; J. W. Orr, chief executive officer of the cotton textile office, a branch of the war office; Kenneth Lee and H. D. Henderson, secretary of the cotton control board, representing the board of trade.

SUGAR DISTRIBUTION.

Ottawa, Nov. 9.—An order-in-council has been passed appointing Joseph Robert Bruce, superintendent of the Royal Bank of Canada, New York city, to represent the board of the sugar programme committee of the International Sugar Commission, the meetings of which will be held in New York, for the purpose of the allocation of raw sugar. Mr. Bruce is the representative of the sugar division of the Canada Food Board in New York city.

A GRAPHIC STORY OF LOST AMERICAN BATTALION

Brightest Spot in the Now Heroic Incident Was the Climax To the Fourth Day When Major Whittlesey and His Men Refused To Surrender Says Associated Press Correspondent.

With the American Forces Northwest of Verdun, Nov. 9.—(By the Associated Press)—The brightest spot in the heroic and amazing story of the now famous "lost battalion" which belonged to the 77th division, as yet untold, was the climax to the fourth day of the forest.

When the men were long footsore and almost wholly without ammunition and when many were weak from exhaustion but not despairing an American who had been taken prisoner by the Germans suddenly appeared at the little dump. He had been sent blindfolded from the German headquarters by a typewriter in a note to Major Whittlesey reading:

"Americans, you are surrounded on all sides, surrender in the name of humanity. You will be well treated."

Major Whittlesey did not hesitate a fraction of a second. "Go to hell" he almost shouted. Then he read the note to those around him and his men, despite their weariness and hunger and in immediate danger every moment cheered so loudly that the Germans heard them from their observation posts.

A complete story gleaned from a dozen recitals that the battalion was ordered to advance last Friday pushed its way rapidly through the forest and in its eagerness to catch up with the retreating Germans, gradually spread out and widened its ranks. This allowed the Germans to infiltrate unseen behind the Americans and they fell directly into a cunning trap which the Germans had set for them.

The enemy had planned to catch the Americans in a hollow surrounded on all four sides by heights, the greatest of which was a steep hill directly ahead. The Americans, who were not accustomed to forest fighting, were filled with eagerness, dashed into this hollow without stopping to think that the enemy might be awaiting them. The members of the battalion were at first checked by their own artillery barrage, which had worked steadily forward. Nevertheless, it had not worked as fast as the troops themselves and the battalion proceeded half way up the hill and there they waited for the barrage to pass in front of them. Then they discovered that the Germans on both sides had joined forces and had closed in upon their rear.

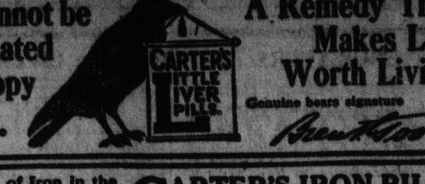

Sheltered only by shallow and hastily constructed trenches the men were subjected to a grilling machine gun fire from all sides as well as a trench mortar bombardment every time they showed themselves. Only with the greatest difficulty and with extreme caution could they move from place to place and keep guard against surprise attacks. The battalion had started with meagre rations, expecting more to reach them later. These, of course, could no longer be transported to them. It was the greatest good fortune that they were fairly well supplied with water.

Nightly and daily, too, they sent back volunteer scouting parties, but whether these reached the positions in the rear without being captured or killed they could not tell, for none were ever returned. Daily American aviators searching vainly for them flew overhead, but no outcry the men could make through anything but a valley of shouts and laughter from the Germans in front and behind and to the right and left of them. The beleaguered men discovered

Proclamation

The Department of Health directs that all churches, theatres and other places of public assemblage, except those mentioned below, may re-open on and after Thursday, the 14th November, and that all schools may re-open on Monday, the 18th November, and that all colleges, academies and like places may re-open on Wednesday, the 20th November.

With respect to the latter class of institutions namely, colleges and academies, it is directed that all teachers and students from without the immediate district in which such institution is situate, be provided with medical certificates to the effect that they are free from contagion and in good health.

The Department would advise that in local communities where the epidemic is prevalent at the date fixed for re-opening that the municipal, local health, or school, authorities as the case may be, postpone re-opening until, in their opinion, it is reasonably safe to do so.

The Department would also urgently request that no person recently convalescent from influenza or its sequels or resident in a family affected with the disease, attend any public assemblage within doors within two weeks of full recovery, or until family has been declared by medical authority free from the disease, as the case may be.

By order of the Minister.
GEORGE G. MELVIN,
Chief Medical Officer.

Workmen's Compensation Act, 1918 NOTICE TO EMPLOYERS OF LABOR

Every Employer shall, on or before the 15th day of November, cause to be furnished to the Workmen's Compensation Board at the City of St. John, an estimate or estimates of the probable amount of the payroll of each of his industries within the scope of Part I of the Act, together with such further information as may be required by the Board for the purpose of assigning the work to the proper class or classes, and of making the assessment hereunder.

And Further Notice that any Employer neglecting or refusing to furnish such estimate or information is liable to a penalty not exceeding \$20.00 per day for each day of such default, and is further liable for damages, as provided by Part II. of said Act, in respect of any injury to any workman in his employ during the period of such default.

NOTE—Forms for furnishing such information will be supplied on application.

NOTICE TO AUTOMOBILE OWNERS

To Members of New Brunswick Automobile Association and all Owners of Automobiles in St. John:

The New Brunswick Automobile Association has been asked to organize an Automobile Section for a public demonstration to take place on the event of the consummation of Allied Victory over Germany. You are requested to have suitable decorations prepared for your car, so that on short notice, which will be given through the press or otherwise, you may be ready to meet on King Street East to form up for our allotted position in the parade.

Owing to the manifest difficulty of combining Auto. and pedestrian sections in one parade, it is probable that the Auto section will be run off prior to, and as a separate feature of the demonstration, so timed that our section will vanish as the others begin, allowing ample opportunity for members of the Auto section to witness and take part in the other attractions.

Every passenger should be provided with a horn, or other noise maker. You are requested to bear in mind the following precautions: Keep at least 30 feet behind the car in front. Signal the car behind by holding out your hand, of your intention to slow down or stop. Maintain your original position in line.

The New Brunswick Automobile Association. This procession will leave King Street East at 1 p. m. sharp.

SAILOR INJURED. P. Rusted, a sailor on the schooner Hortensia, cut himself on the foot Saturday morning while heaving a piece of timber. The wound which was dressed by Dr. F. H. Neve required four stitches.

Y. M. C. I. SPORTS. The track sports of the Y. M. C. I. will be held this afternoon at Moosepath Park. It is stated that the grounds at the park are very damp on account of the recent rain and would require much sunlight before being fit for the events.

THANKS AND APPRECIATION. The chief of the fire department has received a letter from the Corona Company, Limited, thanking the firemen for the prompt and efficient manner in which they fought a recent fire in the company's box factory on Union street.

WORD FROM THE WEST. Word reached the city yesterday in a telegram to the effect that Louis Boyle, formerly of this city, now an employee of the C. P. R. at Kamloops, was recovering from a severe attack of influenza, and would arrive home in the near future. Mr. Boyle's numerous friends are glad to learn of the good news.

YOUNG SOLDIER DEAD. Private Clarence Avery, aged 22 years, a member of the Depot Battalion, succumbed to pneumonia after a week's illness in the St. James St. Military Hospital early Saturday afternoon. The young soldier's home is at Richmond Corner, Carleton County, and the remains will be sent there for burial.

B., paying 6 p. c. W. A. Ewing, K. C., became the owner at \$31 per share. Mr. Potts also sold the two properties corner George and North streets, with modern improvements for \$625.

A UNITED SERVICE. The Protestant churches of Fairville have arranged to hold a united service on the holiday proclaimed by the mayor to celebrate the signing of the armistice between Germany and the Allies. The service will be held in the Fairville Methodist Church at ten o'clock, and will last 45 minutes. All Fairville Protestant clergymen will take part in the service.

HAVE RECOVERED. Rev. C. J. Carleton, rector at Silver Falls Catholic Church, who was a patient in the St. John Infirmary, on account of an attack of influenza, left that institution last evening, being completely recovered in health. Rev. Father Coughlan, at present a patient in the Infirmary, is rapidly recovering, and will be out in the course of a short time.

THE DANDELION MAP. About a week ago a young lady residing in Prince of Wales notified The Standard that she had picked a dandelion at that place. A few days later a young lady at Musquash sent in word that she had picked dandelions at her home, so Musquash was placed on the map. A letter received yesterday from Mary C. Mavor, of River de Chute, was accompanied by two dandelions which she picked at her home town on Saturday last. Still the war goes on.

VITAL STATISTICS. The Board of Health reports forty-eight deaths for the week, due to the following causes:—Pneumonia, 15; influenza, 10; broncho-pneumonia, 3; heart disease, 2; scalding, 1; meningitis, 1; apoplexy, 1; convulsions, 1; endocarditis, 1; appendicitis, 1; premature birth, 1; heart failure, 1; cerebral hemorrhage, 1; pulmonary tuberculosis, 1; myocarditis, 1; typhoid fever, 1—total 48. J. B. Jones, registrar of vital statistics, reports for the week past 8 marriages and 1 births, 8 of the latter males and 3 females.

THE WEATHER. The weather man yesterday changed his mind considerably, and in the morning showered, on the just and the unjust, a cool rain, serving to dampen the spirits of the citizens, then towards evening he wielded the wand and forthwith the air was decidedly cooler, but nevertheless inviting to an extent. Then came the moon which the calendars and the weather-prophets say is "to be a warm one." However, exceptions somewhat occur (with due respect to the prophets) and sometimes the weather man has little or no conscience, giving the populace that which pleases him and disregards the wishes of the "wishers."

CELEBRATION COMMITTEE CALLED FOR TO THIS FORENOON. A. O. Skinner, chairman of the peace celebration committee, wants every member of the committee to attend a highly important meeting at his warehouses, King street, at 10 o'clock this (Monday) morning.

COLLISION ON THE MARSH ROAD

Motor Cycle Badly Broken up Last Night and Horse Severely Injured—Cycle Was Running Without a Light.

As a result of a collision between a motorcycle and a horse on the Marsh Road last night the horse will probably have to be shot, the bike was badly smashed and the owner will have to face a charge of running without a light.

About half past eight as Walter Marshall, driving a horse from Short's livery stable, was coming in the Marsh Road he was run into by motorcycle No. 234, owned by A. E. Nelson. The breast of the horse was badly torn and one leg received a long gash. The motorcycle which had a side car attached, was smashed up and it is understood one of the two passengers was quite badly cut about the forehead.

The motorcycle was running without lights at the time of the accident and the men who were running it left the wreck and got away as soon as possible. The horse was brought to the city and will likely have to be destroyed as it lost a lot of blood. The accident happened just around the turn past the one mile house and it is said the cycle was exceeding the speed limit at the time it occurred.

Today County Officer Saunders will lay information against the owner of the cycle for running without lights.

OFFICERS LOST THEIR PRISONERS

Two Drunks Escaped on Union Street Saturday Night When Crowd Surrounded Policemen.

On Saturday evening a policeman arrested a man on Union street for being drunk, while a sub-inspector placed another man in custody for a similar offence. There was a large crowd present at the time and immediately the officers were surrounded and during the pushing and shoving the prisoners managed to escape and were hustled away. This did not apparently satisfy the crowd, among which was a large number of boys who called names at the officers. There was nothing left for the policemen to do but proceed to police headquarters and they were followed by about 350 people, many in the assemblage being women who, like the majority of prisoners present, were there out of curiosity. They assembled in front of the police station and it is said that a stone was thrown through one of the windows. There were a few cheers from some of the younger element and after about ten minutes the crowd dispersed. The chief of police was not in his office at the time and the commissioner of public safety was out of the city, but the report that spread over the city that there was a riot was greatly exaggerated.

THE FIRE HORN WILL BE USED

Ten Blasts Will Be Method to Notify Citizens When Armistice Terms Are Signed.

Mayor Hayes has asked the Commissioner of Public Safety to arrange some method to notify the citizens when the official word of the signing of the armistice terms comes. In pursuance with this request Commissioner McLellan has arranged that when the news arrives ten blasts will be blown on the fire horn. This will not be the signal for a celebration but only a notification to prepare for the celebration. As soon as possible after the news reaches the city Mayor Hayes will issue a proclamation naming the date for the holiday and the official celebration when the big parade will be held.

FIREMEN HAD THREE CALLS

Slight Fires Saturday and Last Evening—No Great Damage Caused.

The firemen were given a run on Saturday evening for a fire in the premises of McDermid's Dress, Jack-dealers, Smyth street. The blaze did some damage to the lower flat of the store, but was soon put out. A still alarm was sent in about 8:15 Saturday evening for a blaze in a detached fire of a house on Sydney street. This was soon extinguished and no damage done. Last evening about 6:30 o'clock the department responded to an alarm from box 142 and found a fire between the doors of a house owned by J. S. Gregory and occupied by Herbert Young on the corner of Camden and Portland streets. The blaze was quickly extinguished and very little damage was done.

A SPLENDID STARY. The first day's sales of Victory Bonds sold at Dykeman's Victory Bond booth totalled \$1,800.00 and the young ladies of the Y. W. P. A. are striving to beat this mark. The booth is placed very conveniently on the main floor and any wishing to purchase are assured of prompt service. Buy Bonds with the same determination as the men who battle for you, then you'll know you are doing your duty. Buy today at Dykeman's.

WOMEN'S SUITS. Women who have yet to select their fall and winter suits will find it distinctly to their advantage to visit our showrooms, read our adv. on page 2 of this issue. Danjet, Head of King street.

CARD OF THANKS. Mr. and Mrs. Robert Atkins, and son, Bruce, of Rexton, desire to thank their many friends for kindness and expressions of sympathy shown them following the deaths of their two sons.

ELEVEN YEAR OLD EDMUND L. CAMPBELL DIED FROM WOUND

With Two Other Boys Had Rifle in Vanwart's Barn Off Charlotte Street—Shot Through Lung—Died Yesterday.

Edmund L. Campbell, aged eleven years, son of Mrs. Katherine Campbell, 24 Harding street, died in the General Public Hospital yesterday afternoon at three o'clock, as the result of being shot about 8 o'clock Saturday evening while in the barn owned by Vanwart Bros., grocers, Charlotte street.

The little chap went to the barn with two other boys named Marteson and while there the elder of the Marteson boys attempted to take a small rifle from the hands of his younger brother Eynar Marteson, while doing so the rifle was discharged the bullet hitting the little Campbell boy and passing through both lungs, coming out behind the left shoulder.

At once the Campbell boy rushed into Vanwart's store and was later taken to Dick's drug store opposite where the wound was bandaged and later the patient was taken to the hospital.

While in the hospital he never lost consciousness but the doctors held out no hope for his recovery as he was hit in a vital organ, the lungs.

Later his mother visited him, and on Sunday morning paid him another visit. The afflicted mother stated last evening that while in the hospital the little lad talked natural, never losing consciousness until the afternoon, a short time before he died; and had told her about the late news of the war, especially of the abdication of the Kaiser and the other little things pertaining to his home. He told his mother while in the hospital regarding the manner in which he was shot, and what was stated above.

The little chap was bright and extremely popular among his playmates. He attended the school at St. Malachi's school, and was exceedingly clever in his studies. The gun with which he was shot was a 32 calibre rim-fire Stevens rifle, and owned, it is stated, by little Eynar Marteson, who is now arrested on a charge of shooting young Campbell.

Deceased is survived by his widowed mother, Mrs. Katherine Campbell, two sisters, Madeline and Greta, and four brothers, Willard, Colin, Stephen at home, and one in France, who left here in 1914 with the First Divisional Ammunition Column.

Much sympathy is being expressed to the bereaved mother and family in their great bereavement. Coronor F. L. Kenney will hold an inquest. A jury will be empanelled today, and after a hearing the remains will adjourn until a later date.

HOW WAR AFFECTS MATTERS IN ENGLAND

Robert Morrison of London in the City—English People Rejoicing—England's Future Trade Conditions.

A remark which well illustrates the vast strides that the war has taken during the past year was made yesterday by Robert Morrison, of London, who is stopping at the Victoria Hotel. He stated that when he left England in August, the British people were expecting and looking forward to at least another year of stiff fighting before victory would crown the Allies' efforts. He was not expected on his return, which will be shortly, they will be celebrating the downfall of militarism.

Mr. Morrison is prominently identified with British business interests, optimistically referred to the future trade conditions in England, saying that there is a very flourishing condition and on the increase. In closing Mr. Morrison cited a fact showing how the war had affected the centres of population. He stated that there was one spot in England where before the war the population was 2,000,000, and now there is a city of about forty thousand inhabitants, mainly interested in war work.

PERSONALS

Sanguio is soon to lose a settler who has been in the district some twelve years. Mr. Ernest H. Flewelling is taking his family into Edmonton where he will join the provincial police force. Mr. Flewelling has had military training and experience in the R. N. W. M. F., and on active service in the South African war which will no doubt aid him in his new work. The local Red Cross Society will lose an active and willing worker when Mrs. Flewelling goes and will have to appoint a new vice-president as she has held that office for six months. Mr. Flewelling was formerly a resident of St. John.

C. Hope Ross, London, England, is a guest at the Victoria.

Ernest Dayton, Trinidad, is in the city.

W. J. Reynolds, Trinidad, reached the city yesterday.

George McNelly, and W. H. Carter, Barbados, are guests at a local hotel.

Geo. Toole, chef of the Victoria Hotel, reaches the city this morning from Halifax, where he spent the weekend with his family and relatives.

ARRANGEMENTS FOR BIG CELEBRATION

All Citizens Can Enter Floats in Parade Planning They Are Not of An Advertising Nature—Meeting This Morning.

In event of a celebration on the public holiday, proclaimed by His Worship, Mayor Hayes to commemorate the winning of the war, everything relating to a public celebration has been arranged with the exception of a few minor details which will be settled at a meeting this morning at ten o'clock in A. O. Skinner's store.

An automobile parade, as is advertised in the press, will mark the first event on that day. The cars will tour the whole city and return again to King Street East, parking on either side of the street in equal numbers, as is possible.

The next event on the programme is the parade of the citizens and all military units now stationed in the city will line up on the north side of King Square and starting out as follows: the Great War Veterans, the military units, (under their various commanders) each in its proper place, headed by the military bands, the Boy Scouts and Cadets under Major Magee, a city float drawn by four coal-black steeds on which will be stationed the mayor and commissioners. Following will be other floats which will be in care to enter (but said floats must not be in the parade as an advertising medium), all societies which may care to enter, the I. D. E. (King's Daughters) and all citizens in every walk of life. Four bands will be on hand to render patriotic music and any selections bearing on the issue.

The parade will start about 2 o'clock and the route of procession as follows: King Street East to Sydney, thence to south side King Square, down King to Prince William, along Prince William to St. James, thence to Westworth, Mecklenburg, Sydney, Waterloo, City Road, Paradise Row, Main street, Portland, High, Simonds, Main, Mill, Union, Charlotte and back to the north side of King Square, where the parade will disperse.

Floats may be entered from any mercantile place or corporation, but such floats as entered must not be entered as advertisements in any manner whatsoever. The idea is to make the affair a huge one, long to be remembered, and the various committees respectfully ask the co-operation of all citizens and that they get into line on the day of the parade and make it one grand and glorious day—long to be remembered by the masses.

LT. GUSTAV KUHRING REPORTED WOUNDED. Rev. (Capt.) G. A. Kuhring Received Word From Ottawa That His Son Received Wounds on November 1.

Rev. G. A. Kuhring received word yesterday from Ottawa that his son, Lieut. Gustav Kuhring, had been officially reported wounded on November 1st.

Lieut. Gustav Kuhring enlisted as a private with the University of Fredericton Battery under Major Anderson. He spent eighteen months in France and was wounded by being buried under debris from the bursting of a shell. He was in England for nearly a year recovering from the effects of these injuries and returned to France two months ago.

He received his promotion on the field and has been acting on the observation patrol. In a letter received by his parents lately Lieut. Kuhring mentioned the fact that he had been slightly wounded but was carrying on.

HEROIC NURSE BETTER. Special to The Standard. St. Stephen, Nov. 11.—Miss Jean Flewelling, R.N., who has been quite ill at the residence of her brother, John M. Flewelling, is now believed to be out of danger, greatly to the gratification of her many friends. The young lady had given most devoted service to a number of the victims of influenza, and herself had fallen a victim of nervous prostration. One time her temperature was registered 110, a degree hitherto unknown, to at least local physicians.

THE EMPRESS SOLD. It is understood that the Empress Theatre, West St. John, owned by William C. Smith, has been sold to a St. John man. Mr. Smith is leaving for the West where he will take up another part of the theatrical business.

SARAJEVO TAKEN. Salonki, Nov. 9.—Allied troops have entered Sarajevo, in Bosnia, according to an official statement issued today by the French headquarters here. It was at Sarajevo that Archduke Franz Ferdinand was assassinated, just prior to the outbreak of the great war.

DON'T LET THE SOLDIERS DO IT ALL This Week Will Tell Six short days in which St. John must invest in a million and a half more Victory Bonds, or stand apart from other places of demonstrated patriotism. It is in the hands of every citizen to put St. John over the top. Her soldiers didn't shirk going over the top— Surely her home people can't afford to. BUY A BOND AND EARN THE RIGHT TO WELCOME THE BOYS BACK. Competition Is Keen The competition between the girls and the commercial travelers in selling bonds is keen and the results for the first day are not yet tabulated. Each side claims Victory.
