THREE CENTS

FORMER GERMAN LINER A FACTOR IN WINNING WAR

The Leviathan Brought to a Close Yesterday Her Important Service in Assisting Allies to Victory.

FORMERLY KNOWN AS VATERLAND

Sister Ship, Imperator, it is Understood Goes to Great Britain According to Terms of Settlement.

New York, Sept. 8.—With the arrival here today of the transport Leviathan, bringing home General Pershing and troops of the First Division, the giant transport brought to a close her important service in helping win the war.

The Leviathan, formerly the Vaterland, the second largest ship in the world, was interned in New York by the Germans in 1914, and "wittily damaged" to the extent of more than \$1,000,000.

The future of the ship is uncertain. It has been reported that she will be assigned to American passenger trade between New York and Liverpool with possible extension in the future of a service to Hamburg.

NORTH SEA WILL SOON BE FREE OF ALL MINES

Completion of the Work This Year Had Not Been Expected—Rapid Progress Has Been Made.

London, Sept. 8.—(By the Associated Press.)—The North Sea will be cleared of mines before the rough autumn sweeps to quit work, according to a statement made to the correspondent today by a naval authority.

FACTIONS IN U. S. SENATE GIVING IN ON COVENANT

Washington, Sept. 8.—Marked in North Carolina, prominent in administration leadership, declaring "some concessions in the way of reservations will have to be made to secure its ratification."

Cobalt Miners Vote To Accept Terms Of Mine Managers

Cobalt, Ont., Sept. 7.—The miners' strike, which has been in operation here for six weeks, is over. The miners' union held a mass meeting here this afternoon, and decided to call off the strike, and to accept the terms offered by the mine managers.

Port Arthur Welcomes The Prince

Cheering Throngs Gather in Disagreeable Weather to Receive His Royal Highness—Launches Ship "Adventurer."

Port Arthur, Sept. 8.—The Prince of Wales was greeted today by a crowd of people, who had braved the discomforts of cool, showery weather to extend to him Port Arthur's loyal welcome.

COMMITTEE HAS POWER TO CALL MIGHTY STRIKE

Definite Action by End of the Week on Threatened Strike is Expected of Convention of Brotherhood of Maintenance of Way Employees.

Detroit, Mich., Sept. 8.—Definite action by the end of this week on the threatened strike is expected of the convention of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, which opened its sessions here today with more than 2,000 delegates from Canada, the United States and Panama Canal Zone present.

The membership has already voted power to the Executive Committee to call a continent-wide strike of the 800,000 men in these crafts, unless wage demands and working agreements, asked of the railway administration of the United States and the Canadian government, are granted.

TRADES UNION CONGRESS NOW IN SESSION

The Nationalization of Coal Mines and the Best Methods for Bringing it About Chief Question for Delegates.

SEVERE CRITICISM OF OFFICIALS

Lloyd George Accused of Being Ready to Make Any Kind of a Promise Without Any Intention of Keeping it.

Glasgow, Sept. 8.—The great question before the Trades Union Congress, the nationalization of the coal mines and the method for bringing it about, direct action being urged by a prominent group of mine workers, was not prejudged by the president of the congress in his address before the opening session of that body here today.

Looks for Labor Government. He exhorted the trade unionists not to impair public confidence in their own government by accepting a government which would be a mere puppet of the big industrialists.

President Dunning denounced the policy against Russia as thoroughly unpopular and are found in the present congress, considered the greatest ever held in Great Britain, with numerous problems vitally affecting labor and the nation at large, comprising 850 delegates representing approximately 5,250,000 workers.

THE GOVERNMENT NOW IN SESSION AT FREDERICTON

Expected Valley Matter Will be Settled and Board of Commissioners Appointed to Handle Wholesale Liquor Business.

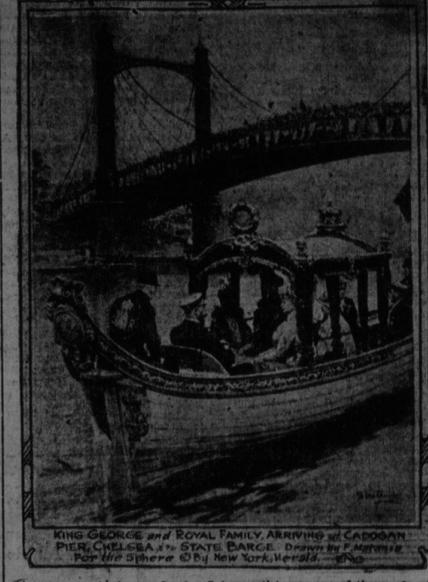

Fredericton, Sept. 8.—Premier Foster and members of the Provincial Government arrived here by C. P. R. this evening, and immediately went to the session. It was said tonight that the Government would probably be meeting for several days.

Hon. W. F. Jones, President of the St. John and Quebec Railway Company, arrived here this evening, and it was said that there will be some developments during the next day or two in the St. John Valley matter.

No statement was made tonight as to whether the Board of Commissioners to handle the wholesale liquor business in New Brunswick, when it is taken over by the Government on November 1st, will be appointed at this meeting or not.

Fred Magee, chairman of the Provincial Vocational Education Board, who met at St. John this afternoon to discuss co-operation with the Department of Soldiers' Re-education in the re-education of some 1,200 returned soldiers in New Brunswick, who are to leave tomorrow for winter, and it is understood that he will center with the Government on the subject.

ROYAL ENGLISH FAMILY DURING CELEBRATIONS

Matania, the famous London Sphere artist, was one of thousands who witnessed the royal scene on Peace Day in Great Britain. The royal party went on board the state barge, glowing with crimson and gold, at the Custom House and disembarked at Cadogan Pier, Chelsea.

UNIONISTS WOULD RATIFY TREATY AS NATION, WHILE THE LIBERALS WOULD ACT AS COLONY

Special to The Standard. Ottawa, Sept. 8.—So far as can be gleaned from today's debate on the Peace Treaty, the only essential difference between the parties is that the Unionists want to ratify it as a nation, and the Liberals want to ratify it as a colony.

Mr. Sifton concluded a very lucid address by endeavoring to answer the question as to what would happen if Canada did not ratify the treaty. "We know," he said, "some things that would happen. If the Government of Great Britain, regardless of whether or not it was rejected by this Parliament, then it would be for the people of Canada and the Government of Canada to decide what would be done next."

Dr. H. S. Boland, who followed, gave unqualified support to the treaty and wished the League of Nations Goodspeed, but like Mr. McKenzie insisted that the Canadian Parliament was not a sovereign parliament, and was fearful that in being a member of the League, Canada was increasing her international obligations without advancing her international status.

Hon. A. L. Sifton, one of the Canadian plenipotentiaries in Paris and who with Mr. Doherty signed the treaty on behalf of Canada, was quick to pierce Mr. McKenzie's armor. He did not agree with the opposition leader he said. That the people of Canada were better able to legislate for Canada than Canadians was a doctrine that prevailed in the old Crown Colony, but it was hardly opinion that should find acceptance under the conditions that existed today.

Mr. Sifton admitted quite frankly that the Dominion representatives did not meet all powerful at the conference, but he claimed for them some credit in the preparation of the reports upon which the final decisions of the conference were based.

GOVT REFUSES TO ESTABLISH ROYAL COMM.

Commission Was Requested by G. W. V. A. to Determine Practicability of Further Financial Aid to Soldiers.

KEEN DISAPPOINTMENT AMONG SOLDIERS

Feeling is Such That Several Members of Parliament Urge Prime Minister to Reconsider His Decision.

Ottawa, Sept. 7.—Keen disappointment was expressed by the national officers of the Great War Veterans' Association this evening at the refusal of the premier to establish a royal commission to determine the practicability of further financial assistance in the re-establishment of returned soldiers.

The exact date depends upon the action of the United States Senate in regard to ratification of the Peace Treaty containing the covenant which creates the League. Should the Senate ratify the Treaty in time to permit delegates to arrive for a meeting in November, it probably will be held then, but if the discussion is much protracted, the meeting time is expected to go over until some time in January, 1920.

Three Must Ratify. The first meeting of the League Council, however, can be called any time after three of the principal powers have ratified the treaty. It is expected to be held immediately after such ratification. Unless the Senate ratifies the Treaty by that time, the United States would not be represented at the meeting, which would be held in Paris or in London. Germany already has ratified and France is expected to ratify some time during September.

COURT OF APPEAL IN SESSION TODAY AT FREDERICTON

The Case of City of St. John vs. Belyea One That is Down in Chancery Division.

Special to The Standard. Fredericton, Sept. 8.—The Supreme Court, Court of Appeal, September session, 1919, opens tomorrow. The docket follows:

- 1.—Provincial secretary-treasurer vs. Robinson et al, executors estate Hon. A. E. McNeilan, deceased. Hon. Attorney General to argue special case for the Crown. Mr. M. B. Dixon, K. C., for defendants.
2.—Smith vs. Letovsky. Mr. A. H. Slipp, K. C., for plaintiff, to support appeal from Victoria County court. Mr. C. D. Richards, for defendant, to support cross-appeal.
3.—King's Bench Division: 1.—James Scott and Co., Ltd. vs. McCain Produce Co., Ltd. Mr. W. P. Jones, K. C., for defendant, to move to set aside verdict entered for plaintiff in counter-claim, and to enter a verdict thereon for defendant.
2.—Dunbar et al. vs. J. S. Hoskins Lumber Company. Mr. J. C. Harley, K. C., for defendant, to move to set aside verdict for plaintiff and to enter verdict for defendant, or for a new trial.
3.—Hamilton vs. Taylor. Mr. A. T. LeBlanc, for plaintiff, to move to set aside verdict for defendant and enter a verdict for plaintiff, or for a new trial.
4.—Myles vs. Myles. Mr. P. J. Hughes, for plaintiff, to support appeal to set aside verdict for defendant and to enter verdict for plaintiff.
5.—City of St. John vs. Belyea. Mr. K. F. Raymond, for defendant, to support appeal to set aside the judgment and decree for plaintiff and to enter a judgment and decree for defendant, or for a new trial.

EVACUATION OF ARCHANGEL BY BRITISH FORCES IS IN PROGRESS

London, Sept. 8.—Evacuation of Archangel by the British expeditionary forces is in progress, it is officially announced here today. Evacuation of Archangel by British forces has been expected here for some time. There is no information available, however, as to the disposition of the French, Italian, and even Serbian forces, of whom at least 40,000 there were a few remaining.

LEAGUE WILL NOT BE ABLE TO MEET IN OCTOBER

The Delay of the United States in Ratifying the Peace Treaty Precludes the Gathering in Washington.

MAY BE CALLED FOR JANUARY

First Meeting Can be Ordered Any Time After Three of Principal Powers Have Ratified Treaty.

Washington, Sept. 8.—It is now practically certain that the first meeting of the League of Nations will not be held in Washington in October, as originally planned. The exact date depends upon the action of the United States Senate in regard to ratification of the Peace Treaty containing the covenant which creates the League. Should the Senate ratify the Treaty in time to permit delegates to arrive for a meeting in November, it probably will be held then, but if the discussion is much protracted, the meeting time is expected to go over until some time in January, 1920.

Great Britain has enacted legislation carrying the Treaty into effect, but has not formally ratified it, probably waiting until after the Canadian parliament, now in session, has acted. Premier Lloyd George and Clemenceau both have promised to attend the first meeting. If domestic conditions warrant, their absence from the meeting is regarded as certain to be one of the British delegates.

Meanwhile delegates from all over the world have been making tentative arrangements to come to Washington in October, on the basis of the first announcement, and they are now awaiting to hear on a definite meeting time.

BAND OF GYPSIES TERRORIZED THE ISLAND FOLKS

Captured by a Police Posse Outside Sydney Yesterday and Are Held on Various Charges.

Sydney, N. S., Sept. 8.—Several members of a band of Gypsies who have been terrorizing the island for the past two weeks, were captured by a police posse just outside the city this afternoon and are now at the county jail awaiting trial on several charges.

The most flagrant case in which the Gypsies are alleged to have been captured, was that of a woman from Sydney, on the road to Arichat, early yesterday morning. Two well known citizens passing through Middle Cape when the car was stopped by the Gypsies who surrounded the automobile and pounced upon its occupants, relieving them after a short search, of a large sum of money. McDonald and Campbell, the parties in question, returned with a number of farmers, all under arms. A display of firearms had to be used before the money was finally returned. The Gypsies are said to have made the lives of farmers in their path miserable by their bold depredations. The band is composed of about a dozen men with numerous wives and their children, as well as a horde of dogs and other animals.

Aside verdict for defendant and to enter verdict for plaintiff. Chancery Division. 1.—City of St. John vs. Belyea. Mr. K. F. Raymond, for defendant, to support appeal to set aside the judgment and decree for plaintiff and to enter a judgment and decree for defendant, or for a new trial.

Aside verdict for defendant and to enter verdict for plaintiff. Chancery Division. 1.—City of St. John vs. Belyea. Mr. K. F. Raymond, for defendant, to support appeal to set aside the judgment and decree for plaintiff and to enter a judgment and decree for defendant, or for a new trial.

FIRST HAND OBSERVATIONS OF JEWISH POGROMS AT VILNA

Many Reports from Massacres Are Conflicting—The Small Country Districts Appear to Have Suffered Greater Cruelties Than Larger Centres.

By Herman Bernstein.
I started for Vilna, the city known as "the Jerusalem of Lithuania," the seat of Russo-Jewish culture, which figured in the newspapers several months ago because of the pogroms that took place there immediately after the Polish troops had entered the city.

The reports of the pogroms were conflicting. From Jewish sources came accounts of a terrible Jewish massacre. From Polish sources came denials. Polish press agents in foreign newspapers declared that there had been no pogroms in Vilna. Polish officials described the Vilna occurrences as a conflict between Polish troops and Bolshevik Red Guards. They declared that Jews had fired on the Polish troops from the windows of their houses and therefore a number of Jews were killed.

Then came the investigation by the American Minister to Poland, Hugh Gibson, who was accompanied on his trip to Vilna by Colonel Butler, formerly Commissioner for Poland, representing American Red Cross and by Dr. Hogen, representative of the American Jewish Joint Distribution Committee in Poland.

According to the American Minister's reports, as they appeared in the press, the accounts of the Vilna outrages had been exaggerated. The American newspapers quoted the American Minister as reporting that there had been no pogrom in Vilna.

How Jewish Pogroms Start.

In the military train bound for Vilna a Polish officer, speaking of pogroms in Poland, said to me:—
"Were there any pogroms in Poland? I saw one in Cheshow. It was a real Russian pogrom, although only a few Jews were killed there. A Jewish doctor who risked his life to save the life of a wounded Polish legionnaire was torn to pieces by the mob. A rumor was spread that Jews fired on Polish troops, and then the pogrom started. That is the way pogroms started in many places in Poland."

A prominent member of the Jewish community of Vilna said to me:—
"People are always talking about the great centres where Jews have been murdered by Polish troops. But it is much worse in the provinces in the little places. There are as many victims there, scattered all over the land. But nobody speaks of them. There is no record kept of them. The life communities are mute. Their cries are not heard."

I arrived in Vilna on Thursday, July 17. Vilna was preparing to honor the memory of Dr. Theodore Herzl, the Zionist leader, on Friday, the fifteenth anniversary of his death. Jewish girls were selling flowers and photographs of Dr. Herzl. Jewish shops were decorated with flowers white and blue. Zionist flags, Jewish children dressed in white and blue, and photographs of Dr. Herzl and flags pictures in the streets of Vilna. It was a solemn, silent, eloquent protest against the pogroms.

I went to the Jewish Consulate and spoke to the representative Jews of Vilna. I asked them for the details of the pogrom.
When it is recalled that Vilna was under martial law when the official protest was made public by the Jewish community of Vilna and published in the Jewish newspapers, the authenticity of the statements made in that declaration cannot be questioned. It is easy to understand what the military authorities would have done to the leaders of the Jewish community if they issued a statement that contained inaccurate allegations.

Shot Defending Husband.

Under the caption "Murdered" the memorandum says:—
"Reiza Stein was shot because she protested against her husband's arrest. S. Steinman was shot during the search in his house. Philip was shot because he refused to give up money which the soldiers found on him. Among the murdered Jews there was a large percentage of old men. Yankel Shifran, sixty-eight years old; Marochlevit, sixty-seven; Daniel Trakonsky, sixty-three; Leib Chait, sixty-one; Israel Levidov, sixty-one; Eliezer Halperstein and Mordeche Hillel, fifty-eight; Samuel Totzman, fifty-one. There were almost children among the murdered Jews, such as Philipovsk, sixteen years old; Sora Shochof, fifteen years old. Among others who were killed at Vilna were Elia Shelmuk Liba Watsbord, Lazar Hurwitz, Moisey Epstein, Necham Kuznitz, Lina Waks, Samuel Shepovsk, Moisey Aesh, David Syrak, Abram Rosenthal, Abram Alsenstein, Ruvim Shapiro, Chaim Sheberman, Gailia Kalyanski, Esther Shepesh, Chaim Kovarski, four unidentified Jews, Joseph Ronkashnik, Leib Reu, Polesch Judelevitch, Aris Zak, Novaha, Nots Bolburg, Lazar Rosh, Victor Irvanaki, Potashnik Zishkovich, the eminent writer A. Water."

DIAMONDS A SCARCE LUXURY

England Possess the Greatest Supply and is Holding on, Driving Prices Higher.

("Daily Express" Correspondent.)
Geneva, Sept. 8.—Swiss jewellers and watchmakers declare that there has been a famine in diamonds since January, and that the demand, especially from the Central Powers and America is ten times greater than the supply, while prices continue to soar, much to the advantage of British companies, who possess 90 per cent. of the world's output of diamonds. They refuse to sell in order to keep up prices.

This situation is declared by the Swiss to be a direct result of the war, as many wealthy families want to invest their fortunes in portable precious stones, while the newly rich want diamonds for show.

At a recent ball at Dvian-les-Bains a French society woman created a sensation by dancing in shoes glittering with diamonds.

WARNS MEXICO INTERVENTION IS IMMINENT

Carranza Partizan's Open Letter to His Leaders.

REGIME IS NOW DESPOTIC

One Hundred Deaths Daily in Fighting—Children Starve by Thousands.

Washington, Sept. 7.—Warning Mexico that intervention by the United States is imminent, General Salvador Alvarado, one of the leaders in the Carranza movement throughout its course, has addressed an open letter to Carranza himself and General Obregon and Gonzalez in which he scathing conditions in Mexico in starvation and death.

He estimates that the present daily death list in the scattered fighting between federal troops and rebels is one hundred a day. In Mexico City alone, he says, 8,000 children die each year for want of proper food, clothing and shelter.

Alvarado after trying to make the radical theories of the new Mexican constitution work in actual practice, declares the system must be changed. He declares Mexico has passed from one extreme of an irresponsible, "obstructionist Congress, to the other—a despotic, corrupting and ultra-personal presidential regime without responsibility or legal restraint. He accuses the administration of justice, charging that justice is sold to the highest bidder.

Alvarado urges Carranza, Obregon and Gonzalez to drop personal politics and unite with the revolutionary element in great party to solve national problems which he enumerates as follows:
Pacification of the country; organization of the army; settlement of internal and foreign debts; settlement of claims for damages caused by the revolution; the petroleum problem; organization of the national railways; and settlement of the banking problem.

So many are the causes impelling the United States to intervene in Mexico, Alvarado declares that the conflict surely will come sooner or later unless the Mexicans know how to prevent it with ability and patriotism.

"The States are few," says Alvarado, "in which life and property in the country are not at the mercy of handouts."

OBITUARY

Amos L. Pugsley.
Amherst, Sept. 8.—Another of Amherst's pioneer citizens has departed this life in the person of Amos L. Pugsley, who passed away yesterday at his home on Lower Victoria street. Only a few weeks ago the late Mr. Pugsley was stricken with paralysis, and, being in poor health at the time, the stroke proved fatal. The late Mr. Pugsley was eighty-two years of age, and up until the last two years has been in good health. He has been a resident of Amherst for many years and up until the time of his illness was a familiar figure on the streets of the town.

News of his passing away will be learned with regret by an extensive circle of friends and acquaintances. The deceased is survived by his wife and two children, Thorley L. Pugsley, at home, and Mrs. C. J. Tretaway, of Moose Jaw. The funeral will be held from his residence on Wednesday, 2.30 p.m. Interment will be made in the Highland cemetery.

Trade Union Boxes Seized at Liberty Hall.

(Daily Express Correspondent.)
Dublin, Aug. 6.—Liberty Hall, Dublin, was twice raided this morning by the police, and seizures were made. The first visit was at five o'clock when detectives and policemen seized a service rifle, an automatic pistol, some cartridges, an officer's uniform, and an Army chaplain's uniform. They arrested the caretaker, a man named Peter Smith, and another man named Quigley, of whom the official deny all knowledge. The second raid took place at twelve o'clock and was a great surprise.

Liberty Hall is the headquarters of the Transport and General Workers' Union, and large payments are made on Friday in connection with National Health Insurance. The raid was carried out by detectives, soldiers, and policemen carrying revolvers. They arrived in two large motor lorries, and policemen were placed on all the doors to prevent any one entering or leaving.

The detective-inspector in charge of the party stated that he wanted to examine certain trade union boxes in the hall, and as the keys were not forthcoming four of the boxes were carried away despite the protest of Mr. William O'Brien, treasurer of the Transport Union.

During the raid a poster was exhibited in one of the windows of the hall inviting the police to join the police union, and propagandist literature was offered to the policemen.

Sinn Fein—Unlimited.
A report issued by the Sinn Fein executive in relation to a private meeting held on Thursday states that the loan to be voted by the "Sinn Fein Parliament" will be allocated to develop industries, pay consuls and establish a bank to purchase untenanted lands.

One delegate complained that when he held a meeting to establish a branch of Sinn Fein in his constituency he only got 400 pounds.

The mission of de Valera to America was described as "a colossal success," and de Valera was authorized to increase the amount of the American issue of the loan to twenty-five million dollars.

SUFFERED TERRIBLE AGONY

"Fruit-a-tives" Alone Gave Him Quick Relief.

Buckingham, Que., May 3rd, 1915.
"For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally a friend advised "Fruit-a-tives." I took this grand fruit medicine and it made me well. To everyone who has indigestion and Bad Stomach, I say take "Fruit-a-tives," and you will get well."

ALBERT VARNER.
50c a box, 4 for \$2.00, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

SEES BOLSHEVISM DYING NATURALLY

Hun Atrocities Nothing Compared to Insane Russians, Says Lt. J. Light.

New York, Sept. 4.—"An anarchist is a gentleman compared to a Bolshevik," according to Lieut. John Light, Toronto newspaperman, who, during the war was associated with Hugo Walpole, British novelist in disseminating British propaganda in Russia and the Scandinavian countries. Lieut. Light was among the 373 military and civilian passengers arriving today from Liverpool aboard the White Star liner Celtic.

"There is undoubtedly a tendency to Bolshevism in Great Britain and in this country too I hear," the Lieutenant said. "But, if the people only know the real facts as we learned of them in the propaganda bureau, Bolshevism would be farthest from their thoughts."

"The horrors of German outrages, unrepeatable as they are, pale before those of the insane Russians. A German would have to be diabolical in ingenuity to exceed some Russians we know of who in the frenzy of revolution pulled their own officers to pieces alive. And that Bolshevik free love bureau—it is indescribable."

"The only salvation for Russia is to leave her to her own salvation. Bolshevism there is dying a natural death. Admiral Kolchak is a great man, but Denikine is now the biggest man in Russia. Through him something may be hoped for."

The Celtic brought a total of 373 passengers, nowhere near her capacity. Coming up the harbor she passed the American transport Liberator, loaded to the gunwales with the specially American system. The sight caused a wave of comment among the 186 Canadian troops on board regarding the Canadian demobilization and the specially American system. They complained that twice as many could have been brought on board the Celtic. Seven thousand Canadians were waiting in one camp alone, they said, and about sixteen thousand all over England, while British ships were coming this way half empty.

MUTINY DRAMA AT A SEAPORT

Round-up by Troops in Battle Order—Midnight Inter-view.

(Daily Express Correspondent.)
The military authorities have moved quickly and decisively in the matter of the 200 soldiers who refused to embark in the troopship on Friday night.

The facts have already been reported in the "Daily Express." It appears that some of the malcontents, who are nearly all Derby men, were under the impression that they were being drafted to Russia; these men belong to the Warwickshire Regiment. The rest, men of the Gloucester Regiment, were merely supporting them with a "sympathy strike."

At 9.30 yesterday morning, as the "fighters" were lounging about in camp, at Southampton Park, three companies of a battalion of the Royal Sussex Regiment arrived from Portsmouth, fixed bayonets, and drew a cordon round the camp. These troops were in fighting order, and had the usual complement of Lewis guns and ball ammunition.

WEDDINGS

Boucher-Brien.
Moncton, Sept. 8.—A quiet wedding took place this morning at 7 o'clock

at L'Assomption church, when Rev. H. D. Cormier united in marriage Miss Rose Anna Brien, eldest daughter of Mr. and Mrs. Thomas Brien and Irvin Boucher, both of Moncton. The bride entered the church on the arm of Mr. Eugene Casey, and the groom was supported by Mr. Octave B. Duplessis. After a short honeymoon trip in New Brunswick the happy couple will reside in Moncton.

FUNERALS

The funeral of Robert B. Humphrey took place yesterday afternoon. A short service was held at the house after which the body was taken to Trinity church where service was held at 3 o'clock. The Rev. Canon Armstrong officiating. Members of Arden Lodge, No. 1, F. and A. M., attended in a body. Interment in Fern hill cemetery.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

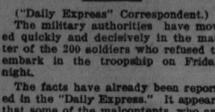

The name "Bayer" is the thumb-print of genuine Aspirin. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer." You must say "Bayer."

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing Co., manufacturers of Aspirin. It is well known that Bayer Manufacturing Co. manufactures to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WOMAN'S LARGER SPHERE

calls for intelligent planning of household duties to permit of wider participation in the affairs of the Government. The woman who knows Shredded Wheat Biscuit has already simplified her domestic problems. Shredded Wheat has been ratified in every Province. It is 100 per cent whole wheat and is ready-cooked and ready-to-eat-no kitchen bother or worry. Deliciously nourishing with sliced bananas, peaches or other fruits. The most real food for the least money.

CATELLI'S HIRONDELLE MACARONI

Contains no ARTIFICIAL COLOR. ING. IT'S PURE.

The Best Preserves You Ever Made

INSTEAD of using all sugar for your Preserving, I use half sugar and half LILY WHITE Corn Syrup. There is even a saving in cost, but the real economy is in the results that will follow—your preserves will be a success.

LILY WHITE brings out the full flavor of the fruit; it prevents "sugaring" and keeps the preserves in perfect condition.

Half sugar and half LILY WHITE. Anyone who tries the half syrup way of Preserving will never go back to all-sugar.

It Makes Dandy Candy

DODD'S KIDNEY PILLS

When 4 Days Old, Cross and Cried, Cuticura Heals.

"My baby brother had eczema which began when he was about four days old. It came in little pimples and then a rash, and he was covered. He was so cross he could not sleep, and he cried."

"This lasted about two months before we used Cuticura. It helped him, so we bought more, and he was all healed after we had used two cakes of Soap and two boxes of Ointment." (Signed) Miss Almada Williams, Youngs Cove, N. B., May 23, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

DIED.

FERRIS—On Sept. 8th, 1919, at his residence, Milford, Edward Ferris, Sr., leaving wife and family to mourn.

Funeral on Wednesday at 2.30 p. m. (old time) from his late residence. Service at the house at 3 o'clock.

CAIRNS—On September 7, Hannah, beloved wife of Robert M. Cairns, in her 87th year.

Funeral Tuesday afternoon at 2 o'clock, daylight time, from her late residence. Friends invited.

LET POSLAM SPEED AWAY YOUR PIMPLES

If you have pimples, act at once on this suggestion—there can be no harm in it and every probability of wonderful benefit. Get some Poslam and apply directly over the eruptions tonight. In the morning, examine the skin for improvement. If encouraged, continue as necessary and you will doubtless marvel at the rapidity and effectiveness of this treatment. Now that you know what it can do, you will find many ways to utilize the healing properties of Poslam.

Sold everywhere. For free simple write to Emergency Laboratories, 218 West 4th St., New York City.

And Poslam Soap, being medicated with Poslam will benefit your skin while used daily for toilet and bath.

Cours-Manchester, Sept. 8.—Arrived: Str. Geddington, (British) Sydney, C.

Boston, Sept. 8.—Arrived: Str. Emily, St. Martins, N. B.

Portland, Sept. 8.—Arrived: Str. Hercules G. Wildin, St. George, N. B. for Norwalk, Conn.

New York, Sept. 8.—Arrived: Str. Rotterdam, Rotterdam; Levitaham, Brest.

DODD'S KIDNEY PILLS

When 4 Days Old, Cross and Cried, Cuticura Heals.

"My baby brother had eczema which began when he was about four days old. It came in little pimples and then a rash, and he was covered. He was so cross he could not sleep, and he cried."

"This lasted about two months before we used Cuticura. It helped him, so we bought more, and he was all healed after we had used two cakes of Soap and two boxes of Ointment." (Signed) Miss Almada Williams, Youngs Cove, N. B., May 23, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

For free medical Catalogue, Cuticura Soap, Ointment and Talcum, send 10-cent stamp to: Cuticura, Sept. 8, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

The St. John Standard

ST. JOHN, N. B., TUESDAY, SEPTEMBER 9, 1919.

SCHOOL TEACHERS' SALARIES.

Inspector McLean reports half a dozen vacancies in St. John County schools and complains of the scarcity of teachers. The supply is abundant and increasing every year, but there is a very serious scarcity of school districts prepared to pay sufficient wages to justify those qualified in continuing in the profession. The so-called dearth of competent men and women to look after our public schools is entirely the fault of the short-sighted policy followed by those who look upon the teacher as an undesirable adjunct, an unnecessary expense and a person to be treated just as shabbily as possible. There is no class in the province today better able to pay fair salaries to teachers than is the farming class. Despite increases in wages, high costs of certain feeds, and other charges, the farmer is better off than he has ever been in his life. For the prices which he is able to command for his products are away in excess of the increased cost of production. Yet rural communities, enjoying these improved conditions, have not been fit to share their increase earnings with the men or women responsible for the education of their children, and as a result, salaries in this province today remain at figures which drive the best qualified teachers out of the profession. While in some of the cities the amounts paid have more than doubled in the past five or six years, the government contribution remains the same as it was ten years ago, while in rural communities the sums voted by ratepayers show only slight advances, not at all in proportion to the higher costs of living. It is no wonder that those whose dispositions would naturally lead them to the adoption of teaching as a profession are turned against it by the fact that they are unable to secure salaries sufficient to pay their ordinary daily expenses. School districts in flourishing settlements advertise for competent teachers and offer as much as \$100 a month, less than one-third of what the ordinary day laborer gets for working on the streets and one-half of what a farm hand can command. Just so long as this niggardly policy is pursued, so long will many of our communities find difficulty in obtaining teachers capable of conducting their schools.

THROW IT OUT.

Mr. Elkin intimates that because of an acknowledged weakness in the Harbor Commission Bill as it stands today, an amendment providing for the operation of the ferry may be introduced at the present session of parliament. The best thing that can be done with this absurd bill is to throw it out altogether and prepare a new one embodying the details of the transfer. Before this can be done a complete survey of the harbor and a revaluation of all works must be made. Following that, conferences should take place at which authorized representatives of the several departments interested may discuss with our own officials the future management of the port. Harbor Commission is desirable. It is unfair that St. John should be called upon to continue permanently the maintenance of a port for all Canadian trade. But it is infinitely to our advantage to do this than to surrender control under an agreement which on its face provides such a system of management as will inevitably shut us out from successful competition with any other Atlantic ports while at the same time depriving us of the fair return which we should expect on our invested capital. The present Harbor Commission Act was jammed through parliament without consideration. Whoever framed that measure did so without consultation with the parties most directly interested, and it will be well for all concerned that we go back to the beginning and plan this transfer with some attention to the future.

U. S. FOOD PRICES.

The United States Federal Food Administrator issued a few days ago a Fair Price list to be observed by all retailers. The figures given by him are said to indicate very material reductions in the ruling prices of all commodities of the list, despite the fact that in many cases the gross profit to the retailer which he allows is generous indeed. Yet even with these reductions which have been so warmly welcomed, the people so benefited will not be much better off than we in Canada, for the prices of food stuffs here today are on the whole less than the reduced prices now ordered. For example, the United States food administrator authorizes a retail price of thirty-two to thirty-five cents per pound for hindquarters of lamb as against thirty cents per pound in St. John. Beef goes to forty-four cents per pound for good and medium steak, thirty-three cents per pound for roasts, and thirty-six cents for rib cuts. These prices are about equal to what St. John is paying. In grocery and dairy lines,

fresh eggs retail at sixty-nine cents per dozen under this ruling, while in St. John they can be bought at from fifty-five cents to seventy cents per dozen, depending on the nature of the dealer. Bread may not be sold for more than nine and one-half cents per pound, which, based on the practice here, would represent a sixteen-cent loaf. Creamery butter may be sold at sixty-three cents per pound as against fifty-five to sixty cents per pound in St. John. Granulated sugar must retail at ten and one-half cents per pound as against twelve cents permitted by the Canadian Commerce Court.

WHERE THE TAX HITS.

There never yet was an assessment system that suited everybody. The most carefully devised plan is bound to have its unfair features and this is the case with St. John's present Act, which is the product of long and careful study by men who are supposed to know. Every dollar's worth of property and income made exempt from taxation increases the rate demanded from other properties and incomes, and by reason of the fact that personal property valuations have been cut in two for the present year it is imperative that the rate on real estate, on income and on the other fifty per cent. of personal property, must be advanced. One of the great weaknesses in our old scheme arose from the fact that capital invested in securities was subjected to the same taxation as business stocks, which means that a person possessing a moderate income from investments had to hand out practically one-third of that income in the way of taxation. Now we have swung in the other direction and the owner of real estate yielding a moderate income pays heavily, while the capitalist who spends his time in clipping coupons gets off much more easily than ever before.

THE DEMAND FOR LABOR.

The New York Times says that the present disturbed condition of labor is merely the result of the policy of the past five years. Following the outbreak of the war, munitions became the most necessary articles of manufacture. The production of other commodities was reduced and in some cases entirely discontinued, and our efforts directed towards increasing the output of war materials. Naturally this diversion of industry, accompanied by a world-wide demand, was immediately followed by a rapid advance in wages until employment in munitions production became synonymous with wealth. Today munitions are not required, but because of that diversion of industry, construction which has been one of a standstill for years, has become one of the pressing needs of the day, and with it increasing transportation by land and water. There is a worldwide desire for new homes and for the interchange of natural manufactured products, and with this is given to labor the opportunity of demanding ever-increasing wages in these lines, similar to that taken advantage of by munition workers during the period of the war.

A GROWING LIST.

The list of motor mishaps continues to grow. None of those recently reported were of accidental occurrence. Without exception they were due to the carelessness or incapacity of the driver. One of the latest was occasioned by the driver forgetting the rule of the road in New Brunswick, another was from sheer mechanical ignorance, a third was due to speeding around corners, and a fourth to the age of the autist, who, under the present law, should never have been permitted to handle a car. In any one of these four damage would have been avoided by proper precautions. One life was lost, two or three persons more or less seriously injured, and a number of cars broken up, all because incompetent persons are permitted to play with dangerous toys.

WHAT THEY SAY

A LESSON FROM FINLAND. Dallas News—Finland, which suffered equally with Russia in the war, is now about the quietest country in Europe. This is because the Finns have sense enough to devote themselves to construction rather than destruction. "A little child shall lead them."

AT WAR WITH RUSSIA. Springfield Republican—It is true that Kronstadt is being destroyed by a British fleet it will be still more difficult to keep up the pretence that the Allies, or some of them, are not at war with Russia.

TO CUT DOWN PRICES. Buffalo Express—Chicago would not stand for the fifteen-cent shine and went on strike. Shines are now ten cents. Ought not to encourage us to strike against the 50-cent hair cut?

EAGER MINDS NEEDED. London Chronicle—No era ever demanded more from its young than this. Will the young be able to lift the old questions out of the old

grooves, to introduce fresh light by suggesting new dimensions, to inspire painful exploration to an occasional leap? The open mind is good, but the eager mind is better; and in every department of life it is the eager, forth-reaching, discovering mind that our jaded age most needs. The young men and women of today have an immensely greater opportunity as well as a heavier responsibility than any of their predecessors.

INTERFERENCE IN EUROPE. Ottawa Journal—Some people profess a passionate desire to see the newly liberated countries of Europe work out their own destiny, resenting anything in the nature of interference on the part of the Allies. It has been argued especially that the Allies had no business to butt into the affairs of Hungary, released from Hapsburg tyranny and seeking to establish a government of their own. But how has interference from the Allied Peace Council affected the interests of Hungary? For the better, surely. Allied suggestion ended the regime of the Bolshevik Bela Kun government. Now, it has defeated the attempt to resurrect the Hapsburg monarchy, it has been done Joseph, and Hungary, it has been contended, should be free to choose its own government, but in the chaotic condition of the country the people are unable to choose for themselves. If they were able, would they select either a Bolshevik or a Hapsburg government? Surely not. So-called Allied interference has not usurped the proper rights of the Hungarians, but rather has been in the direction of their preservation.

A BIT OF VERSE

THE HUMBLE HOME-COMING. (Toronto Telegram.)
Home! Home! Sweet, sweet home!
It is ever so humble,
There's no place like home.
It has an humble ice box,
That is full of humbly under Acheer,
It has an humble armchair,
And some humble couches near.
There's a humble mattress waiting
On an humble little bed,
Where, an humble evening over,
I may rest my humble head.
There is humble running water,
For my humble morning shave;
And there's water, hot, in plenty,
For my humble morning shave.
There is humble electricity,
And also humble gas;
I push an humble button,
And light 'em as I pass.
The country is a charming place,
To come to when it comes to humbleness,
My humble home for me.

A BIT OF FUN

Sarcasitic.
"Your friend, the telephone girl, is rather sarcastic, isn't she?"
"What makes you think so?"
"When someone asked her for some of the other night, she began, 'I Hear You Calling Me.'—Baltimore American.

Repartee.
"Well! Well!" exclaimed Mr. Talker, looking up from the morning paper. "Boots and shoes should be getting much cheaper. Here's a paragraph that states that they are being made from all sorts of skins, even rat skins." "I wonder what they do with bananas and orange skins?"
"Oh, my dear," replied her husband, "they make slippers!"—Tit-Bits.

Touched.
Pastor—"Don't you think I touched them rather deeply this morning?"
Deacon—"I don't know, sir, I haven't counted up yet."

He'll Get His.
Atlanta Constitution—Mrs. William Hohenzollern says "The Lord is leading her husband." If that's the case, he'll sure get what's coming to him.

"When Mr. Casey died he left all he had to the orphan asylum."
"Indeed! That was nice of him. What did he leave?"
"His twelve children."

Gray: "Come home to dinner with me. I don't suppose there will be much, but if you take us as we are—much as it is—pot-luck and—"
Green (heartily): "Oh, don't apologize, old fellow. I've dined at your house before, you know."

She: "And how is your bachelor friend?"
He: "When I saw him last he was mending slowly."
She: "Indeed, I didn't know he had been ill."
He: "He hasn't been, he is sewing some buttons on his clothes."

An Old Proverb.
A Chinaman was much worried by a vicious-looking dog which barked at him in an angry manner. "Don't be afraid of him," said a friend. "You know the old proverb: 'A barking dog never bites.'"
"Yes," said the Chinaman, "you know proverb, I know proverb, but does dog know proverb?"

Practical Sermon.
A minister, in the course of his sermon, illustrated his point by saying: "You know you plant roses in the garden, and heliotrope and geraniums, but if you want your fuchsia to grow you must keep them in a shady nook."
After the service a woman came up to him, her face beaming with pleasure. "Oh, I am so grateful for that sermon," she said, clasping his hand and shaking it warmly.
"His heart glowed for a moment—only for a moment, though."
"Yes," she went on, "I've never known before what was the matter with my fuchsia."

Report True.
First Woman—I've been told that every time she calls at her husband's office he is out.
Second Woman—I'll warrant he is out 'till at least,

Little Benn's Note Book

BY LEE PAPE.
Pop was smoking his pipe in the setting room and the pipe kopp going out all the time and every time it went out pop sed Dam to himself, and ma sed, Now Willyam, that's the 4th time you sed Dam, is that nice? I didnt mean the kind of a Dam you mean, I meant the kind of a Dam you put in rivers to sep the wattr strate, sed pop.
No you didnt, either, and dont say it any more, sed ma.
Not another Dam, sed pop. Being another one rite then, and in a min-ut his pipe went out agen, and pop sed, Conserah it to smitherness, blast it and blite it.
Well, thata better, I sippose, but not much, sed ma.
And pop puffd about 4 more puffs and his pipe went out agen, and pop sed, Maledickions and oaths, everlastig cusses and cusses and cusses.
If there any way to get around a thing youll get around it, sed ma.
Wich pop hadent hardly litt the pipe wen it went out agen, and pop sed, Holy dimity, ding bust it to blazes.
For mercy sake, wy dont you stop smoking the old thing altogether? sed ma.
Meaning the pipe, and pop litt it agen and it went out agen, and pop sed, Volcanic erupshins and diabolicals, explosions, blank it, dubble blank it, triple bling it, and blank it.
My goodniss, you better say Dam, sed ma.
Wich the next time his pipe went out pop did.

JUDGE DECLARES WOMAN'S DRESS TOO ABRIDGED

Not Too Conscious of Feeling Which Prompted Eve to Hide Herself. AND THIS IS IN TORONTO

Feminine Comment Caustic—'Judge Lennox Should Stick to His Text,' Says One.

Toronto, September 5.—Mr. Justice Lennox, who recently conducted an investigation for the Toronto Board of Education, in a communication to the board today with reference to some matters thought of after his report was presented, took occasion to criticize women's dress, though his investigation had had nothing to do with the subject.
Said he: "At this time we have such painful evidence upon the streets and in public places that respectable and well-meaning women and girls are not unduly conscious of the conditions and feeling which prompted Eve to hide herself in the garden of Eden. It is a shocking thing to know that fathers and mothers are thoughtlessly permitting innocent young girls to go out from their homes clothed in a way calculated to invite the gaze of every blue-eyed tempter that haunts its streets."
Trustee Miss Constance Boulton, who was present at the hearing of Mr. Justice Lennox's report at the way women dressed nowadays, replied: "It looks as if the judge just wanted to get something off his chest."
Trustee Mrs. W. E. Grooves said: "What has women's dress got to do with a report on the school buildings?" "The judge should stick to his text."

REMARKABLE STATUS EVEN FOR IRELAND

Parish Priest Secures Rifle to Protect Himself Against Parishioners—A Priest's Protest.

A remarkable situation, even for Ireland, where the impossible always occurs, has developed in Cooraclare, in the south-west of county Clare. The parish priest has secured a rifle to protect himself against his parishioners, and is obliged to make his pastoral visits in an Army motor-car. The police and military were recently withdrawn, on the assumption that the place was lulled into quietness, and immediately an outbreak of shooting followed.
Seven or eight houses have been riddled with bullets in the last few days, but, fortunately, nobody appears to have been killed or wounded. The trouble arose when Father Heir, the parish priest, began to denounce the outrages from the altar. More than 40 of the congregation arose and marched out as a protest. After Mass they started back, presumably to attack him. He called on the rest of the congregation for protection, but only two persons volunteered. He therefore sheltered himself in his house.
Two brothers named Donnelly and the local schoolmaster and his brother (an Excise officer from London on a visit) were attacked two nights ago because it was believed that information was being given to the priest of events in the village.
One of the brothers, armed with a rasping head, resisted, and claims to have driven some of the attackers away. The other brothers had a rough-and-tumble battle with several of the crowd, and bears marks of having been bitten.
In several cases recently congregations have walked out of church, refusing to listen to denunciations of the many outrages.

DIAMONDS

A Diamond

Is Its Own Bargain Today

There are really no bargains in diamonds—in the way of price cutting, because no one cuts the price on goods that have "intrinsic value" and that are advancing in value all the time.

In the last ten years Diamonds have advanced over 100 per cent, and are still going up. That is the reason why "A Diamond Investment" is its own bargain—and furthermore Diamonds cannot depreciate in value, at least until new Diamond fields are discovered. "As a gift—or for a personal investment"—you cannot go wrong if you make a purchase of one of our Diamonds.

Claims Dandruff Will Cause Baldness

If you have dandruff you must rid of it quick—it's positively dangerous and will surely ruin your hair if you don't.

Dandruff heads mean faded, life, gray, scraggly hair that falls out and falls out—new hair will grow—then you are bald and no one can help you.

The only sure way to abolish dandruff for good is to destroy the cause of it. To do this you must surely and safely, and at little expense, there is nothing so effective as Parisian sage, which you can get from good druggists everywhere. It is guaranteed to banish dandruff, itching scalp and falling hair, promote a new growth, or the small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies all hair needs an antiseptic liquid neither sticky, greasy, easy to apply, and delicate.

If you want beautiful soft, lustrous hair, and lots of it by means use Parisian sage. Don't begin tonight—a little attention insures abundant hair for years to come.

PHYSICAL NEWS

FROM OUR CORRESPONDENTS

Sackville

Sackville, N. B., Sept. 8.—Mr. and Mrs. P. Smith and family, who have been spending the past three months visiting relatives in England, returned to their home here on Monday.

Miss Emma Duncan returned Wednesday from St. John, where she has been spending a few days with her sisters in that city.

Prof. and Mrs. Bigelow and Miss Masters left recently for Spencer's Island, where they are the guests of Prof. Bigelow's mother.

Mrs. Cecil Hicks, who has been visiting relatives in Prince Edward Island, has been spending a few days in town, the guest of Mrs. A. G. Miller. Mrs. Hicks left Saturday for her home in Moncton.

Mrs. Daman left Saturday for Boston, where she will spend a few weeks the guest of her sister, Mrs. T. Troon.

Mrs. Frank Knapp entertained a number of her friends very pleasantly on Friday afternoon, in honor of Miss Violet Knapp of Stomessed, Quebec, who is spending her vacation at her home here.

Mr. and Mrs. Arthur O. Ford returned Tuesday from Toronto, where they have been spending a couple of weeks.

Mr. and Mrs. Percy Gilts and family, have returned from Cape Tormentine, where they spent two weeks the guests of Mr. and Mrs. Alex Ford.

A very pretty wedding took place at 8 o'clock on Wednesday afternoon, in the Sackville Methodist Church, when Miss Vera Mathilde Gromland, daughter of Mrs. Oskar Gromland of Toronto, was united in marriage to Mr. Kenneth Lockhart Dawson, C. E., of Halifax, N. S.

The church was artistically decorated for the occasion with a profusion of golden glow and ferns. The ceremony was performed by the Rev. H. E. Thomas, pastor of the church. The wedding march was played by Mrs. H. H. Woodworth, organist of the church, and during the service the hymn, "The Voice That Breathed Our Eden" was sung by the choir.

The bride who entered the church on the arm of her mother to the strains of Lohengrin's Wedding March, looked very charming in a wedding gown of white tulle and lace, and carried a bouquet of orange blossoms, and a nosegay of bride roses.

Miss Ruby Wigle as bridesmaid wore an orchid satin and carried a bouquet of white gerberas, and a nosegay of sweet peas and ferns. Mr. Talk of Halifax, acted as best man, the ushers being Messrs. Fred Reid of St. John, and Russell Cahill. Mrs. Gromland, the bride's mother was wearing a blue dress and a blue hat.

At the conclusion of the service the bride and groom were repaired to the apartments of Dr. and Mrs. Wigle, Mount Allison College, where a reception was held. Later Mr. and Mrs. Dawson left for Prince Edward Island, where they will spend their honeymoon, and on their return will reside in Halifax.

Going away the bride wore a navy blue travelling suit, with brown hat and ermine trim. Mr. and Mrs. Dawson have the best wishes of a host of friends.

Mrs. Edward Hazen and children have returned from Montserrat, P. E. Island, where they have been spending several weeks at Mrs. Hazen's old home.

Mrs. H. Hamilton, who has been spending a few days at Charlottetown, P. E. Island and Cape Tormentine, returned Tuesday to her home here.

Mr. Stewart Murray, B. A., son of Mr. and Mrs. Thomas Murray, left Wednesday for Victoria, British Columbia, where he will write examinations preparatory to entering the teaching profession. Mr. Murray graduated from Mount Allison University last May, and is splendidly equipped in every way for the difficult job of teaching.

There arrived in Sackville a few days ago, Oscar Bonnell and Victor Thomson, two lads from the West Indies, who will take a course at Mount Allison Academy. At their request they were piloted from Boston by Kenneth Palmer, son of Dr. Palmer, principal of the Academy. These boys from the South are the vanguard of what is believed will be a record attendance the Academy. Two or three others are expected from the West Indies, while every mail brings applications from Maritime points.

Mrs. Cecil Atkinson, who has been visiting in town, guest of Mrs. Alice Atkinson, Weldon street, left on Saturday for her home in Boston.

Mrs. T. Mahon, who has been spending the summer with her father, Mr. W. Siddall, left Saturday for her home in Concord, Mass.

Mrs. Holmes, wife of the Rev. Mr. Holmes of the Newfoundland Methodist Conference, is visiting her brother, Mr. J. W. Donell, Squire street.

Mr. Earl McPhee, former principal of the Sackville High School, lately returned from overseas, was in Sackville recently, calling on old friends.

Mr. McPhee was on his way to his home in P. E. Island. In about three weeks he intends leaving for Edinburgh, Scotland, where he will attend college during the coming year.

Miss Katherine McConnell of Somerville, Mass., is visiting in town, the guest of her cousin, Miss Alice Bulmer.

Miss Doris Lister left Saturday for Boston, where she will spend a few weeks visiting relatives.

Mr. and Mrs. A. W. Dixon and family, who have been spending the summer at Cape Tormentine, returned to town on Thursday.

Mrs. Fred Stahagons left recently for Boston, where she will spend a few weeks visiting relatives.

Dr. Charles F. Harper of New York, is registered at the Ford Hotel. He is accompanied by his wife and two daughters. Dr. Harper is a native of Belle Verte, but this is his first visit to his old home for about thirty years. Dr. Harper is a cousin of Col. Bedford Harper of Middle Sackville.

Mr. and Mrs. George W. Chase announce the engagement of their daughter, Ethel Chase, to Mr. Clarence Clifford Curtis of Brandon, Man., marriage to take place on Wednesday, September 10th at West Sackville.

Mrs. Garfield Hare and little daughter, Shirley, who have been visiting Mrs. Hare's parents, Mr. and Mrs. W. Milner, left Saturday for their home in Taunton, Mass.

Sapper G. W. E. Davis, Pte. R. T. Tower of Sackville, and Pte. H. Taylor of Little Shamog, were amongst those recently returning from overseas.

Rev. E. G. Macpherson is spending the vacation at his home in Eurika, N. S.

Miss Zetta Siddall of the Civil Service Staff at Ottawa, who has been spending a two weeks' holiday at her home at Westmorland Point, returned to her duties at Ottawa, on Sunday.

Her sister, Miss Vesada Siddall, who has been on the staff of the Civil Service for several years, intends giving up her position next month to take a course of nursing in one of the hospitals in New York.

Mrs. A. E. Wry and family, who have been spending the summer at Cape Tormentine, returned to town on Monday.

Mrs. B. A. Tritas is spending a few days at Cape Tormentine.

Miss Alice Hanson of Sackville, who enlisted in the 28th Battery at the beginning of the war, has arrived home after serving four years and three months on active service, over three years of which were spent in France. Gunner Baird was seriously wounded on three occasions.

Miss Alice Hanson returned Sunday from Amherst Shore, where she spent a couple of weeks the guest of Miss Elizabeth Hewson.

The Misses Havel and Pearl Barnes have returned to Moncton, having spent their holidays in town, the guests of their aunt, Mrs. Wm. A. Kingston.

Mrs. Hiram Copp and Miss Jean Rayburn are spending this week at Cape Tormentine.

Mrs. A. W. Bennett has returned from Albert County, where she has been visiting relatives.

Richibucto

Richibucto, Sept. 6.—Mrs. Blanch Wilson and two children and Miss Margaret McKinnon, left on Wednesday morning for Lawrence, Mass. On their way they will visit their brother at Fredericton.

Mr. Oliver LeBlanc, Inspector of Weights and Measures from Buctouche, visited here on Tuesday.

Centreville

Centreville, Sept. 6.—Foster Scholey, son of Mr. and Mrs. H. T. Scholey, who answered to his country's call as soon as the war broke out, has arrived home. Mr. Scholey saw service in many of the hard fought fields of France and Flanders and carries several wounds. His many friends are glad to see him looking so well.

Dr. Charles Main and son, Wilnot, who have been overseas, have been visiting at the home of Mr. R. W. Belluch. They left for their home in St. Stephen Friday.

Among Labor Day visitors in town were Miss Margaret Campbell, primary teacher of Acrostook Junction, and Mr. Douglas W. Downey of Canterbury.

Miss Mary M. Harold, Miss Rovens B. Downey and Miss Florence Williams left on Monday for Fredericton to attend the Normal School.

Rev. L. R. Richards and family of Westford, are guests of Rev. J. R. and Mrs. Jones at the rectory.

Mr. Odour Nevers, of Coldstream, is the guest of Mrs. Frances West.

Mr. and Mrs. Haddon Burt, of Woodstock, are visiting friends here.

Mrs. Garden of Woodstock has been visiting friends in this place.

Mr. Norville Reid has accepted the principalship of the East Florenceville school.

Mr. and Mrs. J. Chesley Stevens, who have been touring Boston, New York, Niagara Falls, Toronto and Montreal, returned home on Monday.

Mr. and Mrs. L. H. Baldwin and family, who were recent visitors at Mr. Baldwin's old home in St. George, returned on Monday.

Mrs. Charles Main, who has been visiting relatives in town, has returned to her home in St. Stephen.

Among recent visitors to the

Moncton

Moncton, Sept. 6.—Mr. and Mrs. M. A. Hutton of Joggins' Mines, were guests of Mr. and Mrs. George Maddison on Monday.

Miss Alice Hanson returned Sunday from Amherst Shore, where she spent a couple of weeks the guest of Miss Elizabeth Hewson.

The Misses Havel and Pearl Barnes have returned to Moncton, having spent their holidays in town, the guests of their aunt, Mrs. Wm. A. Kingston.

Mrs. Hiram Copp and Miss Jean Rayburn are spending this week at Cape Tormentine.

Mrs. A. W. Bennett has returned from Albert County, where she has been visiting relatives.

Mrs. Dorrit Oully, dietitian of the Naval Military Hospital, Halifax, who has been spending her vacation in Moncton and Shediac, left on Saturday for Halifax.

Mr. and Mrs. Leon Lindsay of St. John, are visiting Mr. and Mrs. C. W. Givan, King street.

Mr. A. J. Curran left this week on a trip to Vancouver and other West coast cities.

Mrs. C. T. Purdy, Mr. Clarence Purdy and Masters Neel and Wm. Purdy, returned from Amherst and Tidnish, where they were guests of Mr. and Mrs. Clarence Purdy.

Miss Corinne Cormier, who has been spending the past three months in Moncton, Buctouche and Shediac, left this week on her return to Gardiner, Me.

Miss Grace Black, who has been visiting friends in Campbellton, returned home this week.

Mr. and Mrs. W. A. Fitch, Masters Ralph and Clyde, returned home this week from Little Bras d'Or, C. B., where they spent the summer.

Mrs. S. G. Fraser and daughter, Mona, left this week for Toronto, where Miss Fraser will resume her studies.

Mrs. A. E. Williams, Miss Dorothy and Master Ronald, returned this week from Charlottetown, where they spent the summer.

Mr. Vivian Dunbar of the Royal Bank, Charlottetown, is the guest of his sister, Mrs. A. E. Williams, Pleasant street.

Miss Grace Warman, R. N., of New York, arrived in this city, the guest of her sister, Mrs. Jack Magee.

Miss Laura Smith, Mrs. P. W. Turner and little son, left this week for Chatham, to visit Mrs. E. S. B. Strothard.

Mrs. J. C. Graves and family have returned from Rexton, where they spent the summer months.

The Misses Robertson and Master Charles Robertson of St. John, were recent guests of Mr. C. S. B. Robertson, Alma street.

Mr. A. E. Jones has returned from a business trip to Montreal.

THERE'S NO DOUBT

that you get the maximum return for your money when you buy Zam-Buk, because Zam-Buk is all medicine—not 4% medicine and 96% animal fat as ordinary ointments are.

The herbal extracts and vegetable oils of which Zam-Buk is composed are so wonderfully blended and refined that Zam-Buk possesses unusual power of penetration. Instead of remaining on the surface skin, as ordinary ointments do (owing to the amount of coarse animal fat they contain), Zam-Buk literally soaks through until it reaches the "root" of the disease, which is always in the underlying tissues. Then it cures from the "root" up, which is the only thorough and permanent way of curing skin troubles, and is why Zam-Buk succeeds when other treatments fail.

Zam-Buk is best for eczema, pimples, blotches, psoriasis, chronic sores, blood-poisoning, teething rash, boils, piles, cuts, burns and scalds. All dealers in Zam-Buk Co., Toronto. 50c, 5oz, 3 for \$1.25.

Zam-Buk is best for eczema, pimples, blotches, psoriasis, chronic sores, blood-poisoning, teething rash, boils, piles, cuts, burns and scalds. All dealers in Zam-Buk Co., Toronto. 50c, 5oz, 3 for \$1.25.

Last Call for New Candidates in Standard's \$10,000.00 Contest

No new candidates will be permitted to enter the contest after this week. Anyone thinking of entering their name in The Standard's Contest must get it in by Saturday, September 13th, as no new names will be entered during last two weeks of contest.

THE PRIZES TO BE WON

- GRAND PRIZES FOR EACH DISTRICT
- \$2,435.00 CHALMERS TOURING CAR
- Bought from Motor Car & Equipment Co., 102 Princess Street, St. John, N. B.
- \$1,450.00 OVERLAND TOURING CAR
- Bought from J. A. Pugsley & Co., 45 Princess Street, St. John, N. B.
- \$1,545.00 MAXWELL TOURING CAR
- Bought from Motor Car & Equipment Co., 102 Princess Street, St. John, N. B.
- \$1,390.00 BRISCOE TOURING CAR
- Bought from F. W. Dykeman, 45 Princess Street, St. John, N. B.
- SECOND PRIZE FOR EACH DISTRICT
- FOUR \$550.00 HEINTZMAN & CO. UPRIGHT PIANOS, One for each District.
- THIRD PRIZE FOR EACH DISTRICT
- FOUR \$160.00 BRUNSWICK CABINET PHONOGRAPHS, One for each District
- Pianos and Phonographs Bought from The C. H. Townshend Piano Co., 54 King Street, St. John, N. B.

HOW THE PRIZES WILL BE AWARDED

To the candidate in each district getting the greatest number of votes, the Automobiles will be awarded. The candidate getting the greatest number of votes in the entire contest territory, will have first choice of the automobiles, this will eliminate one district for the automobile prizes. The candidate getting the greatest vote in the remaining three districts, will have second choice of the automobiles, the candidate getting the greatest vote in the remaining two districts will have third choice of the automobiles. The remaining automobile will go to the candidate in the remaining district having the greatest vote in that district. The pianos will be awarded to the candidate getting the second greatest vote in each district and the phonographs will be awarded to the candidate in each district getting the third greatest vote. To those candidates who remain active until the end of the contest but fail to win one of the above prizes, will be awarded a cash prize of ten per cent. of the amount of money each candidate turns in on subscriptions. EVERYBODY WINS A PRIZE.

MARKET REPORTS
STOCKS, BONDS AND PRODUCE

STOCKS ACTIVE AND STRONG IN TRADE ON MONDAY

Shorts Were Encouraged to Extend Operations Among Various Specialties Owing to Deadlock in Steel Industry Labor Situation.

New York, Sept. 8.—Stocks were active and strong on the resumption of trading today, but the market soon lapsed into dullness with a heavy undertone, owing mainly to the absence of bullish incentives.

The deadlock in the steel labor situation was again the chief deterrent lack of definite developments in that quarter encouraging the shorts to extend their operations among various speculative issues.

United States fluctuated between 102 3/4 and 104 3/8, closing at 103 5/8, unchanged, but allied shares, notably Crucible, were inclined to strengthen later, finishing mostly at gains.

Trading in rails was negligible, even after the fairly favorable crop report, the moderate reaction in stand-ard transportation becoming more apparent after publication of Southern Pacific's July earnings, which disclosed a heavy decrease in net operating income.

Almost the only elements of consistent strength were provided by oils, motors and shippings. Mexican petroleum advanced to 12 1/2 points, most of which was held, with pronounced strength in Pan-American Petroleum, Texas Company and Sinclair.

Among specialties Alcohol was noteworthy for its rise of over six points and several of the motor specialties. Utilities as represented by American Telephone, Western Union and Montana Power were distinctly heavy.

Sales amounted to 675,000 shares. Premier tendencies were manifested in the money market, call loans closing at 8 per cent, after opening at 5 1/2.

Liberty bonds were strong, foreign issues steady and the general list little changed, though slightly better. Total sales, par value, aggregated \$14,500,000.

TWO CARLOADS OF WOOL SHIPPED TO BOSTON MARK WORKMAN DISPOSES OF HIS STEEL HOLDINGS

The Wool Was Graded by the Dept. of Agriculture — Bishop Richardson Attending Committee Meetings of General Synod of Canada.

Special to The Standard.
Fredericton, N. B., Sept. 8.—Two carloads of wool, which was graded by the Department of Agriculture at the Exhibition Buildings, is being shipped today to Boston. The wool was removed from the exhibition buildings to the Curling rink some time ago, and today the last forty tons of the wool is being shipped out.

According to the Greek press, the adoption of this plan, called over by President Wilson last week as his own substitute for the Polk and Tardieu plans, would discredit Venizelos with his own people beyond hope of recovery. His best friends say that they also say, of course, that the plan can never be adopted.

Furthermore, Mr. Wilson, would give to Bulgaria all the northern part of Thrace as well as the northwestern part of eastern Thrace. All the rest of eastern and western Thrace would be given by the Wilson plan to the international committee of Constantinople, under the mandate of some great power.

The Greeks are far more upset than the Chinese were by the final American policy as to Shantung, for in this case there had been no warning. The Greeks were reconciling themselves to the Polk plan. Venizelos himself had agreed to accept it, and there was no thought on their part that America would demand an even greater concession from Greece, certainly not the concession of practically every foot they had claimed.

When Frank Polk arrived in Paris to head the American delegation, he brought no Wilson plan for Thrace with him. The fact that his own proposal for a Thracian solution was so much more favorable to Greece than the President's is sufficient evidence that he had no intention of what Mr. Wilson was going to propose later on when he rejected both the Polk and Tardieu propositions. So the Italian, French and English, as well as the Greek delegates now in Paris are wondering how and upon whose advice he arrived at his latest conclusion, and who drew this new map of Thrace with no Greece in it.

One inference being drawn from Mr. Wilson's plan is that the President feels confident America will take a mandate for Constantinople and want all Thrace which was left to the mandatory power under the Polk and Tardieu treaty.

To sum it up geographically, the Wilson plan gives all eastern Thrace except the small region north of Adrianople, to the mandate of the state of Constantinople. The piece

Stock Market Messages from Montreal Says Pres. of Dom. Steel Corporation Will Retire Shortly.

Sydney, N. S., Sept. 8.—A stock market message, received over F. B. McCurdy and Company's wire here from Montreal, says that it is rumored in the Quebec city that President Mark Workman has sold most of his holdings in Dominion Steel Corporation stock, and will shortly retire from the company. Inquiry in Steel Corporation quarters today brought only the word that nothing whatever was known in those quarters in regard to the matter. Mr. Workman, one of the largest shareholders of Dominion Steel, has been president of the corporation since January, 1916. Prior to that time he was chairman of the finance and selling committee of the board of directors.

BALSAM FIR PEST DAMAGES TREES IN NEW BRUNSWICK
Special to The Standard.
Fredericton, Sept. 7.—Half of the balsam fir in New Brunswick has been destroyed by a pest this year according to a report brought to the city by Prof. S. A. Graham of the University of Minnesota, and Prof. J. D. Tohill, of the Dominion Entomological Bureau, who have returned after taking a trip of 125 miles through the crown timber lands of the province in company with L. S. Webb, of the forest service on an investigation of the destruction by the pest.
They entered the woods about a week ago at Red Bank, near Newcastle, and then went to the head waters of the Little South West Miramichi, and then came south across the Rouens and out of the woods at Dolosstown. The trip was made on foot, and practically all of the balsam fir which is very plentiful in that district, has been destroyed by the spruce bug worm. In some areas where the pest was thicker than in others, it attacked the spruce and not the Rouens and then went to the head waters of the Little South West Miramichi, and then came south across the Rouens and out of the woods at Dolosstown. The trip was made on foot, and practically all of the balsam fir which is very plentiful in that district, has been destroyed by the spruce bug worm. In some areas where the pest was thicker than in others, it attacked the spruce and not the Rouens and then went to the head waters of the Little South West Miramichi, and then came south across the Rouens and out of the woods at Dolosstown. AROUND THE CITY
FAIR AND COOL

HOUSE BUILDING.
A special meeting of the county council will be held this afternoon to consider the county scheme for building houses under the Dominion Loan Act.

TO STOP SPEEDING.
Commissioner Thornton yesterday announced his intention to stop the speeding of motor vehicles in Adelaide road, and stated that if the operators of buses did not stop speeding their licenses would be cancelled.

CONGRATULATIONS.
John B. Eagles, dry goods merchant of Main street, is receiving congratulations of having attained his eightieth year, in the enjoyment of good health. Mr. Eagles, who is still actively engaged in business was the recipient of many souvenirs of the day.

ROTARY CLUB.
The speaker at the Rotary Club yesterday was Mr. F. L. Smith, who talked on the Interdenominational Forward Movement now being organized in Canada. Miss Powers, head waitress at Bond's, was presented with a purse by the members of the club in recognition of her coming marriage.

PAYING THE TAXES.
The rush of citizens to pay taxes this week so as to save the five per cent. discount is said to be the greatest yet experienced probably because the time between the issuing of the tax bills and the expiration of the discount period is the shortest on record. Citizens have till Wednesday at 6 o'clock to pay up and take advantage of the discount.

COUNTY COURT.
The case of Grouard vs. Carleton was continued yesterday before His Honor Judge Armstrong in the County Court. At adjournment the case was unfinished and was set over until Wednesday morning at ten o'clock. J. P. H. Teed for the plaintiff, and D. Mullin, K. C., for the defence.

FLOATING FIRE ENGINE.
The Miramichi Lumber Co. has installed on a barge a Worthington pump, 12 x 14, capable of throwing two powerful streams of water when connected by a hose with a steamer of this size. The barge can be towed to any fire on the water front and supplied with steam by the tow boat.—Chatham News.

A NEW ARRANGEMENT.
The casualty company of the district depot is carrying on the work of the dispensary now, as the department has been abolished. Capt. Reginald A. Major, M. C., who was the officer commanding, has been struck off the strength and will take up his duties when he returns to the city as adjutant of the 62nd Regiment.

SOLDIERS COMING.
Eight officers and 387 other ranks for this military district are expected to arrive in Halifax next Thursday on board the S. S. Cedric. The R. M. S. Minnedosa is also due at Quebec on the same date, but there are no military passengers on board for this district.

THE RIGHT TO VOTE.
A question of some interest in view of the coming plebiscite on the Prohibition issue is whether clergymen who have moved since the lists have been made up will be able to vote. This applies to school teachers and others. The temperance people wish to get out as big a vote as possible, but it is suggested that the law requiring domicile in a voting district some time before an election may deprive quite a number of people of the right to vote.

THE MARTELLO HOTEL.
As announced in The Standard on Saturday, the directors of the Protestant Orphans' Home will take over the Martello Hotel on the West Side, and fit it up as an addition to the present home. In order to finance the new home a canvass of the citizens will shortly be made by committees which will be appointed for the purpose, and it is hoped that the response of the citizens will be generous.

MUNICIPAL ELECTION.
Next month will see the municipal elections in St. John county, and the respective candidates will soon be announcing themselves. There will be contests in all the parishes. In St. Martin's, it is understood all the present councillors will be in the field and at least one other, as yesterday while in the city Charles F. Black announced his intention to be a candidate for the honor of representing that parish at the council board for the years 1920-21.

A QUIET SUMMER.
"Things are rather quiet in St. Martin's this summer," said Robert Carson, M. L. A., who arrived in the city yesterday to attend the meeting of the County Council this afternoon. "The Tejusco Lumber Company is doing about a normal business, and other lumber shippers rather less. No ships are being built there now, and it looks as if the boom in wooden shipbuilding is over." Asked if the Department of Public Works was doing any work in his district this summer, Mr. Carson said: "A little, and what work is being done is done very well, too."

BUILDING IN MONCTON.
The month of August was a record month for building permits. No less than forty-five permits were issued by Building Inspector Frank D. Hope, the total value being estimated at about \$10,000. This month's building permits brings the approximate value of permits issued from January 1st, 1919, up to \$2,400,000. The Eaton building will cost more than originally estimated, owing to the addition of a storey. The total cost, it is understood, will be about \$1,250,000. This will make the total in Moncton between \$2,500,000 and \$4,000,000. The C. N. R. freight shed which will cost about \$75,000 is not included in the above.—Moncton Transcript.

NIGHT SCHOOL TO BE STARTED
HERE FIRST OF NEXT MONTH

School Trustees at Meeting Last Night Transact Business of a Routine Nature—What Coal Costs the Board—Want Prizes for Cadet Corps.

Arrangements for the opening of the evening schools and a great variety of routine business occupied the attention of the members of the Board of School Trustees at the meeting held last evening.

In the absence of the chairman, Dr. Emery, M. Coll presided, and the following were present: Mrs. Dever, Mrs. E. R. Taylor, Messrs. Day, Nagle, Ingraham, Smith, Lewin, Green, and Dr. H. S. Bridges.

The secretary, A. Gordon Leavitt, read a report of the building committee, stating that the following tenders for coal had been accepted:

J. S. Gibson, 100 tons of chestnut at \$14 per ton; 150 tons of stove at \$14 per ton; 350 tons egg at \$14 per ton; 500 tons broken free-burning at \$13.75 per ton.

R. P. & W. F. Starr—1,000 tons of Reserve Mine Sydney at \$8.40 per ton. Letters of resignation were received from Miss Susan K. Kelley, Sister Francesca, Miss Greta M. Gillis, teachers, and Thomas S. Hill janitor, and letters of thanks from Miss Edith M. Magee and Miss May E. Lingley.

On motion the secretary was asked to send a token of appreciation to Sister Francesca, who has been a teacher in St. John for thirty years, and to Miss McLeod, who has served in the schools for a lengthy period. An application for position was received from Miss Lay S. Grant. It was announced that Joseph E. Neve has been appointed janitor.

A letter was read from S. W. McMackin, stating that the blasting which was done for the King George School blew the end of his lot and that repairs were made by the fence being put two feet back, making his lot two feet short. Mr. Day said that he could not agree with Mr. McMackin that the fence was two feet nearer, and moved that the matter be left to the school visitor, the architect and the superintendent. This was seconded and carried.

Want Prizes.

Colonel Snow then appeared and was given a hearing. He asked the board to consider the giving of a two dollar prize for each cadet per year. This would amount to between \$800 and \$1,000, but would prove a great encouragement to the boys. The prize is given for 75 p. c. attendance at drills, and when offered in Sussex and Moncton had resulted in not one boy being absent. Colonel Snow then spoke of the value of the cadet movement, and produced a number of letters of appreciation from principals of schools and members of school boards saying that the moral and physical results were excellent. Besides the drill, teams of five boys are instructed in first aid, and a prize of a Ross rifle is given for proficiency in this subject. The chairman told

Colonel Snow that the Board would consider the matter. Details relating to the various buildings, such as the breakage of \$38 worth of glass in the Aberdeen School and the leaks in the roof of the Dufferin School, were discussed, and the Dufferin School visitors were authorized to call for tenders for repairs.

The secretary reported having sent a letter to Dr. Emery saying that the Board of School Trustees had assumed the loss of salary incurred by the teachers during the time of the repairs to the heating plant at the La Tour School. The sum amounted to \$87.35, and it was thought that the Board of Education would surely reimburse the School Board if the amount was brought to the case. Dr. Carter replied that the Board of Education would take up the matter at its next sitting, and wished to know if the amount to be returned was preventable.

Vocational Training.
A letter was read from Fletcher Peacock acknowledging receipt of the copy of the resolution passed by the vocational training classes in St. John. He said this had the approval of the Vocational Educational Board and that they looked forward to seeing a vocational committee appointed.

J. D. P. Lewin spoke of the duty of proceeding with this, and said if the funds were forthcoming there should be no delay in starting. On motion of Mr. Nagle, seconded by Mr. Lewin, it was left to the chairman of the Board to appoint a vocational committee.

An offer received from the Modern Business College to give a scholarship of a complete course and a prize of \$5 for the best arithmetic student of the High School was refused by the Board.

The secretary reported that the finance committee had purchased bonds as follows: \$4,000 Province of New Brunswick Bonds at 4 1/2 p. c. due Dec. 1st, 1925, at \$96.18 and \$6,000 City of St. John bonds at 4 1/2 p. c. due Nov. 1st, 1933, at \$92.75 and accrued interest.

It was decided to open the evening classes on the first of October and extend them to the first of May. If enough applications are received, classes may be opened in the West End and the North End. Mr. Day spoke of the children's greeting to the Prince of Wales and said the success was due to Professor Fox, Miss Robinson and Mrs. Kubring. The city had received a few new bills incurred. Mrs. Kubring had offered the beautiful shields used on that occasion to the High School. The gift was accepted and the shields will be hung in the High School.

Given Two Years
In Dorchester

James McIntyre Must Serve His Term—Had Been Released on Suspended Sentence But Got Drunk.

James McIntyre, allowed out on suspended sentence after being convicted of stealing a coat from the Red Triangle rooms some time ago, was sentenced to two years in Dorchester yesterday by the police magistrate. McIntyre promised to go to Montreal and start anew, but turned up yesterday morning on a drunkenness charge.

Edward Landry, charged with being drunk, said a stranger tried to borrow money from him and falling offered him a drink. When he awoke following the effects of the drink, he was about \$100 and his friend as well. He was remanded.

One drunk was given the usual \$5 or two months' fine. Stanley Hartin, charged with breaking, entering and stealing from the tailor shop of A. Gibbs, Brussels street, was sent up for trial.

Leslie McKenzie was fined \$10 for driving his motor truck past a street car while passengers were alighting. Nathan Melzer was fined \$10 for disobeying the traffic regulations at the railway crossing before the Union depot.

Bonus Arrived
For Customs Men

Amounts Received Ranged from \$400 Down to \$75 According to Salaries and Dependents.

Yesterday the customs employees received the bonus granted by the department at Ottawa, the payment affecting all who were in the employ of the department on July and embracing practically everyone in the local office.

Married men and those who are the main support of their households received a bonus of around \$400 if their yearly salary was \$1,000 or less, and for every hundred dollars in advance of that amount there was a decrease in the bonus until the top figure of \$2,850 was reached, when the bonus was not much over \$75. Single men were granted a lower bonus, on much the same scale, but all single men, who have proved that they are supporters of the home are paid on the same reckoning as employed for the married men.

Must Provide For
Extra Children In
Public Schools

Eighty-Four Pupils in One Room—St. Peter's Girls, St. Patrick's and St. Joseph's Overcrowded.

At the school trustees' meeting last evening the teachers' committee heard a report from the superintendent on the overcrowded condition of the schools in the North and West Ends and again stated the absolute necessity of new buildings in each place.

He reported on St. Peter's Girls' School, which has 84 pupils in one room and 60 in the others. St. Patrick's School in the West End, St. Joseph's on the East Side, need more accommodation. This brought forth a spirited debate in which Messrs. Day and Green wanted particulars whether buildings were to be rented and wished it referred back to the board before any action was taken.

Several teachers received their regular increase of \$50 per year. The appointment of Sister Angela as principal of St. Vincent's High School, at the same salary as Sister Francesca had received, was confirmed.

City Employees
Want More Wages

Ask City Commissioners to Hear Delegation in Regard to Increases—To Buy Cloth for Policemen's Coats.

At the committee meeting of the common council yesterday morning a communication was received from the city employees asking to be heard on the matter of receiving increases in their pay. They pointed out in the letter that it would be impossible to wait for the requested increase until 1920. It was decided to hear a delegation on Thursday morning.

A letter from the Weights and Measures Inspection Service, Ottawa, suggesting that the city pass a by-law requiring the sale of potatoes by weight, was referred to the commissioner of safety and the city solicitor.

Commissioner Thornton reported that it would take probably \$20,000 to make the necessary repairs to the exhibition buildings. No action was taken. The commissioner of safety was authorized to purchase from Mark Fisher & Sons seventy-five yards of cloth at \$7.25 per yard, for policemen's great coats.

Building Figures
For Seven Months

A Comparison Between Seven Months Last Year and This Year—An Increase Shown.

The following show the building permits for the first seven months of 1919 and 1918:

PERSONALS
Mr. and Mrs. Melvin Jones, Cambridge, announce the engagement of their daughter, Laura May, to Mr. Gerth Elmore Hingham, of the United States Customs Service, Montreal, the marriage to take place the latter part of September.

JUST ARRIVED FROM ENGLAND.
F. A. Dykeman & Co. have just received a shipment of goods from the Old Country, and among them are some big values in Black Silks and Satins. These materials were bought months ago, and would sell for less than the wholesale price charged for them now. They come in Paillette and Duchesse at \$2.35 per yard, also Duchesse at \$3.35 per yard. They also have a few pieces of the famous Silk Charmeuse in Black and Burgundy. This Satin is 40 inches wide at \$4.90 per yard. New Brocade Silks and Satins selling from \$1.60 to \$5.50 per yard, and a strong and beautiful line of Silk Poplins which are selling from \$1.49 to \$1.95 per yard. Silk Department, First Floor.

OAK HALL LADIES' SHOP.
Ladies' Plush Coats.
New Plush Coats for Fall and Winter wear just arrived from New York. These coats are of the latest design, Plain and Fur-trimmed. It will be of great advantage to call and inspect the showing of these goods before buying elsewhere. Prices very moderate. Now on display.

ADD PERSONALS
C. B. Lockhart, collector of customs for the port of St. John, is enjoying a well earned vacation.
Capt. S. E. Stokes, general secretary of the Y. M. C. A., is again out of the city after being confined to his home for several days.
S. J. Wilkins, inspector of customs, is relieving C. B. Lockhart, collector of customs, while the latter is on his vacation.

Wood Mantels
In Popular Designs
As the hearthstone in the gathering place of the family circle during fall and winter evenings, the Mantel is naturally most prominent in the furnishings, and should be the most attractive. Our FINE DISPLAY OF WOOD MANTELS comprises an excellent range of prevailing effects in Oak, Mahogany, and Colonial White, suitable for Livingroom, Diningroom, Hallway, Den or Bedroom. In quality, workmanship, and finish, our Wood Mantels measure up to the most exacting demands. YOU ARE WELCOME AT ALL TIMES TO INSPECT THEM.
W. H. THORNE & CO., LIMITED

AUTHORITATIVE MILLINERY FASHIONS
Now, of course, you desire a Fall Hat and in the most becoming style, so allow us to suggest your inspection of our large showing, which embraces every style tendency of this fall showing. Four of our designers visited the leading Fashion Centres during August and our buyer has been most successful in assembling a wonderful stock, so probably every lady who views this remarkable showing will find the Hat, exclusive and individual, most becoming to her. Model Hats from leading designers. Velour Hats from Matteeauan, \$12 to \$15. Tailored Hats, wanted materials, approved styles. Hand-Blocked Untrimmed Hats. First With the Latest in Millinery.
Marr Millinery Co., Limited

A STOVE MESSAGE
To the Purchasing Agent of the Home
The decreasing buying power of the dollar that is stimulating thrift in many worthy directions is apt to induce some housewives to sacrifice quality in an attempt to save. This is false economy. When you buy a "ROYAL GRAND RANGE" remember that excellence of materials and conscientious manufacture insures you many years of service.
Emerson & Fisher Ltd.

SERVICEABLE SUITS
For School Boys
Now Showing in Latest Models for Fall and Early Winter
We have studied the wants and needs of school boys and college men, and have procured a line of Suits which are sure to please the taste of the youth, and satisfy the careful parent as to quality, style and workmanship. Especially desirable are the smart waist-line models, fancy Norfolks and belted styles made in Tweeds and Worsteds. LONG TROUSER SUITS for young fellows have been given our very special attention and are in a host of styles and fabrics that you will consider just right. Let the boy make his selection from our line. Boys' Clothing Section, Second Floor.
