### VOCATIONAL STUDENTS HERE ON FRIDAY

Big Class of 23 Young Men Drive up to inspect Stock at Cloverneck and Highland Farm

The Agricultural students of the Carleton County Vocational School, accompanied by their instructors, Mr. Maxwell and Mr. Elder, numbering 23 in all, and completing three double team loads, passed through Hartland last Friday. The boys were taking one of their many trips on live stock judging practice. Coming up the other side of the river, the class spent an hour on the Shaw Bros' farm where exceptionally good classes in Short-horn cattle and Berkshire swine were provided for their inspection. After having dinner at Hartland the class drove up to Dr. McIntosh's farm, above the town, where Mr. Kidney had in readiness a good class in aged Holstein cows, a class of Shropshire breeding ewes and a strong class of Leicester females. At both of these places the students were accorded a hearty welcome as well as being afforded the opportunity of judging exceptionally fine specimens of the different breeds represented. The students appreciated very much the privilege of passing judgment on the animals presented for their work, and their instructors through these columns wish to thank the Shaw Bros, Victoria Corner, Dr. McIntosh, Hartland and Mr. R. Kidney, Dr. McIntosh's farm manager, for the privilege they and their students were granted, accepted and so thoroughly appreciated. The co-operation of the breeders is very helpful in the livestock judging training that the students are pursuing.

### United Baptist Baraca Class

The executive of the United Baptist Baraca class met at the home of their teacher, Mrs. S. S. Miller, on Tuesday evening to talk over class matters and to arrange for the annual class social, which will be held on Feb. 22 at Mrs. Miller's home. It is requested that as many members and guests as can conveniently do so, will plan to be at the social as early as 7.30 p.m. About one hundred invitations have been issued. These are not all invitations to resident members and prospective members of the class, but a number have been mailed to our splendid men and boys who at one time were members of our class, but who are now absent from us and are now making their way and fortunes in other parts of the world. This remembrance of "her boys" is an outstanding characteristic of our class teacher. Our class meets every Sabbath at 7.30 p.m. and is held in conjunction with the Sunday School. The word "Baraca" is an abbreviation of the Bible word "Berechah" shortened in order to get all the letters into a class pin. This word is found in 2nd Chron. 20: 26, and means "Happy" or "Blessed". This class was organized in Feb. 1915 and has been maintained ever since and has an ever increasing membership and a good regular attendance. A good program is being arranged, and last but not least, by any means, will be the splendid refreshments which will be served during the evening.

H. A. Sippell, president.

### THE FARRALINE HOME COMES IN FOR PRAISE

(St. John Times.)

The unselfish and self-sacrificing work of the King's Daughters is a guarantee that whatever they undertake is for the public good. The Farraline Home for aged persons, and especially for couples who should not be separated in their old age, is a benefice which must appeal to all hearts. This Home, beautifully situated in Fredericton, was presented for the purpose of providing such a home, and the King's Daughters of the province undertook the task of fitting and furnishing it and having it properly conducted. This could not be done without funds and an appeal is being made to the general public. It is a provincial home. As time passes people of wealth will doubtless provide an endowment fund, but in the meantime the work will go on. St. John is ably represented on the board of management. The Home will be of inestimable value to many aged persons as the years pass, and those whose vision and faith have made it possible deserve hearty support in their unselfish efforts to establish the institution on a firm foundation.

Feed Cattle Too Much Straw

The mystery reported from Limestone Sliding, Victoria County concerning the death of cattle there

either from sickness or poisoning, has been solved. The feeding of dry straw as a sole ration was the cause, inflammation of the bowels being caused and death resulting. Henry Hitchcock owned the cattle and reported the incident to the Provincial Department of Agriculture and at the request of the latter Inspector Melanson of McAdam investigated with the result mentioned.

### ANNUAL MEETING FARMERS' TELEPHONE CO.

The regular annual meeting of the Farmers' Telephone Company, Ltd., was held at Hartland on February 3. C. E. Hildout was re-elected president and H. H. Hatfield vice-president. S. T. Gallagher of Centreville, A. D. McCann of Florenceville, Henry Smith and H. L. Dickinson of Windsor and Howard Drake of Mount Pleasant complete the directorate. George O. Britton is continued as manager and Miss Annie B. Drake as secretary-treasurer.

The annual report submitted a year ago showed that the company in 1919 had had a hard struggle. It was decided then to make drastic charges in order to meet increased expenses. The report of 1920 showed an improvement, and with rates adjusted to some extent near cost of service the ensuing year looks very favorable.

With general offices at Hartland the company operates three central offices: Hartland, Woodstock and Florenceville, and has between 700 and 800 subscribers scattered all over the county.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. Charles I. Wynn of Boston, announce the engagement of their daughter, Miss Alice Lewin, R. N., to Rev. C. S. Young of Lower Millstream. After teaching school Miss Lewin entered the Newton training school for nurses, where she graduated. Since her graduation she has been practicing her profession both in parts of this province and Maine. Miss Lewin is a niece of the late Dr. C. T. Phillips, so widely known in the Free Baptist Conference. Rev. Mr. Young was ordained in the Baptist ministry, and is pastor of the Baptist church at Plover Rock, his mission extending from Plover Rock to Riley Brook. Since 1917 Mr. Young has been pastor of the United Baptist church on the Lower Millstream pastorate. Mr. Young is the youngest son of the late Rev. J. W. Young, at one time Home Mission Evangelist under the Baptist Board for the Maritime Provinces. The many friends of Mr. Young and his bride to be will wish them a long and happy wedded life.

### POTATOES ARE CHEAP IN HOULTON MARKET

Houlton, Me., Feb. 14—Prices in Houlton are \$1.10 for Cobblers, \$1.25 for Green Mountains. Up country reports prices reversed as they have a better demand for Cobblers for seed. Receipts continue extremely light at all points. There has been no life in the potato market all the week, as the price for fancy table stock has been at lowest point in years. Local and outside demand has been light. At present prices producers are reluctant to dispose of their holdings, although it is generally known that there are still a great many potatoes on hand and that no immediate market improvement seems to be expected among the best informed interests.

Try Thornton's Purify Ice Cream, three flavor combination. They're great. Small size 45 cents, large size 60 cents.

### SUCCESSFUL RACES HERE ON FRIDAY

Woodstock Horses Carried Home the Bacon—Teddy Bear Wing Class  
B—Four Matched Races with Centreville Tomorrow

While the races of last Friday were considered by many the best ice races ever witnessed in the province, the race tomorrow is awaited with even keener interest.

Tomorrow Centreville's imposing array of fast ones is expected to come here and are matched as follows: Class A—"Dufferin Lead," owned by William Gilland, with "Lena Marie," Macintosh.

Class B—"Tweedy B," owned by Cyril Brown, with "Teddy Bear," Thornton Class C—"Queen C," owned by Blais Crockett, with "Lady Bell," Stevens. Class D—"Dot," owned by John Gilland, with "Onward Wilkes," S. DeWitt, "Annie G," Sawyer, "Kanchis," Macintosh.

The Centreville horses have been racing well. Their owners, eager for new fields to conquer, will surely give the Hartland horses an exciting time.

Woodstock brought up three horses to race Hartland last Friday and had a great afternoon's sport. Hartland can certainly draw a good crowd and the racing was of the A-1 variety.

Gassie W. is a great ice mare and she was splendidly driven by W. McLeod. In fact at the finish of the third heat he would make you think of Fred Cameron driving Fern Hal in a hard drive. Lucky Strike made a peculiar break in the second heat half way down the ice, swerving clear across the track and up on the side. It looked like a bad spill but he recovered and finished the heat. The third heat looked like a win for Lucky Strike as he was leading a short distance from the wire.

Mr. Black evidently thought he was going to win and eased up on his horse and then McLeod made the drive mentioned above, winning the heat. The next races were won by Lucky Strike. Teddy Bear, owned and driven by W. E. Thornton, won her race in good style. Harry Gratian, a Woodstock entry, acted badly and Onward Wilkes could not be ridden.

Sis Peters, owned by H. M. DeWitt and driven by Robert Hamilton, won in three straight heats, beating Peggy Hal and Xanthia. Woodstock won two out of the three races and the boys went home well satisfied.

The scores stood as follows:

CLASS A			
Lucky Strike—C. Black	1	2	1
Cassie W—McLeod	2	1	2
Time—30, 32, 30 3/4, 31, 31 1/2.			

CLASS B			
Teddy Bear—Thornton	1	1	1
Onward Wilkes—S. DeWitt	2	2	3
Harry Gratian—Gallagher	3	3	2
Time—31 1/4, 31 1/4, 31 1/4.			

CLASS C			
Sis Peters—H. M. DeWitt	1	1	1
Peggy Hal—C. R. DeWitt	3	2	2
Xanthia—Macintosh	2	3	3
Time—32, 31 1/4, 32.			

Starter—James Plummer.  
Judges—J. A. DeWitt of Patten, Me., D. A. Campbell of Hartland and Jas. Fawer of Woodstock.  
Timers—James Gallagher and J. H. DeWitt.

Miss Cella Webb who has been staying for some time with Mrs. Dolphie Nixon has gone to her home in Hainesville.

# CARLETON COUNTY COUNCIL, SESSION OF JANUARY, 1921

Court House, January 18, 1921.  
The semi-annual meeting of the Council of the Municipality of Carleton met in the Court House this morning. Warden Melville presided.

The following is the personnel of the Council Board:  
Aberdeen—Arthur McIntosh, James Miller.  
Brighton—W. D. Keith, Fred W. Smith, M. L. A.  
Kent—G. W. Perry, Stephen Kinney.  
Northampton—Henry Phillips, Arthur Giberson.  
Peel—B. W. Melville, Frank L. Tompkins.  
Richmond—W. E. Flemming, K. E. Dalling.  
Simonds—Odour Shaw, James Peters.  
Wakefield—Robert Bell, John Hannah.  
Whitton—R. K. Tracey, John Fulkerson.  
Wilmot—W. F. Anderson, H. P. Carvell.

Woodstock Parish—F. Byron Bull, Charles Clark.  
Woodstock Town—H. D. Stevens, James W. Gallagher, Alex. Benn.  
Hartland Town—James S. Faulkner.  
The officials present were: J. C. Hartley, clerk; Chas. Comben, auditor; J. P. McInnes, reporter; Herb Holmes, caretaker, and Deputy Sheriff Moore, constable.

Rev. F. M. Lockyer, pastor of St. Gertrude's Catholic Church, an over-sean chaplain, acted as chaplain and opened the Council with prayer. This was followed by singing the National Anthem.

Warden Melville said he was pleased to meet the Council and officials at the third session. Since last they met they had lost by death Coun. Wilnot Watson, one of our best citizens and a good councillor. He suggested that the Council prepare a letter of condolence to the relatives of the deceased. Since he assumed office he found that the duties of his position took up a lot of his time. He was supposed to attend the Hospital meetings, the Vocational meetings, and assist the Judge and Sheriff in preparing the jury list. The latter duty called him to Woodstock frequently. He was not able to attend the meetings of the Vocational school. Since his attendance at the Hospital meetings he had a whole lot of sympathy for the Hospital trustees. These men are doing all they could to make the public hospital a success. They must be doing good work when it is impossible for even he to not criticize; those who are prone to criticize should attend a meeting of the Hospital Board. One item alone, that of cost, cost \$3,000 for one year. His parish, Peel, had endeavored to collect the dog tax during the year. Personally he was not in favor of the dog tax and he hoped the Council would think of some way to get rid of it. Some of our best citizens refuse to pay the dog tax, and he did not feel like advising warrants to be issued against them; a dog with a tax put on him will bite sheep the same as a dog with no tax paid on him. When we last year things were bright for the farmer with potatoes selling at \$6 and \$7 a barrel. Things have changed and he advised the Council to practice the most rigid economy.

Mr. J. C. Hartley, the clerk, read the minutes of the June session.

Approved.

Mr. Chas. Comben, the auditor, asked that the auditor's report be deferred till Wednesday.

Warden Melville—The request is granted.

Moved by Coun. Bell, seconded by Coun. Stevens, and carried unanimously.

Whereas—It has pleased the Almighty to remove from our midst by death our esteemed friend and fellow councillor, F. S. Wilnot Watson, who for some years has occupied a place in our midst maintaining under all circumstances a character untarnished and a reputation above reproach; therefore

Resolved—That in the death of Mr. Watson we have sustained the loss of a friend whose fellowship it was an honor and pleasure to enjoy; that we bear willing testimony to his many virtues, to his unquestioned honor and stainless life and that we offer to his bereaved family and mourning friends our heartfelt sympathy.

Resolved—That a copy of these resolutions be presented to the family of our deceased friend.

Further Resolved—That a copy of these resolutions be spread upon the minutes.

Coun. Bell—These resolutions express my views and I can add nothing of my own.

Coun. Stevens—I regret to be obliged to second the resolution. The death of Mr. Watson is a distinct loss to the Council, to the family and to the parish of Richmond. The parish has a faculty of electing good men, but these men do not remain with us long. Recently we had to part with the late Coun. Alex. Bell, as well as Mr. Watson, both good county councillors. I wish to congratulate the young man, Coun. Dalling, who I see Mr. Watson's place, and I am sure he will be a worthy successor.

Mr. Hartley—Since last session I was called upon by the warden to issue a warrant for an election in the parish of Richmond, which I did, and the parish clerk reported to me that the result was the election of Kenneth Dalling for the parish of Richmond in succession to the late Mr. Watson.

Moved by Coun. Fulkerson, that we adjourn until 2 o'clock.

At the opening of the session Warden Melville had a letter from the town clerk of Hartland stating that James S. Faulkner was appointed as the representative of that town at the Council Board.

Approved.

The building committee, through Coun. Stevens, reported:  
Expenditures on Court House—\$950.89  
Expenditures on Jail—\$20.47  
Expenditures on Record Office—\$45.34

\$2,240.00  
This report was signed by Couns. Stevens, Clark and Fulkerson, and all items were fully explained by Coun. Stevens.

Moved by Coun. Stevens, seconded by Coun. Bell, that the report be received.

Carried.

Coun. H. P. Carvell requested that the poor house committee be allowed to report tomorrow.

Request granted.

Couns. Bell, Gallagher and Carvell spoke of the improvement made in the poor house property.

Moved by Coun. Gallagher, seconded by Coun. Bell, that the Council as a whole visit the poor farm at 10 o'clock on Thursday morning.

Carried.

Coun. Anderson, chairman of the monument committee, presented a letter received by Coun. Gallagher from Mr. Tarbox which was read by Mr. Hartley. The substance of it was that he could complete the monument, but he must have more money.

Couns. Anderson and Gallagher told of their visit to Mr. Tarbox's home in connection with the monument.

Coun. Anderson—We expect to have Mr. Tarbox here tomorrow. He wants about \$1,800.00 more money.

Coun. Gallagher—He suggests that the name be placed on a bronze panel, instead of being cut in the stone. Personally I don't like the change.

Coun. Miller—From the letter he seems to change the monument over to suit himself, not to suit us. Bronze panels would not wear as good as if cut in stone.

Coun. Smith thought we should cut him out altogether.

Coun. Gallagher—We have his contract and he is a reliable man. Let us wait until we hear from Mr. Tarbox personally.

Warden Melville—If the price had gone down he would be perfectly willing to complete his contract.

Coun. Flemming—Coun. Morgan, Coun. Perry and myself were a committee on revisors. Coun. Morgan is not representing Hartland at this session. That councillor secured a lot of information. In 1900 the valuation of the different parishes amounted to \$5,420,000, and the town \$1,035,000. At the present time the town of Woodstock has a valuation of over \$4,000,000.

Solicitor Hartley said it was necessary to appoint three revisors. They got their information from the assessors.

Coun. Stevens—The system is all wrong. It is human nature to escape taxation. They are all alike in the matter of dollars and cents. All assessors had their valuation down too low. When valuations came to inspect his parish, the general rule is to take them to the poorest section of the parish. Every parish wishes to keep its assessment down. If you get three uninterested men to canvass the whole country you will get a good valuation. If not you will only waste your money.

Coun. Perry—We want a good valuation. When the last valuation was made, Brighton had only a few shacks at the mouth of the Beagunawsc river. Now a town, Hartland, has grown up and it is getting by with old valuation taken 20 years ago. It does not matter whether taken 20 years ago. It does not matter whether it is a full valuation or the-thirds valuation, provided all the parishes are used the same.

Coun. Keith—Considering the assessment for political purposes, the county is better off because we did not have a valuation taken when we should have done so. We have the men who can take the valuation correctly, and I am in favor of appointing valuers at once.

Coun. Tompkins—I live in East Florenceville unfortunately and the village is taxed up high. The farms are not half taxed. I know farms valued at \$15,000 that are paying less than a small business block in the village. The Bank of Nova Scotia for instance is paying more than the say four farms in East Florenceville district.

Coun. Miller—I know a corporation in my parish that owns 29,000 acres of land, that is taxed only 33 1/2 cents an acre, while farms are paying \$1.00 an acre. I have fought against this inequality but without much success.

Mr. Hamdy—The valuers are simply valuers for the eleven parishes and the two towns, Woodstock and Hartland, to say how much is to be assessed, so far as the parishes are concerned, for the county assessment and the school fund, having an equality is between parishes.

Coun. Bell—The valuers get what information they can from the different assessors and then they can use their own heads as to valuation. My parish should not pay one-sixth of the county assessment. If the new revisors be appointed say so, then I am satisfied.

Coun. Anderson—To my mind the valuers would have to inspect every farm to get things right.

Coun. Carvell—I am in favor of the valuation. No one ever heard me say that my parish is a poor parish. We were valued at \$620,000. If our valuation goes up, I am satisfied. Let us get good men. We have only to raise so much money. Let the valuers value at 100 per cent. If the value goes up, the rate goes down, and you do not have to pay any more taxes. The assessment of 100 per cent. is merely copies of old assessments. If a man's taxes increase, I can't see that his taxes go up very much.

Moved by Coun. Stevens, seconded by Coun. Bell, that the report be received.

Carried.

Coun. H. P. Carvell requested that the poor house committee be allowed to report tomorrow.

Request granted.

Couns. Bell, Gallagher and Carvell spoke of the improvement made in the poor house property.

Moved by Coun. Gallagher, seconded by Coun. Bell, that the Council as a whole visit the poor farm at 10 o'clock on Thursday morning.

Carried.

Coun. Anderson, chairman of the monument committee, presented a letter received by Coun. Gallagher from Mr. Tarbox which was read by Mr. Hartley. The substance of it was that he could complete the monument, but he must have more money.

Couns. Anderson and Gallagher told of their visit to Mr. Tarbox's home in connection with the monument.

Messrs. Leighton and Giberson were elected. Gibson was disqualified as Leighton had been elected for Woodstock. The vote was again taken on the names of McDougall and Morgan, the next two highest men, with the following result:

Morgan ..... 14  
McDougall ..... 9  
Messrs. Leighton, Giberson and Morgan were declared elected as revisors.

As the Council had to visit the poor farm in a body tomorrow morning, and as the Driving Club had asked the Councillors who cared to be their guests at the horse races on Council Park from 2 to 3 o'clock in the afternoon, the Council adjourned to meet at three o'clock on Thursday afternoon.

Council resumed business at 2 o'clock, although adjournment was made yesterday until 3 o'clock to allow councillors who desired to do so to attend the horse races; these had been postponed, owing to the storm.

Warden Melville presided.  
Coun. Flemming, chairman on bills and accounts, made his report.

Coun. Flemming—I just wish to remark that in the bills of Sheriff Foster, a large amount of the bills was money paid out by the sheriff; the smaller amounts are the pay for the sheriff. Sometimes Sheriff Foster has to lay out of his money 6 months, but he had made no complaint and we have no recommendation to make along that line.

Report accepted.

Moved by Coun

Moved by Coun. Perry, seconded by Coun. Kinney, that a collecting justice be appointed for the parish of Kent to assist in collecting back taxes, and that the big list be placed in his hands.

Carried.

Coun. Keith—Has Kent and Peel collected any dog tax this year?

Warden Melville—Pel collected over 70 dog taxes, only ten dogs escaped payment.

Coun. Perry—If you look over the list you will probably notice that the biggest lot of money this year came from Kent.

Coun. Smith—This Council should petition the local government to abolish the dog tax.

Coun. Keith—The dog tax is a confirmed nuisance. It has got our best collectors in bad with the farmers. When the collector goes to the farmer's house, there are no dogs in sight, but they appear quickly after his departure. A would like to see the act abolished.

Moved by Coun. Keith, seconded by Coun. Bell, that no dog tax be collected this year.

Coun. Carvell—We have no authority over the dog tax and I will vote against the motion.

Coun. Smith—I am opposed to the act but it is a law of the province.

Coun. McIntosh—I am opposed to the law, but until it is repealed we cannot do a thing.

Coun. Bell—If this motion passes all the collectors have to do is to advise the assessors and collectors not to collect the dog tax this year.

Coun. Bell—I am in favor of the law. In my parish over \$1000 worth of sheep have been killed by dogs. If that same thing happens again we can get our pay for sheep killed.

Coun. Anderson—We have \$1200 in the dog tax fund. We are not trying to repeal the law, merely not enforcing it this year. Something will have to be done because our best collectors are resigning sooner than collect the dog tax.

Coun. Carvell—The electors should not condemn us for being true to the law. We have two members of the legislature, Couns. Smith and Tracey, and I bet that they will support the government. It will abolish the law.

Coun. Tompkins—Governments enact laws whether the people like it or not. This dog law is a one sided affair anyway. If 25 people in a district petition for it, it is given to them, no matter if 75 per cent. of the people is opposed to it.

Coun. Perry—I am against the dog law. I have always been against it. And I have not lost a vote. We don't want to collect more dog money when we have \$1200 on hand.

Coun. Phillips—I have never heard a kick against the collection of the tax in my parish, and we are going beyond our limits to abolish the tax. I will vote against the motion.

Coun. Keith—If any parish has a surplus in the poor account, for instance, it need not vote money for that purpose. Why not do the same in this case where we have a surplus? Why add to that fund? This is a time for retrenchment. Let us not collect it this year, and possibly Messrs. Smith and Tracey can induce the government to abolish the act before next year.

Coun. Fleming—If we do not collect it this year, we will have some trouble in trying to collect it next year. Richmond must have asked for it. The claims for loss of sheep are so moderate that it seems the law must be a protection for the sheep.

Coun. Tracey—Has a collector the right to collect a dog tax?

Mr. Hartley—He has the same right as to collect any tax.

Coun. Tracey—While the majority will pay, some people say right out that they will not pay. All the collectors are in trouble with the dog tax. Only three from back Wicklow refused to pay last year, but I am sure that there will be 50 refusals this year. If it is known whose dog does the killing, the owner pays full cost; if not known, the county pays two-thirds the loss and the owner gets off. While I resent the imposition upon us of such an onerous law, I feel that we have no control over it.

Coun. Tompkins—This motion is the best way to test whether we have any right that the government should respect.

Coun. Perry—As Couns. Smith and Tracey are law makers now, we will excuse them if they do not wish to vote on this question.

Coun. Fulton—I feel as if I should vote against the motion on the ground that the act is a law of the land. Let us collect the tax this year and maybe Couns. Smith and Tracey can help us out before next year.

Coun. Carvell—It is the law and we must tell our collectors to collect the dog tax. This discussion getting into the news papers will not help out in the collection.

Coun. McIntosh—If you were running an election in Aberdeen, the people would light on your neck if you supported the dog tax. But it is the law and I will vote against the motion.

Coun. Smith—I promise to do every thing I can to have this act repealed.

Coun. Tompkins—The Legislature has encroached upon the duties of the Municipal Council. We are the best judges whether the law is wanted by Carleton County or not wanted. Let us refuse to collect and see what the Legislature can do about it.

Coun. Bell—This is not a question of defying the law. We have enough of a fund to carry on without collecting any more for one year. Coun. Carvell talks about keeping it out of the newspapers. He also might have an election in view when he so advises.

Coun. Carvell—I am not afraid of the electors when endeavoring to have a law enforced. What I mean is that when the collectors hear the remarks of some councillors it will encourage them in their disposition not to collect. It is a statutory law and we must not do anything to oppose it.

Coun. Gallagher advised passing a resolution asking for its repeal and requesting Messrs. Smith and Tracey to bring the matter before the Legislature. In the meantime enforces the law.

Coun. Perry—As the Woodstock members do not have to pay a county dog tax, I think they should not vote.

and say, "now boys fight this thing out among yourselves."

Coun. Tompkins—We want to find out if we have any power to govern ourselves. A good stiff vote in favor of the motion might influence the government to do away with the law.

Coun. Benn—It is a good law. It has done away with a lot of miserable dogs and has been some protection for the sheep.

Coun. Bull—I am in favor of the law. Most of the sheep were killed at night. I had 16 killed in one night. You cannot find the owner of the dog, and now the losses are paid by the county for the sheep killed.

Coun. Gibson—Refusing to collect this year, would make it difficult to collect next year. I would like to ask the secretary if we can refuse to operate the law.

Mr. Hartley—The Council has no power in the matter.

Coun. Anderson—I don't see why we should not refuse to collect the dog tax this year.

Coun. Peters—Personally I am opposed to the act. But Simonds being a law abiding parish will assess for the dog tax this year. I would gladly do away with it, but it is not in the power of the Council to do that. If we did not collect, it would be difficult to get the system going again next year.

Coun. Tompkins—What steps must be taken to abolish the act?

Mr. Hartley—You will have to get the majority of the Legislature to repeal it.

Coun. Stevens—While the Woodstock members will not vote if it is so requested, still we will not shirk our duty in the matter of the dog tax or any other matter.

Coun. Tracey—I am not in favor of the dog law as at present, but I am in favor of a dog law with some amendments. Dogs should be registered and tagged the same as we do our automobiles. I can't see how we can suspend the operation of making laws of this kind which should be done by the municipalities. I will try to have the law repealed or amended before next year.

The motion was put to suspend the collection of the dog tax this year, and lost.

Yeas—Couns. Keith, Tompkins, Anderson, Hannah, Bell, Perry and Kinney.

Nays—The remainder of the Council. The warden appointed the following committees:

Finance—Couns. Anderson, Dalling and Benn.

Poor Farm—Couns. Carvell, Bell and Gallagher.

Building—Couns. Stevens, Clark and Fulton.

Moved to Vocational School.

Grant to Vocational School.

Moved by Coun. Carvell, seconded by Coun. Fleming, that we make a grant to the Vocational School of \$2,500.

Coun. Perry—This is a time of retrenchment. I have great doubt if we are giving good value for our money. Certainly it has been of no use to Kent.

A Councillor—That is the fault of Kent.

Coun. Smith—If we give anything to anybody, we certainly should give it to the Vocational School. I would even support a vote of \$3000.

Coun. Tompkins—The school has done some good. We have one pupil there. I will say if I cannot see better results I will vote against next year.

Coun. Fulton—The pupils from Fort Wicklow are greatly pleased with the school.

Coun. Fleming—Many girls from the country are taking a bath in the school. Everybody is pleased with it so far as I have heard. The grant is a very modest one.

Coun. Keith—In some colleges you have to take a four year course. The school may not be able to give the pupils letters after their names. They can get an education here that they cannot get elsewhere. It will be the start for many boys and girls in making a success in life.

Coun. McIntosh—The building is a gift from the Fisher estate and is a cost of \$5000. Still it seems a lot of money spent for the results we are getting.

Motion then carried without any further opposition.

Grant to Agricultural Society.

Coun. Gallagher—Mr. Leighton asked for \$5000 grant. Last summer the society spent \$11,000 on new buildings. We expected \$2,500 from the federal government, but did not get it. Now that we have a piece of the idea to run a show every year. I know times are hard but the society will be pleased to accept \$1,500 or \$2,000 or what the Council wishes to give. The town will supplement the county grant and we will probably be able to offer enough prize money to get \$2,500 from the federal government.

Coun. Tompkins—If there is one thing that is a pleasure for me to vote money for it is the Exhibition. I will give it my hearty support. I had a good time at the Exhibition last summer and I got my money's worth. I spent the morning looking over the stock and in the afternoon I went to the horse races.

Moved by Coun. Tompkins, seconded by Coun. Gallagher, that we give a grant of \$2000 to the Carleton Co. Agricultural Society.

Coun. Carvell—I don't believe in offering more than is asked for, and Councillor Gallagher mentioned \$1,000 or \$2000 or \$5000.

Moved by Coun. Carvell, seconded by Coun. Keith, in amendment that we grant the society \$1000.

Moved by Coun. Bull, seconded by Coun. Benn, in amendment to amendment, that the grant be \$1500, and \$500 of that amount be devoted to prizes for boys, girls or residents of the county, and that the Council appoint a committee of three to assist the prize list committee in drafting prizes for said department.

Coun. Fleming liked the idea of devoting \$500 to the boys and girls of the county, which would not be solely for them, but it must be for prizes to people of the county. Out-siders carry away a lot of the prize money.

Coun. Tompkins said the people in his section were delighted with what they saw at the Exhibition. They don't have to go to St. John or across the time now to see a good Exhibition.

Coun. Bell said he was a member of the Agricultural Society, and he felt that the society needed the money, but we should not vote more than \$1000, which is a pretty good donation of other people's money.

Coun. Keith remarked that \$1000 now was better than \$1500 last year when everything was in high price. They should go a little slow this year.

Coun. Stevens said he liked the disposition shown by the councillors. He was interested in the Exhibition. The old feeling of jealousy had died out. While the men of Woodstock have the major part of the work, the exhibition is primarily for the farmers. Mr. Leighton said the largest part of prize money went to the farmers of Carleton County. The \$500 spoken about must not be competed for outside of the county.

Coun. Perry—Let us give a grant of \$1000. I am a farmer on a large scale and I know as much about farming as the Farmer members of the Legislature at this Council board. I know not how much or how little that Exhibition helped the farmers. I thought that the \$3000 we gave two years ago would give any farmer more. If the Woodstock Councillors had not butted in on the dog tax vote, which was no concern of theirs, I might have supported a larger grant to Exhibition. This dog tax should be abolished.

Coun. Anderson—While I have every sympathy for the Exhibition, this is going to be a hard year and we must curtail our expenses. I can only vote for \$1000.

Coun. Smith said it did not matter what Mr. Leighton or anybody else said, we must consider the question on its merits. Leighton asked for \$10,000 that was no reason why we should vote it. The exhibition plant is a big thing. The business men of the town should be pleased with their work in connection with it. Carleton County is solely an agricultural county. Our lumber is going and we have no minerals. Anything that encourages agriculture would have his support. He would vote the \$1500.

Coun. Tracey—Everybody in Carleton County should be proud of the plant at Woodstock. We must keep the exhibitions up to a high standard, they must not be allowed to drop down; the standard must be raised if possible every year. We had the best exhibition last summer, good men in the Maritime Provinces or the State of Maine, and we dare not see it pinched for lack of money.

Coun. Dalling—We have the best show and the best plant, under the best management in New Brunswick. We have a number of good men in Carleton County and he has explained the matter fully. The sum of \$1500 is not a bit too much. We are not bankrupted in this county. Potatoes are the only thing that went bad.

The amendment to the amendment for \$1500 was put and carried.

Coun. Tompkins, Smith, Dalling, Fleming, Gibson, Phillips, Bull, Clark, Hannah, Tracey, Benn, Gallagher, Stevens—13.

No—The remainder of the Council. Adjourned till 10 o'clock to-morrow morning.

Council met at 10 a.m., Warden Melville presiding.

A letter was read from T. C. L. Ketchum, secretary of the Board of Health. There were seven sanitary inspectors, the secretary makes record of the work done by the sanitary inspectors; they have done their work well; they have reported on the outhouses of the railway stations and of private dwellings; they have seen that dead horses and such animals were buried promptly. There was a case of influenza; the board got ready and started an emergency hospital at the armory, but it was not necessary and certain goods were returned to the military authorities at St. John. There was a marked improvement in the school examinations by the doctors. The vital statistics department was not in force until Jan. 1st, 1920. The expenditures last year were \$2,780.50. They asked for \$3000 for 1921.

Coun. Perry—Mr. Ketchum is now in town and he told me he would be pleased to come here and explain matters.

Coun. Carvell—We voted \$1800 last year.

Moved by Coun. Carvell, seconded by Coun. Gallagher, that the report be received and that \$2500 be assessed for the Board of Health.

Moved by Coun. Stevens, seconded by Coun. Faulkner, in amendment, that the grant be \$1800.

Coun. Perry—I will not say anything against the Health Act. But Kent is not getting its just share of the money expended by the Health Board. I know that a lot of our schools have never been visited, and the country schools are as important as the town schools. We the men of the town, as good as the men of the town. Drs. Cummins and Somerville pass by our schools almost daily and they have never visited them.

Speech by Coun. Faulkner.

Coun. Faulkner—Hartland has had two epidemics during the year, one of diphtheria and one of small pox. Our town officials, in each case, had these epidemics well in hand, before the doctors report on the Health Board for this District, arrived at Hartland, and in his speech before this Council he took credit for stamping out the epidemic at Hartland. The act is lame in this particular; when the doctors report on the school children, the rich can carry out the doctor's orders, but the poor man has not the money to carry out the doctor's instruction and there is no fund available to pay the doctor to perform the necessary operation, whether it is tonsillitis or something else, on the children of the poor. There was another case where a lumber camp was going to be quarantined; the men protested, and they sent to Lakeville for the doctor there who reported that there was no epidemic in the camp and the men went to work the next afternoon. When Dr. Curtis was chairman of the Board of Health, the bills were light and the health of the community was looked after just as well as at present.

I was a member of this Council 17 years ago. There are only two familiar faces here now that was here then, viz., Carvell who was then the warden. These were the good old days. We finished up our business

in two days then. Everything has progressed since then. I voted against the act coming to Woodstock. I voted against the Court House coming to Woodstock. I had a suspicion that they might go to Hartland. Woodstock won. I would not go back to the old conditions and old location if somebody presented us with a Court House there. We have probably the best Court House and jail in the province.

Coun. Carvell—I have visited the Court House and jail in the province and across the lines and I have not seen their equal. The Valley Railway is also a big asset to the county. We are also familiar with the sight of airplanes. Then we have the hospital; all I will say is that I have one member of the family there and she is still living.

I want to talk about the poor house property owned by the county. I made an inspection of it with the other councillors. I found a handsome set of buildings, everything clean, everything up-to-date, everybody satisfied, and the cellar and barns were full of eatables. It is heated by five stoves, it should have a furnace; it should have a better lighting system, as the inmates are not of the kind capable to carry lights around. The poor farm in a credit to the men and women in charge, and a credit to the committee. If we make the same strides during the next 17 years as we have done since last I was a councillor, the county should be proud of its achievements.

Coun. Bell said that the arguments made in the dog tax case should hold good in the Board of Health case. It is the law of the country and the only thing to do is to pay the bill.

Coun. Carvell said that that was correct; we may vote \$1800, but they can spend \$3000 and we must pay the bill.

Coun. Anderson said that they would be sure to spend the money we voted. If we only voted \$1800 they will practice economy.

Coun. Stevens—There is altogether too much machinery in the Health Act. If we pay what they ask, they will say we are easy marks. This county should not be a party to spending so much money. I know of a county that would not vote a dollar to the Health Act. All governments try to make the municipalities pay. If we accept the law easily we will get plenty of invitations from governments to spend money. When the Health Act cost us \$400 a year we got a good service as at present. We are looking after the interests of the people and we must protect them from burdens heaped upon their shoulders from any source whatever.

Coun. Phillips—Of course there is a lot of machinery, but this health is a good one and the old act is a black number. The inspections of schools is important. This thing alone is worth the money and is the best part of the act. The vital statistics is a good thing but not so important as the school. The act is in the line of progress. I voted against the Court House coming to Woodstock, but we would not go back to old conditions under any circumstances.

Coun. Keith said that we should vote enough to keep them going, but not too much, keep a little under the amount asked for. Most of the epidemics break out in the large cities and spread to the rural districts. Kent profits indirectly when a good watch is kept on the towns. He would vote \$1800.

Coun. Perry—Woodstock and Hartland got the major portion of the money. What I say is that we are getting no visitation of the schools.

Coun. Keith—I agree that all the schools must be examined. The school of 12 should have the same treatment as if it had 1000. The act should see that the poor children have free treatment.

Coun. Gallagher said that Messrs. Kelly and Ketchum did good work at the Riverside Hotel. It was up to Coun. Perry to see that the doctors visited the schools.

Coun. Gibson would have supported a vote of \$3000 if it had been made. The medical doctors made reasonable charges. Dr. Grant did great work in Woodstock. There was no use in having an engine unless you have the fuel to keep the engine going. The health board needs the money.

Coun. Carvell said the doctors examined their schools. The examiners told him of the defects of his boy. Coun. Perry would also be told of the defects of his children.

Such advice of the doctors would not apply to his colleagues Coun. Anderson.

Coun. Fleming said the expenses were bound to increase. If the act was fully carried out it would cost \$10,000 a year. If you vote only \$1800 you certainly will not have school inspection.

Coun. Miller suggested that the motion in amendment be brought before the Board as asking for \$3000 under the law of the land.

Coun. McIntosh—We got good value in the old act. There is too much machinery now. If the government can compel us, we will have to pay the \$3000, but for the present I will support the lesser amount.

Coun. Fulton—The visitation of the schools is a good thing. An epidemic broke out in Front Wicklow, three died, but the house was quarantined and the disease did not spread. It is not good policy to vote a small amount of money.

Coun. Tracey—There may be some omission of duty on the part of some of the officials, but the health act is a good one. It is only throwing money away to vote \$1800. He would vote for \$2500 and keep the machinery going.

Coun. Tompkins—Our schools have never been visited by the sanitary inspectors. The councillors should notify the teachers if they see anything wrong and give the name of the inspector, then the teacher should notify the latter.

This amendment was put and carried.

Yeas—Couns. Faulkner, Tompkins, Smith, Keith, Shaw, Miller, McIntosh, Dalling, Anderson, Perry, Kinney, Benn and Stevens—14.

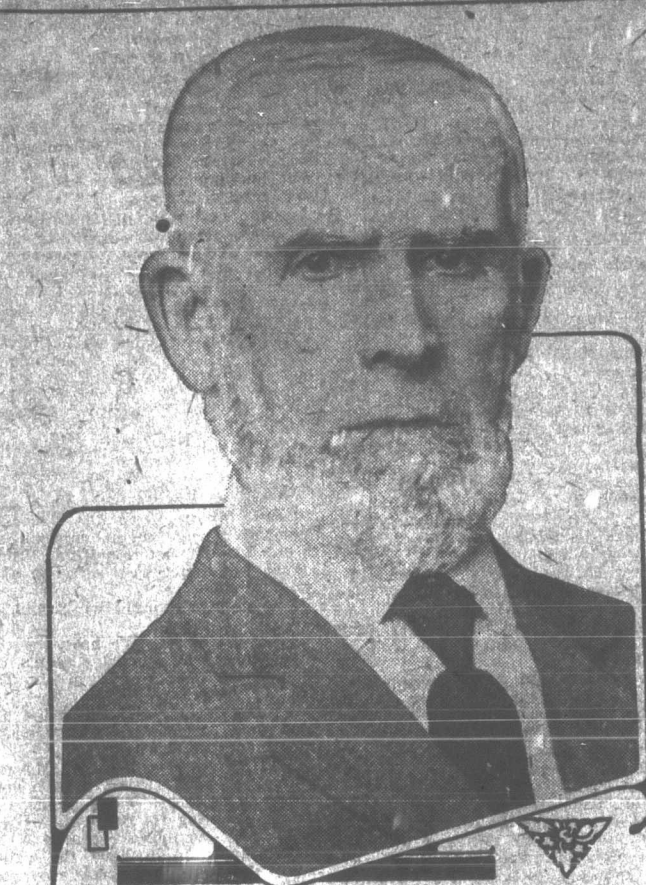

No—The remainder of the Council.

Moved by Coun. Carvell, seconded by Coun. Stevens, that John P. McIntosh be re-elected reporter of the Council for this year.

## Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"Uncle Parker," as he is more familiarly known, came from fine old Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor, and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change

of this resolution be sent to each of the ex-Councillors named.

Coun. Stevens—I had the pleasure of sitting at the Council board with Messrs. Tompkins and Williams. I never served with Mr. Melville. Mr. Williams was offered the wardenship but on every occasion modestly refused. Mr. Melville was also warden. There are other ex-Councillors living but they had never served so long. As we grow older we get more sensitive and we get the idea that people think we are weak numbers. The efforts made by the men mentioned will never be forgotten by the people of the county. To be personal I have been laid aside for four years. When I was in the hospital, this Council adjourned to visit me there and that visit did me more good than all the medicines that were poured into me. That visit was one of the bright spots in my life, showing that the councillors remembered me in my sickness. We all appreciate a word of cheer from friends, and it has a tendency to wake you feel good.

Ex-Councillor Tompkins was succeeded at the Council board by his son Frank. The present warden is a successor to his father, ex-Councillor George Melville, and is well known as the watchdog of the treasury, he re-

ed by Coun. Keith, that \$5.00 be paid to Rev. Father Lockery as chaplain of this session, and that the same fee be paid the chaplain each session.

Carried.

Moved by Coun. Carvell, seconded by Coun. Perry that a committee of three be appointed to prepare a resolution to amend the dog tax law so that it may be left to the municipalities.

Carried.

The warden appointed Couns. Bell, Perry and Carvell.

The warden appointed the following committee to assist the Exhibition prize list committee in drawing up prizes for the people of Carleton Co. in connection with the \$500 donated by the Council at this session: Couns. Fleming, Phillips and Gibson.

Moved by Coun. Keith, seconded by Coun. Smith, that the ex-collector of the parish of Brighton be paid \$35.00 and charged to Brighton.

Carried.

The following resolution was moved by Coun. Stevens, seconded by Coun. Fleming:

Resolution of Respect.

To the Warden and Members of the Municipality of Carleton:

Gentlemen—

Whereas it has been learned with regret by this Council now in session of the continued poor health of ex-Coun. William Tomlinson, father of Coun. William Tomlinson and John Williams, who so well and ably represented the parish of Wilmot and Peel, respectively, for the continued period of 20 odd years. During their long and faithful services at this board they earned the admiration of all their colleagues in their honest dealings with men and measures; therefore

Resolved—That this board do hereby place itself on record showing our sympathy and regret in their condition of health and trust that All Wise Providence will in his wisdom restore to them their former good health; and further

Resolved—That this board has learned with pleasure of the good health of ex-Coun. ## Praise Roads of New Brunswick

Under the heading "Attractive New Brunswick," there appeared in the October number of the Automobile Digest, a Cincinnati publication, an interesting article written by J. Mortimer Robertson, secretary-treasurer of the New Brunswick Automobile Association, and descriptive of the province as an ideal country for automobile touring.

The article, in part, is as follows: "There seems to prevail in the United States, or has recently, an impression that the roads of New Brunswick are bad. This idea, happily, is being dissipated, it would appear, if one may judge by the increased volume of travel by American tourists which the province has experienced the past summer. For assuredly no such numbers of U. S. A. license tags have been seen in these parts before as have been in evidence during the last few months.

"Without a doubt New Brunswick is getting better roads each year, and to give credit where credit is due, one must ascribe this condition chiefly to the untiring efforts of Hon. P. J. Veniot, minister of public works for the province, who, to speak in the vernacular, is always on the job.

It is true that in the past the highway from the Maine border at Calais to St. John has not been all that the ardent tourist could wish for, as certain sections of it have been pretty rough. This is the main artery for American visitors to take in order to reach St. John and soon it will be a first-class thoroughfare.

"It was last winter that New Brunswick Automobile Association tendered a complimentary dinner to the minister of public works, on which occasion the St. John-St. Stephen road was the slogan of the evening. Mr. Veniot stated then that it was his intention to get at this road as soon as frost was out of the ground, and he gave assurance that when he got through with it there would be none better in the province. He has kept his word, as work was commenced last spring and is still rapidly going forward, so that by next season New Brunswick will probably have a highway of which it may be justly proud."

Mr. Robertson's article goes on to describe graphically the beauties of the scenery of the province and the facilities which it has for travel by road. He enumerates some of the favorite automobile tours and gives a comprehensive idea of the city of St. John and its place in the commercial world. In concluding, he tells of the 12,000 cars which were registered in the province this year and gives an account of the New Brunswick Automobile Association and what it is able to do for the tourist.

## B. B. DYKEMAN SELLS OUT

B. B. Dykeman has sold the stock of his Hartland store to J. Cohn of St. John. The transfer took place on Saturday and Mr. Cohn took possession immediately. He does not intend to continue the business and is clearing the stock at the invoice price of the goods.

Mr. Dykeman started here two years ago and has conducted one of the finest clothing stores in the province. He showed a great deal of ambition and much enterprise.

## IT PAYS TO READ

### THE ADVERTISEMENTS

The Main thing an advertiser wants to do is to tell you plainly just how and why his goods are worthy of your consideration. You can learn a great deal from that alone, because many things you see advertised are the things you buy and use in your regular daily life. By reading the advertisements you can learn the names

and read descriptions of the things that are best and most satisfactory. The leading merchants of Carleton advertise in The Observer.

## WINDSOR

The meeting of the W. M. S. that was held at Mrs. H. A. Smith's was certainly a great success in every respect. The talk on Missions and Missionaries given by the president, Mrs. P. E. Dickinson, was both interesting and instructive as was also the talk by Mrs. H. L. Dickinson. Equally entertaining was the dialogue on missions. Those taking part in it were Miss Effie Forrest, Mrs. A. Tedford, Mrs. S. R. Hatfield and the Misses Nettie and Cora Smith, Marion Tedford, Eva Wasson and Verna Robinson. We were glad to make welcome to our meeting Mrs. R. B. Hagerman of Hartland, Mr. and Mrs. Roy Caldwell, Lower Windsor, and Mr. and Mrs. Austin DeWitt of Foreston. The next meeting will be held at Mrs. C. P. Wasson's on March 9.

Our Sunday School was reopened Feb. 13, Mrs. H. L. Dickinson was appointed superintendent.

Mrs. Alfred Tedford has returned home from Gordonville where she had been staying with her daughter, Mrs. Wasson Bridges, through her last illness.

Geo. B. Elliott of River Bank spent the week-end with Mr. and Mrs. C. P. Wasson.

Anna Orser of Lower Brighton is visiting her sister, Mrs. Wilbur Dickinson.

## FRANK RIDEOUT

Frank Rideout, a respectable citizen of Peel, died at the Fisher Memorial Hospital on Friday morning of last week after undergoing a serious operation. He was in his 69th year, and is survived by a widow and nine sons: Clarence of Chinook, Alberta; Aubrey, Clyde and Clifford of Hartland; Wilfred (school teacher) of Binscorth, Manitoba; Arlington (produce dealer) of Hartland; Wilbur, (of the Bank of Commerce) P. E. I.; Reuben and Fred at home. One son, Dalton, employed in the C. P. R. office, Woodstock, was killed in the late war; two daughters, Mrs. C. W. Manzer of Woodstock, and Miss Pauline at home.

## AMBITION

Ambition is life's great pathway that points to the stars—it is lighted by the rays of hope that spring from the heart of man, and paved with beads of sweat that fall from his brow.

Few of us are fortunate enough to reach the heights for which we strive, but we gain all we get from the strain and sweat—and the struggle is always worth while.

The happiness, peace and pleasure of success do not come from dwelling within that coveted structure. They are enjoyed in the process of building—in drafting the plans, laying the foundation, selecting the materials, measuring the many parts and dovetailing them together.

Life's greatest joy is in the anticipation of each day's accomplishments and our truest contentment comes in the momentary satisfaction with the task well done.

Smile into the face of the world, an a smile comes back—render good service to others and good service is returned to you—show a spirit of helpfulness and that spirit will surely send back aid to you of a like kind—think good thoughts and the same good thoughts will be of you.

You are, after all, the sculptor of your own experience. The goal you set is the model by which you work and the present is the clay with which you are ever working—molding your tomorrow by your deeds of to-day.

## Get Joy as You go Along in Life

Why are you always looking to the future to bring you happiness and forgetting to enjoy the things which surround you in the present?

Get joy as you go along, for you may never reach that golden age which you picture just ahead.

When you get there you may be too old to care—most persons who are doubled up with rheumatism and are obliged to resort to a milk diet cannot find joy at any price.

You are earnest and studious and active, building for the future, but as you build take time to breathe God's pure air, and raising your eyes to the beauties of Nature, gain refreshment mentally and spiritually—drink in joy.

When you rush pell-mell at everything, with only one intent and purpose, you lose a lot of pleasure and good time in the process.

Plants that grow in the dark are exotic—they have thrust themselves up fast and furious toward the light or they die.

And so they grow white and tall and weak, and human beings are no exception to the rule.

## If I Were a Sales Manager

Of a wholesale house, I would borrow an idea from the mail-order concerns by having printed at the very bottom of every page of the salesmen's order books the following sentence: "Give size, color, pattern and stock number."

The best of men forget. This message would be a constant reminder not to forget. One omission means unnecessary correspondence and wasted time. Guessing does not pay, and a large factor in good service is promptness.

# 'BOOTS'

Featuring DOROTHY GISH

First episode of the new serial

## "The Vanishing Dagger"

a story featuring Eddie Polo, who is the Hercules of the screen. An adventurous trip around the world was taken in the production of this truly great picture. It will certainly be the most interesting story ever pictured on our screen.

Don't Miss a Single Episode. Every Friday Night.

SATURDAY NIGHT

## "BRAND OF LOPEZ"

Featuring HAYAWAKA. This is the first feature with this famous Japanese actor we have had for a long time, and should come as a real treat.

## NERVOUS, IRRITABLE, AILING WOMEN

Mrs. Britton Tells How She Was Restored To Health After  
Suffering for More Than A Year.

Another Triumph for Lydia E. Pinkham's Vegetable Compound

Compound has relieved me of these nervous feelings better in every way. I don't know just how many bottles I took it for nearly a year and it has done me a world of good."—Mrs. JESSIE GRANGER, R. No. 8, Box 51, Kalamazoo, Michigan.

Good health is a woman's greatest asset. With it she may be the inspiration of her husband, a happy mother, and the life of the home. Without it she suffers agonies herself, household duties are a burden, and her family is made miserable by her condition.

Is it any wonder that these women were nervous and irritable after suffering so long from such deranged conditions? Such ailments act directly upon the nerves, and it has been said that a large percentage of nervous prostration, nervous despondency, "the blues," and nervous irritability of women arise from some derangement of the female organism.

If women who are in this condition would only profit by the experience of others and take Lydia E. Pinkham's Vegetable Compound at once, much suffering and unhappiness would be averted, as everyone knows a nervous, irritable, ailing mother makes the home unhappy and her condition irritates both husband and children.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

### HONORED PIONEER AT WICKLOW

Will Celebrate His Ninety-Fifth Birthday on February 24.

Carlton County may possess a number of nonagenarians but it is doubtful if any can claim this distinction for a longer period than can Mr. Albert Olmstead of Wicklow. Mr. Olmstead was born in Stamford, on Feb. 24, 1828, and will therefore be ninety-five years old on the 24th of the present month. He is still hale and hearty, enjoying the use of all his faculties to a remarkable degree. This aged patriarch finds a pleasure in performing many of the chores about the homestead and occasionally walks to church. Mr. Olmstead has for many years resided with the family of his son, Mr. and Mrs. Herbert Olmstead.

This pioneer removed to Sheffield to Wicklow with his parents when he was twelve years of age and he remembers the circumstances well. It is most interesting to hear him relate the conditions of life in those early days. The river then the only highway and summer transportation was either by canoe or by boat—a flat boat tracked along the shore. In the winter travel was chiefly by snowshoes. To leave a riverbank was to face an unbroken wilderness. Frederection was the nearest place for shopping and when a store was opened in Woodstock it was considered convenient. Mr. Olmstead has witnessed every step of the progress made in this part of the county and they are many.

Wicklow is justly proud of its oldest resident and no doubt will fittingly celebrate his ninety-fifth anniversary. Many happy returns.

### SUMMERFIELD

Mr. and Mrs. Guy Tweedie are rejoicing over the arrival of a son born Feb. 1—Maurice Ernest.

Allison Brown, our industrious sawyer, is kept busy sawing customs lumber. Allison has a first class mill and is doing good work. We hear he intends putting in a shingle machine in the near future. We all wish him success in his new enterprise.

Mrs. Mary J. Crankite of Washburn is visiting her sister, Mrs. Evelina Carlisle of this place.

Mrs. Harry Toms of Knoxport is staying with her sister, Mrs. Guy Tweedie, for a few weeks.

The farmers of this place have been busy hauling their potatoes to market.

Considerable quantities yet remain to be marketed.

James Hamilton is hauling wood for Gleason Green.

Our school this term is under the management of Ernest Tweedie.

### POTATOES

The New York Produce News of Jan. 21, says: The average prices of potatoes this week have reached the lowest level for several years, and even at that demand cannot be attracted, and the volume of business is of unusually moderate proportions. The present conditions are stimulated by the high prices charged by hotels and restaurants for potatoes. Most restaurants are charging 10¢ a portion, while only the low priced eating houses charge as little as 4¢ for an ordinary sized potato that weighs less than 1 1/4 lb., and cost them less than 1¢.

The foreign potatoes are mostly under root and while they are urged to sale at \$1.75 per 165-lb. bag, there is very little interest manifested, and with another cargo about due here in a few days, estimated at \$5,000 bags, the outlook is none too good. The best Maine potatoes are offered at \$3 per 165-lb. bag, and sales have been reported at \$2.50 on 160-lb. bags. State and Pennsylvania potatoes are working out slowly at \$2.65 per 165-lb. bag, but only closely graded lots bringing that price. Most sales are lower. Southern second crop are working out at \$2.10, but demand is limited. Long Island potatoes seldom exceed \$3.50, but some of them going into regular trade channels at a slightly higher price.

### The Stamp Of Edison's Genius

is clear and unmistakable. It places Edison's Amberola to far above "talking machines" and ordinary phonographs that there is no comparison. You don't have to be a musical expert to realize that the Amberola is the world's greatest phonograph value. Any one who likes music cannot fail to note the tremendous difference.

### EDISON'S NEW DIAMOND AMBEROLA

has such a pure, musical tone, that once you've heard it, no metallic sounding phonograph or "talking machine" will ever please you again. The genuine Diamond Point Reproducer does away with needles. The practically indestructible Amberol Records outlast ordinary fragile records by many years!

Name your own terms and learn how surprisingly easy it is to own an Amberola, thanks to Mr. Edison. NOW—can you refuse to visit our store and listen to the Amberola? Come right away—don't forget—please.

ceived a good training in duties of his office from his father.

Coun. Perry—As Coun. Stevens was speaking, my mind went back to that grand old gentleman, ex-warden Chas. E. Gallagher. He was always had an honorable record. He is one of the pioneers of Kent, and was one of the most esteemed men who ever sat at this board.

Coun. Stevens—I have much pleasure in adding the name of Mr. Gallagher. I did not know of him as he was before my time.

Resolution carried unanimously.

**The Soldier's Monument**

Moved by Coun. Carvell, seconded by Coun. Bell, that the monument committee be continued and given full power to deal with it as they think fit.

Coun. Perry—Does that mean that they can give Mr. Tarbox the extra money?

Coun. Carvell—I am making such a motion because I do not believe it is good policy to discuss it too much.

Coun. McIntosh—It is sure that I oppose the monument, and I am not in favor of giving him the extra \$1300. Let it stand over until next year.

Moved by Coun. McIntosh, seconded by Coun. Smith, in amendment that the matter remain over till June session.

Coun. Gallagher—I can guarantee that Mr. Tarbox will not be given the extra \$1300. If we make another contract a clause should be inserted making the contractor pay \$10 a day for every day over the contract time for delivery. The committee can look around and make enquiries and report in June.

Coun. Anderson—As chairman of committee I would like to be relieved of this work if we have no power to act. We made a signed contract with Mr. Tarbox and he has not delivered the goods. Labor conditions may change, when the unions find that work is scarce. If Mr. Tarbox has done \$1200 worth of work on the monument, he will likely carry out his contract at the agreed price.

Coun. Keith did not think that Coun. McIntosh intended to tie the hands of the committee.

Coun. McIntosh said he had no intention to change the committee. He thought the motion gave the committee power to expend \$1300 extra.

Coun. Bell, Tompkins, Smith, Phillips and Perry spoke on the subject.

Coun. McIntosh withdrew his amendments and the motion was changed to read: "That the monument committee be continued in office with full power to deal with it as they think fit and report at the June session."

In answer to Coun. Bell, Mr. Hartley gave a statement of the collections by parishes under the dog tax law.

Mr. Hartley gave the names of the patients in the Provincial Hospital from the different parishes in the county.

The following lists of parishes officers were confirmed on motions of the committees for the respective parishes: Wicklow, Peel, Woodstock, Aberdeen, Wicklow, Brighton, Simonds, Northampton, Richmond, Woodstock, Town, Wakefield, Kent.

Moved by Coun. Perry, seconded by Coun. Keith, that the assessors for Kent be paid 2 1/2 per cent, and the collectors 5 per cent.

Carried.

Voted that the remaining assessors and collectors fee remain at present in the other parishes.

Voted that the parish clerk of Wakefield be paid \$5.00 and charged to Wakefield.

Voted that the Parish Clerk of Kent be paid \$5.00 and charged to Kent.

Voted that the Parish Clerk of Wick be paid \$3.00 and charged to Wick.

Moved by Coun. Fleming, seconded by Coun. Dalling, that the parish and district clerks of Richmond be paid \$34.00, each, for expenses, and charged to Richmond.

Carried.

Voted that the Parish Clerk of Wick be paid \$5.00 and charged to Wick.

Moved by Coun. Stevens, seconded by Coun. Perry, that we adjourn at 8 o'clock.

Moved in amendment by Coun. Faulkner, seconded by Coun. Keith, that we adjourn until 8 o'clock.

Amendment defeated, and original motion carried.

Coun. resumed at 8 o'clock, Warden Melville in chair.

Moved by Coun. Tompkins and Faulkner, that the Parish Clerk of Peel be paid \$3 and charged to Peel.

Carried.

Moved by Coun. Bell and Harnish, that \$500 be assessed on Wakefield for poor purposes.

Carried.

Moved by Coun. McIntosh and Miller, that \$250.00 be assessed on Aberdeen for poor purposes.

Carried.

Moved by Coun. Carvell and Anderson, that \$300 be assessed on Wick for poor purposes.

Carried.

Moved by Coun. Bell and Clark, that \$1500 be assessed on Woodstock parish for poor purposes.

Carried.

Moved by Coun. Keith and Smith, that \$200 be assessed on Brighton for poor purposes.

Carried.

Moved by Coun. Tompkins and Fleming, that \$200 be assessed on Peel for poor purposes.

Carried.

Moved by Coun. Perry and Kinney, that \$400 be assessed on Kent for poor purposes.

Carried.

Moved by Coun. Perry and Kinney, that \$400 be assessed on Kent for poor purposes.

Carried.

Moved by Coun. Perry and Kinney, that \$400 be assessed on Kent for poor purposes.

that the question of road damages in the Parish of Kent be left over until the June session.

Carried.

Moved by Coun. Tracey and Fulton, that \$500 be assessed on Wicklow for poor purposes.

Carried.

The finance committee, Couns. Anderson, Dalling and Benn, reported that the assessment for the year would be \$32,000.00, which is \$3000 less than last year, and made up as follows:

Interest on debentures at bank \$2000  
To pay debentures falling due \$200  
Salaries, Sec. Treas. and Auditor 800  
Salaries, Sheriff, Jailor, Janitor 1150

Over Expenditure 1920 \$3898.71  
Grant for Exhibition 1921 \$1500  
Grant Hospital, Supl., Nurses 1500  
Grant Registrar preparing Index 500

Carried.

Moved by Coun. Dalling, seconded by Coun. Anderson, that the report of the Finance Committee be received and adopted.

Carried.

Moved by Couns. Anderson and Bell, that the Secretary-Treasurer and Finance Committee be authorized to draw from the bank \$20,000 in excess of that provided by the Legislature.

Carried.

Moved by Couns. Anderson and Benn, that the Secretary-Treasurer be paid \$80 for preparing voters list.

Carried.

Moved by Couns. Anderson and Benn, that the Secretary-Treasurer be paid for preparing voters list for 1921 and each year hereafter.

Carried.

Moved by Coun. Perry, seconded by Coun. Bell, that in future the interest be charged on the plant account of the Municipal Home into the cost of maintenance of inmates in arriving at cost to be charged to the parishes for maintenance of their poor.

Carried.

Moved by Coun. Stevens, seconded by Coun. Phillips, that the management of the Farmer's Telephone Co. be requested to grant the use of the phones free to the sheriff and deputy sheriff when one is talking to the other on County business only.

Coun. Stevens—This is a small matter, but small matters count and I am merely bringing it to your attention to see what you think of it. It certainly is in the interests of the county business. The sheriff is at times in different parts of the county and it is necessary to call up his deputy frequently. Most of the calls come over the Farmer's line. The deputy is called upon to make an arrest in the lower part of the county or meet the sheriff at some point north. The deputy has to pay a toll of ten cents. The N. B. Telephone Co. has never allowed such privilege and would not likely grant such a request. The Farmer's Company is a local company and might be inclined to favor it. I think the privilege should be given these officers to use the phone for public business only.

Coun. Smith—I don't think Coun. Stevens is serious in his motion. I never heard before such a motion, and both talked at a Council meeting. I have over \$1000 invested in the Farmer's Telephone Co. and it has paid no dividends for three years. No business has been hit so hard as the telephone companies, particularly the Farmer's Telephone Co., as its rates were very low. The Public Utilities Commission has ordered the company to charge such tolls. Surely the county is able to pay its telephone bills as are the shareholders to lose their dividends yearly.

Coun. Fulton—There is no reason why the little companies should be kept down and the big ones favored. In our district we have the Consolidated Telephone Co., a local company, and it is never allowed to connect with the N. B. Telephone Co., unless when the latter is good and ready. The Farmer's Co. always agreed to connect. We really have no connection unless with the Farmer's Co.

Coun. Faulkner—The big company takes its profits outside the county, while the Farmer's Co. can pay no dividends. We must not crowd out the little companies.

Coun. Stevens—I don't like the remarks of Coun. Smith. They were entirely uncalled for. I took the position of the interests on the people of the county, and am not working against the interest of smaller companies.

Coun. Phillips—I seconded the motion although I was not sure that it would go through as I could see the arguments that would advance against it.

Coun. Keith—The local companies have been of great use to the farmers of Carleton County. Instead of taking anything from them, I would feel like giving them a donation. The Farmer's Co. has given us wonderful privileges that the N. B. Co. never gave us, in fact it has been considered a sort of family phone.

Coun. Perry spoke briefly on the same question.

Coun. Gallagher spoke briefly of the Farmer's line. The N. B. line never passed around any bouquets. The other day he in a occasion to call up Edmundston. The party wanted could not be reached. He had the phone about a minute, he thought, and he was charged over \$1.00 overtime, but the next time he would have his own watch handy and keep the time himself.

Coun. Stevens—As my motion has met with almost unanimous opposition with the consent of my seconder, I will withdraw it.

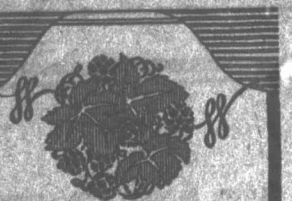

The Council having concluded its business adjourned at 8 o'clock.

vanced course of teacher training and a systematic course of Bible study, and a consecrated life, she was very successful as a Sunday school superintendent, having filled that position in the Gordonsville Sunday School for several years. Under her supervision the school was always up to a high standard. As a Missionary worker Sister Bridges was always at her best, having filled the office of District President for two years. As president of her own local organization she kept it up to what was acknowledged the standard of efficiency of the U. B. W. M. U. for the Maritime Provinces. Intensely interested in the betterment of community life, morally and socially, her home was always open, and she heartily cooperated in all the activities that tended for its uplift.

She leaves to mourn their loss, a sorrowing husband, three children, a mother, three sisters and two brothers, and a host of relatives and friends. The sympathy of the whole community goes out to the bereaved family. Gone never to be with us again in our church and social activities where her presence was always a blessing and a benediction. Yet the memory of her will always live with us through the hallowed influences that radiate from her consecrated life of Christian service. The funeral services were conducted by her pastor, Rev. C. A. Bell. Interment was made in the family lot at East Florenceville.—Contributed.

#### LOWER BRIGHTON

Willie Nixon has been spending a few days in St. Stephen, the guest of his brother, Robert Nixon.

Irving Everett of Jacksonville spent Sunday with friend, Austin Nixon.

Mrs. Wint Dow was called away to her sister, Mrs. Arthur Hovey, by the illness of her nephew, Donald Hovey who has been suffering with double pneumonia.

We are glad to report at this time of writing that Miss Rhena Brown is able to be up and down stairs after an attack of typhoid.

It is rumored that we are soon to lose our daily mail and only have three mails a week. After so many years of daily service, is it possible that we are all willing to submit to this? Is there not some one in the place that will get up a petition to have daily mail continued? I think we are all in favor of daily mail. We do not care to drop back to the old way of living.

#### MIDDLE SIMONDS

The community was saddened Friday morning to hear of the death of Mr. Frank Rideout of Peel. Mr. Rideout spent his boyhood days in Simonds.

Mrs. Mildred Shaw is convalescing after quite a severe illness.

Mrs. Edmund Ebbett is visiting relatives and friends at Perth and Andover.

Mrs. Frank Estabrooks of Hartland was the guest of Mrs. Donald Holmes for the week-end.

The little son of Mr. and Mrs. Roy London is very ill with pneumonia.

Miss Jane Green returned home Wednesday after spending a week with her sister at Hodgston, Me.

Mr. and Mrs. Burrell Hatfield entertained a few of their Hartland friends Friday evening.

Mrs. Marvin Shaw of Stickney was the guest of her daughter, Mrs. Arthur McLean, on Friday.

Rev. and Mrs. H. V. Bragdon were callers at Tyson Nicholson's on Thursday.

## WHEN Cold Gets into a Cut

It's smarting painful. Unless you happen to have Zam-Buk handy, the edges harden and get torn open further in the course of work. Then "infection" gets into the broken tissue. Zam-Buk prevents this danger of festering and blood-poison. Applied to any cut, wound, burn or scald, Zam-Buk provides a perfect antiseptic shield for the damaged tissue. It protects your injury against infection—ensures clean speedy healing.

James F. Warren, of Renfrew, Ont., writes:—"Mine was a severe cut with a rusty knife. It happened when I couldn't get my hand properly bound up. Cold and frost got into the injury and the hand went stiff and inflamed. When I got home I had the place well bathed, then applied Zam-Buk. It was wonderfully soothing and I used Zam-Buk regularly until all pain and swelling was gone. The cut, though deep and severe, soon thoroughly healed. Also invaluable for eczema, dcers, ringworm, abscesses, piles, 'chaps', burns, scalds, and obstinate wounds."

### JUBILEE YEAR FOR SUN LIFE

Among the annual reports submitted so far this year, one of the most interesting available is that of the Sun Life Assurance Company which is now celebrating with pardonable pride, its fiftieth anniversary. Apart altogether from its unique record in insurance annals of Canada of \$106,000,000 of new business written up during the past year, a test from the actual figures as furnished by decades shows the remarkable effect of a momentum such as the Sun Life has gained in this country, and indeed in sources at other countries of the world, where it has branched out with results fully as impressive as in the case of Canada, the place of its birth.

Taking the year after its foundation, 1872, it is seen that the income was \$48,210; its assets \$94,461; and life insurance in force, \$1,064,350. Eight years later the income increased to \$141,000, the assets to \$473,000 and the insurance in force to \$3,897,000, roughly three, five and four times as great respectively. The next ten years showed totals that ran far ahead of these "times" for the income was eighteen times that of 1872; the assets twenty-five times, and the insurance in force about sixteen times. Twenty years later the income was 180 times the original, assets nearly four hundred times, and insurance in force one hundred and forty times that of 1872. Confining down to the year just passed it is seen that the original amount of income of \$48,000 has expanded to \$28,751,000; the assets of \$96,000 to \$114,839,000 and the insurance in force of a little over \$1,000,000 is now over \$486,000,000.

Nor does the company intend to rest where it stands to-day with its remarkable records, whether they be considered as percentages of growth or as straight totals, for in the annual report for the year 1920 which appears in this issue the whole tone is of a resolve that the year 1921 shall establish figures and records as yet untouched by this life insurance company whose financial strength and progress even apart from its relation to insurance constitute a very real asset to Canada's business before the world.

### MRS. AUGUSTA MCKENZIE

At Bristol, Feb. 14, Augusta, widow of John C. MacKenzie, aged 85 years, died at the home of her daughter, Mrs. O. S. Boyer, after a short illness. She leaves to mourn, three daughters—Mrs. O. S. Boyer, Mrs. Edward McCuskey, Bristol, Mrs. Maud Brewer, Boston; five sons—Ensley, Portland, Edgar, Vancouver, Perley and Hartley, Saskatchewan, Willoughby, Ontario; One brother, Charles Sherwood, Ludlow, Me.

Rev. G. A. Giberson of Bath attended the service. Sister Mackenzie was a faithful Christian, a member of the Primitive Baptist church.

### FARMER'S AWFUL PLIGHT

A Woodstock potato grower recently wrote a fertilizer house a letter, of which the following is a true copy:

"Dear Sirs: I received your letter about what I owe you. Now be patient. I ain't forgot you. As soon as potatoes goes up I'll pay you.

If this was judgment day and you no more prepared to meet your God than I am to meet your account, you shore would go to hell."

## "Cascarets" for Constipation

Just think! A pleasant, harmless Cascarets works while you sleep and has your liver active, head clear, stomach sweet and bowels moving as regular as a clock by morning. No griping or inconvenience. 10, 25 or 50 cent boxes. Children love this candy cathartic too.

## Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your finger! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of foot. A tiny bottle of "Freezone" costs little as any drug store; apply a few drops under the corn or callus. Instantly it starts hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No kidding!

## "I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

### New Prohibition Commissioner

The New Brunswick prohibition mission appointed by the provincial government will take charge of the importation and wholesale distribution of liquor in the province as soon as they have time to organize.

Hon. J. F. Tweeddale, former minister of agriculture, is the chairman of the commission and the two other members are Martin McGuire, of St. John, and A. F. Bentley, ex-M. P. P. of St. Martins. The chairman will give his entire time to his duties while the other members will act in an advisory capacity.

Premier Foster in making the announcement of the appointment said that the salary of the chairman had not yet been fixed. The other members of the commission will be paid a per diem allowance and traveling expenses when engaged in their official duties.

HON. J. F. TWEEDDALE

The premier announced that Fredericton would be the headquarters of the commission.

Hon. Mr. Tweeddale was minister of agriculture in the Foster government until defeated in the recent general election. Mr. McGuire has been in the wholesale liquor business in Water street, St. John, and is experienced in the business and of high integrity. Mr. Bentley who is in the lumber business, represented St. John county in the legislature some years ago and was defeated as a government candidate in St. John county at the last provincial elections.

Hon. Mr. Tweeddale was the mover at the last session of the legislature of the resolution in favor of a referendum upon the question of importations of liquor into the province for personal use, which was defeated.

### BE CAREFUL

It is said that apples may be kept two years by wrapping them in newspapers so as to exclude the air. The newspaper must, however, be one on which the subscription is paid in full, or the dampness resulting from the "dew" will cause the fruit to spoil. Subscribers are asked to note this valuable information. A money order in an envelope with your name and address is like sunshine to us. It removes all the "dew."

## LOCAL AND PERSONAL ITEMS

Miss Nellie Dorset is spending a few days at her home in Bath.

J. H. Staffs of Woodstock was here on Wednesday looking up insurance prospects.

F. D. Tweedie of the Imperial Packing Co., Woodstock, was in town on Wednesday.

Mrs. B. B. Estabrooks, who has been on the sick list since the new year, is able to be out again.

Dr. H. M. Martell of Woodstock spent last week at the Centreville Hotel.

The home of Mr. and Mrs. Everett Hoyt was saddened by the arrival of a girl baby last week.

H. White who went to Woodstock on Monday for X-ray examination is rapidly convalescing in the Hospital there.

Mr. and Mrs. D. Fred Cliff are receiving congratulations over the presentation of a similar parcel at their home.

Miss Marguerite Campbell has entered the service of the Bank of Nova Scotia as apprentice clerk at their branch here, beginning her duties on Monday last.

A large crowd of young couples enjoyed a pleasant straw ride to Bridge-water on Thursday evening. Although the night wasn't especially light, their spirits were.

Incidentally they attended one of the evangelistic services being held in the U. B. church at that time.

Friends of the late Thos. Wilkinson of Fredericton were much grieved to learn of his death on Friday after two weeks illness with pneumonia. Deceased was born at Fredericton in 1878 and had spent his life in that city, taking an active part at all times in its civic affairs.

In business he was a successful insurance broker. He was very well and favorably known by Centreville citizens, as he often visited his brother here. The funeral was held from his late home on Sunday afternoon.

His near surviving relatives comprise one brother, Charles of Centreville, and a sister, Mrs. Anderson of New York.

F. O. Creighton of Woodstock was in town on Tuesday and Wednesday.

Mrs. George Packard of Bridge-water, Centre, Me., spent the week-end with her sister, Mrs. H. B. Hagerman.

Another ball was held in the Opera House on Friday evening by the Jazz-Up Orchestra and was well attended by a crowd of merry young people.

Miss Phyllis Clark of the Vocational School at Woodstock, spent the week-end with her parents, Mr. and Mrs. L. L. Clark.

The United Farmers held their monthly meeting in their hall here on Saturday afternoon, which was well attended despite the unfavorable weather and roads.

Rev. H. R. Bell and L. Burton Clark to Bridge-water on Wednesday evening, where the former preached on that occasion in the United Baptist church of that town.

The horse trot devotees held another race on the track here Wednesday last. A good deal of enthusiasm was abroad in the large crowd that attended for a similar meet on Saturday but the storm of Friday served to prohibit the appearance of the fast ones.

A bridge club has been organized in town and held their first session as the guests of Mrs. Alice White at her home on Main street on Tuesday evening. A very pleasant evening was spent at five tables and was closed by the serving of dainty refreshments. The club anticipates meeting weekly.

Rev. H. R. Bell closed his series of evangelistic services here by two services on Sunday. During the week he held services on Tuesday and Thursday evenings. On Sunday evening his subject will be "A Christian's relationship to the world and amusements."

The United Farmers will hold a mass meeting on Saturday afternoon when the most important matter for discussion will be "Our Exhibition and Fair for 1921 and ways and means to make it a most successful one."
