COAL AND STEEL WAR NEARING A CLOSE

Determined Effort Being
Made to Bring Warring
Companies to an Am-
icable Agreement

SETTLEMENT NEAR

Banks Declare Continual Warfare
of Companies is Having Bad
Effect on the General
Situation

MONTREAL, Tuesday. — A very determined effort to get the leading interests of the Dominion Iron and Steel and Dominion Coal Company to come together and settle the long standing dispute without going to the privy council has been made during the past few days, and some interests claim that the warring factions are nearer a settlement now than at any time since the trouble started. The banks are particularly anxious that the matter be settled because they are daily finding it is having a bad effect on the whole general situation in Eastern Canada.

CUTTING ITS RATES.

LONDON, Saturday. — The Dominion Line has decided to cut its rates for steamer passengers.

MARATHONS DEFEATED.

MARYSVILLE, Monday. — The Marathons of St. John were defeated by the Crescents here tonight. Score 7-0.

FOUND DEAD NEAR FULDA, SASK.

Gash on Head Leads to a Suspicion
Of Murder.

HUMBOLDT, Sask., Monday. — J. Schuster, of Perth, Ont., was found dead near Fulda today. The body was frozen but a gash on the head causes suspicion of murder. The mounted police are investigating. The victim was 50 years old.

ESCAPING GAS THE CAUSE.

Two Young Men at Toronto Junction
Meet Sudden Death.

TORONTO, Monday. — James Pallett, aged 25 is dead and his brother William, aged 15 is dying as the result of gas escaping from the stove at their home, 20 Glendening Avenue, Toronto Junction. The two young men came here under Salvation Army auspices from England last summer and were very steady, industrious fellows.

BABE ON DOORSTEP.

Child Found Wrapped in Cotton in
Montreal.

MONTREAL, Monday. — Wrapped in a strip of cotton that afforded little protection from the cold a baby boy, not more than a day or two old was found last evening at six o'clock on the doorstep of No. 5 Beaver Hall Square by the janitor of the building. The infant was taken in, and after it had been carefully wrapped up in warm clothing was carried to the Chenneville street police station.

THAW DEFENCE CLOSES CASE.

'Maniac Depressive Insanity,' Explana-
tion Given of Fatal Shooting.

NEW YORK, Monday. — Harry Kendall Thaw's defence closed today with maniac depressive insanity as explaining the death of Stanford White at the Pittsburgh millionaire's hands. Tomorrow the prosecution will begin their rebuttal evidence. Jerome will apply for a commission to take the evidence of Abe Hummel which Littleton will oppose.

CASE IS ABOUT READY TO GO TO JURY

No Attempt Made by State
to Combat the Evidence
of Defence in Thaw
Case

EVIDENCE ALL IN

Littleton Will Begin His Plea
to the Jury To-day—Jerome is
to Follow on Thurs-
day

NEW YORK, Tuesday. — With no attempt on the part of the State to combat with scientific testimony the claim of insanity urged in behalf of Harry Thaw the taking of the evidence in the second hearing of the famous trial opened today. Tomorrow morning Martin W. Littleton will begin his plea for the defendant and is expected to occupy both morning and afternoon sessions with his summing up argument. Jerome will speak Thursday. He has promised to be brief and if his address should not extend beyond the morning session Justice Dowling will hand the case over to the jury on Thursday afternoon. The court announced, however, he would probably not deliver his charge until Friday morning. Mr. Jerome's elimination of expert testimony from the rebuttal case occasioned much talk. Based upon assertions of last year that Thaw was an incurable paranoiac, rumor had it that on the ground of insanity with an ensuing commission of Thaw to the asylum for the criminal insane at Mattawan.

Mr. Littleton in his argument which is expected to be eloquent but slight presentation of the facts will contend that the prosecution has failed to shake the case of insanity built up by the defence. He will again call attention to the law and burden of proof it places upon the state in a case where insanity is pleaded as a bar to responsibility for a criminal act. He will contend and will also ask Justice Dowling to instruct the jury carefully on the point that once the defense has produced evidence of insanity it becomes the duty of the prosecution to remove every reasonable doubt of insanity. In other words Mr. Littleton will ask for an acquittal unless the jurors are convinced that every reasonable doubt as to Thaw being insane at the time of committing the homicide has been removed by the state's case. Mr. Littleton has made no claim of present insanity for Thaw. In fact the experts for the defense have testified that in maniac depressive insanity the diagnosis now applied to Thaw's condition of mind, the patient is very apt to have attacks of increasing frequency and violence.

CAMPAIGN OPENED.

Fredericton Listens to Speakers Who
Favor Scott Act.

FREDERICTON, Monday. — The Scott Act campaign was formally opened at the Opera House this evening. Dr. Chown of Toronto, Rev. Dr. McLeod and Rev. J. H. McDonald spoke.

DIES IN ENGLAND.

S. A. Kilgore III in London For Some
Time.

LONDON, Saturday. — S. A. Kilgore president of the Huron and Ontario railway died last night at the residence of Dr. James Harold, Brunswick Square. Mr. Kilgore has been ill for some time. Tomorrow an autopsy will be held and the body will be sent to Canada for burial.

DROPS DEAD ON STREET.

Lydia Fry Had Just Recovered From
Attack of Grip.

QUELPH, Monday. — Lydia Fry, the 15 year old daughter of Mr. John Fry, Aberfoyle, dropped dead in the street of the village yesterday afternoon. She had just recovered from a severe attack of la grippe.

CRAWLED HALF A MILE WITH A BROKEN LEG.

GOLDERICH, Monday. — While walking to his home in the 6th con-
cession, Golderich township, Mr. Geo. Montgomery slipped and fell on the ice road, breaking both bones of one leg between the knee and ankle. In this condition he crawled on hands and knees to the house of a brother-in-law, a half mile distant, and awaked the family by his shouts. Mont-
gomery was then driven in to Golderich, a doctor aroused and the bones set.

JUSTICE BARKER

SUCCEEDS TUCK

Government Appoints Him Chief Jus-
tice of New Brunswick.

OTTAWA, Monday. — Justice Barker was today named as chief justice of the Supreme Court of New Brunswick and Hon. A. S. White, Sussex ap-
pointed to the bench to fill the vacancy occasioned by the resignation of Chief Justice Tuck. The appoint-
ments are well thought of among New Brunswickers. Justice Barker is re-
garded as one of the best judges in the province.

COL. GRANGER IS DEAD.

Was a Veteran of the Civil War and a
Good Host.

SYDNEY, N. S., Monday. — Colonel Brownell Granger, until recently man-
ager of the Cobequid Copper Mining Company, died at his home at Beech Mount yesterday, at the age of 76.

Col. Granger was a native of Boston, and served with distinction in the war of the southern rebellion, going to the front in July, 1861, as adjutant of the Eleventh Regiment of Massachusetts volunteers, under Captain Clark. He came to Sydney over twenty years ago. He was known throughout the province for his unbounded hospitality.

ICE BOATS OUT.

Bathurst Harbor in Splendid Condi-
tion for Them. Horses Out.

BATHURST, Tuesday. — Yesterday's thaw being followed by a cold wave today makes elegant ice on the harbor. Ice boats are taking advantage of the westerly wind. Speculation, Jr., and Kentucky Mac leave tonight for Newcastle where they will take part in tomorrow's races, the former for the free-for-all and the latter for the three-minute class. Driver S. P. Bishop will be in charge. There is a rumor here that Speculation is American bred and from the speed he showed on the 15th here he is very fast.

A carnival is to be held on Friday evening on the open air rink. The ice is in perfect condition and a good evening should be spent. James Munroe, St. John and M. R. McArthur, St. John, are at the Robertson House. James McLean, C. E., went to Moncton this morning.

FEWER EXAMS. NOW IN THE PUBLIC SCHOOLS

Ontario Minister of Education Says it
Hurts Pupils for Practical
Duties.

TORONTO, Monday. — The Minister of Education yesterday issued an important circular on the examination question. It is expected that in due course the pressure of examinations for professional tests will be lessened and that examinations will cease to be a dominant influence in schools.

The minister in his circular says that under the existing system too often the chief aim of education, which is formation of character, was lost sight of and that stress affected injuriously the methods of teaching and preparation of pupils for the practical duties of life.

NEW WATER MAIN LIKELY TO BE INSTALLED

Town Council Discusses Mat-
ter at Length and De-
cides That One is
Needed

SALE OF DEBENTURES

J. Art Williams Resigns as Man-
ager of the Water and
Sewerage Systems
of Campbellton

(From Wednesday's Graphic.)
At last night's meeting of the Town Council, J. Art Williams submitted his resignation as manager of the Water and Sewerage systems and plumbing inspector, to take effect on May 7th. He gave no reason for resigning. The matter was left in the hands of the Water and Sewerage committee.

Coun. McLennan thought it was a about time that some steps were taken to raise the necessary funds to put in a new water main next year. Coun. Andrew also spoke on the matter and said that it was the general opinion that the new main be installed as early as possible. By the time the funds were on hand the sum-
mer would be well opened up, and it was not too soon to make a start.

The finance committee were instructed to enter into correspondence with brokers with a view of selling debentures.

Coun. Jardine said that he thought the water privilege for the shipping of the harbor should be put up at tender. Years ago the privilege was sold for about \$120 per year and it had continued ever since at the same rate, although the shipping had increased fifty per cent.

INSTRUCT THEIR OWN CANDIDATES

At Annual Celebration of Temperance
Federation Platform Decided
on.

HAMPTON, N. B., Monday. — At the first annual celebration of the New Brunswick Temperance Federation held here today the platform to be presented to candidates for the Legislature was decided on. The candidates will be asked to observe the laws against bribery and corruption, to refuse to allow their agents to use liquor in their behalf and also to pledge themselves to support legislation to suppress the liquor traffic.

BY-LAW QUASHED.

Scrutiny of Local Option Vote in Salt-
fleet Township.

HAMILTON, Monday. — Before Judge Snider at Stony Creek yesterday a scrutiny took place in reference to the local option by-law which passed in Saltfleet township by a small majority. The result was that the by-law was quashed.

THE 'DIAMOND MAKER.'

Mrs. Lemoine Tells of Her Husband's
Experiments.

PARIS, Monday. — According to the 'Journal,' Mrs. Lemoine, the wife of Henry Lemoine, the 'diamond maker,' stated that she purchased uncut diamonds in Paris in 1905 to the value of \$5000, but that her husband reduced them to powder and prepared compositions which emitted such an overpowering odor that he always was ill after the experiment.

NO TRUTH IN REPORT.

Colleagues of J. P. Byrne on Liberal
Ticket Have Not Resigned.

BATHURST, Monday. — J. P. Whalen, James McLean, Moncton; G. E. Howie, Emerald Isle; A. L. Harding, St. John, are at the White House. The Graphic correspondent interviewed Mr. J. P. Byrne on Saturday. When asked about the resignation of his colleagues, Messrs. Morris and Sor-
many on the liberal ticket, Mr. Byrne replied that there was absolutely no truth in the report.

NEW BRUNSWICK'S POLITICAL TEA POT HAS BEGUN TO BREW

The Conservatives of St. John Nom-
inated Dr. J. P. McInerney

FREDERICTON, Monday. — In the first civic election ever held in Marys-
ville the greatest contest was for the mayoralty. Alex. Gibson, Jr., defeat-
ing C. H. Chait, his brother-in-law by twelve votes.

The liberals in York County will nominate their candidates next Wednesday afternoon. Notwithstanding Hubbard's boast it is said that Hazen and Glasier will have the fight of their lives in Sunbury. Dr. Peake who is likely to head the government ticket was less than a hundred votes behind Hazen in the previous contest.

ST. JOHN, Monday. — Dr. J. P. McInerney was this evening nominated by the St. John opposition to fill the place on the ticket made vacant by his brother's death. Dr. McInerney accepted. There was some discussion over the matter, the action of the executive in giving Dr. McInerney the nomination before the convention was called causing some hard feeling, which will not work to the advantage of the whole ticket. Sixty-seven of the delegates did not attend at all.

THEFT OF \$1,200 FROM RAILWAY OFFICE

George Ellis, Bookkeeper for
Atlantic, Quebec & West-
ern, Under Arrest at
New Carlisle

NOBLE INVESTIGATES

Evidence of an Incriminating Na-
ture Against Ellis—Belongs to
Montreal and Not Long in
Company's Employ

(From Wednesday's Graphic.)
On Wednesday last about \$1200 in cash besides checks and papers were stolen from the safe of the New Canadian Company, New Carlisle, operators of the Atlantic, Quebec & Western Railway.

The office had apparently not been broken into and the safe had not been blown open. Whoever extracted the money knew the combination of the safe.

The box in which the money, etc., were lodged was found in a shed near the Presbyterian church. It had been broken open and the money extracted while the checks and papers remained.

Inspector Noble of Campbellton was called into the case and went down to New Carlisle on Saturday. On Sunday he arrested George Ellis, bookkeeper of the New Canadian Company on suspicion of having committed the crime.

Ellis was taken before Magistrate Tremblay on Monday and remained until Tuesday, Feb. 4th. Ellis belongs to Montreal, is about twenty-five years of age and unmarried. He has been working for the company about five or six months.

Ellis was the only man who knew the combination of the safe outside of the superintendent of the road, and there is other strong circumstantial evidence against him. The money stolen was to have been used in paying the men on construction work.

ABDUCTION CHARGE.

TORONTO, Monday. — A tragic sequel to a romantic love affair was realistically staged in No. 3 police station last night, when Detective McKney hauled in on warrants 10Jul's gan, a Russian Jew, of about 25 of age, and Betsey Fineman, 18, daughter of a young Jewess. The man is charged by the father of the girl, Nathan Fineman, of Montreal, with abduction, and the girl with vagrancy.

TOWN TOPICS

(From Thursday's Graphic.)
ROYAL PILLING UP.
 There were twenty-six guests registered at the Royal, Tuesday.

PERSONAL.
 Mr. and Mrs. James Bruce left yesterday on the Maritime for Fredericton.

NEW RESIDENCE.
 Tenders will shortly be called for the erection of a new residence for Dr. Pinault.

THIMBLE PARTY.
 Mrs. J. Porter Mowat entertained a number of her lady friends very pleasantly at a thimble party on Tuesday evening.

NOBLE AFTER HIM.
 Inspector Noble left yesterday morning for Williamstown, Ont., to bring back Demo who was arrested there on a charge of being implicated in the Clare jewelry robbery.

SKIPS FOR ST. JOHN.
 At a meeting of the Curling Club last evening the following were selected as the skips to go to St. John to play the Thistles of that city for the McCaffrey cup—T. Wran, A. O'Keefe, F. M. Stearns and F. P. Wetmore. Substitute F. F. Matheson.

REVIVAL SERVICES.
 The third of the series of the revival services in the Baptist church last evening was attended by an exceptionally large audience and great enthusiasm was shown. Mr. Stackhouse's subject was "The conversion of a secret disciple." Fifteen litanies were in the audience last evening.

FORMER L. C. R. MAN.
 It is said by a western paper that F. W. Peters, assistant freight manager on the C. P. R. may be promoted to the office of general manager on the western lines of that railway. Mr. Peters is a brother of W. Tyne Peters, of Rochester, and began his railway career on the L. C. R. in 1873.

SERIOUSLY INJURED.
 A Mexican sailor who was working on the "South Eastern" on Monday was taken to Dalhousie yesterday morning having been seriously injured. He was chopping on Monday when a tree kicked back from the stump, striking him in the abdomen. This paralyzed the lower parts of his body and legs. He was suffering considerably, and later was brought to the hospital where he is now under treatment.

TWO RUN-OFFS.
 A Grand Trunk Pacific box car attached to a shunter left the rails at Currie's siding about a mile east of here at 7.30 last evening. The auxiliary car went out and it was 12.30 before the car was placed on the track and traffic resumed. The locomotive of 153, local west bound express ran off four miles east of Cedar Hill yesterday afternoon. The auxiliary car went out from St. Flavie and after an hour placed the locomotive on the track. The exact cause of the accident is not known.

DEATH OF WILLIAM PARKER.
 The death of William Parker occurred at his home, Millstream, P. Q. Monday. He was sixty years of age and formerly a teamster of the C. E. He entered the service May 1877 and worked until two months ago. The remains were interred at the Presbyterian cemetery, St. Flavie, Jan. 21st. He leaves to mourn the loss of a devoted husband and faithful servant for the past thirty years, a widow and three daughters who thank the Superintendent Evan Price for the kind manner in which the funeral arrangements were carried out. The Rev. C. Hardy officiated.

(From Thursday's Graphic.)
 A special meeting of Court Restigouche, No. 511, I. O. F., was held last evening at the residence of W. W. Edmondson, of Moncton, high secretary of the order in New Brunswick, was present on his return from Toronto, and addressed the meeting on certain clauses of the new insurance bill to come before the Dominion House. He stated that one of the objectionable features of the bill was to place an old member of the order in a class by themselves, as their rates were found to be inadequate if would mean the wiping out of all funds in death claims. An effort was being made to have this part of the bill laid over until next session, so that the Superior Court could consider the matter with the view of submitting a proposition that would be acceptable to the insurance department. For this reason the Superior Court, as well as the High Court of New Brunswick will meet considerably earlier this year.

(From Thursday's Graphic.)
 Ambermen have also finished cutting on the Restigouche for the season. The cut, it is estimated, amounts to between fifty and sixty million feet. Owing to the continued fine weather a trifle more was cut than was expected. All that is wanted now is more snow. It is required. Hoisting usually begins here long before this, but most lumbermen are still yarding. In a few favorable places some hauling is being done, but it is scarcely worth speaking of. The Shives Lumber Company are getting out about the same amount as they did last year, but the others have greatly curtailed their cut.

Why Suffer from Rheumatism?
 Do you know that rheumatic pains can be relieved? If you doubt this just try one application of Chamberlain's Pain Balm. It will make rest and sleep possible, and that certainly means a great deal to anyone suffering from rheumatism. For sale by all druggists.

SMELT FISHING.
 The catches of smelts at Dalhousie on Wednesday were good, many nets making large hauls.

CURLING MATCH.
 The curling match last evening in the finale of the cup series resulted as follows:—A. McG. McDonald, 15, W. H. Marquis, 10.

WEBBER COMING.
 The Boston Comedy Company, under the management of the ever popular H. Price Webber, will open an engagement in the opera house here on Tuesday, the 31st. "Poles" always puts on good plays and draws good houses.

NARROW ESCAPE.
 A crew of men engaged cutting ice for James Reid, M. P. at Charlo had a narrow escape from being driven to sea on an ice floe yesterday. There were about ten men, with horses on the ice some distance from the shore, when the wind rose and blew the ice from the shore before it was noticed. Some of the crew of the boat, but the horses swam ashore, and the men were taken off in a boat.

GLOUCESTER IRON MINES.
 Everything now points to the Drummond Mines Co. establishing smelting works in the vicinity of Bathurst in connection with their recently acquired rich iron deposits at Grand Falls, on the Nepisiguit. Besides the order to survey a line from the mines to connect with the L. C. R. at Black's Cut, from town, another order will be issued to run a preliminary survey from this latter point to the old shipyard and on to the southern entrance of Bathurst harbor. On Monday Mr. Parsons, engineer in charge of developing this mine, was in Bathurst and with P. J. Veniot and T. M. Burns appeared before the Municipal Council asking for exemption from taxation for a period of twenty years. Mr. Veniot addressed the council in favor of exemption and the matter received serious consideration and was finally adopted.

(From Thursday's Graphic.)
 The re-opening of Christ Church will take place this evening at 7.30 o'clock. The church has been closed since September to allow of elaborate changes and improvements which have been made under the direction of J. A. Proudfoot Bulman, architect. Both the interior and exterior of the edifice have been greatly improved and it is now one of the prettiest places of worship on the North Shore. The church was raised four feet and a stone and cement foundation placed under it.

Inside, new pews were placed, also a new chancel. The pews were made by Paul Lea & Co., of Moncton and are of hardwood. A new lectern of oak and blood wood, donated by Mrs. William Doherty, was installed. A splendid new altar rail, of black walnut is another pleasing addition. The altar rail and lectern were the work of J. & D. A. Harquail. A handsome illuminated text over the chancel arch was the gift of Mr. Johnston of St. John, father-in-law of Mr. T. Wran. The whole interior was handsomely painted and decorated throughout by Mr. George Metzger. The whole interior work was carried out as nearly as possible in early English Gothic style. The new bell was installed at a cost of \$150. A new furnace was installed, the work being done by Hugh Marquis. The rectory was moved from the north west corner of the church to the south east and now fronts the street parallel with the church. The cost of the church improvements is estimated at about \$7,000.

A number of visiting clergymen will attend the opening tomorrow and a special choir of forty voices under the direction of Prof. Williamson will render the music. Bishop Richardson is expected here on February 12th to conduct a rededication service.

(From Friday's Graphic.)
 The re-opening of Christ church took place last evening under the most auspicious circumstances. An eloquent sermon appropriate to the occasion was preached and the church was crowded to the doors. Many seats were placed in the aisles to accommodate the large congregation. At the opening Rev. Mr. Vibert offered up a prayer for the well being of the church. A most inspiring sermon was preached by Rev. John Bate of Dalhousie. It was very appropriate to the occasion and was listened to with the greatest of interest. Toward the close of the services remarks were made by Rev. A. F. Carr, D. D., pastor of St. Andrew's Presbyterian church. Following this the pastor, Rev. R. J. Coleman made a few remarks appropriate to the occasion. A choir of thirty voices, under the direction of Prof. Williamson, rendered excellent music. At the conclusion of the service Rev. Mr. Coleman and Mrs. Coleman entertained a large number at a repast at the rectory. At the rectory Mr. Coleman made a few additional remarks in the course of which he spoke of Dr. Carr's presence and hoped that the closest friendship would be maintained between the two churches.

PERSONAL.
 Mr. A. McG. McDonald leaves this morning on his homeward trip for Loyalist. The chess club will start with Mrs. O. A. B. McDonald who is suffering from an attack of pneumonia.

ANY YESTERDAY.
 While standing at the residence of D. Macdonald the horse with which he was attached, belonging to Mrs. G. Macdonald & Co., took fright and ran away, but was caught near Harquail's factory by Joseph Macenna before any damage was done.

THIS IS SAID.
 TO HELP MANY.
 Ght from any prescription pharmacist the following:—There are, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime. The above is considered by an eminent authority, who writes in a New York daily paper, the finest prescription ever written to relieve Bile, Kidney trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism. Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it, the results are simply surprising, and relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation it is said, was established by it. A druggist kept at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommend it as harmless.

(From Thursday's Graphic.)
 Great progress is being made on the construction of the Atlantic, Quebec and Western Railway. There are now 750 men employed blasting, etc., between Port Daniel East and Gaspe. A rock tunnel 700 feet, a short distance from Port Daniel bridge East has been finished and photographed. It was taken by S. W. Dimock. This tunnel is said to be the longest in Canada. The road back of Percé hills just outside of Port Daniel was almost solid rock for eighteen miles and was completed with great difficulty. Mr. Dimock took photos this week of the company's rolling stock and stations.

When the Stomach, Heart, or Kidneys nerves get weak, the organs themselves always fail. Don't drug the Stomach nor stimulate the Heart and Kidneys. This is simply a makeshift. Get a prescription known to druggists everywhere as Dr. Shoop's Restorative. Restorative is prepared expressly for these weak inside nerves. Strengthen Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. For sale by A. McG. McDonald.

CHATHAM

CHATHAM, Thursday.
 A meeting was held this afternoon at Newcastle to make arrangements for the High Society Ball, the date was fixed for the 15th of February. The managing committee was also selected. This dance will be one of the swiftest of the season. Expenses are estimated at about \$700. The funeral of the late Mrs. Mary Mowat took place this afternoon at 2 o'clock from the residence of John Mowat. The remains were brought home this morning by Milton Mowat son of the deceased lady, from Appleton, Wis., where she died on Jan. 15. W. A. Campbell of Bolestown, and John Robinson, Jr., of Newcastle registered at the Canada House this afternoon. Mrs. I. B. McDonald entertained a small number of friends at her home yesterday when what was the amusement of the evening.

DALHOUSIE, Wednesday.
 The wharf being constructed by Contractor John Culligan is making good headway. The bottoms of all the piers are under way and some have been placed in position and ballasted. A large number of men and teams are at work at the wharf. Hon. C. H. Labadie left this morning to attend a meeting of the Provincial Government at Fredericton. A carnival will start early in February. The date will be announced later. Policeman Savoy of Campbellton brought two prisoners down to the County Jail this morning.

EXCESSIVE TELEPHONE RATES IN THE COUNTY FURNISH SUBJECT FOR DISCUSSION

DALHOUSIE, Thursday.—The council was called to order at 10 o'clock, Warden Adams in the chair. A communication from the Restigouche Board of Health, asking that the sum of one hundred dollars be placed to the credit of the Board to pay pressing bills, was read by the secretary.

On motion of Coun. Dawson this request was granted, and the \$100.00 ordered placed to the credit of the Board of Health.

Coun. Stewart asked that Sheriff Robinson be permitted to say a few words to the council in reference to the prisoners' board.

Sheriff Robinson stated that the amount allowed, five cents per meal, was not sufficient to feed the prisoners.

Coun. Arsenault was also of the opinion that five cents was too low a figure and moved that the rate be increased to 21 cents per day for criminal prisoners and 25 cents for debtors.

Warden Adams stated that he noticed in an account of the sheriff's that the council allowed \$30 for preparing voters lists, and \$20 for preparing the jury lists. If it was the pleasure of the council that the sheriff should receive this amount the council should pass a resolution to show the auditor that this was to be the figure.

Coun. Montgomery moved that the rate in future be \$30 for preparing voters lists and \$20 for the jury lists.

A number of parish and county accounts and the secretary-treasurer's financial statement with the various funds were taken up and passed. The bill was published in full in the County Report.

Coun. Stewart said that in looking over the financial statement he could find no return from the sheriff for the use of the court house at the last election. This should be paid to the sheriff. Robinson was granted permission to make a statement. He said that the Local Government had refused to pay this amount, stating that the county should grant the public building free for such purposes.

Coun. Stewart did not think the local government should be allowed the use of the county buildings, and thought that this council should insist on the collection of this account. Coun. Arsenault did not think the local government was entitled to the use of county buildings free.

Coun. Dawson suggested that the secretary be authorized to collect this from the local government.

Coun. Arsenault thought that the sheriff should have rendered an account of this to the council giving the particulars of the case.

Coun. Stewart moved that the secretary write the government in reference to the rent of public buildings at the last election. Carried.

Coun. Arsenault moved that in future all monies received from county buildings be paid in to the secretary-treasurer of the county. Carried.

Coun. Arsenault moved that the printing committee be authorized to have printed 400 copies of the minutes of the council and also that it contain the names of every parish and county officer, and that the report be delivered not later than April 30th. Carried.

Coun. Arsenault brought up the matter of the excessive rates charged by the N. B. Telephone Co. between Dalhousie and Campbellton. He suggested that the council appoint a committee to take up this matter with the legal advisor, to draft a resolution, and endeavor to have a reduction made.

Coun. Montgomery thought that the rate was high. When the present company took over the telephone business he had a promise that the rate would be reduced to fifteen cents. There should be a general kick when it is likely the reduction would be made.

The following committee was appointed to draft a resolution with the legal advisor:—Montgomery, Taylor and Murchie.

The warden named the following as the Public Lands and Building Committee:—Stewart, Lawlor and Taylor.

Coun. Stewart of the foregoing committee wished advice from the council in reference to installing water in the jail and court house.

Coun. Taylor thought that water should be put in. He thought also that a basin and closet should be put in the court house.

Coun. Montgomery moved that the Public Lands and Building Committee be authorized to have the water put into the jail and the court house, and also that a tile pipe be laid to the river for sewerage. In place of the wooden one now in use. Carried.

There was some discussion in reference to the telephone in the jail. Some of the councillors did not think it necessary, but Councilor Montgomery, promising to have the Town of Dalhousie pay half of the fee it was decided to let it remain.

The accounts of Messrs. Seely and Gallop, \$75 each, for legal services in defending cases were handed to the legal advisor, and he stated that legally the council was not responsible for Seely's account. Coun. Arsenault moved that this account be not allowed.

Coun. Murchie moved as an amendment that it be paid. The amendment was lost.

The Gallop account also was not allowed.

The council then adjourned for dinner.

THURSDAY AFTERNOON.
 The council re-assembled at 2 o'clock.

Coun. Stewart said he understood that J. S. Bassett, J. P., had a number of fines which were not paid over. He moved that the secretary write him and ask that all fines in his hands be remitted to the Treasurer. Carried.

Coun. Murchie moved that the poll tax of William Winton, Daniel Cook and Jeremiah Polier be refunded they being over the age limit. Carried.

Coun. Montgomery said that the Town of Dalhousie was desirous of procuring the Public Hall, or old Mechanics Institute, for a fire hall and asked the council to return the building to the town. The town would repair it and make it suitable for a fire station.

Coun. Stewart moved that the Town of Dalhousie be granted a lease of the Public Hall for a term of years at the rate of \$1.00 per year, so long as they used it for a fire hall. Carried.

Coun. Montgomery thanked the council in behalf of the Town of Dalhousie for the way the matter had been dealt with.

Coun. Montgomery stated that some legislation should be procured to authorize the municipality to borrow a stated sum of money. At present the warden and the secretary-treasurer had to give a note to the bank for the amount required.

Coun. Arsenault thought that this was very necessary.

The bye-law committee was instructed to take this matter up with the legal advisor, and draft a bill to go before the legislature.

Coun. Montgomery moved that the warden appoint a committee to look up the session books and report here in July session—Carried.

Coun. Montgomery, Stewart and St. Onge were appointed such committee.

Coun. Montgomery moved that the practice of paying the newspaper reporter for reporting proceedings of council be discontinued. Carried.

The council adjourned until Friday morning at 10 o'clock.

DALHOUSIE, Friday.—The council was called to order at 10 o'clock, Warden Adams in the chair.

Coun. Montgomery moved that the Secretary-Treasurer be empowered to borrow money or over-draw from the Bank or any other bank for the purpose of the municipality a sum of money to be placed to the credit of the Municipality in contingent account, by way of over-draw from time to time as required and applied to the payment of current demands upon the municipality until such time as the ordinary revenue received by the Secretary-Treasurer during the current year shall be sufficient to pay all monies borrowed or over-drawn under this resolution and that the Secretary-Treasurer be authorized to furnish a certified copy of this resolution under the County seal. Carried.

Coun. Montgomery moved that a committee of three be appointed for the purpose of communicating with the New Brunswick Telephone Company and negotiating with it in respect to its service and schedule of rates for this county, and in this connection to have full power and authority to submit any and all complaints to the telephone commission or any other proper authority, if the said company does not satisfactorily comply with the committee's request. Carried.

Coun. Montgomery, Taylor and Murchie were appointed such committee.

A communication from Dr. Ferguson of the Board of Health was read. This asked the council to appoint two additional members to the board.

Coun. Montgomery thought that the council should take some steps to keep the smallpox out of the county. Dr. Ferguson should be asked to confer with the council, and he should be assured that the council was willing to stand by him in any course he should think necessary.

Coun. Arsenault suggested that Dr. Ferguson be sent for and that the council take the matter with him. Every effort should be made to keep the smallpox out of the county.

Coun. Arsenault and Jamieson were appointed members of the Board of Health.

The council took recess in order to give the assessment committee time to prepare the assessment.

One being called to order Coun. Stewart of the assessment committee reported that it was necessary to assess the following amounts:—

Contingencies, \$2,200.

Schools, \$3,200.

Poor, \$400.

This report was adopted and the council adjourned until 2 o'clock.

The council re-assembled at 2 o'clock.

The parish and county officers for the various parishes were appointed.

Coun. Arsenault moved the following resolution:—

That whereas the railway passenger service on the Dalhousie Branch railway as given by the superintendent of the division and some of the officials under him is of great inconvenience to the general public and should be immediately remedied in the following manner:—

1st. By ordering the Branch train to immediately return to Dalhousie after the arrival of the passenger train.

2nd. By ordering the Branch train to immediately return to Dalhousie after the arrival of the passenger train.

ANSLOW BROS., Publishers,
Thursday, January 30, 1908.

The province will grow and prosper under the Robinson government.

The more one reads the so-called "opposition platform," the less one sees in it.

The government's candidate in the county will be LaBillico and Currie. Who will be the opposition victims?

General Hemptzomalia Boyadgain, of India, is in the U. S., the guest of parliamentarians and proofreaders.

Opposition demands original papers' headlines in Moncton Transcript. They have one now in the Moncton Times.

Thirteen women's clubs have voted not to trim hats with the plumage of birds. That is a lucky number for the feathered songsters.

A Toledo judge has decided that a wife is not bound legally or morally to kiss her husband when his breath is tainted with liquor.

A Guelph woman with cold feet says she lost \$130 learning to play poker. Congratulations, lady; if you learned 'twas a bargain.

On thing about the opposition this time, while they haven't a platform worth speaking about they are said to have a well filled treasury.

We should take more stock in the opposition's professions of honesty if there were more of that sort of thing in evidence in the utterances of its organs.

Hazen is said to be dominated by Fowler. Are the people of New Brunswick willing to be ruled by this Kings County high financier? We think not.

Ernest Thompson Seton has ascertained beyond all reasonable doubt that mosquitoes do not bite frogs. There now, we hope you can get to sleep without further trouble!

A New York girl proposed to a man just as the clock finished striking 12 on New Year's Eve, was immediately accepted, and the wedding took place an hour later. This should give timid girls courage to do some pointed asking.

The only madness in Harry Thaw's case was that he was mother's boy, and it never occurred to anybody that the son of a multi-millionaire should be thwarted in anything he wanted, even if it was the life of someone who offended him.

The St. John Times had better find out what it is talking about before it accuses the management of the International Railway of rascally conduct in its dealings with English immigrants. It would have been very easy to obtain Mr. Malcolm's side of the story.

Now that the County Council has moved in the matter of a reduction of telephone rates between here and Dalhousie, it should persist until it obtains the desired result. As we have all along pointed out twenty-five cents a message between here and the shiretown is nothing short of extortion.

British Columbia seems determined to get a snubbing. The introduction of the so-called Natal act is so much mere "playing to the galleries," for the McBride Ministry knows that the legislation is ultra vires and cannot be allowed by the Dominion, even if the province had power to pass it—Ottawa Free Press.

A young man in Campbellton, New Brunswick, was compelled to marry and it was necessary to put handcuffs on him to get through the ceremony. They certainly have heroic methods at times in this town or our sister province. The groom's next move would be awaited with much interest.—Glouce Bay Gazette.

We would like the St. John Telegraph to tell us why it was so enthusiastically in favor of Dr. Pugsley a year ago and why it is now so violently opposed to him; also we should like the Fredericton Gleaner to tell us why it ridiculed the so-called Pinder ticket at the last election and why it is now so outspoken in its favor.

In order to get a decent sized platform the opposition in this province inserts the following as plank no. 10:—The extension and encouragement of local schools, so that every man in the province who has a family, may have a chance to give his children an elementary education. Is there one man in this province today who for lack of schools, is unable to give his children an elementary education?

The Restigouche County Council, with commendable energy and enterprise, passed resolutions in favor of a reduction in the telephone rates and an improvement in the service on the Dalhousie branch; but it overlooked one matter of vital importance, viz., the placing of a prohibitive tax on the export of pulp wood. All the North Shore Counties should have passed strong resolutions in favor of such a tax.

Let's hear Hazen's platform, anyway!

It seemed very much like last summer yesterday.

The people of New Brunswick want a government which is in sympathy with the government at Ottawa.

Notwithstanding the ravages of the green bug and the January thaw, the ice crop is beginning to head out.

Most family closets have one skeleton, but the Thaw family closet seems to contain a whole graveyard.

A Manitoba man is suing because a mule kicked out his teeth. Xen should always learn to bite a mule on the nose.

Any party who is as extravagant in language as the Hazen party, would doubtless be very extravagant in financial matters.

When opposition papers in this province take up the cause of a lot of rascally Englishmen it shows about where they stand.

Pullman cars pay for themselves every two years; but does it take that long for the porters to accumulate enough to own one.

Nobody need wonder why the Thaw trial was adjourned the other day. A snow storm generally stops a thaw.—Ottawa Free Press.

Don't worry about Northumberland. We venture to say that in the good old Miramichi county the government will gain at least one seat.

Wonder if the opposition candidates in this county will have anything to say about Mr. Hazen's opposition to the International Railway?

The government's colonization scheme is one little plank in Mr. Robinson's platform which is worth more than all of those in Mr. Hazen's put together.

The Ohio man who would die for Thaw for three million dollars is not a perfect double of that misguided young person. For instance, there is method in his madness.

New Brunswick cannot afford to jeopardize its interests by bringing in to power a government which is in opposition to the government at Ottawa.

The French have again defeated the Arabs in a ten-hour fight. But what we ask, will happen when Fuzzy Wuzzy puts his tumultuous courage behind a machine-gun.

Mr. Nesbitt, K. C., says that the Angel Gabriel would resign if he had to do business with rifle experts. And very well he might. Gabriel's department is trumpets not rifles.

The International Railway will be the means of making Campbellton a great railway centre. Under a Hazen government the International Railway would not have been possible.

The opposition papers all admit that New Brunswick needs more settlers. Yet they one and all throw cold water on the government's energetic colonization scheme. What an inconsistent lot!

If the opposition is at sixes and sevens, so to speak, in St. John, what is the opposition like in Northumberland? Morrisey and Morrison are finding it an almost impossible task to obtain suitable candidates.

DOWN ON THE NORTH SHORE.

Government support on industrial and railway projects on the North Shore always meets with violent opposition from Mr. Hazen and his henchmen. It seems as though the opposition members, no matter from what section of the province they hail from, are dead set against any measure which will promote the growth and prosperity of the North Shore. An instance of this is seen in their opposition to the government's offer to guarantee the bonds of the International Railway \$8,000 a mile. They are constantly harping at it. Yet Mr. Hazen and his henchmen supported the vote of \$15,000 a mile to the St. John Valley road. They dared not oppose the one, but they only too eagerly assailed the other—because it is North Shore enterprise.

THE COMING CONVENTION.

In view of the great interest the people of the County of Restigouche take in the lumber industry and in the sudden and rapid development in mining on the North Shore, the coming of Premier Robinson to Campbellton on February 6th to address a mass meeting in the Opera House will be hailed with delight. Mr. Robinson will doubtless tell us about that excellent colonization policy of his—a policy designed to encourage young men to settle upon our fertile lands and develop them as they should be developed. A vigorous carrying out of the Premier's new policy will have the effect of increasing our population by leaps and bounds and holding at home young men, who under other conditions might be tempted to migrate to western Canada or to the States. There are plenty of opportunities here at home for industrious young men as the premier will doubtless show in his address here. We should all avail ourselves of hearing him. This County is now represented by a member of the government, the Hon. C. H. LaBillico. He too will speak on this occasion—an occasion which should be a memorable one in the history of politics on the North Shore.

SITUATION WAS NEVER BETTER

Hon. C. H. LaBillico Says That Most Encouraging Reports are Coming From All Sections of the Province.

(From Tuesday's Graphic.) Hon. C. H. LaBillico, minister of public works in the cabinet of Premier Robinson was in town yesterday afternoon.

When asked by a reporter for the Graphic what he thought of the outlook in the province for the support of Premier Robinson, Mr. LaBillico said that he had been a member of the government since the day of the late administration. He added that most favorable reports were coming in from all sections of the province. The premier was winning greater popularity every day.

On Saturday next Mr. LaBillico and the premier will address a mass meeting in Barnes' Hall, Buctouche. Mr. LaBillico says the government will have an exceptionally strong ticket in the field in Kent County.

FIRST GUN TO BE FIRED FEB. 6.

Liberal Mass Meeting to be held Here in Opera House on That Date to be Addressed by Premier and Others.

(From Tuesday's Graphic.) A convention of the liberals of Restigouche County and all others friendly to the local government will be held in the Opera House, Campbellton on Thursday, Feb. 6, commencing at 2:30 o'clock. At this convention the government standard bearers for the county will be chosen.

A mass meeting will be held in the Opera House the same evening at which addresses will be delivered by the candidates, Premier Robinson and probably by Attorney General McKeown, Surveyor General Sweeney, James Reid, M. P., Hon. Charles Macell, M. P., Arthur T. LeBlanc and R. G. McKenzie.

If all the above speakers do not participate at the meeting on Feb. 6, they will be heard here and in other sections of the county before March 3. The meeting here in the Opera House will be the first gun fired in the liberal campaign in this county if not in the whole province and the Opera House will doubtless be packed to the doors.

Other meetings will also be held in Campbellton before the campaign closes and also at Dalhousie, Robinsonville, Highlands, Glenelg, Seven Mile Ridge, Balmoral, Ed River Crossing, River Charles, New Mills, Jacques River, Lorne, and other places in Durham.

(From Monday's Graphic.) Wallace Harris, a young man, belonging to Upsalquitch was accidentally shot while driving to Matapedia along with a companion Saturday afternoon and is now in a serious condition.

It seems that the young man had a loaded forty-four calibre revolver in his breast pocket. On Harris getting out of the sleigh the revolver was accidentally discharged, the bullet entering the young man's abdomen.

Suffering keenly he was conveyed to a house at Matapedia where he was attended by Dr. Bernier. Later he was brought to Campbellton by train and taken to the hospital. Dr. Plamondon was summoned, opened the young man's body and extracted the bullet. Harris will recover if he manages to pull through the next three or four days. Inquiry at the hospital last evening revealed the fact that the young man was resting easy.

(From Monday's Graphic.) Inspector Duncan Noble returned Saturday morning from Lancaster, Ont. with J. J. Duomo whom he arrested at that place on a charge of being implicated in the Clare jewelry robbery.

From close inquiry Inspector Noble learned that Duomo took no part in the robbery, nor did he receive any of the stolen goods. He made a detailed statement to the detective in which he told of how the robbery was committed. He merely walked up and down the street while the job was being pulled off.

Inspector Noble says both Duomo and his people in Ontario felt the position keenly, but he (Duomo) was placed in. The young man's father was at almost heart broken. Mr. Noble says he never witnessed a more heart rending spectacle than when Duomo took leave of his father. All of Duomo's people are very respectable and highly thought of in Lancaster and Williamstown. Duomo himself bears an excellent reputation there. He has a wife and one child who were also heart broken over the affair.

When Duomo was taken before Magistrate Matheson on Saturday, the charge against him was withdrawn, but he was held in his own recognition to appear as a witness at the trial of Conway and Asprey.

Mr. A. E. G. McKenzie who represented Duomo at the hearing is being congratulated on the able manner in which he conducted the case. He has received many letters from prominent persons in Ontario in Duomo's behalf.

Duomo called at the Graphic office yesterday and repeated the story he had told in his statement. He stated that the idea of the robbery was first broached to him by Conway while the three were eating oysters in Gray's restaurant. He told both Conway and Asprey that he would have nothing at all to do with it. Later Conway showed him some of the loot and told him to help himself but he refused to touch a cent of it.

Duomo has always been a hard-working man and feels his position keenly. He stated that he intends to stay in Campbellton and live down the stain placed upon his character. He is now looking for work. His trade is paper hanging and painting.

To gain his freedom Thaw would be perfectly willing to promise the jury never to go insane again.

NEW CARLISLE

NEM CARLISLE, Friday.—A pleasant birthday party was given by Allen Gladys Carlisle at her home on Friday evening, the 17th inst. Those present were: Misses L. E. Kempfer, Gladys Kemper, Lena Colwell, Eva Smith, Alta Colwell, Violet Colwell, Margie Hall, Edna Hall and Miss Campbell. Rev. E. A. and Mrs. Dunn left on Monday for Quebec for a short visit.

Mr. E. W. LeBlanc of Pasphebec was in town Tuesday.

Mr. Journeau, of Port Daniel West, spent Monday in town.

NEW CARLISLE, Tuesday.—We were visited with quite a rainstorm Monday morning lasting all day.

Mr. and Mrs. W. L. Kempfer are back from a few days visit in Campbellton.

David Mill, P. L. E., of Maria, was in town one day last week.

William Young, Pasphebec, was in town Monday for a few hours.

R. N. LeBlanc and A. Noel, of Bonaventure, spent Friday in town.

Rev. Mr. Laviole, priest of Musselville, was in New Carlisle Saturday afternoon returning in the evening.

A meeting of the ladies guild was held Wednesday evening last at the residence of Mrs. Jos. W. Hall.

John Hall Kelly left Saturday afternoon to attend the sitting of the court in Perce.

Miss Josephine Audet left Saturday for Maria to visit friends for a few days.

William Allard of Musselville, was in town Monday.

(From Wednesday's Graphic.) A meeting of the Town Council was held last evening. Mayor Murray and Couns. Doherty, Andrew, Taylor, McLean Jardine and McLennan being present.

An application from Norman Campbell for a position on the police force was referred to committee.

A communication from Anslow Bros. was read, asking that the Council consider the question of instituting a day electric service. It was stated that their power bill would probably amount to \$25.00 per month, while another firm in town would probably use about \$500 worth of current per year. It would also be an inducement to new industries to locate here, and the revenue would be increased in many ways so that it would very shortly be self-sustaining. The communication was referred to the electric light committee.

Archibald McKenzie submitted a claim for \$3000 for damages to his property on Union Terrace. The amount was made up as follows:—Inconvenience and personal injury sustained while climbing up and down the bank made by the deep cutting of street, \$1000; reduced value of property, \$1500; defacing material beauty of property, \$500. Referred to Public Property and Streets committee.

The account of the Provincial Hospital again came up before the council, the amounting to \$173.35.

Accounts of different departments were passed and council adjourned.

DOESN'T ENVY HIM.

One would gather from our communication on this page that Mr. Thomas Malcolm is indignant. And not unnaturally. It is bad enough to be cheated by a lot of supposed laborers, but when abuse in their behalf is piled on in addition, one would need a very pacific nature to keep him from strong language, and, possibly, strong action.

We note in the Campbellton Graphic that Mr. Malcolm, referring to the editor of one opposition paper which attacked him, described that journalist as "a low-down scoundrel."

He would likely take action against the paper as well as personally interview the editor. We do not envy that editor. Mr. Malcolm is a very large and strong man.—St. John Sun.

for you are to be found in a bottle of Bovril.

"Bovril" contains all that is good in beef. It not only feeds you but it enables you to get the full value out of your ordinary diet.

Sold by your Druggist and Grocer in bottles containing 1 oz., 2 ozs., 4 ozs., 8 ozs., and 16 ozs.

Recently in England the mind of the public has been much exercised as to the correct pronunciation of the word "Bovril," he name of the well-known preparation of beef.

A consensus of opinion has been obtained by the proprietors of the preparation. As many as \$60,000 votes for "Bov-ril" and that seems to have been the favorite pronunciation. A Mrs. Brain of Shirehampton near Bristol secured a prize of \$500 by giving the exact number of the majority of persons voting for "Bov-ril."

Whether pronounced "Bov-ril" or "Bovril" the preparation is very acceptable at this time of year.

(From Saturday's Graphic.) "Burns Night" was most fittingly celebrated last evening at the opera house when the members of the Canadian Society of Restigouche were the hosts to about three hundred of their friends. A splendid program of music, readings and addresses was carried out followed by a luncheon and dances.

The opera house was appropriately decorated for the occasion with plaids. George G. McKenzie presided. The first number on the programme was an excellent selection on the bagpipes by Coun. Harry McLennan after which there was a march played by Arch. McEachren and his son of Chatham, N. B., on the violin and piano respectively.

Following this Mr. Russell recited "Tam O'Shanter" in splendid style. Then came a vocal solo by R. M. Hope, which was greatly appreciated.

Miss Richards gave a reading in her usual fine style. A most inspiring though brief address was delivered by Mayor Murray. Following this United States Consul Botkin spoke very feelingly and eloquently. Both speakers paid high tributes to Scotland's greatest bard and expressed the hope that the Canadian Society of Restigouche would always see fit to honor his memory.

Mr. Botkin also gave a splendid reading. He was followed by Prof. Williamson in a very pleasing vocal solo.

Mr. A. J. Watson delighted the audience with a cornet solo.

Mr. Russell gave a second reading "McLean's Wedding and the Twenty Pipers." It was a humorous reading and kept the audience in laughter from start to finish.

At the close of the entertainment refreshments were served, following which a programme of twelve dances was gone through with. The whole affair proved one of the most delightful of its kind ever held in Campbellton and the committee, of which Mr. A. Ernest G. McKenzie was the energetic secretary, is to be congratulated.

banks and banking system. He said the system should be able to give the people good security. Mr. Foster moved for a return of the aid the government had secured from the banks for aiding the western crops stating that the aid had been given to supporters of the government.

Mr. Fielding replied that a return would be made. The House adjourned at 6 p. m. In the Senate, Senator David declared the Commons had overlooked the fact that they too would have to re-organize. Quebec could not keep up with the growth of the west and as the Maritime Provinces were not growing their representation in the Commons was diminishing and approaching the vanishing point. He wanted Senators elected every second term and resented the Senate being called a useless expense. He moved an amendment to Senator McMillin's motion.

DUNKERS INVADE BRITISH COLUMBIA

Large Colony is Arranging to Come to a Vast Area Near Ashcroft, British Columbia.

SIMILAR TO QUAKERS.

(Victoria Times.) There is a deputation in town today to interview the local government.

It is worthy of special note in that it represents a special class of people who have started a colonization movement in British Columbia. They are known as the Dunkers, who are said to have ideas and fancies similar to those of the Quakers. They believe in love. At least, it is rumored that they disbelieve in hate. In any case, their arms are religiously folded against the suggestion that any sort of offensive weapon should repose in them.

The deputation which is in town today is headed by P. E. Hopkins, an American. Mr. Hopkins is officiating as the agent for a colony of Dunkers, which proposes to settle at Ashcroft, this spring. On behalf of these people he has already purchased about 100,000 acres of land, including the Langley ranch. He has also bought out the plant of the Ashcroft Water & Light Company, and proposed to utilize the same as a commercial venture, and for the purpose of lighting their

LITTLETON LEAVES JEROME A HARD PROPOSITION

Makes an Able Appeal in Behalf of His Client Harry Thaw at Yesterday's Session

REFERS TO EVIDENCE

Says District Attorney Jerome Has Answered it only by Sneers and Insinuations

(Special to the Morning Graphic.) NEW YORK, Wednesday. — Martin W. Littleton, chief counsel in the defence of Harry Thaw today asked for the acquittal of his client upon the grounds of insanity, declaring he could not conceive how in the face of the evidence the jury could render any other verdict. The serious and sincere evidence of the defence, tending to establish the insanity of the defendant, Mr. Littleton declared, has been answered only by the sneers and insinuations of the District Attorney. The address of the defending attorney occupied all of the day's session and the District Attorney is expected to reply tomorrow. If he should conclude at the morning session, Justice Dowling will charge the jury during the afternoon. If Mr. Jerome should extend till into the afternoon however the case will not go to the jury until Friday morning. The speech was crisp in epigram and the short sentences were filled with the quality of appeal. The juryman followed it with intense interest and it was generally conceded that Mr. Littleton had left the District Attorney Jerome a difficult task.

GRAND CASCAPEDIA

(Special to the Morning Graphic.) GRAND CASCAPEDIA, Tuesday. — The weather of the past week has been the coldest of the season, but has now turned milder and has now the appearance of rain. The many friends of John Robertson regret to hear of his serious illness and all join in wishing him a speedy recovery.

Joseph Harvey of England is the guest of his aunt, Mrs. John Gilker. His father was a native of New Richmond, having moved to England some time ago, settling there. We trust that Mr. Harvey will enjoy his visit among his many friends here. Peter Nadeau and Arthur Nadeau spent two days of the past week in St. Omers on business. Nevin Stewart of New Richmond, was the guest of Mrs. John Gilker on Sunday evening. Miss Alice Garret returned to her home in Oak Bay on Friday, after spending a few weeks with friends here.

Many an enjoyable evening is spent by a few of the young ladies and gentlemen on a private rink, kept open on the lawn at the residence of Dr. L. Crepault, of New Richmond.

A FEW GOVERNMENT ACHIEVEMENTS IN A NUT-SHELL

The organization of a Colonization and Industrial Bureau designed to increase our population and promote our prosperity.

Increased grants to Teachers and the adoption of a Teachers' Pension Scheme.

The encouragement of the International Railway, a project which will result in Campbellton becoming a great railway centre.

The erection of high grade bridges in all sections of the province.

Promotion of the Iron Industry in Gloucester the result of which will make that county one of the great industrial centres of Canada.

Promotion of the idea of government ownership of the branch railways.

The flotation of a loan of \$1,250,000 on terms lower than the prevailing rate of interest.

CHORAL SOCIETY

(Special to the Morning Graphic.) CHATHAM, Wednesday. — A rehearsal of the Chatham Choral Society was held Tuesday evening in the town hall when a very fair company was in attendance. Mr. E. S. Peacock was appointed director and Miss Synott to preside at the piano. It is the intention to form an orchestra and to secure the services of some prominent vocal artist to assist at the concert which is to be given as soon as the new hall is ready. It was also decided to increase the membership from forty to about sixty.

The first monthly meeting of the Men's Union of St. Andrew's church was held Monday evening and the officers were elected. Warren Benson leaves tonight for Montreal. Miss Della Ulloca is spending a few days with relatives at Black River. The Misses Malby have returned from Newcastle where they were on a visit to friends. A basket ball match was played yesterday in the Y. M. C. A. hall between Chatham and Moncton. An opposition convention is to be held in the Masonic hall, Chatham on Monday, Feb. 3 at 3 o'clock to nominate candidates for the coming election. On Tuesday morning about 5 o'clock the ice at Oak Point cracked and drifted out taking with it about twenty or thirty nets. Luckily no fishermen were on the ice at the time, but the nets will be a complete loss.

OPPOSITION NOMINATIONS.

READ WHAT THIS MAN HAS TO SAY

An Englishman Who came out With Mr. Malcolm's "Batch" Says they Were the Scum of the Earth.

REGRETS BEING IN THE CROWD.

To the Editor of the Morning Graphic: Looking over the columns of your esteemed paper this morning, I notice certain comments passed on an editorial published in 'The Frederickian' wherein the editor attacks the management of the International Railway in general, and all through the case of an Englishman who preferred charity to work. It may be a party cry, but when an editor becomes intoxicated with the exuberance of his own verbosity, not all his cries will ever avail his party much, for they will never appeal to the right judgment of any intelligent people.

I myself being one of the Englishmen coming out with that 'beautiful batch' for Mr. Malcolm last summer, can testify without any fear of contradiction that they were, in fact, the great majority, the worst class of men that could ever have left England's shore, and the only regret I ever experienced was to find out when too late that I was travelling with some of Britain's worst, men whose only objection to the life here was because they could not do just as they liked, and because tents and good food were not half so good an investment as rumming on Liverpool and Manchester streets. Charity, they say begins at home, and I beg to differ with the St. John's Charitable Society for giving any help whatever to these men for it was a misplaced trust in the bona fides of those who had no bona fides at all. There was work here for all the men to do had they have had any inclination to do it, but the intention of the majority was not to work at all, they relied on the good faith of a generous democracy to believe every snivelling tale and he they could tell. Every man was treated with the utmost kindness, a kindness however, which was grossly abused, for had they behaved themselves as becomes men, the majority would not find themselves in the position they do today. But what cared they for wives and little children, for those at home or anywhere else, not one brass button, the only thing they cared for was to satisfy their own selfish and beastly natures, and to make the name of Englishman a common bye word for ridicule in these parts. I myself, as an Englishman, have my faults, I admit, but fully and freely, but, Sir, were I to find fault with the treatment meted out to me I should indeed be unworthy the name of man altogether and

should only be a fit associate for gaul birds or lunatics. I have always done my best to behave myself and have met with nothing but good fellowship and kindness from all who know me here. Just for a little while I am out of employment, owing of course, to the line closing down for the winter months, but, thank God, I was able while working to provide, and to provide well, for those I left behind me. Mr. Malcolm, I assert, and am prepared to back my assertion, is a man in the highest sense of the word, and no matter in what part of the Dominion I may be in fact, no matter what part of the world I may be in, if I could do him any service, I would serve him faithfully and well. I speak with the knowledge of truth, and I always found Mr. Malcolm worthy of all acceptance, and he will come out triumphant against the scurrilous abuse heaped upon his head by a lot of cowardly liars. I, for my part, never asked him for any favor but what was immediately granted, and others had they behaved themselves would have fared equally as well. The saying, Mr. Sir, that it is a fierce light that beats around the throne, but some uncouth nonentity tries to make a fiercer light beat around the head of one individual who is evidently too much of a man for their little minds to understand, a man who, God helping me, I am prepared to protest against the calumny of such scums as the majority of the Englishmen were composed of, who came out here last summer. My name is the same as in England, I assure you, Mr. Editor, I am not ashamed to sign it. Faithfully yours, THOMAS MASTIN

Lautalun, Purdy, Sears and Skinner Likely Candidates in the City of St. John

(Special to the Morning Graphic.) GAGETOWN, Wednesday. — Amid great enthusiasm here today Hon. L. P. Farris and T. W. Carpenter were unanimously nominated to again lead the Queens County standard in the government interest. Stirring speeches were delivered by the candidates and Col. H. McLean, the Federal candidate. One man walked to hear the speakers and another came fifteen miles on skates to be present.

ST. JOHN'S GOV'T SUPPORTERS. (Special to the Morning Graphic.) ST. JOHN, Wednesday. — It is about definitely settled that the government candidates here will be Edward Lautalun, D. J. Purdy, Edward Sears and A. O. Skinner.

They were talking about the heavy tragedy. 'Poor old Hambleth,' related the comedian, 'it almost broke his heart when he fell overboard from the ship.' 'Indeed,' said the sweet singer, 'I suppose he was drowning and all his past life flashed over him.' 'Oh, it wasn't that, just as he was going down for the last time he heard some one shout, 'Get the hook!'

BLACK CAPE

(Special to the Morning Graphic.) BLACK CAPE, Monday. — We regret to learn that J. H. West is confined to the house through illness.

N. Cyr, representing Slinger Mfg. Co., was in Bonaventure on Wednesday in the interests of his firm. N. D. LeBlanc, representing Red Rose Tea, passed through here last week on his way to Gaspe.

Dr. B. Sproule, dentist, of Campbellton, was at Mrs. William Johnston's Wednesday and Thursday. He reports having a successful trip. Frank Prossau, representing the Sherbrooke Cigar Co., passed through our midst last week in the interests of the firm. J. C. Fair, representing J. C. McLaren Belting Co., of Montreal, is spending a few days at his home here. Quite a number of people are ill with la grippe.

AMERICAN FLAG IS TO BE SOLD

Colors of Frigate Chesapeake Lost in Battle of 1813 to be Sold in London To-day.

TROPHY IS GENUINE.

(Special to the Morning Graphic.) LONDON, Wednesday. — It is announced that the flag of the American man-of-war Chesapeake, which was captured by the British ship Shannon on June 12, 1813, will be sold at public auction in London today.

The flag in question is one of the large number of relics related to memorable historical events which were collected by the late T. G. Middlebrook. These relics are to be disposed of in Debenham's auction rooms by order of the executors of Mr. Middlebrook's estate.

It is said that the fact that Mr. Middlebrook owned the Chesapeake flag was known to a good many Americans, and that he received a number of invitations from the United States to come over and display the precious colors. It is said that at one time he seriously contemplated crossing the Atlantic, but was compelled to abandon the trip on account of a matter of business.

A statement relating to Mr. Middlebrook's ownership of the Chesapeake flag is in possession of the auctioneer. From this statement it appears that Mr. Middlebrook obtained the flag from William Chapman, of Kingston-on-Thames, and that it came to Mr. Chapman from Signor and Mme. Papi, the latter having inherited

FRACKEAR GETS ONLY ONE YEAR IN JAIL

Light Sentence Imposed Upon Man Who Nearly Killed Ald. Mersereau of Chatham

TRIAL AT NEWCASTLE

Several Witnesses Tell of Former Liquor Dealer Kicking and Beating the Chatham Alderman

(Special to the Morning Graphic.) NEWCASTLE, Wednesday. — In the County Court today, Archibald Frackear, who on Oct. 25th last assaulted Ald. Mersereau, chairman of the Chatham police committee, was found guilty by the petty jury of common assault and sentenced to one year imprisonment in the county jail. The trouble between Frackear and Mersereau arose out of Scott Act enforcement, Frackear having been fined for selling liquor.

Anthony Adams swore that on the forenoon of Oct. 25th defendant had told him that he was going to kick Mersereau's head off. Ald. Mersereau sworn, said that between 12 and 1 o'clock that day on his way home to dinner, Frackear accused him of telling stories and denying them and calling him names. He turned to leave Frackear and after that remembered nothing but an indistinct sensation of receiving a heavy blow.

James Watson sworn, said that he was called to the window by his wife and saw Frackear kicking Mersereau who was down. He ran across the street, picked Frackear back, stooped to pick Mersereau up when Frackear kicked Mersereau again in the head. Mersereau's face was covered with blood. Allan Mann came along and took Mersereau home in his cab. The evidence of Mrs. Watson, Chas. Cribbs and Allan Mann was along the same lines. J. Ken Brou said Frackear in his barber shop said something about beating Mersereau. Mersereau then passed, Frackear followed him, Frackear struck him and Mersereau fell. Witness went into his shop, came out again and saw Mersereau on the ground. Witness told Allan Mann to go to Mersereau. There was no evidence for the defence.

Guyer—I hear your friend Matchem is married again. Myer—Yes, this is his fifth wife. Guyer—Well, as a friend you should advise him to be careful. Myer—Careful? Guyer—Yes, some day he may marry a woman who may live to become a widow.

The council decided to elect Mr. Duke, the "squalor" on Shelburne Island.

Coun. Menzies presented the petition of Alex. McKay praying for reduction of taxation as he had been taxed in Newcastle and North Esk. Referred to Com.

Councillor Stothart presented the petition of Wm. J. Carruthers and fifty-eight other residents of the middle district of Newcastle parish asking for the repeal of the bye-laws to prevent cattle running at large between the Ravine and Old Bathurst Road. Referred to Com.

Coun. Menzies presented petition of residents of North Esk, asking that a road be laid out between the Ravine and Old Bathurst Road. Referred to Com.

The first floor would contain court-house and rooms for judges, barristers and sheriff, also for secretary treasurer with vaults. On the second floor would be the council chamber, committee rooms, etc., and on the third floor, rooms for the janitor, which could be occupied by the janitor of the jail and connect with the jail. The building would be only two stories high on the western side, and five high ceilings for the court room and council chamber, and three stories on the eastern side. The architect's estimate of the cost was \$42,250 with all vaults, light fixtures and furniture. The coun. valued the old jail lot at \$750, the registry lot at \$1000, and the wharf property at \$600—total \$1750. The committee recommended borrowing the money to pay for the building. It could be so arranged that the building would be paid for by light. Report received. Adjourned till next day.

Coun. Council resumed Wednesday morning at 10.

The question came up of the Dominion Government officials' liability for county taxes, and was settled affirmatively.

The secretary was directed to notify the chief com. of Public Works of the names of road trusts, as soon as possible after the close of coun.

Wednesday afternoon, Coun. Belyea reported from the Bye-Laws Com.

that Polling district No. 1, Blackville, include all the elections in Lockstead on a line with Jas. M. Smith's upper line to the main South West river along the line to lower line of Jap. District No. 2 to include all the electors residing on Renous River and Dunbarrow easterly to parish line between Derby and Blackville, across Main river, along line between Nelson and Blackville, up river to Alex. Curtis' lower line, across river and along lower line of James Sturgeon. The polling booth to be at or near Indian town hall. Report adopted.

Coun. Vanderbeck reported for the jail committee as follows:—

"We, the committee appointed to inspect the jail, find at present five prisoners, four of whom are in the best of health and well cared for. The fifth prisoner we find is not a fit subject to be confined in jail, as he is in a bad state of health and is unable to take care of himself, and we would ask the Council to look into this matter at once. The prisoner referred to is James Coughlan. We find the cells for prisoners clean, and in a sanitary condition, and the prisoners informed us that they are well treated. Report was adopted.

Council decided to employ a doctor to report on the prisoners' condition. The following resolution of Coun. Parker was adopted:—

"Whereas, in the opinion of this council a number of lunatics are wrongfully charged on the different parishes in this county and the government does not seem inclined to right what we consider a wrong.

"Therefore, resolved, that the secretary treasurer write to the secretary of the Union of Municipalities of the province of New Brunswick to bring the matter to the attention of the said Union at its next annual meeting, and ask the said Union to take action in the matter, and if necessary to take steps to test the right of the government to make the parishes pay for lunatics so placed. Adjourned till Thursday morning.

OTTAWA, Ont., Thursday.—Mr. Fielding, minister of the Interior, has received a cablegram this morning informing him that the request of the Independent Order of Foresters that the proposed insurance legislation, so far as it referred to fraternal and assessment insurance, be postponed would be granted. The clauses concerned will be struck out of the bill and will be made the subject of a separate bill later on if necessary.

MONTREAL, Thursday.—A despatch from Halifax voices the report that the British government will use the Canadian route as a military one. The despatch says unofficial information has reached there that for this purpose the Cameron Highlanders will be sent from Hong Kong to England via Canada as a test.

RUSHING WESTERN END.

G. T. P. Awarding Contracts For Pacific Sections.

Vancouver, Thursday.—Poley Bros. Larson & Stewart have been awarded the contract for the Grand Trunk Pacific for the construction of the section 120 miles west of Edmonton. A representative McArthur Bros., of Winnipeg, is now at the coast preparing a bid in competition with the above firm for the Pacific section.

It is learned that there has been a combination formed of local and interior physicians to obtain representation of the latter on the provincial medical council. The local doctors are said to have been very warm on many points, and after the meeting the reformers suggested a plan to divide the province into districts, giving three representatives on the council to the lower mainland, two to the island and two to the interior. The names mentioned for the latter are Dr. Rutherford, of Revelstoke, and Dr. Arthur of Nelson.

NEW YORK, Thursday.—When an early adjournment of the trial was taken today to enable the attorneys for the defence to prepare their long hypothetical question covering all the evidence in the case, there seemed no doubt that next week will bring the second hearing to a close. Justice Dowling has decided to limit each side to three expert witnesses and two of the defence trio were heard today as to the mental and physical examinations they made of Harry Thaw in the Tombs prison after his arrest for killing Stanford White.

Dr. C. G. Wagner of Birmingham, N. Y., and Dr. Britton D. Evans of Morris Plains, N. J., both superintendents of State Institutions for the insane were on the stand today. During their conversations with Thaw in the Tombs they brought out more clearly two points which were glossed over last year. The first of these was that Thaw told them in 1906 he was a guest of Stanford White at a dinner party in the Madison Square Garden. He left early in the morning, accused of breaking up the party. Some of the guests did not eat much. Thaw declared and the young woman who sat next to him declared that she had never seen him.

Thaw also told the physicians about the first time he saw Evelyn Nesbit. It was in 1901 in front of a theatre. A female looking girl he described her. If she was, he told, her name was Nesbit and that she belonged to Stanford White. Thaw managed subsequently to meet the girl at an after-supper in company with several other stage persons.

MONCTON, Friday.—Aldermen in two wards for Moncton have been elected by acclamation, while there will be contests for the mayoralty, aldermen-at-large, and in Ward Three. Civic nominations closed this afternoon at six o'clock. The mayoralty contest will be between Dr. C. T. Purdy and George B. Willett. For aldermen-at-large there have been nominated J. J. Gaudet, Andrew H. Jones, and E. Albert Reilly. The contest in Ward Two will be between McLeod and Crandall, the present alderman for that division, and J. M. Ross. Those elected by acclamation are J. Temple Forbes and Juddus Boudreau. Ward One, William D. Martin and John H. Crandall Ward Three. The civic fight will be along temperance lines, the Scott Act being the burning question in Moncton at the present time. Both candidates elected in Ward Three have been endorsed by the Local Temperance Federation, while in Ward Two, two candidates have received the approval of that body, and two of the candidates for aldermen-at-large. Dr. Purdy is the mayoralty candidate endorsed by the Temperance people.

CHATHAM, Friday.

The third night's playing at the cribbage tournament took place last night in the A. O. U. A. O. H. E. hall, auspices of Div. No. 1, A. O. H. E., Chatham, and resulted as follows:—

T. H. Fitzpatrick and Wm. Lacey won 23, lost 10.

P. J. Ryan and P. F. Barry won 20, lost 10.

H. Cunningham and W. D. Cassidy won 17, lost 13.

J. J. Moran and T. Lynch won 17, lost 12.

John Conroy and C. A. Cassidy won 17, lost 13.

T. C. Taylor and Cliff Cassidy won 16, lost 14.

Wm. Bernard and B. McKinnon won 13, lost 17.

W. E. Jardine and W. Whitty won 13, lost 17.

P. J. Muller and Ed. Bernard won 12, lost 18.

J. T. B. Kain and Geo. Bernard won 12, lost 18.

J. J. Flannigan and J. Holland won 10, lost 20.

Jas. Watson and Harry Lacey won 10, lost 20.

Mrs. John Holland, a respected resident of Napier, died at the Hotel Dieu after a lingering illness, aged 61 years. Besides the bereaved husband, the deceased leaves behind four sons and two daughters.

The funeral will take place tomorrow morning. Interment in St. Michael's cemetery.

Div. No. 1 L. A. A. O. H. E. gave a whist party in their rooms, Elkin Block, Wednesday evening. A very large number attended, making this event one of the most enjoyable ever held by that organization.

The B. V. Blues Y. M. C. A. contest is at an end, but the result will not be made known until Friday evening, 24th inst, when it will be given out by the general secretary. The friends of the Y. M. C. A. are invited to attend and enjoy a bean supper. A short musical programme will be rendered. All the rooms have been fitted up, and the whole building improved generally and is now ready for inspection.

A TRULY IDEAL WIFE HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study. If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularities of the blood, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

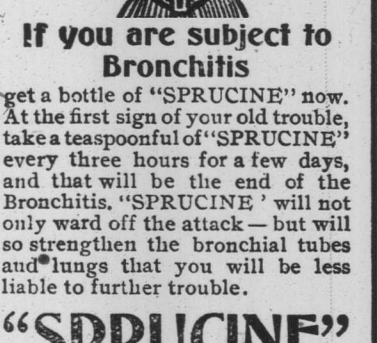

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope you women ever have, with inflammation, female weakness, bearing-down pains, backache and worried headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed."

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman. If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

If you are subject to Bronchitis

get a bottle of "SPRUCINE" now. At the first sign of a cold, take a teaspoonful of "SPRUCINE" every three hours for a few days, and that will be the end of the Bronchitis. "SPRUCINE" will not only ward off the attack—but will so strengthen the bronchial tubes and lungs that you will be less liable to further trouble.

There is a beautiful idea from Ella Wheeler Wilcox. Note it and consider it. It—as is most improbable—any clergyman or priest or minister of any denomination whatsoever should happen to see this little column, let me earnestly beg that he, in particular, will read and ponder over it. It is not my idea, but Mrs. Wilcox's and it is worth more than is contained in many a bulky volume of theology.

Animal Sunday! That is the beautiful idea. "Why not," she asks, "have a Sunday set apart for animals, a Sunday consecrated to the study of the duty which we owe to the brute creation; a Sunday on which every pastor, every talk to his congregation of the various methods for shielding animals from much of the misery which is unjustly theirs. Why should not a subject of so much importance be treated not only seriously, but reverently? Why should we not have the benefit of hearing what humanity has done and is doing for its dumb friends and comrades? Why should we not receive the instruction which many of us so urgently need regarding the treatment of animals and the laws for their protection."

There are so many well-meaning platitudes and so few practical teachings! And who should teach such a subject save the men whose calling entitles them to the respect and whose position ensures a hearing? Let them talk to the men who have spent their lives, or at least a part of their lives, in mitigating the abuses which were so appallingly frequent in the past; let them gather facts to place before their congregations, facts to stimulate action, facts to arouse pity, facts to still doubt. And let them not think such time mis-spent or wasted. Many a man and woman will be attracted by the novelty of the subject and will admire the spirit which prompts it. And, if there exists a man or woman so dead to all proper or merciful feeling as to consider such a subject unbecoming the Sabbath—well, no intelligent man will pay much attention to his or her strictures."

It is in "Our Dumb Animals" that I read of Ella Wheeler Wilcox's appeal; and I hope that many of my readers see this excellent little sheet, which is published in Boston by the American Humane Society.

Here is another gem which I gathered from its pages:—"Always, kill a wounded bird or other animal as soon as you can. All suffering of any creature just before it dies, poisons the meat."

It is an excellent thing to place before the people some good advice, reason why they should not be more barbaric in their treatment of "game," etc., than is absolutely necessary. Many a man whose nature is hard—so that the suffering of a wounded bird will affect him not at all, and who will regard its speedy killing as withholding assent to the Natal act.

THE CHIMNEY CORNER

It's nice to meet
A pretty girl, whatever the weather,
Her smile so sweet,
Her form petite,
Induce a man to wonder whether
The fabled days
Of elves and fays
Have passed or still are here among us
Th' illusion stays
Though many ways
Some other maiden may have stung us,
But yet—
Tis the frosty morning beauty as to
Which I now would speak,
When each blessed, blooming maiden
Has a rose on either cheek,
Her eyes a gleam,
Her breath a steam,
Her lips are red as finest coral,
Her face a dream
Of peach and cream—
Such ravings can't be quite immoral,
Her form erect,
Air circumspect—
And yet she's flesh and blood, they
Tell us!

You'd not suspect
The least defect—
Her clinging neck furs make you
Jealous.
Ah, yes,
Tis the frosty morning beauty in
Whose praise I fain would speak,
When each blessed, blooming maiden
Wears a rose on either cheek.

OVER THE TEA CUPS

No girl ought to neglect the art of cookery, for it is not an accomplishment to be acquired in a day, or a month, or a year. Neither can it be gone about in a haphazard sort of a way, expecting that a dish may be right or wrong just by chances. If a dish turns out badly there is a very worthy reason for it doing so. There are certain principles underlying cookery which have reduced it to an exact science. Many there be who scorn measurements; but ask such persons how their hands and eyes have been trained to this state, and then the ordinary novice will understand that rules applicable to veterans are not exactly applicable to her. Let all those who wish to be considered good cooks, avoid monotony. Serve all things in the most artistic manner in the midst of plenty; that is to say, we may eat, day after day, of a substance which is very nourishing in itself, and yet be very dissatisfied with it, strive then, to have variety, and strive to have each dish as 'tasty' as possible. This is not merely to pamper the appetite. Taste, and a variety of tastes, are necessary to the digestive system as well as the enjoyment of food. It has been satisfactorily proved by scientific experiments that no man can be properly nourished on tasteless food. The taste and smell of food are the digestive juices to flow more abundantly. Variety is said to be the spice of life. It certainly is the sauce of all good cookery, and even the most simple diversity affords a relief to the senses and gives a meal the interests of originality.—Marian Harris Nell, in The Delineator.

LATE PARIS STYLES

The tulip skirt is being considerably worn just now. A pretty example of this was seen illustrated recently, the over skirt being pleated front and back and edged with a deep fringed, gradually in length as it reached the hem. This was mounted on a seven gored foundation skirt, made with a deep circular flounce.

Motifs of brilliantly plumaged birds and flowers are among the latest of Parisian innovations. These are cut out and applied in place with fine cord or either long or short tulle in silk threads, catching the general designs. Brocade velvet and satin ribbon is also used much in the same way. After the satin has been cut away the floral design is applied either in borders or motifs, seven into place with invisible stitches. Borders and motifs follow the general lines of the costume.

A pretty feature of smart hats is the tendency seen everywhere to line them with either quilted silk or chiffon. This gives a softening touch to the face, besides adding to the beauty of the hat. Sharp contrasts, however, should be carefully avoided, for like everything else, it is very easy to abuse the floral design. A remarkable number of velvet hats are being worn this winter. Heavy bunches of velvet flowers are excellent for trimming purposes, and afford a welcome relief from the many varieties of feathers which the season has brought forth.

Frederickton, Thursday. — The local legislature was dissolved this afternoon by Lieutenant-Governor Tweedie. Nominations will be held Feb. 25th and elections March 3rd. This is somewhat contrary to the usual procedure, the elections for the local house usually falling on Saturday.

The elections in Gloucester County, however, will be held on Monday, March 2nd.

Premier Robinson in speaking to your correspondent stated that he entered the campaign confident that the people would return him to power. The government had many measures to introduce which he felt would be of the greatest advantage to the people of New Brunswick.

He paid a high tribute to his colleague, Hon. C. H. LaBelle, characterizing him as the best Commissioner of public works New Brunswick has yet had.

The legislature will meet for the dispatch of business on March 12.

FAILED TO WORK. "Yes," said the sad-eyed passenger; "I married the widow of a man who was hanged, and I thought, under the circumstances, I would be able to avoid odious comparisons in connection with the late lamented. But I was mistaken."

"She praised him just the same, eh?" rejoined the hardware drummer.

"Well, not exactly," answered the s. e. p., "but we hadn't been married a week until she declared that hanging was too good for me."

The publisher of the best Farmer's paper in the Maritime provinces in writing to the editor of the "Telegraph" says:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember and has outlived dozens of would-be competitors and imitators."

VICTORIA, B. C., Thursday. — The Japanese liner Iyo Maru reached here yesterday with 88 Japanese who landed. All possessed passports, and came direct from their land of birth and with these the recent order council of the Dominion Government has no power. Irrespective of this shipment there has been a notable falling off in the numbers of yellow men arriving from the Orient.

In the legislature today attorney general Bower quoted a telegram of Secretary of State to Lieutenant-Governor Dunsinville in respect to the Natal act passed last session. It said in brief:—"We have been assured by Premier McBride that you will withhold your assent to the measure. Can we rely upon your doing so?" To this Dunsinville replied promising not to allow the bill to become law.

The legislature has now been sitting a week and a major portion of the time has been spent in discussing the constitutionality of Dunsinville's act in withholding assent to the Natal act.

BRITISH HOUSE IS TO OPEN JAN. 29th.

LONDON, Thursday. — The third and what promises to be the most critical session of parliament controlled by Sir Henry Campbell-Bannerman will be formally opened on Jan. 29 by the King, with all the traditional pomp and ceremony that marks the brief annual visit of the monarch to St. Stephen's. His Majesty will be accompanied on this occasion by Queen Alexandra, the Prince and Princess of Wales, and any other members of the royal family who happen to be in England at the time, while to greet them in the historic chamber will be assembled the usual gathering of dignitaries.

This formal opening of the Houses of Parliament by the King in person always attracts momentary attention, but the real interest, keener than ever this year, centres more in the legislation that the government proposes to introduce, and the cost of the social reforms, estimated at many millions of pounds, that the new elements in the political arena, the ex-labor and Socialist parties, are attempting to bring about. If all the legislation promised for the coming session is forecast in the speech from the throne, the members of the House of Commons will have a stupendous task before them, and the usual session of six months will hardly afford sufficient time to dispose of it all. An autumn session is already talked of.

Irish affairs are sure to occupy much of the time of the session, and a bill to deal with the grating lands, over which cattle driving originated, the Opposition has threatened to introduce. No measure of the session, and a bill to deal with the grating lands, over which cattle driving originated, the Opposition has threatened to introduce. No measure of the session, and a bill to deal with the grating lands, over which cattle driving originated, the Opposition has threatened to introduce.

After Ireland, in point of public interest, will come dramatic licensing bill, to fight which the brewers, distillers, and license-holders throughout the kingdom have already organized. It is not expected to meet all the demands of the temperance party. It will provide, however, that at the end of a specified period all licenses shall cease, and the granting of new licenses shall be placed in the hands of more or less popular authorities, thus establishing to some extent local option. Should the brewers consider it prejudicial to their business they can depend upon the House of Lords to either reject it or amend it so that it would not be acceptable to the Commons and thus add another to the many Liberal grievances against the Upper Chamber. Old age pensions occupy a prominent position in the government programme. The principle is supported by all the parties, but in details there is a house difference.

Mr. Asquith, the Chancellor of the Exchequer, it is believed, will propose that a start be made with five million pounds, to which must be added two million more put on last year for this purpose. This sum the labor members contend is inadequate even for a start, while on the question of how the money is to be applied there are hardy disputes.

One measure may therefore be expected to take up a lot of time. Being a matter of finance, the Lords have nothing to say on it.

The rest of the programme includes another attempt to amend the Education Act, a bone of contention between the two Houses; the re-introduction of the Scotch land valuation and land bills, rejected by the Lords last year, a new English land valuation bill and a measure establishing eight hours as the legal working time in all the mines; a bill establishing a new police authority for London, with power to collect all dues and erect new docks, which the owners of docks are opposing; and a lot of housing and reforms looking to the comfort, well-being and health of the poorer residents in large cities, which Mr. Joins Burns, secretary of the Local Government board, has devised after careful study of the working of similar measures in Germany and elsewhere.

The advocates of women's suffrage having failed to convince the government that the time had come when women should be given the vote, will depend upon private members to advance their cause. Such a bill, however, stands little chance of reaching the statute books without the government support.

The budget will be not less interesting than the legislation. The reforms mentioned mean a great increase in the expenditure, and when there is added to this an increase of three million sterling in the naval estimates to meet the German proposals, an extra million for the new army scheme, and a similar increase for education, experts say the Chancellor of the Exchequer will have to find nearly ten million pounds more than was necessary last year, and if the expansion continues, there will be a further increase of twenty-five millions next year. Most of the increase for this year will be secured by a more stringent collection of the income, excise and other taxes, for outside the tariff reformers no one has mentioned any new source of income.

Six months seem all too short for the work in hand, but the government is determined to establish a record, in case the rejection of their proposals by the Lords necessitates an appeal to the country for an endorsement of their policy to reform the Upper House. Frequent all-night sessions and the adoption of the closure may, therefore, be looked for, as every effort will be made to go a lot of new acts passed and, if the Lords are obdurate, to add to the score against their retaining the power to nullify the work of the elected representatives.

LAWYER WAS THIS WOMAN'S EASY VICTIM.

San Francisco, Thursday. — Colonel H. L. Kowalsky, diplomat negotiator for Belgium, attorney for giant corporations and considered as one of the cleverest lawyers in New York, and his brother, J. N. Kowalsky, a local stockbroker, have been humiliated by one woman, Stella Nicholson, commonly known as Madame Zola, a masseuse and healer.

When Colonel Kowalsky left San Francisco for New York he stored several thousand dollars worth of furniture, which he owned jointly with his brother, in a local storage house. Early in December, while in search of a man with whom he had business dealings, J. N. Kowalsky called at the house then occupied by Mme. Zola.

Though a total stranger to him, the Madame soon convinced him that it would be to his best interests to withdraw the furniture from the warehouse and use it to furnish a house which she had rented, in exchange for which she would give him room and board free and one-half of the profits which she secured from her patients, which she claimed amounted to \$30 per day. This proposition looked enticing to him, and he readily accepted. December 30 last he sent the furniture to the woman's home.

In the meantime J. N. Kowalsky had informed his brother of his transaction. As soon as the latter reached New York a telegram came to demand a bond. The masseuse soon convinced J. N. Kowalsky that this was unnecessary, but on last Wednesday he discovered that Mme. Zola had not paid her rent, neither for her former house nor for her present one. Kowalsky then demanded the return of his furniture, but she refused to return it, claiming that it might be attached this morning he made a second demand, which brought forth threats from the Madame that if he dared to make such a demand again she would sue him.

Now J. N. Kowalsky is seeking a new boarding house, and at the same time wondering when he will get the furniture back, if at all.

CANADIAN GIRL VIOLINIST

Miss Kathleen Parlow Said to be more Brilliant than Kubelik

A new violinist, Miss Kathleen Parlow, a Canadian girl, only seventeen years old, who is said to be even more brilliant than Kubelik or Miss Marie Hall, will probably make her debut in March. The story of her discovery is interesting. A short time ago Dr. Grosz, a Berlin concert agent, was told by an English friend that he had heard while passing a house in a London street, a violinist playing with extraordinary skill and feeling. He listened for some time and became convinced of the genius of the musician. All he could tell Dr. Grosz, however, was that he thought the mysterious violinist was probably a pupil of Professor Auer.

Dr. Grosz at once offered a detective \$300 if he could find the musician, and in three days he succeeded. Miss Parlow played to Dr. Grosz, and he was so impressed that he offered to bring her out as a solo violinist. Miss Parlow was glad to agree, as her father is dead, and she had been living with her mother in London on very slender means. She has already received several thousands of dollars in Berlin and Copenhagen, where she played before 3,000 people, and she is engaged to play at 120 concerts in North and South America at \$1,000 a night—Old Country Exchange.

NEW CATHOLIC DAILY.
"L'Action Sociale" is the title of a new daily newspaper, starting under the auspices of the religious authorities in the city of Quebec. The birth of a new paper is due to the judgment of several prominent Catholic priests in that city, who saw the necessity of having a daily press shield against the attacks of some of the papers in the French language, whose pages are one continuous falsehood and slander against the Church.

MARRIES IN THE WEST.
Miss Beta Whitworth of Bathurst left on Thursday morning for the Canadian west and will be married in Winnipeg on the 28th inst. to Mr. Harry Willett. Miss Whitworth is accompanied by her uncle, Mr. Wm. Wilbur, who, after a visit here, is returning to the west. Before her departure Miss Wilbur was called upon by hosts of friends, who all wished her "bon voyage" and every happiness in her new home.

(From Wednesday's Graphic.)

DEATH OF GEORGE O'CONNELL.
George O'Connell, assistant station master and only son of Lawrence O'Connell, baggage master at the I. C. R. station, died at his home here yesterday morning. Although he was compelled through ill health to give up work about the middle of November last, he was not within the past three or four weeks that his case became a chronic one. He graduated from the High School here in June, 1895, obtaining his diploma with first class honors, after a successful career as a diligent and painstaking student. After leaving school he entered the service of the Intercolonial railway as a checker and assistant station master, and through close attention to duty and kindly disposition he won the esteem and affection not only of the railway staff here, but also of the public generally. He was a member of the Canadian Order of Foresters and of the Canadian Home Circle. At the time of his death he held the office of financial secretary in the former order. The flag at the I. C. R. station is flying at half mast out of respect to his memory. The funeral will take place on Wednesday. The Graphic extends its sincere sympathy to the bereaved family.

Why not Books for Xmas?

Yes, why not? Come to think of it, a book present is the very thing, especially for your friends at a distance.

There are lots of interesting books, any one of which would be appreciated by your friends, far more than anything else you could think of.

You can get a kind of books—description books, novels, poetry, biography—a range of choice books to suit the taste of every one of your friends. Yet the cost is very moderate.

The best of a book present—especially for friends at a distance—is that it's so easy to send.

THE BOOK STORE.

IF OUR TLL

you are bound to feel uncomfortable when we make your friend a suit that's stylish, while yours at same price, is not, there is something wrong, isn't there?
