New Health for Suffering Women

Aching Backs and Tired Limbs Ne Not be Endured.

Too many women endure suffering that casts a shadow over half her existence. An aching back, tired limbs, attacks of faintness, splitting head-aches need not be a part of woman's life. Such trials indicate plainly that the blood is thin and watery and that the sufferer needs the help of a real tonic such as Dr. Williams' Pink Pills. Suffering women who have used this medicine speak of it in the highest terms. Among those which have been erms. Among those which have been hus helped is Mrs. Ada L. Harman, ing the birth of a still-born child a few years ago. I had a very serious time. I was so weak for months that I could not walk across the room without a feeling of faintness. I had scarcely strength enough to stand up, and when dressing would have to sit down two or three times. My face and lips were colorless, I had no appetite, and life did not seem worth living. A friend urged me to try Dr. Williams' Pink Pills and I got six boxes. Before they were all gone I felt improved. My appetite was returning, color was coming into my face, and I was visibly stronger. I Although I am probably the biggest smoker in the United Kingdom," Sir Thomas Lipton remarked to a friend the other day, "I never smoke cigars." "You prefer a cigaret or a pipe, perhaps?" the friend queried politely. "No, I never smoke either," was the reply. "Then may I ask what you do smoke?" "Bacon,' was the laconic reply. "Bacon,' was the laconic reply.
