PEMBROKE SWEEP BY FLAMES SCORES OF BUILDINGS GONE BUSINESS SECTION RAZED

Great Conflagration Raging Unchecked, and Already Many Commercial Houses, Hotels and Private Residences Have Been Wiped Out—Eye Witness Gives Graphic Description of Scene—Ottawa Asked to Send Assistance.

Special to The Advertiser.

Ottawa, Nov. 4.—A great fire is reported raging at Pembroke, Ont., and the local fire department has been asked for assistance. The origin and exact nature of the conflagration is not yet known, as some of the telegraph service has been affected, but the meagre dispatches that have arrived say that several large hotels and several banks have already been destroyed, and the flames are spreading. It is understood a section of the Ottawa fire department will be rushed to the scene at once.

FORTY RESIDENCES DESTROYED

Ottawa, Nov. 4.—(Later.)—A report received from Renfrew at 12 noon, states that the fire at Pembroke is still burning, and that forty residence have been destroyed.

STORY OF EYE WITNESS.

Renfrew, Nov. 4.—The following report of the Pembroke fire was told by a traveller who left Pembroke about 8 o'clock this morning. The fire originated at 4:20 a.m., in the foundry of the National Manufacturing Company's plant, spread to the Leland Hotel, and thence toward the street leading to the dock. Crossing that it burned the buildings down towards the C. P. Railway track, and spread up Main street as far as Manitoba Hotel. In the vicinity of the Leland Hotel the fire was checked. Around the old Manitoba Hotel the fire was apparently under control at 6 o'clock. At 6:30 it had caught in the wooden buildings and boat-houses along the river front up near the bridge, and opposite the postoffice. The fire broke out in a frame butcher shop between two large brick stores, and then it swept around and caught in the wooden work of the bridge and swept back towards the Copeland House. Soon that whole block of brick stores was on fire. Passage across the bridge was stopped. Then the fire leaped the street and seized on the grist mill on the west side of the river. Then as it swept back towards the business part it became evident that the Copeland House would go. Unless that could be saved, it was likely that a large part of the business section would be destroyed.

COPELAND HOUSE GONE.

Later reports say the Copeland House is burned, and also the Munro Block. At the bridge the sound of the roaring of the flames, the crackling of the metal rods, falling of glass and plate glass windows exploding like the report of a cannon, added to the general excitement.

Ottawa, Nov. 4.—Fire, which broke out at Pembroke at 4 o'clock this morning, starting in the works of the National Manufacturing Company, extended south to Pembroke street, burning all the principal buildings on the south side of Pembroke street. The Pembroke flour and grist mill and the Freeman building are a complete loss. At 9 a.m. the fire was burning in the rear of the Mackey-Ryan Hardware Company building. All the telegraph lines have been burned, and consequently no further details are obtainable. It is believed the loss will run into the millions.

When the Pembroke fire brigade arrived they did heroic service, and all that was possible that human strength, ably directed, could do to stop the progress of the fire, but the strong wind blowing from the river toward the town made it impossible for them to overcome the flames. Early in the morning Pembroke dispatched a train over the C. P. R. line for fire-fighting equipments, which train arrived back about 9:30 with the Renfrew brigade and hose reel, and quite a number of Renfrew citizens accompanying. Carleton Place also sent help a little later.

Tool Thief Juggled With Police Wm. C. Saville Was Found Guilty

Judge Talbot Macbeth Was Somewhat Puzzled This Morning.

William Charles Saville, late of London, England, broke all previous records in the county judges' criminal court today, when he appeared before Judge Macbeth, pleaded guilty to two charges of theft, withdrew one of the pleas, pleaded guilty to another charge and then finally pleaded guilty to two charges.

He was remanded until tomorrow for sentence. Saville was charged with stealing a few blacksmith tools from the shop of John Talbot, Wyton. The shop had not been in use for two years and entrance was effected by means of a window, which had no glass in it. The second charge was that of stealing a lap-rug from W. G. Lee, of Thorndale.

At first Saville said that he had stolen the rug, but not the tools. Then he admitted that he had stolen both articles. Finally he admitted stealing the tools, but said he had bought the rug from a man who was out west at present.

A Conundrum

"Why do you plead guilty to stealing

the rug if you didn't take it?" asked Judge Macbeth.

"Well, you see, your honor, I am a prisoner, and the witness who testified against me yesterday has a grudge against me. I am powerless to defend myself."

Saville said that he was a painter, and had come over from London, England, last April. He had a wife and a child about 8 years old in England, and was about to send for them when arrested.

His father paid his way over and the Salvation Army procured him work. Mr. J. F. Faulds, who appeared for the accused, asked for leniency on the ground that it was the accused's first offence, and that he had worked to go to it allowed his freedom.

A Good Painter.

His honor then asked Saville if he thought the people he had been working for would again employ him, and received an affirmative reply. "I am considered the best painter in Canada," said Saville.

"Well, I wouldn't employ you," said Judge Macbeth.

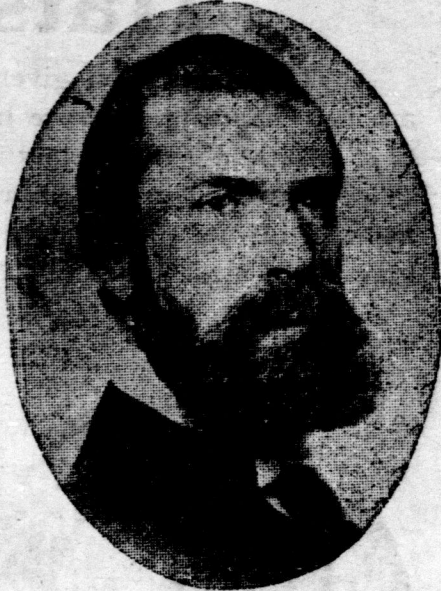

Saville further explained that it was to obtain money to get Charles Tagg—who was accused of being his accomplice—out of jail, on a previous charge, that he had become a thief.

"That doesn't explain why you stole the rug," replied his honor.

BALLOTING FOR UNIVERSITY SENATORS

Three Representations for the Ex-Students Are To Be Chosen.

Balloting for the representatives of the graduates on the senate of Western University will commence shortly, the ballots now being prepared.

The representatives from ex-students will be chosen. The Arts Faculty will select one, the Huron College another, and the Medical School will select two representatives.

The council will choose three at its next meeting, while the boards of education have selected Rev. Father Tobin, and Mr. W. C. Fitzgerald.

"The senate will be chosen very soon," said Mayor Stevely. "Some selections have already been made, and the others are under way. It will not be long until the whole body is complete."

MOTHER AND HER TWO SONS RUN DOWN BY A LOCOMOTIVE

Mrs. Robert Scott and Her Boys, Aged 12 and 14 Years, Instantly Killed Near Blyth, Ont., Through Rig Being Struck By a C. P. R. Engine.

Blyth, Nov. 4.—A terrible accident occurred at a C. P. R. crossing in Hullett Township, about three miles from here, this morning. While Mrs. Robt. Scott and her two boys, one 12, and the other 14 years of age, were driving to town, an engine and tender running light to Goderich, caught them and killed Mrs. Scott and one boy instantly. The other lived a few minutes after being picked up. The horse escaped.

Four Horses Burned in a Bad Fire Belmont Farmer's Barns Destroyed

Neighbour's House Had a Close Call From Destruction Last Night.

The barns and outbuildings on the property of Mr. Victor Cline, of Belmont, were burned last night. Four horses, twenty tons of hay and all the farm implements were destroyed. The fire is evidently of incendiary origin. About two months ago, the large barns of Mr. Cline, containing the summer crop, were destroyed by fire. The origin of the blaze could not be explained, and it was suspected at the time that it was the work of an incendiary.

Last night, Mr. Cline attended to his chores, retiring early. There was no evidence of fire anywhere.

About 3:30 this morning, Mr. W.

Connors who lives near him, was awakened by the fire, and aroused Mr. Cline. It was too late then to save anything from the building, as it was wholly in flames.

House Caught Fire.

The high wind made the fire extremely dangerous. Mr. Connors had just aroused Mr. Cline when he noticed his own house on fire. It was extinguished by buckets. It caught fire four times before the flames died out.

"It is a fortunate thing for us that the ground and buildings were wet," said Mr. Connors. "Had it been dry like it was a couple of weeks ago, nothing would have saved the village. We are fortunate to have got out of it with so little loss."

No one knows why the barns should be burned, as Mr. Cline has no enemies so far as can be learned.

The loss will be heavy and the insurance is small.

WIND CUT CAPERS LAST NIGHT BUT THE DAMAGE WAS SLIGHT

'Hot Air' Campaign in the U. S. Is Blamed by a Wag for the Sudden Change in Temperature—True Stories of What Happened to Some Londoners.

The first real windstorm of the autumn season arrived last night, and for a few hours it made things decidedly interesting about the city.

Early in the evening it was quite warm, but about midnight the wind changed. It shifted rapidly to a hard northwest blow, and the weather became much colder.

Houses shook, and it was feared that considerable damage had been done, but so far as can be learned the damage was very slight.

Of course, this does not refer to the loss of sleep occasioned. Many cases have been reported where timid wives had their husbands pursuing imaginary burglars, and locking doors and putting down windows.

A Big Blow.

The wind howled most dementally through the trees, and made the night

about as unpleasant as it well could be.

One man declares that the wind shook his bed like a ship in a storm. He is a truthful person, and that goes. When he said he got seasick it did not quite convince the listeners that he was right.

Wearied pedestrians who remained out late to hear the election returns had a hard time "making the grade." Some exquisite tacking was done.

The many trees in the city stood the storm well, and few were damaged to any extent.

A joker said the wind was due to the hot-air pressure in the United States.

The wind brought a heavy snow-storm to "Bill" Bryan, and he is snowed under. The same joker said this. It will go down in history as "the big wind" that blew "Big Bill" Taft into office.

CITY GAS COMPANY IS WILLING TO DISTRIBUTE NATURAL GAS

President J. C. Duffield States Position of His Company in Regard to Matter—Will Accept the Terms Upon Which Such Gas Is Distributed in Other Places.

The gas franchise question will be threshed out at a special meeting of No. 2 committee this evening. Mr. A. C. Munson, of Chicago, who represents the company in control of the Lexington field, will be on hand to ask the committee not to grant the London and Western Pipe Line Company a franchise, as his company will bring gas to the city limits to be distributed by the City Gas Company.

The latter company will also be represented to protect their interests.

Mr. Duffield Speaks.

However, the City Gas Company stands prepared to distribute natural gas, no matter what company may bring it to the city.

"We stand ready to distribute natural gas for any company," said Mr. J. C. Duffield. "We have always taken that attitude, and we still maintain it. We would rather distribute it for a local company than for outsiders. We have been willing, and are still willing

to give the best possible terms to any such company. We realize that manufactured gas cannot compete with natural gas, and as we have proper facilities for distribution, we stand ready to assist in getting the people the cheapest possible gas. We want to make that plain. We stand ready to distribute natural gas on the same terms as it is distributed in other cities."

Want a Franchise.

The London Natural Gas Company will insist on having a franchise, it is said.

"This matter will have to be settled very soon," said ex-Ald. Scarlett, who is one of the firm. "If we cannot get a franchise here, we will go to Woodstock and other cities, and give them cheap gas."

"There are 20,000 people along our pipe line, and we can sell them power. St. Thomas, I think, will take cheap gas."

The members of the committee are looking for a long session.

REV. MR. PENHALL LAID AT REST

Funeral Was Held This Afternoon to Mourn Pleasant Cemetery.

The funeral of Rev. William Penhall, of Moncton, whose death occurred very suddenly on Monday, was held this afternoon from the residence of Mr. A. M. Hunt, South London, and was very largely attended. The funeral services were conducted by Rev. A. H. Going, of Exeter, president of the Methodist Conference, assisted by Rev. James Livingstone, of Mitchell

and Rev. A. K. Birks, of Asken Street Methodist Church. Interment was made at Mount Pleasant Cemetery. The pallbearers were Reverends Jewett, of Westminster; Tiffin, of Lambeth; Anderson, of London; McCamus, St. Marys; Kerr, Lucan, and G. N. Hazen, of the Centennial Church, East London.

TAFT WINS IN A LANDSLIDE BRYAN HOPELESSLY BEATEN

The Republicans Once More Put Into Power in the United States Federal Elections.

NEW YORK STATE GOES FOR HUGHES

Taft Breaks a Record By Capturing Greater New York by a Handsome Plurality—Hearst's Independence Party, the Socialists, and Prohibition Parties Poll Small Vote —South Solid for Bryan.

THE UNITED STATES ELECTIONS

Republican landslide.
Judge Taft next President.
Bryan defeated for third time.
Taft carried New York City.
Republican electoral vote, 298.
Governor Hughes re-elected.
Missouri returns to Democrats.
Hearst's party nowhere.
Strong Republican Congress.

New York, Nov. 4.—William Howard Taft, of Ohio, Republican, will be inaugurated on March 4 next as the 25th president of the United States, succeeding Theodore Roosevelt, of New York. James Schooler Sherman, of New York, will succeed Charles Warren Fairbanks, of Indiana, as vice-president. This is the most important thing decided by the people at the ballot-box yesterday, as the culmination of one of the most remarkable political campaigns in the history of the republic.

Bryan's Third Defeat.
William Jennings Bryan, of Nebraska, the Democratic candidate, went down before the storm of ballots, in the third defeat of his life's ambition to occupy the White House. With him in his ill-fortune went down John W. Kern, of Indiana, candidate for the vice-presidency.

Taft's Figures.
Returns received up to 8 a.m. today indicated that Mr. Taft would have at least 298 electoral votes, and as the details came in in increasing fullness from the west, it began to look as if he might have considerably more than that—might reach the 325 claimed as assured to him in the ante-election forecasts of Chairman Hitchcock, of the Republican national committee, or possibly even approximate the 336 achieved in 1904 by Mr. Roosevelt. The number necessary to a choice is 242.

Hughes Re-Elected.
Only second in point of general interest was the victory of Governor Charles E. Hughes, who is re-elected (Continued on Page Nine.)

Cottages for Tuberculosis Patients Nel on St. Near Hospital the Site

Plan to Buy a Number of Houses Out of the Blair Fund.

It was rumored at the city hall today that the finance committee of the council will recommend the purchase of four cottages and lots on Nelson street, on the south side, east of Colborne street, for the care of consumptive cases.

These houses are close to the hospital and could be managed from

Victoria without any difficulty whatever.

The nurses would be close to the Nurses' Home, and the site would prove ideal for this purpose. It would be paid for out of the Blair fund.

The cottages are plenty large enough, and would afford a pleasant place for convalescing patients, opening over the river, with plenty of good, fresh air available, it would be a pleasant spot for the sick.

Options will be obtained on the property immediately, and in case the locations cannot be purchased reasonably, arbitration proceedings will be recommended.

Hughes Had a Thumping Majority

New York, Nov. 3.—Governor Hughes won by over 50,000, the biennial battle of "High Bridge," which was waged again today as the regiments of ballots were marshalled.

Hughes came down to the city from up-state with an indicated plurality of about 121,000. Chanler's plurality south

of High Bridge was approximately 68,000. The vote of two years ago was increased by about 150,000; Chanler surprised the Democratic leaders by an unexpectedly large vote in the rural districts, but lost tremendously in the city of Greater New York, where his followers had expected at least 100,000 plurality.

Murdered By an Unknown Man

Montreal, Nov. 4.—Murdered by an unknown man was the verdict rendered by the coroner's jury today, in the case of Harold Patterson, the Longueuil boy who was shot down a few weeks ago on Sunday, while out shooting with a companion named West. West was also shot, and was

unable to attend the inquest until today, when he stuck to the story that neither he nor Patterson knew the man who shot them. An Italian girl, Del Vecchio, who admitted having known Patterson, was on the stand for one hour, but claimed ignorance of the whole affair.

Last of Trunk Sewers Completed

The last of the trunk sewers has been finished, Blyth & Fielder completing the north end sewer at noon today.

A year ago last January the sum of \$55,000 was voted to extend the trunk sewer system of the city.

There were three large sewers in the scheme, one in South London, one in the southeastern section, and another in the northern portion of the city.

In addition a new sewer was laid on Dundas street, and also a sewer connecting with the new works of George White & Sons.

With the completion of this work, the city is now well equipped with trunk sewers.

The septic tanks erected for the disposal of the sewage finishes a very thorough sewer system.

1909, according to an announcement made today by the Harvard board of overseers. The resignation has been accepted. No reason is assigned, and Dr. Elliot refuses to comment on his resignation to take effect May 13, action.

CLEARING HOUSE FOR WHITE SLAVES

Appalling Traffic in Immoral Women Unearthed by the U. S. Government.

Chicago, Nov. 3.—The arrest last night of Joseph Michel, alias "Michel, the Mysterious," in connection with the Government's crusade against the white slave traffic, promises to furnish one of the most important cases in the batch of prosecutions brought by United States District Attorney Sims. Ever since the crusade began early in June, the Government has been trying to obtain evidence against the defendant. The prisoner was arraigned before United States Commissioner Mark A. Foote, and in default of \$25,000 bail was sent to jail after a preliminary hearing.

Michel's wife, Marietta Michel, was arrested some time ago, and held to the grand jury under \$5,000 bonds. She waives a preliminary hearing, and prevented the arrest of her husband, by declaring that she was the sole owner of two houses, and that her husband was merely a bartender. The Government claims to be able to prove otherwise now.

Michel was formerly in partnership with Alphonse Dufour, who, with his wife, recently forfeited their bonds of \$5,000, and fled to Paris. However, in June, when Mr. Sims started his raids, Michel was the sole owner of the two resorts, it is said, wherein five alien women were said to have been harbored.

In some manner, Michel had been apprised of the raids, and just before the arrival of the Government detectives, it is said, he spirited the women away. The names of the women were procured and Government officers in every large city were told to be on the lookout for them.

Yesterday afternoon Mr. Sims was notified by wire that the women wanted were in an eastern city, and a warrant was sworn out for Michel's arrest.

United States District Attorney Sims is now working on the theory that Michel's house was used as a clearing house for white slaves, and that they were brought from Paris to Chicago, and then sent back to New York and other eastern cities. This theory is based on the information received in the telegram asking for the arrest of Michel.

Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound cures female ills and carries women safely through the Change of Life.

Mrs. Letitia Blair, Cannifton, Ont., writes to Mrs. Pinkham: "I was sick for five years. One doctor told me it was ulceration, and another told me it was a fibroid tumor, and advised an operation. No one knows what I suffered, and the bearing down pains were terrible. I wrote to my sister about it and she advised me to take Lydia E. Pinkham's Vegetable Compound. 'It has cured me of all my troubles, and I did not have to have the operation after all. The Compound also helped me to pass safely through Change of Life.'"

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

MAGUIRE ARRAIGNED

Pleads Not Guilty to Have Caused the Death of Three in Collision.

Brantford, Nov. 3.—G. T. R. Switchman Joseph Maguire, under arrest in connection with the death of London railwaymen in the Mount Vernon collision, was arraigned today. He put in a plea of not guilty, and his counsel asked for his release on the grounds that he had been exonerated by the coroner's jury's decision, which placed the blame for the accident on the company.

The magistrate reserved the case in order to consult the attorney-general's department to see whether he had power to conduct a summary hearing.

FEAR A COAL FAMINE.

Montreal, Nov. 3.—Railway men are predicting a coal famine in the west unless the dealers lay in a stock immediately. They say that the stock is very low and that if the storms tie up the traffic there will be untold suffering as there was a few years ago. The dealers say that they do not want to take the chance of carrying a huge stock, and that it is up to the railways to stock and supply them as they need it.

WEDDED WHEN DYING

A Pretty Toronto Romance That May End Happily After All.

Toronto, Ont., Nov. 3.—At two o'clock in the morning, with his sweetheart not expected to live more than a few hours, Ernest Fawcett, 68 Dundas street, married to Maud Hopkins, at her mother's home, 20 Ossington avenue. The girl had been stricken with typhoid fever, and the doctor gave her but a few hours to live. It was the day set for the wedding, when Rev. J. D. Fitzpatrick was called in to administer baptism to the dying girl. It was decided to have the marriage at once, both parties being anxious for the ceremony. The marriage service was read, the girl being too weak to raise her head and scarcely able to give audible response, while friends stood around in tears. The latest report is that a change for the better has set in and Mrs. Fawcett is likely to recover.

FACTS FROM FOREST

Petitions for Local Option Bylaw Have Many Signatures.

Forest, Nov. 3.—The petitions asking for a vote on a local option bylaw, which have been in circulation for several weeks with considerable success, were presented to the town council last night. It is said they are signed sufficiently to make it the duty of the council to submit the bylaw.

The G. T. R. is installing an electric bell at the Main street crossing.

Mr. A. and W. Lawrie received a cablegram Saturday morning informing them that their mother had died in Dundries, Scotland, that morning.

Miss N. Patterson returned from Toronto on Sunday, after spending two months in that city.

The anniversary services of Forest Presbyterian Church will be held on Sunday, Nov. 8, at 10:30 a.m. and 7 p.m., and will be conducted by Rev. J. M. Duncan, of Toronto.

On Monday evening a tea-meeting will be held, when tea will be served from 5 to 6 p.m., after which an excellent programme will be rendered, consisting of music by the choir, solos by Miss Grant, of London, and readings by Miss James, of St. Thomas. The resident ministers will also give short addresses.

Mrs. Morris, of Sarnia, is visiting here this week.

Miss Jean Routley, of Theford, spent Sunday here.

W. J. Porte was in Sarnia on Monday.

Mr. and Mrs. W. G. Owens were in Sarnia on Sunday.

Miss Maude Frame has accepted a position in the G. N. W. office here.

JUDGE CASSELLS' PROBE

Ottawa, Nov. 3.—The inquiry into the civil service commission's charges against the administration of the marine department will be resumed by Judge Cassels tomorrow. He will probably spend a week hearing evidence, and will then go to St. John, Halifax, and Toronto. It will probably take a month yet to finish the investigation, and the judge's report will be read for presentation to parliament at the opening of the session.

Mrs. Winslow's Soothing Syrup has been used for over THIRTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLEVIATES ALL PAIN, CURES WIND COLIC and is the best remedy for diarrhoea. Sold by druggists in every part of the world. Be sure and ask for "Mrs. Winslow's."

ABRUZZI-ELKINS MIX-UP

Now Said That the Marriage May Be a Morganatic One.

Rome, Nov. 3.—Once more the rumor is current here that a marriage between the Duke of Abruzzi and Miss Katherine Elkins is only possible if Senator Elkins' family will agree that the union shall be morganatic.

A morganatic marriage would mean that Miss Elkins would have no standing in court or society, that any children she might have would not be recognized as of royal blood, and that the duke might marry one of his own caste at any time he felt so disposed.

Such wife to rank as a royal princess, having all the rights and privileges of a personage of that rank, and her children being reckoned as belonging to the royal family, the House of Savoy.

Dowager Queen Margherita's course continues to excite profound interest. She declares that she will neither meet the Duke of the Abruzzi nor communicate with him in any way until he abandons his intention to wed Miss Elkins.

The first sod of the new railway between Lampeter and Aberayron, with a probable extension to Newquay, was cut recently. The line will cost £20,000 and will be thirteen miles long.

In an election for a vacancy in the River ward of the borough of Woolwich, the Labor party nominated Miss Turnbull, a Woolwich guardian, but she was beaten by 675 to 557, Mr. G. Mitchell, Moderate, being elected.

A New York ex-prize fighter has brought suit for \$5,000 damages against a tobacco firm because the firm

named a five-cent cigar after him. We suggest that by way of a compromise the price of the cigar be raised to ten cents.

Paper manufactured from the fiber of trees began to be a commercial product in 1867, but did not assume great importance until 1890. During the 17 years which have elapsed from that date this branch of paper has grown to such proportions that it overshadows all others.

"MY KIDNEYS HURT ME ALL THE TIME"

Gin Pills Cured Them. Free Sample Box Leads to Cure.

Only those who have been tortured with Kidney Trouble can appreciate how Mr. Trumper suffered. Being a railroad man, he was called upon to do all kinds of heavy work. The constant strain of lifting, weakened the kidneys.

I received the sample box of Gin Pills and was greatly benefited by them. My kidneys were in such bad condition I could not lift or stoop without pain. In fact, they pained me nearly all the time. I have taken three boxes of Gin Pills, working all the time at heavy work on the railroad and did not lose a day.

FRANK TRUMPER, Napanee, Ont.

Do sharp twinges catch you as you stoop? Are you subject to Rheumatism, Sciatica or Lumbago? Does your Bladder give trouble? Take Gin Pills on our positive guarantee that they will cure you or money refunded, 50c a box — 6 for \$2.50. At dealers, or direct if you cannot obtain from druggist. LONDON, WEDNESDAY, NOV. 4.
THE PRESIDENTIAL ELECTION.

Technically and legally the next President of the United States was not chosen yesterday. Those who went to the polls elected 483 men, the majority of them comparatively unknown and obscure, and these men in turn nominally elect the President on the first Wednesday in December. This round-about method is a curious illustration of how constitutional forms survive after they have lost their spirit and meaning. The fathers of the republic were not unbridled democrats, and had no idea of permitting the President to be elected by direct vote of the people. They invented a system by which they fondly hoped the choice for that great office would be determined by a small body of distinguished citizens of independent judgment, acting as a buffer between a turbulent and fickle democracy and the Presidential chair. Accordingly each state was required to appoint, in such manner as its legislature directed, a number of electors, equal to the whole number of senators and representatives to which the state was entitled in congress. These electors constituted an electoral college, and each member had two votes, one for President, the other for vice-president. For nearly a quarter of a century the electors were appointed by the state legislatures, but since then they have been chosen directly by the people. Practically the people vote directly for the President and Vice-President, as the members of the electoral college, contrary to the intentions of the framers of the constitution, are mere dummies, tagged, ticketed and labeled by the respective parties. For instance a man who wished to vote for Taft yesterday merely marked his ballot for the Republican list of electors; the Bryan man for the Democratic ticket, and so on. The procedure has become anomalous and absurd.

The result of yesterday's election has no special significance for this country. Canadian were naturally interested in the personalities of the presidential candidates, but the campaign issues had little or no bearing upon Canadian affairs. The fortunes of this country are not affected by the legislation of the United States to nearly as great a degree as during the larger part of the last century. There was a time when Canadian producers were dependent in a great measure upon the American market and when the tariff policy of the United States was of the utmost concern to them, but that day has gone by, thanks to the adaptation of Canadian agriculture to the British market, and the remarkable growth of the Dominion in the past ten years. The Republican and Democratic parties in the United States went into the present campaign pledged to a revision of the tariff, and while the Democrats are traditionally the low tariff party, they could not have made drastic changes with a Republican Senate against them. The Republicans, with control of both branches of Congress, are at least in a position to fulfill their promises.

Perhaps the most significant feature of the election was the failure of Mr. Gompers, president of the American Federation of Labor, to swing the vote of organized labor to Mr. Bryan. Mr. Gompers claimed that the rights of workmen were endangered by the abuse of the injunction-issuing power. The Republican convention refused to insert in its platform a plank prepared by the Labor leader, but it was accepted by the Democrats. Mr. Gompers, in speeches and proclamations, called upon trade unionists to vote for Bryan, but the great majority of them must have disregarded his pleas, judging by the returns from industrial centres.

Mr. Bryan made a considerably better run than Parker in 1904, having won Missouri, Nebraska, Oklahoma, Montana, Colorado, Nevada, and Maryland, which were carried to the Republican side in the landslide four years ago. He has also pulled down the Republican majorities, especially in the middle west. But Taft has not lost one state historically Republican, and his victory is overwhelming and complete. Mr. Bryan has missed his best and last chance for the dazzling prize of the presidency, but he remains an impressive figure—the most distinguished private citizen of the United States, as his admirers have called him.

A WORTHY OBJECT.

The Y. M. C. A. is in an heroic struggle to raise, in three days, \$5,000 a year for three years. This institution should be encouraged by liberal support on the part of citizens. Railroad corporations in the United States and Canada last year gave more than \$500,000 towards Y. M. C. A. buildings on their systems. Heads of large manufacturing establishments are spending enormous sums of money to better the physical and mental welfare of their employees. This is being done because they believe that the best investment that can be made in the twentieth century is in men. It makes better character, and brings larger returns in service for the money paid in wages.

London is proud of her institutions, and well she may be, but the growth in population and wealth has brought greater responsibilities. Agencies that were able to meet the needs of the community a few years ago, have had to either enlarge their activities considerably, or recognize that they were not equal to serve the conditions. This campaign is in the spirit of modern movements. The organization must do a larger work. It has over 1,000 members, but this number must be increased very largely during the next few years. The organization endeavors to develop strong, broad, manly men, whose desire is to serve "the other fellow." This spirit should be warmly commended. The Advertiser wishes the Y. M. C. A. success, because it believes that this organization is doing much to produce the right kind of men.

THE PERSECUTION OF MR. GREENWAY.

The post-mortem eulogy of Mr. Greenway in some Conservative papers is a familiar phase of Canadian politics. Persecution for the living; panegyrics for the dead. This has been the treatment accorded every Liberal public man of the first rank. Newspapers which assailed Mr. Greenway bitterly while he was active in politics, are dilating upon the fact that he died a poor man. Their object, of course, is to slander Liberal statesmen who have the misfortune to be still in the flesh. The Mail and Empire, a notorious offender, even insinuates that he was ungratefully dealt with by the Liberal party. In commenting on this hypocrisy the Hamilton Times recalls an almost forgotten chapter in Mr. Greenway's career. It says:

"Take a look backward. The writer speaks with an intimate knowledge of the facts and out of a personal acquaintance of nearly forty years. Mr. Greenway entered political life by the municipal gateway, receiving his training in the township council of St. Catharines and the county council of Huron. His sympathies were with the Conservative party, but on one point he gave no uncertain sound: he was a free trader in English politics, and he was a revenue tariffist in Canadian politics. When he was elected by acclamation in South Huron, it was after a frank statement given to the Liberal organization that he would not support protection. When Sir John A. Macdonald introduced his protection resolution, Mr. Greenway, true to his principles and his pledges, voted with Mr. Mackenzie's Government. Great was the anger of South Huron Tories. 'Exeter, then a Tory hive, went wild, and a demand was made for Mr. Greenway's resignation. His answer was to point out that he represented Grits as well as Tories, and that he voted as he believed to be right. Thereafter his path was not rose-strewn. Every device of malice was used to injure him politically, commercially, socially. He was boycotted, slandered, injured in numerous ways. His private business was ruined; it was commonly believed that his enemies did not stop short of incendiarism to glut their vengeance. Just at this time his wife died of smallpox, the infection being supposed to have been brought from Ottawa. Horrible as it may appear, some partisans were so lost to humanity as to express pleasure at this affliction, so bitter was local Tory hatred toward him!"

Three times and out for Bryan.

Mr. Taft knows what Sir Wilfrid Laurier felt like a week ago.

New York City having gone Republican, Toronto may yet go Grit.

It is to be hoped the hydro-electric commission has not blundered its other work as it has the power bylaws.

Before 9 o'clock last night the people of every section of the United States, scattered over half a continent, knew the result of the election. A miracle of science and organization.

There is a family row in the Conservative newspaper household. The Mail and Empire blames the party's defeat on the Orange Sentinel, and the Kingston Standard berates the Sentinel and the Toronto News. It would simplify matters if Conservative newspapers would blame one another all round. They all overdid the slander business.

GIANTS IN THOSE DAYS.

[E. King Dodge, in Canadian Sportsman.]
Why up in Grey County a few weeks previous to the defeat of the Sandfield Macdonald Government, the Hon. Archibald McMillan (one of the ablest stump speakers the Reform party ever had) held 34 joint meetings with the writer in fifteen consecutive days, and after his departure the latter held two meetings per day for nine consecutive working days, and this was done in the depth of a severe Canadian winter. There was no railroad in Grey County. Every mile

between the meetings had to be driven; and owing to heavy snowdrifts our four-wheelers were as often through the fields as on the highways. The speaker who could not endure that kind of work, and do it on a fare of three times three times a day, with a change to tough beef on Sunday, was of no assistance to his party.

CANADA AND LIBERALISM.

[Since Reformer.]
The elections appear to demonstrate that Canada is a Liberal country, and that the two provinces where the greatest growth in population will take place in the next few years, are strongly Liberal. A tremendous uprising of the electorate will be needed to rob Liberalism of its ascendancy with a fair measure of commercial prosperity and reasonable care to keep administrative methods clean. Sir Wilfrid will be able to pass his leadership over to the catastrophe that overtook our opponents when their chieftain left the scene of his triumphs.

LONDON PRETTY GAY.

[The Gentlewoman.]
There is no sort of doubt that London is as much gay and more attractive capital than it used to be. We borrowed our idea of living at restaurants from Paris, and now we seem to have gone one better, for we can boast quite a bewildering number of gay places to dine and sup at. Americans have discovered this, also, that our London season is longer and decidedly more brilliant than that of Paris. Here, too, Americans have of late years been most warmly welcomed in social circles, far more so than they are in the best French society.
The consequence is that rich Americans swarm over in the season, and on the "outlet for outlet" principle do as much for London society as London society does for them. It looks, indeed, as if London were ousting Paris from the position of Mecca to the Americans.

Elsie Jones Tonight.

Charles Dillingham will this evening present Elsie Jones, at the Grand, in George Ade's latest novelty, "The Fair Co-Ed." The piece is a college play set to music, and it has scored a great success. The company, consisting of 100 people, arrived in London this morning on what is probably one of the finest special trains ever furnished by a railroad for a theatrical company. The equipment consisted of a drawing-room parlor car, two special coaches, which have just been built for the Grand Trunk Pacific, three baggage cars and a diner.

"Girls," Tomorrow Night.

"Girls," Clyde Fitch's latest comedy which is to be presented by the original American company at the Grand tomorrow evening, was first produced in London and ran for over a year in that city before the American adaptation was produced. After the first performance in this country, in Washington, the critics were unanimous in their praise of the playwright's fiftieth play, and later their words were indorsed by the dramatic critics of New York. The company opened at Daly's Theatre early in March and would be playing there now if it had not been for the fact that owing to previous contracts the company had to make way for Maxine Elliott, in her new play. The management at the Grand guarantee this one of the best attractions of the season.

John Griffiths.

Shakespeare's inspiring love tragedy, "Othello," and Goethe's weird drama, "Faust," were selected by the committee of the Eureka Lodge, I. O. O. F., under whose auspices Mr. John Griffith will play, for his presentation the Saturday afternoon and evening at the Grand. "Othello" will be given at the matinee and "Faust" in the evening. Mr. Griffith is presenting quite an extensive repertoire of Shakespearean and other classic drama, but it is unlikely that a selection could have been made by the committee that would have proved so generally satisfying to theatre patrons. "Othello" is almost universally regarded as the greatest literary achievement of "the immortal bard of Avon," and is probably the most popular of his many great works. Second only to the plays of Shakespeare, in point of general popularity, is "Faust," in which the great German, Goethe, so realistically exemplified the works of the devil.

Thomas Jefferson.

Thomas Jefferson is making "Rip Van Winkle" his regular bill this season. This is due to the fact that theatregoers prefer "Rip Van Winkle" to other plays, and have a wonderful hero that time does not seem to be able to diminish. Mr. Jefferson will give two presentations of "Rip Van Winkle" on the Grand on Thursday and Friday days. An excellent company will assist him in the play, which includes Miss Rosina De Veaux.

A Big Hit.

The show this week at Bennett's is making a big hit. M. Blondell and company, in the Lost Boy, is making a big hit. The popular theatre laugh heartily at every performance. The balance of the bill is above the average, which include the Five Masons, Irving Jones, Dora Peletier, Three Renards, Paganini's Ghost, and Wentworth and Vesta. The above bill should draw large houses throughout the week.

Bennett's Sheath Gown Matinee.

The management of Bennett's are giving away a beautiful \$40.00 sheath gown, to the lady procuring the coupon drawn at the Saturday matinee, Nov. 21. Beginning next Monday, coupons will be given at the door at each matinee and only, and after each matinee a drawing will be held, and five numbers drawn, and on Saturday, Nov. 21, the entire lot of numbers, which were drawn at the preliminary drawings, will be placed in a box and a grand final drawing held, when the number picked will entitle the holder to an order on Smallman & Ingram for a \$40.00 sheath or ordinary gown. This new scheme should create a lot of interest.

INDIAN LISTER TOOK 31 DAYS IN JAIL

Didn't Have the Necessary Money to Pay his Fine.

In the police court this morning James Barret, a charter member of the Indian list brigade, was fined \$20 or 31 days in jail, for being drunk. Barret being financially embarrassed, decided to take the days, although he tried for five minutes to get Magistrate Love to let him go to the lumber woods for six months instead of being Mr. Carter's guest for a month.

"It is quite a while since I have been drunk," Barret told the court. "It is quite a while since you have been sober," said the court. "I am getting tired of seeing all you Indian livers coming up so often, and next time you come up I am going to send you to the Central Prison for six months."

Julian Perrin, the Italian, who was found guilty of assaulting Peto San-tolini, by cutting him with a sharp piece of a water pitcher, was allowed to go on suspended sentence, as he has paid all the expenses in connection with the case.

Leroy Briggs, charged with vagrancy, stated that he was still too unwell to proceed, and was remanded to jail for a week.

The human heart weighs from eight to twelve ounces and through it passes 22½ pounds of blood every minute or 11,680,000 pounds in one year.

BUSINESS WAS BROUGHT TO CLOSE

Sunday School and Epworth Leaguers Conclude Labors.

OFFICERS ELECTED FOR YEAR

No Decision Reached Regarding the Removal of the Summer School.

The feature of the afternoon session at the annual convention of Sunday schools and Epworth Leaguers held in Dundas Centre Methodist Church yesterday, was the round table conference conducted by Rev. J. W. Baird, the pastor of Hyatt Avenue Church. The business was conducted and the league adjourned.

A series of twenty-seven questions were discussed from the platform, and many interesting points were brought out. It was shown that there should be a tie between the home and the church, and that the surest way to form that tie is to have a parents' day at the church. The teachers should visit the homes, and form the acquaintance of the parents. It was also thought that the pastor of the church should co-operate with the teachers and be their adviser.

A Teachers' Class.

There should be a teachers' training class, as intelligent, tactful teachers are necessary. Male teachers have greater influence than lady teachers. The laymen believed that a proportion of the Sunday school collections should go to missionary work, while the clergy contended that the school should pay its own expenses and contribute as well.

It was also thought that it was not sufficient for teachers alone to have Bibles, but that each pupil should have one.

Rev. J. W. Hibbert presided.

The Sunday School.

Mr. C. B. Keenleyside, B. A., B. D., delivered an interesting address in the evening on "The Sunday School and Missions." The speaker thought it was a pity that one man such as the Rockefeller should give all to the mission fund and deprive others of the pleasure of contributing.

The school of today was the church of tomorrow, and the teaching received in the school would govern the church in future years.

"The missionary work must be done by the rank and file," he said.

Rev. Mr. Hazen's Address.

Rev. G. N. Hazen followed with an address on "The Relation of the Methodist Revival to the Modern Missionary Movement." He stated that there had been three great missionary movements. The first was in the first three centuries of the Christian era, when Rome was Christianized. The second, he said, in the first three centuries of the Middle Ages, when Catholicism was introduced into Britain, and the third in the nineteenth and twentieth centuries, the modern missionary movement.

He believed that the great Methodist revival of the eighteenth century started the missionary movement of today. The Methodists have a great heritage in the example of self-sacrifice of that time, and these memories of the past ought to be an inspiration to the young people, an inspiration to nobler things and to greater self-sacrifice for the spread of the Gospel.

"They ought to lead us to look upward, and to cry for a double portion of the spirit of our fathers to come upon us," he said, in conclusion.

Officers Elected.

"At the conclusion of his address, the following results of the election of officers were announced: Honorary president, Rev. A. K. Birks; president, Wm. Curtis; first vice-president, Rev. Edward Matthews; second vice-president, Rev. J. W. Hibbert; third vice-president, Miss Helen Tufts; fourth vice-president, Reg. Hudson; fifth vice-president, Miss M. Rice; secretary, Miss Rossiter; treasurer, Miss Powell; conference representative, Dr. A. K. Reynolds.

The Summer School.

The discussion re the summer school closed without any decision being reached regarding the move to St. Thomas. The school will, therefore, be held at Lambeth, as usual. During the discussion there was a somewhat lively tilt between Mr. Thomas Spettigue, who conducted it, and Rev. A. C. Tiffin, of Lambeth, who expressed his views in such a manner that he gave a wrong impression of his meaning.

Mr. Spettigue took the floor, and stated that he was surprised that any member of the ministry should give utterance to such opinions.

Rev. E. B. Laneley interrupted, and straightened matters out by having Mr. Tiffin explain his meaning more clearly.

INHUMAN ACT IN NORTH END OF CITY

Someone Wounded a Dog—Policeman Ended Its Sufferings.

Late yesterday afternoon someone charged a buckshot into the front shoulder of a terrier dog.

The animal has been limping around since, and no one cared for it until this morning the affair was reported to the police, who sent an officer up. He located the dog and shot it.

Delegates Named.

At a meeting of the Huron College Missionary Society it was decided to send three delegates to the annual convention of the Missionary Students' Association to be held in Trinity Church, Toronto, in December. The gentlemen selected are Messrs. W. H. Moore, W. B. Hawkins and F. S. Hardy.

A PROCLAMATION

Whereas, the people of our city have been led to purchase so-called remedies from which they have received no benefit whatever, and having thus wasted so much hard-earned money, it has come to pass that they know not what to believe.

Inasmuch as this unsatisfactory state of affairs exists, KNOW, THEREFORE, ALL PERSONS who are in need of such a medicine that we will supply them with VINOL on a POSITIVE GUARANTEE that if it does not succeed in benefiting them we will refund the entire amount of money paid us for it.

There is no one medicine that will cure everything, but there are some we know to be honest, reliable, and of great curative value. Such is VINOL; it is not a secret medicine,—just peptonate of iron, wine, and all the curative extractives of cod liver oil, combined. We are familiar with every particle of it, and KNOW that it should benefit every one who uses it.

Could any offer be more fair than this? You are ill; we offer you medicine which we believe will help you, and if it does not we will return your money. Is there anyone foolish enough not to accept this offer? You owe it to your family, to your friends, and yourself to try this medicine which we give you our pledge is a genuine cod liver and iron preparation of great merit.

We unhesitatingly recommend Vinol as a Body Builder and Strength Creator for Feeble Old People, Delicate Children, Frail Women, All Run Down Persons, and Those Needing a Good Tonic after the Grippe or any Severe Illness, and for Chronic Coughs, Colds and Bronchitis.

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers, if we did not know VINOL to be an honest and unusually valuable remedy for the ills for which it is prescribed? We certainly could not; we therefore ask you, our neighbors, friends and acquaintances to accept our assurance that this is a genuine offer, and that any and all persons who need a medicine of this character should feel a sense of security in accepting it.

You will absolutely be under no obligation to us whatever, if after you have tried one bottle of VINOL, and have not received any benefit, you have only to tell us so, and we will return the entire amount of money you paid us for it.

VINOL is an old and valuable remedy improved by modern science—tastes good and agrees with every one.

Call and get a bottle today. You won't be sorry.

ANDERSON & NELLES, 268 Dundas St. NEAR WELLINGTON. SIGN OF THE RED CROSS. You can get Vinol at the leading drug store in every town and city in this province.

Mr. Darch Wants Two Schemes Has Faith in Kilworth Project

Water Commission Asks Advice of City Solicitor Re Submitting Two Propositions.

The water question was not discussed at the meeting of the commission yesterday afternoon, but was left for a special meeting to be called this week. It will probably be held behind closed doors.

The only reference made to it yesterday was when Commissioner Darch moved that the secretary be instructed to write City Solicitor Meredith asking his advice as to the legality of submitting two bylaws to the people in January next.

Submit Two Schemes. "My idea is that two schemes should be submitted if that be possible," said Mr. Darch. "I want the Kilworth proposition submitted by itself. There is no question, to my mind nor to any of the board, but that it would be wisdom on the part of the commissioners to take in the Kilworth springs. A million gallons of water can be obtained there at a cost of \$125,000, and that would materially increase the Springbank supply. Then one of the other schemes, whether filtration, high pressure, or any other proposition, could be submitted and a proper vote taken upon them. If that bylaw were defeated, I am positive Kilworth would carry, and the city would not be in the dangerous condition it was this last summer. We would have plenty of water for our immediate needs, no matter what happened."

The other commissioners agreed with him, and the secretary was instructed to get Mr. Meredith's opinion as soon as possible.

The Saunby Suit. The secretary presented a report as to the amounts paid on the Saunby suit to date. The total amount paid out is given as \$15,766 25.

This does not include any expenditure for this year, except a couple of small items amounting to \$72 26, nor does it include the damages amounting to \$2,014. When all the accounts were rendered, it is expected that the costs will be about \$20,000.

Will Arbitrate. On motion of Commissioner Darch, City Solicitor Meredith was instructed to begin arbitration proceedings for the purchase of the Summers property at Byron. The land is needed by the board for the protection of the water supply in that locality, and as an exorbitant price is asked, it was decided to try arbitration proceedings.

Referred Back. The account of City Engineer Graydon for half the cost of the Pipe Line culvert, at the second cove, was referred back for particulars.

On the recommendation of Engineer Moore it was decided to purchase three horses for use at Springbank. Those present were: Chairman Jones, Commissioner Darch, Mayor Stevely, Engineer Moore and Secretary Ellwood.

HORTICULTURISTS AND FRUITMEN

The annual convention of the Ontario Horticultural Association which is the central organization of the horticultural societies in the province of Ontario, will be held at the city hall, Toronto, on Tuesday and Wednesday, Nov. 10, 11, commencing at 2 p.m. A very interesting programme has been arranged, bearing on all phases of horticultural work, and a large attendance is expected. On Thursday, Nov. 12, the Ontario Vegetable Growers' Association will hold its annual convention in the city hall, the first session starting at 9 a.m. Both these conventions are being held during the week of the Ontario Horticultural Exhibition, when single rates are in force on all the railways. In Ontario, thus enabling delegates and all others interested in horticultural and vegetable growing to be present at a minimum expense.

THE AMETHYST CROSS

By Fergus Hume

"Listen, Mr. Hale," he said, when Leslie's father was on the point of moving away from a conversation which he found unprofitable and disagreeable. "I did not intend to tell you, but as my engagement with Leslie is at stake I will make a clean-breast of it."

Hale wheeled round with a cold light in his eyes. "Are you going to confess that you stole the cross and got up a comedy to hide the theft?"

George laughed. "I am not clever enough for that. But it is about a possible fortune that I wish to speak—one that may come to me through my mother."

"A fortune," Hale flushed, for only the mention of money could touch his hard nature. "I never knew that your mother had money."

"She has not now, but she may have."

"Go on," said Hale, seeing that the young man hesitated, and watching him with glittering eyes. "I have known your mother for years, but she never told me either that she had money or expected any."

"I should not tell you either," said Walker bluntly, "and so I hesitated. I have no business to interfere with my mother's affairs. However, I must speak, since I want to marry Leslie."

"I am all attention."

"My grandfather left his large for-

tune equally divided between his two daughters. One was my mother; and her husband, my father, ran through the lot, leaving her only a trifle to live on. I help to keep her."

"This," said Hale coldly, "I already know."

"But what you don't know is that my aunt—my mother's sister, that is, ran away with some unknown person during her father's lifetime. He was very angry, but forgave her on his deathbed and left her a fair share of the money—that is, half. As my mother inherited fifty thousand, there is an equal amount in the hands of Mr. Simon Jabez, a lawyer in Lincoln Inn Fields, waiting for my aunt, should she ever come back."

"And if she does not?" asked Hale anxiously.

"Then, if her death can be proved, the money comes to my mother."

"Humph!" But you say your aunt ran away with someone—to marry the man, I suppose. What if there is a child?"

Walker's face fell. "The child inherited," he said softly.

Hale laughed harshly. "You have found a mare's nest," he said coolly, "and I see no reason to change my decision with regard to your possible marriage with Leslie. Your aunt may be alive and may appear to claim the money. If she is dead, her child or children may come forward. On the other hand, if your mother does come in for the fifty thousand pounds you speak of, she is, as I know, a hard woman."

"I agree with you," said the young man moodily, and sadly. "She is as hard as you are, Mr. Hale. But if she inherits my grandfather's money—that is, my aunt's share—she has no one to leave it to but me. I am the only child."

"Your mother," said Hale deliberately, "is hard, as you say, that is, she is sensible, as I am. If you marry against her will, she will not leave you one farthing of this money, which, after all, may never come into her possession."

"But why did she object to Leslie?" asked George.

"Bah!" Hale looked scornful. "You talk like a fool. As if any woman was ever moved by the beauty of another woman. Besides, your mother hates me; we are old enemies, and rather than see you marry my daughter she would go to your funeral with joy. If you married against her will—as you assuredly would in making Leslie your wife—she would leave you nothing. And I also dislike the match on account of your mother."

"But why are you her enemy, and she yours?" asked George bewildered.

"That is a long story, and one which I do not intend to relate unless driven to speak. If Leslie marries you she will lose two thousand a year which I can give her when I die. If you want to drag the girl you love down to poverty, Mr. Walker, then marry her secretly. I tell you that if you make Leslie your wife neither I nor your mother will help you."

"And yet you said—"

"That you could make Leslie your wife if you found the cross. Yes, I did say that, and I still say it. If you give me the cross you shall marry her and have the thousand a year when I die. But it would be wiser for you to leave Leslie alone and marry—"

"Marry who?" asked George, his cheeks flaming.

"Maud Ellis," retorted Hale, with a sneering laugh, and turned away.

CHAPTER V.
Mrs. Walker's Opinion.

After that one extraordinary adventure which broke so remarkably the monotony of George Walker's life, things went very smoothly for a time. That is, they progressed in their usual humdrum way, which was trying to the young man's ambitious spirits. He wanted to marry Leslie, to make a home for her, to attain a position, which her beauty would adorn; and he saw no means of doing so. He went regularly to the office, earned his small salary, and dreamed dreams which could never be realized, at least, there appeared to be no chance of realization. What could a man of moderate attainments, with no money and no friends, hope to do in the way of cutting a figure in the world?

Mrs. Walker duly returned to her home, and Jenny gave her a flamboyant account of the burglary, which she heard in stern silence. She was a tall, grim woman, with a hard face and a stiff manner, and was invariably arrayed in plain black gowns, devoid of any trimming whatever. Her hair, still dark in spite of her age, was smoothed over her temples in the plain early Victorian manner, and her pale countenance was as smooth as that of a young girl. That she was a gentlewoman could easily be seen, but her manner was repellent and suspicious. Also, her thin lips and hard grey eyes did not invite sympathy. How such a Puritanical person ever came to have a handsome, gracious son, such as George, perplexed more than one person. The general opinion was that he inherited his looks and his charm of manner from his late father. Report credited the Honorable Alymer Walker with more fascination than principle. And truth to tell, his posthumous reputation was better than that which he had enjoyed when living.

Having ascertained the facts of the burglary and the loss of the amethyst cross, Mrs. Walker held her peace, and did not discuss the subject with her son. George, indeed, ventured upon a lame explanation, which she received in dead silence. After the hint given by Mr. Hale, the young man was not desirous of disclosing his engagement.

WHY DO WOMEN SUFFER?

Such pain and endure the torture of nervous headache when 25 cents buys a sure cure like Nerviline. A few drops in sweetened water brings unfailing relief. You feel better at once, you're braced up, invigorated, headache goes away after one dose. The occasional use of Nerviline prevents indigestion and stomach disorders—keeps up health and strength. Every woman needs Nerviline and should use it too. In 25-cent bottles everywhere.

to Leslie, and a discussion about the stolen cross would inevitably lead to the truth becoming known to Mrs. Walker. Sooner or later he knew that he would have to speak, but he postponed doing so until he could see his future more clearly. If he could only procure a better post in the city, he could then afford to keep Leslie in comparative comfort, and pass a love-cottage existence. But until he was in a position to do so, he avoided confiding in his mother. Also, Mrs. Walker was not a sympathetic mother, and would certainly not have encouraged the young man's love dream.

But one evening Mrs. Walker unexpectedly broached the subject at dinner. This was seven days after the adventure of the cross, and during that time George had never set eyes on Leslie. Several times he had roved as usual to the garden's foot, but had waited in vain for the girl's appearance. An inquiry at the house provoked no response, as neither Tim nor Leslie came to the fast-closed door. George in despair had written, but to his anxious letter had received no reply. Leslie remained silent and the cottage door barred and bolted, so George began to believe that Hale had smuggled away his daughter, lest she should elope with the lover of whom he so strongly disapproved. This state of uncertainty wore Walker's nerves thin, and he lost his appetite and his night's rest. Mechanically he went to his office, did his daily work, and returned home again, fretting all the time after the girl who was beyond his reach. He even tried to see Mr. Hale, but that gentleman was conspicuous by his absence. Never was a lover in so dismal a situation.

On this especial evening George in evening dress faced his silent mother at the dinner-table. Mrs. Walker wore a plain silk black gown, perfectly cut, but wholly unadorned. Like Mr. Hale, she always insisted upon a certain style being observed, and dined, so to speak, in state. The tiny room was well furnished with the remnants of her former prosperity, and looked like the abode of a gentleman. Nothing could have been more perfect than the table appointments, and if the food was plain, the way in which it was served left nothing to be desired. Jenny, neatly dressed, waited deftly, and at the conclusion of the dinner placed a decanter of port before George, along with a silver box of cigarettes and a dainty silver spirit lamp.

As a rule Mrs. Walker withdrew at this moment to enjoy her coffee in the drawing-room, while George sipped his wine and trifled with a cigarette, but on this occasion she remained. "You can bring my coffee here," she said to Jenny in her unemotional voice.

George wondered at this departure from the usual routine, for his mother never broke the domestic rule she had instituted as far back as he could remember. However, he did not feel called upon to say anything, but poured himself a glass of port and lighted a cigarette. When Mrs. Walker obtained her coffee, and Jenny had departed, she spoke to her son through the gathering twilight.

"I have received a letter from Mr. Hale," said Mrs. Walker, in her coldest voice, and sat bolt upright with her eyes on the comely blonde face of her son.

and laughed nervously. "That is very strange," he said, after a pause. "Mr. Hale has never written to you before."

"There are reasons why he should not have written to me before, as there are reasons why he writes to me now." "May I know those reasons?" asked George quietly, but inwardly anxious.

"Certainly!" Mrs. Walker was disagreeable, but excessively polite, as she never forgot her manners, whatever the provocation. "In fact, I have waited to explain them. But I think you had better tell me your story first."

"What story?"

"That of your engagement to Leslie Hale and of the cross which was stolen from this cottage."

"What!" George rose restlessly and grew redder than ever. "You know I know everything," said his mother imperiously. "Mr. Hale is annoyed by the way in which you are haunting his Marlow cottage, and has asked me to use my influence with you to stop the annoyance."

"That is quite likely," rejoined George, fuming, "but I decline to give up Leslie. Mr. Hale knows that."

"He knows, apparently, that you are obstinate and foolish," said Mrs. Walker in a chilly manner. "And as your infatuation—for it is nothing else—can lead to nothing, I must ask you to stop those hopeless visits."

"Mother, if you knew Leslie—"

"I know that Leslie is the daughter of the man whom I despise and hate," said Mrs. Walker, moved to cold anger, "and my son shall never marry her."

"You have not the power to stop the marriage," said George quietly.

"That is quite true. I have no money to threaten disinheritance, and no legal power over a man who is of age. I might, indeed, appeal to your affection, but I fear that would be useless."

George flung his cigarette out of the window and thrust his hands moodily into his pockets. "Affection is a very strange word to use between us, mother," he remarked bitterly. "You have always been strict and straightforward and painfully polite. You have given me a good education and have instructed me in good manners. My home," he looked around, "or rather your home, which you permit me to share."

A THOUGHTFUL REBUKE.

Toronto, Nov. 3. A thoughtful rebuke was promptly administered with the desired effect by Prof. Torrington in Massey Hall last night. The programme of the College of Music concert had reached its conclusion, and as the orchestra struck up the National Anthem the audience commenced to get into wraps and overcoats.

Prof. Torrington, with considerable energy, rapped on the piano with his baton, stopped the orchestra, and brought the assemblage to attention, while he remarked with fervor.

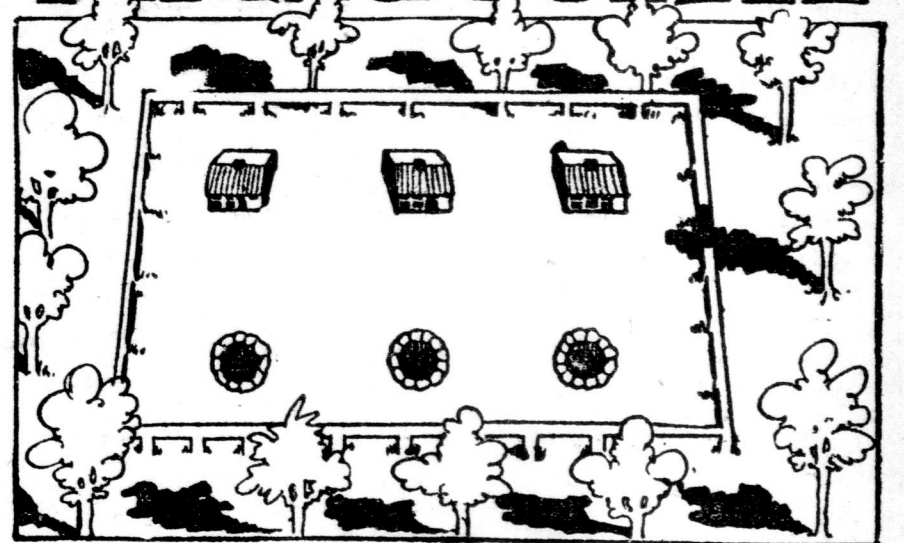

"I hope the time will come when the playing of 'God Save the King' will not be the signal for a general rush to put on hats and coats, but when the audience will stand in reverent silence until the orchestra concludes."

Then everyone waited until the playing of the anthem was finished.

DIPING PUZZLE

Each of the three householders in this community is entitled to draw water from all three wells. Can you show them how to lay pipes, from either their front or rear doors, so that each house shall have pipes to each of the wells, and without breaking rule 4114 of the Plumbers' Union, which says that no pipes must cross?

Exercise as much ingenuity as you like and resort to any possible method so long as you accomplish the feat without crossing pipes.

SOLUTION TO BROKEN-PLATE PUZZLE

The accompanying diagram shows how the plate may be restored. The puzzle was printed in Tuesday's Advertiser.

The Mighty Power of Mi-o-na.

Mi-o-na, that extraordinary and perfect stomach tonic, will relieve dyspepsia in twenty-four hours.

It will cure and is guaranteed by W. T. Strong to the readers of The Advertiser to cure the most pitiful cases of dyspepsia, if taken according to directions.

Mi-o-na tablets not only cure dyspepsia, but all stomach disturbances, such as vomiting of pregnancy, sea or car sickness and the stomach sickness after excessive indulgence.

Mi-o-na cures by strengthening and invigorating the flabby stomach walls and after a course of Mi-o-na treatment, constipation, if there is any, will entirely disappear.

Mrs. S. Keast, of Clarksburg, Ont., says: "A bad stomach trouble that had bothered me for years, baffled and puzzled skilled physicians, was nicely relieved by my using Mi-o-na. My trouble was on account of food not digesting but fermenting in my stomach, forming a gas that gave me untold suffering and pain and also made me weak, nervous, irritable and unable to rest. Since using Mi-o-na I can go to bed at night and sleep and wake up in the morning refreshed. I cannot speak too highly of Mi-o-na."

Mi-o-na is a most economical treatment, a large box of tablets only costs 50 cents. At W. T. Strong's, and the dyspeptic, nervous or otherwise, who does not give them a trial is losing an opportunity to regain health.

Outside of the steerage there were 2,957,328 passengers carried in and out of New York harbor last year on steamers.

To Redden the Blood

Rich, red blood. That is what pale, nervous, weak people need.

Red blood to form new cells and tissues, to invigorate the nerves, to strengthen the heart's action, to give energy and vigor to the organs of the body.

The elements from which nature forms rich, red blood are found in condensed and easily assimilated form in Dr. A. W. Chase's Nerve Food and because of its wonderful blood-building qualities this great restorative has become world famous.

There is no guess work, no experimenting with this treatment. Every dose is bound to do you a certain amount of good.

Mrs. John Boutillier, 168 Morris street, Halifax, N. S., writes: "My daughter was very weak and nervous and had severe headaches as a result of confinement at school. Dr. Chase's Nerve Food has fully restored her health."

The portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box of the genuine, 50 cents at all dealers, or Edman-Bates & Co., Toronto.

SPECIAL MEETING FOR DAIRYMEN

Arranged for Western Ontario
Association—Factorymen and
Patrons Invited.

The following circular from the dairy branch of the Ontario department of agriculture is signed by Mr. Frank Hume, chief instructor for Western Ontario, under date of Nov. 2, 1908:

We again extend a cordial invitation to cheese-makers, factorymen and patrons to meet together in the various districts to discuss such questions as they feel are of interest to both maker and producer.

The details of making cheese and caring for milk can be discussed more fully at a small meeting of this kind than at our annual convention. Kindly make a special effort to attend the meeting most convenient, and get as many as possible of your officers and patrons to attend. Every person interested in dairying will be made welcome. No set programme will be adhered to, but the following questions are probably of interest, and we would be glad to have you come prepared to discuss any or all of them.

The instruction work of 1908. The apparent difficulty of getting the alkaline solution of a uniform strength and what steps should be taken to remedy this difficulty?

Defects in some of our cheese during the hot weather this year. Small round holes in evidence in some cases. How best to handle cheese to prevent this defect. The advantages of the quarter-inch curd knife.

The advantages of heating or pasteurizing the whey. Does it prevent bitter or yeasty flavor? The cost. The best and cheapest system of heating. The disposal of surplus whey.

How to further improve the milk supply. Factory improvements. Visiting patrons.

The need for more cool curing rooms. Makers' certificates. Other subjects of interest will also be discussed.

List of Meetings.

Watford, Music Hall, Tuesday, Nov. 10, 2:45 p.m.

Hamilton, Dominion House, Thursday, Nov. 12.

MRS. WINTERS GOES DOWN

Given Six Months in the Mercer for Blackmail.

Brantford, Nov. 3.—At the police court today, Mrs. Blanche Winters, of Galt, was sent to the Mercer Reformatory for six months on a charge of blackmail. James Galtigan, of Brantford, complained that she threatened to expose him unless he paid her twenty dollars. Frank Kniveton, also of Galt, who is charged with complicity, was committed for trial.

Senator Tessier Lays His Demand Before Railway Commission.

Ottawa, Nov. 3.—The application of Senator Tessier for an order from the railway commission compelling the Ottawa Electric Railway to furnish him with free transportation as a senator was enlarged for a month at the morning sitting of the commission. Judge Mabey, Assistant Chief Commissioner Scott and Commissioner Bernier were present.

The Canadian Northern obtained leave to operate its trains under the tracks of the C. P. R. at the crossing in the township of Mowat, Parry Sound district. The C. P. R. obtained an order to obtain possession of certain lands in the township of Humphrey, district of Parry Sound, belonging to the C. N. R. The application of the C. P. R. for connection between its line and the G. T. R. at Galt came up again, and was adjourned till next week, when the boards of trade interested will be present.

LAW CLERK DEAD.

Toronto, Nov. 3.—Neil McLean, for 22 years a clerk at Osgoode Hall, was found dead in bed this morning in his old home in Glenagarry, where he had gone to convalesce after a general breakdown. He had occupied for some years the post of chief clerk in the office of the master in ordinary. He was unmarried.

IS WORTH PREPARING FOR KIDNEY
TROUBLE OR BLADDER WEAKNESS

ALL YOUR MISERY IS UNNECESSARY AND VANISHES BEFORE YOU REALIZE IT.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes or dropsy. When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good, first-class physician.

There are many of the lesser symptoms of kidney trouble which can be treated at home as stated by a well-known authority. For some of these, such as backache, pain in the region of the kidneys, weak bladder, frequency (especially at night) painful, acid, or watery urine, urinary troubles, try the following simple home remedy: Fluid Extract Dandelion.

TWO STABBED BOTH MAY DIE

Friendly Dance Ends In Bloody
Fracas Amongst N. B.
Miners.

Fredericton, N. B., Nov. 3.—A serious stabbing affray occurred at Minto, Sunbury County, last night, in which an Italian miner named John Endine was the assailant and John McKay and Christopher Pettley the victims. McKay was stabbed fifteen times, and Pettley seven, and at last accounts both were lying at the point of death. The fracas took place at the home of a Russian miner, McKay and Pettley, who were on friendly terms with the Russian, called at his home during the evening, and while preparing to depart McKay caught hold of the Russian's wife and began whirling her around the room. Endine, who was a boarder at the house, became incensed at McKay's conduct, and, seizing a shotgun which was standing in the corner, made for him. At this stage Pettley interfered and took the gun away from the Italian, who by this time had his anger thoroughly aroused, and, whipping out a knife, he stabbed Pettley seven times in the body and legs. McKay went to the assistance of his friend, and was stabbed fifteen times in the region of the abdomen by the infuriated Italian. After he had done the stabbing Endine made his escape, but was captured later.

McKay is a native of Scotland, and is between 40 and 70 years of age. He had been at Minto mine nine years. His wife and two children reside in Nova Scotia. Pettley belongs to Norton, and is about 35 years of age. Endine, who is about 40 years of age, has been at Minto only a short time. He is unable to speak English.

LOCAL OPTION FIGHT

Liquor Question Before Seventy Municipalities at Coming Elections.

Toronto, Nov. 3.—A revised list of municipalities where local option will be voted on in January show that in nearly 70 places will the fight be waged. This list includes more towns and villages than ever before, and also one city, Woodstock. The rural districts are evidently going "dry," and each year there are fewer fields of campaigns going on in a number of places where a bylaw will not be voted on this January, such as Peterboro, Port Hope and Cobourg. These, Rev. B. H. Spence, secretary of the Dominion Alliance, says, are being well organized for the next contest.

Following is a list of the places where local option bylaws are to be submitted. The figure after each indicates the number of licenses:

Some of these, if carried, will be the finishing touch in closing the bars in a whole county. Other contests are but the beginning of a fight of years. Things are hot in Woodstock; a large part of Oxford is already dry; the villages of Norwich and East Nissouri, North Oxford, East Oxford, West Oxford, Dereham, North and South Norwich Townships, are all free from barrooms. Durham and Northumberland will be the scene of particularly interesting conflicts, and these old counties now really keep the province in regard to "dry" area. The contests that have been launched in Percy and Althwick Townships and Bowmanville Town have practically only Port Hope and Cobourg and the village of Newcastle where a sweeping campaign is in progress, involving the towns of Trenton, Madoc and Tweed and numerous townships, and the lines seem to be closing down around Belleville.

TUMBLING INTO RIVER

Caving-in of Foundation Wrecks Southern Cotton Warehouses.

Pine Bluff, Ark., Nov. 3.—Two large brick cotton warehouses tumbled into the Arkansas River yesterday, following the continuous caving-in of the banks of the river.

The Hotel Jefferson, and the Jefferson County court house are in danger of falling into the river within the next 48 hours. The river continues to eat its way into the heart of the business district, and thousands of dollars worth of property are in danger.

Several small cottages have been carried down stream, and a large plantation on the north side of the river is gradually disappearing.

A CLEVER CANADIAN.

Montreal, Nov. 3.—A cable announced the winning of a fellowship at All Souls' College, Oxford, by John G. Archibald, of Montreal, son of Judge Archibald, of the superior court. This is one of the most highly-sought for honors at Oxford. This is the second instance of Canadian Rhodes scholars at Oxford winning fellowships, a son of Rev. Dr. Rose being the first.

BANK CLERK CONFESSES TO MANY BURGLARIES

Former Bank Employee Had Trunk Filled With Loot.

Cornwall, Nov. 3.—David E. Wilson, a former bank clerk at Cotenass, said to be the son of an eminently respectable Western Ontario couple, pleaded guilty in police court to six charges of burglary. The burglaries took place in September. A member of the bank staff grew suspicious, looked in Wilson's trunk during his absence one day, and found it filled with loot, which pilfered storekeepers when called in identified as belonging to them. On Sunday, Oct. 18, two of the same stores were again broken into, and over \$100 worth of stuff carried off in a suitcase. Wilson was not seen around Cotenassville, but was recognized getting on a C. P. R. train at Finch. He was arrested with his booty and was brought to Cornwall last week. He will be sentenced next week.

THE BAPTIST CONVENTION

Reports of Grande Ligne Mission Work Highly Satisfactory.

Ottawa, Nov. 3.—At this morning's session of the Ontario and Quebec Baptist convention reports from the Grande Ligne Mission and the committee upon temperance and moral reform were received. The year's work in both cases was reported highly satisfactory. Question was raised as to the need of more than ever before for the temperance committee suggested a resolution calling upon the Government for better legislation re race track gambling and the abolition of the licensed bar in Ontario and Quebec.

KILLED BY FALLING TREE

Hamilton Man Dies From Injuries Received Helping Another.

Hamilton, Nov. 3.—H. Whitehorn, Catherine street, died in the city hospital this morning as the result of a peculiar accident yesterday, when a desire to lend a helping hand caused his death. He was walking along a street when a man, who was felling trees asked him for assistance while he cut down a particularly large tree. Whitehorn agreed, and when the tree fell it struck him on the head. He was taken to the city hospital where it was found his skull was fractured.

THE KING TO INDIA

Jubilee Message Promises Extension of Self-Government.

London, Nov. 3.—On the occasion of the 50th anniversary of Great Britain's control of the direct government of India, Queen Victoria having been proclaimed empress throughout India on Nov. 1, 1858, King Edward Sunday issued a long message to the princes and people of India, which the viceroy, the Earl of Minto, read at the durbar at Jodhpur today.

The message dwells upon the peaceful progress of the empire under a beneficent administration, pays warm tribute to the loyalty of the Indian subjects and troops, announces amnesty for prisoners and a further gradual extension of the principle of representative institutions in the direction of equality in citizenship, and a greater share by the Indians in legislation and the government.

RIOTING AT HONG KONG

The Anti-Jap Boycotters Suppressed by the Troops.

Hong Kong, Nov. 3.—The rioting which resulted here yesterday from the attempt of those involved to force the local merchants to continue the boycott against Japanese goods, has been suppressed by the soldiers who were called out to patrol the business districts. One Chinese who offered armed resistance was shot.

The riots were organized primarily by the students of this city, and the disturbance is evidently widespread. At Singapore similar riots have occurred, and a number of merchants said to have shown a desire to discontinue the boycott, and a distance of 584 miles. On Lake Victoria Nyanza, the party will embark for Entebbe, in Central Africa. One thing certain is that Mr. Roosevelt will not enter the Congo territory.

A NEW AERODROME.

Sydney, N. S., Nov. 3.—Dr. Alexander Graham Bell has completed a new aerodrome and a flight will be made with the machine about the middle of this month. The aerodrome is constructed on the tetrahedral principle and is twice the size of the Cygnet, which successfully flew in December of last year, having as navigator the late Lieut. Selfridge.

VILLAGE ALMOST
WIPED OUT BY FIRE

Twenty-Two Buildings at Savannah, N. Y., Destroyed by the Flames.

Syracuse, N. Y., Nov. 3.—The village of Savannah, 21 miles west of here, was almost wiped out by the map by a fire that broke out there at 2 o'clock this morning, and swept north and south through the business section of the city, until 22 hundred buildings had been consumed, and \$115,000 worth of property had been eaten up by the flames.

The origin of the fire is not known. It started in Millan's bakery on Main street, and in a few minutes had spread to the buildings adjoining on either side. The flames then jumped across the street and spread in both directions on each side of the thoroughfare. The local volunteer fire department attempted to check the progress of the blaze with hand-engines, but their efforts were of but little avail.

Route of President Roosevelt and Party to Central Africa.

New York, Nov. 3.—The Times today says:

From an excellent authority, the New York Times learned yesterday that President Roosevelt plans to leave New York on March 13, nine days after the inauguration, by the North German Lloyd liner Keonig Albert for Naples, via Gibraltar, where the liner is due on March 25.

Besides his son, Kermit, who will take photographs of the big game in Africa, he will be accompanied by a professor from the Smithsonian Institute, and an official from the navy department.

From Naples, Mr. Roosevelt and his party will travel on one of the German East Africa steamers to Mombasa by the Suez Canal, and Aden, a sea journey of 17 days, including stops.

So far, no arrangements have been made for the six months the party will spend in Uganda Province, between the coast and Port Florence, a distance of 584 miles. On Lake Victoria Nyanza, the party will embark for Entebbe, in Central Africa. One thing certain is that Mr. Roosevelt will not enter the Congo territory.

CURRENT SPORTING GOSSIP

BY SOUTHPAW

W. P. IRVING FOR THE O. H. A., and clean, fast hockey in Western Ontario.

THE LONDONERS will have an opportunity of redeeming themselves Saturday. The Argos, like the turkey, are preparing for the slaughter.

WHAT A FARCE the junior series of the Interprovincial Rugby Union has become. Archie McMahon is given instructions by Secretary Robinson to referee the game between Petrolia and London, and is on the job when wanted. Petrolia refuses to play with him on the field, and the game goes to London by default. What ground is there for another game?

GREAT IS BILL TAFT. Bill beat the other Bill so badly that he'll never come back. Meanwhile Hearst and his puppet show are giggling themselves simple. It takes a big man to defeat a bigger one, and a big man can console himself by remembering that Taft had the advantage in weight.

HAVING made a muddle of things, besides having been soundly spanked by "Papa" Fred Mills, of the Times, Secretary Robinson, of the Hamilton Spectator, has fallen back to his old habit of dishing out rib jolts to London. His latest effort is along the line that London has enough to do to pay intermediate hockey bills without attempting pro hockey. When we remember a certain baseball stock game that was punctuated through the middle, we wonder that he looks upon things professional as a task.

ACCORDING to the Toronto Telegram Tom Flanagan was worried when he was asked to allow Longboat to turn pro.

"It's all very well for you gentlemen to say let him get the change, but when I think of Tom Longboat running professional races, me stout Irish heart beats with emotion. Sure I've been a mother to the boy, carrying him around the country on my back like a papoose," continued the Simcoe street boniface, as he endeavored to stop the floodgate of tears that welled his eyes.

"Why he'd be an outcast," said Flanagan. "We'd no longer be entertained by the reeve and town council, and me the best after-dinner humorist barman Chauncey M. Depew; did you get that? Oh, dear no, I don't want the social semaphore turned against the boy just yet."

THE ARENA

New York, Nov. 3.—The National Club has closed its doors. There will be no more boxing in the arena until the club resumes its entertainments until the members are positive that they can do under the law. The directors met, and this was decided upon. The small attendance of last Friday night evidently brought about the meeting of the club powers, who considered the uselessness of trying to gather their select members together when they couldn't count on the fight taking place if they did attend. It was a sane thing to do just now, as the game could hardly stand a battle of big fellows when the law, with its thousand eyes, is taking such a sweeping peek.

Tommy Burns. A sport fan writing from Sydney to W. W. Naughton, of the San Francisco Examiner, hands Uncle Bill this gem on Tommy Burns, concerning the Burns-Squires fight. He tells Bill: "Tommy Burns apparently is not a great fighter, but a thoughtful husband. What is more, Tommy has a mind for detail. When he boxed Squires last at Ruschett's Bay, near Seattle, and a dozen phone installed in his corner of the ring, so that he could keep his better half posted as to how the battle waged. While poor Squires, after the fight, was a great fighter, he was making a spasmodic and futile effort to raise himself from the floor. Burns walked to his corner and grabbed the phone. Is that you, Jewell, he asked.

"Yes," came the answer.

"Well, this is Tommy, and IT IS ALL RIGHT," he gurgled.

Delaney and Kaufman.

Billy Delaney and Al Kaufman are back in California, and they say "Never again." They are not like us much. Well, anyway, Bill says that the stories of fabulous prices paid fighters for six rounds here are fairy stories. Bill liked Tommy Burns, and he was the finest fighter he had ever seen. He was asked about Langford the minute he stepped off the cars, and he waxed exceedingly proud. "You tell me write this in your little red book. Al will never fight a negro as long as I have anything to do with him."

LONDON AND ST. THOMAS IN BOWLING LEAGUE

Toronto, Nov. 3.—That the Ontario Provincial Bowling League will be organized is a certainty. Hamilton, St. Catharines, London and St. Thomas, who have signed their intention of playing, and with a strong Toronto team in line, the new organization should prove a success.

FROM A TORONTO RUGBY STANDPOINT

The Toronto Star does the Rugby race out as follows:

"The Tigers' victory gives them a strange hold on the Interprovincial championship. The worst they can do now is to figure in a tie with Ottawa, but they are satisfied that they can dispose of the Rough Riders on Ottawa soil just as easily as they did in Hamilton. The feeling in the capital is, of course, directly opposite. The victory of the Rough Riders in the country, Saturday was so decisive that Ottawa people have already had visions of Canadian honors. The game next Saturday at Ottawa will be the greatest football attraction the capital has had in years, and all eyes will be on the contest."

ONONDAGA WILL RUN AN APACHE

Bronze Wonder's First Professional Engagement—Hayes Backs Up.

The Toronto Star says: Tommy Longboat's first professional race will be with a fellow-redskin, an unknown Apache Indian. He will meet this aborigine, who is the champion of his reservation, in Buffalo, on Friday, Nov. 13.

Now that Big Chief has turned "pro" there is going to be trouble getting him races.

Dorando, the Italian, will probably run him, for Dorando is a gamey youngster, but it will about take wild horses to drag Johnny Hayes into the circle with Big Chief.

Both Dorando and Hayes know that the big Indian will make them look like candidates for the cringles' home. Neither one of them is a class runner. Harry Lawson, Tom Coley, Don McCuaig, Hilton Green, George Adams, Jack Tait, Bredin, Galbraith, Jack Carey, Fred Simpson, Billy Woods, Geo. Black, Percy Sellen and half a dozen more would beat either man at any distance from five miles up. Shrubbs is the only man at present on the horizon who has a chance to beat the big Indian. It is all right for Tommy to make the plunge, but it will keep Tom Flanagan hustling to collect \$15,000 or \$20,000 for the Indian's little bit.

TWO ACCIDENTS MAR AERIAL RACE

New York, Nov. 3.—Two accidents of a serious nature marred the first annual tournament of the Aeronautic Society, held Tuesday in the presence of a crowd of several thousand spectators.

Laurence J. Lesh, of Montreal, the record-holder in the field, dropped a distance of 40 feet, sustaining a fracture of his right leg, and Fred Young, an 8-year-old boy, was struck by a motor cycle and badly lacerated. The only successful flight was that of Prof. John Mack, of Bridgeport, Conn., who ascended 2,000 feet in an old-fashioned hot-air balloon.

The more modern airships were either unable to rise or else met with accidents when they did leave the ground.

The motor cycle portion of the programme, however, furnished many exciting finishes.

Y. M. C. A. BASKETBALL PLAYERS IN TRAINING

The Y. M. C. A. senior basketball team is putting in some hard work in preparation for the coming game with the fast Peterboro team. Manager Mike Wood requests the following players to turn out for practice tonight at 6:30.

Brock, Hill, Strodel, George Wood, Henderson, Poisson, Smith, Glenn, and Logan.

The Y. M. C. A. boys realize that in Peterboro they are up against a team that knows the game from beginning to end, and they propose taking no chances of losing through lack of form.

TISER BOWLING TEAM WILL TRIM (?) GROCERS

The recent defeat of the local Grocers' bowling team has imbued The Advertiser trundlers with the idea that they can also administer a defeat to the butter, egg and tea dispensers. Accordingly, a game has been arranged to be played tomorrow night on the ideal alleys, police and the Society for the Prevention of Cruelty to Typos permitting.

KEELER AS OWNER

Reported That He Will Buy Newark Club.

New York, Nov. 3.—It is reported here that George Davis and William Keeler will purchase the Newark Club of the Eastern League, if George Stallings is secured as manager of the Highlanders. The pair are said to be anxious to secure a minor league franchise.

WON'T SELL CHASE

Frank Farrell Says \$50,000 Can't Buy Hal.

New York, Nov. 3.—Frank Farrell, owner of the Highlanders, says there is no chance of his selling or trading his club, who deserted his club this season. Farrell said he would not let Chase get away for \$50,000, and would rather have him outlived for life than allow him to go to some other big league.

ATTELL AND WEEKS

Sign Articles for 15-Round Bout on Thanksgiving Day.

Los Angeles, Cal., Nov. 3.—Articles for a 15-round fight before the Jeffries Athletic Club on Thanksgiving Day have been signed by Abe Attell and Freddie Weeks. The men must weigh 133 pounds at 2 o'clock on the day of the mill. Attell gets the big end of the purse, win or lose.

Local Sporting Notes

Art Wheatcroft, manager of last year's intermediate hockey team, is going to try and organize a Junior O. H. A. team in this city. Wheatcroft believes that the material is here, and that the game will pay.

Petrolia and London Varsity have been ordered to play off at Stratford next Saturday. The joke lies in the fact that both teams have been "roundly censured" by Secretary Bobby Robinson. Bobby is somewhat of a joke artist.

The Juniors and intermediates indulged in a hard practice last night at Tecumseh Park, and will repeat again tonight.

The local intermediate hockey team has begun light work at the Y. M. C. A. gym in preparation for a strenuous season. Tickets can be procured from the management of the team, Mr. "Barney" Vining, Mr. W. P. Irvine and Mr. E. R. Dromgole.

O. H. A. ANNUAL MEETING SATURDAY, NOV. 21

Toronto, Nov. 3.—The big annual meeting of the Ontario Hockey Association is billed for the Temple Block on Saturday, Nov. 21—two weeks from next Saturday. The amendments must all be in by next Saturday, Nov. 7—two weeks before the meeting.

One is already in process of making. It is to prevent any member of the executive from taking any part in discussions in which their own team are in question. And it is one that should and doubtless will carry.

The nominations close on Saturday week, Nov. 14. Both these and the amendments closed, of course, with the secretary, W. A. Hewitt, of the Toronto Star.

BEWARE PNEUMONIA

According to mortality statistics, pneumonia is one of the most frequent and fatal diseases to which humanity is subject. Its action is so rapid that its victim is often in a precarious condition before realizing that anything more serious is the matter than a severe cold.

This is one of the dangers that may follow neglect of a cough or cold, and is therefore the best of reasons why one should check a cold at the start.

A simple, inexpensive and effective remedy, that will usually break a cold overnight, is the mixture of one-half ounce of Virgin Oil of Pine, with two ounces of Glycerine and a half-pint of good Whisky. Take a teaspoonful every four hours. It is claimed this mixture can cure any cough that is curable, and provides a sufficient quantity to last the average family an entire year. Get the ingredients separately and mix them yourself.

In preparing this formula it is essential to use only the best quality of Glycerine and Whisky, with the genuine Virgin Oil of Pine. The latter preparation is a combination of the active principles of the Pine and Santalwood trees. Successfully compounded to retain the healing, health-giving properties for which these trees are justly famous. In order to insure its purity and freshness it is securely sealed in a round wooden case. The genuine Virgin Oil of Pine is prepared only in the laboratories of the Leach Chemical Company, Windsor, Ont.

FUNNY DOINGS IN A BRANTFORD BOUT

Brantford, Nov. 3.—At the boxing bouts in the Brantford rink last night Tommy Daly, of Toronto, fought ten rounds with Artie Simmons, of Detroit. Daly was floored three times, and got the worst of it, but Referee Benwell, of Brantford, gave him the decision. Some rounds were shortened to less than two minutes to help Daly.

INDOOR BASEBALL AT THE ARMORIES

In a fast, close contest at the armories last night, the Army and Medical Corps indoor baseball team defeated H. Company, 13 to 10. The game was well attended.

The line-ups:
Army Medicals—W. Stevens, Beaton, Dinsmore, Tozer, Livingstone, Clark, Kilger, Orr and Stevens.
H. Company—Stuart, Ironsides, Anderson, Skelly, McCall, Healy, Short, Myers, Richards.

Umpire—J. Jeffries.
An exhibition game between B and D Companies resulted in a victory for the latter by 10 to 9.

The teams:
D Company—Patterson, Anderson, Allport, Dobbs, Stevenson, Edwards, Baker, Monahan and McQueen.
B Company—Borden, Orr, Westman, Smith, Tucker, Ball, Loughlin, Insley, Butler.

Umpire—J. Jeffries.

A MOTHER'S GRATITUDE

Mrs. Wm. Graves, of Chester, Nova Scotia, says: "In the spring of 1904, my son was so bad that nobody thought he would live through the spring, but your PSYCHINE came as a God send. He could scarcely walk from his lounge to the table without fainting, and he had night sweats so bad I had to put his bed out of doors to dry every morning. His cough was terrible. Thanks to PSYCHINE this has disappeared and he is now quite well."

Writing to the Dr. T. A. Sloum, Limited, four years after, (August 11th, 1908), Mrs. Graves says: "I am confident PSYCHINE saved my son's life, for the doctors did not think he would live the summer out, in fact he was a walking skeleton. It was your medicine that cured him, for to-day he is as well as ever."

No remedy has anything like the number of wonderful permanent cures to its credit as Dr. T. A. Sloum's great remedy PSYCHINE. There is life in every dose and coupon for sample. It is an infallible remedy for disorders of the Throat, Lungs, Chest and Stomach, and is the Greatest of Tonics. Sold by all druggists and stores, 50c and \$1.00.

Y. M. C. A. Good Work Is Going On The Sum of \$2,500 Has Been Raised

But This Is Only a Portion of the Amount Required by the Association.

The first day of the Y. M. C. A. campaign gave great encouragement. About \$1,200 were subscribed, with more to follow. At noon today the total amount was about \$2,500.

The citizens are responding nicely, and the organization is complete, but the difficulty is in having such a large number solicited.

It is hoped that on account of this, friends of the Y. M. C. A. will not make it necessary for the collectors to call a second time, as there are a thousand persons to be seen during these two days.

The young men's committee are working hard, and are meeting with some success, but they need a larger number of solicitors for this committee also.

An Easy Task.
If towns of 4,000 to 6,000 population

in Ontario can raise from \$2,000 to \$3,500 in three days on this plan, it seems that \$5,000 for London ought to be an easy task.

Other towns and cities have risen to the responsibility on similar occasions, and it is hoped that the citizens of London will realize, as they have never in the past, the terrific struggle through which the association is going at this time. The Y. M. C. A. know that there will be a lot of people who will give contributions later, but what they want to know now is the amount they will give, and it is very desirable to have that information by tomorrow night.

"We cannot only win this campaign, but put the association in the condition where it can serve a much larger body of young men and boys, but now is the time to do it," said one of the members. "If a boy is worth anything, he is worth some sacrifice. If the association succeeds in influencing a young man to grow up a strong, vigorous and manly man, this money will have been well invested."

The campaign must close tomorrow night, and the Y. M. C. A. needs \$4,000 before that time. If \$500 per year is the popular subscription, and it seems to be, then they need at least 60 of them immediately.

West London Still on the Boom 300 Houses Built in Three Years

Breakwater Has Proven a Grand Thing for the Popular Suburb.

West London is again experiencing a building boom, and during the past season a number of people have taken advantage of the favorable price of real estate there to procure homes within a short distance of the business section.

The protection afforded by the breakwater has been a great factor in booming West London, and since its construction it is estimated that fully 300 houses have been built in districts formerly considered of no value.

During the summer, despite the "hard times," numerous houses were erected over the river, in some places new streets being opened up. The residences are all of a substantial class, and in many instances working men are building for themselves.

New Streets.

In the vicinity of the breakwater a few blocks north of Dundas street on the ground which was always considered "hoodooed" by the spring freshets, there are now a number of streets opening out onto Wilson avenue. These are well built up, and will, no doubt, experience another boom next year.

The breakwater is still in very good shape, and the prevailing opinion is that West London is now immune from the annual floods, which held the growth of the suburb in check.

HAPPENINGS OF A DAY IN BUSY EAST LONDON.

EAST LONDONERS ARE WARM UNDER COLLARS. Over the Proposal To Change the Rectory Street Line.

The proposed closing of Rectory street and the removal of the street railway company's tracks to Egerton street are still the chief topics of conversation in the east end. Deputations are beginning to crop up already, and should the matter be at all considered by the council, the east end will be well represented by citizens.

Ald. Moorhead, Rose and Parsons will certainly fight the proposition, and a resident will interview the remainder of the aldermen to discover their position on the matter.

Mr. O. W. Cambridge, of Rectory street, intends bringing a proposition before the council, whereby the street could be lowered to such an extent that a viaduct suitable for street railway and other traffic could be erected.

He believes that the street could be down, starting at York street, and at Hill or Grey street, in order to get the proper grade, and that the side streets being slightly higher would run in a satisfactory manner if a little money were expended on them. He will endeavor to form a deputation to bring the matter to the attention of the city council.

The residents are willing to provide funds to fight any move to close the street, as the street railway and other traffic is all that is keeping their property up to its present high standard, and were these conveniences removed, the value of property would rapidly decrease.

CITIZEN DREW THE LINE AT NICKLES

Conductor Gave "Chicken Feed" to Passenger, and He Objected.

Passengers on an Ottawa car on Dundas street east at noon today expected to see a "scrap" when the conductor tendered 15 nickels in change to a passenger.

The person in question refused the money and pushed the conductor's hand away, with the result that a number of small coins were scattered about the floor.

The conductor hastily gathered them up and placing them upon the seat beside his passenger, informed him that he would take "that or nothing." The

WATERWORKS CAPS ARE GIVING TROUBLE. West Londoners Say They May Look for Damages if Something Is Not Done.

The caps of the waterworks shut-off cocks in the sidewalks on the streets of West London are causing a little trouble, and it is probable that the city will yet have to face damage suits if something is not done to avoid accidents.

During the past month nearly every board walk in the suburb was torn up, leaving the caps projecting from two to six inches above the ground. On a number of these streets the lighting is very poor, and numberless persons have tripped over them in the dark.

It is thought that cinders should be filled in around the caps until spring, when the permanent walks are to be laid.

WEST LONDONERS ARE LOOKING FOR ARMOR.

"Sportsmen" Are Out With Guns and
Are Making Things Lively.

"Sportsmen" are again at work west of the city, and as a result arm is in demand in West London. Several people have located stray shots, and it is very likely that the offenders will be hauled into court if they are not more careful with their weapons.

A number of boys were arrested last year for shooting there, and although conditions are somewhat better this year, residents do not appreciate the antics of young men who journey out the C. P. R. tracks in search of game.

FORMER EAST LONDON RESIDENT DEAD.

Mr. Charles Higgins, of Mount Pleasant, Has Passed Away.

Charles Higgins, formerly a well-known resident of East London, died in Mount Pleasant, Mich., yesterday, after a brief illness. Mr. Higgins is a brother-in-law of Mrs. William Jones, of South London. The remains will be held to Mount Pleasant cemetery on Friday afternoon, services being conducted by Rev. Mr. Walker.

A SURPRISE PARTY IN CHELSEA GREEN

Pleasant Evening at the Home of Mrs. Robert Andrews.

A number of friends of Mr. and Mrs. Wm. Jackson, of Jacqueline street, Chelsea Green, gathered at their residence last evening for a surprise party. The party spent a very enjoyable time with games and music. Mrs. Robert Andrews, of Hamilton road, contributed two prizes for the evening, which were won by Mr. Herb Andrews and Miss Ethel Corby.

OXFORD CAR JUMPED TRACKS IN EAST END

Causing Lines to be Blocked for an Hour This Morning.

Oxford car No. 68 jumped the tracks at Egerton street and Hamilton road at 10:45 this morning, tying the line up for about an hour.

The car ran off while "Y-ing" at the corner and the services of the conductor were required to replace it. It is not known what caused the run-off.

HEAD WASN'T PUNCHED; PLATE GLASS BROKEN

Story of a Right Swing That Went Wide of Mark.

While engaged in a boxing contest on Dundas street east last evening,

Thos. Clark made a pass at his opponent and put his fist through a \$50 plate glass window, and cut himself so badly that he required the services of Dr. Seaborn.

The young fellows were standing in front of the pool parlor owned by Mr. S. Ensign, when the argument started. It is alleged, over the payment of pool fees. The window was smashed to splinters and Clark was painfully cut on the hand. The wounds were sewn up by the physician.

The young men will replace the broken window.

EAST END NOTES.
Mrs. (Rev.) Rollins is addressing a

missionary meeting at the Presbyterian Church, Birs, today.

BRO. METHERALL VISITED NILESTOWN.
Prominent Mason Paid an Official Visit.

Bro. J. W. Metherrall, D. D. G. M. of London district, visited Nilestown Lodge last evening, together with a number of other members of local lodges.

Mr. Metherrall is now on his tour of official visits, and will be in Dutton tomorrow night, together with a number of other members of local lodges.

At Nilestown last evening the first degree was exemplified, after which an enjoyable banquet was served.

The Sunday street car agitation will receive all attention from the Temperance and Moral Reform Party in the city, and until that is settled no further steps will be taken in the temperance cause.

Hamilton, however, will probably make a move towards license reduction.

In Hamilton.
The Hamilton Spectator says: "There has been some talk of having a plebiscite on a reduction of saloon licenses in the city. That such a thing will never be done is generally admitted."

The question of the reduction of the liquor licenses is one that has been before the council every year for a long time past, and with the same result. The aldermen have taken the stand that the license commissioners have the matter in their own hands.

If any of the present holders of licenses are abusing the privilege, then it is for the council to remove them. The council should not be asked to reduce the license when the license holders are abusing the privilege.

The argument advanced by the aldermen has been that the license question should not be mixed up with civic business.

A gentleman prominently connected with the Western University and Medical School this morning made the statement that the new buildings were absolutely useless so far as the Medical School is concerned.

Dr. Meek and Ald. Beattie and Ferguson, on their way home from the tuberculosis meeting at Victoria Hospital last night, were looking over the new buildings and discussing the amount of money that it would cost to maintain them.

Dr. Meek was most outspoken in his criticism of the buildings, and wanted to know who was responsible for their erection. He declared that the medical men had never been consulted as to the requirements, and that they would much rather have had a number of smaller buildings at far less cost.

Ald. Beattie stated that the hospital trust had wanted to spend \$20,000 more in buildings than had been spent.

Dr. Meek said emphatically that the time was coming when the citizens of London would not support such an expensive and useless building.

To the aldermen would be stated that such an expenditure for buildings was altogether unnecessary, and that the added cost of their maintenance to the citizens would be a very large item.

terly will one day read the exact terms of a telegram now in the archives of Windsor Castle, in which I informed the sovereign of England of the answer I returned to the powers which then sought to compass her fall. Englishmen who now insult me by doubting my word should know what were my actions in the hour of their adversity.

"Nor was that all. During our black week, in December, 1899, when disasters followed one another in rapid succession, I received a letter from Queen Victoria, my revered grandmother, written in sorrow and affliction, and bearing manifest traces of the anxieties which were preying upon her mind and health. I at once returned a sympathetic reply. I did more. I bade one of my officers procure as exact an account as he could obtain of the number of combatants on both sides, and the actual positions of the opposing force."

LOCAL MARKET.

London, Wednesday, Nov. 4.—About a dozen loads of hay were sold, the demand was good and prices firm, at \$12 per ton for the choice loads; there will be a good demand for hay tomorrow and on Friday.

No straw offered today.

Oats scarce, at \$1.20 per cwt.

WEEKLY REVIEW.

Although there were no new features at the market this past week, there was a good demand in all lines of farm products. There was no material change in prices.

Grain—Oats are in good demand and prices are a shade higher, at \$1.15 to \$1.20 per cwt. for the best. Barley scarce, at \$1.15 per cwt. Wheat is unchanged, at \$80 per bu.

Hay and Straw—Hay is selling well at \$12 per ton for choice, \$11 for medium and \$10 to \$10 for inferior. Straw is scarce and prices firm, at \$7 per ton.

Butter and Eggs—Butter is scarce and prices firm, at 25c for crocks and 25c for pound rolls. The market for eggs is in fair demand at 25c per dozen for the basket for fresh-laid, and 25c for crabs.

Potatoes—The market has been slow, but on Tuesday there was a little brisker demand; prices are 60c to 70c per bag for the head, the demand in trade is attributed to the small quantity that is being shipped, compared with last year, and also that there have been quite a few car lots received here.

There are more potatoes in the country than was estimated in the early part of the season.

Fruit—Apples are in fair demand, at \$1.50 to \$2.00 per bushel. The latter price for choice Spies; by the bag, 60c to 90c; chestnuts are about done, the few lots offered being sold at about \$2.00 per bushel.

Poultry—The market is quiet, but prices for turkeys, 10c per lb. alive, or 12c dressed; ducks, 7c per lb. alive, or 10c dressed; old fowl, 5c per lb. alive, or 8c dressed; chickens, 8c per lb. alive, or 10c dressed; geese, 8c per lb. dressed.

Dressed Hogs—The market is a little easier; this was to be expected, as there was too big a difference in the price of dressed and live hogs; \$7.75 to \$8 per cwt is now paid, mostly the latter price.

Live Hogs—Prices are \$5.75 per cwt. for select and \$4 for fair sows; small pigs sell at \$4 to \$6 per pair.

Butchers' Meats—Beef is firm, at \$5.50 to \$6.00 per cwt. Pork is at \$5.75 for an extra choice carcass; veal is in fair demand, at \$5.50 to \$6 per cwt; lamb, 9c per lb.

Hides—The market is quiet and prices are unchanged, at 8c for No. 1, 7c for No. 2, and 6c for No. 3 grades of cow hides; calfskins, 11c per lb.

Wool is quoted at 15c per lb. for washed and 8c for unwashed.

HAY MARKET.

Toronto, Nov. 3.—Baled Hay—No. 1 Timothy, \$19.50 to \$21.00; No. 2, \$17 to \$19.00. Baled Straw—The range is from \$6.50 to \$8, according to quality.

PRODUCE MARKETS.

Toronto, Nov. 3.—Wool—With the exception of a few odd lots the season's clip of wool has been about cleaned up, and there is now no local inquiry, which cannot be satisfied. Domestic wool could find a market in the United States now if available. An American report says of the market there: "The confident buying of raw wool continues a feature, and the total sales this week of 10,000,000 pounds at Boston is the largest weekly aggregate of the year. Manufacturers have bought freely of all kinds, and the outlook favors smaller stocks being carried over than a year ago."

Prices paid to farmers in the country are nominally as follows: Unwashed, fine, 95c; coarse, 85c; washed, combed, 15c; washed, clothing, 15c; rejections, 10c per lb.

DAIRY MARKETS.

LIVERPOOL, DAILY POST, WEEK ENDING OCT. 23.
(Hodgson Bros. Letter.)

Cheese—At the lower prices there has been a little more inquiry, although trade is but limited, and the market must be reported as just steady. English cheese continues in free supply, and are pressed for sale at values which show some irregularity. Finest States and Canadian, white and colored, 9s to 6s per cwt; fine States and Canadian, white and colored, 5s to 5s 6d; English cheese, according to quality, 4s to 9s per 120 lbs.

Butter—The market rules firm on strictly choice grades, which are scarce; secondary qualities are in free supply, and there is a wider margin in values. Lower grades of butter for confectionery purposes in very moderate demand. The Copenhagen quotation is advanced 1 krona for next week. We report values today as follows: Cholest Canadian creamery, in 56-lb boxes, 11s to 12s per cwt; choicest Finnish Swedish and Danish, in Kiel casks, 12s to 13s; choicest Russian and Siberian, 10s to 11s; secondary grades, 8s to 10s; choicest Australian (stored), 11s to 12s; new, 11s to 12s; choicest New Zealand (stored), in small supply, 11s to 12s; choicest Argentine, 11s to 12s; choicest Irish creamery, 12s to 13s; choicest States creamery, 11s to 12s; choicest States creamery, 11s to 12s; States ladies, imitations and process, 9s to 10s.

SARNIANS PREFER THE WARD SYSTEM

Petition Bearing Over 800 Signatures Presented to the Council.

[Special to The Advertiser.]

Sarnia, Nov. 3.—Mrs. Bready, of Niagara Falls, died at the Sarnia General Hospital Sunday morning at the age of 35 years. Mrs. Bready was well known in Sarnia, when she was formerly Miss Lilly Dingwall, of Point Edward.

Mrs. John Noble, of St. Thomas, died in the city yesterday morning. Mrs. Noble was a sister of Mrs. H. T. Clark of Sarnia, and was in her 74th year. Besides her husband, she leaves three sons, Harry Arthur, of Owosso; John C., engineer, Battle Creek, and Dr. Fred William Noble, of Guthrie, Oklahoma, and one daughter, Mrs. Emily McIntosh, of Battle Creek, Mich.

A false alarm of fire sent in from the box at the corner of Napier and Nelson streets, gave the firemen a run last night.

Charles Jarvis is being held on a charge of vagrancy. It is claimed Jarvis came to this country from England about a year ago as a stowaway. It is likely he will be deported.

A carpooling league has been formed among several lodges, and a schedule of games will be played during the coming month. A silver cup will be presented to the winners.

A petition was presented at last night's council meeting signed by over 800 persons, requesting the council to return to the ward system.

Bullitt J. P. Elliott, of Watford, appeared before Judge MacWatt this morning on a charge of common assault, and was released on suspended sentence. The bailiff got into trouble while discharging his duties, due to a misapprehension of the law.

The full non-jury sittings of the high court of justice took place here yesterday. Hon. Mr. Justice Teetzel sitting for Sir W. R. Meredith. The only case was that of Damm vs. the London and Western Trust Company, administrators of the estate of the late William A. Fraser, asking for a declaration that the funds in the hands of the trust belonged to the plaintiff, and that he was also entitled to the equity of \$1,300 in the mortgage assigned to the Damm estate.

Judgment for plaintiff, defendant to be allowed the costs out of the Fraser estate. D. S. McMillan for plaintiff; R. I. Towers, for defendants.

FAR WEST MISSIONS

Presbyterians Hear of Hardships Endured by the Workers.

Toronto, Nov. 3.—The splendid work that is being done in the home mission field in the west was reflected in the reports presented and addresses delivered at the annual meeting of the Toronto Presbyterian Society held in Avenue Road Presbyterian Church today.

Miss McLeod, of Wakow, Saskatchewan, told of the work that was being done at the hospital at Wakow, and of the good results it was accomplishing. In the afternoon Rev. Dr. E. J. McLaren, general secretary of home missions, gave a stimulating address, in which he dwelt upon the hardships and self-sacrifice of the missionaries in isolated parts of the far west and emphasized the need of such services as were supplied by the home missions.

One missionary on the Saskatchewan River, with his wife and two children, lived in a two-roomed shack, which was so built that when rain fell he had to cover up his bookcase to prevent his books being damaged. Another missionary had informed him that in winter everything was frozen hard, and even the bread had to be cut with an axe.

These men said Dr. McLaren, did not complain of their lot. On the contrary, they faced the hardships and privations of their life with a cheerfulness, and indeed, enthusiasm, which ought to stimulate those in more comfortable surroundings to help them in their splendid work and take a pride in it.

David Belasco is the hardest worker of all of the American playwrights. It is not an unusual occurrence for him to rehearse a company for ten or twelve hours at a stretch, and then when the actors are tired he dismisses them and goes to work on pruning and fixing up bits of his play, upon which he may be still engaged long after midnight.

TAFT WINS IN LANDSLIDE

(Continued from Page One.)

by a plurality estimated early today as well above 75,000 over the vote cast for his Democratic opponent, Lieut. Governor Stuyvesant Chandler. While Greater New York gave a plurality for Taft it gave Chandler a margin of 56,843.

With thirty-one United States senators to be elected by legislatures chosen yesterday, or earlier in the fall, and in the light of the results in the several states so far as known early today, the Republicans will retain their control of both houses of congress, the precise figures being subject to change as the news from the west poured in during the day.

Bryan's chief strength seems to have been in the middle west. There is a degree of truth in the saying in vogue here last night, "The east has elected a president." New England, New York, New Jersey and Pennsylvania rallied to Taft in large majorities; the only eastern state about which there seemed doubt at the beginning of today's tidings, was Maryland, returns from which at 8 a. m. had divided Taft's plurality, as claimed last night, from 5,000 to 400.

West Virginia was also in doubt, with the probabilities favoring Taft. Maryland and West Virginia should both turn out to be Bryan states, Taft would still have 291 electoral votes.

On the other hand, if the states which at the outset of the day were generally held by the Bryan column, several were still the subject of counter-claims, meagre dispatches leaving doubt as to Colorado, Montana and Nebraska. The trend of the news up to 8 a. m. indicated, however, that all of these states, especially including Nebraska, would turn out to have declared themselves for Taft.

Among the many reasons for Taft's basis of the facts as known at 8 a. m. the table of electoral votes would be as follows:

States Voting for Taft.

California 10, Alabama 11, Connecticut 7, Arkansas 5, Delaware 3, Colorado 5, Idaho 3, Florida 5, Georgia 13, Illinois 27, Kentucky 13, Indiana 15, Louisiana 9, Iowa 7, Kansas 10, Massachusetts 16, Missouri 13, Michigan 11, Montana 13, Minnesota 11, Nebraska 8, New Hampshire 4, North Carolina 12, New Jersey 12, Oklahoma 9, New York 39, Ohio 12, North Dakota 4, Oregon 3, Pennsylvania 34, Rhode Island 4, South Dakota 4, Utah 3, Vermont 3, Washington 5, Wisconsin 13, Wyoming 3.

Total 291.

In Doubt.

Maryland 8, West Virginia 7.

Total 15.

Former Majorities.

In 1896, McKinley received 271 electoral votes and Bryan 149; in 1900, McKinley received 292 electoral votes and Bryan 155. In 1904, Roosevelt received 336 electoral votes and Parker 140.

Among the many significant results of the day's registry of the public will were the re-election to congress of Speaker Joseph G. Cannon, of the House of Representatives; also of Chairman Seno E. Payne, of the house committee on ways and means; the election of Representative W. S. Cowherd, as governor of Missouri, which there with returns to the "Solid South," the probable re-election for a third term of Governor John Johnson, Democratic, in Minnesota, which state nevertheless returned a decisive plurality for Taft.

Funeral of Mr. W. J. Logan.

The funeral of W. J. Logan was held yesterday afternoon from the undertaking parlors of D. A. Stewart, to Mount Pleasant Cemetery, and was largely attended. The funeral services were conducted by Rev. Mr. Ball. The pallbearers were Messrs. G. Taylor, C. Reid, G. Williams, F. Pryor, T. Logan, and H. Martin.

A Contribution.

Mrs. S. Stevely, on behalf of the Lord Elgin Chapter of the Daughters of the Empire, has sent \$25 to Rev. Canon Hague, to be applied to the Smith consumptive fund. The money has been forwarded to Dr. John D. Wilson, who is treating the patient. The doctor reports that during the month his patient has gained eleven pounds and that he is now progressing.

Angus McDonald Dead.

The death occurred in this city on Monday of Angus McDonald, formerly a well-known resident of Stratford. Mr. McDonald was born in Scotland in 1822, and came to this country many years ago. The funeral was held this morning to the Grand Trunk station, services being conducted by Rev. Thomas Mitchell, of the New St. James' Church. Interment will be made in Stratford.

Lepor Mission Society.

The annual thank-offering meeting of the Lepor Mission Society was held in the Y. W. C. A. parlors on Monday afternoon, the president, Mrs. Robertson, in the chair. Mrs. Stevens, a missionary from India, gave an inspiring address on the work as it is carried on in India and China, mentioning the splendid results that have been obtained in those fields, by those engaged in the leper work. Miss Christie Armstrong added much to the interest of the meeting by her exquisite rendering of the sacred solo, "The Gentle Shepherd." The report of the treasurer, Mrs. Stevenson, showed the finances of the society to be in a flourishing condition, \$248 having been contributed during the year.

Hospital Report.

To the Editor of The Advertiser: It would seem to me quite an easy matter to see why Victoria Hospital keeps up a stream of overdrafts. What do Joe Judd or Sam Stevely know about brooms, for instance. It is fair to assume that by tender good brooms should be obtained at the rate of five for a dollar in quantity. The sum of \$338 appears for the item of brooms. This sum on the above basis would give us 4,696 brooms, or a daily consumption approaching 13.

I appeal to common reason, to the back homewives of this city, if this does not appear extravagant. It would appear from this item alone that it might be wisdom to appoint a woman on next year's hospital trust.

Nor can I understand how so much money appears for the item of beer, and not a cent for whisky, wine, brandy or champagne. This surely is an unworthy examination of our

temperance friends, or the R. E. O. A. There is another item of \$221 for water. How is it that we hear so much about the hospital having its own supply from their own well, put in I understood, when Hon. Adam Beck was a member of the trust, and, of course, at the expense of the taxpayer in general?

As there is another large hospital in the city, to which, I am told, many of the medical fraternity prefer to send their patients, I think The Advertiser would do well to show us, for the purpose of comparison, the total number of patients cared for in each, so that we could see how the ratio of brooms and beer compare as between a private and public institution, as well as a number of the other important items. The Advertiser is a public journal. Most of its patronage is from the people who pay the tax to maintain these public institutions. We do not expect to find these local reports in Toronto or Montreal papers. The hospital trust does not send by mail or otherwise to each and every individual taxpayer any report, therefore our only hope or chance of knowing something of how or where our money goes is by just such items as have recently appeared in your columns. In fact, that is what I buy the paper for.

I have done considerable sweeping in my time, and I have seen some real good sweepers, but I have never yet seen any man or woman, especially on a smooth floor, that could wear out a good broom in a whole 10-hour-a-day, week's sweep. Possibly some one of your many readers can explain where so much broom money is required. Yours truly, **WM. STOWE,**

The City's Debenture Sale.

To the Editor of The Advertiser: In view of the impression that prevails in many quarters in regard to the price obtained for city of London debentures recently sold, it may be interesting to your readers to compare this with a previous sale of city of London debentures.

On the same basis as the price paid for city of London 3½ per cent school debentures, sold ten years ago, the 4½ per cent debentures offered recently would have netted 118.48, instead of the 106.55 actually realized. As the sale of the present debentures on this basis would have meant a cash receipt of \$98,833, or about \$10,000 more than the debentures have actually been sold for, it seems hardly an opportune time to jubilate, as seems to be the inclination with some of our city fathers. Yours truly, **FINANCE.**

PUMP IS NOW SUCKING WIND

In Other Words Educational Finances Are Running Short.

THE COST OF SCHOOL GROUNDS

Statement of Amounts Paid Out Tabled at the Meeting Yesterday.

The figures of the cost of land for the enlargement of school playgrounds were submitted at the meeting of the board of education yesterday afternoon, but there was no discussion on them.

The secretary was instructed to give each member of the board a copy of the figures, and they would be discussed at the next meeting of the board.

The total amount of the purchases was \$7,305. Two cottages on the property purchased had been sold, for \$353, making the total cost of the land \$6,952.

Only three playgrounds were enlarged, Lorne avenue, St. George's and Empress avenue. No land was purchased for Simcoe street, nor for Grand avenue.

The Figures.

The purchases were as follows: Lorne avenue school—Martin Banks, lot 23-63, price \$1,200. Cottage afterwards sold for \$353. Jos. Kanda's lot 98x104, on English street and Queen's Place, \$744. W. McLean, west English and Queen's Place, 39x111, \$390. Cottage resold for \$88. John Anderson, east Elizabeth street, 45x150, \$317.

St. George's School—W. Skaroon, west Colborne street, near 62nd, \$320. Thos. Haskett, west Colborne street, near 46th, \$320. Robert Thomas, west Colborne street, near 42nd, \$210. John H. Taggie, west Colborne street, near 44th, \$220. John A. McNaughton, west Colborne street, near 42nd, \$220. W. McKell, east Waterloo street, near 132, \$120. \$1,000.

Empress avenue school—W. T. Westly, lot 58, south St. Patrick street, lots 59 and 91 west St. Andrew street, fronting on St. Andrew 132 feet, south St. Patrick street, 231 feet, \$1,944.

Total cost, \$7,305, less amount received for cottages, \$353, \$6,952. Trustee Weekes thought the secretary should prepare copies of these purchases for the members of the board, and distribute them at the earliest possible moment, so that at the next meeting of the board they could be discussed properly. This was agreed to.

Appointed to Senate.

Mr. W. C. Fitzgerald was appointed to the senate of the Western University. Trustee Weekes brought the matter up, and suggested Mr. Fitzgerald's name. He thought that since Mr. Fitzgerald had acted as senator in the old senate and had given satisfaction, it was the duty of the board to retain his services for another year at least. A member of the board should be appointed so that that body would be kept in constant contact with the university.

Trustee Westervelt seconded the motion. Chairman Graham suggested that Principal McCutcheon be appointed. He thought that while Mr. Fitzgerald would make a good representative, Mr. Justice Meredith would prefer Mr. McCutcheon on the senate.

There was no other nomination, however, and Mr. Fitzgerald was declared elected.

Mr. Fitzgerald's Thanks.

In accepting the place, Mr. Fitzgerald said that in the past Western Ontario had been discriminated against. Large grants had been made to Queen's University, but nothing had been done for the Western. Now that this institution had been placed on a better basis he hoped to see it flourish and become one of the best institutions of its kind in Canada. He declared that the people of the western section of Ontario had been Rip Van Winkles, and had been asleep for years so far as looking after their educational interests was concerned. He would do his best to further the interests of education.

Collegiate Report.

Principal McCutcheon reported that the attendance at the London Collegiate Institute for the month of October was as follows:

Upper School, on roll 61, average 59.

Middle School, on roll 143, average 124.

Lower School, on roll 519, average 495.

Commercial School, on roll 131, average 126.

Girls on roll 854, average 814.

This is an increase in the registered attendance of 83 over the corresponding month of last year, and an increase in the average attendance of 90.

The report was filed.

Inspector Edwards' Report.

Inspector Edwards reported that the total enrollment in the public schools for October, 1908, is 694. This is 115 less than the corresponding month of 1907, but he estimated that there were about 215 pupils in the Lorne avenue district for whom there is no accommodation as yet. The average attendance is 6,475 which shows an increase of 188 over October of last year.

Domestic Science Teacher.

Miss McPherson, of Hamilton, the new domestic science teacher at the Collegiate, wrote saying that she would report for duty Nov. 15.

Miss Mollie Easton applied for a position on the kindergarten staff, and Miss M. Grant for a position on the substitute staff. No. 1.

The Mothers' Club of Empress avenue school and the Princess avenue school asked that the schools be better lighted. No. 2.

Miss Hotson applied for leave of absence for six weeks. Granted.

Miss E. Allaster asked to be transferred from the Chesley avenue school to the Lorne avenue school. No. 1.

Truant Officer Weir reported that there were few truants, and that the pupils were attending school regularly. During the month he sent out ten notices and issued one summons.

Too Many Pupils.

In the report of No. 1 committee it was recommended that owing to the crowded condition of one room at the Worley road school and the Lorne avenue school that an occasional teacher be placed in charge for the three terms.

Principal E. Wyatt, of the St. George's school, applied for a grant towards a piano at the school. He had collected \$122 by subscriptions, which he hoped would be materially added to shortly.

A motion of Trustees Teasdale and Weekes, a grant of \$25 was made to the fund.

Relieving Principal.

The matter of appointing a relieving principal was referred to No. 1 committee to report on at the next meeting.

"How are the finances of the board," asked Trustee Teasdale of Chairman Graham.

The pump has begun to suck wind, answered the chairman.

He would not make a definite statement, however, as to the exact state of the finances of the board.

Those present were Chairman Graham, Trustees MacRobert, Granger, Fitzgerald, Teasdale, Hamilton, Westervelt, Weekes, Inspector Edwards, Truant Officer Weir and Secretary McMillan.

CHARLES SAVILLE COMMITTED FOR TRIAL

Charged With a Series of Thefts in the Country.

Wm. Charles Saville, of West Nisour, was yesterday committed for trial on two charges of theft by Squires Chittick and Hodgins.

Charles Tagg, who was held as an accomplice of Saville, was discharged. Tagg proved that he was only employed by Saville as a laborer and that he was innocent of any intent to steal.

Saville is held on a charge of entering the blacksmith shop of John Talbot, Whiting, and stealing a number of blacksmith tools, including some dies, in addition to stealing a rug from Mr. W. G. Lee, a Thorndale merchant.

When charged with stealing the rug Saville stated that he had purchased it from a man named Tenny, of West Nisour.

Mr. Tenny was placed in the stand and testified that he had never sold the rug to Saville.

Mr. H. B. Bantick appeared for Tagg, and Mr. J. F. Bantick for Saville. Lewis Kennedy, the aged alleged vagrant, who was to have been given a hearing yesterday, was remanded until today at 1:30.

Hospital for Tuberculosis Patients Near the Victoria Hospital Site

Medical Men and Finance Committee Propose Taking a Vote of the People in January.

At a meeting of members of a committee of the medical men of London and No. 1 committee of the city council, held yesterday afternoon at Victoria Hospital, a solution of the problem of treating tuberculosis patients that was satisfactory to all was reached, and steps will be taken to place the matter before the electors at the January elections.

The opinion was unanimous that between 20 and 30 patients would have to be treated every year, and as far as the medical men were concerned they stated that it was out of the question for them to be treated at Victoria Hospital.

Sites Viewed.

Dr. John D. Wilson met the members of No. 1 committee and conducted them over several sites near the hospital where tuberculosis patients could be treated under the direction of the hospital, and yet be completely isolated from all patients in the institution. Every member present agreed that this solution of the scheme was the most satisfactory, and at the same time the cheapest.

The members of the council and of the medical committee agreed that the cost to the citizens would be about \$4,000 or \$5,000 a year for maintenance. It is expected that the initial cost will be met with the money offered by Mr. Blair, and that quite a large percentage of the \$20,000 will be left for maintenance.

Treat Two Classes.

Dr. H. A. McCallum stated that in his opinion only two classes of tuberculosis patients should be treated, those who were very ill and those with whom the disease had become chronic. These cases, he was convinced, could be taken care of without any danger to others.

The Cost.

Chairman Scretion, of the hospital
