## GERMAN DEMANDS RUSSIAN TERRITORY

### TERRITORIAL INTEGRITY, FULL INDEPENDENCE, REPARATION FOR DAMAGE, BELGIAN TERMS

Government's Reply to Pope's Peace Proposals Couched in Firm Language, and Accompanied by Personal Note from King Albert—Guarantees for Future Are Required.

Have, Jan. 23.—King Albert, in his reply to the Pope's peace proposals, wrote a personal letter as follows:

"Very truly, I have taken note of the message of your holiness, which I have received, and I have hastened to submit it to my government, which has studied it with most serious and deferential attention. The result of that study has been recorded in a note which I am happy to communicate to your holiness."

"In associating myself with the wishes of the Pope, I am, at the same time, expressing my profound gratitude for the particular interest of the Pope in the Belgian cause."

"The Belgian Government, as soon as it received the message of your holiness, hastened to reply that it would study with the greatest attention the proposals of your holiness, and that it would express its lively and profound gratitude for the particular interest of the Pope in the Belgian cause."

### REVOLUTION IN AUSTRIA; NEW CABINET, WORD IN NEW YORK

Announcement Made by the Smolny Institute in Petrograd.

NO CONFIRMATION GIVEN

But Social Unrest in the Dual Monarchy Gives Color to Story.

New York, Jan. 24.—According to news agency dispatches the Smolny Institute, headquarters of the Bolsheviks in Petrograd, has announced a revolution in Austria, indicating that revolutionists have named a new cabinet and are making progress. There has been no confirmation, but it is known that there has been serious social and economic unrest in the dual empire for some time.

### LITTLE HOPE FOR 85 MEN BURIED BY EXPLOSION IN SHAFT OF MINE

Reserve Gangs Work Heroically, But Without Much Optimism.

15 BODIES RECOVERED

Nova Scotia Disaster One of Worst in Province's History.

Stellarton, N. S., Jan. 24.—No sign of life was heard today in the Allan shaft of the Acadia Coal Company's mine, where an explosion occurred last evening. The rescue workers managed to reach the upper levels, and there found the bodies of 15 men. The bodies of the other 70 men are still in the mine, and the hope is that they will be recovered.

### ENEMY EVACUATES TERRITORY ON MONTE TOMBA MOUNTAIN FRONT

Italian Army Headquarters in Northern Italy, Wednesday, Jan. 23.—(By the Associated Press).—The enemy has evacuated territory on the northern mountain front behind Monte Tomba, extending from the Piave River westward. Their defence lines have now been moved back to Monte Spinozza.

Italian patrols making reconnaissances in the last few days found that the enemy patrols and sentinels had been withdrawn, and later discovered that the enemy had abandoned the entire region.

This retreat is a sequel to the brilliant victory French troops recently obtained on Monte Tomba, inasmuch as the enemy's position thereafter became untenable.

The retirement of the enemy is important as showing that he has given up his effort to force a passage of the Venetian Plains by way of Monte Tomba and the west bank of the Piave, at least for the present. He is now constructing defensive works in the rear.

### RUSSIA MUST CEE COURLAND AND BALTIC PROVINCES, STATES GERMANY, OR WAR TO GO ON

#### NO CHANCE OF FOE BREAKING BRITISH FRONT

Only Possibility Is It Might Be Pushed Back.

London, Jan. 24.—Via Reuters' Agency.—Reuters' headquarters' correspondent, discussing the threatened impending German offensive says:

"It is taken for granted that at the utmost the most violent on-attack against any part of our front can hope to attain would be to push us back a little. Any prospect of breaking through is practically negligible and scarcely worth discussing. In the meanwhile we are preparing ghastly hospitality for the enemy if he attempts an attack."

#### THE WAR SITUATION

On the western front in France and Belgium and on the Italian front, where the contending armies of the chief belligerents in the world have displayed little activity for some time, reports announce a resumption of hostilities of unusual activity for winter months. While the operations mentioned in the statements from the various army headquarters are of little consequence from a military view, yet the general extent of the activity indicates that developments of considerable magnitude are in immediate prospect.

Representatives of Kaiser at Brest-Litovsk Grow Threatening and Grant Delay For Last Time—Designate the Boundaries of Russia For Future.

Petrograd, Jan. 23.—Russia must give up Courland and all the Baltic provinces, the German representatives declared today, when they met with the Russian representatives at the last session of the conference. An adjournment was taken until January 29, to permit the Russians to consider the German terms.

Report of the session indicate that the Germans took a definite stand and most frankly outlined demands upon which they insist. The secretary of the Ukrainian delegation gave out an account of the meeting. It says the Russians put a question to the delegates of the central powers as to what were their final peace terms. General Hoffman, one of the German delegates, replied by opening a map and pointing out the following line which they insisted should constitute the future frontier of Russia.

Boundaries Designated. From the shores of the Gulf of Finland to the east of the Moon Sound, islands in the Baltic, to the west of Minsk, to Brest-Litovsk.

This would eliminate Courland and all the Baltic provinces. The Russians asked the terms of the central powers in regard to the territory south of Brest-Litovsk. General Hoffman replied that was a question which they would discuss later.

Supposing we do not agree to such conditions. What are you going to do? General Hoffman's answer is reported to have been: "Within a week then we would occupy Riga."

The Russians asked for a recess which was granted reluctantly.

Last Adjournment. The Germans declared it was the last adjournment, and that they would consent. The request was made by Leon Trotsky, head of the Russian delegation, who said he desired an adjournment.

## SAYS WORKMEN OF GERMANY IN FULL SYMPATHY WITH AUSTRIANS

Socialist Eibert Speaks Boldly in Reichstag on Vorwaerts Suspension.

GERMANS WILL FOLLOW

Workers Ready to Combat the Efforts of Those Preventing Peace.

London, Jan. 23.—The Socialist newspaper, Vorwaerts, of Berlin, which on Monday was suspended for three days by the censorship, reappeared on Wednesday, an Exchange Telegram dispatch from Copenhagen reports. This was brought about by the energetic action of the Socialist leaders in attacking the censorship during the debate on Tuesday in the Reichstag main committee. The Vorwaerts reports that, as soon as the debate opened, Friedrich Eibert, one of the Socialist leaders, criticized the censorship and protested against the policy of the German government. He pointed out that the whole world, except the Germans, knew of the general strike in Austria-Hungary, and that because the news was being kept back from the German people, the situation was being kept in a state of uncertainty.

"We welcome the action of the proletariat of Austria-Hungary, and express our warmest sympathy," Eibert continued. "German workmen when necessary will use their full power to combat the efforts that are preventing peace. We will follow the lead of the Austrian workers."

Herr von Graef, Conservative, said that the Socialist declaration of solidarity with the Austrian workmen was a real threat against the chancellor von Hertling, but that he hoped the chancellor would not heed the Socialists.

## ONE MAN ONLY NETTED SO FAR BY "ROUND UP"

Police Search for Military Service Dodgers Almost Fruitless So Far.

OFFICERS ARE SATISFIED

Declare That Greatest Cooperation Being Given by Those Eligible Accosted.

Although a number of men have been stopped by the military and city police since yesterday, and asked to produce their exemption papers or other credentials, none, with the exception of the one man arrested Wednesday, has been found to be evading the military service act.

The military authorities today expressed themselves as satisfied with the manner in which the officers were assisting them in the work, and informed The Advertiser that so far, as all the men who had been asked to show that they were legally exempt from the military service, were able to do so. All were ready to help the officers in their work by producing proof that they were not dodging the M. S. A. Everything is proceeding satisfactorily, according to the officers in charge of the work.

Being unable to prove to the satisfaction of the police that he was not evading the military service, the man was taken to the police station yesterday afternoon. He was later handed over to the military authorities, as his case might be investigated, and if he can prove that he is not liable for service, he will be released.

The work of questioning men suspected of evading the act which was begun here yesterday, is being done by both the military and city police, and the two forces are working in co-operation. All military policemen are not engaging in the work, however, but only officers and non-commissioned officers of the military police force, and also certain specially detailed members of the military police in plain clothes who are working with the civil police.

No suspects were gathered in for investigation by the military police yesterday, according to the headquarters authorities.

**GREATER PRODUCTION CONVENTION PENDING**

No Date Fixed for Local Meeting—Government Influence Felt.

The convention proposed for London in February to discuss greater production has not been called as yet, although everything is in readiness for getting the delegates together. Plans were laid in 1917 for this gathering, but for some reason or other, the convention has not been called.

Gordon Philip, commissioner of industries, stated that it would be called shortly, as soon as some information has been received.

While no information was given on the subject it is believed that the Government is delaying the meeting.

## NEWS LOCAL

**WON ROAST OF BEEF**—G. Davis, with a score of 32, won a splendid roast of beef, donated by C. Bricklin, at the equestrian tournament held in the Liberal Club rooms last night. There were 64 players, and the keenest interest was maintained throughout the series.

**ANNUAL MEETING ON**—The annual meeting of the Children's Aid Society is taking place this afternoon in the office of the president, Sheriff Cameron in the court house. Reports for the past year were presented and important business transacted.

**LOSES FINGERS**—George Overton, 542 Colborne street, had his left hand so badly crushed in a bolt machine at the London Bolt and Hinge Works today that it was later found necessary to amputate two of the fingers. The accident, according to statements made by Overton, was unavoidable. The injured man went to Victoria Hospital, where he was given surgical attention by Dr. F. B. Clegg.

**RELIES ON BOYS**—Rev. J. A. Miller, head of the local office of the Ontario Employment Bureau, delivered addresses on the term labor question at Union-square, and at the Ontario Club. Mr. Miller contended that the labor problem could only be solved by the employment of high school boys for the spring and summer agricultural work. The meetings were held under the auspices of the Ontario Club and the Ontario Branch of the Farmers' Institute.

## USE CARTS OF GARBAGE DEPT., IS SUGGESTION

Distribution of Coal by City Would Relieve Situation, Is Claim.

DELIVERY QUESTION NOW

Hundreds of Tons of Coal Here, But Shortage in Homes as Great as Ever.

With hundreds of tons of coal in the city, the situation today is acute for a large number of consumers as it ever was. There are hundreds of homes without fuel, and small prospects of getting it. Relief, says J. W. McCallum, and the utilities office are beset with calls for assistance in getting supplies. The department can offer help, but the utilities commission can supply only wood.

Inspector McCallum is having a hard task getting coal for cases where there is no coal. He has a number of cases where the coal is in the city, but the delivery is not being made. He is unable to get coal to assist them. Today, however, he is in a position to get a small supply. So far they have been unsuccessful. It is a common thing to hear people complaining without fuel for a week. One case reported is that of a widow who has had no coal for a week.

The coal dealers cannot be blamed. They have been doing their best. Some criticism is heard of the city officials for not taking more drastic action in an effort to cope with the situation. The department is doing its best to deliver with them. They are rushing the available coal out as fast as possible, and have secured the use of delivery outfits of dealers who are without coal.

**Say City Should Help.** It was suggested today that the city might help the suffering many by employing the garbage carts to deliver coal for a few days. No one would suspect that the city was doing it, it is claimed. If their garbage is not collected, many homes have no coal. The garbage carts could deliver coal to hundreds of homes in a couple of days. The city of London this morning over the M. C. R.

## FINALS OF ALL EVENTS ON TODAY AT BIG 'SPIEL'

Owen Sound and Plattsville Battling for McNeer Trophy—Tecomseh Finals at This Club This Afternoon.

Today will see the end of the big 'spiel'. The finals are well under way this afternoon, and by 10 o'clock tonight all will be over. The first event, the McNeer trophy, donated by John McNeer, is being played at the London Curling Club this afternoon.

At 3 o'clock the score was tied, 10-10, in the thirteenth end. In the play-off of the semi-finals for the Tecomseh trophy, the Owen Sound team defeated the Plattsville team, 11-10, in the thirteenth end. The semi-final for this event in the Lytle street rink.

As the man runs he holds his hand to his left eye. He is desperately anxious to make his escape. He lurks in store doors and then as the pursuers pass he doubles back in the shadows. One expects that the whole thing is moving picture action, but it seems too real.

See the man running? He dodges into alleyways and jumps over fences! He lurks in store doors and then as the pursuers pass he doubles back in the shadows. One expects that the whole thing is moving picture action, but it seems too real.

Who is the man and who his pursuers? The pursuers are the heat hounds. They are on the trail of a man who has been caught in a trap. The man is running. He is desperately anxious to make his escape. He lurks in store doors and then as the pursuers pass he doubles back in the shadows. One expects that the whole thing is moving picture action, but it seems too real.

## 700,000 CUSTOMERS

NECESSARY IN 1918

In order to attain our objective, it will be necessary for STANDARD DRUG STORES to serve approximately 700,000 customers in 1918. We realize this to be a big task, as it means an average of about 13,000 customers each week at STANDARD DRUG STORES. However, we are glad to be able to report that last week, in spite of the very cold weather, we were not far from that mark.

Serving the thousands of customers we do, means turning our stocks over many times a year, assuring you at all times of clean, fresh drug merchandise. It also shows the great growing popularity of the STANDARD DRUG STORES, and is one big reason why

**STANDARD DRUG STORES CAN "SAVE YOU MONEY"**

We will serve many thousands of customers, and they will save many hundreds of dollars by these

## ST. ANDREW'S BUDGET CALLS FOR RAISING REVENUE OF \$12,204

Board of Managers Present a  
Most Satisfactory Report.

### MEMORIALS ARE PLANNED

Will Not Be Arranged For  
Until After the  
War.

Interest in congregational affairs on the part of members and adherents of St. Andrew's Presbyterian Church was manifested last evening by the large attendance and enthusiasm evidenced at the final session of the annual meeting, held in the church parlors.

The report of the board of management revealed that \$11,214.97 had been contributed to the current revenue in 1917, by the weekly envelopes and church collections. With the mission, and other contributions, the total for the year of the congregation total in the neighborhood of \$22,000.

The budget for 1918 calls for raising \$12,204 for current revenue, about the same as last year. Following the plan adopted some years ago, a canvass of the congregation will be made next week to obtain pledges of support of the schemes of the church.

**Slight Deficit.**  
Notwithstanding the generosity of givings, a slight deficit was reported and it was decided to ask for subscriptions in connection with the canvass to wipe this out before May, as well as to meet the interest on the mortgage. The interest has formerly been met by special collections in May and November. Re the small deficit, S. J. Radcliffe raised a question in regard to the Sunday School meeting its own expenses, which amounted to about \$500 for the past year, instead of giving all contributions to missions, on the principle that the children should be taught to pay their way first, then be generous.

The rule in St. Andrew's Church has been that the offerings of the school go to missions and expenses in connection with its operation be paid from the current revenue fund.

**Objection Sustained.**  
A. S. McCracken, who was for a number of years superintendent of the school, offered objections to the proposal of Mr. Radcliffe, which were sustained. He stated that in the first place, the ruling of the General Assembly in the matter that one-sixth of the mission, but each church be met by the Sunday School. In St. Andrew's, the mission, but each church be met by the Sunday School. In St. Andrew's, the mission, but each church be met by the Sunday School.

### Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips, by morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it. You will find, too, that all itching and digging at the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

### SHE DARKENED HER GREY HAIR

A Kansas City Lady Darkened  
Her Grey Hair and Made It  
Soft and Glossy by a  
Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her grey hair by a simple home process, made the following statement: "Any lady or gentleman can darken their grey or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home. To half pint of water add 1 oz. of bay rum, 1 small box of Oriz Compound, and 1 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the grey hair is darkened sufficiently. It is not sticky or greasy, and does not rub off. It will make a grey-haired person look ten to twenty years younger.—Adv.

## Asthma

The terrible struggle to breathe, the choking from restricted throat muscles find wonderful help and permanent benefit.

Dr. J.D. Kellogg's Asthma Remedy

25c. and \$1.00.

ABE LINCOLN SAID  
"You can fool all the people  
some of the time,  
"You can fool some of the people  
all of the time,  
"But you can't fool all the people  
all of the time."

If you apply this to buying  
Watch Cases, and insist on  
getting those bearing the  
Winged Wheel trade mark as  
above, you can't be fooled  
any of the time.

THE AMERICAN WATCH CASE  
CO. OF TORONTO, LIMITED  
The largest makers of Watch Cases  
in the British Empire

contributions of the school of \$1,200 meet the requirement. In the second place, he called attention to the fact that the teachers and other officers of the Sunday school, by their contributions to missions through the school, make up a large portion of the total amount raised annually by the school. He pointed out, further, that the teachers and officers are giving their time as well, and that it would not seem fair to call upon them also to support the school and relieve the rest of the congregation from even the financial responsibility.

**Report on Memorials.**  
T. H. Purdon reported on behalf of a special committee, appointed to memorialize former ministers of the church who are deceased, and also to memorialize the men of the congregation who have given their lives in the war. He stated that his committee recommended that the matter of placing memorials in the church to the late Rev. Dr. John Scott and Rev. Dr. James Ross be left over until after the war, and that instead of tablets, they take the form of paintings of Dr. Scott and Dr. Ross to be hung in the church.

It was recommended that at the close of the war, a tablet be placed in the church, bearing the names of all the men of the church who have made or will have made the supreme sacrifice. The report was heartily received.

**Tablet to the memory of the late Rev. J. A. Murray and Mrs. Murray** was recently placed in the church by their sons and unveiled at a special memorial service in connection with the anniversary services.

**Board Appointed.**  
Members of the board of management for a term of two years were appointed as follows: S. J. Radcliffe, K. Asplund, J. H. Laughton, Alex. Gillean, Dr. Nelson George and Charles M. Taylor. John Lockard and Major A. C. Der were appointed auditors, and R. J. Donaghy, secretary-treasurer.

Immediately after the general meeting the members of session, board of management, and representatives of the Men's Union held a short meeting to arrange preliminaries for the congregational canvass, and also for a banquet on Monday evening next when final arrangements will be made.

Following this the third meeting of the evening took place, when the board of managers organized for the year's work. S. J. Radcliffe was appointed chairman of the board; A. E. Silver, chairman of the finance committee; A. Gillean, chairman of the improvement committee, and J. S. Brown, chairman of the new and music committee.

**AT NEW ST. JAMES.**  
Reports received at the adjourned annual meeting of the New St. James' Presbyterian Church last night showed the excellence of the work of the church in all departments during the past year. The financial report was read and showed that the revenue taken in by the church during the past year aggregated \$6,411.63. This is \$200 more than the returns for 1916. It was decided to increase the pastor's salary by \$200, making it \$2,400 per annum.

The work of the pastor, Rev. James MacKay, was commended by several members of the church. James Gray, who occupied the chair, stated that the efforts of Mr. MacKay in the interests of the church were very satisfactory and productive of a spirit of comradeship and good fellowship through the congregation. The increase in salary was carried unanimously.

W. M. Beemer, superintendent of the Sunday school, submitted a report of the past year's work, which showed his department to be in a flourishing condition.

**Mission Band.**  
The Young People's Mission Band was congratulated on the excellence of work done in making musical purposes. The cradle roll of the church contains 21 names of babies born during the past year, which is a slight increase over the number of last year.

James C. Kilgus addressed the gathering with respect to a scheme to wipe out a debt of the church amounting to \$11,000. The plan will be submitted to the congregation.

After all expenses had been paid the treasury of the church still contained \$200. This is considered satisfactory in view of the many demands made upon the finances of the church during the year.

**CHelsea GREEN.**  
The annual meeting of the Chelsea Green Presbyterian Church was held last evening. Rev. Mr. Harris acting as chairman. Splendid reports were presented by all departments, but the Sunday school report was especially encouraging, a total of \$276 having been raised for this work during the past year in the weekly collections.

The Ladies' Aid raised \$101.45, which was considered very good. The revenue from church collections was \$817.04, while the Junior and Senior Endeavor raised \$29.87 and \$23.20, respectively. The total moneys raised by all departments combined was \$1,114.46. After all expenses were met each organization had a substantial balance to its credit.

The members expressed their appreciation of the services of the three preachers that ministered to them during the past year.

Rev. J. W. Crawford of Westminster had charge during the first three months; W. A. Monteth, B.A., of Knox College, supplied for them the next six months; when Rev. Mr. Harris, who is still there, took charge.

He thanked the congregation for its faithful services and for the excellent reports that had been presented.

The following officers were elected: Managers, John Jackson, Geo. Snow and M. Kerr; treasurer, Fred Gartshore; secretary, Arthur Dallimore. Votes of thanks were moved to the chairman, Rev. Mr. Harris, the organist, Miss Symons, and the assistant organist, Miss Mary McLaughlin.

At the close of the meeting refreshments were served by the ladies of the church.

**LONDON MAY ENTERTAIN  
PROVINCIAL RESOURCES  
COMMISSION SHORTLY**

TORONTO, Jan. 23. — Plans for the coming season were discussed at a meeting of the provincial resources commission at the Parliament Buildings this afternoon. Dr. A. B. Abbott, secretary, stated that "local committees have suggested to us the desirability of holding conferences of leaders, both farmers and urban residents, in the very near future."

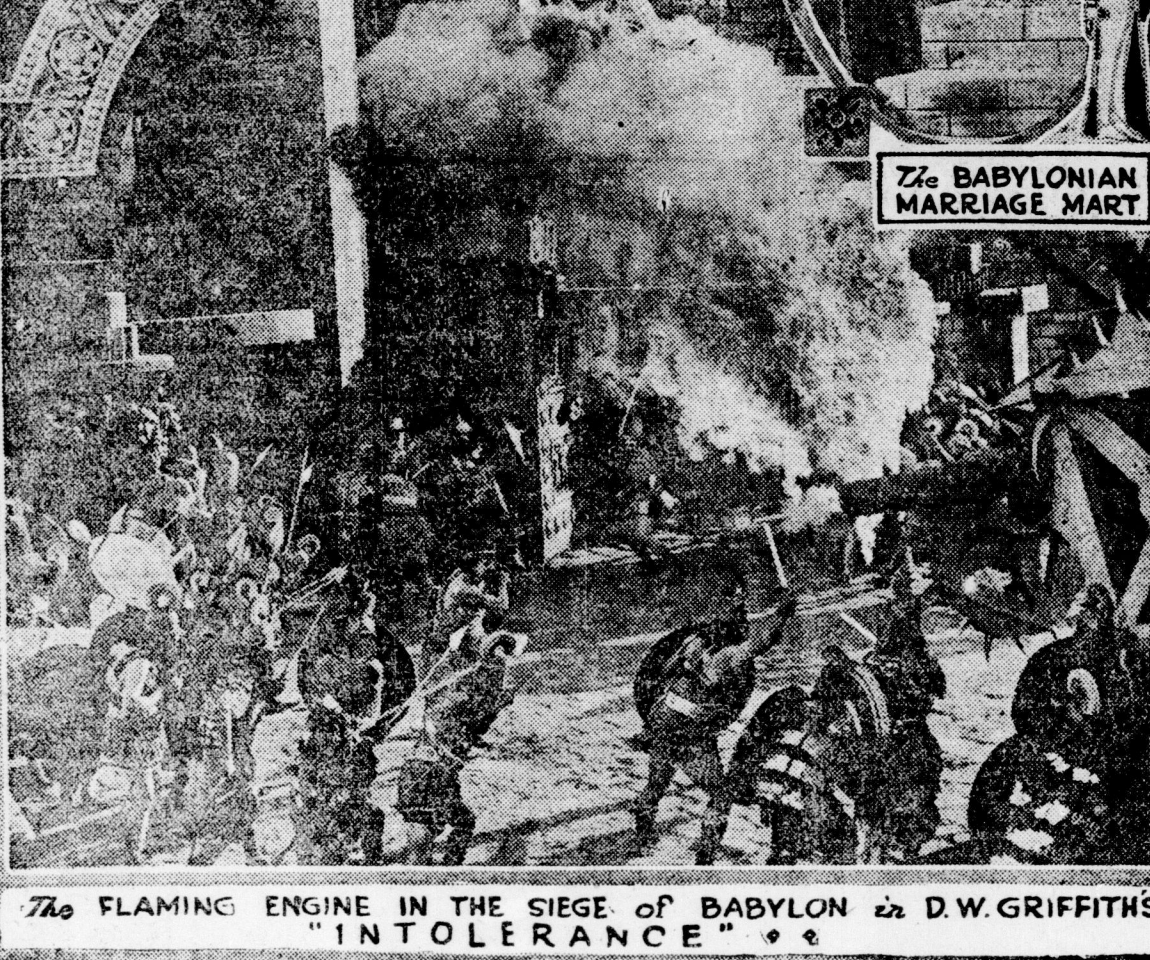

Specific suggestions, he said, had come from Western Ontario urging that a conference be held in London, and conferences in Toronto and North Bay for Central Ontario and Northern Ontario, respectively, had been suggested.

**DELICATE GIRLS IN  
Business or School**  
who have thin or insufficient blood or are physically frail will find

**SCOTT'S

## PATRICIA

"Intolerance," Today, Friday and Saturday.

The greatest film picture yet produced will be given in this city at the Patricia for three days, commencing at matinee today.

It is the latest work of D. W. Griffith, who was gathered together epics from Belshazzar, the life of Christ, Charles IX. of France, and from today, molding them together in a marvelous production. He calls the picture "Intolerance," and it is a masterpiece of the art of the motion picture.

There are four plots in detail. The most wonderful scenes of mobs and battles shown during the different periods entrance and thrill the spectators.

This new work is the largest production Mr. Griffith has ever made. For over four years he has been evolving and completing its details. The motivating theme is of the 20th century, and realistically presents some of the phases of everyday life. The ancient periods show medieval France during the reign of Charles IX. when his mother, Catherine de Medici, dominated his career; Jerusalem at the birth of the Christian era, and Babylon about 520 B.C., when Belshazzar's Feast was a condemnation of the people and dramatic in epic form, designated to indicate the visions that could flash across the mind while contemplating a crisis in one's personal affairs. It reveals that anyone can be the victim of medieval France, the midnight massacres of medieval France, and the dominant tragedy on Calvary.

Geraldine Farrar in "The Devil Stone." "The Devil Stone," coming to the Patricia next Monday, Tuesday and Wednesday, marks the sixth Geraldine Farrar production. She has been the star of the Patricia since the famous prima donna first entered the field of the motion picture two years ago.

It is interesting to note that all of the Farrar productions have been created by practicing the same working organization, including the director, Cecil B. DeMille, who has been responsible for the staging of the entire series of remarkable features, and Jeanie Macpherson, who wrote the scenarios for the six photoplays.

The selection of appropriate vehicles for the noted star has been a serious problem, but the great success of the Farrar films bespeaks well of the judgment of the producers, who have based the stories on the best of the best, and of which, "The Woman God Forgot" and "Joan, the Woman," created the new epoch in cinema art.

"The Devil Stone" is a story of weird fascination, which presents Miss Farrar in a modern role, and upon the big theme of superstition, brought down from ancient folklore and influencing the events in the life of a modern woman.

He calls the picture "Intolerance," and it is a masterpiece of the art of the motion picture. There are four plots in detail. The most wonderful scenes of mobs and battles shown during the different periods entrance and thrill the spectators.

The ancient periods show medieval France during the reign of Charles IX. when his mother, Catherine de Medici, dominated his career; Jerusalem at the birth of the Christian era, and Babylon about 520 B.C., when Belshazzar's Feast was a condemnation of the people and dramatic in epic form, designated to indicate the visions that could flash across the mind while contemplating a crisis in one's personal affairs. It reveals that anyone can be the victim of medieval France, the midnight massacres of medieval France, and the dominant tragedy on Calvary.

## AUDITORS WILL GET \$5,000 FROM COUNCIL FOR WORK THIS YEAR

Messrs. Screenshot and Dale  
Are To Do Everything.

### RATIFYING DEBENTURES

Legislature Will Consider London and Port Stanley Funds.

The finance committee wrestled for a couple of hours last evening with an agreement covering the salaries and duties of the city auditors. It was finally agreed to pay A. Dale and A. Screenshot the sum of \$5,000 for the work this year, an advance of \$500 over the rate of 1917. However, included in their work is the audit of the Western Fair books, which added \$200 to the expense. The fair board will pay for that work.

The audit cost \$5,250 in 1916; \$6,408 in 1917, and \$4,500 in 1918, according to figures presented by Ald. Wilson. Ald. Asplund wanted to make it \$4,000, and Ald. Manneke favored \$4,500. The agreement is rigid, and will secure an up-to-the-minute audit practically, and the completion of the work within two months of the closing of the year.

**Ratify Debentures.**  
The committee decided to ask the Legislature, through the city of London bill, to ratify debentures amounting to \$124,000 for the London and Port Stanley. Of this \$124,000 is to cover an issue discussed by the council in 1916, but never formally passed or ratified. The London and Port Stanley commission has expended the money, and the city must issue the debentures to cover this amount. The balance—\$4,000—is to cover the construction of a switch to Beattie Bros. factory in Chelsea Green. Ald. Asplund criticized the statement of the London and Port Stanley, calling attention to the fact that the commission stated that it had \$25,000 cash in the bank at the end of June, when there was but \$12,000. A sum sufficient to cover this was deposited to the credit of the June account in July and August. The procedure might be perfectly regular, but it was rather poor business. The road on this statement would have shown a deficit of \$13,000, and the city if the exact amount of cash in the bank had been shown.

**May Not Get It.**  
The utilities commission will not get \$50,000 for extensions this year, unless some change is made. It will be remembered that last fall the council asked the commission for a statement as to the amount of debentures to be asked for this year. The commission replied that there were no issues contemplated at that time. The council intended putting these expenditures to the people in the form of a bylaw. Now a request has come for \$50,000, and the committee last night refused to deal with it.

It was decided to ask the legislature to issue \$25,000 for storm sewer purposes. Of this amount \$10,000 has already been expended. The committee decided against putting a clause in the bill asking for a commission form of government, and also a clause to tax all exempted property, such as churches, schools, Government properties and the like. These two matters will be taken up with the Ontario Municipal Union and the Union of Canadian Municipalities, in order that general legislation may be introduced.

## RURAL CONVENTION TO HELP TEACHERS

The idea in holding a "rural convention" such as will open in the Normal School at 2 o'clock on Friday afternoon is to give the students an insight into the problems they will face when they go out as teachers to rural districts, and an idea of how best they must serve the communities in which they find themselves. The convention will be held a couple of years ago and proved most profitable. Such subjects as are taken up are: the big theme of the rural school, school gardens, the rural church, the Women's Institute, recreation, etc.

order that general legislation may be introduced. Major Somerville announced that the utilities commission would not erect an addition to the power plant on Horton street. It was proposed to spend \$50,000 in this way. Some minor matters were dealt with.

## War Trade Board for Canada

THE industrial interests of Canada received the first suggestion, through THE GLOBE, that a War Trade Board was to be established. Canada's National Newspaper is first with the big domestic news, just as it is first with reports from overseas—and tens of thousands of people now appreciate the fact that its exclusive cable services make THE GLOBE indispensable.

THE Business and Industrial pages every Tuesday are a part of the Plus in THE GLOBE'S Super-service. They record the big things in Canada's onward march to industrial power.

## Canada's National Newspaper

keeps at the head of the procession by keeping its readers posted. In the issue forecasting the Dominion's War Trade Board and the "blue-sky" legislation to protect industry, THE GLOBE'S Industrial Section also told of the opposition of sheep men to the lifting of export licenses, of the history of oleomargarine, of the commercial possibilities of Canada's new oil fields and of the shipbuilding revival in British Columbia.

THE Imperial Munitions Board placed fifteen million dollars' worth of orders for wooden ships on the Coast last year. Altogether Canada is building \$46,000,000 worth of ships—that was another special story of THE GLOBE'S. This Tuesday feature, accepted as an authority by both Canadian and foreign Governments, is in itself worth the full subscription price of THE GLOBE.

AT GODERICH SHOW

Exhibits at Huron Poultry Fair Were Never Better.

GODERICH, Jan. 22.—Judge Carter of London expresses the greatest satisfaction at the excellence of the exhibits at the annual Huron Poultry and Pet Stock Show now in full swing here. Unfortunately Mr. Gibson, Ingersoll, failed to get here with a large number of entries. The heaviest exhibitors and the classes they won in are as follows:

Light Brahmas, F. R. Martin, Lambeth, cleaned up. Dark Brahmas, Bogue of Byron and Howie, Goderich; in Buff Cochins, G. Anguish of Lambeth, was a strong winner, and also in Partridge Cochins, White Cochins, between Anguish and Howie, Langshans, J. S. Howie, Goderich; Barred Rocks, Jas. Shaw and Howard, Goderich; Black Wyandottes, Bowler, Goderich; Golden Wyandottes, M. E. Lynburner, Goderich and Daly & Son, Seaforth, divided honors about fifty-fifty; in Silver Wyandottes, Daly led, with Lynburner; White Wyandottes, Wm. Doak, Goderich; Fred Bell, Seaforth; Rhode Island Reds, L. H. Howie, Goderich; in Andalusians, Howie; Brown Leghorns, Howie; Buff Leghorns, Hamlyn, Clinton; Single Comb White Leghorns, Bowler; Black Minorcas, G. J. Shaw, Hamlyn; Thorpe, Goderich; in Spanish Howies, cleaned up pretty well; Silver Grey Dorkings, Bogue; in Golden Dorkings, Bogue; in White Orpingtons, Thos. Hogarth and Lynburner divided equally; in Buff Orpingtons, Lynburner won many, with some to Howie; LaFleche, Anguish; Silver Polands, Bogue and Anguish; Bogue also won in Golden Pheasants; in Golden Pheasants, Lashbrook; Red Sussex, Howie; Silver Spangled Hamburgs, Webb and some to Martin; Silver Pencilled Hamburgs, Anguish; in Black Hamburgs, G. J. McKay cleaned up, and in the Silkie, Anguish and Shaw divided; Red Eye Golden Sebright, Martin; Buff Cochins, Webb, Martin and Anguish; in Black Cochins, Bantams, Webb led; Thos. Hogarth and Clarence Taylor won many prizes also. Brahmas, Bantams, Bogue and Howie; Pigeons, Fantails, Mr. Hunter, Goderich; Weber, Kitchen Shaw, Howie, Dr. Hunter, Flanders, McKay and Webb, Jacobus, McKay cleaned up; Nuns, Weber; Trumpeters, Dr. Hunter; Muff Tumblers, Howie; Clean Leg Tumblers, Howie; Turbits, Webb, Pulbarks, Webb.

**WONDERFUL SURGERY OF ALLIES' DOCTORS STIRS LONDON MAN**

Cures and Face Building Commented on by Sergt. Cooper.

A letter received by friends in this city from Sergt. Vernon Cooper, formerly of No. 10 Stationary Hospital, contains a description of the methods employed by medical officers of the British Expeditionary Force, by which miracles of surgery are performed on the bodies of injured soldiers.

Sergt. Cooper emphasizes the efforts of the Allied doctors in mitigating the sufferings of soldiers injured in action. The writer has been doing hospital service for the past year and says that he has seen some marvelous work performed on seemingly incurable wounded soldiers.

The nature of wounds received in action frequently calls for transfusions of blood being made. Sergt. Cooper states that from day to day volunteers from among the slightly wounded men are asked to give their blood in order to save the life of a comrade. Despite the fact that they are themselves wounded, the inmates of the hospital are ever ready to sacrifice a portion of their blood for the benefit of a more seriously wounded man. Cases where a man is furnished with a practically new face after having his face blown off by a shell are becoming increasingly common, the writer asserts.

Referring to one case which came under his notice, Sergt. Cooper states that a man with his face made utterly unrecognizable through the bursting of a high explosive shell, is now a fairly presentable looking person. English doctors, benefiting from cases of a similar nature, grafted the flesh of the man's arm onto his head. A nose and lips were grown onto his mutilated face by a gradual process which required one year of treatment. The man was able to leave the hospital not long ago, and he was when first joining the army, but fairly presentable.

Sergt. Cooper was employed in London as an office clerk before signing up under Lieut.-Col. Edwin Seaton, commanding officer of No. 19 Stationary Hospital.

Commenting on after-the-war conditions in this country, he says that he will require great perseverance and much action on the part of the Government to re-adjust things as in ante-bellum days. The writer asserts that the Canadian boys will find it difficult to resume their former occupations.

**CONTRACTORS NOT RESPONSIBLE FOR DROP IN BUILDING**

Retiring Exchange President Makes This Clear.

**NEW OFFICERS ELECTED**

Harry Hayman Heads Builders' Exchange for Ensuing Year.

The large decrease in the amount of building and the number of permits taken out in London in 1917 as compared with 1916 could not be attributed to any prodding on the part of the contractors, according to A. C. Nobbs, the retiring president of the Builders' Exchange. In his report to the exchange on the year's work, to substantiate his statement he cited the fact that while labor has gone up 16 per cent and materials from 50 per cent up, contract prices on small work have not advanced more than 10 per cent, and for large jobs 25 per cent.

The severest strain that the building industry has been called upon to bear and would likely have to bear to a much greater extent later on, is the loss of choice material, he remarked, said the president.

"This, while regrettable from our viewpoint, is of vital importance to our Empire's needs, and so each of us must do what we can to take their places here," said Mr. Nobbs. In this connection he expressed the opinion that the vocational training for returned soldiers would be of great value in time of need, and that the opportunities of the builders to secure skilled help.

Officers for 1918 were elected as follows:

President—Harry Hayman.

Vice-President—L. A. Jones.

Second Vice-President—Ed. Garry.

Treasurer—Thomas A. Jones, Cowan Hardware Company.

Board of Directors—Messrs. A. C. Nobbs, E. R. Dennis, Thomas Beer, Ben Noble, T. R. Wright.

Auditors—Messrs. F. Pace and James Whitaker.

Representatives to Fair Board—Thos. A. Jones and L. H. Martin.

Delegates to Provincial Convention (to be held in July) next: James J. Dean, John Moran, Nobbs, Hayman, Noble and Gould.

**BARRACKS COAL GAS INCONVENIENCES MEN**

Special Orders Issued To Prevent It as Far as Possible.

Coal-gas, due to the use of soft coal in stoves, is causing some inconvenience in the local camps, and directions to prevent the emission of the gas are published in camp orders today.

"We are up against it," one officer told The Advertiser today, "for if we use soft coal it bothers the men, and if we didn't use soft coal the men would freeze to death, for we can't get any other kind."

To prevent the escape of gas from the stoves the following instructions are issued, and are to be followed by all units:

1. Stoves to be attended to frequently and regularly.

2. The hard coal must be kept broken.

3. The top of the coal in stove to be kept below the bottom of the door.

If these instructions are followed there will be less liability for the gas to escape in the building.

**VOICE OF THE PEOPLE**

CAUSE FOR BLUSHES.

To the Editor of The Advertiser: Just a few lines to let you know that we consider your paper is the equal of any paper published in Canada or the United States.

May your circulation ever increase as your well-wishers follow your career with interest. I remain forever,

Ealing, Jan. 21, 1918. A READER.

**CARD OF THANKS.**

Mr. George Berry and family wish to extend their sincere thanks to the many friends and neighbors for their beautiful floral tributes and kind expressions of sympathy in their sad bereavement.

PARENTS CLAIM

NO NOTIFICATION WAS SENT TO SON

Declare Boy, Arrested Under M.S.A., Was Awaiting Call.

APPEAL TO AUTHORITIES

Come to City to Take Up the Defence of Young Farmer Ordered Into Khaki.

Claiming that their son, William Rowan, was never given a hearing before an exemption tribunal, Mr. and Mrs. J. Rowan, first concession Westminster Township, parents of the young man arrested on Tuesday, are in the city today taking up the case with the authorities.

The arrest of young Rowan was made by Constable Alex. Shaver, acting under instructions from High Constable Ben Waterworth, who had requested to arrest the boy.

The records of the deputy registrar showed that young Rowan had not reported for service, and also failed to disclose any information showing he had been before an exemption tribunal.

Acting on this information, the military authorities requested the civil authorities to effect an arrest.

The parents, on arrival in the city today, related their side of the story. The son had been away from home for some time, and when the proclamation was issued he came to the city and was examined.

When placed in the C category he procured an exemption form, the parents claim, at the local postoffice and laid claim to exemption for his son.

The father stated today it would practically be impossible to handle all the work which had been piled up on him, and he was in view of the fact that at times he was not in the best of health.

The mother, on her part, claimed that the son was considered from every angle, they said, before he signed a claim to exemption.

Mr. and Mrs. Rowan both claim that for days their son watched for the registered exemption form, and that he was in view of the fact that at times he was not in the best of health.

In view of the circumstances, they are making an effort to get a hearing for their son, and they claim that young Rowan is at Queen's Park, and was to have been put in uniform today.

**Famous Old Trees Of London Felled To Get Firewood**

Many An Owner's Pride Sacrificed To Offset Empty Coal Bins of City.

That classic admonition, "Woodman, spare the tree," is not being heard in London, the Forest city of Canada, these days, albeit that many of the old trees which have in years past been the pride of their owners and citizens generally, have had the ignominious fate of being hewn down for firewood.

The utilities commission, through its parks department, has taken out many old and decaying trees on boulevards and streets and had the wood cut and sawn to meet the pressing demand for fuel. In countless other instances, however, trees on private property have been felled to meet the demands of furnace and stove doors, which yawn like the hungry maw of a sacrificial god, and trees which have probably stood for a half century or more.

In some places property owners have taken the opportunity to clear lots for building purposes. The clearing process has been the due to the fact that the firewood, so essentially needed just now, and of preparing the land for the erection of new houses.
