

CARNIVOROUS LONDONERS EAT 1,000 ANIMALS DAILY IS BUTCHERS' ESTIMATE

Forty Cattle, 34 Calves, 28 Pigs and 71 Lambs Required To Supply Fresh Meat Trade Alone—Ten Carloads Weekly of Cured or Partly Cured Meats Are Brought Into London By Big Packing Companies—Average Daily Consumption of Meat in This City Is Various Estimated At From 15,000 to 25,000 Pounds—Beef Most Popular Food—Sect of Chinese Buddhists Eat No Meat But Pork, Which Jews Regard As Unclean.

The French have a saying, "The French eat too much bread; the English eat too much meat; the Germans eat too much of everything."

Whether Londoners, as a community of people, are predominantly Anglo-Saxon or not, too much meat, is a matter for individual opinion. The fact is quite obvious that Londoners do eat a great deal of meat.

It is estimated by local men in close touch with the meat trade of London that ten carloads of cured meats or partly cured meats are brought into London every week. At this rate, Londoners must consume nearly one and a half carloads of meat every day.

A carload of meat averages about 12,000 pounds. One well-known butcher expressed the opinion that the total consumption of imported meat consumed in London weekly would amount to 150,000 pounds, and in addition at least 25,000 pounds of home-slaughtered or fresh meat are weekly required.

At this rate of figuring the daily consumption of meat by Londoners, not including fish and poultry, would be 25,000 pounds.

Fifty Local Butcher Shops. There are 50 or more butcher shops in London. Some of these deal largely in fresh meats; some handle a large business, and some handle a small business.

Among the larger shops is that of Anderson Bros. This firm estimates that to supply its customers there are slaughtered every week 12 to 15 cattle, 12 calves, 20 pigs and 25 lambs. Probably there are half a dozen shops,

at least three or four, which would give approximately the same figures. However, the little shops would not require nearly so many animals weekly, and a further estimate by the firm of Anderson Bros. was that they handled about one-twentieth of the fresh meat trade of London. Perfectly accurate figures would be difficult to obtain, but assuming that the estimate of Anderson Bros. as to the proportion of local business they themselves conduct, one may get a total of reasonable approximation by multiplying by 20.

So that every week, to feed the voracious, flesh-eating Londoners, between 250 and 300 lowing, meek and brown-eyed cattle must bite the dust; 204 playful calves must be sacrificed to keep the local market supplied with fresh veal; 200 grunting swine must be dragged from their mud-wallows, and squealing futilely for their lives, must feel the stinging thrust of the throat-slitting knife. And approximately 500 gentle lamblings must never more gambol in the green meadows and bleat their lullaby to the sunset ere they lie down beside their mothers in the twilight dusk, or bleat their welcome to the sunrise of another day.

The figures seem unduly large even for a week, and multiplied by 52 would make an unbelievable total for the year. Divided by 7 and discarding fractions, one finds that Londoners eat in fresh meat daily about 40 cattle, 34 calves, 28 pigs and 71 lambs. And on top of all these, the carnivorous townsmen of this

Immigrants Are Mised As To Wages Paid Farm Hands in the Dominion

Two Experienced Men Told by Agent in Yorkshire, England, That \$50 a Month Is Minimum and \$70 and \$80 Quite Possible—Ready To Start At \$45, But Farmer Refuses To Pay More Than \$30 a Month.

That Canadian immigration officers in England still continue to encourage and advise people to emigrate to Canada was the statement today by two farm hands who arrived in the city Tuesday night from the Yorkshire district. Both of them explained that although they believed that the publicity campaign had ceased in England, the Canadian agent in Yorkshire, their late place of residence, advised them three or four prospective settlers for Canada that they knew.

One of the two men asserts emphatically that the Canadian agent in Yorkshire, already mentioned, Love by name, told him that the prevailing scale of wages in Canada for farm hands with experience commenced with \$50 a month as a minimum, increased \$50, with \$70 and \$80 quite possible as a maximum. They expressed, naturally, complete astonishment this morning when confronted with the actual scale of wages in Western Ontario, at least.

Asked \$45—Offered \$30. By previous arrangement a district farmer was on hand at the department of agriculture this morning to come to terms with one of them. In response to his query as to what wages they desired, he was asked \$45 a month. The man was experienced, he contended, and felt that \$45 was a fair sum. In addition, he had been given to understand by Government officials in England that even this was far below the minimum. "I will pay no more than \$30," advised the farmer. "You are experienced in the work, and you are not in our methods. I would have to give you a trial first."

PAID \$5,000 TO GET SON OUT OF ARMY

Mrs. Bergdoll Was 'Tortured' Into Paying Sum To Save Slacker Son.

Washington, D. C., July 19.—The direct charge that five thousand dollars was paid to Major Bruce R. Campbell, an officer of the United States army, for use among the higher up to obtain the release of Grover Cleveland Bergdoll, her slacker son, was made today by Mrs. Emma Bergdoll of Philadelphia to a House investigating committee. Having heard the charge the committee developed that on February 10, last year, about ten days after Mrs. Bergdoll swore the money was paid, Campbell deposited \$4,500 with Wasserman Brothers, members of the New York Stock Exchange and \$2,000 more on March, all of which, and more, was wiped out by the end of June in market trading. The money was deposited to the joint account of the major and Laura E. Campbell, supposedly his wife. Major Campbell, who enlisted as an army private in 1901, and served overseas, and who was Bergdoll's counsel in court-martial proceedings, was not present at today's hearing. Mrs. Bergdoll declared Campbell first demanded one hundred thousand dollars. "I told him to go to hell," she exclaimed. "He had tortured me into believing that my boy would be shot unless the higher-ups were paid."

THE WEATHER

LOCAL TEMPERATURES. Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 82; lowest, 68.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 72; lowest, 61.

BAROMETRIC STANDING

Tuesday—29.98 at 8 a.m.
Today—29.24 at 8 a.m.

TOMORROW—FAIR AND COOL.

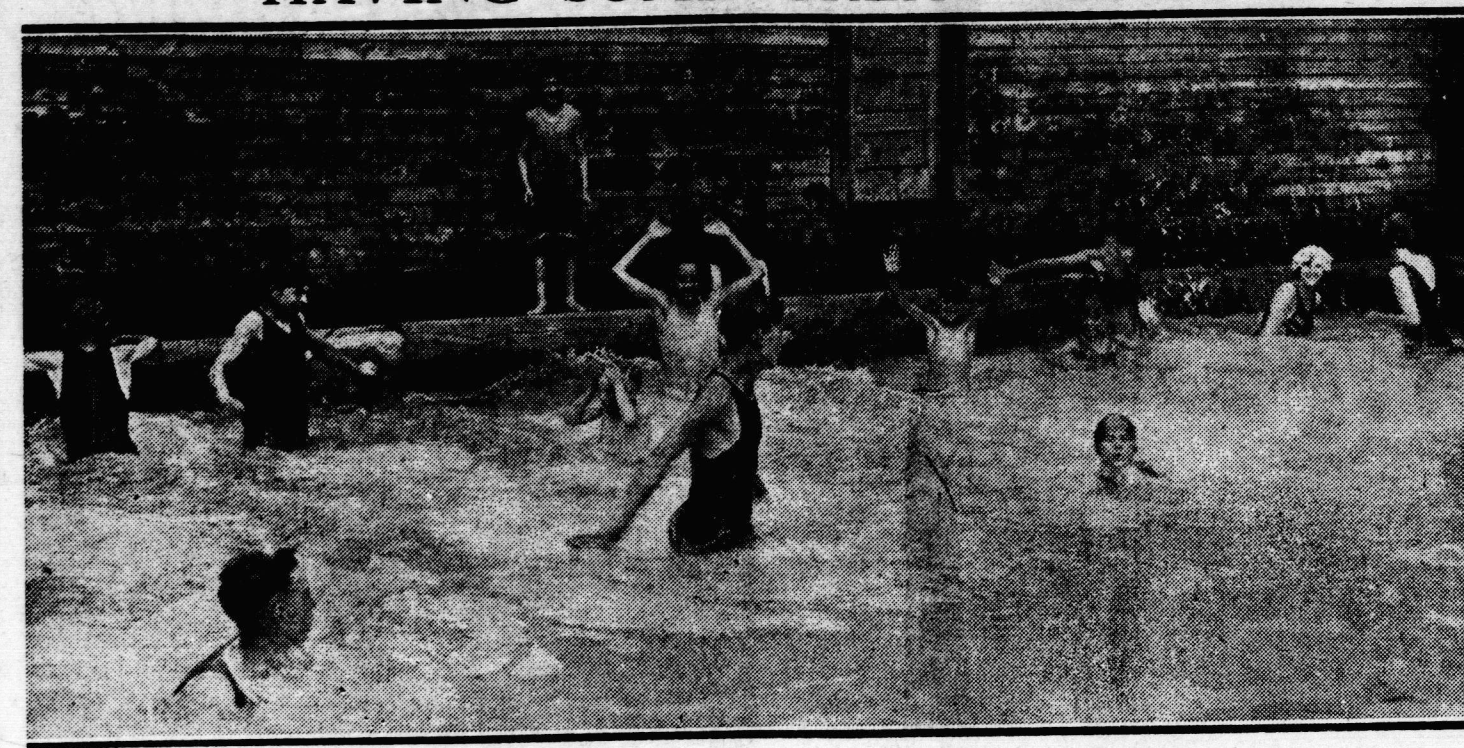

Forecast. Moderate to fresh northerly winds; fair and a little cooler today and on Thursday.

Temperatures.

Pressure is highest over the New England States and highest over the Upper Lakes region. Rain has been quite general again in Southern and Eastern Ontario, and in Quebec. It has also rained over the greater portion of the Maritime Provinces. In the West the weather has been quite warm.

HAVING SOME GREAT SPORT

Scene at the Sulphur Baths, Thames street, recently opened to the public under the supervision of the director of public playgrounds and swimming pools. The public are asked to meet the cost of putting the baths in shape by fees of 10c for adults and 5c for children. Over 400 people have patronized it since Saturday morning.

FORMER GERMAN BATTLESHIP WILL BE BOMBS TARGET

On Board U. S. S. Henderson Off the Virginia Capes, July 20.

The aeroplane and the capital warship must meet here today for the first time.

Army, navy and marine corps aviators, using bombs in size from 250 to 1,000 pounds, were prepared to carry out a series of attacks on the former German battleship Ostfriesland. Although battle conditions could not be simulated, as the Ostfriesland was unmanned and at anchor, the result of the tests was expected to have an important bearing on the controversy started by Brig-Gen. William Mitchell, naval officer here to observe the attacks predicted that the Ostfriesland would be able to withstand any punishment the bombs could give.

No living creature was aboard the Ostfriesland, and consequently there is no way of determining the probable effect of the explosions on a crew.

KEMEL KHAN SERVED WITH CANADIANS

Member of Famous Gurkha Regiment Now Resident in London.

SOLDIER FAMILY

Father and Seven Sons All Fought in Great War.

A resident of this city for nearly four months, although he was not "discovered" until today, Kamel Khan, formerly a soldier in the Gurkha and Canadian regiments, a France, Palestine and India has a story of his service interesting in every detail.

Following the custom in India, he, at the age of 14 years joined the military school, and from there graduated to the 12th Gurkhas, where he served for nearly five years. Transferred to the 1st Gurkha Regiment he was with this force in Belgium on the 6th of August, 1914, two days after the invasion by the German forces. During his service he was wounded three times and gassed once. Later he was transferred to the 13th Canadian (Kiltie) Battalion, and served with them for eight months. For his service he received the military medal, the Mons star in France, and the cross of St. George in India.

"Ever Faithful." The Gurkhas are recognized as among the bravest soldiers of the Empire, and with a few isolated units of Sepoys were the only Indian soldiers who remained faithful to the British during the Indian mutiny. It is also of interest that the only white troops with whom they will fraternize are the Highlanders, and for this reason they were attached to the 3rd Canadian Highland brigade, with which they proved their real worth at the first and second battles of Ypres.

Mr. Khan's family record is also of (Continued on Page Three.)

INVESTIGATIONS WILL BE MADE INTO RIOTS AT PITTSBURG PRISON

Pittsburg, July 20.—Two investigations into the fire and riot at the Western Penitentiary here Monday, during which eight convicts were wounded, and damage estimated at \$100,000 done, will proceed at once, according to Col. Rooke, secretary of the board of inspectors, and publisher of the Pittsburg Dispatch.

During the riot, it was disclosed today, the women prisoners took a part almost as prominent as the male convicts. The women became so unruly that three of them, ringleaders, were placed in straightjackets.

PETITE COTE BRANCH OF MERCHANTS BANK ROBBED, OVER \$5,000 IS TAKEN

Essex County Village Is Scene of a Daring Hold-Up—Six Armed Bandits, After Securing Cash, Escape in Motor Car—Search Being Made by Poses.

Windsor, July 20.—Six armed bandits held up employees of the branch of the Merchants Bank at Petite Cote, about twelve miles from Windsor, at noon today and secured between \$5,000 and \$10,000 in cash. Vital Benoit, a customer in the bank, received a flesh wound in the body. Several shots were fired.

The bandits forced the teller, accountant and another employee to lie on their faces while they rifled the tills. The robbers were given chase by two automobiles, and when last seen were heading towards Essex.

Border police were notified and several parties are scouring the country for the bandits. Five residents of Petite Cote in a car came so close to the escaping robbers that shots were exchanged between the two parties. Bullets fired by the bandits grazed the car, but no one was injured. They had to abandon the chase because of a blow-out.

Police of four of the border cities are now engaged in the chase, and are in hot pursuit.

Bank officials are withholding information as to the exact amount of money taken. Semi-official police reports say that it was at least \$12,000.

The bandits' car is said to be a Cadillac, Ontario license No. 168-731.

London police are on the lookout for the five bandits.

Drunkenness Among Canal Workers Causes Suspension Of All Night Operations

Toronto, July 20.—From Niagara Falls comes the information that the expected decision of the Ontario Hydro-Electric Commission to discontinue all work by the night staff on the Chippawa Canal is due to the widespread drunkenness among the workers. Bootleggers are said to swarm over the canal under cover of darkness from the American and Canadian borders.

It has been beyond the power of the officials in charge to cope with the difficulty. Police have been increased, but conditions do not improve. Native wine is being consumed in large quantities, as well as harder stuff. Only the section where work is being done is lighted at night, and outside this area the men drink without being seen. The drinking has demoralized the work of night shifts.

3,800 District Workers Affected By 12 Per Cent Cut Ordered By G. T. R.

Reduction Means Four, Six and Eight Cents an Hour, According to Classification—The Order Intimates That the Cut Is Only Tentative and Retroactive to July 16.

Approximately 3,800 employees of the local division of the G. T. R. will be affected by an order received from Toronto today reducing the rates of pay by an average of 12 per cent. The order affects every class of employee excepting clerks and employees of the maintenance of way department, who for some reason were not mentioned in the communication.

According to the schedule forwarded with the order the reductions will be: For agents and operators, 4 cents an hour, or \$12.24 a month; train dispatchers, assistant operators and traffic supervisors, 8 cents an hour, or \$16.32 a month.

In the passenger service, conductors, baggage men and trainmen will suffer a cut of 4 cents a mile, 60 cents a day or \$18 a month.

In the through, regular, foreign and way freight business the cut will be .64 cents a mile, or 64 cents a day. Foremen, helpers and switch tenders in the yard service will experience a reduction of 44 cents a day.

The reductions are only tentative, and are subject to revision after a conference is held between the employees and the officials of the road. The order will be retroactive to July 16, forming the basis of the payroll for the last half of the month. Word was received at the local G. T. R. carshops today stating that the clerks employed in the offices of the car and motive power department would receive a wage reduction dating back to July 16. The cuts will average 6 cents an hour or \$12 a month.

NEIGHBORS SAW BURGLARS BUSY; GAVE NO ALARM

Home of N. J. Foster Visited While Occupants Are Asleep.

MAY TRY AGAIN Presumed That Men Wanted Liquor—Money Left Untouched.

While neighbors across the road watched them at work, two men gained entry to the home of Nelson J. Foster, 323 Grey street, by a dining-room window early Tuesday morning, and after thoroughly inspecting his cellar left empty-handed. The owner of the house, with his wife and family, slept undisturbed upstairs during the search, and did not discover that the house had been entered until arising later to go to work.

According to a neighbor and his wife, who resides across the street, they were awakened from their sleep about 2 a.m. Tuesday by a noise similar to that made by an owl, which continued at intervals. Investigation revealed the fact that a man, posted under a tree in front of the Foster residence was responsible for the peculiar noise, which he emitted at the approach of automobiles along Grey street.

Tried Front Door. Further investigation revealed the fact that his companion was on the front veranda working at the lock on the door and using a flashlight, which he promptly switched off at each warning knock. This man, however, was seen to go around to the side of the house, and in a few minutes the cellar was lit up in the Foster house.

The neighbor was about to cross the road and awake this year, and he visited home, but was prevented from doing so by his wife, who feared for his safety. Meanwhile a woman sleeping Continued on Page Three.

WILL ENDEAVOR TO GET HARVEST HELP IN WESTERN PROVINCES

Plan Will Be To Reduce Unemployment From Ontario To Coast.

Winnipeg, July 20.—With a view to minimizing to the lowest possible degree the importation of harvest labor to the Prairie Provinces, a survey is being conducted by the western department of the employment service of Canada to ascertain the approximate number of men required during the rush period, it was stated last night by R. A. Riggs, superintendent of the western offices of the department in the course of an address.

He pointed out that during past years harvest help had been sought from the Eastern Provinces. "This year, however," he said, "the department will endeavor to relieve the unemployment situation prevailing at the coast."

Mr. Riggs said the report had been circulated throughout the West that some 40,000 workers will be required to handle the crop this year, and he ventured to say that if this number seeks employment thousands will be disappointed. He estimated that the number needed would not exceed 30,000.

He added that the large number that settle in the West after the harvest season is a factor that materially accentuates the local unemployment problem. "We are in hopes that this imported help will return to their points of departure, but at present there is no means of compelling them to do so," Mr. Riggs concluded.

WILL DROP CLAUSE.

London, July 20.—Canadian Associated Press.—On the finance bill amendment relieving co-operative societies from the corporation tax on profits the Coalition Government suffered defeat by 137 to 135. Much excitement ensued for an hour. Finally a city street foreman, by pounding with a hammer on a shovel, managed to attract the bees to a park a short distance away. Then traffic and work were resumed.

BEES STOP TRAFFIC.

Boseman, Mont., July 20.—Several huge swarms of bees suddenly swooped down on the busiest section yesterday, and all traffic for several blocks ceased for an hour. Finally a city street foreman, by pounding with a hammer on a shovel, managed to attract the bees to a park a short distance away. Then traffic and work were resumed.

COTTAGE ON SCHOOL GROUNDS SOLD BY AUCTION FOR \$175

Secretary W. A. Tanner of the board of education, reports that the one-story cottage on Princes street, adjoining Wortley road public school grounds, has been sold to make way for enlarged playgrounds for the children. The building, which is old and of frame construction, must be removed by August 15.

It was sold by auction last week, Alfred A. Cotterill, 81 Briscoe street, being the successful bidder, \$175 being realized. Removal of the house will enlarge the grounds at Wortley Road School, which are now cramped because of additions to the school building.

BANK AGENT PROMOTED.

Montreal, July 20.—W. A. Bog, the second agent of the Bank of Montreal, in New York, has been appointed an assistant general manager of the bank, with headquarters at Montreal. Mr. Bog is a native of Picton, Ont., a son of the late Lieut.-Col. Bog.

PASSENGERS NOT TO BE SEARCHED FOR BOTTLES BY QUEBEC AUTHORITIES

Officials of Sister Province Point Out Gigantic Task Such a Procedure Would Involve—Will Not Envy the Ontario Inspectors Their Work If They Essay To Search All Travelers Coming Into Ontario—Shipments of Liquor For Ontario Refused by Transportation Companies.

[Special To The Advertiser.]

Montreal, July 20.—Every possible assistance will be given to Ontario to prevent breaches of the new prohibition law, but individual passengers traveling a bottle across in their baggage will not be interfered with from this end. Put concisely that is the sum and substance of inquiries made specially by your correspondent at the offices of the Quebec liquor commission. At the various railways, express and steamship companies and the breweries, shipments of liquor are being and will be refused by all transportation companies, and the officers of the provincial law enforcement force will be on the alert to seize transgressors. They have not, however, received any special instructions in regard to the seizure of liquor now in transit, and will probably leave that to the Ontario inspectors.

Mr. Giguere, secretary of the Quebec liquor commission, told your correspondent today that the manner of enforcement of the Ontario law was as easy as far as he was concerned. "The transportation companies are forbidden to accept shipments for export to other provinces, except from the commission," he said, "and we will not give them any. We did not give our officers any special instructions on hearing that the Ontario law had gone into force, because they have all the instructions necessary."

Not to Search Passengers.

"The position has not changed in any way for us, because since the commission came into being exports to other provinces from Quebec province have been forbidden unless they came direct from the board. Our officers are busy, and will have their time fully occupied looking into shipments in the usual way, and looking out for bootleggers with automobiles, and also with water transport. We have found the railways and express companies very willing to help us in every way to enforce the law, and we do not anticipate any breaches originating with them. We are not, however, endeavoring and will not endeavor to search the baggage of individual passengers going to Ontario ports. To do that would require hundreds, perhaps thousands, of additional officers."

As a citizen of Quebec Province is allowed by law to carry a bottle for his personal use within the province, you can imagine what a complicated task it would be for us to try to ascertain the destination of every bottle of liquor contained in the grip of thousands of railway and steamship passengers. We have not heard whether the Ontario inspectors intend to search the baggage or not. If they do we do not envy them their task. In order to obviate any difficulties in this connection the various express companies have put up the bar to liquor shipments this week, declining to take any shipments which they could not be sure of taking across the boundary before the midnight bell sounded.

Continued on Page Three.

Ulster Premier and DeValera May Meet To Discuss Issues

General J. C. Smuts Is Largely Responsible For Arrangement—British Cabinet Holding Special Meeting To Consider Problems in Connection With Irish Situation.

London, July 20.—The probability of a meeting in Belfast between Eamon DeValera and Sir James Craig, the Ulster premier, is foreshadowed in some political quarters and several newspapers this morning.

Gen. J. C. Smuts, premier of South Africa, who presided at the negotiations yesterday, doubtless is largely responsible for this and similar optimistic speculation which has survived after great difficulties since Monday when the Ulster premier started suddenly for Belfast after making a forceful statement on the subject of self-determination as it applied to Ulster.

This seemed for a time to end all hope for an amicable meeting between the two Irish leaders, but the moderating influence of Gen. Smuts, coupled with Belfast dispatches to the effect that Sir James does not regard the peace parleys as interrupted, have gone a long way toward re-establishing confidence.

Cabinet To Consider Issues.

Mr. DeValera now is reported willing to go to Belfast and meet Sir James after he has discussed with his Dublin cabinet certain proposals which it is understood Premier Lloyd George will submit to him Thursday.

The British cabinet today will give special consideration to the Irish question. It is believed that the aforementioned proposals will be of great length, and that they are likely to receive the approval of the entire ministry.

On the other hand there still are persistent rumors that the Ulster premier, although harmonious, although definite expressions to this effect are not obtainable.

Staunch Unionist members of the British Parliament are reported to be increasingly nervous respecting the progress of Irish affairs, and it is known that about 40 of them met privately yesterday to discuss their positions. As they lacked inside knowledge respecting the negotiations, they were refrained from reaching any decision as to the action they would take.

SMUTS MAY GO TO IRELAND, ACT AS INTERMEDIARY

Apparently has been proceeding smoothly and with fair rapidity toward a compromise with the Ulster premier. The Government, the Irish Republicans and the Ulsterites could find a basis for (Continued on Page Three.)

Morrison Does Not Look For An Election

Toronto, July 20.—"The results of the Alberta elections are only what one might expect, in view of the consciousness that is possessing the people, especially the farmers," said J. J. Morrison, secretary of the United Farmers of Ontario, today.

When questioned as to the probability of an early general election, Mr. Morrison spoke as follows: "The Dominion Government has had a number of notices nearly as pronounced as Alberta, which have not moved them to political action, so why should we expect that this one will? Because their fortunes are not on the rise it does not follow that they will immediately seek a contest, the result of which from all appearances could only be defeat."

TWO PUBLIC SCHOOLS AND ONE HIGH ARE BUILDING PROGRAM

Board of Education Already Preparing For Extension of Accommodation. EALING SCHOOL CROWDED. Empress Avenue School To Be Replaced by Modern Building.

According to information obtained at the public school inspector's office this morning, a site between Ealing and Chesley public schools is to be purchased this year for the erection of a new public school next year. This, in addition to a school to replace Empress Avenue public school in West London, will constitute a portion of the 1922 building program of the board of education, along with a new Collegiate Institute on the Tecumseh site, to serve the youth of South London.

Between Ealing and Chesley public schools a site will likely be secured at an early date for a new public school, which will relieve the overcrowded conditions now existing at these schools. Despite the fact that a new five-room addition has just been completed at Ealing, making that school into a complete unit, conditions will be crowded there at the opening of the fall term in September of this year.

It is proposed, therefore, to build a four-room school south of the Hamilton road early in 1922, on a site to be chosen this year. Debentures for purchase of this site were authorized by the city council early this year. It is also proposed as part of the 1922 program to replace the present Empress Avenue public school with a modern school of approximately fourteen rooms.

Improves appetite and aids digestion

NO DECISION REACHED REGARDING BYLAWS

Counsel Has No Power To Ask Motion To Quash Judgment.

WINDSOR, July 19.—Argument in connection with the legality of the special traffic bylaw governing race meetings, was resumed by W. H. Furlong before Judge Gundy in police court today, because of the fact that Mr. Furlong discovered that he has no power to apply for a motion to quash judgments with regard to the bylaw. Last week, Judge Gundy and Mr. Furlong, two of the thirteen taxi men who were fined and sentenced to jail for violating the bylaw, were in court in order that test cases could be made.

Several of the other cases which were held over were called this morning and Mr. Furlong informed the judge that he wished to reopen argument to contest the bylaw. City Solicitor F. D. Davis was also present and the bylaw was again discussed by both with the judge. "No decision was reached and argument was held over for several days."

Regulation of Traffic.
In reply to Mr. Furlong's contention that the powers of the police commission were limited by certain sections of the municipal act, Judge Gundy said that he would be very much surprised if the commission was not granted power to regulate traffic from congestion during race meetings.

"If your argument is right then the police department would find themselves in a very helpless position. Every one who has been at the race track at any time has had a chance to see the hard job the police have to handle traffic, and they are certainly taking care of it very well," the judge said.

Argues Discrimination.
H. Liddy, a law student, appeared on behalf of one of the special license taxi men, and argued that the bylaw "discriminated" against them. "They are all married men," he said. "It isn't an offence to be a married man," the judge remarked.

"Very true," said Mr. Liddy, "but this was a factor in granting them special licenses, and it is no offence to be a married man." "Quite true. It is a privilege to be both," the judge added. One hundred and eighty-five special licenses have been granted. Chief Thompson informed the court.

ADMITTS ATTEMPT TO BRIBE OFFICIALS

WASHINGTON, July 19.—Mrs. Emma Bergdoll of Philadelphia told a House committee investigating the escape of Grover Cleveland Bergdoll, her slacker son, that she gave \$5,000 to General Bruce Campbell, an army officer at Governor's Island, for use "among the officials at Washington" to help obtain his freedom.

She said Campbell first demanded \$100,000.

"If you require a messenger boy, don't put a card in your window, but use an advertisement in The London Advertiser." An advertisement of fifteen words will cost 30 cents.

GARDEN PARTY WAS CAUSE OF DEFEAT

Govt. Supporters Were Attending Reception of Premier Lloyd George.

LONDON, July 19.—The prime minister and Mrs. Lloyd George gave their first garden party at their Downing street residence today to which the whole House of Commons and the wives of the members were invited. Partly as a consequence of this hospitality the Government suffered defeat in the House of Commons tonight on the proposal to exempt co-operative societies from paying a corporation tax, which was carried against the Government, 137 to 135. Many of the Government supporters had not returned from the garden party, while the opposition mustered a strong force and raised jubilant cries of "resign" when the figures were announced.

Austin Chamberlain, the Government leader, however, announced that business would proceed.

PLUCKY GIRL CLERK CATCHES FORGER

Armed Italian Attempts To Pass Raised Two-Dollar Bill.

HAMILTON, July 19.—Due to the pluck of a 15-year-old girl, Mike Luciano, an Italian, was apprehended yesterday and sentenced today to two and a half years in Portsmouth Penitentiary for forgery. Mike passed a raised bill on the girl, Fredrick Wilks, a clerk in George Baker's store, but she discovered the trick in a minute and gave him back, made him return the candy and then turned him over to the police.

TWENTY-FIVE M. V. A. BREAKERS PAY FINES

WINDSOR, July 19.—Approximately 25 paid fines in police court today for various violations of the motor vehicles act and city bylaws regulating traffic. Race traffic was responsible.

Norman Bowden of Windsor was fined \$5 and costs, and Albert Jones, also of Windsor, was fined \$10 and costs for breaches of the motor vehicles act. Speeders fined were Philip LaClare, Ignatz Snyder, William Hoegberth, William Morgindae, Mrs. K. L. Eddy, all of Detroit, and Richard Henderson, Elmer Jones, both of Windsor. Fines were assessed at the rate of 50c a mile, plus court costs.

BODY NOT YET RECOVERED.
WINDSOR, July 19.—The body of 18-year-old Ella Kane, who was drowned in the river at Petite Cote Sunday afternoon was not recovered at a late hour tonight.

FEW PARCELS OF WET GOODS IN KENT COUNTY

Much Rum-Running To Border Points, But Little At Home.

CHATHAM, July 19.—In the last few days before the liquor drought hit the province this section of Ontario saw comparatively small quantities of booze received at the express offices. To all intents and purposes the citizens of Chatham and Kent must have either well-stocked cellars or else have "sworn off" for all time.

During the last six months Kent County has seen more liquor running than any other county. Kent County is the only strip of land over which liquor shipments from inland to the border cities could travel and as a consequence every shipment by rail or motor passed through the county.

Kept Close Watch.
The result was vigilance on the part of the county police, who were at times ably assisted by the provincial police. Both forces kept a close watch on the act were compelled at times to borrow high-powered cars with which to chase the rum-runners. The county court, which is situated at the county police headquarters in this city, has collected some pretty stiff fines since January 1, some of the fines being as high as \$2,000.

May Construct Basin.
The construction of a monster chlorination basin with a capacity of 500,000 gallons is being urged by Dr. T. L. McRitchie, medical officer of health for the city, and which he states is the only solution to the water problem, which is facing the city at present. In an interview today the M. O. H. stated that the present system of chlorination working to his entire satisfaction. The use of a chlorination basin, such as he has suggested would insure a pure drinking supply for the city for years to come.

Sent To Ottawa.
The last case of census records left the city for Ottawa today, according to a statement issued by A. I. McCall, census commissioner for Kent County. Ninety-seven enumerators were employed in the work of collecting information and one-half ton of stationery was used in the compilation of reports. Throughout the taking of the census no trouble was experienced in obtaining information.

THORNDALE PUPILS TOOK HIGH STANDING

Eight Secured Honors and 33 Out of 42 Passed.

THORNDALE, July 19.—At the recent entrance examinations 42 candidates wrote at Thorndale Center, and 33 were successful, 8 securing honors. As all of these pupils will be required to attend school in September, according to the new act, it is expected the local continuation school will be crowded.

Since the price of building material has been lowered, several of the villagers have remodelled their residences. F. Gillis, local carpenter, has had the following contracts: Erecting a bungalow for E. Pressley, Main street; converting the house owned by H. Harding, Main street, into the Bank of Montreal; erecting a garage and kitchen for H. Harding; remodelling E. Innes' hotel, and the following residences: R. P. Bilyea's, W. Lee's, Williams' and D. Mitchell's.

Richard Darling and Walter Brock of con. 3, West Nissouri, also had an addition built to their residences.

SMOKES FOR CONVICTS.

KINGSTON, Ont., July 19.—Three hundred pounds of fine-cut smoking tobacco has arrived at Portsmouth Penitentiary for distribution shortly among the convicts.

Raney Charges C.J.C. Made 300 Per Cent

Attorney-General Launches Another Broadside At Racing —Col. Wm. Hendrie Declares Club Justified in Increasing Capitalization To \$600,000.

TORONTO, July 19.—Hon. W. E. Raney, attorney-general of Ontario, is out with another broadside against the Ontario Jockey Club, and quotes figures to show that the club is pulling down about 300 per cent profit on the original investment.

In his letter to Premier Deane published yesterday, Mr. Raney declared that the Ontario Jockey Club, claiming that the club was justified in increasing its capitalization to \$600,000, as the property was assessed at \$15,000. He added that the dividends were never more than 5 per cent on the capitalization, except when the proceeds from the sale of a farm were distributed.

HYDRO WILL BE ABLE TO CARE ALL POWER REQUIREMENTS SEPT. 1

Meeting of Commission Defers Decision On Employment of Night Shift.

TORONTO, July 19.—At the meeting of the provincial hydro commission today a proposal to disperse with the night shift on the Chippewa power development scheme was considered and the decision was deferred until after a conference has been held with Chief Engineer Acres tomorrow. There are three thousand men employed on the night shift. If the night shift were laid off, said Sir Adam Beck today, completion of the project would be considerably delayed, probably till November, but until it is ready, the hydro, declares Sir Adam, will be able to take care of all power requirements including current for the operation of the Toronto street railway after September 1.

The meeting today also discussed the matter of discontinuing paying fifty cents an hour to common laborers. A gradual decrease in the efficiency of the night shift is given by Sir Adam as the reason for proposing its discontinuance.

The chairman of the commission announced that none of the first one hundred thousand horsepower from Chippewa would be available for export. At present, he says, 15,000 more horsepower is being used on the Niagara system than in July of last year, when there was no industrial depression. After the new power is available, certain high-priced power will be put on the market by the commission can be dropped at a big saving.

CONGRESS 'PERFECTS' FORDNEY TARIFF BILL

Asphalt Amendment Rejects Duties Ranging From 50c to \$3 Per Ton.

WASHINGTON, July 19.—The House finished consideration of contested items in the Fordney tariff bill today by placing asphalt on the free list, and thus in four of the five paragraphs open to separate votes over-ruled the action of the "perfecting" amendments which raised the duties on certain asphalt products from 50 cents to \$3 a ton. The provision of the bill as drawn was the only section of the five not upset by the House.

After disposing of the asphalt amendment, which rejected proposed duties ranging from 50 cents to \$3 a ton, the House began consideration of the numerous "perfecting" amendments which raised and means committee deemed necessary. It raised the proposed duty on dried beans from 14 cents to 15 cents a pound, and increased the duty on shelled almonds from 8 cents to 12 cents a pound and shelled walnuts from 5 cents to 7 1/2 cents a pound in rapid order.

The business of "perfecting" the bill was then stopped by a long parliamentary fight.

WIFE OF ALLEGED PICKPOCKET ARRIVES

Will Endeavor To Have Husband Released On Cash Bond.

ST. THOMAS, July 19.—Mrs. George Clarke or Woods, wife of one of the alleged pickpockets, waiting for her husband in the county jail, arrived in the city from Toledo today and called on her husband. Mrs. Woods wired from Toledo over a couple of weeks ago that she was coming. She excused her delay on account of being treated at Toledo hospital since she had been advised of the arrest of her husband.

Mrs. Woods will ask that Mr. Woods be allowed out on bail on a cash bond, which, it is understood, she will be able to furnish at a substantial amount. The sum of money found on both men under arrest will not go far to recoup Principal Mark of Parkhill and Mr. Thompson, London.

SARNIA, July 19.—The vessel passages at this point today were: Down—Willie King, 10; Yates, 10:40; Canopus, 11:20; Odannah, 1: Westland, 2:30; Argo, 2:40; Car Bradley, 8:20; Ford and consort, 8; Wyandotte, 10; Alpena, 10:40; Lynch, 1:40; Williams, 2: Perseus, 5; Argo, 6; Captain Wilson, 8; Laughlin, 8:40; Poe, 9. Up—Clarke, 10:30; Mayham, 12; Farrell, 12:10; J. E. Upson, 2; Filbert, 3; Corry, 3; Cornelius, 4:50; Paulin, 5:20; Morgan, 5:20; Y. Mills, 8:50; Stackhouse, 10:30; Reist, 12:40; Adriatic, 1:20; Jay Morse, 2; Koppe, 4; FitzGerald, 4:10; Wm. Livingstone, 5; Berry, 6:30; Ranney, 7; Davidson, 7:40; Palmer, 9:20; Morse, 9:30.

WILL REPATRIATE LABORERS.
KINGSTON, Jamaica, July 19.—The Government has decided to repatriate immediately 10,000 Jamaican laborers stranded in Cuba owing to the conditions in sugar industry. Arrangements are being made to expend \$2,000,000 on various public works to afford the laborers employment.

MAJOR DENIES THAT HE SENT ANY TELEGRAM

Sharp Practise Alleged in Connection With Gas Question.

[Special to The Advertiser.]

SARNIA, July 19.—The new gas rates may suit the Sarnia Gas Company, but a telegram read at the gas inquiry at Chatham, purporting to have come from Mayor Crawford and setting forth that he was satisfied with whatever conclusion the referee would reach, is characterized by him as a nefarious piece of misrepresentation engineered by someone who wished to favor those desiring an increase in the price of gas.

"It is decidedly erroneous to say that I am satisfied," said Mayor Crawford. "I am far from satisfied and I can only conclude that the reading out of a telegram alleged to have been sent by me is a piece of sharp practice that is contemptible."

Mayor Crawford said that the only explanation for the peculiar impression that had been created at the inquiry was based on a telegram sent to the referee by John Cowan, city solicitor, on July 13, which was as follows:

To George F. Henderson Esq., Chatham, Ont.: Sarnia satisfied for you to dispose of the gas price inquiry today. Signed John Cowan.

Mayor Crawford said he had urged the city solicitor to attend the inquiry, but for some reason the latter had not seen fit to be there.

"I think," said the mayor, "that the city solicitor is the proper person to present the city's argument at the inquiry of this kind, and I am sure that the kind credited to me nor any message. The decision on the gas situation is a violation of the Drury Government's promise to us, and it certainly does not satisfy me. Even the city solicitor's wire was misconstrued as it could not by any means signify my satisfaction with the situation."

NEW MEMBER IS FATALLY HURT

Percival Baker Dies From the Effects of Blow On Head.

CALGARY, July 19.—Percival Baker, just elected U. F. A. member for Ponoka, died in Edmonton today as a result of an injury he suffered some weeks ago.

Mr. Baker suffered his fatal injury while engaged in pulling trees off his farm, when a tree swung around and hit him on the head. He had been in an Edmonton hospital ever since, and took no part in the campaign which resulted in his election yesterday. Mr. Baker was a former Baptist minister, Farmer of Alberta, and had been spoken of as a cabinet possibility in the new Legislature.

MEIGHEN'S STAY IN ENGLAND DELAYED

Premier May Not Be Able To Return Before August 4.

LONDON, July 19.—(By Grattan O'Leary, Canadian Press correspondent.)—As the result of an important communication sent to Washington yesterday it may be necessary for Premier Meighen of Canada to remain in London until August 4, it was learned tonight. The communication was confidential, but it is believed was connected with the desire of the British Government to hold a preliminary conference on Pacific problems in London before the main gathering is called to take place in Washington.

The Canadian prime minister is anxious to sail on Thursday, as reports reaching England indicate the desirability, from a political standpoint, of his returning as soon as possible, but on the other hand, the question of the Pacific is so vitally related to Canada and he has taken such an active part in bringing the conference about, that his presence here is essential if the conference is held.

A highly confidential meeting of the empire prime ministers, from which even high officials and other ministers were excluded, was held this afternoon. Questions of empire defence in relation to the new situation created by the calling of the disarmament conference were discussed.

KENTUCKY GIRL WRITES LETTER

How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Sunnyside, Ky.—"I suffered for more than two years with my back and nervousness, and was not able to help my mother do the housework. I took treatment from two doctors and they did not do me any good."

Mother saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and I took about ten bottles. It has done me a great deal of good. I weigh 138 pounds and am in good health. I will gladly recommend 'Vegetable Compound' to anyone who suffers with the troubles which I had, and you are welcome to publish my testimonial."

—VELMER HENDRICK, Route 1, Sunnyside, Ky.

To many American girls life is often a heavy drag in consequence of ill-health, and every mother should heed the first manifestations, such as cramps, backaches, headaches and nervousness as Mrs. Hendrick did for her daughter, and give Lydia E. Pinkham's Vegetable Compound a fair trial. For over forty years this old fashioned root and herb medicine has been relieving women of just such troubles.

WAGE CUT WILL AFFECT 300,000

Railroaders Reduced Twelve Per Cent Effective Last Saturday.

MONTREAL, July 19.—Official announcement was made today by all Canadian railway companies that the new wage schedules providing for an average reduction of twelve per cent which were recently submitted to the official of the brotherhoods, would be effective as from Saturday, July 16. About 300,000 men are affected.

GREEKS CLAIM TURK DEFEAT

Declare That 20,000 Prisoners Were Taken At Kutala.

LONDON, July 19.—The Greeks claim to have taken at Kutala 20,000 prisoners, many guns of Russian origin, a large quantity of ammunition and stores and 3,000 camels, according to a dispatch to the Daily Mail from Smyrna.

SHIPMENT OF LIQUOR HELD

Ten Cases Were in Transit To Amherstburg When Seized.

ST. THOMAS, July 19.—In complying with orders sent out from the department to prevent the importation of liquor after midnight of July 18, the license inspector made a temporary seizure of a whiskey shipment on the way to Amherstburg at the M. C. R. freight sheds this morning.

The consignment consisted of ten cases, and will be detained until instructions as to their disposal shall come from the authorities at Toronto. The express office report that the shipments of liquor up to the dying hour of the semi-week period were not above normal. Cellars generally around town are not wanting in spirit supplies. A few are so overloaded that the bottles themselves are wobbling. The crush in other basements may allow the proprietors to hand some of the goods down to the second and third generations as valuable heirlooms. Only the real poor can afford to liquidate on a beer.

Acting Mayor, Ald. C. E. Hagen, chairman of the Finance committee, is acting mayor in the absence of Mayor Brinkman, who, with Mrs. Brinkman, is visiting their son at Kingston.

Death of Chas. Waite. Charles Waite, a resident of the vicinity for 75 years, died recently, and was one of the pioneer blacksmiths of the neighborhood. Fred T. Waite, St. Thomas, is a son, and Mrs. Gaiet Wether, city, Mrs. J. H. Hicks, Kelowna, B. C., Mrs. Nelson Keddy, Calgary, Mrs. W. A. Grant, Grand Rapids, Alta., Mrs. A. F. Ecclesstone, St. Catharines, are daughters. The interment took place yesterday in St. Thomas Cemetery Rev. D. Rogers officiating. The bearers were Frank Henderson, Ed. Penwarden, Joseph Smith, John Penwarden, John Smith, James Smith.

FINED \$200 FOR ILLEGAL SELLING

WINDSOR, July 19.—Joe Bernard, 507 Dufferin Place, was fined \$200 and costs in police court on a charge of selling liquor. Acting Sgt. John Burns raided his home unaccompanied early Sunday morning and confiscated thirteen cases of Scotch whiskey and a quantity of beer. Bernard was selling the drinks for 50 cents, the sergeant stated.

3,505 PUPILS PASS. TORONTO, July 19.—The total number of successful candidates at the lower school examinations in Ontario this year is 3,505, compared with 3,371 in 1920 and 2,604 in 1919. This year 62.7 per cent of those who went were successful, as against 67.71 in 1920.

SHARPENS VISION
Soothes and heals the eyes and strengthens eyelight quickly, relieves inflammation in eyes and lids; sharpens vision and makes glasses unnecessary in many instances, says Doctor. Druggists refund your money if it fails.

Clear Baby's Skin With Cuticura Soap and Talcum

It's Easy Now to Curl
Hair to Stay Curled

To curl the hair to stay curled, nothing equals the simple, scientific method. If a little liquid silmerine be applied with a clean tooth brush before doing up the hair, the loveliest wavy effect imaginable will be in evidence in three hours, and this will last a long time, regardless of temperature or humidity. This harmless method is not to be compared with curling by means of a hot iron, because, instead of injuring the hair, it is really beneficial. A few ounces of liquid silmerine, which may be procured at any drug store, will last for months. The best way is to divide the hair into strands and moisten each of them from root to tip. The curlsness will look perfectly "natural," and the hair will be beautifully glossy, yet without the least greasiness or stickiness.

CANADA'S NO MUCH CONCERNED OVER POLICIES

Dominions Willing To Allow Imperial Govt. To Make Decision.

PROBLEMS DEVELOPING
Question of Japanese Rights Will Be An Important One.

LONDON, July 19.—The premiers of the overseas dominions of the British Empire met together today for the first time since President Harding's invitation to a conference at Washington and discussed the question of dominion representation at such a conference. So far as disarmament is concerned, the dominions are willing to allow the Imperial Government to decide what should be done, but Australia and New Zealand, especially, wish to have a voice in any decisions regarding the future of the Pacific.

Canada is not so much concerned, as her policy, it is pointed out, is practically identical with that of the United States.

WASHINGTON, July 19.—President Harding's move for a disarmament conference is assuming far greater magnitude in world affairs than first indications disclosed.

As the preliminary negotiations proceeded they are revealing all sorts of diplomatic ramifications and leading into fields, which, in the beginning, seemed far removed from the purposes of the conference. But officials here apparently are thoroughly confident that the widespread effect of the president's proposal will in the end only prove an aid in accomplishing the frank exchange of ideas for which the conference was called.

Important Side Issue. One of the principle side issues now occupying the attention of the United States Government is the disposition of Japan to hold out for an exact definition in advance of the subjects to be considered by the assembled premiers. The attitude of officials here is that should that question now not only would delay the conference but might also branch into a discussion of the merits of the disputed subjects themselves. It is felt that the program for the conference should be arranged by the conference itself, or failing that, at least by negotiations after each of the powers has sent in an unconditional acceptance.

Japanese Questions. News dispatches from Tokyo reporting that Japan might raise such questions as racial equality and abolition of extra territorial rights in China were read with manifest interest here, but no official comment. There is an apparent feeling of satisfaction over other unofficial dispatches seeming to indicate that the Tokyo Government proposed to clean the slate of some of the troublesome Far Eastern problems by moving toward a settlement of such questions as Shantung and the occupation of Siberia.

Given Information. It developed during the day that the explanation given by Japan by the state department relative to the scope of the conference was entirely informal, and that department officials apparently hoped to be able to reach an understanding without a further exchange of formal notes. The information developed by Tokyo is understood to have been given to the Japanese ambassador in an informal conversation with Secretary Hughes, and it is assumed that further exchanges of a similar nature will take place here or in the Japanese capital before the stage of formal reply is reached.

Choosing Representatives. While these preliminaries are in progress President Harding is understood to be giving some attention to the personnel of the commission that is to represent the United States in the conference. It was indicated today that although no actual choice probably would be made for a month or more, the president definitely had decided that the Senate, because of its joint responsibility for foreign affairs, will be represented. Whether Democratic as well as Republican senators will sit on the commission, however, is a question the administration is not yet prepared to answer.

MEIGHEN TO REMAIN. LONDON, July 19.—(By the Associated Press.)—President Harding has been informed of the desire of the dominion premiers that advantage be taken of their presence in London to subject the Pacific question at least to a preliminary examination here, according to the London Times. The premiers hope to be in a position at their meeting Wednesday, adds the Times, "to take a definite step forward in this matter with the concurrence of the United States."

It declares that the strictest secrecy was maintained relative to the discussion of the Pacific conference and empire defence considered by the premiers at a full session Tuesday, but that no decision was reached on the Pacific conference. The view seemed to be held that no Pacific conference could be of any value without the presence of the dominion premiers.

The Times reports that the Canadian premier, Hon. Arthur Meighen, has postponed his departure from London.

WILL EXCHANGE VIEWS. TOKYO, July 19.—Subsequent to a cabinet meeting held today which discussed a report of Kijuro Shideara, the ambassador to the United States, it was announced that the United States, Great Britain and Japan probably would exchange views in an effort to outline the program for the coming Washington conference.

A semi-official statement issued today says Japan is prepared to give all precedence in the conference to the question of the open door and equal opportunity in China so as to place China in a fair way to the attainment of an independent national status. The statement emphasizes the necessity of operation by the powers in aiding China in the recovery of her rights and interests.

A special photograph of Premier Lloyd George and some members of the Imperial conference in London.

HAS MADE 2,800 PEOPLE HAPPY BROTHER PAYS COSLEY'S FINE

Ex-Mayor Geddes Has Issued Large Number of Marriage Licenses.

ST. THOMAS, July 19.—Making about 2,800 people very happy and satisfied with things here below, is the record shown by ex-Mayor Geddes, marriage license issuer. Since Mr. Geddes was appointed, sixteen years ago, he has handed over the counter 1,400 licenses to blushing and nonchalant first degree bachelors, or indifferent fourth degree "widymen." But all, according to their biographies, were very happy ever after. Among the permits to marry, however, were five given to male and female bigamists and a few to overtired divorcees and divorcees. But that wasn't the fault of Mr. Geddes.

After September the first pleasure of it will be assigned to the clerks of the municipalities, who will, before the issue of the license, put some questions to the applicants, which are not down on Edison's examination papers.

To Keep the Peace. A couple of Rodney youths were bound over "to keep the peace for a year," and called upon by the County Magistrate to pay \$25 costs on a charge of stealing a bicycle. Afterwards it was discovered that the machine was borrowed, and the owner at the time was notified of the borrowing.

East Elgin M. Y. Holidaying. S. S. McDermond and Miss Margaret McDermond have gone to Alberta for a month's outing.

Civic and Emancipation Day. The St. Thomas Civic holiday will be this year on Emancipation Day and the opening day of the big demonstration of the International B. of L. F. and E. at Pinafore Park.

FIRE TRUCK HITS MOTOR, ONE DEAD

Woman Dies After Being Pinned Between Auto and Wall.

HAMILTON, July 19.—Pinned between an automobile and the wall of a building when the motor car was struck by a fire truck, Miss Ruth Green of Hamilton was severely injured this evening that she died later in the General Hospital. Miss Isabella McLean, her companion, is in a critical condition. The fire truck was speeding out on an alarm at a church when it struck the automobile, crushing the young girl between the rear wheels of the car and the wall. An official investigation has been ordered.

DID YOUTHS TAKE A LITTLE TOO MUCH?

Pair Arrested At Exeter Had Big Load of Liquor.

[Special To The Advertiser.] EXETER, July 19.—Two young men who may have been taking a shipment of sixteen cases of liquor to Windsor in a high-powered auto, are in jail here tonight, and will appear in police court on Wednesday morning charged with a breach of the liquor laws.

According to information available here tonight, the pair came around through Lucan and St. Marys, and it is alleged that they were very much intoxicated. One man stated to The Advertiser that near Woodham the young men were asleep by the side of the road with guns beside them. The car in which they were making the journey is capable, it is stated, of making 100 miles an hour, and it has a big load of booze, which may have been secured in Kitchener. The youths were arrested on complaints made over the telephone regarding their condition.

MAGISTRATE RELEASED. CORK, July 19.—Magistrate Patrick Brady, who was kidnapped by unknown armed men from his residence in Ballylickey, West Cork, on July 6, was released today. His captors brought him to a spot near his home in a motor car. Magistrate Brady was one of the witnesses of the killing of Canon Magner, parish priest of Danmangan, in December last by Cadet Hart, who later was found guilty of the murder, but was adjudged to have been insane at the time the crime was committed. No news has yet been received of Mrs. J. W. Lindsay, the widow of a local landowner and justice of the peace, who was kidnapped from her home in Coachford, County Cork, in February last, by three armed men. Her sister has issued an appeal in her behalf through the newspapers.

Kill them all, and the germs too. 10c a packet at Druggists, Grocers and General Stores.

LONDON MEMBER WILL BOOST FOR NORTHERN CANAL

Will Urge Importance of the French River Power Development.

NORTH BAY, Ont., July 19.—Dr. H. A. Stevenson, M.L.A., London Ont., who with Premier Drury, was north last week on a tour of inspection, remained over in North Bay yesterday. Mayor Ferguson arranged to take Mr. Stevenson down the French River and invited about 50 of North Bay's leading citizens to accompany them on the trip on the Northern Belt, the party being the guests of the mayor. When they reached the Chaudiere, Dr. Stevenson, with the gentlemen of the party, visited the falls and saw the tremendous power that the people of the north are asking to have developed and also the route of the proposed French River canal which for years has been the desire of Northern Ontario.

On the return to the boat, Mayor Ferguson, as chairman, called on several members of the party to present the claims of the north to the undertaking of the French River development and canal schemes. Among those who spoke were Mr. H. Marceau, M.L.A., J. W. Richardson, chairman of the board of trade, Principal Kasselmann of the local school, J. Lindsay, Dr. G. Smith, Councillor McIlvanna, Mr. Wetmore, United States consul.

Dr. Stevenson said that he had always been in favor of the French River schemes, but that until now he had never had first-hand information of the projects. He said he was now able to speak of what he had seen and to urge the work more strongly than ever, and that when the Legislature opened again next year he would urge immediate action. He referred also to the need of trunk roads for the opening up of the country north, and also of greater assistance to the hospitals in Northern Ontario towns.

MISSOURI LINEMAN SERIOUSLY INJURED

Badly Crushed When Telephone Pole Snapped At Base.

[Special To The Advertiser.] THAMESFORD, July 19.—Herbert Rhodes of Kintore was seriously injured here this afternoon when a telephone pole on which he was at work snapped and he fell fifteen feet to the ground, with the pole on top of him.

Rhodes was at work on top of the pole making some repairs, when the timber, which was rotten at the base, suddenly snapped. Dr. Renwick attended him and rushed him to London, where an X-ray examination was made, and it was ascertained that he had several ribs fractured. For a time it was feared he had sustained internal injuries as well, but tonight his condition showed considerable improvement. Rhodes is an employee of the East Nissouri Telephone Company.

BURGESS WANTED IN MANY PLACES

Many District Merchants Had Worthless Checks Passed On Them.

ST. THOMAS, July 19.—Chief of Police Armstrong has been advised by the authorities at Toronto, Brantford and Stratford that Melvin T. Burgess is wanted at these centres for passing a number of checks supposed to be at one time the property of the department of militia and defence.

Burgess still claims that he was merely the intermediary of his companion Roberts. Roberts furnished the checks finished for distribution, and Burgess acted as collector and cashier. Roberts is about 20 years old, and from reports to the local police the pair have been on the road for the past three months and did an extensive business in a wide area, but were generally miles away when the fraudulent checks reached headquarters. The checks were so cleverly prepared that a teller in one of the local banks cashed one for \$19.75, and there are besides about a dozen merchants in the city who will never, never do the like again.

WOMAN HELD FOR ATTEMPTED SUICIDE

Alleged Also To Have Given Strychnine To Her Children.

KINGSTON, July 19.—Mrs. Mary Bridgen was placed under arrest today by the local police on a charge of attempted suicide, and is now in jail. She has recovered almost completely from the effects of the strychnine which she is alleged to have taken and also given to her three daughters, and will be given a preliminary hearing in a day or two.

This morning the two younger children, Mona and Agnes, were discharged from the hospital, virtually recovered, and were handed over to the father, who took them to Trenton to his home. The eldest daughter, Doris, was also discharged from the hospital, and is now living with her grandfather here.

DRURY PLANNING TO ATTEND TERCENTENARY

TORONTO, July 19.—Premier Drury hopes to represent the province of Ontario in person at the ter-centenary celebration at Ponetangushene on August 2 and 3. The Quebec Government will send two cabinet ministers and Hon. J. C. Doherty will represent the Dominion at the function.

CONDITION IS UNCHANGED. LINDSAY, July 19.—Sir Sam Hughes' condition remains the same today. No person is allowed in his room but immediate relatives and friends.

BRANTFORD TO FIGHT PAYMENT OF POLICE FINES TO PROVINCE

Council Authorizes Further Work To Provide Employment For Out-of-Works.

BRANTFORD, July 19.—Unemployment was to be the fore at the city council meeting last evening. The council authorized further works to keep a number of men busy, and heard a delegation of unemployed. The Brantford Industrial Welfare Association promised co-operation with the city authorities in meeting the situation, when asked for such by Mayor Wedlake, and the council decided to stand in line, appointing City Treasurer Bunnell to attend any meeting held to this end.

Of three alternative routes for northward street railway extension, the council chose the shortest, St. Paul's avenue, Burwell street and Morrell street, against the proposed route through the school, the Lindsay, Dr. G. Smith, Councillor McIlvanna, Mr. Wetmore, United States consul.

Dr. Stevenson said that he had always been in favor of the French River schemes, but that until now he had never had first-hand information of the projects. He said he was now able to speak of what he had seen and to urge the work more strongly than ever, and that when the Legislature opened again next year he would urge immediate action. He referred also to the need of trunk roads for the opening up of the country north, and also of greater assistance to the hospitals in Northern Ontario towns.

GREEKS OUT OFF TURK RETREAT TOWARD ESKI

ATHENS, July 19.—M. Gournaris, the Greek premier, today told newspapermen that the Turks had been driven back toward Eski-Shehr. According to unofficial reports, the evacuation of Eski-Shehr has commenced.

King Constantine is leaving for the Smyrna front.

GIVEN STIFF SENTENCE.

NEW YORK, July 19.—Stanislas C. Papp, who organized a million dollar corporation to make gasoline substitute from vegetables, corn stalks and sugar cane, was sentenced today to serve from two and a half to five years in Sing Sing. He pleaded guilty to an indictment for grand larceny.

DEVONSHIRES AND PARTY GET WARM- HEARTED SEND OFF

Sir George Foster and Cabinet Members At Quebec Wharf.

QUEBEC, July 19.—(By Canadian Press.)—A warm-hearted send-off was given the Duke and Duchess of Devonshire here this afternoon as they boarded the Canadian Pacific ocean service steamer Empress of France. The duke and duchess left the wharf at 3:25 p.m., with Capt. Lloyd, A.D.C., in attendance. Lady Ann Cavendish, Captain the Hon. Fitzpatrick, Miss Saunders, Miss McCullagh, who also sailed for England, were in other motor cars, in company with other members of the vice-regal staff.

On the wharf were Sir George Foster, acting prime minister; Right Hon. Charles J. Doherty, minister of justice; Hon. P. B. Blondin, postmaster-general; Sir Charles Fitzpatrick, lieutenant-governor of Quebec; Hon. Premier Taschereau, Hon. Martin Burrell, Lady Fitzpatrick, Mrs. Taschereau, Mrs. Doherty, Mrs. Saunders, Mrs. McCullagh and Mrs. Blondin.

A guard of honor, supplied by the 22nd Battalion, was inspected by his excellency, accompanied by General Landry, D.O.C., Military District No. 5, and his staff.

AND THEY NEVER EVEN THREW OUT A BOTTLE

[Special To The Advertiser.] ST. MARYS, July 19.—A high-powered auto, geared up to 102 miles an hour, got into temporary difficulties here this afternoon. Loaded to the roof with booze on route to the border from Kitchener, it is alleged, it started through town. On reaching the new concrete pavement the drivers, two young fellows, undertook to make time up the new highway. The heavy car with its load piled high sank to the hubs. The men employed on the new road pushed and hauled and lent a hand in every way they could until the car was free.

And then it proceeded at high speed and the drivers never even handed out a bottle.

Maria dearest,
This breakfast table on and balls on — just like me! It certainly is the coolest spot I've struck for an age though. I nearly frigged to death yesterday —

You see, I played tennis for three hours in the burning hot sun, without even stopping for a minute. But it was worth while for I beat poor old Jack!! I'm sure he'll have wonderful respect for my athletic prowess now!!!

Goodness gracious there I spilled another drop of Campana's Italian Balm on this letter! You see I'm continually blowing up my poor burned arms and neck with Campana's, for it's the best little "soother" I've found yet — and I've tried a good many.

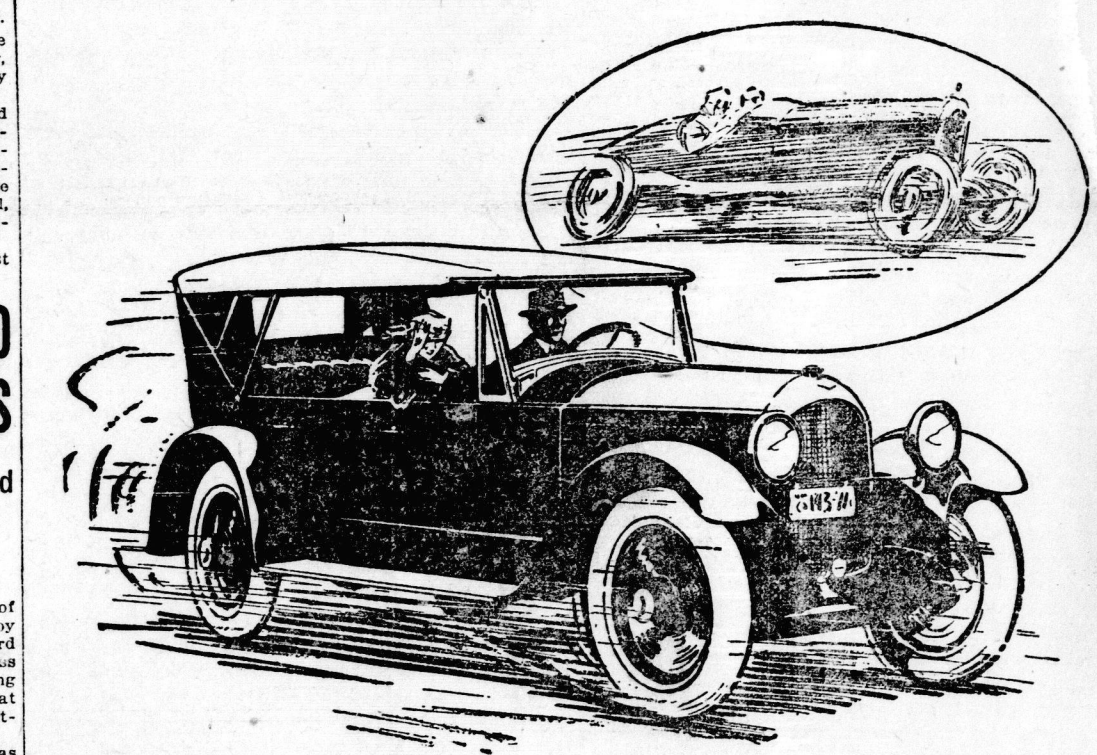

S'long,
Peggy.

"FAMOUS VICTORY," SAYS DRURY, OF ALBERTA

TORONTO, July 19.—Premier Drury, who has just returned from a tour of Northern Ontario, had little or no comment to make today on the defeat of the Stewart Government and the return of the candidates of the United Farmers of Alberta with a majority in the Legislature of Alberta.

"It was a famous victory," said Mr. Drury smilingly.

WENT TO DEATH SMOKING. MAYENCE, July 19.—Mohammed Ben Ahmed, a Moroccan machine-gunner, of the French forces on the Rhine, who was convicted by a French court-martial of killing and robbing a German merchant, was executed by a firing squad here today. He calmly smoked a cigarette until the bullets struck him.

PAIGE
THE MOST BEAUTIFUL CAR IN AMERICA
The Fastest Stock Car in the World

It is not likely you will ever have occasion to test to the full the mighty power of the Paige 6-66—the Daytona stock chassis of which established the official world's stock car record of 102.8 miles per hour.

But we know you will appreciate the tremendous stamina—not only of the engine—but of the whole chassis of a car which emerges triumphant from such a gruelling test.

Any Paige dealer will gladly give you a thorough demonstration in the Paige. We ask you to avail yourself of the opportunity. To make comparative tests with other cars. To judge for yourself Paige ability and leadership.

6-66 Lakewood Seven-Passenger Touring Car.
6-66 Lakewood 11 Four-Passenger Sport Type.
6-66 Light-Passenger Coupe.
6-66 Seven-Passenger Sedan.

PAGE 1 INTEREST TO WOMEN

PERSONALS

Mr. Ross Edwards and family left Tuesday for a holiday at Crystal Lakes.

Miss Jean Whitehead has just returned from a pleasant holiday in Muskoka.

Miss M. Whitehead spent the week-end with her sister, Mrs. Whitton at Upperwash Beach.

Mr. George A. Ferguson, Hamilton road, has just spent a week in Hamilton at Burlington Beach.

Mr. and Mrs. Robert McKillop of this city have returned from a three weeks' vacation in the province of Quebec.

Miss Mary Shaw, 829 Van Street, has just returned from a holiday in Muskoka where she has been spending her holiday.

Mrs. Wm. P. Goodburne and baby left for Toronto, visiting Mrs. and J. L. Goodburne, 1059 Dundas Street.

Mr. and Mrs. E. H. Russell, formerly of this city, returned to the city after a holiday in Muskoka.

Mrs. Wm. Morrison of St. James street, with Miss Irene and Master Bern Morrison, is spending the summer at Port Stanley.

Miss Olive Weekes of Rideau Street, Ottawa, is visiting Mrs. Arthur Weekes, Colborne street.

Mr. Earl Beattie and Mr. and Mrs. W. W. Bentine and son Allen motored from Columbus, Ohio, to visit Mrs. Beattie of 665 York street, city.

Mr. Charles Garret of Detroit has been the guest of Mr. and Mrs. E. H. Johnston over the week-end. Mr. Garret is on a motor trip to Buffalo.

Miss Gertrude Roberts, Princess avenue, entertained at a small tea on Saturday afternoon in honor of Miss Gertrude Wood, a July bride-elect.

Mr. and Mrs. Thomas Boyle of Toronto, who have been visiting friends in Exeter, are the guests of Mr. and Mrs. Wm. Thompson, Worthing road.

Mrs. Herbert Shore, nee Miss Eva Moore, has returned to Guilford after spending a few days with her parents, Mr. and Mrs. E. Moore of South London.

Mrs. Andrew McCormick, Wortley road, has returned to the city after spending a week at the home of her mother, Mrs. James Nixon, Westminster.

Mrs. Roy Hill and children, Masters Paul and Jack, and Miss Shirley, of Bathurst street, city, are spending a month's vacation at their summer cottage at Grand Bend.

Mr. and Mrs. Baker of Bayfield, Ont., announce the engagement of their daughter, Lulu Madeline, to Mr. V. A. Hart of this city, the marriage to take place early in August.

Professor J. G. Adams, his wife and small daughter, are guests of Dr. and Mrs. S. P. Reynolds at the summer home of Professor Adams at present teaching in the Whitby College Summer School.

A most delightful little party was held at the home of Mrs. Charles Randall, 1411, Charlton avenue, the occasion being the birthday of Mrs. Randall's young daughter Muriel.

The little guests spent the afternoon playing games, and in the evening enjoyed the dainty birthday supper provided for them. White carnations were used for the table, and the white cake bore nine white candles.

About fifteen of Miss Muriel's friends were present.

In honor of Miss Kathleen Gleason, a charming party of this week, Miss Kathleen Dudley, Thornton avenue, entertained at a jolly little shower on Monday evening.

The table was most effectively arranged. A miniature bride and groom sat at the head of the table, and a tiny lace, from which stretched streamers of white satin ribbon, to bud vases of gay flowers.

A great deal of merriment was occasioned by original verses accompanying the gifts, and by the tiny fortune tellers depicting their future, which the guests drew.

ARNOLD-MCLEVEY. FLORENCE, July 19.—A pretty wedding took place at the Anglican Church, Rosetown, Sask., on Wednesday morning, when Miss Gladys McLevey,

daughter of the late Mr. and Mrs. Robert McLevey, formerly of Florence, became the bride of B. R. Arnold of Rosetown. Rev. Mr. Taylor officiated. The bride was given in marriage by F. A. Ross of Winnipeg, and was attended by her sister, Miss Mabel McLevey of Saskatoon. Among the gifts was a handsome cabinet of silver, the gift of the firm with whom Miss McLevey has been associated for the past four years.

The happy couple left immediately after the ceremony for points east, the bride traveling in a navy suit of tricot and black millan hat.

Mr. and Mrs. Arnold will reside in Rosetown.

McCALLUM-WALKER. Maple Grange, the beautiful home of Mr. and Mrs. Colin Walker, 2nd Concession, Brookside, was the scene of a very pretty wedding which took place on Wednesday, June 23, when their eldest daughter, Sadie Emma, was united in marriage to George L. McCallum, son of Mr. and Mrs. McCallum of Glencoe.

At 8 o'clock to the strains of Lohengrin, the bride and groom, with the bridesmaids, Mrs. D. Hagerty, Glencoe, the bride, leaning on the arm of her father, took her place beneath a canopy of evergreen, white and streamers, where the wedding ceremony was performed by Rev. Wm. McIntosh of Glencoe.

The bride wore a gown of white duchess satin and georgette with blue and silver trimmings, and wore a silk embroidered veil. Her only ornament was a sunburst of pearls, gift of the groom.

She carried a shower bouquet of Ophelia roses and sweet peas, with a sprig of ribbons caught with roses. Miss Hagerty, sister of the bride, acted as bridesmaid, wearing a gown of white and blue with a sprig of ribbons caught with roses.

Mr. and Mrs. Hagerty, niece of the groom, performed the duty of flower girl, daintily attired in a fluted frock of shell pink silk, and carried a basket of sweet peas and roses, in which the ring was concealed.

The guests, numbering over 100, sat down to a sumptuous wedding dinner served by girl friends of the bride at the conclusion of which toasts were proposed to the bride and replied to by Mr. and Mrs. McCallum and Mr. and Mrs. Leslie Oke, M.P.P.

The groom's gift to the bride was a crescent of pearls; to the best man, a watch; to the bridesmaid, a lavalliere and to the pianist, a cameo pin.

The evening was spent in music and dancing, after which the happy couple left mid showers of confetti and good wishes, by motor for London, Hamilton, Niagara Falls and points east.

The bride traveled in a suit of navy serge heavily embroidered and beaded, with taffeta hat and veil to match.

On their return to Rosetown, Mr. and Mrs. McCallum will reside on the groom's farm near Glencoe. They will be at home to their friends after August 1.

War Memorial Fund Growing. Private Contributions Are Still Most Gladly Welcome.

The funds for the War Memorial Children's Hospital are growing surety received from Mrs. C. L. Campbell, honorary treasurer of the fund.

This hospital has been one of the London's objects for some time, and it is hoped that it will materialize very shortly if London displays its accustomed generosity where all humanitarian undertakings are concerned.

Naturally, everyone should be interested in helping the cause, but the financial assistance, it is true, but nevertheless private contributions, no matter how small, are most appreciated. The children of a city are its biggest assets, and it behooves every citizen to do his best to help them.

So let each sympathizer who is suffering from a lack of funds, or who is unable to contribute, be long before the little sick children are able to receive the skillful care and attention which they have all others deserve.

CLUB NEWS. The latest additions to the War Memorial Children's Hospital received by Mrs. C. L. Campbell, honorary treasurer of the fund, are the following:

Knights of Columbus, London 5, 1,000; Trinity Chapter, No. 4, Order of the Eastern Star, London 225; Campbell, Bechtel, Chapter No. 4, O. E. D., London 217.

The London Mothers' Club, second instalment, 1,000; Mrs. Jean Eccles' Victory Bond 1,000; City treasurer, on account of hospital building 15,000.

The treasurer has paid to the building committee \$39,500.

AT CUPID'S CALL

Copyright, 1931, by the Mc Clure Newspaper Syndicate.

XXX.—An Angry Eve.

The following day Mary's head ached miserably. She telephoned to the office and explained she couldn't come. Over the wires the voice of Carrington Bellairs was curt and unsympathetic.

"But Mary didn't care. Dick's flowers would soon arrive. And presently Dick himself—that superman! Oh, would the evening never come!"

The day wore on. Mary—every nerve strung—awaiting the arrival of Dick's gift. Her room seemed drab and unattractive. She longed for the sweet scent of flowers—their freshness—and their beauty.

Her head ached so that she couldn't eat. A stabbing, burning pain was in her eyes. Only the thought of Dick sustained her.

At half-past six she rose and crossed. She felt so weak that she could scarcely stand.

"I'm—I'm expecting a visitor. May I use the upstairs sitting-room?" She asked the favor timidly.

Her landlady, who had been in the usual with that genu—muttered some gruff reply, in which the adjective "bothersome" was included.

The clock struck seven—a quarter past—the half-hour. What was delaying Dick?

Ah, yes, of course! He'd surely stopped to buy the flowers. Dear Dick—so kind and generous!

Another quarter of an hour went by. The clock struck eight.

How time did drag, when one was waiting, eagerly.

Another half-hour crawled away on leaden feet.

Oh, he would surely come! He must! He wouldn't fail her!

The doorbell rang. And Mary—pallid—rushed to survey her image in the greenish mirror that adorned the mantelpiece. Would Dick think her pale and plain tonight?

Footsteps on the stairs. Ah, he was coming!

The door swung open. There in the aperture appeared—not Dick—but Miss Eve Rochester, a disdainful smile upon her face.

Tomorrow: "An Unpleasant Interview."

HOME ECONOMICS. MRS. ELIZABETH KENT, MACDONALD COLLEGE.

SWINGS ON THE PLAYGROUND.

Swings on the school or park playgrounds are in constant demand, and parents whose children go there to play should satisfy themselves that they are wisely constructed and used, for they are dangerous in unexpected ways, and cause many of the serious accidents of childhood.

A swing frame should be made of three-inch gas pipe, if threaded, or of two-inch uprights and three-inch horizontals if unthreaded. The two-inch pipe should be about 15 cents a foot, the three-inch, twice as much. The swings should be well braced, preferably set in concrete about four feet deep. For a school yard a swing eight or ten feet high is large enough. Larger ones occupy too much space, are pre-empted by larger children, and cause too many accidents.

It is not because a child falls from a swing that is dangerous; that rarely happens. It is because the swing strikes the child running by, heedless in his game. A child so struck, especially if on the side of the head, is sometimes killed.

Swings may be fenced off from the rest of the playground to prevent this risk. A piece of rubber hose may be nailed to the side of the swing board to soften the blow if a child is struck. The lighter the swing the less its momentum; therefore wooden seats and rope swings are better than iron seats and chains or links. The steel hook that supports the swing should be examined often, as it is likely to wear through. It should be made of hardened steel, wearing on a steel thimble around which the rope is spliced. The swing pipe should be galvanized or painted great to prevent rust. The swings should be put up by local people, and the parts obtained from local dealers, to insure real care and sound construction.

Personal Health Service. (By WILLIAM BRADY, M.D., Noted Physician and Author.)

Not long ago I deprecated the marketing of such a food as wheat in a canned state, not because there is anything very objectionable or injurious in canned wheat, but because wheat is easily obtainable and will keep anywhere, and may be cooked when needed just as easily as any other undenatured cereal.

Moreover, to my mind it seems doubtful that wheat will retain its vitamins as well when cooked and canned as it does when kept in the natural dry state.

The great idea in this country seems to be that some manufacturer must take all food and either "purify" or "refine" it, or put it through some mysterious "process" before it is quite fit to eat.

Even such a simple and wholesome beverage as buttermilk is nowadays subjected to the seal of approval of some manufacturer before it is offered to the consumer in many communities. I quote from a business letter sent to all the physicians of a city by one such manufacturer:

attacked by a wild rabbit, there is still the chance of being bitten by a snake while on a vacation.

Venomous snakes (rattle-snake, copperhead, moccasin) in this country are pit-vipers, that is, they have a depression or pit over the lip between the eye and the nostril; have triangular heads, with wide, massive jaws (great muscular development of the jaws); elliptical pupils, and bodies comparatively thick in proportion to length. Harmless snakes have round heads, no pits, round pupils, and bodies comparatively slender.

Harmless snakes should not be killed, for they are destroyers of field vermin, and some of them, such as the black snake and bullsnake, will destroy venomous snakes. Venomous snakes are never found in or on trees.

The forked tongue of a snake is a diagnostic implement, not a weapon. The poisonous snakes have two fangs attached to the upper jaw, and hinged so that ordinarily they lie horizontally against the upper jaw pointing backward; they are erected to point downward and slightly forward when the snake is angered or about to strike.

Through the fangs the venom or poison is injected from the venom sacs into the wound, on the principle of the hypodermic needle. A snake can strike something less than his own length, never more than his own length.

Snakebites are by no means so frequently fatal as popularly imagined. Only rarely is the outcome of a venomous reptile's bite fatal to a human being. The venom is a paralyzant in effect on the nervous system, used by a sluggish reptile in securing prey.

If the snake has already bitten previously within a few hours, the second bite is likely to prove almost innocuous, for it takes many hours to reproduce venom once the poison sacs have been emptied.

Little pain is felt by the victim of a snakebite, at least until the swelling of the part begins. After a few hours in severe cases, general weakness, unconsciousness, faintness and labored breathing develop, and in from 24 to 36 hours, as a rule, recovery is well under way.

In rare cases of extreme poisoning, delirium or coma, convulsions, suppuration and death follows within a few days. But in nine cases out of ten snakebite proves a comparatively minor injury.

The first aid in snakebite is vigorous sucking of the wound by the victim or by another person. This involves no risk for the person sucking the wound, as the venom is not poisonous through the mouth. After a minute of this, the victim should cut the skin about half an inch deep, to the bone, and then, with a sharp knife, make a series of incisions, to promote bleeding. Or if the skin of the bitten part can be raised with the fingers, clip it out with scissors.

Inject a solution of five grains of potassium permanganate in an ounce of water, by hypodermic syringe, into the bitten part, a good remedy if available. Besides cutting into the skin, the wound should be well washed with the solution. It is well to bind the arm or leg tightly with a handkerchief above the wound, and give stimulants such as strong coffee or aromatic spirits of ammonia if the patient becomes faint, drowsy or weak.

QUESTIONS AND ANSWERS. Pyelitis.

What is pyelitis? Is it serious? What are the chances for recovery? (Mrs. C. A. S.)

ANSWER.—Inflammation of the collecting basin of the kidney. It is ordinarily not dangerous. In most cases recovery occurs after a few weeks of treatment.

Harm? Great Blessing! Is there any harm in having only two meals a day, one at 7 a.m. and the other at 6 p.m.?

ANSWER.—Inflammation of the collecting basin of the kidney. It is ordinarily not dangerous. In most cases recovery occurs after a few weeks of treatment.

ANSWER.—Sedentary persons who are overweight are better off physically and mentally with but two meals a day. Children must have three or four meals a day. Persons doing hard physical labor require three meals a day. Elderly persons are better off with two meals a day.

Sphygmograph. What is a sphygmograph? What condition of the heart does its use bring to light?

ANSWER.—An instrument which records a picture or diagram of the pulse. It is of academic interest to teachers and students of physiology and pathology, but of no practical importance in diagnosis or treatment, so far as I can learn.

Sunburn and Tan. I am light-complexioned, and I sunburn easily. I should like to get tanned. If you know of any way I can do so kindly advise me.

ANSWER.—Very brief periods of exposure to the sun three times a day—ten to fifteen minutes each time—will first, increase the duration of exposure not over five minutes the second day, and so on, until you can stand an hour or so at a time without burning. The tanning will follow due course.

It is of academic interest to teachers and students of physiology and pathology, but of no practical importance in diagnosis or treatment, so far as I can learn.

CAUTION: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is sent, you need only mark 38, 44, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When misses' or children's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from the date of application.

WESTERN 'U' SUMMER SCHOOL ORGANIZES

Various Committees Are Busily Engaged in Preparation of Program.

The summer school of Western University is doing its share to keep up the good reputation of London's own college. Most folks know more about the regular term of Western than they do about this branch of its work, but the summer school is quite as much a part of Western as the regular term.

Just now the students are getting organized in order to carry out a social program for the summer. On Tuesday morning at 8 o'clock a student meeting was held for the purpose of organizing a committee which will take care of the social side of university life. A nomination committee was formed, of which the members are Miss Doyle, Miss Stewart, Miss Deacon, Mr. Knight, Mr. Edwards and Sister Mercedes.

A social committee was then nominated, consisting of Miss Beckton, Miss McKee and Mr. Edwards. It was decided to give a tea on the coming Friday for the purpose of giving the students a good chance to get acquainted. It was also decided to charge a fee of \$2, the proceeds to be used for the Western U. Gazette.

Butter for the Winter. Dear Miss Grey.—As I have never written to the Mail-Box before, I thought I would write for the stocking foot pattern, for which I inclose my mite. Could you or any of the Boxites please tell me how to put butter down for the winter, for which I would be very grateful?

WOODSTOCKIAN. Ans.—To put butter down for the winter, work butter well, until all the water is out. Pack into a sterilized crock to about two inches from the top. Lay a clean cloth over it, and fill in with salt. Am mailing you a pattern. Many thanks for hospital mite.

Where is Fuzz Wuzz? Dear Miss Grey.—I am writing to thank Cleopatra for forwarding me the boys' overall pattern, also Fuzz Wuzz's address.

I wrote to Fuzz Wuzz two days after getting her address, but up till the present have not heard from her. Speak up, Fuzz Wuzz!

I would like to do some and put them in three-gallon crocks. I did some last year, but after being down the cellar for three weeks in the crock they all went wrong on me, and I had to throw them out.

There was a whitish scum on the top of the crock, and when I took it out, any reader tell me what was the trouble? Please send stamps for S. C. H. HURKOK.

Ans.—Here is a chance for some of our coolies to "shine" by giving Hurkoki the recipe she speaks of.

A Few Hints. Dear Miss Grey.—As I sent the pants and shoes to the first one that wrote for them, and that they would fit. He was very much in need of them, as he had been injured in an accident and had not been able to work since. I am sorry that I did not send them to others who wrote, and will be disappointed. Perhaps some else may have some things that don't fit and are still good enough to wear.

A Hint.—To keep stove pipes from rusting, grease with fresh lard. To Kill Burdocks—Cut close to the ground and put salt on the roots.

When washing sealers put them in over in a pan and when dry inside put on tops of rubber shoes; they are all ready to fill when wanted.

From ELZORA. P. S.—To readers, it is a mistaken idea to write one's pen name on outside of envelope or card as address. It is not necessary and of no use, as we are not known by our pen name, nor want to be.—E.

Ans.—Thank you, Elzora, for useful hints and hospital mite.

The Prettiest Baby. Dear Miss Grey.—Am just writing this time to thank you for the sachet which I received some time ago. In the self-addressed envelope please send me Helen's address. And wasn't it Scott Lassie that asked for the correspondent 15 years of age? If it is, please send me her address.

How do the Boxites like the story "At Cupid's Call"? I like the Betty one best.

What do you suppose I've got now to cheer me up? Just a baby nephew. He's the prettiest baby I have ever seen. When he comes here I always have him to myself. Well, Miss Grey, I guess I must close this scribbling for now. Hope this letter misses the W. F. B. Yours as ever,

DUCHESS KLONDYKE. Ans.—Am mailing you Helen's address, but Scott Lassie's is not on file.

Dear Miss Grey.—Haven't written to your page for about two years; have been too busy, I guess. The farm has some of plenty of time for me to write where I should, but I am rather long some sometimes, thought I would send my address in, and if he cares to write first I will try to answer any letters to him in the future, and live in the country. Will sign myself,

MUSICAL MAID. Canada Thistle.—I am sorry, but I cannot print your letter in the Mail-Box, as it goes under the head of advertising.

Two Crochet Patterns. Dear Miss Grey.—Here I am back again. Well, we are certainly having hot weather; I am nearly cooked. Please forward inclosed letter to Miss Cleopatra, and I will send you the terms for Mail-Box use; both are easy to do. The scallop pattern is very pretty on towels or dresser scarf, if you care to try it.

MURINE You Cannot Buy New Eyes. But you can Promote a Clean, Healthy Condition of YOUR EYES. Use Murine Eye Remedy "Night and Morning." Keep your Eyes Clean, Clear and Healthy. Murine Eye Remedy Co., 2 East Ohio Street, Chicago.

is the king's of England surname? (3), the largest steamer afloat?

Inclosed stamp envelopes if you could send me the "Gipsy's Warning" and the answer. Thanking you for the same, also for your trouble in sending same. Ten cents for C. H.

DO-FUNNY. P.S.—Come on Ida Kidd with a letter. Ans.—The king's official surname is Windsor. (2). "The Bismarck" with a tonnage of 56,000. Thank you Do-Funny for hospital mite. The pieces you wish are not in at present.

For Ants. Dear Miss Grey.—Here I am, another little bother. Would you please tell me how to stop my dog from eating? What is the best way to color cotton goods. Now for a hint. This is a bad time in the year for ants, put some cedar boughs behind your cupboard and they will leave. Find ten cents for S. C. H. I will go now, wanting to be.

Ans.—To stop your dog from eating eggs, take an egg (or several), make a hole in one end and blow in cayenne pepper. Seal over with a piece of paper and put egg back in nest. There are several kinds of dye on the market for cotton goods. Thank you for hospital mite and timely hint.

WESTERN ONTARIO WOMEN'S ACTIVITIES. Address News For This Column to The Editor of Woman's Page.

MEETING AT EMBRO. The King's Daughters met on Saturday last, when about 40 members were present. The first part of the meeting was spent in sewing, after which a social hour was given by the Misses Elizabeth and Jessie McCordale, and Miss Mary McLeod gave a Bible reading. It was decided to hold the annual picnic at Stratford on August 4. After the meeting a luncheon was served, and a collection amounting to \$3 was taken up.

HOLIDAY AUXILIARY. The Holiday Missionary Auxiliary meets on Thursday afternoon at the home of Mrs. James Henderson.

Children Cry FOR FLETCHER'S CASTORIA.

BABY'S OWN SOAP.

GIRLS' WHITEN SKIN WITH LEMON JUICE.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchar White, which dry dry down with supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rose-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

Ross, Limited ARE NOW REMODELLING FURS AT SUMMER PRICES PHONE 1319. 196 DUNDAS STREET.

Beauty-Hint For Today

Before going out cleanse the skin with Liska cleansing cream, then apply dermelle and you will have a complexion as beautiful as a rose. This combination beautifies when everything else fails, but in the case of complexion and women use nothing else. Try it today. If you don't like it, take it back and get your money. At toilet counters everywhere.

Eighteen Canadians Qualify For Second Stage King's Prize at Bisley

Four Canuck Teams in First Division of Mint --- London Takes Second Game From Hurons

Tec's Trail Too Hard For Huron Braves To Stick To, And They Lose Again

Five Runs in First Gave Local Redskins the Hop — Procession of Six Hurlers During Affray.

The Hurons trailed a five run lead, the Tribesmen hopped ahead with the first inning of yesterday's confab, but were still two tallies behind at the end of the trail, which was strewn with pitchers from both camps. The score was 5-2.

The Tribesmen used up Winters and Worth before two innings were over, gathering in seven runs and then Doc Bullard stepped out to fill the breach, and performed this service for Hump more or less acceptably by only allowing six hits and one run for the rest of the afternoon.

Buzz started a tall, lanky, south from Virginia, named Stevens, and he lasted two full innings. Pinto, south from Virginia, named Stevens, and he lasted two full innings. Pinto, south from Virginia, named Stevens, and he lasted two full innings.

Damage All in Finish.

Most of the damage had been done by the time Winters was pulled. Maloney tripped trying for Kuhn's long fly out in centre field and two runs came in as the first tally. Joe Briger's double brought in Kuhn and Maloney's single brought in Briger and Vandeyke's triple to right brought Briger in with the fifth run.

Worth relieved and walked Stevens and Stutz before they fled out.

The Hurons came back with two runs in their second. Hooker's double scored Kaylor, Vandeyke tripping over the same hill out in centre field that Maloney had found hard climbing.

In the third they added another. Pinto couldn't locate the plate the first two attempts and Worley and Boyle both decorated the bases.

Kaylor's single to centre scored Worley. Shay dropped Hooker's fast liner, but touched the bag and doubled Hooker at first.

Hump tackled the less into Worth in the second when Malinquest was walking and Briger fouled out to start Doc Bullard. Carmen singled to centre and with Malinquest started a double steal. The peg was on the eighth frame when Worth tried to intercept it and try for the out at the home plate, but he dropped the ball.

The Tribesmen only scored one more run and this came in the eighth frame. Kaylor's error at Schaefer's fly, the latter scoring on Joe Briger's smashing single to left.

Pinto toyed with the Huron batsmen from the third to the eighth frame. And he had two gone in the eighth when with one on, three singles and a walk let three runs come across.

Hump had the scenery all set for a rally when Malinquest's leaping catch in the ninth brought down the curtain.
