AGAINST A HALF HOLIDAY

Retail Merchants Leave
This Question Over For
A Month

An Effort Will Be Made To
Induce Men to Join Board
Of Trade

The regular meeting of the Retail Merchants was held last night, in the Board of Trade Chambers. As there was no correspondence received, there was not much business transacted.

Ex-Mayor Cowan, President of the Association, was in the chair. The minutes of the previous meeting were read, and as there were no objections, they were adopted. The signed Secretary, Winterstein stated that the Drug Section have reported organization. All the drug men have fallen in line and are very enthusiastic. This is a good move, and the members of the Association are very glad of it. The matter of advertising on programmes and small to ks was discussed, and it was considered best to discontinue all such advertising. A new collection book was also spoken of, and it was moved and seconded that the Association purchase ten of these. The book is somewhat in the form of a circular letter, and is sent out to debtors.

The matter of giving a half-holiday one day each week during the summer months was also brought up. The feeling is not in favor of doing so, and the matter was transferred until the next meeting.

A committee was appointed for the purpose of interviewing several business men and having them join the Board of Trade.

The following members were present:—President Cowan, Secretary Winterstein, Messrs. Austin, Hall, Mounter, Morley, Hodges, Bosworth and Bail.

THE PROVINCIAL COURT SHOWS RAPID PROGRESS

Reports From Provincial Officers Are Very Encouraging —
Large Number Of Visitors Brought Into The City —
Election Of Officers Tonight

The Convention of the Provincial Court of the Catholic Order of Foresters, which is being held in this city, is the most successful in the history of this excellent Order. The sessions are being held in the I. O. O. F. Auditorium and are being very largely attended. There are about 125 delegates present from all over Ontario.

At the meeting yesterday afternoon, reports were received from the Provincial officers, and these were very gratifying. They were referred to committees for consideration.

In the report tendered by Provincial Chief Ranger, Dr. Connolly, some very interesting information is given about this outstanding Order. In the course of his remarks Dr. Connolly says:

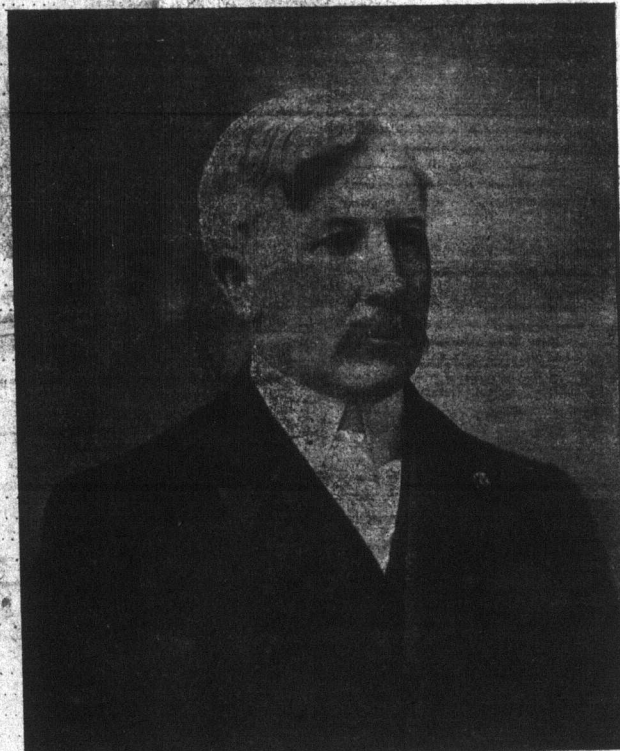

"I am happy to state that never in the history of the jurisdiction was the outlook for extended use-

a continued increase in membership for the last two years. There are in this jurisdiction at present 113 Courts, a net increase of 13 since the last convention, at which time we had 100.

In my report to the last convention I reported the membership of the Province to be 7,870. I take pleasure in being able to report at this time that the membership May 1st, 1907, to be 8,732, an increase of 862, entitling the Provincial jurisdiction to 14 representatives to the next International Convention in St. Paul, Minn.

The following statement shows the number of Courts organized during the period elapsed since the last convention:

No. 763, St. Peter's, Parry Sound; No. 963, Sacred Heart, Sturgeon Falls; No. 1013, Immaculate Conception, Windsor; No. 1098, Gagnon, Bonifant; No. 1188, St. Mary's, Hamilton; No. 1199, Holy Angel's, St. Thomas; No. 1226, St. Basil's, Toronto; No. 1393, Pius IX, Blezard Valley; No. 1411, St. Jean L'Evan-geliste, Caledon East; No. 1453, St. Jacques, Embrun; No. 1482, St. Jos-

Dr. B. G. Connolly Provincial Chief Ranger

fulness greater, nor the attitude of the individual member towards the necessity for constant effort to increase the membership, more gratifying.

"Although only a few months have elapsed since the organizers were appointed, a great impetus has been given the Order in this jurisdiction by the formation of new Courts and strengthening of those already in existence. The very numerous requests for the services of an organizer from all parts attests the popularity of this department and the advisability of its perpetuation. A reference to the report of the Provincial Secretary will show what new Courts have been established and what the increase of older ones has been.

"For the continued assistance and encouragement given the Order by the Reverend Clergy, I am deeply grateful and I trust the ideals and principles of our organization, with their practical exemplification by the members as a whole will always justify the support thus so generously given.

"In conclusion, I desire to acknowledge the effective assistance of my fellow-associates of the Provincial Court, so freely and readily given on every occasion, the very excellent work of the Deputy High Chief Rangers and the uniform courtesy extended me by officers and members of subordinate Courts."

In the course of his remarks he also recommended increased remuneration for the Provincial Court officers. He announced that he would not be a candidate again this year, owing to pressing business.

Vincent Webb, the Provincial Secretary made a clear and concise report, important excerpts from which are as follows:

The growth of the Order in the Province has been steady and substantial, and Ontario is able to show

eph, Chelmsford; No. 1494, St. Catharines, St. Catharines; No. 1517, St. Bernard, Fournier.

The statistical part of his report contained the following information: Number of members in good standing December 31st, 1904, 7,825.

Number of members admitted since by initiation in Ontario, 1,149.

Total amount of insurance written on said members, \$1,276,500.

Number of members admitted by card, 117.

Number of members reinstated, 55.

Number of members withdrawn by card, 124.

Number of members suspended and expelled, 669.

Number of members died, 195.

ACTION DISMISSED

Payne & Brackin got an order from Judge Ball this morning dismissing the action of Payne vs. Tew. This action was started by Payne, a wholesale butcher, against J. R. Tew, who was doing business on Queen street, and who has left the country, to set aside a conveyance of a house and lot as against creditors.

ONE SNAKE LESS

On Sunday morning, while on his way to the House of Refuge religious service, A. L. Savage, the popular shoe doctor of Queen street, came across a large garter snake. His snakeship was dispatched to the happy hunting ground in the second round. The reptile measured three feet long and was three inches in circumference at the largest part, and had Mr. Savage guessing for a while. He says he will be on the lookout for its mate next Lord's Day morning.

Provincial Treasurer.

DROWNED IN THE CREEK

The Body Of Mrs. Burleigh
Was Found This
Morning

Inquest Was Unnecessary
—Woman's Mind Wand-
ered At Times

The lifeless body of Mrs. Hanna Burleigh, an aged resident of Duke street, who had been missing from her home since Monday, was found floating in McGregor's Creek behind Mr. J. J. Couzens' property this morning. The body had been in the water since Monday night.

The fire department was notified at 8.07, and the truck containing a number of the men was soon on the scene. The body was rescued from the water with one of the new grappling irons, and after the remains had been viewed by Coroner R. V. Bray, they were conveyed to Jahnke's morgue. Coroner Bray when interviewed this morning, said that he did not think an inquest would be necessary, as all the facts so far gathered pointed to accidental death.

The late Mrs. Burleigh, who lived with her son on Duke street, was 82 years of age. She was a widow, and she had been quite ill for some time. It seems she was subject to spells when her mind wandered slightly, and it was during one of these that she left home Monday night, and met her death in the Creek.

She had been talking lately of going to visit relatives in Dresden, but it was not thought that she seriously meant what she said until she was missed Tuesday morning. She retired Monday night with the rest of the family, and it is surmised that she got up quietly in the night, and struck out, believing she was going to Dresden. In all probability she lost her way, with the sad result that while wandering around, she fell in the Creek.

Relatives of the deceased were searching for her all day yesterday.

THE FORESTERS' CONVENTION.

Some time ago Chatham was honored by being chosen as the council place for the annual convention of one of the strongest and most influential fraternal societies in the Dominion. Yesterday the delegates arrived, and members of that excellent organization, the Catholic Order of Foresters, poured into this city, from all parts of the Province. They found a hearty welcome awaiting them. Chatham at all times is a beautiful and interesting spot, but the decorations of flags and bunting which have everywhere been displayed add a spirit of festivity, which will no doubt add to the pleasure of the visitors during their stay, and convey to them an excellent impression of the life and activity which is everywhere in evidence in the Maple City. The merchants, who have in many instances gone to great inconvenience and expense to deck the city out in her most becoming robes, deserve great credit. The members of the local Order also are to be highly complimented upon the precautions they have taken, in looking after every want of the delegates enjoying their hospitality.

This Order has maintained an excellent record ever since it was first established in 1883. They have now a membership in good standing of 122,000. The number of their subordinate courts is 1,500. They have accumulated a benefit fund, established in 1899, of \$1,300,000, which is invested in the highest class of country and municipal bonds, viz., County of Cook (Chicago) Illinois; County of Queens, New York; City of Chicago; City of Montreal; City of Ottawa; and the State of Massachusetts. The death benefits paid since the organization amount to a total of \$8,550,000. The Order is organized in twenty-five States and two Territories of the Union, and five Provinces of Canada. It is recognized as the largest and best Catholic Fraternal Insurance Society on the American Continent.

The objects of this organization are to form friendship, unity and true Christian charity. Friendship, in assisting each other by every means in our power. Unity, in uniting together for mutual support in sickness or death, and in making suitable provision for the widow and orphans. True Christian charity, in doing to each other as we would wish that others would do unto us. Its principal object is to pay death benefits in the amounts of \$500, \$1,000 or \$2,000 on the death of a member to his beneficiary, as he may direct in his benefit certificate.

The printed reports of the officers as sent out previous to the convention show that the Order is in excellent standing. These officers have proven themselves painstaking and efficient in every respect.

Mayor Stone, in a very appropriate address, extended to the visitors the freedom of this city. This action on his part will be heartily endorsed by every citizen. The Planet wishes the members of this flourishing Order every success in their deliberations, and hopes that every representative will enjoy a pleasant and profitable visit in the Maple City.

THEM ASK OF HEALTH

Few People Are Really As Well As They Look. Cause and Remedy.

Many people in Chatham, both men and women, who believe themselves to be in perfect health, are often in the greatest danger.

Indigestion, which is so common a trouble, is the principal cause of the greater share of the general poor health. It has misleading symptoms that seem to have no reference to the stomach, such as headache, sleeplessness, specks before the eyes, pains in the back and side, etc.

The success of physicians everywhere with the prescription that is now embodied in Mi-o-na stomach tablets has made this remedy in the last few years the acknowledged specific for the treatment of stomach diseases. The secret of this success lies in the fact that Mi-o-na is prepared expressly to strengthen the digestive organs and its use for a few days puts the whole digestive system in such shape that it can care for all of the food that is eaten without pain or distress.

Simply take a Mi-o-na stomach tablet before each meal and in retiring, and it will so strengthen the stomach that you can enjoy a hearty meal without the least fear of distress or suffering.

C. H. Gunn & Co. give an absolute unqualified guarantee that your money will be refunded unless Mi-o-na cures. They take the whole risk and the remedy will not cost you a penny unless it cures you.

No better relation than a prudent and faithful friend.

FAREWELL TO G. B. CRUMB

Masonic Fraternity Tender
Departing Brother A
Fine Banquet

Present Him With a Jewel
—An Honored
Brother

A large and representative gathering of the Masonic Fraternity of Chatham and district met in the lodge room last night to bid farewell to R. W. Bro. G. B. Crumb, P. D. D. G. M., who leaves tomorrow to fill a responsible position with the Grand Trunk Railway at Niagara Falls.

During his sojourn in Chatham Bro. Crumb has filled every post of honor and responsibility in Wellington Lodge and Wellington Chapter. He is also a valued member of Parthenon Lodge, and these three bodies united to honor their departing colleague.

W. Bro. George Musson, M. D. W. M. of Wellington Lodge, presided, and after a suitable opening address called on W. Bro. Jos. Turner, of Wellington Lodge, and W. Bro. Jehiel Smith, of Parthenon Lodge, who presented R. W. Bro. Crumb with a beautiful Past Master's jewel.

Bro. Crumb made a very acceptable reply, after which the Brethren adjourned to the banquet hall, where covers were set for one hundred, in true Masonic style. It was a magnificent tribute to the true worth and high estimation of the departing Brother, who has perhaps more than any other, brought about the present very cordial relations between the various Masonic bodies, not only in Chatham, but throughout Erie District.

W. Bro. George Massey presided over the toast list. After expressing his regret at the absence of W. Bro. Pike, Master of Parthenon Lodge, who was called to Windsor owing to his father's illness, he introduced the following speakers: R. W. Bro. J. R. Battisby, R. W. Bro. Fraser, of Thomesville; R. W. Bro. Ed. Worth, Kent Bridge; W. Bro. Seallard, Houston, Turner, Musson, Smith, Bates and Laurie, and Bro. Rev. W. L. Rutledge and W. E. Rispin. All spoke of Bro. Crumb in the highest terms and wished him and his family good speed.

Bro. Crumb in rising to reply to the toast of his health was greeted by the singing of "He's a Jolly Good Fellow." He was sorry to leave Chatham, and only did so because of the flattering offer he had received. He thanked the fraternity for their kindness and this grand testimonial, and hoped to be with them all again.

Bro. Fulton, of Glasgow, Bro. Dr. Russell and Bro. James Trotter sang songs, and Bro. H. Collins played piccolo solos between the speeches. The gathering broke up at an early hour, all voting the evening a huge success.

WAS A MAN OF WORTH

Geo. Robinson Was One Of
County's Best
Citizens

He Passed Away on Monday
After A Few Weeks'
Illness

George Robinson, ex-Warden of the County of Kent, passed away at his home in Romney, Lot 9, Con. 1, on Monday, after a few weeks' illness.

Deceased was 72 years of age and had always enjoyed good health until his recent illness. For the past two months he had been more or less confined to the house, but was always able to be up. He leaves a wife and a record which is worthy of extensive notice.

He was a successful farmer in Romney township. He was born in Romney township on April 26, 1835, and received his early education from Mr. Thomas Renwick, and his later education he received from Victoria College. At the age of 27 years he purchased 100 acres of land from his father and began farming. About 20 acres of this land was cleared, and upon this land was a small house and applied himself closely to farming. From time to time he added to his holdings and soon owned 400 acres of land in one lot, 300 acres of which was cleared. He was the largest stock-raiser in the township, and has wintered as many as 116 head of cattle. In all his undertakings he was very prosperous, and not only succeeded in a financial way, but gained the respect and confidence of the whole neighborhood.

At the age of 22 years he served as township assessor, and afterwards was very active in the Reform party of the township. He served in the Council for twenty years, ten of which he was reeve and, by virtue of the latter office, was a member of the County Council. He very acceptably filled the office of County Warden, but since 1892 he has declined the same.

The deceased gentleman was married in Mersea township to Miss Harriet Ann Wigfield, a daughter of Jonathan Wigfield. His wife still survives him, as does also his only son, Byron, who resides on the homestead.

The funeral took place to-day at 10 o'clock.

celebration of this Provincial Court ever held in Ontario.

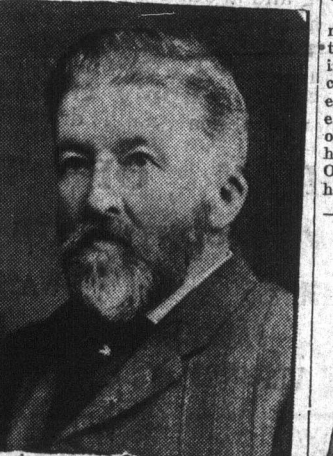

To meet the wants of the large and growing Catholic population, and to keep pace with the practical benevolent spirit of the age, the Catholic Order of Foresters was organized on May 24, 1883, under the wise council and by the approval of the church authorities, and it presents the following advantages:

1. It is confined to the healthy sections of the country, is compact, easily managed, and covers a large enough territory to be economically conducted.

2. Its objects have the approval of His Eminence Cardinal Gibbons, Baltimore; Most Reverend James E. Quigley, Archbishop of Chicago, and other Archbishops and Bishops throughout the country. It is organized to meet the wants of Catholics and is legally chartered under the laws of the State of Illinois, being licensed in all other States and Provinces where organized.

3. It is conducted on strictly business principles; each member, being expelled and deceased members is reported semi-monthly, monthly and at the close of the official term of the officers of Subordinate Courts. The High Court officers report the condition of the Order, financially and otherwise, from time to time, and at the biennial conventions to the representatives of the various States and Provinces.

4. It is entirely controlled by the members, for the members and from the members. It has no profits going to any source, and its funds are collected for the families of deceased members, in which case all are equally protected. The organization of the Catholic Order of Foresters has resulted in untold good. The Order has in 23 years paid out the handsome sum of \$11,000,000 for

It is generally recognized that Dr. B. G. The organizers are Messrs. C. S. O. Bondreault and B. J. Asselin and their work has been most creditable.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, rapid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener. The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing above-symptoms-indicator: Prof. R. Barboley, M.D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M.D., of Univ. of Pa.; Prof. Edwin M. Hale, M.D., of Hahnemann Med. College, Chicago; Prof. John King, M.D., Author of Gen. M. D., Author of Specific Medicines; Prof. N. Y. Prof. Finley Ellingwood, M.D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authorities and many others endorsing in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

THREE TRAINMEN UP.

Face Charge of Manslaughter Result of Railway Wreck.

Parry Sound, Ont., June 11.—Conductor F. Graham, brakemen Locker and Lightbulb, and Fireman H. Gendreau appeared yesterday before Magistrate J. H. Knifton here yesterday on a charge of manslaughter, the result of a collision between two Grand Trunk trains on the morning of May 31, near here, in which brakeman Alexander Rochon was killed. Gendreau was acquitted, and the others were committed for trial, all being released on bail afterwards.

Engineer Champness did not turn up, and is believed to be in the United States.

The first witness was Dr. O'Gorman of Depot Harbor, who testified to the awful injuries suffered by Rochon.

Allan Kilpatrick, assistant trainmaster, testified as to the rules of the road and the assignment of train crews and their duty.

Trainman Kerr of the eastbound train, on which Rochon was killed, was in the engine at the time, and was partially injured. He said the collision occurred at 4.50 a. m., and the night was clear and the moon shining. The westbound train was ordered to sidetrack at Beauty's siding and waited for the eastbound. In some mysterious manner the westbound train passed the siding, although it is easy as well as switch lights, and there is a lumber yard and a small mill and settlement at the point, as well as a large water tank.

There is no use trying to force a suggestion on an unwilling listener.

It is idleness that kills.

Every Bag and Barrel of Uniform High Quality

If you would examine a sauciful of "Kent Mills" Flour under a powerful magnifying glass you would see that it contains a multitude of sharp, white granules of uniform size.

The wonderful evenness of these minute granules is due to our superior methods of milling. It is because these granules are uniform in size that "Kent Mills" Flour invariably makes bread free from hard, doughy lumps, "eyes," or large air holes.

Every granule swells to the same size in the sponge. When baked the bread is even in texture and honeycombed with small air cells. Just the way every good cook likes to have it.

And not only are the granules uniform in size, but the blend is always uniform, too.

"Kent Mills" Flour is blended by experts, from the finest No. 1

Manitoba and best Ontario Red Winter Wheat. A differently proportioned blend—and superior to all other brands.

After the flour is blended it is under constant supervision until the bags and barrels are filled and ready to ship. Tests are made at short intervals. Comparisons made with flour of standard quality, so as to make sure of "Kent Mills" Flour always being up to or above standard—never below.

You can depend on each bag or barrel of "Kent Mills" Flour giving the same results as the previous one.

We see to it that it's always the same.

For uniform success on baking days use "Kent Mills" Flour.

Every bag or barrel guaranteed by both the manufacturer and dealer.

FUSHIMI AT CAPITAL.

Again Receives Heartly Welcome From Canadians.

Ottawa, June 11.—Prince Fushimi arrived in Ottawa at 1 o'clock yesterday, and was received at the Central Station by a large number of citizens and by a guard of honor drawn from the Governor-General's Foot Guards. The station, the city hall, and many private buildings were hung with flags in honor of the distinguished visitor.

As the prince stepped from the train he was greeted with the strains of the Japanese National Anthem. His Excellency Earl Grey met his guest on the station platform, and after an inspection of the guard of honor the party drove off to Government House.

During his stay in the capital the prince is the guest of His Excellency Earl Grey at Government House. Immediately after his arrival he was entertained to luncheon at Government House. In the afternoon at 3.30 o'clock he received a cordial address of welcome at the city hall, and had an opportunity of viewing the Parliament buildings and the experimental farm.

A state dinner was given in his honor last evening, followed by a reception, at which a large number of Ottawans were presented to his imperial highness.

This morning Prince Fushimi leaves for Brockville and the Thousand Islands, en route to Toronto.

JAPS COMPLAIN OF OUTRAGES.

Call Upon Government to Protect Rights and Property.

Tokio, June 11.—The council of the Progressives at a meeting yesterday adopted a resolution, the substance of which was as follows:

"The anti-Japanese feeling upon the Pacific coast of the United States, especially in San Francisco, culminated in an assault upon a Japanese trading place last month, constituting a most flagrant violation of the rights guaranteed by the treaty concluded upon an equal footing between the two nations.

"The anti-Japanese acts are not of a temporary nature, and the federal Government at Washington must be held responsible for its failure to prevent such outrages.

"The attitude of our Government towards that in Washington has so far been unsatisfactory to the nation, and it is necessary that proper steps should be taken by our Government in order to maintain the national dignity and permanently ensure the safety of the rights and property of our compatriots in America."

BARGE CORNWALL AGROUND.

Sinks After Strenuous Efforts to Keep Her Afloat.

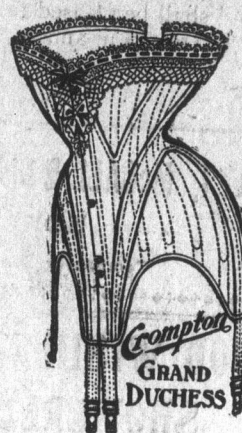

Brockville, June 11.—Coming down the Canadian channel early yesterday morning in a heavy fog, the barge Cornwall, laden with 1,200 tons of soft coal, ran aground at the head of Isle Royal, a short distance above Brockville.

The Cornwall, together with the Augustus, Princess and Arcadia, the last two grain-laden, were in tow of the tug Emmerson, and although the rocks grated her keel all escaped the rocks, but the Cornwall. An examination showed the barge to be in a bad way, and she filled so rapidly that the pumps were of little avail. However, she was kept afloat until the afternoon, when all effort was abandoned, the boat finally becoming submerged in about 15 feet of water amidsthip. Her bow and stern are not so deep, and it is feared she has partially broken in. Her present position would indicate this.

Work increases your capabilities.

A Stirring Call to Chatham's Greatest Clothing Centre.
Don't Stir A Step Until You Read This!

WE will use the word "Bargains," a good old English word somewhat overworked, but it fits this sale perfectly. Vineberg & Co., Montreal, the makers of the noted Progress Brand Clothing. They wanted the money, and they knew it was far better to sell at a loss than to pack away the stock, pay extra insurance, take chances of changing styles, and lose the interest on their money. GOWNS OF GRADUATES

Hints as to This Season's Costumes For Commencement.

SOME SURPRISINGLY CHEAP.

Many Lovely White Fabrics From Which to Choose—Dainty Dresses From Handkerchief Linen, Persian Lawn and Other Materials.

If for no other reason, woman is needed on school boards because she recognizes the futility of regulation commencement frocks. Every now and then a set of school directors decrees that every high school girl graduate must wear a cap and gown at the graduating exercises of her class. Perhaps some of those men were fathers and were moved to this innovation by an ulterior regard for the privy purse, but it's safe to say their precepts

on extravagance do so little good as to scarcely make it worth while to deprive girlhood of one of its time honored privileges—a fluffy, becoming commencement frock.

Undoubtedly there is justice in the criticism that the dressing at graduation has been carried to excess and that some of the class perhaps face the alternative of an uncomfortable feeling of shabbiness or an expense they can ill afford. But things have changed much for the better from the days when a commencement gown meant heavy silks and rich laces and chiffons. Now the filmy lingerie frock is the only one considered for such occasions, and it is surprising how cheaply a really charming gown may be made.

Of course it must be white. Who ever heard of girlhood making her first bow to the workaday world of grown-upness in pink or blue or lavender? Such white, lovely fabrics there are to choose from, too, for this all important commencement gown! As it does duty for a best dress all summer and for many an informal affair next winter, it is not such an extravagance after all. Mull, handkerchief linen, embroidered muslins, dotted batistes and swiss are the favorite materials, but equally fresh, dainty costumes can be evolved from plain India linen, dimity or Persian lawn. A very lovely soft sheer dress can be made of Paris muslin, which is wide and can be had in a really nice quality for 35 cents a yard.

When it comes to trimmings, naturally the cost of a gown may be extended indefinitely; but, after all, the prime requisite of a commencement frock is freshness and girlishness, and this desirable result may quite as often be gained by tiny thread tucks, fluffy ruf-

fles of the material and a bit of lace at neck and sleeve as by the most elaborate motifs of lace and embroidery and the intricate fillings of an imported model. One of the daintiest and prettiest of the lingerie gowns this year has no other trimming than multitudinous tiny tucks and the seams joined by a narrow beading.

Hotel Destroyed and Two Employees Reported Missing.

Norfolk, Va., June 11.—The famous Princess Anne Hotel at Virginia Beach was burned early yesterday, the fire originating supposedly in a defective flue.

There were 110 guests and employees in the building, and all escaped with the exception of a negro chambermaid and a white steward. The loss on the building which was not equipped with fire escapes, was \$185,000. Several other buildings, including the Norfolk and Southern Railroad station, also were destroyed.

Sergeant Carl Boesch of the Richmond Light Infantry, saved many lives by rushing from room to room, awakening the inmates. He finally fell exhausted and was carried from the burning building.

Build a Metal Home

In every way metal is superior to wood or plaster for the interior of homes. Classified Metal Ceilings and Walls, designed and manufactured by the Metal Shingle & Siding Co., Limited, of Preston, Ont., are to be preferred over all others for their beautiful and harmonious finish. They are made in a great variety of designs to suit all tastes, and are classed according to the prevailing styles of architecture.

Metal ceilings and walls are fire-proof and vermin-proof, are sanitary and easily cleaned. They may be beautifully decorated at small cost.

Those who are tired of the yearly expense of repainting, re-papering and re-plastering, should make a change to metal ceilings and walls. They may be put on over the old plaster, without dirt or muss, and in much less time than plastering would require. They last a lifetime, and never need repairs, save the first cost is the only cost.

Life insurance companies recognize the security which metal ceilings and walls afford, by making their rates one-third less on homes constructed of this material.

Illustrated catalogues and complete information as to cost may be obtained by writing the Metal Shingle & Siding Co., Limited, Preston, Ont.

Strike at Port Arthur.

Port Arthur, Ont., June 10.—Four hundred freight handlers on the Canadian Northern went out on strike Saturday morning for an increase of wages.

They ask 25 cents an hour for day work and 30 cents for night work, and double for Sundays.

The steamer Majestic, which arrived Saturday, was unloaded by her crew, and the steamer Saronic had her crew at work last night.

Superintendent Cameron states that the company will not meet the demands of the men, and he notified the committee to this effect yesterday afternoon.

Three hundred men will be brought in from the West.

My friends told me I looked like a living ghost and advised me to try Milburn's Heart and Nerve Pills. I got two boxes and within two weeks I had improved wonderfully and after finishing the fourth box I was completely cured. They are the greatest pills I ever used and I can recommend them to all sufferers."

OTTAWA CHURCH BURNT

One of Capital's Most Handsome Structures a Mass of Ruins.

Church of Sacred Heart Entirely Destroyed By Fire—Loss Amounts to \$155,000—Cause of Blaze Not Yet Known—Priests Save the Host and Sacred Vessels—All Else Is Lost—Church Property of Oblate Order.

Ottawa, June 11.—The Sacred Heart Church, considered the most magnificent Catholic edifice in Ottawa city, was totally destroyed by fire last evening, entailing a loss of \$155,000, with insurance of \$90,000.

The fire broke out shortly before six o'clock from a cause apparently unknown. There were no fires on in the building at the time, and the electric current was turned off. The flames originated in the main entrance, and by some it is thought that boys smoking cigarettes in the main entrance were responsible.

The fire had gained considerable headway before it was noticed, and in spite of the fact that the whole brigade was called to the scene it was impossible for them to do anything to check the total destruction of the church.

Rev. Father P. De Chansolais rushed into the church and saved the blessed sacrament, and Rev. Father F. Auclair rescued the vestments and sacred vessels.

Two firemen had narrow escapes from death by a falling stone wall. The church is the property of the Oblate Order of Priests, who, a few years ago, suffered considerably from fire, when Ottawa University, also their property, was destroyed.

It was considered the church of the high-class French-Canadians, and Sir Wilfrid Laurier, Hon. L. P. Brodeur and Hon. J. I. Tarte were among its parishioners.

ASSEMBLY DISCUSS UNION.

Weight of Delegates in Favor—Insistent Minority Against.

Montreal, June 11.—Church union was before the Presbyterian general assembly yesterday afternoon, but the hour of adjournment was reached before the debate was concluded, and it will be resumed when the business committee can find an opportunity.

The weight of the assembly is evidently with the union committee, but an insistent minority, with the plea of conscientious opinion, wishes to place a dragbreak on the movement.

Rev. John Mackay, Montreal, who is the spokesman of the party, is of the narrow, sacerdotal type, though he fancies himself as an evangelist, and has published a volume on religion considered as friendship with God.

He declared yesterday afternoon that he believed Presbyterianism to be the highest type of church life, or he would not be a Presbyterian.

The inference was somewhat obvious. The debate was on Principal Patrick's motion to receive the report of the union committee to send down to the presbyteries, sessions and congregations to ask for suggestions to be sent to the committee not later than March next, and to reappoint the committee.

Mr. Mackay's amendment was intended to emphasize the point that the whole question was still open, and that the church was not committed to the principle of union, which he thought wholly undesirable.

DELIRIOUS PATIENT ESCAPES.

Spent 12 Hours in the Rain Glad in a Night Shift.

Fredericton, N. B., June 11.—Warren Allen, 29 years of age, a fever patient in the Victoria Hospital, while delirious, escaped at four o'clock yesterday morning. He rushed to the bathroom, which is on the ground floor, and jumped through the window. He was clothed in his night-shirt only.

All day a searching party, including members of the fire department, endeavored to locate him, and late in the afternoon he turned up on University avenue, and was removed to the hospital. All the night and all day it poured rain incessantly.

The supposition is, however, that he traveled from the hospital to the I. C. R. freight shed, where he remained until he recovered consciousness.

TWENTY-EIGHT DROWN.

French Schooner Goes Down Off Coast of Barbados.

Barbados, June 11.—The French schooner La Jalouse, from Cayenne for St. Lucia, sank off Barbados during the night of June 7.

Her commander and 21 men reached Barbados Sunday.

Twenty-eight passengers, including 12 women and children, were drowned.

Consuls Must Resign.

Montreal, June 11.—The new Consul-General of the Argentine republic, Senator Horacio Mayer, has written to all the consuls and vice-consuls of his country in Canada asking for their resignations by the first of January next. It is understood that a readjustment of the consular service is contemplated. The officials are also informed that anyone appointed in future will be supposed to give his services free.

The Consul-General clears up the fate of his predecessor, who, it appears, threw himself from a railway train near Buenos Ayres.

Boy's Neck Broken.

Charlottetown, P. E. I., June 11.—The four-year-old son of Lewis Strong, lot 7, Prince County, was found dead in a field under a fence which had fallen upon him when he was attempting to climb over it.

He had accompanied his father to his work, but had left him to see his uncle, who was working in an adjoining field. The little fellow's neck was broken by the heavy fence rail.

There was no service in the Methodist Church at Northwood last Sunday evening, the pastor being away attending conference; and there will be no service next Sunday on account of the anniversary in Bethel Church.

The Northwood choir will sing at Bethel Church next Sunday.

Measles are prevalent among the people of Northwood.

Some of the farmers in this vicinity are getting uneasy about their corn, which has been planted so long and has not yet made its appearance.

Prospects for a fair crop of fruit this season are good.

The hard winter killed a rose-bush in the garden of Mrs. F. G. Osterhout, that has never failed to bloom for over fifty years; the bush having been removed from Chatham by the mother of Mr. Osterhout over forty-five years ago.

Dan Deewy, of Dover Township, was the guest of W. Knight a short time ago for a few days. He was looking around to purchase a farm in this vicinity.

The 12-year-old daughter of W. Challis, of the 1st Con., Howard, was seriously kicked by one of his

horses last Friday. On the arrival of the doctor it was found that no bones were broken and she is on a fair way to recovery.

Mr. A. W. LaGallais, the G. T. R. Agent at Northwood, prides himself on having the most up-to-date station west of London. The company certainly deserve much credit for the many improvements.

Mr. John McKerracher, of the 2nd Con., Howard, lost a valuable horse last week. It ran against a wire fence and broke its neck.

Entranced. The happy couple dashed through the showers of rice and old shoes and reached the train.

"Oh, George," whispered the blushing bride, "do you hear what they are shouting?"

"No," replied George, trying to loosen a white ribbon that had been attached to his silk hat. "What are they shouting?"

"They're off! They're off!"

George smiled broadly as he helped her aboard the parlor car.

"Oh, that's all right, my dear," he assured. "All couples are a little off when they are starting on their honeymoon."

And then began the rainbow tour personally conducted by Hymen.

LYNN WAS DISCHARGED

Case Brought Against Him By Reaume Was Weak

Vincent Connelly Of Dresden Is Sentenced To One Month

The June Sessions of the County Court opened in the Court House yesterday afternoon. The Grand Jury, which was addressed briefly by Judge Bell, was composed of the following: F. Arnold, L. Brown, W. D. Craig, John Drury, Arthur Fenning, W. C. Gordon, Arthur Henderson, Thos. A. King, Chas. E. Satter, H. H. Mills, John C. Oliver, Wm. Thompson and W. A. Hunter. Mr. Fenning was appointed Foreman. Two true bills were filed, one against Vincent Connelly, on three indictments, and one against John McIntosh. Judge Dowlin presided over the criminal cases.

Vincent Connelly, of Dresden, who pleaded guilty to three charges of receiving stolen goods, was sentenced to one month in the common jail on the three charges, his sentence to run concurrently.

R. E. Towers and G. E. Weir were counsel for the defence, and Crown Attorney H. D. Smith prosecuted. The line of defence was well arranged, and the idea apparently was to get Connelly off with a fine. The witnesses called for the defence were, the prisoner's mother and his young wife, ex-Mayor T. F. Hinnegan, of Wallaceburg, and Dr. Sivas, of Dresden.

From the evidence produced it was clearly shown that Connelly was the cause of Vincent Connelly's downfall. Dr. Sivas testified that Connelly was now almost a mental and physical wreck as the result of dissipation, and it was shown that he received the stolen goods while under the influence of liquor. Mr. Hinnegan said that Connelly had always been a model young man. He at one time worked in Mr. Hinnegan's flax mill and he had proved himself to be a trustworthy employee. Mrs. Connelly, the mother of the prisoner, said it was after Connelly went into the Clifford House at Dresden that he went to the bad. He started drinking and got in bad company.

If there was anything which might have moved the Court to deal leniently with the prisoner it was the sight of his young wife, who sat in the courtroom with her baby in her arms. She watched the proceedings with deep anxiety, and her face was a picture of grief. Beside her sat Connelly's mother. Both appeared to be very much depressed when sentence was passed upon the prisoner.

John McIntosh, also of Dresden, who was up charged with stealing chickens, was fined \$25 without costs. The Judge was disposed to deal leniently with him on account of his youth and previously good character. Drink was also at the bottom of McIntosh's indiscretion.

The case of Rex vs. Lynn was probably the one in which most local interest centred. This was the case where George Reaume, of Dover, charged Robert Lynn, a local barber, with the theft of \$140. Immediately after the evidence had been taken and all argument in, Judge Dowlin discharged Lynn without further comment. There was absolutely nothing in the evidence which could convict him.

The evidence given by George Reaume, the complainant, was the most damaging against his own case. He admitted that he was helplessly drunk on the day that he alleged he lost his money. He was not a very bright witness, and he was constantly contradicting himself. According to his own evidence, he went to sleep in Lynn's barber shop while he was in a drunken stupor. When he woke up he missed his money. It was shown that he had been drinking brandy and beer during the day, and had been flourishing his wad of money in some of the bar-rooms he frequented.

Frank Barnier, Reaume's chum, who went the rounds with him on the day in question, gave out some interesting facts under cross-examination. Apparently Frank was having a big time at the time Reaume lost his money, and for some time afterwards. He boasted that he spent as much as \$34 in drink in two weeks in Detroit following the alleged robbery. He left Reaume at the Grand Central Hotel, and went down to Dunk Vickers's barber shop, where he had a shave. In the meantime, Reaume went to Lynn's. Barnier afterwards went down to Lynn's, where he found Reaume helpless. He carried him out to the banks of the creek at the back of the barber shop and then left him for a time. He returned later with Mayor Stone, whom he asked to accompany him. As soon as he woke Reaume up he asked him where his money was. It was then that the complainant first missed his wad. A search was made for it, but it could be found nowhere.

Other witnesses who were called were, Officer Peter Dezella and Mayor Stone.
