

Digby County Monitor

(Received too late for last issue) Capt. Arthur Casey arrived here Saturday from Halifax. Miss Frances Young returned Saturday from Halifax. Rev. Fr. Mackie, of Annapolis, was in Digby for the week end. Mr. O. G. Byrne returned last week to his home in New York. Mrs. Harry Hersey was a passenger to Meteghan Saturday. Mr. W. E. Tupper was among the passengers to St. John Saturday. Schr. Cupola, Capt. Peter Canoe, is in port with 50,000 lbs. of mixed fish. The "Mac Edwards" Company played to a well filled house Saturday evening. Miss Edna Robinson, of Annapolis, is relieving at the Telephone Office, Digby. Mr. Clifford Smith was successful in capturing the first "Deer" of the season. Mr. C. L. Bowdler, of the Bank of Nova Scotia, returned Monday from Aylesford. Mr. E. E. Reagh, who spent a few days in Digby, returned to Middleton Monday. Mr. James Dillon and Mr. "Teddy" Dakin were in Middleton for the week end. Mr. Hubert Syda, who was a passenger from Halifax last Tuesday, returned Monday. Miss Nettie McKinnon and Mr. Clifford Beaton spent Thanksgiving in Weymouth, N. S. The Misses Ella and Bessie McCullen, who spent the summer in Digby, returned to New York Saturday. Miss Olivia Wright left Wednesday for Dorchester, Mass., where she will visit her sister for several weeks. Mrs. Sarah E. Dunn returned Saturday after several weeks' visit at her son's C. P. Dunn, Yarmouth North. Mr. P. C. R. Harris, mgr. of the Royal Bank of Canada, left Thursday for Halifax on his holidays. Mr. J. L. Snook is relieving manager here. Miss A. E. Walsh, of the Royal Bank of Canada, left Monday for Middleton to visit Miss Etella Cummings. Mr. and Mrs. Harry Turnbull, of St. John, who have been visiting Mr. and Mrs. John O. Turnbull, returned Saturday. Mr. and Mrs. Guy Dunn and son Webster who have been on a visit to Boston for three weeks, returned home Saturday. Mr. John Rawding, of Clements-Port, has been appointed parlor car conductor on the night train from Halifax to Yarmouth. Mr. Fred McHugh's family are moving this week to Halifax where they will in future reside. Mr. McHugh is doing a prosperous business in that city. Schr. A. W. Longmire, Capt. A. W. Longmire, arrived here Friday with 70,000 lbs. of fresh fish, which were purchased by the Maritime Fish Corp. Mr. M. E. McKinnon has accepted a position in Weymouth setting up the machinery in the new pulp mill. He is being assisted by his son Joseph McKinnon.

PRINCE DALE

Mr. Norman Sanford returned to Halifax Saturday. Mrs. Albert Dunn is visiting relatives in Aylesford. Mr. and Mrs. Albert Fraser spent Saturday in Annapolis Royal. Mr. and Mrs. Wm Dondale, of Bear River, spent Sunday at Mr. Manning Dondale's. Mr. George Laramore, of Waldee West, was an over Sunday guest at Mr. Forman Wright's. Misses Ola and Zula Harnish, of Greywood, spent Thursday and Friday with relatives here. Mrs. Howard Apt, of Bear River East, spent Tuesday with her sister, Mrs. Ervin Dondale. Mr. and Mrs. George McClelland, who have been visiting relatives here, left Thursday for Deep Brook. Minard's Lignum Cures Garget in Cows.

COULDN'T LEAVE HOUSE FOR YEAR

Hamilton Tells of His Wife's Remarkable Improvement Since Taking Tanlac. "Last Sunday my wife was able to be out of the house for the first time in almost a year, and she wouldn't have been out then if Tanlac had not put her on her feet," is the remarkable testimony of William Hamilton who resides at 149 Preston St., Halifax, Nova Scotia, Canada. "Mrs. Hamilton had Spanish Influenza over a year ago," he continued, "and had never been able to overcome the effects of it. Her appetite was gone completely and she fell off in weight and strength until she was as frail and thin as anybody could be and still get around. Her nerves were all torn up and the least little noise would make her jump and quiver like a leaf. Many a night she has lain awake until daylight in nervous misery. She complained of dull throbbing headaches and it has made me actually suffer at times to see her so weak and run down and in so much pain. Somebody else had to attend to all the housework as she could just barely creep about the house and hadn't been able to go out of doors for nearly twelve months. She was confined to the bed most of the time and even when she would get up in her room while she really ought to have been in bed. "It sure was a surprise to me to see her build up the way she has since she started taking Tanlac. Her appetite is just fine now, why she told me the other day that if she kept on she would eat us out of house and home. Every day she seems stronger and more like her old self and she never complains of being tired and weak and run down anymore. Last Sunday she went out for a long walk with me for the first time she's been out of the house in nearly a year. She seems like a different person and is beginning to feel that her troubles are all over. Tanlac is the only thing that ever did her any good, and we are happy as we can be over the way she has recovered her health since she has been taking it and we are glad to recommend it all the time." Tanlac is sold in Bridgetown by S. N. Wear, in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

PORT LORNE

Mr. R. H. Neaves and family have gone to St. John, N. B. Mr. George Corbett and Oscar Banks have returned to Halifax. A nice wire fence has been bought and is being put around the cemetery. Mr. Loring Beardsley and family have gone to Keene, N. H., to spend the winter. Mrs. Young Anthony left on Tuesday, Oct 21st, for the United States to spend the winter. Mrs. Ruggles, of Deep Brook, spent a few days at the home of Mr. and Mrs. Israel Banks recently.

THE FALL WEATHER HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

No man was ever blamed for being a gentleman, but many are accused of it.

Agriculture

Fertilizer on Pasture

Judging by the correspondence received at the Agricultural College, quite a number of farmers will this Fall apply fertilizer to at least a few acres of pasture land. The results from this practice at the College Farm have been so striking that the College authorities feel that the practice should be urged on many more farmers. The story told by the experiments at Truro, is briefly this. The total cost of grain in live weight, including interest on investment, fencing and all incidentals, was \$1.00 cents per lb. on pasture, as compared with 15 cents per lb. in winter in the stable, with feeds at pre-war prices. The improvement in grazing capacity of pastures to which fertilizer was applied was equally striking. From this date until the snow flies is the time to make this application of fertilizer. Good results have been obtained from the use of slag, acid phosphates and wood ashes, but almost any fertilizer will give results. It is not good practice, however, to apply material which is very rich in ammonia, since it leaches out of the ground in winter. The phosphoric acid, lime and potash, which are the main ingredients in the above-mentioned varieties, will not leach out but will become the better incorporated with the soil during the winter months.

Prevention of Rot in Potatoes

The Department of Agriculture, Entomological Division, last year experimented with a number of chemical solutions for the prevention of rot in potatoes. Of course there is no way to save the tubers which are infected. All that can be done is to prevent the infection from spreading to sound potatoes. The experiments were of necessity from the nature of the case, more or less inconclusive. It is exceedingly difficult to detect rot in its early stages by ordinary inspection, and therefore difficult to know the exact results of treatments tried. The solution which seemed to give best results was one of copper sulphate (bluestone) 1 lb. to 40 gallons water. The sound tubers were put in wire baskets and dipped in this mixture, then allowed to dry out. It should be understood that this is not given out as a result of scientific investigation. Large quantities of potatoes were being shipped and the experiment was a commercial one. While the Department does not advise, therefore, that this should be relied on as a preventive, the results were sufficiently promising to warrant it being tried out on moderate quantities.

Seed Grain Distribution

(Experimental Farms Note) The annual free distribution of samples of seed grain is being conducted at the Central Experimental Farm, Ottawa, by the Dominion Cerealists. The following kinds of seed grain will be sent out this season: Spring Wheat (in about 5-lb. sample), White Oats (about 4 lb.), barley (about 5 lb.), field peas (not garden peas) (about 5 lb.), field bean (early ripening, only for districts where the season is short) (about 2 lb.), flax for seed, about 2 lb., and flax for fibre, about 2 lb. Only one sample can be sent to each applicant. Applications must be on printed forms which may be obtained from the Dominion Cerealists at any time after Sept. 1st. As the stock of seeds is limited farmers are advised to apply early to avoid disappointment. No application forms will be furnished after Feb. 1st, 1920. G. E. SAUNDERS, Dominion Cerealists.

Death of Reginald Reese

The death of Reginald Reese, son of Mr. and Mrs. John Reese, occurred at his home in Upper Granville Friday night at the age of 29 years. The deceased, who was a member of the Bridgetown Baptist Church, was noted for his integrity and kindness and led an industrious life. He is survived by his parents, four brothers and two sisters. The funeral, which was largely attended, took place Monday with interment in the Riverside cemetery, the services being conducted by Rev. M. S. Richardson. Don't be angry if your poem is returned with the editor's regrets. Preserve the manuscript and read it over ten years later. Then you will rejoice that it was thus.

Mrs. W. A. Gilliat has returned from a visit with her aunt at Clements-Port.

A TONIC FOR THE NERVES

The Only Real Nerve Tonic is a Good Supply of Rich, Red Blood.

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else. The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of to-day. Sufferers find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears, and do not sleep well at night. Headaches, neuritis and other nerve pains are part of the misery, and it all comes from starved nerves. Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to cure nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills actually make new, rich blood, which strengthens the nerves, improves the appetite, gives new strength and spirits, and makes hitherto despondent people bright and cheerful. If you are at all 'out of sorts' you should begin curing yourself to-day by taking Dr. Williams' Pink Pills. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The church stands for the religious basis of all life, and must never lose itself in details. Nothing is more repulsive than philanthropic work carried on without the tender human sympathy and the spiritual insight which enabled the worker to heal the wounds of society. Social reform, if constructive, must be based on sound principles. Each proposal must contribute to some thought-out achievement. Beyond question the driving power in the movement which has so largely curtailed the liquor evil has been an aggressive humanity inspired by the Gospel of Jesus. Economic, political and social considerations have reinforced the appeal of the church, but the main power after all has been the conscience created, informed and sustained by religion. The actual churches are as human as are the men and women who come to them from the clubs, boards of trade, and trade unions, where they meet for other purposes. One has but to consider for a moment what society would be like, if the quiet abiding influence of the churches were removed, to decide that despite certain ineffectiveness, the church is an indispensable factor in the moral life of the nation. Mechanical adjustments of the social arrangements carried on without the insight born of reverence for God and man will be disappointing. Can the force of religion be made more effective? Can religion itself stand forth more distinctly than ever, disentangled from mischievous associations with questionable science, history, and politics; to sustain the inward life of social progress? No question is more urgent; and the fact that all the churches have awakened to face it is full of encouragement. The Inter-Church Forward Movement, with the National Campaign in each church, appeals to every citizen to face anew the basal questions of life. It seeks to make God more real in personal life, and a greater force in social organization. The overwhelming sense of responsibility of each Christian, and every group to God, for promoting the life of all God's children, will alone create the atmosphere in which real social progress can be made. The Inter-Church movement, therefore, invites all Christian people to stress anew the fundamental facts; reverence to God as

Marine News

Annapolis Spectator: The new schooner Peaceland has received her anchors and has her sails bent.

Capt Chas McBride, of Waterville, Kings Co, left recently for Chatham, N. B., to take command of a four masted schooner.

The Freeport schr M. B. Hams, arrived in Yarmouth on Sunday from Clark's Harbor with a cargo of 108,000 lbs of pickled fish consigned to the Frank E. Davis Co, at Freeport. After taking on gasoline and water on Monday the schooner proceeded to her destination.

Annapolis Spectator: Captain Collins went to Meteghan on Saturday to inspect the new steamer being built there for the Valley S. S. Co, and which will soon be ready for launching. She will be brought to Annapolis Royal to have her engines installed and receive her equipment for the service between Annapolis and St. John.

New regulations governing the lobster packing industry of the maritime provinces are provided for in an amendment to the meat and canned food act of which notice has been given by the government. The resolution provides for a more exact definition of dry lobster meat and dry meat, for a direct description of the contents of cans of fish and shell fish, including minimum weight and that no weight be used without the written permission of the fisheries department. Provision is also made for the correct labelling of all cans of fish or shell fish imported into Canada and other places, including weight of contents, place of origin and the names of the packer and also of the importer.

TWO SCHOONERS LAUNCHED

The schooner of St. Mary's Bay section of the Province have during the past few days been treated to two spectacular launchings. The first was at Belliveau's Cove, on Thursday when B. Belliveau & Co, launched the beautiful three master Rose Anne Belliveau, all rigged and practically ready for sea. This vessel is slightly smaller than those that have previously been built along the St. Mary's Bay shore and measures about 135 feet over all, 105 feet keel, 30 feet wide, 11 feet deep, 251 tons net and is classed A 1 for twelve years in Bureau Veritas. The schooner will be held at Belliveau's Cove where she will load lumber for the West India market. The Rose Anne Belliveau will be commanded by Capt Raymond Comcu, now in the schooner Edith Belliveau, loading at Hayti, for Philadelphia, where he will leave her to return home and take his new command. The other launching was at Meteghan River on Saturday, when the Doceat Shipbuilding Co, launched the tern schooner Celeste D, named after the youngest daughter of E. U. Doucet, manager for the company. This splendid vessel, which is classed A 1 for twelve years in the Bureau Veritas, measures 164 feet over all, 145 feet 6 inches keel, 37 feet 4 inches wide, 13 feet deep, 594 tons net, and 649 gross tons. She is splendidly finished and equipped in every particular, and can be readily classed as the last word in modern marine architecture. She is fitted with a 15 horsepower Fairbanks Morse hoisting engine, and every known device for the quick handling of the sails and anchors, and if occasion should require the power can be very readily attached to the ship's pumps.

seen in every man; the brotherhood of the human family; wealth as held solely in trust for God's life in the world; and all life a means of expressing God's thoughts and purpose, rather than a means of private gain. ERNEST THOMAS, Board of Social Service.

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-tives"

103 CHURCH ST., MONTREAL. "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers." P. H. McHUGH. 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

ASBESTONE 40 YEAR ROOFING

No Rags or Tar in this roofing. Pure Asbestos and Asphalt. Cannot rot or dry out. Costs but little more than the ordinary kind. It is far more durable, as well as fire resisting, and just as easy to put on. Any other roofing would be totally destroyed by fire. Not so with Asbestone. It is not what is on a roofing, but what is in it, that counts.

Write for information and sample. If you can't get it through your dealer, we will send it to you direct. We want dealers to handle it.

Fortunes in Canadian Alfalfa

STACKING ALFALFA AT BROOKS, ALBERTA.

Stacking alfalfa in the Central Farm, Van Horne Colony at Coaldale, Alberta. The Van Horne is one of the Colonies for returned soldiers established by the C. P. R. in Alberta.

It is no exaggeration to say that fortunes are being made in Southern Alberta to-day with alfalfa. With this crop selling at \$30 a ton and yields of four tons to the acre being harvested, it is easy to see that large sums of money are being obtained from this crop.

One farmer at Coaldale in the Lethbridge Irrigation District, this year harvested no less than 54 tons of alfalfa hay on twenty acres of irrigated land at the first cutting. This hay he sold at the price of \$30 per ton in the stack, realizing \$1620 to the acre. The second crop on this land was almost, if not quite, as good, and there is every probability that a third crop will be harvested. It is safe to say that the returns from these twenty acres of land this year will be between \$160 and \$170 to the acre.

The case quoted in the previous paragraph is not an isolated one. Other farmers in the same district have crops equally as good, though no doubt such yields are somewhat above the average. Most of the other larger fields, however, much larger fields. Altogether there are about fifteen thousand acres in alfalfa in the Lethbridge Irrigation District this year. Two cuttings had been made on most of the fields before the end of August. The average yield from the two cuttings for the whole of the fifteen thousand acres was well over three tons to the acre, and it is safe to say that with the third cutting the average yield will be at least four tons to the acre. The farmers in this district will, therefore, get a return this season from their alfalfa crops alone of nearly two million dollars.

But the Lethbridge District is not the only part of Southern Alberta where alfalfa can be grown. It is being grown equally successfully in various parts of the large irrigation block operated by the Canadian Pacific Railway east of Calgary. Both in the Eastern and Western sections of the block farmers are growing alfalfa and obtaining yields of four tons of alfalfa to the acre and more during the season.

One man north of Brooks, Alberta, has the whole of his 160 acre farm, with the exception of a small place for his buildings, in alfalfa. Last year he cleared between \$14,000 and \$16,000 from this crop. This year his returns will probably be greater because if anything, his crop is larger, and the price of alfalfa hay is ruling higher.

The growth of alfalfa in Southern Alberta is certain to have an enormous influence in the development of the Province. It has been proved that it will grow anywhere throughout the irrigated area. There are still thousands of acres of land suitable for the successful growth of this crop available, but settlement is proceeding very rapidly and gaining impetus every year. The irrigation systems at present in operation are designed to supply water to approximately 940,000 acres of land. This year about 150,000 acres of irrigated land were producing crops. These crops were mostly grain, wheat, oats, barley and flax—a large number of the settlers being new, and as yet their land is not in shape for growing alfalfa, which requires that the soil be thoroughly disintegrated for best results.

But when the development reaches the state of development that has been reached in the Lethbridge District, in which 15,000 acres out of 100,000 acres of irrigable land are growing alfalfa, there will be an enormous production of this crop. On this basis about 141,000 acres out of the 940,000 acres would be producing alfalfa. Taking an average yield of three tons to the acre, which is one ton less than the average this year, it means that 423,000 tons of alfalfa hay, worth at present prices \$14,690,000, would be grown.

Experts tell us, however, that we should develop our irrigated farms on a ten year rotation plan with one-half of the land in alfalfa each year. With the 940,000 acres developed in this manner, there would be upwards of 450,000 acres of alfalfa grown on this irrigated land. Averaging the yield of three tons to the acre we should have a crop of 1,350,000 tons of hay. This production would make Alberta one of the greatest winter cattle feeding countries on the continent.

The story is not finished, however. The fine crops that have been grown on the irrigated land throughout Southern Alberta have stimulated the desire of thousands of other farmers already settled in this part of the West to have irrigation for their lands so that they can grow alfalfa too. They are now organizing into irrigation districts for the purpose of securing water for their land. With the organization of these districts and the establishment of irrigation systems, it is estimated that there will be approximately another half million acres of land brought under irrigation. With half of these lands growing alfalfa, another 750,000 tons of hay would be grown in Southern Alberta, bringing the total to over two million tons a year.

Alfalfa has already made fortunes for many farmers on irrigated land in Southern Alberta. But its cultivation is still in its infancy. Before many years have elapsed with the severity of this crop grown increased manifold, many more fortunes will have been made. Its influence on the future prosperity of Southern Alberta and of the West generally cannot be estimated at the present time, but it will assuredly be very great.

Mr. W. G. Clarke, of Bear River, was in Bridgetown Friday evening.

Mrs. E. A. Cochrane has gone to St. John where she will spend the winter.

Mr. E. A. Hicks was a passenger to Halifax, Friday morning returning Saturday.

Mrs. Alvin Starratt, of Paradise, is the guest of Mrs. George Dixon, Church Street.

Dr. F. S. Anderson has returned from his trip to Massachusetts and New Brunswick.

Caledonia Gold Hunter: Miss Agnes Harlow is spending a few days in Liverpool.

Mr. W. A. Warren and Mr. Geo. H. Dixon are enjoying a moose hunting trip this week.

Miss Jean Messinger leaves this week to attend the Success Business College at Truro.

Mrs. Emma A. Ricker, of Somerville, Mass., has been visiting Mr. William H. Bishop, of Paradise.

Mrs. Mary Hyson was a passenger to Acadia Saturday to visit her sister, Mrs. L. D. Wade.

Mr. H. F. Williams, Bridgetown's well known rattle dealer was a passenger via Friday's west bound express.

Mrs. C. J. Lockhart, of Falmouth spent the week end with her parents, Mr. and Mrs. S. L. Marshall, Clarence.

Vernon Peck and Ernest Peck, of Bear River who have been three weeks in Berwick, arrived home on Friday last.

Mr. and Mrs. W. W. Clarke, of Bear River were in St. John Wednesday, and registered at the Dufferin Hotel.

We are pleased to hear that Mr. C. L. Piggott is much improved in health and is able to be up around the house again.

Mrs. Zwicker returned to Bear River Monday, after a pleasant visit to Kentville, guest of her daughter, Mrs. W. A. Porter.

Miss Hazel Gilliat, accompanied by her friend, Miss Marshall, spent the Thanksgiving holidays at her home in Granville Centre.

Mrs. J. F. Titus and her sister, Miss Alice Beardsley, of Hampton, were passengers to Halifax Saturday to spend a couple of weeks.

Colchester Sun, of Truro, says: A. L. Davidson, M. P., for Annapolis Digby was in town last Friday evening guest at the Learmont.

Mr. N. H. Clarke, of Los Angeles, Cal., who had been the guest of his brother, Mr. A. B. Clarke, Bridgetown left Saturday for Boston.

Mr. and Mrs. John Fredericks, of East Jordan, Shelburne County, are the guests of the former's brother, Mr. H. A. Fredericks, Bridgetown.

Mr. A. P. Anderson, manager of the C. P. R. Telegraph office at Sydney is spending his vacation with his parents, Mr. and Mrs. A. L. Anderson.

Yarmouth Telegram: Mr. and Mr. Robert F. Guest, who spent a week in Bridgewater, Halifax and Berwick returned home on Wednesday afternoon.

Yarmouth Telegram: Mrs. C. O. Duncan, who was the guest of the Misses Porter, returned on Wednesday morning to her home in Lunenburg.

Lunenburg Progress-Enterprise: Miss Marguerite Young who was the guest of Mr. and Mrs. Albert English returned to her home in Middleton last week.

Mr. R. V. Arnold returned Saturday from his trip to Massachusetts. His many friends will be pleased to learn that his health has considerably improved.

Mr. Samuel Nelson, Mr. F. M. Nelson, wife and son, Walter and Mr. N. N. Nelson, leave in a few days for Florida where they expect to spend the winter months.

Mr. W. B. Freeman and wife, of Halifax and Miss Emily Freeman, of Milton, Queen Co., were the week end guests of the former's brother, Mr. Karl Freeman, Victoria Street.

Mrs. Horace M. Johnson, of Kingsdale, returned from Halifax on Friday, where she has been visiting her daughter, E. Mily, who recently underwent an operation in that city.

J. A. Ruffee, who spent Thanksgiving with his parents, Mr. and Mrs. C. A. Ruffee, returned on the

early train Tuesday last to resume his studies at Maritime Business College, Halifax.

Mrs. Robert Barnes wishes to announce the engagement of her daughter, Jennie to Mr. W. H. Brown, of Mount Rose, wedding to take place in December at her residence on Church Street.

Among the visitors in Bridgetown last week were: Mr. and Mrs. A. R. Turnbull and sons, Milton and Reginald, Digby; Mr. William R. Gaynan and bride, of Haverhill, Mass.; Mr. and Mrs. H. W. Bowles, Digby.

Miss Bessie Alcorn, of Berwick, who has for some time been engaged in missionary work in Japan left Monday the 20th for New Westminster, B. C., where she has accepted a position in Columbia College.

Yarmouth Herald: Mr. and Mrs. Evelyn Crosby and family left by the D. A. R. this morning for Millville, where they will in the future make their home as Mr. Crosby is now one of the crew of the Middleton-Halifax daily freight train.

Yarmouth Light: Capt. Leon O. Everett, of Bridgetown, passed through Yarmouth Wednesday afternoon on his way to New York to take command of Lamberts and Holt's steamer Vasari, which is chartered by the Cunard Line for a voyage to Liverpool, G. B. He was accompanied by Mrs. Everett and his sister Lillian Everett, who will spend the winter with Mrs. Everett.

A very welcome visitor to Bridgetown, over the week end was Mr. E. R. Jack, of North Sydney. Many of our readers will remember "Reg" (as he was familiarly known) as one of the Juniors some fifteen years ago in the local branch of the Union Bank of Halifax which then had its office in the Electric Light building on Queen St. He is one of five brothers all of whom have seen service overseas in the C. E. F., three of them including Reg, volunteering within a few days of the outbreak of the war he serving with the Winnipeg Grenadiers. On his visit here he was accompanied by his brother Douglas who, with another brother went over with the famous fighting 25th, the brother being killed at the same time as Sergt Will McLeod of Bridgetown. Reg and Douglas met on the battlefield for the first time in seven years. They now propose taking up poultry farming in the sister Province of New Brunswick. Whilst in town they were the guests of the Rev. E. and Mrs. Underwood at the rectory.

FALL 1919

The New Coats are arriving daily. You are invited to call at our store and look them over. If Your Coat is here we will lay it by until you want it. If too far for you come ask us to send you your size by mail—Coats selected from six of the best Manufacturers in Canada. No two Coats alike.

Much is Being Said

About CLOTHING GOING TO BE CHEAPER in the neat future, but, the TRUTH in the matter is this:

The Manufacturers are so far behind with their orders, owing to strikes, etc., that it is almost impossible to buy Men's Suits today.

I have on hand a fair supply of Men's and Boys' Suits at present, but they are moving out and I find I cannot buy more before spring.

DOES THIS MEAN ANYTHING TO YOU?

I have in stock a good supply of all other lines that are generally found in a Gents' Furnishing Store and can fit you out for the winter months at right prices.

Wm. E. Gesner

The Cash Clothing Store

Winter! Winter!

Don't forget that we have the best line of

Winter Overcoating

that the market can produce at prices to meet every person. Also a choice line of

Ladies' Coat Samples

Give us a call and secure one before too late.

How to Sell Your Place

A wide awake Real Estate Agent gets in touch with practically all the available buyers. So to have your property put before the largest possible number of intending buyers get the **Best** Real Estate Agency you can find to handle your place. We have a list in our office of over 400 intending buyers.

A successful Real Estate Man is a good salesman. Now selling any article, as every one knows, calls for a specialized knowledge of the line sold, and of how to handle the class of buyers encountered. Our manager has a first hand knowledge of farms, himself being a farmer—and we evidently know how to suit men who want farms, as our books show that we have sold 47 places for over a quarter of a million dollars since April 1st this year.

An honest Real Estate Man will list your property with an agreement that protects you as well as himself. We beg to call your attention to our new listing form which protects the seller against unearned charges by the Agency.

The Valley Real Estate Agency, Wolfville, N. S.

NOTICE.—Returned Discharged Soldiers

Returned Soldiers requiring FREE treatment apply to **Dr. L. B. Braine**, Medical Representative of the Soldiers' Civil Re-Establishment for Annapolis, N. S., Asst. Dir. for N. S. and P. E. I.

RED CROSS WORK

The Closing of the Lower Granville Branch

With October, 1919 came the end of the fifth year and the passing away of the Lower Granville branch of the Red Cross Society the first of the four branches of this society formed since the beginning of the war in the eighteen miles of Lower Granville. The society called the Lower Granville Red Cross had for its district that part of Lower Granville popularly known as "The Island", the site of the old French Port Royal of 1665, but it received help from the Karsdale district during the first year before the Karsdale Red Cross was formed and during the whole war much assistance from Stoney Beach.

The Lower Granville Red Cross Society was organized on the evening of Dec 4th, 1914, at the home of Mrs. Gilbert Shaffner, (Jr) and Mrs. Shaffner was the first president. During the three months previous to this, "The Island" district and Karsdale had been very busy over the Belgian Relief work, making and collecting clothing, and raising money for this purpose. The monies collected for the Belgian Relief had amounted to \$183.55.

During the first year of its existence the Lower Granville Red Cross combined the work of Belgian Relief with that of Red Cross work proper. It sent during this time two large boxes to the Belgian Relief Committee, Halifax. These boxes contained 57 pieces of men's women's and children's clothing, 5 quilts, dolls, soap etc. Much of the clothing was new.

From time to time in the four and a half years, since the Red Cross was organized boxes have been sent to the Red Cross, Halifax. The records of these shipments show that they contained the following:

- 595 pairs socks,
- 35 gray flannel shirts,
- 146 hospital shirts,
- 4 sleeping helmets,
- 6 pairs wristlets,
- 8 rolls bandages,
- 41 wash cloths,
- 1 pair bed socks,
- 5 rolls old linen,
- 3 rolls old flannel,
- 1000 pieces old linen of assorted sizes,
- 1550 mouth wipes,
- 92 cheese cloth handkerchiefs,
- 24 dressing covers,
- 17 sheets,
- 63 pillow cases,
- 26 pillows,
- 40 cakes toilet soap,
- 12 huck towels,
- 15 Christmas stockings.

Besides the 595 pr of socks sent to the Red Cross, Halifax, 90 pairs were made from the 36 lbs. yarn sent by the field comfort committee Halifax, and returned to them in that form. Also our soldier boys have been remembered each with a pair of socks at Christmas times and each of the fourteen, whom we were so glad to welcome home, received two pairs on his return.

The Treasurer makes the following report of finances from Oct 1914, to Oct 1919:

RECEIPTS	
Membership fees, collections and amounts raised by teas, suppers, etc.	\$894.09.
EXPENDITURE	
Cost of material for work and cash sums sent forward	\$789.23
Am't sent to Halifax for the purchase of books for one of the military hospitals	\$100.00.
Am't given to the Young People's Society of Lower Granville	\$4.56.
Total	\$894.09.
These amounts do not include the \$183.55 mentioned previously as raised for the Belgian Relief, nor the \$147.00 collected in this district and in Karsdale for the	

Machine Gun, nor the last collections for the British Red Cross and the two collections for the Red Triangle. The division into districts for these last mentioned collections was not made by the Red Cross Societies and it was different from the divisions heretofore made so that the amounts collected in any one of the old sections could not easily be estimated. It suffices to say that at least \$150.00 was collected in this neighborhood for these purposes.

The \$169.00 forwarded to the Red Cross, Halifax, for books to be sent to one of the Military Hospitals was given in loving and grateful memory of the four young men from here who died in the great war. Corporal Harry Robblee, Private Reginald Young, Private Elmer Winchester, Private David McRae.

The special thanks of the Red Cross are due to those who so willingly lent their houses for Red Cross teas and suppers, particularly to Mrs. George Anthony for four years the tactful, energetic and capable and efficient president and to Mrs. J. K. Winchester, three years vice president and most efficient leader in all Red Cross work. These two ladies opened their houses, again and again for the use of the Red Cross. The Red Cross clam supper held during the winter months each year, were well known for miles around, and always more than well patronized.

The ladies of the Red Cross would wish to thank all those who have been so helpful to them in gifts of money, etc. to be used in Red Cross work.

The Lower Granville Red Cross, in passing out of existence has given place to a society organized with the purpose of raising funds for a tablet to the four heroes mentioned above, which tablet, it is proposed to place in the Union Church at the "The Island". Of the \$30.00 which it is thought will be needed for this purpose over \$40.00 has already been raised, and it is hoped that in a few weeks the raising of the entire sum may be accomplished and the tablet placed in position, thus ending the war work in this part of Lower Granville.

S. E. PRIMROSE ELLIOT,
Retiring Sec'y of the Lower Granville R. C.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic.

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

OVER A BILLION... SAVED BY PEOPLE

Some Striking Figures of Savings Deposits from Bank Statement for August

A total of \$1,196,632,931 in savings bank deposits is a gratifying report that many of the countries which have emerged from war would be glad to report to-day. This is the position of Canada as revealed in the bank statement for August.

The amount is \$181,921,066 better than the same month last year, notwithstanding the fact that a good part of it was transferred to last year's \$600,000,000 Victory Loan, and is \$21,540,778 better than July of this year.

This is a promising outlook for the Victory Loan campaign which is at present being carried on. If the depositors in Canada's savings banks were to say the word, they could subscribe the \$300,000,000 asked nearly four times over. The success of the present effort should be overwhelming.

When a man turns over a new leaf he is never satisfied until he gets it blotted up worse than the old one.

Middle Aged Women

Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDARD, 925 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE ISZLA, Box 197, North Haven, Conn.

In Such Cases

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has the greatest record for the greatest good.

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

From News Boy to Hereford Breeder

Frank Collicutt, in the Province of Alberta, rose from a newsboy to a Hereford breeder. His boyhood days were spent in an atmosphere common to all other boys who have to make a living in cities. His ambition to make money had to be gratified by selling newspapers on the street corners. When the first newsboy's route was established in Calgary he got it, and his ability as a newspaper salesman became generally recognized. He applied for the position of newsagent when the Canadian Pacific Railway was being completed from Calgary to Edmonton, and he sold papers, magazines and books on the first passenger train over that railroad.

This environment brought him in touch with many ranchers and farmers in Alberta. He was ambitious, and big men took a personal interest in him. Among these was "Pat" Burns, a packer and rancher, who has been one of Alberta's most prominent citizens since the cowboys and cattle business then, and the day he first sprang into the saddle marked a period of progress. Mr. Collicutt saved his earnings and invested in grade cattle. He later became a buyer for Mr. Burns, and in these two enterprises, buying and investing, he was singularly successful.

After several years of experience in handling a grade herd and feeding steers in thousands, Mr. Collicutt had an ambition to own pure-breeds. His opportunity came when the pure-bred Hereford stock of the Baxter-Reed Ranching Co., in Alberta was offered for sale in 1908. This herd had been imported direct from Herefordshire, England, after having been selected by one of Britain's most competent Hereford breeders. In 1908 pure-bred cattle were not so expensive as they are today, and his investment for the 100 cows and young stock was not so formidable a consideration as it would be now. In the following year Mr. Collicutt bought the herd of Simon Downie & Sons, of Alberta, including the cow, Sally, and the bull, Beau Perfection 11th, both imported from the herd of Warren T. McCray, in Indiana.

Like the Baxter-Reed people he did not fully appreciate the merit of imported English cows, and was backward in paying the price necessary to purchase a bull that would give best results on such high-class females. Importations were made from time to time from Mr. McCray's herd. Fairfax Perfection and Governor Hatley produced the best results in his herd up to the spring of 1915, when Mr. Collicutt bought Gay

(1) Mr. Collicutt's Ranch at Crossfield, Alberta. (2) Some of Mr. Collicutt's Prize Hereford Cattle. (3) Mr. Collicutt's \$20,000 Bull.

Lad 40th, by Gay Lad 6th, from O. Harris & Sons, for \$11,900. This bull was only a yearling when brought to Canada, but he had been a junior champion in the United States the previous season. To-day he has justified his purchase price many times over through his progeny, which now ramble about in large numbers at Willow Springs Ranch, Mr. Collicutt's chief ranch, 30 miles north of Calgary. Gay Lad blood has proved such a happy nick with imported cows that Mr. Collicutt readily bought another Gay Lad, also by Gay Lad 6th, from the Glangarry Ranch, in Alberta, in 1918. The Glangarry Ranch purchased 30 Herefords at the 1917 sale of O. Harris & Sons and among these was Gay Lad 16th, which sold for \$20,000. He was sold in 1918 to Mr. Collicutt together with 30 females, and their increase at the same price, \$20,000. Not only has Gay Lad 16th got a lot of beautiful calves for Mr. Collicutt, but he was champion of Canada in 1918, and stood third in a strong class at the 1918 International, in Chicago. The 1919 Canadian show circuit will see group after group of Gay Lad calves from Willow Springs Ranch. Anyone who is inclined to question the advisability of buying a bull of acknowledged superiority would no longer doubt if he were to see these calves. Their character, smoothness, and uniformity are unusual. A visit to this herd at Willow Springs Ranch reveals one of the most inspiring undertakings in Alberta's livestock industry. One would think that in locating a ranch would think that in all Alberta Mr. Collicutt had sought in all Alberta for the ideal location, and had found it. Nestled in a great coulee are the most modern barns and practical house imaginable. Up and down this coulee the breeding herd rambles in comfort, winter and summer, night and day, with nothing but blue sky for a roof, and the wooded banks of the ravine for walls. In the summer they wade in luxuriant grasses and drink at will from a stream of spring water that originates in the banks of the coulee. In winter they pick at hay and eat shavings. The bulls and matrons suckle together with the matrons suckling their babies, find shelter in the well-bedded boxstalls in the barns. All others welcome the freedom and unconventionalities of the outdoors. There is satisfaction in the utility of Hereford's properly bred and cared for.—Canadian, in Breeder's Gazette.

Canadian Pacific Royal Train

The Prince of Wales will travel in Lord Shaughnessy's private car "Killarney", which the Chairman of the C. P. R. has placed at the Prince's disposal.

In addition to the "Killarney" the train is to have a second private car, the "Cromarty", belonging to Commander J. K. L. Ross. The "Cromarty" is finished in satinwood and fitted with every comfort imaginable. The remainder of the train consists of the compartment car "Empire", the dining car "Canada", two sleeping cars the "Carnarvon" and the "Chester", and the car "Chinook", with two baggage cars at the head of the train.

The engine and several of the cars, notably the "Chinook", have been completed for the occasion, but are especially interesting in that they are the first of a new series that have been adopted for the entire C. P. R. System, and are equipped with everything that is modern in railway carriage building. After this journey these cars will be drafted into the regular service. During his visit to Canada the Prince of Wales will live on the train for about two months, making the "Killarney" his headquarters throughout the trip. The train is accordingly equipped with modern devices and conveniences, thus enabling the Prince and his suite to enjoy as nearly as possible the comforts of a stationary dwelling. Nothing has been overlooked for the handling of the train, and the temperature of the stateroom, which is a standard appliance in Canadian Pacific equipment, to the telephone that brings him in touch with all parts of the train.

In order to distinguish it from all other cars on the line, the "Killarney" will bear the coat of arms of the Prince of Wales, having beneath it the inscription "Ich dien". The car is entered by means of a small observation platform at the rear, small yet large enough to accommodate several arm chairs from which the royal party will view the wonders of the Rockies or the prairies. The first compartment is also devoted to observation, a com-

compact little room fitted with a lounge, easy chairs, a table and electric fans. On rainy days or in cold weather the passing scenery may be viewed more pleasantly through the large windows on either side, than from the platform outside. A speed recorder adds interest to the constant enticement of the journey, while an air pressure gauge indicates the application of the brakes by the engineer.

Next to the observation compartment comes a section devoted to the Prince's secretary, after which one reaches the bedroom to be occupied by His Royal Highness in person. A rich simplicity characterizes this compartment, which is finished in white mahogany inlaid with a fine line of ebony outlining the panels. Built into the walls across the end is the bedstead, finished with little ornamentation in the white mahogany of the room. Over the bed may be pulled a roller curtain to protect the occupant from the dust and draughts of the ventilators in the ceiling. The door is a full length mirror and an oval glass is set above the dressing table and toilet are brass in harmony with the woodwork and a large receptacle is screwed into the wall to hold a thermos bottle for hot or cold drinks during the night. Next to the royal bedroom is a second stateroom, with two berths similar to the first assigned to the secretary. Then in a niche in the wall is a shower bath of white tiles and porcelain.

The central portion of the car is devoted to the dining room which is tastefully decorated in royal blue. Beneath the little extension table is a heavy pile carpet of blue, with six chairs upholstered in tapestry to match. The curtains and even the drawers of the sideboard carry out the color scheme, for the silver table service reposes between divisions of blue tapestry velvet. Between the sideboard and the window is a secretaire with pens and paper ready for many social notes that will be imposed upon the Prince and his secretary. Above it is a miniature bookcase, just large enough for a few delightful volumes specially furnished, and all by Canadian authors.

With steel walls finished in imitation mahogany, a kitchenette, pantry, icebox, service counter, charcoal heater and chef's bedroom, have been fitted into limited space beyond the dining room. The compartment car "Empire" is reminiscent of an English coach, for the seats are partitioned off and joined only by the narrow corridor that runs down the length of the car. At each end is a commodious drawingroom with a sofa in addition to the upper and lower berths. The color scheme of the compartment is marbled with the green of the heavy fringed plush upholstery. In each room is to be found an individual heating control. The members of the Prince's im-

MICKIE SAYS

(VOICE) YES, WE SOLD OUT, BUT DON'T SAY ANYTHING ABOUT IT FOR TWO OR THREE WEEKS

WOT! WAIT 'TILL EVERYBODY IN TOWN KNOWS ABOUT IT? SAY, WOT? DO YA THINK WE'RE GETTIN' OUT-AN ALMANAC?

MIDDLETON

(Outlook)
Miss Annie Phinney returned Wednesday to Lawrencetown after spending several months with Miss Margaret Dodge.

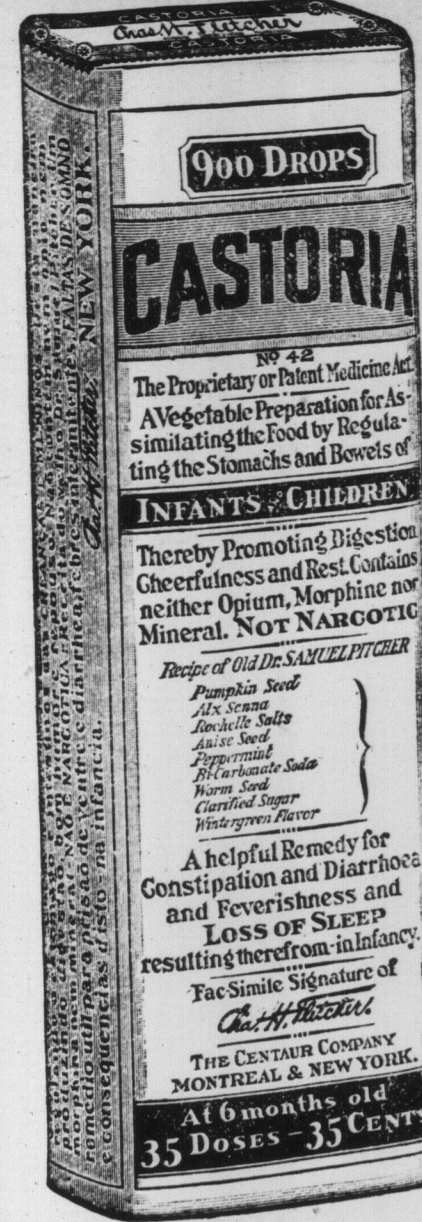

Mrs. G. N. Reagh went to Halifax on Tuesday, accompanying her niece, Miss Marion Shafner who had been spending some weeks in town.

Mr. Hatfield of the "Register", Berwick, and Mrs. Hatfield spent the week end with the former's parents, Mr. and Mrs. R. I. Phinney.

Rev. D. K. Grant went to Halifax last week to attend the funeral of his wife's sister, Miss Helen McGregor which took place on Wednesday.

Merrill P. Neily of Saskatoon, Sask., arrived Wednesday and is the guest of his mother, Mrs. Kebecca Neily. Mr. Neily brought with him samples of potatoes grown in his own garden—the Prairie Flour, Kentucky Red and Blue Rock each weighing 2 lbs.
