CITY TRANSPORTATION PLANS CALL FOR TUBE TUNNEL RADIALS AT COST OF EIGHTEEN MILLIONS

Scheme Mapped Out by Traffic Commission Calls For Tube on Teraulay Street, Tunnel Under Exhibition Grounds, Radial Terminal Between Yonge and Bay and Purchase of Toronto Railway in 1921.

After eight months of preparation by a commission of the three best engineers in Toronto and a staff of scores of surveyors, clerks, draughtsmen and transportation experts, the report of the Toronto traffic commission is finished. It will be presented to the board of control this morning and will be discussed at a special meeting of the city council on Wednesday afternoon. The report is the most complete ever put before the people of Toronto so far as the street railway and radial lines are concerned.

IGNORE PEACE CHATTER

Allies Continue to Land Troops at Saloniki Without Intervention.

LONDON, Dec. 6.—The peace talk which emanates from the Vatican, Switzerland and Scandinavia, and has been aroused by the proposed questions by the Socialists in the reichstag and the Pope's address in the secret consistory, evokes no echo here. The British people are quite prepared to believe that Austria-Hungary is tired of war, that the people of Germany, with the knowledge of the heavy losses suffered at the different fronts, may be anxious to see an end to it, but they do not expect the rulers of the central powers to make any suggestions that any British government would or could consent to.

ITALIAN INFANTRY'S DASHES GAIN ADVANTAGE IN CARSO

Artillery Continues Actions Along Whole Front Despite Unfavorable Atmospheric Conditions—Austrian Attacks Repulsed.

ROME, Dec. 6.—The official communication issued by the war office today says: "There have been artillery actions along the whole front despite the unfavorable atmospheric conditions. Our artillery has destroyed enemy shelters in the Volaja zone of Carnia and dispersed a detachment of troops in the Seebach valley. "Enemy artillery bombarded Paularo on the upper Chaviso and Montefalcone causing some damage. Enemy detachments which were favored by the mist, attempted to break into our lines at various points but were everywhere repulsed, and in Glouos zone of the middle isonzo were counter-attacked and put to flight. "Short but dashing advances by our infantry have given us some advantage in the Carso region."

FRENCH FOUGHT CHINESE REBELS

Lively Encounter Occurred in Front of French Concession in Shanghai.

ROUND UP MUNITIONS

Men Arrested Were Armed With Bombs, Rifles and Bayonets.

SHANGHAI, Dec. 6.—During the forenoon trouble developed in the vicinity of the French concession. About 10.30 o'clock three hundred men, for the most part coolies armed with bombs and mauler rifles, attempted to seize the Chinese position at the west gate of the native city adjoining the French concessions. Their attack was repulsed and they attempted to retreat into the French concessions, resisting attempts by the French police to disarm them. Firing on the Rue Eugene Bard. Fifteen arrests by the Chinese and French police followed shortly. Intermittent firing by the rebels was kept up. The international volunteers have been called out and posted at strategic points with orders to search for weapons all Chinese coming into the settlement. This afternoon French police arrested a body of 25 men at Sicaicwai near the native city. The men were armed with bombs, rifles and bayonets.

RUSSIANS TOOK MANY PRISONERS IN OCTOBER

GENEVA, via Paris, Dec. 6, 9.55 p.m.—The Russian legation at Be ne today issued the following statement: "In the month of October the German official communication greatly exaggerated the number of Russians made prisoner. October was an especially successful month for the Russians, who captured 674 German officers, 48,200 Austro-German soldiers, 21 large cannon, 1113 machine guns and three searchlights."

Greece Will Protest to the World and Resist Passively if Coercive Measures Are Used, Says the Monarch, Who Complains Bitterly of Entente Powers' Attitude.

ATHENS, Saturday, Dec. 4.—(By a staff correspondent of the Associated Press.) Constantine L. king of the Greeks received the correspondent of the Associated Press today and gave him a message for America on the attitude which Greece has assumed in the world war and the reasons for the policy which has been followed by the Greek Government. "After declaring that the Anglo-French forces were inadequate and that participation in the war by Greece would only result in Greek territory being laid waste by the enemy, King Constantine said: "If the entente will assure me that when they are driven back into Greek territory they will consider the Balkan game ended, re-embark and leave Greece, I will guarantee with my whole army to protect their retreat against the Germans, Bulgarians, or anybody else and give them time to embark without being endangered. Then I would be legitimately protecting my frontiers, and it would not involve Greece in further risks. More I cannot do.

Demands Too Much.

"The entente's demand is too much. They try to drive Greece out of neutrality; they come into Greek territory and ask waters as if they were theirs. At Nautila they destroyed tanks of petroleum intended to be sent to the front, and they say that they might be used by German submarines. They stop Greek ships; they ruin Greek commerce—they have taken away the American ships too; they want to seize our railways, and now they demand that we take away the troops guarding the Greek frontiers, leaving my country open to invasion of any lawless invasion. Passive Resistance.

WARSHIP SUNK BY BRITISH SUB.

Turkish Destroyer Sent to Bottom in Sea of Marmora.

Supply Steamer and Four Sailing Vessels Also Accounted For.

LONDON, Dec. 6.—The Turkish torpedo boat destroyer Yar Hisar has been sunk in the Sea of Marmora by a British submarine, it was announced in a British official statement this evening. A supply steamer and four sailing vessels also were destroyed by the submarine on Dec. 3 and 4. The official report follows: "A report has been received from one of the British submarines operating in the Sea of Marmora describing her recent activities. "On Dec. 2 she fired into and damaged a train on the Ismid Railway. "On Dec. 3 she torpedoed and sank the Turkish destroyer Yar Hisar, outside the Gulf of Ismid. She picked up two officers and 40 men of the destroyer's crew and placed them on board a sailing vessel. "On Dec. 4 she sank a supply steamer of 2000 tons off Panderna by gunfire and also destroyed four sailing vessels carrying supplies."

Future Uncertainties.

"I am, especially glad to talk for America, which I believe will understand Greece's position. We are both neutral and are together determined, if it is humanly possible, not to court destruction by permitting ourselves to be drawn into the frightful vortex of the present European conflict. "America is protected from immediate danger by the distance which separates her from the battlefield, but she should not be lulled into a false sense of security. What is happening in Greece today may happen in America, Holland, or any other neutral country tomorrow if the present course is not established in the case of Greece is once fixed. "The interview with the king took place at noon in the smaller palace, which is the king's personal residence, and the audience lasted an hour. "From time to time emphasizing the earnestness and sincerity of what he was saying, he thanked the table soundly with his clenched fist. "Despite the seriousness of the message he was delivering, his fine gray eyes occasionally twinkled with merriment. "Suspicions Unfounded? "The fundamental cause of the entire throbbing attitude of the entente powers towards Greece today, and of the painful situation of my country, is the desire of the entente's opponents to see Greece's neutrality assumed, without the slightest reservation, that Greece is ready to betray the entente to Germany at the first favorable opportunity. It is reasonable to suppose such a thing? "From the very outset of hostilities in the Balkans, Greece's neutrality has been stretched to its limit to accommodate the entente powers, for whom we have always felt the keenest sympathy and the deepest gratitude. The Dardanelles operations were directed from Greek islands occupied by allied troops. When Serbia was endangered by the combined attacks of German and Bulgarian troops, the allied troops landed on Greek soil from which, with the second city of Greece as a base, they prosecuted, not only unopposed, but aided in every way consistent with any sort of

COON COATS FOR COMFORT.

The cold days of winter will be upon us before we are prepared to withstand the sharp winds and frost. Men find more comfort in coon coats than in any other winter garment they can purchase. The Dineen store, 140 Yonge street, is headquarters for fur coats. For over 50 years the Dineen Company have been supplying the men of Toronto with their winter apparel. From the days when they attended college until they have retired from business, many men have come to this store for their furs, so that today the Dineen store is the best known establishment in the Dominion for men's furs. Coon coats are priced at \$50 and up. The best way to appreciate the values is to visit the Dineen store and personally select the coat that meets your requirements. The stock was never so complete and the quality was never so high as now.

GERMAN TROOPS RUSHED TO WESTERN THEATRE

Rotterdam Reports Concentration of Enemy for Expected Big Battle.

LONDON, Dec. 7.—A despatch to The Daily Mail from Rotterdam says: "Newspapers from south and west Germany, which had been stopped for a fortnight, came to hand today, which may mean that a concentration of German troops on the western front for the expected big battle has been completed. "Undoubtedly troops have been pouring into France and Belgium for a week, but it cannot be learned precisely whether as a precaution against an entente allied offensive or whether Germany will take the initiative."

neutrality, their fruitless and too long delayed campaign to rescue their ally. Gave Personal Pledge. Finally, I myself have given my personal word that Greek troops will not be used to attack the Franco-British forces in Macedonia, merely to ally unjustified suspicions.

Just suppose the Germans were in a position to demand that your country concede the use of Boston or Seattle as the base for an attack on Canada. What would you do? If all your military experience and the advice of your general staff told you that such a landing was doomed to failure because of the lack of adequate force and you realized that the British troops in Canada would pursue the retreating Germans across New England, destroying them, would you accept the prospect without a struggle?

Wants a More War. "That the Greek frontiers will be re-occupied after the war does not rebuild towns, or complete the work of months, perhaps years, spent in living in misery as fugitives from their own land, when their country is not at war, nothing to gain by risking devastation."

Why, the entente powers treat me as if I were the king of a central African tribe, to whom the sufferings of his own people were a matter of indifference. I know what war is. I do not want any more. I know that I can help it, we shall not have any more.

Personal Invitation. "Another thing I want to make clear. It is said that M. Venizelos, with my assent, invited the allied troops to come to Saloniki. Nothing would be further from the truth. Venizelos may have expressed the personal opinion that if the allied troops entered Saloniki, Greece would not resist—how could she resist? But that M. Venizelos ever, as the responsible head of the Greek Government, formally invited foreign troops to enter Greek territory is wholly untrue."

RECRUITING CAMPAIGN IS BRINGING RESULTS

Two Hundred and Sixteen Men Were Accepted for Active Service Yesterday.

SETS UP NEW RECORD Largest Number Attended in One Day Since Recruiting Depot Was Opened.

A strong upward movement in enlistment took place at the depot yesterday, the total of 216 recruits accepted for overseas service being the largest number reported in one day since the depot was opened. The big enlistment total is hard to definitely account for but is probably due to quite an extent to the relaxation of the former rigid eye-sight test, the special recruiting campaign being conducted by the British Grenadiers yesterday, the Sunday recruiting meetings and the sending out of notices to men who held "hospital passes" and had not returned to the depot.

At ten o'clock last night the Royal Grenadiers held a recruiting parade, marching by St. James' Park, King, Yonge and Queen streets. The parade was carried by relay messages over a wireless telegraph system. The manoeuvres practised today by the scouts of the 74th, 75th, 83rd and 82nd over-seas battalions of the Grenadiers.

BIG CONFERENCE IN PARIS TO ARRANGE CAMPAIGN

Six Allied Powers Represented—Peace Talk is Disregarded.

LANDING AT SALONIKI Little News Has Been Received of Operations in Serbia.

The council meeting was attended by representatives of Great Britain, France, Russia, Italy, Belgium and Serbia. The Balkan states were represented by General Glinzsky, aide-de-camp to Emperor Nicholas II, and by General Porro, second in command of the Italian army, and by Colonel Stefanovich.

Where and when the allies will attempt the stroke, which they expect to start and turn the tide, only the conference knows and are not likely to take the public into their confidence. There is evidence, however, of some change in the Balkan front. The British and French have been beating off a Bulgarian attack and, despite rumors that a withdrawal to Saloniki, owing to the Greek refusal to be championed, more troops are being landed.

WOUND GRADE

The York Township Council yesterday took a forward step when, following a public conference with the Hydro-Electric Company, they gave orders for the immediate lighting of the Don valley in the Don valley north of the valley and up to the De Grass hill. In all there will be between 25 and 30 lights, which is expected to effect a wonderful improvement in what is destined in the near future to be a popular driveway. Members of the council are showing enthusiasm in the idea of better lighting and will extend the lines as rapidly as they can be financed.

WOUND GRADE

The Canadian Northern submitted a profile showing the proposed changes in the grade at Oakwood avenue, which is proposed to eliminate two grade crossings over Park Drive. When the application comes before the railway board the township will be represented by their solicitor. A claim for damages, preferred by Sidney Burton, to the amount of \$2500, against the township, due to some change in the grade at Oakwood avenue, was referred to yesterday's meeting of Mrs. Green, who claimed damages for an accident on the Lansing Avenue road, near W. A. Clarke bridge, was thrown out.

NEWS FROM THE CITY HALL

CITY HALL NOTES

November's total public school registration showed a falling off as compared with October, when the figures were 59,343.

W. J. Chick, an inspector attached to the drafting department of the city architect's office, died on Sunday at his late home, 203 Ontario street.

Ald. David Spence will be out of the civic arena, having announced his intention of retiring yesterday. He says he will devote his spare time to the study of municipal politics until after the war.

Books and magazines for the soldiers at the Exhibition camp are being gathered by the children of Toronto schools. The contributions are brought to the schools and later picked up by the board of education and taken to the camp for distribution.

Mayor Church, Ald. McEbride, Park Commissioner Chambers and Dr. Orr, manager of the Canadian National Exhibition, were in Ottawa yesterday interviewing the minister of militia in regard to the erection of huts for the soldiers at the Exhibition grounds.

Toronto's public schools will reopen on Jan. 3, and not one day later, as had been decided to close the schools for the extra day the cost of the city in salaries of principals and teachers would be \$7500, for which there would be no return.

Christmas tree dealers are already sending in tenders for the supply of trees for the public school kindergartens. In other years it has been difficult to get a sufficient number of trees to go round, and of late the trees have come from northern Ontario, the price paid last year being 70c each.

City Architect Pearce has granted a building permit to the Dominion Government for building a temporary cast-iron building at the old General Hospital grounds to cost \$1000.

A permit has also been issued to S. B. Hinder for the erection of a drug store and apartment at the southwest corner of Eglor and Sherbourne sts., to cost \$3500.

J. A. Ellis, who represents ward seven on the board of education, has decided not to run again this year. It is expected that all the other members of the board will be in the field, their names being as follows: Ward one, Dr. G. J. Steele; ward two, John Noble; ward three, William Houston; ward four, William Volpe; ward five, W. O. McTaggart; ward six, Chairman W. W. Hodgson.

Milk Production Was Low, But Percentage of Butter Fat Very High.

By a Staff Reporter. GUELPH, Dec. 6.—Colantha Butler, a Holstein owned by M. H. Hacey of Springfield, was declared champion of the dairy competition, the remarkable part being that she was the next five competitors far outdistanced her in the milk production of three days. The latter test of her milk, however, was remarkable, the winner's milk showing a percentage of butter fat of 5.3, which is better than the showing of the five Jersey. Highland Ladoga Mercena, owned by James G. Currie, Ingersoll, was awarded second prize for her milk production for the three days was 79 pounds more than that of the winner. Third place was carried off by Maud Snowball, owned by W. H. Cherry, Hagersville, and her milk production was 44 pounds for the three days more than that of the winner. The six awards out of a competition of 37 cows went as follows:

1. Colantha Butler, Holstein, owned by M. H. Hacey, Springfield, 3 1/2 years old. The winner's milk production for three days was 107 1/2 pounds and the milk showed a percentage of butter fat of 5.3. Average per cent. for solids not fat, 9.575. Total number of points, 29.32.

2. Highland Ladoga Mercena, owned by James G. Currie, Ingersoll; three days' milk production, 257 1/2; percentage of butter fat, 5.6. Solids not fat, 8.7. Total points, 28.832.

3. Maud Snowball, owned by W. H. Cherry, Hagersville, Holstein; three days' milk production, 231 pounds; percentage of butter fat, 5.2. Solids not fat, 8.7. Total points, 28.32.

4. Ladoga Idaline Veeman, Holstein; owner, A. E. Hulet, Norwich; three days' milk production, 257 1/2; percentage of butter fat, 5.6. Solids not fat, 8.7. Total points, 28.832.

5. Pauline Colantha Poch; owner, A. E. Hulet, Norwich; three days' milk production, 257 1/2; percentage of butter fat, 5.6. Solids not fat, 8.7. Total points, 28.832.

6. Lady Jane; owner, A. S. Turner and Son, Ryckman's Corners; three days' milk production, 194.4 pounds.

THREE LIVES LOST BY BURSTING OF VALVE

Loud Report Interrupted Morning Prayers at the Grey Building.

OTHERS SERIOUSLY HURT

Triple Fatality at Foundry on Church Street Yesterday Morning.

George Kellor, 37 Yarmouth road; Thomas Ross, 133 Mutual street, were killed, and William Woods, 460 Weston road, was killed and William McLean, 96 Shanly street, and Arthur Goss, 887 Gerrard street, were injured at 7:10 yesterday morning when the valve on a boiler exploded in the engine room of the Grey Machinery Manufacturing Company at the corner of Church and the Esplanade. The men were caught in the scalding steam when the valve exploded and Ross and Kellor were disfigured, almost beyond recognition. Both had made a desperate attempt to escape by the outer corridor. Kellor was found lying across an air pipe, which prevented him from reaching the door, and Ross was discovered at the entrance to the coal chute. Their bodies are at the morgue where an inquest was opened and adjourned until Monday next.

The other three men were removed to St. Michael's Hospital, and Woods, who was terribly scalded from head to foot, succumbed to his injuries at 6:05 last evening. His body was also removed to the morgue. McLean sustained severe burns about the body and Goss had his hands and face injured.

Others at Prayers. At the time the explosion occurred 75 other workmen were attending religious service in another part of the building. It has been customary for William Grey, one of the heads of the firm, to hold the service at the plant every morning from 7 to 7:30, before the men start work. They were not compelled to attend and they were paid for the thirty minutes spent in devotion. According to the police, none of the five men who fell victims to the explosion had been in the habit of attending the services, but went to the foundry at 7 every morning and smoked until the time to start work.

The sound of a terrific explosion, and the tearing noise of the splintered steel and the hiss of the escaping steam brought those who were engaged in prayer to the outer room immediately. Realizing what had happened, Chief Engineer H. J. Squires, 177 Close avenue, dashed over to the boiler and succeeded in replacing the valve. On the floor lay the twisted bodies of the killed and injured. It was seen at once that Kellor and Ross were beyond aid. The ambulance was immediately summoned and the injured rushed to the hospital.

Terribly Scalded. When he had received treatment and was able to sit up in bed Goss told what had happened. He said they were sitting near the boiler when the steam got up and went to it. Suddenly there came a loud crack and the room filled with steam. They all fled for the door, but the two men who were killed got blocked in the doorway and while there were terribly scalded by the steam. After a time they made their way out. Goss says he was the last to escape and was not seriously hurt. No reason is given for the accident and no person will be allowed to enter the building until an expert has examined the boiler to find the cause of the explosion.

MAKE SOLDIERS WIVES AND CHILDREN HAPPY

Fifty Thousand Club Safest and Most Efficient Way to Make Contributions.

Do you want to feel certain that the money you willingly contribute for the wives and children of the men who have gone to the front is wisely spent? Do you want to feel that you are doing a share in keeping them provided with the necessities of decent life? If you do, then become a member at once of the 50,000 Club. This means that 50,000 persons combine to give \$1 per month each to the Toronto and York Patriotic Association's funds, which is administered by a board of Toronto's best known business men, giving their time and experience without any remuneration whatever. If the full 50,000 persons are secured it will mean that \$50,000 a month will be turned into this fund during the continuance of the war. This will go a long way toward making the wives and families of deserving soldiers comfortable and happy while the husband and father is away.

You can place your money to better advantage through no other association or society. The 50,000 Club does the work quietly and effectively and economically. Membership is steadily growing every day, and it is fully expected the required number will be reached shortly.

Opposition Proposed Giving Economic Questions Priority Over Military Measures.

MADRID, via London, Dec. 6.—The cabinet of Eduardo Dato resigned today owing to the leaders of the opposition serving notice of a proposed motion to give economic questions in parliament priority over certain military measures which were declared to be unnecessary. Count Romanones, former premier, supported the motion, which Premier Dato declined to accept and left the chamber of deputies to present his resignation and that of the ministry to King Alfonso.

RETURNED SOLDIERS GET POSTOFFICE JOBS

Fifty or More Will Help Handle Christmas Rush.

Returned soldiers will help to handle Christmas mail, according to arrangements made yesterday afternoon by the Soldiers' Aid Commission, when fifty men who have returned from the front were informed of the temporary employment. More men are needed and preference will be given to the soldiers. Chairman W. D. McPherson of the commission said that there were 460 men on the books, with the addition of the 50 who arrived from Montreal yesterday. Letters of appreciation had already been received from employers who had secured soldiers in their employ, as well as from the soldiers themselves. "Plans for the messenger service bureau were being worked out," Mr. McPherson said, "but the details had not yet been arranged. The classes for technical education were being arranged, and the facts and ideas that had been brought forward would be put into more definite shape at the next meeting of the commission on December 14."

N. W. M. P. WILL CARRY MAIL TO STEFANSSON

Party Will Leave Dawson City Shortly After Christmas.

DAWSON, Y. T., Dec. 6.—With the freezing of the Yukon River the winter highway to the railroad at White Horse was opened today, three horse-drawn stages moving each way.

The annual Northwest Mounted Police expedition, carrying mail for the Stefansson expedition, whalers and traders, will leave here shortly after Christmas. At Fort McPherson the expedition will meet another party of men bringing the mail from Herschel Island and other points on the Arctic. Letters from Stefansson and his men are expected to be in this mail.

ONE VOLUNTEER BEATS TEN WHO ARE FORCED

This is Belief of Rev. Dr. W. J. McKay, Whose Son Has Enlisted.

One volunteer is worth ten forced to join the army by compulsory methods is the estimate made by Rev. Dr. W. J. McKay, whose only son, Lieut. E. McKay, has volunteered for overseas service as a member of the army flying corps. Dr. McKay said to The World: "With all my heart I hope there will be no conscription in the old country, or compulsory methods adopted in Canada. I believe that as young men of military age and qualifications are brought face to face with the issues of this great and terrible war they will respond willingly to the call of their country. One man choosing spontaneously to serve the colors would be better than ten forced to render unwilling service."

RECEIPTS FOR NOVEMBER FOR SECOURS NATIONAL

Reached Total of Thirteen Hundred in Cash and Many Gifts of Clothing.

The Secours National reports for the month of November, 32 gifts of clothing and materials received, one gift consisting of 12 cases of new clothing from Sarnia. Twenty-six packing cases were sent to France. An urgent appeal has come for blankets and warm clothing, and the committee begs for such contributions to be shipped at once to the suffering French refugees. Gifts of hospital shirts, bandages, pillows, hot water bottles, etc., were also reported. Forty-one boxes of Red Cross supplies for the poor French hospitals were forwarded last month; of these 24 cases came from Hamilton, as well as sheets, towels, socks, etc.

COMMONS DISCUSSES HENRY FORD'S MISSION

Lord Robert Cecil Makes Ironical Allusion to Personnel of Party.

LONDON, Dec. 6.—A request made in the house of commons this afternoon by Sir Edwin A. Cornwall, Liberal member for the northeast division of Bethnal Green, that an intimation be sent to Henry Ford and William Jennings Bryan that their proposed peace mission to this country would be "irritating and unwelcome" at the present time, drew the response from Lord Robert Cecil, parliamentary under-secretary for foreign affairs, that as the passports of the members of the peace mission only had been issued for neutral countries the contingency contemplated by Sir Edwin did not arise. Lord Robert Cecil said: "Speaking for myself, I think it would be in the highest degree undignified for the government of this country to send an intimation to a lot of ladies and gentlemen, who, whatever their merits may be, are of no particular importance."

SHIPS PRESERVED FRUIT TO MILITARY HOSPITALS

Hamilton Canadian Club is Sending Over Seven Thousand Jars This Week.

This week the Canadian Club of Hamilton is shipping 7,000 jars of preserved fruit for the Canadian military hospitals in England and France. In all 40,000 jars have been sent across seas. Three carloads of dried apples, oranges, and other fruits were forwarded from the same source. The entire shipments represent the handsome sum of \$50,000.

Can You Save 60c. per Week?

For a man between the ages of twenty-three and thirty, about 60c. a week will maintain an Imperial 20 Payment Life Policy for \$1,000. If, after you have paid but one premium on such a policy you should die, this Company would pay \$1,000 to your wife or other beneficiary. That \$1,000 invested at 4% would yield your heirs an income of \$1.15 a week as long as they live, and still leave the principal intact. Have you considered what a wonderfully safe investment this is? Think of the men who were worth thousands before the war who do not possess five hundred dollars in real money today. The bottom has fallen out of their real estate and stock holdings and if they were to die their affairs would be in a bad muddle. One policyholder said recently "the only thing I possess that is worth one hundred cents on the dollar is my life insurance policy and I regret today that I am not carrying five times as much." Write for our booklet entitled "Penniless Old Men." You'll find it interesting.

TUESDAY MORNING, DEC. 7.

Canada Must Become Financially Efficient

England asking Canada for financial aid would have been a situation too fantastic a few years ago for a novel by Jules Verne. Even to us in all the topey-turvey of the war it comes as a startling revelation.

The recent domestic loan has shown that we can finance our future war expenditures, at least to some extent, and we are now addressing ourselves to the task of extending credit to our allies for war munitions.

With the admirable address on this subject delivered to the Canadian Club at Ottawa by Hon. R. M. Brant, C.M.G., the personal representative in Canada of the British minister of munitions, we heartily agree.

No one doubts our natural resources and no one can dispute that our people generally are prosperous. Our nation, however, has always been a borrowing nation, and is today a debtor nation.

The problem, therefore, narrows down to how are we going to mobilize our national wealth and credit most effectively? Evidently we must mobilize them at all we must have government connected with the banks and therefore not in touch with the business of the country.

If Canada is to retain her leadership on this continent in the battle for freedom she must become financially efficient. She must reconstruct on modern lines her banking and currency system.

AT LAST

Not only would the national bank of issue and rediscout enable the chartered banks to utilize for business purposes a great deal of hoarded wealth, but it would enable them by acting together and in harmony with the government to finance the big undertaking which now confronts Canada.

The allies have plenty of collateral, but do not want to pay cash, for the time at least. The chartered banks have a good deal of capital, but they have to see after the ordinary business of the country.

The United States finds the federal reserve bank scheme a great success. That country has freely used national credit and national currency to finance war orders.

Important Clauses in the Radial Bylaw

Clauses C and E in section 2 of the schedule of the hydro radial bylaw have aroused more comment than any other part of the document.

The first of these clauses prevents the grant of a franchise of any kind for transportation purposes in future. At present the city is safeguarded by Sir Adam Beck's act requiring a vote on the granting of any public franchise.

By the other clause the commission can control the streets of the city, or any other property of a civic character which it requires. It is well that the citizens should fully understand the intention of these clauses, and Sir Adam should take occasion to give a full explanation of their purport.

Former Premier's Manifesto Barred From Transmission by Wire.

PARIS, Dec. 6.—Eleftherios Venizelos, ex-premier of Greece, has issued a manifesto, addressed in the name of the Liberal party, to the people of his country, advising abstention from voting in the forthcoming general elections.

"Day by day," says M. Venizelos, "the constitution is deformed into a simple scrap of paper, and we find ourselves at present in a deviation from our political principles."

Ex-Premier Venizelos points out what he calls the entire absence of necessity or excuse for an appeal to the people for the second time in a few months amid the confusion of war.

Political Comedy. After calling attention to what he terms the difficulties that make fair elections impossible, M. Venizelos declares that the government is secretly arranging to have home on leave all the members of the cabinet whose mobilized men which it can count upon to vote for government candidates.

FIGHT NEAR PLEVLJE

Montenegrins Are Offering Most Stubborn Resistance to the Austrians.

LONDON, Dec. 6.—The Athens correspondent of the Havas Agency sends the following under date of Sunday: "According to news from Saloniki, the Serbian troops retreating from Monastir arrived at Gjevelj (on the Greek border) yesterday and will fight under the orders of Gen. Saraj (commander-in-chief of the French army in the orient) in conjunction with the French troops."

A band of Turkish and Bulgarian irregulars is reported to be between Monastir and Kavadar, seeking to harass the French at Kavadar.

GERMANS MORE ACTIVE ALONG CANADIAN LINES

Aerial Reconnaissance More Frequent Till Driven Off by Allied Airmen.

MANY ENEMIES SNIPED

Ten Germans Stood Up in Trenches Waiting to Surrender.

OTTAWA, Dec. 6.—Events on the Canadian front last week are dealt with in the weekly report of Sir Max Aitken, general representative, to the minister of militia today. It reads as follows: "During the week of Nov. 28, to Dec. 3, the general situation on the Canadian front underwent no material change, the weather being unsettled and variable. Frost and light snow falls at the commencement of the period were followed by warmer weather and heavy rain storms towards its close. The enemy displayed great activity in aerial reconnaissance throughout the period. On several occasions his aeroplanes have directed artillery fire against our positions until driven off by our airmen and the fire of our anti-aircraft guns. The enemy has been busily employed repairing damage to his wire and trenches, caused by our bombardment of Nov. 24. On numerous occasions his working parties have been interfered with or dispersed by the fire of our artillery and machine guns. Small parties of the enemy have exposed themselves with unusual frequency during this period, probably owing to the wet condition of their communicating trenches. Our snipers and machine gunners have taken full advantage of this situation.

GERMANS WAVED WHITE FLAG

On the morning of Nov. 29, a group of 10 Germans stood up in a trench displaying a white flag and calling out 'Comrades, good Canadians.' They did not attempt to come across and disappeared on being fired at.

The latter half of the week was marked by increased activity on the part of the enemy's artillery, but our artillery maintained its superior weight of fire. On the afternoon of Dec. 1, the enemy heavily bombarded sections of our front line trenches in retaliation for the bombardment of our positions by British forces on our right. Little material damage was done and necessary repairs were rapidly effected. Our heavy artillery responded with good effect against the enemy's batteries and front trenches. The Germans were seen leaving the trenches during our bombardment.

Weather conditions have afforded an opportunity for increased activity by our patrols, suspected enemy firing posts have been visited and bombed and much useful information brought in by patrols.

ACTIVE PATROL WORK

A patrol of our 13th Battalion, Royal Highlanders, passed thru unopposed ground in the morning and within 30 feet of the German parapets and after completing the reconnaissance returned unobserved. Enemy patrols have been more active in a few encounters with our patrols have occurred. On one occasion our patrol, under Lieut. H. Eym, of the 2nd Battalion, exchanged a few shots with the enemy. At least one German was accounted for. Our patrol returned safely. On another occasion our patrol of five near the German wire. By the light of flares sent up from the German trenches, our patrol was enabled to disperse the enemy patrol with bombs.

On the night of Dec. 1-2, a German party was discovered cutting our wire in front of a trench which had been heavily shelled during the previous afternoon. The enemy was driven off.

Enemy's Wire Cut. On the same night the enemy's wire was discovered cutting our wire in front of a trench which had been heavily shelled during the previous afternoon. The enemy was driven off.

DECISION IS IN FAVOR OF PHONE SUBSCRIBERS

Woodbridge and Vaughan Telephone Company Must Not Charge for Extra Calls.

WALLACE BROS.' VICTORY

Ontario Railway Board Ruled for Woodbridge Firm Yesterday.

Decision was given against the Woodbridge and Vaughan Telephone Company by the Ontario Railway Board yesterday when that company presented its claim that subscribers pay for telephone privileges extended to their guests or employees of the Bell Telephone Company. Wallace Brothers, who conduct a milling business in Woodbridge, were sent a telephone bill extending over a period of four months for a large number of telephone calls which were made by persons who it was claimed, were not employees of that firm. Those messages, the board decided, should be included in the regular subscriber charge and that the latter could give phone privileges to their friends if they chose.

BURSTING OF SHELLS MADE EARTH TREMBLE

Terrific Artillery Duel Was Accompaniment of Sunday Services at the Front.

Terrific Sabbath day artillery duels are described in a vivid letter to a Toronto friend from Capt. Rev. J. B. Grimshaw, one of the chaplains with the first Canadian contingent. Writing from northern France, Capt. Grimshaw says: "Yesterday, Sunday, was a good day with us. At 8.30 in the morning I met the first section of our men on church parade and from there I went to the various gun positions and sections of our brigade which I had conducted during the week and covered I don't know how many miles, returning to my billet after dark.

"Rain came on before the day was done, so, at our last service, about 200 men got into a barn, and using an ammunition case as a platform, we had a good time. "Every once in a while tramping back to my billet thru the drizzling rain, the road scarcely seen, bursting shells were terrific to hear, and the business-like roar of our guns made the earth tremble."

The letter is from the Leper Asylum, Trondhjem, N.E., and says: "Owing to the fact that people of Canada are making great sacrifices in men and money to put down a despotic military party in Germany, I wish to send a motto which will express the law of sacrifice and for the purpose have selected the text, 'He saved others, Himself He cannot save.' These words are true of our soldiers and of our missionaries." Dr. Brown states that the afflicted missionary is now blind, is never out of pain, but bears his sufferings with a spirit of perfect resignation. German Troops Also Caught by Artillery Near Somme and Oise Front... PARIS, Dec. 5.—The following official communication was issued by the war office tonight: "During the course of the day there was rather intense artillery activity in Alsace, around Loos and Souchez as well as between the Somme and the Oise, where our batteries reached some convoys from Faye and took under their fire troops moving back from the front near Hattencourt and Laucourt. The cannonading likewise has been very sustained in Champagne from the region of Saint Souplet as far as Massignac, and in the Argonne at Haute Chevauchée. "The Belgian official communication reads: "There has been no infantry action in Alsace. Our batteries on the other hand carried out on divers occasions an effective shelling of groups of German convoys, especially in the direction of Schoorbach and Wommers. The German artillery displayed some activity this afternoon and we successfully counter-shelled it."

CHRISTMAS STICKERS ON FACE OF LETTERS... Many Coming in to Postoffice and Cannot Be Forwarded to Destination. The postmaster again invites attention to the fact that a large number of letters and other articles of mail are being mailed daily with Christmas stickers affixed to the face of the covers, in many instances, no postage being paid, the mailers evidently being of the opinion that the Christmas seal stamps will take the place of the regular official postage stamp. As the postal law will not admit of transmission by mail of any article with Christmas seals or stickers of any kind placed on the face, matter mailed in this way is returned to the sender thru the regular channel, and they are sent to the dead letter office, and the addresses notified. As this causes considerable delay and annoyance to all concerned, the public are cautioned against this practice. There is no objection to Christmas seals or stickers being placed on the back of the cover of articles sent by mail.

OFFENSIVE CUT SHORT BY RUSSIAN ARTILLERY... German Attack on Sty Met With Severe Opposition From Czar's Guns... PETROGRAD, via London, Dec. 6, 9:40 p.m.—The following official communication was issued today: "Western front (Russia). "In the Drinsk region last night, the Germans, for a quarter of an hour, maintained a heavy bombardment of our trenches on a front extending from Borskovy Village, on the western Divina, to Illukst, but without result. "South of the Town of Rafalovka, on the Sty, the Germans took the offensive again in the cemetery near Kozlinitchi Village, but were stopped by our artillery fire. There is no change in the situation at other points."

ESCAPED GERMAN SUB. AFTER A STERN CHASE... British Steamer Heavily Shelled, But No One Was Injured... LONDON, Dec. 6.—The steamer Japanese Prince, of the Prince Line, Newcastle-on-Tyne, with a large crew and a considerable number of passengers, recently encountered a German submarine. For five and one-half hours she struggled to get clear, being heavily shelled during the greater portion of the time. "The captain stood pluckily at his post and handled the vessel with conspicuous ability and judgment. As a result of his efforts, with the hearty co-operation of his crew, the Japanese Prince was ultimately able to elude the submarine, and was brought into port with all on board safe and sound. "As an evidence of their appreciation of his gallantry and ability, the directors of the Prince Line awarded Captain Jenkins the sum of £500 (£2500), and have directed that a similar sum be divided among that vessel's crew."

RETURNED TO HALIFAX WITH CARGO ON FIRE... Captain of Carleton Sure German Plotters Caused Explosion... HALIFAX, N.S., Dec. 6.—With a fire raging in No. 2 wharf, the British steamer Carleton arrived in port this morning with 7800 tons of sugar on board. Capt. Henderson reported the matter to the authorities as soon as he could hasten ashore. "What is the cause of the explosion?" the captain was asked. "What is the cause of the fire?" he replied. He said the ship was rolling heavily when the fire was discovered, and he was not sure whether or not an explosion had occurred. The steamer Carleton, 4400 tons, of Newcastle, sailed from New York with sugar last Thursday bound for Queenstown. Her cargo was discovered in No. 2 wharf Saturday afternoon, and the smoke was so dense it was impossible to make an investigation. Steam was forced in the hold and the hatches were secured. The Carleton then sailed for Halifax.

**Aura Lee Trot Out Strong Junior Outfit — Soldier Team Has Stars—Argos a Good Lot — Hockey Gossip.**

Toronto got its first taste of winter yesterday when the hockey teams put in their initial kicks in the Arena. Starting off with the pros in the morning the big ice palace was a busy place right up to the time that the skaters appeared for their season at night.

Four senior O.H.A. teams practiced, and it was noticed that the star players of last year are well scattered. Junior teams trotted out a host of likely looking youngsters.

The pros worked for two hours in the morning, and the makings of a first-class outfit was on the job. Percy LeClerc and Claude Wilson attended to the non-mindless jobs, and Harry Cameron and Keats were used as the defence. Cameron reported in better shape than he has been in the habit of doing and showed no bad effects after the hard going. Keats comes from the Cobalt league and showed enough to warrant considerable notice. He is well built and a stick handler. Corbett and Cyril Denney, Skene Roman and Alf. Skinner of last year's skinned were out and will be as regulars with the Toronto. Tom Hewitt, a brother to Nick, the Canadians, is a fast skater and Bell from the Lower Ottawa Valley League was another new one. Randall, who played in the Maritime League last year, is also trying for a job. George McNamara will report today.

Perhaps the biggest surprise of the day was the lively looking bunch of juniors that Aura Lee trotted out. Goulinck and Sheldon of last year's champion Varsity team, worked out with the north end team, and as both are still eligible for junior hockey will probably go along way towards making up a strong team. Rennie and Wilkinson, two more Varsity players, made of last year's O.H.A. were three more good ones to go on the ice with Aura Lee. Fox, Goulinck and Sheldon, who were in the Varsity team from Varsity, Humphrey, Ross, McKennies and Penwick were also out.

The 4th Battery created the most interest of the senior teams. It was reported that they had a look at the soldier outfit, and they showed enough class to please the regulars. Led by Capt. McKeown in charge of the squad and he trotted out; Janice of Peterboro in goal, Lavigne, Midland, Plonk, from Brantford, and Nott, Orlia and Connors, Hamilton Hockey Club, as candidates for the job. Lovering, Bull, from Orillia; Mawk McKennie, late of T.R. & A.A. senior champions; Cook of Brantford, and the newcomers, McDonald and Butterfield, who went over from the Orillia intermediate champions, were available for present owing to sickness, but are expected out tonight. Jack Gook, Corbuet and Harris are in Kingston and will join the battery in two weeks, making three more stars for the soldier team.

Argonians showed another strong bunch. Vic Gilbert, the good goalie, will again be with Argos, and Merrick, who showed so much with St. Mike's last year, is another to throw in his lot with the southerners. Parke, Young, Hicks and McDonalds of last year's team were on the job, and Murray, who is now going to Varsity, is trying for a job. Catto last year, who was in the Varsity team, made good with the double blue. Frank Knight donned a uniform and should be a tower of strength on the defence. Sullivan of last year's T.R. & A.A. Juniors is working out with the Argos.

Upper Canada and St. Andrew's fairly swarmed the ice when they had their sessions. Both colleges had about 20 men out. St. Andrew's had only Wallace and Watson of last year's team on the job. They will miss Murray, who broke his ankle playing Rugby.

Do La Salle had about 20 men out. O'Connor, Mogan and Ingoldsey were the members of last year's team who turned out. Wagner, late of Simcoes, was one of the new ones.

T.R. & A.A. had three goalers out in addition to last year's goalers; Haywood, from Simcoes, and Bishop, Ed McKeown, who was with T.R.C. last year, was out, and Trapp and Hill, who were both goalers last season are candidates for jobs. McBride, West Toronto Vics, and Humphrey, from Aurora, are two new ones wanting senior jobs.

Riverdale showed a good boy in Noble of Collingwood, Leroux, late of Port Arthur, in another new man to Toronto who has been known in his job with Riverdale. Jobb of Aura Lee and Hayden of Simcoes, who were in the Varsity team, are also candidates for jobs. Dupp, Appenrath, Crane and Hill of last year's team were on the job. Hayward and Nelson, late of Varsity, also worked out with the east end club.

The practice hours at the Arena today are: 12:00 a.m.—Toronto pros, 1:15 to 4:00 p.m.—Do La Salle, 4:30 to 6:00 p.m.—Andrews, 6:45 to 8:30 p.m.—Upper Canada, 9:00 to 10:00 p.m.—Aura Lee, 10:30 to 11:30 p.m.—Argonians, 11:30 to 12:30 p.m.—Riverdale, 1:00 to 2:00 p.m.—T.R. & A.A.

Prize League is coaching the St. Andrew's College Junior team.

The probable N.H.A. rosters are: Wanderers — Heaton, Lindsay, and Bows, goal; Sprague, Cleghorn, Ode, Cleghorn, Munnell and Stephens, defence; Munnell, Billy Bell, Ode, Cleghorn, Gordie Baker, Baker and Ulrich, forwards; Cleghorn, Munnell, Ode, Cleghorn, Gordie Baker, Appenrath and Fournier, defence; Fournier and Ode, forwards; Cleghorn, Munnell, Ode, Cleghorn, Gordie Baker, Appenrath and Fournier, defence; Fournier and Ode, forwards; Cleghorn, Munnell, Ode, Cleghorn, Gordie Baker, Appenrath and Fournier, defence; Fournier and Ode, forwards.

Two more O.H.A. clubs have signified their intention of playing this coming season in the O.H.A. senior series, via, Seaforth and Mitchell. Seaforth made a series last year in the intermediate championship and reaching the semi-finals.

Wharton, the runners-up to Orillia for the 1914-15 intermediate championship, will again be represented in the senior series. As Ashley is the secretary of this year's club, the O.H.A. intermediate championship will be arranged with officials of the Minto Skating Club, where the latter, on Tuesday, the Wanderer games here, will transfer their skating parties to Wharton's rink. The Ottawa has also indicated its intention of playing in the O.H.A. senior series.

**Hamilton Jockey Club Making Improvements**

HAMILTON, Dec. 6.—The annual meeting of the Hamilton Jockey Club was held this afternoon, when the following officers were elected:

President, J. J. Scott, K.C.; first vice-president, J. J. Scott, K.C.; second vice-president, H. J. McIntyre; directors, F. C. Bruce, Major Gordon, J. Henderson, J. F. Shaw and R. R. Simpson; secretary-treasurer, A. R. Loudon.

The secretary's report showed that the club had given \$600 in purses during the fourteen days' racing, the receipts were much below other years. The club has decided to alter the present system of speculation, and in consequence a new building, 804 feet long, is now in course of construction, in which the machines will be installed. When completed it will be the most modern plant in Canada, and so that the club is making every effort to meet the demands of both the public and horsemen.

**Freddie Welch Will Box Ten Rounds—Splendid Bout Arranged.**

For the first time in the history of Toronto a world's lightweight champion will be seen here in a purse. Freddie Welch will box ten rounds with Leo of the Allentown, Pa. crack at Loe's, at the Victoria Hotel, Wednesday, Dec. 15. Six other professional bouts have been arranged for the program. The boxing will not interfere with the regular show downstairs.

**BUILD TYGARD ENGINES IN TORONTO FACTORY**

Canadian Organization Already Has Extensive Orders From French Machine Shops.

In the very near future, the Canadian Tygard Engine will be manufacturing their aeronautical, submarine, and other types of engines as well as stationary engines. The factory, now in course of erection at 942 Kingston road, Toronto. A commencement of the purchase of the machinery, some 600 men, and the firm believes that with the bright future before it, it will surely develop to a great manufacturing plant.

These engines have been approved by experts of the United States navy, and a French commission has already negotiated for the purchase of a million dollars output to build up and replace the destroyed machine shops of France.

These improvements have unreservedly and without price been placed before the British war department and are now being officially considered by the admiralty.

This engine, so vastly different from anything heretofore produced, promises to revolutionize marine and industrial power plants, with its simplicity, reduction in weight by half, durability and reliability increased. An invitation is being extended to all interested to witness a demonstration at their head office, Room 202, Trademans' Bank Building.

**FAMINE IN VESSELS FOR BALTIC TRAFFIC**

LONDON, Dec. 6.—Freights soared to an unprecedented height today on the Baltic exchange because of the scarcity of tonnage, the most notable being in connection with River France traffic. The rate there to the United Kingdom was reported at 11s. 6d. for the continent, 12s. 6d. for the East Indies.

Must Keep Up War, Further Admission to German Viewer

Would Be Specially Pleased to See Destructive Defeat of Italians.

The lack of officers was also a hindrance. The Russian assertions that their defeat in July and August were due to lack of ammunition were only poor excuses, said the field marshal, who added: "There are no signs that the demoralization of the Russian army observed since has been overcome."

War One of Ammunition. He said he did not expect another Russian offensive, but was ready for one; the nature of the warfare had made the war one of ammunition. The extension of warfare all over Europe was a danger for Napoleon and the reason of his fall, said the German commander, but it played no role in the present conflict, in view of modern railroad facilities. He concluded by saying: "I should be especially pleased at the decisive defeat of the Italians. This war must not end without the three principal sinners, Great Britain, Scotland and Italy, receiving just punishment."

**SUGAR LABORERS SEEK INCREASE IN WAGES**

Eight-Hour Day and Dollar Pay Demanded in Porto Rico.

SAN JUAN, Porto Rico, Dec. 6.—With the largest sugar crop in the island's history to be harvested, and with the grinding season barely a month away, sugar men are facing a serious labor trouble.

A general demand is being made by Santiago Iglesias, head of the local labor organization and representative in Porto Rico of the American Federation of Labor, for an 8-hour day and a dollar wage for all agricultural laborers.

The demand for an increased wage follows a general and successful strike during the last cane harvest, in which it was estimated at the time that 40,000 laborers were engaged. In the end the field laborers returned to work after an increase of from 10 to 25 per cent. had been granted them. The average wage following the strike was from 70 to 80 cents a day.

The sugar crop for the past year was in excess of 350,000 tons and was valued at more than \$50,000,000. It is estimated that the crop due to be harvested will be from 20 to 25 per cent larger than that of last year.
