BRITISH SHIPPING IS LITTLE TROUBLED BY THE GERMAN BLOCKADE

Scandinavian Neutrals, However, are Disturbed Over Situation—United States Investigating Loss of The Evelyn

London, Feb. 22.—Germany's submarine blockade continues to be the chief topic of interest in the United Kingdom, although British shipping apparently is moving with its usual freedom. The Scandinavian neutrals, however, are showing much alarm over the situation, a great sensation having been caused in those countries by the torpedoing of the Norwegian steamship Detlef off Folkestone last week.

Representatives of the Scandinavian government are holding another conference today and the outcome is being watched with interest by neutral shippers. The question of naval convoy is being seriously considered at the conference, but the guarded comments of newspapers show that it is clearly recognized that such a step might lead to war.

The question of the right of the crews of five Danish ships to sail for English ports is now before a court which is considering their excuse that Germany is not likely to respect a neutral flag.

Australian Fired At

Plymouth, Eng., Feb. 22.—The Western Daily Mercury says that when the Australian mail boat Maloja, with 400 passengers was entering the English Channel on Saturday afternoon, she was ordered to stop by an unknown armed merchantman. The mail boat ignored the order and made for Plymouth, whereupon the merchantman fired five shells at her although they fell short.

The Maloja anchored at Plymouth safely.

Washington Wants to Know

Washington, Feb. 22.—Secretary of the Navy Daniels today ordered Commandant Howard U. S. Naval Attaché in Berlin, to investigate and make a full report on the destruction of the American steamer Evelyn. So far advice merely has reported the sinking of the vessel and her cargo, but gave no details.

Washington, Feb. 22.—Sinking of the American steamer Evelyn off the German coast presumably by a mine, although the crew were saved, brought vividly before official Washington today the dangers to which American vessels are exposed in the waters adjacent to the belligerent coasts of Europe.

It was considered unlikely that there would be any diplomatic action resulting from the loss of the Evelyn, beyond claims for damages inasmuch as there is now no international convention in force prohibiting the laying of mines either for offensive or defensive purposes.

German Steamer Ashore

Amsterdam, Feb. 21.—(Via London 22)—The Berlin Lokal Anzeiger says that the German steamer Anselma, cotton laden, bound from Gothenburg for Bremerhaven, has gone ashore near Malmo, Sweden, and that salvage steamer are attending her.

Berlin Report Denied

London, Feb. 22.—The official press bureau today issued an official denial of the report sent from Berlin that a British army transport had been sunk by a German submarine.

MARRIED WOMEN'S BILL IS PASSED IN QUEBEC HOUSE

Quebec, Feb. 22.—Both houses of the legislature have decided to amend the law for remedying certain disabilities suffered by married women whose husbands have died intestate. All that now remains to have it become law is the sanction of the lieutenant-governor. In substance the bill provides that the surviving consort shall receive at least one-third and under prescribed conditions one-half the estate whereas at present the surviving consort, if no will exists, and when separated from her husband as to property, is excluded from the estate.

French and Germans Locked In Mighty Grapple For Hold on Vosges Heights

Paris, Feb. 22.—A severe engagement has developed in front of Colmar, in the Vosges Mountains, where the French and Germans are locked in a grapple for the possession of strategic heights along the Fecht River. Both sides are claiming successes in that vicinity. The struggle extends over a six-mile front, between the pass of Bon Homme and Colmar, in the immediate vicinity of Sulzern, Hohrodberg, Hohlrod and Weiser-Im-Thal.

Despite storms of wind, rain and snow, the French fought their way to the crest of several hills held by the Germans, and routed the Kaiser's forces from their trenches at the point of the bayonet. The battlefront lies in the form of a crescent, stretching to the northeast and to the southeast from Sulzern. The Germans, after being driven from their high positions, retreated towards the east, but afterwards delivered counter attacks against the French.

SWISS SOLDIERS BRING DOWN AEROPLANE SAID TO BE GERMAN

Berne, via Paris, Feb. 22.—Swiss soldiers yesterday opened fire on an aeroplane, said to be a German, which flew over Bonfil. The machine was struck by nine bullets and the pilot was forced to descend at Perrette after hovering over the positions at Rechesy.

"Faked" Picture of The Lion Sinking

Germany Going the Limit in Lying Stories To Bolster Up Case at Home

London, Feb. 22.—A despatch to the Daily Express dated "On the Belgian frontier, Sunday," says: "One of the marvels of the war is the manner in which the German government continues to hypnotize the German people in connection with its military adventures, in Germany and Belgium, said, with a cynical smile—

"The most important cabinet position in Germany is that of minister of magic. He is the person who controls the deception department, and whoever he is, he has the average company promoter beaten to death.

"When the speaker left Bremen the day before Germany's blockade the church bells were ringing furiously in honor of the capture of the entire Russian general staff by Field Marshal Von Hindenburg. When he was in Hamburg, the publication of an official bulletin announcing the surrender of three Russian army corps advanced the despondent merchants of that idle city into something like enthusiasm."

New York, Feb. 22.—The London correspondent of the New York Herald says: "Further extraordinary efforts of the Wilhelmstrasse to inspire courage among the German people, is admirably shown in one of the latest issues of the Berlin Lokal Anzeiger. This newspaper, which is very close to the government, publishes by trying to catch up to him, the sinking of the British battle cruiser Lion in the recent naval engagement. The photograph is so obviously 'faked' that it is difficult to believe that it is not a 'victorious' picture of the great mass of unsuspecting Germans. Yet it is evidently calculated to carry enthusiasm and conviction to the great mass of unsuspecting Germans. The picture is a 'victorious' picture of the allies at the battle of the Marne, which forced the Germans away from Paris, and is described in the paper as a 'dolorous' effort to catch the allies in a trap," so the disastrous German defeat at sea is officially dubbed a "victorious fight from the enemy."

Struggle in Carpathians Is a Gigantic Battle

Fifty Days of Fighting Along 300 Mile Front of Range—One Position Has Changed Hands 100 Times—Russians' Report is Favorable

Venice, via London, Feb. 22.—The Hungarian newspapers contain vivid accounts of the struggle in the Carpathians, where a gigantic battle has been in progress for fifty days along the whole front of mountains some 300 miles in length. No true picture of the general situation can be painted since it changes from day to day and from night to night.

In the first of the engagements the troops were moved with machine-like formation, but now individual heroism finds freer play. Violent attacks are repelled with reckless abandon. Sometimes a position will be gained and lost again three times within twenty-four hours. There is one height which has been stormed 100 times, and even now either side can claim to hold it. No sooner is it won and the victors installed on it, than the vanquished gather new forces and storm it again.

Meanwhile the Russians are gathering immense additional forces in the centre of the Carpathians.

Petrograd, Feb. 22.—A War Office communique shows the Tenth Russian army had a narrow escape from destruction in East Prussia, but that it finally extricated itself, though heavy losses were inflicted on both sides.

The recent German losses in Galicia were suffered in fighting southwest of Tarnow, the Tustonic troops having attempted an offensive in the region of Zaleszy. This was repulsed.

WHY RUSSIANS LEFT EAST PRUSSIA

Petrograd, Feb. 22.—Explanation of the Russian retreat from East Prussia is contained in a communication given out last night by the general staff. Success of the German coup is attributed largely to lack of strategic railways, which prevented the Russians from concentrating "with necessary rapidity on our East Prussian front forces independent of the war of the drive of the enemy."

The general staff asserts that the massing of German troops in Prussia was revealed to the Russians on February 4, but that the magnitude of the concentration did not become known until several days later. Because of these conditions, it is stated, withdrawal of the Tenth Russian army from East Prussia towards the frontier was decided upon. This was followed later by a further retirement towards the Niemen and the Bolya rivers.

RUSSIANS TAKE HEIGHTS AFTER DESPERATE FIGHT

Petrograd, Feb. 22.—An official communication from the general staff announced that the Russian army had taken possession of the heights of Myto Kosularka and in the region of Neurosema all have been repulsed.

"After a desperate struggle, our troops captured heights southeast of Dulka and northwest of Senetchow."

"In South Galicia the enemy has occupied Stanislav."

ARRANGE FOR VISIT OF TOWN PLANNING EXPERT

A meeting of the town planning commission was held this morning at 67½ hall, Mayor Feink presiding, with commissioners Wignome and Potts, W. F. Burditt and R. T. Hayes present.

The discussion of plans for the entertainment of Thomas Adams, a noted town planning expert, was the object of the meeting, and arrangements were made for his reception here early next week. At one o'clock he will be the guest of the mayor and city commissioners at luncheon in the Union Club. Those present will include the two other members of the town planning commission, the city and county members of the legislature and the three city engineers, Messrs. Murdoch, Hatfield and Armstrong.

After the luncheon there will be a discussion of local problems which will be presented to the visiting expert with the aid of maps and plans. Afterwards he will be taken around the city so that he can investigate the situation personally. In the evening Mr. Adams will address a public meeting. As the gathering is expected to be a large one it was said today the meeting place had not yet been arranged for.

IN EFFECT ON APRIL 1

The new militia regulation providing that half of the pay of all non-commissioned officers and men of the overseas forces, whose wives or mothers are drawing separation allowances, shall be paid direct to their families, will go into effect on April 1, and not March 1, as previously announced. Provision is made for exceptions to this rule upon the complaint of the soldier if proper reasons can be given for making the exception. When the new rule goes into effect it will greatly lessen the drain on the patriotic fund.

BURIED TODAY

The funeral of Sister Mary Bernard took place this morning following requiem high mass, which was celebrated at eight o'clock in St. Vincent's Chapel by Rev. M. O'Brien. Final absolution was given by His Lordship Bishop LeBlanc. Rev. Fathers Duke and Howland were in the sanctuary. Interment took place in the new Catholic cemetery.

The funeral of Miss Mary Manning Skinner took place this afternoon from her late residence, King street East, at 11 o'clock, services were conducted by Rev. W. H. Barraclough, after which interment took place in Fernhill. Many friends attended.

The funeral of Mrs. James W. Hannan took place this afternoon from her late residence at the corner of King and Ludlow streets, West St. John, Rev. A. J. Archibald officiated at burial services and interment took place in Cedar Hill.

THE BLACK HAND "KING" KILLED

Antino Cicotta Shot From Brooklyn Doorway; Jealousy Believed To Be Cause

New York, Feb. 22.—"The King of the Black Hand," Antino Cicotta—the man who, the police say, was the instigator of scores of murders in the Italian colony in Brooklyn—was shot from a doorway in a doorway in a Brooklyn tenement.

Cicotta was one of two men arrested in 1910 charged with attempting to blackmail Enrico Caruso, tenor singer. The police say his hand appeared to some extent in about seventy-six killings, although he was never convicted of any. Cicotta was convicted of blackmailing Caruso, but won his case on appeal.

His death was wrought over jealousy and not over distastefulness. Of late he had been attentive to several actresses and jealousy aroused by his course as a Don Juan in theatrical circles, the police say, cost him his life.

The bullets which killed him came from a woman hidden in a doorway. Another pierced his arm. The assassin escaped.

INDIANS AND WHITES IN COLORADO IN BATTLE

Already Several Killed in Attempt to Arrest Piute Leader on Murder Charge

Denver, Colo., Feb. 22.—After a battle throughout the night near Big Horn, a posse of twenty-six white men, led by United States Marshal Aquila Nebeker, bands of citizens from various towns in Utah, were preparing to go to the assistance of the whites. The Indians also have been reinforced. Two Indians and one white man were killed, and two Indians captured. One of those killed was an Indian maiden who was said to have run into the line of battle.

The fight started early on Sunday morning, when the whites, after several days' journey by wagon from Cortez, Colo., arrived at the camp of Tae-Ne-Gat, a Piute Indian leader, whose arrest on a charge of murder was sought.

DEATH OF M. N. DAY

The death of William N. Day, aged sixty-eight years, occurred this morning at his home, 14 Visart street, after a lengthy illness. Mr. Day formerly was a resident of Greenwich, Kings county, where he had a large farm. He removed to the city only two years ago. He is survived by his wife, one son, Alexander, of this city; two brothers, Edgar, of Greenwich Hill, and John, of this city; and three sisters, Mrs. L. Belyea, of Brown's Flats; Mrs. Samuel Short, of Boston, and Mrs. John Orburg, of New York. The funeral service will be held at his residence on Tuesday evening at 7:30 o'clock, and on Wednesday morning the body will be taken to Brown's Flats for interment.

FRENCH WAR REPORT

Paris, Feb. 22—The official statement given out today by the French war department says: "There is nothing important to add to the official communication issued last night. "Between the Argonne and the Meuse, at the outskirts of the wood of Cheppy, we carried out one of the enemy's trenches and extended our positions. "At Les Eparges we won some ground at one point and fell back slightly at another. "Infantry fighting in which the enemy had three regiments engaged, occurred in Alsace on both banks of the Pech. Our advanced posts fell back on our main line, which we are strongly occupying. The enemy attacked in several deep formations, and as a result he suffered heavy losses."

NOT HIGH TREASON, SAYS CHIEF JUSTICE

Toronto, Feb. 22—The feature of the case against Emil Nerlich and Hedwig Nerlich, his wife, charged with high treason this morning before Chief Justice Sir William Mulock, was the ruling of the judge that conspiracy to assist the enemy was not treason and bringing down the charge to that of committing an indictable offense.

BELIEVE HE LOST HIS LIFE WHILE SKATING HOME

Brockville, Ont., Feb. 22—John Sawyer, located in England, employed on the Grand Trunk Railway, is missing from his home here today, and it is believed he met a watery grave last night while skating on the river from Morristown, N. Y., to Brockville. He is known to have left the hamlet after dark, though wearing the unsafe ice. That was the last seen of him, except that a man was heard crying for help a short distance from shore opposite the eastern hospital. People in skiffs put out to the rescue only to return within a short distance of a large opening in the ice where the struggling form disappeared. It will be impossible to recover the body until the ice leaves the river. Sawyer was married and leaves a wife and family.

HON. R. J. RITCHIE IN ADDRESS TO ROTARY CLUB

The members of the Rotary Club today heard an entertaining address by Hon. R. J. Ritchie on "Current Problems." Ralph H. Watts occupied the chair and at the close tendered the speaker a hearty vote of thanks. The speaker's address was one of his interesting discourses. The vote was moved by Commissioner Wigmore and seconded by H. C. Croighton. The speaker dealt with present day questions of interest and spoke in general and instructive terms, touching on domestic matters, the care of children, the changes in modern home life and other matters. He also dwelt thoughtfully upon the war and the duty of Canadians in the crisis. His honor received a very pleasing reception and the address was given with interest and interest. The speaker followed a tempting dinner served at one o'clock.

FEBRUARY WEATHER REMARKABLE

Sydney, N. S., Feb. 22—Unprecedented weather for February prevails throughout the maritime provinces and Newfoundland. Since the month began, the maximum has been eighteen degrees of frost. Practically no snow has fallen either here or in the other maritime provinces. The weather is reported swinging down the east coast of Newfoundland, the ice has not yet melted in the Gulf of St. Lawrence to any great extent. The Reid Steamer Kite reports the Gulf open, and the ice has melted only small fields of slob on her tri-weekly trips between North Sydney and Port Aux-Basques.

PERSONALS

Sir Edward Morris, premier of Newfoundland, passed through St. John on Saturday on his return from New York. Since the month began, the maximum has been eighteen degrees of frost. Practically no snow has fallen either here or in the other maritime provinces. The weather is reported swinging down the east coast of Newfoundland, the ice has not yet melted in the Gulf of St. Lawrence to any great extent. The Reid Steamer Kite reports the Gulf open, and the ice has melted only small fields of slob on her tri-weekly trips between North Sydney and Port Aux-Basques.

WAR NOTES

The first United States ship to be lost in the war, the "Delany" was sunk by a mine on Saturday off Borkum Island, in the North Sea. She had a cargo of cotton for Bremen. The crew was saved. The British steamer Cambank was sunk by a German submarine on Saturday morning in the Irish Sea off Lins Point. Three men were killed in the explosion, but some twenty men of the crew were saved.

CANADA IN THE WAR

Gunner Alex. McNeil of the ammunition column, Fredericton, N. B., who enlisted at Halifax, had his leg broken yesterday when he was thrown forcibly to the ground by a horse he was riding. The alleged suspect is said to be a young man in the government employ in Ottawa. Being a foreigner he was advised to take his horse to the corps before going to England.

The church parades of the 26th battalion and the Army Service Corps yesterday were distinctly successful. The men looked well and marched well. The 26th battalion went to Trinity and the Cathedral, while the Army Service Corps paraded to St. Paul's. The 62nd, City Corps and Carleton Cornet bands accompanied the troops.

MEMBER OF 23RD WAS ADVISED TO RESIGN

Fredericton, N. B., Feb. 22—A gentleman who arrived here this morning from Halifax says that a story of German spy having been discovered in the 23rd Field Battery was somewhat overdrawn. The alleged suspect is said to be a young man in the government employ in Ottawa. Being a foreigner he was advised to take his horse to the corps before going to England.

SASKATCHEWAN FARMERS

WANT BANK OF THEIR OWN

Not Satisfied With Treatment Accorded Them—Plan For Record Crop Regina, Feb. 22—That all the farmers are not satisfied with the treatment accorded them by the banks is evident from the fact that the banking and transportation committee of the Grain Growers' Association introduced at the convention held recently resolutions calling on the provincial government to establish a farmers co-operative farm mortgage association, with full banking powers, without delay.

"Two conclusions arrived at," said Mr. Paynter, "were that the bank should act as a safe depository, and they should give credit to all producers who were capable managers and had sound security. He declared that this last was not being done by banks, and that the banks must change or the farmers must organize their own bank."

There is every indication that the farmers of Saskatchewan will endeavor to produce the biggest crop of grain in the history of the province. Fully 70 per cent of the 1914 acreage, \$250,000 acres, has been fall plowed ready for next season's crop, according to an estimate of the Saskatchewan agricultural department. The department learns that 60 per cent of the acreage sown will be in wheat; 20 per cent in oats; eight per cent in barley, and three per cent in flax. Much depends, however, on the timely appearance of spring.

Was this old world so rotten That such a scourge must be prepared This Kaiser be begotten? Humanity accounts it shame That any man should bear this blame. His birthday! See! He celebrates New furries Will his work Colored in a nasty, dangerous hue; The unfeared tunc their lure is, Where slaughtered babes and ravished maids Witness how keen his ready blades. His birthday! Cursed! The victims of his frenzy Shall haunt him with anathemas; And when their torture ends, he Shall surely come, all birthdays past, To doomsday trumpet with his blast. MORNING NEWS OVER THE WIRES The trade of Canada for 1914 showed a decrease of \$210,000,000 as compared with 1913. Samuel John Wasson, a well known resident of Parrsboro, N. S., committed suicide on Saturday evening by hanging himself. He was sixty years of age and had been dependent. Mr. and Mrs. Carl Ferris, formerly of St. John, were painfully burned when a can of gasoline exploded in their clothes cleaning establishment in Woodstock, N. B. Frank White of Souris, P. E. I., was buried to death in a fire which destroyed his house. He was seventy-six years old. Miss N. L. MacMillan, superintendent of the men's residence at Macdonald College was killed by a Grand Trunk train near St. Anne de Bellevue on Saturday. R. Ernest Lord, aged thirty-seven years, a veteran of the South African campaign, died at the home of his father in Charlottetown on Saturday. Frank James, one of the last survivors of the famous gang of bandits, died of apoplexy at his home in Excelsior Springs, Mo., at the age of seventy-four years. RECENT WEDDINGS Thomas E. Hatt, of the 26th Battalion, and Miss Hazel M. Green of McArdan Junction, were united in marriage by Rev. F. S. Porter, at his home on Saturday evening. Mr. Hatt is a native of Grand Manan. SELECT MEDICINE CAREFULLY Furgatives are dangerous. They gripe, cause burning pains and make the constipated condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills. Made in Canada and Bottled in the most health-giving vegetable extracts. Dr. Hamilton's Pills restore activity of the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, biliousness and indigestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

No Belt—No Leg-Straps—No Springs Does away entirely with the curse of belts, leg-straps, and springs. People who have tried it say it is as comfortable as their clothing. It is water-proof—will hold in the bath. Also perspiration-proof and easily kept clean. Will Save You From Operation. This guaranteed rupture holder has so thoroughly proved its merits in nearly 800,000 cases that surgeons in the U. S. Army and Navy and physicians in all parts of the world now recommend it instead of advising operation. It has completely cured hundreds and hundreds of people whose cases seemed almost hopeless. The Things We Tell in Our Book There are so many mistaken ideas about rupture that we have taken the time to sum up in a book all we have learned during forty years of experience. This remarkable book—cloth-bound, 86 pages, 20 chapters, and 28 photographic illustrations—is full of facts never before put in print. It deals with rupture in all its forms and stages. It shows the dangers of operation. It exposes the humbug "appliances," "methods," "plasters," etc. It shows why wearing elastic or spring trusses is almost sure to shorten your life. And it tells about the famous Clute Automatic Massaging Truss—how simple it is—how it ends constant expense—how you can try it sixty days without having to risk a penny, and how little it costs if you keep it. Also gives over 5,000 voluntary endorsements from benefited and cured people. Send for this book today—don't put it off—the minute it takes to write for it may free you from trouble for the rest of your life. Simply use the coupon or just say in a letter "Send me your book."

GOOD RESULTS FROM CAR FERRY ARE EXPECTED

In Absence of the Earl Grey Weather Man Has Been Kindly — Work on Terminals of Car Ferry Advanced

Charlottetown, P. E. I., Feb. 22.—Since the removal of the powerful ice breaking steamer "Earl Grey" from the winter service between the island and the mainland, to Archangel, Russia, our people have had to depend on the two older and weaker steamers, the Minto and the Stanley.

The weather, fortunately, has been mild, with the exception of a week or two, and the service has been almost continuous, barring one or two weeks. The longest hold-up has been only of two days. In March, however, there may be trouble with the easterly wind.

At the opening of the season the steamers carried the mails as well as freight and passengers, but severe weather promised irregularity, and the small boats plying between Capes Traverse and Tormentine. These boats are steel shod, capable of running on the ice as well as in the water, and being hauled and rowed by hand. Even with the return of mild weather, the small boat service was kept up, although a portion of the mail is still handled by the steamers.

In January this year the freight exported from the island amounted to 2217 tons, compared with 1736 tons for January 1914. The crops were exceptionally good, and the volume of outward freight consisting mainly of farm produce, is the largest for some years. The inward freight for January, 1915, was 618 tons, compared with 1222 tons for 1914, the merchants not ordering so much this winter.

In the Ottawa estimates appears the sum of \$1,180,000 on account of the car ferry to be run between Charlottetown Head and Cape Tormentine. Next year it is expected that the steamer will be available. This vessel, which will cost \$700,000, is being built by Armstrong, Whitworth and Company, Limited, of Newcastle-upon-Tyne, and was launched on October 8.

Work at the landing facilities has been in operation for more than a year. It ceased for this season about two months ago and will be resumed in the spring. Immense structures are being built on both sides of the strait, the largest at Charlottetown. This pier will be 2,200 feet long, extending to where the water reaches a depth of from twenty-three to twenty-four feet at low tide. The principal works will consist of a car ferry landing slip, a pier projection to the slip, rubble mound approach, and the dredging of berths or trenches for crabs to the pier to twenty feet below low water at ordinary spring tides. The breakwater will be 800 feet long. This summer about 200,000 tons of stone, brought by scows from Shediac, have been dumped into the Strait for the pier and breakwater. The work at Cape Tormentine, which is at the same level as the pier on the island side, is further advanced.

Great things are expected of the car ferry. It should mean the end of the long and the problem of winter communication. The construction of the car ferry and the necessary changes being made to the main line of the P. E. I. Railway will make the island practically part of the mainland as goods can be sent, say from Charlottetown to St. John and vice versa without the present frequent handling which adds to the cost of transportation.

The car ferry should very materially assist in supplying all points on the I. C. with the best and cheapest food products in the world by giving cheap through rates from here. It should increase the value of farming property considerably. It should result in a merited development of the fisheries, enabling

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and improves the digestion. Don't suffer. Get Hood's today.

fresh fish of all kinds to be shipped in refrigerated cars direct to their destination. It will enable our fruit, especially strawberries, which ripen later than the United States and in other parts of Canada, to be rushed through to their destination in prime condition to supply a bare market. Hood's Sarsaparilla, a saving of thirty-nine miles would be made, thus making the car ferry route shorter by twelve miles.

GRANDMA NEVER LET HER HAIR GET GRAY

Kept Her Locks Dark, Thick, Glossy, With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic, called "Weyth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, be busy at once with Weyth's Sage and Sulphur and look years younger.

PLEA FOR ORGANIZATIONS

Case of Those Whose City Grant Has Been Cut Off Warmly Supported

Editor Times:—

Sir:—It is not true that the various organizations whose grants have been cancelled by the city council for this year, and which have been doing such good work for the city, are as much a nuisance and a waste of money as the police or any other department.

Take, for example, the Playgrounds Association. This association not only includes in its activities supervised playgrounds, but also the "Travelers' Aid," the "Boys' Club" (formerly the "Everyday Club"), and the "Girls' Club." The executive of this association is composed of leading men and women of the city.

The branches referred to are designed for the protection and education of girls and boys in the city, and for aid and counsel to women and girls who are traveling alone and who might become the prey of designing persons or other offenders. The Travelers' Aid maintains a female officer at trains, whose duty it is to look

after unprotected girls. Many instances of effective aid in this respect may be cited.

The playground work is pretty well known. The object is to provide healthy, outdoor amusement for city children under careful supervision and tuition, keeping them off the street and out of the way of street temptations and accidents, relieving tired parents for a few hours each day, and endeavoring to strengthen the bodies and purify the minds of the children. A corps of efficient teachers has charge of these.

These teachers, who have taken special courses in playground work, receive \$10 for six days' labor, their assistants, \$8. It is estimated that last year about 1,200 children were kept off the street and out of harm's way, and provided with healthy amusement and wholesome instruction at these grounds.

The Girls' Club is a splendid institution. It is in charge of a competent staff of women teachers, who give instruction during the evenings to girls who are employed in the city, and who are with-

out homes of their own. They are taught domestic services, as well as to read, write and sing. A class in calligraphy has also been carried on. The girls are devoted to their teachers and greatly interested in the work. The Club has quite a large membership and is deserving of the honor which it has received.

Now is the Boys' Club less deserving. This club numbers eighty-three boys on its roll. They meet nightly in their hall in Union street, and enjoy themselves in games, in physical culture, and in other wholesome recreation. Superintendent C. D. Howard, a most competent instructor, is in charge of this club, as he is of the other activities of the association, and he is very proud of the progress and character of the boys under his direction. He points with pride to the fact that although the boys are as full of boyish mischief as boys usually are, not one of them has been brought before the police court for any offence.

But for the existence of the club many of these boys during the most formative period of their lives would be spending their nights in the streets and alleys of the city, gathering up a stock of viciousness that would make them anything but desirable citizens.

CONDENNS ANONYMOUS CIVIC CRITICISM

That civic criticism, as it is being made at present in St. John, is doing much harm was the statement of Rev. J. Haughton, pastor of the Congregational church, last night in the course of an interesting sermon concerning problems to be solved for the betterment of humanity. The best elements in the city were not in control, he said, and there were many things which could be improved, but it would not be brought about by a campaign of vilification and anonymous letter writing. The matter must be approached only in the spirit of Jesus Christ. Mr. Haughton endorsed the words of Bishop LeBlanc, uttered in his pastoral letter of Sunday last, and said it made thoughtful reading for Protestants and Catholics alike. There must be a union of the various forces working for general betterment and the time was surely here when the new sense of Christian responsibility must be realized.

BURIED YESTERDAY

The funeral of George Seely took place at 2:30 o'clock yesterday afternoon from his late residence, 171 Queen street. Rev. R. P. Was Covered With Boils.

Could Not Get Rid of Them Until She Used BURDOCK BLOOD BITTERS.

When the blood becomes impure the first symptoms which manifest themselves are a breaking out of the various forms of skin trouble such as boils, pimples, abscesses, ulcers, etc., and the only treatment you can use is some sort of a good blood cleansing remedy which will put the blood into a perfect condition, and thus eliminate all the different poisons from the system which cause these different eruptions to occur.

The best blood cleansing remedy on the market to-day is Burdock Blood Bitters. All we ask you is to try it and be convinced. Thousands have used it during the past forty years, and have nothing but praise for its curative powers.

Mrs. John Fitzgerald, Plantagenet, Ont., writes: "I am one woman who cannot speak too highly of Burdock Blood Bitters. I was covered with boils, and could not get rid of them. I was advised by a friend to try B.B.B. which I did, and I can truthfully say that it completely cured me. I have never had a sign of a boil since."

See that our name appears on both the label and wrapper as there are many imitations placed on the market which are said to be "just as good."

Burdock Blood Bitters is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

How Moncton Wins the Cup. The Moncton Times says the contest between Bathurst and Moncton for the McLellan Cup was probably the keenest and most exciting since the Bathurst curlers won it. The play was close all through, and it was not until the last shot that the fate of the cup was decided. When Skip Simpson of Moncton went up the ice to play the last stone, Bathurst led by two and Moncton lay

Lowell, Mass., Feb. 20—Michael Lynch of Lawrence, who was talked of for manager of the Lewiston team, will have a conference with President Roach of the Lowell club in a few days. The question of a site for the Lowell team this year is not yet settled. One of the places mentioned is Washington Park.

Players Get Profits. That the ball players are now getting 90 per cent of all profits is the contention of Connie Mack, manager of the Athletics, who draws a large picture of the "business in baseball" as it exists today. Furthermore the veteran manager says that organized ball can not even make elbow room for the Federal league, because in his opinion there is no public demand for a third major circuit.

Ed Reulbach has signed almost as many contracts in professional baseball as he did in college—which is going considerable. Harvard coaches bar athletes who dance, perhaps fearing the tango is too brutal for football players.

New Orleans decided to lift the lid a bit and permit boxing with twenty-round goes. New Orleans will stand it a bit longer than the average city will—but not much. The end of boxing in New Orleans is a question of 30 months.

International in Washington? New York, Feb. 20—Opposition to the part of the New York National to placing an International League team in the Bronx has caused President Barrow to be toward Washington as a possible location for his Jersey City franchise. The old grounds of the Senators are available and it is said that no objection would be made to a transfer of the Jersey City team there as the move would give the possible design the Federals might have upon the capital.

Montreal Club's Spring Training. The Montreal Royals will start their spring training this year about April 1, either in Virginia or Maryland according to the manager, Sam Lichtenhein. Manager Dan Howley arrived in Montreal last Friday to talk over matters with President Lichtenhein regarding trades and the purchase of players to strengthen the local team. It was announced that the club has lines out for two big league twirlers, two infielders and Birch, an outfielder, who did some good work last season in the Louisiana State League of the Southern League. Thirteen players have already signed their contracts for the season, including ten five pitchers, Miller, McGraw, Richter, Somers and Kirschner; four outfielders Whiteman, Smith, Holden and Allen; three catchers, Howley, Madson and Smith; and one infielder, Benny Purtell.

McVey Awarded Decision. Sam McVey, of California, was awarded the decision over "Battling Jim" Johnson, of Galveston, Texas, at the end of a twenty round bout in Havana on Saturday.

Johnson Must Train Hard. New York, Feb. 20—Jack Johnson must do some strenuous training if he wishes to retain his championship title at the end of the month, in the opinion of officers of the freight steamship Highland Harris, on which the champion was a passenger from Montevideo, Uruguay, to Barbadoes. The Highland Harris docked here on Friday.

Another Promising Swimmer. Another promising Hawaiian swimmer has come into prominence, George Cunha, a Honolulu clubmate of Duke Kanahouku, who finished second to the latter when he won the 100 yards championship of New South Wales on a straightaway course and created a new world's record of 23-4-5 seconds. The Hawaiian's time for the 100 yards was 23-1-5 seconds, and he finished a yard in front of the crack Australian all-around champion, A. W. Barry. Kanahouku, in addition to the 100 yards title, carried off the honors in the 220 yards championship event, but was beaten by a touch by H. Adrian, of Sidney, in the 440 yards swim.

GOLD WRIST WATCH FOR FAIRVILLE MAN OF 26TH

Yesterday afternoon a very pleasant family gathering was held at the home of David Linton, Prospect street, Fair-

ville. During the afternoon Kenneth Linton of the 26th battalion was made the recipient of a handsome gold wrist watch by his three uncles, Wm. J. Samuel, and David Linton, Jr. The young man leaves his native village bearing the best wishes of friends and relatives for a victorious campaign in the war and safe return.

Your Children's Health Depends Largely on PURE MILK
 On the purity and cleanliness of Milk rest its fitness and value as food, especially for growing children, but particularly for babies. It needs no telling that hundreds of infants have died from drinking Milk containing the germs of Scarlet Fever, Diphtheria, or other contagious diseases, which came from diseased cattle, diseased farmers or farm help, or from unsanitary methods of handling.
 Nothing takes disease germs quicker than Milk and, with this in view, neither effort nor expense have been spared in the production, handling and care of
Primecrest Farm Pure Milk
 which comes from healthy, clean, contented cows that are well fed and cared for, and properly housed in cleanly, sanitary barns.
 At Primecrest Farm the Milk is drawn through sterilized gauges, into sterilized pails and cans, then scientifically cooled to prevent all trace of disease, and delivered on the day it is taken from the cows, in sterilized, sealed glass jars. The Milking Staff, who are medically inspected, are guaranteed personally clean and healthy, wear clean, snowy-white duck suits during milking time, and even wash their hands after they've milked each cow.

RIOT RECALLED AT THE MEETING
 Yearly Session of St. John Railway Co. Shareholders
THE EARNINGS FOR 1914

War Had Some Effect on Finances
 —Police Matters in St. John Referred to in Connection With Last Summer's Troubles

The twentieth annual meeting of the St. John Railway Company was held this afternoon in the company's offices, corner Dock and Union streets. The report of the president and directors showed a profit and loss after the payment of dividends and interest, but considerable outstanding liabilities on account of war time difficulty in selling sufficient bonds to meet capital expenditures. An interesting feature of the report is a reference to police matters in connection with the riots following the strike last summer.

Col. H. H. McLean, M.P., presided at the meeting, and directors for the coming year were re-elected as follows:—Hugh H. McLean, president; Fred R. Taylor, vice-president; James Manchester, Hon. W. H. Thorne and J. K. L. Ross.

Annual Report
 The report of the president and directors for the year ending December 31, 1914 was as follows:—

To the Shareholders: Your directors have the honor to submit their twentieth annual report and balance sheet for the year ending December 31, 1914. The earnings for the year, after providing for the interest on the bonds and all other charges were \$78,098.88, out of which your directors have declared and paid for quarterly dividends of one and one-half per cent, each, amounting to \$69,822.78, leaving a balance of \$8,276.10, which has been transferred to profit and loss account.

The war has affected to some extent the company's business, and the railway earnings were materially reduced in consequence of the interruption to our traffic during the summer months by the city repaving Main street and Paradise row.

The company's property has been maintained in a high state of efficiency, and a considerable sum has been spent in the upkeep of tracks, rolling stock, power plants, gas works and buildings.

During the last year we have carried through the following works:—Extended our railway from Kane's Corner to Croucaville and from the One Mile House past Rural Cemetery to Coldbrook and Glen. This in all three, and one-quarter miles. We cannot expect any net return from the operation of these extensions for several years, but they were built in pursuance of the company's progressive policy to furnish the best service possible.

We also built another new fireproof car barn on Westworth street, size 58 ft. x 218 ft. laid 2 1/2 ft. gas pipes, and installed gas ranges and appliances; purchased twelve new semi-converter cars with equipment.

The Strike
 A strike of our street railway employees belonging to the union commenced on July 22 and ended July 24. Since the incorporation of our company twenty years ago, the relations with our employees have been most satisfactory. Questions arising between us have been amicably and quickly settled. In June last, our manager, by order of the board of directors, dismissed a conductor named Ramsey for cause. A board of conciliation was appointed by the union employees, and the minister of labor appointed H. T. Hayes, His Honor James G. Forbes and James L. Sugrue as such board. After hearing the evidence submitted, the board of conciliation reported: "That the action taken by the directors in dismissing Ramsey was properly taken to support the authority of the manager, and to preserve discipline, and for the best interest of the public, and with due regard to public safety."

The union, however, declared a strike, and in consequence no police protection being afforded, a gang of rioters on the evenings of July 23 and July 24 did serious damage to our plant, equipment, power house, street lights and cars. The amount of the direct damage was \$15,500. The consequential damages by reason of the tying up of our road and business was about \$10,000 to \$15,000. We put in a claim to the city to be reimbursed for the actual damages suffered by our company, but the city refused to recognize any liability.

In view of the fact that the police did not afford us any protection in the running of our cars or attempt to control or stop the rioters from damaging our property, your directors are of the opinion that the city should have reimbursed us for the loss the company has suffered. The police force has now been reorganized and increased, a new chief of police appointed, and we hope that full protection will in the future be given to the city and citizens, and property fully protected.

Your board expected to dispose of the treasury bonds to meet payments on capital expenditure, but owing to war conditions and consequent financial depression only \$21,800 were sold.

Respectfully submitted,
HUGH H. McLEAN, President.

OCEAN FREIGHTS AT NEW RECORDS
 Hundred and Thirty-six Shillings Hinted At
STEADY CLIMB SINCE WAR

Sailing Vessels Also Getting Very High Freight—Tonnage Very Hard to Get—Local Lumbermen Need Snow

The highest point in trans-oceanic freights during the war was reached today when the unprecedented offer of 180 shillings on deals was hinted at, more than twice as much as the rate prevailing in August at the outbreak of war. The freight then was fifty shillings; later it went to eighty-five; then it took another jump to 100, while up to last week the highest offer on steamers reached 115 shillings. With sailing ships freights are also exceptionally high, increasing from seventy shillings in December last to 110 shillings today. Because of it being practically impossible to secure steamer shipments even at this extreme rate are not heavy, and besides, the foreign market is uncertain.

Local lumbering conditions have been very favorable through the winter, but unless snow comes soon to the aid of the dealers to help them get out the cut, there will be large quantities hung up without hope of being rafted this spring. At the head of the St. John river and in other parts through the southern districts of the province lumbering has been very encouraging, except for the present lack of snow, but on the North Shore conditions have not been so good.

L. R. ROSS GETS WORD OF DEATH OF BROTHER-IN-LAW

Wm. G. Morrison Dead in New York After Only Few Days' Illness

L. R. Ross, of the I. C. R., received a telegram on Saturday night from New York, informing him of the death of his brother-in-law, William G. Morrison, of Clarence Whittman & Co.

Mr. Morrison had been sick only a few days, with pneumonia, and his death was a shock and surprise. He was born in St. John, the eldest son of the late John Morrison who, in early days, built ships where the C. F. freight sheds now stand. He went to New York after the St. John fire in 1871, and remained there steadily since that time.

He is survived by two sons, Dr. William Howe Morrison of New York, and Rev. Palmer Morrison of Paris; two brothers, John Charles, residing in St. John; Andrew W. of the I. C. R., Moncton; and three sisters, Mrs. George Sands, Mrs. Archie Wilson and Miss Lydia at home.

The funeral will take place in New York. He will be buried beside his wife in Greenwood cemetery.

On Saturday afternoon in the Busmen's Volley Ball League, the Mercer-Guy game was postponed. Henderson's strong quintette and the Lawyers' last team met. They have been putting up strong and interesting games. In their first meeting the Lawyers were defeated two straight. In the second round the Lawyers were in better shape and, again meeting Henderson's team on Saturday afternoon, a different story resulted. One of the most interesting and fast games of the season was played. The first game the Lawyers took from Henderson's team, 21 to 18. In the second game the business men came back strong and defeated the Lawyers 21 to 8. The third game was the greatest played, the Lawyers took quite a lead having 15 to 9, but the business men pulled up and tied the score. Then came the battle royal when the business men took one point in the lead, but were soon overtaken by the Lawyers, Mr. Dunlop putting three straight points over for the Lawyers and thus winning the game. These teams now are tie.
