TEN KILLED IN STORM IN MIDDLE WEST

DAMAGE HEAVY WITH SERVICES INTERRUPTED

Hundreds of Homes Flooded and Tracks Washed Out

DROUGHT ENDED Chicago Orchestra Continues Playing With Water Up to Knees

CHICAGO, Ill., June 14.—Hundreds of flooded homes, bridges, highways and railway tracks washed out, electric and telephone service interrupted, and scores of fires were in the wake of wind, electrical and torrential rain storms that swept the Middle West, causing thousands of dollars in property damage, as well as bringing relief to drought-stricken areas. Ten deaths have been reported.

Rockford, Ill., experienced the worst flood in 36 years. Hundreds were forced to flee from their homes while others took refuge on the roofs and in upstairs rooms.

BRIDGE WASHED AWAY.

A number of bridges in the vicinity were washed away, one of them carrying with it two automobiles and seven passengers. The cars were washed down stream, but the passengers were rescued. The rainfall during the hour and a half late yesterday amounted to 4.41 inches.

Iowa, Minnesota, Wisconsin and Nebraska reported heavy rainfall, which in some sections did damage or crop previously threatened by drought. Mail fell in some sections of Iowa. Steinauer, a little village in southeastern Nebraska was swept by high winds, which damaged practically every building in the town. Rain followed the wind.

BOLTS START FIRES.

Rockford bore the brunt of the latest storm which broke there yesterday afternoon. Water from Keith Creek inundated part of the southeastern area of the city. In a number of the streets, the water reached a depth of eight feet. Hundreds of families on the second floor of their homes today awaited rescue by city firemen and volunteers who manned boats and rafts.

Thirty fires, all attributed to lightning, were reported in Chicago in half an hour. Firemen also received more than 800 calls to attend to fires in basement apartments. At a south side theatre, water flowed in the front entrance, wet the feet of persons in the audience and ran in a steady stream into the musicians' pit. They continued to play with the water almost to their knees.

Some streets were flooded to a depth of two or three feet.

Little Town of Smithers All Excited Over Reports From Topley

Canadian Press PRINCE RUPERT, B. C., June 14.—Smithers is all excited over a gold and silver ore strike made last week by Frank H. Taylor, near Topley, located on the Canadian National Railway, 100 miles east of Smithers.

Taylor came into Smithers with ore samples which were at once assayed, and a representative sample showed \$17 gold and forty ounces of silver besides a trace of lead.

According to Taylor, who has recorded a group of claims at the Smithers office, there is a huge surface showing about 150 feet wide and 300 feet long.

He says it is the best mineral showing he has seen in British Columbia, and that the ore is rich in silver and gold. He says he has secured a group of claims at the Smithers office, there is a huge surface showing about 150 feet wide and 300 feet long.

Rotary International Opens At Denver

DENVER, Colo., June 14.—The 17th annual convention of International Rotary opened here today with thousands of delegates registered from 35 countries. The first general session will be held this evening, when International President Donald A. Adams of New Haven, Conn., will preside at a pageant in which 1,200 persons will participate.

NEW PERSIAN CABINET TEHRAN, Persia, June 14.—A new cabinet has been formed to succeed the ministry of Suleiman Mirza Faruqi, which resigned several days ago. Mostofiz is premier and minister of interior.

British Cabinet Is Expected To Decide Policy On Mine Strike Today

Party, Attired For War, But Preaching Gospel of Peace, Touches At Halifax

HALIFAX, N. S., June 14.—An expedition of several militantly appearing men and one attractive appearing woman, also attired for war, with more women in the office, preaching the gospel of international peace, but traveling in armored motor cars, mounted with quick-firing guns, visited Halifax yesterday over the week-end and will land shortly at Quebec from the British freighter Itororo, which sailed from here yesterday for the St. Lawrence. The freighter came up from Hollywood, B. Y., The Sea, Florida, in charge of Captain C. H. Loveland, who said the steamer was to be placed under Canadian registry, having been purchased by parties in this country. On the steamer's deck was a huge armored car, and there were said to be five more below decks. The cars were said to be the property of the Wanderwell expedition to promote universal peace by the establishment of international police.

SAINT JOHN RUNNER FINISHES SEVENTH IN MELROSE CONTEST

George Spragg Home After Gruelling Ten-Mile Race With 37 Entered—Local Visitor Gives Graphic Account of Johnny Miles' Collapse

GEORGE SPRAGG, who finished seventh in the Melrose, Mass., race Saturday afternoon, returned home at noon today in excellent shape. Spragg says the race was a terrific one and that the heat must have bothered Johnny Miles badly, as Miles failed near the end. Stenroos won. Clarence DeMar was fourth. Spragg and Miles were the only Canadian runners competing, and Spragg's showing out of a field of 37 and under trying conditions, was considered excellent.

W. H. Golding, in an account of the race, says: His face distorted with the agony of complete collapse and gradually slowing his pace from a long lunge to a childish trot, then to a wobbling walk and finally to a drunken-like stagger Johnny Miles, world's mark marathoner from Cape Breton and the new wonder of long distances, dropped in his tracks in the classic Melrose handicap Saturday afternoon before five thousand people.

Father Saves Kiddie From Bear's Attack

WORCESTER, Mass., June 14.—While nearly 50 people looked on horror-stricken, Gustav A. Botcher battled with a bear to rescue his four-year-old daughter, Olive, who had been pulled into the pen by the animal. The child was fondling candy to the bear when it suddenly reached over and, grasping her dress with its claws, pulled her into the roped enclosure, where the bear was chained. The father leaped into the pit, but did not relieve the child from the bear's embrace until she had been severely clawed and bitten.

Pope Officiates At Beatification Rite

ROME, June 14.—The Pope yesterday officiated at the beatification in St. Peter's of the venerable Lucia Filippino, foundress of the Piaus Teachers. The new blessed was born in 1872 and at an early age was distinguished for her desire to impart religious instruction. Later she founded schools throughout Italy.

Coolidge Attends Service In Theatre

WASHINGTON, June 14.—The First Congregational church has been condemned as an unsafe structure, and President and Mrs. Coolidge attended the service of the congregation in a movie theatre on F street Sunday morning. Shortly after the congregation filed out, the cash customers began to arrive for the Sunday afternoon performance.

5 DIE, 75 HURT IN COKE OVEN BLAST

GARY, Ind., June 14.—Five men were killed, four of them instantly, by an explosion, believed to be due to gas in a coke oven of the by-products plant of the Illinois Steel Company here early today. Seventy-five others were injured, a dozen of them seriously, when the two-story brick building was wrecked. The coke oven department, a two-story brick structure, was virtually wrecked. Bodies of the dead and the injured were removed with difficulty.

Vestments, Hand Made In China, Presented To Cardinal

CHICAGO, June 14.—A set of pontifical mass vestments of white and gold silk hand woven by the women and children of the Hospice of St. Joseph in Shanghai, has been presented to Cardinal Mundelein for Cardinal Bannock, the Papal delegate to the Eucharistic Congress by Lo Pa Hung and Nicholas Tau, two wealthy industrial leaders of China, here for the ceremonies.

In accepting the gifts in behalf of the legate, Cardinal Mundelein recalled that Cardinal Bannock had served a number of years as a missionary in China.

BRAZIL RESIGNS FROM LEAGUE; EFFECTIVE 1928

Notice Received in Cable From Foreign Minister

GENEVA STIRRED

Matter of Permanent Seat on League Council is Cause of Action

GENEVA, June 14.—Brazil has resigned from the League of Nations. Notification of this step, received by cable today from Foreign Minister Pacheco at Rio Janeiro, created consternation in League circles. The withdrawal follows her earlier act in resigning from the League Council because of the refusal of the powers to grant her a permanent seat simultaneously with Germany, who was promised one at the Locarno conference.

Two years' notice of withdrawal is required by the League Covenant, so that Brazil's final departure from Geneva would take place in 1928.

SEPT. CONVOCATION

"Having just received notice of the convocation of the September assembly at which she cannot be represented, Brazil feels it her duty to declare that this circumstance imposes the necessity to formulate now (and she does formulate it by the present communication), her resolution to withdraw from the league, this dispatch to be considered as the notice prescribed by the latter part of article 1 of the covenant.

"I take the opportunity to reiterate assurance of my high consideration."

PRESIDENT YEN'S CABINET IS DOOMED

Opposition of Marshal Chang Too Lin Reported to be Strong

PEKING, June 14.—The cabinet of President W. Yen is doomed to failure through the opposition of Marshal Chang Tso Lin if reports preliminary to the conference of military and emissaries in Tien Tsin, approximately the truth, though differing in minor details, all accounts agree that first, the campaign against Kuomintang (National Army) must proceed, while secondly reconstruction of the government will be shelved for the present.

SPRAGG SEVENTH

Clarence DeMar, the famous marathoner won fourth place, two local men took fifth and sixth and George Spragg of Saint John came home seventh. There were 39 competitors. There was so much sensationalism in the collapse of Miles that the crowd, swarming on the track mixed up with the unfinished runners and Spragg seemed to be lost in the shuffle. Starting with a handicap of 300 yards, Spragg plodded nearly five miles with

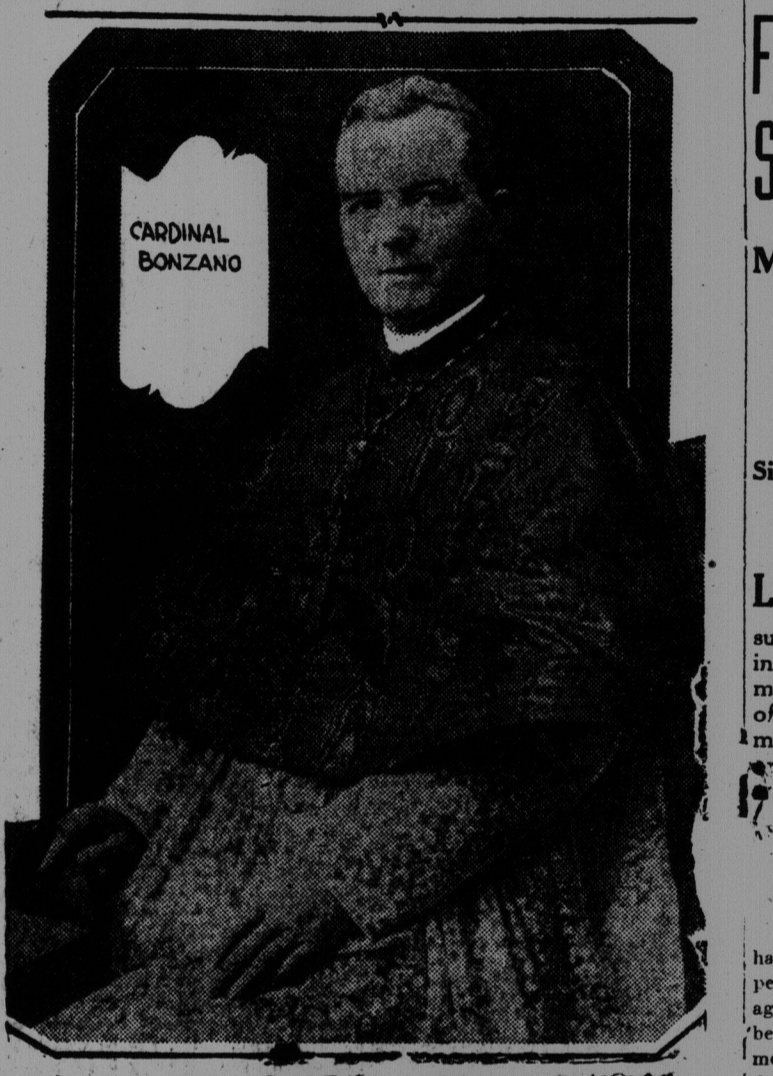

Ruth Draper Will Appear Before King

LONDON, June 14.—Miss Ruth Draper, monologist, has been commanded to appear before the King and Queen at Windsor Castle next Friday evening for the entertainment of the King's Ascot guests.

QUITTS GERMAN PARTY

BERLIN, June 14.—Dr. Hjalmar Schacht, president of the Reichsbank has resigned from the Democratic party on the contention that it has adopted an equivocal position in the controversy over the property confiscation of the former German ruling houses.

Brings Pope's Blessing

CARDINAL BONZANO

CARDINAL BONZANO of Rome, who brings the blessing and the personal greeting of His Holiness Pope Pius XI, Cardinal Bonzano has been for 12 years apostolic delegate to the United States. A group of 500/30 people yesterday watched a procession in New York, in which Cardinal Bonzano participated.

Sheiks Agree N. B. SENATOR IN Desert Women AUSTRALIAN PARTY O. K. For Them

NEW YORK, June 14.—American women may be the ultra-ultra of the world of politeness, as far as Americans are concerned, but the leaders of a band of 75 Arabs bound for Philadelphia's Sesqui-Centennial from Tunis agree that desert women are more appealing.

After a few hours on American soil, Hadji Mahommed and Ali Djame found these prime delicacies: "Their skirts were too short, Much paint did they sport, Redd stockings prevailed."

To conclude his diatribe, Ali said he was astonished at the way the American women danced and the freedom of their behavior with men. However, the party "probably ain't seen nothing yet."

Gypsum Co. Buys Portsmouth Plant

PORTSMOUTH, N. H., June 14.—The large plant of the Atlantic Corporation at Freeman's Point, used as a shipyard for the building of steel ships during the war, has been taken over by the Atlantic Gypsum Company, which will have plants in New York and Nova Scotia, as well as here. The Freeman's Point plant, it was announced today, will be in operation by November and will employ at the outset 400 men.

"SORREL DAYS" OBSERVED

TORONTO, June 14.—Ten years ago today the third battalion of Toronto struggled across a rain swept "no man's land" and with heavy loss of life, won back Mount Sorrel for the allies. This afternoon the occasion was commemorated with a ceremonial church march by the Toronto Regiment and henceforth June 14 is to be annually known in this city as "Sorrel Day."

Christ Still Living In Flesh In Himalays, Says Mrs. Besant

LONDON, June 14.—"The Christ is still living in a physical body in the Himalayas," Dr. Annie Besant, president of the Theosophical Society, is quoted by The Sketch as having said at a meeting of the Theosophists in London yesterday.

"I have heard him say," Mrs. Besant said, "that he is coming to this world—he is coming to take the body of Krishnamurti. Certain things have happened which place the fact to me beyond dispute. "We had thought His coming would have been later, but the world is in a state of crisis which has compelled me to use the words that 'He is hastening his coming slightly.' We are not talking quite plainly so that Christ may not have the treatment he had in Palestine 2,000 years ago. One does not use the words I am using at my age, and with my past without sincerity."

REVOLUTION IF FORCE IS USED SAYS A. J. COOK

Miners' Secretary Hints at New Settlement

SECRET BALLOT

Situation Probably Will Develop When Commons Resumes Debate Tomorrow

LONDON, June 14.—Rumor was busy over the week-end suggesting that things were moving toward an ending of the coal mine deadlock. The vagueness of the reports deprived them of much value. Significance, nevertheless, is attached in some quarters to a statement made by A. J. Cook, secretary of the Miners' Federation, in a speech at Penzance Sunday.

SPEAKS AT PENZANCE

I shall be called upon soon, perhaps sooner than some of us expect," said Mr. Cook, "to sign an agreement for the miners. But it must be a signature on behalf of a million men. If the men want an eight-hour day or are prepared to work for lower wages, they must say so."

Some read into this a hint that preparations are making for a secret ballot by the miners on the questions of hours and wages. Mr. Cook's speeches, both Saturday and Sunday, however, are considered by some persons, as having ambiguous and sometimes contradictory one another, although taken together they might possibly be interpreted as showing willingness to reopen peace negotiations.

REPEAL ACT

Some of today's newspapers give prominence to a report that the government intends to repeal, at least temporarily, the act which established the seven-hour day for miners. Such action, if urged, would induce the miners who are willing to resume work pending a general settlement of the dispute to return to work. Mr. Cook's view on such a step, seems to be indicated in his statement on Saturday, "If Premier Baldwin attempts legislation to force longer hours, it will start a revolution."

It is not expected that the situation will develop materially before tomorrow, when the House of Commons will debate the coal situation. It is expected that today the cabinet will decide upon its course.

Six Killed In Grade Crossing Accident

CANADIAN PRESS KANE, Pa., June 14.—Six persons were fatally injured in a grade-crossing accident at Wetmore, near here Saturday. Their automobile was struck by a pusher locomotive on the Pennsylvania Railroad. The dead: Martin Mullock, 30, of Wetmore, John H. Redden, 35, of Coudersport, Pa.; Michael Ilke, 32, wife, and 14 months old baby, Coudersport; Mrs. Michael Jarar, 27, Coudersport. Michael Jarar, 32, husband of one of the women killed, suffered a broken back and is not expected to live.

ITALIAN TO LAND AT PICTOU N. S.

PICTOU, N. S., June 14.—The Italian aviator Commander Pinedo will land here about the first of July for fuel, flying to this town from St. George's, Newfoundland.

In a telegram to local authorities today, the Asiatic Petroleum Company of New York stated that it had received instructions to ship fuel for Commander Pinedo's plane to Pictou before July 1. The telegram also said that fuel was being shipped to Piacentia and St. George's, Nfld., at which points in the Ancient Colony the aviator will arrive and depart, respectively.

Eucharistic Congress Will Rival in Brilliance All Modern Festivals

Canadian Press

CHICAGO, Ill., June 14.—

Colorful pageantry and stately splendor seldom seen on this continent, will be presented in the principal ceremonies of the 28th International Eucharistic Congress here next week, in which clerical and lay pilgrims from 34 nations will participate.

Thirteen cardinals, approximately 500 bishops, between 3,000 and 5,000 priests from the remotest corners of the earth, and 12,000 nuns, will have part in the ceremonies, and congress officials anticipate that between 750,000 and 1,000,000 laymen will bow before the Holy Eucharist during the five days devotional programme.

Settings of richness and brilliance rivaling in dignity and grandeur, the greatest ecclesiastical festivals of modern times, have been arranged for the cathedral of the Holy Name, the Seat of the Archdiocese. In the municipal stadium on the shores of Lake Michigan, with its capacity of approximately 200,000 worshippers, in Chicago's historic coliseum and at the 1,800 acre plot surrounding the seminary of St. Mary of the Lake at Mundelein, 40 miles northwest of the city.

OPENED ON SUNDAY

In the cathedral where Cardinal Bonzano, the Papal Legate will formally open the congress Sunday morning, the altar will be overarched by a 60-foot canopy of cardinal red and papal velvet, while embellished with silver cloth and ermine, and with rich folds of the cardinal cloth draped from the glittering canopy, to the floor of the sanctuary.

The legate's throne, in cardinal red applied in gold with the cardinal's coat of arms, will stand on a platform in cardinal red, will be on a platform 35 feet above the stadium field. Twelve tons of steel are in the framework above the altar. Celebrants of the mass here will be vested in the festive gold, the liturgical color for such ceremonies. A huge invisible organ is being installed to lead a choir

IN SOLDIERS' FIELD.

In Soldiers' Field a baldachino of gold and green more than 125 feet high has been erected over an altar modelled after, but larger than, the central altar in St. Paul's—outside the water-gate home. The altar, with its sanctuary more than 200 feet square, dotted with green-draped kneeling benches for the golden-cinctured bishops, and 13 thrones in cardinal red, will be on a platform 35 feet above the stadium field. Twelve tons of steel are in the framework above the altar. Celebrants of the mass here will be vested in the festive gold, the liturgical color for such ceremonies. A huge invisible organ is being installed to lead a choir

Dumping of People Across Line Condemned by N. Y. State Prison Board

ALBANY, N. Y., June 14.—Severe criticism of "degraded men" on the Canadian side of the International boundary who induce people to pay over virtually all the money they have to bring them safely into the United States and then "dump them across the line and let them shift for themselves" is contained in a report of the New York State Commission on Prisons.

Hutchinson of the city police force leaves today to attend the convention.

A. S. ROGERS HEARD IN STRONG ADDRESS

Representative of International Bible Students' Assoc. Gives Lecture

Mr. A. S. Rogers, representing the International Bible Students Association, delivered a forceful address in the Imperial Theatre Sunday evening on the subject, "Why World Powers Are Tittering—The Remedy." His text was, "And the nations were angry, and Thy wrath is come." (Revelation 11:18). A condensed report follows:

Whoever looks out over the world today sees a condition which has no parallel in history. This has been especially true since 1914. The Lord is permitting the nations of Christendom to pass judgment upon themselves, to manifest their real heart condition, to show whether they have profited by their opportunities and blessings. The great Supreme Judge is bringing to light the real condition of humanity, and the nations are manifesting the fact that selfishness is the root from which spring the evil fruits of jealousy, envy, and strife.

St. Paul shows us how to recognize the spirit of the Lord. He declares that it is manifested in meekness, gentleness, patience, godliness, self-control, love. (Gal. 5:22-23). Wherever we find true Christianity, we find the fruits of the Holy spirit. With the exception of Turkey, the peoples of Europe claim to be Christians. With the beginning of the world war and since that time, the Lord has been proving them, not that He Himself might know their condition, for both the Father and the Son know well that these nations are only nominally Christian; but He is opening the eyes of the masses to see the true condition. As we look back upon the world war any one can see that it was not the spirit of Christ, acting through the nations, but that selfishness was the root of the trouble; that the nations were angry, or grew angry, and began to slay each other—the very opposite

SACKVILLE LADY'S 89th BIRTHDAY

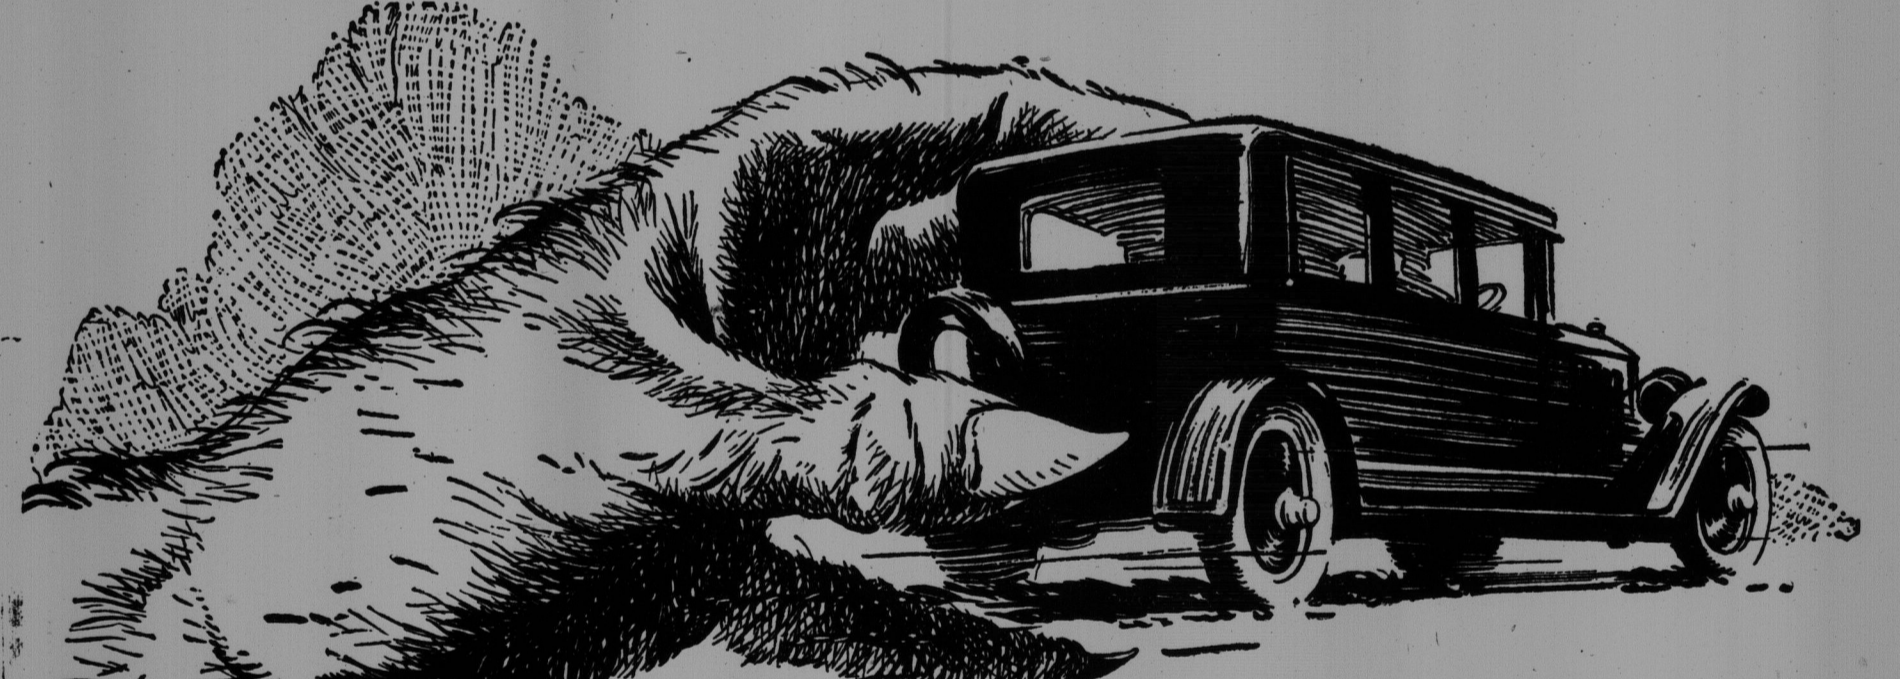

Mrs. Mary Silliker Honored by Visit From Many Friends

Special to The Times-Star SACKVILLE, June 14.—Mrs. Mary Silliker, of Middle Sackville, celebrated her eighty-ninth birthday Friday, June 11, when a large number of friends called to extend congratulations to the aged and highly esteemed lady. Mrs. Silliker received many gifts of beautiful flowers as well as a delectable birthday cake, illuminated with candles and with the figures "89" inscribed thereon.

Despite the fact that the aged lady has been bedridden for several years, she is very bright and takes a keen interest in everyday affairs. She has two children, Hedley and Laura, who reside with their mother. Mrs. Silliker's many friends wish her many more happy birthdays.

Get out of the Clutches of CARBON

WHY allow the cylinders of your motor to become coated with carbon? Carbon deposits make your motor miss and knock; cause pre-ignition; and insidiously rob your car of its power, especially on hills. At the same time carbon costs you money in increased upkeep cost—frequent cleaning of cylinders is necessary; repair bills for worn parts and rapid deterioration are inevitable results. There is only one motor oil in the world that successfully combats carbon. Marvelube—the new process Imperial motor oil! Marvelube has been developed by Imperial Oil Limited after four years of intensive research and experiment in the search for an oil that would correctly lubricate the modern automobile motor. This wonderful new oil is made by the Marvelube Process from a selected grade of Peruvian Crude Oil, the world's finest lubricant base. It successfully combats carbon, because the original low carbon content of the crude is reduced to the merest trace by the Marvelube Process. It also sets new standards in all the other qualities by which motor oils are judged. Marvelube cannot be duplicated by any other oil company because Imperial Oil Limited controls Peruvian Crude and is sole owner of the Marvelube Process. A trial filling of Marvelube will convince you that it lives up to every claim we make for it. This new oil is made in six grades, including Marvelube "F," specially designed for Ford Cars. It is now on sale at all Imperial Oil stations and by good dealers everywhere.

C. W. L. DISCUSSES NATIONAL REPORTS

Address of Hon. Rodolphe Lemieux Feature of Yesterday's Session

OTTAWA, Ont., June 14.—Discussion of national reports occupied most of this forenoon's session of the Catholic Women's League of Canada, in annual convention here. Regular mass was chanted this morning for the late Mrs. W. H. Lovering of Hamilton, former president of the league. A feature of the addresses delivered yesterday was that of Hon. Rodolphe Lemieux, speaker of the House of Commons.

High lights in Mr. Lemieux' address have been selected as follows: "Many motion pictures of today are a bold challenge to morality. Danger often lurks behind a seemingly harmless cinema. Some censored films should be thrown out in their entirety. "Your organization should lend its every effort to discourage divorce and maintain the sanctity of the marriage bond." "One of the very useful works the Catholic Women's League can carry on, is to preach the gospel of decency in dress styles. Women may dress

POEMS I LOVE

"Morn," by "H. H." (Helen Hunt Jackson).

Its slow way back, as if it could not free itself from bonds unseen. Then Memory, Like sudden light, outflashes from its deep.

The joy or grief which it had last to keep For us; and by the joy or grief we see The new day dawn like yesterday.

We are unchanged; our life the same we knew Before. I wonder if this is the way We wake from death's short sleep, and struggle through.

A brief bewilderment, and in dismay Behold our life unto our old life true.

The author of that famous romance, "Ramona," Helen Hunt Jackson, is not well known as a poet. But once in a while she struck twelve in her verse—especially, I think, in this exquisite picture, which should be more widely read. It has been preserved, I notice, by Steadman in his anthology; but one does not find it elsewhere very often.

In what a strange bewilderment do we Awake each morn from out the brief night's sleep.

Our struggling consciousness drifts grope and creep

or near, and their plumpness viewed in profile, have found a response in the southern states where they are known as Kivers, evidently an Africanization of cover.

Britain (for beam) and many combinations of adjectives referring to the shape or color of the various kinds, and used in combination with sunfish (said to refer to the brightness of its tints) greet us in different parts of our country where the sunfish furnishes spirit to the less ambitious angler.

Sunfishes are usually abundant. Long experience has taught them that unprotected eggs of fishes are looked upon as legitimate prey by a host of enemies.

So the male when he feels the call of love in spring first looks to the providing of a home. Selecting some favorable spot at a moderate depth, he clears away all loose vegetation and debris from a circle two or three feet in diameter until a clear sandy bottom is assured.

"This, in a muddy stream, is a job of mean proportion. Then he looks out for some likely lady sunfish, and in some way persuades her that this is the ideal spot to set up housekeeping."

Thereafter he guards the eggs and the young sunfishes from all intruders, fiercely attacking fish or turtle or larval insect, anything which may be seeking to devour. All honor to the sunfish daddy who thus so nobly guards his home.

MAKE PLEA FOR OBSERVANCE OF THE LORD'S DAY

Visiting Alliance Officials Heard in Saint John Pulpits Sunday HISTORIC RELICS IN TRINITY VIEWED J. O. D. E. Delegates at Service—Other Events in Churches

The work of the Lord's Day Alliance in Canada was never more general than it is at the present time was the confident assertion of the general secretary, Rev. W. M. Rochester, B.A., D.D., yesterday. Dr. Rochester is in the city at present accompanied by Rev. George Mingie, B.C., LL.D., who is the field secretary for the alliance in Quebec and the Maritime Provinces.

Dr. Rochester is completing an Eastern Canada tour and leaves tonight to return to the west. In his addresses yesterday he spoke of the Sabbath as forming the foundation on which rests human happiness and well-being, industrial prosperity and the spiritual development of the people. Upon the Sabbath, he said, certain great institutions depended for their opportunity. The home could only be maintained in its integrity because of Sabbath observance and both the Sunday school and the church found in the Sabbath the great day on which they could carry on their mission.

Dr. Rochester pointed out, however, that there were adverse influences threatening the stability of this foundation of the sanctity of the Sabbath and among these he mentioned the belittling and sometimes contemptuous public references to the day which had become common a few years ago when such titles as "Blue Sunday" and "Laws" were frequently heard. Misrepresentation of the Puritan Sabbath was another adverse influence and also the disposition of the people of today to make Sunday a holiday rather than a holy day.

PREVALENCE OF GAMES. The prevalence of games of various kinds and the multiplication of entertainments on Sunday, some of them private and some public, Dr. Rochester said, were also striking at the observance of the Sabbath.

The great need of the present day, Dr. Rochester said, was that the people should use the day well and stress a little more emphatically the spiritual opportunities it affords rather than its physical side.

SEE HISTORIC RELICS. The National chapter, I. O. D. E. delegates, who remained in the city, attended Trinity church yesterday morning and the party, numbering about 20, stayed after the service and examined the many historical relics which the church contains.

Mrs. Heber Vroom, regent of the Saint John Municipal chapter of the I. O. D. E., introduced the visitors to Rev. C. Gordon Lawrence, rector of Trinity, who very kindly exhibited the various relics of which the corporation of Trinity is justly proud. Included among these was the silver communion set which was the gift of King George III. and has a very interesting story. The coat of arms of the corporation is also a memorial relic, and the many memorial gifts in the church are all very interesting to the visitors, who expressed their delight in having that opportunity of examining and admiring the beautiful church and its historical relics.

TELLS OF GENERAL ASSEMBLY. In St. Columba Presbyterian church yesterday Rev. W. M. Townsend, the minister, who has been attending the meeting of the General Assembly in Montreal, gave a very full and instructive account of the morning and evening services. He gave extracts from the splendid sermon delivered by Rev. E. W. Sawdon of Belleisle, who took as his subject "Jesus Christ the same yesterday, today and forever."

IN QUEEN SQUARE CHURCH. Rev. Thomas Marshall, former secretary of the New Brunswick Temperance Alliance, was the special preacher in the Queen square United church yesterday morning and also gave an address at the session of the Sunday school in the afternoon. Rev. E. W. Sawdon of Belleisle, was the preacher in the evening.

IN FAIRVILLE UNITED. Rev. Thomas Marshall was the preacher in the Fairville United church last evening. He referred to the fact that he had been a preacher of the gospel for 35 years. He appealed to his hearers to let their lives show that they were followers of Christ. The choir sang the anthem, "When the Mists Have Rolled Away," and "Blessed Be The Lord." Miss Audrey McColegan was the organist. Rev. E. W. Sawdon of the Belleisle, was the preacher in the morning.

AT CENTENARY. Rev. R. G. Fulton's pulpits in Centenary church yesterday was occupied in the morning by Rev. Ross Fleming, vice-principal of Mount Allison Academy, and in the evening by Rev. E. E. Styles, who alternated in occupying the Centenary and Exmouth street pulpits yesterday. Rev. Mr. Fulton was called to Grand Nanan because of an accident befalling Mrs. Fulton's mother.

Weddings

Lewis-Miller

The home of Mr. and Mrs. William Miller, 14 Cliff street, was the scene of a very pretty wedding on Saturday afternoon at three o'clock, when their daughter, Miss Hilda Miller, was united in marriage to Weldon Lewis, son of Pitman Lewis, of Freeport, Nova Scotia. Rev. I. B. Colwell was the officiating clergyman. The bride looked charming in a dress of flesh colored georgette with blue and gold trimmings and wore a black picture hat and carried a bouquet of Ophelia roses. She was attended by Miss Hazel Linton, her cousin, who wore a dress of pale green crepe de chine with cream lace trimmings, black crepe de chine hat with clusters of French lilies of the valley. After the ceremony and signing of the register, luncheon was served to about 40 friends. The drawing rooms were attractive with ferns and apple blossoms. The table, which was centered with the bride's cake and arranged with spring flowers was presided over by Mrs. James McKillop and Mrs. George Miller, who poured. Mrs. Kenneth Linton, Mrs. Oliver Miller, Miss Maise Morrison and Miss Viola Hovey assisted in serving.

Among the many beautiful gifts received was a beautiful walnut clock from the manager and staff of the Dunlop Tire and Rubber Goods Company Ltd., where the bride was employed. The groom is a veteran of the Great War and served overseas with the 42nd Battalion. He is now residing at 2 McAvity & Sons, Ltd.

The bride's travelling car was a sand charmer and also wore a motor boat, which was galley decorated with flags and bunting for a wedding trip to Fredericton and other points of interest on the Saint John River. On return they will reside at 14 Cliff street.

Many friends accompanied the happy couple to the altar, and showered them with cornetti and expressed best wishes for their future happiness as they boarded the boat.

McCurdy-Brown. In the Church of the Good Shepherd, Fairville, on Wednesday evening, June 9, at 8 o'clock, Miss Belle Brown, of St. George, was married to James Ernest McCurdy, of Saint John. The ceremony was performed by Rev. F. J. LeRoy, rector of the church, in the presence of immediate relatives. The bride was given in marriage by her father, John Brown, and was attended by Mrs. Herbert Brown. The groom was supported by Mr. Herbert Brown and Mrs. McCurdy will reside in Saint John.

Deaths. George E. Ketchum. The death occurred at Nauwigawak on Saturday of George E. Ketchum in his eighty-fourth year. FIVE ORDAINED BY BISHOP AT CATHEDRAL HERE

Two Elevated to Priesthood; Three Are Made Sub-Deacons MISSION AT EAST SAINT JOHN ENDS

Forty Hours' Devotions in Church of Assumption Are Begun

Two young men were elevated to the priesthood and three were made sub-deacons at an impressive ordina-

tion ceremony conducted by His Lordship Bishop LeBlanc at the 11.30 o'clock mass on Sunday. The new priests are Rev. Frederick Carney, of Oromocto, and Rev. Philippe L. Goguen, of Notre Dame, but whose parents now live in Gardiner, Me.

Those ordained sub-deacons are Rev. Eméric Dolan, son of Mrs. and the late Martin Dolan, of Saint John; Rev. Alderic Melanson, of St. Paul, Kent county, and Rev. Angus MacNeil, of North Sydney, C. B. His Lordship was attended by Rev. Dr. Louis Guerin, C.S.C., of St. Joseph's University, Rev. W. M. Duke and Rev. Charles Boyd, of the Cathedral, while Rev. Joseph Floyd and Rev. Francis Gillen, of the Cathedral, Rev. McGillivray, of the Church of the Assumption, and Rev. Wilfred Mallette, of St. Rose's, were in the sanctuary.

Rev. C. P. Carleton, of Silver Falls was sponsor for Father Carney and Rev. E. P. Reynolds, of the Cathedral, for Father Goguen. There was a large congregation present and after the ceremony many went to the vestry to ask the blessing of the new priests. It is not yet announced where the newly ordained priests will be stationed. They will have a little time of rest after their studies before taking up their duties.

It was announced in the Cathedral yesterday that next week, beginning at the high mass on next Sunday, there would be exposition of the Blessed Sacrament in the Cathedral during the progress of the Eucharistic Congress in Chicago. Those going from here to the congress will leave Saint John on next Friday morning.

MISSION IS ENDED. The mission at the Stella Maria church at East Saint John, conducted by Rev. Philip Quinn, C. S. R., was brought to a close yesterday afternoon. The closing exercises were exceptionally well attended and the topic for the sermon was "Perseverance." The mission, which commenced on the previous Sunday and was a marked success, was conducted with the apostolic blessing and the Benediction of the Most Blessed Sacrament, at which the pastor, Rev. F. F. Walker, officiated.

IN OTHER CHURCHES. A novena in honor of the Sacred Heart was opened in St. Peter's church on Friday last and is to close next Sunday evening. Forty hours' devotions were commenced in the Church of the Assumption yesterday at the celebration of high mass at 8.30, when there were more than 300 communicants among them the members of the Holy Name Society. In the evening there were beads and the sermon was preached by Rev. J. J. Ryan, parish

priest. The service closed with the Holy Name hymn after the benediction. The forty hours' devotions will close on Tuesday night, when Rev. Arthur Kinsella, assistant priest of St. John the Baptist church, will be the preacher and a solemn service will be conducted with a procession of children.

Yesterday was the regular Holy Name Sunday for the men of the Cathedral parish.

Picnic Saturday Greatly Enjoyed. The Exmouth street United church Sunday school picnic at Crystal Beach on Saturday was a huge success and thoroughly enjoyed by every one of the 400 in attendance. The steamer Magic took the picnicers to the grounds and they were brought back to the city on the motorship D. J. Purdy. Everything conspired to make the outing most enjoyable.

Excellent meals were served on the grounds under the direction of an able committee, consisting of Mrs. F. Andrews, Miss L. Myles and Mrs. Cosman, assisted by a most efficient staff of workers. The tea and coffee were served by G. Townsend, E. E. Thomas, superintendent of the school, had charge of the light refreshments. A full program of races and sports was carried out and was participated in by the scholars and the grownups also. Suitable prizes were awarded. The members of the Excelesior class, of which Harold Hopkins is the leader, had charge of the sports.

Assistant Postmaster and Mrs. A. W. Lingley Honored by Friends.

A very nice silver tea service was presented to A. W. Lingley, assistant postmaster at Saint John, and Mrs. Lingley on Saturday evening, when about 70 of their friends assembled at the home of Mrs. O. Hansspecker, Portland street, to celebrate their 25th wedding anniversary. The gift was presented by Rev. H. A. Goodwin on behalf of those present and Mr. Goodwin expressed to Mr. and Mrs. Lingley the hearty congratulations and good wishes of their friends.

Mr. and Mrs. Lingley received many telegrams of congratulations from their friends in different parts, including one from their son, who is living in Toronto. They also received many hand-written gifts. Those who had charge of the social gathering on Saturday night were Mrs. I. Calhoun and Mrs. O. Hansspecker. The evening was spent most enjoyably.

PLANS COMPLETED. Arrangements for Visit of Dr. Robertson and Dr. Biggar This Week.

Plans are now completed for the visit to New Brunswick of Dr. James W. Robertson, C. M. G., and Dr. J. Biggar, chief commissioner of the Canadian Red Cross. On Tuesday at 1 p. m. there will be a luncheon of the members of the Grey and Canadian clubs to be addressed by Dr. Biggar. In the afternoon there will be a large provincial meeting of the Saint John Red Cross at the Auditorium at 4.10, when Dr. Biggar will present the Saint John Red Cross flag. To this ceremony the public is cordially invited.

On Wednesday morning the regular quarterly meeting of the New Brunswick Division will be held in Fredericton at St. Andrew's Hall, when it is expected there will be a large provincial representation. In the morning the regular business of the Red Cross will be conducted, and in the afternoon a joint meeting of the Red Cross and Registered Nurses' Association will be held and addressed by Dr. Biggar. In the evening Dr. Biggar will address a public meeting of the Women's Institute in the House of Parliament.

On Thursday evening a public meeting for the citizens of Fredericton will be held in the Cathedral Memorial Hall, at which Dr. Carter will take the chair, and Dr. Biggar and Dr. Robertson will be the speakers.

On Friday in the Admiral Beatty Hotel a luncheon will be given by the Saint John Red Cross to the heads of various societies engaged in general relief work, to be addressed by the two visitors, and in the evening they will leave for Nova Scotia.

DOCTOR ADVISED OPERATION FOR MRS. PENN. She Escaped It by Taking Lydia E. Pinkham's Vegetable Compound.

Windsor, Ont.—"After the birth of my first baby I was very much run-down in health and the doctor said I must have an operation as I was suffering from a large displacement. A friend wanted me to try your medicine—Lydia E. Pinkham's Vegetable Compound—and I took it steadily for a year. During this time I was carrying my second baby and I felt real well all the time and did not have a hard confinement. I feel sure the Vegetable Compound did me a lot of good, and all my people do, too. One sister in Leamington, Ontario, takes it, and both sisters praise it as a good medicine. I am more than pleased with the result."—Mrs. W. PENN, Windsor, Ontario.

Mrs. Corbin Relieved from Pain. Stewiacke, N. S.—"I had pains across my back and in my side for two years after my first baby was born. My mother had taken Lydia E. Pinkham's Vegetable Compound and I read about it in the papers, so I tried it and the pains all left me. I have a family of three children now, and the medicine helped me during the months before they were born. I recommend it to my friends."—Mrs. CARY W. CORBIN, Main Street, Stewiacke, Nova Scotia.

A Contrite Husband Who Warns All Men Against Swapping Old Wives for New—Shall She Take a Dare and Go to a Party in Boy's Clothes?—The Henpecked Husband Who Can't Call On His Mother.

DEAR MISS DIX—Five years ago I married the dearest and best girl in the world. She was all that a wife should be, affectionate to me, a tidy little housekeeper, who had a good supper smoking on the table for me when I went home at night, and my slippers waiting for me. Well, a strange woman came to our town who said she fell in love with me at sight, and began running after me and writing love letters to me. I was fool enough to think that I was in love with her, and made my good wife divorce me, and I married her. Then my troubles began. This woman I am married to is lazy and shiftless. We live in a pigsty. I have nothing to eat. My clothes are never mended or washed, and she is a virago in temper. And, worst of all, I know now that I never loved any one but my first wife, and this other was only a passing infatuation. I wish I could warn all men against giving up a good wife for "the other woman."
A SORRY HUSBAND.

DOROTHY DIX

ANSWER: Sometimes the punishment does fit the crime, and no sinner ever gets exactly what he deserves quite so often as does the man who, without cause, divorces a good and faithful wife for some woman who has had his fancy for the moment appealed to his baser passions.

All of us know dozens of cases where a wife with whom her husband could find fault, a wife who had been tender and devoted to him, who had borne him children, who had made a comfortable home for him, who had worked and scrimped and saved to help him build up a fortune, was forced by him to give him a divorce in order that he might marry some younger woman, or some woman who had flattered him into believing that she was in love with him, and made him believe that he was in love with her. But not once in a dozen times have we seen these second marriages turn out anything but disastrously for the man.

We have seen how often these men break suddenly in health, because the new wives felt not better to take care of them and feed them and make them comfortable as their old wives did. We have seen how often these second marriages mark the end of a man's success in business, and the beginning of his financial downfall, because his conduct has shaken the confidence of business men in his integrity and his judgment, and because the new wife is extravagant, while the old wife was a saver.

We have seen the forlorn spectacle of such men dragged around by their young wives to cabarets and night clubs—the sugar papas—who had held down the tables and paid the bills, while their wives danced and flirted with boys of their own age.

And we have known that among the men who trade off old wives for new, there are very, very few who have not regretted their bargain, and who would not have given a great deal to be able to go back to their old wives who had proved their faith and love for them.

It is a pity that the men who let some flapper persuade them that their wives are too old for them, or have got too fat, and the idiots who let some vamp get in her deadly work upon them don't take a look around at some of their fellow men who have fortune, and their good wives for these adventures, and see how few of these second marriages have turned out well. It would stop many a one from taking a step that he spends the balance of his life regretting.

DEAR DOROTHY DIX—I have always wanted to wear men's clothes, and a friend has dared me to dress as a boy and go as her escort to a dance to which we are asked. I would do it, but at this party there are to be several new men upon whom I should like to make a favorable impression, and some one has suggested that it would be impossible to do so if I were dressed as a boy. Please give me your candid opinion on this.
RENEE.

ANSWER: Well, my candid opinion, Renee, is that for you to go to the party dressed as a boy would be an insult to your hostess and would disgust the men.

I will agree with you that it is a misfortune to be born of the persuasion and have to wear feminine apparel. Undoubtedly, a man's clothes are more practical, more durable, more comfortable and convenient than a woman's. It must be perfectly perfect for you to have a man's wardrobe, and to be able to get by with two or three suits a season. But Nature having wished your sex upon you, there is nothing you can do to change it, and you have to abide by its limitations and make the best of them.

And no woman helps her case any by trying to make an imitation man of herself. On the contrary, she makes a bad matter worse, for convention demands that a woman shall be good-looking, and whatever drawbacks she may have, feminine clothes are a first aid to beauty. The homeliest girl alive is attractive swathed in chiffons. The prettiest one is homely in breeches.

I know that there is a perfect mania among girls now for wearing knickerbockers. They are strutting around all over the place in them and marrying the landscape with their ugliness. And when I behold them with their big hips and little ankles, looking like tops, I understand why there is such a decline in matrimony.

For femininity is woman's greatest charm to man. So when you want to make a hit, stick to your skirts, and don't try to understand your little brother.
DOROTHY DIX.

DEAR MISS DIX—I am a young married man and have a good position, and own my own home, but this is my trouble: I have a widowed mother who worked for me since I was a baby. I was her only support up to the time of my marriage. Now, when I have a chance to repay my mother by giving her a home, my wife absolutely refuses to have her in the house. Her mother lives with us, and I support her, although she has grown sons of her own. My wife watches me so closely that I cannot give my mother a dollar. She even accuses me of meeting her outside, when the truth of it is that I rarely see her to keep peace. What would you do?
FRED.

ANSWER: Why, I'd spunk up, Fred, and try to be a man instead of a mouse. I wouldn't let any woman alive henpeck me as you are letting your wife henpeck you.
Why, she can't have a particle of respect for you when she sees you lie down and let her walk all over you. Buck up, man, and have one grand fight, and put her where she belongs, if you expect to keep her love.
I don't advise you to bring your mother into your own house to live. That is out of the question with the sort of virago and bully you have got for a wife. But I do say, if you have one particle of manhood left in you, that you must tell your wife right flat out that you are going to give your mother a definite allowance to live on, and that you don't want to hear one word from her about it. And if she says that you can't afford it, tell her that you would have more money if her mother divided her time between her children, and that you are going to go fifty-fifty on the mother proposition.
Furthermore, make no secret of going to see your mother just as often as you can. That is your duty and your privilege. She must think that she made all of the sacrifices in vain in raising you if you are so afraid of your wife that you won't even come to see her. Don't break your mother's heart to save a quarrel at home. And, believe me, if you have just got the nerve to assert yourself, you can get the upper hand of your wife.

Novel Midseason, Early Fall Trends May Be Noted

NEW and novel ideas for summer and early fall dresses are constantly appearing and are most interesting. Above all, there is a new summer wrap that should prove acceptable for dances and porch wear, or for a stroll on the beach in the moonlight. It is a colorful crepe scarf with attached cape featuring a border of Roman stripes. A narrow belt confines it about the waist. A dance frock with original features (center) is the creation of one of the Paris couturiers. The material is black and white checked taffeta finely plaited. The skirt and trimmings are of fine Roman stripes with ruffles of black lace. The collar is high and the sleeves long, the wide lace cuffs covering the hands—two unusual features of a frock designed for dancing. A low placed patent leather belt completes the frock.

One of the early fall showings for afternoon wear (right) might be a good model for the bride to include in her wardrobe. Tulle bengaline is used for this frock, with collar, cuff trimmings

BEHIND THE SCENES

MOTION picture fans are becoming increasingly dissatisfied with mediocre plots and mediocre films. They are demanding something more than the old story of the boy who loved a girl, only to fall from grace by being wrongly accused of a crime and being executed in her eyes when the villain is brought to justice. The public wants big themes and they must be different. For a testimonial as to the public's appreciation of really great films, look to the line which forms at the box office in every town where "The Big Parade" is being shown.

In addition to new plots the public also wants new faces. True, the old favorites are still tremendous box office drawing cards, but they can't go on forever and youth must be given its chance.

Among those for whom a bright future is predicted is Miss Merna Kennedy, Charlie Chaplin's latest "find," who plays opposite him in "The Circus," his forthcoming production. Miss Kennedy is just 17, and has never before acted before the camera.

Jim Tully, in a recent issue of Vanity Fair, relates an interesting tale about Gloria Swanson, as told by Mack Sennett:

"One time a little girl came to me for a job. She was kinda cute and had pretty dark hair. I gave her the once over and asked: 'Where you from?'"

"Chicago," she comes back at me.

"Then I say: 'It seems to me you ought to go quite a ways in pictures. I think I'll give you a chance—you got the face and the form. . . . Come around here tomorrow at 8 o'clock and I'll put you on in something.'"

"I saw a great big guy standing over near a telephone pole as I talked to her. She walked right over to him and then the two left together."

"Well, I come to the studio the next morning and looked around for the

MENU HINT

Breakfast: Orange Juice, Fig Mush, Whole Wheat Toast, Coffee.

Luncheon: Dried Beef and Corn, Rhubarb Sauce, Whole Wheat Bread, Spice Cookies, Milk.

Dinner: Cold Sliced Beef Loaf, Creamed Potatoes, Pickles, Asparagus Salad, Cake, Coffee or Tea.

TODAY'S RECIPES

Fig Mush—Soak the desired number of figs in enough water to cover, overnight, or for about eight hours. Boil for five minutes and lift out the figs and continue to boil the

syrup until it begins to thicken. Add a teaspoonful sugar to each two figs and continue to boil five minutes more. Cut up the figs and pour the syrup over them. Make a cornmeal mush by boiling one cup of cornmeal to which has been added six cups of water. Boil until thick, or overnight in the fireless cooker. Add the figs and serve with cream or milk.

Dried Beef and Corn—One cup dried beef in pieces, one teaspoon chopped onion, one can corn, one slice bacon cubed, one green pepper chopped, seasoning, Cook bacon until crisp. Add onion and green pepper (if accessible) and when slightly browned add chopped meat. Pour in corn and simmer about 15 minutes.

Spice Cookies—Beat together for 15 minutes, five fresh eggs and two cups of sugar. Add the sifted rind and the strained juice of a lemon. Then add slowly four cups of sifted flour in which four teaspoons of baking powder, a saltspoon of salt, and one-half teaspoon each of cinnamon and cloves have been mixed. Mix well, then drop by the teaspoon onto greased baking pans and bake in a medium oven eight to ten minutes. The recipe makes four dozen cookies.

IN NEW YORK SEE SAWING UP and DOWN BROADWAY

EVERY town has its particular brand of "nut," but New York boasts a species created, no doubt, by the human craving for someone to talk things over with.

They ache for a good argument, but know no one in the great city to argue with. So each noon they appear in one of the busy lunch rooms and deliberately pick an argument with any stranger who happens to sit across from them, or beside them. They will listen to the conversation of two nearby lunchers and, bursting in upon the talk, heatedly rebuke one of the strangers for some statement, the while spouting his own case.

Naturally there are many complaints and each of the "nuts," so-called, are spotted and watched the minute they enter. One of the biggest chain restaurant systems keeps an officer quite busy during the noon hour standing guard over the unfortunate pests.

THE other day, one of the species was pointed out to me just as he was in the process of insulting a good-natured opponent.

The "nut"—a man starting into his fifties—is a messenger boy for one of the suit and cloak concerns that line Seventh Avenue, in the Thirties. Classed among his associates as "a failure," he can raise his voice for no purpose when around his working place and he knows few people with whom he can talk after work. He reads the papers avidly and dress might be of horsehair with ribbon band and rhinestone ornament. One pair of silver slippers and one of black satin will take care of one's shoes for formal wear. Underthings may be made at home with little cost, but if you buy ready-made your choice will be large and prices not exorbitant. It always pays to buy good material.

Other desirable additions to your wardrobe may be listed as follows:

One Jersey dress in dark color. . . \$18.75
Two linen house dresses. 7.50
Two crepe de chine sport dresses with plaited skirts and overblouses in pastel shades at \$15. . . 30.00
One pair white canvas shoes. . . . 5.00
One white felt hat. 5.00
One silk negligee. 15.00
One washable crepe de chine negligee. 10.00

ADVENTURES of the TWINS

THE FAIRY ON THE MOONBEAM

"Why, I just loved him so I didn't wait Nancy. 'But I never knew it until now, I'm so sorry, so I am!'"

"So am I," said Nick, hugging his knees and looking at the empty place in the floor where Inco had stood.

"That's the way," sighed the Fairy Queen. "We never know how much we love people or things until they're gone, how about Flops?"

"I like Flops better than any of my toys," said Nick. "I do wish he hadn't gone."

"I suppose he felt sorry for Inco," said the Fairy Queen. "He has a kind heart. Flops has, and no doubt he didn't want the elephant to run off by himself. But now I shall tell you why I am here; children, I decided to let you go after the runaway, if you wish. If Inco finds out how much you really and truly care for him, he will come back."

"On a moonbeam," said the Fairy Queen, for that is who it was, this tiny creature sitting there in the air so comfortably on nothing at all but a streak of light. "You get there on a moonbeam, for Drowsy Land is in the moon."

"Why do you think Inco and Flops went there?" asked Nick.

"Well, it's a secret," said the Fairy Queen. "But I don't mind telling you as you are sure to find out anyhow. Inco got tired of being called 'Inco' because he was spigged all over like wallpaper. So he decided to go to a place where nothing is queer. Nothing is queer in Drowsy Land. It is the queerest place on earth, I mean on the moon."

"Oh dear! I guess we weren't very kind to the poor darling," said Nancy. "I never noticed him at all lately. I didn't think he had any feelings and here he had all the time."

"He mentioned it," said the Fairy Queen. "He said it was trying to be neither a toy nor a real animal—that no one cared for a door-stop!"

CAMPBELLTON SCHOOL NOW ABOUT FINISHED

New \$100,000 Building Will be Occupied During Next Term

CAMPBELLTON, June 13.—Campbellton's new \$100,000 composite High School building is rapidly nearing completion and it is now estimated by those in charge of the construction of this fine building that all interior finishing and other work will be completed in about three weeks. This will bring the value of school property in this town up very close to a \$300,000 total.

Good progress has been made in the erection of the new building, construction having been begun late last summer and the cornerstone was laid last autumn by Lieut.-Governor Todd at an impressive ceremony attended by all the leading educationalists in this part of the province, including Hon. D. A. Stewart, Minister of Public Works.

LARGE STRUCTURE

The new High School which is admirably situated on an eminence near the corner of Andrew and Arran streets, is a brick structure of conspicuous size, being 146 feet by 80 feet overall, these measurements including two wings which will facilitate the day lighting of classrooms at each end of the building.

DETAILS

The building is three stories in height and will, with three rooms to be used by the vocational classes, contain 16 separate rooms in all. On the south side of the building is the assembly hall with spacious stage and balcony measuring 60x40 feet. All the appointments and fixtures are thoroughly modern and every facility will be at hand for properly carrying out the curriculum of modern composite High School work.

The finishing throughout the building, it is interesting to note, is of native birch, all the lumber having been cut in the north shore district and prepared here. The entire flooring is of maple, also cut here.

The building will be ready for occupancy at the opening of the fall term. The school is being constructed by the J. & D. A. Harquail Co. Ltd., while the plumbing and heating equipment was installed by Messrs. Bradley and Walsh, also of Campbellton.

REMARKABLE PROGRESS

The great increase in the value of school property and the improvement in educational facilities here tells a story of really remarkable progress. In 1920, the year before the Campbellton fire, local school property was appraised at approximately \$20,000, while the revenue was \$5,000. With the com-

FIVE HUNDRED WOMEN GATHER AT C. W. L. MEET

Organization Growth Large in Last Five Years—Message From Rome

Canadian Press Despatch. OTTAWA, June 13.—The convention of the Catholic Women's League of Canada, opened its business sessions here Saturday, with the report of the various officers. Over 500 women from all parts of Canada, are here for the convention which will extend well into next week. At the formal opening His Grace Archbishop Emond read to the delegates the message of goodwill sent by the Pope, the Papal secretary of state, in which every blessing was prayed for. The Papal delegate has shown his interest in the work of the league by coming in person to greet the delegates on this auspicious occasion, and the women of the league had in this convention an admirable opportunity to further advance the aims of the organization. These had to do with immigration, travelers aid, social welfare and education. All these objects appealed to Roman Catholic women and the delegates would have an opportunity to demonstrate once again that culture and catholicity went hand in hand.

Mrs. B. C. McCann, London, Ont., national president of the league, reminded the gathering that this was the sixth annual convention of the society. The growth of the organization during the past year was remarkable, and it was now in the forefront of national Roman Catholic societies having to do with everyday problems affecting catholicity. The speaker hoped that the league would soon attain its objective, that of enrolling every Catholic woman in the Dominion under its banner. The league was working not only for its religious aims, but for the general betterment of the country as a whole. This was inevitable from its objective. In Halifax, for example the Sisters of Service had recently opened a branch for welcoming newcomers to the Dominion, and the very formation of the league rested on missionary effort of this and allied kinds.

Mrs. W. F. Todd, wife of the Lieut.-Governor of the province, motored to the city from St. Stephen yesterday. Mrs. Todd is leaving this morning for Fredericton to accept the invitation of the provincial chapter of the I. O. E. to extend to the national chapter delegates to spend today in Fredericton.

Mrs. R. C. Marshall, Calgary, Mrs. Forbes, Dartmouth, N. S.; Mrs. Boynton, Vancouver; Miss Farnham, Quebec; Mrs. John McIntyre, Mrs. William S. Allison and Miss Helen Allison.

The Evening Star, Washington, D. C., Thursday, May 20, has the following which is of interest to friends in the city and province: "Miss Clotilde Livingston and Commander William Joseph Wheeler, United States Coast Guard, were married last evening in the home of the bride's parents, Mr. and Mrs. Colin H. Livingston, at 1249 Kenyon street. The ceremony was performed at 8 o'clock, the Rev. Joseph Kelly officiating and was followed by a reception at 8:30 o'clock. The house had a pretty arrangement of palms, peonies and roses, tall standards holding the flowers marking an aisle for the wedding party, and Mrs. Chester Adair played the wedding music. The bride was escorted and given in marriage by her father, and wore white georgette crepe, the skirt made with circular insets and a train of rose point lace finished at each side with tiny clusters of orange blossoms and she carried a shower bouquet of bride roses and lilies of the valley. Mrs. Clark, wife of Lieut. Volney O. Clark, was matron of honor and was peach color taffeta, made with boffant skirt over hoops and a panel of lace down the center. She was finished with a fold of tulle at the bottom. She carried roses to match the taffeta. Admiral F. C. Kenyon was best man. Mrs. Livingston received with the bride and bridegroom after the ceremony, her gown being of orchid pink georgette crepe beaded in silver and rhinestones. Later in the evening Commander and Mrs. Wheeler started on the wedding trip the latter traveling in pearl gray crepe de chine with circular cape trimmed with green, and a transparent hat of gray. They will motor through Virginia and Tennessee, and after July 1st make their home in Washington.

The following from the Cleveland, Ohio, news of May 20 is of interest to friends in Saint John. "Dr. and Mrs. August T. Novy, Stop 14, Lake Shore Boulevard, announce the engagement of their daughter, Patricia Anna, to Mr. J. Willard Cunningham, son of Mrs. and the late Mr. G. W. Cunningham, formerly of Saint John, N. B., Canada. The formal announcement was made by Dr. and Mrs. Novy last Sunday at a dinner given in observance of their silver wedding anniversary."

Mrs. Harold Hooper, Princess street, a sister of the groom-elect, left recently for Cleveland to be present at the wedding, which will take place next month.

Mr. and Mrs. E. Hubert Sinclair are the guests of Mr. and Mrs. Hugh Mackay, Rothesay.

Mrs. George Black, wife of the member for the Yukon, who has been in the city, attending the meeting of National I. O. E. convention, left for Ottawa on Saturday evening.

Miss Gertrude Thompson of Campbellton, who has been visiting her sister, Mrs. Frank Brennan, for the past few months has returned to her home in Campbellton.

Mrs. Max M. Mowat has returned to her home in Campbellton after a pleasant visit to Saint John.

Mrs. Charles W. Bell, of Moncton, formerly of Saint John, is a visitor in the city. Mrs. Bell is a suzer of Miss Murray, 144 Carmarthen street.

CAR INJURES COW

Automobile Damaged Slightly When It Runs Into Herd on Salisbury Road

Special to The Times-Star. MONCTON, June 14.—Hugh McCrae, who resides on Salisbury Road, about three miles from Moncton, reports that a car ran into his cows on Sunday morning, hurting one of them severely. The radiator on the car was badly damaged, and the driver was obliged to return to Moncton to get the car repaired. He gave his name to Mr. McCrae and said he would call on his way back.

The accident occurred at a point in the pound where some cattle are not supposed to be wandering unaccompanied on the highway.

St. George's Church Women Hold Sale

MONCTON, June 14.—The Women's Auxiliary of the St. George's church held a very successful cooking sale on Saturday in the Subway Millinery Parlors. On account of the illness of the president, Mrs. Mathand Miller, Miss Miller presided. Others assisting were Mesdames R. Henderson, A. C. Barker, T. Wilson, G. A. Dodge and McKay. Miss Tingling acted as cashier, assisted by Miss Smith. Over \$85 was realized, which will be placed in the funds of the Auxiliary for the purpose of aiding the Interprovincial Home for Women at Cooverdale.

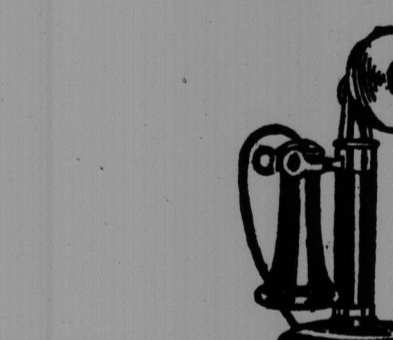

A few months ago the Auxiliary forwarded a supply of bedding to the home, which was very much appreciated.

TWO DROWN AT SPIDER LAKE, NEAR HALIFAX

Dartmouth Men, Victims of Sunday Fishing Accident

THIRD ESCAPES

One Member of Party Believed to Have Stood Up to Light Pipe

Canadian Press
HALIFAX, June 14.—Alfred Griswold and Alfred Westlake, both of Dartmouth, were drowned yesterday while fishing in Spider Lake.

The third member of the party, Robert Shorten, managed to swim ashore when the boat from which the men were fishing capsized, throwing the trio into the water.

Griswold, who was 40 years of age, leaves a widow and nine young children. Westlake, aged 60, was a widower with seven children.

BOAT UPSETS

The men left their homes early in the morning and had been fishing several hours before the tragedy occurred. Westlake, who was Griswold's uncle, was sitting in the stern of the boat, Griswold in the bow and Shorten was rowing at the time. It is believed that Griswold, who occupied a position behind the only survivor, stood up to light his pipe, thus causing the frail craft to capsize.

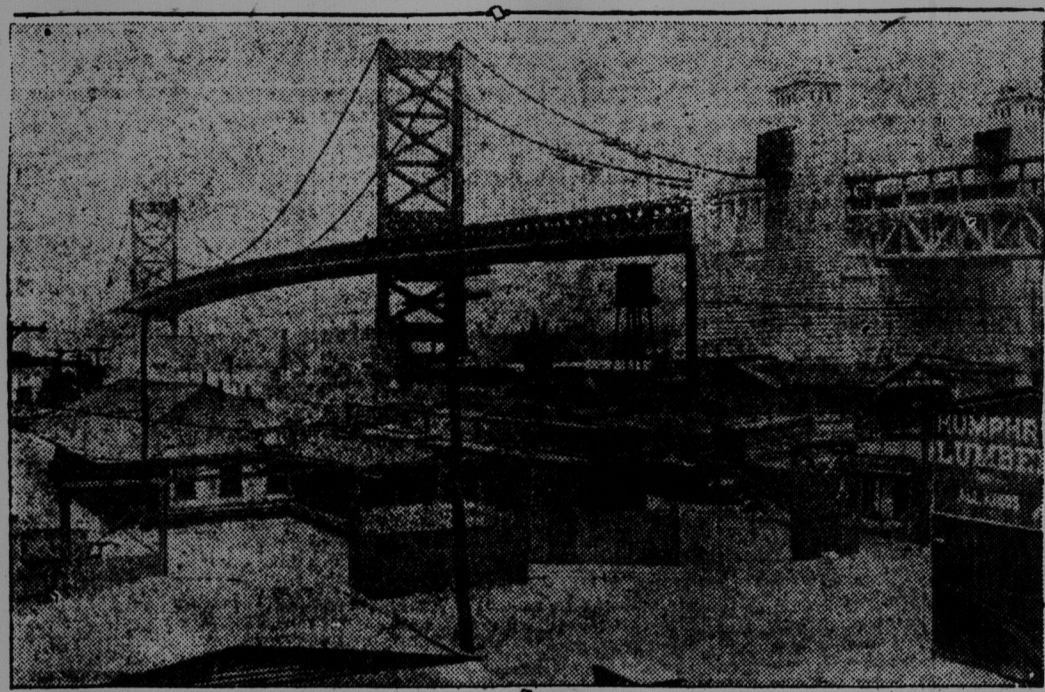

Westlake, being unable to swim, sank, but the other two struck out for shore, some 75 yards distant. Shorten reached it in an exhausted condition, and on turning to look for Griswold, found that he too had disappeared. The bodies were recovered several hours later by a search party from Dartmouth.

Two of the elder victims' sons, William and George, and one of his daughters, Mrs. Frank Greenough, reside in Montreal.

C. G. M. Captain Dies in Plymouth

PLYMOUTH, Eng., June 14.—Captain Herbert Kissack of Vancouver, commanding the Canadian Government Merchant Marine vessel, the Canadian Seigneur, died suddenly on the principal street here last night as he was returning to his ship carrying \$200 for distribution as wages to the crew. Captain Kissack was visiting Plymouth for the first time in 80 years.

Many At Funeral Of Arnold Hunter

Large numbers of sorrowing friends and relatives attended the funeral of Arnold Hunter, son of George Hunter, of Upper Golden Grove, who was found dead in Mark's Lake, or more commonly called Hunter's Lake, at midnight on Friday, having fallen in when he was alone fishing at the point near his home. The funeral was held from his late residence to the church at Upper Golden Grove, and the service was conducted by Rev. C. A. M. Earle. Interment was made in the family lot. There was a great profusion of beautiful flowers.

Y., team last year, succeeds Lake as manager here. Lake at one time was catcher of the Moncton team of the old New Brunswick League.

Japanese Vessel Sends Call For Help

Canadian Press
BREMERTON, Wash., June 14.—Reports received at Puget Sound navy radio station here Saturday night from naval stations at St. Paul Island, in the North Pacific, and Cordova, Alaska, reported reception of a distress call from an unidentified Japanese vessel. Fire was said to have broken out aboard the ship. Interference from private stations prevented reception of the vessel's name, and position. The coast-guard cutter Halda, near Cordova was ordered to investigate.

DRUNKEN DRIVER JAILED

MONCTON, June 14.—A man under the influence of liquor, driving a car along Cameron street, yesterday ran into a city taxi owner's car that was parked, bending the mudguard. The

BRITISH LAW TO BAR GENERAL STRIKES IN FUTURE HINTED

Sir William Joynson-Hicks Intimates Action to Primrose League

SITUATION TERMED STILL DIFFICULT

Third Internationale Hit For Open Effort to Win Over Armed Forces

LONDON, June 13.—Legislation to protect the community from the menace of a general strike in the future was foreshadowed by the Home Secretary (Sir William Joynson-Hicks, M. P.) in an important speech made at a meeting of the Grand Council of the Primrose League a few days ago.

Those who had followed the course of events during the last year, he said, must have realized that something of this kind had to come—that there was in the great trade union movement, which has helped as much to improve the position of the industrial workers of the country, a distinctly revolutionary spirit working underneath and through the movement.

FOREIGN INTERFERENCE

Referring to the fact that Mr. MacDonald in his recent speech made fun of the suggestion that there was anything approaching foreign interference in the affairs of the country, Sir William recalled a speech he made last autumn at Chatsworth when he warned the trade unions that the Communist

Druse Tribes Wreck Historic Palace At Damascus

The Druse tribes of Syria and the French have, between them, destroyed much that was priceless and of historic value in Damascus. The home of the Governor-General of Damascus, was set upon and destroyed by the Druses, as shown in the illustration. Known as the Azem Palace, it also served as a museum for art treasures, many of which have now been destroyed.

BULL-RING REFORM MOVE STIRS SPAIN

Attack of Primo de Rivera on Killing of Horses Rouses Public

MADRID, June 13.—Heated controversy has been provoked by recent utterances of General Primo de Rivera condemning the slaughter of defenceless horses in bull fights.

He is the first public man of any importance in Spain who has dared to take a bold stand against public opinion and tradition in the endeavor to institute the long overdue reform of the bull ring.

"The sacrifice," said the General, "of defenseless old horses that have worked in our fields, that have served our soldiers and that in various ways are of great value to the nation, is a wicked and repugnant. It gives foreigners an entirely wrong impression of our nation, and has for ourselves no cultural or educative influence."

"This statement," he continued, "will probably give rise to more discussion in the country than was occasioned by the introduction of prohibition into the United States. But there must be no more slaughtering of seven or eight horses at every bull fight. It has got to end."

The official announcement has fallen like a bomb in the bull fighting circles, and there is already talk of the picadores going on strike. The threat will probably never pass beyond the doors of the popular cafes.

MAN WAS LOST

Police Constables Hamm and Graham were called to Barker street yesterday morning at 8.15 o'clock where they found an old man who had lost his way. The officers recognized the man and had him sent to his home in Winter street.

we do not intend that the country should be exposed again to the risks of anything like a lightning, universal strike. It is our duty to protect the country, but it is equally our duty not to legislate in a hurry. We have to consider carefully and take what we can do on the one hand to protect the country and, on the other, so to do it as not to injure the legitimate work of the trade unions."

WOULD AVOID FUTURE ONES

"We want them to continue their beneficial work in the interests of the industrial movement of the country," the Home Secretary concluded, "but

WIFE OF EX-SULTAN TRIES TO END LIFE

Inquiry in Death of Former Ruler Discloses Near Tragedy in Italy

ROME, June 13.—The youngest and most beautiful of the three wives of the late ex-Sultan Mohammed VI. of Turkey, tried to strangle herself when she saw her husband seized suddenly with a strange malady and fall dead at her feet.

This has been revealed at an inquiry which was held to discover the cause of the ex-Sultan's death. Mohammed's daughter hurried from Paris when her father died at San Remo on May 19, and demanded a post-mortem examination. This was held, but the cause of death was found to be heart failure.

It is also stated that another wife, on hearing the news, tried to jump from a window. All were greatly upset, and only the combined efforts of relations, doctors and servants prevented them from killing themselves in the first agony of their grief.

Sultan Mohammed had three wives and 300 concubines when he was the ruler of Turkey. The three wives remained with him at San Remo.

Where will they go now? It is possible that some relation of the dead sultan will offer them a shelter. It seems also that the democratic Turkey would order the ex-Sultan's wives to leave the country.

European and British Delegates Arrive at Quebec Bound to Chicago

QUEBEC, June 13.—Carrying a number of British and European visitors and delegates to the Eucharistic Congress, being held in Chicago in the course of the next few days, the Melita, of the Canadian Pacific fleet, docked at Quebec Saturday from Antwerp, Southampton and Cherbourg.

Count Charles J. Moretus Plantin, a prominent society man in Antwerp is one of the travellers en route to the congress, while H. Candis, a prominent Brussels banker, was another. Miss Machado, daughter of the President of the Canadian Bank Note Co., returning to the Dominion, after a visit to Europe, was another prominent passenger, as also were Brig-General and Mrs. V. Scoble, of Sarnborough, England. Nine delegates to the Eucharistic Congress landed at Quebec, and will visit St. Anne de Essoupe and other points of interest before continuing on to Chicago, while the remaining members will proceed direct to Montreal, and from there to the United States. The Melita also brought out a large number of new settlers for the west of Canada, as well as a party of 20 boys in charge of Mr. Anderson of the C. P. R. colonization department.

PLEASANT EVENING

A very pleasant evening was spent at the club rooms of the Pandemic Outing Association on Saturday last, when dancing and bridge were the special attractions. nection with the Left Wing of the trade unions in this country to convert them into an engine of opposition to the Government with the object of destroying the constitutional position. They realized that by working in a straightforward way through the constitution and through the ballot box they would never be able to achieve their object of establishing a Socialist Republic in this country.

"Therefore they preferred to work by direct action and by open endeavor to reduce the army and navy from their allegiance to the Crown. They had never denied their views. They had never attempted to say that their object was not revolutionary."

PUBLIC SPIRIT PRAISED

Referring to the way in which the essential services of the country were carried on during the crisis, Sir William said that the Government did not take the credit. "It really was the spirit of the people," he stated. "The remarkable thing was that the volunteers working with a will did their work on the whole better and quicker than the old experts out on strike. Down at the docks, in the power stations where stoking is one of the hardest jobs, the number of volunteers was less in each case, and they did their work quicker and better than the expert. That has gone a long way to destroying the old idea of the supposed necessity for the skilled workman. If in the future people threaten any Government with a general strike we can point to 1926 when the bubble was burst."

POSITION DIFFICULT

Having once for all laid the bogey of the general strike, they had to consider the future. The position of the Government was as difficult today as at any time during the strike. It was quite true that they had emerged victorious, but it was essential in the best interests of the country as a whole that as soon as possible the wounds should be healed. "Employers and employed must work in unity and harmony if the trade and commerce of the country was to go forward."

"There were some who were rather determined that they should take the opportunity of dealing harshly with the trade unions. That was not the view of His Majesty's Government. Those who had read the Prime Minister's speeches could tell what care, ability and infinite patience Mr. Baldwin had displayed in his determination to be absolutely fair between man and man. With a Prime Minister like that they might be perfectly sure that no attempt would be made to destroy their legitimate influence throughout the country."

WOULD AVOID FUTURE ONES

"We want them to continue their beneficial work in the interests of the industrial movement of the country," the Home Secretary concluded, "but

U. S. PHYSICIAN HOPES CURE FOR PNEUMONIA WILL BE PERFECTED

Serum Tested For Six Years Proves Good, But Improvement and Cut in Mortality to 5 Per Cent. Are Likely, Philadelphia Meeting Told.

PHILADELPHIA, June 13.

Hope for the early perfection of a serum effective to combat pneumonia is held out by delegates attending the convention of the American Therapeutic Society.

Six years laboratory work has convinced Dr. F. M. Hinton, of this city, that the serum known as "pneumococcus antibody solution" is already highly effective and he predicted that it soon would be perfected to such an extent that the mortality from pneumonia would be reduced to not more than five per cent.

Our experimental work is now entering another phase. We have found that we can concentrate the serum and we are working along that line. Thus far, however, we have found that the shock factor is also concentrated. Our chief problem is to reduce the latter rise in temperatures. Then we eliminated the shock, but the resulting

Airplanes and Motor-Sledges With Wireless to Be Carried to Arctic

LONDON, June 14.

Definite plans for British expeditions to both the North and South Poles were made known in London Sunday.

The South Polar Expedition will start from Hull, England, this week in a reconstructed whaler, while the group starting for the North Pole will be under the direction of Lieut. Darcis and will depart from Dunkirk, Scotland, in late July.

Those seeking the South Pole will be financed by the Falkland Islands government. The 33 members of this party will be made up chiefly of Orkney Islanders, except for Edmund Scupper, of Sheffield, England, who was a member of the Peary and Shackleton expedition. The whaler, which will carry the party is named "William Scoresby," in honor of a Hull adventurer who once attempted a similar trip and never returned.

Lieutenant Darcis' Expedition to the Northlands will include two airplanes and two motor sledges all equipped with wireless outfits. Darcis says he expects to be away for 14 months.

40 MEN STRIKE AT HALIFAX

Seek Increase of 30 to 35 Cents an Hour and Quit Work—Wait Result of Parley

HALIFAX, June 13.—Forty men employed in the construction of the new immigration shed at the South Terminal were on strike today for an increase in wages from 30 to 35 cents per hour.

Their case was being dealt with by conference, but the men stopped work pending the result. The president of the Trades and Labor Council here wired the Minister of Labor, Premier King and others in the Federal Parliament asking them to intercede with the Cape Construction Company in the interests of the men. The workmen argued that men employed in similar work on other railway developments receive 35 cents per hour.

CLEAN-UP URGED IN ONTARIO 'BAD LAND'

Peterboro Jury Regrets Lack of Protection to Part of County

PETERBORO, June 13.—The grand jury of Peterboro County Court sessions of the peace expressed regret in its presentment that the criminal cases on the docket are from "the same districts in which a large number of serious criminal cases have come previously."

This refers to the charges against George and May Dwyer, who were charged with the murder of a child, and to the charges against the Darcis expedition to the Northlands.

"We recommend that the provincial police give more attention and protection to these outlying districts," the report continues. "We are sorry to state that so far as we can learn in spite of recommendations by previous grand juries, the crown attorney and other officials, nothing has been done so far as to provide for the relief and improve conditions in these districts. We consider this to be a very serious state of affairs and it is one that immediate action be taken."

A 30-page typewritten report on conditions in the "bad land" of Dunham Township was presented by the grand jury in 1916.

MINE RATS INVADE HOUSES IN WALES

Plague Most Noticeable in Rhondda Valley; Rodents Attack Dogs

CARDIFF, Wales, June 3.—Rats in thousands are foraging the deserted collieries of South Wales and invading near by dwellings.

The plague is particularly noticeable in the Rhondda Valley, and especially where the entrance to the collieries is by means of drifts or levels.

So numerous and daring were they that the inhabitants of several houses in Bush street made preparations to leave in the event of the plague becoming worse.

A colliery farmer who entered the drift accompanied by his dogs found himself confronted by an appalling spectacle—seen dimly by the light of his lamp—of hundreds of rats swarming to meet him. Without hesitation they hurled themselves on his dogs, and the man hurried from the drift.

HE DRINKS GALLON OF WINE AND DIES

PARIS, June 12.—Louis Guignon, aged 29, better known as "Petit Louis," died at Lille, after winning a curious wager.

He wagered, among a crowd in a smoking-room, that he could drink five litres of wine (more than an imperial gallon) in five minutes. His bet was taken, the wine was brought, "Petit Louis" won his wager, apparently without difficulty.

Louis, a little later, became seriously ill, and died from congestion.

Just When Mutt Was On Good Terms With His Wife, This Happens

By "BUD" FISHER

BUT JEFF, I REALLY MUST GO HOME TO DINNER! I'M ON GOOD TERMS WITH MY WIFE NOW AND SHE'S HAVING GUESTS FOR DINNER, SO YOU CAN SEE THAT DINING WITH YOU IS OUT OF THE QUESTION!

GO AHEAD AND PHONE BUT I GUESS SHE'LL AGREE TO LETTING ME STAY AWAY FROM HOME THIS EVENING! YOU BETTER SAVE YOUR NICKEL!

I'LL TAKE A CHANGE!

WELL, WHAT DID SHE SAY? TEE HEE!

SHE SAID YOU CAN DINE WITH ME, IN FACT SHE ASKED ME AS A SPECIAL FAVOR TO STAY TO IT THAT YOU DON'T GET HOME UNTIL TOMORROW!

FOR THE LOVE OF GOD, WHAT DID YOU TELL HER?

I TOLD HER YOU WERE PICKLED—THAT YOU COULDN'T EVEN NAVIGATE!

FIRM TREND IS DISPLAYED ON MONTREAL MART
Trading, However, Was Sluggish With Asbestos Leading
N. Y. CONFUSED
Belated Profit-Taking Cause of Unsteady Price Movements in Wall Street

MONTREAL, June 14.—Trading on the local stock exchange at the opening time was sluggish with prices, however, displaying a firm trend. Asbestos, the leader, opened at 79 1/2 for a loss of 1/4 and in subsequent trading touched 77 3/4 for a net loss of 1 3/4 points. Brazilian and Smelters were particularly inactive, the former opening 97 5/8 for a gain of 1-8 and later sold at 97 3/4 while Smelters sold unchanged at 21 1/2. Other features included Besco 1st preferred up 1-4 at 131; Steel unchanged at 102 1/2 and Sugar up 1/2 at 20 1/2.

UNBOUND IN MOROCCO
New Industry For Charlotte County Is Already In Sight
English Firm Proposes Building Factory to Manufacture Fish Into Cattle Food, and Use Scales to Make Pearls

ST. GEORGE, June 13.—A representative of an English firm has been in Charlotte county late and has been busy along the coast looking into the fish supply. Some of the fishermen have been approached and obtained. Fishermen generally view with a great deal of satisfaction the prospect of an industry that will take all their fish. The concern is said to be the largest of the kind in the world and manufactures what is known as fish meal, for cattle. Even the scales on the fish are saved and from a hoghead of herring one pound of pearls are made, worth \$1.13.

Brokers' Opinions
NEW YORK, June 14.—Josephthal.—We believe that nothing but seasonal reverses will follow in the third quarter and that the underlying tone of security prices will be strong.
Hayden Stone.—It would seem that one would be justified in taking an optimistic view regarding special issues, but it is hardly a situation where one can expect any large upward move from this already high level.
Hornblower.—We believe the conditions we still feel that stocks sold last midweek and on the higher prices that have developed since then should not be replaced at the moment.
Price and Whiteley.—It is reasonable to expect some recessions with tax payers coming Tuesday, but the recent rally is liable to be taken up again later.

Cramp Shipyard Awarded \$10,000,000 Cruiser Job
U. S. Navy Department Gives Philadelphia Plant Contract For Cruiser Salt Lake City and Engines, and Auxiliaries For Pensacola

WASHINGTON, June 12.—Secretary of the Navy Wilbur has announced the award to William Cramp and Sons Shipbuilding Co. of Philadelphia of a contract for the construction of the light Cruiser Salt Lake City and the engines, boilers and auxiliary machinery for the light Cruiser Pensacola which is to be built at the New York Navy Yard. The amount of the contract is \$10,000,000.
The machinery for the two cruisers will be built according to designs submitted by the Cramp Shipbuilding Co. Bids for the construction of the Salt Lake City and the engines, etc., of the Pensacola were opened at the Navy Department on April 1.
The light cruiser, No. 25, named by the Navy as U. S. S. Salt Lake City, is one of the 8 cruisers authorized by the Act of December 18, 1924. This act contained the following provision: "The President of the United States is hereby authorized to undertake prior to July 1, 1926, the construction of the vessels enumerated below: 8 scout cruisers, carrying protection and armament suited to their size and type, to have the highest practicable speed and the greatest desirable radius of action, and to cost, exclusive of armor and armament, not to exceed \$10,000,000 each; 6 river gunboats, to cost, exclusive of armament, not to exceed \$700,000 each. Provided, that in the construction of the vessels herein enumerated the President is authorized, in his discretion, to make use of the naval ordnance plant at South Charleston, W. Va., for the manufacture of armor and armament needed for such vessels."
Cruiser No. 25, Salt Lake City, is established about 240 feet long. The dimensions, etc., of this vessel are to be as follows:
Length over all, 240 feet, 6 inches; length between perpendiculars, 210 feet; breadth, extreme, 65 feet, 2 inches; displacement standard, 10,000 tons; estimated normal displacement, 11,500 tons; draft, normal, 19 feet 6 inches; speed required, not less than 22 1/2 knots.

TORONTO FORGERY CASE TO SHED LIGHT ON BIG BOND DEALS
Probe of Ontario Clerk Gives Home Brokerage Houses Perturbation
TORONTO, June 13.—In connection with the arrest of Percy D. Ham, on eight charges of forgery and uttering forged documents, the Telegram said Saturday:
"The lid is going to be lifted on the bond transactions of Percy Ham, the \$1,700-a-year clerk in the land titles office, who at the same time was engaged in financial operations on a huge scale, resulting in his attempt to commit suicide and his arrest on charges of forgeries to the total of two or three hundred thousand dollars."
"There is a feeling of great perturbation today in home brokerage houses at the intimation that they were engaged in financial operations on a huge scale, resulting in his attempt to commit suicide and his arrest on charges of forgeries to the total of two or three hundred thousand dollars."

HALIFAX LAWYER DIES AT MONCTON
Was Robert D. McCleave and Victim to Septic Throat Trouble
MONCTON, June 13.—Robert D. McCleave, barrister of Halifax, who was removed from the Montreal-Halifax train here on Thursday on account of illness, died in the City Hospital yesterday morning.
Mr. McCleave had attended the Presbyterian General Assembly in Montreal and has been ill there but felt well enough to start on the return trip home, his condition becoming serious when he reached here, and until his death, which being due to septic condition of the throat.
The Rev. Colin Kerr, who was accompanying Mr. McCleave home after attending the assembly, stopped over until Friday, when he left for Halifax.
Mr. McCleave was a native of Shelburne, N. S. He was graduated from Dalhousie University in 1919, receiving his law degree, and until his death was associated with the firm of Harris, King street, and three sisters, Sarah, Bertha and Annie, also survive.
The remains were forwarded to Shelburne, where interment will take place.

HOLIDAY TIME BEGINS TODAY AT NETHERWOOD
Speakers at Rothery Exercises Bishop Richardson and Dr. J. C. Webster

Many friends of the institution attended the annual closing exercises today of Netherwood School for Girls at Rothery. The speakers of the day were Dr. J. Clarence Webster of Shelburne and Rt. Rev. Dr. J. A. Richardson, Bishop of Fredericton. His Lordship also presented the prizes.
Yesterday the students and those of Rothery Collegiate School attended service at St. Paul's church, Rev. Canon A. W. Daniel, rector, where a sermon was delivered by Rev. Father John Vernon Young, priest-in-charge of the Mission Church of St. John Baptist, Saint John. The closing exercises of the Rothery Collegiate School will be held on June 17.

NETHERWOOD PROGRAM
The program of Netherwood School included a hymn by the school, song by the school, "I Sing Because I Love to Sing" piano solos by Margaret Boyle and Marion White; valedictory by Dorothy Bell; song, "Wordworth's Lyrics, 'To the Cuckoo,'" by the school choir; presentation of prizes by the Bishop; addresses by Dr. Webster and the Lordship; song, "Viking Song" (Coleridge Taylor) by the school.
Dancing on the lawn by the pupils was also a feature, the dances including "Forest Spirits," tango, drill, washing ring, hop dance, "Hark, Hark, the Lark," "Swiss Mountaineers," folk dance, "Garlands Gay," "Bubbles" and a Maypole dance.

HEBREW SABBATH SCHOOL CLOSING
Prizes Furnished at Exercises in Carleton Street School on Sunday
The closing exercises of the Hebrew Sabbath School were held yesterday afternoon in the school rooms in Carleton street with the supervision of the school, Rev. A. Bab, presiding. The supervisor spoke on "The Value of the Bible" and expressed his appreciation to the teachers of the school for their excellent work and co-operation during the year. Ralph Isaacs, one of the teachers, addressed the children telling them the fact that as they grew older they would better appreciate the training they were receiving.

YOUNG MEN RAISED TO THE PRIESTHOOD
Revs. W. J. Nowlan and J. E. Dunn Ordained at Chatham
CHATHAM, June 13.—A most impressive ceremony took place in St. Michael's Cathedral here this morning when two young men, Rev. William J. Nowlan, of Chatham, and Rev. James E. Dunn, of Blackville, were ordained to the priesthood in the Roman Catholic church. The sacrament of holy orders was conferred upon the young levites by Rt. Rev. P. A. Chisason, Bishop of Chatham. His Lordship was assisted at mass by Very Rev. Father Hawkes, as deacon, and Rev. Father Hill as sub-deacon. Rev. Thomas Barry was master of ceremonies.
Attending the candidates for the priesthood were Rt. Rev. Monsignor O'Keefe and Rev. Father Burns. There were many clergy on the sanctuary.
The ceremony was witnessed by an exceptionally large congregation including friends and relatives of the young men from points all over the county.

ST. THOMAS GRADUATES
Both the young priests are graduates in philosophy from St. Thomas College here. They pursued their theological studies at Holy Heart Seminary, Halifax. Rev. Father Nowlan is a son of a well known Miramichi pilot, Capt. James Nowlan, and Mrs. Nowlan. Rev. Father Dunn is a son of Thomas Dunn, C. N. R. agent at Blackville. The newly ordained priests will probably be attached to St. Michael's Cathedral for the present.
The rector of the cathedral, Msgr. O'Keefe, is leaving for Chicago on Wednesday in company with his Lordship Bishop Chisason and a number of diocesan clergy. They will attend the Eucharistic Congress being held there the latter part of this month.

Two Schoolboys Flash Olympic Form At Rothesay Meet Saturday

"Archbishop" Is Nickname Now For Jack Delaney Given By New York Fans

NEW YORK, June 14.—(United Press.)—If there is a single fighter in this neighborhood who deserves his popularity with the fans it is Jack Delaney, the French-Canadian from the working city of Bridgeport, Conn.

Delaney, lean and superbly muscled, is a crafty boxer. He keeps his head and watches constantly for an opening. He can "bleed" blows in excellent fashion, and is quick to follow up with terrific force any advantage he may have gained.

He is a smart, game boxer and is fast both in footwork and punching. There is no boxer in this territory who has displayed enough ability this year to threaten seriously the championship.

He can sail right in and trade punches with the best of them. Delaney seemed a perfect fighting machine in his last fight, but that was because his opponent was a third or fourth rater. In some mysterious fashion Humbert Dugay, the Brooklyn fight promoter was able to persuade the public that Tommy Burns, young Detroit, could provide Delaney with adequate opposition.

As a matter of fact Burns could do little but provide a receiving station for the French Canadian's punches. It was one of the worst examples of matchmaking this year.

On the same card Tod Morgan, the Seattle boy who was captured in the junior lightweight championship made his first appearance in the East and showed that he merited the title.

He is a smart, game boxer and is fast both in footwork and punching. There is no boxer in this territory who has displayed enough ability this year to threaten seriously the championship.

Saturday's Games

Earl Nelson failed to subdue the Water Department, Maritime champions, in a hotly-contested game in the City League last Saturday on the North End grounds before fully 1,500 people but the Saint Johns forced matters into ten-innings before "Mike" Latham poked out a single to right with "Dick" Bartlett on third base and two men out in the tenth. It was a nerve-racking struggle all the way with the breaks even for Hannah and Martello and Saint John the Baptists met tonight. The Martellos are now leading the league but a win for the Saints would rob the Martellos first place.

The following is the official box score and summary:

SENSATIONAL SPURS BY "DON" RIVERS

'Jim' McAvity Displays Rare Form in Pole Vault

A SIXTEEN-YEAR-OLD Saint John High school lad raced the 100 yards in 10.1-5 seconds at Rothesay Saturday afternoon and thereby sprang into the Olympic possibility class. Pitted against such a speedy and experienced runner as McAvity, the Rothesay flash, few expected Don Rivers, the Saint John hope, to come through as he did, but the latest sporting sensation not only captured the 100 yards in remarkably fast time but turned the same trick again in the 220 yards. In both cases Rivers smashed long-standing records.

Another Olympic possibility was young "Jim" McAvity who astounded the meet by going 10 feet 4 3/4 inches in the pole vault easily. McAvity was stopped at this distance but this seventeen-year old lad possesses all the qualifications of a champion pole vaulter and spectators predict he will make another Pickard, of Hamilton, when it is considered that the mark set by McAvity was for fifteen years a day and I've seen a few.

Entries for the girls' track and field meet here on Saturday afternoon next on the Allison grounds close today and the program will be made up tomorrow.

Many outside entries are expected. Elaborate arrangements to entertain outside competitors and local contestants as well as officials have been completed by a committee in charge. Following the meet, the Y. W. C. A. will tender a banquet in their hall at which prizes won during the day will be presented. Following this, the party will be taken for a motor drive to Gondola Point and after a beach and bonfire party, dancing will be enjoyed.

Reports today were that the Allison grounds were in excellent shape for the meet. A new drainage system is being installed which will greatly aid in keeping the grounds in shape.

AUTO SMASHES CONCRETE POST OF MORNA BRIDGE

Control Lost on Hill; Party
Has Narrow
Escape

THREE ARE HURT IN FAIR VALE CRASH

Ralph Layland and Wife and
James McAuliffe Are
Injured

An automobile party, driving in a large touring car, had a narrow escape from serious injury yesterday afternoon near Morna, when the car crashed into the side of a bridge, broke off one of the concrete posts and put the car out of commission. The party was driving from the city and on the hill near Mr. Linton's the driver lost control of the car in the loose gravel. Before it was brought under control again the collision occurred. The car had one spring broken, the front mud-guard torn off, the fender broken and the radiator cracked. The car was pushed to the side of the road and later towed into the city. No one was injured but had the car left the road three feet nearer the city, it would probably have gone into the gully.

HURT AT FAIR VALE

Ralph Layland, 215 Gullford street, West Saint John, was severely injured in an automobile accident early Sunday morning at Fair Vale. The car belonged to Percy Lonsbury, 146 City Road. Mr. Layland, along with his wife, James McAuliffe, of 42 Exmouth street, and James O'Neill, of 99 St. Patrick's street, were returning to the city from Kingston, where they had been providing orchestral music for a dance. O'Neill was driving, and is said to have been unacquainted with the road.

UNABLE TO MAKE TURN

He was unable to negotiate the sharp turn by the bridge at Fair Vale quickly enough and the car struck the abutment with considerable force. The car was left a total wreck and all of the occupants received some injury. McAuliffe and O'Neill were together on the front seat and both were cut about the face and legs, but not seriously injured.

Mrs. Layland was badly cut about the face and her tongue was cut also. It was thought that she had bitten her tongue severely in the sudden jolt. Mr. Layland's injuries were the most severe, especially those received about the head.

The accident occurred handy the store of W. L. McElwaine at Fair Vale from where telephone messages were sent to Rothery to call for assistance. Dr. O. S. Peters, who arrived promptly, and to summon the ambulance from the city. The ambulance driver, Harry Earle, made a very quick trip.

RENDERS FIRST AID

Dr. Peters rendered first aid to the accident victims, and took several

stitches in their wounds. Mr. and Mrs. Layland were rushed to the hospital, but after a short stay Mrs. Layland was found well enough to go to her home, and was taken there in the ambulance.

CAR TURNS OVER

A Ford car, No. 4169, owned by Cecil Harlow, 350 Haymarket square, and driven by Richard Ray, 41 Sewell street, turned over in a ditch on the Loch Lomond road near Blind Man's Lake at 6:30 o'clock Saturday evening. A call was sent in to the city and the ambulance quickly responded and conveyed the occupants to the General Public Hospital for treatment. Harlow received a bad cut on the right cheek and suffered from shock. Ray fortunately escaped with slight bruises. The police, who investigated the matter, state that the accident was caused when Harlow attempted to take the steering wheel from Ray while the

CAR DAMAGED

car was going along at a good rate of speed. Shortly after noon on Saturday, automobile No. 5217, owned by Richard Roe, 14 Paddock street, which was standing on Main street, was run into by a team of horses with sledge attached, owned by Alex Daye and driven by William Matheson. The car fender was damaged.

MATTRESS DESTROYED

The fire department was called out at 6:30 o'clock Saturday afternoon by an alarm from Box 16 for a fire in a mattress in the rear of 254 Prince Edward street. The only damage done was the destruction of the mattress.

OFFER OF LIBERAL PEER STIRS BRITAIN

He Would Give £1,000,000
to Party if Lloyd George
Were Out of It

LONDON, June 13—A political flurry has been caused by reports that an unnamed Liberal peer has offered to donate £1,000,000 to the party funds on condition that former Premier Lloyd George cease to be associated with the organization. It is understood that a member of the Liberal Candidates' Association referred to in this report in last night's meeting of the association and asked whether it were true. According to Mr. Lloyd George's supporters there was no direct denial of the story. The controversy between the Earl of Oxford and Asquith and Lloyd George over the latter's policy during the recent general election was brought up at last night's meeting and resulted in the passage of a resolution expressing strong desire for the restoration of complete unanimity in the political party under Earl of Oxford's leadership.

There was a good crowd on hand to witness the events and despite the shrewdness of the organizers to make a showing, they certainly put up stiff opposition.

The teams included: Dorchester—H. Grant, G. Grant, S. Stack, J. Bourque and A. Bourque. Aberdeen—F. Addy, J. Weeks, R. Wilbur, N. Gaudet, A. Jones, H. Dobson, F. Black, E. McBeath and R. Wilbur.
