LOOKS BETTER FOR ENFORCEMENT

Prohibition Conditions on the Border Line.

S. Commissioner More Optimistic—Four Arrests After All Night Chase—All Said to be Montreal Men.

Washington, Nov. 21.—Prohibition commissioner Hyman, returning yesterday after a personal survey of liquor conditions in Michigan and along the Canadian border, declared that he was "more optimistic as to enforcement of the 'gentlemen's agreement' between J. S. and Canadian officials along the border, he added, would reduce run running to a minimum. He further stated that with unqualified co-operation between Canadian and U. S. officials to suppress smuggling, an iron-clad ban upon operations in the east and a sweeping check on questionable distillery withdrawals, the liquor traffic would be reduced to a minimum.

Co-operation between state and municipal officials in Michigan, he asserted, was equal, if not superior to that obtained in any other state. Confirmation of the "gentlemen's agreement" between J. S. and Canadian officials along the border, he added, would reduce run running to a minimum. He further stated that with unqualified co-operation between Canadian and U. S. officials to suppress smuggling, an iron-clad ban upon operations in the east and a sweeping check on questionable distillery withdrawals, the liquor traffic would be reduced to a minimum.

NEWS BITS IN THE ELECTION FIGHT

Ottawa Man Puts Up Deposit for Farmer.

Act in Memory of Son Killed in War—Bennett's Prediction of Ontario Result—Dominion Alliance Queries Leaders About Prohibition.

(Canadian Press.) Ottawa, Nov. 21.—David Loughnan, independent progressive candidate for Ottawa in the forthcoming Dominion election, has just received a striking token of approval of his candidature.

Winnipeg, Nov. 21.—R. B. Bennett, minister of justice, here between trains last night on his way to Calgary from Ottawa, predicted that Premier Meighen would win at least fifty seats in Ontario and in all probability would carry sixty.

Major George Black, Conservative, and F. O. Gagnon, K. C. Liberal, are making excellent progress in carrying their campaigns into every section of this vast constituency. Travelling is done with dog trains, but horses and the modern automobile are not neglected.

Mr. Congdon spoke at Whitehorse on Friday night. He is expected to reach Dawson by horse train within a few days, after a journey of 800 miles over ice and snow.

Major Black reached here on Saturday after squabbling with his dog train, Yukon's new silver camp. He said that all the rich veins opened up at Keno Hill are being developed this winter.

Prohibition. Toronto, Nov. 21.—The Dominion Alliance has addressed an open letter to the premier to Hon. W. L. Mackenzie King and to Hon. T. A. Crerar regarding prohibition and the adoption of the following resolution: "That this house is of the opinion that the right and most effective legislative remedy for these evils is to be found in the enforcement of a law prohibiting the importation, manufacture and sale of intoxicating liquor for beverage purposes."

"The letter in part says: "Complete prohibition of the manufacture, importation, exportation and inter-provincial transportation of intoxicating liquor for beverage purposes is a vital national issue that, so far, has not received attention proportionate to its importance in the present election campaign. This lack of discussion now, however, will not lessen the insistence with which the people of Canada will press the matter upon the next parliament."

"That parliament have debated and resolved, but have done little. Over and over again the House has, by overwhelming majorities, adopted the following or a similar resolution: 'That this house is of the opinion that the right and most effective legislative remedy for these evils is to be found in the enforcement of a law prohibiting the importation, manufacture and sale of intoxicating liquor for beverage purposes.'"

"It is pointed out that the present situation is intolerable and the legislation upon our statute pitifully inadequate."

Windsor Mills, Que., Nov. 21.—A delegation of some forty citizens yesterday waited upon J. W. Quinn, lumber merchant, to request that he accept the nomination as a candidate for Richmond county to replace Hon. Walter Mitchell, former premier of the Quebec provincial government. Mr. Quinn requested that he be given a day or two to consider.

WOODSTOCK MAN SAID TO HAVE BEEN DONE OUT OF SIXTEEN CASES

(Special to Times.) Woodstock, N. B., Nov. 21.—A rum running incident that has amusing features happened on Saturday night at Woodstock. Fifteen cases of whiskey and one case of gin had been sold by a Woodstock party to a Houlton "dealer."

A delivery team had been hired apparently to take it over. The owner of the liquor, accompanied by two men, left here at a late hour and arrived safely in Uclue Sam's territory, but here the consignee refused to take delivery of the goods. The party, accompanied by a Houlton team, drove back to the New Brunswick side, where delivery was to be made.

One half of the goods was transferred to the Houlton team when the driver whipped up his horses and started at break-neck speed for Houlton. The owner of the liquor then after the team and the other man started in another direction for Houlton with the balance of the load. Both teams got away and the disconsolate owner had to return on foot to Woodstock. It is said the liquor had been sold for \$75 a case. The stable team was sent back on Sunday.

KILLED BY TRAIN

Montreal, Nov. 21.—Struck by a train near the Grand Trunk station at St. Hyacinthe on Saturday afternoon, Melville Gagnon of Richmond, Que., died a few minutes after the accident.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

ALL MARRIED FOLKS COMING

"Dangerous Curve Ahead" at the Imperial Tonight.

In showing Dangerous Curve Ahead tonight and tomorrow the Imperial Theatre offers the people of St. John one of the brightest and most natural domestic serio-comedy pictures yet converted to screening purposes. The noted author, Rupert Hughes, who also wrote "The Old Nest," seems to have an almost uncanny insight into the inner emotions of household folks. Therefore the early career of the young marrieds in tonight's story will find exact copies, no doubt, in the experience of a large percentage of those who are so happily and faithfully depicted. Be early tonight for all the newlyweds will be there as well as older married folks.

AT THE EMPRESS

Gladys Walton in "Rich Girl, Poor Girl" story who will be sure to like George B. Seitz in "Velvet Fingers," the mystery serial. Full of crook cleverness. Monday night only.

GOOD NEWS FOR COAL USERS

A Bit of Coal History With a Happy Ending.

In 1900, twenty-one years ago, Broad Cove Coal was first introduced to St. John householders. From then on until 1918 it gradually gained in popularity. At that time it was the most popular coal for domestic use. Then conditions changed. Control of the mine got into other hands, and for two years mining operations were carried on with an idea of quantity rather than quality; therefore the local agent would no longer handle the coal. Retailers who did not wish to be troubled were compelled to take stone and slack or go without. Eventually Broad Cove Coal got so low that most dealers were afraid to touch it, those who did try to supply the demand (with the genuine article) either lost friends or lost money by the quality of the coal supplied.

As announced a short time ago Broad Cove Coal is now being produced with the old fashioned idea of quality in mind, and is now what it used to be prior to 1919. F. W. Ellard, Ltd., again acting as distributors in this territory and confidently recommends it to both dealer and consumer.

To stop substitution of inferior and cheaper grades of coal for Broad Cove, the above firm would think any consumer getting an inferior coal to inform them of the fact, and name of the dealer who supplied same.

John O'Regan was complaining that a stone drain and culvert across the road in front of his place had been destroyed and was now choked up, causing the water to back up on his land. He also said a portion of his fence had been removed and the posts had not been replaced to allow the right of way for \$1 if the drain was covered and \$500 if it was left uncovered. He said the contractor reported that this matter had been dealt with previously and there was no ground for the contention that the drain should have been covered. The city engineer reported that the stones were not on O'Regan's land, that since his complaint they had been removed to within 700 feet of their mill, which would enable the city to assess for fire protection. THE TARIFF ISSUE

Premier Meighen talks a lot about the indifference of Hon. Mackenzie King's utterances concerning the tariff, but where does he stand himself? Long before the elections were brought on he pledged himself and his party to present to the country a tariff "in black and white" so that the electors would know exactly what they were voting on.

CALL A CONFERENCE

The present week should not be permitted to pass in St. John without a conference on unemployment. It is quite possible for citizens who are not idle, and whose attention is devoted to their own affairs, to get the impression that everyone else is busy, and there is too great a tendency to point to the crowded places of amusement and declare that there is the proof that everybody has money to spend.

KEEP THIS IN MIND

The people of New Brunswick should not for a moment permit themselves during the present campaign to forget the treatment of the national ports, St. John and Halifax, have been receiving at the hands of the government. It is entirely due to the action of the government and its servants of the Liberal party that we have again the old complaint about Portland, Maine as the winter port of Canada.

A TYPICAL CASE

Hon. C. W. Robinson at Rothesay last week directed attention to the glaring instance of government ill-treatment of New Brunswick. Everybody knows that in this province there are enormous quantities of manufactured lumber and that until they are greatly reduced the industry must remain stagnant.

St. John people read with regret this morning of the death in England of Mr. D. Arnold Fox. During the nearly twenty years he had lived in St. John he had taken so important a part in the musical life of the city that everybody knew him and admired his genius, while those who knew him more intimately feel that they have lost one whose friendship they valued much.

MR. KING A FRIEND OF RETURNED MEN

(By Canadian Press Staff Correspondent) Cobalt, Ont., Nov. 20.—Replying to the G. W. V. A. questionnaire which was placed before him at last night's meeting here, Hon. W. L. Mackenzie King, leader of the Liberal party, declared that he would favor, if returned to power as he expected he would be, having the whole matter of soldier re-establishment thoroughly investigated by a special committee of parliament, to see whether there was anything which Canada could do for her returned men which had not yet been done.

"Our duty to the returned men, their dependents and the dependents of those who have not come back is clear," Mr. King said. "It is a demand that we treat their requests with generosity, which is more than mere justice."

WHERE REVOLUTION LEAVES GRIM TRAIL OF DESTRUCTION

Famine, Disease and Suffering in Tiflis and Baku. In Spite of Hunger, Tone of Respectability is Maintained in Some Regions—Many Wander in Search of Help—Bitter Struggle for Life.

Samara, on the Volga, Oct. 27.—(By Staff Correspondent of The Associated Press)—The numerical and geographical extent of the great famine cannot be given. There is today and has been as much food available in Samara, for those who have money, as in Baku, on the Caspian Sea, 2,000 miles distant.

The Associated Press correspondent completed a journey from Constantinople to Moscow by way of Tiflis, Baku, Astrakhan and Samara, and everywhere found intense misery, the most serious of which was seen in the dreary steppe region between Tiflis (Georgia) and Baku (port of Azerbaijan on the Caspian Sea).

The grim revolution after revolution, for five years, has left a trail of destruction behind it. It has wrecked railway stations which cannot be matched in Russia. Added to the lack of food is the constant battle with malaria, cholera, and typhus, and added to these is the cold against which there is little shelter or fuel.

No more pathetic sight was seen than that of the Baku central railway station, where thousands of men, women and children, going nobody could say where, were crammed on dirty sleds, for the men were dressed in rag and eating scraps of food like hunted animals.

The distances made by peasant families are incredible. At Saratov, about the river front, may be met families from Orenburg going towards the Ukraine, where the crops did not fail, and then families from Astrakhan going up river to some one of the German villages such as Volk or Baranov.

While there is perfect order in all Russia, on every hand the individual struggle for life for daily food is bitter and hard. No one thinks of anyone else. Robbery is limited, as robbers are shot when caught, but trickery in small trading is the rule. A warm place to sleep, something to eat, and clothing, are the beginning and end of daily life.

D. ARNOLD FOX HAS PASSED AWAY

A cablegram received by the Rev. A. I. Fleming, rector of St. John's (Stone) church, on Saturday evening brought the sad news of the death of D. Arnold Fox on Saturday at his home in England. A cablegram, presumably sent by his father, contained only the three words, "Arnold passed away." Mr. Fleming made the announcement of Mr. Fox's death at the morning service in the church yesterday and spoke feelingly of his faithful and splendid leadership while organist of the church. While the congregation stood in sorrowful silence, E. MacDonald Millar, the new organist, played the solemn music of the "Dead March." Although it was known when Mr. Fox left St. John on Oct. 26 for Montreal to sail for England that there were no hopes held for his recovery, the news of his death has brought grief to all who knew him and were associated with him in St. John. Only five Sundays had elapsed since he had occupied the organ seat in St. John's church.

Mr. Fox's illness came as a great shock to the whole community. He entered the General Public Hospital for treatment in the week of Oct. 16 but his case was pronounced hopeless. The doctors gave him but a few weeks to live and their verdict proved only too true. His father is a canon of Canterbury cathedral, England, and although ninety-nine years of age retains his voice well and conducts services in the cathedral, where he also preaches once every six months. It is not known what relatives besides his father and two brothers survive.

D. Arnold Fox was brought to this country about nineteen years ago by Rev. John de Soyres, then rector of St. John's church, and was organist of the church from that time until he sailed for England last month. He was a leader

GOOD SEASON FOR THE FISHERMEN OF LUNENBURG

Catch was the Third Largest Fleet Has Made.

Lunenburg, N. S., Nov. 21.—The Grand Bank fishing fleet of Lunenburg caught 269,830 quintals of fish during the last season, the third largest catch in history of the Grimsby of Canada. The fleet consisted of ninety-four schooners, and one steam trawler, and the average catch to a vessel was 2,840 quintals, a record for averages. Captain Albert Hinnefeldt, man in the big schooner Independence, with 4,700 quintals, was high liner.

The spring catch of 72,000 quintals was sold at \$8.75 a quintal, and the portion of the summer catch which has been sold brought \$6.25. Six cargoes were sold in Gloucester at 31-2 cents a pound, green, but fifty-six schooners' catches remain unsold.

In 1912 Lunenburg had 196 schooners engaged in the bank fisheries, the catch being 211,060, an average of 1,522 to a vessel. The biggest catch was made in 1919 when 106 schooners took 288,150 quintals, and the next largest was made in 1920 when 117 schooners caught 291,475 quintals.

FUNERALS

The funeral of John Walker was held yesterday afternoon at 2.30 o'clock from his late residence, 124 Mecklenburg street, to Fernhill cemetery. Services were conducted by Rev. F. E. Dowling. Members of the city waterworks department, where Mr. Walker had been employed for fifty years, but from which position he had retired before his death, were the pall bearers. The funeral was a very large one.

Engagement Announced

The engagement of Louise, only daughter of the late Ainsley Black and Mrs. Black, Amherst, to Dr. P. Leo Doran, is announced, the marriage to take place in Montreal on November 29.

BOUND GIRL TO GAS STOVE; SHE TURNED OFF JETS

Two Strangers Who Made the Dastardly Attack Being Sought by Posse.

Doylstown, Pa., Nov. 21.—Tied hand and foot to a gas stove by a negro and a white man who had attacked her, Miss Stella Velley, twenty-two years old, probably saved her life by turning off with her teeth the burners that had been opened wide for the purpose of asphyxiating her.

It was announced that Miss Velley's condition was serious. Scores of citizens have organized posses and, if the two men are caught, police officials fear they will be unable to prevent a lynching.

Miss Velley was alone in the house of her father, who had lived for years. She answered a summons at the kitchen door and upon opening it found herself confronted by a negro and a white man.

Screaming for help, Miss Velley rushed into the dining room, where she was overtaken and knocked unconscious. When she regained consciousness she was again in the kitchen, securely tied to the gas stove, from which the poisonous fluid was flowing from every burner.

Dared by the gas fumes she had already inhaled, Miss Velley twisted herself around and managed to turn off the gas-cocks, one by one, with her teeth. A few minutes later she released herself from her bonds in the same manner and dragged herself to the telephone in the parlor.

Too weak to lift the receiver from the hook, the girl lay upon the floor, kicked the instrument from its stand and whispered a plea for help to the operator before she fainted. The operator sent Dr. G. A. Parker to the scene. He found the girl still unconscious.

MISS STETSON LEFT \$318,421 ESTATE

New York, Nov. 20.—Miss Anna M. Stetson, who was an aunt of H. N. and Frances H. Stetson, St. John (N. B.), left a net estate of \$290,540.33—\$5,757.25 being in this state—when, as a resident of Bangor (Me.), she died on Dec. 18, 1920, it is disclosed here, in the surrogate's court, through the filing of the decedent's property.

Joseph Shea, a youngster residing in Prince Edward street, fell on the railway track near his home yesterday afternoon and was hurt so badly that he was at once taken to the hospital, where it is feared that he has a fractured arm. An X-ray examination will be made this morning to definitely ascertain the extent of his injury.

SOLID LIBERAL LINE-UP IN N.S.

With Two Exceptions All Liberal Candidates Men of Political Experience, and These Two are Finely Equipped for Public Service.

(Halifax Chronicle).

Every county of Nova Scotia has its Liberal candidate and when nominations take place on the 22nd of this month there will be a solid Liberal front presented for the contest. With the exception of two, every Liberal candidate in Nova Scotia has been a candidate in previous elections. With the exception of five, every Liberal candidate has previously been in the House of Commons. This goes to show the extent of political and parliamentary experience which the Liberal standard bearers for this province possess, and the training in public affairs which they will carry to the next House of Commons.

Only two of the Liberal line-up have been omitted candidates in previous general elections, but those two men have been very close students of public questions and are men deeply versed in the local conditions and methods, both men are of good paper ability and outstanding personalities in their respective fields. There is no province of the domain in which either party is placing in the field, in proportion to its population, such a large number of prominent candidates who are of national reputation as the Liberals of Nova Scotia.

The Liberal candidates in the various counties are as follows: Yarmouth-Clare—Paul H. Hatfield, Digby-Annapolis—Dr. I. J. Lovitt, Kings-Ernest Robinson, Hants—L. H. Martell, Halifax—Hon. A. K. Maclean, Dr. Edward Blackadder, Colchester—Herold Putnam, K. C. Cumberland—H. J. Logan, K. C. ex-M. P. Pictou—E. M. Macdonald, K. C. ex-M. P. Antigonish-Guysboro—C. F. MacIsaac, K. C. ex-M. P. South Cape Breton—Richard W. P. Carroll, ex-M. P. G. W. K. C. ex-M. P. Victoria and North Cape Breton—D. D. MacKenzie, K. C. ex-M. P. Inverness—Dr. A. W. Chisholm, ex-M. P. Lunenburg—William Duff, ex-M. P. Shelburne-Queens—Hon. W. S. Fielding. Of the Conservative candidates, only five of them have ever been in the federal house as members. Three others were served in the local legislature. One, Mr. W. L. Hall, Mr. Fielding's opponent in Shelburne-Queens, was for a number of years leader of the Conservative opposition in the Nova Scotia assembly, and was defeated in Queens county in the local elections of 1917. Mr. E. K. Spiney, Conservative candidate in Yarmouth county, was a Liberal-Unionist in 1917. There are two ridings in which the Conservatives have no candidates, namely Victoria-North Cape Breton, and Inverness.

There are three straight Labor men nominated, two for Halifax, namely, Dr. A. C. Walker and J. S. Wallace, and one for South Cape Breton—Richard J. B. MacLachlan. In Antigonish, Dr. MacIsaac, V. My Debt of Gratitude. 'Ulcers the Size of Man's Hand.'

Our portrait is of Mr. G. M. THOMPSON, of Whitby, Ontario, who writes: "In July last I happened to get a scratch on my leg. It was so slight I got no notice of it till a fortnight elapsed, when I found I could not go to work. It gradually grew worse, when it turned into a sore which itched and burned. I was then in a man's hand covering my leg. After I had tried nearly everything I read about your Clarke's Blood Mixture and decided to take it; it was then in the month of October when I found myself completely rid of the trouble. You can make up of this statement and I will be only too pleased to answer any enquiries because to nothing else but Clarke's Blood Mixture that I owe my debt of gratitude."

Sufferers from Bad Legs, Abscesses, Ulcers, Chancres, Swellings, Piles, Eczema, Boils, Plagues, Eruptions, and Rheumatism should realize that lotions, ointments, etc. can but give temporary relief. The cure is complete and lasting blood. Clarke's Blood Mixture quickly attacks, sweats, and cures the impurities which so many remarkable recoveries stand to its credit. Pleasant to take and free from any injurious ingredients. Of all Chemists and Stores.

LIVER TROUBLE BAD BILIOUS ATTACKS

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach full and sick, and bilious spots occur on the skin. The liver holds back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

MILBURN'S LAXA-LIVER PILLS. They are purely vegetable, small and easy to take, smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donavon, Sask., writes: "I was troubled with my liver for several years. I tried many remedies, but friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

MILBURN'S LAXA-LIVER PILLS are 25c a vial at all dealers, or mailed direct on receipt of price by The V. Milburn Co., Limited, Toronto, Ont.

MOTHER! Your Child's Bowels Need "California Fig Syrup"

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleaning of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Liver Pains

Pains under the shoulder blades tell of liver derangements. Other indications are allow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthful action is by use of Dr. Chase's Kidney-Liver Pills.

Continued use will insure lasting relief, correct the whole digestive system and purify the blood. Mrs. Wm. Barten, Hanover, Ont., writes: "For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much benefited generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."

SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound.

Ravenwood, W. Va.—"For seven long years I suffered from a female trouble and inflammation so that I was not able to do my household work. I consulted doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound, so I decided to try it. The first bottle was gone I found great relief so I continued using it until I was cured. I can do my own household work and enjoy living with my dear ones. How much harder the tasks when some derangement of the system causes headaches, backache, bearing-down pains and nervousness. Every such woman should profit by Mrs. Pinkham's experience and try Lydia E. Pinkham's Vegetable Compound."

ALONG BROADWAY 60 MILES AN HOUR

Detectives Chased Burglars, Capturing Three When Auto Struck Pile of Bricks.

New York, Nov. 21.—Revolver shots, flying bullets and the roar of two motors racing sixty miles an hour were only part of a thrilling chase witnessed by scores of persons on Broadway and which ended in a desperate hand-to-hand fight with three men after their automobile had been overturned by a pile of bricks and mortar at Seventy-second street.

In the automobile, Detectives Sackett and Hill found four loaded revolvers, two blackjacks, a burglar's complete outfit for blowing safes and two rope ladders. The first reason given was that many school children got up too late in the morning and did not have time to eat a proper breakfast. After hurrying to school they removed their wraps and sat still in the classroom. A chill ensued.

Miss Henry was asked to suggest a suitable diet for a school child, contrasting summer and winter. In reply, she said that summer diet should consist chiefly of fresh fruit and vegetables, bread and butter, plain cakes, and little meat or other heating foods. Pastry was not advisable at any time. The winter diet should consist of soups, vege-

After hurrying to school they removed their wraps and sat still in the classroom. A chill ensued.

Two shots were fired by the detectives and a moment later three bullets whizzed by their sides. They returned the fire as both machines raged up Broadway, increasing their speed as they went. The clocks on the police car registered sixty miles. The exchange of bullets was kept up until Seventy-second street was reached, when the automobile struck a pile of brick and turned turtle.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is no longer necessary. You can get it by asking at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray is registered, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

DON'T TAKE YEAST WITHOUT IRON!

Both Are Necessary For Best Results—Thousands Now Take Ironized Yeast in Convenient Tablet Form.

Run-down, weak and thin people, who were eating yeast for health, have found that yeast brings far better and quicker results when it is taken with iron. Through this splendid combination of tonics, now embodied in Ironized Yeast, folks who for years suffered with loss of strength, nervousness, anemia, thinness and other "run-down" conditions are regaining glorious health and strength almost as if by magic.

This is because Ironized Yeast supplies run-down bodies with just the elements they need—vitamins and iron. These two substances have been found absolutely essential to good health. Yet

Doctor Cuts Out Own Appendix

Sixty Year Old Surgeon Reported to Have Operated on Self for Appendicitis

An Associated Press Dispatch reports that a 60-year-old Pennsylvania doctor cut out his own appendix, assisted by a nurse. Several years ago he amputated one of his own fingers.

A Treacherous Disease. Appendicitis attacks at any moment even persons seemingly in good health. Usually, however, it is preceded by so-called stomach trouble, constipation or similar disturbances. Often when there is a warning feeling of uneasiness in the abdomen, appendicitis can be guarded against by a course of treatment in which one guards against the spread of throat infection, because that is just what appendicitis is—an infection in the intestines spreading to the appendix. When one has sore throat, one can often prevent further trouble and the development of influenza or grippe, by using an antiseptic wash or gargle to fight the germs and a laxative to carry off the poisons from the body. Just exactly the same procedure is necessary to fight the intestinal appendicitis. But instead of an antiseptic wash for the throat, an INTESTINAL antiseptic is necessary.

Intestinal Antiseptic. There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adlerika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel and re-

moving foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all poisons, thus immediately relieving pressure on the heart. It is astonishing that the great amount of poisonous matter Adlerika draws from the alimentary canal—matter you never thought was in you system. Try it right after a natural movement and notice how much more foul matter it brings out which was poisoning you. In slight disorders, such as occasional constipation, sour stomach or spoonful Adlerika ALWAYS brings relief. A longer treatment, however, necessary in cases of obstinate constipation and long standing stomach trouble preferably under direction of your physician.

Reports From Physicians. "I congratulate you on the good effect had from Adlerika since I prescribed it." (Signed) Dr. L. Langlois. "I have found nothing in my 50 years practice to equal Adlerika." (Signed) Dr. James Weaver. "I use Adlerika in all bowel cases. Some require only one dose." (Signed) Dr. F. M. Fretzmann. "After taking Adlerika feel better than for 20 years. Haven't language to express the AWFUL IMPURITIES eliminated from my system." (Signed) J. E. Puckett. Adlerika is a constant surprise to people who have used only ordinary bowel and stomach medicines, on account of its rapid, pleasant and COMPLETE action. It is sold by leading druggists everywhere.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, NOVEMBER 21, 1921

IN CITY CHURCHES.

Walter Bard, general secretary of the Brotherhood of St. Andrew in Canada, arrived in St. John on Saturday after a tour through Nova Scotia and yesterday was the preacher at St. Jude's church in the morning and St. John's church in the evening. In the afternoon he addressed the men's Bible class at Trinity church. Mr. Bard will speak in Robb's hall, after visiting Moncton, he will return to St. John to address the men of other congregations and his tour is in the interest of the establishment of chapters of the Brotherhood of St. Andrew among the men of the Anglican churches.

Visiting Preachers.

Rev. J. C. Freeman, of Charlottetown, conducted the services in the Charlotte street Baptist church yesterday. He was formerly president of the Maritime Baptist convention. Rev. Dr. S. Spilde, professor of theology at Acadia University, occupied the pulpit of the German street Baptist church in the absence of the pastor, Rev. S. S. Poole, who was at Chipman taking part in the dedication service of the new Baptist church there. Mr. Poole is expected to return to the city this evening. Rev. R. O. Morse, of the Maritime Baptist, conducted the services in the Waterloo street Baptist church.

Anniversary of St. David's.

The second anniversary of the dedication of the present building of St. David's church and the seventy-third anniversary of the dedication of the original St. David's, built on the same site, was fittingly observed in the services at the church yesterday. Rev. C. C. MacIntosh, of Stellarton (N. S.), was the special preacher and Rev. J. A. MacSigan, the minister, made reference to the fact that the church had been twice assumed by fire and twice rebuilt on the same site. He drew attention to the fact that there was present in the congregation John Rogers, who had been present when the cornerstone of the original St. David's was laid and had been a faithful member of the church ever since. David's was laid after the first dedication ceremony. Mr. Rogers, who is a veteran of the war, and a member of the church since it was opened.

Mission Church.

Mission Church has just been presented with a handsome pupil-desk and electric light, by the family of the late Mrs. Johanna Stepper, and which was set yesterday for the first time. Before beginning his sermon at the high altar in the morning the Rev. J. Young, priest in charge, announced the gift and then asked the congregation to join in dedicating the rest, which he then did in appropriate words with prayer. He spoke also of Mrs. Stepper's connection with the church, of which she had been a member ever since it was opened.

CHIPMAN'S NEW CHURCH.

Three services were held in the new Baptist church in Chipman yesterday. At the eleven o'clock service, Rev. S. S. Poole preached the dedication sermon, and Mrs. Blake Ferris helped with the musical programme. In the afternoon a Sunday school rally was held and the speakers were Rev. S. S. Poole, Rev. David Price and Rev. L. H. Crandall. In the evening the sermon was preached by Mr. Poole and addresses were given by Rev. A. Sutherland and Rev. David Price. The building was started last fall and the superstructure this May. It is of concrete blocks with windows of stained glass.

DRASTIC MOVE IN AUSTRALIAN GOVERNMENT

Labor Conference Recommends Abolition of the Senate and Disallowing of Imperial Honors.

Melbourne, Oct. 16.—(Associated Press by mail)—The Inter-State Labor Conference has terminated its proceedings by adopting a proposal of Premier Theodore, of Queensland, in favor of making the commonwealth the supreme governing authority of Australia with unlimited powers, states to have only such functions as the commonwealth confers, and the commonwealth to have the right to create new states.

The scheme, which is a drastic form of unification, provides for the abolition of the senate, the vesting of the final jurisdiction in all cases in the high court, and disallowing the acceptance of imperial honors in any circumstances by any Australian citizen.

CANADIANS ARE RELEASED FROM SPANISH ARMY

Madrid, Nov. 21.—Fifty-five British members of the Spanish foreign legion, including several Canadians, reached Madrid yesterday on their way to England, having been released from their enlistment after a protest by the British government. Eight of the men have been wounded, while nine others of their countrymen are said to be in hospital in Seville.

Durham, England, who presided at the organ in St. John's church yesterday, has had a remarkable career both as a musician and a soldier. He rose from a private in the ranks to command of his regiment. He commenced his musical

training at the age of eight years under Dr. H. W. Weston, at Holy Trinity. At the age of twelve he was on the organ seat at Wandsworth church. He received his choral training under Sir Frederick Bridge and his orchestral training under Sir Thomas Beauchamp. Mr. Miller arrived in the city on Wednesday. He came to Canada two months ago and gave a series of recitals in Ontario. Last night he held a first choir practice for the Christmas music of Stone church.

The Sunday school choir of the Main street Baptist church supplied the music for the morning service yesterday and they provided a programme that greatly pleased all present. Two anthems were sung by the choir and there was a solo by Misses Dorothy and Marjorie Christie and Eva Lettney. A very helpful sermon on the "Truly Happy People" was preached by the pastor, Rev. Dr. Hutchinson.

This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way which millions have found to whiter, cleaner, safer teeth. This offer is for one week only. It means much to you and yours. Act now.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer of the acids which attack the teeth.

It combats the film wherever it adheres. It leaves the teeth so highly polished that film cannot easily cling. Pepsin is also included.

See and feel it act

The results are not uncertain. You can see and feel them. Some are almost instant. A ten-day test is most convincing.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiter as the film-coats disappear. Watch the other good effects.

To millions this test has proved a revelation. It has shown them the way to prettier teeth, to cleaner, safer teeth. One does not return to the old ways when he sees what this new way does.

Combines five effects

But Pepsodent does more than fight film. It fights the acid which is a great tooth destroyer.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is to digest the starch deposits which may otherwise remain and form acid.

Millions now use it, largely by dental advice. The glistening teeth you see everywhere now show the results of its use.

Everyone needs it, as this simple test will show. See the results in ten days and decide that for yourself.

You must fight film

Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays.

The ordinary tooth paste does not effectively combat it. Your tooth brush has left much of it intact. And that clinging film may do a ceaseless damage.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles, local and internal.

Thus film causes most tooth troubles. And, despite the tooth brush, all those troubles have been constantly increasing. Some have become so common as to be alarming.

Now ways to combat it

Dental science has for years sought ways to combat that film. The ways have now been found. Able authorities have amply proved their efficiency. Leading dentists everywhere now advise their daily use.

The methods are embodied in a scientific tooth paste. The name is Pepsodent. Its use is fast spreading the world over.

To let all know it quickly, a 10-Day Tube is being presented to anyone who asks. Thus thousands of new people daily are learning its delights.

The delightful results

One conspicuous effect is to beautify the teeth. Another is a feeling of cleanliness. Men who smoke will see great changes. It is film that absorbs tobacco stains.

But it is most essential to the children. Young teeth are most subject to film and starch attacks. Dentists advise that children use Pepsodent daily from the time the first tooth appears. Under old methods, very few children escape some tooth destruction.

To all this is important. Cut out the coupon so you won't forget to make it. Present it this week.

Real Raisin Pie
Men are quickly refreshed at night by a dessert like this

2 cups Sun-Maid Seedless Raisins
3 cups water
1/2 teaspoon salt
1 tablespoon lemon juice
1 teaspoon sugar
1 tablespoon corn starch

Wash the raisins, put in a saucepan with 1 cup cold water and bring slowly to a boil. Add sugar, salt and corn starch, which has been mixed with 1 cup cold water. Boil 3 minutes; add lemon juice. Pour in pie tin which has been lined with crust, while not covered; brush top with cold milk and bake in moderate oven until brown.

Great Mid-Day Pie!

—it revives spent energies and puts new vigor into your afternoons

TRY one down-town, at your restaurant or lunch counter, after a hard morning's work and you are tired.

First note how luscious, then how it "sets you up."

A glass of milk is all you need with this pie for a good light lunch.

For the raisins furnish 1,500 calories of energizing nutriment per pound.

Their nutrition, being in practically pre-digested form, gets to work at once, and you can feel the energy it imparts.

The iron in the raisins then builds up the blood and promotes a vigor that is permanent. You need but a small bit of iron daily, yet that need is vital. Get it from raisins.

There's a recipe here for your wife to try at home. Or ask for pie like this down-town today.

Delicious raisin pie is sold by groceries and bake shops everywhere. Buy of them to serve home baking. Real raisin pie is made with lots of raisins. Insist on it. First-class bakers and restaurants don't stint.

Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays.

The ordinary tooth paste does not effectively combat it. Your tooth brush has left much of it intact. And that clinging film may do a ceaseless damage.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles, local and internal.

Thus film causes most tooth troubles. And, despite the tooth brush, all those troubles have been constantly increasing. Some have become so common as to be alarming.

Now ways to combat it

Dental science has for years sought ways to combat that film. The ways have now been found. Able authorities have amply proved their efficiency. Leading dentists everywhere now advise their daily use.

The methods are embodied in a scientific tooth paste. The name is Pepsodent. Its use is fast spreading the world over.

To let all know it quickly, a 10-Day Tube is being presented to anyone who asks. Thus thousands of new people daily are learning its delights.

Combines five effects

But Pepsodent does more than fight film. It fights the acid which is a great tooth destroyer.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is to digest the starch deposits which may otherwise remain and form acid.

Millions now use it, largely by dental advice. The glistening teeth you see everywhere now show the results of its use.

Everyone needs it, as this simple test will show. See the results in ten days and decide that for yourself.
