INTERNATIONAL PAPER CO. HEAD AT FREDERICTON

Will Meet Cabinet and Power Commission This Afternoon

TALKS OF PLANS

Company Spending \$27,000,000 in Erection of New Mills in Quebec

Special correspondent of The Times-Star

FREDERICTON, March 20.—President A. R. Graustein, of the International Paper Company, today told your representative here that the corporation of which he is the head had not yet formulated plans for the establishment of a pulp and paper mill in this province.

And, further, Mr. Graustein declared that his company is not now negotiating for the purchase of additional timber limits in New Brunswick.

Mr. Graustein, together with N. S. Head, his chief assistant, is meeting Premier Veniot, members of the cabinet and members of the N. B. Power Commission this afternoon.

“I am here to discuss with the Government the details in connection with the proposed Grand Falls development,” said Mr. Graustein.

Asquith's Latest Appointment Draws Caustic Comment From Beaverbrook Press In London

By HERBERT BAILEY, British United Press.

LONDON, March 20.—The appointment of the Earl of Oxford and Asquith to the judicial committee of the Privy Council, while he is still the leader of the Liberal opposition, is not going to pass without severe criticism which Lord Beaverbrook in his newspapers has already begun to direct against both Baldwin and Asquith.

In an editorial today The Daily Express says that the general public will express surprise at the close relations between the two parties as exemplified by this appointment.

The reference of course is to the famous Denbigh and Waterhouse cases, which are now occupying dozens of columns and attracting crowds to the law courts.

It is understood the King's Bench Judges, who meet periodically to discuss matters affecting legal practice, etc., propose petitioning the Lord Chancellor to introduce legislation regarding restricting the length of newspaper reports of unsavory cases.

The proposal has often been talked about, but nothing has ever been done. Obviously in this case, the difficulty lies in defining what ought to constitute an adequate report, and there is also a hesitancy in arousing suspicions of interfering with the liberty of the press.

Under Arrest

W. W. DUNLOP, Inspector of Prisons and Public Charities for the Province of Ontario, and a member of the Paris Board, who has been placed under arrest in connection with alleged irregularities in the operation of the Government brick plant at Miram, Ontario. The amount of money is placed around \$6,000. Other parties are also alleged to be involved.

R. T. HAYES, OF SAINT JOHN, SPEECH DEBATE

Saint John M. L. A. Commends Veniot Administration

Details of Operation of Saint John Institutions Placed Before House

By D. LEO DOLAN, Special correspondent of The Times-Star

FREDERICTON, N. B., March 20.—Vouching his opinion that the Government can bring about a more effective enforcement of the prohibitory law in New Brunswick by a rigid inspection of the vendors, R. T. Hayes, M. L. A., of Saint John, speaking in the debate on the address, this afternoon criticized the Provincial Government's policy on the liquor question.

Mr. Hayes is recognized in the house as one of the champions of the act, and his speech, which was critical of the present enforcement of the act, occasioned a number of interruptions. He addressed the New Brunswick Alliance Convention here this week with the enforcement of the act.

NEW OFFICIAL IS COMING FOR BOARD OF TRADE

F. Maclure Sclanders Accepts Position With Local Body

IS COMING SOON

His Resignation From Border Chamber of Commerce at Windsor Received

A press despatch from Windsor, Ont., says that the resignation of F. Maclure Sclanders as commissioner of the Border Chamber of Commerce was accepted at a directors' meeting yesterday.

Mr. Sclanders has accepted an offer from the Saint John Board of Trade, and will take up his new duties as soon as possible. He has been in Windsor since 1917, when he came from Saskatoon.

Mr. Sclanders was born in Scotland, receiving his education mainly in Glasgow. He was involved with West Coast Canada, landing in Saint John 25 years ago tomorrow.

He was engaged in newspaper work in Saint John and Toronto and later went to Saskatoon in April 1908. He left Saskatoon in 1917 to accept the commission of the Border Cities, which comprise Windsor, Sandwich, Ford City and Walkerville.

WICE-PRESIDENT M'LURG ISSUES ULLTIMATUM

Report of Proposal For Settlement of Strike Unconfirmed

RAINS DO DAMAGE

Situation is Aggravated in Some Idle Collieries—Pumps Restored

By Canadian Press.

SYDNEY, March 20.—Return of the maintenance men to the pits as employees of the British Empire Steel Corporation must precede the resumption of negotiations by the corporation looking to a settlement of the coal fields dispute, according to a brief statement given out by E. McLaughlin, vice president of the corporation at noon today.

Report of Proposal, HALIFAX, March 20.—No confirmation could be obtained today of the report published this morning that District president John W. McLeod, of the United Mine Workers of America, returned to Cape Breton last night with a "definite proposition for settlement of the strike which will submit to their unions."

Damage By Rain, "GLACE BAY, March 20.—Heavy rains of the past few days, have aggravated the situation at some of the idle collieries, more especially numbers 10, 21 and 22. These are regarded as particularly "wet" mines and make water rapidly under the best of conditions. Though the water is rising fast in No. 10 today, it is expected that the situation will be well in hand by tomorrow. The pump removed at the beginning of the tie-up has been put back. At the other collieries the situation is said to be improving.

ALBERTA PREMIER DECLARES MANY SEEKING HELP NOT ACTUALLY IN NEED.

EDMONTON, Alta., March 20.—An army of about 200 unemployed appeared at the legislative buildings yesterday to demand assistance from the government. The men protested the action of the Minister of Labor in partially discontinuing relief for unmarried employed which had been carried on through the Salvation Army for some time.

The Premier announced that the Government was willing to give a reasonable amount of assistance to any unemployed who were in need. There were indications that many who applied were not actually in need.

INFLUENZA TAKES 20 INDIAN LIVES

Canadian Press Despatch. WINNIPEG, March 20.—Sweeping from Norway House northward, an influenza epidemic took toll of 20 lives among Indians of Northern Manitoba, while several hundred were stricken with the malady, according to reports received by the Department of Indian Affairs, Winnipeg branch.

WHEAT DROPS AGAIN

Market Disorganized When Grain Prices Recede 8 Cents at Opening.

Winnipeg, Man., March 20.—After a brief period of recovery, wheat market this morning was once again thrown into disorganization. May wheat led the toboggan right at the opening of the session, declining steadily for a sharp recession of 8-18 cents. May went down to 157-1/2. The other features suffered a corresponding downturn.

TO CLOSE DRYDOCK

Newfoundland Plant to be Out of Commission Year While Repairs Made.

ST. JOHN'S, Nfld., March 20.—Pending repairs which will cost \$1,000,000, the Government has decided to close the colonial dry dock here. Experts had advised that its condition was dangerous. It will be out of commission a year.

SOMEWHERE IN FRANCE REVIVED AS KING TRAVELS ACROSS LAND

PARIS, March 20.—The seclusion of the British royal party's trip across the country to the Mediterranean for King George's convalescence cruise has revived the once familiar wartime date line "Somewhere in France."

The King asked that because of his ill-health, the strictest incognito be maintained, so he would not have to acknowledge greetings as the royal train sped through the various stations en route, and the French authorities zealously guarded the train schedule from the public.

The British ambassador, it was learned, boarded the train for a half hour during the trip, but it was an open secret that he simply rode with the sovereign along the railroad belt line encircling Paris, the only route by which the train could be switched from the Northern to the Southern Railway.

Before boarding the train at Calais, however, the King obligingly posed for the photographers and movie men. The resulting pictures, published in the Paris papers this morning, show him to be thinner than usual.

HEARD OVER THE PHONE

What a Customer Told Purity Over the Telephone.

"Hello! I want to speak to the manager of the Purity Milk Co."

"We have been using your milk for some time, and feel that we should let you know how much we like it."

"It really is surprising how much cream there is on the top of the bottle every morning—and the bottles are so clean."

"Just as soon as the children get up they clamor for a good drink of your rich milk. They just drink and drink, and we know that it is perfectly safe to let them drink all they can. Good for them."

"We are coming to look over your plant. We have heard so much about it."

"Good morning!"

"You, too, should enjoy this good, rich, pure milk. Phone Main 5000 and order your supply now."

WINDOWS SMASHED

Dynamite, Placed on Sill in Toronto Home Does Damage to Two Houses.

TORONTO, March 20.—An explosion of dynamite, placed on the window sill of Julius Katz's home last night, shattered 11 windows in the homes of Katz and Harry Havelock. Police hold to the theory that Katz was chosen as the victim of the "Red" States to substitute a policy of trying to find land for people in place of its traditional policy of finding people for land and handing out large piece of the public domain to them, says an article in the American Bankers' Association Journal. The executive departments at Washington are working on the determination of probable future needs.

Daylight Time in Maine Is Illegal

AUGUSTA, Me., March 20.—The Maine Senate passed to be engrossed in conference with the House the act to make standard time the legal time in this State and make it unlawful for a municipality to use any other than standard time.

The provision in the act providing a fine of \$500 for violation of the law by any city or town was killed in committee.

STERLING EXCHANGE NEW YORK, March 20.—Sterling exchange steady. Great Britain 47 1/2; France 218 1/2; Italy 408; Germany 28.80. Canadian dollars 8-39 of one per cent. discount.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., FRIDAY, MARCH 20, 1925

GREATLY ENJOYED

Programme by Men of Montrose Gives Delightful Evening's Entertainment.

"The finest concert in years" was the comment of the audience present last night in the Seaman's Institute, when the Montrose entertainment party gave its excellent programme. The ship's party took charge of the entire evening and for the second part of the programme staged a Montrose Follies vaudeville that rivalled the best of professional talent and called forth most enthusiastic applause. Mr. Gibbs Seymour, the bandmaster of the Montrose, directed the Follies performance and had charge of the whole programme.

The numbers given during the first part of the programme included an overture by the Montrose orchestra, a group of skilled musicians; song by Mr. Smith; violin solo by Mr. Barstow; song by Mr. James; cornet solo by Mr. Robinson, and another selection by the orchestra. The Montrose will make only one more call at this port this season but every one who heard the concert last night will be looking forward to the ship's next stay in port in the hope of attending another of the concerts.

Time The Only Thing.
The convicted man had just received sentence and was being led out. "You poor man!" said a sympathetic woman near the door. "Is there anything I can do for you?"

"No, mum," replied the prisoner, "unless you'd like to do this three years."

WATERBURY & RISING ANNOUNCE THE OPENING OF AN EXCLUSIVE LADIES' SHOE SHINE PARLOR.

In an endeavor to keep abreast of the times, the thought of a ladies' shoe shine parlor has been constantly before us and after careful planning we have been able to satisfactorily build a parlor in our King street store. This new feature will be, we feel, a great benefit to the women of Saint John inasmuch as they may come in themselves or send their most delicate shoes with the utmost amount of confidence that they will be in the hands of capable men who know their work and must live up to the Waterbury & Rising standard. Every known shade of shoe will be treated with infinite care.

LENTEN ADDRESS.

Rev. Dr. W. Farquharson, the port chaplain, gave a Lenten address at the meeting of the Men's Society of St. Luke's church, last evening. Harry Finch, president, was in the chair and the meeting was well attended. Rev. Mr. Jones, grand organizer for the Orange Order in New Brunswick, also addressed the meeting. A pleasing solo was sung by Harry Marley.

Wherever official examiners have taken a census of eyes—with students and soldiers—the story has been the same. The experience of Optometrists the world over is confirmed again, and again.

Which is this—the conditions under which modern eyes have been working men such a vast change from previous ages that our eyes have not had time to become fully adapted.

Down through human history for thousands of years the human eye was trained towards the distance. Indoor reading and toiling has come too quickly. The eyes have done well, but with four in five they work under a strain. That strain throws them out of kilter. Glasses are the only help.

If the need for Glasses is not investigated early, the discomforts to nerves, head and sight pile up serious trouble. A dollar a week now gets the best.

ALLIANCE WILL ENTER POLITICS OF PROVINCE

Mean to Exact Pledge From Candidate or Run Their Own ELECT OFFICERS

Vote of Confidence in Field Secretary is Passed By Meeting

FREDERICTON, N. B., March 20.—Only candidates who will pledge themselves to support a strict enforcement of the prohibition act and place such pledge before party affiliations will receive the support of the New Brunswick Temperance Alliance in the coming provincial elections, according to a decision reached at the annual meeting of the Alliance yesterday.

Further it was decided at the convention here to oppose candidates who put party affiliations before prohibition principles. The convention also went on record as unalterably opposed to any return to the license system or the inauguration of a system of Government control of liquor sales.

It is the settled policy of the Alliance, said another resolution, to set before the people of New Brunswick the facts concerning the enforcement of the prohibition law by the Government, without prejudice or regard to party affairs.

This policy is essential so that the voters may see the absolute necessity of electing men to represent them in Parliament who are serious in their desire to enforce the law, declares the resolution adopted today.

NEW RADIO STATION TO BE READY IN MAY

C. N. R. Officials Says Vancouver's Should be Most Powerful in Dominion.

MONTREAL, March 20.—Owing to the location of the towers and the equipment the new radio broadcasting station of the Canadian National Railways at Vancouver, which is now under construction should prove to be the most powerful and most efficient in the Dominion, said W. H. Swift, Jr., director of radio for the C. N. R., on return here from Vancouver this week.

The new station will have the call letters CNRV and will be known as the Voice of the Pacific. "It will be the first broadcasting station to be constructed in this country under the remote control type," said Mr. Swift. Remote control means that while the studio will be placed in a convenient spot in the city, the operating room and aerial towers will be located 10 miles away and this plan,

Dear Sir—On the eve of your severing your connection with the Prince Edward Island Co-operative Egg and Poultry Association, to take up the more arduous duties, as manager of the New Brunswick Poultry Exchange, we ask you to accept this small token in recognition of the esteem in which you are held, and we extend to you and your amiable partner, the very best wishes of the staff of the head office of the P. E. I. Co-operative Egg and Poultry Association. Manager and Employees, The P. E. I. Co-operative Egg and Poultry Association.

Yesterday In Parliament

IN THE SENATE — Royal assent was given the Interim Supply Bill and the Upper Chamber adjourned until April 21.

IN THE COMMONS — Hon. Arthur Meighen attacked the Petersen contract and the government's method of dealing with ocean freight rates. Debate on the contract was not finished.

NATURE'S DANGER SIGNALS. Nervousness, melancholia, backache, headache and pain in the side are all nature's danger signals which indicate some ailment peculiar to a woman. When such warning symptoms appear women may avoid much pain and suffering if they will rely upon Lydia E. Pinkham's Vegetable Compound, as its tonic, strengthening influence speedily removes the cause and restores the system to a healthy normal condition. Business Opportunities. See the want ad. page. Deaths

Mrs. Maria Ervin. Many friends were sorry to learn today of the death of Mrs. Maria Ervin, widow of William James Ervin, which occurred last night in West Saint John. Mrs. Ervin had lived all her life in that part of the city. Kindly in manner and hospitable and charitable she made friends readily and always retained their good will. They number many to whom the word of her death has brought sorrow. Mrs. Ervin was in her 83rd year and had not enjoyed good health for some years. She is survived by two sons, Frederick H. of Boston and Harry of the Telegraph-Journal staff and two daughters, Mrs. W. J. S. Farrer and Mrs. Arnold Martinson, both of West Saint John. The funeral, which will be private, will be held at the residence of Mrs. Paynter, 278 Prince street, West Saint John, at 8 o'clock on Saturday afternoon.

Mrs. A. J. Cormier. SHERBROOK, March 19.—Mrs. A. J. Cormier, one of the best known and respected residents of this town, died on Wednesday morning at her home after a few days' illness in West Saint John. She is survived by two sons, Frederick H. of Boston and Harry of the Telegraph-Journal staff and two daughters, Mrs. W. J. S. Farrer and Mrs. Arnold Martinson, both of West Saint John. The funeral, which will be private, will be held at the residence of Mrs. Paynter, 278 Prince street, West Saint John, at 8 o'clock on Saturday afternoon.

Silas Allen. SACKVILLE, N. B.—The death of Silas Allen, of Sackville parish, removes a man who was well known throughout the eastern section of the county. Mr. Allen was 76 years of age and is survived by five children, Milton, of Wilton, Me.; Stephen on the homestead; Artisan, of Sackville; Mrs. David Johnson, of Port Elgin, and Mrs. Ernest Ward, of Upper Cape. A brother, John Allen, resides in Moncton.

Mrs. Clo Goodwin. SACKVILLE, March 19.—The death of Mrs. Clo Goodwin occurred at the home of her sister, Mrs. M. M. Whalley, a few days ago. She was a nurse by profession and was married in 1917 to Corp Goodwin, of Point de Bute. They left for the Canadian west where six months later the groom died. Mrs. Goodwin was then employed by the Soldiers' Civil Re-establishment Department for Alberta. Later she was recalled to Edmonton, where she was made superintendent of the Victorian Order of Nurses in the Edmonton hospital. A year ago she returned east in failing health and passed away last Thursday night. The funeral was held Sunday and was very largely attended, many being present from Sackville, Amherst and the surrounding country.

Miss Agnes Holmes. CHATHAM, March 19.—The death of Miss Agnes Holmes occurred at the Hotel Dieu Hospital Saturday. She had been housekeeper of the Adams House, a well known local hostelry, for the last 14 years. One sister, Mrs. John Morrison, of Douglastown, survives. The funeral was held Sunday afternoon from the home of the niece, Mrs. McTavish, of Newcastle. The funeral services were conducted by Rev. L. H. McLean.

Mrs. M. A. Hilton. YARMOUTH, N. S., March 19.—The death of Mrs. Mary Alice Hilton occurred suddenly at her home, Yarmouth North, today. She had been ill only a day or so with an ailment of the heart. Mrs. Hilton was the widow of Capt. Edward F. Hilton, of Yarmouth, who lost his life when burned to death in a fire in the hold of the Yarmouth ship Tanageron, of which he was master, in Havre, France, in March of 1882. Mrs. Hilton was 81 years and three months of age and is survived by one son, Alfred Hilton, of Massachusetts, and three stepchildren, in the western states.

TAG DAY PLANS FOR HOSPITAL AID DISCUSSED

Conveners Are Named for Appeal to be Made in April
TREATS AT EASTER ARE ARRANGED FOR

Denominational Reports Are Presented at Women's Hospital Aid Session.

Plans for tag day on April 4 for the Women's Hospital Aid work were advanced at a meeting held in the Board of Trade rooms yesterday afternoon. Preparations were made for the Easter treats to be given to the patients in the General Public Hospital and the Saint John County Hospital.

ported receipts of \$973.95, including \$8 from cook books. Expenditures totalled \$180.40 and the balance was \$843.55. The emergency fund totalled \$794.20 as \$9.06 had been drawn.

G. P. H. Visiting.
Mrs. J. G. Williams gave the report for visiting at the General Public Hospital, telling of special gifts. Thanks were extended Mrs. William Heenan for a supply of funny papers for the children. Mrs. N. C. Scott was appointed visiting convener for the next month.

Mrs. Gillan gave the report of the visiting at the Saint John County Hospital. She recommended having the weekly visitors for East Saint John selected by the vice-presidents as is done for the General Public Hospital. This plan was adopted and Mrs. Margaret Corkey was appointed convener for next month.

Easter Plans.
Plans were made for the Easter treats. Mrs. Louis Owens and Mrs. E. A. Schofield were to take charge of the treat and cards and Mrs. T. H. Carter to take charge of flowers for the General Public Hospital. Mrs. Corkey was to have charge of the treat for the County Hospital.

Miss Belle Howe, social service nurse, reported. She thanked a class of Catechism Sunday school for a supply of new clothing and a Germain street Baptist group which had also given clothing.

Last month Miss Howe had been able to give clothes to four families. She had reported two follow-up cases and patients found able to pay \$55 to the hospital. Mrs. Frank Skinner, representing the

Methodists, was named as convener for the magazines next month.

Denominational Reports.
Denominational vice-presidents' reports were received. The Anglicans reported 47 members in Stone and six in St. Luke's. Mrs. N. C. Scott, for the Baptists, reported 68 members in Germain street congregation. In the absence through illness of Mrs. J. H. Doody, the Catholic report was given by Mrs. L. Owens, who told of care of three follow-up cases, two members enrolled and transportation costing \$6.80 provided one case. Mrs. Burton, for the Salvation Army, told of visiting the patients and of follow-up care. Mrs. T. H. Carter offered to provide badges to be worn by the Aid's visitors and her offer was gratefully accepted.

Tag Day.
Arrangements for tag day on April 4 were taken up. Mrs. J. Boyle Travers

Rebekahs of Sapphire Make Nice Gift to Mrs. Mattattall

Mrs. Mattattall, of Truro, president of the Rebekah Assembly of the I. O. O. F., in the Maritime Provinces and Newfoundland paid her official visit to Sapphire Rebekah Lodge, No. 37 in the Oddfellows' Hall in Simonds street last night and gave an address on the aims and ideals of the order. Miss Alma Flowers, noble grand of Sapphire Lodge, presided and amongst the large number present were past president Mrs. Phoebe Ellsworth and representatives of Jewell Rebekah Lodge, including the noble grand Mrs. Grant and the vice-grand, Mrs. Nelson, each of whom gave a short address. Mrs. Dora Coggin, of Freeport, N. S., was also a special guest.

Given Pearls.

A pleasing incident of the evening was the presentation to Mrs. Mattattall of a string of handsome Russian beads. The presentation was made by Mrs. K. W. Epstein, district deputy, in a suitable speech, and Mrs. Mattattall replied graciously. Amongst those taking part in the evening programme were Miss Vera Langley, Miss Myrtle Downey and Miss Gladys Titus who gave vocal solos that were much enjoyed. Mrs. C. B. Budge gave a short address. At the close of the evening refreshments were served by a committee composed of Mrs. Myrtle Downey and Miss Alice Wilson. Mrs. Mattattall leaves today to return to her home in Truro. She was in the morning was taken to see the dry dock and other points of interest around the city and in the afternoon attended the performance at the Opera House.

Palm Beach Sets Styles For This Summer's Wear

By HEDDA HOYT
Fashion Editor of the United Press.
NEW YORK, N. Y., March 20.—One can obtain an accurate idea of what's what in spring and summer styles by noting what the Palm Beachers are wearing. The Florida season is on in full swing and fashionables are setting examples in styles which are well worth looking into before hiring the spring dressmaker.

Sometimes it is merely the shade of the stocking which gives one an inspiration, such as the nude-toned stocking which is worn with the white kid pump for daywear. Stockings in the exact shade of a sunburned leg are occasionally chosen for the white shoe and the effect is very interesting.

The "chin scarf" is one of the newer notes seen on the beach. Women in lingerie frocks wear narrow scarfs of old lace wrapped about the neck with an edge of lace extending up over the chin—sun protectors, perhaps, but very fascinating.

Frocks.
Lingerie frocks will actually be worn this summer, as they are seen in hundreds at Palm Beach. Always they are of the better variety, such as embroidered batistes, lace and net combinations, etc. Cottons and linen frocks have no place in the fashion world this year. Wine, Nile, pink, yellow and ochre are favorite shades and are often combined with self-colored or with black laces. Blond organdy or batiste over pastel-hued slips are also numerous. Lingerie of better class are worn at open air dances, lawn parties, dinners and occasionally for beach wear.

Blond or nude tones are perhaps seen more than other colors and a popular example of such frocks is a long waisted bodice and slender skirt made of blond lace, its skirt being trimmed with circular godets of blond chiffon. There are about six of these godets used and they shirr into the waistline and flare at the hem. As a sash finish, there is a crushed ribbon on two tones which ties in a flat bow at the centre front. Where ribbon is used as a finish for the waistline, the bow is placed in front and there are no long hanging ends.

V-shaped necklines are never than batteau shapes. In some models the rear of the neck has a little standing collar under which are attached string ties which form a knot at the V front. A few effective lingerie frocks of simple type are scalloped about necklines, armholes and hemboards and bound in contrasting colors.

Blouses.
The tunic blouse is one of the successes of the year. It has proven that the shirtwaist, though gone, was not forgotten. Since most ensemble suits have seven-eighths length jackets, the knee length tunic is the most popular type at present. These have straight chemise lines and are generally made of a colorful, figured silk, matching the lining of the jacket. Later, however, the hip-length suit will be the popular one, due to warmer weather. Many women are already wearing them under their fur wraps up north.

When the hip-length suit becomes more popular, the hip-length blouse will take the place of the longer tunic. This season's hip blouse is mounted on a hipband or made in one with it and blouses slightly over the hand. Tailored effects such as long sleeves, jabot neck finishes and manish vest fronts are usually chosen for the shorter blouse. Materials include crepe de chene, handkerchief linen and mervé shirting. Sometimes the crepe de chene is of solid brilliant shade such as red or yellow and matches the plain lining of the jacket.

Short velvetene jackets are growing more popular for semi-sport wear. Braided gold bracelets with buckle clasps are newer than the slave bracelets of link type.

"Clothes last longer when washed properly—"

says Mrs. Experience, who tells how to wash them

"Some women actually rub holes in clothes trying to get them clean with harsh, ordinary laundry soaps, which are only half soap anyway. No wonder they say, 'Washing is so wearing on clothes'."

"The easiest way I've found to wash clothes—easiest on clothes and easiest on myself—is by using Sunlight Soap. No boiling or hard rubbing is needed—the pure Sunlight suds penetrate through and through each fabric, loosening dirt and dissolving grease spots. Then in rinsing, all dirt and soapy matter just runs away."

"And as every bit of Sunlight is pure, cleansing soap, it lathers generously, does not fade anything washable and is far more economical. Sunlight keeps your hands nice and soft. Levers, Toronto, make it."

PLAN TO COLONIZE ALBERTA

COLONIZATION SCHEME TO BE UNPRECEDENTED

Newly-Formed Company Acquires 260,000 Acres Formerly Owned by C.P.R.

WILL BRING OUT BIG GROUP OF SETTLERS

Immigrants Will be Helped in New Homes by Cash Advances.

Canadian Press Despatch. EDMONTON, March 20.—With the announcement from London, England, of the issue of stock of the British Land Settlement Corporation, plans are disclosed of a colonization scheme for Central and Northern Alberta, which exceeds in magnitude anything of the kind which has been put into effect in the province.

260,000 Acres. The newly formed company is acquiring a vast tract of 260,000 acres, which are the entire holdings of the Western Canada Land Company, the uncollected, which were originally purchased from the C. P. R. These lands stretch across the province north of Edmonton, from the city to the west of Vermillion to Wambagan, west of the city.

The holdings of the Western Canada Land Company are in biggest block north of Vermillion and between Clyde and Athabasca, Alberta.

The Canadian chairman of the British Land Settlement Corporation is A. M. Brown of Medicine Hat, former president of the Canadian Colonization Association. Members of the board of directors include the Duke of Sutherland, Sir Newton Moore, Sir Arthur Griffith-Boscawen, Sir Robert Lynn and Sir Edward Mandeville.

It is the intention of the new organization to bring out large groups of immigrants who will be assisted in obtaining foothold in their new home by money furnished them, and which will be repaid in small yearly instalments.

FATE OF PIRIE IS IN HANDS OF CABINET. Indications of Family May Get Life Imprisonment.

OTTAWA, March 19.—The case of John Buchanan Pirie, murderer of his wife and two children, was presented to Cabinet today. For weeks the Pirie case has been under review of officials of the Department of Justice, while the condemned man was subjected to repeated examinations by alienists. Now, however, Hon. Ernest Lapointe, Minister of Justice, has laid the case before his colleagues, who with the Governor-General will determine whether Pirie will pay the death penalty next Tuesday morning, as sentenced by the courts.

Certain indications point in the direction of commutation of the death sentence to life imprisonment. Official announcement is not expected until Saturday, or possibly Monday.

DEPTH INDICATED BY MEANS OF ECHO. Ship Navigator Has Only to Press a Button With This Invention.

LONDON, March 20.—An apparatus which automatically indicates the depth of water beneath a ship by means of an echo has been invented. The device, which has already been tried with success in naval vessels, consists of an oscillator fitted to the ship's side beneath the water line which produces a clear musical note. This sound is echoed from the ocean bed and picked up by hydrophones or car pieces built into the ship's hull. It is then converted into an electrical current, which passes to an indicator in the vessel's chartroom, and lights up a dial corresponding to the depth of water beneath the ship at the time. The navigator of a ship fitted with this automatic sounder will merely press a button in order to obtain a continuous visual indication of the depth of water beneath him.

ACTION DISMISSED. MONTREAL, March 20.—The action taken against Brigadier General C. A. Smart, M. L. A., for Westmount, Ralph Locke, Rene Beauchemin, P. S. H. MacL. Brown and S. A. Richardson, was yesterday dismissed from the bench by Mr. Justice Mount.

Can Buy Human Head For \$100 In South America, Says Explorer

Gives \$5 Gold Takes It Back

MIDDLETOWN, Conn., March 20.—The treasurer of the First Baptist Church was ready to deny the aspersion that his life is one damned nickel after another when he found a five-dollar gold piece on the contribution plate recently. His disappointment was great, however, when a stranger knocked at his door the next day and asked for the gold piece unabashed and unafraid. He explained that he was a transient worshipper and had intended to put a penny on the plate, but had dropped the gold piece on by mistake.

AMENDMENTS TO ONT. LIQUOR ACT

Bill Providing For Changes Presented in House by Attorney General.

TORONTO, March 19.—Provision for sale of beer of 44 per cent proof in standard hotels, restaurants and grocery stores, is made in amendments to the Ontario Temperance Act which were introduced into the Ontario Legislature today by Hon. W. F. Nickle, Attorney-General, and given first reading.

In the case of grocery stores the beverages will be sold for outside delivery only, while in hotels and restaurants the stipulation is made that service must be given at tables to avoid a revision to the law in Ontario in 1916.

Other Amendments. Other amendments reduce the number of prescriptions to be allowed a doctor from 60 to 30 per month, while the minimum fine on conviction of a doctor for possession is cut from \$200 to \$50.

A fee for a permit to sell beer will be charged, but the Attorney-General made it clear that this was to be for controlling purposes and not to obtain profit.

JAPANESE LABOR PARTY IS GROWING. Has Awakened From Former Inactivity and Protests Legislation.

By H. FRANCIS MISSELWITZ. (United Press Staff Correspondent.) TOKYO, March 20.—The labor party movement in Japan has been lying more or less dormant as far as surface indications are concerned, but recently a gathering of several hundred met to protest certain legislation expected to be presented in the present session of the Diet.

This legislation is the so-called Peace Maintenance Bill, which would give radicals longer prison terms than now is possible under the law. The term would be extended from six months to a year—the present law—to as long as six years. Delegates from virtually every labor organization in Japan came to Tokyo to attend this conference and demonstration.

Four Hour Parade. A leader of the Japanese Federation of Laborers presented a strongly worded resolution against the bill. It was passed during prolonged applause. A procession through the streets of the city followed. The parade continued for nearly four hours.

The police permitted the gathering, but any speakers who became too vehement in his remarks was forced to quit the platform. More than 20 speakers were interrupted by the officers for alleged radicalism and socialist tendencies. A few arrests were made during the parade.

Lumbermen Regret Depletion of Trees. ATLANTIC CITY, N. J., March 19.—More than 600 delegates, representing Canada and every state in the Union, attended yesterday at the annual convention of the National American Wholesale Lumber Association. The rapid depletion of forests on the continent was the greatest problem of lumbermen, the president's annual address said.

Longworth Babe Gets \$1,000 To Put Aside For Wedding Day. ARMY WILL RUN U.S. RAILROADS FOR NEXT WAR

Complete Plans Already Worked Out by War Department

NO NEW LEGISLATION WILL BE REQUIRED

Payment to Companies Will be Based on Previous Earnings of Roads

By LUDWELL DENNY. (United Press Staff Correspondent.) WASHINGTON, March 19.—Industrial preparedness will be the chief aim of the War Department of the new Administration. Officials today pointed out that General Pershing and his successor as chief of staff, Major General John L. Hines, have put into working order the plans for possession of the railroads in the event of a major emergency, is the basis of the tentative plan in the department. The plan is being worked out in great detail, based on the experience of the United States and other countries in the World War.

No new legislation will be sought for this purpose, as existing laws are considered adequate. In time of war the President is empowered to take possession and assume control of any system or systems of transportation, under the Army Appropriation Act of 1916. The Transportation Act of 1920 stipulates that none of its provisions shall limit such powers of the President.

He had worried for some time over his approaching trial, his wife stated. And the conviction and sentence in Norway yesterday of Thomas Congdon, who killed a girl under similar circumstances and was sentenced to a year in Auburn and fined \$250, had a depressing effect on Winkler.

MAKES STATEMENT. Grand Army of United Veterans of Canada on Soldier Organizations.

TORONTO, March 20.—The Grand Army of United Veterans of Canada, through the secretary, H. McLodi, made the following statement: "The Grand Army of United Veterans in a signed statement issued in reference to the criticism of existing soldier organizations, has no fault to find with the attempt of those who wish to form new organizations, for the purpose of helping ex-service men and their dependents. All associations have done good work in the past, and are doing good work now, and the efforts of all should be directed towards that of co-operation, instead of criticism. Much yet remains to be done."

The Grand Army of the United Veterans wish it to be known that it is in business to protect the rights and privileges of all ex-service men and their dependents irrespective of whether they are Canadian ex-service men or Imperial veterans, and caters to no one class, but to all. It believes that all who have served are entitled to the fullest measure of re-employment possible. While directing the best efforts of the association to obtain pensions, hospital treatment, etc. for those who are disabled as a result of their war service, there still a very large class of deserving ex-service men outside the pension system, and yet they have suffered as a result of their war service. It is on behalf of this latter class that the association's activities have been chiefly directed during the past years.

By all means, we say, fight to maintain the privileges already obtained with respect to pension, etc. but while doing so please keep in mind also the men who have a handicap, whose disabilities are not visible, but real just the same. He has rights and privileges until her wedding day, when, as its maker remarked casually, she was not here, but the bride was to select a gift with the compliments of an old family friend.

SHEDIAC MAN HURT IN MILL ACCIDENT

CHEIDIAC, March 19.—Alyre Hebert, son of Mr. and Mrs. Albana Hebert, suffered a dislocation of the right arm to his hand and head recently when he was thrown against the wall of the O. M. Melanson Co. Ltd. mill by one of the belts, with which he came in contact accidentally.

38-STORY NEW YORK BUILDING IS SOLD

Equitable, One of Three Largest Office Structures in World, Changes Owners.

NEW YORK, March 20.—The Equitable Building at 120 Broadway has been sold, with contracts signed for the transfer of a controlling interest of the building to the New York Empire Company, Inc., Darragh A. Park, president. Associated in the purchase of the property, which is valued at \$40,000,000, are Leroy W. Baldwin and August H. Beckwith, president of the Empire Trust Company, of which Mr. Baldwin is president. It is said that the price was about \$40,000,000.

MOTORIST SUICIDES ON EVE OF TRIAL

Binghamton, N. Y., Man, Who Killed Policeman Feared Sentence.

BINGHAMTON, N. Y., March 20.—George C. Winkler, a prominent sportsman, committed suicide by shooting himself in the head on the eve of his trial for the murder of a policeman. Winkler, while operating a motor car several years ago in this city, fatally injured a child, but was exonerated. While driving an automobile near Oxford on Oct. 1 last he ran into a motorcycle occupied by Van Kleek and Mrs. Van Kleek. Van Kleek was instantly killed and his wife was badly injured.

After supper I was invited to address the students on the Maritime Provinces, touching upon their history and problems, and Dr. Graham added some interesting observations on the same subject. The students listened with the keenest attention.

Almost all the students in this college come from points in Saskatchewan where there are no facilities for pursuing a high school course. Some are of age, and the college had one student who had turned forty, but did not regard himself as too old to learn. It is an interesting fact that while this college is conducted under the auspices of the Presbyterian Synod there are students from different religious denominations, and the members of the staff represent several different churches.

Arrived in 1911. Roman Catholic students have attended here, and the Catholic people are generous in their contributions to the institution, which is doing a most valuable work. Principal Graham came here in 1911, and he and Mrs. Graham have won the affection of succeeding classes of students and the warm regard of the people of Moose Jaw. Some years ago many of the students were fatherless or motherless or both.

With forty-five acres of land attached, the students get much valuable knowledge in regard to planting and care of garden plots. The college has an excellent curriculum and aims especially to give the students Christian training.

Inquired About Friends. The eldest daughter of Dr. and Mrs. Graham is a teacher in one of the high schools here, and their second daughter is completing a course in nursing in Toronto General Hospital. Many inquiries were made regarding old St. John friends, for the years have not dimmed the memories of St. David's and its people.

Rev. Mr. MacKeigan and Mrs. MacKeigan are deeply concerned over the condition of their son, who is just here in 1911, and he and Mrs. Graham had to submit to an operation on one of his limbs. He was struck by a puck in a hockey game, and this apparently caused the trouble. His mother's questions brought out the information, but the suffering boy sided with satisfaction: "I saved the goal." He is resting easily now, but the healing will be tedious.

Ground Development. Through Mr. Graham's efforts a meeting was held in the dining room of the Empress after my address there, and it was asked to tell the story of playground development in St. John. For several years something has been

Suggests Less Duplication Of Service By Big Railways To Aid All-Canadian Routing

(By A. M. BELDING) Special representative of The Telegraph-Journal and Times-Star now en route home after a cross-Canada tour in the interests of the Maritime Provinces.

MOOSE JAW, March 3.—(By mail.)—At Sicamous, B. C., three days ago, I received a telegram from Rev. Angus A. Graham, former pastor of St. David's church, St. John, but now principal of Moose Jaw College, inviting me to be the guest of himself and Mrs. Graham while here. On arrival, I was met by him and Rev. G. A. MacKeigan, also formerly of St. David's, but now pastor of St. Andrew's church here, and very successful in his ministry.

The church, erected in the piping times of western growth, cost \$220,000, and is an imposing edifice of gray stone. When it is said that there are a thousand children in the Sunday school, the reader will understand the magnitude of the task of Mr. MacKeigan and his assistants. The members of this church voted overwhelmingly for union.

Mr. MacKeigan went with us to the Moose Jaw residence, close beside the college, and almost immediately we were taken to a meeting of the service clubs and other organizations to consider the whole question and have either a commission appointed or an association formed to raise funds if necessary and endeavor to establish the playground government on a permanent basis. There are ample grounds, and only supervision and apparatus are needed.

Shipment to Saint John. The story of the Saskatchewan Creamery and Ice Cream Company, Limited, is worth telling. Fifteen years ago J. A. Caulder and Mrs. Caulder took hold of a business that had apparently come to its end. The two were the entire staff at the beginning. Now the company employs 160 hands and last year made 3,000,000 pounds of butter and 150,000 gallons of ice cream.

A shipment of its butter to England will pass through St. John this month. Its plant is the highest degree modern and efficient. Mr. Caulder told Mr. MacKeigan, Thomas Miller and myself, as we went through the plants of additions, to which others must now be added to meet the demand for the product. Saskatchewan butter is making way in the English market. Why not butter from the Maritime Provinces?

Interested in Maritimes. I found Moose Jaw people keenly interested in Maritime Province problems. Mr. Miller, publisher of the two newspapers, morning and evening issues, holds the view that if the two great railway systems could be induced to avoid unnecessary duplication of service the savings would be so great that they could give much lower freight rates and help to solve the problem of Canadian trade through Canadian channels. In the present keen competition, he declares, there is much unnecessary and costly duplication, and it should be the aim of our statesmen to bring about a change.

The people here are very keen for the Hudson Bay Railway, and assert that a survey of the records at Ottawa opinion of the court in Ware against the State, said: "Conceding (but not deciding) that the coffin after it was placed in the grave and the grave refilled, became a part of the soil, the coffin, when removed from the grave was detached from the realty and immediately became personalty, and could be the subject-matter of larceny. Under the common law it is necessary to steal a coffin when the remains of a human being are interred, and that rule is not changed by any statute in this State. In such a case the coffin is the property of the person who furnished it, or who had the deceased interred, and he did not abandon such property, or part with title thereto, when he had the remains of the deceased interred."

LESTER LODGE TELLS OF TRIP TO ECUADOR

Head Hunters Have Process for Converting Heads to Souvenir Size

DO BIG TRADE IN SALE TO VISITORS

Business So Lucrative, Even Some Members of Own Tribe Are Killed.

NEW YORK, March 20.—A human head, perfectly reduced to a size of a hat and retaining all the best features, can be purchased for from \$100 to \$1,000 at Quito, Guayaquil, and other South American ports, according to Lester Lodge, a former member of the American country.

Wholesale Killing. The tourist trade in human heads has become so lucrative, declares Mr. Lodge, that the Shuaras Indians are not only killing their enemies and strangers, but have reached the straits, where they are surreptitiously acquiring the heads of unnecessary members of their own tribes.

One of the technical outfits for converting heads to souvenir size, is today in the possession of the American Museum of Natural History, a gift of Mr. Lodge.

Had Narrow Escape. His head was still his own, Mr. Lodge said, but he narrowly escaped with his life twice, he admitted.

"On one occasion I attracted a lot of attention to my head because of blackened sun glasses," he said. "The natives thought they were an organic part of my head, and as they had never seen spectacles before, my head had a greatly enhanced value in their eyes until I took off the glasses and showed them they were only additions."

Suspicion of Camera. "At another time I was attending a ceremony and took a snapshot of an Indian. He fell over a cliff almost immediately after I had taken the picture. The Indians swarmed about me, and asserted I had imprisoned the dead Indian's soul in the little blue camera. "The situation was a bit uncertain until I poured a quantity of whiskey down the man's throat, and he revived. Then I was asked to revive the tribe's dead, but excused myself."

Head hunting was once a tribal rite, Mr. Lodge explained. The head was reduced by extracting the skull. An elaborate process enabled the Indians to preserve the features perfectly.

OLD FRENCH LADY RECEIVES MEDAL

Is 75, Still Smokes Her Pipe and Wears Men's Clothes.

PARIS, March 20.—The famous French woman novelist, Georges Sand, will be remembered, smoked a pipe regularly even in her old age. A no less hardy and independent personality is that of an old woman now living in an suburb of Lille, Madame Marant, 75. Then I was asked to revive the tribe's dead, but excused myself."

Marie-La-Pipe has a strange career. Endowed with more than the ordinary strength of woman, she has worked from her earliest years at all kinds of manual labor usually reserved to the other sex. She began by mixing mortar for a bricklayer, then worked as plasterer's mate, and subsequently became in turn gardener, coal porter, and dustman. During the German occupation she was arrested for having concealed an escaped French prisoner in her cottage, but by a ruse she escaped punishment. Now she smokes her pipe tranquilly, cherishing her nickname, her massive garments, her medals, and her independence.

BABY MONOPOLANE. WASHINGTON, March 20.—A new type of baby monoplane has been invented by Edwin Allen, a test pilot here. It is equipped with a nine-horsepower motorcycle engine, but has climbed to a height of 1,800 feet. It weighs only 205 pounds.

LORD CURZON IS DEAD AFTER VERY NOTED CAREER

Was Typical English Aristocrat Who Devoted Time to Statesmanship

SERVED ONCE AS VICEROY OF INDIA

Ran Whole Gamut of Political Offices But Stopped at Premiership

LONDON, March 20—Marquis Curzon of Kedleston, Lord President of the Council, died this morning.

Death came at 5.35 o'clock. His physicians had been with him throughout the night.

They were convinced that the signs they saw late Thursday evening portended death.

The indications of his passing then were so marked that they did not conceal their opinion from the public and announced in their bulletin that the patient's condition was extremely grave.

Underwent Operation. The Marquis collapsed on March 5 at Cambridge while he was dressing to attend a public dinner.

Upon quitting the cloisters of Oxford with high honors, young Curzon polished his university education with travel and went into Central Asia, to Persia, Siam, Korea, Indo-China and the Pamirs.

On March 9 he underwent a serious operation, and since that time has been gradually failing.

After Thursday evening's bulletin, no information regarding his death was forthcoming until his death was announced.

The Marquis Curzon (George Nathaniel Curzon) from the cradle to the tomb, exemplified to perfection in detail the type of superior personality known as the ruling aristocrat.

He was bred for public life and followed the career of politics and government with such success that he held almost every great office under the Crown except the highest of all—the post of Prime Minister.

Ironically enough, it was the honors he accumulated while working his way toward the Premiership which, more than anything else, militated against his ambition for the post and, when it

Curzon is Dead

MARQUIS CURZON OF KEDLESTON, who died this morning in London, had a career in statesmanship that carried him through practically every office in British public life except the Premiership.

seemed almost surely his, kept it from him. Had he been born 80 years earlier he undoubtedly would have become Prime Minister.

When Bonar Law retired in 1923 because of ill-health there was besides Lord Curzon only one other man regarded as likely for the post—Stanley Baldwin.

In Curzon's favor there was his long and notable record in politics and the Government service, while Baldwin virtually was a novice in politics, but had proved the Greekes the expulsiion of the American debt question with honor and satisfaction.

Weighting in opposition to Curzon was the new twentieth century tradition against appointing as Premier a peer who could not meet attacks on the Government in the House of Commons.

Hence, Mr. Baldwin, being a commoner, received the place.

Went to Lausanne. Lord Curzon consented to remain in the Foreign Office in the Baldwin Government. He went to Lausanne to lead the Allies in making their peace treaty with the Turks, who had re-occupied Europe and avenged against the Greeks the expulsion of the Greeks from Europe in the World War.

The treaty left the Turks back into Europe and returned to them a large part of what they had lost in the war. For this Lord Curzon was severely criticized and in the pamphlet that preceded the fall of the Tories and the rise of the Labor Government in the winter of 1923-24 much of the dissatisfaction was directed against him.

Twice Married. Lord Curzon was born at Kedleston, Jan. 11, 1859, the eldest son of the late Alfred Nathaniel Holders Curzon, the fourth Baron Scarsdale.

He married twice, taking an American as his wife on both occasions. In 1895 he married Miss Mary Victoria Leiter, daughter of L. Z. Leiter, of Washington.

She died in 1906, the year after they returned from India, leaving three daughters. His second wife, whom he married in 1917, was Mrs. Grace Elvina Hilda Dugess, a

RED BLOOD MAKES ALL OUR STRENGTH

Vitality and Nerve Power of Every Man and Woman Depend on the Blood, the Supreme Force of Life

What gives every man his strength? Red blood. What makes the vibrant beauty of women? Red blood.

Red blood is the supreme force of life. If we lack strength, vitality or nerve power we should think first of our blood.

We can quickly create more red blood. Then, through the new strength that comes with rich, red blood we regain our vital nerve force.

Weak and discouraged men and women can find an easy, safe way to nourish the blood supply. Wincarnis

SENATE ADJOURNS UNTIL APRIL 21

OTTAWA, March 19—Royal assent having been given today in the Senate by Chief Justice P. A. Anglin, acting for the Governor-General, the Senate adjourned until April 21.

Senator Dandurand, Government leader, explained that, with the debate on the Petersen contract and on the budget intervening, the Upper Chamber would have no legislation to review before that date.

DESCRIBES WEMBLEY. John Jackson gave a very interesting and instructive address on his recent trip to England, and his visit to the Wembley exhibition at the meeting of the Men's Club of St. John's (Stone) church last night.

Mr. Jackson spoke especially of Liverpool and of its very fine new cathedral. He was heartily thanked for an address which had been heard with much pleasure.

Why be fat? The answer of most fat people is that constant dieting is hard, continual exercise is tiresome and exhaustive—and then, too, it might be harmful to force weight down. That was the old-fashioned idea. Today in

NAVAL ESTIMATES PASSED BY HOUSE

LONDON, March 19—The House of Commons has approved the naval estimates for 1925. These include funds for completion of the great naval base at Singapore, work on which was halted when the Socialist Government of Ramsay MacDonald came into power.

The vote was 221 to 77. MacDonald spoke vehemently against the programme outlined by William C. Bridgeman, First Lord of the Admiralty, but he could not carry the House with him.

FEAR COLLECTIONS OF COPYRIGHT FEES

CAPE TOWN, March 19—Consternation has been caused in musical circles in South Africa owing to the visit to this country of J. Woodhouse, Comptroller of the Performing Rights Society of London.

Mr. Woodhouse is appointing agents throughout South Africa for the collection of performing fees under the terms of British Copyright Act. The copyright act has been largely ignored in South Africa and considerable alarm is felt at the possibility that fees may be claimed retrospectively.

SAFE FAT REDUCTION

Get a box of these tablets and start taking them today. Within a short time you will be getting rid of fat steadily and without starvation diet or strenuous exercise. You will be comfortable and able to enjoy the food you like and want. Even after taking off many pounds, there will be no flabbiness remaining.

C. N. R. Issues Statement Regarding Position Created by Freight Rates.

MONTREAL, March 19—The following statement was issued today by the Canadian National Railways:

"With reference to certain press reports, the Canadian National Railways fully recognize the difficult position created by the present freight rate situation in Canada and the discriminations which are resulting therefrom which, in turn, are the outgrowth of a recent decision of the Supreme Court in connection with the Crow's Nest agreement.

"This railway company is moving in accordance with its best judgment to protect the interests of the communities it serves, but having at the same time, due regard for its gross revenue position.

Will Meet Today. "The president of the company has not taken any definite action in the matter, but is working in harmony with all of the interests involved in the hope that an amicable, satisfactory and speedy settlement will be found.

"The public should understand that the question involved is serious and far-reaching, both to themselves and the transportation companies. Consequently, while the necessity for haste is recognized, precipitate action might create a situation which would preclude the possibility of a satisfactory settlement.

It is to be noted that the Board of Railway Commissioners is holding a meeting in Toronto on March 20 which, it is hoped, may tend to relieve the situation."

WERE ANXIOUS SOME DAYS OVER KING'S HEALTH

**Buckingham Reports Caused
Worry in Earlier Days
of Illness**

**EARLY STRUGGLES OF
FORMER PREMIER**

**"Tay Pay" Writes of Macdonald—Restoration of
Nelson's "Victory."**

(Correspondence of Times-Star.)
LONDON, Feb. 26.—Now that His Majesty's condition shows satisfactory improvement, no harm can come of admitting that for some days private reports from Buckingham Palace caused grave anxiety in Fleet street. It was a really sharp attack of the "flu" that prostrated the King. The attack struck at the patient's lungs, the bronchial regions, and even now progress towards complete recovery, under the most skilled attention, is slow. It is for this reason that with the worst of the London winter still to come, the Royal physicians have ordered His Majesty to a balmy climate. It was a question whether the period of convalescence should be spent in the south of France or on a quiet Mediterranean cruise, but, like most old sailors, the King's fancy is strongly attracted by blue water and sea breezes.

Early Struggles.

T. P. O'Connor's agreeable prattle about celebrities often reveals quite unsuspected intimacies. This is notably so of "Tay Pay's" account of a weekend with Ramsay MacDonald during the latter's premiership. After dinner they talked of early struggles, and "Tay Pay" artfully spoke of hard days when he sometimes missed a meal. Fate has amply compensated the clever Irish journalist on that score, for no man dines out more systematically or generally. But it is news to most of us that Mr. MacDonald has known such hard times. According to "Tay Pay" the ex-premier actually found himself with only 3s. in his pockets, and vainly applied for a job selling papers in the streets and as a bus conductor. These were the old horse 'bus days, and I cannot help wondering how had the ex-premier got a job on the foot-board, he would have hit it off with the ancient Jehu who held the ribbons.

"A. J. B."

He is so seldom seen nowadays that Earl Balfour's old friends took eager stock of him last week when he appeared at the Earl of Oxford. Though the last few years have left their mark, "A. J. B." looks nothing like 77. Few men of his age, whose lives have been not half so strenuous, keep so nimble mentally and physically. Nevertheless, he regards life quite as a "game" and his little London walks. The veteran earl, the model of abstemiousness in all other things, has been meeting weakness. He simply cannot resist chocolates.

Future of H. M. S. Victory.

The proposal to tow Nelson's famous old flagship around to London when she is out of Portsmouth dockyard, and permanently berth her off Greenwich Hospital, is attracting a good deal of support. Not much part of the Thames to be dredged, dredging would be required at that point at all stages of the tide, and she could be moored sufficiently inshore not to interfere with the river traffic. At one time, it was feared that the condition of the vessel's below-water-line timbers would prevent her floating again, but the energy of the committee of the "Save the Victory" movement has resulted in restoration work which will preserve the hull at moorings for generations. The Victory is now in dry dock being fitted with steel cradles, and when this is done she will be restored to a condition in all respects similar to that in which she fought at Trafalgar.

Mr. Kipling at Home.

Rudyard Kipling has not much love for London. Indeed, so few and far between are his town appearances that at his daughter's wedding in the autumn, the majority of those who gathered outside St. Margaret's, Westminster, had come to see him rather than the bride. Yet it is to be doubted whether the Burwash villagers see much more of him, though for the last 20 years he has lived there. At Hotel de Ville he must have suffered enough from crowds to last him for the rest of his life, for, not content with waiting all day on the village-green outside his house, people would clamber over the garden walls to look at him. Though Bateman's, his present home, lies out of the beaten track, it is a lovely example of that "endless English comfort" for which his admirers' only way of establishing intimacy with their idol, nowadays, is to read his son's name on the village war memorial, or go to the "Panama" corner inside the church. Apropos the current money-lending controversy, an old stager tells me that none of the present fraternity will ever equal the great Sam Lewis. His code was: "A gentleman four per cent; others forty." In those days a man of social standing and a member of one of the recognized clubs could get money from Lewis in the simplest way possible. All he had to do was to send a messenger from his club to Mr. Lewis' house in Hanover Square, present his compliments to Mr. Lewis, and ask if he could be obliged with £200, £500, or even, if his position warranted it, £1,000. The messenger brought back the money. No question raised of what interest, or what note should be signed. At his own good time Mr. Lewis would post his client a note for what he considered fair. It was a question of mutual honor, and 99 times out of 100 Mr. Lewis was paid.

LONDON, March 19.—That crown jewels of the Russian Czars have been sold within the last few months in the open street at Duke's place, Houndsditch, was stated during a hearing of a case at the London Sessions, in which a man was charged with stealing or receiving jewelry said to be the proceeds of "cat" burglaries.

Self on Sunday.

He drew a picture of this East End market, where gems of great value have changed hands. About 200 dealers gather there every Sunday, he said, even in bad times like the present, and in the summer time 1,000 can be seen selling their treasures.

HELP KIDNEYS BY DRINKING MORE WATER

Take Salts to Flush Kidneys and
Help Neutralize Irritating
Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very painful; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

It has you a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

SULPHUR SOOTHES AN ITCHING SKIN

The First Application Makes Skin
Cool and Comfortable.

If you are suffering from eczema or some other torturing, embarrassing skin trouble, you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ-destroying properties, seldom fails to quickly subdue itching, even of the most stubborn kind. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rows of Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

**Hungarian Noblewoman

**MILBURN'S

NEW YORK, March 20.—Countess Karolyi, wife of Count Michael Karolyi, may go on the professional stage. She has received an offer from the Keith vaudeville circuit to put on two dramatic sketches. According to Countess Karolyi, she is considering the offer. She expects to decide upon it within a few days.

"If I do not accept," she said, "it will not be from prejudice against the stage. I realize that the stage is different in this country from what it is in Europe. There are so many fine artists here. Besides that, since our estates in Hungary have been confiscated it is necessary to make a living

MARKET 100 YEARS OLD

Worth Thousands

GETS THREE YEARS

HALIFAX, N. S., March 19.—Leo Evans, Halifax, postal clerk, who pleaded guilty to thefts from the mails, was today sentenced to three years in Dorchester.

"I know a man who came here regularly with cases and cases of diamond rings. He was nothing to look at—in fact you wouldn't give a nickel for many of these dealers—but he rarely had less than \$10,000 worth of stuff in his pockets. He never had anyone to protect him, for, like everyone else in the business, familiarity with precious stones breeds a sort of contempt."

The jewel market is about 100 years old. It started in a coffee shop in a passage off Cornhill, and when the lease of the place ran out and the coffee-shop keeper moved to Creechurh lane the jewel market followed him. Again the lease ran out, and the dealers, some 40 or 50 years ago, went to the St. James Tavern.

In the old days you had to pay two cents to gain admission to the room in which the bargaining took place, but that has long been done away with.

In these days the street trade in gems and gold, though it lives, cannot be said to flourish. "Many of the dealers are making very little out of it, at least in the tavern, have protection," Dickens knew this little city corner—the Duke's place, Creechurh lane, and Bevis Marks corner—intimately, but he did not give a picture of any sort of this community of humbly-dressed men who carry fortunes in their threadbare pockets.

SENT TO PRISON.

HALIFAX, March 19.—Penitentiary terms of two years each on two charges the sentences to run concurrently—was the punishment meted out to Elwin Lucas, a young American traveling salesman, who pleaded guilty to obtaining money under false pretences and uttering forged documents.

ACCEPT. But there are a number of things I have to consider before I say 'yes' definitely. For one thing, I have been sick recently. I have to consider "Have you ever acted before?" she was asked.

"Not professionally, of course," she answered, "but I have taken part in amateur performances."

ANOTHER LINE OF STREETS RECOMMENDED

Engineer Hatfield Develops Plan in Report at City Hall STREET PROBLEMS ARE UNDER REVIEW Would Have Motor Vehicle Taxes Used for City Highways.

In his annual report G. N. Hatfield, the city's road engineer, calls attention to the necessity for laying down a policy of developing a secondary trunk system of roads throughout the city and paying these as rapidly as the finances of the city will permit.

The streets recommended for the secondary trunk roads are Victoria, from Bridge to Adelphi, the extension of either Victoria or Metcalf to Elm and Paradise Row and Winter streets to complete the link to City road.

During 1924 four streets were paved, as follows: Brunswick Place, cost \$8,022.24; King street, West Side, cost \$2,812.40; Princess street, cost \$4,011.76; Seelye street, cost \$6,280.22. The amount expended on these streets was \$21,126.62.

The cost of operating the stone crusher for the year was \$5,772.91. The output was 2,275 tons of crushed stone and the average cost per ton was \$2.54.

It was expected that more than 300 would attend an afternoon from 6 to 8 o'clock by the Ladies' Auxiliary of the Alexandra End. Invitations had been issued for 800.

LABOR FEDERATION RE-ELECTS TIGHE

Extends Sympathy to Miners and Calls on Members to Help. FREDERICTON, March 19.—The annual meeting of the New Brunswick Federation of Labor closed here this evening and the delegates left for their homes. President James E. Tighe, of Saint John, although he had expressed a desire to be relieved of office, was re-elected to the present situation as well as passed a resolution of sympathy with the miners of Nova Scotia.

The federation passed a resolution extending sympathy to the miners of Nova Scotia in their suffering and privation, "unequaled in the history of the Dominion as the result of the inhuman treatment from the British Empire Steel Corporation" and urging that the New Brunswick Federation of Labor use every means to assist the families of the miners during "this period of iniquitous persecution."

The federation, also by resolution, passed itself on record as expressing appreciation of the splendid work done by the Government of New Brunswick in establishing vocational schools were established and for legislation under the Health Act providing for the system of examining and licensing plumbers also congratulating Premier Venant and the members of his Government upon the interest shown in the workers of the province.

The report has been tabled in the Legislature and shows that at the end of the year there were 703 persons, 375 men and 328 women, in the hospital. At the end of the previous year the persons in the institution numbered 667, of whom 349 were men and 318 women. At that time there were absent on trial one man and eight women. During the year there were 190 cases admitted for treatment, 106 men and 84 women.

Winning The High Jump

R. H. Bailey, who appears a little off his equilibrium, made an awkward looking but spectacular landing when he won the high jump at the Oxford games. He slighted on his feet.

THE Canadians of Montreal were due to arrive in Vancouver on the C. P. R. train No. 1 this morning. They were to work out at the Arena at 3 o'clock this afternoon and leave tonight for Victoria.

THE management and the team are confident that no extra games will have to be played and that the championship will be won by the Canadians in the first three games. The players are especially determined that this will be so since there will be no pay for them in the extra two games which would follow defeats.

Manager Dandurand has arranged with Mr. Holmes, owner of the Winnipeg Arena for an exhibition game there on their return east. Mr. Dandurand also states that he would not be adverse to playing an exhibition game with Calgary either at Calgary or Vancouver.

News of Deal Comes As Surprise To His Manager

NEW YORK, March 20.—A motion picture contract which, according to an announcement by the Associated Exhibitors, was signed in Los Angeles by Jack Dempsey, will present the world's heavyweight champion from defending his title in the ring until next fall.

The details of the screen arrangements were divulged at the local offices of the Associated Exhibitors by J. A. Gove, sales manager, who said he was speaking for J. S. Woody, general manager of the organization. It is said that Dempsey is to receive the sum of \$250,000 for the picture in which the champion and his wife are scheduled to appear. A provision of the contract, it was announced, forbids Dempsey to engage in a boxing bout until the fall, when the picture is to be released.

Jack Kearns, manager of the titleholder, at his quarters in the Hotel Alameda, declared he knew nothing of Dempsey's reported picture contract beyond the fact that negotiations for the champion's services were in progress at the time he left Los Angeles. Kearns asserted he was with Woody on last Monday night and that he was not advised then of any impending plan to sign the champion. Dempsey's manager admitted that he was not necessary for him to sign a picture contract for Dempsey under the business arrangement now being worked out between the champion and manager, but added it was improbable he would not be apprised of Dempsey's actions with reference to the titleholder's screen appearances.

Kearns' admission that Dempsey could sign his own picture contracts furnished something of a surprise in view of the fact that it was understood that Oscar Priebe, a Pacific Coast promoter, obtained Dempsey's signature to the picture contract.

Efforts to find out how the State Athletic Commission would regard this latest step taken by Dempsey were unsuccessful, as none of the commissioners could be reached.

MORE CRITICISM OF POLICY OF GOVERNMENT

Peck and Stewart Assail Prohibition Enforcement and Hydro Plans

ESTABROOKS SAYS TUBER TRUST EXISTS

Westmorland Liberal Also Critical of Government School Books.

BY D. LEO DOLAN.
Staff Correspondent of The Evening Times-Star.

FREDERICTON, March 19.—Today the House listened to three speeches in the debate on the address in reply to the speech from the Throne, two from members of the Opposition and the third from a supporter of the Administration. Tonight, however, indications point to the address being passed probably tomorrow when R. T. Hayes, M. L. A. Saint John, is to be the first speaker, having adjourned the debate late this afternoon.

Mr. Peck devoted considerable of his effort to a criticism of the Government's financial policy. Mr. Peck is a banker in his native county, and today, as is usually the case when he speaks, injected considerable humor into his speech. At times Mr. Peck had the House roaring with laughter as he twitted the Premier and his colleagues on their hydro policy, their alleged failure properly to enforce the prohibition act and extravagance in handling the finances of New Brunswick.

Mr. Estabrooks, who followed for the Government, once more discussed his pet scheme, increased trade in the West Indies. But, strange enough, some of the most outspoken criticism that has been levelled at the Government since the session opened, fell from the lips of the member for Westmorland. Mr. Estabrooks said the Government should at once withdraw its notice calling for tenders for supplying anthracite coal to the public buildings in Fredericton and declared the administration should purchase the necessary fuel for these buildings from the mines being operated in this province.

Mr. Stewart, who followed for the Government, once more discussed his pet scheme, increased trade in the West Indies. But, strange enough, some of the most outspoken criticism that has been levelled at the Government since the session opened, fell from the lips of the member for Westmorland. Mr. Estabrooks said the Government should at once withdraw its notice calling for tenders for supplying anthracite coal to the public buildings in Fredericton and declared the administration should purchase the necessary fuel for these buildings from the mines being operated in this province.

Further, he demanded that a change be made in the text books now in use in the schools and called

for the elimination of what he characterized as a "lot of trash" from these books. He also urged the incorporation of many subjects in one text book and complained that children were being made round shouldered carrying so many books to school.

Mr. Estabrooks also charged that a potato trust existed in New Brunswick and quoted statements from agents of the alleged trust who are operating in Cuba. This trust, Mr. Estabrooks alleges, has secured a monopoly on shipping space and is thus endeavoring to crowd out the small operator from the Cuban market.

Stewart in Vigorous Mood.

Then came Mr. Stewart's speech, the most aggressive effort that has been heard from the Opposition this session. The member from Restigouche is a forceful speaker and today he hammered home his arguments and criticisms of the Government with such vigor and effectiveness that he aroused the enthusiasm of his colleagues sitting to the left of Mr. Speaker.

Liquor and Water.

Again hydro electric development, both the Musquash and the Grand Falls project in New Brunswick, and the Prohibition Act, were the subjects dealt with most thoroughly by the speakers.

Wary of Grand Falls.

Mr. Peck looked askance at Grand Falls proposals and argued that the project was killed as a business proposition before it was ever started. He said that falls owned by the Government were of little use as a power project so long as the lands were owned by the International Paper Company, and the lands are of little use to the company as a power prospect so long as the province owned the falls.

Condemns Policies.

Mr. Stewart's speech was a strong condemnation of the Government's hydro policy and its prohibition enforcement. He claimed that Musquash development had been proceeded with in an unbusiness-like manner, and said the land damages should have been settled before the work was started at all.

As to Grand Falls, Mr. Stewart was very skeptical and said that more detailed information should be given to the people before the undertaking was proceeded with.

The Gloucester county by-election also came in for considerable notice in today's speeches. Mr. Stewart declared that the charge of the Premier, who yesterday said the Opposition has used "base, low, mean and despicable canvasses" against Attorney-General

criticizes own party.

praised many of the Government policies in addition to criticizing some of the acts of the Administration, said the election of Attorney-General Rand had forged another link in the chain that binds the two races in New Brunswick together.

Mr. Stewart was exceptionally harsh in his criticisms of the Government's policy in enforcing the prohibitory law and charged that the enforcement was not of a kind to suppress the liquor traffic but to swell the revenue of the province. He charged that the enforcement of the act in New Brunswick today had ceased to become a farce and was now a scandal.

LUMBERMEN OF PROVINCE TELL OF SAFETY WORK

Encouraging Report Read at Annual Session in Saint John

EDUCATION IN INTERESTS OF ALL

Officers of Two Associations Chosen at Meetings Here

Highly encouraging reports of the work of the New Brunswick Lumbermen's Safety Association were presented at the annual meeting of the association yesterday in the Board of Trade rooms here, particularly the reports of the president, F. C. Beattie, and of the executive committee. Mr. Beattie was re-elected president, while C. W. Alden was elected vice-president.

MR. BEATTIE'S REPORT. Mr. Beattie in his report referred to the fact that while the association had been in existence for only one year a great deal of educational work had been done along safety lines amongst the employees of the lumbering group, and also referred to the excellent co-operation was receiving from John Kenny, the factory inspector, in the very careful way in which he had made his inspections and recommendations regarding working conditions in the lumber mill and woodworking industries.

URGE CAUTION. The association during the year had sent out 45,000 pieces of literature in both the English and French languages. This literature has gone exclusively to the lumbering and woodworking employees, urging upon them greater caution to prevent accidents in their employment.

WORK APPRECIATED. From the many letters of appreciation and endorsement that the association received from employers and stating in this class the association felt it was doing a real work worth while. If, through the efforts of the association, employees could be saved from injury, with its consequent pain and loss to the employer and his family, the association felt its work was one of real benefit to both the employer and employee.

FOR HEALTH. The executive reported that as a result of Provincial Government legislation, requiring that all applicants for employment in the lumber woods should furnish certificates of vaccination, and holding the employer liable for any expense the Health Department might be put in the event of small-pox epidemic breaking out, the Lumbermen's Safety Association had 6,000 copies of this section of the Health Act printed in English and French and circulated all through those sections of the province where they would be of the greatest benefit.

MUCH work had been accomplished by the Safety Association in co-operation with the Government factory inspector in improving working conditions in the smaller mills and plants throughout the province. The association had a very large membership, who contributed in size toward the work of the association the sum of \$3,787. Those lumbermen in attendance at the meeting yesterday expressed the opinion that there was no doubt about the beneficial results of the educational campaign of the association as reflected in the attitude of the workmen. When the first safety bulletins were posted in the mills the idea, it was said, was more or less ridiculed by the workmen. This feeling, however, had gradually changed and a real interest was now being taken by those workmen in avoiding accidents and in preventing them.

LUMBERMEN ELECT. At the annual meeting of the New Brunswick Lumbermen's Association held in the Board of Trade rooms yesterday, C. Percy Burchill, Newcastle, was elected new president of the association, and C. W. Alden vice-president for the ensuing year. The new executive consists of Donald Fraser, Kenneth L. Golding, Angus McLean, C. Percy Burchill, J. W. Brankley, J. H. Irving, C. L. Fenderson, C. W. Alden, Stanley Douglass and William Richards. W. E. Anderson was appointed secretary, replacing R. W. McLellan, of Fredericton. It was announced that annual routine business was presented at this meeting.

Father McCarthy Leaves For Rexton. Rev. Raymond McCarthy, who has been attached to the Cathedral staff for several years, left today for Rexton, where he has been appointed parish priest. He will take over his new duties on his arrival. Yesterday Father McCarthy, who was chaplain of the Saint John sub-division of the Catholic Women's League, was made the recipient of a purse of gold from the members and a beautiful case of silver knives and forks from the members of the executive.

Fire in Sulphur Room Gives Nashwaak Mill Crew Battle

Friction from the bucket elevator was given as the cause of a fire in the sulphur storage room at the Nashwaak Sulphur and Paper Co. Ltd. mill at Union Point this morning about 11 o'clock. Prompt work of the mill staff prevented serious trouble. The room contained a great quantity of sulphur. Owing to the thick choking fumes rising from the fire it was difficult to reach the seat of the trouble. A door of the store room was opened and the water washed a considerable quantity of sulphur out through the opening and into the falls. Finally after about half an hour's work the fire was extinguished.

F. W. Brawn, manager of the mill, said this afternoon that he could not estimate the damage until after an examination of the room had been made this afternoon. He did not think the sulphur in the room would be seriously damaged, but he said that considerable sulphur had been washed away by the tons of water poured into the room.

GETS GIFT OF \$175 ON ANNIVERSARY

Alexandra Temple of Honor Celebration is Featured by Presentation.

A large number were present last evening in Temple Hall, Main street, to help Alexandra Temple of Honor celebrate its anniversary and all thoroughly enjoyed an excellent programme prepared for the occasion. The feature of the evening was the presentation of a birthday gift of \$175 to the Temple by the Ladies' Auxiliary. This gift was presented by Mrs. W. F. Roberts, president of the auxiliary, and accepted on behalf of the Temple by J. Roy Bell, chief templar.

USE COURT HOUSE FOR MAY SITTING. County Secretary Says Library Room Ready For That Time.

Good progress was being made with the remodeling of the court house it was said this morning by King Kelley, K. C. county secretary, and the work will be sufficiently advanced to provide quarters for the courts which meet in May and June.

RAINFALL HEAVY. Three Quarters Inch in Storm Late Yesterday--Rumbles of Thunder.

Three-quarters of an inch of rain fell during a lively downpour here yesterday afternoon and last evening. There were rumbles of thunder about 6.30 o'clock. Reports from the upper river districts are that the rain had much effect on the rolling ice and great slabs of it were floating down the stream. There was clear water for three or four miles above Carter's Point. Brown's Flat reported that the ice was still holding for five miles down stream, but it was very shaky. D. L. Hutchinson, at the Meteorological Observatory, said that the rainfall thus far this month had been exceptionally heavy.

ANOTHER SAILING. Furness-Withy & Co., Ltd., Add Bay State to Saint John Schedule.

Another sailing has been added to the winter port list from Saint John, it was announced this morning at the office of Furness-Withy and Co. Ltd. The additional steamer is the Bay State, which will come here from Baltimore to load on the London and Hull service sailing from this port about April 18. It was first planned to have the Ariano, now en route here from London, the last sailing out of Saint John. Later the Southwestern Miller was added for the south bound trip and she will then go to Montreal to load while the Bay State will come here for the east bound sailing. Increased freight business is the reason given for the additional sailings.

DISTRESS ILLEGAL. Union Street Store Rent Judgment by Chief Justice Barry.

Chief Justice Barry yesterday afternoon delivered judgment in the case of Albert vs. Storey et al. This was an action for damages for alleged unlawful distress for rent in connection with a store at 145 Union street. The judge found that there had been no tenancy from May 1, but the rent had been paid for the month of March, and as this was the month the rent for which was distrainted for, found that the distress was illegal and delivered judgment for the plaintiff to the amount of \$266. W. B. Scott and J. F. H. Teed appeared for the plaintiff and G. H. V. Belyea, K. C. and H. S. Keith for the defendant.

The Canadian Pacific steamship Montcalm, en route here from Liverpool, Glasgow and Belfast with more than 900 passengers, is expected to reach port on Saturday at midnight. The Montrose was scheduled to leave West Saint John between 5 and 6 o'clock this afternoon for Liverpool with approximately 130 cabin and 110 third-class passengers, a large general cargo and mail.

Hiram on Tour. MONTREAL, Mar. 17.—I guess I forgot to tell you how Ed. Hazen of Fredericton saved my bacon at Regina. Me an' Ed. had supper together at the hotel. I was comin' on to Winnipeg by the night train. Well, s'it—I was so busy talkin' I forgot all about the time til I found I had just fifteen minutes to ketch that train. I hadn't ordered a taxi—'n' I had all them suit-cases an' bags an' things that Hanner loaded me up with afore I left home. "Look-a-her, says Ed.—"grabbin' two suit cases—"You foller me an' we'll get that train." Well, s'it, we did—"an' I wish you could see my coat-tails flyin'. Ed. could lick Keth Barber in a walkin' match—"an' we caught that train all right. When I got there I couldn't find my sleepin' car ticket—"an' Ed. hed to quiet me down. Then I found it just where I put it—"an' the porter bustled me aboard jist in time. If Ed. ever comes to the Settlement he kin hev the key o' the s'uller an' the pantry—"an' sleep in a feather bed. If I ever get to Heaven it'll be because the'n a Good Samaritan lookin' after all the absent-minded critters along the pilgrim's way—yes, sir.

CAUSES RUNAWAY. A piece of ice falling off the roof of a Prince Edward street house yesterday afternoon startled a horse and it ran away, but was captured. The horse belonged to N. Holtzman.

THEY DID NOT WAIT. The police were called to the King Cafe yesterday to eject three men there who were not wanted. The men had secured hurriedly before the police arrived.

TO RED CROSS MEETING. C. B. Allan, member of the Dominion executive of the Canadian Red Cross, expects to leave tomorrow afternoon or tonight to attend a meeting of the central council there. He will return the latter part of next week.

TRAFFIC REPORT. A fine of \$10 was imposed on Harry Green in the police court this morning by Magistrate Henderson on a report for driving on the wrong side of the road yesterday and also for not sounding his klaxon at a street intersection. Policeman Young gave evidence.

LEFT KEYS IN DOOR. A woman's handbag, containing a small sum of money and other articles, was picked up in King street yesterday by Police Constable Leard. It can be recovered at the Central Police Station. A bunch of keys, found hanging in the store of a Prince William street store by the police last night, were reclaimed by the owner this morning.

BUILDING QUESTION. Commissioner Wigmore said this morning that he was endeavoring to get a meeting of the committee, consisting of himself, Commissioners Harding and Bullock and the building inspector, appointed to consider the matter of alterations to the Scribner building at the corner of King Square and Sydney streets. The present owner of the building, E. P. Watson, had asked for authority to alter the building's structure and the building inspector had refused to grant the same.

TROUBLE WITH SEWERS. Commissioner Wigmore reported this morning that the water department has been having trouble with two of the timber sewers of the city, one in the North End and one in the South End. These sewers are situated in the rear of the Murray and Harrison street lots. This collapsed recently and the commissioners said it would be repaired with 150 feet of terra cotta pipe. That in the South End is the Harding street sewer. Here the cover fell in and will be renewed.

WEDDING ANNIVERSARY. A very pleasant evening was spent at the home of Mr. and Mrs. G. A. Britney, George street, Fairville, last evening when between 25 and 30 of their relatives and friends gathered there to celebrate their seventh wedding anniversary. It was in the nature of a surprise. After an enjoyable repast, James E. Barrett, on behalf of the guests, presented to Mr. and Mrs. Britney a handsome China cabinet and dinner set. Mrs. J. Britney and Mrs. J. Barrett were convalescing for the evening.
