**Hartland \*Farmers' \*Exchange**  
ESTABLISHED A. D. 1891.

**C. HUMPHREY TAYLOR, Proprietor.**

I beg to call the attention of the public to a few lines of

**SEASONABLE GOODS**

which I intend giving Special bargains in during the balance of the year.

The following Goods will be sold at close margins:

Millinery, Fancy Dry Goods, Boots, Shoes, Hats, Caps, Silk Scarfs, Handkerchiefs, Ties, Collars, Cuffs, Fur and Fur Lined Caps, Cloth and Fur Jackets, Mens Fur Coats, and Ulsters, and Dress Overcoats.

AND IN FACT A FULL LINE OF READY-MADE CLOTHING and LADIES' FURNISHING: especially WRAPPERS.

My Xmas display is large and attractive; call early. Produce taken in exchange for goods; or CASH PAID. Bring your turkeys, geese and ducks to me. I have an order for 2,000 pounds of turkeys from Fort Kent, Me.

Goods sold at prices that will induce purchasers with produce or cash. I have for seven years been favored with a good share of your Christmas trade, and believe that this year, in spite of the scarcity of cash in general, I will be favored with at least a fair share of your business. Bring your turkeys and other poultry in early in the week, so that shippers will be able to get their poultry to market by freight, which is much cheaper than express rates.

Yours respectfully,

**C. HUMPHREY TAYLOR.**

## The Bridge Meeting.

Very Favorable Progress Made.

Meeting Largely Attended—Board of Trade Matters.

While some people seemed not greatly encouraged at the work done at the Bridge meeting, the thoughtful person must conclude that the utmost possible, therefore, very favorable, progress was made. With regard to the Bridge it must be remembered that only the initiatory steps toward the organization of a company could be taken at a public meeting.

The following is from the Secretary's minutes and is official:

Meeting called to order at 3 p. m., E. M. Shaw in the chair. A. F. Campbell was appointed auditor. He reported that \$18.20 had been expended by S. S. Miller of which \$12.30 had been collected. Deficit, \$5.90. Bills unpaid, \$14.25, making total deficit \$20.15

It was moved that the Board of Trade assess itself 50 cents on each member and ask for all present to join Board of Trade. About a dozen new members were added.

Charles McCormack reported to the effect that the delegates, Dr. Curtis, E. M. Shaw, J. T. G. Carr and himself met the members of the Local Government and asked them to build a bridge across the River St. John at Hartland. The reply was that the Government could not afford to bridge the river. The committee then suggested that the Government guarantee the bonds and thus enable a company to bridge the river. This proposition met with favor and the government promised to furnish plans, specifications and estimates which are now before the meeting. E. M. Shaw corroborated his statement.

H. H. McCain was called upon and said that he had not much to say but that he was here to work.

J. L. Smith was called upon and said he had promised to use his influence to get a bridge. The plans, specifications and estimates are here. The Government will guarantee \$20,000 worth of bonds. The bridge is yours if you will take hold and form a company.

F. B. Carvell was called upon. He believed that a bridge is very necessary and within the possibilities of Hartland. A company must be formed that the Government will have faith in; a company of business men must be formed, and 30 days' notice given of legislation; special legislation is necessary, by which alone the Government can guarantee the interest and bonds. The members of the company may have to put their hands in their own pockets, but I believe there is not much question about \$20,000 building the bridge.

Mr. Smith believed that no one would oppose the guaranteeing the bonds. "We have hammered at the

Government and made it possible for you to get the bridge."

EVENING SESSION.

Dr. Estey was elected to the chair. S. S. Miller proposed a vote of thanks to be tendered the Bridge delegates, including J. T. G. Carr, for their efficient services before the Legislature last session.

Chas. McCormack rose and said that he wished to particularly explain that in answer to J. K. Flemming, that we give bonds, and if the bridge goes out in a freshet of ice and water, we would build another. The Government, he said, gave us the greatest satisfaction, and none of us could object to what they promised, that is, to guarantee the bonds and interest on the bridge.

Moved by A. F. Campbell, seconded by S. S. Miller, that a committee of three persons be appointed to name the persons who shall make up the bridge company; and the three persons be H. H. McCain, C. L. Smith and H. N. Boyer; and, in addition, that the committee report in the ADVERTISER of the 21st who shall petition for incorporation.

Moved by Chas. McCormack that the applicants for the charter be asked to confer with the Government to ascertain the exact nature of the required charter. Carried. H. N. Boyer moved, Frank Shaw seconded, that S. S. Miller be asked to give through the ADVERTISER notice of application for incorporation as The Hartland Bridge Company.

A vote of thanks was tendered Mr. Carvell for his advice kindly given on different points.

A fine blue-print showing the prospective of the proposed bridge, furnished by the Government engineer, was shown.

For Perjury.

Allan Tibbits of Lansdowne was arrested on Friday 6th by Deputy Sheriff Foster, charged with perjury in connection with some recent Scott Act cases. The examination was begun on Monday before Stipendiary Magistrate Farley at Bristol. F. B. Carvell appeared on behalf of the prosecution. Dr. Atkinson and S. B. Appleby appeared for the defence. After hearing some of the evidence the magistrate adjourned the case until yesterday at one p. m. The prisoner was remanded on \$600 bail. G. W. Melville and Shaw Tompkins being the sureties.

Any School teacher in the County desirous of securing any of the Dominion statistical reports, may do so by applying either to C. L. Smith or H. H. McCain, M's. P. P.

On Saturday, Jan. 21st, there will be a meeting of the ratepayers to vote money for the erection of a new school house. The meeting is called by F. B. Meagher under authority of the chief superintendent.

**NEXT TO GODLINESS.**

**A Strong Plea for Cleanliness in the Schools.**

A correspondent of the ADVERTISER sent the following communication last week but it was too late for publication in the last issue. It contains matter that should be considered of paramount importance to those interested in the school. Because we have old and condemned school rooms is no reason why they should be neglected in the matter of cleanliness.

Another point the correspondent might have touched on is the condition of the churches, which are often stifling, especially during 'protracted meetings.' This applies to churches throughout the county. Millions of microbes are carried in the lungs of the congregation and breathed out and pent up night after night, until the atmosphere is vitiated and impregnated with disease. The occasional opening of the door or the windows does not suffice to thoroughly freshen the atmosphere—they should be opened wide after each service, until the building is well aired. Our correspondent writes thus:—

Mr. Editor:—While waiting in the Post Office for my mail this afternoon, I observed a notice there published to the effect that the Trustees of the schools are prepared to receive tenders for lighting fires in the three school rooms of this village, and sweeping them three times per week.

It seems to me Mr. Editor, that it is time some voice should be raised for a more thorough performance of these duties in the future, than has been in vogue for some years past. I think I am only expressing the opinion of the majority of those rate-payers who are acquainted with the condition in which the school rooms and surrounding grounds have been permitted to be of late years, when I say that it has been habitually disgraceful. Except at the annual cleansing at midsummer, the rooms have rarely been more than half swept every other day, and the dirt and refuse, papers and odds and ends instead of being taken up and removed to a secure and proper place or receptacle, or burned as they should be, have been swept outside and allowed to make untidy the surroundings of the school house.

One of the matters which should engage the attention of the teachers is the inculcating of habits of order, neatness and cleanliness. I ask, Mr. Editor, can it be conducive to the formation of such habits, to have school rooms and surroundings habitually untidy and dirty.

But there is further reason why we should seek improvement in this respect, and I am sure that both our physicians will bear me out in this. I refer to the matter of health. There can be no question that there is more or less of pulmonary consumption around us. Medical men generally recognize now that one of the readiest means and most insidious, of communicating the contagion of this dread disease is that of air laden with dust impregnated with the expectorations of affected subjects. And while our children are tramping and running in rooms swept only every other day are we not exposing them to serious risks of contracting disease in this manner. We must be convinced of this, when we recall, as some of us do with a shudder, the awful breaths with which many persons in this vicinity are afflicted.

Now is the point: It is time that the cleansing of the school rooms should be undertaken more frequently than three times per week. It should be attended to every teaching day. And it is time such cleansing should be committed to adult hands, and no longer be left to the lax performance of a little boy. It is true that such would entail somewhat more expense on the district; but what of that when the health of the rising generation comes in question? What of

that when we think of the mighty influence we are exerting in the formation of the characters of our children—the men and women of the Hartland of the future?

The present untidy nature of some places and corners in our village is often unfavorably commented on amongst us. Whence does the occasion for this unfavorable comment arise? Because the habits of cleanliness and order were not inculcated in the youth of some of the adult inhabitants of Hartland. Shall we not now look ahead and endeavour to form in the rising generation a taste for order and cleanliness.

One word more about the expense, I believe it to be a fact that our district is taxed more lightly than any other district in the Parish. The additional expense involved in having the rooms swept by an adult every teaching day would not add 2 cents per \$1.00 of valuation to our taxes, and would be practically unfelt. We would still be a long way inside the next lowest rated district in Brighton.

**The 2-cent Postage.**

EDITOR OF ADVERTISER,

Dear Sir:—Your readers will be pleased, and perhaps surprised, to learn that the recent reduction in the rate of Postage has already caused a great increase in the Postal revenue here.

The receipts for postage stamps at the Hartland Post Office during the term 1st to the 8th January, 1899, (the first week of the reduction,) were \$3.46 in excess of the average for the quarter ending 31st of December, 1898, and \$9.16 in excess of the corresponding term in January, 1898.

Yours truly,

JOHN BARNETT.

**Hard Wood Packing Boxes.**

**A New Industry That Might Be Pushed Here**

A new industry is the making of hardwood packing boxes. It is said that of late years 40 per cent. of the pine marketed has entered into the manufacture of packing cases. As the pine tree is "passing," and as there is an increasing demand for "shooks" the new industry is born of the demand—"necessity is the mother of invention."

Birch, beech, maple, etc., cut into thin veneers, and cemented together three ply, the thickness of the whole about 5-16 of an inch, makes a very superior packing case for light merchandise. The new box is practically water proof, very strong, and much lighter, a no inconsiderable item.

A factory for making this kind of a case is now in operation in Toronto. Another will be built on the North Shore.

As the St. John river districts abound in hardwood the industry should find a foot-hold here:

**Ironical Ifs.**

If it wasn't for enthusiasm but little would ever be accomplished.

If a man loses his situation it's apt to make him feel out of place.

If you can't say anything good of your neighbor you can at least keep silent.

If a man gives you advice freely it's probably because he wants to get rid of it.

If woman proposed one rejection would crush her proud spirit beyond recovery.

If every man didn't have to make his reputation there might be more good ones.

If a woman has blond hair it doesn't necessarily follow that she is light headed.

If a girl tells you she can't sing, give her credit for being truthful and keep quiet.

If our neighbors would do things as we think they should it would be much easier to love them.

If there is one thing that pleases a woman more than another, it is to have the minister ask for a second piece of pie.

**What The Calendar Says.**

Ash Wednesday falls on Feb. 15; Good Friday on March 31. and Easter on April 2. May Day will come on Monday; the Queen's Birthday will come on Wednesday; Dominion Day on Saturday and Labor Day on Monday Sept. 4. Christmas Day, this year, comes on Monday.

Dear Sirs.—Constipation for years has been my chief ailment; it seemed to come oftener in spite of all I could do. However some time ago I was told to use Dr. Chase's Kidney-Liver Pills, which I have done, with the result of what now appears to be a perfect cure.— Truly yours,  
J. HARRIS

**Our Poultry In England.**

The commissioner of agriculture received advices today of the sale of trial shipments on Ontario fattened poultry sent from St. John to Liverpool about a month ago. The birds met a ready sale in Liverpool at 16 cents per pound, wholesale. The chickens were sent plucked but not drawn, and weighed an average of 5 1-2 pounds each. The wholesale price therefore was equal to \$1.76 per pair. The chickens when put up to fatten were worth 50 cents per pair. The food consumed per pair during the fattening cost 31 cents, making a total cost of 81 cents per pair, without allowing anything for the labor of attending them. The packing cases cost at the rate of three cents per pair, and the transportation and selling charges would cost, in the usual course of business for such chickens, not more than 22 cents per pair, a total of \$1.06, leaving 70 cents per pair for the labor and profit.

DR. A. W. CHASE LECTURING AT ANN ARBOR, MICH.

**THE MEDICAL PROFESSION**

Recommend Dr. A. W. Chase's Ointment.

Dr. C. M. Harlan, writing in the American Journal of Health, of February 19, says:—

"Among the proprietary medicines deserving recognition is 'Dr. Chase's Ointment,' compounded by THE DR. A. W. CHASE MEDICINE CO., Buffalo, N. Y., and Edmanson, Bates Co., Toronto, Ont., as a remedy for sores, eruptions, and skin diseases of all kinds, for which it has been used with marked success, and has effected remarkable cures in many obstinate cases which seemed to baffle the skillful medical attendant. The results were most favourable, proving the value of 'Dr. Chase's Ointment' as a curative agent in the diseases named. The manufacturers of the remedy are well-known as experienced pharmacists, careful and reliable, in addition to which we have made full examination, and find the article to be all that is claimed for it. It is not the practice of the medical profession to indorse indiscriminately the use of proprietary medicines, but while we condemn the bad and worthless, we are still more ready to indorse and recommend the remedy deserving the recognition. Neither the physician nor the responsible Journal of Health now refuses to acknowledge the claims of such proprietary remedies as 'Dr. Chase's Ointment,' which prove their virtues by curing where other agencies have failed. We know that 'Dr. Chase's Ointment' meets all requisitions of the highest standard of worth, that it will be held in high esteem wherever it is used, and consequently we indorse it to every reader."

The twenty-first of December will be henceforth a kind of Cretian Fourth-of-July, for it was on that day that Prince George of Greece arrived at Suda Bay, escorted by the English, Russian, French and Italian flagships, to assume the duties of High Commissioner of the Powers. This marks the complete substitution of Christian for Turkish rule over the island.--Ex.

A new tariff went into effect in Cuba on the first of January, by an executive order signed by President McKinley. There are large reductions in the rates imposed by the Spanish tariff; agricultural implements are admitted free, and cattle at a low rate, and the rates on food products are reduced to an average of 25 per cent, of their value. The tariff is especially framed to encourage local industry and to promote the recovery of agriculture --Ex.

### Peel Parish S. S. Convention.

Peel Parish Sunday School Convention convened at River Bank Hall January 6th, 1899. Mr. Lucas, the Field Secretary, was present and opened the Convention. A good number of delegates from the several schools reported and the reports were very favorable and encouraging.

Peel reported an increase of attendance and the addition of a Home Department of twenty-five members. Reported by Miss Flora Rideout. River Bank: Reported school in average condition and making an effort to open a Home Department--Miss Maud Jones; Lansdowne: School open and in better condition than last year; have a committee on Home Department--Miss Cordelia Ross; East Florenceville Union: School in a very progressive condition--Miss Bernie Tompkins; East Florenceville Baptist: School in as good working order as usual--Miss Maud Hartly; Mount Pleasant: School now forms one large class for the winter--George Quick; Gordonsville: No report, but usually closes in the winter; is a good strong school in summer; Oakland: A large school of scholars but no one to take much charge of it. Arrangements were made to have Rev.

D. Fisk meet with it each alternate Sunday and a committee of workers the remaining Sundays, for the present quarter. The Convention was much pleased with the good reports, and especially to meet the young lady delegates.

Evening Session: After Devotional Exercises by Rev. D. Fiske, R. W. Tompkins and Rev. A. Lucas the nominating committee named the following for office for the ensuing year: Pres., J. K. Fleming; Vice Pres., G. W. Melville; Secretary, Miss Maud Jones; Additional members, B. F. Smith, Miss Maud Hartly, Wm. Jones, (Gordonsville,) Delaney Foster. After fervent prayer on behalf of the new officers they were installed. The President gave a pleasant address.

A Normal lesson or particulars of a Normal Class was given by Rev. A. Lucas.

E. L. Ross gave a very carefully prepared and well received address.

Rev. D. Fiske gave an address on "Reading for S. S. workers," in his usual earnest manner.

The President introduced "The Evangel," and procured ten subscribers for it.

Short addresses were also given by R. W. Tompkins, Past President Quick, Delaney Foster and E. W. Harmon.

Rev. A. Lucas gave a very interesting talk on the Lessons of the year and the force of words, which was very much appreciated by all.

On motion a vote of thanks was tendered to the people of River Bank for their more than generous and kind hospitality; also a vote of thanks was tendered to J. K. Flemming and Secretary E. W. Harmon for their efforts on behalf of the S. S. schools the past year.

The above programme was interspersed by good spirited music by the audience. Miss Maud Jones presiding at the organ. Adjourned to meet at Peel March 28th. Benediction by Rev. D. Fiske.

Preparations are going forward at the Scotch Colony, Vic. Co., for the celebration of Burns' Anniversary on Jan 25th

After next Wednesday the Methodist prayer meeting will be held around at the homes of the people. On January 25th it will be at the residence of Mr. J. T. G. Carr. Next Wednesday evening there will not be any as the Sunday School Convention is held here on that day.

Aaron McMullin has moved into J. T. G. Carr's new house opposite Cass' blacksmith shop on the Fifth Avenue Extension.

Councillor C. E. Gallagher was disabled by a barn door blowing against him causing very severe but not dangerous injury. This accident prevented his attendance at the County Council.

George Gordon died at Upper Kintore at 10 o'clock on Jan. 5th. Mr. Gordon was a young man of a pleasant humorous disposition, a favorite with his friends. He leaves a widow and two little ones, a mother and brothers and sister, who have the sympathy of all who know them.

Harry R. Currie, who for three years has been head book keeper of the Maritime Wrapper Co., severed his connection with the Company last week. Before leaving, the employees presented him with an address and a beautiful scarf pin, a cluster of diamonds with an opal centre. Mr. Currie responded in heartfelt terms. On Tuesday evening of last week, Miss Minnie Burt on behalf of the B. Y. P. U gave a reception for Mr Currie at her father's house. There were about forty guests present. An address was read by Mrs. W J. Rutledge

Lumber operations in most parts of New Brunswick are this year considerably curtailed, but on the other side of the line things are rushing in some sections. By somebody an estimate is made that nearly 30,000,000 will be floated down the Aroostook river the coming spring. The cut of spruce will fall short of last season, but will be more than made up for in the extra cut of cedar. At the head of Aroostook river John R. McConnell intends loading 5,000,000 spruce and cedar. The Ashland Manufacturing Co. are having some 15,000,000 cut under contract by different firms.

By a head on collision between two passenger trains on the Lehigh Valley railroad at West Dunellan, N. J., at 12.47 p. m., on Monday, thirteen persons were killed and twenty-five were injured.

George H. Campbell, of the firm of Richardson, Porter & Co., and Miss Susie Pass, formerly teacher of the intermediate of the Hartland school, were married at the residence of the bride's parents, Harvey, York Co., on Wednesday. They will return to Hartland today. The ADVERTISER extends hearty congratulations.

There were upwards of 60 guests at the Birthday Reception held at Mrs. Blakeslee's on Tuesday evening. More invitations would have been given had the accommodation of the house warranted a larger attendance. From every point of view the affair, the first of its kind in Hartland, was a success. A very entertaining programme, consisting of cho'r singing, graphophone selections, readings by Misses Stevens, Thistle, Gray, and Messrs. Bailey and Rideout; solo by Don. Matheson; Duet by Misses Thornton and Matheson were rendered. Refreshments were served, and after an hour's social engagement the company dispersed. The sum of \$34 was raised to go towards buying a sleigh for the Methodist circuit.

### Perth Centre.

There was quite a number of strangers in the village on Sunday attending the Primitive Baptist quarterly meetings. In the evening some were obliged to go home before the service, as there was not even standing room in the building.

Senator Baird is doing a large business this winter. He has one contract for 4,000 tons of birch wharf timber. He is also getting a large amount of spruce.

Monday was the coldest of the season—40 below.

Herbert Baird has returned from Riley Brook where he has been spending his vacation. Report says that he and Charles Vincent were lost, being led astray by the sun.

George H. Sadler has been absent from duty for the last few days on account of sickness.

Tortured with Pains in the Stomach for Four Years—Doctors and Hospital Treatment Failed to Help Her—In Her Extremity Dr. Williams' Pink Pills Restored Her to Health.

From the Pembroke Observer.

Wherever man is to be found there also, side by side with him, is disease and suffering. Those who have devoted their lives to the alleviation of the suffering and bodily weakness of human organization are surely benefactors of their kind, and deserve the praise of all mankind. For special honors in that line may be pointed out the discoverer of that wonderful remedy, Dr. Williams' Pink Pills for Pale People. Recently the case of Mrs. Maggie Burnette, of Chichester, Que., came prominently under the notice of the Observer reporter. He felt it to be his duty, on hearing of Mrs. Brunette's restoration from prostrate illness to health, to interview the lady and record her experience for the benefit of others who may need the healing influences of Dr. Williams' Pink Pills. Mrs. Burnette's farm home was found to be very comfortable and even elegant, located near the base of an immense hill, an out-guard of the Laurentian Mountains. The reporter was warmly welcomed and Mrs. Burnette said she was very glad to have an opportunity to testify to the great benefit Dr. Williams' Pink Pills had conferred upon her. She is 42 years of age now. Her husband, the late Chas. Burnette, died 14 years ago, and after his death she worked very hard for some years, with the result that she became completely run down, so much so that, although quite tall, she weighed only about 90 pounds. After taking the slightest food, she felt such distress that she was compelled to lie down for hours, being so weak that she was unable to sit up. At last she thought she must have been attacked by cancer of the stomach, so violent were the pains that constantly harassed her. She consulted the best physicians and spent more than a hundred dollars in treatment and medicine, in addition to which she spent nine weeks in the hospital at Pembroke. But withal she was ill four years and despaired of ever being well. Finally she decided to give Dr. Williams' Pink Pills a trial, and accordingly she procured six boxes. Although they benefitted her almost from the time she began taking them, she kept on taking the pills until she had taken sixteen boxes, and then felt that she was completely cured, the pills accomplishing in three months what four years of medical treatment had failed to do. From that time, nearly three years ago, Mrs. Burnette has been in good health, needing no medicine. "You can see," said Mrs. Brunette, as the reporter was departing, "that I am in perfect health, I attend to all my household work and the dairy and poultry, and have a large number of cows to milk. I never fail to say a good word for Dr. Williams' Pink Pills when I have an opportunity, for they did wonderful things for me." Mrs. Burnette is a well educated lady, speaking French and English fluently.

**Bristol.**

Mrs. Jos. Vandine, Centreville, has been visiting M. A. Tompkins.  
 Miss Lina Morgan, Hartland, has been spending some weeks, the guest of Miss Ella Tompkins.  
 Allan Gallop and wife of St. John were in Bristol this week, calling on some friends.  
 Miss Dora Rogers, Miss Alice Merritt and Miss Mattie Bell have returned from Fort Fairfield, where they spent part of their vacation.  
 Dr. Atkinson returned on Monday from a trip to Charlotte County, his former home. He was down and spent a few days about a fortnight ago.  
 Dr. Somerville and T. A. Lindsay spent last week visiting the lumber camps on the Miramichi, in the interests of the Temperance and General Life Assurance Company.  
 The school re-opened Monday with a good attendance of pupils. S. Merritt and Miss Mattie Bell remain in charge. Miss Annie McLean has taken the school at Holmsville.  
 Rev. A. H. Hayward had special meetings in the hall last week, and will continue them every evening this week, as a good interest is being manifested. Rev. J. Cahill is expected to attend some of the meetings.  
 Rev. A. Lucas, Field Secretary of the S. S. Association, was in Bristol on Saturday, and went to Aberdeen. This morning he addresses a meeting in the Egypt school house, and this afternoon goes to Beechwood.  
 Miss Jennie Somerville, a former teacher at Sackville, is spending the winter with her brother, Dr. Somerville.

**Windsor.**

Windsor can boast of several lumbermen; among them the Smith Bros., who are operating on the Miramichi, and we are pleased to learn are quite successful.  
 Jas. and Andrew Faulkner are now hauling their bark, and are loading on the cars at Deep Creek, two miles below Hartland.  
 Our day school has been engaged by our former teacher, Miss Edith Boyer, making her third term.  
 Our Sabbath school is still in blooming style. At the last meeting in the old year they elected their former Superintendent, Jas. A. Faulkner, by an unanimous vote, making for him the fourth year. Our school this year is large.  
 Several of our farmers are busy hauling their farm produce to Dungarvon, on the Miramichi, a distance of seventy miles, and I am informed that it brings a good price; hay \$15, and oats 40 cts.  
 Most of our young men at present are in the woods, so times are quiet here.  
 Gossip says some one dared to sell or give away on Christmas day a quantity of intoxicating liquors in our vicinity. If so, it will not be pleasant for them to repeat the offence for proof is handy.  
 Our religious services are conducted by Rev. John Perry and Rev. A. B. Calder. For a Xmas present the friends of this and a joining settlement gave Mr. Calder a fine coon coat.

**LILIAN'S EXPERIENCE.**

**How She Kept Trouble, Loss and Disappointment from a City Home.**

Lillian ———, the bright daughter of a farmer living some eighty miles from Toronto, was visiting her aunt in the Queen city during Fair time.

The little country girl, only in her eighteenth year, was a model in all that pertained to housework; she excelled in butter making, cooking, sewing, crocheting, and understood the art of making old things look like new—home dyeing with Diamond Dyes. During the second week of Lillian's visit, her aunt intimated one day that she had made a careful selection of some clean but faded skirts and a suit of boy's clothing which she thought was good enough for another season's wear if they could be properly re-colored.

Lillian's aunt acknowledged that she had never before attempted home dyeing, but said she was encouraged by the statements made in some of the newspapers that Dyes would work wonders for her.

At once Lillian came to her rescue and said: "Auntie, for goodness sake do not risk your good garments with these common dyes; they are quite useless. I tried a package some time ago in order to satisfy my curiosity, and they gave just such results as I expected—spoiled my material. When I use dyes I want pure dyestuffs, quite free from grease. Let me suggest the use of the Diamond Dyes; they are safe and sure, and your colors will be just right. Send to the drug store for them and I will assist you in your work."

The Diamond Dyes were procured, and part of an afternoon was spent by aunt and niece in making the old things look like new creations. All were delighted with the magnificent results, and Lillian was particularly proud of the achievements of her friends the Diamond Dyes. At the tea table that evening the aunt said: "Lillian, your experience in dyeing certainly saved us from trouble, loss and disappointment."

## Centreville Scintillations.

EDITOR ADVERTISER:—Suppose we should apologize for the construction we put upon the report of the Hartland concert as our early education was sadly neglected, and our ability to comprehend plain English so very limited. We now discover that Hartland does not require the jail, as we are satisfied from the foot note of the editor that a good strong lock-up would answer every purpose. We have counted the churches and halls and conclude that resident ministers and those from a distance who minister weekly, as well as lecturers, Sunday Schools and weekly night prayer meetings are quite sufficient to infuse good morals, and teach the young idea good manners, and conclude the editor's report was overdrawn in reference to disturbing the meeting. We were once in a meeting at Hartland and saw nothing at which we could take exception, and conclude from what we saw and heard if a prison is built in the village they will have to go to the back country or across the line for some one to occupy it. We notice the natives have started the bridge racket again, we suppose there is an election on the tapis and from some quarter the people are inspired to move in that direction, and we hope not to be misled to a disappointment the second time. We do not know how much work is laid out for our councillors this session. We think however one half the number would be enough and that would save money to the county. Will our Council consent to this reform? We shall soon see where their economy comes in.

## Washington Negotiations.

In his Montreal speech the Premier said:

"I must leave commercial questions to my colleagues, and especially to my friend, Mr. Fielding, the minister of finance. But I may be permitted a word about the negotiations now proceeding at Washington. It has long been my opinion that our relations with our neighbors were not as cordial as they ought to be. I am a patriot; at least, I believe I am. I love my country more than anything else, but I never believed that in order to be a patriot

to love one's country, it was necessary to hate other countries.

I love my country, but I do not conceal the fact that I have a great admiration for our neighbors, who are a very great people. I love my country. I love the Mother Country whose subjects we are, and the ancient fatherland which gave us life. I love also our American neighbours and hold them one of the greatest nations of the earth. I do not see why two nations like ours and theirs should not be inclined to render justice on both sides.

We are at Washington to settle the difficulties we have had, and we hope to settle them, to use an English phrase, 'by giving and taking.' Nothing can be done without mutual concessions, but I assure you that if I come back from Washington with a treaty, I shall have sacrificed none of the interests or of the dignity of my country.

## That Brownie Business

The ADVERTISER is never in a hurry to publish matter on supposition or on mere rumour, and is ever ready to correct any misstatement. We therefore regret that the story of the "Brownies at Bath" was published if any person thereby was injured. Mrs. Lebaron Moores alleges that the story is untrue, and demands an apology of the ADVERTISER. Mrs. Moores makes her statements with so much apparent confidence that we are constrained to believe we were wrongly informed in the matter referred to. Therefore it is with pleasure that the ADVERTISER retracts any part of the story that in any way reflects upon or might in any way tend to injure Mr. Moores. Personally Mr. Moores has not demanded it, but rather than any person should feel or be injured we beg to apologize in the fullest manner possible—and consistent with the condition of the demand.

Both Cured by Paine's Celery Compound.

The Marvelous Medicine is Known All Over the World as the Great Banisher of Rheumatism and Kidney Disease.

A Happy Future for All Sufferers Who Use the Compound.

New Life, Strength and Long Years.

WELLS & RICHARDSON Co.,

Dear Sir:—I consider it my duty to write to you regarding the benefits derived by my daughter and myself from use of your Paine's Celery Compound. For years I was troubled with rheumatism and nervousness. I was treated by doctors, and tried medicine after medicine without any good results. Fortunately a friend of mine advised me to try Paine's Celery Compound. I did so, and after using four bottles I found I was stronger and better than I had been for years. My daughter was cured of kidney disease after suffering for twelve years, by using a few bottles of the compound. I advise all suffering from rheumatism, nervousness and kidney trouble to give Paine's Celery Compound a trial.

Yours sincerely,
