The convention will accept Mr. Mitchell's recommendations and will call off the strike."

President Mitchell was in conference after three o'clock with National Secretary Wilson and District Presidents Nichols and Fahy, regarding the receipt of President Roosevelt's message giving the names of the arbitration commissioners. SHEDIAC FIRE.

A Statement of the Losses and the Insurance.

SHEDIAC, Oct. 16.—The business portion of Shediac presents the appearance of desolation. The north side of Main street for a distance of about two hundred yards, including the best and all the leading business establishments in the town, with two or three exceptions, has been wiped out, the walls of only two brick buildings in the place being left standing. The burned district extends from Lawson's drug store, near the Weldon House, to Dr. Murray's office, and includes not only the buildings fronting on the street but many out buildings, barns and warehouses in the rear. The fire raged from five till ten o'clock when it was under control, but two hours longer was required to totally subdue the flames.

The heaviest losers are O. H. Melanson & Co., large store with stock estimated to be worth \$25,000 and three-story warehouse with 4,000 barrels potatoes in the basement and an unoccupied dwelling in the rear. Some potatoes were saved. They estimate their loss at \$50,000 and had \$15,000 insurance. They will rebuild and resume at once. R. C. Tall's loss is also very heavy, and is estimated at \$7,000 on buildings and \$21,000 on stock. The insurance is \$4,000 on the building and \$7,000 on the stock.

Among other losers are Mrs. C. H. Gallant, military store and residence, and brick building occupied by post office and People's Bank of Halifax. Mrs. Gallant had \$200 insurance on her stock and \$1,200 on the building occupied by herself and \$3,000 insurance on the bank building. Her loss above the three buildings will probably be \$2,000. The Poirier brick building, occupied by Messrs. Poirier, was insured for \$4,000. The loss on the building is \$1,500 above this amount. Simon Poirier had a large office in the building, owned and occupied by Dr. Belliveau and V. A. Russell, barrister, valued at \$1,200; insured for \$1,200. The contents are insured for \$1,200 insurance on the stock nearly covering the loss. Alex. McNeill's general store, building valued at \$1,200; insurance not known. William Bourque, barber, occupied the same building, uninsured.

Louis Comeau's building, loss \$500, occupied by Val Landry as a saloon. Landry's loss is covered by insurance. Mrs. Amie Cormier's building, insured for \$1,400, loss \$800 above insurance; grocery stock insured for \$1,500, which nearly covers loss. Stewart White building and stock; loss \$800 above insurance which was small. Manuel Gallant's building, occupied by himself as a billiard room, saloon and residence; loss about \$21,000; no insurance. Nearly all the insurance on the burned buildings was written through St. John agencies.

S. S. CONVENTION.

J. D. Chipman of St. Stephen Elected President of Association.

Mr. Lawrence and Rev. Frank Baird Conduct Classes for the Instruction of Delegates.

The session of the Sunday school convention in the Germain street church this morning was largely attended, and was the most interesting of an interesting series. Early this morning before the regular session of the convention was opened Marion Lawrence led a round table on the subject The Work of County and Parish Officers. This was essentially a meeting of workers, many questions were asked and much valuable information elicited. Then the session opened with Bible exercises led by Rev. A. Lucas, the field secretary. The theme was found in the prayer in Genesis, "Bless the Lads," and then in the promises of support. As before, the singing under the leadership of Mr. Excell was a feature of the service. Mr. Excell appears to have the faculty of bringing out all the music there is in the song and likewise in the audience. The nominating committee presented through W. H. Stevens the following report, for president, J. D. Chipman, St. Stephen; vice-president, J. S. Triton, Moncton; field secretary, Rev. A. Lucas, Westmorland, Geo. Oulton, Westmorland, Geo. Oulton, York, Charles Sampson.

For executive committee: T. S. Simms, Rev. A. M. Hubley, Andrew Macleod, J. Willard Smith, Rev. G. C. Gates, R. G. Haley, Rev. R. R. Morrison, Rev. A. H. Foster, W. O. Sillp, Rev. C. W. Hunter, Rev. S. Howard, A. H. Chipman, Rev. C. Barnett, Rev. Dr. Forthingham, Robt. Reed, Rev. G. M. Campbell, Rev. D. Long, Rev. Dr. Morrison.

The report of the nominating committee was received and adopted. J. D. Chipman, the new president, was welcomed to the chair by Rev. A. M. Hubley, and in the course of a brief address expressed his thanks to the association for the support that had been accorded him during his term of office and asked that the same be extended his successor. The association warmly welcomed Mr. Chipman as he rose to reply. He thanked the convention for the honor done him and expressed his great interest in the work. Referring to the day Mr. Chipman said the association had every reason for thanksgiving because of the results that has attended their work.

The home department report was laid over till the afternoon session. An illustrative normal class was taught by Rev. Frank Baird of Sussex; the convention being taken as a class. The teacher handled his subject in an entertaining and instructive manner, holding the attention of his class from the start. In conclusion he referred to Hurlbur's Normal Lessons, as a book of great value to the teachers. At the close of the lesson Mr. Baird was asked and answered a number of questions as to the normal work. E. J. Machum read a telegram from Rev. J. H. McDonald, of Fredericton, superintendent of the normal department, who is on the programme for the evening stating that he would be unable to attend. Mr. Machum stated that the executive would supply the deficiency as best they might be able. The president then introduced Marion Lawrence, who taught the lesson for next Sunday, "The Fall of Jericho," as found in Joshua 16: 12-27. In the course of his remarks he said that the best teachers' meeting was that meeting to which most contributed. It was not well for one man to do all the talking and the others to soak it in, and reproduce a imitation of what he may say. It is well, too, in a teacher's class, to divide the lesson into certain points leading up to and including the lesson and giving each teacher a point to present fully. Then Mr. Lawrence turned to the lesson and by a series of sharply put and quickly answered questions reviewed the preceding lessons, and brought his class to the walls of Jericho. None of the analysis which Mr. Lawrence made did he follow out, but simply made the suggestions for themselves. The questions he asked were invariably to the point and practical and followed logically one upon the other.

At the conclusion of the lesson the convention adjourned until two o'clock. The executive held a short session immediately at the close of the morning meeting.

TARTS ON DECK.

MAGOG, Que., Oct. 15.—Hon. Mr. Tarte inspected the Dominion Cotton Mills here today and replied to an address of welcome presented to him by the mayor in behalf of the citizens. He stated he was in favor of giving the Americans the job for tax and knew all his colleagues did not agree with him. But he did not care if his remarks embarrassed any one. He was responsible to the premier, and he was prepared to step out. At the luncheon President Grant of the company stated that but for the hopes of a better tariff held out by Mr. Tarte, the Magog mills would be closed down.

POLITICAL SERMONETTES.

Dear People—I would impress upon your minds today but one thought—our great indebtedness to our Reverend Dr. Pugsley, our much beloved the Honorable Tweedie, and the newspapers supporting them, for having inspired us with loftier conceptions of public duty, and lifted the discussion of political questions to a higher plane than ever before in the history of New Brunswick. Contrast their methods and principles with those of Dare Devil Dug, and I need say no more.

OROMOCTO.

SOME THANKFUL PEOPLE.

Today is by proclamation Thanksgiving day. Once every year the secretary of state tears himself away from his arduous duties, and names a certain day for thanksgiving. In this work he is aided and abetted by His Excellency the Governor General, whose name, with all the titles appertaining thereto, is used in the proclamation. No one objects to this action of the secretary of state. In fact it would be well if everything else done by him and his colleagues was as certain to commend itself to the people of the Dominion. It is well to have a day for returning thanks, and though the manner of doing this has changed somewhat since the days of our forefathers, the custom is still commendable. And despite the fact that there is very little coal and much cold weather, and that the turkey and the goose are making themselves prominent only by their exceeding costliness, there is still much for which to be thankful. For instance, the people of this province should be profoundly grateful that the investigation into the affairs of the Deaf and Dumb school is over, and that the Telegraph and Gleaner, previously estranged, are now lying in amity. Bitter invective, libellous and otherwise, has been forgotten, and Bro. Milligan and Bro. Crockett may now lift their heads from each other's bosom and whisper a little hymn of thanksgiving. The Rotherays forgers should be deeply grateful that the heart-rending pursuit to which they have been subjected has not resulted ratatory, and the Attorney-General is doubtless thankful that his own health has not broken down under the strain of the search, and that he has been allowed a further allotment of time on his footstool to look after crown business by proxy. The Ontario people who got the \$200,000 out of the Muskoka deal have undoubtedly reason to be thankful, and the local people who lost ought to be thankful that Hon. Mr. Tweedie and his colleagues did not give away any more. They may not see it that way, but this is the glad thanksgiving time and they should.

PROSPERITY VS. GRAFTING.

The St. John Star applies the telescope to the blind eye in refusing to see the influx of population into Canada, and insists that there is still an exodus, because in three months it says nearly 36,000 worth of settlers' effects passed through St. John for the United States. What of that? A Transcript representative stood on the banks of the Petitcodiac the other day, and saw the Bore rushing in on one side of the river and the tide still going out on the other. A few hours afterwards the river was full. If the Star Editor will go down to the wharf any day in St. John, he can see a similar phenomenon, the incoming tide and the outgoing ripple. But the tide comes in just the same. With such a tremendous exodus lasting so many decades, it is more than probable that those Canadians who have settled in the United States will pull for a few years, their friends after them. The Transcript ventures the assertion that more people have returned from the United States within two years than have gone away. Every member of parliament responsible for I. C. R. patronage can tell the same story of scores of applications from Canadians in the United States, wishing to return to Canada under the more prosperous times of liberal rule.—Moncton Transcript.

S. S. CONVENTION.

General Booth seldom received even from his own constituents a heartier welcome than was accorded by the New Brunswick Sunday School Association in the German street Baptist church last evening. Before the regular business of the session had been entered upon a resolution was passed by a unanimous vote expressing appreciation of the work of General Booth, now in the city, and conveying to him the sympathy of the convention and its best wishes for a successful tour throughout Canada. The resolution was immediately forwarded to the Charlotte street barracks, where an officers' council was in session. The answer came unexpectedly and dramatically just before the convention closed. The business under consideration was the reception of written pledges for subscriptions for the ensuing year from the various counties represented. The crowd in the room was very still when a door at the back opened and a party of four entered and walked up the aisle until the pulpit had been nearly reached were they recognized, and then, on their feet with enthusiastic applause and waving hands, the veteran leader of the Salvation Army, his daughter, the Canadian commissioner, and the two officers who accompanied them. Then General Booth, who is showing the strain of his unremitting work during his tour in America, spoke briefly but with deep feeling. He expressed his high appreciation of the honor extended to him by the convention, told them that their work was his and would be his while life remained to him, and wished them every good thing that could come in the Lord's way. As he walked down the aisle on his way out, Mr. Excell sat at the piano and struck the opening bars of God Be With You Till We Meet Again. In the singing of which the congregation joined until the exit doors closed. The meeting then adjourned. There are growing in attendance, enthusiasm and profit as the convention continues. Last night's session was the best of the series. The large auditorium of German street Baptist church was filled to its capacity. Every seat was taken, and the number of people on the aisles throughout. The singing, under the direction of Mr. Excell, went with a vigor and swing new to St. John assemblies and aroused the audience to a keen interest in all that followed. It is a matter of regret to all that Mr. Excell is suffering with a severe cold and is unable to add to the success of the convention by the contribution of solos. After the opening formalities, Rev. A. Lucas, provincial field secretary, read an interesting and encouraging report of the general progress of the work during the past year. He pointed out the necessity of business methods and their application to the work under his direction. He told of the greatness and variety of the work under his control and described interestingly the way it was carried out. The various exercises, addresses, and other accomplishments were mentioned and high praise given to the county officials for their noble, unselfish and intelligent laboring. Among the many duties of the secretary, he said, were conducting exercises, addressing the children and preaching. During the year he had travelled 11,881 miles; had worked 13 hours a day week days, and on Sundays the hours of his work depended upon the distance he had to go to hold his three and sometimes five services. As the rewards of the work he had in mind of seeing this magnificent convention, which would be an inspiration for years to come. During the coming year he said the committee would look to the readjustment of many points of the work, and he wished that county officials would send him any exercise, address, or other contribution for the improvement of the service. He appealed for more and better work and for a fuller consecration on the part of all concerned with Sunday schools. The report was adopted by the singing of the doxology. A solo was sung by Miss Jennie Trueman was followed by the report of the treasurer, E. R. Machum, who stated that with the balance on hand of \$34.02 left from last year the receipts for the year had been \$2,329.92. The disbursements amounted to \$2,329.17, with all bills paid. The financial condition was far better than last year, although the various counties were \$142.91 short of the payment of their pledges. Two thousand dollars, he said, was needed to meet the running expenses this year, and \$300 more should be raised to wipe out the debt. Marion Lawrence's subject for last evening's address was The Sunday School as a Business Investment. In opening he congratulated the convention on the reports presented and paid a high tribute to the services of Rev. Mr. Lucas and Mr. Machum, the latter being the president of the convention as 1st vice-president of the International Association for the convention in Toronto in 1905. He spoke of the tremendous work devolving upon provincial secretaries, and said that Mr. Lucas must be given more help. Owing to the lateness of the hour he shortened his address greatly, giving little more than the heads of the arguments by which he proved that the Sunday school, considered from a business standpoint, paid socially, civilly, educationally and spiritually. The delegates present pledged their respective counties for the following contributions this year: Westmorland, \$140; Charlotte, \$225; Carleton, \$150; Restigouche, \$150; Albert, \$40; Gloucester, \$50; Kent, \$50; Northumberland, \$125; Kings, \$100; Queens, \$30; Sunbury, \$25; St. John, \$60; Victoria, \$0; and York, \$250. The York and Sunbury amounts were put down the same as last year in the absence of representatives who had left beforehand. In addition to this personal subscriptions were received to the amount of between \$200 and \$400. Three sessions will be held today, closing with a farewell meeting tonight.

There was a reception after the wedding at the home of the bride's father. The young couple took the train for this city the same evening and will spend several weeks in the maritime provinces. Rev. BRITISH ARMY REFORM.

MONTREAL, Oct. 15.—The Star's London cable says: The St. James's Gazette today expresses the satisfaction of all army reformers at the addition of Lord Strathcona, Canadian high commissioner, and Sir Frederick Darley, lieutenant governor, and chief justice of New South Wales to the war commission, not because they themselves are army experts, but because they will ensure frank evidence from colonial officers who saw the British army at work in South Africa. The whitewashing report of the re-muneration committee made the British public supremely anxious that the lessons of the war be fully learned by the war office.

WATER ON WEST SIDE.

The water and sewerage department is preparing to lay a section of pipe from city line road in Lancaster to the corner of Lancaster and St. John streets, a distance of about 250 feet. When this is done there will be a continuous iron pipe from Spruce Lake to the winter port supply pipes at Sand Point. The section now to be laid will replace a section of cement pipe which has been the cause of trouble for years. It has been giving trouble and can not be relied upon. The department is having considerable difficulty in getting workmen for this small job, an evidence that there is plenty of employment for laborers on the west side at present.

LATE SIR JOHN BOURINOT.

OTTAWA, Oct. 15.—The funeral of the late Sir John George Bourinot took place this afternoon to Beechwood cemetery, attended by a large number of prominent public men and citizens. All day yesterday, as soon as the sad news had been announced, messages of condolence and sympathy with Lady Bourinot and the family were received. They were many in number and included a cable from Sir Gilbert Parker and telegrams from Sir Charles Tupper, the Hon. L. P. Brodeur, speaker of the dominion commons; R. L. Borden, leader of the opposition; T. B. Flint, M. P.; Senator Casgrain, Quebec; Dr. Louis Frechette, Quebec; Dr. Stewart, Quebec, and Archbishop O'Brien of Halifax. Besides these there were numerous messages from the immediate friends of the family. Today the funeral arrangements were of the most simple character. It had been intended to have a private funeral, until Speaker Brodeur, on behalf of the staff of the house of commons, asked that the arrangement be changed so as to allow of their attendance. The request was granted, and in consequence the speaker and the house staff followed the mourners to the grave side this afternoon. The judges of the supreme court were also in attendance, as well as the ministers of the cabinet who were in the city. The chief mourners who followed the cortege from the house, where a private service was held, at which Rev. Mr. Kittson of Christ Church Cathedral officiated, were Egerton Bourinot of Montreal, Sir John's eldest son; Sydney and Arthur Bourinot, the two little boys, the youngest of Sir John's family; Henry Ayles and his little grandson Jack. There were no pall-bearers, owing to the desire to have the funeral as private as possible. By request the floral tributes were confined to only the immediate family and relatives, and consisted of but a few pieces. These were elaborate and beautiful. Lieut. Col. Smith, sergeant at arms of the house and one of the late Sir John's closest friends, is in the city from Kingston to attend the funeral.

OPPOSITION MEETING.

At Fredericton Junction Was Large and Enthusiastic. FREDERICTON JUNCTION, Sunbury Co., Oct. 15.—The largest and most enthusiastic public meeting seen in the parish of Gladstone for ten years greeted the leader of the opposition and his colleague, Mr. Glasier, last night. Numbers of electors came sixteen miles to hear the speakers of the evening. Robert D. Wilmot, the dominant member for Sunbury, spoke briefly and was heartily received. There is no mistaking that public opinion is running adverse to the Pugsley-Tweedie government in this corner of Sunbury. There is no frost on Gladstone.

OTTAWA NEWS.

CHINESE ART OF WAR. A novel method of testing new weapons of warfare is now in vogue in China. ST. JOHN ALDERMEN

By Invitation Visit the Portland Rolling Mills. A special meeting of the Common Council was held at the City Hall yesterday afternoon to consider the invitation of the directors of the Portland Rolling Mills to visit their extensive industry in view of the offer made to them to induce them to remove to Cape Breton.

The mayor having pointed out the object of the gathering, Ald. Christie stated in further explanation that some days since some of the directors of the mill, and among other things invited the council to visit the mills while they were in operation, so that they might get an idea of the magnitude of the same.

Ald. Christie's motion lay on the table and that the recommendation of the board of works providing for an expenditure of \$1,000 for the completion of repairs to sidewalks was adopted and carried out.

Ald. Stackhouse seconded the motion. The mayor said there was no report from the board of works, so that it would be better for Ald. Baxter to move a resolution looking towards that end.

Ald. Baxter then moved that \$1,000 be borrowed and placed to the credit of the board of works with which to complete the repair of sidewalks. Ald. Christie considered it too late to attempt this work. The city had during the year expended \$65,000 on sidewalks and sidewalks, the largest expenditure of the city.

Ald. Hilyard pointed out a place on Douglas avenue which had been promised a sidewalk, but he agreed that it was late in the season. He wanted to know where the \$1,000 was to be expended.

Ald. Baxter directed attention to St. George street, Carleton, which needed a sidewalk. There were other places on the western side of the harbor equally in need of sidewalks.

Ald. Millidge said the director of works informed the aldermen that \$1,000 had not been put to the work. What Ald. Baxter proposed to do was to have this money laid out at Carleton street and this sum was to be spent let it be divided equally among the various wards.

Ald. Lewis moved for three crossings in the north ward. He would be satisfied with the provided he was promised some additional sidewalks next season.

Ald. Christie showed that many streets in the north end were entirely without crossings. If the city proposed to spend money the north end should get its share. Let the work lay over till the spring. Then the council could order an assessment for the equivalent for the purpose. Some \$70,000 would be needed. Let the aldermen advocate that and then take their chances of election.

Ald. Lewis inquired if it were intended to take out of this \$1,000 the \$500 already over expended on sidewalks to count. He would oppose the proposition. It was useless to talk of making such an expenditure so late in the fall. He showed that the laying of curb stone this season had necessitated the provision of new asphalt sidewalks, and the cost had been \$10,000.

Ald. Baxter's motion was defeated, only the mover, Ald. Stackhouse, Allan and Bullock voting for it. The motion to adjourn carried, and Mayor White and the aldermen proceeded at once to the Strait Shore to take a careful look over the mills.

Adam P. Higgins took the visitors in hand and showed them through the spacious place, pointing out to them the various processes through which the iron passed. It was somewhat of a surprise to some of the visitors to find that these mills, which are worked night and day, give employment to only 200 hands.

The council will later on proceed to the consideration of the application of the rolling mills directors. C. OF E. INSTITUTE ANNIVERSARY. A very large congregation attended the anniversary service of the Church of England Institute, held in Trinity church last evening.

To his mother when she visited him Frank reiterated his innocence, and said that his statement made at the trial was true.

At the conclusion of a rather elaborate luncheon the king arose and proposed the health of President Roosevelt. The king spoke in most admiring terms of the president, and expressed his delight at seeing such distinguished Americans before him. Before any other toast could be proposed the king announced an adjournment to the smoking room, where he had a long talk with Generals Corbin, Young and Wood, and personally expressed to them his gladness to see them in England. "Because," he said, "I feel we are not only friends but relations."

The king and the American generals then discussed many matters, and he asked many questions about the American army. After Gen. Kitchener and his staff had been decorated with war medals the Americans took their leave. They all subsequently expressed keen pleasure at meeting the king and gratification at his frank hospitality and unassuming friendliness.

The Carpenters and Joiners held a hearty anniversary reunion last night. There were speeches by Scott E. Morrill, W. Frank Hatheway and several of the members. Refreshments were served in liberal style.

A marriage took place last evening at the residence of M. E. Akerley, Adelaide street, when Scott Akerley was united in marriage to Minnie Wood. The ceremony was performed by Rev. David Long in the presence of a number of relatives and friends.

The Carleton Cornet band fair is drawing a good crowd each night and is treating its patrons well. The boys will probably continue the fair next week. Last evening they played out of doors before the opening of the fair, giving a good programme.

H. G. K. Whitney of the Boys' Mission held a conference with some of the city's prominent temperance workers last night regarding the temperance lectures such as John G. Wray, whom Mr. Whitney will bring here during the winter. The co-operation and sympathy of those present was promised.

The hod carriers and mortar men's union met in Labor Hall last night. The executive committee reported that all union men were now employed. It was decided in view of the present situation not to enforce the present order to stop work wherever non-union men were engaged, except in cases where union labor was deprived of a chance to work. It was also voted, in fairness to contractors who had already figured on jobs, not to demand the increased scale of wages.

PROVINCIAL. The schooner Avis, from Sackville, sprung a leak, tore her foremast and lost about 10,000 lbs from her deck-load on the 12th. She is now at Vineyard Haven. James Miller, son of Archibald Miller, of Halifax, fell from a roof yesterday and was killed. He was to have been married soon. The wedding had been twice postponed owing to the death of relatives.

While attempting to board a train at Point du Chene yesterday, Michael McGrath, a fireman, fell under the car, which passed over his right foot, crushing it so that amputation was necessary. The operation was performed by Drs. White and Ferguson at Moncton.

GENERAL. Good samples of potatoes, mangels, onions and cucumbers from the Yukon are being exhibited at Ottawa as an evidence that the climate of that territory was not as severe as had been supposed.

GENERALS LUNCH WITH KING. He expressed His Admiration for the Country, President and Army and Will Aid St. Louis Fair.

LONDON, Oct. 15.—Ambassador Choate and Generals Corbin, Wood and Young were the guests of King Edward at a luncheon in Buckingham Palace Monday in honor of Lord Kitchener prior to the latter's departure for India, where he is to take command of the British forces. Mr. Choate called at the hotel where the Americans are stopping and escorted the generals, who were in full uniform, in an open carriage to the palace, where the ambassador presented the American officers to the king.

Lord Roberts was also a guest. Among others present were Generals Ian Hamilton and Kelly-Kenny and Private Secretary Knollys, all in brilliant uniforms. Mr. Choate sat at the king's right and General Corbin on the left. General Corbin delivered to the king a message from President Roosevelt, expressing the hope that the king would lend his assistance in creating interest in Great Britain in the St. Louis Exposition. The king replied that he would answer the message personally in the same kindly spirit in which it was sent.

At the conclusion of a rather elaborate luncheon the king arose and proposed the health of President Roosevelt. The king spoke in most admiring terms of the president, and expressed his delight at seeing such distinguished Americans before him. Before any other toast could be proposed the king announced an adjournment to the smoking room, where he had a long talk with Generals Corbin, Young and Wood, and personally expressed to them his gladness to see them in England. "Because," he said, "I feel we are not only friends but relations."

The king and the American generals then discussed many matters, and he asked many questions about the American army. After Gen. Kitchener and his staff had been decorated with war medals the Americans took their leave. They all subsequently expressed keen pleasure at meeting the king and gratification at his frank hospitality and unassuming friendliness.

FAIRVILLE NOTES. Rev. C. H. Rice of Vernon River; P. B. L. is stopping with Mr. and Mrs. O. D. Hanson on Main street, during his attendance at the meeting of the missionary committee of the Methodist church. Mr. Rice was at one time pastor of the Methodist church here and many friends are glad to see him once more.

Nothing special seems to be arranged for Thanksgiving day in Fairville, except a lecture on the Boer war and a concert in the Methodist church at night. Miss Peacock, a nurse in the Provincial Lunatic Asylum, was kicked in the side by one of the inmates the other day, and is now quite ill.

ST. MARTINS RAILWAY. (From Daily Sun.) Notice is said to have been given that the St. Martins Railway will suspend operations for the season about the end of this month. The people of St. Martins and other places served by this road do not feel satisfied with this early closing system. Mr. Fred M. Anderson is exerting himself to get an extension of time for the benefit of his neighbors and of the firm which he represents. It would seem that this is a matter which should not require much agitation. The public has a large interest in that 29 miles of road, which received a provincial subsidy in railroads of the province \$145,000. According to the Blue books the total cost of railway and rolling stock was only \$345,000. Under these circumstances constant operation might well be demanded.

POLICE WORK. The Beginning of the Thanksgiving Harvest of Topers.

Paddy McQuillan evidently feared that on account of the scarcity and high price of turkeys his Thanksgiving dinner would not be up to the standard. Laboring under this delusion, Patrick shook the dust of the Alms House off his feet and came to the city, where he endeavored to gloriously celebrate. But his fun commenced too soon, and instead of turkey, cranberry sauce 'n things, he is now growing fat on bread and coffee in jail.

Alex Diggs doubtless felt lonesome on Duke street since the recent ingathering. He loaded up and has gone to jail to join his friends, the Taylors, Burns, Brees and Bushmans.

Michael Fought is an old soldier who has braved the storm of bullets on many a battlefield, but he could not stand against the fixed bayonets concealed in old Irish whiskey. Now Michael sits in sullen silence in a damp, dark dock, waiting patiently for ten o'clock tomorrow.

Three other drunks were gathered in last evening, all of them old offenders.

LATE MGR. CONNOLLY. The funeral high mass of requiem will be celebrated in St. John the Baptist church at 9.30 Friday morning, and interment will take place at Fredericton on Saturday morning. A large and representative body will accompany the remains from this city to the provincial capital, where interment will take place in the family lot in the Catholic cemetery. In no part of the province outside of St. John was Father Connolly better known than in Fredericton, where he labored hard and well in the days long since passed.

Very Rev. Monsignor Connolly leaves a sister, who had been living with him for some years; a nephew, John Connolly, of the customs department, Ottawa, and several nieces, including Mrs. Keenan, of New York, who will arrive here on Friday; Mrs. Dennison and sister Clothilde, of this city, and also another niece.

It is learned that Very Rev. Monsignor Connolly leaves a will, by the terms of which his property goes to the Mater Misericordiae Hospital. Rev. W. F. Chapman, of Woodstock, and P. J. O'Keefe are the executors of the estate.

If arrangements can be made the body will be taken to Fredericton tomorrow afternoon in order that the clergymen may attend and return in time for the Sunday services.

Invitations have been issued to over two hundred friends of the happy couple to be present at the nuptials. A wedding reception will be held at the home of the groom's parents."

THANKSGIVING.

The Day Generally Observed in the City Churches.

Ministers Deal With the Various Reasons for Thankfulness at This Season.

In many of the city churches today services of thanksgiving were held and in all cases were well attended. The addresses were strong and all dealt chiefly with the goodness of God to his people and with the reasons why all should fittingly observe the day set apart for an expression of gratitude. In some cases recent current events were referred to and lessons drawn from them.

IN ST. ANDREW'S CHURCH

Rev. L. G. Macneill took for his text Deuteronomy 11: 12, "A land which the Lord thy God careth for." The speaker in the first part of his address referred to Canada as a whole and gave a brief outline of its great resources, its history, its scenery and the wonderful prosperity which has fallen to it. He pointed out that Canada could be fittingly described by the words of the text, "A land which the Lord careth for," and went on to show how thankful all should be for the many advantages bestowed. Mr. Macneill dealt with recent current events, especially referring to the fact that an abundant evidence that God cares for this country and favors it, as is shown by its prosperity, by the great harvest, immunity from calamities such as Martinique and great sickness. What is the cause of this due to? He said to the people, partly the system of government, chiefly to God. He paid a tribute to Laurier, who, though he may not be an ideal statesman in the minds of all, has yet done no small amount of good for Canada. The speaker did not agree with those people who cry "Canada for the Canadians." We have been given an excellent country, and the cry should not be Canada for the Canadians, but Canada for the world, or at least Canada for the empire. Mr. Macneill strongly favored the idea of Imperial unity and spoke of the duty the people not only as citizens of Canada, but as citizens of the empire. He dealt with recent events, referring to the proclamation of peace, the coronation of King Edward and the treaty with Japan, all of which must necessarily tend to increase the measure of prosperity in this country, has been blessed. In closing Mr. Macneill spoke briefly on events in our own city, dealing with the exposure of moral degradation among boys and the steps being taken for the betterment of their condition.

IN ST. STEPHEN'S CHURCH.

Rev. D. J. Fraser spoke from Psalm 144, 12-15, especially the last verse: "The eyes of all wait upon Thee! And Thou givest them their meat in due season." In referring to the precarious existence of thanksgiving day, the speaker thought it should be a day that should have survived at all. The day set apart for expressions of gratitude is fixed sometimes in one month, sometimes in another, and so many different opinions are advanced regarding the proper time and manner of expressing thanksgiving that it is a prominent place. The fact that it does so shows that such a day is necessary in Canada for the expression of a national thanksgiving. In other countries the established churches are an expression of national life, but there are no established churches in Canada, and perhaps never will be, and we should therefore take the fullest advantage of the day set apart for the purpose of thanksgiving. It is better for us to accommodate our religious services to the condition of the country rather than to borrow a religion or system of religion which does not suit our religious needs. The Presbyterian church, especially observes this day and thereby shows that it realizes its duty to the nation. In view of the immense immigration from other countries to Western Canada, our country has now more need than ever to cultivate religious citizenship and on occasions like the present meet to worship, not as separate churches, but as citizens of a grateful nation. There are two great causes for national thankfulness, the recovery of the King and his coronation. Dr. Fraser thought that the pomp and ceremony which attended the preparation for the coronation were in danger of putting a gulf between the King and his people, so different was it from the homely qualities so beloved of a religion or system of religion during the King's illness his interest in his people and his quiet heroism through suffering endeared him to the nation and the nation to him. There was restored the tie of personal affection between the sovereign and the people, which was in danger of being broken at the Queen's death, and which is so essential to the spiritual unity of the empire.

DR. FRASER TOOK UP THE CLOSING OF THE WAR AND REFERRED TO THE DELEGATES WHO A YEAR AGO WERE RESISTING BRITISH ARMS IN A STRUGGLE FOR POLITICAL INDEPENDENCE WERE TODAY COMING TO ONE SHORES IN THE INTERESTS OF THE INDUSTRIAL DEVELOPMENT OF THEIR COUNTRY AND THE RESTORATION OF CONTENTMENT IN AFRICA. HE REFERRED TO THE CALVINISM OF THE BOERS AS AIDING THEM IN SUBMITTING TO THE INEVITABLE AND ENABLING THEM TO ACCEPT DEFEAT AS THE WILL OF GOD. IN CLOSING, DR. FRASER SPOKE OF THE MATERIAL PROSPERITY OF THE COUNTRY, ESPECIALLY IN THE WEST, WHERE THE BOUNTIFUL HARVESTS ARE ATTRACTING SUCH GREAT NUMBERS OF GOOD SETTLERS.

ST. DAVID'S CHURCH.

Rev. Dr. Morison chose as his text, Psalm lxxv-11, "Thou crownest the year with Thy goodness." After referring to the fact that the service was held today at the command of the throne and in response to the gratitude of the human heart Dr. Morison went on to show that for the most part men found it easy to give thanks for all the material blessings bestowed, and consequently at this season of the year the magazines and newspapers, the platform and the pulpit were dis-

posed to catalogue all external evidences of prosperity and to give thanks to God for them. Here, however, it was time to pause and think in the nation and in the church, in the home and in the heart, since last Thanksgiving Day it has not been summer. There has been some winter too, with its storms and frosts. God's purpose concerning us is not only that we should be externally prosperous but that we should become truly good. Herein is the philosophy of faith. "In each life some rain must fall, some days be dark and dreary." The spirit of the day reminds all true men and women that we should be thankful for adversity as well as for prosperity. Generally speaking, people welcome success, but misfortune that goes a soul to the goal of excellence and virtue. Dr. Morison in his address referred particularly to the king's restoration to health, his coronation, the bountiful harvests in the west and to the immense sums contributed by the Presbyterian church for mission and educational work, but through it all he drew a strong line of reasoning, leading to the thanksgiving as an indispensable adjunct to faith.

IN CENTENARY CHURCH.

Rev. G. M. Campbell spoke from Leviticus xxiii-39. "Also the fifteenth day of the seventh month, when ye have gathered in the fruit of the land, ye shall keep a feast unto the Lord." Alluding to the proclamation of thanksgiving and the duty of all citizens which we very loyally perform, Mr. Campbell referred to the command of the text and showed that God not only is the giver of all our benefits but so gives them as not to pauperize us. Human gifts degrade man but God's gifts will use a Bartlett pear. Thriftless agriculture evinces a degraded moral state. Turkey with good soil is always hungry. Sweden and Norway with sterile soil export grain. The speaker closed his address with a reference to the duty of the people who have plenty to those who have little.

WEDDING YESTERDAY.

Richard Tyner, son of Robert Tyner, Broad street, and Miss Jennie Gallop, daughter of James Gallop, of 135 Victoria street, were married by Rev. Alex. White last evening at the residence of the bride. She was dressed tastefully in white cashmere and was attended by Miss Nellie Carpenter. The groom was supported by Morley Strang. The nuptials were witnessed by a large gathering of relatives and friends. Among the gifts received was an extension dining table and chairs from the groom's associates in T. McAvity & Sons', Water street, and a parlor lamp from the bride's friends in Main street Baptist church, where she was an energetic worker. Mr. and Mrs. Tyner will take up housekeeping at No. 110 Winter street. They enjoy the esteem of a wide circle of friends.

Mr. Coffin will sing the Golden Stairs, and the Holy City with guitar accompaniment; Mr. and Mrs. Coffin, assisted by little Herbie Bree and Tommy Coffin, will give musical selections; members of the Hogan and Eatman families will sing. MAY BE WORTH TRYING.

Those readers of the Telegraph whose subscription has not expired, and who are wondering to what use they can put a paper they no longer care to read, will perhaps find a suggestion in the following paragraph from an exchange: "A cylindrical pillow of old papers placed under the neck is helpful to induce slumber. The Chinese and Japanese use this method to woo the god of slumber, and nearly always with success."

THIS AFTERNOON.

The weather is favorable for this afternoon's great event on the Victoria grounds, when the finest foot races ever held in these provinces will take place. The sports begin at 2.30 o'clock, and St. John people will have an opportunity to see some of the fastest runners in the world.

DR. DRUMMOND COMING. GRAND DISPLAY OF MILLINERY.

No lover of good literature should lose the opportunity of hearing Dr. W. H. Drummond, the famous author of "The Habitant and Other Poems," read from his own works. As a poet alone Dr. Drummond's reputation is sufficient to assure him of a warm welcome in St. John. But he is more than a poet. He possesses the rare faculty as a reader of making the characters depicted in his poem to live and move before his hearers, that tears are mingled with their laughter. Without any of the advantages of scenery and staging, he produces effects that are only equalled by the greatest actors. The sale of tickets will open on Oct. 22nd at Gray's bookstore, King street. Advance tickets, entitling holder to select his seat one day before the plan is open to the public, may be obtained at the Church of England Institute, Germain street. The recital has been arranged for Thursday evening, Oct. 30th, in the York Theatre.
