### DEMAND FOR THE COLLEGE AND ITS GROWTH FROM THE START.

The great need felt by loyal Protestant Churchmen for a regular and certain supply of true-hearted clergymen to carry on effectually the work of our Church in accordance with those Reformation principles on which it is based, resulted in 1877 in the establishment of WYCLIFFE COLLEGE.

1877.—

One teacher met in a room in St. James' School-house seven young men who then agreed to give themselves to the Work of the Ministry.

1882.—

As an outcome of the meeting in this "Upper Chamber," in 1879, Wycliffe College was incorporated, and in 1882 the **first structure**, then thought sufficiently capacious to answer all our needs was opened.

1891.—

1891 finds completed our present building on Hoskin Ave., with its chapel and largely increased accommodation, ready for occupation when the October Term begins. This has cost \$67,000, and we enter the building **free of debt**.

#### BUILDINGS.—

From a borrowed room we have come to a splendid building fully equipped for all the purposes of a Theological College, in close proximity to the national university, the University of Toronto, all the advantages of which, by affiliation, our Students enjoy.

#### MEN.—

From **seven** men the numbers that have been admitted to the benefits of the College have ran up to **one hundred and nineteen**. Of these **fifty-four** have been duly admitted to Holy Orders, and are now in many parts of the world carrying on the work.

After due testing twenty of those who entered have ceased to continue in attendance, the Council having determined that when a lack of fitness from any reason is shewn the attendance of the student ceases.

**Forty-five** will be ready for lectures when the College opens in October next.

#### MONEY.—

We commenced with nothing—we have paid \$67,000 for our new building and necessary equipments, and we have now an endowment of \$93,000 yielding \$5,500 a year; and in addition to this a subscription list of yearly contributions amounting to over \$8,000 a year.

#### LIBRARY.—

We began without a volume and now have a library of 8,000 volumes, containing many useful books of great value to the Students.

#### PROFESSORS.—

We began with one Teacher and now have four Professors.

f

## RESOURCES

We have now but the sum of \$93,000 as permanent endowment, bringing us an income of \$5,500 a year, we confidently appeal to the liberality of the loyal sons of the Church to make up this amount to \$150,000.

Those who prefer to make yearly payments can aid us by generously subscribing to our **ANNUAL MAINTENANCE FUND**, to raise it from \$8,000 to \$9,500.

## THE OUTLOOK

The demand for Wycliffe **is stronger now than ever**, true-hearted Churchmen are beginning everywhere to sympathise with us and support our work.

Our means must increase as the number of students applying for entrance increases, as we do not wish even to turn away one who is fit for the work. All that is necessary now, is that **every one** who feels the importance of this work will first pray constantly that God's richest blessing may rest upon its every department, and then prove their prayer is real by giving of what He has bestowed, to the education of a spiritually-minded Ministry for the extension of His Church and Kingdom.

THE ORIGIN AND POSITION  
OF  
WYCLIFFE COLLEGE.

---

WYCLIFFE COLLEGE originated in the prayerful deliberations of Clergymen and Laymen in the Diocese of Toronto, deeply impressed with the conviction that in an efficient and faithful ministry lie the strength and the hope of the Church; and that therefore provision must be made to secure the education and training of theological students in the definite principles of evangelical truth, as well as to give them a thorough general and liberal education. Hence the work and methods of Wycliffe College are based upon two distinctive positions; one more external though important—affiliation with the Provincial University; the other, internal and vital—distinctive evangelical teaching.

AFFILIATION WITH THE UNIVERSITY OF TORONTO.

The University comprises Faculties of Arts, Law, and Medicine. It is a non-denominational, although Christian, institution, leaving all Theological study to be pursued in the Divinity Schools, belonging to the different Christian Churches, which carry out their respective systems of Theological training in affiliation with the University, and in connection with University College, to which their students resort for their studies in Arts. By the Act of the Ontario Legislature which came into operation in 1889, Wycliffe College, which had been previously affiliated to the University by Statute, was constituted a confederated college of the University of Toronto, and from this connection it derives important advantages.

Every inducement is offered to the Students of Wycliffe to take a complete University course; and in cases where this is impossible, they can still avail themselves of the opportunities which the University affords, for instruction in Languages, Philosophy, and other departments of study.

The Students of Wycliffe College also enjoy the advantages of association with the large body of Students in attendance upon University College and the other Theologi-

cal Colleges. This is of no small consequence. It is of great value to Theological Students to receive their education where they can commingle with those amongst whom their life work is to be carried on, and can be stimulated by contact with men of various communions and callings.

A third benefit derived from connection with the University lies in this very practical consideration that all the resources of Wycliffe College can be devoted to the advancement of Theological learning, while for the general literary training the unrivalled resources of the University are utilized.

#### DISTINCTIVE EVANGELICAL TEACHING.

Distinctive Evangelical teaching in Theology forms the second great principle which underlies the work of Wycliffe College. Canon Blakeney, author of a well-known work on the Prayer-Book, has stated that:—"He believed the great ignorance of the truths of the Reformation which existed, was due to the fact that those important branches of knowledge had been overlooked in our educational establishments,—that even our Universities had failed to supply an adequate course of Theological study for our Divinity Students."

Distinctive Evangelical Theology teaches that Holy Scripture is the only authoritative rule of faith; that sinners are justified solely by the merits of Christ, and salvation is God's free gift; that the ministry is a body of pastors whose chief work is to unfold the Scriptures and to testify of Christ, and not an order of sacrificing priests without whose intervention there can be no union with Christ and no certainty of salvation. The work of Wycliffe College is based upon the conviction that in an efficient Theological School there must be clear and decided teaching in relation to these great fundamental principles of the Gospel.

#### DIVINITY DEGREES CONFERRED AT WYCLIFFE.

Under the Canon of the Provincial Synod, adopted in 1891, and by legislation since obtained, the various Universities and Colleges of the Church of England in Canada, have formed a joint Board of Examiners for Divinity Degrees and the Metropolitan of Canada has been appointed a corporation sole with power to grant such degrees.

In accordance with this the necessary examinations for degrees in Divinity are held at Wycliffe College and candidates after the passing of these examinations in their course

will have such degrees conferred upon them at Wycliffe College, by the Principal or other representative of the College acting for the Metropolitan.

#### EQUIPMENT OF THE COLLEGE.

The work of the College, which was known at first as the Protestant Episcopal Divinity School, was begun in a very modest way in the year 1877, in the School-house of St. James's Cathedral.

In 1882 the original College Street building, to the south of University College, was completed and occupied, and in 1885 was almost doubled in size by the addition of a handsome library, with dormitories overhead and refectory below.

Even this building proved inadequate for the growing needs of the work, so it was sold for hospital purposes, and the foundation of the present commodious building was laid in the Spring of 1890. This new building which will be formally opened in October of the present year, is beautifully situated in Queen's Park, on Hoskin Avenue, a short distance to the north-east of University College.

It contains rooms for forty-four students, lecture-rooms, library, chapel, housekeeper's quarters and residences for the Principal and the Dean, and is in every way well equipped for its work.

The Library contains at present about 8,000 volumes and receives additions as rapidly as the funds permit. The rooms of the students are suitably furnished; and every provision made for their health and comfort. The generosity of benefactors has provided a number of Bursaries available for those needing this assistance. The College would be greatly strengthened by further benefactions for this purpose. The teaching work of the College is carried on by a staff of four theological professors. Great stress is laid upon the practical work in the city and in country missions as a means of training, which is carried on under the supervision of the Professor of Practical Theology.

#### THE SITUATION OF THE COLLEGE.

In such a city as Toronto, with many earnest laymen, and especially with many clergymen of theological attainments and experience, means of enriching and strengthening the work of the College are provided, unequalled elsewhere in Canada. There are also in Toronto so many Christian

workers, and so many departments of Christian work that the students have many opportunities for gaining a practical acquaintance with the various methods pursued, and must receive both stimulus and enrichment from this contact.

The College is not local in character, but is intended to provide for the education of men from and for all parts of the Dominion. The territory is vast and the opportunity ripe. The Great North-West is rapidly filling up with a population of which a great part are members of the Church of England. So far we have failed to provide adequately for the spiritual wants of these people; and not only there, but in the older parts of the Dominion, men of earnest piety and Evangelical principles are greatly needed.

The graduates are working from end to end of the Dominion of Canada and some beyond it, while the demand for them is far in excess of what the College can at present supply.

THE DISTINCTIVE PRINCIPLES of this College, which are the basis of the instruction given, are :—

THE BIBLE, THE SOLE RULE OF FAITH; in opposition to the error that would make the Bible and tradition the *joint* rule of faith.

“Holy Scriptures containeth all things necessary to salvation, so that *whatsoever is not read therein, nor may be proved thereby*, is not to be required of any man, that it should be believed as an article of the faith, or be thought requisite or necessary to salvation.”—*Article VI.*

2. JUSTIFICATION BY FAITH IN CHRIST ALONE; in opposition to the sacramentarian system.

“We are accounted righteous before God, only for the merit of our Lord and Saviour Jesus Christ by faith; and not for our own works or deservings. Wherefore, that *we are justified by faith only*, is a most wholesome doctrine and full of comfort, as it is more largely expressed in the Homily of Justification.”—*Article XI.*

“The Sacraments were not ordained of Christ to be gazed upon or to be carried about; but that we should duly use them. And in

such only as *worthily receive the same* [that is, with a 'lively and steadfast faith in Christ our Saviour.'—*Communion Service*] they have a wholesome effect or operation; but they that receive them unworthily purchase to themselves damnation, as St. Paul saith."—*Article XXV.*

3. THE SOLE AND EXCLUSIVE PRIESTHOOD OF JESUS CHRIST, in opposition to the assumption which would convert Christ's ministers into an order of sacrificing and mediating priests (*épêris*).

"The only priests under the Gospel, designated as such in the New Testament, are the saints, the members of the Christian Brotherhood. As individuals, all Christians are priests alike." "The most exalted office in the Church, the highest gift in the Spirit, conveyed no sacerdotal right which was not enjoyed by the humblest member of the Christian community."—*Lightfoot, Bishop of Durham.*

Comp. Hooker, B. V., c. LXXVIII.

"The word *priest*, as used in the Prayer Book, is *synonymous* with, and is but a contraction of, *Presbyter*."—*Bishop McIlvaine.*

4. THE REAL PRESENCE OF CHRIST BY FAITH IN THE HEARTS OF WORTHY RECIPIENTS OF THE HOLY COMMUNION; in opposition to the figment of His presence corporeally or spiritually on the communion table, under the form of bread and wine, after the consecration of the elements.

"No adoration is intended, or ought to be done, either unto the sacramental bread or wine, there bodily received, or unto any Corporal presence of Christ's natural Flesh and Blood; . . . the natural Body and Blood of our Saviour Christ are in Heaven and not here."—(*Note at end of Communion Service.*)

"If a man . . . by any other just impediment do not receive the Sacrament of Christ's Body and Blood, the Curate shall instruct him if he do truly repent him of his sins, and steadfastly believe that Jesus Christ hath suffered death upon the Cross for him, and shed His Blood for his redemption, earnestly remembering the benefits he hath thereby, and giving Him hearty thanks therefor, he doth eat and drink the Body and Blood of our Saviour Christ profitably to his soul's health, although he do not receive the Sacrament with his mouth."—(*Rubric in Communion of the Sick.*)

"The Body of Christ is given, taken, and eaten, in the Supper only after an heavenly and spiritual manner. And the means whereby the Body of Christ is received and eaten in the Supper is faith."—*Article XXVIII.*

5. THE CHURCH OF CHRIST is "the Holy Catholic Church."—(*Creed.*) "The Holy Church Universal."—(*Prayer for Church Militant and Litany.*) "The mystical body of Christ, which is the blessed company of all faithful people."—*Communion Service.*

"The true Church is an universal congregation or fellowship of God's faithful and elect people, built upon the foundation of the Apostles and Prophets, Jesus Christ himself being the head corner stone."—*Homily for Whitsunday.*

"Before all sermons, lectures, and homilies, the preachers and ministers shall move the people to join with them in prayer in this form or to this effect, as briefly and conveniently as they may. Ye shall pray for Christ's Holy Catholic Church, that is, for the whole congregation of Christian people dispersed throughout the whole world, and especially for the Churches of England, Scotland, and Ireland."—*Canon XV.*

6. "THE VISIBLE CHURCH (VISIBILIS ECCLESIA) OF CHRIST IS A CONGREGATION OF FAITHFUL MEN, in which the *pure word of God is preached, and the sacraments be duly administered* according to Christ's ordinance, in all those things that of *necessity are requisite to the same.*"—Article XIX.

7. AN HISTORICAL EPISCOPATE, traceable to Apostolic direction, as conducive to the *well-being*, but *not necessary to the being*, of the Church; in opposition to the dogma of a tactual succession, "a fiction," asserts Dean Alford, "of which I find in the New Testament no trace."

*Bursaries and Loans.*

## REGULATIONS.

- I. There are ten Bursaries of \$120 each per annum, renewable from year to year during the Academic Course of the Beneficiary, at the discretion of the Executive Committee.
- II. Bursaries shall be awarded upon the conditions hereinafter stated. Failure to comply with the conditions required will involve the forfeiture of the Bursary.

III. Provision has been made for extending loans to students under certain prescribed conditions, whenever the applicant himself prefers to receive assistance in this form, or whenever the Executive Committee judge it expedient, and the funds of the College permit it.

IV. Sums of money not exceeding \$120 per annum may be loaned to students who comply with the necessary conditions to the satisfaction of the Executive Committee. No interest shall be charged upon these loans, and they shall be repayable on such terms as the Committee shall arrange.

V. All applications for Bursaries or for Loans shall be referred to the Executive Committee, appointed annually by the Council.

VI. In the case of every application for a Bursary or for a Loan, it shall be the duty of the Executive Committee to make thorough and careful enquiry, in order to ascertain, first, that the applicant is worthy of the assistance he seeks; and, secondly, that his financial circumstances are such that, without this assistance, he is unable to proceed with his studies.

VII. In all cases the holder of a Bursary or of a Loan shall be upon probation during his first term in residence; and it shall be understood that the grant of a Bursary or of a Loan may be discontinued at the end of the term, if the Beneficiary be found inefficient or unworthy.

X. The applicant is expected to be in hearty and practical sympathy with Evangelical Truth as opposed to the errors of Sacerdotalism on the one hand, and of Rationalism on the other. The Council feel that for applicants to accept the aid with other views and feelings, would be as dishonest in them as it would be for the Council to use for some different purpose the money entrusted to them for Evangelical Education.

XI. The applicant is required to bring satisfactory testimonials, stating that he is a suitable person to receive aid from the Council in preparing for the sacred Ministry, and also, that without such aid he is unable to pursue his studies.

XII. The applicant is required to fill up, sign, and transmit to the College Registrar a form of application for Bursaries or Loans, which form may be had upon application in person or by writing to Registrar.

XIII. No Student shall hold a Bursary or Loan in any academic year unless he has passed the full examinations of the College or of the University immediately preceding such year.

#### STUDENTS' MISSION SOCIETY.

This Society has been in operation under the patronage of the different Bishops, in whose Dioceses work has been undertaken since November, 1881, and its work since that time has been very satisfactory. The object of the Society is to open up new Missions, and to keep open old ones which are unable to maintain a resident clergyman; and a valuable feature of its work is, that it is made a means for the education in practical parochial organization and work, of men who are preparing for the ministry, and thus enables them to enter upon their ministerial labours, when their College course is completed, with some knowledge of what its duties are.

#### COMMITTEE FOR 1891-92.

*President*—I. O. Stringer, B.A.

*Vice-President*—R. P. McKim.

*Secretary*—W. G. G. Dreyer.

FINANCIAL REPORT,

1890,

WYCLIFFE COLLEGE,

TORONTO.

## TO THE SUBSCRIBERS TO WYCLIFFE COLLEGE.

The Treasurers have great Pleasure in making the following statement of the amount received and expended upon the work during the year covered by the following report. When they remember the depression in many branches of trade and business, and the great scarcity of ready money during the past year, they again feel thankful that they can send you a statement showing all debts cleared entirely away, and a balance to the good. It only serves to prove the fact that Wycliffe College and its work holds a place very near to the heart of the laity of the Church of England; and that, no matter at what sacrifice to themselves, the laity are still determined ever to carry forward this telling work for the Church and Master they love.

The Treasurers would take this opportunity of reminding the friends of the College, as they have done in the past, that for two-thirds of its most important work it is dependent upon the voluntary annual subscriptions of those who feel the importance of its distinctive teaching. The work is growing with an ever increasing rapidity, so must the support. They earnestly ask for renewed energy on behalf of the college. They would further ask that those who are good enough to subscribe to the funds of Wycliffe will, whenever possible, send their subscriptions PROMPTLY. It involves time and expense of postage, as well as great inconvenience in managing the finances of the College when these are delayed. With great confidence they commend the work to you for another year which has now opened upon us.

S. H. BLAKE,  
STAPLETON CALDECOTT,

*Treasurers.*
