## TRAGEDY AT BALMORAL.

Constables In Trying to Arrest a Man Fatally Wounded Him.

### PETER FONTAINE DEAD.

Conflicting Testimony at The Inquest, Which has been in Session Several Days.

Peter Fontaine of Balmoral, while resisting arrest, was shot on Thursday morning by Policeman Geo. Seely of Dalhousie. It appears that on the 10th, Peter and Andrew Fontaine, brothers, abused Charles Doyle, who lodged a complaint. Wm. Gallop and Geo. Seely were sent to arrest the Fontaines, and went to Balmoral Wednesday night.

At the inquest Saturday afternoon, Geo. Seely testified that he drove to Andrew Fontaine's house, arrested him, and after leaving him in charge of Wm. Gallop, then proceeded to the house of Geo. Galbert where the latter's brother-in-law, Peter Fontaine, was staying. He knocked and a man appeared, at whom he pointed a revolver, saying: "You are my prisoner." The man was Peter Fontaine, and Seely says, grabbed his wrist with one hand and caught him by the throat with the other. Then a second party came at his back and in a sudden jerk the revolver was accidentally discharged. He said the men were endeavoring to discharge the revolver against him. He fired a shot at Fontaine when the latter was running around the house after the scuffle. On the appearance of a man with an axe he fired several shots.

Dr. W. G. Disbrow, who held the post-mortem, said the fatal shot was fired while the men were in the scuffle.

Mrs. George Jalbert swore positively that she and her husband were sleeping downstairs and that her husband opened the door and Seely pointed a revolver at him, saying something in English that she did not understand. Her husband seized the policeman's hand and both men fell into a scuffle outside. She called to her brother to come down, that a stranger was murdering her husband, and Fontaine rushed down and took part in the quarrel. Peter Fontaine started running around the house, and was fired on by both officials. Her brother Anthony appeared later with an axe.

Mrs. Andrew Fontaine, who saw the fracas at a distance, confirms Mrs. Jalbert's evidence. She stated that Jalbert came first to meet Seely. That both officials fired at Peter Fontaine as he was running away. After the three entered the house she heard several shots.

The inquest resumed on Monday Andrew Fontaine swore that after being arrested and taken to Jalbert's house, he saw Peter Fontaine break away in a scuffle and both constables fire at him. Peter dropped on his hands and knees and crawled into the house. Seely had fired first.

George Jalbert's testimony agreed with Andrew Fontaine's. Constable Gallop swore that he saw two men at Seely. Struck Jalbert over the head. Then Fontaine left. Gallop called out to him, "Stop or I'll fire." Peter

## WOMEN'S MISSIONARY SOCIETY MEETINGS

Enthusiastic Conventions Held last Week in Bathurst and Richibucto.

The W. M. S. Conventions of Chatham District, North and South, were conducted last week, by Miss F. E. Palmer, Branch Cor. Sec., St. John; Mrs. F. S. Williams, B. C. S., Marysville, and Mrs. Leard, of Newcastle, organizer for the district. Miss Crumie, returned missionary from Japan, accompanied them. At the Bathurst meeting held on the 12th, the Campbellton Auxiliary Circle and band reported exceptional success. Bathurst band is also doing well. Miss Williams gave a talk on band work, illustrated by maps, pictures Japanese dolls, etc. Her talk on the organization of the W. M. S. was instructive. Miss Keith gave a map study on China. Miss Crumie was the principal speaker at the evening session. All were glad to hear her story of the Sunrise Land.

At Richibucto, on the 13th, the delegates met with a hearty welcome. In the evening a reception was tendered them at the parsonage. The first session opened on the morning of the 14th, with a Bible reading by Miss Powell, of Richibucto. Mrs. Atkinson reported that Harcourt auxiliary had been closed during the winter, but was now meeting. It had raised \$45. Mrs. R. Lingley reported that Newcastle Auxiliary meets monthly and had raised \$31.66. Newcastle Band had held fourteen meetings since October, with an average attendance of fifteen. Had raised \$4.25. Richibucto had not met regularly. Had had successful Easter service, and had raised over \$30.00. Chatham Auxiliary has done good work and raised about \$50. The afternoon meeting closely resembled that of Bathurst. In the evening Miss Crumie spoke on Japan.

**BOIESTOWN.**  
 Boiestown, June 15.—At a meeting of the citizens held in the Hall on Thursday evening it was decided to hold the annual Foresters' picnic on June 28th. Friday evening a meeting of the ladies was called to look after the tables for the dinners on the day of the picnic.

Mrs. Schofield, who has been visiting friends here, has returned to Fredericton.

Messrs. H. Richards and D. Ferguson are recovering from an attack of measles.

The many friends of Mr. B. Dennison will be glad to know that he is much better.

Mr. J. D. McMillan and his daughter, Frances, are spending a few days in Fredericton.

Mr. Headley Pond has returned to Fredericton to resume his studies at the Business College.

Mr. and Mrs. Chas. Duffy are receiving congratulations on the birth of a daughter.

Mr. J. D. Seely got up and called out the same words, then fired one shot. Peter turned and entered the house. He grabbed for Peter but missed him. Then Andrew Fontaine who was handcuffed, escaped and fled. As Peter went upstairs Gal did not stop him. Went upstairs. Peter attempted to strike him. Gal grabbed him by the shirt but caught Peter and both rolled down stairs. Caught one of Peter's hands while Seely seized the other and handcuffed him. Then discovered he was dying. Telephoned for doctor. Had been told that the Fontaines were dangerous men. When he and Seely had seen another man coming towards them with an axe they then fired three shots.

Anthony Fontaine swore that his sister, Mrs. Jalbert, told him there were murderers at her home. He rushed down with an axe. Both Seely and Gallop fired at him. When he reached Jalbert's house, he saw blood on every step.

R. A. Lawlor, K. C., counsel for the Fontaines, wished to have the body exhumed to see if the bullets in it were of different calibre as the officers' revolvers were different.

Inquest was postponed until 10 o'clock this morning.

## EXHIBITION OF ART WORK.

Handsome Samples of Needle Work and Embroidery Being Shown at St. Mary's Convent.

### FINE PAINTINGS.

Evidence Everywhere of Careful Training and Faithful Study.

The exhibition of art work which was shown at St. Mary's Convent on Monday and Tuesday evenings of this week was a grand success, and reflects much credit on the reverend sisters in charge of the work. The room was tastefully decorated with potted flowers and with work done by the pupils during the year. The work comprised doilies, by Misses G. Viekers, M. Copp, A. Donovan, I. Hamilton F. Doyle and M. DeWolfe; V. yokes by Misses J. Doyle, M. Doucet and Almira Coulombe; Hats in eyelet work by Misses A. Quinn, J. Doyle, E. Adams and Almira Coulombe. These hats in themselves are works of perfection and the trimmings of pink roses and green leaves attract the eye on entering. There is also a very pretty shirt-waist suit in Peter Pan style by Miss Almira Coulombe. Very handsome waists in hand embroidery by Misses Quinn, A. McCombe, W. Cronan, and M. Coulombe were shown.

A very pretty pair of pillowshams was done by Miss W. Cronan, which shows great taste on her part; also a pair done by Miss E. Nadeau of equal beauty.

The observer is here attracted by the many crayon and oil paintings and water colours, but especially those done by Misses S. Urquhart, M. Murray, M. Doyle and E. Adams. The studies by Misses M. McIntyre, W. Cronan, L. Cronan, E. Adams and C. Pearson are also very life like and striking.

Turnover collars by E. Bruneau, A. Coulombe, L. Cronan and H. Copp are on exhibition; also table covers by Misses F. Doyle and M. McIntyre, and slippers, in blue crocheted work, by Miss Bruneau.

A handsome black silk scarf with tatted trimming attracted the eyes of all present, and was due to the skill of Miss E. Bruneau.

This exhibition will be continued this evening, and those who do not see it will miss a rare treat. The Reverend Sisters are always ready to show the work done by the pupils in their charge and spare no pains to make everybody welcome. The visit is one that will not easily be forgotten, and will yield the visitor much pleasure and profit. The pupils of the school show every sign of the most careful training, and are very proficient in their work.

## LIBERAL MEETING TO-MORROW.

Annual Convention Northumberland County Association Assembles Here.

### IMPORTANT BUSINESS.

The annual meeting of Northumberland County Liberal Association will convene in the Temperance Hall here to-morrow (Thursday) afternoon, at 3 o'clock. This will be a very important meeting, and all delegates should make it a point to be present. Officers will be elected; and, considering that the Local Elections cannot be very far off, and it will soon be time to prepare for another contest, the proceedings should provide lots of interest.

## NEW PROFESSORS FOR THE U. N. B.

Educational Services of Dr. Phillip Cox Fittingly Recognized.

The Senate of the U. N. B., at its session Thursday, appointed the following who succeed Professors Bailey, Salmon and Brittain:

Professor of Natural History and Geology—Dr. Phillip Cox, Principal of Chatham Grammar School, Salary, \$1,200.

Professor of Physics and Electrical Engineering—William B. Cartmel of Cambridge, Mass., salary \$1,100 and residence.

Professor of Chemistry—Ghas. M. Carson, of London, Ont., salary, \$1,200.

Of the new appointees Dr. Cox is the best known in New Brunswick. He is a native of Maudslow, Sunbury Co., and graduated from the university in 1871. He received the degree of bachelor of science from his alma mater in 1890 and that of P. H. D. in 1894. Dr. Cox served as inspector of schools for several years, and has had a large experience as teacher. He is familiar with the geology of the province, and is recognized as a most industrious and enthusiastic worker in the cause of education. He formerly taught in St. John, and in Newcastle.

Prof. Cartmel is a native of Greenwich, England; and Prof. Carson, of London, Canada.

Prof. Murdoch Stewart MacDonalld, Professor of Philosophy and Economics, has reconsidered his resignation.

The other members of the Faculty are Cecil Chas. Jones, Chairman and Professor of Mathematics; Wm. Tyng Raymond, of Civil Engineering and Astronomy; and Harold Goughigan, of English, French and German. A chair of forestry will be founded and an assistant professor of Engineering will be appointed just as soon as the increasing grant from the Provincial government is obtainable, which will be after the increased provincial subsidies are payable.

**FISH, FOREST AND GAME**

Association Formed by Prominent New Brunswickers at Fredericton Last Week.

MEMBERSHIP FEE \$2.00.

Organization Will Undertake Prosecution of Violators of Fish and Game Laws.

The New Brunswick Fish, Forest and Game Association was formed at Fredericton on Wednesday evening, 12th inst. Fred H. Edgestonbe occupied the chair. Among others present were: Surveyor General Sweeney; Deputy Surveyor General Hocking; Chief Warden Robinson; Notary Mauder; and Geo. McKay, Newcastle; Thos. F. Allen, Steward of the Tobique Salmon Club; W. H. Allen, Pennac; and a large number of Frederictonians.

Letters of hearty endorsement were read from Ernest Hutchinson, Douglastown; W. B. Snowball, Robt. Loggie, and James Beveridge, Chatham; M. Mowatt, Campbellton; O. Turgeon, M. P., Baileys; the N. B. Forestry Association; T. Lynch, Fredericton; John T. Rundle, Boiestown; and others.

Several prominent lumbermen of the North Shore, while approving of the object of the association, expressed the hope that it would also give attention to the question of forestry protection and the meeting unanimously agreed to conform to their wishes in this respect.

An interesting letter was read from A. Kelly Evans, secretary of the Ontario Fish and Game Protective Association, telling of the good work which had been accomplished in that province.

Acting Secretary Winslow submitted a draft of the by-laws prepared for the association, and which were taken up section by section and adopted with some amendments.

Membership for the parent association was fixed at \$2 and provision was made for the formation of branches in counties, cities, towns and villages, they to pay a per capita fee of 50 cents. The fee for life members was fixed at \$25. Clergymen and teachers will be permitted to join free of charge.

The object of the association are: the protection of game and fish; protection of forests from fire and to carry on an educational campaign. Power was given the executive to expel members for cause, but they can be restored on two-third vote of the general meeting.

The annual meeting was fixed for first Wednesday in May. Every branch organization formed hereafter shall be allowed to nominate members of the executive. The organization will undertake the prosecution of violators of the game and fishery laws and a legal committee is to be appointed by the executive for the purpose.

The following officers were elected: Hon. pres., Surveyor General Sweeney; pres., C. Fred Chestnut, Fredericton; first vice-pres., F. B. Edgestonbe, Fredericton; second vice-pres., J. S. Neill, Fredericton; third vice-pres., Timothy Lynch, Fredericton; secretary, J. J. Winslow, Fredericton. The following additional vice-presidents were elected and power was given the executive to add to the number; Westmorland, J. W. V. Smith; St. John, George W. Jones; Carleton, Dr. H. A. Green; Northumberland, W. B. Snowball; Restigouche, D. Richards; Charlotte, Colf Chippman; Victoria, F. F. Allen; Kent, J. D. Irving.

T. F. Allen said he represented the Tobique Salmon Club and he assured the meeting that every member of that organization would join the association.

It was unanimously agreed that Fredericton should be the headquarters of the movement.

Surveyor General Sweeney, in a brief speech, expressed his cordial approval of the object of the association and assured the members that he would be pleased to cooperate with them in protecting the fish, game and forests of the province. He praised the work of the tourist associations in making the attractions of the province known to outsiders and expressed the hope that before long there would be branches of the new organization in every town and county of the province.

The secretary was ordered to have by-laws published for general information. All of the gentlemen present were enrolled as members.

**PAIN**

Pain in the head—anywhere, has its cause in congested blood pressure—nothing else. At least, so says Dr. Shoop, and it is true. He has created a little pink tablet. That little tablet—Dr. Shoop's Headache Tablets—courses blood pressure away from pain centers. It is a cleansing, pleasantly delightful, gentle, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If you have a headache with a woman, same cause. If you have a headache, nervous, it's blood congestion—blood pressure. That remedy is a compound of Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the congested blood pressure.

Before your fever, and doesn't get red, and swell, and pain your forehead, it's congestion, blood pressure. You'll find it where pain is. Buy it. It's Dr. Shoop's Headache Tablets. Get it at 25 cents, and don't be fully recommended.

much a society to solve industrial problems as to make men safe hereafter. Professor Magill, after delivering the aforesaid speech, was unanimously chosen by the Assembly to succeed Rev. Dr. Falconer as Principal of Pine Hill Theological College. This would indicate that Mr. Magill's views are entirely satisfactory to the members of the supreme court and members of the great Presbyterian church in Canada—a body which by the last census was credited with a population of 842,442, of whom 39,498 were in New Brunswick.

**BRITAIN'S LAND**

Some time ago the British parliament passed a bill providing for compulsory purchase at government valuation of large estates in Ireland and their division among the tenants. The latter are aided by the government and receive a full title to the land.

The Small Landholders Bill for Scotland is now before the House of Commons. It would create a kind of dual ownership, with fair rents fixed by government authority and fixity of tenure guaranteed from the same source.

Now it is the turn of South Britain. The following, according to the London Daily Chronicle, are the proposals of the Small Holdings Bill for England and Wales, which was introduced on behalf of the government into the House of Commons on the 27th ultimo by Mr. Lewis Harcourt, First Commissioner of Works:—

To set up, instead of a class of small owners, a class of occupying, cultivating tenants, directly under public authority and with the security of tenure given by public instead of private contract. The occupiers will have no saleable tenant right. Borough and County Councils will be the acting authority in the case of small holdings, and parish councils with regard to allotments (lots containing from one to five acres). These bodies will have power to obtain land by purchase or lease, by agreement or compulsion, with no addition to price on acquisition by compulsion. A Board of Commissioners, under the Board of Agriculture, will take action in the event of default by the local authorities. Co-operative societies and credit banks for the furtherance of small holdings may be protected and assisted by the Commissioners or the local authorities. There will be a Treasury contribution of £100,000 to the Small Holdings Fund of the Board of Agriculture in the first year.

If this bill becomes law, the municipal councils and, when they refuse or neglect to act, the national government will become landlords on a large scale. This is a startling innovation for conservative England, and the progress of the bill will be watched with interest in all other countries. The Lords may treat this new measure as they recently treated the Education Bill; but, unless all signs fail, the day of the irresponsible domination of the privileged classes is about over. The common people of England are beginning to assert their rights, and when once they are fully awake to their own interests the country will no longer have any use for the peers.

In Ireland the farmers are driving the cattle off the grazing lands with the purpose of compelling the owners of the latter to abandon grazing and sell their properties in small lots to actual cultivators. When every tenant farmer in Ireland becomes a landowner, there will still remain the propertyless people of the towns to be provided for. The government has already taken them into consideration, appropriation having been voted some time ago for the building of some 30,000 model cottages to be sold to laborers on easy terms. No such provision has yet been made for English, Scotch or Welsh laborers; but the government, having gone so far, cannot now draw back, and must ultimately use all alike. Once the stronghold of conservatism, the British parliament is rapidly setting a pace for other countries in radical democracy.

**AUSTRIA AND BAVARIA.**

The returns for last month's general elections in Austria are to hand for all the provinces but Galicia and Dalmatia. They show that the population of about 18,500,000 cast 3,230,509 votes. The Socialists elected 84 members, and secured 965,395 votes or 29.7 per cent. of the total vote polled. The Christian Democrats, the next largest party, elected 126 members. The vote of Galicia, which has 7,250,000 people, and of Dalmatia, whose population is 500,000, is not yet reported.

Bavaria (a German State with about 6,000,000 people) has, like Austria, lately adopted direct and equal manhood suffrage; and her first election under the new conditions was held a few days ago. The returns for 115 of the electoral districts show that, so far, the Liberal party has elected more than all the others put together, the figures standing: Clericals, 66; Socialists, 21; Liberals, 19; and the Peasants' League, 9. About 48 more districts are to be heard from.

**BOIESTOWN.**

Boiestown, June 8.—The river drives passed this place last week. Work on the new railroad bridge was stopped on Thursday by a heavy rain storm.

The Rev. Mr. Weaver is expected to arrive Saturday night and hold service Sunday afternoon in the Baptist church at three o'clock. A special choir is to provide music for the Forrester's Annual meeting which will be held in the hall the third Sunday of this month. Service to begin at seven o'clock.

Mr. Benjamin Dennison was badly hurt on Friday morning while working on the river. He will be laid up for some time.

**DOCTORS USING PATENT MEDICINES**

The Honest Physician is Anxious to Cure and Uses the Best Available Remedies.

The proposed legislation through the Dominion Parliament for the regulation of the manufacture and sale of patent or proprietary medicines is of the utmost importance, and it is receiving a great deal of attention, not only by the proprietary medicine manufacturers, but also by the leading doctors and druggists. Every manufacturer of reliable and high class remedies welcomes the bill as a step in the right direction. The discussion has brought out the fact that the best physicians in Canada and on the continent approve of and prescribe Psychine in cases of the most difficult character. In a recent instance of very serious throat and lung trouble the patient had been using Psychine. Two leading United States specialists were consulted in addition to two eminent Canadian physicians. Upon learning what the patient was using, a sample of Psychine was taken and analyzed, with the result that the physicians advised its continued use. They prescribed no other medicine but Psychine, with the result that the patient has fully recovered and is a splendid walking and talking advertisement for the wonderful curative power of a remedy that will "stand up" before the keenest professional criticism and analysis. As a builder up of the system and restorer of all wasted conditions, Psychine has no equal, and the best and most earnest physicians recognize this fact.

"At the age of 21 my lungs were in a terrible state. I had a grippe the year before; it settled on my lungs and I had a severe coughing spell till I got down so low I was in bed for six weeks. I had a consultation of doctors, and they said they could do nothing more for me. Then I started to use Psychine. I took the medicine for more than a year. It gradually did wonders for me. I am now as strong as I was before my sickness."

W. H. B. BOYD, Morpeth, Ont.

Psychine, pronounced Si-keen, is the greatest of tonics, building up the system, increasing the appetite, purifying the blood, aids digestion, and acts directly upon the throat and lungs, giving tone and vigor to the entire system. At all druggists, 50c. and \$1.00. Dr. T. A. Sloan, Limited, 179 King Street West, Toronto.

**PLAIN SPEAKING.**

Professor Magill's declaration in the Presbyterian General Assembly that "It is no use preaching to men, women and children who have nothing to eat and who are living in a room where no dog should sleep," was straight to the point and worthy of the most earnest consideration. That there are many such people in industrial centres and that their number is increasing more rapidly than the general population cannot be denied. If the churches are to hold the masses, they must display as

**OPERATIONS AVOIDED**

**Two Grateful Letters from Women Who Avoided Serious Operations—Many Women Suffering from Like Conditions Will Be Interested.**

When a physician tells a woman suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it when told by her physician that she must undergo an operation she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations.

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much fewer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Mrs. Robert Glenn of 434 Marie St., Ottawa, Ont., writes:—

Dear Mrs. Pinkham:—

Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in your favor. I have suffered untold agonies from a serious female trouble for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound, and I am only too glad to say that I am now well.

Ask Mrs. Pinkham's Advice—A Woman Who Undergoes a Serious Operation.

placed that I did so; for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes.

Mrs. Margaret Merkle of 2752 1/2 Street, Allouez, Wis., writes:—

Lydia E. Pinkham's Vegetable Compound cured my severe shooting pains through the pelvic organs, cramps, bearing-down pains, and an unhealthy disposition, complicated with medical advice. The doctor, after making an examination, said that I had a serious female trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

To my surprise the ailment gradually faded, all the bad symptoms disappeared, and I am once more strong, vigorous and well. I cannot express my thanks for what has done for me.

Serious feminine troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham, at Lynn, Mass., for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, ulceration, falling and displacement, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

**REMARKABLE INVENTION FOR THE Culture of Hair.**

**THE EVANS VACUUM CAP** is a special invention constructed of scientific and hygienic principles by the simple means of which a free normal and circulation is restored throughout the scalp. The minute blood vessels are greatly stimulated to activity, thereby allowing the food supply which can only be derived from the blood, to be carried to the hair roots, the effects of which are quickly seen in a healthy, vigorous growth of hair. There is no rubbing, and as no drugs or chemicals of whatsoever kind are employed there is nothing to cause irritation. It is only necessary to wear the cap three or four minutes.

**60 DAYS FREE TRIAL.**

**The Company's Guarantee.**

AN EVANS VACUUM CAP will be sent you for sixty days free trial. If you do not see a gradual development of a new growth of hair, and you are not convinced that the Cap will completely restore your hair, you are at liberty to return the Cap with no expense whatever to yourself. It is requested as an evidence of good faith that the price of the Cap be deposited with the Chancery Lane Sales Deposit Company, of London, the largest financial and business institution of the kind in the world, who will issue a receipt guaranteeing that the money will be returned in full, on demand, without questions or comment, at any time during the trial period.

The eminent Dr. E. B. Lee, in his address to the Medical Board on the subject of Elopacts (loss of hair) stated that if a means could be devised to bring nutrition to the hair follicles (hair roots), without resorting to any irritating process, the problem of hair growth would be solved. Later on, when the EVANS VACUUM CAP was submitted to him for inspection, he has previously made before the Medical Board, and confirm his practice observations.

Dr. W. Moore, referring to the invention, says that the principle upon which the Evans Vacuum Cap is founded is absolutely correct and indisputable.

An illustrated and descriptive book of the Evans Vacuum Cap will be sent, post free, on application.

**ANNUAL DISTRICT MEETING.**

Methodist Clergy and Laymen Assemble at Harcourt.

The ministers of the Chatham Methodist District met in Harcourt on Tuesday at 2 p. m., Rev. A. D. McCully of Bathurst presiding. The other ministers present were the Revs. Geo. Sellar, Chatham; H. C. Rice, Newcastle; J. S. Gregg, Derby; J. B. Young, Richibucto; J. B. Champion, Harcourt; Richard Opie, Buctouche; W. A. Thomson, Campbellton; also Geo. Morris of Chatham, a probationer for the ministry and John T. Costain who has been a supply at Tabusintac.

After devotional exercises there was the usual examination in regard to ministerial character. Geo. Morris was recommended as a probationer of two years and that he be sent to college. John B. Costain having passed a satisfactory examination before the District was recommended as a candidate for the ministry.

In the evening a public meeting was held and the Rev. Geo. Sellar of Chatham preached a helpful sermon. At the close of the service the ministerial session again convened and considered ways and means of increasing interest in the work of the church.

The annual District opened on Wednesday morning. In addition to the ministers there were also present Ald. T. A. Clarke of Newcastle and L. J. Wathen of Harcourt. The Rev. H. C. Rice was elected Journal Secretary with Geo. Morris as assistant. Rev. R. Opie was elected statistical secretary with Rev. J. B. Young as assistant. The minutes of the ministerial session were read and adopted. The membership returns were about the same as last year, there was, however, a large increase in the financial returns of the District. Rev. J. S. Gregg was elected to the stationing committee of the annual conference, with W. A. Thomson as alternate. The following laymen were elected to the annual conference which meets next week in St. Stephen: E. A. Strang and S. Irvine, of Chatham; H. H. Stuart, Newcastle; C. C. Crocker, Millerton; R. W. Beers, Rexton; Ezra Gessner, Cotesville; J. Deveraux, Campbellton; John Brown, Bathurst; J. S. Hierlihy, Tabusintac. Reserve delegates: S. McLoon, Chatham; Wm. McLean, Seville.

The following were elected to serve on Conference Committees: Class Leaders, Local Preachers and other Lay Agencies—Samuel McLoon, Rev. R. Opie. Epworth Leagues and Young Peoples' Societies—H. H. Stuart, Rev. W. A. Thomson. Contingent Fund—John Devereux, Rev. A. D. McCully. Sustentation Fund—C. C. Crocker, Rev. J. B. Young. Temperance, Prohibition and Moral Reform—H. H. Stuart, Rev. George A. **Bowel Troubles**

Liver pills, cathartics, mineral waters, often make Constipation worse. They merely irritate the bowels and force them to move—stop taking purgatives and the bowels become "tight" again.

**"Fruit-a-tives" are the one certain cure for Constipation**

because their action is upon the liver. "Fruit-a-tives" are a liver tonic. They stimulate the secretions of bile by the liver, this bile causes the bowels to move in the natural, regular way and completely cures Constipation.

"Fruit-a-tives are fruit juices with tonics and antiseptics added. In "Fruit-a-tives" one atom of bitter replaces one atom of sweet in the fruit juices, forming a new compound which is many times more active, medicinally, than the fruit juices could possibly be. 50c. a box—\$2.50 for 6 boxes. **RESOLUTION OF CONDOLENCE**

Branch 177 of the Catholic Mutual Benefit Association of Canada in regular session assembled at Newcastle, N. B., on the eleventh day of June, A. D., 1907, resolved and adopted that:

Whereas Francis D. Ryan, a valued member of this Association has, in the dispensation of Providence, been called upon to deplore the death of his wife; and

Whereas in her death he has been deprived of a cherished companion, the community, of a most respected citizen;

Be it resolved, that this society while humbly accepting God's providential rulings, do sympathize with brother Ryan in his domestic afflictions, praying for him the strength of will and the spirit of Christian resignation so becoming in times of trial; and

Be it furthermore resolved, that a copy of these resolutions be presented brother Ryan, spread on the official records of the Branch and forwarded to the local fourthals.

**BE REPRESENTED.**  
The annual meeting of the Maritime Board of Trade will be held at the City of St. John on Wednesday, 21st August next. All affiliated Boards are requested to select the subjects they wish discussed and forward them with any resolutions on same to the Maritime Secretary on or before July 5th, in order that he may have time to mail copies to all Boards to enable the latter to be come familiar with all the subjects to be presented. Our Board should have something of importance to bring up for discussion at the coming meeting. If nothing definite has yet been thought of there is still time to call a meeting and deliberate on the best plan to pursue at the conference. Our Board should at least have delegates appointed to represent it in St. John. The report that any wide-awake delegate could bring home from such a gathering would be worth far more than the cost of sending him.

**RUSSIA'S CRISIS.**

The second Russian Duma is no more. In spite of the indirect interference of its election and the interference at the polls of officers and soldiers on behalf of the government candidates, the three Socialist parties managed to secure about forty per cent. of the seats, and a large number of the remainder fell to the Constitutional Democrats, who on general lines worked with the Socialists. The crisis came on the 14th instant, when Premier Stolypin demanded that the Duma expel the whole Social Democratic party and sanction the arrest of sixteen of that party's leading members. This the Duma, by an overwhelming majority, refused to do, and now the Czar has dissolved the parliament, and ordered the arrest of the obnoxious deputies, the most of whom have been taken into custody.

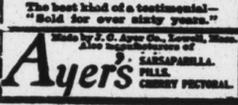

A similar action was taken by Charles I. of England in 1642 and resulted in a revolution in which the monarchy and the House of Lords were for a time abolished and the king lost his head. Louis XVI. of France broke up his parliament and imprisoned its leaders, and in 1792 he lost his head and France became a republic. Czar Nicholas may, by force and fraud, rule the 140,000,000 people of Russia a little longer, but the chances are that he'll go where Charles and Louis went, leaving his down-trodden country to work out her destiny in freedom and peace.

**HAVE KEPT FAITH.**

Britain has kept her promise to the last of the Dutch States of South Africa, by granting the Orange River Colony a constitution similar to that lately granted to Transvaal. As it is only five years since the Orange River and Transvaal States were conquered, the Dutch have been more generously treated than most vanquished peoples in recent years. The present British government seem to be honestly endeavoring to fulfill all their pre-election pledges. They have repealed the law under which trades unions were liable to be fined for damages resulting from strikes; they have done their best to establish national, non-sectarian schools; they have offered Ireland a large measure of self-government; they have stopped the introduction of Chinese contract labor into South Africa, and arranged for the gradual emigration of the Chinese bond-servants already there; they have given liberal constitutions to the two republics conquered in an unjust war brought on and completed by the previous administration; they are now endeavoring to arrange for the settlement of vacant lands by tenants who shall hold directly from the municipal or national

government; and co-operative societies are to be everywhere encouraged.

**WOMEN'S WAGES.**

Governor Hughes of New York, the candidate nominated by the immaculate Roosevelt to save the state from the wicked Hearst, has vetoed the Teachers' Salary bill passed by the legislature. This bill sought to make the salaries of female teachers equal to those of men for doing the same kind of work. Why a woman is not entitled to the same pay as a man for doing the same work we are at a loss to determine. But in no country where she has not political equality does she receive equal pay for equal work. It must be because she has no direct voice in legislation that she is thus discriminated against. When women combine to demand the right to vote and sit in parliament they will be allowed to do so; and when they combine politically and industrially to enforce their rights they will be given just remuneration for their work.

**ADVANCED REGULATIONS.**

In deference to the wishes of the people of Manitoba, Saskatchewan and Alberta, the Dominion government's new regulations provide that its coal lands shall not be sold but only leased in tracts whose greatest length shall not exceed for miles. The lessee may not assign his lease without permission of Minister of the Interior. Actual settlers shall be supplied with whatever coal they need for their own use at a price not greater than \$1.75 per ton. Coal mines must be worked or the leases may be cancelled. These provisions, coupled with the conciliation Act for prevention of strikes and lockouts, should be sufficient to insure the West against another coal famine. The government does well to keep a tight grip on the fuel supply.

**MONOTONOUS PROSPERITY.**

At a recent meeting of the British Canadian Loan & Trust Company in London, the shareholders were congratulated on "the almost monotonous record of prosperity in Canada." Whatever it may be for British and foreign holders of Canadian bonds, prosperity is not so unbearably monotonous for Canadian workers, who with the cost of living increasing faster than the purchasing power of their incomes, have to pay the interest on said bonds.

**PRESENTATION TO HARCOURT PASTOR.**

Harcourt, June 17.—On Friday evening, 14th inst., a few friends, representing the citizens of Harcourt, called on the Methodist Parsonage and presented Rev. and Mrs. J. B. Champion with a purse of money and the following address: Rev. and Mrs. J. B. Champion: It is with the deepest regret that we learn that you are about to sever your relationship with the people of Harcourt village. During your sojourn among us, we have found you, as citizens, ever alive to our best interests and upholding fearlessness of consequences—what you believed to be right and discoun-

ancing all that tended toward moral degradation. Perhaps with you, Mr. Champion, your labors have not been crowned with the success you anticipated, but such is the fortune of mankind in general, and these disappointments are merely stimulators to renewed energy and increased faith. We realize quite fully the many obstacles you have labored against—discouragements that many a less courageous and God-fearing man would have succumbed before. But with the strong belief of right in your heart you have prevailed—at least in as much as you have done what conscience declared as Christian-like. It is our sincere prayer that you may meet with all success wherever it may be your lot to go, and we can ensure the citizens of a zealous and unselfish worker in their behalf. In you, Mrs. Champion, we feel that we are losing a true and noble friend who has always been anxious to do all that lay in her power to promote good. It is with great pleasure that we present to you this purse as a token of the esteem in which you are held, and with it go our best wishes for your future happiness, and may God be with you and your family always.

The address was read by Mr. R. G. Keith, Principal of Harcourt High School, and the presentation was made by Mr. Andrew Dale. After the close of conference, Mr. Champion will move to St. John and take charge of Courtenay Bay Circuit, to which he was invited some months ago.

**TO ENLARGE ROUND HOUSE.**

Seventy Foot Turn Table to be Installed, and Accommodation Made For Eight or Nine Large Engines.

Appropriations having been voted therefor, the present I. C. R. round house, which will hold only one large engine and five or six small ones, will be greatly enlarged this summer, it is expected. The new building will accommodate eight or nine large engines and have a turn table of at least seventy feet—some twenty feet longer than the present. The intention is to so build as to leave the roof of the present building standing over the turn table, thus protecting the latter in winter.

**HARCOURT.**

Harcourt, June 12.—Mr. M. VanBuskirk, of this place, was yesterday convicted of selling liquor after hours, before Robert H. Davis, J. P., Richibucto, who was summoned to try the case in lieu of Mr. Leslie J. Wathen, stipendiary of this place who was disqualified by reason of being a witness in the case. Mr. VanBuskirk was fined \$50.00 and costs. A number of witnesses for the prosecution and defence were examined and a lively interest was shown in the case. R. A. Irving, of Buctouche, appeared for the prosecution and Geo. P. Thomas, of Moncton, for the defence.

On the same day Mr. VanBuskirk was convicted of selling liquor to a minor. The case was defended by R. A. Irving, of Buctouche prosecuted. Both cases will be taken on certiorari. Copies of proceedings have been applied for.

On the same day a complaint laid against Mr. VanBuskirk for selling on Sunday was dismissed with costs. Mr. R. A. Irving appeared for prosecution. Mr. Geo. P. Thomas for the defence.

Two other cases against Mr. VanBuskirk—one for selling to a minor and the other for selling in quantities larger than a quart—were adjourned to July 8th on account of some of the witnesses subpoenaed not attending. R. A. Irving for prosecution; G. P. Thomas for the defence.

Harcourt, June 15.—The funeral of Melvin Spencer, the young man killed in St. John on Wednesday night, took place yesterday from the residence of his aunt, Mrs. David Johnson, of this place. Rev. R. H. Staver conducted the funeral service. Much sympathy is felt for his widowed mother, who is an invalid.

The concert given here on Friday evening under the auspices of the Ladies' Aid of the Methodist church was a great success. The programme was as follows:

- Reading—Selling Baby Jean Buckerfield
- Children's exercise.
- Orchestra Selected.
- Song—The Swallows Miss Robina Dunn.
- Children's exercise.
- Duet with violin obligato—Angels Serenade.
- Mrs. Fairbanks, Miss Dunn, Violin, Miss Harnett.
- Reading—Aunt Jerusha on Funerals Miss Marion Wathen.
- Orchestra Selected.
- Song—Little Doris Miss Trinda Wathen.

The orchestra consisted of: Cornet, John Wathen; violin, Miss Harnett; Mandolin, Dr. H. Fairbanks; guitar, Mrs. Fairbanks; harp, Miss Wilson.

**GREAT SPORTING EVENT TO-NIGHT.**

The great event of this week, in fact of the season, will be the baseball game this (Wednesday) night between the Bankers' Tail-Twisters and the Merchants Hobos. Even the circus has to take second place, the great sporting event being the principal topic of conversation. Both teams have put in some hard practice, and are trained to the minute. During odd moments, even in business hours, some of the Bankers might have been seen practising behind their counters, using a 50 cent piece for a ball and a ruler for a bat, while the Hobos, it is said, have become so expert that they can hit a spool of cotton with a yardstick at the regulation pitching distance. The ladies are taking great interest in the game, and when "play ball" is called a large number of them will be among the fans, wearing the colors of either team. The Hobos have adopted red and green as their colors, while the Tail-Twisters have chosen red and white. The latter say they had intended adopting red, white and blue, but dropped the blue out of consideration for their opponents' feelings after the game. The band has been engaged to play at the grounds, and busses will leave the Waverley Hotel corner at 6.45 p. m. The first ball will be pitched by Mayor Miller, at 7 o'clock. Mr. Messervey, the well-known athlete of Chatham, will umpire.

**DON'T MISS THE CIRCUS.**

Do you, my parent reader, note a change for the better in the disposition of your boy these days? Doesn't the little rascal do all manner of errands with surprising alacrity, whereas formerly he was morose or sullen whenever he had to stop playing with his schoolmates or chums and run to the store for a bar of soap or loaf of bread? Doesn't he even ask, "Pa," (or "Ma," whichever the case may be); "hain't you got something I can do for you?" And then, after he has done something for you, doesn't he eventually slyly swing around to the one subject uppermost in his mind and say some thing like this: "Say, 'pa' (or 'ma'), the circus 'll soon be here, won't it? I bet it's a big one for them pictures over on Jimmie Fadden's pa's barn show: elephants, 'n' camels, 'n' clowns, 'n' men 'n' women ridin' horses, 'n' everything! You gonn' let me go to the circus, pa (or ma)?"

Ah, kind parent, the fact that the great Hargreaves' Railroad Shows are advertised to give afternoon and evening performances in NEWCASTLE, SATURDAY, JUNE 22, accounts for the colossal change in little Willie, or Sammie, or Georgie, or Charley. That's it, the circus!

The word acts just as magically on you as it does on your son; and, no matter how old you may be, you already feel an irresistible craving to see the circus yourself.

But to return to the ubiquitous boy: As we said before, you already feel an irresistible desire to see the show yourself. And, knowing that you shall, you answer the boy's question thus: "Well, my son, if you are a good boy until circus day, I'll take you to see the elephant and clown."

No parent ought to miss this opportunity to take the boy or girl to the great Hargreaves circus; for, the practical lessons in natural history which all youthful minds will inevitably absorb while viewing the numerous rare beasts in the double menagerie, cannot fail to be of inestimable value.

**CLOSE OF ASSEMBLY.**

Large Majority of Delegates Favors Union With Methodists and Congregationalists.

**STEADY GROWTH.**

Scarcity of Clergymen—Special Agent For Temperance and Social Reform.

Montreal, June 13.—At Monday afternoon's session of the Presbyterian general assembly, Principal Patrick in presenting the report of the committee on union with other churches, recapitulated the steps taken to this end since origin of the movement. The union movement had two sources, first the Presbyterian Church was responsible for the initial steps, and the great Methodist Church for the next step. He then proceeded to detail what had been done in the matter since the close of the last assembly, reviewing the correspondence that had passed with the Baptist and Anglican churches.

So far as Baptist unions were concerned it might be said that they were ready to meet a joint committee representing the Presbyterian, Methodist and Congregational churches to consider the formation of a federal union, and sub-committees had been appointed to meet the committees of the unions of the Maritime Provinces and Ontario and Quebec. As regards the Anglican church the bishops' replies were in most friendly terms, but it had been found impossible to appoint delegates to meet with the joint committee.

The scheme of doctrines had been reduced to nineteen articles. As regards the scheme of polity, there were many details still to be considered, but in general it might be said that the scheme in its broad lines provided that in case of the evangelical congregations all their franchises and local usages would be in as full effect in the united church as in their own church. Presbytery practically remained unchanged except that the function of ordination had been transferred from it to higher court. As regards the general assembly it was unchanged except that it would meet every two years instead of every year and that it was proposed to relieve the moderator from other duties and to clothe him with executive power. There had been a cordial recognition by the other churches of the pastorate without time limit and of no congregations ever being without a minister. (Applause.) Wherever no change was sought no change would take place. As far as the scheme for the education of the ministry was concerned they were sending it down to the synods of colleges and the churches at large for suggestions.

Principal Patrick said in conclusion that the best argument he knew in favor of church union was the spirit animating the union committee and the results of its labors as contained in the report.

A warm discussion followed the reading of Principal Patrick's report.

The debate was continued on Tuesday, many able speeches being made for and against the adoption of the report. Finally after two amendments had been voted down, one to remit the matter to the committee, and one that the whole question be sent down to the presbyteries and sessions to consider, Principal Patrick's motion for the adoption of the report was carried by an overwhelming majority, the vote standing 137 for and only 11 against.

The general assembly decided to meet in Winnipeg next year.

Montreal, June 14.—The 33rd

session of the Assembly adjourned to-day at midnight.

Dr. John Soutlian was yesterday elected general treasurer of the Presbyterian church, western section.

The following motion was adopted:—

"It shall be competent for the presbyter to ordain a catechist or student for work under the home mission committee, but those ordained shall not possess the full ministerial status or be eligible for a call."

The church Home Mission report was encouraging. In the west the member of congregations had increased by 99. Work among Gallician immigrants had made great progress, an independent Greek church having been formed among them, governed on Presbyterian principles, and under Presbyterian influence. There were founded during the year sixty new missions in Manitoba and Saskatchewan, thirty-eight in Alberta, and nine in British Columbia. More men were needed in the West. Financial receipts were increasing, but men were scarce.

In the East, there had been an increase in number of preaching stations, in attendance and in membership. Contributions had increased. But there were thirty-five or forty vacant churches.

Last year the church had 538 Mission fields; this year, 627.

Work among the Mormons was very difficult and progressed very slowly. Polygamy existed among Mormons to a slight degree, but could not be got at, as no Mormon would testify against another.

Cheering reports were received re foreign missions in New Hebrides, Trinidad, Guiana, Formosa, India, Corea and China; and also concerning home missions among Canadian Indians.

Rev. C. W. Gordon said that the Christian Brotherhood movement organizing the men of the churches was the most important religious movement of the century.

Rev. R. F. Welsh was appointed professor of apologetics and church history in Montreal college, and Rev. Alex. P. Gordon to the appointment because of Mr. Gordon's belief that the book of Genesis was largely myth and legend. But it transpired that many principals of Presbyterian colleges think likewise, and the appointment was sustained.

It was decided to have a representative of the church meet immigrants at St. John. A strong resolution condemning gambling and race track betting was passed. It was decided to appoint a special agent to devote his whole time to the work of temperance and moral social reform.

Efforts at French Evangelization have added 141 communicants during the year. Total number now 1,266.

Prof. Magill was appointed Principal of Pine Hill College, Halifax, succeeding Rev. Dr. Falconer, who takes the principality of Toronto University.

**FATAL ACCIDENT ON I. C. R.**

Thomas Soulian of Eel-Grond Reserve Ran Over Near Derby Junction.

**WAS DRINKING.**

Body Mangled Beyond Recognition, But Identified by Truss and by Evidence Gleaned.

Thomas Soulian, an Indian belonging to the Eelground reserve, near here, was killed on Tuesday night about three-quarters of a mile south of Derby Junction, by the Maritime express going north, train number 33. His body was terribly mutilated. Both legs were cut off at the thighs, both arms near the shoulders, and the top of his head from near the point of the nose straight across to the base of the skull. There were wounds and bruises on different parts of his body, and the remains were unrecognizable. His identity was established by his wearing a truss and by the coroner tracing his movements from Fredericton on Tuesday, Kane Bernard and other Indians who had known him being satisfied that he was the man.

The train was drawn by engine 347, with driver Peter McKenna in charge. On arriving at Newcastle driver McKenna noticed blood on the under frame of the pilot and on the brake-beam. There was nothing to show that a man had been struck by the engine, and Mr. McKenna had felt no jar of the engine nor had he seen any person on the track.

In the morning, about six o'clock, when Conductor Warman's special was going south, driver F. P. Cormier found the remains on the track. The matter was then reported to Coroner Dr. Desmond, who gave the railway permission to remove the remains. They were brought to Newcastle by Thos. Malby & Son, undertakers, and after being prepared for burial were sent to Eelground, where they were interred.

The coroner made enquiries and besides ascertaining the above facts in regard to train No. 33 and Cond. Warman's special, secured sufficient information to show that an inquest was not necessary.

Cond. A. E. Logan, who was on the evening train from Fredericton to Chatham Junction noticed among the passengers an Indian, a young man, whose description answered that of the deceased. He had a ticket from Fredericton to Chatham Junction. He appeared sober when he got on the train at Fredericton. He was quiet and well behaved, except that he was drinking with two white men, who went through to Chatham. R. C. Walker, station agent at Fredericton, remembered selling a ticket to the Indian, who was sober at the time.

Everett Vye, night agent at Chatham Junction, noticed the Indian who came in by the Canada Eastern from Fredericton. He was under the influence of liquor, but able to walk well. He had a satchel and enquired how far it was to Newcastle and Derby Junction, saying he was going to walk there. He left Chatham Junction about 10.30 p. m. and that was the last seen of him alive.

When the remains were found, there was with them a new telescope valve, an empty flask, a square-faced bottle of gin from which a quantity had been taken, and a small empty pocket book.

Tom Soulian left the Eelground reservation a couple of months ago, and went to Fredericton. It is said he had been involved in some trouble there, and there was a warrant out for his arrest.

He was quiet and well behaved, except that he was drinking with two white men, who went through to Chatham. R. C. Walker, station agent at Fredericton, remembered selling a ticket to the Indian, who was sober at the time.

Everett Vye, night agent at Chatham Junction, noticed the Indian who came in by the Canada Eastern from Fredericton. He was under the influence of liquor, but able to walk well. He had a satchel and enquired how far it was to Newcastle and Derby Junction, saying he was going to walk there. He left Chatham Junction about 10.30 p. m. and that was the last seen of him alive.

When the remains were found, there was with them a new telescope valve, an empty flask, a square-faced bottle of gin from which a quantity had been taken, and a small empty pocket book.

Tom Soulian left the Eelground reservation a couple of months ago, and went to Fredericton. It is said he had been involved in some trouble there, and there was a warrant out for his arrest.

### THE SECRET OF CRISP PASTRY.

Keep three things in view, if you want unvarying success with your pastry—cold water, good shortening, and Blended Flour.

Ice water and butter are preferable, but it may be more convenient to use cold water and other good shortening. But stick to the Blended Flour. It will never fail to give a light, flaky crust—so tender, it will break with a breath and as easy to digest as it is delicious.

The wholesomeness of pie crust depends on the lightness of the flour—that is, the crispy flakiness that you look for in pie crust must be made of flour having a large percentage of starch. Ontario fall wheat contains all the requisites for light pastry, cake and biscuits, while Manitoba wheat has the heavier properties required in a strictly bread-flour.

Combine the two, and you will get a perfect flour, that has the full rich flavor and delicacy of Ontario fall wheat, and the strength of Manitoba spring wheat—an ideal combination.

With ordinary care in mixing and rolling the dough, Blended Flour will give you the most delicious pastry you ever ate. Many millers are now blending these two grades of flour scientifically, so do not attempt to do the blending yourself—it is no easy thing to get just the right proportions.

### WHAT ARE YOU DOING?

Everywhere the subject of Child Labor is being discussed. The Woman's Home Companion, month after month, has informed its great army of readers about these things. The discussion is not all one-sided. Men in high places are beginning to discuss the evils of child labor. What are you—the reader of this paragraph—doing to support the cause of the children, whose voices will not be heard in high places unless the people speak? In a score of state legislations, now in session, bills are pending to give the children in the different states some additional protection. Who keeps a lobby, day in and day out, watching these bills? Who appears at hearings, trying to have them defeated or amended in such a way that they fail to regulate any evil or protect anybody? The attorneys of cotton manufacturers, of glass manufacturers, the paid representatives of the oppressors are there, but who represents you and me in our earnest desires to see justice done to the children? Why do you not join the National Child Labor Committee, and give the support of your name and money to bring to an end these things? It can be done. We are counting on your help. Begin work to-day by signing a letter of application for associate membership and sending two dollars, or whatever larger amount you may be able to spare for this work. Send this to the Secretary of the National Child Labor Committee, 105 East 22nd Street, New York City.
