**BEAVER BOARD**  
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.  
**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.  
Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.  
Office Hours—8 A. M. to 6 P. M.

## CITIZENS TICKET AT DALHOUSIE

**Nomination Day Friday 16th—Election Next Tuesday—Representative Ticket.**  
Dalhousie, N. B. April 14.—The citizens of the shiretown seeing the efforts that are being made in other places to improve conditions, and appreciating the great heritage that has been handed down to the people of Dalhousie, in our splendid scenery, facilities for bathing, boating and fishing, making it a charming place for a quiet and healthy summer outing, our wide streets, quiet walks, that bring one to places of beauty and historic interest, our splendid harbor, our facilities for education, our manufacturing advantages, excellent and cheap building sites, our first-class water and electric light service etc. are determined to take a keen interest in the management of their town affairs and to aid in the great movement of reconstruction following the great war.  
"Give me twelve earnest men and I'll reform the world" says this enthusiastic evangelist.  
"Give us nine earnest men as Mayor and Aldermen and we shall make Dalhousie a better town to live in, is what is being said at present, in the quiet homes of the shiretown electors.  
With the names of at least 50 returned soldiers, which will be added to the town voting list, in view of legislation just passed at Fredericton, the total vote in Dalhousie, for the election of Mayor and Aldermen, which is to take place on the 20th inst., will be in the vicinity of 427 names.  
The people's ticket to be nominated on Friday April 16th, to oppose the old town council, will be the following: and all interests have been considered; in making the selection of candidates, the labor and soldiers interests being strongly represented.  
For Mayor—Mr. Andrew Barberie.  
For Aldermen—John B. Delaney, Edgar R. Giguere, John O'Keefe, Andrew Wallace, Arsen. Allain, John Barbour, Caleb McNeill and Joseph Vallerand.  
John Barbour is a member of the present Town Council, and Edgar R. Giguere and John O'Keefe have already been members of a Dalhousie Town Council. Andrew Wallace did splendid service during the great war.

## CONTESTS IN TWO WARDS ONLY

**Councillors at Large and For Ward III. Elected by Acclamation.**  
Tuesday was nomination day and at five o'clock the Town Clerk announced the following as duly nominated—  
For Mayor,  
D. Murray, M. D., William H. Wallace.  
**Councillors-At-Large.**  
John Devereaux, Homer Matthews.  
**WARD I.**  
Norman C. McKay,  
Henry J. Currie,  
Alphonse C. Belle-Isle,  
Henry A. Eagles.  
**WARD II.**  
Thomas N. Dickie,  
A. H. Ingram,  
Peter M. Shannon.  
**WARD III.**  
Sydney N. Jamieson,  
John A. Blissett.  
The entire old council, except Thomas Campbell of Ward I. are offering for re-election.  
Of the new men offering Mr. Henry J. Currie and A. C. Belle-Isle have occupied seats at the council board, while H. A. Eagles and P. M. Shannon are new men.  
Tuesday next is election day and doubtless a large vote will be polled.  
The Town Treasurer reports that a large amount of default taxes have already been paid and more are being paid each day. Be sure your taxes are paid so that you can exercise your franchise.

## SILVER WEDDING ANNIVERSARY

**Rev. R. J. and Mrs. Coleman of Dalhousie Remembered by Congregation.**  
Dalhousie, April 13.—Last Saturday an event which aroused much interest in Dalhousie, was the occasion of an enjoyable evening at the Rectory, when Rev. R. J. and Mrs. Coleman celebrated their silver wedding. The ladies of St. Mary's Episcopal Church, congregation and friends met at the rectory, and presented the following address, which was read by Mrs. Alex. McKay:  
"To Rev. R. J. and Mrs. Coleman: In honor of your 25th anniversary or silver wedding, we the congregation of St. Mary's Church and friends assemble here tonight, to congratulate you and wish you very much happiness in future. We also thank you for the work you have accomplished during your ten years of labor in this parish, and hope it may continue for years to come, and as a token of our appreciation for the kindness and hospitality of Mrs. Coleman, we now present her with a box of silver dollars, with our love and thanks."  
The gift was presented by little Marion Clifford.  
Rev. R. J. Coleman speaking for himself and on behalf of his wife thanked those present for the tangible evidences of their appreciation of their citizenship and friendship and spoke highly of the people of Dalhousie.  
Dainty refreshments were then served by Mrs. Wm. J. Simpson, Mrs. James Wallace and Miss Gertie Barberie, and the evening was greatly enjoyed by all present.

## RETURNING OFFICERS ARE NAMED

**Meeting of Town Council Tuesday Evening Attends to Election Matters.**  
A meeting of the Town Council was held in the Clerk's office Tuesday, His Worship Mayor Murray presiding. There were present: Messrs. Ingram, Dickie, Matthews and Blissett.  
Minutes of previous meeting were read and approved.  
His Worship read a letter from manager Brady of C. N. R. re the C.N.R. lot lately owned by the I.N.R. asking for a certified copy of the agreement between the Town Council and the late Thomas Malcolm.  
Coun. Matthews moved that G. E. Asker be returning officer for Ward I; A. G. Adams for Ward II and Thos. J. McDevitt for Ward III. These returning officers were authorized to appoint town roll clerks and constables.  
The Town Clerk explained that as the Council could not vacate the present town offices at the date specified, March 31st, of which notice had been given Mrs. Murray, he had consulted with the Town solicitor and a new notice had been sent here. This would mean that the Town would have to pay rent for the Murray building until July 15th, although the Town offices would be removed by May 15th.  
Coun. Matthews moved that the action of the Town Clerk be ratified by the Council.—Carried.  
The Council then adjourned.

## WILL TABLETS SUNDAY

**Appropriate Services at Baptist and Presbyterian Churches And At Lodge Room.**  
Members of Campbellton Lodge No. 32 F. and A. M. will attend service in the Baptist church Sunday morning at 11 o'clock for the purpose of unveiling a tablet to their fallen brother Lieut. Harry W. Ferguson.  
Sunday evening the Masons will again attend service in the Presbyterian church when a tablet to the memory of Lieut. Col. A. E. G. McKenzie will be unveiled.  
These handsome memorial tablets were presented to the churches by brother Masons.  
Monday evening at the Lodge room of Campbellton Lodge, the beautiful tablet which was presented to the Lodge by Mrs. A. E. G. McKenzie, in honor of her late husband, Lieut. Col. A. E. G. McKenzie will be unveiled.  
**PAUL DUFALUT.**  
Many friends here will be pleased to learn that Paul Dufalut, the celebrated tenor will again appear in the Opera House, Wednesday evening, April 28th. Full announcement will appear later.  
**"SMOKER."**  
The K. of C. and a few friends held a most enjoyable "Smoker" in their hall in compliment to one of the societies trustees. Mr. J. F. Champoux, leaves shortly to assume a very important position in the lumber industry in another town.  
**GOING OUT OF TOWN.**  
Mr. Geo. Ross, carpenter is leaving town for the summer months and therefore will not be able to attend to his work here.  
Every candidate is printed thereon. The elector marks an X in the square opposite the candidate he or she desires to vote for.  
In this election every voter has the privilege of voting for the mayor and two councillors.  
Every ballot must have a facsimile signature of the Town Clerk.  
Electors are cautioned to mark their ballot paper carefully so that their vote may not be lost.

**EDITOR'S MAIL.**  
All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.  
Campbellton, N. B., April 14th, 1920.  
Editor of the Graphic,  
Dear Sir,—  
In reading the "Tribune" this evening, I was very pleased to find my friend, Mr. Crockett, in a very much changed spirit towards me. No doubt his activities with his friends who do not always see just as he does, is responsible for this. He was won for himself fresh laurels in his pugilistic endeavors. He still continues to give much space in his paper in attacking the Editor of the Graphic.  
He claims to have administered a knock-out blow to the Editor of the Woodcock Sentinel and has also sent that Town Manager to Dreamland. It is quite apparent that his former enemy, who in past years, he quite frequently referred to as "Dan Murray" and quite often to our mayor's Famous Bye-Laws as "Rotton" and etc. In this respect one would think his contentions were well founded as I am informed that His Worship has been revising the foreaid laws and no doubt in the distant future will have them perfected. To see these great men dwelling together in unity will be gratifying to the "Tax Payer" and other great men of thought.  
His Worship's card which the Editor of the Tribune can sell space to publish rather strikes a high note when he refers to "a personal canvass by us would be humiliating," but hopes to hold a public meeting to piece himself and his past record more fully before us all.  
I would suggest that the interested Tax Payers beware of the petty canvasses that are being put in circulation. Just let us all be fair with one another and try to build up our Town and make it what it should be.  
In closing it would seem that Mr. Crockett has the ear of the new Council which he claims he can elect and that we do not want a Town Manager, much less an Advisory Board to guide them in their great deliberations. Fame is surely theirs.  
Very humbly yours,  
W. H. WALLACE.  
P. S. At time of writing I am unable to obtain cost of our Fire Station, the Town Clerk giving as a reason, too much work.  
Antonia Moreno and Carol Holloway are featured in "The Perils of Thunder Mountain".  
**SEVERE STORM.**  
A severe westerly storm prevailed Tuesday and Wednesday. Snow and rain fell and a very heavy wind prevailed.  
**CARD.**  
At the solicitation of a number of the ratepayers of Ward I. and other citizens of the town, I have consented to be a candidate for Councillor for Ward I.  
If I am favored with your support and votes in the election of Tuesday, the 20th, I will endeavor to merit your confidence by attending diligently to the Town business to the best of my ability.  
As the time is short I may not be able to call on you personally and take this opportunity of soliciting your support.  
Yours very truly,  
ALPHONSE C. BELLE-ISLE.

**HOW TO VOTE NEXT TUESDAY**  
New Form of Ballot for Town Election Will Be Used First Time.  
Legislation passed by the local legislature last year provided that a new form of ballot shall be used in the town elections.  
The ballot which is reproduced here with is that which will be used in Ward I and no other ballot paper will be considered.  
It will be noticed that the name of

### CANADA'S REVENUE

Large Income Needed to Meet Our Mighty Expenditures.

Canada's revenue from all sources during the month of January reached a total of \$34,266,188, and was more than sufficient to meet the ordinary expenditures of the country, including those on interest and pensions during the month. The January statement issued by the Finance Department, moreover, indicates that revenue during the ten months of the fiscal year which have now elapsed were well up to expectations. During the period receipts from all sources aggregated \$288,230,911, as compared with ordinary expenditures of \$271,352,190. There was thus a surplus of revenue over ordinary or consolidated fund expenditure in the period of \$16,878,721. Should the average of receipts be maintained during February and March the revenue for this fiscal year will attain a total of approximately \$345,000,000.

Details of the revenue for January are as follows:

Customs	\$16,131,304	excise	\$5,063,547	
post office	\$1,700,000	public works	including railways and canals	\$3,483,883
miscellaneous	including excess profits and income taxes	\$65,575,982	Capital expenditures during the ten months aggregated	\$334,589,182
made up of	\$288,230,911	expended on war account	and \$35,828,028 on public works.	
In January year expenditures reached	\$39,105,804	and public works expenditures	\$3,973,829.	
Capital expenditures for January this reached	\$62,179,734	and about equalled the increase in the public debt for the month of \$62,015,108.		

The expenditure war account during the month was heavy by reason of closing up and adjustment of overseas accounts. The funded debt at the end of the month stood at \$2,447,542,908; the gross debt at \$2,227,087,501; net debt, \$1,900,146,168.

**The Standing of the Parties.**  
Strange things happen in politics. The farmers and laborers of Ontario have climbed to power by means of an election system which they are opposed to, and yet if the system which they advocate—proportional representation—had been in force, they would probably be numbered with his majesty's loyal opposition at the present time, or at the best be a minor group in a provincial government. A summary of the proportional election results as follows, the first column representing candidates elected and the second votes polled:

Liberal	29	336,718
Conservative	25	386,796
Farmers	45	258,074
Laborites	12	127,098
Independents	1	46,086
Totals	111	1,153,667

From the above it will be seen that the average number of votes polled per candidate was 10,483. The proportional representation method of elections had been in force the result of the election would have been approximately as follows: the first column representing candidates elected and the second votes polled:

Liberal	32	336,718
Conservative	37	386,796
Farmers	23	258,074
Laborites	13	127,098
Independents	4	46,086
Totals	111	1,153,667

In other words the respective groups would vary in size according to the strength of the voting power which supported them. The Ontario elections show clearly the necessity for a change in our election machinery if representative government is to be an actual fact. A system which permits a political group with 286,786 supporters to secure only 25 seats as compared with 45 seats obtained by another group with only 127,098 supporters, is not in keeping with modern sentiment. Advancing the illustration one step more would see that Ontario is being governed by a cabinet whose supporters represent approximately one-third of the electors. This is minority rule with a vengeance.—Canadian Finance.

### Paying Toll for Neglect

Needless exposure to damp and cold frequently result in a derangement of the Kidneys and Bladder.

When these important organs fail to do their duty, various evils arise, such as rheumatism, swollen hands and ankles, stiff joints, lumbago, sciatic neuralgia, stone in the bladder or gravel, excruciating pains in the back and sides, constant headaches, dizziness, specks floating before the eyes, weakness of mind without reason, and general debility.

These are signs of serious kidney and bladder trouble, which require immediate attention. The most dependable remedy is found in GIN PILLS. They often prevent the operations which constant neglect may render necessary. They quickly and safely relieve congested kidneys, passing stone and gravel, heating and soothing inflamed organs and restoring them to normal. Thousands of letters from people who have been relieved are continually coming to us. Their writers often beg us to spread the good news to other sufferers that GIN PILLS certainly and surely will bring the help they need. Send for free sample, or go direct to your druggist or dealer, 50c a box. Money refunded if relief not given.

The National Drug & Chemical Co. of Canada, Limited, Toronto, United States Address, N. D. Co., Inc., 200 Main St., Buffalo, N. Y.

### THE PRIMARY CAUSE

of most sickness is neglect of the liver. Constipation follows. The poisonous matter which should pass out of the body spreads through the system. That is the cause of sick headaches, sour stomach and biliousness and these troubles are sure indications that the liver needs attention.

### LIGHTING THE OCEAN.

How Certain Marine Creatures Illuminate the Water.

On still nights in tropical waters the sea oftentimes is illuminated as if by fire of its own. Every breaking wavecrest looks like a flame. An ear disturbing the surface seems to dig into molten metal. Swimming fishes "save wakes of brilliant brightness."

The phenomenon is due to the presence in the water of innumerable multitudes of minute animals, each of which holds up its tiny torch, so to speak, to contribute to the illumination.

Marine creatures of many tribes—crustaceans, jelly fishes, cephalopods, fishes of various species, etc.—carry lights. Some fishes have luminous disks on their heads; other have luminous spots along their sides, and yet others are covered with a luminous slime.

The "angler" fish has a regular torch for a back fin, enabling it to see while looking out for victims. When lantern is exposed to attract another fish, it is carried on the end of its nose what looks like a electric light bulb, and which serves an equivalent purpose.

It is in the depths of the ocean that the really remarkable light-bearing fishes dwell. There is a realm of icy darkness which no ray of daylight penetrates. If they are to have light, they must furnish it themselves, and to catch every possible glimmer, most of them are provided with huge eyes.

Most remarkable in this respect of all known deep sea fishes is the "argyrophilus," which carries a couple of dozen lanterns of large size—one on each side, in front of the eye, and the others along the body in a double row. These are veritable bull's-eye lamps, each of them with a double row of crystals, and a substance and a reflector behind.

The light is emitted by a mass of cells in the depth of the lantern. The light is emitted by a mass of cells in the depth of the lantern. The light is emitted by a mass of cells in the depth of the lantern.

## Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and shrank to a skeleton from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and this when so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. F. FROST, 212 Macy Avenue, Brooklyn, N. Y.

### BOARD OF TRADE HEARS REPORTS

Memorial Committee Submit  
Draft of Resolutions—Many  
New Members.

A meeting of the Board of Trade was held in the Council Chamber of the City of Campbellton, N. B., on Wednesday, April 14th, at 8 o'clock.

The minutes of the previous meeting were read and confirmed.

The Secretary read communications from Rev. J. Sidney Harrington and the Secretary of the St. John Board of Trade complimenting the Board upon the neat and useful folder which the Campbellton Board of Trade has recently issued.

The secretary was requested to acknowledge receipt of letters.

A letter was read from the Under Secretary of State stating that there would be no objection to extending the boundaries of the Campbellton Board of Trade so long as it did not encroach upon any other board.

Dr. Murray, M. D., moved that application be made to the Governor-General-in-Council to have the boundaries of the Campbellton Board of Trade extended to include all the county of Restigouche—Carried.

A large number of new members were admitted many being from outside districts.

Mr. W. D. Duncan from the Memorial Committee submitted drafts of the following memorials—

Campbellton, N. B.,  
April 6th, 1920.

To His Worship, the Mayor,  
and Town Council of the Town of Campbellton:

Gentlemen:

I have been instructed to place in your hands the following Resolution of the Campbellton Board of Trade moved by William H. Wallace, seconded by John McLean that the Committee on Memorials and Resolutions be instructed to draw up a resolution regarding the appointing of a delegate or delegates, from the Town of Campbellton to Ottawa with the delegation to go to Ottawa with the delegation from the Board of Trade and take up the matter of acquiring certain Government lands within the Town of Campbellton—Motion carried.

**RESOLUTION.**  
To the Mayor and Council of the Town of Campbellton:

Whereas the Campbellton Board of Trade has appointed a delegation to go to Ottawa and interview the Government regarding a Grant of money to assist in the erection of a suitable highway bridge across the Restigouche River from the Town of Campbellton to Cross Point in the Province of Quebec.

Whereas there is a certain other matter in which the Town Council and the Campbellton Board of Trade are jointly interested and have each appointed a Committee to press on the attention of the authorities at Ottawa "vis" The vesting of the right to land (now vacant) formerly occupied by the workshops and right of way of what was formerly known as the International Railway, now forming part of the National Railway System, said lands lying and being between Sugar Loaf Street and Roseberry Street, within the Town of Campbellton.

And whereas it is the opinion of this Board that a good opportunity may be presented for dealing with these lands with a view to having them transferred to the Town of Campbellton, when the Delegation secures an interview with the Government regarding the prospective Bridge.

**THEREFORE BE IT RESOLVED:**  
That this Board request the Town Council to appoint a delegate or delegates to accompany the delegation to Ottawa with full powers to do all things necessary to bring about the transfer of those lands to the Town, and that such delegate or delegates, be also members of the Bridge Committee when on this duty.

Respectfully submitted,  
H. R. SMITH,  
Secretary.

To the Honourable the Minister of Public Works of the Province of Quebec:

The Memorial of "The Campbellton Board of Trade."

1) Whereas your memorialists believe that a Highway Bridge across the Restigouche River between the Town of Campbellton, in the Province of New Brunswick, and Cross Point, in the County of Bonaventure, in the Province of Quebec is now become a public necessity.

(2) (a)—Whereas the Town of Campbellton now has a population of about seven thousand people.

(b)—That it is the marketing centre for all produce raised in the neighbouring County of Bonaventure, in the Province of Quebec.

(c)—That this Town is also the place where large quantities of supplies take place for lumbering, agricultural and industrial purposes.

(d)—That all tourist and other traffic for the Bonaventure and Gaspé coasts pass through the Town.

(3) Whereas the County of Bonaventure in your Province is a large producer of the supplies needed for the lumbering, agricultural, fishing and industrial enterprises carried on in Northern New Brunswick.

(4) Several of them as large as any other in the Province, and the expense attached to their endeavours from the lack of a suitable means of communication between the points above named.

(5) Whereas in the opinion of this Board many other industries would locate here if a suitable means of communication was established between the Province as above suggested.

(6) Whereas the establishment of a permanent road to connect the Town of Campbellton with the County of Bonaventure and the Province of Quebec, would be of great benefit to the Province and the Town of Campbellton.

(7) Whereas the establishment of a permanent road to connect the Town of Campbellton with the County of Bonaventure and the Province of Quebec, would be of great benefit to the Province and the Town of Campbellton.

### GASPE RESIDENTS ARE INDIGNANT

Say New Carlisle-Gaspé Game  
Report in Graphic Was  
False.

The unsigned article which appeared in the Campbellton Graphic of April 1st regarding the hockey match—New Carlisle vs. Gaspé Ladies, was a source of great indignation to the Gaspé Ladies Hockey Team and to the sport loving population of Gaspé.

It is unnecessary to deny any statement mentioned in said article as they are all false. For instance, the writer puts the score to suit himself or himself, whereas the final decision given by the referee was 7 to 3 in favor of Gaspé. This illustrates the writer's ability to misrepresent matters, and this being one of the most important items, I wish to correct it.

The writer seems to lay great stress on the fact that our Ladies did not return their match, but the weather conditions make it absolutely impossible for them to do so. I am in a position to assert positively that they had every intention of going had the thermometer not registered 60 degree.

Can anybody with any degree of common sense wishing to play hockey in 2 or 3 inches of water?

The writer evidently wished to conceal his (or her) identity, but owing to the poor literature and to his (or her) knowledge of several inside occurrences, I have been led to suspect by whom the article was written.

(Sgd.) E. J. V.

venture in your Province is a large producer of the supplies needed for the lumbering, agricultural, fishing and industrial enterprises carried on in Northern New Brunswick.

(4) Several of them as large as any other in the Province, and the expense attached to their endeavours from the lack of a suitable means of communication between the points above named.

(5) Whereas in the opinion of this Board many other industries would locate here if a suitable means of communication was established between the Province as above suggested.

(20) Whereas the establishment of a permanent road to connect the Town of Campbellton with the County of Bonaventure and the Province of Quebec, would be of great benefit to the Province and the Town of Campbellton.

### SAYS REPORTS ARE EXAGGERATED

Quebec Oriental Railway Despite  
Severe Weather Conditions  
Kept On All Winter.

Editor, Campbellton Graphic:

Dear Sir—

As a subscriber, I find a small space in your issue of the 1st inst. regarding the railway conditions on the Gaspé Coast. I may say that the report on the Quebec Oriental and Atlantic Quebec & Western is greatly exaggerated. The winter just passed has been one of the worst that I have ever seen for railway operation, and yet there was very little delay in the train service. It is really very easy for men who know nothing about the difficulty in operating a railroad to find faults and criticize the management of any railroad. There is no doubt being some delay in certain parts of the line, but the larger railroads for other and better reasons do not operate in the winter.

The delay in the train service is not due to the weather, but to the fact that the management of the railway is not up to the standard of other and larger railroads for other and better reasons do not operate in the winter.

The delay in the train service is not due to the weather, but to the fact that the management of the railway is not up to the standard of other and larger railroads for other and better reasons do not operate in the winter.

The delay in the train service is not due to the weather, but to the fact that the management of the railway is not up to the standard of other and larger railroads for other and better reasons do not operate in the winter.

The delay in the train service is not due to the weather, but to the fact that the management of the railway is not up to the standard of other and larger railroads for other and better reasons do not operate in the winter.

### DELEGATES PRESS Q. O. RY. MATTER

Impress Upon Government  
Necessity of Taking Over These  
Railways.

Editor, Campbellton Graphic:

Dear Sir—

The meeting of the Board of Railway Commissioners, now in session at New Carlisle on this the 8th day of April, 1920.

We, the undersigned representatives of the various industries of the Counties of Bonaventure and Gaspé, respectfully memorialize your Board as follows:

1st.—We require better Railway Service, and Transportation facilities, and we strongly recommend that the Atlantic Quebec & Western, and the Quebec Oriental railways be a part and parcel of the Canadian National Railway of Canada, the only preventing these railways being acquired by private corporations, which would be absolutely detrimental to the interests of this coast.

2nd.—Bonaventure and Gaspé Counties have about 85,000 square miles of Crown Lands in stony, unproductive areas, and about 400,000 acres of cultivated land, and the vast fishing industries, mining, etc., therefore we should have a better Railway System, and we respectfully request you to the large and important joint delegation from the Counties of Bonaventure and Gaspé which went to Ottawa on the 12th day of April, 1919, to request the Government to assume, take control, and operate these two lines of railways under the management of the Canadian National Railway System.

3rd.—Should the Government not see its way clear to acquire possession of these railways and operate them under the Canadian National Railway System, we would respectfully request that the present Railway Company be given sufficient financial aid to permit it to put these railways in good condition and operate them in a safe and efficient manner.

Your subscribers beg your fullest consideration of this petition.

Signed on behalf of the people of Bonaventure and Gaspé Counties by upwards of two hundred representatives of the various industries of the Counties of Bonaventure and Gaspé, and the following resolution which was presented to the Commissioners:

To the Board of Railway Commissioners now in session at New Carlisle on this the 8th day of April, 1920.

We, the undersigned, having been appointed by the Campbellton Board of Trade, to join the Gaspé and Bonaventure delegations to meet your Honourable Board at New Carlisle.

And having carefully considered their memorial presented to you this day:

And whereas the interest of our Town and the County of Restigouche are largely bound up with those of the said Counties of Gaspé and Bonaventure:

We wish to express our hearty endorsement of every clause of the said Memorial, and respectfully pray that their request be granted.

Signed on behalf of the Campbellton Board of Trade:

(Sgd.) DAVID CHAMPOUX,  
President.

JOSEPH DUNCAN,  
Vice-President.

D. A. STEWART,  
Councillor.

P. M. SHANNON,  
Councillor.

Members of the Board of Trade commended the delegates upon their action in the matter.

**NOTHING ELSE LIKE IT  
IN CAMPBELLTON**

There has never been anything in Campbellton with the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ka. ONE SPOONFUL flushes the ENTIRE bowels, so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT, pleasant action Adler-ka surprises both doctors and patients. A. McE. McDonald, Druggist.

Mr. H. R. Smith said that the presentation came in a very opportune time, as Mr. Duncan, who is chairman of the delegation to go to Ottawa, would be able to wield the big stick.

Mr. Wallace moved that the Secretary be instructed to have the stick suitably engraved.—Carried.

The meeting then adjourned.

## Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. I ordered supplies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the paper about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more, with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. F. Farnham, 593 Many Avenue, Brooklyn, N.Y.

### BOARD OF TRADE HEARS REPORTS

#### Memorial Committee Submit Draft of Resolutions—Many New Members.

A meeting of the Board of Trade was held in the Council Chamber Friday. President Champoux presiding. The minutes of the previous meeting were read and confirmed.

The Secretary read communications from Rev. J. Sidney Harrington and the Secretary of the St. John Board of Trade complimenting the Board upon the neat and useful folder which the Campbellton Board of Trade has recently issued.

The Secretary was requested to acknowledge receipt of letters.

A letter was read from the Under Secretary of State stating that there would be no objection to extending the boundaries of the Campbellton Board of Trade so long as it did not encroach upon any other board.

Dr. Murray, M. D., moved that application be made to the Government General-in-Council to have the boundaries of the Campbellton Board of Trade extended to include all the count of Restigouche.—Carried.

A large number of new members were admitted many being from outside districts.

Mr. W. D. Duncan from the Memorial Committee submitted drafts of the following memorials:

Campbellton, N. B., April 6th, 1920.

To His Worship, the Mayor, and Town Council of the Town of Campbellton:

I have been instructed to place in your hands the following Resolution of the Campbellton Board of Trade. Moved by William H. Wallace, seconded by John McLean that the Committee on Memorials and Resolutions be instructed to draw up a resolution regarding the appointment of a delegate or delegates, from the Town Council to go to Ottawa with the delegation from the Board of Trade and take up the matter of acquiring certain Government lands within the Town of Campbellton.—Motion carried.

RESOLUTION.

To the Mayor and Council of the Town of Campbellton:

Whereas the Campbellton Board of Trade has appointed a delegation to go to Ottawa and interview the Government regarding a grant of money to assist in the erection of a suitable highway bridge across the Restigouche River from the Town of Campbellton to Cross Point in the Province of Quebec.

Whereas there is a certain other matter in which the Town Council and the Campbellton Board of Trade are jointly interested and have each appointed a Committee to meet on the 15th inst. at the authorities at Ottawa "viz" the vesting of the right to lands (now vacant) formerly occupied by the workshops and right way of what was formerly known as the International Railway, now forming part of the National Railway System, said lands lying and being between Sugar Leaf Street and Roseberry Street, within the Town of Campbellton.

And whereas it is the opinion of this Board that a good opportunity may be presented for dealing with these lands with a view to having them transferred to the Town of Campbellton, when the Delegation secures an interview with the Government regarding the prospective Bridge.

THEREFORE BE IT RESOLVED: That this Board request the Town Council to appoint a delegate or delegates to accompany the delegation to Ottawa with full powers to do all things necessary to bring about the transfer of those lands to the Town and that such delegate or delegates be also members of the Bridge Committee when on duty.

Respectfully submitted, H. R. SMITH, Secretary.

To the Honourable the Minister of Public Works of the Province of Quebec:

The Memorial of "The Campbellton Board of Trade".

Whereas your memorialists believe that a Highway Bridge across the Restigouche River between the Town of Campbellton, in the Province of New Brunswick, and Cross Point, in the County of Bonaventure, in the Province of Quebec is now become a public necessity.

(1) Whereas the Town of Campbellton now has a population of about seven thousand people.

(2) That it is the marketing centre for all produce raised in the neighbouring County of Bonaventure, in the Province of Quebec.

(3) That this Town is also the place where large quantities of supplies are taken place for lumbering, agricultural and industrial purposes.

(4) That all tourist and other traffic for the Bonaventure and Gaspé coasts pass through the Town.

(5) Whereas the County of Bon-

### GASPE RESIDENTS ARE INDIGNANT

#### Say New Carlisle-Gaspé Game Report in Graphic Was False.

The unsigned article which appeared in the Campbellton Graphic of April 1st regarding the hockey match between the Gaspé and New Carlisle teams was a source of great indignation to the Gaspé Ladies Hockey Team and to the sport loving population of Gaspé.

It is necessary to deny any statement mentioned in said article as they are all false. For instance, the writer puts the score to suit himself (or herself) as 6-1, whereas the final decision given by the referee was 7-3 in favor of Gaspé. This illustrates the writer's ability to misrepresent matters, and this being one of the most important items, I wish to point out the error.

The writer seems to lay great stress on the fact that our Ladies did not return their match, but the weather conditions made it absolutely impossible for them to do so. I am in a position to assert positively that they had every intention of going had the thermometer not registered 60 degrees.

Can you imagine anybody with any degree of common sense wishing to play hockey in 2 or 3 inches of water?

The writer evidently wished to conceal his (or her) identity, but owing to the poor literature and to his (or her) knowledge of several inside occurrences, I have been led to suspect by whom the article was written.

(Sgd.) E. J. V.

venture in your Province is a large producer of the supplies needed for this Town, and for the supplying of the lumbering, agricultural, fishing and industrial enterprises carried on in Northern New Brunswick.

(4) Whereas the mill in the locality (several of them as large as any in Canada) find a great inconvenience and expense attached to their conveyance from the lack of a suitable means of communication between the points above named.

(5) Whereas in the opinion of this Board many other industries would locate here if a suitable means of communication was established between the Province as now suggested.

(6) Whereas the old-fashioned Ferry service that now exists is altogether inadequate and insufficient to provide for the growing needs of the County contiguous thereto and causes much unnecessary delay and great expense and uncertainty.

Therefore we respectfully request you to place this matter before your colleagues in the Government of the Province of Quebec, with a view to assure us that your Sister Province will do all possible to remedy the existing state of affairs and assist in providing a suitable Highway Bridge between the aforesaid points to accommodate the growing needs of our respective communities.

The splendid financial showing of your Province, its great industrial development and the progressive and liberal policy of your Government lead us to believe that your support will be given to bring to pass this much needed public work.

By order, Most respectfully submitted, Campbellton, N. B., April 6th, 1920.

President Campbellton Board of Trade.

The report of the Memorial Committee was adopted and copies of the one to the Minister of Public Works ordered sent to the local members for the County of Bonaventure and Gaspé in Quebec, and the Minister of Public Works of N. B., and representatives of Restigouche County at Fredericton.

Mr. P. M. Shannon, brought up the necessity of extending the trunk road down the Matapedia valley to connect with the New Brunswick road at Matapedia. He suggested that perhaps the Memorial Committee could draft a resolution covering this and submit it to the next meeting.

On motion the memorial committee was asked to attend to this duty.

Mr. D. A. Stewart suggested that it might be well, if it was possible to secure same, for the delegation going to Ottawa to have something more tangible than a mere verbal promise in reference to the proposed Restigouche bridge, and suggested that Mr. Duncan be asked to go to Fredericton to take this up with the government.

Mr. W. H. Wallace moved that Mr. W. D. Duncan be appointed a delegate to proceed to Fredericton as suggested.—Carried.

Mr. W. H. Wallace brought up the matter of a permanent room for the Board of Trade and a committee composed of Messrs. D. A. Stewart, P. Blythe and H. J. Currie were named to consult with Mr. Wallace in reference to this.

Mr. Wallace brought up the necessity of a Municipal Home for Restigouche and moved that the Secretary write the County Secretary, Treasurer and the Town Clerk for information.

The meeting then adjourned.

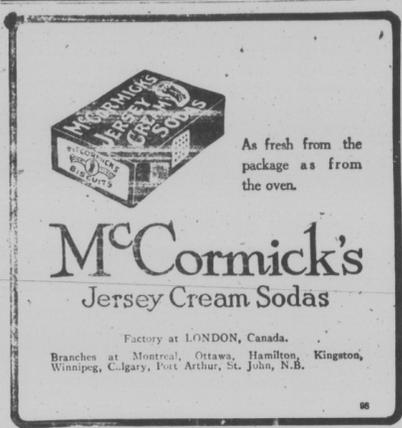

### SAYS REPORTS ARE EXAGGERATED

#### Quebec Oriental Railway Despite Severe Weather Conditions Kept Open All Winter.

Editor, Campbellton Graphic:

As a subscriber, I beg to call attention to the delay in the train service on the Gaspé Coast. I have never seen a passenger train given on the Quebec Oriental & Atlantic Quebec & Westchester, but I greatly regret to hear that the delay has just passed has been one of the worst that I have ever seen for railroad operations, and yet there was very little delay in the train service. It is very easy for men who know nothing about the difficulty in operating a railroad to find faults and criticize the management of any railroad. These larger railroads for cars, and it is reasonable to expect any system of 200 miles to own enough cars to supply the demand. They would need thousands. Not many years ago, there was only one freight train each day, and now there is two and three each day, also the roadbed has been improved greatly during the past three years. There has been about forty miles of the Quebec Oriental hauled, and now ties put in as they are required.

Now it is not reasonable to expect the management to provide for extra traffic that may occur in the future before such traffic shows up, for I know of cases where there has been a sudden increase for with a promise of from one hundred to three hundred cars per season being loaded on them, and at the same time the management stood the expense of building the sidings, there was about six cars loaded, and I know of one case where it is true that the roads here do not compare with the large systems, such as the C. P. R. and G. T. C., but they are near about sufficient for the requirements. I also know that the management tries to accommodate the public as far as possible, and I notice that the management of the roads here do not compare with the large systems, such as the C. P. R. and G. T. C., but they are near about sufficient for the requirements. I also know that the management tries to accommodate the public as far as possible, and I notice that the management of the roads here do not compare with the large systems, such as the C. P. R. and G. T. C., but they are near about sufficient for the requirements. I also know that the management tries to accommodate the public as far as possible, and I notice that the management of the roads here do not compare with the large systems, such as the C. P. R. and G. T. C., but they are near about sufficient for the requirements. I also know that the management tries to accommodate the public as far as possible, and I notice that the management of the roads here do not compare with the large systems, such as the C. P. R. and G. T. C., but they are near about sufficient for the requirements. I also know that the management tries to accommodate the public as far as possible, and I notice that the management of the roads here do not compare with the large systems, such as the C. P. **A. T. LEBLANC, M.P.P.**  
**HEARD IN HOUSE**  
Delivers Address in Budget Address in Local Legislature Recently—Good Roads in Restigouche.

MR. LEBLANC said that it was not without a slight feeling of embarrassment that he arose to say a word in defence of the administration in view of the severe attack which had been made by the hon. leader of the opposition. He would say that they were not greatly worried because of the deficit incurred by the government in 1919, as they knew that it had been honestly incurred in the interests of the people. The deficit could be satisfactorily explained and could be easily defined before an impartial tribunal. He would congratulate the hon. leader of the opposition on his having been confirmed or reinstated in his position. An hon. member for St. John had painted a picture of a would-be leader, and that picture could almost see the person of the Chief Whip. There had been several aspirants for that position, but the one chosen was not of the stamp which the Chief Whip had been. Another aspirant for the leadership was his hon. friend Mr. Tilley. That

MR. A. T. LEBLANC, M.P.P.

hon. member had been making ready for the change and had been expected to say "Veni Vidi, Vici," to his friends. But the hon. ex-attorney general in his stentorian tones had informed the hon. member that he had been weighed in the balance and found wanting.

The hon. member (Tilley) had been put forward as the financial critic of the opposition and as such desired to be congratulated. In his speech he had explained that the hon. premier had not given him and his two colleagues credit for their independent stand. He (LeBlanc) had been ready to applaud their action but regretted to say they had not followed it up.

After trying to unhorse their leader they presented the illogical spectacle of allowing themselves to be whipped back into line. He could not help thinking them to the Three Musketeers.

It had been charged that the hon. minister of public works was spending all the money on the great roads to the neglect of the bye-roads. The hon. member for Carleton had complained of the cost of administering the Act. He (LeBlanc) would point out in the first place that the government was not responsible for the Act when it was good or bad. In the second place its administration had been almost taken out of the hands of the government. The Chief Inspector had what might be termed carte blanche in making his appointments. If hon. members opposite had criticism to offer they should endeavor to show that there had been misappropriation of public money on the part of the Chief Inspector. If there was a balance shown on the right side of the ledger the Chief Inspector was to be congratulated. The Act had been enforced by money derived from it and if the two sides balanced the Opposition should have no cause for criticism.

Reminder of Dargatt.

The hon. leader of the opposition had spoken of the marvelous work of the agricultural department under the old administration. He (LeBlanc) wondered what his understanding was of a Deputy Minister who instead of attending to his duties in exchange for his salary, had spent his time in electioneering. He had been sent over to Restigouche to campaign against the candidates of the present administration. The same gentleman had figured in the revelations made under oath before a Royal Commissioner and had sworn by all the gods that he would have nothing further to do with politics. Was it good business to have him drawing a salary from the province while engaged in stump speaking on the North Shore? He would repudiate the statement that the hon. minister of public works was building up the "trunk roads" at the expense of the back roads. There had been \$19,622.83 expended on the ordinary roads in Restigouche, and with the exception of \$5,500.21 every cent had been expended on the back roads.

His hon. friends opposite were trying to camouflage the good farmers of the country by saying that all the money was being spent on the trunk roads. So far as Restigouche was concerned he could say that such change was without foundation. The phrase "permanent" roads had originated with the hon. member for Carleton, but the present government felt they had a right to use it. Whether the roads were permanent or not they were better today than ever before.

Prior to the last election the then minister of public works had embarked on a permanent road campaign in Restigouche. The roads had been neglected and with an election in sight he had felt that the time was ripe for action. One could have thought they would have gone to a "boggy" place on a hill at the top of God Almighty who had made it permanent. They had paid men at the rate of \$1.50 per day and double teams had been engaged for \$3.50 and \$4. They built about a mile of road at a cost in the vicinity of \$5,000 or \$3,000.

MR. SMITH (Carleton) Would you like to say those figures were accurate?

Restigouche's Boulevard

MR. LEBLANC said that they might not be strictly accurate—there had been some blasting done, but the road was only three quarters of a mile long and he understood that the total cost was between eight and nine thousand. Taking into consideration the difference in the cost of labor he would say that the work done since 1916 compared most favorably with that performed by the old administration. The road they had started had since been finished and he would say that it was a credit to New Brunswick.

Last year they had expended in Restigouche \$10,000 on permanent roads, some of which almost deserved the name of boulevard. They had built 5 1/2 miles at a cost of \$10,000, and he thought even the Ex-Attorney General would bear him out in the statement that a good job had been done. If hon. members cared to visit the county of Restigouche he would show them a piece of road and if it did not bear out his statements, he would promise to never to speak on the subject again in the House.

Game Protection.

The Department of Lands and Mines needed no defence at his hands. So far as Game Protection was concerned he could say that the work being well performed in the county of Restigouche. The Game Wardens were also Forest Rangers and were appointed after an examination. During 1919 they had been in co-operation for violation of the Game Laws, which he thought would compare favorably with previous records. Under the present administration there was a tax which conspired to hamper them to take the tops out of the woods and pay stampage on the same. They were also compelled to clear away the slash, always a source of danger. Benighted lumbermen, indulged in criticism they should go to the North Shore where real lumbering was carried on. The lumbermen there were not friends of the administration and except in one instance all had voted for hon. members opposite at the last election. Yet those lumbermen would say that operations were carried on today better than ever before.

Mr. LeBlanc said that the hon. member had denied that the Order in Council fixing the rate of stampage at \$1.50 had been passed in return for political support. In saying that he was simply playing on words.

MR. MURRAY (Kings) said that his knowledge or consent, or of any member of the then government, was not in question. He (LeBlanc) said that the hon. member may not have known of it prior to the election but would he state that he did not know of it after the election.

MR. MURRAY (Kings) said he knew nothing about it either prior to or after the election.

MR. LEBLANC said he had every respect for the hon. member and would accept his word but in justice to the House and the people he represented he would say that in view of certain answers which the hon. member had made when a Minister in response to a question, his words might not carry the weight they otherwise would.

MR. MURRAY (Kings) said he had denied any knowledge of the matter either before or after election and the hon. member must accept his statement.

MR. LEBLANC said he wished to inform the House that there was need of a great bridge over the Restigouche River to connect Campbellton with the Province of Quebec. They wanted that bridge and had a promise from the Hon. Minister of Public Works, that if aid was forthcoming from the federal and Quebec governments the province of New Brunswick would do its share. They also wanted a trunk road between the towns of Campbellton and Eldon. The people did not

**COULDN'T WORK FOR WHOLE YEAR**

**Veteran Was All Run Down, But Gains Fifteen Pounds Ago Is In Best of Health Now.**

"For one year before I began taking Tania I was so weak I could not do a lick of work, but now I have gained fifteen pounds in weight and am in the very best of health," said Arthur F. Ingram, of 4 George St., Halifax, N.S., a few days ago. Mr. Ingram saw four years service in France with the Canadian Expeditionary Forces, being attached to the Fifth Artillery. He was engaged in some of the heaviest fighting of the whole war, including the battles of the Somme and Cambrai.

"I have been in miserable health ever since I got out of the Army last spring. In fact, my troubles started when I was gassed in France, just before the Armistice was signed," continued Mr. Ingram. "In six months I lost forty pounds and some days I was so weak that I came near collapsing. My appetite was so poor that I had to force myself to eat enough to keep alive and sometimes just the smell of food would nauseate me so that I would have to get-out of the house. You can imagine how weak I was when I fell out of my bed for days at a time without eating a bite. I could hardly retain a thing on my stomach. Why, sometimes I would become so nauseated while seated at the table that I would have to get up and leave. The cramps and pains in my stomach would nearly draw me double and at times the agony was almost more than I could bear. I was so nervous and restless that I got but little sleep and some nights I lay awake the whole night through.

"My brother-in-law had been taking Tania and it had done him so much good that he advised me to try it, too. I had taken so many medicines that I had about lost faith in them, but I well, sir, I was so surprised when I began to improve I could hardly believe it. That gave me encouragement and I kept right on taking it without missing a dose until now I have finished my fourth bottle. And today it seems almost too good to be true that I am in perfect health and am feeling as fine as a man could want. I have a splendid appetite and can eat anything I please, my stomach was never in better condition and I digest everything I eat without the least trouble of any kind. The cramping pains have all disappeared and it is no trouble for me to retain what I eat. I sleep like a log every night and I get up in the morning ready for a big day's work as any man. My strength and energy have come back and already I have gained fifteen pounds and am just gaining right along. In my opinion Tania has no equal as a medicine and I recommend it in the very highest terms." TANIA is sold in Campbellton by THOMAS WRAN, Druggist, in Jacques St. by J. S. McALISTER, and in Archibald Settlement by M. SMEARER.

object to reasonable expenditure but wanted value for it. He wanted to point out that Restigouche contributed one-fourth of the territorial revenue and one-third of the stampage collected. It was therefore with a degree of assurance that they asked that some of that money be expended in their county. When the time came and they asked for \$100,000 to be expended on a bridge and \$50,000 on a permanent road, he hoped his hon. friend from St. John would not be astounded.

In conclusion he said that it was gratifying in these strenuous times when times were tottering, to note that the greatest Empire that ever existed was as solid and firm as ever. It was because of that Empire, they enjoyed freedom of speech for the humblest as well as the mighty. It had been said that too much time was spent by hon. members in speech-making. He hoped they would always retain the right to speak. He also hoped that time-honored customs of speaking on the address and the budget would never be done away with.

Commented Mr. Pester on the top of his evening paper: "The Germans appear to be as bellicose as they were." "I'm not surprised," said his wife, thinking of the Teutonic waist line. "There starvation diet must have reduced them a lot."

**ASSESSORS NOTICE.**

The undersigned having been appointed Assessors of Rates for the Parish of Addington in the County of Restigouche, hereby give notice that they have received the warrant of guarantee assessment, and that all persons intending to furnish them with true statements of their property and income, in pursuance of the provisions of an Act entitled "An Act Relating to the Assessing and Levying of Rates and Taxes" must do so within twenty days from the date hereof, and also for the information of all persons a copy of the valuation Roll, when finally determined upon, can be seen at the offices of the Postmaster at Charlottetown and Tils Head, and at the office of the Town Clerk, Campbellton, N. B.

Dated at Campbellton this 6th day of April, A. D. 1920.

HUGH SMITH,  
JOHN McBEATH,  
P. S. MARTIN,  
Assessors of Rates,  
Parish of Addington

Dalhousie, N. B.  
March 20th.

Editor of Graphic.

Dear Sir,—

Allow me a space in your valuable paper for a few words I wish to mention concerning log hauling. On Friday March 5th, Richard Goodin, hauled 160 logs nothing under 8 inches at the top on a three turn road and about one mile of a gravel hill loaded by Arthur Mally and counted by Billy Malcolm and unloaded by Nelson Landry and Fred McIntyre at F. A. Ferguson's Camp at Osbour Gulch, Charlottetown.

Yours Truly  
Arthur Mally  
Dalhousie, N. B.

**LETTER OF CONDOLENCE.**

Whereas it has pleased our heavenly Father, in His infinite wisdom to remove from us, our dear brother, James Ross, who departed this life at Hopetown on March 16th, 1920, that we the officers and members of L. O. L. No. 2714, desire to express our deep sympathy with them if their aged bereavement. We have been called upon to mourn the loss of our dear brother, one whose excellent qualities, we believe won for him the friendship of all who knew him, accept our sympathy and may God in His infinite mercy, sustain them and fill the void places in their hearts with His love, joy and gladness in the hope of a reunion in the heavenly home above.

Deceased was forty years old and held his office as a true and worthy Orangeman. He leaves to mourn, his mother, two brothers and one sister. The service was conducted by Rev. J. F. McCurdy of New Carlisle, after which the Worshipful Master, Charles McRae of L. O. L. No. 2714, assisted by Worshipful Master Percy Astala of L. O. L. No. 2695, conducted the services of the Loyal Orange Association, thanking the brothers from 2/30 for the kindness rendered in sympathy for their dear departed brother.

Inserted by JOHN R. POWERS,  
Hopetown, Que.  
L. O. L. No. 2714.

**FORD AND THE HORNET.**

A big business man was telling Henry Ford this story about a coach driver who was a big day's work as any man. The driver was telling a passenger how he could flick a fly off his horse's nose with his whip—and, a fly alighting just then, he promptly did so. Next he spied a grasshopper beside the road, and he flicked it off with equal dexterity. The passenger was becoming intensely interested. A little further along the road he noticed an insect on a bush, and nudged the driver to get him.

"Not on your life," replied the master of the whip. "That fly I nailed had no friends and the grasshopper didn't have any either, but that insect is a hornet and he is sitting on his nest with an organization behind him. I leave him alone."

The Tale of Perfect Time in a Watch. From Mainspring to Handspring, between them lies the secret. The Mainspring is the power which it transmits to the active parts of the watch. The Handspring has the control and regulates the motion. The fitting is most delicate; imagine a 100th part of a hair, (impossible isn't it?) Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt; lack of oil, etc., destroy these perfect fittings. Do not let your watch run to ruin from neglect. Remember my business is the care of watches, and my opinion costs nothing.

### THE "TALK" OF TO-DAY.

ALL of Them Have Been Tried Before.

Communism, agrarianism, proletarianism, anarchism, have all had their day, and it was a bad day—in Athens and Sparta and Rome and Jerusalem and Paris, writes Henry van Dyke, in the Scribner. Why are there then another day? The divine right of kings and capitalists to impose their will upon their fellowmen has been tested many times and has always failed to make good before the throne of Eternal Wisdom and Righteousness. The bloody bankruptcy of the French reign of terror was no worse, and no better, than the break-down of the attempt of the Holy Alliance to re-establish the tyranny of hereditary titles and unjust prerogatives. Why ask us to return to these old discredited theories? They are not really guide-posts. They are signs of "no thoroughfare." Give us something really new, gentlemen. Think out some better way of co-operation between the "haves" and the "have-nots." Devise some better mode of inducing the lazy to work and of restraining the clever and industrious from claiming exorbitant gains. That is what we need, as surely as two and two make four.

If you can do this, I promise you that a considerable company of the intellectual, middle-class, neither "high-brow" who think they know it all nor "low-brow" who maintain that nothing is worth knowing, will be ready for a promising adventure. Meantime we follow the old guide-posts which have been proved, and take our needful ease by the campfire where we find creature comforts and friendly talk. And if our camp is attacked by brigands, we shall have our guns ready.

I do not mean to be drawn into a discussion of the bold brutalities of the Bolsheviks of Russia, or the sneaking villainies of the I. W. W. in America. That is outside the region of literature. They are to be met not with essays and orations, but with laws and guns. The necessities of life, the securities of home, the safeguards of social order, having been won, by toil and fighting, from the abyss of barbarism, will not be suffered to perish.

Can Improve on Nature. Nature does not reason, she has no moral consciousness, she does not economize her resources, she is not efficient, she is wasteful and dilatory, and spends with one hand what she saves with the other, writes John Burroughs in the Yale Review. She is blind; her method of work is in the dark. She hits her mark, not because she aims at it, but because she shoots in all directions. She fills the air with her bullets. She wants to plant in yonder marsh her cat-tail flag, or her purple loosestrife, and she trusts her seed to every wind that blows, and to the foot of every bird that visits her marshes, no matter time her marsh gets planted. But behold how she has endowed man to improve upon all her slack and roundabout methods! She enables them to cheat, and mislead, and circumvent her. He steals her secrets, he tames her very lightnings, he forces her hand on a hundred occasions; he turns her rivers, he levels her hills, he obliterates her marshes, he makes her deserts bloom as the rose; he masters her atoms and he surveys and weighs her orbs, he finds out her ways in the heavens. He discovers the most completely hidden thing in the universe, the ether, and he has learned how to use for his own purposes; his wireless telegraphy turns it into a news highway; above the sea, over the mountains and across continents, it carries his message.

In his book "War in the Garden of Eden," Kermit Roosevelt gives a picturesque description of restaurant life in the Arabian bazaar: "I wandered off into the bazaar to get something to eat. In native fashion I first bought a big flap of bread from an old woman, and then to a pickle booth to get some beet, which I wrapped in my bread. Next I ordered a cut in pellets, spitted on rods six or eight inches long, and laid over the glowing charcoal embers. In the shop there are long tables with benches beside them. The customer spreads his former purchases, and when his kababs are ready he eats his dinner. He next proceeds to a coffee house, where he has a couple of glasses of tea and three or four diminutive cups of coffee to top off, and the meal is finished. The Arab eats sparingly as a rule, but when he lives or attends a banquet, he stuffs himself to his utmost capacity."

From German to French. In Africa the natives of the Cameroon country have recently changed their allegiance from German to French, but their loyalty to the musical instruments of olden times still holds true. Air-filled skins and bamboo compose these strange instruments, which are used in the medicine rites and festival dances of the tribes.

The Best Chronometer. In Geneva a chronometer competition is held every year at the observatory. Last year the chronometer that made the best record kept time within six one-hundredths of a second a day.

Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier \$50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

If you appreciate a good investment you will buy a Victory Bond. You receive no one but yourself when you say you can't afford a Victory Bond.

Got Rid of Your Cough  
Ordinary Remedies won't reach a deep seated cough or chronic bronchitis. What you should take is a stimulant and body-builder like OLIVEINE EMULSION, to make good, red blood, firm flesh and increased vitality, so that your system will have the power to break up the cold.  
**OLIVEINE EMULSION**  
The Great Health Restorer will help you just as it helped this man. I cannot recommend your excelsior medicine enough. I had had some success with cod liver oil, but OLIVEINE EMULSION has completely relieved me and I feel better than ever.  
KATHIE McDONALD.

St. John, N. B.

First, Doctors—  
Then a Skin Specialist  
Then a bottle of D.D.D.  
We shall publish every week for the benefit of skin sufferers in this section. A few words written by Canadian people—some of our own people—All beautiful stories of relief from terrible suffering.  
A sentence or two from a letter from J. W. Corne, 25 Melbourne Ave., Toronto, a man of 52 years of age. "I have been a sufferer for two years with eczema on my face. I have tried three or four different doctors. I went to a skin bottle of D.D.D.—that is all. Today I am a new man. My face is clear, my eyes are bright. Try D.D.D. 50c a bottle. Try D.D.D. 50c a bottle."

### FLAX-GROWING IN CANADA.

Industry Has Shown Signs of Reviving Since the War.

The carefully considered effort which is being made by the Provincial Government of Ontario to encourage the cultivation of flax in the northern part of the province is a welcome evidence of foresight. For there is a very considerable shortage of flax in the world's markets, and the old sources of supply are, for the time being, at any rate, seriously curtailed. Thus, in the days before the war, and for some time after its onset, great quantities of flax came from Russia, whilst Belgium and Holland also made considerable contributions. To-day, Russia is practically out of the market, and the supplies from Holland and Belgium are still limited. This condition has, of course, obtained for some time past, and, two or three years ago, when the demand for linen for airplane wings and other war purposes was making heavy calls on the linen production capabilities of the Allies, Canada applied herself seriously to the question of increasing the flax production of the country. To this end the Government provided a fixed price for the crop, and a bounty, ranging from two to nine cents a pound, to the spinner for the finished yarn. The authorities, moreover, suffered no delay in the matter. With characteristic energy they established a complete plant at Fort Erie, Saskatchewan, for the extraction of the fibres from the flax, and arranged for the carrying out of a series of experiments in spinning, in Kitchener, Ont. The idea of the Canadian Government was, of course, not only to establish an industry which would help to meet the war needs of the Allies, but one which might be developed, after the war, to the increasing advantage of the Dominion as a whole.

Now flax is essentially the crop for the small holder. There is, it is true, really no limit to the scale upon which it can be grown, but the process of hand weeding, to which it so readily responds, makes flax a crop particularly adapted to the kind of labor generally available on a small holding. It is for this reason, no doubt, amongst others, that the Ontario Government has adopted the scheme, just referred to, of encouraging flax growing in the northern part of the province. Under this plan, various mills in older Ontario, will supply seed to be distributed among selected settlers in the north country, in quantities sufficient to plant two or more acres, whilst the settler when he has harvested his crop, to return to the mill an amount of seed equal to that which was sent to him. It is proposed then to compare the northern seed and fibre with the product grown from similar seed in the older districts, and if the results prove satisfactory, the Government is prepared to take still further steps to encourage cultivation.

Ultimately it is hoped to establish in Canada a complete linen trade, on a large scale, and not merely to cultivate flax for export. There is, however, to-day an immediate market for exported Canadian flax, set only for the sake of the linen which may be made from it, but for the sake of its many greatly needed by-products, such as linseed oil and cake.

Cheap Greenbacks. Time was in Toronto when the American dollar, to-day worth \$1.17 in our Canadian money, could be picked up for 40 cents. Those were the far-off days of the American Civil War, before most of Toronto money magnates had entered the world, and when Sir Edmund Walker, president of the Canadian Bank of Commerce, was a youth in his uncle's private banking office at Hamilton, where he handled the great influx of depreciated American money, separate ledgers were kept for it and our own Canadian currency.

The financial situation of the Northern States at that time has no parallel to that of Britain and Canada to-day. The North had not borrowed money abroad to secure the ships of war. Uncle Sam had merely expanded his currency to an enormous extent. Early in the war most of the gold and silver in the States had been sent abroad to pay for supplies. There was nothing but paper in the country and with that and the uncertain fortunes of war, from early in the campaign American notes were at a big discount over here. During a considerable portion of the period between 1861 and 1865 the American dollar brought 50 cents and even 40 cents. At one time things looked as black for the North that in Quebec the American greenback fell to 40 cents, whereas the Confederate dollar, which hardly passed current at all in Canada, brought 30 cents. Not until about 1873 did the American dollar get to par.

Ole the Bear. Ole the Bear (A. H. Westerberg), mail carrier between Revelstoke, B.C., and Downie Creek, forty-five miles up the Big Bend, succeeded in accomplishing a feat that establishes a new record in this district. The great depth of snow up the Big Bend, together with the heavy crust caused by raining and freezing, made it practically impossible for a horse to travel the roads, but Ole conceived the idea of making snowshoes for his horse, which he did out of birch, constructing them circular in shape and more than a foot across. For protection he covered the horse's leg with blankets, and thus he succeeded in making Revelstoke in three days without harm to him or to his horse.

February Has Five Sundays. For the first time in forty years there is five Sundays in February. Ordinarily the sequence of five Sundays in February recurs once in each twenty-eight years, but owing to the fact that 1900 was not a leap year the calendar "slipped a cog" and Sunday, being shunted out of place in numerical order, it did not get back into position to become the first and last day of the month from 1890 until this year.

Twisted. He once inhaled his lager in a glided thirsty bazaar. And drank his cup of coffee in his home. But now he drinks his Java as it stands upon the bar. And hastens home to drink his amber foam.

**ELECTION CARD.**

To the Electors of the Town of Campbellton:—

Ladies and Gentlemen:—

Having accepted nomination for the Office of Mayor for the ensuing term, I have the honor of again offering to place my services at your disposal.

Where both Candidates in this contest are personally known to most of you I consider a personal canvass by either candidate to be rather humiliating to the public intelligence and I will therefore spare you such treatment.

I hope however to have an opportunity to place before you some of the more important issues of the contest at a public meeting before polling day, the 20th inst.

Yours respectfully,  
D. MURRAY, M. D.  
Campbellton, N. B.  
April 14th, 1920.

**CARD.**

To the Electors of Ward III:—

I wish to thank you for the honor done me in returning me without opposition to the Council for another year.

As in the past I will endeavor to transact the business of the town to the very best of my ability.

Again thanking you, I remain  
Yours very truly,  
JOHN A. BISSETT,  
Thunder Mountain.

What were "The Perils of Thunder Mountain?"

**WAVERLY PROPERTY BOUGHT.**

We understand that Mr. W. H. Wallace has purchased the Waverly property and intends erecting thereon a modern office, hall and commercial college building. It is said that Mr. Wallace and others will organize a joint stock company to complete the building and that the work will be rushed.

Campbellton, N. B., April 15th, 1920.

**TOWN FINANCES.**

The editor of our contemporary is laboring under difficulties in his endeavor to prove that the Graphic is unfair to the present town council.

In his financial statement published April 7th he deliberately endeavored to convince his readers that the statement covered the financial conditions up to date or "when the bonds were sold". Now he is endeavoring to cover this up, and asserts he only intended to cover the fiscal year.

The Graphic had nothing to cover up, so we gave the facts as received from the Town Treasurer, and these figures covered the business up to March 31st. Even the financial expert of our contemporary cannot claim that they are not substantially correct.

**NOT THE TRUTH.**

The editor of the Tribune has accused his friends of late councils of suppressing or holding over large bills for the present council to pay. This is not a fair statement. No accounts were held back, but all were promptly referred to the council by the Town Clerk just as they were received. There were doubtless accounts of previous year's business which were not received until after the year closed but this was no fault of any mayor or council. The same is happening in this current year. Merchants were too busy in December to render accounts, and many merchants supplying the town render their accounts quarterly or even at longer periods.

To say that the Town Clerk, the former mayor or any councillor deliberately held back these accounts is not a just statement.

**HIS FINANCE.**

The Tribune financial expert endeavors to show that the town finances are \$62,000 to the good on the council's financial year, and all this was accomplished upon an assessment of \$73,000 of which \$24,000 was for school purposes. Surely the editor is wasting his time on such small matters. The management of the C.N.R. should employ him to turn their deficits into surplus.

**OPERATTA AT IMPERIAL THEATRE**

The Operatta "In a Japanese Garden" under the direction of Miss Greta Metzler, will be given at the Imperial Theatre, on Friday evening, April 16th and repeated on Saturday afternoon. The proceeds are for the Soldiers' Memorial Hospital, admission 50 cents and matinee 35 cents.

**EDITOR'S MAIL**

Dear Editor:—

Now that the public know who are the aspirants for civic honors, the writer would ask for a short space in to-day's Graphic, to briefly touch on civic management, promising I will not say half of what I would like to say on the subject.

The result of the nominations must have been considerable of a shock to those anxious citizens, who looked for improvement and greater business ability in the personnel of the next Council, to find that four of the old Board had no opposition. After the regime of last year's extravagance and waste, 'tis a pity some of the Councillors cannot see themselves as ninety per cent of the ratepayers do, for if they did, they would drop behind the scenes, or "fold their tents like the Arab, and as silently steal away." The apathy and indifference on the part of our people, must be apparent to all, and in the writer's opinion, is unparalleled in any town of equal size, that I know of. If the ratepayers had turned out to the meetings called last fall to deal with a proposed fire station, we would not to-day, be hearing this cry of waste and extravagance from the mouths of our citizens.

Admitting that all of last year's Board were inexperienced in town affairs, and in business training, is that a sufficiently good excuse for the stand they took in the erection of a fire station, costing in the vicinity of \$32,000, when the public know that one third of that amount would have been sufficient for such a purpose?

Would men of good judgement have started the erection of a concrete and brick building at the time they did? Did Mayor Murray endeavor to dissuade them from such a course? We have no record that he did. Did he not have the power to veto this section, of course he had. The public should know if the amount of public funds wasted on this building exceeded \$10,000.

Can last year's Council tell the ratepayers their justification for paying

Suspicion can make or unmake a man. Suspicion can take his life. Suspicion can make him a success. See what it did for

Shows at 7.15 and 9.00. Prices 15c-20c.

**Suits, Dresses, Coats, Blouses, Dress Goods, Laces, Etc.**

NEVER before in the history of the trade has it been so hard to procure goods. Even the cheapest materials, such as Grey Cottons, Gingham and Prints, are practically off the market.

The following extract from a letter from one of the largest manufacturers in Canada explains itself—

"Owing to the tremendous demand being made upon us, it will be impossible to execute orders for the coming Fall Season in their entirety. It is our intention to treat our customers in a fair and equitable manner and each will receive their fair proportion, etc."

Anticipating this, we placed very heavy orders early in the season. Our stock is nearly twice the regular size, and we have no hesitation in saying that in a great many cases we cannot replace our stock from the wholesale at our regular retail prices.

**Dress Goods.**

We notice that a good many are making up their own Suits and Dresses and effecting a saving thereby.

We wish to call attention to our big range of Serges, San Tois, Poplins, Jersey Cloths, Broadcloths, Tweeds, Silk Voiles (Plain and Fancy), in all the newest colorings.

**Suits, Dresses and Coats.**

We are adding daily to our stock and are showing the smartest types in these lines.

**Silk and Voile Blouses.**  
The most up-to-date styles in a choice selection of designs.

**Laces and Embroideries.**  
A big range of very neat designs, including Baby Irish, Cluny, Valenciennes, Torchon, Shadow, etc.

**Paper Doylies**  
The Doylies come in a great many designs, and cut as prettily as the genuine Lace, and save a great deal of work.

**Sheif Paper.**  
These come in white, Rose, Cherry, Fleur de Rose, etc.

**Geo. G. McKenzie Co., Ltd.**

**PAY YOUR TAXES.**  
Pay your taxes and qualify as a ratepayer for the election on Tuesday.

**NEW RESIDENCE.**  
Mr. Richard Woods has commenced the erection of a new dwelling house in Ward III. It is said that eight new dwellings will be shortly under way in that Ward.

**G. W. V. A. MEETING.**  
A special and important meeting of the G.W.V.A. will be held at their rooms Friday evening. As this is a general meeting all returned soldiers are asked to attend.

**EVANGELISTIC SERVICES.**  
Evangelist Rev. Lew Wallace and Mrs. Wallace are conducting evangelistic meetings each evening in the Baptist Church. Large congregations are present at these services.

**REMOVED RAILS.**  
The rails of the I. N. R. from the junction at the yard, crossing Roseberry Street, to the old I. N. R. depot have been removed. This eliminates another railway level crossing.

**GAME PROSECUTION.**  
Warden Chas. Gray recently returned from up river districts, where there had been reports of big game slaughtered and reports that five or six cases have been prosecuted.

Don't miss the opening chapter of "The Perils of Thunder Mountain."

**MEN'S MEETING.**  
A special meeting for men only will be held in the Baptist Church on Sunday afternoon at 2:30 o'clock. Evangelist Lew Wallace will have something special to say on "This Run of Life." Railway men are particularly requested to attend.

There are thrills galore in "The Perils of Thunder Mountain."

**VOTES FOR SOLDIERS.**  
All the returned men, whether on the town voters lists can vote in the election next Tuesday by applying to the Town Clerk for a certificate.

Where is "Thunder Mountain?"

**NEW MANAGER.**  
Mr. Alex. H. Russell of the Canadian Bank of Commerce, St. John's, Que., has arrived here and has taken charge of the Campbellton branch of that bank. Mr. R. H. Neilson has gone to Halifax where he has accepted a position with the Eastern Trust Co.

**PROFESSIONAL.**  
Dr. W. H. Coffey, diseases of the eye, ear, nose and throat, will be at the Hotel Dieu Hospital every Wednesday. Feby. 5-11.

Work at the Roseberry Street School is nearly completed and it is expected the pupils will be attending school there in about two weeks.

The spirit of adventure is ever present in "The Perils of Thunder Mountain."

**SALE AT GALLAGHER'S.**  
On Saturday, April 17th, Gallagher is making a special clearance of velvets and corduroys. Price 85c. per yard. Also a few suits and coats at great bargains.

**INTERRED HERE.**  
The body of the late James Peters arrived here Tuesday night from St. John's Newfoundland and was interred in the R. C. cemetery Wednesday. The funeral was very largely attended.

**BUILDING REMODELLED.**  
Mrs. John Morrissey has moved into her building which was so badly gutted by fire last winter. The building has been thoroughly remodelled and is now in first class shape.

**DELIVERED ADDRESS.**  
On Sunday evening, April 11th, Mr. A. T. LeBlanc, M. P. delivered an address in the K. of C. Hall, the subject was "Early Education" of the Acadian Race in the Maritime Provinces" showing the advances which they have made up to the present time. A vote of thanks was moved by Mr. J. J. Bernier, seconded by Mr. John E. Dunn, of Amherst, and supported by Mr. W. H. Wallace of Campbellton.

**BOULET-ROY.**  
A very pretty wedding was solemnized at the Church of Our Lady of Snows on Monday morning the 12th inst., when Evangeline, daughter of Mr. and Mrs. A. C. Roy, was united in the holy bonds of matrimony to William H. Boulet of Campbellton. The ceremony was performed by the Rev. Fr. Melanson, friends of the contracting parties taking part in the musical service. A beautiful Ave Maria was rendered by Mr. R. J. Lavoye. Mr. Alfred Arsenau played Mendelssohn's Wedding March. The bride presented a very attractive and lovely appearance in a navy blue suit with picture hat to match, and carried a bouquet of roses and orange blossoms. Following the ceremony a sumptuous breakfast was served at the home of the bride, to the immediate relatives.

The young couple who are most popular in town, received many gifts and were the recipients of much congratulation from their many friends. The groom's gift to the bride was a handsome ring set with pearls and diamonds.

Mr. and Mrs. Boulet left by Monday's Limited for a wedding trip to the afternoon, unless sooner closed as provided for by law.

**RETURNED SOLDIERS' TAKE NOTICE.**

**A. McG. McDONALD**

**ELECTION NOTICE**

Public notice is hereby given that at a court for the nomination of candidates for the offices of Mayor and Councilors for the Town of Campbellton held on the 13th day of April instant, more than the requisite number of candidates for the offices of Mayor and Councilors Ward One and Two respectively were duly nominated, Namely:

For Mayor:—  
D. Murray, M. D.  
W. H. Wallace  
For Councilors for Ward One:—  
Alphonse C. Belle-Isle  
Henry J. Currie  
Harry A. Eagles  
Norman C. McKay.  
For Councilors for Ward Two:—  
Thos. N. Dickie  
A. H. Ingram  
Peter M. Shannon

A poll will therefore be opened in the several Wards of the Town on  
**TUESDAY, APRIL 20th,**  
at the following places:—  
For Ward One—At Jan. D. Murray's Store, Water St.  
For Ward Two—At the Town Council Chamber, Murray Building, Water St.  
For Ward Three—At E. Sullivan's Building, Water St.

Said poll will open at ten o'clock in the forenoon and remain open until four o'clock in the afternoon, unless sooner closed as provided for by law.

I will be at the Town Council Chamber, Murray Building, at 4:30 p.m. on the 20th instant to receive the returns from the several Wards and declare the candidates having the greatest number of votes to be duly elected.

Dated at Campbellton this 14th day of April, A. D. 1920.  
**JOHN T. REID,**  
Town Clerk.

# TRADE AT HOME AND BUILD UP YOUR TOWN

Do YOUR part in building a great City of Campbellton, and the growth of the Bay Chaleur County, by patronizing Campbellton and Bay Chaleur Merchants and Factories. Every dollar you spend in Campbellton and Restigouche county circulates and leaves a profit in every hand that holds it. Money sent away from here rarely returns—when you send it away you are deliberately sapping the life and strength of your community. To patronize home industries is a duty every citizen owes to himself and those he loves.

### WHERE THE SHOE PINCHES.

This man KNOWS where the shoe pinches, and he lays the blame on no one but HIMSELF. "I should have KNOWN better." This is the kind of reform that counts. MOST people busy themselves trying to shoe Other people. They think things would be just a little better if somebody ELSE did just a little different. But where the shoe pinches is probably with yourSELF, with MYSELF, with OURselves. When we get to the point of KNOWING this and acknowledging it, THEN we have made a start. Let's try this line of reasoning in tackling our Community problems. Where does the SHOE PINCH? "Am I doing anything that is keeping BACK the growth of my community?" "Am I leaving anything UNDONE to advance the growth?" With THIS spirit we CAN co-operate. Co-operation wins every time.

NEWSY ITEMS FROM NEARBY PLACES

Gathered by Graphic Correspondents—Contributions to this Column are Solicited from every District of the Bay Chaleur.

GRAND CASCAPELIA. With regret we record the death of Mr. Hector Harriman who was fatally injured by a fall from a scaffold while in the company of Messrs. Smith & Knowlton, Cascapele Station, N. B. He was seventy-eight years of age and had been in the employ of the firm for many years.

RIVER CHARLOTT. Mrs. Mary Calderwood an aged and respected resident of River Charlott passed peacefully away to rest on Saturday, March 23rd at the home of her daughter, Mrs. W. R. Jamieson, at the advanced age of 86 years and 4 months. The deceased leaves to mourn her loss, besides her husband, two sons, James and William Calderwood of Seattle, Washington, also three sisters and one brother. Her husband the late David Calderwood predeceased her 24 years ago. The funeral took place on Monday and was largely attended. Services were conducted at the house and grave by her pastor the Rev. F. L. Jobb. The pallbearers were William Maxwell, John March, Thomas Sheppard, W. A. Fraser, P. W. Hamilton, Harold Hamilton. Interment in New Mills Cemetery. (Seattle, Washington, papers please copy).

MATAPEDIA WEST. Mr. Carey Moores, who has been in the hospital in Campbellton with a cut foot is expected home shortly. Miss Amy Brach, who has been spending her vacation at her home in New Richmond, has returned to resume her duties as teacher here. Mr. Weir Fitzgerald who has been spending the winter in the lumber woods, has returned home. Mr. Mort. Moores spent Sunday in Dawsonville. Miss Viola Fraser is visiting friends in town. Mr. Murray Fraser has returned home from the woods.

NEW CARLISLE. We are sorry to relate the sudden death of one of our young men, Mr. Archie Porter on Wednesday the 13th March. The late Mr. Porter was a brother of Conductor Porter of the K. O. Ry. The funeral took place on Good Friday. Interment in the R. C. Cemetery. We are glad to hear that our member, Mr. Becaard is very much improved in health. Our Academy closed for the Easter Holidays on Thursday. We trust that when it reopens after the next holidays in September that we will have a teacher fully qualified to teach the Academy grades and thereby raising the school to a higher standard than that to which it has fallen during the past two years, when our Academy room was without a teacher qualified to prepare the pupils for Matriculation examinations, failing in which we will have to send our students to other schools. Surely we cannot wish the building, the pupils, and the necessary means get a fully qualified teacher to teach them. The Misses Eunice Caldwell and Leora Smollett spent the holidays in New Richmond. Among those spending the Easter holidays with us were the Misses Blois, Caldwell, Cooke, Hamilton, also Messrs. LeMaire and Kempfer. Mr. B. W. Blois and Mr. V. Arsenau spent the week end at Shigawake and Bonaventure respectively. We are sorry to say Mr. J. Lebel shows very little improvement and still requires constant attention. Mr. Ormsby, one of the teachers at the Academy, spent his holidays in our attractive little town. Mrs. R. J. Caldwell is rallying from her severe attack of pneumonia. Miss Chloris Kempfer gave a little evening party on Tuesday last. Those present report an enjoyable time spent. Mrs. LeBlanc, accompanied by Nurse Kempfer left for Campbellton Hospital Wednesday. We are sorry Mrs. LeBlanc keeps in such poor health. We have solved the problem as to the popularity of the potato buyers, the latter are giving the farmers exorbitant prices for their potatoes and strange to say they do not refuse it and give the buyers a cheerier smile than they give the church collectors and tax gatherers. The season's services in all the churches were well attended. In the Anglican Church the Good Friday service was at 10 a.m. and was well attended. It was the last service of Holy Week and while the pastor dwelt on the thoughts and events connected with that week with their termination on Good Friday, he invoked the congregation to look forward to Easter

Day which commemorated the glorious resurrection as the result of the Holy Week sufferings, and sacrifice of God's only Son. Service on Good Friday, March 29th, at 7 p.m. The latter was the better attended, but the former was perhaps the better attended with the spirit of the day. The church was decorated with palm branches and other things and the service was very impressive. The Rev. Mr. LeGrand spent the week end in Port Daniel at her old home. Mr. Ford of Port Daniel is in town visiting his old friend Rev. A. W. Buckland. Mr. Weston Robertson of New Richmond is employed with the Meigs Pulpwood Co. here at present. Mrs. Fitzpatrick of Perce is in town visiting her sister Mrs. Raymond LeSedeur. The many friends of the late Rev. J. M. Sutherland are grieved to learn of his death at Vancouver recently. The late Mr. Sutherland was well known by everyone here having had charge of the Presbyterian congregation for some years, and had also been School Inspector of this Coast for a number of years.

BLACK POINT. Black Point School Report, March: School in session, 24 days. Pupils enrolled, 28. Pupils daily present on an average, 20. Percentage of enrolled pupils, 71.43. (A)—Leslie Miller, 91. GRADE I. (B)—Margaret Nichol, 99. Dan McCormack, 92; Marie Hamilton, 76. HAZEL S. MENZIES, Teacher.

UPSAQUITCH. Mrs. F. R. Godfrey, who has been at her home in Brooklyn, N. S., for the winter months arrived in the village on Monday to visit her husband. A new saw-mill has been built here and is being run by Messrs. Smith and Knowles of Bathurst. Mrs. Wm. Borden is spending a couple of weeks in Campbellton the guest of friends and relatives. Mrs. Laura Holt, who has been the guest of her brother has returned to her home in Canad, N. S. Friends of Mr. M. Bainford will be pleased to hear that he has recovered from an attack of la grippe and is again at his work. Miss Mary Adams has resigned her position with her uncle Mr. Robertson and is leaving for her home in Matapedia. The many friends of Miss Hilda Borden will be glad to learn that she is much improved in health after her recent illness. The warm sun and wind of the next week has removed the snow very rapidly and it is beginning to look like spring again.

RIVER LOUISON. The following is the report of River Louison School for the month of January, February and March. Best attendance made by pupils during the sixty-four (64) days school was in session. Thomas Firlotte, 64 days; Victor Firlotte, 64 days; Eva Miller, 63 days; Bernice Levesque, 59 days. Average made by pupils in the different grades for the months of January, February and March. GRADE VII. Dora MacKay, 85.5; Yveta MacRae, 69.6. GRADE V. Margaret Barclay, 70; Janet Barclay, 64; Thomas Firlotte, 45.3. GRADE IV. IMPROVE YOUR BAKINGS By Using BEAVER FLOUR THE solution to the problem of—"How to improve your bakings and make bread, cake and pastry which are real food treats"—is simple—use Beaver Flour. Why? Beaver Flour is made from the finest selected Ontario Winter and Western Hard Wheat. It contains the world-famed richness of the former, and strength of the latter. When scientifically blended, these grains produce a flour—Beaver Flour—which is unequalled for purity and baking qualities. Let Beaver Flour prove to you that it will improve your bakings. Try it and note the difference in your bread, pies, cakes and pastry. Sold by your grocer. THE T. H. TAYLOR CO. LIMITED Chatham - Ontario

Every Farmer and Horseman Should Have This Liniment Dr. J. Woodbury's HORSE LINIMENT AND CONDITION POWDERS Used internally, the Liniment is a sure acting remedy for Colic, Kidney Trouble, Coughs, Colds and Heaves; while the Powders tone up the general system and help the horse to improve. "You may put me on your list of users of Dr. J. Woodbury's Horse Liniment. I have found them to be the best on the market and an answer without your Liniment and Condition Powders in my stable." G. E. CRONKHITE, Horseman. FRASIER, THORNTON & CO. LIMITED COOKSHIRE, P.Q.

OTHER TABLETS NOT ASPIRIN AT ALL JOY FOR GIRL BOY WIN This Genuine Cutler Chummy Racer, The Marvellous Boys and Girls Real Gasoline Auto. Something We All Do Something We All Eat Something We All Want Something We All Wear GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleaning at once. When painful, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups. THE PRIZES: First Prize - Genuine Cutler Chummy Racer, value \$250.00. Second Prize - Genuine Cutler Chummy Racer, value \$150.00. Third Prize - Genuine Cutler Chummy Racer, value \$100.00. PERSONALS

Mr. David Fallow has returned to New Richmond after spending a few days visiting friends in town.

Miss Muriel Hickey of McKee is home nursing her brother Eric who has been very ill with pneumonia, but who is now recovering.

Mr. Gordon Hickey is spending a few days in town on account of his brother's illness.

Mr. Aubrey Clarke has returned to Edmundston after spending a few days with his parents Mr. and Mrs. W. W. Clarke.

Last Saturday evening the variety shower given at the home of Miss Yvonne Cantin in honor of Miss Evangeline Roy was a pleasant gathering of young ladies. An address suitable for the occasion was read and among the large number of gifts was a beautiful chest of silver.

The evening was a jolly one from start to finish. Those present were: Miss Evangeline Roy, Miss Laura Boudreau, Mrs. Walter Howard, Mrs. Omer Guindy, Mrs. P. Dupuis, Mrs. F. Boudreau, Mrs. Rene Lavoy, Mrs. Harry Sullivan, Misses Mabel Culligan, Annie McIntyre, Louise Barthe, Nora Wall, Ethel Hogan, Ouilana Boudreau, Josephine Le LaBriere, Nellie Kerr, Agatha Wall, Fedora Renault, Berthe Brennan, Maggie Coy, Hazel Quinn, Edna Thibodeau, Alice Plamondon, Alma Roy, Marion Harquail, Winnie Lemieux, Bertha Richard, Angelle Roy, Dora Frenette, Hope Quinn, Rene Plamondon, Mrs. T. Cantwell, Misses Diana Boudreau, Robertine McIntyre, Ethel Love, Gertrude Murray, Corinne Roy, Mrs. Sherman Filote, Misses Nellie Shannon, Lenene LeBlanc, Florence LeBlanc, Albertine Doyon.

Mr. R. W. Richard of River du Loup has been visiting friends in town. While here he was presented with the Long Service Medal for thirty-six years of faithful service on the C.N.R.

Mr. and Mrs. Ernest Astles have returned to their home in New Carlisle after spending the past two weeks with their daughter, Mrs. David LeFurgey.

Mrs. Peter P. LeBlanc of Campbellton is visiting in St. John the guest of her brother, Mr. J. W. Vienneau.

Miss Vera MacLeod, stenographer at the General Offices, Moncton spent the Easter holidays with her parents at Flat Lands.

Mr. George MacLeod of Moncton, spent the Easter holidays with Mr. MacLeod's parents, at Flat Lands, N. B.

Mr. and Mrs. Geo. G. McKenzie spent the week-end at Matapedia, the guests of Mr. and Mrs. Baker.

Mrs. J. W. Morton returned last evening from Flat Lands where she has organized an auxiliary in connection with the Soldiers' Memorial Hospital Aid. At Matapedia she called on a number of ladies and hopes to soon hear that an auxiliary has been formed there also.

Miss Hazel Lingley has returned from a visit with friends in Montreal and Ottawa.

Mrs. Harry G. Millican entertained at a most pleasant afternoon tea on Saturday at her residence on George Street, was a delightful function. Mrs. J. T. Bell presided over the pretty appointed tea table and assisted in the service were Mrs. Millican, Mrs. Mona McEwan and Miss Jessie McIntosh. Miss Dorothy Bell attended to the coffee.

Mr. Wm. Millican and son Robert have returned from a trip to Montreal.

Miss Marion Gibson has returned from a visit to her home in Fredericton.

NO MISTAKE THIS TIME

After an unsuccessful endeavor to procure a suitable ferry boat for the Campbellton-Cross Point ferry service Mr. Robert Sinclair, the successful tenderer for the service, has thrown up the contract.

Last week Mr. John Quinn who ran the service last season and who owns the ferry steamer received a telegram from the Department at Ottawa asking him if he would accept the contract as per his tender to which he answered that he was prepared to do so.

SERVICES AT THE S. ARMY.

Ensign and Mrs. Davis and the comrades of the local Salvation Army Corps are looking forward to a great time during the week-end, April 17th and 18th, when the meetings will be conducted by Commandant Colin Campbell of Toronto.

The Commandant was stationed here many years ago, and will no doubt, meet many old friends.

NEW TIME TABLE

The spring and summer time table of the Q. O. and A. Q. & W. Railways goes into effect next Monday. This provides for a daily express service each way.

NOTICE TO TENDERS.

Tenders will be received for the stock at St. Quentin, belonging to the estate of Andrew J. Morissett, assigned to Thos. Craig Sheriff, for the benefit of his creditors, up to Friday the 30th day of April, instant. The highest or any tender not necessarily accepted. Copy of list of goods may be had from the Sheriff at Dalhousie, M.A. Kelly at Campbellton, H.A. Carr, Campbellton and J. P. Arseneault at St. Quentin.

THOS. CRAIG, Sheriff.

Taking Music from the Devil

WHAT'S the matter down there at the door? "It's the drum, General, and the crowd pushing past." "Let the drum come in too."

THIS was the entrance of the drum, into their meetings.

THEY have given many hymns to the world and taken many songs from the Devil. They have well said, "He has no right to music."

THEY play their music for God, to bring the people to Him.

MANY a man has been led by Salvation Army Bands and Songsters to realize that true harmony in this life can only come from the knowledge of God's power to save.

The Salvation Army—308 Citadels and Institutions in this Territory.—Use them!

Your Clothes

Should be the best that money can buy.

Clothes do not make the man, but they make him presentable, and he is often judged by his appearance.

You need never be ashamed of your clothes if we make them.
