"Climax Furnace" for Wood.

Is Admitted by All to be the Best Furnace in Every Way that can be Purchased in the Market.

The above Furnace with Radiator is made wholly of heavy cast iron and CANNOT POSSIBLY CRACK BY EXPOSURE TO HEAT.

The Fire Box or Dome, is made in one piece and heavily corrugated; thus giving it great strength and heat radiating surface, and so constructed that the joint cannot leak smoke, which is the great defect to every other Wood Furnace in use. The feed door is large and will admit of burning all kinds of rough wood, which, with the Check Damper, controlling the fire, makes the Climax Furnace also the most economical. There being no this plate or sheet iron used in its construction it will easily

Last for 20 Years Without Repairs.

I am prepared to contract for the heating of buildings at lowest possible rates for good work, and have secured the services of experienced workmen so that I can Fully Warrant every Furnace to give Complete Satisfaction.

If your Dealer cannot show you my Climax Furnace write direct to the Sackville Store Foundry for Description and Estimate of cost.

GOOD NEWS.—The citizens of Sackville will be pleased to learn that the citizenship of a worthy who has on several occasions been the centre of public attention. Yesterday morning Chas. Sears, was brought before Stipendiary Oahill on several charges of destruction of property, a trial, carrying and threatening to use firearms, etc. etc. The trial lasted but a short time as evidence of a convicting nature was on hand abundant. Sears was sent to board in the county hotel for the next 15 months. This is hoped will prove a check to the fast growing rowdism that is too prevalent in the village. Y. M. C. A.—The Annual meeting of the college Y. M. C. A., will be held in the Methodist church next Sunday evening, Nov. 9th. The following will be the order of the service:—
Hymn No. 60; Prayer; Anthem "The Lord is King," Scripture Reading; Hymn No. 47; President's address by Mr. McConnell, Solo "I know that my Redeemer liveth" from the oratorio of The Messiah. Address by Prof. Andrews, Anthem "How lovely is Zion," Hymn No. 470; Benediction. Handel's great solo will be sung by Mrs. Harrison. The choir will be assisted by a number of students from the Colleges and others.

THE FOOTBALL CONCERT.—A large audience greeted the first concert given by the Football Association in Lingley Hall on Friday evening last, when a pleasing musical and literary programme was rendered. The opening chorus by the glee club, Kemo-Kimo, was followed by a soprano solo by Miss Mack, who sang Gounod's "Sing, Smile and Slumber," with violin accompaniment by Prof. Curry. In response to an enthusiastic recall, Miss Mack sang a solo in German. The next was a violin solo "Polish Dance," by Prof. Curry, and in response to an encore, he played "Swanee River." Mrs. C. H. Harrison's vocal solo, "Le Tourbillon," was given an encore, to which she sang a laughing song, which highly appreciated. On this occasion, Miss Landers made her first appearance before a Sackville audience. Both her first selection and her afterwards, were well calculated to please, and all who have heard her record her a high position as an elocutionist. Miss Mack was greeted with applause on her second appearance, and sang "The Gipsy," which was heartily applauded. Prof. Curry gave a second violin solo Cavatina, and Mr. Murray, who was suffering from a cold, sang the popular song, "Killdeer," which brought forth deafening applause; this ended the first part of the programme. Of part first two much cannot be said in praise. Mrs. Harrison, Miss Mack and Mr. Murray delighted their hearers, Miss Landers made an impression of great favor, and Prof. Curry was accorded his usual reception; but of the latter part words of praise would be anis. As a farce, it was too realistic to be mirthful, and whatever jokes there may have been in it were too local or dense for the public mind to grasp. As a drama it dispensed with all the unities, and as a college production was not a compliment to the Alma Mater.

MR. STYVEN P. BURKE, an extensive farmer and owner of one of the best farms in Minidie, gives it as his opinion that there has not been more than half a crop of hay put up in good order this year, and that potatoes are almost a total failure. W. Forrest. One of these got away and they picked up another further on. They took these cattle to Mr. Wells' and butchered them. John Wells was committed for trial. On Wednesday John and Ephraim Wells were up for trial before Judge Morse. The charge was for stealing and butchering a steer belonging to Mr. Calvin Black.

DR. HARTLEY of Amherst has had the following charges preferred against him, by some of his congregation. The charges were: A too great attention to literary pursuits and a too great neglect of ministerial duties; a too great leaning towards Episcopalianism, together with attempts to transfer the church and membership to that fold; an apathy to the temperance work manifested by continued absence from lodge meetings; a too dominant air, and autocratic demeanor; conduct unbecoming a minister, being seen at 11 p. m. on Saturday in a remote locality with a female of questionable character, and also for prevarication, manifested on his arrival in Amherst that his wife was in Fredericton and would shortly follow him. The reverend gentleman says: "I deem it infra dig to make any defence on my behalf, for qui se excusat a casus."
