Two Sessions Will Be Held Daily To Deal With Vital Questions.

Paris, March 25.—All the delegations to the peace conference are very anxious regarding the situation in Eastern Europe, and are impressed with the necessity of quickly doing something to hasten the return of normal conditions to the rest of Europe. Premiers Lloyd George, Clemenceau and Orlando and President Wilson have decided that, beginning on Tuesday morning, they will hold daily sessions daily to bring to a conclusion in the shortest possible time the principal questions concerning the Poles-Germans and the Italian-Jugoslav frontiers, reparations and the League of Nations. The ministers of foreign affairs, who have hitherto been included in important conferences, will not be present during the preliminary meetings this week.

President Wilson and Premier Orlando will meet on Tuesday morning to discuss the problem of the Italian frontier. It is becoming more urgent as the day goes on, because of the disorders occurring on the Italian frontier. The Italian and Yugoslav governments have both Premier Orlando and Lloyd George must return to their respective capitals soon, as their absence at the present moment is more acutely felt because of the spread of Bolshevism.

Advices to American Peace Conference Delegates Indicate a Threatening State of Affairs—Change in Administration Set for Some Time in April.

COUNT KAROLYI IS ALBERTA'S EDUCATION NEGOTIATING FOR PROGRAM CALLS FOR BOLSHEVISM'S SPREAD \$1,667,173

Former Hungarian Premier Is Conferred With Rakovsky.

ROMANIA ENDANGERED

Allies Are Urged To Rush Men and Munitions There.

Paris, March 25.—Budapest dispatches to the London Gazette say that Count Michael Karolyi, former premier of Hungary, has been negotiating with Rakovsky, the Bolshevik leader in Ukraine, with a view to the latter's withdrawal from Hungary, Rumania and Jugoslavia.

Rumania, which is the latest rampart against Bolshevism, is seriously threatened by 50,000 Russian, Bolshevik troops and six Hungarian divisions. The dispatch says: "The Allies should rush men and munitions there for every hour lost may have serious consequences."

KAROLYI'S SURRENDER OF OFFICE WAS ONLY POLITICAL MANOEUVRE

Prague, March 24.—In certain circles here it is declared that the recent happenings in Budapest had long since been artificially arranged by Count Karolyi, who surrendered his office of provisional president in favor of the proletarian government. This declaration is declared to be a political manoeuvre. Karolyi, who is now in the hands of the Soviet regime, the Hungarian Government, it is contended, is really standing for the national independence and the Hungarian idea which has always inspired all the Hungarian statesmen. This statement is supported by the late Count Tisza, Count Karolyi or others.

The Hungarian Government have but one object, the domination of the Hungarian races over all the others.

LIBERALS WILL FORCE TARIFF ISSUE IN HOUSE

MacMaster of Brome Will Introduce Amendment.

SWEEEPING RESOLUTION

Opposition Proposals Embody Resolution Adopted at Liberal Convention.

[Special to The Advertiser.] Ottawa, March 25.—The Opposition has decided to force the tariff issue on the House. This afternoon MacMaster of Brome will move an amendment to the motion, to go into interim supply, and his amendment, it is understood, will embody the tariff reform proposals laid down in the resolution moved at the Eastern Ontario Liberal convention on January 14 last.

This resolution corresponds with the omnibus motion moved in the House in May of 1917 by Hon. Frank Oliver and seconded by Hon. F. E. Carroll, now minister of public works in the Union Government. It is based upon the tariff platform of the Canadian Council of Agriculture, passed two years ago and reaffirmed at the Winnipeg convention last year, and differs but little from it. In brief, the resolution of January 14, which, by the way, was approved by Sir Wilfrid Laurier at the convention called for the removal of the seven and a half and the five per cent war tariff for the placing on the free list of farm implements and machinery, farm tractors, mining, flour and sawmill machinery and repairs for same, rough and partly dressed lumber, illuminating, lubricating and fuel oils, cement and fertilizers.

It further provided that staple food and food products, domestic animals and food thereof be placed admitted in Canada free of duty when coming from and being the product of another country, admitting like Canadian articles into such country free of duty. It provides that substantial reductions be made in the general tariff on all articles imported into Canada excepting "luxuries," and that "the tariff preference be increased to 50 per cent of the general tariff."

This platform was enunciated in the House by Hon. MacMaster of Brome on Tuesday, March 18 last, during his speech on the address, when he stated that the House would later have an opportunity to vote upon the resolution. This afternoon that opportunity will be provided and western members will have a chance to declare their faith.

THOSE WHO SUPPORTED IT.

There are in the House many men who voted on the resolution moved in May of 1917. On the Government side there is Hon. E. B. Carleton, who has been declared by the House as a supporter of the resolution. He is now minister of the Interior. On the Opposition side there is Hon. J. H. MacMaster, who is now minister of the Interior. He is now minister of the Interior. He is now minister of the Interior.

No action was taken on amendments for safeguarding the Monroe doctrine, but this subject probably will be considered at the next meeting on Wednesday. The Japanese amendment to the league was not considered last night, and no action was taken on the proposed French amendment for the creation of an international military staff. The entire covenant when amended and agreed on by the commission will be submitted to a drafting committee, which will put it into more definite legal form before its submission to the supreme council.

DAYLIGHT SAVING TIME IS TO BE DISCONTINUED IN CANADA AS A RESULT OF OBJECTIONS

Federal Government To Bring Down Legislation To Continue Solar Time—Inconvenience Is Expected To Result at U. S. Border Points.

Ottawa, March 25.—Daylight saving is to be discontinued. In view of the objections raised, it is understood that the Government has decided to bring down legislation continuing solar time. Official announcement to this effect will probably be made in the House this afternoon. The fact that the U. S. is continuing daylight saving during the coming summer will, it is recognized, cause some inconvenience at the border.

It is hoped, however, that some arrangement will be made by the railways whereby the inconvenience will be reduced to a minimum.

JEWS OF PALESTINE IN DESPERATE NEED

Local Relief Campaign Committee Meeting Today.

Lieut.-Col. W. G. Coles, chairman of the local campaign for the relief of destitute Jews in Palestine, has called a meeting for this afternoon of the local committee to promote arrangements for the canvass to be held in this city on April 1 and 2.

The central committee list contains the names of a number of the most prominent citizens, including: Hon. C. S. Hyman, Major H. H. Fallon, Hon. W. Baker, Mrs. A. T. Edwards, Miss Grace Blackmore, Col. T. S. Hobbs, F. B. Leonard, A. T. Little, John McFarlane, Frank McCormick, T. W. McFarlane, J. P. Moore, Philip Preece, T. H. Purdon, R. C. George, Arthur W. White, and Captain White, C. Bowker, is treasurer of the fund.

A telegram as follows has just been received from the Zionist publicity department in America:

"Your telegram regarding campaign received. We have just received the following from Lieut.-Col. Epstein, treasurer of the Anglo-Palestine Bank from Palestine, which gives a graphic picture of conditions:

"Although there is sufficient food to be found in the country, the destitute population has no money wherewith to buy any. As I have already said to you, thousands and thousands of people go about wrapped in rags. No boots are to be had, nearly everybody goes barefooted. A few days ago I received word of nine hundred Jews who had been imprisoned by the Turks, but had now been freed. They are in a desperate state. Their condition is beyond my power to describe. Almost the entire population of Palestine is destitute. It is a matter of life and death with thousands of the inhabitants."

"Relief work in Palestine must be inaugurated on a much larger scale. We must succor every Jew, Christian, Mohammedan and all other nationalities."

(Signed) F. J. Fennell, Chairman Publicity Department."

Excessive Brainwork Sometimes Fatal

No chain is stronger than its weakest link. Incessant Mental Activity. Business or Domestic Worries cause an extra flow of blood to the head. Then there is a rise of temperature in the brain, and the organic matter is burned out then we have pains in the head which lead to morbid conditions or paralysis or a rupture of a blood vessel in the watershed region. Some of our best citizens are taken away through neglect of this most important organ. To overcome these conditions you must give your brain a rest, and to supply the natural organic matter that has been used up you should take a six-box treatment of HACKING'S HEART AND NERVE REMEDY. FOUR THOUSAND VETERANS OF FIRST BATTALION EXPECTED WHEN THE UNIT RETURNS

Giant Organization Perfecting to Round Up in Western Ontario the Men Already Back.

If organization counts for anything, the returned soldiers of the First Battalion will give their comrades who are returning from overseas next month as a unit the heartiest reception that any soldiers have yet had. There are over 2,000 returned men of the famous First Battalion scattered through Ontario, and the chances are that a great majority of these men will be present when the battalion returns to Canada in April.

At a meeting held in the Y. M. C. A. yesterday afternoon, officers for a temporary organization were elected as follows:

Honorary president, Brigadier-General F. Hill, at present in Wilkes-Barre, England; Lieut.-Col. K. J. Douglas, Walkerton; president, Lieut.-Col. D. M. Sutherland; first vice-president, Major R. H. Tass, London; second vice-president, Capt. E. Irvine, London; Capt. Irvine was also elected treasurer; secretary, Major J. H. Millard, M.C.; Capt. Cuddy, Godenish; Sgt. Levis; Walkerton; Lieut.-Col. Fred Hall; Lieut. Col. Sgt. Clayton; Woodstock; Sgt. Major G. Owens; Galt; Sgt. Gibbs; Kitchener; Sgt. Mitchell; Dundas; Corp. Finlay; Guelph; Capt. Douglas; Stratford; Lieut. Rankin; Truro; Lieut.-Col. W. Lawler; Watford; Capt. R. Stapleton; Peterborough; Lieut. Stock. The officers and executive will line up the men of their respective districts for the reception to be given the battalion when it returns to Canada.

Get All in Line. Lieut.-Col. W. J. Brown, A. G. M.D. No. 1, addressed the meeting, stating that blankets and rations would be supplied for all men who could be present that day. He thought that there were about 2,000 men who had passed through the first battalion that were already back in Canada. He would like to see every member of the battalion present on the day of the reception. He promised to take up the matter of half pay for the men who would have to wait here on the train. Major R. H. Tass of Embro acted as chairman of the meeting. It was the opinion that it would be a success. The raising of funds will be via the donation route. It was first thought that each man should be taxed a dollar, but this was voted down finally.

Plans Made Later. At a further meeting last night in the committee rooms of the city council, between Alds. P. E. Harley and P. G. Moorhead representing the city and Major Millard, Lieut.-Col. Douglas, Capt. Ross, Capt. Irvine, Capt. Douglas, Sgt. W. E. Mitchell and Corp. Marshall, the first battalion, it was decided on motion of Major Millard that a house be built for the men to be housed in the First Battalion.

Wait Few Minutes. "Why hasn't headquarters enough horses to put this matter in its true light," demanded Lieut.-Col. J. Douglas. "The city people can wait a few extra minutes."

Capt. D. E. Douglas thought that every returned man of the First Battalion was entitled to a reception, and he would like to see them all in the parade. The biggest percentage of the boys coming back are drattees anyway," shouted another veteran. The matter was finally left in the hands of the executive committee to take up with the representatives of the city.

The raising of funds will be via the donation route. It was first thought that each man should be taxed a dollar, but this was voted down finally. Plans Made Later. At a further meeting last night in the committee rooms of the city council, between Alds. P. E. Harley and P. G. Moorhead representing the city and Major Millard, Lieut.-Col. Douglas, Capt. QUERIES REGARDING MILITARY SERVICE

Address Your Problems to the Military Editor of The Advertiser and They Will Be Answered From Official Information.

LEAMINGTON MOTHER: Q.—My son is serving overseas and my husband is very ill. My other son was discharged from the service as medically unfit, and is unable to work. Can I obtain separation allowance on the account of the son who is in the service?

A.—Cases such as the above are dealt with on their individual merits. In the case of soldiers in the service, with helpless dependents, separation allowance is payable, provided that the soldier assigns a portion of his pay to his dependents, and that the authorities are satisfied that the case is a needy one. To obtain this allowance, write to the District Paymaster, Walkerton Barracks, London, Ont., applying for an "Application Form for Separation Allowance," which must be filled in and signed by responsible citizens corroborating statements contained therein, after which you will return the form to the paymaster. It would also be advisable for you to write your son, enclosing asking him to apply to his regimental paymaster for separation allowance, and the matter would thus be expedited.

SOLDIER'S MOTHER: Q.—I am a soldier's mother, my son having signed up with the 63rd Battery. He landed in England December 31, 1916, and was transferred to the 3rd Battery to go to France, and has served with that unit continuously since. Can you tell me what division he is in?

A.—This battle is a unit of the First Canadian Division.

2. According to information received at the office of this division is at present in Belgium awaiting orders to proceed to England for demobilization and return to Canada. The overseas authorities have announced that this division will return to Canada in the near future, and it is quite possible that your son will sail from England within a month's time, although there is no definite information available as to when the 1st Division will arrive in Canada.

INQUIRER: Q.—Are the authorities at Ottawa giving soldiers and their wives divorces free of charge, as I heard this was true?

A.—No. There have been rumors to the effect that such a measure was to be passed, but at present soldiers and soldiers' wives are required to proceed according to the usual custom throughout the Dominion before a divorce is granted.

SUBSCRIBER: Q.—A returned soldier from France, on receiving his final medical board was marked category C-2, with six months' disability. What compensation (if any) does he receive?

A.—The local representative of the board of pensions has informed The London Advertiser that the amount of compensation referred to above depends upon the extent of disability incurred, also whether disability was due to service or not. Pensioners are graded in 20 classes, irrespective of category and compensation varies from \$2.50 per month up. If this soldier has not yet received any compensation he may write or interview the local representative of the pension board in the Bank of Toronto Chambers, and his case will receive every consideration.

ONE INTERESTED: Q.—1. When a soldier proceeded overseas, when did the authorities begin to hold a part of his pay back. That is, was it at the time of sailing, time of reaching England or on crossing to France or Belgium?

2. Did the authorities keep back one-half of the pay?

3. Will they render an account so that the legatee or next of kin can understand that the amount sent by way of settlement is correct?

4. If it is suspected that the amount is not correct what course is open?

5. Does the will of a soldier which bequeaths all his property, real and personal, to one person need to be probated?

A.—1. It is customary in the Canadian army to retain an account portion of the pay of those serving in ranks while overseas (including England, the said money to be paid to the soldier concerned when proceeding on leave, which is granted periodically. In the case of soldiers in France, up until 1916, about 20 francs (about \$3) per month was issued to privates, and this was later increased to 45 francs (about \$7) per month. However, on proceeding to England on leave each soldier was directed to the Canadian pay office at London, where he was allowed to draw an amount on his account standing to the credit for service.

2. In France two-thirds of the soldier's pay was held back of him in case of men assigned pay to next of kin, and in England about one-half of the pay of those serving in ranks was held back until leave was granted.

3. Last pay certificate is usually recorded for each deceased Canadian soldier, this branch of work being in charge of the military estate department. If an application for a statement of the soldier's account were forwarded to a paymaster-general, military headquarters, Ottawa, Ont., a full statement of account would likely be sent to you.

4. There is a legal course, and the usual manner, by which a soldier's consulting solicitor and taking legal action to obtain a proper statement of account.

5. Yes. It must be probated in the usual manner.

WHEATLEY: Q.—I am a returned soldier and was passed and discharged twice as medically unfit, 99th Battalion on January 3, 1916, and was one year and three months at the front. I was discharged from the service by reason of being medically unfit on April 24, 1918, and my wife died just before I enlisted. I receive the same amount of pay as a married soldier. Can you give me service gratuity and I entitled to, if any?

A.—For two years service and under three years, part of which was spent in an "actual theatre of the war," you are entitled to receive 153 days' pay and allowances of rank, held at time of discharge. If you were in receipt of separation allowance on the account of your children, you would receive gratuity at a minimum rate of \$100 per month. If you were not in receipt of separation allowance on the account of your children, you would receive gratuity at a minimum rate of \$100 per month.

THE VOGUE in Silks for Spring

The new fabrics of spring and early summer are here, and this will be exhibit week. A special display of all new silk fabrics will be made throughout this section. The exhibit begins today and you are invited to inspect the multitude of new silks with strange names and beautiful new textures—the novelties about which modish women are beginning to inquire. This exhibit will introduce you perhaps for the first time to the wonderful things which have been accomplished in textiles, showing a veritable riot of color—wonderful effects—impossible to describe them as it is to give anything but a fractional list of the host of new silk materials mustered in this section for spring and summer season, 1919. This week's display will inform you.

GIRLS! TRY IT!

HAVE THICK, WAVY, BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out.

Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandrinette hair cleanser." Just try this "moisten a cloth with a little Dandrinette and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil, and in just a few moments you have doubled the beauty of your hair."

Besides beautifying the hair at once, Dandrinette dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair starting and growing at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely invest a few cents in a bottle of Dandrinette at any drug store or toilet counter, and just try it.

Save your hair! Beauty it! You will say this was the best money you ever spent.

CANDRUFFY HEADS BECOME HAIRLESS

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when reclining, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

A real cough remedy

Don't surrender to an obstinate cough. There's a remedy that will help you conquer it—a remedy that soothes, soothes all irritation of the respiratory organs and gives bodily strength for permanent cure. Try it—ask your druggist or dealer for—

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place instead of the thousands of sickly, anaemic-looking men, women and girls, with nasty or muddy complexions; instead of the multitudes of "red heads," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of particularly pure phosphate in it to warm from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible, and some of the most potent and potent, before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter-pound of phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation.

GERMAN HAND BEHIND MOVE OF HUNGARY?

Shaping To Rob Allies of Fruits of Victory.

ARROGANCE IS GROWING

Delay in Effecting Peace Has Created New and Alarming Situation.

BY FRANK H. SIMONDS.

(Copyright, 1919, by the McClure Newspaper Syndicate.)

PARIS, March 24.—There is no more interesting and at the same time, baffling scene than that which is being played out in the corridors of the League of Nations.

It is perfectly clear that there are two great problems facing the western world. Only a strong Germany is a Germany which has achieved its independence—could possibly pay its debts and be a member of the League of Nations.

It is perfectly clear that there are two great problems facing the western world. Only a strong Germany is a Germany which has achieved its independence—could possibly pay its debts and be a member of the League of Nations.

On the other hand, if Germany would be too weak to resist the western powers, would be as incapable of paying for German excesses and devastations in the war as Russia is now incapable of paying the debt she owes France. Always, therefore, in the Allied mind there is this dilemma.

At the outset one fact seems to be established by all witnesses named, that Germany is not only economically but also morally bankrupt. The German economy which showed itself in lying and in stealing on the grand scale during the war, is now in a state of chronic and in the smallest circumstances of life.

Sir William, in making his announcement, promised that he would have the widest latitude in the conduct of the probe.

"He has been suspended pending investigation," replied the premier.

"Yes, but it is stated that he has resigned," replied the premier.

"I don't know anything about that," said Sir William.
