COMPANION VOLUMES.**THE NEW CREATION.**

By the author of "Our Family Ways."

This new volume by the author of "Our Family Ways," will be gladly received by all who have read her first work. The first dealt with the duty of the individual in his relation to the Church as the Family and Household of God. The second—The New Creation—is a continuation of the instruction, treating on the great subject of the Incarnation, and the Sacramental Doctrines of the Church, in the same simple and pleasing manner, which characterized her first book. The book is a

COMPENDIUM OF THEOLOGY,

and is fascinating as a story. It should have the widest possible circulation for the good of souls.

PRICE, 50 CENTS, NET.**OUR FAMILY WAYS.**

The sale of 4,000 copies of this book in the first two years, is the best recommendation of its value. The Clergy should make liberal use of these two books for gifts to Confirmation Classes.

The Churchman (N.Y.) says of "Our Family Ways":—

"This is a very excellent little volume to be put into the hands of the young, especially when preparing for Confirmation. It gives concisely and precisely just the information which pastors and teachers do not always know how to convey in an attractive form.

"We remember the advice once given by a clergyman to a younger brother, who asked for counsel on the matter of preparing candidates for confirmation: 'Never take for granted that your candidates know anything about Church principles. They may, but the extent of ignorance or misinformation is far greater than we, any of us, suppose.'

"A book like this will go far to remove the difficulty, and where oral instruction can be given, as is sometimes the case, will be found most useful in supplying the need. We advise our clerical readers to note and to apply this suggestion."

## PREFACE.

---

In issuing the Year Book for 1893, the opportunity presents itself for grateful recognition of the favorable reception accorded its predecessor. It may also be stated that care has been taken to eliminate what was defective, and to make this handy little manual more than ever a useful and accurate work of reference to all who are interested in the welfare and advancement of our Church in Canada.

Thankfully do I acknowledge the assistance given by those who have been good enough to furnish information tending to assist the completeness and value of this volume. With regard to any omissions or accidental errors that may be discovered, would venture to claim indulgence on the plea that, in the absence of any systematic method for registering statistical records of church work, it is simply impossible to furnish anything like a complete report of its progress.

The Clergy, whose Names, Diocese or Post Office Addresses are not correctly or fully given, should not fail, on or before Oct. 15, to send notice of any change that is desired. Unless this be done, the Editor cannot be responsible for inaccuracies in the Clergy List.

It is desired also that the attention of the Editor be called to any names which are improperly retained in the List of Clergy, as, *e. g.* the names of Clergymen deceased or deposed.

In conclusion, may I venture to ask very earnestly for the co-operation of the Clergy and Laity in securing a wider circulation of this publication, feeling convinced that by an honest and intelligent study of the facts it records, many will be led to form a more correct estimate of the power and influence the Church of England exerts upon the national life of the Dominion.

All communications should be addressed to the Editor and  
Publisher. JOSEPH P. CLOUGHER.

TORONTO, Feb. 1st, 1893.

NOTE.—Arrangements have been made with the Young Churchman Co. Milwaukee, Wis., publishers of the "Living Church Quarterly," to discontinue the Canadian Clergy List formerly published therein. Most of our readers will also wish the "Living Church Quarterly," which will be sent post paid by the publishers on receipt of 25 cents.

## THAT WISE OLD SAYING

"An Ounce of Prevention is Worth a Pound of Cure," may well have been a prediction in reference to Scott's Emulsion, an ounce of which has frequently shown its worth in the production of a pound of healthy flesh.

A new saying, also applicable to Scott's Emulsion, might be that "A Pound of Cure is Worth a Ton of Relief," for sixteen ounces of this preparation has been known to create enough of healthy flesh to make all the difference between alarmingly low vitality and robust health. Relief is good—*Cure is better.*

## SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphites of Lime and Soda is, above all things, *food*. In that word is included the best idea of *medicine*. And Scott's Emulsion is the best meaning of the word "food," in that it is the most nutritious of all fat-foods, and therefore the quickest builder of sound flesh.

Scott's Emulsion has done away with the objectionable features of cod-liver oil, bad taste and indigestibility—it can be taken and readily assimilated when even weak forms of fat foods tax digestion; and this for the simple reason that Scott's Emulsion is fat *already partly digested*. It has been tested in all forms of wasting diseases, with results really magical. Nothing has done or can do so much for delicate children.

The long and large experience indicated above shows conclusively the great advantage total abstainers may reasonably expect to gain by insuring in The Temperance and General Life Assurance Company, which selects its risks carefully and classifies them strictly according to their habits.

LOUISVILLE, Ky., March 12, 1890.

GENTLEMEN,—All the windows for Calvary Church having now been placed into position, I have much pleasure in expressing my entire satisfaction with the work, and to compliment you on the success you have achieved in the execution of our order. With the artistic merit of the glass, I must say, I am more than satisfied, the figures are all perfect, and the art work could not be excelled, in fact in all my travels I have never seen anything to equal it. I thought the Trinity Windows in Boston were fine, as they were, but they do not come up to the windows you put in for us. This opinion is voiced by every one who has seen the windows, and we have some pretty good art critics to examine them, and they all pronounced them perfection itself. Persons who have travelled in the Old World agree with us, who have not been so fortunate; there are no words except of the highest praise awarded the windows. Finally, I will say, I derive a great deal of pleasure and satisfaction from the windows, and I am amply repaid for all my trouble and labor, covering a period of over a year's investigation to ascertain where the handsomest and most artistic glass could be obtained in the glass business. I certainly think I went to the bottom in my investigation, having visited many of the large cities, and never missing the opportunity of visiting the handsomest churches and examining critically their windows.

With kind regards, I remain, yours truly,

C. J. WALTON,  
*Chairman Building Committee, Calvary Church.*

THE RIGHT REV. ARTHUR SWEATMAN, D.D., D.C.L.,  
THIRD BISHOP OF TORONTO.

---

The Right Rev. Arthur Sweatman, D.D., D.C.L., was born in London, England, in 1834. He is a son of Dr. John Sweatman, of the Middlesex Hospital, London. His early education was received at the hands of private tutors. In 1855, he entered Christ's College, Cambridge, obtained a scholarship the following year, and in 1859 graduated B.A., taking honours in mathematics. In the same year he was ordained deacon in St. Paul's Cathedral, and in the following year was ordained priest in the Chapel Royal, Whitehall, by the late Dr. Tait, then Bishop of London, and afterwards Archbishop of Canterbury. For some years after this he held, first, the curacy of Holy Trinity, Islington, and then a mastership in the Proprietary School, officiating at the same time as curate of St. Stephen's, Canonbury. His M.A. degree was taken in 1862, and three years later he was offered, and accepted, the head mastership of the Hellmuth Boys' College in London, Ont. This position he filled with great satisfaction for seven years. Afterwards he accepted a position in Upper Canada College as Mathematical Master, but in 1872 this position he resigned to accept the rectorship of Grace Church, Brantford, where he laboured for two years, at the expiration of which he was again induced to assume charge of Hellmuth College.

In 1875, he was appointed Canon of the Cathedral at London, and shortly afterwards was created Archdeacon of Brant and Rector in charge of St. Paul's, Woodstock.

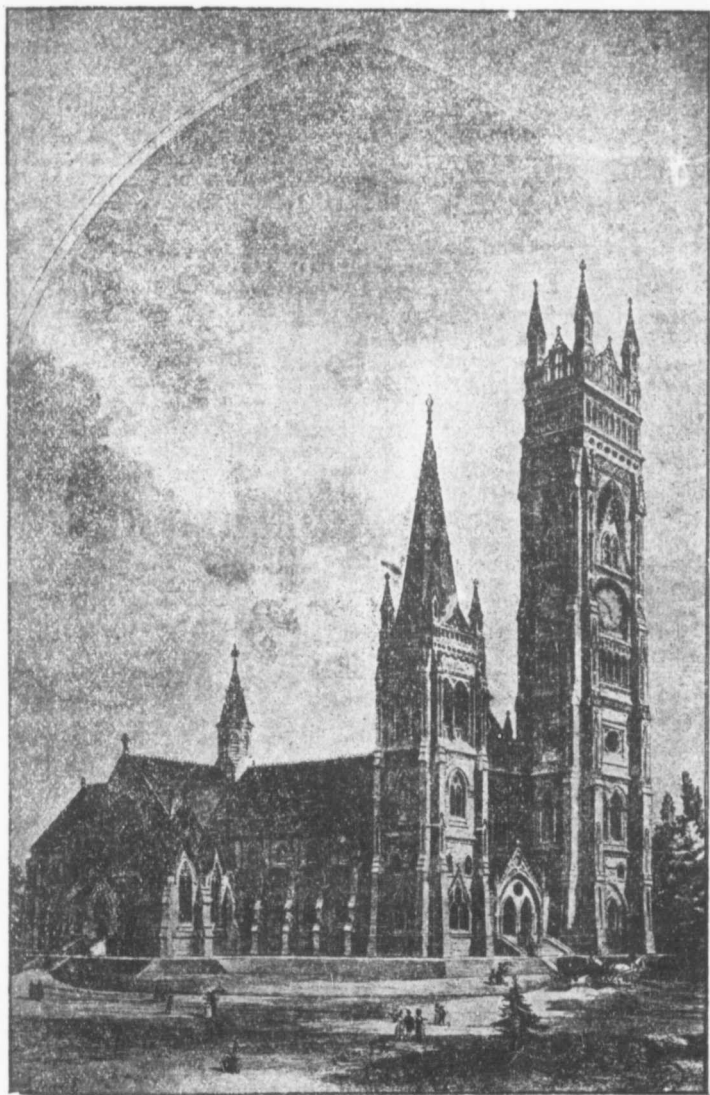

From 1873 to 1879 he was Clerical Secretary of the Synod, Diocese of Huron, and Examining Chaplain to the Bishop, and also Secretary to the House of Bishops.

In 1879, he was elected to the vacant Bishopric of Toronto, and on May the first of that year was consecrated Lord Bishop of the Diocese in St. James' Cathedral, Toronto, by Bishops Williams, of Quebec; Hellmuth, of Huron; Fuller, of Niagara; Bond, of Montreal, and Fauquier, of Algoma.

In 1889, he was elected Chairman of Joint Committees of Provincial Synod on Christian Unity and the Consolidation of the Church in British North America, and Chairman of the Board of Examiners for Divinity Degrees.

Glancing back over fourteen years of his Episcopate, it is a matter of congratulation and also of deep thankfulness to note the progress made in the Diocese

In 1879 there were 163 Churches with Clergymen numbering 119, while to-day there are 219 Churches, and 175 Clergy, the increase in Church population being nearly 25,000 and increase on Communion Roll 6,008; during this period 56 new Churches have been erected, 27 rebuilt and 38 Consecrated, the latter being most convincing evidence of the financial prosperity of a number of Parishes. During this time his Lordship has held Confirmation Services 932, Number Confirmed 19,150, Ordinations 40, Admitting to the Diaconate 101, Advancing to Priesthood 88. Administered the Holy Communion 483 times and delivered 1616 sermons and addresses.

ST. ALBAN'S CATHEDRAL, TORONTO.

The erection of the New Cathedral, St. Albans the Martyr, early engaged the attention of the Right Rev. Dr. Sweatman, although the location of the site selected was pretty generally criticised if not condemned. The subsequent development and growth of the city, however, has more than proved the wisdom of the Bishop's selection.

The Cathedral site consists of four and a half acres of what was known as the Howland Estate, in the north-west portion of the city.

A part of this property, having a frontage of 100 feet and a depth of 300 feet, was deeded by the Chapter to the Synod of the Diocese as a site for the Bishop's residence, and on it the See house was erected in 1886.

The first sod for the new Cathedral was turned on the 20th of August, 1885, and work commenced. The designs were prepared by Mr. R. C. Windeyer, architect, and the contract for masonry given to Mr. J. Matson, and for carpenter's work to Mr. C. M. C. Hubble.

The basement of the chancel, choir and choir aisles being completed, the corner-stone was laid with due ceremony on the 16th of June, 1887. The portion of the building so far erected was finished in the fall of 1890, and consists of the chancel, choir and choir aisles, with a basement of the height of 26 feet under the whole, the internal dimensions being: length, 86 feet; length of choir aisles, 42 feet; width of chancel, 34 feet; total width, with aisles, 70 feet; height from floor to ridge-tile, 62 feet.

The portions yet to be built are the transept, with a width of 34 feet and length from north to south of 110 feet, and the nave, with aisles, 105 feet long and 70 feet wide, giving a total internal length of 225 feet.

The material of the building is brown Credit Valley stone, rough, with sills, hood-mouldings, buttress-caps and corbel-table of white Ohio freestone. The roof is slated.

Internally the chancel has an octagonal apse, and is pierced with seven two-light pointed windows. The subjects of the six side windows will be the twelve Apostles, and the east end window some scene from the life of our Lord. One window is already fitted with a memorial window representing Saints Matthew and John, the gift of Mr. Frank Turner, C.E., and executed by a Toronto firm.

The aisles are divided from the choir on both sides by an arcading of three arches, supported by single shaft-columns of polished blue-grey Vermont marble, with richly-carved capitals of Ohio stone and bases of Credit Valley stone. The moulded arches, nearly 3 feet in thickness, are also of Ohio stone. Above the arcading the main walls are pierced on each side with 3 clerestory windows surmounting a recessed quasi triforium, consisting of triple arcading of floriated arches of Ohio stone, with columns of polished black marble, backed with terra-cotta tiling. The side aisles are also of 3 bays with corresponding windows and hood-mouldings.

The internal walls in the upper parts are coloured a delicate sea-green, with a decorated frieze, and below a cornice of geometrical design in bronze, a light terra-cotta.

A most striking feature of the interior is the magnificent pointed

roof, almost equilateral in section, which is of stained pine, of the construction known as double hammer-headed. The enrichment of this splendid piece of work is very profuse, all the numerous spandrels and the weather-braces being filled in with various traceries. The 18 oaken capitals of the columns which support the principals are elaborately carved with foliage, fruits and flowers, and the lower hammer-heads over the entrance to the sanctuary bear figures of angels, the one bearing a trumpet and the other a scroll.

The carving throughout the interior is well worthy of study, especially the four bosses at the junctions of the hood-mouldings to the arches, which are cut with the emblems of the four Evangelists, and the capitals, already referred to, which carry below the foliage the following Scripture fruits etc., in order—on one side figs, grapes, mulberries, cornflower and poppies, on the other, apples, olives, pomegranates and lentils. All the carving is strictly Early English, in conformity with the general character of the building. The artist in both wood and stone was Mr. R. Mowbray.

The floor of the choir is laid with embossed terra-cotta tiles and of the chancel with alternate squares of gray and black marble, laid diamond-wise. The sanctuary steps are of Ohio stone, and the three altar steps of dark-gray polished Italian marble.

At present most of the furniture is of a temporary character. The choir is seated choir-wise, and the carved oak stalls of the canons are being constructed by degrees. These are of rich design and will be 42 in number, extending continuously the whole length of the choir on either side.

The 8 stalls of the residentiaries will be canopied and, according to custom, will form the west termination of the choir and face eastward.

The south choir aisle has been fitted up as the Diocesan Theological Library and already contains, besides a considerable number of volumes, several interesting rarities and curious mementoes.

The building is heated with steam by direct and indirect radiation, and incandescent lamps have been provided throughout.

### ST. JAMES', TORONTO,

---

Is one of the finest Episcopal Churches in Canada. It is of early English Gothic architecture and beautifully executed. It was commenced in 1853, to take the place of the one destroyed by fire in 1849, but was not completed in its present form till 1874.

It is 200 feet long, the transept 95 feet wide, and the height of crests 84 feet. The massive tower is 150 feet 3 inches in height; the spire is 139 feet 9 inches high, and the wrought-iron vane 16 feet, making a total height from the ground 306 feet, being several feet higher than Trinity Church, New York, and the highest in America. The total cost has amounted to about \$166,000, including the peal of bells. In 1875 the celebrated chiming and illuminated clock, which took first prize at the International Exhibition at Vienna, was purchased from

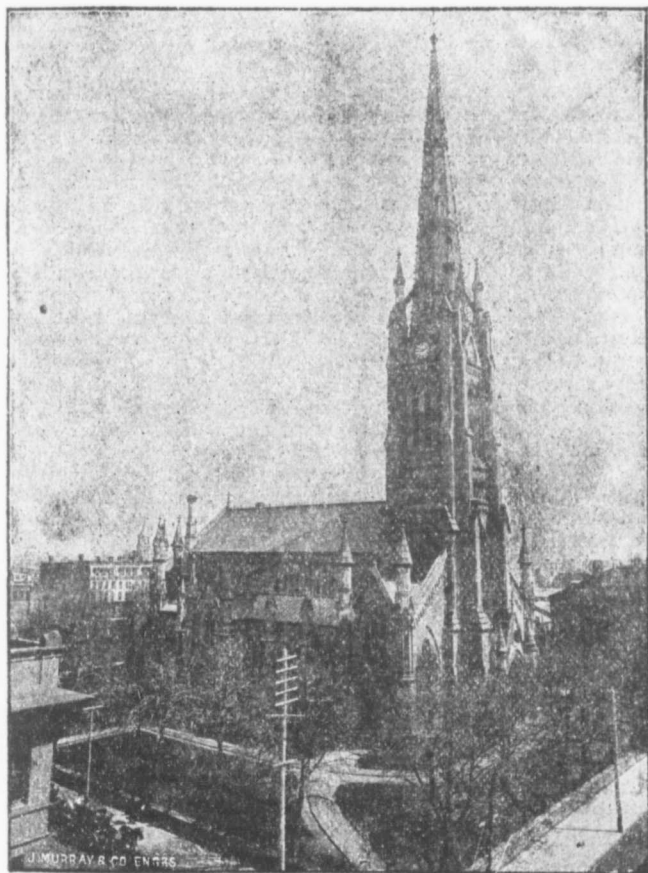

J. W. Benson, of London, England, by the citizens of Toronto, and presented to the Dean and Churchwardens of St. James' on Christmas Eve, 1876. The movement of the clock, next to that of Westminster, is the largest in the world, and in point of quality of material and finish of workmanship is unexcelled by any. The clock plays the Cambridge chimes on the smaller bells every quarter of an hour, and strikes the hour of the day on the larger bell. In 1876 the site was enclosed with a handsome new fence, set on stone. In the beautiful grounds surrounding the Church, is a fine school-house, fitted up with numerous rooms, and also a rectory, the latter being an old building slightly renovated.

For many years the late Dean Grasset was Rector of this fine Church. On his death the Rev. J. Phillip DuMoulin, M.A., D.C.L., was appointed to the rectory, and was also made a Canon of the Cathedral.

During the last few years the internal effect of St. James' has been much improved by the removal of the heavy wooden galleries and other alterations costing over \$40,000. Our illustrations represent the St. James' of to-day and also the fine parish church erected on the same spot in 1807. The original St. James' Church certainly was not noted for its beauty or wealth, but it served well the purpose of a new and small community. Those who pass up or down King Street, Toronto, and look at the splendid building known now as St. James', can scarcely imagine that it was once in the rough, rude state indicated by the engraving; yet in that humble structure some of the highest in the land were regular worshippers and some of the most scholarly and thoughtful sermons were delivered.

It will doubtless be of interest here to say a few words about the important place occupied in the early history of Toronto by the now historic Church—for from the year 1807 up to the incorporation of the City of Toronto in 1832, the Church Wardens of St. James' Church had been *ex officio* the Town Wardens of the Town of York. Should there ever occur to one of the modern mayors the thought of inquiring where the early official records of the town, before the incorporation, are to be found, his search would lead him at last to the vestry books of St. James'. There, and there only, he would find, officially recorded, the names and terms of office of his predecessors in the government of Toronto. By virtue of an Act to be found in one of the earliest statute books of Upper Canada, the same site where the stately structure of St. James' Cathedral has supplanted the original hewn log church of our forefathers, was the scene of the annual election of all the functionaries of the municipal government between 1807 and 1834, namely, of the "Church Wardens or Town Wardens, the Town Clerk, the Assessors, the Overseers of Highways, and minor officials. The town elections were held, according to law, on the old site set apart by the Imperial Government in the plan of the town, and granted by royal patent "to the sole use of the parishioners and inhabitants of the Town of York as a churchyard forever." Perhaps some extracts from this curious page in one of the most ancient statute books of our English-speaking Province will be interesting:—

ST. JAMES' CATHEDRAL, TORONTO.

" Second session of the First Provincial Parliament met at Niagara, on the thirty-first day of May, and prorogued on the ninth day of July following, in the thirty-third year of the reign of George III.

" John Graves Simcoe, Esquire, Lieutenant-Governor, Anno Domini 1792.

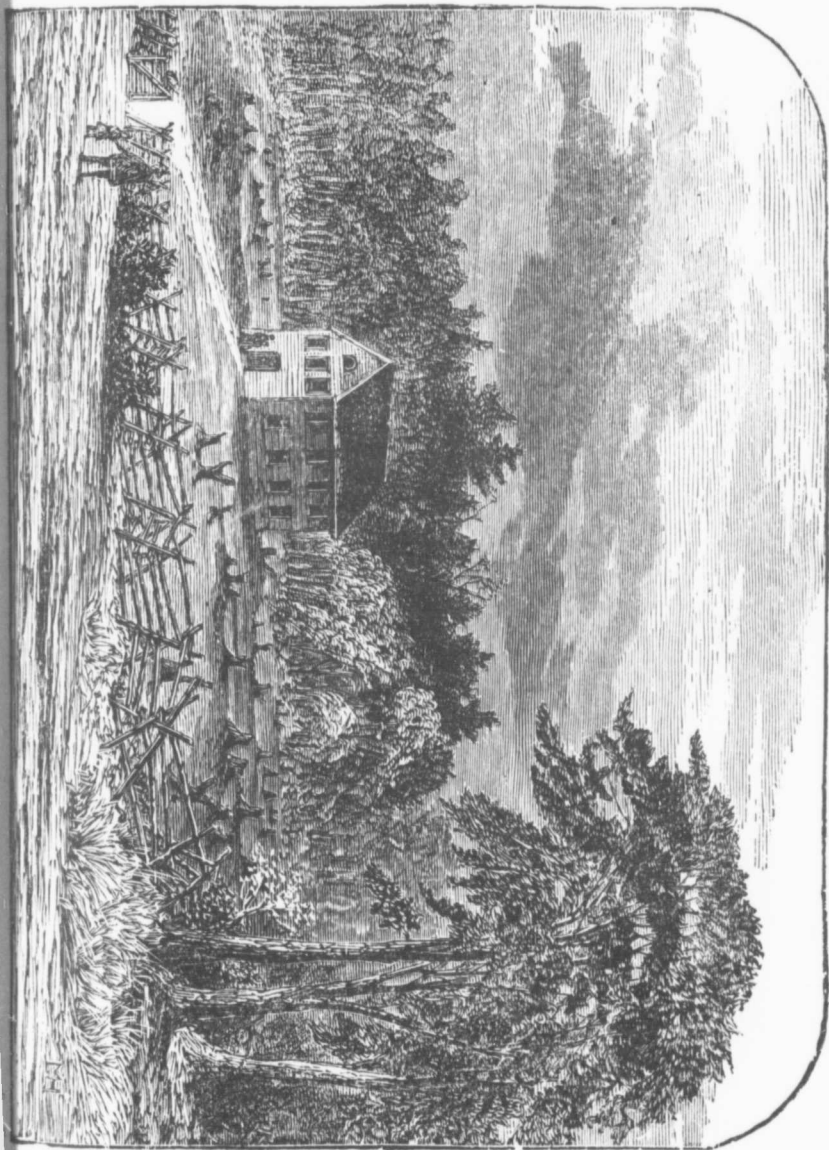

#### " CHAPTER II.

" An Act to appoint for the nomination and appointment of parish and town officers within this Province.

" Whereas it is requisite for the maintenance of good order and the regular execution of the laws, that proper officers should be appointed to superintend the observance thereof, be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of Great Britain, entitled An Act to repeal certain parts of an Act passed in the fourteenth year of His Majesty's reign, entitled An Act for making more effectual provision for the government of the Province of Quebec in North America, and to make further provision for the government of the said Province, and by the authority of the same, that it is, shall and may be lawful, as soon as conveniently may be after the passing of this Act, for any two of His Majesty's Justices of the Peace, acting within the division in which any parish, township, reputed township, or place may be, to issue their warrant, giving eight days' previous notice to the constable of such parish, township, or place, authorizing him, on a day to be fixed by the said justices in the present year and on the first Monday in the month of March in every ensuing year, to assemble the inhabitant householders, paying or liable to pay to any public assessment or rate of such parish, township, or reputed township or place, in the parish church or chapel, or in some convenient place within the said parish, township, reputed township or place, for the purpose of choosing and nominating the parish or town officers hereinafter mentioned to serve in their respective offices for the year next ensuing, at which meeting the said constable shall preside.

" Section VII.—To choose and nominate in manner aforesaid two fit and discreet persons to serve the office of Town Wardens for such parish, township, or reputed township or place. But as soon as there shall be any church built for the performance of Divine service, according to the use of the Church of England, with a parson or minister duly appointed thereto, then the said inhabitant householders shall choose and nominate one person, and the said parson or minister shall nominate one other person, which persons shall jointly serve the office of Church Warden; and that such Town Wardens or Church Wardens and their successors, duly appointed, shall be as a corporation to represent the whole inhabitants of the township or parish, and as such may have a property in goods or chattels of or belonging to the said parish, and shall and may sue, prosecute or defend, in all presentments, indictments or actions, for and on behalf of the inhabitants of the said parish."

Until the year 1806 services were held in the Parliament House

FIRST ST. JAMES PARISH CHURCH.

and no church existed on the churchyard site. In the year 1807, however, the first vestry book of St. James' Church opens with the following entry, in now partially faded ink:—

“ 1807.

“ On Monday, the first day of March, 1807, a town meeting was held agreeably to the Act of Legislature, at Gilbert's Tavern, in the Town of York, when and where the following gentlemen, D'Arcy Bolton, Esq., and William Allan, Esq., were nominated and appointed Church Wardens to serve in that office for the year 1807. The former was nominated and appointed by the Rev. Geo. O'Kill Stuart, and the latter by the inhabitant householders assembled on that occasion.

Why “ Gilbert's Tavern ” was found a more “ convenient place ” than the new church, in this first election, does not appear. The subsequent elections appear to have been held at the church, as the statutes directed.

The following is a list, from the book, of the successive “ Church Wardens and Town Wardens ” of the Town of York, elected between the years 1807 and 1834:

|                          |                                   |
|--------------------------|-----------------------------------|
| March 1807 and 1808..... | D'Arcy Bolton and W. Allan.       |
| 1809.....                | W. Allan and J. H. Ridout.        |
| 1810.....                | W. Allan and Stephen Jarvis.      |
| 1811 and 1812.....       | John Dennison and Duncan Cameron. |
| 1813 and 1814.....       | J. B. Robinson and H. J. Boulton. |
| 1815-16-17-18.....       | Alex. Wood and T. H. Ridout.      |
| 1819-20-21-22-23.....    | J. B. Robinson and H. J. Boulton. |
| 1824-25-26-27-28-29..... | J. B. Macaulay.                   |
| 1830-31.....             | J. Washburn and R. Stanton.       |
| 1832-33-34.....          | R. Stanton and C. C. Small.       |

In 1834 the Act erecting the Town of York into a city substituted the present city constitution for the elder form of government, and to that extent repealed the operation of the “ Act to provide for the nomination and appointment of parish and town officers.” (By another clause in the same Act of 1834, the title of the Market Square was taken over from the Church Wardens of that day. They seem to have been ex-officio trustees for the city of all its public properties.)

Messrs. Stanton and Small, Town and Church Wardens of 1834, continued in office as Church Wardens till 1842, when the Church Temporalities Act of 1841 came into effect. The Act, so far as the mode of succession to the Corporation of the Church Wardens of St. James was concerned, was in effect a re-enacting and confirming of the old law; only substituting a vote of the pewholders for the vote of the householders.

In 1832 the little wooden building referred to was replaced by a substantial stone edifice with a square tower on its southern front. In 1839, the same year in which its rector, Dr. Strachan, was elevated to the episcopate, this stone building was destroyed by fire, and in the same year was replaced by another edifice, the body of which was of stone and the tower of wood. This also was destroyed by fire in the great conflagration of 1849. Undaunted the congregation speedily set on foot the reconstruction of their church on a grander scale than any attempted in the country. The result was the present handsome structure shewn in our engraving.

## PROVINCE OF CANADA.

## DIOCESE OF ALGOMA.

GENERAL DESCRIPTION.—During the past nine years the Diocese has been pierced from end to end by the construction of two railways, the Canadian Pacific, including the Algoma Branch, and the North-Western Division of the Grand Trunk. By this means our mining, farming, and lumber industries will be developed with adequate capital to the maximum of possibility. Copper and nickel are found in exhaustless abundance at Sudbury; silver in Thunder Bay District, near Port Arthur; while traces of gold have been discovered at various points. All this, by increasing the population, increases the

responsibility and also the burden we carry in caring for their spiritual welfare.

*To the Clergy and Laity of the Church of England in Canada :*

MY DEAR BRETHREN,—Before seeking the change and rest which the kind thoughtfulness of the Provincial Synod has provided for me, I desire to lay before you briefly a statement of the financial position of the missionary diocese, which ten years ago was entrusted to my keeping.

1. So far from the General Mission Fund sufficing for our needs, there was a deficit of upwards of \$3,800 when the treasurer made up his last annual report on June 30th. Into the causes of this deficit, I need not now enter; I have indicated three in my incomplete report to the Metropolitan. Be this, however, as it may, the fact stares us in the face that nearly \$4,000 is necessary to meet the obligations of the year closing June 30th last. I will not disguise it from you that the anxieties arising from this fact have been one of the primary causes of my recent collapse. What is to be done about it? (1) I am physically and mentally disabled from lifting a finger at present towards its removal. (2) It could be wiped out by falling back on our small invested capital of \$10,000: but with a first breach made in this amount, how long will it be before the remainder melts away?

2. The only solution I can discern is a special effort on the part of the clergy and laity, and to them I now earnestly appeal in my helplessness. Special gifts by individuals, special offertories in congregations, special donations from branches of the Woman's Auxiliary, special offerings from Sunday-schools, special appropriations by the Domestic Board—all these running into one common stream will soon replenish the treasury and set your missionary diocese afloat again. In this connection I may say that I have appointed the Rev. Rural Dean Llwyd, of Huntsville, my Commissary in my absence. Contri-

butions will be gratefully received and promptly acknowledged by him, or by my treasurer, D. Kemp, Esq., Synod Office, Toronto.

3. The Shingwauk and Wawanosh Homes are now passing through the most serious ordeal to which they have ever been subjected. Their position is most critical. (1) The Rev. E. F. Wilson has resigned as Principal, being about to remove his family to British Columbia. (2) As a necessary consequence of Mr. Wilson's resignation, all the English assistance hitherto given to the homes, being, he informs me, given by personal friends to his personal work, will be diverted from these homes and transferred to the Elkhorn Home in Manitoba, where his eldest son is principal. (3) The gifts of clothes hitherto sent to these homes will similarly be diverted into other new channels.

Seriously crippled, as they will thus necessarily be our Indian Homes must inevitably close their doors unless their Canadian friends rally to their support as they have never none before. I therefore earnestly entreat both the clergy and laity to give them a very prominent place in their sympathies, and not only to continue, but, if possible, to increase their contributions. Many who have hitherto stood aloof will now, it is hoped, enroll their names among our supporters. Gifts of money and clothing should be carefully marked, "For the Shingwauk and Wawanosh Homes." As I am desirous that all money contributions should appear in our diocesan accounts, I would request that cheques, etc., may be sent either to the Commissary, Rev. Rural Dean Llwyd, Huntsville, or to the Treasurer, D. Kemp, Esq., Synod Office, Toronto, who will remit them periodically to the Rev. E. F. Wilson, who has consented to superintend the homes till April 1st, when he will rejoin his family in British Columbia.

Again entreating your thoughtful care of my diocese during my absence,

I remain, dear brethren, yours faithfully,

E. ALGOMA.

The Standing Committee, called together by Rev. Rural Dean Llwyd, commissary, to consult with him concerning the deficit in the Mission Fund, conceive the need of meeting it so pressing that no solution seems possible save the transferring of \$4,000 from the Mission Reserve Fund to the overdrawn bank account. The committee also desire to urge a liberal and prompt response to Bishop Sullivan's cogent appeal, in order that the income may meet the expenditures of the diocese, and that any further need of a drain upon the above-named fund be averted.

THOMAS LLWYD, *Commissary*,  
ALFRED W. H. CHOWNE,  
JAMES BOYDELL,  
CHARLES PIERCY,

#### DIOCESAN NOTES,

Diocese of Algoma comprises the Districts of Algoma, Parry Sound, Muskoka and Thunder Bay (lying mainly along the shores of

the Georgian Bay, and Lakes Huron and Superior); and Manitoulin and other Islands. Population, 90,000. Square miles, 48,173.

*First Bishop.*—The Rt. Rev. F. D. Fauquier. Consecrated, 1873.

*Present Bishop.*—The Rt. Rev. Edward Sullivan, D.D., S.T.D. (1882).  
Residence—Sault Ste. Marie, Ont.

#### DIOCESE OF FREDERICTON.

**GENERAL DESCRIPTION.**—This Diocese was founded in 1845, before which time it formed part of the Diocese of Nova Scotia. It comprises the whole of the civil Province of New Brunswick, and is bounded on the north by the Province of Quebec, and on the east by the Gulf of St. Lawrence, on the south by the Bay of Fundy, and on the west by the State of Maine (U. S.). A narrow isthmus, about 15 miles across in its narrowest part, joins it on the south-east to the Province of Nova Scotia. The area is 27,174 square miles, and the population 321,223.

**CHURCH WORK.**—In the religious census of 1881, over 43,000 persons registered themselves as members of the Church; there are 6,790 communicants, and 688 persons were confirmed. There are 79 Clergy engaged in parochial and mission work; four have retired from active work, and two occupy official posts, one as Chaplain to the Penitentiary, and one as Warden of an Orphanage. There are 153 consecrated churches, and 98 mission stations.

**FINANCE.**—The amount raised for Church generally is about \$61,000, not including what is raised for church building and repair, and ordinary expenses. The laity contribute over \$15,000 towards the salaries of the Clergy, and the Diocesan Church Society \$16,650, in addition to which there are 19 self-supporting parishes. There is an invested sum of nearly \$113,500, consisting of various gifts and legacies; and annual subscriptions and collections produce about \$7,000 for the Diocesan Church Society. There is a capital of \$18,000 for the Widows' and Orphans' Fund, and of \$2,500 for the education of the children of the Clergy. An effort is being made to form an endowment for Divinity Scholarships, and for this purpose two funds have been started, one to increase the endowment provided by the Church Society, and another called the Medley Scholarship Fund, as a memorial to the Bishop. The superannuation fund has been largely increased lately, and now amounts to over \$19,000.

**EDUCATION.**—A Society was incorporated by Royal Charter, 1819, for maintaining elementary Church Schools on the "Madras system," introduced by Dr. Bell. Its funds are not large though they have been somewhat increased by legacies and donations; but there are three good schools in connection with the corporation, and one or two more maintain a precarious existence. This is the only attempt at Church day schools. There are 125 Sunday-schools, with about 5,587

children on the registers. The Missionaries have to travel such great distances on Sundays, and the Church people are so scattered, that Sunday schools are a great difficulty in the country districts.

NEEDS.—There is need of Church schools, for boys and girls; if such a school were founded (especially for girls) it would meet a great want, and eventually would succeed. There is also pressing need of one or two travelling Missionaries to visit outlying districts.

#### DIocese OF HurON.

GENERAL DESCRIPTION.—The counties now comprising this Diocese constituted originally the extreme western portion of the Diocese of Toronto. In 1857 they were separated from the parent See, and erected into a new Diocese, bearing the present title. The Diocese territorially consists of 13 counties, covering an area of 12,000 square miles, having to the North the waters of Lake Huron; to the South, those of Lake Erie; to the West, the River and Lake of St. Clair, and to the East, the Diocese of Niagara. The population is estimated at over 800,000. The lands comprising this area are, as a general rule, extremely rich in cereals, vegetables and fruits of every kind pertaining to a temperate climate; the result of which fertility is, that not only is there enough for all local wants, but that every year a large amount both of grain and fruit is free for exportation. Agriculture, stock raising and the

culture of fruit abound everywhere, and though many are now seeking the still more extensive fields of the West, yet it still remains true that agriculture constitutes the general industry of the district. The cities and towns in the Diocese are numerous, though none of them are large: London in which is the Cathedral and the residence of the Bishop, has a population of 32,000, Brantford, 13,000, St. Thomas, 10,000, Windsor, 10,000, etc. That more enterprise and capital are needed for the development of the country is everywhere manifest, but these, we doubt not, will come in time: suffice it to say that God has dowered the land with so many blessings that it is exceptionally favourable for all those who seek homes where patient industry and care may expect a reasonable return.

**CHURCH WORK.**—Clergy in active service, 137. Total number on the roll, 148. Number of church edifices, 246, value of same, \$821,465. Seating accommodation, 58,824. Number of Parsonages, 77. Church population, 59,525. Communicants, 13,713. Sunday Schools in the Diocese, 211. Pupils, 17,906. Total number of those engaged in Sunday School work—Officers, Teachers and Pupils, 20,348.

The following Collegiate Institutions are under Church auspices: Huron Theological College, established in 1864, and Hellmuth Ladies' College, a strong and vigorous academy. Both these Colleges are situated in London.

**FINANCE.**—Total capital of the Diocese, including Trust Funds, April 30th, 1892, \$716,570.10. Total amount of Free-will Offerings for the year ending April 30th, 1892, \$21,019.23. Voluntary contributions for religious objects, including Stipends, Parochial, Diocesan and Missionary work, \$174,795.71.

The amount raised by the Sunday Schools for the year ending April 30th, 1891, was as follows: For carrying on the work in our midst, \$5,980.60. For Parochial purposes, \$798.33. For purposes outside of the Parish, including Missions, \$1,635.20. Total, \$8,414.13.

**PRESSING NEEDS.**—Earnest, strong, and devoted men to reap the fields that are white already to harvest. The people are able to supply all the ordinary wants of the Diocese.

#### DIocese OF MONTREAL.

**GENERAL DESCRIPTION.**—This Diocese was divided from that of Quebec in 1850 by Royal Letters Patent. The Diocese is bounded on the south and west by the United States and the Province of Ontario, and on the east by the eastern boundaries of the counties of Berthier, Richelieu, Bagot, Shefford and Brome. Population, 739,248, according to the census of 1891.

**CHURCH WORK.**—The proportion of the Church of England to the entire population is less than 7 per cent. The number of Church members is about 49,200, of communicants about 10,200. There are 87 parishes and missions, with 134 churches, and 80 other stations where services are occasionally held. The Clergy number 98, the Lay Readers, 31, and students of the Dio. Theol. Coll. work in vacant missions during the summer.

**NEEDS.**—Owing to the Church population being scattered, and generally not well off, there is great difficulty in keeping up a supply of religious ordinances. It is chiefly from the Dio. Theol. Coll., Montreal, that supplies of clergymen are obtained to fill parishes as they become vacant, and to work in new missions and parishes. The Coll. is in admirable working order, and the students are coming forward for ordination as quickly as is consistent with thorough training. There is an increasing demand for services in French, and there is ample employment for the talents of men who can officiate in both languages. The Theol. Coll. pays attention to this requirement, as does also the Sabrevois College.

## DIOCESE OF TORONTO.

**GENERAL DESCRIPTION.**—The See was founded in 1839. By successive subdivisions the original area now comprises five Dioceses. It is bounded on the north by the Georgian Bay and Muskoka Territory; and on the south by Lake Ontario; on the east by the Diocese of Ontario; and on the west by the Dioceses of Niagara and Huron. Its area is 9,261 square miles, with a population of 549,644 (the city of Toronto having a population of 200,000).

**EDUCATION.**—Trinity College School for boys, has 150 pupils; and Bishop Strachan's School for girls, about 80. There are two additional Church schools—Toronto Church School for boys, and Bishop Bethune's School for girls, at Oshawa. There are 179 Sunday schools, with 2,315 teachers and officers, and 19,936 scholars. There are two training colleges—the University of Trinity, with a Divinity Faculty and a Royal Charter. The original endowment was about £40,000; and a supplemental fund is now being raised, towards which about £12,000 has been contributed in Canada, and £9,000 in England. There are two Divinity chairs and two of classics; one of mathematics, and one of moral science; lectureships in Divinity, natural science, etc., and fellowships are being founded. Wycliffe College is supported by private subscriptions.

**FINANCE.**—The voluntary contributions were: For Clergy stipends, \$81,310.81; for parochial objects, \$103,148.40; for Diocesan objects, \$29,411.85; in all \$213,871.06. An increase for the year of \$1,985.89.

DOMESTIC AND FOREIGN MISSIONS.—There is every reason to rejoice in the hearty and liberal spirit in which the Diocese of Toronto has responded to the call made upon the Church on behalf of outside mission work, far outstripping in its ready forwardness all other Dioceses in the Dominion. The total contributions for the year have been, for Domestic Missions, \$8,545, an increase of \$2,134 over last year, and for Foreign Missions, \$3,553, a falling off of \$500. The total for extra Diocesan Missions is thus \$12,098, \$158 more than that for our Diocesan Missions.

I should be unwilling to entertain the apprehension that this zeal for Evangelistic work abroad was tending to divert the interest of our Church people from their Home duties and curtailing their efforts and gifts on behalf of those who have the strongest claim to their sympathy; indeed the contrary effect ought to prevail. Still there are congregations in this city that have contributed to Domestic and Foreign Missions twice, three times, five times, even more than twelve times as much as they have contributed to the Diocesan Missions.

Now that our Church in Canada has fairly embarked on Foreign Mission work of her own, it is to be expected that the spirit of missionary enterprise will rapidly grow, and that she will take her honourable place among the Christian Churches which have been foremost in carrying the Standard of the Cross into the dark lands that are under the power of the evil one. We have reason, too, to hope that she will experience the reflex blessing of expanded and outgoing love for the ignorant and lost, in a quickening of her own spiritual life. It will be a special stimulus to the interest of Toronto Church people to know that this Diocese has supplied three of its Clergy to the Foreign field—all in the interesting work of Japan—the only Canadian Church Missionaries, so far as I know, labouring abroad.

WOMAN'S AUXILIARY.—This most hopeful adjunct of our Domestic and Foreign Missionary Society has developed during the year with surprising energy and rapidity, more especially in our own Diocesan branch. Judging by the large numbers attending the meetings, the activity displayed and the work accomplished, a real enthusiasm seems to have taken hold of the women of our Church. This branch has undertaken aid to our Diocesan as well as to the Domestic and Foreign work, and with the utmost loyalty has placed its services at the disposal of the Mission Board. In addition to receiving contributions to its funds, the ladies have raised the income of \$500 a year for a travelling Missionary.

### DIOCESE OF RUPERT'S LAND.

**GENERAL DESCRIPTION.**—The Diocese extends from the boundary of the United States about 350 miles north, and is nearly 600 miles in breadth. The population probably exceeds 140,000. Manitoba and a portion of Ontario is included in it. Area 200,000 square miles.

**CHURCH WORK.**—The church members form nearly one-fourth of the population, except in districts which are almost entirely settled by French Roman Catholics or German Mennonites. There are 74 licensed clergy.

There are over 60 churches chiefly built of wood, and services are

more or less regularly held in about 100 other places. There are about 50 licensed voluntary readers. 462 persons were confirmed last year.

The church has one of the colleges in the University of Manitoba, St. John's College. It has a Theological Faculty and tutors, and lecturers for students in arts in the University.

**NEEDS.**—The Church has many needs. It needs money for supporting missionaries. It even still more needs effective men. But the want that for the present as regards *additional and special* outside help exceeds every other, is for the means of placing St. John's College in a stable and independent position. College and school buildings and residences for professors and masters have been erected on the grounds. There is a debt of \$60,000 and \$12,500 on the Ladies' Coll., that in the present critical state of education threaten to affect seriously the usefulness of our Church institutions. The Diocese has also an Indian Industrial School with nearly 80 children, much in need of help. Any donations in aid of the Church Institutions would strengthen the Church, and the cause of religious education. The increasing population calls for the subdivision of existing missions and the establishment of new missions to bring the Church's ministrations within reach of the settlers, so that the financial needs of this diocese are more pressing than ever. Grants have been voted to over forty missions, involving an expenditure of \$16,600. Several missions are vacant. To maintain existing missions in full efficiency, and supply vacant districts with resident missionaries, at least \$4,000 is needed from the Church in Eastern Canada, in addition to the funds received from local sources and Societies in England. Aid is also becoming increasingly necessary for the Indian work, from which the Church Missionary Society is annually withdrawing one-twentieth of its former grant.

## DIOCESE OF ATHABASCA.

The Diocese of Athabasca is the southern portion of the original Diocese. The division was effected by resolution of the Provincial Synod of Rupert's Land, which met in 1883. It retains the title as it contains the Hudson Bay Company's fur-trading district of Athabasca as also the Provincial district of that name, the latter being marked out by the Dominion Government as a future Province.

The Diocese has an area of over 200,000 square miles, lying between Parallels 55 and 60 N. Lat. and 100 to 120 W. Long. It offers an important field for missionary labour. Scattered over its wide area there are Indians of the Beaver, Cree, Chipewyan and Slave tribes.

The condition of these Indians at the present time calls strongly for Christian interest, prayer and effort. The Beavers are the aborigines of the central and western portions of the Diocese, the Chipewyans of the eastern, the Slave Indians of the northern and north-easterly. The Wood Crees are gradually filling up the country vacated through the decrease in the Beavers. These are diminishing possibly because of too close intermarriage, want of cleanliness and too frequent scarcity of food.

The Peace and Athabasca rivers are the two main arteries for travel and communication. Both are noble streams, and may figure prominently in the not remote development of a valuable and important portion of the Dominion.

The missions at present established are St. Paul's Mission, Chipewyan. This is an important point, being the headquarters of the H. B. Co.'s northern fur trade and on the main channel of communication with the yet further north. The Chipewyans and Crees trade at this post and hunt through the surrounding country. St. Paul's Church is a wooden structure with tower and spire. The building consists of nave and chancel. Though rather rough in outward appearance it is tastefully fitted up and furnished internally. The mission house and school are log buildings.

The elevation of Archdeacon Reeve to the bishopric of MacKenzie River deprives this mission of his long and varied experience. For the present he has kindly consented to retain the Archdeaconry.

Two laymen, Messrs Lucas and Warwick, arrived last August to take charge. The former, a student of the Church Missionary College, Islington, England, will, on the recommendation of the above Society, all being well, be admitted to deacon's orders next June.

Nearly 300 miles west of Chipewyan is St. Luke's Mission, on the Peace River. It is in the charge of the Rev. M. Scott, a student of St. John's College, Winnipeg, ordained deacon by the Bishop of Rupert's Land at St. John's Cathedral, May, 1886, and priest at St. Luke's, April, 1887.

The church, a log building consisting of chancel and nave with bell-turret, was erected by the Rev. A. C. Garrioch, during 1883-5.

The Bishop's residence is at this mission, it being very central. The Irene Training School, for Indian and half-breed children, is here, Principal, Mr. Frank Giles. Beaver and Cree Indians trade at this post and hunt over a wide area, also Slave Indians from Hay River, a river considerably to the north of this and emptying into Great Slave Lake.

About 280 miles south and west is Christ Church Mission, Smoky River, in charge of the Rev. J. G. Brick, ordained deacon by the Bishop of Athabasca, Dr. Bompas, at Dunvegan, October, 1882, and priest by the present Bishop, August, 1886. In connection with this mission a farm was commenced in 1889.

The Dominion Government made a grant of \$2,000 toward establishing the farm and toward the erection of a flour mill. The liberal response to Rev. J. G. Brick's appeal in Canada has enabled him to make a substantial commencement. Beside the mission house, the large room of which is for the present used for service on Sunday, the necessary farm buildings have been erected, and a temporary school-room fitted up.

The samples of wheat, barley and oats of last year's crop sent to Manitoba and Eastern Canada will be a striking evidence of the grain-producing qualities of this part of the Dominion, and tend to promote emigration.

The Indians and half-breeds evince a desire for the instruction of their children. They are also ready to avail themselves of instruction and any assistance Mr. Brick can render them in farming for themselves.

Some sixty miles west of this point is St. Saviour's Mission, Dunvegan. I regret that, on account of ill-health, the diocese is losing the nearly eighteen years' service of the Rev. A. C. Garrioch. After two years at Chipewyan, he was appointed to the charge of St. Luke's Mission from 1876 to 1885. He was then transferred to Dunvegan, where he has laboured with much acceptance among the Beavers. His knowledge both of Beaver and Cree will make it difficult to fill his place.

At Lesser Slave Lake, some ninety miles south of the Peace River, is St. Peter's Mission. The Rev. G. Holmes is in charge. Put in charge of this mission in October, 1886, he was ordained deacon in June, 1887, and priest in July, 1888. He is labouring among a mixed population of Cree Indians and half-breeds. The church, erected in 1890, consists of nave and chancel with bell turret. There is a good mission house and school.

St. Andrew's Mission, White Fish Lake, is in charge of the Rev. Hy. Robinson, assistant to Rev. G. Holmes, from June, 1888. He was ordained deacon September, 1891. He labours among Cree Indians. The buildings occupied at present, I trust, will ere long be replaced by a better structure, for which Mr. Robinson is gathering material.

A Clergy Endowment Fund was commenced in 1886. In response to an application the S.P.C.K. Society of England have kindly set apart £500 to meet £3,500 from other sources. Toward this there has been raised £700, entitling us to the first £100 of the grant. It is

hoped that partly through diocesan collections and subscriptions and partly, I may say mainly, by help from friends in Canada and England, to raise the £3,500, and thus securing an endowment of £4,000.

The missions, with the exception of Christ Church Mission, Smoky River (for which we look to Canada for maintenance), are mainly supported by the Church Missionary Society of England; but like other western, and in their beginnings missionary, dioceses, we must expect before many years the gradual withdrawal of their assistance. This renders an early formation of such a fund of vital importance.

There is good ground for believing that the growing missionary spirit of our Church in Canada will not be slow to embrace within her interest, and to hold out a generous helping hand to this "Ultima Thule" of her missionary labours. The Indians have a strong claim on her ministry, as also those who in the near future will be seeking new homes in the fertile belt of the North-West.

#### DIOCESAN NOTES.

Comprises the Provincial District of Athabasca and adjacent parts of the North-West Territories lying between parallels N. latitude 55-60, and from about 128 to 100, W. longitude. Population, 6,000. Square miles, 200,000.

*First Bishop.*—The Rt. Rev. William Carpenter Bompas. *Consecrated,* 1874. See divided in 1884, and Bishop Bompas elected to take Mackenzie River.

*Present Bishop.*—The Rt. Rev. Richard Young, D.D. (1885), Fort Chipewyan, Athabasca, North-West Territory.

#### DIOCESE OF CALGARY.

**GENERAL DESCRIPTION.**—The Diocese embraces the greater part of the district of Alberta in the North-West Territories of Canada. Its area is about 100,000 square miles.

At the time of the consecration of the present Bishop, the Provincial Synod, at his instance, decided to constitute Alberta, which, up to that time, had been included in the Diocese of Saskatchewan, a separate See, giving it, in accordance with ancient usage, the name of the cathedral town, Calgary. The Synod also decided

that the Bishop of Saskatchewan should be Bishop of Calgary until an endowment should be raised. Other adequate provision should be made for the Bishop of Calgary, when it would be the duty of the present Bishop to resign either Saskatchewan or Calgary, as he thought fit. Towards the endowment of the See, about \$25,000 has been secured; but \$50,000 is the minimum sum for such an object; and \$100,000 would not be too much, as there is no house for the Bishop and rent is high. The congregations at Calgary and Lethbridge are self-supporting; that at Edmonton will soon be so, and others are

moving as fast as possible in the same direction, settlements are forming rapidly, and there can be no doubt that our resources will be taxed to the uttermost to keep pace with increasing requirements.

**INDIAN WORK.**—There are four Indian Missions of the Church in the diocese, viz.: St. John's Mission, among the Blackfoot; St. Paul's, among the Bloods; St. Peter's, among the Piegans; and St. Barnabas, among the Sarcee. The Indians on these four reserves aggregate nearly 4,500. The work of Christian education is going forward rapidly, and the prospect of winning all to it is brighter now than it has ever been.

**PRESSING NEEDS.**—1. The completion of the Bishopric Endowment Fund. 2. Increased assistance for the Stipends of Clergymen, the number of whom should be increased every year; and for the erection of inexpensive churches, parsonages, etc. 3. Funds for the erection of suitable buildings for a Diocesan Girl's High School, the day school in existence for the last two or three years having been closed, because it was not financially successful.

### DIocese OF SASKATCHEWAN.

**GENERAL DESCRIPTION.**—The Diocese of Saskatchewan was formed out of Rupert's Land, in 1872. It embraces the district of Saskatchewan, together with a large extent of territory lying to the north. Its area is about 200,000 sq. miles. It has a large Indian population, the great majority of whom are members of the Church. Settlements exist at several places, e.g., Prince Albert, Duck Lake, Saskatoon, Carrot River, Birch Hills, Stoney Creek, etc., etc. Prince Albert was the headquarters of the first Bishop of Saskatchewan, Dr. John McLean. Emmanuel College, founded by him in 1879, and of which, at the time of his death, he was Warden and Professor of Divinity, is situated at Prince Albert. It is now doing an excellent work, especially in the training of natives to be Catechist teachers, and so on, under its present Warden, Archdeacon J. A. Mackay, D.D., who is ably assisted in the work of training pupils by Mr. W. H. Hogbin, lately from England.

**NEEDS.**—1. Increased assistance for the Stipends of Clergymen, the number of whom ought to be increased every year; and for the

erection of inexpensive churches, parsonages, etc. 2. The completion of the Clergy Endowment Fund, begun in Bishop McLean's lifetime. 3. The formation of a General Endowment Fund for carrying on and widening the influence of Emmanuel College. 4. Funds for the support of Indian Missions to supply the place of the reducing grants of C. M. S.

## DIOCESE OF MACKENZIE RIVER.

**GENERAL DESCRIPTION.**—The Diocese of Mackenzie River was separated from the Diocese of Rupert's Land in 1865, and from Athabasca in 1874, and divided in 1891, the portion west of the Rockies forming the new Diocese of Selkirk, but it still remains one of the largest of the Colonial Dioceses. Comprises the north-western section of British America, bounded by the Diocese of Moosonee and Athabasca on the east and south, and by the Rocky Mountains and the Arctic Ocean on the west and north; extending from Parallels of North Latitude 60 to 70 degrees, and from West Longitude 100 degrees to the Rocky

Mountains. Population, 5,000. Square miles, 600,000. The Indians in Mackenzie River are few in number, and are scattered over a vast country. In spring and fall they bring their furs to the Hudson's Bay Company's forts. At such times the missionaries find opportunities of teaching, baptising, administering the Lord's Supper, and keeping up their knowledge of the people and their condition. After these gatherings the people disperse to the four winds, and some are not seen again for months.

**CHURCH WORK.**—Twenty years ago there were only three missionaries and two stations; one at Fort Simpson, the other at Fort Youcon. Athabasca and Mackenzie River formed part of Rupert's Land. Now both have a bishop, clergy, churches and schools, and the latter diocese

has again been sub-divided by the promotion of the new Diocese of Selkirk, west of the Rocky Mountains. The difficulties of the work may be summed up as follows:—

(1) *Language.* Each tribe speaks a different dialect, which must be reduced to writing before books can be printed.

(2) *The immense size of the country* to be traversed, whether in summer by boat, or in winter by dog-sleighs, or on snowshoes, progress is very slow. Lately steamers have been placed on the Mackenzie and Lake Athabaska by the H. B. C., which will do something to mitigate this evil.

(3) *Scarcity of Food.* It often makes it impossible to go to visit the Indians in the woods, or to stay with them even where they can be reached. For the same reason it is hard for the Indians to stay long at the H. B. C. post, where the missions are. The struggle for daily food soon drives them to the hunting grounds.

(4) *The migratory habit of the people* They cannot go in large bands, or live together in any one spot, and in any case must move camp every two or three days.

(5) *Lastly*, there is the scarcity of labourers. Here, as elsewhere in the mission field, our stations are undermanned. Too often our substitutes in those distant fields have to labour alone amid privations for months at a time.

**NEEDS.**—The needs of the missions are: First, more sympathy and practical help, which true sympathy will always prompt; second, prayer, frequent, fervent, and persevering for the workers and the people; third, more workers. The special objects now in view are: (1) To open up fresh work where for years past the Indians have been begging for our help. (2) To provide a missionary for the Esquimaux. (3) To found and carry on a Diocesan School. (4) To establish a mission farm in the southern part of the country, at the one spot where grain can be grown, and thus make some provision against times of scarcity. (5) To add to the fund of \$5,000 now in hand for the support of Tukudh native pastors. (6) A fund for church and other buildings. (7) An Endowment Fund for the Bishopric.

#### DIOCESAN NOTES.

*First Bishop.*—The Rt. Rev. William Carpenter Bompas, D.D., Consecrated Bishop of Athabaska, 1874. Diocese divided, and Bishop translated to Mackenzie River, 1884. Again divided and translated to Selkirk, 1891.

*Present Bishop.*—The Rt. Rev. William Day Reeves (1891). Address—Fort Simpson, Mackenzie River, N. W. T.

*Archdeacon of the Yukon.*—The Ven. Robert MacDonald, D.D., Peel River, N. W. T.

*Statistics.*—Clergy, 4; Lay Agents, 3; Native Catechists, 4; Mission Stations, 7; Churches, 3; Mission Houses, 7; School House, 1; Schools, 4; Scholars, 50; Communicants, 120; Church Population, 500.

## DIOCESE OF MOOSONEE.

GENERAL DESCRIPTION.—Moosonee formed part of the original Diocese of Rupert's Land, out of which it was taken in 1872, when the present Bishop was consecrated. The Diocese is the whole of the basin of Hudson's Bay, bounded on the south by the Diocese of Algoma and Ontario, and extends northward as far as human beings exist. The population may be estimated at 10,000, and consists of a small number of whites in the service of the Hudson's Bay Company, half-breeds, Eskimo, Ojibbeways, Crees and Chipewyans. Area 600,000 square miles,

CHURCH WORK.—The Church members are about 4,000, the communicants 700, and there are 7 Clergy. There is a fine cathedral at Moose, and churches at eleven other places. The whole of the Crees in the Diocese have been baptized, as well as at least three-fourths of the Ojibbeways, while very great progress has been made with the Eskimo on both sides of the bay, where two experienced Missionaries are located. The Diocese is divided into large districts, over which a Clergyman is placed; he has to travel throughout his district once a year; in summer by canoe, and in winter either on snow shoes or dog-sledges.

EDUCATION.—There is a school at every mission, at which English is taught, while all Indians are instructed in their own language. Sunday schools exist at all stations; and at some posts, where there is not a Missionary, the H. B. trader conducts both service and Sunday school. Parts of the Bible, the Prayer Book, Hymn Book, and Pilgrim's Progress, have been translated into the Cree, Eskimo, and books in the Chipewyan.

NEEDS.—1. The enlargement and endowment of the college for native students. 2. The large increase of the fund for the payment of the native Clergy, catechists and schoolmasters. 3. The increase of the building fund, for the erection of churches and mission houses. 4. The increase of the fund for the education of the native Clergy's children, a matter which gives considerable anxiety.

## DIOCESE OF QU'APPELLE.

GENERAL DESCRIPTION.—This diocese was founded in 1884, and contains an area of 96,000 square miles, with a population of about 30,000. It was formed out of the Dioceses of Rupert's Land and Saskatchewan, and is bounded on the east by Manitoba (the present Diocese of Rupert's Land), on the north and west by the Diocese of Saskatchewan, and on the south by the United States.

CHURCH WORK.—In June, 1885, there were 3 Priests and 1 Deacon; there are now 18 Clergy and 11 Lay Readers. Of buildings, there were at the same time 2 school-rooms used as churches and 2 parsonages. There are now, in addition to these, 24 consecrated churches and 4 in building. The number of Church people, 6,883. Last year there were 81 persons confirmed, and 267 baptized; 1,174 communicants; Sunday school scholars, 416.

FINANCE.—There is a Church Farm at Qu'Appelle, the objects of which are: (1) A temporary home and place of preparation in the agriculture of the country for young settlers; (2) A college for candidates for Holy Orders, who are willing to work with their hands to earn their own living; (3) To give employment to men, who, in a "brotherhood of labour," may be willing to help forward the work of the Church by the devotion of their lives and the labour of their hands. A school for the sons of settlers has also been built in connection with this institution.

## DIOCESAN NOTES.

Diocese of Qu'Appelle, Organized 1884. Qu'Appelle was set apart from the Dioceses of Rupert's Land and Saskatchewan in 1882, and is coterminous with the District of Assiniboia. In response to a strong appeal from the Bishops of the North-West Territories to the Church in England on behalf of the thousands of people pouring into the country, while little or no provision had been made for their spiritual welfare, the Rev. and Hon. J. R. Anson, son of the Earl of Lichfield, offered himself for three years' work in this new country. Two years later, however, the Bishop's plans were all changed, for on June 24th, 1884, he was consecrated. The Bishop's staff consisted of 16 priests, 2 deacons and 11 lay readers; but the field, like others, is sadly undermanned. The number of baptisms, confirmations, Sunday-school children and communicants steadily increases, but a still larger harvest could be gathered were the ground more adequately tilled. Local resources are being developed as rapidly as circumstances will admit, the contributions for the maintenance of the clergy being 34 per cent. in advance of any previous maximum, while those for other purposes have almost doubled. Funds are administered with most rigorous economy, the clergy exhibiting a most praiseworthy spirit of self-sacrifice, but much more liberal assistance is needed from Eastern Canada.

*First Bishop.*—The Rt. Rev. Adelbert J. Robert Anson, M.A., D.C.L. Consecrated, 1884. Retired, 1892.

*Secretary.*—Rev. J. P. Sargent, B.A., Fort Qu'Appelle.

*Treasurer.*—Mr. Henry Fisher.

*Institution.*—St. John's College, Qu'Appelle Station; *Principal* (vacant).

*Statistics.*—Clergy, 18; Lay Readers, 11; Church People, —; Baptisms, 264; Confirmed, 81; Communicants, 1,174; Marriages, 40; Sunday-school scholars, 416.

## DIOCESE OF SELKIRK.

ORGANIZED 1891.

Comprises the extreme North-west of British America, or the whole of the North-West Territory of Canada west of the Rocky Mountains. Bounded on the east by the Rocky Mountains separating it from the Diocese of Mackenzie River, on the north by the Arctic Ocean, on the west by Alaska, and on the south by British Columbia (latitude 60 degrees). Population about 5,000; square miles, 200,000.

Evangelizing efforts were begun in this District about thirty years ago by the Rev. (now Archdeacon) Kirkby, and the natives received the Word with all readiness of mind. The Rev. (now Archdeacon) MacDonald afterward laboured among the same natives for about ten years, and he evangelized also a large part of the natives of Alaska.

He was succeeded by the Rev. V. C. Sim, who fell a martyr to his zeal and devotion in the cause of the Gospel, and his successor, the Rev. J. W. Ellington, has also sacrificed his health in strenuous and untiring efforts for the conversion and instruction of the natives.

At present the Rev. T. H. and Mrs. Canham and the Rev. C. G. Wallis are occupied in zealous and devoted labours to the west of the mountains, and not without good fruit.

Meanwhile the American Church has been roused to put forth efforts for the conversion of the natives on the Yukon River in Alaska. A Bishop of Alaska has been designated, and a small working staff of clergy sent out. The Americans wisely put education in the forefront of their effort, because where the natives are wholly untutored, in order that they may *know* and believe the love that God has to them, instruction must come before faith, and their minds need expansion to grasp spiritual truth.

Contributions are asked towards enlarging the mission on the British side of the border. These natives are, in some senses, as remote and isolated as any in the British dominions, and when they are reached the last link may be forged in the missionary chain that girdles the world.

Donations will be received at the Church Missionary House, Salisbury Square, Fleet Street, London; and by Messrs. Lloyd & Co., bankers, Fleet Street; or by Mrs. Walter Drake, the Bishop's Commissary, 14 Lorne Avenue, Montreal; or by the Bank of British North America, Canada and San Francisco.

*Present Bishop.*—The Rt. Rev. Wm. Carpenter Bompas, D.D. (1874-1884-1891). *Residence*, Buxton Mission, Upper Yukon River, care of the Alaska Commercial Co., San Francisco, Cal., U.S.

*Statistics.*—Clergy, 3; Catechists, 10; Mission Stations, 4; Churches, 1; Mission Houses, 3; Schools, 3; Scholars, 50; Communicants, 150; Church Population, 3,000.

## INDEPENDENT DIOCESES.

### DIOCESE OF COLUMBIA.

**GENERAL DESCRIPTION.**—This Diocese was founded in 1859; the Diocese of Caledonia was separated from it in 1879, and in the same year the Diocese of New Westminster also was formed out of it. It now comprises Vancouver Island and the adjacent islands, and has an area of 17,000 square miles, being about 350 miles in length by from 50 to 120 in breadth. The population, including all races, is about 46,000.

**CHURCH WORK.**—In this Diocese is situated Victoria, the capital of B.C., three parishes of which are self-supporting, as is also Nanaimo, the chief seat of coal mining. How encouraging it is to know that where in 1858, one clergyman alone witnessed for Christ, now there are three Bishops and over forty clergymen ambassadors for Him. Clergy, 22; parishes and mission stations, 31; communicants, 996; baptisms, 191; persons confirmed, 74; amount raised in the Diocese for Church purposes, \$21,531. Two of the Gospels have been translated into the native language.

**EDUCATION.**—Angela College for girls is in connection with the Church of England. There are native schools at Alert Bay for girls and boys.

**NEEDS.**—Aid is needed for the support of thirteen missionary clergy. In consequence of all assistance from the S. P. G. having been withdrawn, a lay committee of leading churchmen reported the necessity of retiring from several important Missions. To avoid so painful a calamity, the Bishop has for the present personally guaranteed the payment of a certain sum to enable the Mission Board to meet the reduced stipends, hoping for generous help of friends in England. Eleven churches are needed.

### DIOCESAN NOTES.

The three Dioceses in British Columbia have not been as yet organized into an ecclesiastical province, although a conference having that object in view was held in Victoria in April, 1888, when the Bishops and delegates from the two Dioceses of Columbia and New Westminster were present. It was then suggested that the proposed Province

bear the name of "Columbia," and that the Diocese of Columbia be forever the Metropolitan See. A committee was appointed to draw up a constitution to be submitted to a future conference.

*First Bishop.*—The Rt. Rev. George Hills, D.D. Consecrated, 1859; Retired, 1892.

*Present Bishop.*—

*Archdeacon.*—The Ven. A. Scriven, M.A., St. James' Parsonage, Victoria, B.C.

*Auditors.*—Messrs. W. C. Ward, R. Harvey.

### DIOCESE OF CALEDONIA.

**GENERAL DESCRIPTION.**—This Diocese was founded in 1879, and comprises the whole of British Columbia north of the Salmon and Nechaco rivers, and Fort George on the Frazer. The country is mountainous and covered with timber. Excellent coal has also been discovered. The climate on the coast is remarkably mild and equable, but moist. There is a large and intelligent Indian population, which, under prudent direction, will be helpful in developing the resources of the country.

**CHURCH WORK.**—The work in this Diocese is entirely missionary. Three clergymen are provided by the Society for the Propagation of the Gospel in Foreign Parts to minister to the white population, and the Church Missionary Society provides eight clergy for the Indians, and also the Bishop's income. There is no endowment. The latter Society also provides a medical missionary, three lady missionaries and seven native catechists.

**NEEDS.**—Another missionary is much needed for the whites; also funds for endowing the See, for erecting a training school and building several churches.

## DIOCESE OF NEW WESTMINSTER

GENERAL DESCRIPTION.—This Diocese was founded in 1879, and consists of a district lying between the 49th and 54th parallels of north latitude, and bounded on the east by the Rocky Mountains, and on the west by the Strait of Georgia. The population, including Indians and Chinese, is about 80,000. Area, 160,000 square miles.

The size of the Diocese is so great, and the geographical obstacles—mountains and rapid rivers—so numerous that missionary work is no easy task. The present staff consists of 20 clergy, and a few lay readers. The Diocese is divided into eleven parishes, and seven huge missionary districts. New districts have rapidly opened, such as the Kootenay country, which with Nelson as its centre is attracting a large mining population.

Besides the white population, there are about 40,000 Indians and Chinese. The latter are almost wholly heathen, but of the Indians 1,400 are Christians, and the percentage of communicants among them—nearly fifty per cent—speaks well for their sincerity.

The Bishop has begun a mission among the Chinese, and has secured the services of a native catechist for the work. The importance of such a mission can best be realized when it is known that the Chinese coming to this country do not do so with the intention of remaining here. Could these people, then, be Christianized while they are here, they would go back to their own people as so many missionaries.

That the Church people in this Diocese are willing to help themselves financially is seen from the fact, that counting every man, woman and child, Indians and white, the percentage of their offerings is over \$2 a head! All outside assistance has come from English friends, and from the Society for the Propagation of the Gospel, and the Woman's Auxiliary of Canada.

In his report, the Bishop says, "The year we have entered upon is going to be one of enormous progress, and this progress will bring with it increased responsibilities. It may seem as if the limit of human industry had been reached in our clergy, and further effort impossible. Nevertheless, the new responsibilities must be accepted, the new call answered, and the increased burden cheerfully shouldered.

The Church in this Diocese has always (thank God!) been able to attract to its services men of energy and devotion. When the spurt is called for they will respond, but what will most encourage them in so doing is the hearty co-operation, the confidence and generous appreciation of those to whom they minister. The labourer's hire amongst us is not a sum of magnificent dimensions, but he will be gladly content with it if it be accompanied by the sympathy and regard of the people."

The objects for which the Auxiliary is organized are briefly: Prayer for missions; the spread of missionary information; the increase of missionary interest; raising money for missionary objects, and sending clothing, etc., to needy missions.

The members' prayer is to be said daily, and there are monthly subjects (covering each month a Diocese in our own country, and part of the Foreign field) for reading and prayer. The *Monthly Letter Leaflet* is edited and published by the Auxiliary in the Dioceses of Toronto, Niagara, Ontario, Huron, Quebec, and Montreal—each Diocese editing and financially managing its own pages. The *Leaflet* has a circulation of about 6,000 copies per month.

The Winchester Cross in silver (or gold for Life members) has been adopted as the permanent badge of the Society. It bears the motto of the whole Auxiliary, "The love of Christ constraineth us," and the letters "W. A."

The following missionaries are supported by the Auxiliary:—A medical missionary in Japan by all the Dioceses; Miss Steele and

Miss Busby at the Blood Reserve, by Huron; Misses Symonds and Garlick at the Blackfoot Reserve, by Toronto; Miss Brown at the Piegan Reserve, by Ontario; Miss Mellish at the Rupert's Land Industrial School, by Niagara and Quebec; A Catechist at Lake Temiscamingue, Algoma, by Toronto; The travelling missionary in Haliburton, by Toronto; a missionary at Lion's Head, by Huron; Miss Mitcheson in India (partly) by St. Peter's Branch, Toronto. And also several catechists and Bible-women in India, Japan, and Africa.

The Central Board will in future meet annually, and a Triennial meeting will also be held at the same time and place as the Provincial Synod. During the three years ending Sept., 1892, the Auxiliary has contributed to missions in money \$44,481.00, and has sent out 940 bales of clothing, etc.

The Women's Auxiliary is also organized in the Dioceses of Algoma, Rupert's Land, Calgary, and New Westminster, but the lists of Diocesan officers have not been received to date. Good reports of work done in all these Dioceses have been presented. The work of the junior branches throughout all the Auxiliary is most encouraging, and promises well for the missionary interests of the next generation.

## LAY HELP.

---

### DIOCESE OF HURON.

#### HURON ANGLICAN LAY WORKERS' ASSOCIATION.

The Huron Anglican Lay Workers' Association was established in 1891 under the auspices of the Bishop and Synod of the diocese. At a conference of Lay Workers, held in London, Ont., April 23, 1891, the following resolution was agreed to:—

That the Synod be respectfully requested formally to recognize by resolution the Huron Anglican Lay Workers' Association as an important agency for promoting the spiritual and temporal work of the Church in the diocese, and to sanction the payment, from time to time, of such necessary expenses connected therewith as the Executive Committee may, on the recommendation of the Bishop, approve.

This resolution was formally adopted by the Synod in June, 1891. The Association includes in its membership all laymen acting as lay readers or assisting regularly or occasionally in the services of the church; all laymen acting as Bible Class or Sunday School teachers; lay delegates to Synod; churchwardens, sidesmen and ushers; members of St. Andrew's Brotherhood, Church Guilds, or other parochial associations of young men, and, generally, any laymen actively participating in church work; the clergy of the diocese are (*ex officio*) members.

The Executive of the Association consists of a president (the Bishop), a first vice-president (the Dean), a second vice-president, who

is a layman, a chairman of committee, a secretary-treasurer, and a committee of management, thirteen in number, one from each rural deanery. The elective officers—that is, all but the bishop and dean—hold office for one year and are appointed at the annual meeting which is held in the month of October, at such place as the Executive may appoint. The first annual meeting was held at St. Thomas in 1891, and the second at Stratford in 1892. In connection with both those meetings conventions have assembled of the church workers and Sunday school teachers of the diocese. These gatherings are likely to become an important feature in connection with church work in Huron. They have been largely attended by clergy and laity and both men and women workers. The objects to which the attention of the committee of management is more particularly directed are:—

To keep a register of members of the Association specifying the particular branch of church work in which they are severally engaged, and indicating who of the lay readers are licensed by the Bishop; to encourage, by correspondence or otherwise, the more general participation of the laity in the spiritual and temporal work of the church, and the formation of local societies having that end in view; to make a report annually to the Association; to arrange work for the Association at its annual meeting; and to present a concise report of the work of the Association to the Synod.

The officers of the Association for 1892-3, are as follows:—

*President (ex officio)*,—The Lord Bishop of Huron.

*First Vice-President (ex officio)*,—The Very Reverend the Dean.

*Chairman of Committee*,—A. H. Dymond, Brantford.

*Secretary-Treasurer*,—J. M. McWhinney, B.A., London.

*Committee of Management*,—  
(One from each Rural Deanery).

There are something over 120 parishes in Huron in actual clerical charge. With the clergy, the muster roll of the Association was shown by the above statistics to number nearly 2,000 members. At the Annual Meeting in 1892 the returns from 114 parishes showed the licensed lay readers to have increased to 47; unlicensed to 70, total 117; lay Bible class teachers to 101 and lay S. S. Superintendents to 158. There are now 15 chapters of the Brotherhood of St. Andrew in the diocese.

## BROTHERHOOD OF ST. ANDREW.

### DOMINION OF CANADA.

The Brotherhood of St. Andrew is an organization composed of men willing and anxious to work for Christ among young men, and to do this as members of the Anglican Church and under the control and supervision of the clergy. Its sole object is the spread of Christ's Kingdom amongst young men. It was founded in recognition of the fact that every Christian man is pledged to strive like St. Andrew to bring his brother to the knowledge of Jesus Christ. It has two simple rules of Prayer and Service: (1) daily prayer for the above object; (2) at least weekly individual effort for his brother. The extract from the Constitution printed herewith will shew this plainly, and it should also be noted that whilst principally a lay organization no Chapter can be started without the written consent of the Rector of the Parish, and that at any time his disapproval would cause the Council to withdraw the Charter.

The Brotherhood had its origin in St. James' Church, Chicago, on St. Andrew's Day, 1883, as a mere Parochial Guild. It has since taken root in every State in the Union and to-day numbers over 800 active Chapters in the United States with a membership of over 10,000, and their Annual Conventions have attained the importance of the largest and most stirring Anglican gatherings of the year.

The Canadian Brotherhood was formed in June, 1890, and since then its growth has been a wonderfully steady and healthy one, and although great care has been exercised in forming new Chapters its numbers now 104, extending from Halifax to British Columbia, with a membership of about 1,100. Its three Conventions have surprised Churchmen generally, both by size and tone, and much good has resulted therefrom. Earnest men of all shades of opinion have given it their unqualified approval, and in September, 1892, it received the confirmation of both Houses of the Provincial Synod then assembled at Montreal.

In this organization men find much help and encouragement, help to themselves individually, and encouragement in working for others, stimulated by the knowledge that they are units in a large body working for one object on the Church lines of discipline and order throughout Canada and the United States.

Sample literature and all information as to how to form Chapters will be sent, on application to the General Secretary, Spenser Waugh, at 34 Adelaide St. E., Toronto

Append will be found the extracts from the Constitution referred to above:—

#### "ARTICLE I.

##### "SECTION I.

*"Object.*—The sole object of the Brotherhood of St. Andrew in Canada is the spread of Christ's Kingdom among young men, and to this end every man desiring to become a member thereof must pledge himself to obey the Rules of the Brotherhood so long as he shall be a member. These rules are two: The Rule of Prayer, and the Rule of Service. The Rule of Prayer is to pray daily for the spread of Christ's Kingdom among young men, and for God's blessing upon the labours of the Brotherhood. The Rule of Service is to make an earnest effort each week to bring at least one young man within the hearing of the Gospel of Jesus Christ as set forth in the services of the Church and in young men's Bible classes.

##### "SECTION II.

*"Basis of Union.*—Any organization of young men, in any Parish or Mission of the Church of England in Canada, effected under this name, and with the approval of the rector or minister in charge, for this object, and whose members so pledge themselves, is entitled to become a Chapter of the Brotherhood, and, as such, to representation in its Conventions unless such approval be withdrawn.

"No man shall be an active member of a Chapter who is not baptized, and no member shall be elected presiding officer or a delegate to the Convention who is not also a communicant of the Church of England in Canada."

## Communion Wine.

---

The question of being able to procure a suitable wine for Communion purposes, has been in years past, found a serious one, by both Clergymen and Church Wardens. Most of the so-called Port Wine, is adulterated and unfit for use at the Holy Communion; having their attention called to this, some years ago, the well-known Canadian Wine firm, Messrs J. S. Hamilton & Co. of Brantford and Pelee Island, gave the matter their attention and produced a very choice sweet red wine known as "St. Augustine," to prevent deception they registered this brand at Ottawa, and for the last few years it has been used with satisfaction in a great many parishes in the different Provinces of Canada. Two years ago a Special Committee was appointed by the Diocese of Ontario, to examine samples of wine made in Canada. All the samples being got together and quality and purity compared, the Committee aided by the Analysts of Inland Revenue at Ottawa, unanimously chose the "St. Augustine," as the most suitable and recommended it for use in all the parishes of the Diocese. Communion wine, "St. Augustine" is now being used for Communion purposes throughout England, Ireland, Scotland and the West Indies. The prices are reasonable \$4.50 per case of one dozen bottles and can be procured directly from Messrs. J. S. H. & Co.

but take all the help you can get. And you can get more of it, with **Pearline**, than with anything else that's safe to use. Everybody knows about **Pearline** for washing clothes.

We talk more about that, because of all the wear and tear and labor it saves, by doing away with that ruinous **rub, rub, rub.**

But don't let its help stop there. With anything that will wash at all, **Pearline** will save you something in the washing. Dishes,

paint, woodwork, marble, windows, carpets (without taking up), milk cans, silver, jewelry, etc.—these are only some of the things that are washed best with **Pearline.**

## Beware

Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as **Pearline.**" **IT'S FALSE**—**Pearline** is never peddled, if your grocer sends you an imitation, be honest—*send it back.*

THE OLDEST MEDICINE IN THE WORLD IS PROBABLY  
DR. ISAAC THOMPSON'S  
CELEBRATED EYE WATER.

This article is a carefully prepared Physician's prescription, and has been in constant use for nearly a century. For all external inflammation of the eyes, it is an infallible remedy, and for safety and efficacy it has never been equalled in removing ophthalmia, or inflammation of the eyes, at the commencement, and in curing chronic cases from the defluxion of sharp humors. If the directions are followed

**IT WILL NEVER FAIL.**

We particularly invite the attention of physicians to its merits. This article can be had with either English or Spanish directions.

**F**EW hotels in the Dominion or on the continent have won such wide-spread popularity as the ST. LAWRENCE HALL. For over thirty-five years the travelling public have found the "Hall" the best and most completely equipped house in all its departments. Every want that human foresight can supply for the comfort and convenience of guests the management has ever provided for, and it is this attention that has given to the "Hall" its fame as the leading hotel of Canada both in the United States, Great Britain and the European continent. For over a quarter of a century the "Hall" has held this proud position, and has held as its guests the most illustrious representatives of royalty and the peerage who have in that period visited the metropolis of the Dominion. The location of the "Hall" on St. James Street, the principal thoroughfare of the city, cannot be surpassed in a sanitary point of view, and is the most centrally situated for all travellers. It is in the midst of the banks, courts and principal public offices, wholesale and retail houses; and in its immediate vicinity are many of the chief historic attractions of the city.

The growth of Montreal in the past few years, and the ever-increasing demand for first-class accommodation, has called for large additions to the "Hall" which have just been completed. These additions have largely added to the comfort and beauty of the house. The massive and elegant exterior—five storeys high, with mansard roof, and a clear frontage of 125 feet on the most fashionable street of the city—at once attracts the attention of the tourist; and a visit inside soon leads to the conclusion that for polite attention and satisfactory management the "Hall" has no superior. The new improvements have increased the accommodation to over 300 well-lighted and airy rooms, furnished tastefully, and with every modern convenience. Passenger elevators are provided; and the corridors, reading rooms, parlors, etc., are furnished and decorated in the most artistic manner.

The "Hall" is now provided with two of the handsomest drawing-rooms in the city. The new room is one of the recent improvements, and is a marvel of beauty and elegance in its decorations, frescoes and furnishings. The whole of the wood work is of red cherry, with Lincrusta Walton panellings in gold; rich mirrors adorn the walls, and massive gas candle chandeliers are suspended from the ceiling. The upholstery is of the richest and most luxurious description—the carpets, chairs, sofas, ottomans, etc., being especially made to suit the adornments of the room. When lit up at night, the room, with all its appointments, cannot be surpassed for beauty and comfort.

The dining-room has been enlarged, making it 100 feet long by 50 feet broad, and capable of seating 400 guests. The room is tastefully decorated by the best Italian artists, and is lighted by electric light. Every attention has been paid to ensure guests the best and most appetizing meal with prompt and diligent waiting.

### THE CUISINE.

The "Hall" has heretofore been ever in advance in this department. Having improved facilities, with an accomplished *chef* at the head, the wants and tastes of guests are carefully attended to.

Billiard, hair-dressing, sample and bath rooms connected with the hotels.

All trains and steamboats are met by the "Hall" busses, and attentive porters are in attendance to look after guests, baggage, etc.

Rates from \$2.50 to \$4 per day, according to location.

Mr. Hogan, the genial proprietor, is still to the fore, and gives his personal supervision to all departments of the house, thus securing for his guests every attention required.
