CANADIAN BONDS LOST IN \$2,000,000 NEW YORK THEFT

ROBBERS' HALL NOW \$2,000,000; C. N. BONDS LOST

New York Detectives in Droves Work on Theory That It was "Inside Job."

P. O. ADMITS MILLION Officials Criticized For Leaving Valuable Sacks Unprotected

NEW YORK, Oct. 26.—Belleville, the loot in the mail truck robbery will exceed one million dollars as indicated by the postal authorities today while from other sources it was learned that the total might exceed two million.

Disclosure of the fact that the loot in Monday night's mail truck hold-up in Broadway included nearly \$500,000 in bonds, copies of the Postmaster-General's letter of \$5,000 reward for the robbers, "dead or alive," set scores of detectives working on a theory that the robbery was an "inside job."

Of the stolen securities, \$400,000 worth were the property of persons of the Chase National Bank while \$27,000 worth belonged to the Park National Bank.

The inside job theory, upon which special inspectors admitted they were basing their investigations, is based on the belief that news of the shipment had reached the bank through channels so reliable that they not only knew which truck was to carry it, but could pick out the very sacks containing their prospective booty.

As the search progressed bank officials were frank in criticizing the postal authorities for allowing so valuable a shipment to be transported at night through the city streets.

Officials of the Chase Bank withheld information regarding the destination of the packages of securities, which included Government of Argentina two-year 7 per cent. gold notes, due October 1, 1923, and Canadian Northern Railway 5 1/2 per cent. sinking fund gold debenture bonds, due July 1, 1946.

CHANGE OF HEART X Clears Steerage More Speedily—More Liners for Winter Cruising

MONTREAL, Oct. 26.—Is the new mood to compete with Australia and New Zealand for the cream of New immigration tide in Montreal? Shipping men here say that after ruthless advertising by the letter of the Immigration Act both in Canada and the United States, both countries are alarmed at the turning of the tide of settlers towards Australia and the Antipodes.

Within half an hour of the docking of the big liner all her steerage passengers were cleared and put ashore, just as quickly as the first cabin passengers. The general rule, since the Armistice, had been to detain steerage passengers for from twelve hours to several days on board the vessel, after which they were conveyed to Ellis Island, about which there has been some bitter complaint both in regard to food and housing.

HOW PUBLICITY HAS BUILT UP HUGE BUSINESS

Expert in This Line for General Motors Corporation Talks to Lions BASED ON CONFIDENCE

For Permanency in Business There Must be "Fire of Service Kept Burning"

Publicity and advertising formed the subject of a brief but keen address before the Lions' Club, at the luncheon today at the Chamber of Commerce, by Mr. Milton Bergery, publicity manager of the General Motors, Limited, Ontario.

There are only two branches of business, he said—production and distribution, both interested in publicity and advertising is one of the forms of publicity. Advertising is the tool that the modern business world has sharpened in its business.

Today is yet only the business world has recognized the value of advertising, which is not yet considered a profession and bears a sort of stigma, but the day is coming when the science of advertising and publicity will be studied in college and university, as the professions.

It not only finds an outlet for goods, it enlists men's minds, and adds to the welfare of the state. It can so reduce the cost of production that in a short time a luxury becomes an every-day occurrence.

Mr. Bergery declared it as a maxim that trade is the result of confidence and that at its base is personality. In situations have individually, and every employee has his part in building up and maintaining that confidence of the public in an institution.

Business has passed from the hands of slaves, as in the days of the Greeks, until today it is one of the professions.

Mr. Bergery closed impressing upon the Lions that for permanency in business there must be the fire of service built and kept burning.

ALLIES LIKELY TO EXILE KARL TO OCEAN ISLE

Intention is to Send Him Where Escape by Aeroplane Even is Impossible TO ELIMINATE HAPSBURGS

Ex-Empress Zita Travelled in Breches—Switzerland to Have Them as More

LONDON, Oct. 26.—Intimation has been made by the Swiss Federal Government to the allied powers that Karl will not be allowed to return to Switzerland. It is understood that no decision has yet been reached as to where the ex-Empress will be sent, but it is engaging the earnest attention of the Governments concerned.

There are only two branches of business, he said—production and distribution, both interested in publicity and advertising is one of the forms of publicity. Advertising is the tool that the modern business world has sharpened in its business.

Where Jealousy Means Gun-Play

NEW YORK, Oct. 26.—Julius Planovsky, aged 32, today shot and killed his wife and five-year-old son, afterwards killing himself. Patrick Lovett, Brooklyn, shot

Dorothy Reed, twice through the body and fired a bullet into his own mouth when she rejected his attentions. They are in a critical condition. Both tragedies are said to have been caused by jealousy.

T. H. THOMPSON IS CANDIDATE

McFarlane, W. E. Tammon and Col. Malley Nominated But Withdrew MEETING AT MADOC

Hon. G. H. Ferguson on Platform—1500 Men and Women in Hall

MADOC, Oct. 26.—(By Long Distance Telephone, 3:30 p.m.)—Mr. Thomas H. Thompson, M.P., sitting member for East Hastings, was re-nominated here this afternoon at the Liberal-Conservative candidate in this riding.

The meeting here today was attended by about 1500 ladies and gentlemen, from all parts of the riding.

Four names went before the convention. They were: Mr. T. Arthur McFarlane, Belleville; Mr. W. E. Tammon; Col. W. J. Malley, of Deseronto and Mr. Thompson.

All made speeches on the issue of the campaign and the three first named afterwards withdrew in favor of Mr. Thompson. No vote was necessary. Hon. G. Howard Ferguson was on the platform, Mr. Robt. Conks M.P.P., North Hastings and Mr. Sandy Grant, ex-M.P.P. for East Hastings, also spoke briefly.

The case had been dropped behind the lower boards of the south street fence, inside a field which is part of a farm now rented to George Stevenson. It was discovered by Henry Woods, who is plowing in the field.

MEN TO ACCEPT G.T.R. WAGE CUT FOR TIME BEING

Tentative Agreement Reached After Conference With Company CASE MAY BE REOPENED

Further Discussions Will Deal With Rates in Different Classes

MONTREAL, Oct. 26.—A tentative agreement has been reached between the employees of the Grand Trunk Railway and representatives of the company, whereby the men agree to accept provisionally the reduction in wages, with the understanding that if further negotiations alter the schedules of pay the company will see that any back money withheld is refunded.

The agreement arrived at is, in a general way, that the employees accept the reduced rates of pay put into effect in July last, subject to adjustment of pay the company will see that any back money withheld is refunded.

The agreement was also subject to a reopening of the whole question of wage rates on 15 days' notice from either side, when any further reconsideration would be taken up by representatives of the company and the employees.

The reduction approximates 12 1/2 per cent. Should the reconsideration and conferences suggested as possible result in a disagreement of a permanent character, it was provided that the matter would then be referred to the Chairman of the Arbitration Board, J. M. Godfrey of Toronto, and the dispute would be taken up before this board until the case was referred back for settlement between the company and representatives of the employees. This is not regarded as likely and the agreement reached today is considered as paving the way to a settlement of the whole question. Further discussions will deal with rates of pay in different classes.

DEATH CLAIMS TIRE INVENTOR

John Boyd Dunlop Revolutionized Road Transport by His Idea

ROMANTIC GENESIS Pneumatic Tires First Used in England Were Ridiculed

LONDON, Oct. 25.—John Boyd Dunlop, inventor of the pneumatic tire and revolutionizer thereby of road transport, has died in his home in Dublin, aged 82.

The circumstances under which he invented the pneumatic tire were romantic. His mother was an invalid who could only be taken about in a bath chair, and she suffered greatly from the jarring of the iron-rimmed wheels.

England used the first pneumatic tires, though grotesque in appearance. The "padding tires" excited laughter, but they got such increased speed that they scooped the pool at all cycle meets.

FIVE-YEAR TERM GIVEN M'CONNEL, A HOUSEBREAKER

Man Who Entered Home of W. C. Springer, Dundas St., Sentenced Today

PLEAS MADE FOR HIM Said to Have Been Intoxicated But Had Previous Conviction Against Him

Five years in the penitentiary near Kingston was the sentence pronounced in the case of Charles M'Connell, who some weeks ago confessed to breaking and entering by night the residence of Mr. W. C. Springer, Dundas Street, and burglariously stealing a quantity of clothing which, by the way, was recovered.

Mr. E. J. Butler argued that the deed was done under intoxication and that M'Connell was ordinarily a man of good conduct. Counsel asked for a suspended sentence.

Mr. Masson said he had no authority in view of a previous conviction, to suspend sentence. "I think if I impose a sentence of five years upon the young man, he is getting off very lightly." Had he been sentenced at the time of his pleading guilty, the court said he might have received ten or fourteen years.

FOUR NEW BATTLESHIPS TO GIVE THOUSANDS WORK

More Work in London and the North of the Clyde to Improve, Reports Show

LONDON, Oct. 25.—Latest unemployment figures for the British Isles for the first time since June, show increases for the week totalling eight thousand. In London, however, there has been a decrease of 2,000, and there are also slight decreases in Scotland and the North of England.

It is stated that tenders for four new battleships have been placed with William Beardmore and Company, of Dalmuir, Scotland; John Brown and Co. of Clydebank, Scotland; Fairfield Shipbuilding Company, of Govan, Scotland, and Swan, Hunter and Wigham, of Wallsend, Northumberland, England. The principal work on three of these ships goes to the Clydebank works, although subsidiary contracts for guns and armour doubtless will be allocated elsewhere.

In Sheffield, only twenty-five of the ninety-four furnaces there are working. The engineering firms which have been doing moderately well are now reaching the end of their orders.

Motors at Theatre on Private Property Were Ordered Moved

The management of the theatre, at the request of the chief, asked motorists, who were at the entertainment to step out and shift the cars. A number did so.

FALL WORK IS WELL ADVANCED

Root Pulling, Apple Picking, Fall Plowing Going Ahead in Splendid Style

PRICES ARE NOT HIGH Detailed Statements From the Great Farming Countries of Ontario Given

Following is a summary of reports made by the Agricultural Representatives to the Ontario Department of Agriculture:

General farm work, such as root-pulling, apple-picking, fall plowing, etc., is well advanced, and the land is now in splendid condition for turning under.

Essex says sugar beets are yielding from twelve to as high as twenty tons per acre, but complaints of some dry rot. Kent states that about half of the crop has been taken up.

Waterloo reports considerable marketing of turnips. Two weeks ago 20 cents a bushel was paid, but prices later came down to 15 cents. Considerable rot was also reported.

Algoma reports a better than average yield of potatoes, and Timiskaming also claims an abundant crop. Grain and hay are being marketed slowly. The latter is increasing in price, even in the more western counties.

Simcoe, speaking of fodder supplies, says that men with silos are the outstanding winners this year. Norfolk reports that apples are moving freely at from \$4 to \$6 a barrel. Middlesex gives prices at from \$1 to \$2 a bushel, according to quality. Halton states that evaporator apples are bringing from 40 cents to \$1 a cwt.

Dundas says that local beehives claim that the flow of honey this season has been the best on record. The new fall wheat is looking exceedingly well, except where the Heesian fly got into some of the fields sown very early.

Middlesex states that farmers in that county are hiring men at from \$15 to \$25 and board for the winter. Grey says that there has not been so much live stock sent at fall fairs for several years. At a recent sale of pure-bred cattle at Markdale good heifers went at moderate prices, the best figures being \$300 and \$265. The greater part of the offerings went to local buyers.

Middlesex reports that several carloads of cattle were shipped during the week, a number going to Great Britain. On the other hand Bruce says that a dozen carloads of cattle, some of them from Manitowish, were recently brought into the county as feeders.

Lennox and Addington states that milkers are in great demand, and quotes five-year-old Holstein grades as bringing \$75. Some farmers in western counties are changing from beef to milk. One Waterloo man has brought in two carloads of dairy cattle for local sale. Leeds states that there is a strong demand for springers.

Grey says that some cream collected in that county is being shipped to Buffalo. Little pigs are quoted at \$6 a pair in Lennox and Addington, and at \$5 in Frontenac.

Sheep are holding their own in numbers in Timiskaming, but prices are far from encouraging. Lambing are selling at \$7 each. Victoria says that good horses are bringing around \$100.

BOOKLET EXPLAINS CONDITIONS IN CANADA

Dept. of Immigration and Colonization Hopes Thus to Aid Prospective Settlers

An interesting little booklet has been issued by the Department of Immigration and Colonization, called a "Manual of Colonization," pointing out to newcomers certain of the salient points with respect to the Dominion of Canada, with an idea of helping them to appreciate more quickly the advantages of becoming Canadian citizens. It is not intended to induce settlers to come to Canada, but to present the facts to those that are here.

Among the interesting data are references to the governments of Canada and the provinces, tables of distances, naturalization and voting, home-coming, legal weights and measures, natural resources, and so forth.

At the end of the booklet the following is included among the words of advice to the new arrival: "Remember that every country has its own methods and in Canada you will often find the arrangement of the farm or workshop different from that which you were accustomed to in the Old Country."

FRANKFORD BOY DIES OF WOUND; STRUCK BY CAR

Milford Bassett, 13, Hit When He Runs in Front of Moving Automobile

INQUEST IS OPENED

Driver, Mr. Percy Anderson, Was Not Speeding, Say Witnesses of Event

Milford Bassett, a boy of thirteen years, died at Frankford village at four o'clock on Monday afternoon of injuries sustained on Saturday evening when he was struck by a motor car, driven by Mr. Percy Anderson on Mill street, not far from the store of Mr. F. Carr. An inquest was opened this afternoon at Frankford, at which Crown Attorney Carmichael is present to conduct the examination of witnesses.

It appears that about seven-thirty on Saturday evening a large number of boys were playing on the road when the car came along. The motor, which, according to eyewitnesses, was moving very slowly and the boy ran across the street and was struck by it. The car was stopped in a few feet, and the boy carried to the walk, and Dr. Malone summoned. Everything that was possible was done for the lad, but death came late yesterday as a result of rupture of the bowels.

The boy's parents do not live in Frankford, he having lived with his grandmother. He was a very bright boy at school and was popular with his school chums.

A DESIRE TO EAT WHAT YOU WANT

Stomachs Can be Restored to a Healthy Condition.

Not to be limited in diet, but to eat whatever he pleases is the dream of every dyspeptic. No one can honestly promise to restore any stomach to this happy condition, because all people cannot eat the same things with equally satisfactory results. But it is possible to tone up the digestive organs that a pleasing diet may be selected from articles of food that cause no discomfort. When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without rich red blood is impossible, and Dr. Williams' Pink Pills offer the best way to enrich the blood. For this reason these pills are especially good in stomach trouble attended by thin blood, and in attacks of nervous dyspepsia. Proof of the value of Dr. Williams' Pink Pills in cases of indigestion is given by Mr. John A. McDonald, Toronto, N.S., who says: "Every sufferer from indigestion has my heartfelt sympathy, as I was once myself a bond slave to it. Eating at all became a trial, and as time went on I became a mere skeleton of my former self. I took all sorts of recommended medicines, doctors' and advertised, but to no avail. Then a friend said to try Dr. Williams' Pink Pills. I got a box and I thought before they were done I could feel a change. Then I got six boxes more, and by the time they were used I was eating my meals with regularity and enjoyment. My general health is now good, and it is no wonder that I am an enthusiastic advocate of Dr. Williams' Pink Pills." You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

Church Gathering in Campbellford A Wonderful Success

Christ Church Entertains Visitors From Surrounding District in Rural Deanery

CAMPBELLFORD, Oct. 26.—Christ Church, Campbellford, had another of their wonderful successes when they entertained the brothers and sisters of the church from the surrounding district in the rural deanery. Havelock was well represented by their rector and about 8 lay members. Hastings sent us about 8 lay members, Roseneath 12 members and Coddington 13, together with Rev. Mayer Balfour. A goodly number of our own church members gathered with them in a missionary meeting. The first hour was spent in conference, the men meeting in the basement where subjects were discussed of importance about various matters in church work, viz: advisory boards or church councils, their use and advantages, the Duplex envelope as an aid to raising church funds, men's organizations, men's clubs and Bible classes as a means to attract more men into active church workers. The women held their conference in the upper hall, where matters pertaining to the Women's Auxiliary and different societies of the church such as Willing Workers, Young People's Guilds were discussed.

Much information was gained about the working organizations on the various lines from the topics discussed, and wishes were expressed for more talks like these in the future.

The chairman for the men was the Rev. C. C. Clarke, while Miss Jenkins ably presided over the meeting in the upper hall. Afterwards a delightful hour was spent with the Rev. P. S. Powles, a missionary from Mid-Japan, in his lecture illustrated by lantern views of mission work and life in that country. Refreshments were then served and a very enjoyable evening was brought to a close about 11 o'clock.

POSTPONED SERVICE

Former Superintendent Delivers Inspiring Address to Sunday School

SIXTH LINE OF SIDNEY.—Owing to the anniversary services being held in the different churches on Sidney circuit, the rally services in Scott's Sunday School were held on Sunday last. The program was carried out according to plan. Mr. J. J. Reid, a former superintendent gave a short address on keeping the Sabbath holy. He said it caused him a good deal of thought why it was our Sunday schools were not what they used to be and he traced it back to indifference and Sunday visiting, repeating the same text, "I will not do my own pleasure on the Lord's day," wondering if we were seeking our own pleasure and neglecting God's. Rev. Mr. Wallace gave a very helpful address on loyalty and said in order to be loyal we must be useful and be willing to say like Christ: "Not my will but Thine be done." We must also have the spirit of self-sacrifice and the spirit of service. He remarked that some people were satisfied as long as they were in the procession if others were carrying the load.

In spite of the small number out the service was very inspiring and helpful. Mr. and Mrs. Howie, of Belleville spent Sunday at Mr. Marley Scott's. Mr. Bert Dufoe and family of Point Anne and Mr. and Mrs. Irg Windover, of Belleville, were Sunday guests of Mr. Wm. Moon's. Miss Vera and Mr. Earl Dufoe spent a few days last week with relatives in Wooler. Mr. and Mrs. Howard Dufoe spent Sunday in Belleville at Mr. A. Dufoe's. Mr. and Mrs. C. Teagarten, of St. Louis, Mich., are guests of Mr. J. A. Lott's.

Three Boarded Radical Car

Shortly after the murder a stranger, wearing a fedora hat, boarded a Newmarket car, in charge of Conductor Boynton, at Stop 43. The conductor noticed that he had come hurrying down the street from a point westward. Two girls also boarded the car by the front door at the same time. They got off again at Stop 14.

"Where is the starting crank of Stron's car," was the question asked on the taxi stand today. Stron kept it in the front seat. It was missing after the murder.

AUXILIARIES ENTERTAIN

Massawaga Women's Missionary Entertains Ladies from Other Societies

MASSAWAGA.—On Wednesday, Oct. 19th the Women's Missionary of Massawaga entertained the auxiliaries from Centre, Rednersville and Mountain View at the home of Mrs. F. Osborne. About sixty women enjoyed a very pleasant and profitable afternoon. A splendid program was given, each auxiliary taking part, after which refreshments were served by the Massawaga ladies, and a very sociable hour spent. Before leaving for their different homes, Mrs. E. Spencer of Centre moved a vote of thanks to the ladies of Massawaga for their kind hospitality, which was seconded very ably by Mrs. W. H. Redner, president of Massawaga auxiliary, replied very suitably.

Mr. and Mrs. Howard Wallbridge attended the chicken supper at Centenary last Wednesday evening. Mr. and Mrs. W. F. Osborne spent Sunday with relatives near Domestownville. Mr. Way's thrashing outfit is in the neighborhood finishing the fall thrashing. Mr. and Mrs. D. R. Davidson spent Sunday with Mr. and Mrs. Geo. Wallbridge, of Massawaga Park. Mr. James F. Anderson and wife, of Belleville, spent Sunday afternoon at Mr. Jay Anderson's.

Miss Cordelia Simonds took dinner with Mrs. Marjorie Davidson on Sunday. Communion service will be held at Massawaga Church on Sunday morning, Oct. 30th. Rev. Mr. Knox will preach.

Mr. N. Post and Mr. W. W. Peck spent the week-end last with their niece, Mrs. G. Wannamaker, Mountain View. Mr. and Mrs. A. Juby, Belleville, were Sunday visitors at Mr. and Mrs. F. Osborne's. Mr. D. Davidson and family spent Sunday last with friends at Wellington. Mr. and Mrs. A. Hilman and family were the guests of his parents, Mr. and Mrs. Hilman, Rossmore, on Sunday. Mr. and Mrs. J. Jones spent Friday evening at the home of Mr. and Mrs. Wm. Hough, Rednersville.

In these days of the "servant problem," when the domestic helper is here today and gone tomorrow, it is interesting to learn of one who remained almost a lifetime in the one "situation." A Miss Mary Adams, who died two or three weeks since, was for fifty years in the service of the Royal Family. Probably the conditions of the service were more attractive than they are in many very much less distinguished households.

The art of needlework—but is purely artistic work with the needle—is not pursued in these days of women's activities so much as it was fifty years ago, not to mention the by-gone eras of tapestry making. However, it has not entirely died out, and beautiful work is still done with this tiny instrument. Two British sisters of the Peerage, Lady Carew and Lady Cory, did wonderful embroidered panels. The latter was just begun to copy in embroidery Constable's picture of St. Paul's Cathedral.

Probe Into Death of Boy at Frankford Adjourned Until Next Friday

BOY WAS NOT LOOKING Ran Sideways into Front of Mr. Anderson's Car—His Driver is Being Held

Mr. Perry Anderson, of Frankford, is under nominal arrest today, following the inquest last evening concerning the death of Milford Bassett, 13, who died following injuries received when hit by Mr. Anderson's car.

The inquest was adjourned until 2 p.m. on Friday.

Only the medical testimony of Dr. Malone, of Frankford, was taken yesterday, this witness describing the injuries from which the boy died.

From evidence which the police say will be adduced on Friday, the lad was apparently running sideways, looking backwards, and ran into the fender of Mr. Anderson's machine, which was going slowly. Frankford people speak of the affair as a regrettable accident.

WEEKLY NEWS OF WELLINGTON

Monthly Meeting of Local Women's Institute Held—Interesting Debate SUPPORT OPERATING ROOM Successful Pic Social Held—Many Property Changes in Village

WELLINGTON—The Women's Institute here is a "live" organization, and does good work throughout the year. The monthly meeting was held at the institute room on Oct. 18th, and it was well attended, and satisfactory work was done. It was decided to give the proceeds of \$43 obtained from the Domestic Sale and booth held the day of the School Fair, to the Wellington Cemetery Fund. It was also arranged to have a domestic sale on Saturday, Oct. 29th, in aid of the Prince Edward County Hospital. It was agreed that Miss Howard go as delegate to the Women's Institute Convention to be held at Toronto, Nov. 15th to 17th.

After the business was transacted, there was an interesting debate on whether "Modern Woman is more useful to her country than the woman of seventy years ago." Mrs. A. Thompson and Mrs. A. Vandewater stood for the affirmative, and Mrs. E. Noxon and Miss B. Dorland for the negative. The judges decided in favor of the negative.

A collection of \$4.15 was realized.

As it may not be widely known the part this Women's Institute takes in supporting Prince Edward County Hospital at Picton, these facts will be of interest. It is the operating room that claims the special attention of Wellington women. This being the most important, as well as the most expensive room in the hospital, it seems to the Institute here a fitting tribute to the brave boys who so willingly laid down their lives that we might live undisturbed. This Institute during the war had no difficulty in raising from \$1,000 to \$1,600 a year, and it seems to the officers of the Institute that the amount still needed to finish paying for the room would be willingly raised if the people of Wellington and vicinity really understood the object, that the operating room is being furnished in loving memory of the eighteen lives given in the war. It would help the work of the Women's Institute if those in the village who give donations direct to the hospital could do so through the Institute, and they would still be given credit for the same. The secretary-treasurer is Mrs. Arnold Vandewater.

The Methodist W.M.S. held a most successful Pic Social in the basement of the church on Thursday evening, 20th Inst. There were pumpkin pies, lemon pies, cream pies, and any kind of pie one could think of, besides sandwiches and delicious coffee. In addition to the refreshments there was a fine program of music and readings, etc., presided over by Rev. J. U. Robins. Nearly \$65 was raised.

The fine weather on Sunday morning brought a good attendance at the Methodist church also at the Friends' Meeting House.

The people of Wellington have lost a good neighbor in the death of Mrs. W. Ryerson Rankin, which occurred at the residence of her daughter, Mrs. W. Asa Foster, at Bethel, on Sunday night, Oct. 23rd. Although Mrs. Rankin was in her eighty-third year, she was very smart and active until a few weeks ago, and as she showed signs of failing health, her daughter had her taken to be with her at Bethel, a couple of weeks ago. Mrs. Rankin was one of a highly respected family in Prince Edward County, her maiden name being Catherine Sprague, M.P.P. for this county at one time. She, with her husband, formerly lived at Big Island. They bought the splendid property, large brick residence formerly owned by the late Mr. B. Wistar, on Main street, Wellington, and moved here nearly twenty years ago. Mr. Rankin died July 31, 1913. Mr. and Mrs. Rankin were always hospitable and enjoyed having visitors, and the late Mrs. Rankin was an intelligent student of history, and had a most retentive memory, and could discuss historic and other subjects keenly almost to the end of her life. She also tended her own garden this summer. Mr. and Mrs. H. E. McPaul and Mr. and Mrs. A. M. Thompson motored to Bethel to see Mrs. Rankin on Sunday, and they received word of her death on Monday morning. One daughter, Mrs. Asa Foster, survives. The interment took place at Picton on Tuesday.

Miss Floeste McPaul is staying with her uncle, Sebrun D. Cronk. Mr. and Mrs. James Demille, of Doxese's Corner, also visited S. D. Cronk on Sunday. Mrs. Gregg Pollard, of Windsor, is visiting her sister, Mrs. Lawrence Coxall, and they visited

TOWN PUBLIC LIBRARY Members of W. M. S. and Mission Circle Attend District Convention in Trenton

FRANKFORD—Mr. T. W. Vandervoort, of Trenton, spent part of the week with Mr. and Mrs. Meyers. Mrs. Meyers spent Monday night with Mrs. Cora Vandervoort in Trenton.

A number of the members of the Frankford W.M.S. and Mission Circle attended the annual district convention held at Trenton on Tuesday morning and afternoon sessions. The convention proved very instructive on the lines of missions. Miss Turner, Campbellford, held the convention spellbound when she gave her address in the afternoon. All felt, feeling there was greater work for each in the cause of Missions.

Mrs. Comstock, of Bowmanville, left for her home on Wednesday after visiting her daughter and husband, Rev. I. and Mrs. Snell, for about two months.

The regular meeting of the W.M.S. was held at the home of Mrs. Fred Spencer on Thursday afternoon, when Miss Jessie Smith gave her report of the convention held in Trenton.

Mrs. Will Herman, of Trenton, spent Wednesday with her mother, Mrs. J. Murney. Mrs. E. Prentice spent Tuesday and Wednesday in Belleville. The Guild of Trinity Church held their regular meeting on Thursday afternoon.

Miss Ihey, of Belleville, spent Sunday in town the guest of her aunt, Mrs. Arthur Ford and daughters. Mr. and Mrs. Jim Smith, of Strathcona, spent Sunday with his parents, Mr. and Mrs. H. Smith. Mr. and Mrs. S. A. Badgley, motored out to Sine, in Rawdon, on Sunday afternoon, calling on Mr. and Mrs. M. Sine.

On Sunday evening the Methodist church was filled with the people of town and surrounding country to hear Dr. S. S. Osterhout, of Victoria, B.C., who addressed the meeting. Dr. Osterhout is always welcomed by the people of town and vicinity.

Mr. and Mrs. Harrington, of Toronto, spent Sunday with his parents, Mr. and Mrs. Stittman Harrington, in town. Mr. E. McAllister has gone to spend a few months with his daughter and husband, Mr. and Mrs. Steve Palmer, of Kingsville.

The Frankford Mission Circle of the Methodist church held their regular meeting at the home of Miss Effie Spencer on Friday evening. A fine program was given and business of different kinds discussed. At the close of the business part Miss Spencer served lunch to those present.

The Frankford Public Library is beautifully situated on the west side of North Front street. It is well lighted and heated. It is a delightful place to come and read as there are all of the leading weekly newspapers and also several magazines; also a fine collection of reading matter in the line of books on general literature, science, poetry, miscellaneous, juvenile and fiction. The library is open on Tuesday and Thursday evenings and Saturday afternoon and evening. The librarian, Mrs. W. H. Weese, will make every person feel at home who enters there. It is a worthy cause and become a member.

Mr. and Mrs. Hugh Badgley and daughter Leda spent Sunday with his parents, Mr. and Mrs. S. A. Badgley. There was no school in Miss Fox's room on Monday owing to her illness.

Belleville on Monday. Mr. and Mrs. David Lambert, of Picton, spent the week-end with Mr. and Mrs. David Vandervoort. Mr. and Mrs. F. H. Bontar visited Mr. and Mrs. Lorne Brickman at Victoria on Sunday. Mrs. Brickman has been on the sick list. Mr. and Mrs. James Wild and Hubert visited Mrs. Eliza Cooper at West Lake on Friday. Mrs. Victoria Nash, of Bath, Ont., has come to spend the winter with her son, T. M. Nash.

Sangar Harris, who has been in ill health in recent months, now that he has dissolved partnership with his brother, intends to take a complete rest for a time. The business at the garage will now be carried on by Frank Harris and Marshall Palmer. Archie Mason has bought the house owned by Mrs. Terry, occupied by Herbert Dobson. Herbert Dobson has therefore bought William Farrell's house, occupied by Godfrey Upton, on Niles street. J. U. Warden has bought Mrs. Florence Chase's house. The Misses Wallbridge of Belleville, have bought Marshall Jank's property on Water street. H. Dobson has moved his cobler shop to the building where Mr. Pine had his insurance office. Chas. Mason has bought the house occupied by W. Young, owned by Mr. Hunt.

HALLOWE'EN FUN FOR THE CONVALESCENT INVALID

Anybody who has ever been sick in bed knows that the hardest time to bear one's illness is on a holiday—when all the rest of the world is at play. This Halloween there are scores of convalescent invalids who are not able to accept invitation to parties or to enjoy the company of persons outside their own family, yet who would appreciate having their sickroom take on a "Halloween" appearance and would derive much pleasure in celebrating the occasion with some such simple game as that given below, which would not overtax their strength.

The decorations might be hung around the room when the invalid is taking a daytime nap; or the invalid's eyes might be bound with a silk handkerchief while the mysterious work of decorating is going on. A few bright pumpkin-faces (such as can be bought at any stationery store) could be pinned to the window curtains. The lighting shades or bulbs could be gaily decked with orange and black so that when the lights were on the room would be colored weirdly. Crepe paper streamers might be festooned here and there, and a real pumpkin, hollowed out could stand on table or bureau as a Jack O'Lantern. If some outside friend of the invalid were to make this Jack O'Lantern, the invalid's enjoyment of it would be doubly keen; for when we are ill we are always pleased to know that our friends think of us.

When the invalid awakes or when the bandage is removed from his or her eyes, and the decorations have been enjoyed, the following game might be started. The Witch's Answers: From a child's copy of Mother Goose rhymes trace the picture of an old witch on tissue paper; pin this piece of tissue paper to a piece of rather stiff cardboard and cut out around the witch figure. You can now color the cardboard witch with orange and black with a child's set of crayons. Place this witch on a large circular disc of stiff cardboard, securing the two together by running a pin through the middle of the witch-figure and bending it flat on the under side of the cardboard disc. In this way the witch will whirl around when spun with the finger. On the outside edges of the disc write, at intervals, "Soon," "In Two Weeks," "Good Things Ahead," "Keep Smiling," "Surprises Soon," and "Yes." Now on a sheet of paper write these sentences: "When Will I Get Well?" "When Will I go to a Real Party?" "Is There Something Unexpected in Store for Me?" and any other sentences you like. The invalid first reads aloud one of these sentences, then spins the witch on the dial; the top of her hat points to the answer on the outside of the disc when she stops spinning. Following this game, a Jack Horner Pie, filled with messages from friends, could be "cut" by the invalid.

IRISH COUNTESS IN NEED OF FUNDS, TO TAKE IN WASHINGTON

LONDON, Oct. 26. — Another "tragedy" of the New Poor—the Old Nobility—is moving London society as only such things can move it. A countess is taking in washing.

She is the Countess of Clonmell, whose husband is an Irish peer of ancient lineage but scanty resources. Right in the heart of London's luxury quarter, she has opened the White Elephant Laundry, where under her personal supervision, the linen of those who dearly love a lord and his lady may be washed and starched by girls arrayed in gaudily flowered garments more suggestive of musical comedy than tubs and mangles.

"I have opened the laundry," the countess says, "because I really must do something useful and practical in the changed conditions that face us today. It is no longer possible for people like us, with fixed incomes derived from rent and interest, to live on what we receive, and I have often thought that if I had to earn my own living I would prefer to earn it in this way."

"I think most people will appreciate a laundry in which they can be certain of having their linen handled as though it were really valuable instead of having it ruined. The washing of clothes is an art, and I hold that only artists should be employed for it. Therefore, I have chosen my girls with care, and I am sure they take their work seriously."

"I intend to provide ideal conditions for the girls, for I am sure that without ideal surroundings you cannot get ideal work done." Lady Clonmell belongs to a well-known English county family in Warwickshire, and has been active in politics and in social life for years.

JOHN BULL: "I say George, she's in a deuce of a hole; but if any one can get her out of it, you can." LLOYD GEORGE: "I'll do my best Sir."

BANK MANAGER FIRES AT BANDIT; ROBBER ESCAPES

Attempted Hold-up of Branch Bank in Montreal a Dismal Failure TELLER THREATENED

Faints After Danger is Past—Exchange of Shots in Banking Room

MONTREAL, Oct. 26.—An attempted hold-up of the branch of the Canadian Bank of Commerce at the corner of Park Avenue and Prince Arthur street at 12:55 o'clock noon yesterday resulted in a wild exchange of shots between a lone robber and employees of the bank.

The nerve of Manager J. E. Carnegie prevented what might have developed into a serious robbery. The bank lost no money during the attempted hold-up.

The bank teller, George Drew, fainted after the melee.

Although three men were in the gang which tried to rob the branch only one robber actually participated in the robbery and the subsequent gun-battle.

At 12:50 a young man walked into the office. In his hand he had a \$10 bill. Walking up to the teller's cage he laid the bill on the counter and asked for change in one dollar bills.

Teller Drew, noticing nothing suspicious in the attitude of the young man, turned to secure the desired number of bank notes.

No sooner was his back turned than he heard a commanding voice behind him: "Hands up!"

Turning, he saw a revolver in the stranger's hand. He threw up his hands.

Manager J. E. Carnegie, whose office was close at hand, heard the few words that had passed between the two and the hard voice of the robber as he ordered the clerk's hands up.

He stepped to the door of his office, a revolver in his hand.

In the outer office the robber stood, menacing the clerk with a revolver.

The manager of the branch bank did not hesitate. Raising his revolver he fired at the bandit. The shot went wild, striking a lamp-bracket on the wall opposite.

The bandit responded by firing wildly into the ceiling. He then turned and dashed out of the building.

Outside was a Ford sedan with two occupants. Into this car the would-be robber sprang. The car glided away.

The car in which the party escaped was stolen in the morning. It was the property of Marcus Bros., importers, of 17 St. Helen street. The theft of the car had been reported to Sergeant Foucault at Detective Headquarters at noon, shortly before the report of the robbery was received.

The attempted robbery was first reported to police headquarters at one o'clock, about five minutes after the robbers had left the bank building.

The robbers did not get a single cent.

LEG AND FOOT INJURED Clothing Became Caught in Gears in Stone Crusher and Injured Victim

Brookville—George Clark, an employee of the Chisholm-Wellege Contracting Co., was admitted to St. Vincent de Paul hospital suffering from severe bruises to his right leg and foot, sustained when his clothing became caught in the gears of a stone-crusher on which he was working on the provincial highway a few miles west of the town. Dr. E. S. Bissell, Mallorytown, attended the man and had him removed to the hospital here, where he is under the care of Dr. A. H. Hudson.

HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers if your children do not sleep well; if they are cross and cry a great deal give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote peaceful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FLUORSPAR DEPOSITS OF MADOC A report by Dr. M. E. Wilson on the fluor spar deposits of Madoc district has been published. Descriptions are given of the geological conditions under which these deposits are found, and of the nature of the veins and the different properties. A copy of the report can be obtained by applying to the Geological Survey, Ottawa.

CHANGES AT TWEED Tweed—A number of important real estate deals have taken place at Tweed. C. H. Kerr has sold his residence to S. S. Elliott, who intends moving to Tweed. Mr. Kerr has purchased Wallace Salisbury's home on Metcalf street. S. McCrae has purchased Albert Elliott's farm about a mile and a half east of Tweed, and has sold his residence at Tweed to W. E. Tummon.

A six-year test has shown that human life is prolonged by periodical health examinations, according to Dr. A. S. Knight, president of the National Association of Life Insurance Medical Directors.

A demand for protection by Washington, D.C., police from automobiles and "that devilish machine known as the motorcycle" was made in the U.S. Senate by Senator Watson, of Georgia.

Oct. 25.—Dismissal  
clerks as rapidly as condi-

throughout Canada, a Winnipeg  
announced. Within three  
months "Bank Girl" will be  
said. Following the dis-  
missal of temporary women clerks  
situation in Winnipeg last  
week "bank girls" have followed  
and will soon be back to their  
places of organization, he  
said. "The bank girls of this  
week had been ordered" to four  
month salaries, from \$30 to  
\$40.

They are just as efficient as  
during the war," the bank

**MANY CHANGES  
SINCE SEPT. 1911**

Four Governments Sworn in  
and Few of Old Guard  
Left at Ottawa

**DETAILS OF SHIFTS**  
Vast Number of Men Have  
Passed Through High Lights  
of Ottawa Fashions.

OTTAWA, Oct. 24 (By Canadian  
Press).—Four governments have  
been sworn in at Ottawa since the general  
election in September of 1911. The  
first was that of Sir Robert Borden,  
formed in October 1911; the second,  
Union Government, formed by Sir  
Robert Borden in 1917; third, Rt. Hon.  
Arthur Meighen's first ministry formed  
in July, 1920; and fourth, the Cab-  
inet sworn in at Ottawa a few weeks  
ago. Only two members of Sir Robert  
Borden's cabinet of 1911 remain; these  
being Sir Edward Kemp, now  
Minister without Portfolio, and Sir  
James Loughheed, Minister of the In-  
terior. Of the Liberals who united  
with Sir Robert Borden in 1917 for  
the formation of Union Government,  
only Hon. C. C. Ballantyne, Minister  
of Marine and Fisheries, remains.  
Hon. Hugh Guthrie, Minister of Mil-  
itia, was taken into Union Govern-  
ment after it was formed.

Sir Robert Borden's original cabi-  
net, sworn in on October 10, 1911, was  
as follows: Sir Robert Borden, Prem-  
ier and President of the Privy Coun-  
cil; Sir George Foster, Trade and  
Commerce; Hon. Robert Rogers, In-  
terior; Hon. F. D. Monk, Public  
Works; Hon. F. Cochrane, Railways;  
Hon. W. T. White, Finance; Hon. L.  
P. Pelletier, Postmaster General; Hon.  
J. D. Hazen, Marine and Fisheries;  
Hon. Sam. Hughes, Militia; Hon. C.  
J. Doherty, Justice; Hon. W. J. Roche,  
Secretary of State; Hon. T. W. Cro-  
thers, Labor; Hon. W. B. Nantel, In-  
land Revenue; Hon. J. D. Reid, Can-  
ada; Hon. M. Burrell, Agriculture;  
Hon. G. H. Perley, Hon. J. A. Lough-  
heed, and Hon. A. E. Kemp, without  
portfolio.

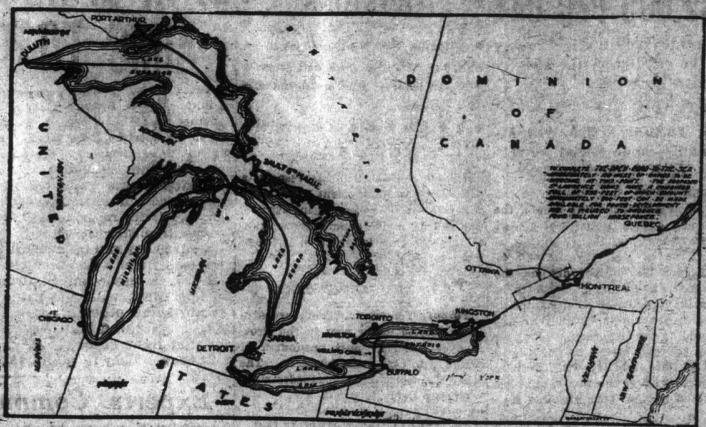

In a rearrangement of portfolios  
due to the resignation of Hon. F. D.  
Monk, Hon. R. Rogers became Min-  
ister of Public Works and Hon. Dr.  
Roche became Minister of the Inter-  
ior, in 1913. Hon. L. Codrere became  
Secretary of State and Minister of  
Mines. The following year, Hon. T.  
Chase-Casgrain was appointed Post-  
master General succeeding Hon. L. P.  
Pelletier, who went to the Bench, and  
Hon. P. E. Blondin became Minister  
of Inland Revenue in the place of  
Hon. W. B. Nantel, on the latter be-  
ing appointed to the Railway Com-  
mission. Mr. Blondin later suc-  
ceeded Hon. L. Codrere, who went to the  
Bench, and Mr. Blondin's portfolio  
was taken over by Hon. E. L. Pat-  
enaude, a new appointee. Hon. Ar-  
thur Meighen also became Solicitor  
General in that year.

In 1918 several changes took place.  
Sir George Perley became Overseas  
Minister of Militia and Sir Edward  
Kemp succeeded Sir Sam. Hughes as  
Minister of Militia when the latter re-  
signed. Hon. P. E. Blondin went to  
the Post Office department when Hon.  
T. C. Casgrain died, and Mr. Patenaude  
again took over Mr. Blondin's  
portfolio. Hon. Albert Severyn be-  
came Minister of Inland Revenue, F.  
B. McCurdy was appointed Parlia-  
mentary Secretary of Militia and De-  
fence and Col. Hugh Clark, Parlia-  
mentary Secretary of External Af-  
fairs. This year also saw the resig-  
nations of Hon. Robert Rogers, Hon.  
Dr. Roche, and Hon. E. L. Patenaude.

In 1917, when the Union Govern-  
ment was formed the following Liberals  
were given portfolios: Hon. C. C. Bal-  
lantyne, Marine and Fisheries; Hon.  
A. L. Sifton, Customs; Hon. L. A.  
Caldor, Immigration and Coloniza-  
tion; Hon. N. W. Rowell, President of  
the Privy Council; Gen. S. C. Mew-  
burn, Militia and Defence; Hon. F.  
Carvell, Public Works; Hon. A. K.  
Maclean, Chairman of Research and  
Development Committee; Hon. A. Ser-  
vigny ran in two constituencies but  
was defeated in both. Hon. P. E.  
Blondin was also defeated but was  
appointed to the Senate from where  
he administered his department. Hon.  
C. D. Robertson, also appointed a  
senator, succeeded Hon. T. W. Croth-  
ers as Minister of Labor in 1918. Hon.  
T. A. Crerar was appointed Minister  
of Agriculture in 1917.

In 1919 Sir Thomas White resigned  
as Minister of Finance, and Sir Hen-  
ry Drayton, then chairman of the  
Railway Commission, succeeded him.  
When Hon. T. A. Crerar resigned from  
the portfolio of Agriculture he was  
succeeded by Hon. S. F. Olmie. Hon.  
Martin Burrell resigned in 1920 to  
become Parliamentary Librarian and  
his duties were assumed by Hon. A.  
L. Sifton, whose death occurred last  
winter. Hon. Hugh Guthrie became  
Minister of Militia on the resignation  
of General Mewburn in January 1920.  
In July 1920 Sir Robert Borden re-  
signed the Premiership and was suc-

**Proposed "Open Road to the Sea"**

The Proposed Great Lakes-St. Law-  
rence route over which ocean ves-  
sels are some day expected to  
make direct voyages from Euro-  
pean ports to the head of Lake  
Superior is illustrated in the ac-  
companying map, and will be the  
subject of discussion at a two  
days' convention to be held in  
Hamilton on Nov. 1st and 2nd,  
under the auspices of the Cana-  
dian Deep Waterways and Power  
Association. The convention will  
be one of the most important of  
the year.

The campaign for the improve-  
ment of the St. Lawrence Rivers,  
Canals and Locks, has made great  
progress in the past two years.  
The improvement affects only 40  
miles in the St. Lawrence, out of  
a total of 2500 miles of inland  
waterways. When the New Wel-  
land Canal is completed, it will  
be capable of accommodating 95  
per cent. of all the vessels in the  
world.

Engineers representing the  
Governments of Canada and the  
United States have reported that  
the improvement of the waterway  
can be accomplished by an ulti-  
mate development of 4,000,000  
horsepower of electrical energy,  
and an initial development of 1-  
400,000 horsepower, and the  
whole of the navigation works  
can be constructed at a cost of  
\$252,000,000. The power devel-  
oped, they claim, will pay for the  
cost of the entire works.

The following is the executive  
of the Canadian Deep Waterways  
and Power Association, who will  
attend the convention at Hamil-  
ton, on November 1st and 2nd.  
W. M. German, K.C., of Wel-  
land, Honorary President; F. Mar-  
chur Sclanders, F.R.C.S., of Wind-  
sor, Honorary Secretary-Treasurer,  
O. E. Fleming, K. C., of Windsor,  
President; E. L. Cousins, B.A. Sc.,  
of Toronto, 1st vice-president; Geo.  
J. Gay, of Hamilton, 2nd vice-pres-  
ident; Major Alex. C. Lewis, M.  
P.P., of Toronto, Secretary-Treas-  
urer.

ceded by Rt. Hon. Arthur Meighen,  
who carried on with practically the  
same cabinet. Hon. F. K. Spence  
was appointed Minister without Port-  
folio when Hon. A. K. Maclean re-  
signed. Hon. R. W. Wigmore was ap-  
pointed Minister of the combined de-  
partments of Customs and Inland Re-  
venue and Hon. F. B. McCurdy, Min-  
ister of Public Works.

Of the Liberals in Union Govern-  
ment, Hon. F. B. Carvell went to the  
Railway Commission; Hon. T. A. Cre-  
rar resigned and became leader of  
the National Progressive party; Hon.  
S. C. Mewburn resigned but contin-  
ued to support the government in the  
House; Hon. A. K. Maclean subse-  
quently returned to the Liberal bench;  
Hon. A. L. Sifton died; Hon. C. C.  
Ballantyne and Hon. Hugh Guthrie  
remained in the Cabinet; Hon. N. W.  
Rowell resigned from the Government  
and retired from public life, and Hon.  
J. A. Calder has recently been ap-  
pointed to the Senate.

**DEER ON THE TRACK**  
Evidently Lights Dazzled is as Dim-  
mers Had to be Applied

Brookville—Grand Trunk employ-  
ees who run between here and St. Al-  
ban's, Vt., frequently notice deer and  
other wild animals along the right  
of way between Valleyfield and that  
point and when Engineer Donald Ross  
of 26 Emma Street, saw a deer on  
the track some days ago he believ-  
ed that it would scamper off as the  
train approached. Instead of that  
the animal remained between the  
rails, evidently dazzled by the head-  
light, and it was only when the en-  
gineer applied the dimmer as the  
train was within a few feet of the  
deer that it ran off.

**MAY CLOSE MINES  
IN NOVA SCOTIA**

High Wages and Poor Market  
Conditions Reasons for  
Possible Move

**MR. WOLVIN SPEAKS**  
Steel Workers in Critical Situa-  
tion if Coal Mines Close  
Down

MONTREAL, Oct. 25.—The coal  
mines of Nova Scotia may be closed  
this winter, owing to market condi-  
tions and the insistence of the  
miners on war-time wages, an-  
nounced Roy M. Wolvin, president  
of the British Empire Steel Cor-  
poration, Ltd., of which the Dominion  
Steel Corporation and the Dominion  
Coal Company are subsidiaries.

Not only may they be closed, but  
Mr. Wolvin emphasized that the pro-  
vision of employment for the steel  
workers is also under serious consid-  
eration and is only possible by lower-  
ing the expenditure of wages in coal  
production.

"The most urgent question for  
consideration in the coming wage  
negotiation with the United Mine  
Workers," said Mr. Wolvin, "is not  
the rate of wages, but whether they  
can be paid at all, and most earnest  
joint consultation and endeavor will  
be required if severe and protracted  
unemployment at the collieries in  
Nova Scotia is to be averted.

**Paying War Wages.**  
"The same wages as during the  
war, plus two heavy increases since  
the armistice, are being paid to the  
workers of the Dominion Coal Com-  
pany and other coal companies in  
Nova Scotia. That fact must be  
faced in the wage negotiations. Those  
high wages are being paid in a pe-  
riod of unparalleled trade depres-  
sion.

"The price of coal has declined  
along with that of other commodi-  
ties, but to a smaller extent, and no  
action of employers or mine workers  
can be taken that will enable coal  
to stand out singly against a world-  
wide decrease in commodity prices  
arising from world-wide causes.  
That course was attempted in Brit-  
ain and most signally failed.

"The Dominion Coal Company has  
to meet competition from other  
countries where coal miners' wages  
have undergone drastic reductions  
and where unemployment is wide-  
spread and acute.

"In Britain, miners' wages rose  
over 300 per cent. during the war,  
but since January last they have  
been reduced to a minimum of 20  
per cent. above 1914 figures, while  
today notices are posted at many  
British mines that they must be  
closed, because even the minimum  
wage cannot be paid.

**SUPER-SUBMARINE  
FOR BRITISH NAVY**  
Said to be Superior to Anything Yet  
Devised but Details are a  
Secret

LONDON, Oct. 25.—The keel-plate  
of the new super-submarine for the  
British navy, to be known as the  
"K-1" is to be laid this week. Un-  
ique features are to be embodied but  
are being kept profoundly secret.  
It has leaked out, however, that the  
vessel is to be literally a submersible  
battleship, far superior to the "M"  
class submarine which mounts one  
twelve-inch gun.

It is admitted that the new craft  
is in the nature of an experiment.  
The work will require such extreme  
accuracy that special rates of pay  
are being given to the workmen at  
Chatham dockyard. The ceremony  
of the keel-laying is not to be open  
to the public.

**LATE MISS ROBINSON**  
The funeral of the late Miss Mar-  
garet Robinson was held on Monday  
afternoon from the home of her par-  
ents, Mr. and Mrs. John Robinson, 18  
Bridge Street West, the Ven. Arch-  
deacon Beamish officiating. The  
burial took place in Belleville Cem-  
etery, the bearers being J. C. Weir, F.  
Hutchings, E. A. Kelleway and H.  
Page.

**Miller's Worm Powders** are the  
medicine for children who are found  
suffering from the ravages of worms.  
They immediately alter the stom-  
ach conditions under which the  
worms subsist and drive them from  
the system, and, at the same time,  
they are tonical in their effect upon  
the digestive organs, restoring them  
to healthful operation and ensuring  
immunity from further disorders  
from such a cause.

**LETTERS TO THE EDITOR**

THE HASTINGS ROAD AND THE  
FOLLY OF OUR COUNTY  
COUNCIL

Editor, Ontario:  
In the early days of lumbering the  
Brunsons, Conroys, and others "cad-  
ged" in their supplies from Belle-  
ville. At Madoc village from thence  
their route turned to the northeast  
through the Allen settlement, and  
thence on north through the town-  
ships of Tudor, Limerick and Dun-  
gannon to the "York" branch, now  
Bancroft, a comparative level route  
avoiding the hills and small moun-  
tains on the line between the town-  
ships which is the present route of  
the Old Hastings Road.

In the earlier fifties the Govern-  
ment embarked upon a scheme of  
colonization. It was proposed to  
build a road commencing at the rear  
line of the township of Madoc clear  
through to the Madawaska. Pub-  
lius V. Elmer, P. L. S. was instructed  
to survey a route on a line between  
the first and second tier of town-  
ships from the western boundary of  
the county. Whether Elmer adhered  
strictly to the letter of his instruc-  
tions or found it easier to follow the  
"blaze" between townships, the road  
was laid out over rocky ridges and  
hog over high hills and rocky steep  
slopes deflecting to the east a com-  
paratively level route could have  
been found.

The contract to build the road  
was let to George Nelson, a contrac-  
tor of Belleville, and Henry Cook,  
a farmer of Madoc, at \$2,300.00 per  
mile. The people who were interest-  
ed had not a word to say in the mat-  
ter. The contractors proceeded  
with the work and it was found eas-  
ier to build over rocks and hills than  
lower land some of which would re-  
quire log crossways, and, at many  
places it was found easier to fill in  
with rotten logs, covered with leaves  
and a little dirt, than broken stone  
or some substantial material.

The contractors, their job fin-  
ished, proceeded to bring out their  
teams and plant. At some five or  
six places they were compelled to  
separate their teams and let them  
singly scramble up the steep hills  
the best way they could, taking their  
wagons apart and carry up the parts  
and outfit.

On account of the illness of the Gov-  
ernment Agent, Robert Bird, of Sid-  
ney, then Warden of the County,  
was deputed to inspect the work.  
His report was very favorable to the  
contractors and was accepted by the  
Commissioner.

One great piece of folly was to  
cross the York river a mile below  
Bancroft and to adhere strictly to  
the township lines, the road crosses  
the river and continued about half  
a mile east of the village over three  
very steep hills called the three sis-  
ters, then immediately up the Eagle's  
Nest Mountain and on to Bird's  
Creek where the route turned at  
right angles down into the valley  
and then north over tremendous hills  
to Selby Hill, where they went up  
about the steepest place and over the  
hills to Maynooth, or Doyle's Corners  
as it was then called, while up the  
river valley to Bancroft, thence to  
Bird's Creek and thence following  
the valley to Bird's Creek, a level  
road clear to Selby Hill; and, this  
hills could be avoided by continuing  
a little to the west, and here there  
is a valley running up to Maynooth.  
Travel over this road by wheeled  
vehicles was simply impossible. Lum-  
bermen had to take in their supplies  
in winter, and even their teamsters  
would "point out places where they  
were compelled to outspan their hor-  
ses and let them scramble up the  
hills, unload and draw the sleigh  
by rope and back their load of sup-  
plies up and reload and go on. Thus  
the road was conceived in ignorance,  
built in iniquity and travelled with  
curse.

Of course as settlers came  
in something had to be done. The  
road was built around the most dif-  
ficult places and at other places the  
road had to be deflected and a new  
road built. From Millbridge to  
Murphy's corners the Government in-  
structed a Mr. Shaw, P.L.S., of Ot-  
tawa to find out and build a new  
route. Turning east from the for-  
mer place a comparable and pass-  
able route was found and was called  
the "Snow Road" upon which up  
to Ham's Corners the County Coun-  
cil have spent about \$1,000 a year  
for the past thirty years. At Ban-  
croft, Mr. Cleak, Police Magistrate,  
prevailed upon the Government to  
build a new road up the River and  
Bird's Creek Valley to Selby Hill.

The Canadian Government, to car-  
ry out the colonization scheme, caused  
to be laid out free grant lots of  
50 acres each bordering upon this  
Hastings Road from Madoc Town-  
ship to Maynooth. In order to in-  
duce settlers, scenes along the Bay  
of Quinte and other fair localities,  
showing good farm lands and com-  
fortable homesteads were obtained  
and these scenes were printed and  
scattered broadcast about the Old

Country, where land, to the ordinary  
individual was an impossibility, with  
the inducement of free homesteads.  
Settlers flocked in, soldiers, pen-  
sioners, Germans of the British  
Swiss Legion, disbanded after the  
Crimean War, and many others each  
with more or less money to assist  
them to get a start in the new coun-  
try. Madoc Village boomed. It was  
said that A. F. Wood, then a mer-  
chant, sold upwards of \$30,000.00  
worth of goods in one year which  
was a marvel in so small a village.

The settlers, unaccustomed to  
clearing woodland, put in several  
years of hard labor and miserable ex-  
istence clearing the land and build-  
ing homes. When they commenced,  
however, to grow crops they found it  
too rocky and entirely unsuited for  
farming. In a few years nearly all  
left in disgust for a more genial cli-  
mate and a more generous soil. In  
1869 the writer counted fifty-five  
deserted homes between Bancroft  
burn and L'Amable.

On this road from Millbridge to  
Ormsby, abandoned some sixty years  
ago, the Ontario Government and  
County are spending tens of thous-  
ands of dollars of the people's mon-  
ey in endeavoring to make it an as-  
tomobile road. They might as well  
try to make "a silver whistle out of  
a pig's tail." Hole in the wall hill,  
a rocky precipice several hundred  
feet high, can never be made safe for  
auto travel, not even a Ford, besides  
if a car should get out of order you  
are ten miles from a house or tele-  
phone. By the other route there  
is help all along.

The bridge across Beaver Creek  
at Loomis was originally built of  
wood and lasted a generation, a  
wooden bridge would now answer  
the purpose for many years.

There are now only about five set-  
tlers along this route to Ormsby.  
But this would not do, a cement  
bridge must be built costing \$9,000.  
A deputation from Limerick and  
Cashel waited upon the Minister at  
Toronto representing the folly of ex-  
pending money on the old road.  
They were told: "Your county coun-  
cil have adopted this route and the  
Government were helpless."

The auto route is now, turning  
east after crossing the railway track  
just beyond Bancroftburn, thence up  
through the Stony Settlement to  
Sprackett's Corners at the foot of  
Wadsworth Lake, thence west to Gil-  
mour, and, on north to Ham's Cor-  
ners and Ormsby.

Why the County Council and Gov-  
ernment are throwing away some  
\$100,000.00 of the people's money  
passes all understanding.  
Yours etc.,  
E. B. FRALECK.

**FAMILY OF FIVE IS  
FOUND IN A STABLE**  
Despite Shocking Living Conditions  
Children are Healthy—Taken  
to Shelter

CHATHAM, Oct. 25.—County po-  
lice commanded by Chief Peters, en-  
countered in an early morning pa-  
trol, a case of shocking living con-  
ditions in a stable near Thamesville,  
where a man and his wife, together  
with three small children, were liv-  
ing in the same room in which  
horses and cattle had been stabled.  
The place was not overly clean and  
yet the members of the family were  
in a healthy condition, but had no  
place to go.

Executive Officer Appleyard of the  
Children's Aid Society was notified  
by the police and he took charge of  
the children, placing them in the  
children's shelter in this city until  
the father can secure a decent place  
in which to house his family.

**LATE MRS. STEWART**  
The mortal remains of the late  
Mrs. Myrtle Stewart were laid to rest  
last Monday afternoon in Belleville  
cemetery, Rev. Dr. Cleaver officiated.  
An impressive service was held at  
58 Hillcrest avenue, the home of Mrs.  
Boyer, mother of Mrs. Stewart, by  
Dr. Cleaver, assisted by the Rev. A.  
L. Geen. The bearers were E. A.  
Jose, C. A. Moore, W. O. Adams, J.  
C. Hodge, J. Lucey and R. Huffman.

**LEAVES FOR CANTON, CHINA.**  
Kingston—Mr. Peter Lee, prop-  
rietor of the Grand Cafe, left for Mon-  
real on the first part of his trip to  
China to spend some months in his  
home. Mr. Lee left on the Grand  
Trunk for Montreal, and from there  
will go to New York city. He will  
stay about a week in New York, and  
then will start on his trip, making  
stops on business at Philadelphia,  
Washington, Chicago and San Fran-  
cisco. From San Francisco he will  
go to Vancouver, B. C., and will  
call from that place on the "Empress  
of Asia" for Canton, China. His old  
home town, where his relatives live,  
after being away in Canada for  
eleven years. Mr. Lee anticipates  
being gone about a year and will  
re-visit the scenes of his childhood.

**JURY COMPLIMENTS  
OFFICER WHO KILLED  
ESCAPING BURGLAR**

MONTREAL, Oct. 25.—Killed by  
an officer in the execution of his  
duty" was the verdict of a jury  
under Deputy Coroner Prince at the  
inquest into the death of Napoleon  
Cedles, 38 years' old, of 346, Seigneurs  
street, who was shot and killed dur-  
ing a pistol duel with Constable La-  
vellee, of No. 4 station in Drollet  
Lane, off St. Denis street, at 12:55  
yesterday morning.

The jury in exonerating the con-  
stable from all blame made, through  
the Deputy Coroner, complimentary  
reference to officers who do their  
duty with thoroughness.

Arthur David, of 503 Berri street,  
who was instrumental in preventing  
a robbery of a fur store and in bring-  
ing Constable Lavellee to the scene,  
was publicly congratulated by the  
Coroner's court. "You have done  
an act of good citizenship," the De-

puty Coroner told David.  
Cedles's police record formed im-  
portant evidence at the inquest. Ar-  
thur David's story of the shooting  
and the events leading up to it was  
the only other important testimony  
heard in a hearing which lasted al-  
together less than half an hour.  
Cedles was shot and fatally wound-  
ed and Constable Lavellee was wound-  
ed in the legs by a bullet from Ce-  
dles's revolver when citizens found  
that the fur store owned by Albert  
Racicot at 550 St. Denis street was  
being robbed by at least two men at  
12:50 o'clock yesterday morning.

CANNOT LOWER BREAD PRICES

Everyone Fairly Satisfied Here—High Costs of Labor and Delivery

PROFITS NOT GREAT Spread in Price of Flour and of Loaf at Your Door is Explained.

There is no immediate prospect of a decrease in the price of bread. Bread prices are now as low and lower than Montreal, it was pointed out, and the bakers believed that the public were not looking for any decrease with operating costs so high.

One and one-half pound loaf costs 9 cents. In Toronto, prices are 10 cents, and in Montreal large loaves that is, ones baked by the English bakers, are 22 cents.

Prices Stationary. "The situation, so far as I can see, is fairly stationary. Flour prices are certainly lower, but operating costs all round are not down any," said one of the city's largest bakers.

"Our labor costs have not been reduced a cent. If anything, we are paying a little more by the new schedule, which holds good till next June. We don't like to cut the wages. I don't think the men are getting too much. Bakers, like some other trades, have never been well paid, and the bakers do not wish to see the wages reduced."

Figuring everything into the overhead, he said the bakers could not reduce prices any further at the present time.

Bakers say that in Montreal the trade claim they are absolutely running at a loss, and they are getting a couple of cents more per loaf than the local men. The bakers say that their delivery costs always mount during autumn on account of the large number of housewives who begin to bake their own bread as soon as cold weather arrives.

It is asserted that the bakers get fifty-five pound and a half loaves from one barrel of flour. If this is so, he buys his flour for \$7.50 and sells the product for \$15.50. If there appears to be a disparity in these figures the bakers declare it is due to increased operating expenses.

In May, 1920, flour was at its peak price. The table shows prices going back to ante bellum days:

Table with 2 columns: Date and Price per barrel. Rows include March 2, 1914; May 10, 1920; August 30, 1921; September 9, 1921; October 20, 1921.

Against all the decrease in the price of flour the price of bread has been reduced from 14 to 9 cents per small loaf. The price of flour has been reduced \$8.82 per cent. Here is another way to look at it. When flour was at its peak the bakers had to sell 106 loaves to pay for a barrel of flour, now that flour is down they only have to sell 76 to pay for the barrel of flour.

DISTRICT EPWORTH LEAGUE.

Belleville's three Methodist Churches were strongly represented last night at the Belleville District Epworth League convention held at Alkonia Church yesterday afternoon and evening.

Mr. G. H. Holton of Bridge Street Church is the new president of the district.

Miss Stretthall Walton, Prof. R. J. E. Staples and other well-known Belleville people assisted in the evening programme. Rev. J. O. Totten and Rev. E. Thomas gave addresses on league work.

CHOIR CONCERT A FINE SUCCESS

Musical Programme at Victoria Avenue Baptist Church Pleases Crowd

PART SONGS FOR LADIES Miss Tuttle and Mr. Harold Barrett Assist Miss LaVoie's Choristers

The Victoria Ave. Baptist choir concert last evening provided a programme including some unique and wholly pleasing features. The lecture room of the church was filled almost to capacity when the Rev. W. Harris Wallace, pastor of the church, introduced the first number in a happy little speech and for two hours there followed varied numbers that while they pleased, showed also painstaking work in preparation and good taste.

A piano solo by Master Alex. Gordon was the first number. This young man, as the Rev. Mr. Wallace said, "is a coming man and a coming organist." He is an organ pupil of Miss Laura LaVoie. This was followed by a duet by Miss Forman and Mrs. Doolittle. They sang very acceptably an arrangement of the familiar "Barcarolle" from the Tales of Hoffman. A trombone solo by Mr. J. D. Cookson was enjoyed. Then followed one of the features of the programme, a ladies' part song, in which the following appeared: Misses Butler, Lonsberry and LaVoie, Mrs. Blackburn and Mrs. Doolittle. They sang "The Moon Hangs Low in the Silver Sky" and as a second number "Near an Ancient Hostelry."

Mr. Harold Barrett gave two vocal selections in his well known finished style, the first "Ship Mates O' Mine," and "When You Come Home" and as encores, "Keep on Hopin'" and "Rockin' in the Wind."

A sketch entitled "A Pair of Lunatics" proved enormously amusing. It was done by Miss Jennie Butler and Mr. J. E. Newsoms. Both represented people visiting a hospital for the insane, and each at first thought the other suffering from the malady so prevalent in that particular building and the complications which resulted made the humor of the piece. It was very convincingly done.

Miss Tuttle gave one of her readings, all so deservedly popular, and responded with a charming encore number.

A piano duet—that is to say not a four-hand number but two pianos by Miss Laura and Miss Eva LaVoie was well received. They played a Serenade (Low) and as an encore, "The March of the Hussars (Spindler)."

The programme concluded with a piano quartette, as a matter of fact, quite a novelty, an arrangement for eight hands of the Schubert overture, "Rosamond." This was played by Mrs. Lewis and Miss Riggs on one piano, and by Misses Laura and Miss Eva LaVoie on the second piano. They obtained striking tonal effects and played the number with fine precision and dash.

The accompaniments throughout were played by Miss Laura LaVoie, organist of the church, in her accustomed finished style. At the close of the concert she was presented by the other members of the choir with a very handsome bouquet.

FUNERAL OF MR. WATSON.

The funeral of the late Richard D. Watson, of Thurlow, took place yesterday from the family residence, Rev. A. H. Foster officiating, assisted by Mr. E. Quincey, a life-long friend of the deceased. The bearers were: C. H. Weese, Wm. Donaldson, J. Burnett, A. W. Hall, H. Atkins, and Wm. Grillis.

LATE SARAH DIKSON.

There were several people in Belleville yesterday from Toronto and Peterboro for the funeral of the late Sarah H. Dickson, which took place to Belleville cemetery yesterday on the arrival of the noon train from Toronto. Rev. Archdeacon Beamish conducted the service.

DEATH OF MISS YARWOOD.

The death occurred early today at the residence of her brother-in-law, Judge J. Frank Wills, of Miss Helen Alice Yarwood, youngest daughter of the late Clara St. George Yarwood and granddaughter of the late Judge Douglass of the County of Hastings. She had been in failing health for a long time. She formerly resided here for many years. She was a member of St. Thomas Church.

NO REDUCTION OF U. S. SHIPS

Washington Department Will Oppose Limitation of Existing War Vessels

LOOKING TO FUTURE Hope Some Agreement May be Reached to Limit Construction—Eye on Japan

WASHINGTON, Oct. 26.—The American program for limitation of armaments will be guarded with the utmost secrecy, until similar programs of the other four maritime nations are laid on the table at the approaching conference.

The statement was made by a very high official discussing the request of Admiral Kato, of the Japanese delegation, for an early statement of this Government's plan of limitation.

Other developments were: An official statement at the State Department that the question of the Allied war debt to the United States will not be allowed to enter into the conference discussions.

Decision by the General Board of the Navy to oppose any plan suggesting reduction of American ships now being built or already built.

It was learned authoritatively today that the navy department's plan for limitation, as presented to the main delegation, opposes any arrangement which would affect the present capital ships of the American navy or those now building. The General Navy Board believes that the purpose of the conference should not be to reduce existing armaments but to arrive at some agreement affecting building in the near future.

In this respect it is understood to agree with President Harding, who is represented as not seeking any actual reduction of capital ships for some years to come.

There was still doubt as to whether it would be possible for the first formal session of the conference to be held, as planned, on Armistice Day, November 11.

There exists a conflict in time with plans for the tribute of the United States to her unknown warrior on that day, which has not been solved.

If no way around this difficulty can be found, the conference will meet first on Saturday morning, November 12. There appeared today a strong possibility that it would be put over to that day, although official announcement was withheld pending a final attempt to adjust the two programs.

Moira Encampment Exalts a Candidate

On Tuesday evening Moira Encampment No. 59 I.O.O.F. held their regular meeting when one candidate was exalted to the Royal Purple Degree.

After the regular business the Social Committee provided a splendid Fourth Degree which was enjoyed by everyone. The Chief Patriarch, G. W. Kerr, acted as chairman and the program was somewhat different from the usual. Past Grand Patriarch R. H. Ketcheson gave an address on his visit to the meeting of the Connecticut Grand Encampment held last week at New Haven. Led by Mr. Harold Wooten, an accompanist, community singing was enjoyed. Mr. Barrett also sang two songs. Then came the address of the evening by Bro. J. O. Herity on his recent trip to the Middle and Western States. Bro. Herity mentioned the different ways he saw Sunday observed. In the State of Michigan he saw farmers at work outcaring and carrying their grain; in Chicago, a performance by Tingling's Circus; and in Janesville, Wis., pool-rooms and moving picture shows were open. Bro. Herity gave his impressions of the city of Wisconsin which is called the Paris of America. He also described his visit to the noted Mammoth Cave of Kentucky. A vote of thanks was extended to Messrs. Herity, Barrett and Wooten, after which "Auld Lang Syne" and "God Save the King" brought the meeting to a close.

TABERNACLE PERSONALLY

TABERNACLE.—Mr. and Mrs. Joe Hubble and Mrs. Albert Adams and daughter Myrtle of Ameliasburg, spent Thursday the guests of Mrs. Chas. Leach. Mr. Cecil Palmer and Miss Edith Rodgers spent the week end of the guest of Rev. and Mrs. Patterson, of Fraserville. Mrs. Albert Adams and daughter Myrtle, of Ameliasburg, returned home on Saturday after spending a week with her daughter, Mrs. Joe Hubble. Mr. and Mrs. Charlie Badley and family spent Sunday with Mr. and Mrs. Bernice Bryant. Mr. and Mrs. Harry Sagar, of Belleville, called at Mr. B. Bryant's on Sunday afternoon. Mr. Jas. Morrison called at Mr. Chas. Leach's on Monday.

FISHERMEN GET \$2,000 PER DAY

Deseronto Industry is Proving to be very Successful This Season

NOTES OF BUSY TOWN U. S. Railway Strike Will Affect It—Some Social News of Neighborhood

DESERONTO, Oct. 26.—Mr. T. G. McWain is demonstrating among the fishermen on the average of \$2,000 per day and when the fishing is at its full swing Mr. McWain will be distributing \$4,000 per day on the average. The fishing industry at this point is no small affair, and this season is proving to be all that was expected by the fishermen. However if the railroad strike in the States prevails the industry will drop to nothing, as all of the fish caught are marketed in New York city and Buffalo.

Mrs. James Duncan Thompson is in Toronto for a visit with her daughter, Miss Jaunita Thompson, who is a student at the University of Toronto. Mr. and Mrs. William Hatch have returned from their visit with their son in Toronto.

Mr. Ed. McKinney and Percy Farrell have returned from their visit to Rochester, N. Y. Mr. McKinney will take possession of the butcher shop, recently purchased from Mr. Meagher, this week.

Mr. A. S. Velleau has returned to his desk in the P. O. building and has resumed his duties as collector of customs. Mr. Velleau has been acting as relief collector of customs at Iroquois. Mr. James Cole, Jr. and Walter Perry motored to Toronto for a visit with friends and relatives Sunday. Mrs. Donald Dow, of Toronto, is visiting Mr. and Mrs. James Fairburn on Brant Street. Mr. James Fairburn is Deseronto's postmaster. Mr. Fred Fraser, who has been engaged in work for a large Hamilton concern in New Brunswick and Nova Scotia for the past six months, is visiting his father and mother, Mr. and Mrs. James Fraser.

FASHION NOTES.

Black crepe is among the season's first furs.

Black velvet lace is one of the materials best liked for the Spanish type of evening gown.

A black velvet gown proving more than popular is that with the scallops around the bottom of the skirt, and a simply draped bodice that is topped by a deep berth of duchesse lace in white, of course.

In the latest evening gowns you will find black lace made up with velvet, and with satin, and with crepe, though perhaps the most distinguished of all are those that are done with a combination of black velvet and black lace.

Simple as the straight "little" frocks that are so modish this season appear, the "line"—which is everything—is not so easy to attain. In fact, it requires highly skilled treatment. Sometimes an expert designer introduces some new idea. One such is displayed in a dress of black crepe which is plaited at front and back, from the best-shaped neck-band to the hem. The plaits are laid perfectly straight and flat. The girld of jet and silver placed low down cannot be said to break the line. At the sides, where there are no plaits, narrow panels of the crepe, weighted with jet, fall below the hem.

It is hard to say which is the worst—the man who drives an automobile while intoxicated, or the fellow who drives one as if he were.

AN EIGHTH GRADE MAN?

Ans.—Dear Miss Page: I am writing to you about a very serious question. Do you think it is right for a girl who has had a high school education and is teaching school to marry a young man who has had only an eighth grade education?—Troubled Peggy.

Ans.—I would think it quite unwise to marry the eighth grader, if he intends to remain an eighth grade man. If you love him, don't be in a hurry to marry, but give him a chance to get more education and catch up with you. If he proves to be a really growing man, then you can help each other as you develop all the rest of your lives together.

B. H. S. RUGBY TEAM AIMS TO TAKE BUMPS AGAINST QUEEN'S THIRD

The Belleville High School Rugby Team is out after new world's to conquer, and just as much in earnest as our old college chum "Alex" was.

They're contemplating home and home games with either Queen's III, or Kingston C. I. In either case they run up against something that will open (and let's hope will not close any of) their eyes.

A game on Saturday in Kingston was today's prospect, with the game against the Old Boys shifted to some other afternoon after school.

Nothing had been settled, but the youngsters had the light of battle in their eye and are after experience. They're going the right way to get it!

Experts Comment on New Rules

MONTREAL, Oct. 26.—The Gazette says: In the opinion of graduates of Queen's and McGill Universities who witnessed the match between McGill and Queen's at the Stadium on Saturday, the play was the best recommendation that the revised rules of the Canadian Rugby Football Union have received. The rules have apparently brought about the desired effect of opening up the play and eliminating the heavy line work that has predominated for the past few seasons.

The greatest criticism comes against the "too strict" offside interference rule during a scrimmage. In previous seasons the limit for permissible offside interference was four yards, which rule worked admirably during last season and the season of 1919. This autumn that limit was reduced to three yards, which makes the rule impracticable, as it cannot be enforced, and at the same time allow a team sufficient space to open a hole in the opposing line to make bucking possible. According to Jack Corrigan, one of Montreal's best known referees, the rule of a year ago is much better and more workable, enabling officials to keep greater control of the play.

This rule has made the task of handling a game too great for two men, as was pointed out by Referee Macaulay after the McGill-University of Toronto match. Mr. Macaulay stated after the game that he would ask for a third man in the return game at Toronto to watch the offside interference plays. Referee Hugh Gall was evidently of the same opinion on Saturday, as he appointed "Dee" Taylor, who was acting as head linesman, to watch the offside interference plays on the line of scrimmage. By reverting back to the four-yard rule, the third official would not be necessary and the play would become even more open than in the Queen's-McGill game. Otherwise the revised rules, which have brought about improvement and, with a few revisions, will carry the play into the more open style of game, as seen under the English rules.

Others of real value to the world. The boy should ask the girl's address and they should work out their plans together.

IN AND OUT OF THE HOME.

Ans.—Dear Miss Page: We are all, young and old, interested in your excellent advice, and are profiting by it perhaps more than you realize. I would like to have your opinion of married women working in the professions after preparing themselves through years of hard labor. It seems to me a pity for a young woman who can do so without neglecting her home to fall out of the ranks when her sphere will not be filled as efficiently. Also could you tell me if one has the opportunity to do normal work at night school in the city.

NOT A DRINK IN ALL RUSSIA

New Decree Permitting 12 Per Cent. Alcohol Has Not Pro- duced Goods

NO DRINKS FOR SALE Soviet Defends Enactment of Law on Ground of Protec- tion to Wine-Makers

MOSCOW, Oct. 24.—In three weeks of travel through Soviet Russia the Associated Press correspondent has seen but one intoxicated man. That was a workman in Moscow who was so far under the influence of liquor that he was unable to tell a group of curious and thirsty men where he found the liquor.

The new decree permitting 12 per cent. of alcohol in beverages has not produced the results wine-bibbers and beer-lovers had hoped for. Wine cellars have not produced hidden supplies and apparently there are no vegetables, fruit or grain available for conversion into drinks.

Restaurants and cafes have no alcoholic drinks for sale. There is an abundance of kvass and various non-fermented drinks alleged to be made from fruit but probably largely chemical in their composition.

If there are alcoholic stores in Russia they have not yet reached the markets of Central and Northern Russia. The enactment of the law permitting the sale of alcoholic beverages of low grade was defended by the Soviet officials on the ground that it was necessary to save the Caucasian and Crimean wine-makers from ruin.

BRAKEMAN KILLED. John Cushtway Fell Between Cars and is Instantly Killed.

ROCKVILLE.—John Cushtway, C.P.R. conductor, Smith's Falls, formerly of Brockville, was instantly killed near-Potawawa, Ont., when he fell between two cars of a freight train and was run over. According to information received here, Cushtway was acting as brakeman on a train running between Chalk River and Smith's Falls and between stations was making his way along the top of the cars. It is believed that in the near-darkness he mistook a flat car for a box car and stepped from the box car upon which he was riding, into space, falling between the cars. The train was to meet another at Potawawa and when the train got off they noticed the body of Cushtway lying under the caboose. One car and the caboose had passed over it.

INDUSTRIAL WAR. Canada has more than an outside interest in the gigantic railroad strike, which, if it materializes, threatens to tie up traffic in the United States and to paralyze trade. Great Britain is still reeling under the blow of the great mining strike which lasted so many months. This dispute could have been amicably settled had there been a little more of the give-and-take principle on both sides, but between extremists on the one hand and sticklers for privilege on the other, the nation was dragged through a crisis with the precipitating of which the great majority of the people had nothing whatever to do.

The most deplorable part of such far-reaching disputes is that it is the innocent who suffer most. Such vital industries as railroading and coal mining carry a whole host of other occupations in their train. The direct effect of this is to bring misery and want into quarters where it has never been looked for, and there is a general tendency to upset the economic balance of things.

It therefore behooves nations to be as ready and as anxious to avoid strikes as they are to avoid war. Industrial war is in a way the most formidable of the two, because it brings its effects right to our doors. There may not be the loss of life which is associated with the battlefield, but the misery and moral disintegration which follows in the wake of a big industrial conflict is frequently more intense and far-reaching.

MAY KILL DEER IN WATER. The Amendment Prohibiting this Practice is Struck Out.

The most remarkable change in the game laws for this fall is that referring to the killing of deer in the water. Deer may now be killed while swimming. The amendment prohibiting this practice has been struck out. There are occasions when a wounded deer takes to water, in which case a humane law should permit the killing in the water. The deer season south of the French and Mattawa Rivers is again from the 5th to the 25th of November. A new clause allows a license to every six members of an organized hunting party for the killing of one extra deer for food in camp. Ten partridge may be killed between November 5 and 20. The bag of wild duck is limited to 200 in the season. Bear, fox and wolf may now be killed without the necessity of a license to kill fur bearing animals.

IMMORALITY AND VICE "There's No Town in Greater Need of Methodism," Says Preacher.

BRIGHTON, Eng., Oct. 24.—This popular city by the sea, where thousands of Londoners are wont to spend their week-ends, is declared by the Rev. Dr. Downes, a prominent Wesleyan minister, to be the "fastest town in the world." By that he means the wickedest.

"Brighton," he says, "is full of slaves of sensualism. Babels are being nursed in the cradle of immorality and vice. Conscience is here waiting in darkness for earnest Christian work."

The Rev. J. Dixon, another Wesleyan minister, backed him up in his denunciation of the immorality of Brighton.

"There's not a town in England in greater need of Methodism," he said. "No where else can you see such a display of the vagaries and follies of fashion."

WRECKED ZR-2 NOT AN EXAMPLE

Far From Best That Can be Done in Building of Air- Ships

VIEWS OF AN EXPERT England's Airship Prestige is Lowered, However, by Disaster Over Hull City

LONDON, Oct. 24.—The wrecked airship ZR-2 (R-38) must not be taken as an example of the best that could be done, writes Major C. C. Turner in "The Observer." Major Turner is a veteran balloonist and one of England's foremost experts of airships.

He adds: "The disaster can hardly fall, however, to lower British airship prestige.

"The capabilities as well as the design of airships must be put to very searching criticism for it is only after this preliminary that progress will be attained."

FASHION NOTES: Smart new brown net dresses have broadcloth applique in the form of coin dots.

The three piece costume is apparently constantly gaining style prestige, as every important collection includes more and more models of this character.

In the latest Polart types there is the simulation of the fitted effect in long waisted line with a skirt in very wide effect of circular treatment.

Jenny, in her suit jackets, emphasizes the low waistline in a pronounced way and she continues to make the youthful looking suit with bolers or box jackets while with short jackets of this character the skirt is often trimmed just below the hips with broad or bands of fur to give the low waistline effect.

The Moyen Age feeling runs throughout the entire collection of Gabrielle Chanel, influencing all of her models for this winter and she still holds to the simple crepe de chine dresses so phenomenally successful in the recent past.

Some of the smartest millinery of the season is in combinations of black and brown and Reboux shows bold hats of rather large dimensions with rolling brims, and concludes the crowns with black glycerined ostrich.

ENGLISH FARMS LOSING MONEY

Well Known Sussex Agricultural Shows How Losses are Taken

FALLING PRICES CAUSE Price to Farmer of Sheep and Cattle Less Than It Costs to Raise Them

LONDON, Oct. 24.—S. F. Edge, the well-known motorist whose scientific farming in Sussex has given him almost equal rank as an agriculturist, says that under present conditions farming in England does not pay.

He has offered to turn over to a committee of his farm workers farms worth £20,000 and, leaving their management entirely in their hands, see if they can make them pay.

"This year," he says, "the average farmer lost money. Faced by a falling market he has had to pay wages out of capital. Thus graziers have been losing from £10 to £15 per head of stock. Actually this year it pays me better to feed my stock on wheat than to sell the wheat."

"After keeping his sheep for two years, the farmer gets a shilling a pound for the mutton which the butcher sells for 2s 8d a pound, making his 150 per cent profit in a week. On most farming land I can today only make a profit on pigs."

"With prices of farm produce falling so fast that the cost of production is more than the price for which the animals or crops can sell, the farmer is faced with this situation: Unless he can reduce production costs, either he must give up farming—while he has still something left—or go bankrupt."

COAL BUSINESS STILL BRITAIN'S

Lost to U. S. for Brief Period Owing to Strike in Slipping Back

A STRIKING REVERSAL Immense Quickening in Coal Production in United Kingdom as Wages Fall

LONDON, Oct. 24.—Britain's export coal trade, transferred to the United States a few months ago owing to the long strike of British miners, is rapidly slipping out of the hands of American traders, according to Board of Trade figures.

"The rapidity with which the international coal trade is reverting to British hands is evidenced in the fact that three months ago the United States was actually exporting coal, not only to the Scandinavian countries but to England, with distinct leadership in the Mediterranean and undisturbed primacy in South American markets," said Alfred P. Dennis, commercial attache of the American Embassy.

"We, today, are practically out of the European trade and are rapidly losing our position in the Mediterranean markets, where we had secured practically half the business with our position seriously menaced in South America, where we occupied logically a favored competitive position."

"The amazing recovery of the British coal industry is shown in trade figures for August which shows an export business of more than 3,000,000 tons as compared with 600,000 tons the preceding month, and 1,847,000 tons in August, 1920.

"This striking reversal in the entire situation is due to the immense quickening of coal production in the United Kingdom, accompanied by falling wages.

CHURCH FINANCES CAUSE OF ANXIETY

Over Eighty Thousand Pounds Required by Anglicans in England Right Away.

LONDON, Oct. 22.—The financial state of the Anglican Church under its new system of semi-self-government continues to give the keenest anxiety. The central board of finance requires £80,000 to meet the barest requirements before the end of the year.

During the year the Church of England promised those men found suitable for ordination that they would be trained at the expense of the whole church. Two hundred and fifty have already accepted but the financial position of the church gives little hope of the promise being further redeemed and the training college at Knutsford is threatened consequently with extinction.

CARP IN LAKE SCUGOG. Carps Feed on Weeds but Chase out Better Fish.

LINDSAY.—Mr. Peter Askquere, of Sonogor Island, says that carps are beginning to infest the waters of Lake Scugog. He says that the carps feed on the roots of the weeds, and that this accounts in some measure for the fact that the lake is so free of weeds this year. This would be a good thing were it not for the fact that carps are very destructive and chase out other and better fish.

WILL HASTEN CHURCH UNION

Committee Authorized to Draw up the Necessary Legislative Bills ALL IN AGREEMENT Presbyterians, Methodists and Congregationalists Decide on Co-operative Plan

TORONTO, Oct. 22.—Four decisive steps that pave the way for union between the Presbyterian, Methodist and Congregational Churches of Canada were taken at yesterday's sessions of the Joint Union Committee of the three bodies. Convened in Metropolitan Methodist Church, the official representatives of the three negotiating denominations authorized the drawing up of the legislative bills necessary to the formation of a united church, providing for the widest possible measure of departmental co-operation pending the consummation of organic union, encouraged local union between weak self-sustaining congregations of the three bodies and took steps which will tighten the bonds between the united church in Western Canada, and the parent bodies.

Of far-reaching effect, the action taken indicates in no unmistakable fashion that the three churches are unitedly looking forward to the day when they will be one. Discussion throughout was marked by a spirit of mutual consideration, and a unanimity of purpose, that resulted in forward action, which leaders of all

three churches unanimously characterized as the utmost possible at the present stage of negotiations. Preparation of the legislation necessary to give effect to the union of the three denominations was placed in the hands of a joint committee of fifteen, composed of six Methodists, six Presbyterians and three Congregationalists. The body was authorized to secure the necessary legal assistance, to report to the union committee and through it to the supreme courts of the three churches.

The members of the committee are: Methodist—Hon. N. W. Rowell, Toronto, convener; A. W. Briggs, K. C. Toronto; Sir J. A. M. Aikens, Winnipeg; Justice Chesley, Lunenburg, N.S.; Rev. Dr. S. D. Chown, Toronto; Rev. Dr. T. A. Moore, Toronto. Presbyterian—Justice Sutherland, Toronto; Angus McMurchy, K.C. Toronto; Rev. Dr. R. Drummond, Hamilton; Principal D. Fraser, Montreal; Principal C. McKinnon, Halifax; Prof. R. Baird, Winnipeg. Congregational—Rev. Dr. W. T. Gunn, Toronto; Rev. George Adams, Montreal and J. T. Field.

ADMIRAL BEATTY ARRIVES IN U.S. TO ROAR OF GUNS

Salute from Shore Batteries as Britain's Sea Chief Reaches Port

NEW YORK HIS HOST Later he Goes on to Washington—Great Gathering out to See Visitor

NEW YORK, Oct. 21.—Escorted by a squadron of United States' destroyers which picked up the liner Aquatania of the Ambrose Light-house, Admiral Earl Beatty arrived here today as the guest of the American legion.

The batteries of Fort Hamilton and Wadsworth thundered a salute of nineteen guns as the liner with the famous admiral slipped past on her way to Quarantine. Britain's master of the sea with Lady Beatty were greeted at Quarantine by United States navy and army officials and representatives of the American Legion, and municipal and state governments and taken on to the navy cutter "Vigilant."

The distinguished visitors were escorted to the city hall where they were greeted by Governor Miller and Mayor Hylan in the presence of a great gathering.

While in New York they will be guests of Mr. and Mrs. Marshall Field. L.G. LEAVES NOV. 5. LONDON, Oct. 21.—It was stated this afternoon that the Premier had definitely decided to leave for Washington on November 5 on the Aquatania and will arrive on the opening day of the conference. It is expected that Rt. Hon. Mr. Balfour and Mrs. Lloyd George will accompany him.

Two Per Cent Added to Taxes

Today Mr. Farley Commenced to Charge People Who Had Not "Paid in Full"

Two hundred and two thousand dollars taken in taxes, was banked by City Tax Collector J. M. Farley up to last night. This does not include a large number of marked cheques that have not been deposited on account of the rush at the tax office.

Today two per cent interest was added on all unpaid taxes.

CIVIC PROBE IN CAMERA Mayor Hanna Presides as Duesberry Charges are Investigated

The probe into the allegations made by Mr. Fred Duesberry at the council meeting on Monday night was begun last evening before Mayor Hanna, as chairman, Aid. Ballinget, Bennett and Fisher. Ten witnesses were examined, including Engineer Hill, Street Foreman Henderson, Fred Duesberry and employees of the city, and at eleven o'clock the hearing adjourned until tonight, when other witnesses will be heard.

The statements of those who appeared before the investigating committee were taken down.

The probe was quite private, no one being present while a witness was being questioned, except the committee.

BANDITS ROB ANOTHER BANK

Branch at Wyoming, Lambton County, Held up by Masked Men

HOBBERS TAKE \$12,000 Staff Compelled to Lie on Floor and are Locked in the Vault

WYOMING, Ont., Oct. 21.—Four bandits, armed and masked, entered the local branch of the Bank of Toronto here yesterday afternoon and escaped with \$12,000 in bills and silver. They escaped in a large high-powered McLaughlin automobile with yellow wheels, in which a fifth member of the gang had remained while the bank was being rifled. The four men entered the bank just at 3 o'clock and locked it behind them.

The first of the quartette made his way to the teller's cage and asked for change for a five-dollar bill. While he was being given the change a second man made his way into the manager's office with a gun in his hand and as he stepped through the doorway he pulled a red bandana handkerchief up across the lower part of his face. He ordered the manager, H. E. Lambert, and a customer, A. McKay, to get down on the floor. Mr. McKay attempted to remonstrate and was pushed roughly from his chair to the floor.

Ronald Brown, junior in the bank was the only member of the staff who had an intimation of the robbery. He saw the four men approaching and became suspicious. As they entered the bank he made his way out through the rear door with a revolver and attempted to accuse the citizens to the fact that the bank was being robbed, but although the bandits were in the building some ten minutes no attempt was made to stop them as the citizens of the town who were on the street believed that he was joking.

After Mr. Lambert and Mr. McKay had been forced to lie down on the floor the men passed through into the main part of the bank. The teller, E. S. Taylor, was forced to open his cage and it was thoroughly rifled and he and Miss Vera McIntosh, ledger-keeper, were made to lie down on the floor.

U-BOAT COMMANDER IS PIRATE IN MOVIES

Captain Count Felix von Luckner Claims to Have Sunk no Less than 25 Enemy Vessels

BERLIN, Oct. 21.—Captain Count Felix von Luckner, who commanded the German sea raider, the Seadler, is about to appear in the movies. He will play the role of a pirate in a film called "Mabel and Suitor," produced by the Vera Film Company of Hamburg.

Certainly, Count von Luckner is well fitted to the role. For seven months the Seadler roamed the Atlantic and Pacific Oceans and sank no less than 25 Entente vessels, according to von Luckner's claim. Finally, the Seadler was wrecked in the South Pacific. Von Luckner was captured, interned in New Zealand, escaped, was recaptured and at last was exchanged.

UNIONISTS MOVE VOTE OF CENSURE ON LLOYD GEORGE

Opposition to His Irish Policy Will Come to Head Next Irish Debate

TO DISARM HOSTILITY Times Proposes that Premier Tell Real Reason for Recent Conferences.

LONDON, Oct. 21.—Unionist members of Parliament have given notice that they will move what is equivalent to a vote of censure of the Lloyd George Government on the day appointed for a discussion of Irish matters in the House. The date has not yet been fixed. Those involved are the extreme Unionists who have always opposed any conference with the representatives of Southern Ireland.

The Times today urges the Government to disarm hostility by making a statement on the grounds which justified the conference. It adds that there are some indications of practical results from the Irish parley.

Addressing a large gathering of Unionists yesterday, Rt. Hon. Austen Chamberlain declared that he, himself, was the author of a proposal to invite the Sinn Fein to the conference. The Irish parley resumed today at noon and it is expected that the Ulster situation will be discussed before an adjournment this evening.

Man Badly Hurt; Knocked to Ground by Loy on Bicycle

Mr. F. E. Hector, 190 Yeomans street, met with a nasty accident last night about 9 o'clock, on Front street. A boy riding a bicycle at a sharp rate of speed ran into him, knocking him down, and in the fall his head struck the sidewalk, causing a nasty gash on the head and rendering him unconscious for a time. His upper lip was badly cut. He was taken to Dr. Tennant, who dressed the wound and put a stitch in the lip.

KING TO CUT EXPENSES

His Majesty Names Committee to Investigate Household Costs

LONDON, Oct. 21.—Joining the world-wide movement for the reduction of the cost of living, King George has named a committee to investigate household expenses in the Royal Palace. Wages and other items in the maintenance of the palace will be included in the investigation.

The King also announces that he cannot afford to fit out the Royal Yacht Britannia for the yacht races next year. "This is a great disappointment," His Majesty says, "as there is no sport, the King enjoys more."

FIRST REHEARSAL HELD

Musical Show Will be Up-to-Date in Costumes and Songs

The first rehearsal of the musical comedy depicting the trials and pleasures of college life was held last evening at the Y.M.C.A. under the direction of Mr. William L. Doyle. There was a good turnout of principals and chorus and it is expected that by tonight the cast will be completed. The comedy will contain a number of catching choruses and features and will be an especially refined vehicle for the comic talent of Mr. J. L. R. Gorman.

WINTER IN ALGONQUIN PARK

The attractions offered in Algonquin Park for winter vacations are many and varied. The Park is situated 2,000 feet above sea level and has an area of 2,721 square miles, wooded with pine and balsam, and studded with hundreds of lakes and streams. It is a region where one can really be away from the sounds and suggestions of the city, and be near to the heart of nature. The winter climate conditions are most inviting and healthful and the recreations include the whole range of Canadian winter sports, there being ideal facilities for skating, tobogganing, skiing and snowshoeing. The Highland Inn, owned and operated by the Grand Trunk Railway System, will this year be open for the reception of guests from December 15th next until March 15th, 1922, and patrons will find at this delightful resort all the comforts associated with first class hotel service. Free illustrated booklet and full information may be had on application to Grand Trunk Ticket Agents or C. E. Horning, D.P.A., Toronto, Ont.

AIM TO INCREASE RATE OF PENSION

Veterans Will Ask Political Candidates to Acquiesce in Writing

WHAT IS DEMANDED Retaining of Present Bonus Housing and Relief of Unemployment

PORT ARTHUR, Ont., Oct. 21.—Robert B. Maxwell, of Winnipeg, will continue for another year as the president of the Great War Veterans' Association and will be the first president to receive remuneration for his services.

A principle of obtaining legislation was decided upon and the convention then started discussion of a lengthy resolution making certain pension recommendations. The import of the legislative resolutions is that political leaders and candidates would be requested to go on record in writing on soldiers' civil re-establishment requirements. The candidates will be asked if they are prepared to speak in Parliament and elsewhere in accordance with their attitude, stated in writing.

Chief among the pension recommendations was a petition that the pension awarded a widow, without children or dependents, be increased to \$75 a month, without regard to income from other sources. This would also be the basis for widows with children, and \$25 for the first child was asked, \$15 for the second and \$12 for the third. The present scale of \$69 was not adequate to the cost of living, especially in the cities, it was stated. Col. J. W. Margeson, chairman of the pension board, was present, and gave his official and personal views on contentious points. The Dominion Executive was appointed as follows:—Ian McKenzie, M.L.A., British Columbia; W. J. Botterill, Alberta; Norman Gentles, Saskatchewan; J. R. Bowler, Manitoba; Rev. C. E. Jenkins, Ontario; R. Costigan, Quebec; S. Boyd Anderson, New Brunswick; G. W. Whitman, Nova Scotia; Prof. C. McMillan, McGill University, Prince Edward Island.

COTTAGE BROKEN INTO

Lock on Front Door of Chemung Cottage Was Forced Off

Peterboro—Some time in the last few days the summer cottage at Chemung Park, owned by Mrs. Alice Halpine, of New York City, was broken into, but inspection by the caretaker failed to show the disappearance of any of the contents. The lock on the front door had been forced off, and entrance easily gained. A mattress, which it is believed the house-breakers were removing when alarmed, was found lying near the door. Entrance had been gained to a clothes closet upstairs in the same way as to the cottage, but so far as the caretaker could tell, none of the goods in the closet had been taken. A full list of all the contents will be secured from Mrs. Halpine, and it will be determined if anything is missing. The cottage has been closely barred up now.

BRAKEMAN GETS MEDAL

C. O. Neil, Jumped from Train and Saved Life of Boy

Brookville—C. A. Neil, 61 Pine Street, Ottawa, a brakeman on the Grand Trunk railway was presented with a Royal Canadian Humane Association medal for life-saving. The presentation was made by Sir Joseph Flavell, chairman of the Canadian National Railway and took place in the armories. Neil performed a singular act of bravery on March 30, by jumping from the top of his moving train at Hawkesbury, Ont., and crossing the ice on the Ottawa river to rescue a boy who had broken through. According to the boy's companion he had risen to the surface the second time when Neil reached the spot and the two were immersed again, coming up under the ice, from which both rescuer and rescued had a somewhat difficult escape.

MOON OUT OF COURSE AND AHEAD OF TIME

Is Twelve Miles Beyond Proper Position—Must Revise Almanac for Next Year

LONDON, Oct. 21.—This morning's Mail says that the recent eclipse proved that the moon not only is slightly out of her proper course but is also, by a distinct and perceptible distance, ahead of its proper position on that course. Dr. A. C. D. Crommelin of the Greenwich Observatory says: "Reckoning a second of her arc as one of our miles, the moon has deviated twelve miles." The phenomenon makes revision of astronomical and nautical almanacs necessary for 1923.

VICTORIAN ORDER NURSES OFFER \$1 SCHOLARSHIPS

Ottawa, Oct. 21.—Announcement was made at the Executive Council of the Victorian Order of Nurses of Canada today of the award of 31 scholarships, each amounting to \$400 to nurses in the form of post-graduate public health courses in five Canadian universities. Hamilton City Clerk gives out a 206-page cook book with each marriage license.

FINAL MEETING FAILS TO AVERT RAILWAY STRIKE

Brotherhood Leaders Claim Nothing Accomplished in Conference

NO COMPROMISE OFFER Developments During Thursday in Situation—Outlook Darkens

NEW YORK, Oct. 21.—Official strike orders were being communicated today from officers of Big Four Railroad Brotherhoods and Switchmen's Union in this district. In meantime railroads began polls to ascertain what proportion of employees intended obeying walkout order. All Talk, No Results. CHICAGO, Oct. 21.—Efforts by the Railroad Labor Board to avert the threatened railroad strike through conference with heads of the five unions which have ordered a walkout, effective October 30, failed when the meeting adjourned with the announcement, by the board, that "while the discussions were beneficial, no definite results were obtained."

"There has been a full and frank discussion of the situation," said a statement given out by Ben W. Hooper, Vice-Chairman of the board. "The Labor Board and the Brotherhood chiefs exchanged views in a perfectly pleasant way. The interview was beneficial, but we cannot say that any definite results were obtained."

"The adjournment is final," Chairman R. M. Barton of the Labor Board announced. "We do not plan any further conferences with the Labor leaders, nor do we plan, at present, to call in the railroad Presidents. I cannot say what our next step might be."

Union leaders said the board had not presented anything which they looked on as in any way a tangible proposition.

"It's somebody's next move," said the head of one of the larger of the five organizations, "Whether it is ours, the board's or the roads, I do not know. I only know that the board brought us here and talked four hours without presenting anything which we could even consider as a compromise. The meeting was absolutely without results. "We are going back to our headquarters. There is nothing scheduled immediately except to go right ahead with the plans for a strike."

SCRAP OF PAPER MAY GIVE CLUE

Bomb Sent to U. S. Ambassador Herrick May Thus be Traced

ONE PERSON'S WORK Letters Similar to Those Sent to Herrick Reach Harvey in London

LONDON, Oct. 21.—Letters similar to those received by Ambassador Herrick at Paris, demanding the release of Sacco and Vanzetti, awaiting sentence at Baintree, Mass., for murder, have been sent to Ambassador Harvey here and to the United States ambassadors in Rome and Brussels for the last two weeks.

Three of the letters received by Ambassador Harvey were from various branches of the Communist organization in London. They declared it to be the duty of Ambassador Harvey to use his influence to gain the commutation of the death penalty for the two men.

A SCRAP OF PAPER. PARIS, Oct. 21.—The criminal who attempted to assassinate Myron T. Herrick, the United States Ambassador, and wreck the Embassy, may be tracked down by means of a scrap of paper in which the bomb was wrapped and which bears a few words of an address. The police, who are convinced that the outrage is the work of an individual, and not the result of an organized plot, hope to get a clue by comparing the hand-writing with those of two or three hundred letters received at the Embassy recently, protesting against the death sentences imposed upon Zacco and Vanetti in New Jersey.

All of these letters are now in the hands of the police. Most of them are couched in moderate language and came from various Socialist organizations. Only one actually threatened the Ambassador with violence and that one was anonymous.

It has been discovered that the bomb, which is of the British type, was wrapped in Action Francaise, a Royalist newspaper, and was posted from an office in Faubourg St. Germaine. Trouble in U.S. PARIS, Oct. 21.—Police officials stated today that about one hundred Communists had slipped through immigration lines and reached the United States from Europe for the purpose of causing trouble if the Italians, Sacco and Vanzetti, convicted murderers are executed in Massachusetts.

GETS HIS MEDAL

Niagara-on-the-Lake, Oct. 21.—Robert M. Mercer has received his medal from the British government, given to those who served in Russia. The medal is silver, with the King's head on one side and the figure of a Cossack on the other. His name and number are also engraved on the medal.

Mr. D. Bowler, of Peterborough, is in the city.

U. S. SHERIFF ON JOB Agrees to go Back to Home Town and Wife and WH Face Desertion Charge

Traced all the way from Auburn, N. Y., to Thurlow township, Frank J. Carson, aged 23 years, wanted for abandonment of his wife in Cayuga County, N.Y., was arrested at noon today on the second concession of Thurlow where he was working. Sheriff Frank W. Hendrick of Cayuga County, N. Y., reached the city at midnight, having traced Carson here after over a year's hunt for the young man. It was thought he was at Corbyville and early today Plainclothes Officer J. M. Trausch drove, with the Sheriff, to Corbyville to find the youth. He had left there some time ago and was finally found on the second of Thurlow. He was brought to the Belleville lock-up and having agreed to waive all objections to extradition, left with Sheriff Hendrick this afternoon for Auburn to face the charge. The sheriff was accompanied on the trip by his son.

Resolution Passed on From Toronto Regarding Desire of Catholic Bishops

LOCAL COMMENT NOTED

Belleville Board Concur as Requested After Some Verbal Flare-ups

The Separate School question and associated problems found enthusiastic debaters in the Belleville Board of Education last night.

It all arose over a resolution from Toronto Board of Education regarding a so-called "organized effort" being carried on at the present time in the Province of Ontario by certain Roman Catholic bishops demanding an amendment to the Assessment Act whereby a portion of the school taxes on all corporations and public utilities in proportion to the Roman Catholic population of Ontario, would be diverted to the support of Roman-Catholic sectarian schools.

The Belleville Board was asked to concur in the resolution passed by the Toronto Board, recording "an emphatic protest against the reopening of the school question by granting to the Roman Catholic Bishops of Ontario any of the concessions demanded by them, or the adoption of any regulation or amendment by the Government or Legislature that would further extend sectarian schools in the province at the expense of the public schools which are open to every class and creed."

Mr. C. M. Reid said there was an evident attempt on the part of some of the churches to introduce religion in the schools. There had been some discussion in Methodist, Anglican and Presbyterian bodies urging the teaching of religion in the public schools.

Mr. Woodley took issue with this: "If there ever was a time when religion is needed in education, it is today," he said.

Mr. McGie: "You are getting away from the question. It is, 'Where are the taxes to go?' The resolution asked that the board concur in that of the Toronto Board."

The Belleville Board did concur.

OTTAWA, Oct. 22.—Armistice Day is to be celebrated on Monday, November 7, according to proclamation in the forthcoming Gazette, as a day of general thanksgiving for the beautiful harvest and other blessings with which Canada has been favored this year.

COLEMAN SCHOOL NOT DEAD ISSUE

Trustee McCreary Revives the Question and Asks How to Get Council's Aid

TRUSTEES GIVE OPINION

Solicitor for School Board Tells Trustees of Position at the Present Time

Coleman Ward Public School is not a dead issue while Trustee W. R. McCreary holds his seat at the Board of Education.

Chairman A. McGie thought that unless there was a guarantee that the board would get the money no contractors would tender.

Mr. Sinclair: "I believe the council is justified in refusing to take any action on the old requisition. Mr. McCreary thought possibly council would accept the requisition for \$140,000 but all that amount need not be paid. Mr. Sinclair wanted to know what the school could now be built for. 'Let us find out,' he advised.

Mr. Elliott declared there was an election coming and no man elected to council would refuse to give what the board needed. It was useless to anticipate the refusal of contractors to tender anew.

"It is not too soon to get the machinery in motion," declared Mr. McCreary. "It is time to get a new requisition."

There the matter dropped for the present.

STOP BUSINESS 2 MINS.

Ottawa Passes on Request to Mark Nov. 11 Anniversary

OTTAWA, Oct. 22.—His Excellency the Governor-General has received a despatch from the Secretary of State for the Colonies proposing that on Friday, November 11, the anniversary of the signing of the Armistice, there should be a complete suspension of business, so far as possible, beginning at 11 a.m. and continuing for two minutes.

The Canadian Government has adopted this suggestion, and accordingly the Secretary of State for External Affairs has issued a request that the rite be observed throughout the Dominion.

CHEESE STILL GOES DOWN

Some Factories Refuse 14% Sales at 14 11-16 made Here

Cheese sold down to 14 11-16 and 14 5-8 on the Belleville Board today, a number of factories refusing the latter bid. The boarding follows: Bronx 60; Union 60; Bellows 40; Halloway 60; Stacey 60; Wooler 80; W. Huntingdon 35; Foxboro 50; East Hastings 50; Plainfield 30; Moira Valley 50; Frankfort 60; Rogers 60; Moira 30; Victoria 40; Roblin 40; Glen 35; Boush 40; Sisco 40; Clare River 40; Cedar Creek 40; Cochrington 50.

The members present were: A. McGie, chairman; W. R. McCreary, Geo. T. Woodley, D. V. Sinclair, C. M. Reid, H. W. Ackerman, C. F. Wallbridge, C. Whelan, J. A. Borbridge, and Dr. O. A. Marshall.

Owing to late arrivals the Board could not proceed with business until eight-forty, when a quorum was present.

AIM TO INSTALL X-RAY AND ELECTRIC MAGNET TO IMPROVE LOCAL HOSPITAL

Mrs. W. C. Miket, president of the W.C.A., announced a campaign to raise money for new equipment at the hospital, in the following statement to The Ontario:

"At the annual meeting of the W.C.A. the medical staff of the hospital made the request that up-to-date equipment, including an X-ray machine and an electric magnet be purchased to make the apparatus at the hospital all that it should be. No funds are available. The Hospital Board proposes a campaign to raise money for the above equipment as the Board desires to meet the wishes of the medical staff and keep the Belleville Hospital abreast of the times; especially as Belleville has become recognized as a hospital centre."

MENTAL SURVEY OF KIDDIES HERE TO CLASSIFY 'EM

Dr. Marshall's Request at Board Meeting Meets With Trustees' Approval

MORE SALARY BOOSTS

Miss Libby's Request for More Not Granted and She May Resign

A mental survey of the children of the public schools of Belleville by officers of the Department of Education will be asked by the Board of Education.

This step was taken by the Board on the request of Trustee Dr. O. A. Marshall last night. They will be classified according to standards set up following a Province-wide test. Dr. J. M. Wilson was appointed to conduct one dental clinic per week for the schools at a salary of \$10 per clinic.

The appointment of Mr. W. F. Ashley as compulsory school attendance officer was confirmed. The salary is \$1,000 per annum.

The raising of Miss Fennell's salary from \$1,900 to \$2,000 was confirmed. Provincial School Attendance Officer Cowies expressed his willingness by letter to visit Belleville shortly to assist in the enforcement of the school attendance.

Miss M. F. Libby asked the Board for an increase of salary to above \$2,000. In case there was no increase given, her communication might be considered a resignation, to take effect at the end of December, she said.

The Board decided that there could be no increase in salary; that if the communication meant her resignation, it be accepted; but if not, the Board would be pleased to have Miss Libby remain at the present salary.

One of the rooms in Queen Mary school will be either tinted green as suggested by Dr. Chant or shades arranged to control the light for the benefit of the eyes of the scholars. There has been an unusual amount of eye trouble reported in this class.

Belleville Board of Health at a meeting on Friday decided to request the Board of Education to take steps to improve sanitary conditions at the High School. Sanitary Inspector Wills visited the school and his report to the Board of Health suggested the possibility of deleterious effects upon the health of the pupils. Mr. McCreary asked if the Inspector had inspected Grier Street school. It was strung that no objection was made to Grier Street school conditions.

Mr. A. McGie moved that the Sites and High School committee investigate conditions and take action to remedy the situation. He believed that certain repairs might improve conditions in the basement and the assembly room.

His resolution was adopted. Mr. D. V. Sinclair seconded. He pointed out how some of the trouble could be overcome. There are, he believed, defective chimneys.

Principal MacLaurin told the Board that he had again and again brought the Board's attention to these facts in the past four years. He claimed conditions were unsatisfactory.

"I think the whole thing could be rectified if we cleaned out the room in the basement beneath the assembly room."

Belleville trustees will, as many as possible, attend the meeting of the School Trustees' and Ratepayers' Association of South Hastings at Caninton on Oct. 27th, when problems facing the ratepayers and school boards will be taken up. Mr. W. N. Morris, of Toronto, will attend and speak.

The members present were: A. McGie, chairman; W. R. McCreary, Geo. T. Woodley, D. V. Sinclair, C. M. Reid, H. W. Ackerman, C. F. Wallbridge, C. Whelan, J. A. Borbridge, and Dr. O. A. Marshall.

Owing to late arrivals the Board could not proceed with business until eight-forty, when a quorum was present.

Thanksgiving

The plans for Thanksgiving and Armistice Day observation are beginning to take shape.

Mayor Hanna was in conference with the members of the Ministerial Association on Friday afternoon in reference to the observation and it was decided that the ministers hold Thanksgiving Day services in the churches on Sunday, Nov. 6. They will submit to Mayor Hanna a program for the religious part of the observation on Thanksgiving Day, Monday, Nov. 7th.

It is expected that the veterans will assist in the celebration.

Time and place have not been settled upon.

The special committee will meet next week to review the evidence and will report to council.

BARB RUTH ABANDONS BARNSTORMING TRIP

NEW YORK, Oct. 22.—"Barb" Ruth, home run king, has abandoned his barnstorming trip, and has expressed regret at having violated the rules of organized baseball in engaging in post-season exhibitions. Col. T. L. Huston, part owner of the New York Yankees, announced last night on his return from Scranton.

BLUENOSE WON IN FINE SPRINT FROM U. S. BOAT

Canadian Craft Faster and Better Handled as Shown by Race Bulletin

RACE OFF HALIFAX

Capt. Schuster, Yachting Enthusiast Gets News First in Belleville District

The Canadian craft, Bluenose, won the great International Fishing Craft race staged today off the coast of Halifax. The conditions of this International Regatta call for the winning of two out of three races over a forty-mile course and the prize is a \$4,000 purse and a coveted Trophy Cup.

Last year the races were held off Halifax on October 31st and November 1st. The schooner "Esperanto" representing the United States fishing fleet, defeated the "Delaware", the Canadian fleet's boat, in two straight races and captured the championship. Canadians are putting forth every effort to win back their lost laurels.

Yacht racing and boating underwent a successful revival in this locality this year and the regatta on August 31st was an event well to be remembered in the history of boating and yachting in this famous yachting district.

The campaign for the removal of this great sport was carried on by Capt. W. E. Schuster, supported by the executive of the C.W.Y.A., and was successful absolutely and it is to be hoped that a regatta will be held here annually.

Bulletins of the race as supplied by Capt. W. E. Schuster follow: Elsie crossed the line first at 9:00.10; Bluenose crossed at 9:00.49. Bluenose quickly passed the Elsie and at 9:50 is still leading. Twenty-five knot wind blowing from the northwest. (9:00 a.m.)

Bluenose rounded second buoy approximately 12 miles out, at 10:10.29, followed by Elsie at 10:11.03. Schooners racing neck and neck at an estimated speed of ten knots. (9:55 a.m.) Elsie carried her foretop mast away. Bluenose was leading by one mile. (11:00 a.m.)

CHEAPEER STEEL RAILS

NEW YORK, Oct. 22.—A reduction of \$7 a ton in the price of standard rails was announced today by the United States Steel Corporation. The new price is \$40.

SCHOOL CHILDREN TO HELP SWELL THE MUSKOKA FUND

Monday will be Children's Day at the Public Schools of Belleville for the National Satiarium for the treatment of consumption. The children are coming to school on that day provided to contribute their share.

A bevy of pretty High School girls, assisted by Miss Helen Springer and five of her friends, were selling tags on the street corners this forenoon and reaped a good harvest. They were chaperoned by the Quinte Chapter Daughters of the Empire, who kindly loaned cars for the occasion.

Many people have been under a misapprehension and have been looking for a house-to-house canvass. On the business section of the city, the factories, schools and lodges are being canvassed for this campaign.

The teams have now pretty well completed their rounds and have in most cases been greatly cheered by the results. In several of the industrial establishments the men have contributed unanimously a day's pay. Others have with practical unanimity given generous contributions.

It will be several days yet before the full result is known but those in charge of the canvass hope that our city will be well to the forefront among places of similar population throughout the province.

Music Week For Canada Specially Noticed In City

Music week began today throughout the Dominion and in few places is there more interest shown in the observation than in Belleville. The "week" is growing in favor year by year. The plan has been evolved by the Canadian Bureau for the Advancement of Music and in some sections includes festivals of different kinds. Music dealers throughout the country are lending their support by decorating and by special attractions.

Community singing is one of the forms which the movement has taken. Singing is being taught in the schools in almost every centre of our pretension along musical lines. The Belleville schools have their classes in music, several of the public school teachers having taken courses last year. The phonograph has also invaded the schools bringing music to the children and siding in instruction in folk-dancing.

The Greene Music Company under the management of Mr. James Goodsell has arranged for an orchestral festival in their branch on Front St. This orchestra consists of six pieces and is known as the Greene Company's orchestra. The company is otherwise observing the week. Mr. Goodsell, the manager, has been in business here for the past twenty-five years, of which twenty have been in the musical trade. The Greene Co. has been here for five years.

The occasion has not been allowed to pass by the C. W. Lindsay Ltd., two children appearing in costumes illustrative of one of the greatest periods of music. Mr. F. M. Barrett, the local manager is a Belleville boy, who has been in business here for many years and for the past five years has handled the Lindsay business. This company is featuring player rolls and records.

A more recent arrival in the musical trade in Belleville is the Warburton Music Store, Front Street, which is alive to the growth of the artistic taste of the people in the past few years. Mr. Warburton knows the last word in the musical business.

The musical trade in the past generation has had an honored history. Ex-Mayor Riggs for years conducted the leading business in music and was leader of one of the best bands in Ontario in the old days.

Emperor Carl Is Made King By Hungarians

VIENNA, Oct. 22.—A provisional government has been formed in Burgenland in the interest of former Emperor Charles of Austria who is proceeding toward Budapest escorted by Odenburg troops. The Odenburg forces immediately went over to Charles, former Emperor of Austria, on arrival here and he was proclaimed king.

Paris, Oct. 22.—Hungarian government. It is understood, will take measures to expel former monarch from Hungarian territory.

BUT ONE OF THE MANY TRAGEDIES IN MONTREAL

MONTREAL, Oct. 22.—How a woman, suffering from anemia, subsisted with her husband and five children for a week on one loaf of bread and a little meat is reported by a worker of the Diet Dispensary here, who states that the case is but one of many tragedies in the city due to prevailing unemployment conditions.

"When a supply of food was brought here, she burst into tears, crying: 'I thought I would starve to death.'"

BEARS VISIT NAPANEE

Folks Down There Startled by Mother and Two Cubs

NAPANEE, Ont., Oct. 22.—Napanee residents Friday were startled, and the female portion of the population badly frightened by the invasion of an old she bear and two cubs. The self-invited visitors made, however, no hostile demonstration, but wandered about the residential district, sitting on verandahs, which were promptly vacated in their favor, and comporting themselves after the manner of interested tourists. Finally one of the cubs wandered away from its mother and was captured, the other two disappearing.

LITTLE GIRL FLAGGED CAR AND AVERTED BAD ACCIDENT

St. Thomas, Ont., Oct. 22.—Peggy, the ten-year-old daughter of Michael P. O'Brien, residing on Wilson avenue, is to be rewarded by the City Council for presence of mind, when she flagged and stopped the early morning electric street car on Wilson Avenue today just before the tracks. As the car-in was twelve feet across, there is no doubt a serious accident, and if not less of life was averted by the prompt action of the little girl.

GET SNOW AT REGINA

Blizzard Sets in Following All-night Rain on Prairie

REGINA, Sask., Oct. 22.—Following an all-night rain, a heavy snow storm started in the Regina district shortly before noon today and within an hour had assumed the proportion of a blizzard. The snow is drifting by high winds out of the north. It is estimated that 85 per cent of the threshing operations in Saskatchewan have been completed. Today's storm will put a stop to farm work for several days.

ATTENDED CONVENTION

Seventy-six Teachers were Present at Luncheon

READ—Miss Mary Buckley spent the week-end in Stirling. Miss Minnie Buckley, Belleville, is visiting in this vicinity. Miss Thompson, Allandale, has been the guest of friends here recently. Miss Hazel Matthews and Miss Ryther attended the teachers' luncheon held in the Quinte Hotel, Belleville, on Saturday at 1.30 o'clock. Seventy-six teachers were present.

DEFINES A SOUL PART OF SERMON

Evangelist Barton at the Tabernacle Delivers Powerful Evening Appeal

NOT LIKE MATHEMATICS Cannot Prove Love Like Proposition in Euclid Yet No One Denies It

The Tabernacle revival campaign entered its second week on Sunday with Evangelist Barton delivering powerful appeals at both morning and evening services.

His appeal last night was founded on the text, "What shall it profit a man if he gain the whole world and lose his own soul?"

There is mystery all about—in nature and in the world of personal experience, although some believe that the only mystery is included in the scriptures.

Inspector Ruston leaves tomorrow to attend investigations into children's conditions at Baptiste, Maynooth and Bancroft.

At Upper Canada College distribution of prizes and annual Old Boys meeting on Friday, Colonel W. N. Ponton was elected Vice President.

Not so much to escape eternal death, but to develop oneself for service is it necessary to repent.

The evangelist struck hard at the doctrine of predestination. "You may do as you like; you may serve Christ or let the devil be your boss.

The lack of moral fibre, and rotten morals, the preacher blamed for business failures and wrecks of lives and homes.

The crane in the story asked the swan if there were any snails in heaven, and when the reply was "no," the crane preferred to puddle in the marshes.

At the close many took the stand for the Christian life.

An impressive service was the afternoon's revival in the school, the young people making a great response.

The past week's services have been growing in influence and attendance.

Mr. Barton possesses rare dramatic talent with a power to visualize scenes clearly in the mind's eye of his audience.

WEDDINGS GILBERT—BEATON. The marriage was quietly celebrated on Saturday evening at 7:30 at Emmanuel Church, Montreal.

DIED. WATSON—In Thurlow on Sunday, Oct. 23rd, Richard D. Watson, aged 81 years.

MURDER DRIVER IN HIS TAXICAB

Toronto Man Clubbed and Robbed Near Finch's Corners

DIES IN HOSPITAL Only One Blood-stained Iron Spike Used in Committing Crime

TORONTO, Oct. 24.—Clubbed on the head with an iron bar in the hands of someone at yet unknown, a Toronto man was clubbed and robbed of considerable money, and left helpless and bleeding on the roadside near Finch's corners on Saturday night.

Inspector T. D. Ruston, of Belleville and Mr. B. A. Bowles of Picton were present at the stone-laying.

Grandmaster H. C. Hooker, of Toronto officiated at the laying of the main corner stone and Mr. W. H. Bandfield at that of the Bandfield memorial wing.

Rev. Canon Dixon pronounced the invocation and President W. M. Fitzgerald gave a historical sketch of the work accomplished by the orphanage.

The Picton Home was opened in 1899 and since that date over 500 children had found shelter within its walls.

Two weeks from today is Thanksgiving and the club will not meet until the next day at noon.

The Rotary Club today heard Mr. J. C. White, of Chicago, give a valuable and highly interesting speech on the advantages of the Single Tax method.

On a six-thousand-mile walk from Oklahoma City to New York City, thence to Montreal and to Vancouver, W. H. Wainwright, of Oklahoma City, passed through Belleville today, westbound.

Four men in a motor follow him and see that he keeps the terms of the bet. He keeps to the highway and makes from thirty to forty miles per day.

He is making the expenses of his trip by writing for a press association.

Mr. Wainwright left Oklahoma City on June 28 and passed through Pittsburgh and Philadelphia on his way east.

From Toronto he will go to North Bay and go around the north of Lakes Huron and Superior.

Today he told The Ontario an experience showing how worked up the people of the section east of here are over highwaymen and bandits.

DEATH OF RICHARD WATSON The death occurred early on Sunday of Richard D. Watson at his home, second concession of Thurlow, a short distance east of the city, after an illness of some duration.

He was born on the present homestead in 1840 and had lived all his life here. He was a son of the late William Watson.

Mr. Watson was a member of the Methodist church and was an active worker in the church and in the choir.

He was for years a member of the Thurlow township council and a trustee of the school section in which he resided.

Surviving are his aged widow and three daughters, Mrs. Sills, of Belleville, Mrs. (Rev.) Tink, of Newbyville, and Miss Olivia Watson, at home.

DIES IN TORONTO. Sarah Crawford Dickson, eldest daughter of the late George D. Dickson, died Sunday afternoon in Toronto as a result of heart failure.

She had been in ill health for some weeks. She was a native of Belleville and lived here all her life until her removal to Toronto eighteen years ago.

Surviving are one brother, Angus C. Dickson of Chicago, and two sisters, Mrs. Frank H. Pope of Sault Ste. Marie and Mrs. E. J. Parks, of Toronto.

There will be a service tonight at her home in Toronto at 18 Selby St., and tomorrow the remains will be brought here for burial.

SURVEY BOYS OF BELLEVILLE

Rotary Club Has Under Consideration Plan to Aid Adolescent Officer

DECIDE NEXT WEEK Club Hears Chicagoan Explain and Advocate Single Tax Methods

A survey of the boys of the City of Belleville is under consideration by the Rotary Club.

Mr. Arthur McGie, Chairman of the Board of Education, who spoke briefly approved of the idea, saying it would assist the adolescent officer in his duties.

Mayor Hanna and other speakers also favored it. Definite action one way or the other will be taken next Monday.

Two weeks from today is Thanksgiving and the club will not meet until the next day at noon.

DEATH OF RICHARD WATSON The death occurred early on Sunday of Richard D. Watson at his home, second concession of Thurlow, a short distance east of the city, after an illness of some duration.

He was born on the present homestead in 1840 and had lived all his life here. He was a son of the late William Watson.

Mr. Watson was a member of the Methodist church and was an active worker in the church and in the choir.

He was for years a member of the Thurlow township council and a trustee of the school section in which he resided.

Surviving are his aged widow and three daughters, Mrs. Sills, of Belleville, Mrs. (Rev.) Tink, of Newbyville, and Miss Olivia Watson, at home.

DIES IN TORONTO. Sarah Crawford Dickson, eldest daughter of the late George D. Dickson, died Sunday afternoon in Toronto as a result of heart failure.

She had been in ill health for some weeks. She was a native of Belleville and lived here all her life until her removal to Toronto eighteen years ago.

Surviving are one brother, Angus C. Dickson of Chicago, and two sisters, Mrs. Frank H. Pope of Sault Ste. Marie and Mrs. E. J. Parks, of Toronto.

There will be a service tonight at her home in Toronto at 18 Selby St., and tomorrow the remains will be brought here for burial.

### Belleville Lads Hold Peterboro To Small Score in Initial Game

#### New Rules Cause Dispute on Field

Peterboro was too strong for the Belleville lads here on Saturday and defeated them by the score of 8 to 0.

Favorable weather greeted the boys for their first game in the series with Peterboro and Oshawa for intercollegiate honors. The Peterboro back division are slightly heavier than the local bunch and were able frequently to find a hole in the Belleville line. They also had the advantage in that they got their plays into operation more quickly. The locals were handicapped in that they had not had a real practise game until they met the huskies from the north. They were also handicapped because Dies was held up and could not get into the game at the beginning. However the High School boys played a plucky game and have nothing to be ashamed of as the score indicates.

Owing to the fact that the game is being played this year under an entirely new set of rules the task of the officials was an extremely difficult one. Disputes were frequent, but on the whole the work of Liberty as referee and Brown of Peterboro, as umpire, was satisfactory. It was thought by many of those who witnessed the game that the officials for these contests ought not to be the teachers who are responsible for the management of the teams.

The game resulted as follows:

First Quarter

Peterboro chose to kick with the wind. They soon pushed Belleville down to near their goal line and kicked to the dead line for one point. The wind being in their favor the visitors easily kept the locals battling on their own ground and Mainiece kicked to the dead-line for another point.

Score: Peterboro, 2, Belleville, 0.

Second Quarter

Grime, the kicker for the Pecos kicked the ball to within a yard of Belleville goal line. He then ran ahead of his players and claimed that Reshor was on-side when he fell on the ball. Umpire Brown also stoutly contended that this was the case according to the new rule. Referee Liberty had declared it to be a case of off-side interference and after considerable discussion decided to abide by his decision. Thus the possibility of a try (5 points) for Peterboro was forestalled.

Score: Peterboro, 0, Belleville, 0.

Third Quarter

Peterboro pushed Belleville well down toward their goal line but, failing to make yards, on the third "down" they kicked into Belleville dead area. Yeomans got a good return, but unfortunately the wind carried the ball out of "touch." This gave Peterboro the ball close to the Belleville goal line. They lost no time in going over for a "try" Bookhout carrying the ball. The try was not converted. Mainiece kicked to the dead line for 1 point.

Score: Peterboro 5, Belleville, 0.

Fourth Quarter

This period was plentifully sprinkled with disputes. Tyers and Bregfogle were each given 3 minutes on the side line for "scragging." Egon was injured and had to leave the field. "Tade" Elliott was also slightly injured but was able to carry on.

Score: Peterboro, 0, Belleville, 0.

The visiting team played a good all-round class of Rugby and were deservedly the winners. For the locals the fans were deprived of see-

ing Maidens go round the end for one of his old-time runs. There were three or four Peterboro players on him each time he got the ball. Marshall by his efficient tackling was a tower of strength on the home defences. Yeomans kicked well but his fumbles were rather costly at times.

Final score: Peterboro, 8; Belleville, 0.

The next game is to be played at Peterboro on Saturday next. Either Oshawa or the locals will be the guests of the northern town.

### HILLCRESTS ASSUME O. A. B. A. 1921 TITLE

TORONTO, Oct. 24.—In a keenly contested and smartly played game Hillcrests triumphed over Guelph by a 5 to 4 score at Scarboro Beach on Saturday, and at the same time assumed the title of senior champions of Ontario. It had been the intention of the O.A.B.A. officials to stage a sudden death game here, with the winners of these two teams and the Copper Cliff Club, but owing to the lateness of the season, the cost of transportation and the disorganized state of the Nickel Belt representatives, the project was abandoned, with the result that "Nip" Dwan and company come in for the honors.

### GOLF

Very keenly contested golf matches in the fourth round of the Taplin Natural Tread Shoe Companies Competition were in evidence. W. J. Neabitt and G. H. Gillespie had to go to the nineteenth before a decision was arrived at in favour of the latter.

The game between Dr. Blackie and Capt. McMann was only decided after a most evenly and well-contested game, on the last green, in favour of the latter.

The draw for the semi-final is as under, and will be played off by the end of the present month. A special date will be named for the final.

## TRUNKS DEFEAT O. S. D. GUNNERS ARE SWAMPED THIRD GAME UNFINISHED

G.T.R. 3; O.S.D. 0. Albert College 8; 34th Battery 0. Tigers vs. Tiger Tires, called on account of darkness.

Grand Trunks added another win and Albert College defeated the Battery on Saturday in the Belleville Soccer League, the third game not being completed on account of absence of light. On account of the rugby intercollegiate match, the soccer teams could not get the field in the fair grounds until three-thirty, the first soccer match beginning about four-forty-five. At five-forty, with fifteen minutes to play and Taylor's Tigers leading by 1 to 0, the game was called by the referee and will be re-played.

TRUNKS WIN.

The line-up in the first match:

G.T.R.	Goal	O.S.D.
Gorman	Right Back	Vanallan
Summers	Left Back	Hunter
Griffiths	Right Halfback	McGovern
Gill	Centre Halfback	Tate
Taylor	Left Halfback	Waldron
Grant	Outside Right Forward	Lally
C. I. Hickins	Inside Right Forward	Pye
Binney	Centre	Myola
Robinson	Inside Left Forward	Diek
Knott	Outside Left Forward	Golding
Hopkins		Patterson
Referee—J. Child.		

The Trunks made a couple of changes, Hopkins and Griffiths replacing Lancaster and Harvey.

The O.S.D. won the toss but chose to play against the wind. G.T.R. kicked off with a strong wind in their favor and immediately forced play into O.S.D. territory, Robinson making a hot shot for goal which was cleverly saved by Vanallan. From the goal kick G.T.R. secured again, Summers shot going high over the goal. O.S.D. took the play up into G.T.R. half, but it was soon transferred to the other end by a strong kick by the left back. Taylor at this period made an unsuccessful shot for goal. Play continued in O.S.D. territory and from a scramble Robinson shot a high one which dropped 5 yards in front of goal and bounced over the goal-keeper's head, giving the G.T.'s their first goal. Owing to the strong wind prevailing, good combination was out of the question. Binney made an attempt at goal from the left wing but shot wide. Within a few minutes from this, Robinson put in a long shot which completely beat Vanallan, making the G.T.R. second count. The G.T. lost lot of opportunities for scoring by kicking too strong with the wind, the ball passing over the opponents' line with monotonous regularity. The O.S.D. defence appeared very weak and uncertain in their kicks, which greatly enhanced the chances of their opponents' forwards. From a rush down the field by the G.T.R. forwards, Hopkins on the left wing scored a beautiful goal that was much too good for the goaltender to secure, giving the G.T.'s their third tally. The whistle sounded half-time with the Trunkers leading 3-0. The play of this half was practically confined to the O.S.D.'s quarters.

SECOND HALF.

O.S.D. kicked off this time with the wind in their favor and after a few interchanges of kick's brought the play into the G.T.R. section when

Dick, centre forward, got possession and put in a stinging shot which narrowly missed scoring, going over the line just outside of upright. Play veered towards the centre of field, then by good combination the O.S.D.'s brought the ball near the G.T. goal, when Robinson miskicked and conceded a corner to the O.S.D. This corner proved futile, the G.T.'s securing the ball up field in splendid style but were checked nicely by the opposing backs who cleared in grand style. At this period, O.S.D.'s with a continuity of good rushes down the field appeared quite dangerous but lacked the finishing touches to score. Both teams now settled down to real business and play of an even nature resulted. Brilliant play by both teams kept the game well in the field, yet neither seemed to gain the coveted objective. At last O.S.D. secured from a misplay of Binney and came down with a determined effort to score but overran themselves in their eagerness and took the ball over the goal line. From the goal kick the G.T.'s rushed the game right up near O.S.D.'s goal which resulted in a corner. This corner kick availed nothing to the G.T.R.'s and the whistle sounded time, leaving G.T.R. victors by 3-0.

DARKNESS SET IN.

The Taylor Tiger-Tiger Tires game will have to be replayed, the Tigers not getting a chance to "eat 'em alive" because of the lateness of the hour. The lineup:

Taylor's Tigers	Tiger Tires
Thompson	Goal
Walsh	Right Back
Johnson	Left Back
Cross	Right Halfback
Barry	Centre Halfback
Baker	Left Halfback
Hickin	Outside Right Forward
Bouldry	Inside Right Forward
H. S. Page	Centre Forward
H. Page	Inside Left Forward
Knott	Outside Left Forward
Referee—W. Dawes.	

The Rubber men won the toss and with the aid of the wind carried the ball into the opposing territory. The play veered again and again, the match not being as snappy as the first. The Page brothers brought down the ball. The Tires people were awarded a kick but failed to score.

Securing the ball, Barry passed to H. Page and from him Hickin took it and kicked it in between the uprights. The half-time score was 1-0. H. Hayes took the ball up field against the wind for the Tiger Tires eleven, but the opposing players secured possession and Hickin again attempted to score, kicking out outside the posts. Barry tried to find the goal but, with the wind, kicked too strong. In the latter part of the game the play was almost invisible, and the game was called. Capt. Walsh agreed to play it later.

FUNERAL HELD TUESDAY
Mrs. A. Eggleton Laid to Rest—Personal Mention.

MADOC JCT.—The funeral of Mrs. A. Eggleton, wife of the late David Eggleton, was conducted by her pastor, Rev. G. C. R. McQuade at the Eggleton Church on Tuesday afternoon.

Mr. Howe, of Watertown, N.Y., visited his cousin, Mrs. Wm. Fitchett last week.—Mr. and Mrs. Gay entertained a number of their relatives on Monday.—Mrs. Leslie has been visiting friends here.—Mr. Barker is reported to be seriously ill and under the care of Dr. Zwick of Stirling.—Mr. Harry Jones returned from the West last week.

ADDRESS AND PRESENTATION.

At the regular meeting of the L. A. S. of the Tabernacle Church, the following address was read by Mrs. Jas. McCurdy, and Mrs. (Rev.) Campbell made the presentation:
Dear Mrs. McLaughlin:—

The Ladies' Aid and W.M.S. Societies of the Tabernacle Church take this opportunity of expressing to you their appreciation of your help and willing service in this connection for the past fourteen years. We realize, too, when your hands have been busy with household cares, you gave the same cheerful and willing service. We trust we will each cherish memories of pleasant hours spent together in church fellowship and we feel assured the different societies of the church will bear testimony to your co-operation in all branches of church work. As we look back over the years we remember all your days have not been sunshine, but the shadows have crossed your path, but even then you have had grace and strength sufficient for your day.

But the Lord knows all about it. All about the path you've trod. All about the steps you've journeyed. And the path that lies ahead. All your footsteps He has ordered. And what greater joy can be Than to know that, smooth or rugged, All the way he walks with you.

We shall miss your presence and help but trust we shall be sisters still and some time not far distant will meet again and renew these gatherings. We feel in your new home you will give the same untiring devotion to the church you have given us. We pray you may have health and strength and be spared to your family and the church for many years and that life's burdens may fall lightly on you and yours. We commend you to the care of Him who has said, "I am with you always."

On behalf of these two societies we ask you to accept this umbrella as a slight token of our appreciation, and as you use it from day to day may the remembrances of these gatherings be pleasant. For—

The sweetest rest is at even' After a wearisome day, When the heavy burden of labor Has been borne from our heart away. And those who have never known sorrow Cannot know the infinite peace That falls on the troubled spirit. When it sees at last release.

(Signed) K. McCurdy, Past Pres. Mrs. F. Clark, President Mrs. J. Davis, Rec. Sec.

Picton Wins Ontario Championship Out-Hits and Out-Plays Hebrew Lits Second Intermediate Title for Victors

Picton, last year's amateur intermediate baseball champions of the province of Ontario, won the O.A.B. A. title for the second consecutive season by defeating the Hebrew Lits of Toronto in a sudden death game in Belleville on Thursday afternoon. The score was five to two with the champions having the edge of the play throughout.

The Bay of Quinte town was represented by about five hundred of the most enthusiastic rooters that ever lined up along the diamond.

Conditions were most unfavorable. The Fair Grounds diamond was lying under water and a new field had to be laid out by Messrs. Alex. Kay and Jake Solomon, the umpires. The new diamond faced almost to the east. The grounds were wet and a north wind was blowing at right angles to the ball when pitched added to the disadvantage of the afternoon. Local fans were enthusiastic over the win which retained the provincial title in the district.

The Picton crew outfit the Toronto lineup, with ten hits to four. Croft, the champion's heaver, played a star game, striking out twelve while in the eight innings in which Wilkes faced the champs, he struck out half a dozen. The Pictonians played errorless ball, but the western semi-finalists had enough misplays to wipe out their chances.

Harold Campney turned the Babe Ruth trick, driving out a home run in the second frame. In the sixth Croft's fine support on the infield saved the Prince Edward town boys from possible scoring by the Hebrews. The seventh gave the Cannors three runs and eliminated the Lits as a menace. The Torontonians did brighten up in the eighth, one man was walked and two hits followed, but again the Picton heaver saved.

The game was one hour late in starting and it closed just as evening was setting in.

The play:

First Innings. Lits—Wagman struck out. Pearlman flew to Harold Campney. Bocknek flew up to centre and it dropped safe while centre, left and short were meditating. Bocknek stole second and then third. Sniderman hit to Walsh, out at first.

Second Innings. Picton—R. Frederick fanned. Hudgins hit to Wilkes, who fumbled, throwing wild to Bocknek, Hudgins getting the base. Harrington struck out. J. Walsh grounded out to Bocknek. 0 runs, 0 hits, 1 error.

Engineer's Wives Entertain Officials and Visiting Lodges

Division No. 337 of the G. I. A. of the Brotherhood of Locomotive Engineers entertained two divisions of the G. I. A. from Toronto and one from Smith's Falls at the Odd-fellows' Temple on Thursday afternoon and evening. Among the honored guests were Mrs. Spicer, Moosejaw, Grand President, who has just returned from Europe; Mrs. Malnes, Grand Vice-President, Toronto, and Mrs. Payette of Royal Division, Montreal.

Belleville Division, No. 337, exemplified the lodge work in a creditable manner, under the direction of the president, Mrs. C. Dollie.

The visiting ladies were entertained at dinner at the hall and in evening the engineers and their wives who had not been in attendance at the afternoon meeting were present as guests. The time was spent in dancing and with the cards until two o'clock in the morning.

The Belleville ladies were complimented very highly for their hospitality by the guests.

FOUR TEAM LEAGUE COMPOSED OF GIRLS.

A four team ladies' basketball league is predicted by Mr. Charles A. Keeber, "Y" physical instructor.

The turnout of young ladies at the gym class last night was so large and so much interest was shown in basketball that they will proceed to the organization of a girls' league.

Useful in Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

WEDDINGS

NICHOLSON—BROWN

The home of Mr. and Mrs. Robt. Brown, Trenton, was the scene of a pretty autumn wedding on Wednesday, Oct. 13th. When their only daughter, Grace Maud, was united in marriage to Donald Ross Nicholson, son of Mr. and Mrs. S. Nicholson of Sidney.

At twelve o'clock sharp, the bride entered the drawing-room on the arm of her father, to the strains of the Lohengrin Wedding March, played by Mr. Clayton Maguire, of Mount Zion, cousin of the bride. She looked lovely in a gown of white silk duchesse satin with draped bodice, wearing the customary bridal veil and carrying a bouquet of white carnations. The only ornament she wore was a beautiful gold cross set with pearls, the gift of the groom.

The ceremony was performed by Rev. Mr. Bick, of Woder, under an arch of evergreens, in the presence of about forty guests. After the ceremony and the signing of the register, during which time Miss Reale Finlan sang "The End of a Perfect Day", adjournment was made to the dining room which was beautifully decorated for the occasion, and partook of a sumptuous wedding dinner. The toasts having been proposed and drunk and speeches made, a program of music and song filled in the time until the bridal couple left amid showers of confetti and good wishes on the 2:58 C.P.R. train for Toronto and Niagara Falls. The bride travelled in a French tourist navy serge suit with hand embroidery and tanpe plush hat with matching mount.

The young couple was the recipient of a large sum of money and many beautiful and valuable presents showing the esteem in which they were held.

On Oct. 7th, about fifty friends and neighbors gathered at the home of Mr. and Mrs. Robt. Brown, Trenton, and presented their daughter Grace with a miscellaneous shower. An enjoyable evening was spent in music and dancing.

Following is the address, read by Mr. Gray: Miss Grace Brown.—It is with untold regret that we learn you are about to leave your present location and we can assure you it causes us much loneliness to think of it as you have always been a favorite with us. Your cheerfulness, calmness, your very even temperament, along with your other many good qualities, have caused us to love you, and we assemble here tonight to do honor to you as one well worthy of anything good we can say. You have proven your worth by the honorable way you have walked in life during the years you have lived in our midst, and we know the community in which you are about to reside will be worthy of no better than you, and it will be their gain and our loss when you leave us.

Now, Miss Grace, we ask you to accept these gifts from us, not for their intrinsic value, but as a slight token of our esteem for you, and we wish you every happiness in your future life and also your intended companion, and we trust he will realize to small extent the value of the prize he is about to receive by joining hands with you, and may we have the pleasure of seeing you and your companion-to-be in our company very often, as we will always greet you when you can find time to come back to us.

Signed on behalf of the friends assembled here tonight: Beste Finlan, Reta Griffiths.

MAY START MILL.

Cobourg.—Mr. Rice, of Bickering, who is manager of a flax mill there, was in town. He intends starting a series of flax mills along the lake shore, at Port Hope, Cobourg, Trenton and another place. What he desires is a free site, exemption from taxation and to dispose of some of the stock to local parties. At present the flax, after it is milled, is shipped to the United States or Ireland, to be spun into linen, and it is his intention if enough flax mills can be started to also start a spinning mill, where the complete linen will be made.

NO INFRACTIONS OF GAME LAWS

The game and fishing laws are being quite closely observed by sportsmen in this part of the country, there being no infractions of the regulations reported, as far as can be learned.

The bride-elect is a daughter of Mr. and Mrs. Fitzherbert Wright of Yeldersley Hall, Derby, England. Miss Wright visited at Rideau Hall last spring, and was here with the vice-regal party at the races at Blue Bonnets.

QUEEN INSISTS ON BLACK.

Orders Two Straight Frocks From Worth. PARIS, Oct. 20.—The Queen of Spain was here about a fortnight ago on a shopping trip and ordered her winter clothes that she might be ready for her when she returns in October. She ordered two very smart afternoon frocks from Worth. One was made of the new satin crepe called "oracquellette." It was all black, made on perfectly straight lines with no belt and slightly fitted at the waist in princess fashion. It was on the order of a coat dress with no trimming other than a band of monkey around the hem and a monkey collar muff with it.

Queen Victoria is one of the many smart dressers who absolutely refuses to give up black regardless of the fact that the dressmakers are trying every means to persuade French women that black must be discarded. Her other new Worth frock is black heavy Venetian lace—a true Indian cascock with a deep band of heavy old gold lace around the bottom and long sleeves wide at the wrist and finished by the same deep band of gold lace. It is cut V at the neck and worn over a satin crepe slip which has a band of the black lace around the bottom, showing from underneath the cascock.

Bold Attacks by Turk Horsemen Menaced the Greek General Staff ASSAULT FROM REAR Every Man at G.H.Q. Rushed Out With Rifles to Stop Advance of Enemy

WITH THE GREEK ARMY IN THE FIELD (The Associated Press).—Mustapha Kemal's daring cavalrymen and irregulars who are scattered about Anatolia have given the Greek Army a great deal of anxiety by their attacks upon Greek supply columns and their bold attempts to capture the Greek General Staff.

When the Associated Press correspondent was at Usurbek, south of the Sakaria River, several hundred of these Turkish horsemen descended upon the village and attempted to carry off the General Staff, including General Papoulas, Commander-in-Chief, and Prince George.

The Turkish cavalrymen galloped across the low-lying hills at daybreak and took up positions about a mile from the village in which Greek G.H.Q. were located. At the sound of the alarm from Greek sentries on the crest, General Papoulas ordered every available man, even clerks, typists and orderlies, to take up rifles. The Turkish shells and bullets were humming overhead.

INDIAN WOMAN SUICIDES. Is Thought to be First Suicide on St. Regis Reservation. KINGSTON—Mrs. Angus Sawatis of St. Regis, committed suicide by taking Paris green. In company with her husband she attended a dance in the early part of the evening. She suffered intensely but told no one what she had done until near the end, and then she asked those around not to try to save her. A suicide among the Indians is a rare event. It is not remembered when one occurred on the St. Regis Reservation before.

MRS. ASQUITH AGAIN

The "Ladies Field," by arrangement with Mr. Thornton Butterworth, has begun the publication of another remarkable diary by Mrs. Asquith. It is the story of "A Little Journey" undertaken with her father and mother in the autumn of 1891—exactly thirty years ago—to Milan, Rome and the Nile.

Among the distinguished names which appear in its pages are those of Mr. Arthur Balfour, Mr. Spencer Lyttleton, the late Sir Algernon West, Lord Ribblesdale, "Mr." Rennell Rodd, Lord Dufferin, Mr. Harry Cust, "Mr. Alfred Milner," Sir Evelyn Baring, Oscar Wilde, Lord Athlumney, Lady Baring, Sir Francis Grenfell, "Colonel" Kitchener, Mr. Wilfrid Blunt, Princess Nazli, and Lady Charles Balfour.

By the courtesy of the editor of the "Ladies Field," the London "Star" publishes the following extracts from the diary: Rome, November 13, 1891. We lunched at a posh house on macaroni and salad, and then drove to the Colosseum, the Forum, and the Capitol. I was spell-bound with wonder and depression at the ruins of so much greatness and glory. The earth seems to have sighed so deeply that she shook off all her ornaments.

AGED TRENTON MAN DIES; SHOOTSELF THROUGH HEART. Alexander Mountney, of Trenton, aged 65 years, committed suicide by shooting himself through the heart with a bullet from a .22 calibre rifle. He had several times complained of being weary of life. The unfortunate man, who had lived with his son-in-law, Mr. Ed. Bassett, Wragg street, near Hagna Park, had wandered away from home and his step-son, Mr. John Cooney, noticing his absence when he came downstairs, began a search for him with the aid of nine neighbors and friends.

Several hours' search revealed the still warm body of the unfortunate man 170 yards from the entrance of the park. The body was lying face downward.

The old gentleman had opened his vest and shot himself just below the sixth rib with a .22 calibre revolver and then had placed the gun back in his pocket. It must have taken some time for death to overtake him as the calibre of the revolver is small and the weapon weak for such a task. Decided had left what money and valuables he had in a pile and arranged all preliminaries in his bed room before committing the deed.

NEARLY KILLED BY ELEPHANT

Hunter Busy Taking Photographs Rolled Over by Angry Monster HOW HE ESCAPED LONDON, Oct. 21.—A good elephant yarn is told by J. Morewood Dowsett, a well-known big game hunter, who has just returned from a hunting trip in South Africa. He was hunting elephants in Uganda when information was brought to him of the whereabouts of a large herd. With a native chief and a house boy, he started to find them.

The party came upon the herd in the forest. Mr. Dowsett got several photographs within 20 yards of the beasts when the chief warned him that the animals were coming for them. Snatching up his rifle Mr. Dowsett shot and killed the leader, a big bull.

While some surrounded their dead leader, many of the beasts stampeded and, running the wrong way, Mr. Dowsett was cut off from the party. Reloading his gun, the hunter dashed off for safety and ran into a big bull elephant which crashed through the bush six yards in front of him. Trunk aloft, ears extended and trumpeting wildly, the beast rushed at Mr. Dowsett and swept him to the ground with his trunk and turned rapidly in its own length ready to trample him.

His utterances were far the most outspoken confession that the pure communist theory is not working, that any Bolshevik has yet made. The Soviet Premier laid the blame for this failure not upon the communist doctrine itself, but upon conditions that made its realization impossible.

ADMITS FAILURE OF COMMUNISM. Lenin Says Russia Must be Reorganized on a Capitalist Basis COLLAPSE COMPLETE Most Outspoken Confession That any Bolshevik Has Yet Made MOSCOW, Oct. 23.—Further admission of the complete breakdown in Russia's working political economy and the need for a general reorganization on a capitalist basis was made by Nikolai Lenin in an address here today. His utterances were far the most outspoken confession that the pure communist theory is not working, that any Bolshevik has yet made.

AGED TRENTON MAN DIES; SHOOTSELF THROUGH HEART. Alexander Mountney, of Trenton, aged 65 years, committed suicide by shooting himself through the heart with a bullet from a .22 calibre rifle. He had several times complained of being weary of life. The unfortunate man, who had lived with his son-in-law, Mr. Ed. Bassett, Wragg street, near Hagna Park, had wandered away from home and his step-son, Mr. John Cooney, noticing his absence when he came downstairs, began a search for him with the aid of nine neighbors and friends.

SUFFERED YEARS WITH ECZEMA

"Fruit-a-lives" Cleared Her Skin

POINDEXER ST. PIETRE, P.O. "I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of "Sootha-Salva" and two boxes of "Fruit-a-lives" and my hands are now clear. The pain is gone and there has been no return. I think it is marvellous because no other medicine did me any good until I used "Sootha-Salva" and "Fruit-a-lives", the wonderful medicine made from fruit.

APPLE JELLY WITH VARIATIONS

Apple jelly is the easiest to make and one of the best to eat. Various apples have their individual flavors; that of red and white crab apples is perhaps the most delicately acid and suitable to serve with meats. From the point of view of food values, all fruit jellies are fairly rich in fuel value, being made so largely as sugar and containing pectin, which counts as a carbohydrate because it is changed by ripening or cooking from an insoluble acid compound in the green fruit to a soluble, digestible substance like the carbohydrates, and serving the same purpose in nutrition. Jellies made from fruits are therefore useful to supply heat and energy, but do not furnish protein to build tissue. The fruit juice contains acids helpful in digestion.

To make apple jelly, wash apples, cut off stems and blossom ends, and cut in halves or quarters. Just cover with water and cook slowly in a covered granite dish until soft; mash, and drain over night through a jelly bag, heat an equal quantity of sugar, boil the juice twenty minutes, add the hot sugar, boil five minutes, skim, and pour into clean glasses. Let stand twenty-four hours in a sunny window, cover with melted paraffin wax and store in a cool dry place. Any fruit juice such as would not jelly by itself, strawberry, raspberry or cherry, may be used to flavor apple jelly. Mint jelly is made by boiling half a dozen sprays of fresh mint in the juice and straining them out when the jelly is poured off. It may be colored green with a small quantity of fruit green, bought from a druggist. A spray of rose geranium may be used instead of mint, to give an unusual flavor. Spiced apple jelly may be made by boiling spices in the juice as desired.

WHEN WILL MORE OF OUR PEOPLE WAKE UP TO CANADA'S BEAUTIES?

"No, I've never been to the coast. You know, we always go to the Old Country when we have a long holiday."

How many Canadians do we hear say this. Perhaps some of our society folk who imitate New York's latest whim are due for an awakening, for word comes from Gotham that the Canadian Northwest is becoming very popular with New Yorkers. Mr. and Mrs. Cornelius Vanderbilt, Jr., spent a delightful summer on Arbutus Island, at Alberni, British Columbia. They occupied a dear little house far from the madding crowd, the jingling telephone and the whizzing wires and yet were just as comfortable as they would have been at Newport.

Westerners will tell you that this is the very house that the young pair almost built with their own hands during their honeymoon summer out there two years ago. Although so far removed, Mr. and Mrs. Vanderbilt had their own pump house on the island, and a safe, sea-worthy little motorboat that carried them all over the many miles of waterway, with a motor car at one point, always waiting to take them to the mainland. They used kerosene lamps, and the little cottage was bright with chintz and cottage furniture. There was plenty of fishing near by, and bears were as frequent as squirrels in Central Park.

Really Reliable Asthma Remedy. All sufferers from chronic Asthma should try Dr. J. D. Kellogg's Asthma Remedy, no matter how many others have failed to give relief. It is a common thing for Dr. J. D. Kellogg's to succeed where others fail, as is testified by many thousands who have found this out for themselves. Why continue to endure days and nights of unspeakable agony when a remedy of such high standing has not yet been tested?

Virginia Page Says

I was mad at my sister Gladis on account of her having told pop to look how dirty my hands were while we were eating supper, and pop sent me up to wash them and when I came down again the mash potatoes were all gone, spoiling my hole supper on account of me only had 2 helpings before I was sent up, and after supper Gladis went to the movies with Mr. Perkins and I went up in her room to look for revenge, thinking, G, I know, I'll take the stopper out of this bottle of perfume and hide it and the smell will all leak out of the bottle and Gladis won't be able to find the stopper.

And I started to pull the stopper out, only the more I pulled the more it stayed in. Being a glass stopper with a sharp top and sharp edges making it hard to pull, and my fingers started to hurt like anything, me thinking, Heck, this is a heck of a stopper, heck. And I tried to get it out for about an hour, and just when I was going to give it up in disgust, what did it do but come out just as easy as it went in. I could do it in the first place. And I left the bottle there and hid the stopper in my room, and I was in bed when Gladis started to come up to see me, and I heard her and quick as a flash I hid the stopper behind her door to hear what she would say when she smelt the small leak-out of her perfume and didn't see the stopper. Which pretty soon I heard her say, Did anybody spill any perfume around here? Well for Peets sake, that awful stopper is out at last. Where in the world is it? O well, I don't care, I hope and pray I'll never see it again, I've bin trying to get it out every day for 3 months. Me thinking, Aw gosh, what the dooce, good nite, after me getting my fingers all sore. And this morning I smeared glue all over the bottom of the stopper and put it back in the bottle again.

WOMEN'S VOICES DRIVING MEN MAD?

Much has been written about the nasal twang of the Yankee voice, and there are those who say they can find many duplicates here. But it is interesting to note that a certain feminine voice expert declared to a Philadelphia audience the other day that there are actually men in asylums today because of their wives' high-pitched voices!

A Philadelphia editor supports her theory on general principles because, as this authority pointed out, such victims of matrimony are "by nature nervous. They married nervous women, and being forced to listen continually to the high and piercing voices, so often characteristic of nervous women, their own nervousness soon took a serious turn."

HOT CAKES TO SERVE ON COLD MORNINGS

On nippy mornings a heavier breakfast than the one of fruit and toast and coffee has a decided appeal. Corn meal can be used for pancakes, muffins, breads and the always popular meal. Breakfast dishes of corn meal are nourishing and appetizing and easy to prepare.

There are white and yellow meals and meals of coarse and fine milling. In certain sections of the country the corn is parched before grinding. This meal makes the most delicious fried mush, but is not so good in muffins. A very coarse meal should be mixed with white flour when making pancakes, breads, or muffins. The baked dish made of all corn meal would be too crumbly to eat comfortably.

CORN MUFFINS

One-fourth cup butter, 2 tablespoons sugar, 1 egg, 1 cup milk, 1 1/2 cups flour, 3/4 cup corn meal, 4 teaspoons baking powder, 1/2 teaspoon salt. Cream butter and sugar. Add egg well beaten and mix thoroughly. Mix and sift dry ingredients and add to cream. Add dry mixture to first mixture alternately with milk. Bake in buttered gem pans for twenty-five minutes in a hot oven.

CORN MEAL PANCAKES

One and one-half cups flour, 1 cup corn meal, 5 teaspoons baking powder, 1 teaspoon salt, 3 tablespoons sugar, 2 cups boiling water, 3/4 cup milk, 1 egg, 3 tablespoons melted butter. Add meal to boiling water and boil, stirring constantly, for five minutes. Remove from fire and add milk. Stir till smooth and add dry ingredients

Ontario's I. O. D. E. in Session Pay Tribute to Lady Beck

CHATHAM, Ont., Oct. 24.—At the opening sessions of the Provincial Chapter meetings, attended by several hundred women, I.O.D.E. officers from all over Ontario, Mrs. Harry Burkholder paid a tribute to the wonderful work of Lady Beck, and by standing vote a message of deepest sympathy was sent to Sir Adam and Miss Marion Beck.

Splendid reports of increasing interest and growth of I.O.D.E. chapters and their varied service throughout the province were given. Twelve new chapters have been formed since last spring, and it was pointed out that whereas at the outbreak of war the whole order throughout Canada numbered 225 chapters, Ontario alone now has 287. Recent bereavement prevented Chatham's Municipal Regent, Mrs. R. V. Bray, from being present, and Mrs. H. A. Andrews read the address of welcome. Miss E. L. Mowat, of Kingston, in responding, dwelt on Chatham's historical interest. At the luncheon tendered the delegates at noon by the Chatham City Council the Mayor voiced Chatham's appreciation of the varied work of the I.O.D.E. in the Maple Leaf City.

DON'T LIE TO CHILDREN

London, Oct. 22.—By a unanimous vote Mrs. Will Pugsley, of Toronto, was elected as president of the Ontario Women's Christian Temperance Union at the annual meeting here, succeeding Mrs. Hattie A. Stevens, of Toronto, who has held the office for nine years. Mrs. W. T. G. Brown, of Ottawa, was chosen as vice-president.

The next annual meeting will probably be held in Toronto. A resolution endorsing the stand of the physicians in asking that liquor prescriptions be limited to six-ounce ounces instead of the forty now allowed, was carried. An important change in the constitution was made whereby local and county officers are to be limited wherever it is deemed practicable to three years, and provincial officers to five-year terms. "Don't tell your little children lies. No one understands so quickly that mother is telling something untrue as a little child and no one does it so much as mothers. Mothers must obtain their hold on their children when they are little, if they are to teach them obedience." Soften the hearts of your children by telling them the truth.

What Shall I Do?

Ques.—Dear Miss Page: Can you advise me how I can become acquainted with some worthy woman who desires a good home on the farm? My object is matrimony if suited.—A. B. C.

Ans.—When I receive such letters as yours (and I have had several such) I'm always sorry I can't help more. I realize that farm work is confusing and your time for getting out and becoming acquainted is limited. How about attending church socials or joining some lodge which has social features? Many of the granges and the fraternal insurance orders meet once in two weeks for a social time. Inquire of some member in a town near you and find out about them. Get out among people as much as possible, and you'll succeed in time in meeting just the person you'll care for. Success in your search!

NO PLACE LIKE HOME

Ques.—Dear Miss Page: I am only a young girl of 15. I am not crazy about boys, but there is a boy that I do like and that I have gone with for nearly two years. He is 17. He acts older than he is and is very nice in his ways. He is a jazz player. He says he likes me best of any girl. But I do not know whether to believe him. He comes over to my house nearly every night. He plays the piano, and talks with my mother, sisters and brothers. We sometimes play cards. But he never takes me out, and I am getting tired of it. Now when he calls up I tell him I'm going out with my sister. I'm always telling him some lies, and I hate to see powder can and let stand over night. I remove from pan and cut in thin slices. Fry in frying pan in hot fat or dripping. If crisp and dry mush is preferred, fry slowly. Serve with maple syrup.

"Undecided"—You are both mature and have known each other long enough to decide whether you are general and care enough for each other to risk marriage. If you are sensible in your home adjustments you will be happy, and respect and kindness will certainly bring real love.

"Bobbied Hair"—Bobbied hair is sanitary, convenient and often becoming. I think it is entirely sensible. But prejudices, if you have, and you know, dear, we often have to adapt ourselves to them even when they seem unreasonable. Another of the big markets which have been so frequent here for the past few months greeted buyers today on the market square. Prices were inclined to be easier. The offerings were plentiful. Eggs sold at 55 cents; butter moved downward, the highest today being fifty cents. Chickens were so numerous that decline was registered, a good sized pair being bought for \$1.40 to \$1.50. Chickens by the pound were worth 32 to 25 cents. Potatoes were held at \$2.25 to \$2.50 per bag, although the wholesale prices are far beneath these figures.

Small produce was moderate in price: cauliflower, 10 to 15 cents; onions, 60c to \$1 per peck; parsnips, carrots, beets, 40 cents a peck; turnips, 30 cents; squash, 10 to 25 cents each; celery, 10, 15, 20 cents a head; cabbage, 5 to 15 cents per head; strawberry tomatoes, 5 cents a quart; melons, 10 to 25 cents. Meats are no firmer, a particularly lame spot being in hogs. Beef hides sell for 12 cents; lamb, 20 cents; pork, \$13.50. Grains show the same weakness as of last week. Hides are still selling at 3 to 4 cents per pound. No loose hay was offered. Baled hay is held at \$50 in carlots. First mate and wheelman of the wooden steamer Wm. H. Wolf perished when the boat burned at Somers, Ont.

Miller's Worm Powders are the medicine for children who are found suffering from the ravages of worms. They immediately alter the stomach conditions under which the worms subsist and drive them from the system, and, at the same time, they are tonical in their effect upon the digestive organs, restoring them to healthful operation and ensuring immunity from further disorders from such a cause. ALLOWED TO KILL GAME. Government Allows Indians who are Starving to Shoot Game.

As a direct outcome of the activities of the League of Indians in Canada, it is reported by Chief F. O. Loft, president of the organization, that the Manitoba Government has been induced to allow the Indians in that province to shoot game for food during the coming winter. Indians in the West, it is stated, are in a very bad way in many cases, owing to crop failures, but the matter did not come to a head until some of them were arrested and had their guns confiscated, when they went out for protected game. Now their guns are to be returned to them. The same concession has been secured in British Columbia. Chief Loft reports that the situation in Ontario is fairly satisfactory, from the standpoint of the Indians, as they, like the northern settlers, are permitted to kill game for food.
