TO NATIONALIZE ALL BRITISH RAILWAYS

Lloyd George is Behind Scheme Which Will Mean Cheaper Railway Facilities For Agricultural Products—Big Revolution Planned.

[Canadian Press Despatch] LONDON, Oct. 24.—The important official announcement last night seems to indicate that the whole question of the nationalization of British railways is to receive consideration. A royal commission has been appointed to inquire into the relations between the railway companies of Great Britain and the state in respect to matters other than safety of working and conditions of employment and report what changes, if any, are desirable in such relationship.

SEPARATE SCHOOLS WILL LOSE GRANT

No Report From Ottawa That the Schools Had Been Properly Conducted

OTTAWA, Oct. 24.—The stand taken by the Ottawa Separate School Board in regard to the bilingual question resulted yesterday in the board being notified by the Department of Education that owing to the fact that there has been no report from the inspector of schools for the last school year, the separate schools of Ottawa were "reluctantly" according to the School Act and regulations, all grants due for the current fiscal year have been forfeited. The attention of the board is called in the communication to section 107 of the regulations, which states that the trustees of every school shall be held personally responsible for the amount of school moneys forfeited by or to the board in consequence of neglect of duty. This means that an amount of money equal to the Government grants may have to be made up by the members of the board themselves. It is understood that a special meeting of the board will be called to consider this communication.

Hydro Plans For The Household

Before the sale of electric appliances for household and other uses is inaugurated by the local Hydro-Electric department a conference will in all likelihood be held between the dealers of the city and the members of the Hydro Commission. The aldermen, in their proposal to sell appliances at cost state that the idea is simply to increase the consumption of current, and when it is increased by the use of such it means a great saving to householders in general. It is not desired to hurt the trade of any of the dealers, but to create a justified and economic demand for current.

Big Demands

Forty Thousand Railway Men Want Increase in Wages.

CHICAGO, Oct. 24.—Forty thousand locomotive engineers and firemen employed by ninety railroads running west of Chicago, have notified officials of the lines that they will terminate their present labor agreements November 10 and demand a wage increase aggregating \$50,000,000 a year, according to statements in railroad circles yesterday. The railroads in turn notified Warren S. Stone, Chief of the Brotherhood of Locomotive Engineers and W. S. Carter, chief of the firemen, that they would welcome a readjustment of wage schedules. In addition to a wage increase the firemen and engineers are asking for a joint contract with the roads. The advance sought ranges between 25 cents and \$1 a hundred miles, according to the nature of the service.

OFFICIAL RECEPTION TO THE CONNAUGHTS

Although the Duke Only Wants a Pleasant How-do-you-do.

QUEBEC, Oct. 24.—While appreciating the wish of the Governor-General that his return to Canada might be recognized as simply and democratically as possible, the Duke of Connaught, who, with the Duchess and the Princess Patricia, will reach here on the Empress of Britain tonight, will be officially greeted by Premier Borden and Mayor Brindley. If the Duke decides to leave at once for Ottawa on the special train waiting here, the Mayor will read an address of welcome which has been prepared, to-night, but it is hoped that the Governor-General will stay over till to-morrow morning when he can be received in a more formal manner.

STOP YOU SUFFRAGETTE, NEW YORK, Oct. 24.—Acting on complaints that copies of the "The Suffragette," a magazine devoted to the suffrage cause, published in England and sold in this country in connection with Mrs. Emmeline Pankhurst's visit, contained objectionable matters on sex questions, representatives of Commissioner Waldo have asked for "Jane Doe" warrant for a woman who has been selling the publication. The specific sale complained of is alleged to have been made yesterday in the rooms of the Political Equality Association—Mrs. O. H. P. Belmont's organization.

Injured at Paris This Morning

PARIS, Ont., Oct. 24.—James Scott, employed by the municipality as a lineman, was badly hurt this morning when assisting in tearing out one of the large boilers in the local power-house. Scott was crushed by the cement floor by a mass of brick and iron. He is at present unconscious, and the extent of his injuries cannot be ascertained.

New Stained Glass Windows For Church

The beauty of St. Andrew's Presbyterian Church, Brantford, is to be further enhanced by an important new feature in the form of stained glass windows, which will be put in throughout the entire church. The contract has been let to the Cloissone Glass Company of Berlin, and work will start this afternoon. The most modern and artistic design will be chosen, and the church, from both interior and exterior, will have much added to its attractiveness. The outlay will be a large one.

NO ACRIMONY OVER SITUATION

Great Britain and the United States Differ, But That is All.

[Canadian Press Despatch] LONDON, Oct. 24.—The Times publishes the following statement this morning: "Nothing is known in competent quarters of any unsatisfactory developments in the Anglo-American relations with regard to Mexico. An exchange of views has repeatedly occurred between Sir Edward Grey and Ambassador Page, but no friction has arisen in any direction, nor have the communications received from Washington possessed the comminatory character attributed to them in some of the reports from American sources."

KINGSTON PEN. PROBE GOING ON MERRILY

What it Means to Be a Convict—Some Charges Are Sustained, and Others Are But Idle Gossip—Proceedings Given in Detail.

KINGSTON, Ont., Oct. 24.—The Royal Commission appointed to investigate conditions prevailing at Kingston penitentiary and to probe serious charges made against the administration of Deputy Warden O'Leary, Surgeon Dr. Phelan and Hospital Overseer Wilson, finished the seventh day for taking evidence yesterday afternoon. So far the bulk of the evidence has been of a trivial character or of idle gossip, which fails to withstand the most perfunctory cross-examination. From the mass of evidence produced and carefully sifted, the most serious charge against Deputy Warden O'Leary, that would seem to require better explanation than is apparent discrimination exercised in favor of Roman Catholic guards who seemingly are given 90 per cent of the preferred positions, although numerically there are a great majority on the staff. Against Dr. Phelan, the charge is that he does not spend a great deal of time in the institution and has collected fees from guards undergoing examination at his hands when applicants for positions. He is paid \$300 per year and is supposed to give all his time to his prison duties. The charges against Hospital Overseer Wilson were taken up yesterday and consisted largely of accusations by two of the guards that the Overseer did not respond to "emergency" calls in the night when the patients in the hospital were suffering great pain. Rather convincing evidence was put in by Dr. Phelan to offset this charge. In one case the patient was admittedly dying from diabetes and nothing could be done for him. In the other case the complainant was a malingering who was feigning illness to get into the hospital and avoid punishment for a breach of prison discipline. In response to an editorial demand in a local paper that the commission "turn on the light" to clear up a charge given publicity in a Toronto paper that "the triangle, the ice cold tub and high pressure hose" were used in punishing prisoners, the commission went after evidence along this line yesterday. It was impossible to get the authority for the story and the evidence of Dr. Platt, the former warden was to the effect that the hose was resorted to only once, about eight years ago, on the suggestion of the inspector, but had never been

TERMS ARE DEFINED FOR STREET RAILWAY

Judge Meredith Extends Time—His Lordship Says Tax Arrears Must All be Paid to City of Brantford by January 23, Next.

Chief Justice R. M. Meredith yesterday made several variations in the judgment in regard to the forfeiture of the Grand Valley Railway Company's franchise to operate street cars in Brantford, on application of counsel for the company. His Lordship extended the time allowed the company in which to decide whether or not they will comply with the conditions imposed until November 23rd. These conditions now include the placing of modern cars with all proper conveniences on the streets within a year; the construction of lines on five pieces of streets within the same period, and to operate cars to West Brantford, along Oxford street to the end of the line, within thirty days after the completion of the bridge by the city. Colored lights must be provided to indicate the various routes at night. Payment of all moneys in arrears must be made before January 23rd, 1914, and moneys falling due thereafter must be paid as soon as they fall due. Any dispute regarding the construction and cars must be referred to the engineer of the Railway Board, while the local Master at Brantford will decide disputes as to the payment of debts. In the event of non-compliance with these conditions the city may take possession of the streets, but not of the assets of the company.

Total Death List Fixed At 134

[Canadian Press Despatch] NEW YORK, Oct. 24.—The total death roll in the Volturno disaster was fixed last night by the Uranium Steamship Company at 134. Of these 102 were passengers. Captain Griffiths of the steamship Star of Ireland, which arrived yesterday from Cardiff, reported to the Uranium Company that he had passed the Volturno last Thursday still burning, about 130 miles west southwest of the place where she was abandoned.

Those Gates

Mr. John Burrow's Narrow Escape at G.T.R. Crossing.

What might have been a serious and probably fatal accident occurred about half past ten last night at the G. T. R. crossing on George street. Mr. John Burrows and family, who were returning in an auto from the Congregational church, drove up George street, and when near the crossing thought that the way was clear as the south gate was up. Mr. Burrows proceeded on his way, and when in the centre of the tracks noticed that the north gate was down, and the yard engine was approaching from the west. He pulled the car to a stop and called to his family to jump out of the car, which they fortunately did. Mr. Burrows yelled at the driver of the engine to stop, which he did as quickly as he could. The engine came in contact with the auto, knocking it off the track and damaging same to some extent. Mr. Burrows and family certainly had a narrow escape, and he lost no time in getting into communication with Mayor Hartman, who intends to take the matter up at the next meeting of the council.

TWENTY-THREE MEN RESCUED

But 220 Men Are Still Entombed in Mine To-day.

[Canadian Press Despatch] DAWSON, N. M., Oct. 24.—Two hundred and twenty men still were entombed early today in Stag, Canyon Mine No. 3, where an explosion occurred on Wednesday afternoon. Twenty-three miners have been taken out of the mine alive and 36 dead have been recovered. None of the rescued can throw any light upon the cause of the explosion or the location of the miners still entombed. With the exception of Jose Fernandez, the miner taken alive from the sixth chamber east, last night, none of the rescued were working near the section of the mine where the explosion occurred. Fernandez has not recovered sufficiently to talk of the disaster, but government and mine officials hope that he will soon be able to tell something definite concerning the cause of the explosion, inasmuch as he was taken from the mine more than 4,000 feet from the main way, the point near which the explosion was most violent. The first of the government rescue cars was expected early to-day, it having been delayed in leaving Pittsburg, Kan., whence it was expected to arrive later in the day. Because so few of the men taken from the mine have had need of resuscitation the presence of the cars has not been so urgent. Oxygen tanks and helmets have been in constant use since the explosion. The air in the outer entrances has clarified and it is reported that scarcely any traces of black damp can be found in that portion of the mine, which has been hastily re-ventilated and re-ventilated by the rescuers.

TEN YEARS' SENTENCE FOR CRIMINAL OFFENCE

A Nineteen-Year-Old Youth Had Assaulted Neighbor Girl of Sixteen.

PERTH, Oct. 24.—At the Fall Assizes, before Mr. Justice Kelly, Lawrence Larocque of Darling township was found guilty of a criminal offence against a sixteen year old neighbor girl, and sentenced to ten years in the penitentiary. Larocque is about nineteen years old. C. J. Roy defended, and H. A. Lavell, Smith's Falls, prosecuted. In the case of John J. Tucker, vs. Bank of Ottawa for \$150,000 damages to credit, character, and business, his Lordship dismissed the case with costs.

WILL PAY PROFITS FROM GAS TO CITY

Berlin Light Commission Decides to Contribute \$2000 to Treasury.

BERLIN, Ont., Oct. 24.—The light commission which operates the gas and electric light plants of this city decided to pay over to the city \$2000 of the profits from the operation of the gas department. The Commission during the last two years has contributed one mill of the tax rate from the gas and electric departments, but the Hydro regulations prevent paying over of the profits of the electric end to the city for the reduction of taxes. Profits of the street railway will also be paid over to the city at the end of the year.

THE NORTHWAY COMPANY, Limited
124-126 Colborne Street

This frock for a young girl shows the new dragged-up-at-the-front drapery which is just now the rage. Such drapery, when made of soft fabric like the figured crepe de chine pictured here, outlines the contours of the figure over the hips, all the fullness of the skirt being at the front. Touches of black velvet and fine machine embroidery smarten the little gown immensely. The skirt is quite short, revealing a buttoned boot with top of cloth.

ANNUAL BANQUET AT PARK BAPTIST
Young People's Bible Study Class Have Fine Time.

The Young People's Bible Study class of the Park Baptist church held its annual banquet last evening in the basement of the church, which was very prettily decorated for the occasion with rich red roses and carnations and palms.

After the excellent supper, enjoyed by 300 or more members and friends of the class, the president Mr. F. W. Buck took charge of the programme, briefly outlining in an enthusiastic address the objects and work of the class during the past year.

Charming solos were sung by Miss Chamberlain and Messrs. E. Roberts and Norton Back. Mr. J. K. Cornelius was the accompanist of the evening.

A humorous reading was excellently rendered by Miss Edwards. Short, bright, interesting addresses were made by Rev. C. W. Rose, the pastor of the church; Messrs. S. G. Read, Dr. Stanley, O. Morris, A. E. James and C. S. Tapscott, the teacher of the class.

A remarkable feature of the evening's programme was the reading of the report of the secretary of the class by Miss K. Feast. This had been prepared with much literary ability and outlined a most successful year's work both in missionary and philanthropic lines.

The class supports two native preachers and a Bible woman in India and has been instrumental in furthering missionary work in that country. It has been active too in many branches of social service.

BOOTH IS SAILING

LONDON, Oct. 24.—General Bramwell Booth, head of Salvation Army, sailed for New York on the Lusitania to-day. It will be his first visit to America where he expects to secure some volunteers as volunteers for where the work of the Salvation Army is to be vastly increased near future. While in New York General Booth may meet his old friend, Mr. J. P. Morgan, who is in the city to make a reconciliation with the Salvation Army, but it is hoped that a reconciliation will be made the first advance.

WAS WELL KNOWN

Wm. Woods, Princess Street, Passed Away Today.

William Woods, a resident of Princess street, Terrace Hill, and one of the best-known men of the community, passed away this morning at his late residence after a somewhat lingering illness. The deceased was a tailor by trade, and for years was prominent in Trades and Labor circles. He once contested Ward Two for alderman, and when the present hospital board was instituted was appointed as the representative of the Trades and Labor Council on the board. A man of the highest integrity and honesty of purpose, and a man of independence and breadth of view, the late Mr. Woods was held in high esteem by all who knew him. He had been poorly in health for some time, having attained a ripe age. The deceased was twice married and leaves a widow and several children to survive his loss. The funeral arrangements have not yet been completed.

The C. P. R. will hereafter not employ any person under sixteen years of age.

JUDGE REFUSES TO HEAR THEM In Quebec an Agnostic is no Good as a Witness in Court. (Canadian Press Despatch) QUEBEC, Oct. 24.—Two Socialists, Albert St. Martin, leader of the Red Marx adherents in Montreal, and Edouard Bolduc, were rejected as witnesses in the Superior Court yesterday by Mr. Justice Lafontaine. In answer to questions from the bench and from counsel, Bolduc averred that he was an agnostic and did not believe in God, that his word was as good as any oath. St. Martin admitted that he believed in God "after his own fashion."

No Acrimony (Continued from Page 1) Huerta Declines Office MEXICO CITY, Oct. 24.—In addition to hearing read a lengthy statement wherein President Huerta set forth the policies of his administration, the members of the diplomatic corps, who gathered at the palace upon his invitation yesterday, heard him give his personal word that he was positively not a candidate for the presidency.

BOOTH IS SAILING. LONDON, Oct. 24.—General William Bramwell Booth, head of the Salvation Army, sails for New York tomorrow on board the Lusitania. It will be his first visit to America, where he expects to secure some Salvationists as volunteers for China, where the work of the Salvation Army is to be vastly increased in the near future. While in New York General Booth may meet his brother Ballington Booth, but it is felt that the Salvation Army circles here that all hopes of a reconciliation will be futile unless the volunteers of America make the first advances.

Highland Hotel Burned Down The Priory Hotel, Beauville, which was one of the most imposing buildings in the district, has been burned down. The loss is estimated at £70,000. The majority of James Morris, Conservative, in Chateaufort, is given officially as 145.

Walked Out Four Hundred Pupils at Garneau School Ottawa Leave. (Canadian Press Despatch) OTTAWA, Oct. 24.—The first local instance of open disobedience of the regulations of the Ontario Education Department concerning bilingual schools, occurred yesterday afternoon when 400 pupils of what is known as Garneau school, arose and walked out in a body when Inspector Lounderby insisted in making his inspection in the English language. St. Peter's school is to be visited by the inspector this afternoon and it is stated there will be a similar walk out there. When the inspector called at Garneau school, the teacher in charge of the first class, briefly explained that she had instructions from the separate school board to dismiss her class if an attempt was made to carry out the inspection in English, she did and all the other classes followed suit. It was stated by local separate school authorities to-day that the provincial government's action in refusing the school grant, would be taken to the courts.

INCREASED MEMBERSHIP

The Borden club in Brantford is a flourishing institution, but it is intended to make it even more so.

There are now many such institutions in Ontario, but the one at Guelph has made the most notable progress.

They have now a membership of 1,600, and expect to report more as the outcome of a campaign which closes this week. The fee is fifty cents per annum, and they do not begin to offer the splendid facilities of the local club, with its billiard and pool tables, carpet ball room, fine assembly hall and all the rest of it.

Every Conservative in the city should be enrolled on the roster, for what Guelph can do, Brantford can also and even more so.

Another matter which should be worthy of consideration, is the affiliation of all the Borden clubs with an annual meeting at which delegates could exchange mutual ideas to the benefit of all.

LONG LEASE OF POWER

The Ottawa Journal reaches the conclusion that "the Borden administration is firmly in the saddle for a considerable term of years."

There can scarcely be any doubt at all even among Liberals, as to the correctness of the above deduction.

Without any disparagement of Sir Wilfrid Laurier's undoubtedly notable personality, it may be safely affirmed that he does not begin, in the matter of true statesmanship, to measure up to the standard of Premier Borden. That fact has become fully established during the short period of two years that the present occupant has filled the post.

Another feature worthy of note is that outside of Sir John Macdonald, Mr. Borden has been the only Conservative premier to carry the country off his own bat.

Sir John Abbott, Sir Mackenzie Bowell, Sir Charles Tupper and Sir John Thompson succeeded to the position and did not carry any election.

Premier Borden not only showed masterly tactics in forcing Sir Wilfrid Laurier to an early election over the reciprocity proposal, but he has also since demonstrated a complete control of the situation. Very seldom indeed has a Canadian first minister passed through such a stormy time as the existing Prime Minister, and he has done so with a tact, and ability and a success which has rightly challenged the admiration of all classes. He has thoroughly demonstrated that he is a broad-minded man possessed of far reaching vision, and that his sole aim is to legislate on behalf of the people and to bring about the further upbuilding of Canada as a nation within the grand old Empire.

In all human probability, the present government will last at least as long as its predecessors—fifteen years—and perhaps for even a longer period, such as the eighteen years between 1878 and 1896.

LIBERAL POLICY ON NAVY QUESTION

There is nothing politically in the wide world—the Toronto Globe so much dislikes as facts. With its usual aptitude for cross distortion and deliberately misrepresenting conditions it now declares that the Conservative Naval policy is a mass of inconsistencies. It fails to enumerate the many policies of the Liberals on this question as proposed and voted for by that party during the last session of parliament.

In 1909 Laurier declared himself in favor of a Canadian naval service in co-operation with the Imperial navy both to be under one control.

In 1910 the Laurier Naval Service Act was so framed as to provide complete separation of the Canadian from the Imperial navy. The Canadian navy was to be absolutely neutral in time of war.

In 1911 contrary to the advice of the Admiralty Laurier refused to supply even one fleet unit.

In 1912 Laurier declared two fleet units were necessary. Why then the refusal of one in 1910?

That the Liberals have no definite naval policy was unmistakably proven during the course of the naval debate in the House of Commons last ses-

sion. A few examples of the vagaries of the Liberal party led by that great (?) Imperial statesman Sir Wilfrid Laurier will suffice.

Policy One: On February 13th last Laurier and his party voted that \$35,000,000 should be appropriated in a lump sum for immediately increasing the naval force of the Empire.

Policy Two: On the same date the Liberals voted that Canada should enter actively upon a course of permanent naval defense, entailing an ultimate expenditure of at least \$150,000,000.

Policy Three: Again on the same day they voted that the Laurier Naval Service Act of 1910 should be carried out.

Policy Four: On February 27 they voted that nothing be done until after redistribution and a general election.

Policy Five: On May 15 they voted that the \$35,000,000 should be expended by a yearly vote.

In view of the above conglomeration of policies can the Globe have the hardihood to declare the Liberals are consistent and sincere.

Mr. Borden threw mere political expediency to the winds. He went to Great Britain and found out what was needed. He proposed that Canada meet that need in the best and most serviceable manner exactly as the Admiralty recommended. His policy is one of co-operation, not of contribution. His policy is what the Admiralty suggested and what the Empire requires.

Notwithstanding the temporary setback due to the Laurier partisan's in the Senate, Canada's duty to the Empire will yet be honorably discharged. Mr. Borden, backed by the great majority of loyal Canadians, is determined it shall.

NOTES AND COMMENTS

Just about the only way to avoid the high cost of living would seem to be to shuffle off.

So the Brantford Street Railway is to get another lease of life, if that's what you may call it.

Guelph following the plan of Brantford, is going to have an Imperial reunion association. If it works as well there as here, that city will never regret the step.

The Stratford Beacon sees a handsome majority coming to the Liberal candidate in South Bruce on Thursday next. But then, the same paper was cock sure that reciprocity would carry in 1911.

If the Grits find any satisfaction in the cut in the East Middlesex Conservative majority, they are welcome to it. They haven't had a crumb of comfort for their little insides for quite a few moons.

Mrs. Pankhurst says that she is not going to advocate militant tactics in the States. At the same time the money she expects to earn there by lecturing will be devoted to house burning and other rascally depredations in the old land.

The variance between John Bull and Uncle Sam over the Mexican situation, is a regrettable feature. To an onlooker, it certainly does look as if an assassinator like Huerta should not be recognized, yet all the leaders seem to be in that game over there.

Grit papers are tickled to death because Hon. George Foster, is saying something on the navy question. In apparent contradiction to what he uttered some years ago. As to that, the saying still holds good that a wise man changes his mind often and a fool never. Gladstone started his political career as a red hot Tory and saw no inconsistency in becoming a Grit. So did Sir Richard Cartwright, in our own land, and Premier Roblin of Manitoba, now a foremost Conservative, was once a Liberal, and Finance Minister White was considered to have leanings that way.

To The Editor

CONDUCTOR'S TROUBLES.

Editor of The Courier, Sir—I would like to ask in your valuable paper, how it is we cannot get green tickets from the office. Last Friday not one conductor had one green ticket and could not get one from the office, and this morning we could not get any. The people blame us for this and it is the fault of the office entirely.

Yours truly, CONDUCTOR, Brantford Street Railway.

The Cash Intrigue

By George Randolph Chester

(Copyright, 1909, by the Bobbs-Merrill Co.)

He told Rensselaer what had transpired at the dinner. Rensselaer clapped him on the back and laughed loud and long.

"The newspapers will not tell you that," he declared. "It's a wonderful thing! Great Scott, man, how many shares do you have?"

"About twenty."

"Then every point drop means \$700.00 to you. This will send the stock down thirty points. Let me figure a minute. Why, that's \$21,000,000!"

"I figure on a little bit more than that," returned Kelvin dryly. "But don't let that distress you any, Bert."

"You might have given a fellow a tip," complained Rensselaer. "How much money have you?"

"A little over \$2,000 of my own," replied Rensselaer, "but I can get hold of \$100,000 more."

"Do you know any way that you can raise your \$12,000 on the London market in the morning?"

"I think I can. Me for it!" said Rensselaer, jumping up. "Watch me make the sidewalk smoke."

"And just to think," he said, "that all this glittering opportunity comes about through old Henry Breed! Why, I have an aunt out at Forest Lakes, a cousin of Breed's she calls herself, but she's a guest for pay and is a sort of near leader for the fair Lillian. She would be above taking money for coaching Lillian and afterward inducting her into society, but she's not above letting Breed handle her investments of a paltry \$10,000 on a guaranteed return of 100 per cent."

"If you want to get those selling orders away you had better hurry," suggested Kelvin, looking at his watch. "I have an idea that the cables will be loaded with just such messages before morning."

Shortly after midnight Kelvin was awakened by the ringing of his telephone bell, and from then on until morning he was kept busy answering calls from the various newspaper offices. He gave them all the information he could. They besieged him for news, for photographs, for the story of his life, and the morning, having given out all the information he had at hand, he was compelled to go to another hotel incognito to escape the reporters. He had brought to him all the morning papers and read with smiles the mass of naive exaggerations.

He was the shrewdest man ever had in the city, and he had seen a combination of all the great financiers in America, from Vanderbilt to Harriman. He had sold short anywhere from 1,000,000 to 10,000,000 shares of stock. His age ranged from sixteen to sixty, his complexion from blood to brunette and his character from a hummingbird's to a vampire's. About only two things was there no disagreement—he had conducted his commendable transactions with real money, and Henry Breed, whose greed had made this possible, was the most profound economist of the continent.

While he was still reading these accounts the Stock Exchange opened, and it opened with a rush, with practically every trader on the floor wanting to sell and few wanting to buy. Within five minutes of the opening the place was a pandemonium, and he had to be a Hercules who held buying orders. The peculiar part of the movement was that it started simultaneously in nearly every trading group upon the floor. Men with orders to sell 5,000 shares of U. S. Bond no sooner made that commission than they would plunge into the Steel Common group with equal frenzy. Men with orders to wait for a price believed in sheer nervousness. It was a roaring, shrieking, cursing hell, in which clothing was rent and men fought like ferocious dogs for a mere glance from a man who had buying orders.

By 3 o'clock every security listed on the Stock Exchange had dropped twenty points a share. Many of them had gone still lower. That afternoon the private dining rooms of all the exclusive cafes were filled with grave men, certain groups planning to go with the movement and others, more far seeing, devising ways and means to stem the oncoming tide.

Pellman took a train to Forest Lakes, the country home of Henry Breed. The six biggest railroad operators in the street had decided that if any man could influence Breed Pellman was the man. Pellman himself was a millionaire. He had once angered Breed; but, for that matter, Breed had engaged in some quarrel or other with every man in the market.

Pellman approached Forest Lakes with a confidence that diminished as he came in sight of Breed's immense estate.

At the great iron gates a grizzled old woodsman with a gun took Pellman's card through the grill and stepping inside a small lodge, telephoned to the house.

"Mr. Breed is ill," he said. "The doctor has forbidden him to see any one."

"Is the doctor in the house?" asked Pellman.

"Yes, sir."

False Economy

By Wals Mason

When you're buying, buy the best; cheap things are the dearest, far whether it's a sock or vest, you are buying, or a car. Better do without the hat you are needing, till you know you can buy the smoothest that any man in town can show. Better do without the sword that you need to shave your chin, till you feel you can afford one that isn't made of tin.

Better go the same old course, living with your wife alone, than to buy a cheap divorce which is sure to turn out wrong. Cheap things always break your heart and depreciate your fame; therefore, in the clanging mart, seek the best, and buy the same. In the whole long catalogue, seek the best and order that, whether it's a hotbed dog you are wanting, or a cat; whether it's a pair of shoes, or a pound of boneless prunes, or a paper with the news, or a pair of pantaloons; whether it's a book of verse, or a padlock for your chest, or a shotgun or a hearse, it will pay to buy the best. Weariness and discontent of a cheap buying are the fruit; better go as Adam went than to buy a shabby suit.

An Elephant's Bath. The elephant enjoys a bath in the streams and pools of his native habitat, but his lordly brother in captivity finds no such comfort in the bath that from time to time is given him. A trainer thus describes the expensive operation:

It takes a week to carry out the process in every detail. It requires the services of three men and costs \$300. This treatment is necessary for a show elephant and, if the animal is a valuable one, the proprietor of the show does not consider the money wasted.

The first step consists of going over the immense body with the best soap procurable: 150 pounds of soap is used, and the elephant's ears are especially attended to. When the soaping and drying are completed, the elephant is well sand-papered and after that rubbed all over with the purest Indian oil until the mouse-gray skin is supple and glistening.

This last finishing touch is the most expensive part of the whole bath as it means the application of about \$150 worth of Olive-oil.

Paris News

PARIS, Oct. 24.—Burglars broke into the two downtown Paris hotels some time between closing time on Wednesday night and early Thursday morning. At the New Royal they were prying open the cigar case when they broke the glass of the case. It snapped with a sharp report, and evidently fearing that some one would investigate, they made a hasty retreat. At the Arlington there was no sign of an entrance being forced, but the large pane of glass in the door between the office and bar-room was removed and the cash register in the bar pried open and \$40 in cash taken. No loss of cigars or liquor could be detected. The thief or thieves left practical no clue behind. In addition to the loss of money at the Arlington the pairs to the register will be heavy.

"Irish" Wilson was charged Tuesday with stealing a watch worth \$60 from the boarders at Mr. W. K. Kyle's. He was found guilty and allowed to go on suspended sentence, a farmer agreeing to guarantee good behavior on his part and also paying back all the money stolen.

Paris, Brantford and Galt Junior Y.M.C.A. members will compete in an athletic meet here on Saturday afternoon.

KNIFE TO ELIMINATE CRIMINAL TENDENCY

Prisoners From Michigan Are Operated Upon--State of Doctor
Operations Are Destined to Remove Abnormal Conditions Affecting the Nerve Centres--Charges Will be Dismissed if Weakness Overcome.

CHICAGO, Oct. 24.—Four patients were operated on yesterday by Dr. E. H. Pratt of Evesham, Ill., in an effort to eliminate criminal tendencies and moral deficiencies. The operations were performed at the instance of Judge George W. Bridgeman of the Circuit Court of St. Joseph, Mich., who has announced that he will not sentence any one convicted in his court of moral crimes to penitentiaries or insane asylums, until the knife has had an opportunity to regenerate the mind affected. For obvious reasons, the names of the persons upon whom the operations are performed will be withheld. Dr. Pratt in discussing the subject recently with Judge Bridgeman, said that the operations would not destroy any organ or function of the mind or body, but merely would remove abnormal conditions affecting nerve centres. Two of those who went under Dr. Pratt's knife, recently at St. Francis Hospital at Evanston, are brother and sister, both under twenty years of age. If Dr. Pratt succeeds in overcoming their moral weakness, the charges pending against them in Judge Bridgeman's court will be dismissed. Both are said to be recovering rapidly from the effects of the operations. Yesterday's patients were two men

Denied Life Insurance

because his bodily health failed to meet the company's rules, Mr. James Connors says Duffy's Pure Malt Whiskey built him up so that he successfully passed these different physical examinations by the same Life Insurance Co. which formerly rejected his application. No other man will not accept applications for Duffy's.

"I have great faith in your wonderful remedy, which I have taken regularly for the past twenty-five years. Before I took Duffy's Pure Malt Whiskey I was subject to dizziness and heavy eyelids in the winter and had a very poor appetite. My family physician advised me to take a tablespoonful of Duffy's Pure Malt Whiskey before meals. I followed his directions and found it created an appetite, and while taking it I was not subject to the cold chills that I formerly suffered with."

"Twenty years ago I was rejected by a Life Insurance Company, and since taking your whiskey I have built myself up and have passed three times since in the same company. James Connors, 307 Baltic Street, Brooklyn, N.Y."

It is a wonderful remedy in the prevention and relief of nervousness, typhoid, malaria, all stomach troubles, diseases of the throat and lungs, and is recognized as a medicine by doctors of all schools. Sold in SEALED BOTTLES ONLY. Beware of imitations and substitutes. They are positively harmful and are sold for profit only by unscrupulous dealers. Look for the trade mark, the "Old Chemist" on the label, and be certain the seal over the cork is unbroken. Sold by most druggists, dealers and hotels, at \$1.25 a large bottle.

The fascinating hat of the hour is original and quaint in shape and is trimmed with a touch of glowing color. It is their strangeness, their odd shaping and tints, uniting so much real loveliness of line and fabric with unexpected turns and new contours, that make our trimmed hats so different from the common variety. Just the turn of a feather or the shade of a mount will make all the difference between the correctly stylish and the mediocre.

Our Fall and Winter offerings are just at their best now. Visit our millinery department to make your selection, and be assured of the personal attention on which we pride ourselves, as well as the advantage of examining exclusive models from the best shops both in Canada and from abroad.

PHILOSOPHICAL PHELIX AND THE WEATHER

AH, THE MELANCHOLIC DAYS OF AUTUMN!

THE PROBS

TORONTO, Oct. 24—A disturbance now over the southern states is likely to move northeastward to the St. Lawrence valley and cause stormy weather from the great lakes to the Atlantic during Saturday. Rain has fallen in Ontario and Quebec; elsewhere the weather has been fair.

The temperature was about 60 yesterday in Saskatchewan and Alberta.

Forecast. Increasing westerly winds, with rain. Saturday—Showery in the forenoon, followed by strong westerly winds and turning cooler.

Temperature for the last 24 hours: Highest 59; lowest 44. Same date last year: Highest 46; lowest 39. Rainfall .41.

Pretty Warm

Sam Genest at Ottawa Uses Pretty Strong Language.

(Canadian Press Despatch.)

OTTAWA, Oct. 24—Speaking of the withdrawal of the Ontario Government's grant from the local separate school board because of the latter's failure to carry out the bilingual regulations, Chairman Sam Genest today issued a hot defi to the Education Department.

"We are deprived of the grant because we fail to obey the law," he declared. "The government forgets that we base our conduct on a Dominion law, a higher authority than theirs and when the Ontario Government of the department of education enacts legislation which besides being unjust and despotic is in conflict with the British North America Act, it is the duty of the separate school trustees to tell the government that it is exceeding its rights and to demand." This action of withholding the government's educational grant from the separate schools, which have an undeniable right to it in virtue of the British North America Act, is as flagrant an injustice as one could imagine. It is mere blackmail; they want to rob us of our children; for what else does it mean to deprive us, the parents, of our control over their education? This despicable move is in the same class as the ransom exacted from the parents by the kidnaping gangsters of New York City. To my mind it is worse."

G. T. R. INCREASE. MONTREAL, Oct. 24.—Grand Trunk Railway traffic earnings for week ended October 21 were \$1,163,097 compared with \$1,132,142 for the same week last year, an increase of \$31,245.

City News Items.

Mr. Elwood Hopkins left this morning for Cincinnati.

Mr. J. Wallace left this morning for Devonport, Iowa.

Miss Scott of Galt, attended the Canton dance last evening.

Mrs. Duff Adams of Brantford, is the guest of Mrs. O. S. Eby, Hespeler.

Police Court The docket at the police court was this morning, only a couple of minor cases being up for hearing.

Gore Lodge. Gore Lodge, I. O. O. F. held a well attended rehearsal in their lodge room last night. The rain evidently drove the boys into the hall.

Received Cheques The members of the police force, who did patrol duty at the Brantford baseball games during the past season, were given cheques yesterday for the amount due them.

Nearing Completion. Mayor Hartman and the members of the Board of Works are delighted with the progress that is being made with the building of the dyke on the Waterworks property. A few days more of fine weather and the undertaking is completed.

Hunting Expedition. Messrs. F. W. Frank, Donald Waterous, and a few other hunters left this afternoon for Huntsville, on a hunting expedition. They will be joined next week by a number of Brantford gentlemen. Another party headed by Mr. T. J. Barton leave for the Highlands of Ontario, next week.

More Juice Needed. An auto containing a young couple on their way to a dance last night, got cantankerous on the Market St. South Hill, but after cranking and re cranking several times the machine was finally got in motion. The dancers were in time for the second half of the programme.

Looks Shaky. Cement work on the L. E. and N. G. T. R. subway will not be commenced for a week. When these abutments are completed Secord Ltd. have another big cement job near Brantford which makes Mr. Kellett's prophecy of the road in operation by the end of December look shaky.—Paris Review.

Kingston Pen Probe.

(Continued from Page 1)

take them up till this case was concluded. Barry Begg, assistant hospital overseer for 12 years, told of the short time spent by Dr. Phelan in the hospital.

Usually when worked on Sundays it was necessary to use the telephone. He was closely examined by Dr. Edwards with reference to an operation Dr. Phelan started to perform on a convict and then telephoned for another surgeon to assist him. Dr. Edwards emphasized the fact that Dr. Phelan was going to perform the operation after merely administering a local anesthetic. Commissioner Dr. Etherington, laughing, interrupted to remark that such was the up-to-date scientific way of performing this kind of an operation. It was a case where doctors disagreed.

Dr. Phelan was called to clear up a few disputed points and gave strong testimony in favor of Overseer Wilson. The penitentiary surgeon was pressed very closely by Mr. Stewart, on the attitude taken by the overseer and the doctor himself, in reference to convicts who were dying and suffering great pain. "Could you not give something to relieve the pain?" asked Mr. Stewart.

"I would not like to," replied the doctor. "If he died as the result of an injection of morphine, it might be said I killed him."

The doctor defended the hypothetical attitude of a physician who refused to call when he was sure nothing could be done.

A guard, George Marsh, told of finding a convict trying to hang himself. He did not know what to do, wind his clock or try to save the convict. He finally wound his clock and saved the would-be suicide afterwards. He reported the facts to the deputy who said he did right to wind the clock first.

Interesting evidence of two convicts without qualification for the work dressing wounds of patients at operations in the penitentiary hospital was given by P292 this morning. His description of the crude performance was impressive. Dr. Edwards made a point of the fact that this was tolerated by Dr. Phelan. Witness also told of the crowding of the meals on holidays and Sundays. The three were served within five hours—breakfast at 8, dinner at 11, supper at 1.30. Nothing more was served till 8 o'clock the next morning. These convicts did not obtain in the penitentiary generally.

Convicts not in the hospital for dinner had rations served sometimes after 2 o'clock, and could eat it when they liked.

In the hospital the convicts were supposed to eat their dinner at once, as the orderlies were supposed to remove the dishes from the cells.

The testimony of P351, a convict who was a professional nurse, was very strong against conditions in the hospital. The stench from some of the patients was terrible. If the wounds and bed sores had been properly dressed and the patients bathed such conditions could not have developed. He cited two or three cases of men now in the hospital, who had been there from three to eight weeks without getting a bath.

HON. ADAM BECK ON COMMISSION

London Will Go Into Railway Business in Dead Earnest.

LONDON, Oct. 24—Following the favorable expression of the ratepayers on the question of electrifying the London and Port Stanley Railway, the City Council will at its session Monday night give its assent to the issuance of \$7,000,000 worth of debentures for the purpose of its final reading.

The section of the City of London bill passed at the last session of the Legislature having reference to the electrification matter, requires that the council at the next ensuing meeting name a commission of five members to construct, equip, operate, maintain and manage the line to the lake. Mayor Graham is one member of the commission, ex-officio, and according to semi-official information the others will be Hon. Adam Beck, the father of the project, Mr. Philip Pocock, chairman of the City Hydro-Electric and Water Commission, Lieut.-Col. Gartshore, vice-president and General Manager of the McClary Mfg. Co., the city's biggest industry, and Mr. Maxwell D. Fraser, K.C., a prominent barrister, who is associated with Ald. J. P. Moore, in the firm of Fraser and Moore. If these gentlemen consent to act, it is felt by the citizens that the railway will be very capably managed and that the affairs of the new civic enterprise will be administered in a manner that will admit of no criticism.

Alderman John G. Richter, who, while vigorously opposing the electrification of the London and Port Stanley Railway, declared that if the citizens did not accept his counsel, that he would abandon public life, yesterday announced that he had not changed his mind. He stated that he will finish his term, but that he will not seek office after January 1.

Junior O.H.A. Meeting. At a meeting which will be held in the Y.M.C.A. to-night the officers of the junior O.H.A. will be elected and other business transacted.

REMOVAL Lee Hing, Chinese laundry, No. 154 Market street, will remove on or about October 25th to his new premises, No. 144 Market street. Goods called for and delivered to any part of the city within 24 hours.

INDOOR BALL LEAGUE IN WEST ONTARIO

London, Hamilton, Brantford, Woodstock and Other Cities Are Interested.

GUELPH, Oct. 24.—At an enthusiastic meeting held at the armories of those interested in indoor baseball, the following officers were elected: President, Col. Macdonald, K. O. T. M.; Vice-President, Major E. C. O'Brien; Treasurer, Stewart Saunders; Secretary, Arnold Shepherd.

A Western Ontario League is a strong possibility, a circuit consisting of London, Toronto, Hamilton, Brantford, Woodstock, Guelph and Stratford finding favor at the meeting.

"WINTER LEAGUERS" ARE GETTING VERY BUSY

CINCINNATI, O., Oct. 23.—President Chas. W. Murphy of the Chicago Nationals, who is in Cincinnati, denied yesterday the story that Roger Bresnahan had been traded to Brooklyn and would succeed Wm. Dahlen as manager of that club. Murphy said there was absolutely no truth in the report.

SOCCER FOOTBALLERS MUST MAKE A CHOICE

Cannot Remain in Amateur Body if Affiliated With Pro. Clubs.

TORONTO, Oct. 24.—Mr. T. Watson, the President of the Dominion of Canada Football Association, has received the following letter from Mr. N. H. Crow, Secretary of the Amateur Athletic Union of Canada: "I shall be glad if you could assist me in getting the soccer situation straightened in my own mind. Perhaps you would be good enough to send me the constitution, in which I understand you have made provision for the control of the professional footballer."

"Why, in brief, have you thought it necessary to legislate for the professional? Another matter about which I desire light is the affiliation of the D.F.A. with this union. As you are aware articles of alliance were signed some two years ago at the time the D.F.A. was strictly an amateur governing body in every sense of the word, and since which time your constitution has been drastically changed as relating to the

amateur on more than one occasion. Is it regarded by yourself and your officers that the D.F.A. and this union are now affiliated? I do not know whether you consider such affiliation now exists in view of the changed constitution, and I do not know whether to advise you of the annual meeting of this union, at which under the old articles of alliance you were entitled to representatives. Please enlighten me at your convenience."

Mr. Watson has replied, advising the union of the new conditions which are now irrevocable. The D.F.A. amateur definition prohibits the competition of individual amateurs with professionals, but provision is made for meetings between amateur and pro. teams under the following exception: "Provided that notwithstanding the foregoing, or anything in this constitution to the contrary, any club or team affiliated with this association may play with or against any club or team being a member of an association or body affiliated with the Federation Internationale de Football Association."

Sporting Comment

At a meeting to be held in the Y. M. C. A. Tuesday afternoon next the bankers will organize for the hockey season. There is a wealth of hockey material among the bankers and the season should prove a bumper one. As was the case last season inter-bank series will be played. So eager are the bankers to play hockey that the series is an absolute necessity. From the teams in the inter-bank series will be picked the team for the City League. Last season there were three teams in the inter-bank league, players from the Standard and Imperial composing a team, from the Commerce and British another and the Hamilton and Nova Scotia another.

There promises to be an exceptionally large crowd at Agricultural Park on Saturday afternoon to witness the final game in the Courier Cup Series, which will be played between the All Scots and the Y. M. C. A. teams. Mr. W. S. Brewster, M.P.P., will present the cup to the winning team.

Jimmy VanValkenburg, of Hamilton and a former Brantford boy, will be one of the contestants in a boxing meet which will be held in the old armories, Hamilton, next Monday night. A number of Jimmy's friends residing in this city will go down to see the bout.

At a Navy League banquet in London, commemorating Trafalgar, Lord Selborne urged the necessity of Great Britain maintaining the "two keels to one" standard, and expressed his disbelief in the possibility of any naval holiday. Ambassador Page was an invited guest.

THE GIANTS HIT FOR EXTRA BASES

White Sox Beaten in Sixth Game of World's Tour at Sioux City.

SIoux CITY, Iowa, Oct. 24.—With fine weather the Giants and Sox drew the biggest crowd that has seen a game of ball here in years. Excursion trains were run from a radius of 200 miles. Many of the Sox players were with the local club in past years.

The New Yorkers gave Scott a sound thumping, Doyle and Merkle hammering out extra base hits. The Giants won 6 to 3, and now have a record of four wins to the Sox's two. Mattick played left field for the Sox. Speaker will join them to-night. Weaver scored in the first on a double, a wild pitch and a sacrifice. The Giants tied it up in the second on Doyle's double and Merkle's single. Weaver counted again in the third on a single. Duran's bunt and Schaeffer's safe hit, Crawford hit for a home run in the sixth. The Giants made it even when Thorpe walked, but was forced by Magee, Doyle and Merkle then hit for a pair of sacks each. The eighth Thorpe fanned, Magee

singled to deep left. Lobert singled to deep centre, Magee going to second. Doyle doubled into the right field crowd, Magee scoring and Lobert going to third, Merkle doubled to right scoring Lobert and Doyle. Merkle stole third, but Doonan fanned. Doonan out, Scott unassisted. Score, Chicago 3, New York 6.

There was a great increase in the number of visitors to Burns' birthplace during the year ended Sept. 30. The number of visitors who paid for admission to the poet's birthplace was 63,000, as compared with 57,380 in the previous twelve months, an increase of 15,710. As usual visitors came from all parts of the world, but it was noted that there were fewer Americans than usual.

TWO O.H.A. TEAMS ARE LIKELY IN INGERSOLL

Enthusiastic Meeting Last Night at Annual Election of Officers.

INGERSOLL, Oct. 24.—Ingersoll enthusiasts are likely to see some fast hockey during the coming winter. A large meeting was held in the Council chamber last evening, when officers were elected, and, though the decision of entering teams in the O. H. A. was left with the executive, there seems little doubt but that the town will be represented by at least one and possibly two teams.

FINAL GAME TO-MORROW

Y.M.C.A. and All-Scots Will Battle for the Courier Cup.

Weather permitting, the final game in the Courier Cup series will be played at Agricultural Park between the Y. M. C. A. and All-Scots. Both teams have been practicing hard for the game and the players are in the pink of condition.

The teams are very evenly matched and the game should prove close and exciting, in fact it should be one of the best exhibitions of football played this season. Mr. E. Farnsworth will referee the game, which is billed to start at 3.30 sharp. The linesmen will be appointed to-night.

Presentation of Cup.
Mr. W. S. Brewster, M.P.P., has kindly consented to present the cup to the winning team immediately after the game.

The result of the game will be watched with great interest by the followers of the game in the city and the All-Scots say it will be Scotland for Ever and Scotch all the way. The Y. M. C. A. boys are equally confident and are counting on placing the much coveted silverware in the new building.

LONDON SUPPORTS MR. HYDE

LONDON, Oct. 22.—The London Hockey Club held its annual meeting at the Savoy hotel, a full attendance of last year's Junior and intermediate teams were present with few exceptions, and numerous new faces were noticeable, being players who will try conclusions with the old players in an effort to catch places on the two O.H.A. teams this year. The players, who number over 25, will turn out the first week in November to put themselves into condition for the long grind this winter.

LADY'S TRAGIC FATE

Meets Her Death in Doing a Kindly Act to a Pet Pony.

LONDON.—The sad circumstances leading up to the death of Lady Evelyn Alice Eyre, sister of Lord Howe, were described at the inquest at Beaconsfield, on Monday. Her ladyship died as the result of injuries received in a pony trap accident.

No one witnessed the occurrence, but from statements made by her after the accident, it appeared that she has dismounted from the low pony carriage to knock a fly off the pony's neck. When turning back, the pony turned with her, and the shaft knocked her over. A wheel went over her, and her foot caught in the spring of the carriage, and she was dragged a considerable distance.

A farmer named George Wooster stated that on Sept. 26 Lady Eyre's pony and trap walked into his yard at Penn unattended. Afterwards he saw Lady Eyre walking towards his house. The distance she had been dragged was 350 feet.

The doctor's evidence showed that her ladyship had received severe flesh wounds on the body. Grit from the road got into them, and they afterwards became suppurated. Septicæmia and heart failure followed.

A verdict was returned accordingly. Lady Evelyn Eyre was fifty-one, she married, in 1896, Mr. John Eyre, of Curzon street, Mayfair, and Great Eaton, Godalming.

INTERESTING BUT WILL NOT PROVE ANYTHING.

The coming battle between Matheison and Walter Johnson will prove nothing, but will cause a lot of excitement. Put "Big Six" with the Athletics and Walter with the St. Louis Browns and the New Yorker would have everything his own way. Neither will have the support of a smooth working machine when they meet. The only Johnson, however, will probably take a lot of satisfaction in standing the National League batters on their heads. He doesn't have a chance to do this often. He held the Giants to four hits in an exhibition game last spring.

NAILS FROM GALLOWES NOT AN INDUCEMENT.

FORT SMITH, Ark., Oct. 23.—Because a story appeared in a Chicago paper to the effect that when the White Sox and the Giants arrived here to play an exhibition game on their world tour local fans intended presenting to Comiskey and McGraw watch charms made of nails from the old Federal gallowes on which nearly one hundred men were executed, the game has been called off. This, at least, is the explanation given by Comiskey in a letter received here last night.

DEPORTING OF IRISH CHILDREN MAY END THE DUBLIN STRIKE

Plan to House and Feed in England the Children of Strikers Proves a Stupendous Blunder.

DUBLIN, Oct. 24.—Mrs. Lucille Rand, daughter of Henry T. Gage, formerly United States Minister to Portugal, was arraigned in the Kingsdown police court yesterday on the charge of kidnapping two boys under the age of 14 and trying to remove them to England without the consent of their parents. This is the outcome of the plan of the Socialists and others to provide homes for the Irish children in England during the strike of the Transport Workers' Union. Mrs. Rand was particularly interested in the attempt on Wednesday to send a crowd of them to England. This was frustrated through the efforts of Roman Catholic clergymen, and after the rumpus a warrant was issued against Mrs. Rand.

The father of one of the boys, who is alleged, Mrs. Rand was trying to abduct, testified that he had not given his consent to Mrs. Rand to take the boy. He did not even know that the boy was going to England.

Mrs. Montefiore, a prominent society woman, testified to the high social position of Mr. and Mrs. Rand and their charitable intentions. Mrs. Montefiore asked the magistrate to commit her instead of Mrs. Rand, who, she said, was acting in her behalf.

Mrs. Rand was allowed to go on her own bail, and the case was adjourned to October 26.

Mrs. Montefiore, who is a well-known Socialist writer, was arrested last night on a charge of abduction. The deportation of Irish children who are to be educated in England has created tremendous excitement in the city. It completely overshadows the labor crisis. The philanthropic efforts to house and feed in England the hungry children of the strikers might not be objected to if it had been planned in co-operation with the Roman Catholic Church, but the scheme is wholly in the hands of the Socialists, and the clergy vehemently oppose it. The Transport Workers' Union does not appear to have reckoned on the hostility of the Church, and, according to some opinions, Larkin, the leader of the dissatisfied men, led them to commit a stupendous blunder, which will possibly have a disastrous effect on his position. The people's devotion to the clergy is too deeply ingrained to be abandoned even with Larkin's influence.

Some profess to believe that the unexpected situation growing out of the attempted deportations of Irish children may lead to a collapse of the strike and the unconditional resumption of work.

PRINCETON GRADUATE FROM FAR ALASKA

SEATTLE, Wash., Oct. 24.—"Eddie" Hart, erstwhile Princeton football star, who has just returned from Alaska, told friends here yesterday, he was going back to Princeton to help coach the football team. Hart said he would spend two or three weeks helping to put the Tigers in condition for the games with Harvard and Yale.

The Galashiels parish council, on the initiative of the county council, is inquiring into the question of the care and treatment of tuberculous pauper patients, especially those of the vagrant class in the ward of their poorhouse. This class, it was stated, presented a difficulty, as it would be most unreasonable to expect respectable patients to submit without demerit to having persons of the tramp class associated with them.

Rev. Byron Stauffer, of Toronto, at Congregational Church.

In spite of the falling rain there was a large attendance last evening in the Congregational church to listen to the lecture of Rev. Byron Stauffer of Bond St. Congregational Church, Toronto, entitled "My Pennsylvania Dutchman".

During the evening two numbers were acceptably rendered by a mixed quartette and at the conclusion the entire audience arose and sang "God Save the King."

The lecturer of the evening was introduced by the pastor of the church, Rev. Mr. Kelly. The lecture itself proved to be very

At GRAFTON'S you will buy at retail directly of the makers and you pay WHOLESALE PRICES. You get preferred stocks because you get the BEST in fabric, workmanship and style that anyone can give you. You get a BONUS in addition because you save the excess profit, which you must pay anywhere else.

For instance, the maker of a BRANDED SUIT, which sells for \$25 or \$30, must add to his cost of making, a very large profit to cover extensive advertising and other costly methods. THE DEALER in his capacity as sole agent for the Branded Suit, having paid an excessive price, must get an excessive price from his customers. That is why Branded Suits, sold elsewhere at \$25 and \$30, can be duplicated at GRAFTONS for \$18 and \$20. Investigation will prove these facts. Comparison will show that you can always save 25 per cent. in buying GRAFTON CLOTHES.

AN APPEAL FROM PRISON

Is Addressed to Japanese Authorities by An American.

(Canadian Press Despatch) TOKIO, Oct. 24. — The case of John Ellis, business manager of the Japan Advertiser, arrested here on October 13, on a requisition from the American ambassador, on a charge of perjury, came into prominence again today when the accused issued an appeal from the prison where he is confined, asking the Japanese not to deliver him up to the United States and stating that he desired to acquire Japanese citizenship.

Ellis, who is said to be wanted in Boston for the abduction of his daughter and for contempt of court, declares in his appeal that he is a victim of a conspiracy to obtain possession of his daughter, who was awarded by the Boston courts to his wife after their separation. He declares he has never committed perjury. The United States Government opposes the admission of Ellis to bail.

John Ellis was formerly a clergyman, a telegraph operator and a broker. After his separation from his wife, he took an office as broker in a Back Bay hotel at Boston. About a year ago he took his daughter out for a walk and disappeared. Mrs. Ellis in order to trace the couple, resorted to the moving pictures, and by their means located her daughter and husband in Japan.

GIRL HOUSEBREAKER

Gets Through Window, Steals Jewelry, and Gets Woman to Pawn It.

A demure looking school girl, Annie Wilson, twelve, of Cambury Park road, was at Kingston on Saturday committed to a reformatory for five years for breaking and entering a house at Windsor-road, Kingston and stealing jewellery worth £5, the property of Mrs. Cannon.

Mrs. Cannon left her house for a few hours, and at her return in the afternoon found that an entrance had been effected by a window at the rear, and the jewellery was missed from her bedroom. Wilson was afterwards arrested by Detective Faux, and evidence showed that the girl had got a woman described as a pawnbroker, to pledge the articles, saying that their owners wanted to sell them the girl giving the woman six-pence for her trouble. With the money Wilson bought a new blouse and other articles of clothing, which she presented to another school girl, also taking the latter and her brother to a performance at the Kingston Empire, and buying refreshments for the party.

When arrested by Detective Faux, Wilson told the officer various stories as to how she came by the jewellery, one of which was that she picked them up in the road at Kingston. Vale after they had been dropped by a man, but all these were found to be untrue.

The father of the girl was ordered by the Bench to contribute 2s. 6d. a week towards her maintenance in the reformatory.

Fire in W. G. Morgan's clothing store, Owen Sound, did heavy damage.

NOVEL WEDDING SCENE IN LONDON

Bridal Party Walk in Procession Through West End Streets.

LONDON—On the occasion of the marriage of Miss Lillian Tennant and Mr. Felix Watson Taylor at St. Mary's church, The Boltons, South Kensington, the bridal couple followed by the guests in procession, walked back to 19, The Boltons, for the reception.

The spectacle of the bridal procession in a West End street, drew quite an assemblage of spectators. The bride wore a draped dress of white charmeuse, embroidered in silver, and finished with a pearl girle, while her veil was of heavy Brussels point lace, and fell in creamy folds over the long train.

Two tiny children followed as train bearers, and were in turn followed by four taller children, and lastly, Miss Margaret Tennant, the bride's sister in a picture dress of biscuit charmeuse and ninon, the full tunic stiffened with skunk fur, and embroidered with emerald green leaves, matching a fillet on the hair, worn over a short tulle veil.

The little pages were much admired in brown linen Kate Greenway suits and carried large beaver hats. The three little bridesmaids wore white frocks with net frills at the hem, and wreaths of pink daisies over their short veils.

THE CHRISTMAS HOLIDAY SEASON

Early Closing Association to Propose Four Days' Vacation.

LONDON — At the forthcoming meeting of the Early Closing Association Board an important resolution will be submitted dealing with the Christmas holidays throughout the country.

It is proposed to follow the precedent of 1902, and make every effort to secure a closing in wholesale and retail dry goods trades from Wednesday, Dec. 24, to Monday, morning, Dec. 29. Such an arrangement would enable thousands of workers (whose hours of labor prior thereto are considerably lengthened), to enjoy a really good Christmas holiday amid family and country surroundings.

The Board appeal for the co-operation of wholesale and retail firms in the metropolis and the country in making a record holiday.

CAINSVILLE

(From our own correspondent.)

The Sunday services were well attended, our own pastors occupying the pulpit morning and evening. Both sermons were full of suggestive thoughts, especially appropriate for the Thanksgiving season. The music for the day was excellent, quartets by Mrs. Wilson, Miss Smith and Messrs. Smith and Brewer, being rendered at both services.

League was held on Tuesday evening because of the absence of some of the members over the holiday. A very interesting Thanksgiving service, consisting chiefly of songs, was very much enjoyed.

Mr. George Woltz of the O. A. C. accompanied by his friend, Mr. Morton, also of the O. A. C. spent the holiday at the home of Mr. and Mrs. H. Woltz.

Dr. Morrow, accompanied by his wife and baby, of Hamilton, spent the week-end at the parsonage. Mr. Will Flick and Mr. and Mrs. Harry Foulger, were among the number who motored to Simcoe Fair last Friday.

Our teachers attended the Teachers' Association, which met in Brantford Thursday and Friday. As a result, the boys had an opportunity to gather their winter supply of hickory nuts.

Mr. and Mrs. Norrie and baby Jean, of Oakland, and Miss Elsie Norrie, Jarvis, were guests at the home of Mr. and Mrs. J. D. Norrie on Thanksgiving Day.

The Misses Babcock, of Toronto, were holiday visitors at the home of Mrs. Dutton.

Miss Ada Neelands, of Forest, was the guest of her sister, Miss M. Neelands, over the holiday.

Miss Annie Hawley spent Monday afternoon with friends in Paris. Mr. and Mrs. Chas. Wilson entertained a number of their relatives to a Thanksgiving dinner on Monday. Among those present were: Mrs. Jerome and Miss Jerome, of Hamilton; Mr. and Mrs. Peter Greenwood of Echo Place, Mr. and Mrs. E. Dowdy and family of Jerseyville; Mr. and Mrs. Will Dawdy and family of Pine Grove and Mr. and Mrs. W. Dowdy.

Miss C. B. Ferguson spent the week end at the home of her parents, Auburn.

Mr. John O. Whiting of Buffalo, is spending a week at the home of his parents, Mr. and Mrs. J. Whiting.

Miss Marie Cahill and Miss Katie Williams of Brantford, and Miss guests of Miss Iva Mulligan on Sunday.

Mrs. H. Woltz is a guest at the home of her daughters, Mrs. Burke of Hartford.

Miss Annie Graham of the Hamilton Normal School, visited her parents over the holiday. A very pleasant surprise party was held at the home of Mrs. Grantham on Tuesday of last week, when friends to the number of twenty-eight assembled to celebrate the anniversary of her 77th birthday. After wishing their popular hostess many happy returns of the day, a sumptuous supper was enjoyed. The evening was then spent in chatting, story-telling, none being wittier, nor more active than Mrs. Grantham herself. At an early hour the guests retired to their homes.

This expression of good will was very much appreciated by Mrs. Grantham, as she left on Friday for Detroit, where she intends spending the winter among relatives.

Mr. and Mrs. David Papple and Mr. Bruce Papple attended the Papple-Garrison nuptials at Bath, Lennox County, on Saturday.

HARRISBURG

Mr. J. McDonald, foreman here for the Ontario Portland Cement Company, spent the holiday at his home in Barrie.

Mr. and Mrs. L. Prime, lately of this place, but now of Paris, were renewing old friends in the village through the holiday.

NEW CONVENIENT C.P.R. TRAIN TO WINNIPEG.

The popularity of Canadian Pacific service, and the excellence of that road's equipment, has been so greatly appreciated by the travelling public that it has been found necessary to put into service an entirely new Through Standard Express between Toronto and Winnipeg.

Commencing Sunday, October 26th the "Gate City Express" will leave Toronto at 2:30 p.m., and will run daily thereafter, arriving Winnipeg at 8:25 a.m. second morning. The train will consist of the highest class modern equipment. Observation Car, Tourist Sleeping Car, Dining Car, First Class Coach and Colonist Car. This will be found the most convenient and best train between Toronto and Winnipeg on account of the daylight departure from Toronto at an hour when the Union Station is not badly congested, and also on account of the early hour of arrival at Winnipeg.

The present "Vancouver-Express" will continue to leave Toronto at 10:20 p.m. daily and will consist of the same equipment as the "Gate City Express". This train is the best to take for points west of Winnipeg, but for Winnipeg and east the "Gate City Express" is the right train to travel by.

A WONDERFUL COLD CURE. Just think of it, a cold cured in ten minutes—that's what happens when you use "Catarrhoxone." You inhale its soothing balsams and out goes the cold—sniffles are cured—headache is cured—symptoms of catarrh and grippe disappear at once. It's the healing pine essences and powerful antiseptics in Catarrhoxone that enable it to act so quickly. In disease of the nose, for irritable throat, bronchitis, coughs and catarrh it's a marvel. Safe even for children. 25c and \$1.00 sizes at all dealers.

Captain Suspended

Captain H. Moore, of the London steamer Marlwood, had his certificate suspended for a year by the Marine Board at Hull on Tuesday, the allegations against him being that he went on board intoxicated and struggled with the pilot on the bridge.

After Fifty-five Years

After fifty-five years the Indian Mutiny medal was presented by the Mayor of Leamington to Colour-Sergeant Sidwell, who served in India with the 95th (Derbyshire) regiment, now the 2nd Sherwood Foresters.

Why He Left Home

A Yarnmouth boy who ran away from home and rode on a stolen bicycle to Colchester told a policeman who arrested him that he left home because his mother kept him at home to look after the baby, and after that he did not like to go back to school.

Notorious Twin

At the Hitchin Guardians' meeting on Tuesday the relieving officer reported that Albert Ebenezer Fox, one of the notorious Stevenage twins, had been admitted to the workhouse with a dislocated shoulder. The Chairman: Are you sure you have got the right one?

Roused by Burglar Alarm

Awakened at early morn on Tuesday by an electric burglar alarm, Sir Francis Fox and Lady Fox, of The Limes, Wimbledon, went downstairs and found the dining room had been ransacked. Many silver articles and presents had been carried off.

Near the railway station Police Constable Welsh met two men (Chas Lucas and Geo. Jones), and had his

suspicious aroused by hearing something jingle in a bag which Jones was carrying.

The men declared they were electrical engineers. After being arrested Lucas escaped, but was caught by Police Constable Bishop. The men were charged later in the day and remanded.

Stoker Falls From Engine

While walking round his engine to remove the headlights as it was travelling near Manningham, Bradford, Midland Railway stoker named Walter E. H. Rider, twenty, of Hebdon Street, fell off and was fatally injured. "Accidental death" was the verdict returned at the inquest on Tuesday.

Value of Dead Men

The value of a cemetery under Mr. Lloyd George's land valuation scheme was discussed at a meeting of Chudleigh Parish Council on Tuesday. One councillor remarked that according to the Government's valuers the cemetery had increased in value by £35 by having people buried in it. Another said people had evidently an assessable value when dead.

Mutiny on Trawler

Another case of mutiny on a Grimsby fishing vessel was dealt with on Monday, when Thomas Wm. King, deckhand on the trawler Galatia, was charged with disobedience at sea.

The skipper on the vessel stated that after passing Spurn Point bad weather set in, and he had to lay the ship to. After the weather had moderated he ordered the crew to shoot the gear, but defendant and his younger brother said they did not intend to do any work.

CROWN PRINCE OPPOSES KAISER

The German Crown Prince recently wrote to Imperial Chancellor von Bethmann-Hollweg protesting against permission being given to Prince Ernest August of Cumberland, husband of the Crown Prince's sister, to occupy the throne of Brunswick without express renunciation of pretensions to the Hanover throne.

FATHER'S WEDDING GIFT TO SON \$12,000,000

MRS. CHILDS ERICK.

From what is considered an excellent source, it was learned that gifts amounting to \$14,000,000 were made by Mr. Henry C. Erick to his son, Childs Erick, and his bride, Miss Frances Shoemaker Dixon, daughter of Mrs. Isaacs H. Dixon, of Baltimore, Md., at their wedding.

The ceremony was attended by many prominent in Baltimore society. Before the marriage ceremony was performed the father of the bridegroom settled \$12,000,000 absolutely upon his son. Immediately after the ceremony the couple went on their honeymoon the elder Mr. Erick passed an envelope to the bride. This, it was learned, contained the equivalent of \$2,000,000.

The county finance committee recommended the council on Tuesday to issue warrants on the overseers demanding payment within 2 weeks from each parish, or, in default, recovery by distress. The recommendation was adopted.

On Fire in Bed
A singular burning fatality was investigated by an Oldham jury on Tuesday, when the victim was Sarah Jane Whitworth, fifty-one, of Back Jones Street, off Ederton Street, the wife of a stripper and grinder. Smoke was seen issuing from a window. A neighbor rushed into the house and shouted upstairs, "What are you burning?" Mrs. Whitworth replied, "Leave me alone, I am all right." The woman was found in flames lying in bed.

When a constable spoke of removing her to the infirmary the woman began pulling the burnt flesh off, and he had to tie her hands. The husband said his wife told him that her shawl got on fire while she was getting coal from the cellar. Some years ago she was an inmate

of Lancaster Asylum. A verdict of "Death from burns accidentally received" was returned.

Ascot Motor Car Theft
At the Berkshire quarter sessions on Monday John James May, aged 47, described as a laborer, was sentenced to three years penal servitude and five years penal detention, the former for burglary and theft of valuable plate at Beaumont College, Windsor, the property of the Rev George Jinks, and the latter as an habitual criminal since 1882.

Prisoner had served a number of terms of imprisonment, including 7 years for breaking into a church.

Long Taxi Ride
At Huntingdon Quarter Sessions on Tuesday a young groom-gardener named John Robert Papworth, from Brampton, Hunts, was indicted for obtaining credit by false pretences from Edward Ernest Hughes, a taxi-driver, living at King's Cross.

About nine o'clock at night the prisoner went to Hughes on the cab rank at King's Cross and asked to be driven to Huntingdon, giving as a reason that he worked for aeroplane people there, and had been sent from Hendon to fetch a propeller and spare parts. Hughes drove Papworth to Huntingdon. Reaching the aeroplane works, prisoner asked him to wait while he got the key of the garage. He disappeared and never returned. The taximeter registered £5.0s. to d.

AMERICAN GIRL TO BE BRIDE OF DUKE OF CROY

The engagement of Miss Nancy Letshman, daughter of Mrs. John G. A. Letshman, former American Ambassador to Berlin, to the Duke of Croy will soon be announced. It is said the marriage will take place October 24 in Germany.

It had also been proved that accused never had any connection with the aeroplane works. The police said he had previously borne a good character. As he has been in custody since July 27 Papworth was sentenced to two months' hard labour.

Scene at a Wake.
The police having received a complaint that at a wake in Barrack Street, Mullingar, a woman named Mary Giff attempted to take the corpse off the table, they had the woman arrested, and she was summoned on a charge of drunkenness. She was fined 40s. or a month's imprisonment.

Objections to Racecourse.
The Belfast Presbytery at a meeting on Tuesday passed a resolution in opposition to a proposed scheme for a racecourse and regular race meetings in Belfast. The resolution declared that the scheme, by inciting to gambling, would be detrimental to the morals and the spiritual life of the community, "not to mention the depreciation of property."

Clerical Author Honored.
In the occasion of his departure from Westport, Canon James O'Hanrahan was presented by his parishioners with an address and illuminated album. Mr. G. Taylor mentioned the encouragement which the canon had given to local pastimes. While they regretted to lose him, they felt proud of the eminence he had attained in the world of literature, and would follow his career with pleasure and pride.

Fickleness in Love.
An application by a man named Mahon for reinstatement in a labourer's cottage was refused by Dunshaughlin Rural District Council. He was appointed tenant two years ago on promising to get married, but said he could not get a wife. He asked for further time, but when asked to name the time exclaimed: "By jingo, no; maybe the very day you are going to be married she would kick up again."

Twenty Years in Prison
At the Berkshire quarter sessions on Monday John James May, aged 47, described as a laborer, was sentenced to three years penal servitude and five years penal detention, the former for burglary and theft of valuable plate at Beaumont College, Windsor, the property of the Rev George Jinks, and the latter as an habitual criminal since 1882.

Prisoner had served a number of terms of imprisonment, including 7 years for breaking into a church.

Why The Slater Shoe Gives Better Wear

The genuine Slater Shoe is made to live up to a standard selling price, which is fixed by the factory and plainly stamped on the sole BEFORE the shoes are shipped. This puts the responsibility of VALUE up to the factory. The shoes must "make good" in style, workmanship and material, otherwise the makers couldn't afford to spend thousands of dollars in advertising their product as THE BEST FOR THE PRICE.

For over 40 years the genuine Slater Shoe has been advertised as the standard of value at the price stamped on the sole. During that time their sales have CONSTANTLY INCREASED year by year. There must be a REASON. The reason is that Slater Shoes (the genuine) wear better than other shoes. They are built to a rigid standard of VALUE, which is THE BEST POSSIBLE TO OBTAIN FOR THE STAMPED PRICE.

Went Through Rapids For Moving Pictures

Buffalo Man Made Daring Journey -- Rescued by Niagara Falls Chief of Police and Party After Hard Work.

NIAGARA FALLS, Ont., Oct. 24. The climax in securing motion picture films in this neighborhood was reached yesterday when P. W. Langard of Buffalo made a trip through the whirlpool rapids in a motor boat on behalf of a moving picture company working for a Toledo, Ohio, film company.

The thrilling trip was successfully made, but for hours, Langard, who is a small, lightly built man, remained in the whirlpool until Chief Newman of the city's fire department and a party were summoned to rescue him from his perilous plight. This they succeeded in doing last night after much hard work. The boat, which was a small, light craft about twelve feet long, was decked over, and driven by a powerful engine tested to run for 300 hours. The boat was launched at the Maid of the Mist landing on the Canadian side at 4:25 p.m. Within sight of hundreds of

people, who lined both sides of the bank, Langard's little craft started on its voyage down the river. Shouted for help. The engine was started by the engineer and, according to orders, was not to be touched until Langard got to Lewiston. It shot down the stream to the tower bridge, took the two most treacherous waves in splendid style, and passed on down to the lower rapids where it was enveloped by the waves, but soon came to view and circled round and round the stream. The engine had given out and Langard was helpless. At one time the boat came within ten feet of the shore, and it looked as if it would be an easy thing to reach a place of safety, but it drifted out again and was lost in the stream until nightfall when Langard cried for help, as he was almost exhausted. The rescue was made at 8 p.m.

Police Not Notified. Preparations for the trip were kept very quiet until yesterday, when the boat was brought from Buffalo to Chippewa, as permission to make the trip from the American shore had been refused by the authorities. From Chippewa the boat was brought in a wagon to the Maid of the Mist landing on this side. Chief Kimmin of the city police stated that he was not notified of the proposed trip until just a few minutes before it was started, and that the matter was within the jurisdiction of the Queen Victoria Park authorities. Moving picture camera men were stationed along the shore on both sides. A short time ago a moving picture company arranged to have a daring feat performed at Dufferin Islands. A child was to be put in a boat above the falls and a rescue was to be made in the night of time. The police vetoed the scheme and took care to prevent its being carried out surreptitiously.

BABY'S OWN TABLETS. Baby's Own Tablets are the best medicine a mother can give her little ones. They are absolutely safe, being guaranteed by a government analyst to contain neither opiates, narcotics or other harmful drugs. They are good for all children from the newborn babe to the growing child. They cure constipation, indigestion, expel worms, break up colds and make teething easy. In fact they are a cure for all the minor ailments of little ones and a box should always be kept in the house as a safeguard against sudden attacks of stomach or bowel troubles. Mrs. J. P. Richard, St. Norbert, N. B., says: "I have found Baby's Own Tablets all that is claimed for them. My baby suffered from his stomach and bowels and the Tablets certainly did him good." They are sold by all medicine dealers, or by mail at 25c a box from the Dr. Williams' Medicine Co., Brockville, Ont.

REV. HOLLING LECTURES ON HIS ENGLISH TRIP

England, History and Other wise, Shown in Splendid Views and Other

Rev. T. E. Holling, pastor of the Colborne street Methodist church, spent a number of weeks last summer in England and France, and while there visited many of the interesting points. Last evening under the auspices of the Ladies' Aid of the church, the popular pastor, before a good sized audience, considering the extremely unfavorable weather, told of what he had seen and of how he was impressed with what he saw. The address was illustrated by lantern slides.

The lecture throughout was of a very interesting nature. The speaker told many interesting, also many humorous stories associated with the various places or buildings shown. The speaker in his opening remarks said that often times one was told to see their own country first, before going to see other lands. This was good advice, but it was a good idea to get away to other lands in order to broaden the mind. Canada was referred to as being beautiful and resourceful. Britain had always been a great magnet drawing people to its shores. There had been fear associated with crossing the ocean but the speaker believed an education was not complete without an ocean voyage.

John Bull and the Union Jack were first thrown upon the screen. John Bull comes in for a good deal of good natured criticism. What he is after, he secures, and what he secures he holds. Mark Twain had said that there was one portion in the Sermon on the Mount when John Bull was referred to and that portion was when it said: "Blessed are the meek for they shall inherit the earth." In John Bull's country so long as one behaved there was a welcome but John Bull made laws and they were enforced. Many Ways to See England. There were many ways in which a good idea of England might be secured. The visitor might follow the rivers, the cathedrals, the castles, the Roman roads, its coast line, its rural life, its political life, its industrial and educational activities. The Places Visited. Chester was the first place dealt with. This place was particularly interesting because of the Roman walls, which are in comparatively good repair. In Chester the old style English house was seen to good advantage. The cathedral, Eton Hall, and the Dean River were interesting points. Stratford on Avon was always associated with Wm. Shakespeare. His birthplace and memorial were the points of interest. Oxford was the next place dealt with. St. Mary's church, Lincoln College, and other points were of great interest in Oxford. Scenes in London were next in order. There were several Londons—historic London, political and municipal London, London commerce, London society, underground London and philanthropic and religious London. The Traffic of London. The traffic of London was commented upon by the speaker. Upon the return journey New York City had been visited and the traffic there appeared as the traffic of a small town when compared with London. A picture of the old underground railway was thrown on the screen. With the installing of the tubes, travelling underground had become almost as comfortable as travelling above ground. Among the points of interest were: The Parliament Buildings, Westminster Abbey, Buckingham Palace, which is being made more and more the town house of the King, Hyde Park, Trafalgar Square,

the National Art Gallery, the Thames River Embankment, Rotten Row, Victoria Memorial, the Albert Memorial, Victoria Memorial, standing before Buckingham Palace, was especially commented upon by the speaker who described its beauty. John Wesley. Particularly interesting was the portion of the lecture touching on John Wesley, the founder of the Methodist church. His chapel in London, which loyal Methodists visit, his grave in a parish church yard in London, his picture, the founder standing beside his mother's grave, his death and other slides were thrown on the screen. At this juncture "Jesus, Lover of My Soul" written by Chas. Wesley, brother of John, was sung by the audience. Land's End, the nearest point on the coast of England to France, was shown and afterwards Paris. The first place shown on the return to England, was Brighton, the summer resort of London. Afterwards the audience was shown Sheepfield, the birth place of the speaker, and several other places of interest were shown. Many scenes surrounding his early life and his visit last summer were given. This concluded the very able lecture.

Police Methods Criticized. At Glasgow Lyon street, Hamilton, or Walker, 19 Lyon street, was convicted of selling liquor in her house on Sunday. The principal witness for the prosecution was a young man, who admitted that he had gone to the house for drink at the suggestion of a policeman. A solicitor for the defence hoped such were not the usual police methods. If they were he charged them as utterly reprehensible. The magistrate imposed a penalty of £20, or three months' imprisonment.

Deserted Children Cost £400. In Aberdeen Sheriff Court, Wilfred Campbell, stone cutter, lately living in Stonehaven, was charged with having deserted two of his children in Aberdeen on Feb. 17, 1903. Mr. Williams, inspector of poor, said this was one of the most callous cases with which he had ever had to deal. Campbell's wife had been dead for 6 years, and he had never made a single inquiry about his children. The cost to the parish had been almost £400. Sheriff Laing passed sentence of three months' imprisonment.

Shots in Solicitor's Office. A sensational affair occurred in the office of Mr. Wm. Rankin, solicitor, Kilmarnock. A man named J. Murchie, residing at Saltcoats, called upon Mr. Rankin in reference to some business matters, and after conversing for some minutes Murchie drew a pistol from his pocket and fired a shot, the bullet just grazing Mr. Rankin's head. Mr. Rankin, at once closed with Murchie, and while they were struggling a second shot went off. Fortunately Mrs. Rankin escaped without injury. It is stated that Murchie, who is a cousin of Mrs. Rankin, suffered from sunstroke abroad.

TRIPLE CRIME BY A MADMAN

3 Shot Dead and 1 Injured—Members of "Church of Humanity."

LONDON—Brought to a state of religious mania and jealousy a young Liverpool man ran amok on Tuesday night, shot two people dead, injured another and then committed suicide. Those who figured in the astounding affair are:

- Dead. William Macdonald, 23, who attacked the other victims, and then committed suicide.
- Paul Gaze, 24.
- Miss Mary Crompton, 42.
- Injured. Richard Price Roberts, an enameler.

All were members of the Church of Humanity, a society of Positivists. Miss Crompton being a leader in the movement. She had shown great interest in young Mr. Gaze's career, and it is thought this aroused Macdonald's jealousy.

There was no incident of the tragedy when Macdonald left his father's house between 11 and 12 o'clock at night, but the murderer had prepared himself for his fell work, for he was armed with a revolver, a razor and a life preserver, consisting of a piece of bamboo with a knob of lead at one end.

His first call was at Robert's house in Falkland street. Roberts answered the knock at the door and immediately received a blow on the head, which partially stunned him, and a moment later a shot was fired striking him on the nose. Despite his injuries he managed to dash up stairs and seek safety in a bedroom. Later he ventured downstairs and found that his assailant had disappeared leaving the life preserver behind.

Macdonald next made his appearance at the residence of Gaze, in Grove street, and in company with that gentleman went into the sitting

room. Immediately afterward the servant girl heard shots, and in terror she ran upstairs just as Macdonald rushed out of the house by the front door. Mr. Gaze was then found lying dead on the couch, with a bullet wound in the head.

Positivists' Tenets. Within a few minutes the demented man was knocking at the door of Miss Crompton's house in Bedford street. Owing to the lateness of the hour he had some difficulty in gaining admission, but as he urged important business, Miss Crompton conducted him to her sitting room. There he shot her dead, and then turned the revolver upon himself. When the police arrived he was still alive, but he died a few hours later in the infirmary.

A member of the local Positivist church explained what were his views and those of many other members of the church regarding the motive for the murders. "It is," said he, "one of the tenets of our church that when a child is born to a member it is presented to the church, and some individual member promises to look after it in the event of the parents' inability to do so. Gaze, who was born into the church in this way, was bereft of his parents but when an infant, Miss Crompton had stood sponsor for both Gaze and his brother, and devoted much time and money towards the interest of the young man.

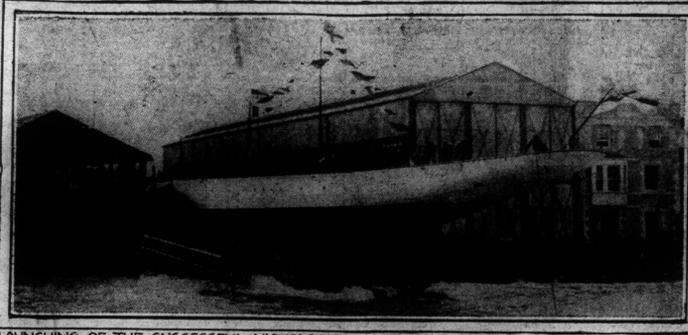

She showed particular fondness for the murdered man, and when in some years ago went to Africa she still kept up a correspondence with him. In the meantime Roberts, a member of the church, introduced Macdonald to the sect, and Miss Crompton, as was her wont, took a deep interest in his welfare, teaching him music and generally looking after him.

When Gaze returned from Africa eight weeks ago with his wife, Macdonald, who had in his absence been much thought of by Miss Crompton, apparently suffered considerably from jealousy of that lady's former protege.

Macdonald's father said he knew his son had a strong admiration for Miss Crompton, though he could not say that it was love as understood between two young persons.

NAVAL ARCHITECT OF THE SHAMROCK IV. AND HIS WORKS.

LAUNCHING OF THE SUCCESSFUL NICHOLSON DESIGNED SCHOONER YACHT MARGARITA AT THE CAMPER AND NICHOLSON WORKS, GOSPORT, ENGLAND, WHERE THE SHAMROCK IV IS BEING BUILT.

Now that a challenge for a series of races for the America's Cup, to take place off Sandy Hook next year, has been accepted and a contender as well as one defender is now under way and built, interest naturally exists in the man who will design and build the yacht that is to cross the Atlantic and race for the coveted blue ribbon trophy of the seas.

Mr. Charles E. Nicholson has been assigned the work of designing the contending yacht. Mr. Nicholson and Messrs. E. W. and A. W. Nicholson are the directors of the yacht building firm of Camper & Nicholson, Ltd., of Gosport (called God's Port by enthusiastic British Corinthians), England. The firm was established in 1782.

a way as to lead us to believe that she was what may be called an adorable woman," he said. "He was greatly impressed by the services and teachings of the church of Humanity, and was always pleased when Miss Crompton lectured. He used to say about her that, next to his mother, she was the best woman in the world. My son was a quiet, inoffensive young man, sensible and well behaved. He was a teetotaler, and had no extravagant notions. He had been out of work and this disconcerted him, but he did not become morose, gloomy, or querulous."

Miss Crompton was a daughter of a deceased Liverpool shipowner, and her two sisters are married to well-known Liverpool gentlemen. Her father on retiring from business many years ago, resolved to devote a great portion of his spare time to the furtherance of Positivist doctrines in Liverpool.

The religion of the Positivist is to supplant the Deity as the object of love and reverence by Humanity, regarded as a collective whole composed of the best in mankind, past, present and future.

Forty years ago, Mr. Crompton took a prominent part in the establishment of a branch of the Church of Humanity in Liverpool. He preached there for years, and for practically the whole of her life, his daughter, the murdered lady, was a member.

Macdonald had identified himself very actively with Socialism, and was known as a speaker at Socialist meetings. It is said that he was a probationer. He found out that he was not going to be fully received into the Church of Humanity, and it was probably this that unbalanced his mind.

The inquest was opened on Thursday. Only evidence of identification was given, and then the inquiry was adjourned for a week. The coroner tendered to those concerned the deepest sympathy of the court in the terrible catastrophe that had overtaken them and their Church of Humanity. Those who knew Miss Crompton, he added, realized how serious a disaster her death had been.

There was a painful sequel to the Liverpool triple tragedy on Thursday afternoon. On Tuesday morning the wife of Mr. Richard Roberts, who was the first man attacked and shot by Macdonald gave birth to a son, who died on Thursday. Roberts visited the Royal Infirmary in the course of the afternoon, and underwent an examination with the object of locating the bullet.

Destroyer's Boat Capsized. The first, second and fourth destroyer, Liffies left Longhope on Sunday evening for Cromarty to take part in the North Sea manoeuvres. Prior to leaving, during some racing, a boat belonging to the destroyer Phoenix capsized and Able Seaman Woolledge, belonging to Portsmouth, was drowned. The other five men in the boat were rescued.

ENGLISH POLICE CHIEF COMING TO WOODSTOCK

To Give Evidence as to One of Witnesses in Beemer Case.

WOODSTOCK, Oct. 24.—William Parker, Chief of Police in Great Yarmouth, England, is now on his way to Woodstock to appear on behalf of Mrs. Beemer when she is tried here on November 4 on the charge of murdering her husband, Fred Beemer of Blenheim township, a year ago.

Counsel for Mrs. Beemer considered it essential to have Parker here to give evidence regarding the credibility or otherwise of John Mason, an Englishman of Great Yarmouth, who gives the most damaging evidence against the accused. Mason swore at the preliminary trial that he saw accused pour some white substance from a bottle marked poison into an egg cup, and that she later gave it to deceased. Two farmers from Blenheim have sworn that Mason isn't to be believed. Mason's father is an Inspector in the Yarmouth force and John is well known to Parker.

As Mrs. Beemer is without friends a public subscription was started to defray the cost of bringing Parker here, and \$360 was asked; \$125 has been subscribed and \$300 has been forwarded to Parker for passage money. His other expenses will be paid and the balance goes to Mrs. Beemer's benefit. Factory girls of the city are also subscribing to a fund for her. There is considerable question now whether the case will come to trial or whether the Grand Jury will throw the bill out.

Munificent Gift. At a meeting of the Paisley Abbey Restoration committee, a letter was read from Mr. J. Stewart Clark, of Dundas, stating that he and his family were prepared to increase their original gift of £50,000 to £200,000 in view of the fact that the estimates were more than had been anticipated.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe To Restore Color, Gloss and Thickness.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Mountain Death Trap.

Geo. Roberts, the 9 year old son of Mr. Arthur James Roberts, Aberystwyth, met his death by falling down a hole in the Swmantly Mountain.

Harry Powell, aged ten said that as Roberts was running he fell down an air shaft. Powell went down half way and caught hold of the hand of the deceased's hand, but owing to his hand being slippery he failed to pull him up. Death was due to asphyxiation.

Rate Collector for Seventy Years. Mr. Richard Jones, of Clynog, Carnarvonshire, the oldest deacon with the Calvinistic Methodists in Wales, died on Sunday night in his 99th year. He had been precursor of music in the same chapel for seventy-seven years. Mr. Jones had been a rate collector for seventy years. He came of a long-lived stock. His father was 102 at his death, his mother 100, and two brothers were approaching 100.

TITANIC MEMORIAL

Benevolent Fund for Widows and Orphans of Marine Engineers.

LONDON—It is proposed to form a benevolent fund for the widows and orphans of engineers in the British merchant service by means of the money collected by the "Daily Chronicle," towards a memorial to perpetuate the bravery and devotion of the Titanic's engineering staff. The total amount collected from British marine engineers in all parts of the world was £2,866, and of this £300 has already been allocated to the Southampton memorial.

The Institute of Marine Engineers, in consultation with the directors of orphanages, has now decided, if the arrangement is finally approved, to invest the money, and to apply the interest to a Benevolent Fund. To the interest each year there will probably be supplemental grants and gifts, so that a substantial fund may always be available.

Since the last list of donations was published, sums of £34, 5s., collected by Mr. J. R. Wallace from engineers in the Wellington and Ruckland districts of New Zealand, and of £8 collected by the Institution of Engineers and Shipbuilders at Hongkong by Mr. James Macdonald, have been received.

Nine steamers of the Canadian government service have been among the contributors, as well as fifty vessels of the British Navy. The merchant service has done even better, for 354 ships have contributed in all, in addition to a special list, in which the whole fleet of the Great Eastern Railway Company combined.

Training Boys As Waiters.

At the Llandudno Central School during the winter boys are to be instructed in cookery by one of the chiefs of a leading hotel, and a class has also been opened in the evening school for the training of boys as waiters. It is pointed out that foreign waiters invade the country every summer and staff the leading hotels of all the seaside and inland resorts. Some of the hotels are controlled by foreigners who, come to Wales as waiters. While foreigners have been earning good pay from English tourists, local residents have had difficulty in finding occupations for the youth of their own towns. The proprietors of several hotels in Llandudno have promised to employ some of the youths now being trained.

New Place for Pocket.

John White, a baker, of Pontycymmer, summoned at Bridgend for street hounding, was stated by Police Sergeant Evan Evans, to have had a small pocket under his coat collar, in which he kept paying out slips. The police sergeant stated that the defendant had eight pence, nine shillings and six pence in his possession. A fine of ten pounds was imposed.

IMPULSIVE KAISER IS AT IT AGAIN

Swept Aside Plans Submitted by Over 200 Architects.

BERLIN, Oct. 24.—A fierce storm of disapproval was aroused in Germany, when it became known that the Kaiser, with characteristic impulsiveness, swept aside the plans submitted by two hundred and seventy-two of the best architects in Germany in competition for the new Embassy building at Washington. The Kaiser also disregarded the selection by the jury in awarding first prize to the plans submitted by Architect Peter Behrens. The prize amounted to \$2,000.

After rejecting all the plans the Kaiser accepted a drawing by Gehrmann von Ihne, the court architect, which was submitted at the special request of the Emperor. Gehrmann von Ihne had not entered any drawings in the competition. The Middy Gazette says that instead of Americans becoming acquainted with five German architects, they will get merely cold and uninteresting royal Prussian court architecture. The embassy buildings are to be constructed in the style of an eighteenth century English house, a copy of the building presented to the Duke of Wellington as a reward for his victory at Waterloo.
